DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

Chief of Ehime Child Welfare Section

SUBJECT: Conference with Mr Goshima, in Eagle from 8:30 to 9:00
23 June 1950

Mr Goshima : We are now to get lump sum of money from the Central Government and is to be divided by the mayors decision. Day nurseries expenses will depend on whether it is an enthusiastic nursery or not.

Miss R : There should be a paper publicity regarding the amount of money the mayor gets and the amount distributed to each places. Opinions ought to be publicized for enlighment.

Mr Goshima : 3or4 model institutions are wanted for examples.

Miss R : It does not have to be a nice building.

Mr G : I am very aware of this because if I encourage a nice building the general public will think they made it out of the subsidy given.

The general public consider day nursery as a kindergarden which I know is a big mistake. The general people's understanding of DN is still low.

A Shikoku Child Welfare Conference is planned to be held recently regarding the "equalization fund". After conclusion they will inform the city, town and villages. The date is still uncertain.

Management of Ehime Prefectural Home Industrial School Jan 1950

1. Purpose of education and training of this school:

The purpose of education and training of this school is to convert the problem child's insocialable character which distorted by the defeet of inherent-nature or posterior circumstances, into socialble and pleasing character as well as bring them up as a good citizen.

2. Way of education and training of this school

What makes children better and convert their character into sociable and pleasing one. First recognition of his personality. Second satisfaction and joy in his development and growth even it is slow, in other word, each child live in his own life. I got this conclusion through 10 years experience of education though, some one might say "It is your self decision". Education and training based on this conclusion have been carried out actually in this school. I think relation between we, teachers and children in recognition of personality and value of individual, for this purpose we are living together. I do not want to declare our education system that family system is home education, school education and labor education. I think our education system should be taken for family life and labor life in which we could learn personality of each child through our affectionate observation abd scientific study.

3. Practise of education and training

a. Home life

Teacher and nursing teacher act as father and mother, brother and sister, and occassionally, in order to contact with children familiarity . There are 3 families in the school at present:

First home: 13 children(no teacher , nursery teacher, Takeuchi)
Second home: 15 children (clerk, Kondo and wife of clerk is acting as nursery teacher)
Third home: 12 children (teacher, Kadota: nursery teacher, Kondo)
Principal's home: 2 children (principal; nursery teacher Kondo.

How the home life is carried on:

1st step: To treat children warmly and let them lose their fear against teacher and nursery teachers
2nd step: To teach children how to play
3rd step: Let them find interest in their life

b. Study life

Study life aims at recognition of personality and its development through intimate contact with teacher as well as home life. We guide children through play rather than study. We think it is ideal way to have children study things in play in accordance with the idea we formed the following department according to each children's interest.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

Science department	12 children	leader	(clerk) Kondo
Work department	12 children	leader	principal
Drawing department	10 children	leader	teacher (Kadota)

We endeavor to have children's personality develops as much as we wish through this "study ~~by~~ play" method.

c. Vocational guidance

We place emphasis on this course, we consider suitable vocational training for each child's personality which wehave studied through "study by play" method. We are giving them following vocational guidance.

Draughtsmanship	1	(hoping he would be a building designer)
Dress making	1	(" dressmaker)
Bamboware making	6	(hoping they would be an artict)
Woodenware making	2	
Mechanic	3	

d. Labor life

People can not improve themselves while they areengaged in forced labor, Farming, cleaning and cooking in this school has been carried on in the form of voluntary work, if not, we can not hopr children's healthy growth.

e. Social training

This is our great regret that we are living in limited circumstances which hampers children healthy growth in becoming a good citizen. I think it is most important to solve the problem in order to give children social training for this point of view we are planning undermentioned 2 programs.

1. Thoroughness of self governing system in school
2. Free going out system for those getting vocational training

f. A part of managing

1. In and out condition (since the child welfare law was promulgated in 1948)

Number of children entered the school	46
Number of children left the school	32

(12 got their occupation 14 entered another school)
(8 incompetent 1 dead 2 uncertain)

Existing number 40.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

c. Try to manage every matter from objective stand point, renouncing self.

d. Guide the children and their parents to respect the true liberty of children and to make them become conscious of the true liberty.

e. Not be afraid of anything when I do and say the right things.

7. COMMENTS:

The Japanese people have been inclined to understand the word "guide" to mean to drug other people to one's own way of thinking. Thus politicians have been autocrats, the masters of housholds have been also autocrats, and the educators have made children incompetent putting the thoughts of children in their own framework. The child welfare work would mean merely to confine the children unless we over throw this wrong idea entirely and respect children's originality, understand child psychology and respect others' individual personality and freedom.

SUBJECT: Outlook of Management Judicial Person
Ehime Jikei-Kai

1. History of Judicial Person Ehime Jikei-in-kai

This association was established in 34 year of Meiji (1901) and it has passed 49 years ever since. JikeiKai is a private social work body established on proposal of D. Nakata, M. Yoshida and other supporter. Mr H. Nakata present chief manager is fourth representative of this association, and other officers have been rendering their service to this association for many years as manager, auditor, or councillor, and other staffs are working as standing manager, clerk, chief of dormitory or nursing teacher. At beginning we had been running, though in small scale, orphanage, reformatory, old peoples homes and infant homes, in 45 year of Meiji (1912), we removed the reformatory to Koroyama, Asami-mura, Onsen-gun and named it"Jikyo Gakuen" and continued management. In three year of Taisho (1914) this Jikyo Gakuen was transferred to prefectural government and became an independent reformatory. This was the beginning of present, "Prefectural Home Indutrial School".

As the old peoples home was burnt down by the air raid, the business commissioned to the settlement located in Nishihorihata in 1946, and now we are devoting ourselves to running the home for dependent, neglected and abused children.

a. Orphanage was established in #39, Teppomachi, Matsuyama city on 25 July 1901.
b. 25 children from famine district of Iwate prefecture were sent to the orphanage in 1906.
d. Subsidy from prefectural government to this orphanage was begun in 1908.
c. The orphanage was removed to Anrakuji Temple Fuchu-machi in Nov 1906.
e. Subsidy from Matsuyama city office was commenced in 1909.
f. The building was removed to present location in 1910.
g. Jikyo Gakuen was newly built in Koromoyama, Asami-mura, Onsen-gun in 1912 and reformed work was started. The site was 8tan 16 bu. (7933.6 sq m)
h. Jikyo Gakuen was transferred to prefectural government in 1914.
i. Lecture Hall and office newly built in April 1915.
j. Infant Home was opened in May 1915.
k. Establishment of relief institution was authorized in May 1933.
l. Relief work of enlisted soldiers family was commenced in February 1943.
m. Almost all the building reduced to ashes by the air raid in 26th July 1950.
n. New dormitory was built in November 1947.
o. Establishment of Home for dependent, neglected and abused children based on child welfare law was authorized in May 1948.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

経営の概況

財団法人愛媛慈恵會

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

財團法人愛媛慈恵會の沿革

本會は明治三十四年の創立でありまして、現在まで四十九年の歳月を閲して居ります。

始め仲田傳之松、吉田政等外有志の提唱のもとに設立された私設の社會公共事業團体でありまして、現理事長仲田包寛氏は四代目の本會代表者であります。その他の役員諸氏も多年會のために理事、監事、評議員として各、本會発展に盡瘁された方々であり、また職員は常任理事、主事、寮長、保母などそれぞれの部署につき事務に當って居ります。

始めはささやかながら孤児院、感化院、養老院、乳児院の事業を兼營して居りましたが、明治四十五年感化事業を温泉郡朝美村衣山の地に移轉して自彊學園と称し運營を續けて居りました。大正三年自彊學園は縣に移管されて独立した感化院となりました。これが即ち現在の縣立家庭婦人職業学校であります。

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

April, 21, 1951

SUBJECT: Visit from Mr Hirose, the ex-Kagawa Prefectural Child Welfare Section Chief

Mr Hirose visited your office on April 21, 1951 to report on his transfer to the chihojimusho. Ayauta

He explained the circumstances. He was once asked by the governor whether he had any wish to be transferred to other sections. Mr Hirose denied any intention of that kind at all. So he never expected this transferring at all. Mr Takahashi did not say anything but it was revealed that the governor had talked to him beforehand. Mr Hirose said the top people in ken still holding the notion that those efficient workers should have both experience in ken office and chihojimusho. Governor encouraged Mr Hirose to become efficient workers getting experience in chihojimusho while he is young. Mr Takahashi instructed Mr Hirose to give full knowledge of child welfare problems in ken to new section chief, Mr Bando because he anticipated lots of problems in the section to be fixed in near future. Mr Hirose explained to be a child welfare section chief is not easy job now. He said he was not qualified well to be the chief, especially Miss Smith arrived because her guidance was so minute and detailed. Besides it he was quite a loss as the section chief because he never studied child psychology. There were about 7 or 8 section chiefs throughout Japan who studied psychology and all the other chiefs fascinated to listen to them when they talked at the conferences. How about the nre chief? Mr Hirose said he has no experience on welfare at all, so he will need much before he becomes efficient. Mr Kurose the welfare section chief has already held his position for ½ an year. but is still hesitant to talk any problems on welfare, I said, and what is wrong. Mr Hirose said we might not be ableto expect very much from him. He is a man of well-to-do and he is the senior section chief in ken office. So to speak the truth, he attained the top position already and no more endeavor would be exercised by him to study new program to him. This is only Mr Hirose's supposition.

Y.C. Presented Sect.

Tbc
S.W.S.

Mr Hirose's assistant is going to be Mr Kawamura who was former deputy chief of Ken welfare section. He is TB and Mr Hirose complained a bit that Mr Kawamura might not be strong enough to help him.

Mr Ogawawara new S.A. Sect Vice chief former L.C. Local Affairs

Mr. Nishidai new Welf Dept Chief Kochi former Chief of Secretariat

Kagawa

SHIKOKU SHIMBUN

19 Apr. 1951

Kagawa pref. authorities are planning to conduct various colorful events during "Children's Welfare Week" which is expected to be launched throughout the country from May 5.

The events include:

a. Official commendation of model youth and minors.

b. Official commendation of typical mothers.

c. Collection of a prize essay on the subject of "How should young people be under the present state of affairs?"

d. Consultation for good health of mothers and children.

e. Guidance on mothers and children's class.

Translated by Yamato

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

SUBJECT: Kagawa Prefectural Child Welfare Section - 9 February 1951

A conference was held with Mr Takahashi, Dept chief, Mr Hirose Child Welfare Section Chief and Mr Miyamamoto vice chief to discuss organization functions and staffing of section. (See chart for organization structure and sub section functions)

General affairs sub-section:

Mr Miyamoto : Chief (also vice section chief)

Mr Nagato : accounts , correspondence

Miss Izumitani & Miss Urushira: clerks

Protection sub section:

Mr Yamashita: Chief, responsible for arranging child welfare council meetings and contents discussed. Council has 5 committees 1 felins, and slides; 2 books; 3 toys; 4 health; 5 foster parents. These committees each meet once in 5 months which means one is meeting each month. The foster parent committee visits foster homes, reports their findings to council. Do not seem to accept material given on foster home investigations by child welfare official. He also has the general planning and supervision of cultural and recreational projects. 15 playgrounds in Takamatsu, 2 in Nashima and 1 in Nishiueta machi; Marugame has 2 libraries for children and Kannonji-machi has 1) He also works with the juvenile probation committee and child welfare association. (Private agency formerly part of the Social Work Assn composed of mayors and private agency chiefs of cities, towns and villages. They give money for books, travelling libraries and kamishibai. Funds from community chest. Mr Yamashita keeps their accounts but will not do so after April 1, 1951.

Miss Hirao: Does clerical work and keeps records makes appointments etc for physical examinations for all children in institutions (twice yearly) and makes breakdown on UNICEF and LARA supplies. Also health data on staff of all institutions except boshiryos and day nurseries.

Mr Tsuji: handled management, equipment matters for all institutions except boshiryos and day nurseries. Gives guidance to these institutions and handles placement of children forms under Art 27. Placement in maternity homes, boshiryos and day nurseries are made by mayors except in ken operated boshiryos which is by governor . Mr Tsuji gets these reports.

Guidance sub section:

Mr Fukue, chief, statistics (went to welfare meeting last ~~and~~ is no handling but chief agrees this should be done in general affairs) Instructs and supervises child welfare officials and jido-iin (2 child welfare official now, one just hired and both former min-sei-iin) In each school there is a child welfare guidance counsellor and

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

and youth groups also have counsellors which he guides. Also guidance to Mothers Clubs. Licenses and inspects child welfare institutions, boshiryos and day nurseries, guides widows assns.

Mr Okada: Responsible for the maintenance of minimum standards of all child welfare institutions; for the management equipment and guidance of child welfare center and shelters. Makes investigation requested by the welfare ministry; handles c.w. information to the public and is responsible for the warehousing and transportation of UNICEF.

Vacant: Expenses of child protection Art 30 (beyond 4th degree?)

Miss Hata: Gives training and guidance to nursery school teachers; keeps records of staffs health

Mr Miyamoto: Responsible for in-service training

SUBJECT: Organizational Chart of Kagawa Prefectural Child Welfare Section - Jan 1951

Mr. S. Okada	Director, Central Child Welfare Center, Kagawa Prefecture
Mr. S. Onishi	Director, Local Child Welfare Center, Kagawa Prefecture

Greeting by Miss Smith, Chief, Public Welfare Section, SCAR
Omit

Opening address by Mr. Hirose
Omit

Conference

1. Schedule to station Child Welfare Official due to the revision of Child Welfare Law (By Kochi)

Kochi: We have reserved increase of Child Welfare Official by formal instruction. What is your policy on action of Social Welfare Secretary and Child Welfare Official, and working of Social Welfare Secretary in Child Welfare Section?

Ehime: The plan is not fixed yet. But informal schedule is that Child Welfare Official shall be stationed in the district office, and then after location of Welfare District Office, he (or she) will be transferred to the office. In-service training program is planned in Welfare Section with cooperation of Social Affairs Section and Child Welfare Section.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

Tokushima: We have done nothing for it, because we got notice after budgeting. We have schedule that 1 Child Welfare Official will work in the section and center, and the rest will be placed in the center. And Child Welfare Official will work at Consultation Department of the Center.
After formal revision, the above plan will be enforced.

Kagawa: We required to place one Child Welfare Official in a district office respectively. Though we were going to increase Child Welfare Official as soon as the Law is revised, but informal instruction showed us less number of Child Welfare Official to be increased than those we scheduled. There is no Social Welfare Secretary in Child Welfare Section will be placed after realization of increase.

Informally instructed number of Child Welfare Official to be increased in four prefectures:

	Ehime	Kochi	Tokushima	Kagawa
Present capacity approved	7	6	6	5
Real staff	3	6	3	1
Number to be increased	7	4	4	4

Ehime: It seems that Welfare District Office will be located around October. If it is located the chief should be Social Welfare Secretary not Child Welfare Official, we think.

Kochi: If Welfare District Office is located, we want to adopt one chief of Welfare District Office at least, for we whould not given an idea that Child Welfare Official can not be a Social Welfare Secretaru by any means. But as the Welfare Sistrict Office chief should be a Social Welfare Secretary, we shall appoint a chief of Welfare District Office by changing Child Welfare Official to Social Welfare Secretary.

Tokushima: Chief of Welfare District Office should be full time assigned chief.

Kochi: We made budget for Child Welfare Official per person ¥300,000 monthly for six Child Welfare Officials (Except pay), and monthly budget for Social Welfare Secretary is ¥60,000, but this amount is only for ten days outdoor work. If they work oudoors sixteen days during month, it will require ¥100,000 per month. (Per person)

Ehime: Our monthly expense is ¥45,000 for each Child Welfare Official.

Tokushima: In our prefecture, each Child Welfare Official has budget of ¥30,000 monthly.

Kochi: Except regulated travel allowance, we pay ¥500.00 for male Child Welfare Official and ¥400.00 for female Child Welfare Official. And when they want to work outdoor, they fill inquiry book for home call in the city area.

Ehime: We pay them ¥50.00 per day. They make about fifteen days monthly, and they charge expense conscientiously.

Tokushima & Kagawa: They pay no special allowance.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 119013

2. Organization of children's self-government body and its fuidance
(By Ehime)

Kochi: In Kochi, this is not a business of Child Welfare Section, but a business taken charge of by official of youth and juvenile association of Social Education Section, and so we take no initiative. But we make public hall and make it create children's hall, and promote its establishment in the background, further businesses, e.g. children's hall will make effort to organize children's self-government body or operation of children's hall, are not business of Child Welfare Section. We have now fifteen children's halls.

Tokushima: We also do not make effort for the business except children's minsei-iin. We have subsidized five children's halls by ¥100,000 up to now.

Kagawa: We have many mother's club and guiding unit for children. Welfare committee member of high school is 1,020 in number, and children's welfare committee member is 10,773 (5,967 of middle school and 4,206 of primary school) and guiding unit for children is counted 2,608 in member of youth association and student of university.
Generally speaking, we can not help feeling that the result is not successful. As for children's hall, we have no concrete plan.

Kochi: We placed twenty-four full time welfare teachers at the primary and middle schools having about fifty or sixty children who are not going to school. They are full time case worker, and they are engaging in outschool case working every day having no lesson at the school.
Social Welfare Teacher Conference is organized by them. The result of their work reveals fact, e.g. that about sixty children who are not going to school came to be in school wholly.

Kagawa: We have given chidf selected within efficient child welfare committee member a badge giving recognition together in a gun tentatively. We want to place welfare teacher as in Kochi, it is difficult now in Kagawa, and so head teacher is doing outschool case working with assistance of mayor of town and village, chief of women association, and chief of PTA. in a gun tentively. The result is seeing a little, gradually.

3. Operating regulation of widows' bank, loaning and collecting condition
(By Kochi)
(By Tokushima)
Establishment of mother's bank
What do you do to guide occupation or technique after they got loan of widows' rehabilitation funds?
(By Kagawa)

Ehime: Prefecture does not touch directly to operate Ehime Prefecture Social Work Bank, but by Ehime Prefecture Social Work Bank Committee. The amount of funds to be loaned is ¥15,000,000 now. (¥10,000,000 by prefectural funds, ¥5,000,000 by Comunity Chest) Collecting rate is very bad. (49 %)
We appointed full time bank worker in January this year, he collects loan by making connection with minsei-iin when supervision of in-service training is held. And still there are

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

some request to raise amount to ¥70,000 or ¥100,000 from ¥30,000 of present limit, because ¥30,000 is too little to do some work. We began to loan funds around January, 1949.

Kagawa: It is understood to be difficult to collect. As they are indigent, prefecture authority should guide them to repay loan easily. What do you think about that prefecture take initiative to make mutual financing association of debtors.

Kochi: That is a good idea. It is also good to utilize mutual financing company. As we can not afford only about ¥5,000,000 for prefecture-wide bank, we promote to make town and village bank for widows by ¥100,000 or so respectively not for rehabilitation, but for daily life. And town and village bank for daily life of widow is more welcomed than prefecture-wide rehabilitation bank. So we are positive to make town and village vank for daily life.

Kagawa; In Kagawa, total amount of funds to loan for rehabilitation is ¥5,000,000 or so, and we limited amount per person by ¥20,000. Prefecture assembly decided that loan should be repaid in a year by 7/10 and the rest in 2 years.

Tokushima: We make debtors to renew procedure in April every year. (At the beginning of fiscal year)

Kagawa: How do you guide them after loan in Ehime?

Ehime: Guidance is done for pig-raising and chicken-raising by agricultural cooperative association, for machin-sewing by commerce and industry association, and for others by minsei-iin. We used to hold some course of vacational training before loan. And we have no further guidance for them.

Tokushima: We have scheduled to make mother welfare committee who are 3 in each town and village to guide debtors. We want to examine gurantors of debtors strictly to loan ¥20,000 for 250 or so, and loan is done without any interest.

Kochi & Ehime: We have decided that loan should be repaid with a certain rate of interest. (Rate of interest is 6% a year in Ehime)

Tokushima: Which is the best way for repayment in installment monthly, half-yearly, or annually?

Ehime: Annual instlment repaying system is the best of all. Majority of our collection (49%) is the repayment by annual instalment.

4. Establishment of city, town, and village Juvenile Problem Conference (By Kagawa)

Kagawa: We have no budget for these business, so we can not be more positive than to hold lecture-meeting, discussion meeting in each city and gun, youth c lture course, put on a poster notifying "Minors do not smoke voluntarily" at tobacco shop, oratorical contest on juvenile problem, and studying meeting of child, etc. And the conference has been established only in 3 cities and 33 towns and villages, which means 35 % of all prefecture.

Kochi: We have those in 87 towns and villages of 170 towns and villages, and they have been acting from July, 1950, and we will have those in 100 towns and villages or so within this financial year at most.

Ehime: We expect that the conference will be established in all cities, towns, and villages in our pref cture within this fiscal year. (till the end of Mrach). The Member of the conference is almost the same as city, town, and village Child Welfare Council.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

Tokushima: In Tokushima, the confernce is established in 104 of 129 cities, towns, and villages, and those acting really will be 80% of 104.

5. Do you have a policy to take any special measure to qualify nursery teachers without qualification from 1951 fiscal year forwards. How about the policy and standard nurser teachers' pay? (By Kochi)

Kochi: How about the qualification course, as we have budget about ¥10,000?
Regarding pay of nursery teacher, we apply new basis only for new graduates of nursery teacher training school.
How about it in your prefecture?

Ehime: We want to hold qualification course in this fiscal year, and we have budget for it. We expect favour of Welfare Ministry about qualification,
As for pay of nursery teacher, we give 80% of basic amount of expenses required for measures prescribed in Child Welfare Law Article 19 Paragraph 4, but it is difficult to secure it.

Tokushima: We have 29 unqualified nursery teachers now. Though we have budgetfor qualification course, we have not decided whether we will have the course or not.
Pay of nursery teacher of private day nursery is about ¥3,000 and is very low, but public day nursery may be able to maintain its standard.

Kagawa: In Kagawa, there are 203 Nursery teachers of day nursery, and 72 of 203 have qualification, and 87 of 203 are qualified partially. If we have more qualification course during a year, but it is impossible in reality.
As to the pay, we instructed the standard of budget, but real pay seems to be 80% of the standard we instructed or under 80%.
We want to pay by new standard for new graduates of nursery teacher training school which we are going to establish.
Following are sone example of pay for nursery teachers:

Public:	¥4,341	Head teacher
	¥6,823	Teacher worked for 17 years and 9 months continuously
	¥3,772	Teacher graduated high school
	¥4,727	Teacher worked for 3 years after finishing girls' high school course
Private:	¥4,000	Head teacher
	¥3,000	Others

Difference of pay between public and private day nursery is very big, but we have no counter-measure about it now.
We request Welfare Ministry to approve qualification for nursery teacher qualification course, as it needs no special budget.

6. Institution plan and operating condition of a home for feeble-minded children (By Ehime)

Kochi: The home for feeble-minded children is now under construction. The capacity of the home is 30. There are about 700 feeble-minded people throughout the prefecture and (16) of 700 are looked after in a home for dependent, neglected, and abused children. Others should be cared for at the home and special training class.

put in 4.7M. Home when opened.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

The building will be completed on 1 may. We are going to place children who need custody in the home according to classification. Psychiatrist of Child Welfare Center and Health Department of Prefecture will take charge of psychiatric treatment and training of inmates of the home. We also expect assistance by professor of psychology of university who are advisor of Child Welfare Center.

Tokushima: We made a plan to build the home with budget of ¥9,900,000 in the area of 3,000 tsubo, but it was not approved, And so we can not have it within 1951 fiscal year.

Kagawa: The home for feeble-minded children is under construction also in Kagawa Prefecture now, and it is scheduled to be completed at the middle of April. We required 10 officials for the home but it was not approved. The building expense is ¥2,080,000 (including furniture expenses) and current expenditure is estimated about ¥900,000 except personnel expenditure. Capacity is 32. Space of the home is 1,000 tsubo. We have not project of medical equipment, and so we can not treat them medically.
We want to classify it as the home for dependent, neglected, and abused children.

Ehime: What kind of child are you going to place in the home?

Kagawa: We do not want to place perfect imbecile (idiot) in the home for the time being.

7. Regulation on paper show (By Tokushima)
Enactment of paper show regulation (By Kagawa)

Kochi: According to regulation, we held examination for qualification of paper performer. Though there were 70 performers who should take the examination but 59 of 70 sat for the examination.
We held training course two times before examination. The result was so good both in learning and physique or health that they passed through the examination all together, getting licenses.
The examination was done by members of culture department of Prefecture Child Welfare Council.
Policemen of municipal and national police who are leaders of paper performer, expose them if they sell dirty candy or so.
Play picture of paper show is examined at Child Welfare Section every day and a full time paper show staff of the section call on examiners who are members of culture department of Child Welfare Council, with picture for examination. If the picture passes, pass mark is stamped. If the picture desrves of recommendation, they got recommendation stamp on the picture. Examination and stamping are done within a day in consideration of performer's convenience. There have been 3 pictures unpassed, but no recommended picture up to now.
Recommendated picture is scheduled to be showed in any school, if possible.
If they paly with unpassed or unstamped picture, chairman of school children's self-government committee will advise children who are seeing it, not to see it. Therefore, performer with unstamped picture fears chairman of children's self-government committee.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

We have seen calicature in a newspaper of Koch that there was a picture a paper performer playing but all children were going to leave there for children's chairman discovered picture had no stamp to advise them not to see it.
Recently, performers are getting conscientiously.
The result of paper show regulation seems to be successful in our prefecture.
And still, we began to make slide films.

Ehime: We have heard that there was an authority of paper show in Kagawa Prefecture. We are going to invite him and central authorities for discussion on legislating paper show regulation.
We have held training course only two times.

Kagawa: When childwelfare section came in order, we proposed legislation of paper sho regulation to child welfare council, but it was not approved. At present, license is given to performer by Social Education Section., Legislation should be done by Child Welfare Section, but if present performer do not pass examination, we can not find proper counter-measure for them, we are in trouble.

Tokushima: There are about 100 performers in Tokushima. By activity of Chief of Constitution Memorial Hall, they made association. They requested us to legislate paper show regulation voluntarily, and Constitution Memorial Hall sponsored training course for them. If the regulation is enforced, examination system will be adopted.

8. Budget on mother protection and its item, and condition of guiding home work, and establishment of mother center (By Kochi)

Ehime: Our budget on mother protection is ¥1,000,000 and this include expenses of Women's Rehabilitation Association, expenses of free charge circuit consultation of layer, expenses of consultation about personal affairs of bereaved family and widow, expenses of consultants, expenses to introduce home work, etc.
As for home work, social work association held embroidery training course. 2,800 women attended the course, but 300 women are continuing their work now. Total amount of embroidery income attains ¥100,000 monthly, and so they get ¥300.00 or so averagedly, and skilful worker get more than ¥2,000.00 per month.
If woman learn it about a week, she will become to be able to embroider.

Tokushima: We made several plans, but we got only ¥100,000 by budget. Accordingly, we have done nothing worth saying.

Kagawa: The case is the same as in Tokushima in Kagawa. We have no plan of mother center.

Kochi: We have budget of ¥400,000 for introduction of home work. We held training course of making imitative pearl for 30 persons for a year. But it is difficult in technique, they could not make fine goods worth selling.
We also made circuit course of laundry and fulling with lecturers and this course was cooperated by several associations.
As for mother center, we have 2 or 3, but we are going to set up those in every district offices.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

9. Intermediate report on revision of Child Welfare Law by Mr. Hamajima
   a. Though Child Welfare Law was expected to be revised thoroughly, but it became to hve no sufficient time, they are going to change partially.
   b. Matters requiring budget got difficult to realize. Health guidance will be the same as before.
   c. Subsidy for Child Welfare Council will be included in Equalization Fund.
   d. As the amount of supplying aliment for 0 and 1 year of age infants attain ¥30,000,000, provisions will be added in the Law, but it will not be executed, because they will have no budget.
   e. Subsidy for city, town, and village welfare agencies will not be paid.
   f. For private day nursery, subsidy may be given very little.
   g. Regarding Welfare District Office and Child Welfare Official, we are still negotiating with Social Affairs Bureau.

THE END

Mr. Smith
