machine and equipment on movement and use: None

b) Total point of value of above: 61,648

c) Total floor space of the plant
(Under custody)
Floor space of building housing reparation machine: 6830 tsubo
Other floor space of buildings : 6930 tsubo

d) Nature and value of equipment

Our company's machines and equipments has been manufacturing over 500 per month such as casting of light alloy cover of aircraft, clank, cylinder head, rear cover reducing apparatus, and forging of connection rod and rocker and kelmet bearings, untill the termination of war.

Among above machines the foreign made machine are keller, forging swedger, press, turret and other 42.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

The rate of purchasing year of above each machines is 20 percent of 1939 and 80 percent of 1941 and 1944 and have average future life from 10 to 15 years

e. Number disposition, construction and condition of buildings, housing reparations equipment:

there are 28 roofs (floor space 13770 tsubp) in all site of plant 62,515 tsubo
