Excellent Service

Highest Quality

To My Customers and Friends---

I ask you to accept this Catalogue for 1928 with my compliments, trusting you will find it useful and interesting.

Generally speaking, the seed-growing season of 1927 for flower seeds has turned out satisfactorily, both as regards quality and quantity. There may be little shortage in some things, but having the different varieties grown in the different countries where they do best, I feel confident that I will be in a position to fill all orders in full at reasonable prices, quality considered.

I wish to emphasize that I cater to the florist trade only and therefore carry the best strains obtainable, which, with their high germination and excellent vitality are bound to give satisfaction.

In consideration of the above stated facts I trust that I may have the preference of your most valued orders throughout this season and for many seasons to come.

Yours faithfully,

Adrian J. Schoorl

Conditions of Sale

ORDER EARLY. Send in your orders as soon as possible after receiving Catalogue to insure prompt delivery, allowing a few days to elapse before seeds are needed should same not be on hand or for any other reason some delay occur. All orders are filled the same day they are received as far as practicable.

ERRORS. We exercise the utmost care in filling orders, striving to do a little more than we offer; yet in the press of business, errors sometimes occur, in which event we wish to be promptly notified of the fact, and we will make such corrections as will be satisfactory. Please keep copies of all your orders for comparison.

TERMS. Customers not having an account with us kindly send cash with order for which they may deduct 5 per cent.

CORRESPONDENCE. I try to give prompt attention to all proper letters of inquiry, etc. I ask, as a favor, that all questions be stated clearly and briefly.

I DO NOT WARRANT in any way, expressed or implied, the contents or the description, quality, productiveness, or any other matter, of any seeds and bulbs sold by me, and I will not be in any way responsible for the crop. If the purchaser does not accept these goods on above terms no sale is made thereof and he must return them at once and money will be refunded. Subject to the above conditions I make this sale at the moderate prices at which I sell my goods.

ADRIAN J. SCHOORL.

ANTIRRHINUM GRANDIFLORUM
"EMPRESS"

Large, Flowering Snapdragons.

A specialty; in the last few years these wonderful flowers have come into prominence as a cut flower and the varieties listed here are most suitable and highly recommended. Seed sown early in February will bloom during April and remain in full flower until October. Seed can be sown out of doors or indoors in vases about two inches deep. Seed should hardly be covered and plants should be protected from excessive moisture in all stages to prevent rust.

ARABIS

(Rock Cress)

Alpina—A hardy perennial and one of the earliest and prettiest spring flowers. The spreading tufts are covered with a sheet of pure white flowers as soon as the snow disappears. Unequalled for rockeries or edging; withstands the drought and is always neat; 6 inches. Illustrated on page 66; ¼ oz. 25 cts.

ANTIRRHINUM MAGUS MAXIMUM
(Tall-Growing Snapdragons)

This wonderful new group of Antirrhinums far surpasses anything yet introduced. In habit they are slightly taller than the other group. The flowers are of magnificent size closely placed on the spike, and in a range of colors that is quite distinct.

ASTERS

These Asters are grown to perfection with no trouble from the diseases common to this plant. There has not been any overhead moisture where these were grown from the time the fields are planted to the time the seed is harvested and the climate, together with the work in re-selecting, it has been possible to improve these strains almost to perfection. Seed harvested under these conditions is of highest germination and more disease resisting.

Late Beauty Type—Plants about 2 to 3 feet high, of branching habit commencing to bloom in early September and lasting until destroyed by frost. Flowers large, borne on long stout stems from 18 to 24 inches; this makes them very desirable for cut flowers. Azure Fairy, carmine, rose, flesh pink, lavender, purple, peach blossom, rose, white beauty and finest mixed.

Separate Colors.....	\$0.50	\$1.50	\$4.00
Finest Mixed.....	.40	1.20	3.00

Early Beauty Type—This type has all of the characteristics of the Late Beauty type and is valuable for locations where the season is too late to flower the late type before frost, and for early forcing. Carmine rose, lavender, purple, rose, white and finest mixed.

Separate Colors.....	.75	2.25	6.00
Finest Mixed.....	.60	2.00	5.00

California Giants—These California Giants have the growth and robust habit of the Crego type and the remarkable length of stem that characterizes the Beauty type. True non-lateral, the flowers measure 5 to 6 inches in diameter and stand up well when shipped as cut flowers. Peach blossom, light blue, deep rose and dark purple.

Separate Colors.....	1.25	3.75	10.00
Finest Mixed.....	1.00	3.00	9.00

Extra Early Express or Early Wonder—These are the earliest blooming Asters, commencing to bloom in June. Flowers large and full, of the Comet type. Light blue, dark blue, rose and white.

Separate Colors.....	.75	2.00	5.00
Finest Mixed.....	.60	1.75	4.00

Queen of the Market—These well known, early flowering Asters are of a branching habit about 18 inches high, coming into bloom directly after the Early Express and are one of the most useful types for early market purposes. Crimson, dark blue, flesh pink, light blue, rose, scarlet, purple, white and finest mixed.

New Fancy Yellow.....	.75	2.00	5.00

ASTERS—Continued

	¼ oz.	1 oz.	¼ lb.
The King (Needled Type) —The habit is similar to the popular American Branching, vigorous in growth, long stiff stems. In form the flower is entirely different from any other variety; petals somewhat resemble the quilled varieties, but are much larger and broader, those in the center being curled and incurved, completely covering the crown. In shape and size the bloom is round, full and very large. Blackish blue, crimson, deep flesh, lavender, light pink, rose, shell pink, purplish violet and pure white.

GAILLARDIA GRANDIFLORA "DAZZLER"

GAILLARDIA GRANDIFLORA
"Dazzler"

Introduced in 1923

Few flowers rival the Gaillardia for making a gorgeous display in the garden, and this fine new variety is an advance on all others of its class. Originating from Lady Rolleston it produces larger flowers with wider florets, often attaining a diameter of 4 and 5 inches. The color is a bright golden yellow with rich maroon-red centre, the two tints bearing a well balanced and harmonious proportion to each other. The plant is vigorous, throwing up a profusion of long and erect flower stalks, which provide excellent material for cutting and are unsurpassable for table decoration. This novelty comes very nearly true from seed.

EXQUISITE

The flowers of this splendid new Hollyhock are very large, measuring 4 to 5½ inches across, and possess the charming new feature that every petal, both of the circumference and centre, is exquisitely curled and fringed to an extent that immediately arrests the gaze of the beholder. The flower is extremely double and some have fancied to see in it a resemblance to the beautiful double fringed etunia. Each white margined petal is adorned with a large blotch (suggesting the markings of a Pelargonium), and the range of color at present includes rose, light rose, carmine rose, violet and dark purple, mixed.

The flowering period lasts throughout the summer and there is no doubt that by its rich and varied coloring and striking beautiful form this splendid novelty will succeed in making a place for itself wherever Hollyhocks can be grown.

HUNNEMANNIA

(Giant Yellow Tulip Poppy, or Bush Eschscholtzia)

Fumariaefolia. This is by far the best of the poppy family for cutting, remaining in good condition for several days. Seed sown early in May will, by the middle of July, produce plants covered with their large buttercup-yellow poppy-like blossoms, and never out of flower until hard frost. The plants grow about 2 feet high, are quite bushy, with beautiful feathery glaucous foliage.

PETUNIA—SHEPHERD STRAIN

	1000 Seeds	10,000 Seeds
Our New Double Seed-Producing Petunias will without doubt revolutionize the growing of double Petunias as the strain produces 75 per cent of very large double flowers in all colors, the light shades predominating. Delicate texture, and highest percentage of germination.....	\$2.00	\$15.00
Marvelous Double. We take great pride in offering our double Petunias. They have never been surpassed in beauty, size, form or color, if ever equaled. Selection in crossing every flower was made with the greatest care and thought, and the results are a surprise even to ourselves.....	1.00	8.00
Madonna. New Giant Double White. Gives a large percentage of pure white, deeply fluted flowers. A fine florist's flower, comes remarkably true	2.00	15.00
Carnation. New, or small flowered double. This charming plant will find immediate favor with both florist and gardener. Erect habit, free blooming, fluted flowers of all shades, pink predominating. Fine for potting and for the mixed border.....	1.00	8.00
Giants of California. The Giants of California bear gigantic flowers often five or more inches in diameter, of an astonishing variety of colors. They embrace every conceivable shade of crimson, pink, lavender, yellow, black, pure white, etc. One of the chief points of excellence is the deep throat and diversity of veining in the throat. Many of the flowers have a clear yellow throat, while others have a pure velvety black one, so deep that it seems to show no veining; many are deeply lined and netted on a white, pink or lavender ground. Flowers are beautifully ruffled and frilled.....	.50	$\frac{1}{8}$ oz. 1.50
Fringed Hybrida, a lovely Petunia with charming fringed flowers of exquisite forms and beautiful colors. Though not as large as the Giants, they are equally beautiful.....	$\frac{1}{8}$ oz. \$1.00	$\frac{1}{8}$ oz. 1 oz. \$1.75 \$12.00

ZINNIAS

BODGER'S GIANT DAHLIA FLOWERED

Not too much can be said about these new creations in Zinnias which are showing the widespread popularity of this type of Zinnias and its remarkable versatility in adapting itself to varying conditions and climates. It has proven to be "A Florist's Money Maker" and we carry a particularly fine strain.

	¼ oz.	1 oz.	¼ lb.
Exquisite, by far the most pleasing of our collection. Truly Dahlia-flowered as regards form and size. Color light rose with centre a deep rose.....	\$0.75	\$2.50	\$7.00
Old Rose. This is adequately described by its name, as it is of the real Old Rose shade; it is large, and for charm and beauty we consider it ranks next to Exquisite75	2.50	7.00

ZINNIA—Continued

	¼ oz.	1 oz.	¼ lb.
Illumination, similar to Exquisite, but a striking self color of deep rose.....	\$0.75	\$2.50	\$7.00
Golden State, a very rich orange yellow (Cadmium). Yellow in the bud turning to an attractive orange when in full bloom.....	.75	2.50	7.00
Crimson Monarch, by far the largest and best of the red shades. Flowers often 8 inches in diameter. Plants very vigorous. A marvelous production of extraordinary merit.....	.75	2.50	7.00
Giant Attraction, a distinct shade of brick red (Sectrum red) which carries its color well from the bud, and forms into an immense ball of color when in full bloom.....	.75	2.50	7.00
Scarlet Flame, a large beautiful, bright scarlet with a delightful blending of orange throughout the petal. (This is not a bi-color).....	.75	2.50	7.00
Meteor, a rich glowing deep red (Spinel red) and the darkest of all the red shades. Fine form, with good depth of petal. Very large and more floriferous than other reds.....	.75	2.50	7.00
Oriole. We consider this the most beautiful of its class. It is an immense orange and gold bi-color, changing slightly as it ages, but at all times worthy of the beautiful bird for which it is named.....	.75	2.50	7.00
Dream, a fine deep lavender, turning to purple. (Mallow purple); a new desirable shade in Zinnias.....	.75	2.50	7.00
Polar Bear, a very large pure white, the best white yet seen in Zinnias. True Dahlia form.....	.75	2.50	7.00
