U.S. EXPORT SALES

- Outstanding Export Sales (Unshipped Balances) on APRIL 23, 1978
 - Export Shipments in Current Marketing Year
 - Daily Sales Reported APRIL 24 - 30, 1978
- As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of May 4, 1978 (based on reports from exporters for the week ending April 23, 1978, unless otherwise noted).

Wheat: Sales activity continues to be relatively slow with the only significant activity registered to Bangladesh and the People's Republic of China. Contract adjustments on sales to the PRC shifted 50,000 metric tons (MT) forward to marketing year (MY) 1977/78 and reflected the switch of 150,000 MT from Soft Red to Hard Red Winter. Outstanding sales to unknown destinations and France declined as destination assignments or switches increased sales to the USSR, Morocco and several other countries. Additional contract adjustments made minor changes in sales to numerous other countries. Brazil and several other countries bought for MY 1978/79, a total sales increased by slightly over 310,000 MT. Export volume (572,600 MT) declined after a moderate increase last week.

Corn: Korea, Japan, Poland and the Netherlands dominated purchases, representing about 86 percent of the total net increase in outstanding sales. Sales to unknown destinations declined due to assignment of destinations and contract adjustments. The Netherlands, East Germany, USSR and West Germany were the recipients of virtually all the changes in destinations. The USSR increased their MY 1977/78 purchases by 500,000 MT as reported under the daily system. Activity for MY 1978/79 was minimal with Japan the only significant buyer. Exports continue fairly heavy, falling only slightly below the million MT attained last week.

Sorghum: The export market was moderately active. Poland added 30,500 MT to earlier purchases. Exporters reported a number of optional origin transactions with Japan. Sales of 141,050 MT for MY 1977/78 were reported to Venezuela under the daily system.

Rice: PL-480 sales of 40,000 MT of No. 3 medium grain brown rice to Indonesia was the week's highlight. The commercial export market continued lackluster. Exports were slow. A table on rough rice outstanding sales and exports is included in the back of this report.

Soybeans: Sales activity soared to the second heaviest level so far this MY, due to sales of 400,000 MT to the USSR and 251,600 MT to the EC. Sales for MY 1978/79 increased by 146,600 MT with increases in the EC, other Western Europe, Japan and unknown destinations. Exports remained high as shipments to Europe, Taiwan, Japan and Canada continued heavy.

Soybean Cake and Meal: Sales (57,100 MT) declined drastically from the previous week as the EC and other West European countries accounted for nearly 98 percent of net increases in sales. Exports increased slightly on the strength of shipments to Europe and Canada.

Soybean Oil: Pakistan (11,300 MT) was the major buyer as the pace of sales slowed. Optional origin sales declined by 20,000 MT. Weekly exports (14,400 MT) rebounded, principally due to shipments to India and Pakistan.

Cotton: Sales activity was off slightly with most of the sales for MY 1978/79. The main feature for MY 1977/78 was the net addition of 17,000 RB to PRC, the result of 10,000 RB of new sales and 8,800 RB switched from unknown. There were also small sales to Korea, Hong Kong and Taiwan. MY 1978/79 sales of 82,300 RB were principally to Japan, Hong Kong, Korea and unknown destinations. Exports remain good as 144,100 RB were shipped, 86 percent to Asia.

Barley and Oats: Showed no significant activity.

SUMMARY OF CURRENT WEEK'S TRANSACTIONS BY REPORTING CATEGORY
For Week Ending April 23, 1978

Commodity	Beginning O/S	New Sales (+)	Purchases From Foreign Sellers (-)	Buy-Backs and Cancellations (-)	Exports	Outstanding Sales

Data shown above may not add due to rounding. 1/ Includes increases resulting from new sales, upward contract adjustments, shifts in delivery period from one marketing year to another and changes from one commodity to another. 2/ Net foreign purchase activity. A purchase from a foreign seller is a transaction contracting to buy U.S. produced commodity from a firm outside the U.S. -- not involving a cancellation or buy-back of a reported sale. 3/ Includes decreases resulting from buy-backs of all or part of a contract balance by mutual consent, unilateral cancellation by one party which could result in a contract dispute, downward contract adjustments, shifts in delivery period from one marketing year to another, and changes from one commodity to another. 4/ Does not include exports for exporter's own account.
