ALLIES TO SEND ULTIMATUM TO BERLIN

SEAPLANE TO PAY VISITS TO VICTORIA

Seattle-Vancouver Service Is Being Arranged To Carry Passengers, Mail and Freight

Victoria will have a second seaplane service, giving connections with Vancouver and Seattle for the carrying of passengers, mail and freight, if plans now being made are successful.

About June 1. Vancouver, May 2.—Passenger mail and freight service by air between Vancouver and Seattle will open about June 1 unless present plans go astray.

The new service would reduce the time between the two cities to ninety minutes. At present it takes five and three-quarter hours by train and eight and three-quarter hours by boat.

The three men who will float and operate the service are A. J. Black, C. C. Eckman and C. O. Kahle, of Seattle.

MADE-IN-HAMILTON TRAIN IS COMING

Will Be in Victoria in the Middle of June

The Made-in-Hamilton train, which was discussed by Russell T. Kelley, a Hamilton man who visited Victoria recently in the interests of the Chamber of Commerce and Canadian Road Roads League, organizations in which he takes a leading part, is now timed to reach Victoria in the morning of June 16.

The train will leave Hamilton on Friday, June 3, making brief stops at many local points and longer stays at the larger centres.

The object is to enable Hamilton manufacturers to get in close touch with western business men, and judging from what Mr. Kelley told The Times, on the occasion of his recent visit, there is no doubt that the exhibits will be of an exceptional character.

MORE MURDERS REPORTED IN IRELAND

Three Constables and Soldier Were Killed

London, May 2.—Three constables were killed in Ireland yesterday. Constables Shaw and Cuthbertson left the County Cavan barracks for a walk. Later their bodies, bullet-riddled, were found a mile away from the barracks.

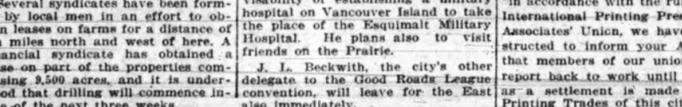

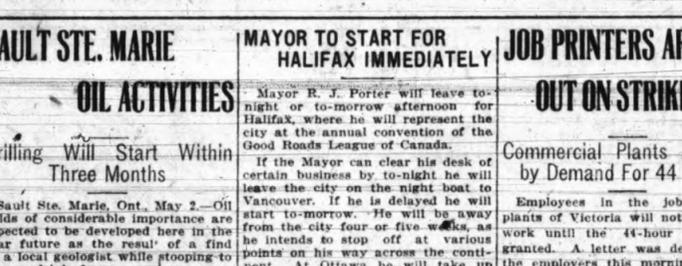

In Limerick Saturday night a mob was thrown at a party of four constables who were talking to a young woman. A brisk exchange of firing took place between the attacking party and a body of police who came to the scene. Four constables, two young women and two civilians were wounded.

Raids. London, May 2.—Five city post-offices in County Waterford, Ireland, were raided simultaneously by twenty men in five groups during the week-end and large sums of money seized. No arrests have been made in connection with the raids.

An ambulance train was held up Sunday morning near Kenmare, County Kerry, twenty-two beds, a quantity of blankets and sheets and an official report of the shooting.

A man named John Bernin, who was fatally wounded in an encounter at Lough Glinn, admitted that under orders he had shot Weldon.

THE MAYOR READY TO START

MAYOR TO START FOR HALIFAX IMMEDIATELY

Mayor R. J. Porter will leave tonight or to-morrow afternoon for Halifax, where he will represent the city at the annual convention of the Good Roads League of Canada.

JOB PRINTERS ARE OUT ON STRIKE HERE

Employees in the job printing plants of Victoria will not return to work until the 44-hour week is granted. A letter was delivered to the employers this morning by the Pressmen's Union which stated that "in accordance with the ruling of the International Printing Pressmen and Associates' Union, we have been instructed to inform your Association that members of our union will not report back to work until such time as a settlement is made with the Printing Trades of this city."

SIR GEORGE PARKIN VISITS DOMINION

Montreal, May 2.—Among the passengers who arrived on the Canadian Pacific steamer Metagama, which docked here last night, were Sir George and Lady Parkin. Referring to the present conditions in Great Britain, Sir Parkin expressed his opinion that there was no cause for alarm, but that national coolness of character and stability of temperament might be relied upon to right all the troubles that surround the national present state.

AMERICAN SHIP CREWS ON STRIKE

Object to Their Wages Being Cut Down Few Ships Held, Says Shipping Board

New York, May 2.—Union leaders predicted to-day that the walkout of marine workers called yesterday as a protest against fifteen per cent wage reductions would result in twenty-four hours in a complete tie-up of American shipping.

News of the walkout reception was wireless to all ships flying the American flag yesterday after the International Seamen's Union, the Marine Firemen, Oilers and Water Tenders' Union and the Marine Engineers' Union had voted to resign their jobs rather than to accept the cut.

It is estimated that about 125,000 workers are affected by the walk-out. The fifteen per cent reduction, suggested by Rear-Admiral Benson, chairman of the United States Shipping Board, and placed in effect at midnight Saturday means a virtual reduction of from forty to fifty per cent when certain working conditions are considered, workers declared.

Of the 125,000 workers affected by the walkout, about 60,000 are in this port. The number of ships affected is said to be about 2,000, of which between 200 and 300 are in this port. The total tonnage involved is more than 13,000,000, of which 7,500,000 is owned by the United States Shipping Board.

It is believed by leaders of the marine workers that the walkout call will be heeded generally to-day in all ports of the Atlantic, Gulf and Pacific coast. They said they received messages from West Coast ports that the call had been heeded.

Such acceptance by Germany is entirely unexpected and an order mobilizing 150,000 men of the class of 1919 is expected any moment.

Class of 1919. Paris, May 2.—Orders for mobilization of the class of 1919, which will take part in the occupation of the Ruhr district, were expected to be issued here to-day.

Newspapers as a whole expressed themselves to-day as being in favor of the mobilization, the only discordant note being that of L'Humanite, which in large headlines attacked the order calling the men to the colors. It also carried in its first page an advertisement by the Communist committee of action beginning with the words: "Down with war; down with mobilization."

BOLSHEVIKI SAY BRITISH TROOPS LEFT PERSIA

Riga, May 2.—A wireless message from Moscow to-day announces the withdrawal of the British troops from Persia.

A Russian diplomatic mission has arrived at Teheran, the Persian capital, the message adds.

Washington, May 2.—Conviction of United States Senator Truman H. Newberry in a Federal court in Michigan for conspiracy to violate the Federal Corrupt Practices Act was set aside to-day by the Supreme Court of the United States.

Canadian Labor Passed the Day Quietly

Vancouver, May 2.—A parade and meeting of unemployed was held in Vancouver yesterday and passed off quietly. The police were prepared to enforce new civic regulations regarding parades, but there was no occasion for police interference, all regulations having been complied with.

At Nelson. Nelson, B. C., May 2.—Limit catches of trout of all species characterized May day in this section of the Kootenai district, the genuine art of angling taking precedence of the flow of oratory as known in some of the large cities. The only labor adjustment pending here is completion of a referendum of the International Union of Mine, Mill and Smelter Workers, whose members commenced to vote last week on a revised wage scale in (Concluded on page 16.)

MEN ARE PUT TO DEATH IN MEXICO

Mexico City, May 2.—The Mexican Government authorities continue to arrest and execute persons alleged to be plotting against the Obregon administration. Sanchez Del Castillo faced a firing squad Thursday at Monterrey following his conviction as a rebel, and Jose Moreno and Antonio Aldegre were shot Friday.

FRENCH TROOPS READY TO MOVE IN TWELVE DAYS

London, May 2.—Premier Briand said this morning would take twelve days to complete the French military preparations.

"If at the end of that time Germany has not fully yielded to the Allies," he declared, "the French troops will march."

ARMY OF FRANCE IS PREPARING

Getting Ready to Move Into Germany

Paris, May 2.—The French Government, despite the lack of final agreement by the Allied Supreme Council in London on the reparations issue is proceeding with the preliminaries necessary to the occupation of the Ruhr Valley should that step be ordered.

A brigade of cavalry was entraining to-day at Meaux to join a large detachment of infantry already on the way from Lyons in addition to artillery from Vicennes and other garrisons, now on the move. The understanding in official circles here is that nothing can now prevent completion of the necessary forces for the occupation and that occupation can be prevented only by Germany giving guarantees that she will pay according to the decisions of the Reparations Commission.

Such acceptance by Germany is entirely unexpected and an order mobilizing 150,000 men of the class of 1919 is expected any moment.

Class of 1919. Paris, May 2.—Orders for mobilization of the class of 1919, which will take part in the occupation of the Ruhr district, were expected to be issued here to-day.

Newspapers as a whole expressed themselves to-day as being in favor of the mobilization, the only discordant note being that of L'Humanite, which in large headlines attacked the order calling the men to the colors. It also carried in its first page an advertisement by the Communist committee of action beginning with the words: "Down with war; down with mobilization."

MEN ARE PUT TO DEATH IN MEXICO

Mexico City, May 2.—The Mexican Government authorities continue to arrest and execute persons alleged to be plotting against the Obregon administration. Sanchez Del Castillo faced a firing squad Thursday at Monterrey following his conviction as a rebel, and Jose Moreno and Antonio Aldegre were shot Friday.

Troops to Advance If Berlin Does Not Meet Terms May 12

London, May 2.—Great Britain will make a royal demonstration if Germany refuses to yield to the Allies' conditions in the reparations issue, it was stated to-day. The demonstration, which would not take the form of a blockade, would probably occur in the North Sea, it was added.

Reparations Ultimatum Will Be Sent by Allied Supreme Council

German Answer to the Conditions Laid Down Must Be Yes or No

Entente Declaration Was Drawn Up by Foreign Ministers To-day

London, May 2.—Germany must give by May 12 a categorical answer—Yes or No—to the Allies' reparations demands or suffer the infliction of military and naval penalties, according to the terms of an ultimatum drawn up by the Allied Foreign Ministers to-day and submitted to the Supreme Council for its approval.

The interval provided for in the ultimatum to Germany will not be for the purpose of negotiation, it was stated, but to give the German Government time to reflect, negotiations being considered at an end.

Since the German Government made its latest "peace gesture" through Washington it was considered possible the Allies would choose the United States as their intermediary in sending an ultimatum to Germany.

London, May 2.—The Allied Supreme Council, after receiving the report of the Council of Foreign Ministers to-day, agreed in principle to the plan of Foreign Minister Jaspard of Belgium, providing for an ultimatum to be presented to Germany and other military measures to be used in case Germany should default.

Six Days. London, May 2.—The Reparations Commission will advise Germany of the Allies' conditions within six days after the decision upon them has been reached by the Supreme Council. Germany will then have six days in which to give an answer, which is required to be a direct yes or no, without conditions.

By Foreign Ministers. London, May 2.—The declaration of the Allied stand on the reparations question, in which Germany will be given a brief interval to comply with the demands of the Allies, was drawn up at a conference this morning by the Foreign Ministers of Great Britain, France, Italy and Belgium.

The decision was submitted to the Supreme Council of the Allies when it met at 12:30 o'clock.

The proceedings at the Conference of Foreign Ministers which was participated in by Lord Curzon, Premier Briand (who also is the French Foreign Minister) Count Storza and M. Jaspard, are described as having proceeded smoothly, but the document they drew up would have to take its final form in the Allied Supreme Council, it was explained.

The interval of a few days provided for in the ultimatum to Germany will not be for the purpose of negotiation, it was stated, but to give the German Government time to reflect on the negotiations being declared at an end.

The Supreme Council examined the draft of the decision presented by the Foreign Ministers. After an hour the Council adjourned till 5 o'clock.

Experts Met. London, May 2.—The Allied nations having decided to send an ultimatum to Germany, notifying her of the (Concluded on page 16.)

PORT ARTHUR THUG GOT ABOUT \$11,000

Took Bank Notes From Mail Sack at Station

Port Arthur, Ont., May 2.—A package said to contain about \$11,000 in Bank of Montreal banknotes was stolen from a mail sack at the Canadian Pacific Railway depot here Saturday night. The robbers took advantage of the temporary absence of the mail carrier to lift the "locked bag" from a pile which was to have been dispatched on the east-bound express train.

The package, which covered several hours later not more than 100 yards from the depot. It had been cut open, but only the one package was missing. It is stated the robber left behind almost as much currency as he took away, which tends to indicate he had advance information that the Bank of Montreal package was to go out on that train. No arrests have been made.

OTTAWA COMMONS NOW ON DAYLIGHT SAVING SCHEDULE

Ottawa, May 2.—The House of Commons followed the daylight saving time-table to-day. Daylight saving came into effect here yesterday.

In Quebec. Quebec, May 2.—Daylight saving went into effect here yesterday in accordance with a recent decision of the City Council. Throughout the district, none of the municipal councils have adopted daylight saving time.

Opening Up North Country. Col. W. N. Wimby, one of the three Commissioners on the Liquor Board, left for Prince Rupert this afternoon to install liquor stores and appoint

Tuesday, May 24, 8 p. m.—Missionary anniversary. Addresses by Rev. W. J. Sippell, D.D. and Rev. A. Lloyd Smith, M.A., B.D., assistant secretary of home missions.

ORCHESTRA IS EN ROUTE HERE

Fine Players Will Appear With Los Angeles Philharmonic Orchestra

The concert of the Philharmonic Orchestra of Los Angeles on Friday, May 6, at the Royal Victoria Theatre, will offer to music lovers a novel treat. Headed by Walter Rothwell, who ranks in the forefront of American and European conductors this wonderful musical organization, consisting of seventy-five artists, picked from the best orchestras, has achieved national-wide fame. Although founded but two years ago it has been placed by the leading music critics on par with the best orchestras in the East.

Conductor Rothwell had the valuable training in Europe, that makes for eminent musical leadership. He has gone through the operatic school before climbing the stand of the concert director in Europe. Then followed a glance at the brilliant graphic of famous musical leaders shows that it is in the pit of the opera house where powerful strategists of the concert hall are born. Mr. Rothwell achieved his first American triumph when he guided the well-known Savage Opera Company on a two years' tour through the States and Canada. Then followed years of successful activity with the great orchestras of St. Paul, St. Louis, New York and finally Los Angeles. About ninety-five per cent of his concerts in Los Angeles and Southern California cities were sold out, establishing a record not surpassed by any other orchestra.

Much of the success of the Philharmonic Orchestra of Los Angeles must be attributed to the munificent generosity of its founder, W. A. Clark, Jr., who spent during the first two seasons close to \$400,000 on its perfection. The remarkable multi-millionaire music-lover gave carte blanche to manager and conductor, so that they were able to engage the highest paid orchestra players thus assuring for the ranks of the orchestra instrumentalists who it really may be classed as soloists.

Six eminent soloists accompany the orchestra and are featured in the programmes. Elizabeth Rothwell, dramatic soprano; Richard Buhlig, pianist; Sylvia Knack, violinist; Ilya Bronson, cellist; Emile Peris, violinist; and Alfred Kastner, harpist. In order to produce the best tonal effect the orchestra is carrying a specially constructed sound-board on its five weeks' tour.

MAN WAS KILLED IN STANLEY PARK

Vancouver, May 2.—James Tudor was killed and Fred Murray and Gordon Gartley were badly injured when an automobile in which they were driving crashed into a tree in Stanley Park Saturday midnight. The car contained three young people, all of Vancouver, who were taking the air after a house party. The other ten were bruised and shaken. An inquest will be held.

The accident occurred on a steep grade near third beach in Stanley Park. Tudor was driving and apparently did not take into account the heavy weight the automobile was carrying. His brakes skidded and he failed to make a sharp corner safely. The car was wrecked against a big tree near Tatlow Walk.

Tells How Catarrh is Destroyed Quickly

Catarrh sufferers, meaning those with colds, sore throat, bronchial trouble, etc., can all be fixed up right at home by inhaling "Catarrhose" in using Catarrhose you don't take medicine into the stomach—you just breathe a healing piney vapor direct to the lungs and air passages. The purest balsams and the greatest antiseptics are thus sent to every spot where catarrhal trouble exists—germs are killed, foul secretions are destroyed, nature is given a chance and the disease ends quickly. Colds and throat troubles can't last if the pure healing vapor of Catarrhose is breathed—sneezing and coughing cease at once, because irritation is removed. Bronchitis, irritation and weakness in the throat soon disappear.

Use Catarrhose whether young or old. Catarrhose treatment, \$1.00, small size 50c., dealers everywhere or The Catarrhose Co., Montreal. (Adv.)

FEAR NEW MOVE TO BLOCK SCHOOL COSTS WILL FAIL

Aldermen Give Up Hope of Avoiding Money Bylaws

Members of the city council to-day began to abandon all hope that their latest move to block increases in school expenditures would succeed. Submission of school money by-laws to the electors, they admitted appeared to be inevitable.

City Solicitor H. S. Pringle, acting on the council's instructions, is trying to find a loophole by which the council can escape the school board's demand for the submission of by-laws to cover extraordinary school expenditures. It is almost a foregone conclusion, however, that he will fail. School trustees are confident that the council must submit the by-laws as so far no provision in any act which would allow the council to reject the trustee's demand has been discovered. In fact, aldermen are beginning to think that they might as well have faced the situation in the first place and authorized the submission of by-laws.

The council's appeal to the Lieutenant-Governor-in-Council against the police commission's plan to raise police wages likewise will be held up for a time. The council instructed Mr. Pringle to draw up a petition to the government on this point but he neglected to state on what grounds it was made an appeal. Mr. Pringle will ask the council Monday to inform him exactly upon what the council bases its claim.

Try Last Effort
Yesterday afternoon the council decided to make a last desperate effort to keep the school cost question from going to the ratepayers. Alderman Todd suggested that the trustee should bring in a report stating whether or not, under new proposed legislation, the council could refuse to ratify the school board's demand for the submission of by-laws. He explained that he did not intend to raise extraordinary expenditures contented with the ordinary expenditures as a whole on principle.

Alderman Sargent proposed that, as a compromise, the school board be offered \$6,000 without the submission of by-laws. He pointed out that the by-laws probably would cost \$1,200, which he would have.

The Sargent amendment was defeated and the Todd motion, seconded by Alderman Sangster, was passed on the following day. Aldermen Todd, Sangster, Dinsdale, Fulton, Andros and the Mayor, against Alderman Sargent, Harvey, Aitken, Woodward and Dewar.

UNIVERSITY FEES AGAIN INCREASED

Loggers to Be Given Course; Forestry Work to Start

Announcement of several new courses in applied sciences of the re-arrangement of some of the arts and agricultural courses and new scholarships and prizes, and of a \$10 increase in tuition fees is contained in the calendar of the University of British Columbia. The increase in fees to \$50 is part of the effort to meet the institution's financial difficulties.

Announcement is made that last year's Summer school for teachers will be repeated this year, the course starting in July 4 next and ending on August 13. In the section for High School teachers, particular attention will be given to French, Science and English literature.

The total undergraduate registration in this year has been 952, as compared with 928 last year. The total registration, including those taking short courses, has been nearly 1,650, as compared with 1,530 last year.

To Teach Logging.
Included in the new courses in the Applied Science Department will be several engineering courses. A course in logging engineering, with particular emphasis on local conditions, is one of these.

Instruction in forestry, following upon the appointment of Prof. Herbert Christie in January, will commence in earnest next September, while the public health course is expected to prove very popular.

The report indicates that some 5,600 books were added to the library during the year. The library now consists of 25,000 volumes and 10,000 pamphlets.

Among the important new prizes and scholarships announced in the Calendar is the gift of \$12,000 to the university by the administrators of the Khaki College of Canada as a memorial to a returned man actually in need of money to complete their course. Scholarships will also be founded in the awarding of which preference is to be given to returned veterans.

In addition to the awards catalogued last year are new medals and other donations, which will include a Historical Society medal, donated by High Keeleyside; a Women's Conservative Club prize; Scott Memorial Scholarship, worth \$100 annually; a Vashonda Club prize for the best original poem written by a student of the university; the Playwrights Club an original play; an applied sociology prize; B. C. Dairyman's Association prizes for the Agricultural Department; three valuable scholarships donated by R. P. McLennan of the board of governors, and a scholarship from the B. C. Fruit-growers' Association.

A change in the personnel of the committee administering the Rhodes Scholarship is reported. The administrators now are President Klinefelter, Prof. George Robinson, Prof. H. T. Logan and Chief Justice Hunter.

The Calendar also includes an announcement from the Victoria Colliery, Ltd., at a salary of \$12,000 a year, has been compelled by illness to relinquish the position.

DR. CREELMAN ILL.

Grimaby, Ont., May 2.—Dr. G. C. Creelman, who was recently appointed general manager of the Niagara Fruit Growers' Ltd., at a salary of \$12,000 a year, has been compelled by illness to relinquish the position.

Gossard Week

Store Hours 9 a.m. to 6 p.m., Wednesday 1 p.m.

An Interesting Group of New Cloth Sports Coats At \$15.00

For the first of the month's selling we offer an interesting group of Women's and Misses' Blanket Cloth Sports Coats in short belted styles with deep cuffs and convertible collars; in shades of tan and Pekin blue. They are well made, and offer very unusual value at the new low price of \$15.00.

Remarkable Value at \$15.00

"Gossard Week" Offers Four Popular Front Lacing Models at Prices Much Below Regular

"Gossard Week" presents to the women of Victoria the opportunity of purchasing THE ORIGINAL AND UNRIVALLED FRONT LACING GOSSARD CORSETS at greatly reduced prices. We make mention here of four popular models selling at \$2.98, \$3.98, \$4.49 and \$4.98 per pair. The prudent will make an early selection, as the size range is bound to be more or less depleted before the end of the week.

SELECT YOUR GOSSARD HERE DURING "GOSSARD WEEK"

Model 264

A model to take care of the figure with straight line below the waist. It is of low bust, measuring two inches above the waistline. Made from Everlast Cloth, pink only.

Sizes 28 to 36, Regular \$3.75 value. Special sale price, this week only ... **\$2.98**

Model 262

This corset is for the tall, heavy woman with an unusually long waist. The full bust is medium high. The long skirt is cut straight around the figure and has ample fullness to take care of the full-size thigh. Made from plain Coutil, white only.

Sizes 22 to 36, Regular \$5.00 value. Special sale price, this week only ... **\$3.98**

Model 574

A model generally known as a diaphragm corset, for the woman of medium to full figure with excess flesh at the diaphragm. Decidedly curved under the bust. It graduates to a high back and has a very long skirt. Made in plain Coutil, pink only.

Regular \$7.00 value. Special sale price, Gossard Week only ... **\$4.98**

Model 376

Designed for the woman with a small waist who wishes the appearance of a decided curve under the bust. Made from Everlast Cloth, in white only.

Sizes 20 to 36, Regular \$6.00 value. Special sale price, this week only ... **\$4.49**

G. H. A. PORTE NEW STORE MANAGER HERE

Will Have Charge of Hudson's Bay Company's Establishment

G. H. A. Porte, at present assistant manager of the Hudson's Bay Company's Vancouver store, has been appointed manager of the company's new store here.

Mr. Porte joined the Hudson's Bay Company on April 12, 1898, at Vancouver as customs clerk. In November of the same year he was promoted to the position of ledger keeper, and since that time has received steady promotion through the positions of credit manager and superintendent, until he reached the city, where he is leaving the city, are sharing with him the honor that has come to him.

The Victoria store of the Hudson's Bay Company is one of the newest, and when completed will perhaps be one of the most modern retail establishments in the country.

Mr. Porte will have charge of the merchandising department, no small position when the fastidious requirements of the Victoria shoppers are considered.

Mr. Porte has been a prominent member of the Board of Trade and has been a most energetic worker in all community movements. In the recent hospital drive he displayed exceptional organizing ability.

Mr. Porte will leave in a few days and will be joined later by Mrs. Pout and family.

SECTION FOREMAN KILLED ON TRACK

Nelson, B. C., May 2.—John Sjoberg, for thirty years section foreman at Yahlk, was killed yesterday afternoon by falling off a gasoline car while on his way home from Yahlk to Ryan. Two other men and four children accompanying him witnessed the accident.

Sweetens the mouth after smoking

Victoria Daily Times

MONDAY, MAY 2, 1921. Published every afternoon (except Sunday) by THE TIMES PRINTING & PUBLISHING COMPANY, LIMITED.

Subscription Rates: City Delivery \$1.00 per month, By mail (exclusive of city) Canada and Great Britain \$2.00 per annum, U.S.A. \$1.75 per annum, France, Belgium, Greece, etc. \$1.00 per month.

AN ULTIMATUM FIRST.

Developments during the week-end confirm the general impression that Mr. Lloyd George never has been and is not yet wholly convinced that the French plan to make Germany pay her reparations bill is either the most desirable or the most effective.

It must not be supposed that Mr. Lloyd George intends to spare his punishment of the debtor nation if she continues to maintain her present attitude. His hesitancy to swallow the French plan in its entirety does not signify a split between the Entente.

In giving the Berlin Government every opportunity to do as it is told while it may do so without risking the consequences he is following the traditional British policy which at this stage combines a desire to see fair play with a lively apprehension lest armed force as a test of Germany's inability or refusal to pay should lead only to chaos.

RETURN THE AMOUNT.

At least some of the members of Mr. Pooley's audience at Sooke last Tuesday evening must have listened to his explanation of the "salary conspiracy" with their tongues in their cheeks.

Works are involved—are adjustable to conditions as they exist and change. An agreement which may shorten the hours and decrease the pay at this stage may be superseded by a new schedule six months hence.

DIVIDING AUTHORITY.

Although it is long overdue the measure introduced in the British House of Commons by the member for Falkirk promises the long-looked for decentralization of political and parliamentary authority by the establishment of bicameral legislatures in England, Scotland and Wales.

NOTHING HAPPENED.

There is a little ditty which says that "to-day is the to-morrow we worried about yesterday and it didn't happen." The phrase may well be applied to this year's first day of May.

SWISS CONDITIONS.

It never was expected that the Swiss people would put up with any nonsense from the former ruler of what once was Austria-Hungary.

well as a rigid undertaking that none of its members shall prosecute a Royalist or any form of intrigue within Swiss borders.

NOTE AND COMMENT

Commander Vuillemin has made the first flight across the Sahara Desert in an aeroplane. This does not mean that he has flown from Seattle to New York.

Parliamentary evolution will be able to add an interesting chapter to its progress in the event of the Mother of Parliaments borrowing the Federal system from its children.

According to The London Morning Post there is a split in the ranks at Moscow and Lenin's end is in sight.

When Herr Hugo Stinnes—the real power behind the German Government—sees that Great Britain means to assist her Allies to collect the reparations payments by force if an agreement is not reached before Thursday of next week he will give the countersign that Berlin will recognize as its authority to pay.

OTHER PAPERS' VIEWS

INSATIABLE BIRDS. (The Boston Transcript). A new story is going around the financial district about an old Southern negro who was asked by the proprietor of a store how he happened to need credit when he'd such a good cotton crop.

SUCCESSORS OF A SIMPLE LIFE. (The Buffalo Express). John Burroughs was an example of what a man may do with himself who simply keeps his eyes open. A farm boy with only the ordinary advantages of rural life, he began in youth to observe the habits of birds and animals because they interested him.

TO TAKE OVER BREWERIES AND MAKE OWN B. C. BEER. (Continued from page 1.) before he returns to Victoria. Selection of sites for Victoria stores and Victoria appointments will have to wait until Col. Winsby returns.

START TO PREPARE TELEPHONE FIGHT

City Solicitor to Leave For Ottawa Next Week

Preparation of the city's case against the rate increases desired by the B. C. Telephone Company will commence to-morrow morning.

During the remainder of the week City Solicitor H. S. Pringle will concentrate exclusively on work in connection with the fight he will wage against increased telephone rates before the Board of Railway Commissioners in Ottawa, May 18.

Mr. Pringle announced to-day that he would start for Ottawa next Monday or Tuesday. He wishes to arrive in the Capital at least two days before the Railway Board hears the telephone case.

On arrival in Ottawa he will consult with F. A. McDiarmid, Parliamentary Agent of the Union of British Columbia Municipalities, who will handle the telephone case for all British Columbia cities with the exception of Victoria and Vancouver.

AMERICAN SHIP CREWS ON STRIKE

(Continued from page 1.) last night indicating that workers there were in full sympathy with the movement.

From some ports came information, leaders said, that owners in a few instances were taking men on at the old rates of pay rather than suffer losses through tying up of the ships.

Washington, May 2.—Officials of the United States Shipping Board said to-day that but few vessels had been tied up as a result of the refusal of the seamen to accept articles at the reduced rates of pay.

Seattle, May 2.—Call for deck and engineer officers for the United States Shipping Board steamship Belback, due here here for Portland, Ore., to load cargo for the United Kingdom, was ignored and the ship remained in port to-day.

Portland, Ore., May 2.—Operators of the steamship West Nimrod, loaded with flour for Europe, expected to get the vessel out of port to-day with a non-union crew.

Galveston, Tex., May 2.—Six United States Shipping Board vessels are tied up in the port of Galveston as a result of the marine workers' strike.

Vancouver, May 2.—This port will not be greatly affected by the United States shipping strike. The only line flying the American flag running into this port is the Admiral Line, and officials of the line have stated that all its coastwise ships would continue to run.

London, May 2.—(Canadian Associated Press) The London Financial News points out that the Grand Trunk Pacific branch line bondholders have no cause for anxiety over the cable from Ottawa stating that the Canadian Government would not pay the interest on their bonds due at the beginning of May in view of the Grand Trunk arbitration position.

JOB PRINTERS ARE OUT ON STRIKE HERE

(Continued from page 1.) In Vancouver. Vancouver, May 2.—Job printers in this city went on strike this morning for a forty-four-hour week.

In Hamilton. Hamilton, Ont., May 1.—Job printers here went on strike to-day. Notices were posted in the various printing establishments Saturday to the effect that the Association of Master Printers would continue to operate the plants on the forty-eight-hour week basis.

In Halifax. Halifax, May 2.—Employing job printers of this city having refused to grant a forty-four-hour week, the men went on strike this morning.

In Montreal. Montreal, May 2.—Employees in the photo-engraving department of most of the printing establishments in this city went on strike this morning for a forty-four-hour week and 40¢ a week wages.

In Ottawa. Ottawa, May 2.—A strike in the building trades here started to-day affecting some 3,000 members of the crafts engaged in the building and construction industry in this city.

In Pittsburgh. Pittsburgh, May 2.—Approximately 1,000 printers in 131 job printing shops struck here to-day to enforce their demand for a forty-four-hour week.

In Cleveland. Cleveland, Ohio, May 2.—More than 1,000 printers went on strike to-day when their demands for a forty-four-hour week were refused by master printers.

In New York. New York, May 2.—The forty-four-hour week has been granted the 15,000 printers employed in the book and job printing plants in New York City.

In Newfoundland. St. John, Nfld., May 2.—A strike to enforce a demand for a forty-four-hour week by printers employed on daily newspapers here started to-day, but without preventing publication.

In Newfoundland. St. John, Nfld., May 2.—A strike to enforce a demand for a forty-four-hour week by printers employed on daily newspapers here started to-day, but without preventing publication.

LOWER PAY SCALE FOR STREET CAR MEN IN DETROIT

Detroit, Mich., May 2.—A street car strike in the city was averted for a week at least by an agreement reached between officials of the local street car men's union and officers of the Detroit United Railways.

The company agreed to delay in the posting of its wage reduction announcement until after the expiration of the seven-day period.

The new wage is 55 cents, 58 cents and 60 cents an hour, and became effective yesterday. The old scale was 70 cents, 73 cents and 75 cents an hour.

NO NEW LICENSING LAW IN BRITAIN

London, May 2.—(Canadian Associated Press)—Indications are strong that the Government does not propose to introduce much new legislation this session.

The licensing bill has been dropped and the revenue bill seems doomed. The railway bill, which would institute a system of combining the operation of the different railways, is also in jeopardy.

LOWER WAGES, BUT NO LOWER FARES

Sydney, N. S., May 2.—A general wage cut of from eight to ten per cent was put into effect yesterday by the Cape Breton Electric Company.

which operates the interurban tram lines of the island. Manager Curtiss states there will be no cut in tram fares although the rates were recently increased by the Public Utilities Commission system.

Amasa a wash of a size that a washwoman would hesitate to attempt. Simply notify us by telephoning 82. After the entire wash is on the line, heed the figures on money savings that the demonstrator will jot down as applicable to your particular case. Note that before you need pay for it in full the Time-Saver Electric Washer pays for itself. Judge if it is not cheaper to use than to do without, through its savings in time, coupled with the elimination of laundry bills, and the longer time that clothes will last. Allow us the privilege of giving you this complimentary home demonstration. B. C. Hardware & Paint Co., Ltd., 717 Fort Street, SOLD ON DIVIDED PAYMENTS, Phone 82.

PHONE 552. THE COLBERT PLUMBING & HEATING CO. LTD. ESTABLISHED 1883. THE ONLY FIRM USING TIME-CHECK SYSTEM. MANY YEARS OF SATISFACTORY SERVICE. VISITING DELEGATE. Miss Knell is at present in the West, having come out from Ottawa with organizing, coming out from Ottawa with organization all through the country, and it is expected that the meeting will result in the establishment of the Knights of Columbus Hall in Victoria.

Social Personal

Announcement has just been made of the marriage of Lucy Beatrice, youngest daughter of Mrs. Anna Rosch, of 151 Government Street, Victoria, to Dr. J. Shelley Saurman, of Salem, Oregon. The marriage was quietly solemnized at Christ Church Cathedral on April 12 by the Bishop of Columbia. After a honeymoon at Brentwood, Dr. and Mrs. Saurman have been spending a few days at the Empress Hotel and expect to leave shortly for their home at Salem, where Dr. Saurman is one of the leading medical practitioners.

In honor of the tenth birthday of her little daughter Eleanor, Mrs. Wm. Everall entertained at a delightful children's party at her home, 1742 Fort Street, on Saturday afternoon. Games and a magic lantern show furnished much amusement for the little guests who included the Misses Allison and Mary Mitchell, Adele Combe, Phyllis Buckley, Mary Yvette and Signmonds Cross, Dolores Machin, Mabel Fleming, Naomi Taylor, Muriel Carter, Isabel Munn, Alice Code, Marie, Christwick, Jessie and Mary Musket, Elizabeth Campbell, Pamela Charleswood, Noel Lechmere, Barbara Grant, Isabel and Ruth Goward.

Mr. and Mrs. Moses, of Sidney; F. Kingston, of Duncan; Mrs. W. Mayhew, of Huntville; Mr. and Mrs. James Knight, of Nanaimo; Major F. C. Turner, of Ganges; J. V. Norman Williams, of Westholme; Mrs. Beaumont, of Chilochee; Mrs. Fleetwood Wells, of Kamloops; C. W. Brown, of Nanos Bay; Mr. and Mrs. A. Clarke, of Ganges; Mrs. T. Willett, of Sooke; and Mr. and Mrs. Booth, of Chalmers, are guests at the Strathcona Hotel.

Mr. and Mrs. Schupp, Mrs. S. Hask, Miss Mae S. Johnson, of Duncan; Mrs. W. F. Drysdale and Miss Drysdale, Mrs. S. Hammond, of Nanaimo; David Martin and Mrs. Martin, of Wellington; and S. Stearman, of Extension, are staying at the Dominion Hotel.

H. Hughes, of Sidney; Jack Bartlett, of Alberni; W. Rowbottom, of James Island; J. Warwick, of Port Renfrew; P. Wood, of Saanich; J. Taylor, of Otter Point; Hugh S. Green, A. White and W. McHugh, of Salt Spring Island, are at the Dominion Hotel.

Mr. and Mrs. A. Worell, Miss S. Osborne, W. Macintosh, C. H. Briscoe and Mrs. Briscoe, of Calgary; Mr. and Mrs. Kenyon, of Huns, Sask.; G. E. Bradley, of Toronto; Miss Francis Elliott, of Montreal; J. Dewar, of Detroit, are guests of the Dominion Hotel.

Mr. and Mrs. Donald Fullerton, of Riverside, Cal., have arrived at the Empress Hotel.

Among the Vancouver visitors registered at the Strathcona Hotel.

Disabled Men Renew Hope In Red Cross Workshop

Twelve Ex-Soldiers, Unemployable in Open Labor Market, Are Learning Useful Trades and Gaining Measure of Independence.

Bright, airy rooms, fitted with workmanlike machinery specially designed to suit the needs of crippled mechanics and littered with articles of woodwork in various stages of manufacture, quarters in which deft-fingered men weave fascinating baskets and re-seat cane chairs, a spacious show-room, office, and last—but by no means least in importance—a rest-room, which tells its sad tale of men impaired in health by the vicissitudes of war—these are the component features of the Red Cross workshop which has recently been opened in the former G. W. V. A. headquarters, near the corner of Fort and Langley Streets.

Second in Canada. To the man and woman in the street the name "Red Cross Workshop" means but another visible sign of the ramifications of that great organization and a venture into a new field of endeavor, but to twelve men incapacitated by war service it means infinitely more—a chance to overcome their terrible handicap and the gateway to a measure of independence. The venture is the second of its kind in Canada and is modelled somewhat along the lines of the Lord Roberts Memorial Workshops in England.

The initial expense entailed in the undertaking was heavy owing to the need for special machinery adapted to the use of disabled men, while the amount paid in wages to the men each month represents a substantial sum. To help to offset this, the articles made at the workshops are for sale and orders can be taken for such articles as trays, chairs, card-tables, umbrellas, clothes-driers, occasional tables, reading stands, occasional tables, baskets of all kinds, and for the re-seating of cane chairs. Those who may be tempted to think that goods made at the Red Cross workshop will be cheaper than those in stores are doomed to disillusionment, for there is to be no attempt to undersell the market. But the Red Cross feels confident that the public will show the same generous support to this project for the rehabilitation of disabled ex-service men that they have given to other Red Cross undertakings in the past.

Y. W. C. A. Silver Tea—Mrs. Thomas Hall has kindly placed her lovely home, "Inishowen," Lansdowne Road, at the disposal of the Y. W. C. A. for a silver-ten to be held to-morrow afternoon between the hours of 3 and 6. The proceeds will be donated to the Armenian Relief Fund through the Y. W. C. A.

Another man who is engaged in light carpentry has his right leg in an iron clamp. It is five years since it was injured by gunshot, but the bone still refuses to knit with the result that there is a hiatus of over two inches. Until recently he was in hospital and has undergone numerous operations and is facing another at an early date. Neurasthenia and a heart affection is the trouble of a third man who is able to work at light carpentry, repairing and staining, while the handicap of a permanently stiff right elbow, the result of severe injury, does not debar another from light woodwork, although his great capacity is five hours a day.

Four hours' work a day is the limit for which a man suffering from heart disease and aneurism is allowed to work by the medical officer in charge, but in spite of that he has fashioned a number of exceptionally well-made stepladders and light pieces of furniture. In the basketry department one of the best workmen is suffering from stiff knees and a shortening of the leg. A special chair and leg-rest have been made for him and he is able to work six or eight hours daily. A gunshot wound in the spine so affected another man at the workshop that he is only able to sit around with a shuffling gait and two hours work daily is his capacity. A gunshot wound in the right side of the chest condemns a man to partial paralysis for the rest of his life but he is making good in the basketry department.

All Unemployable. In keeping with an institution which aims to employ only those men who could not get work in competition with their able fellow-men, the janitor employed at the building is seventy years of age and is an old ex-sergeant-major of the British Army with twenty-one years service, as well as service in the late war to his credit, while the clerk who looks after the necessary details of the day is also an ex-service man. J. W. Cashmore, vocational instructor at Esquimalt for over three years, is in direct supervision of the work, while W. L. Morkill acts as honorary manager.

GIRLS' SEWING CIRCLE. May Day Concert.—An interesting concert under the auspices of St. Columba Young People's Society is to be given this evening at 8 o'clock, in the Church Hall, Mitchell Street. Among the items to be given will be an old English Maypole dance by sixteen girls of the C. G. I. T.; "darkie" drill by nine boys of the C. S. E. T.; and numbers by Miss Barfoot, Mrs. Ogilvie, Mr. Edmonds and M. Wright, all well-known entertainers. The proceeds will be devoted to the tennis club fund.

Free. Enough for 20 uses — for a 10-day test. That will show the delightful results. Send the coupon. Not Beauty Only. These whiter teeth mean safer teeth as well. No doubt the great reason why millions use Pepsodent, is to get prettier teeth. It removes the dingy film. But science has more important objects. Pepsodent brings five effects, and all of them mean better tooth protection. The ruinous film. Film is that viscous coat you feel. It clings to teeth, gets between the teeth and stays. Old methods of brushing do not effectively combat it. So it often lingers long. Film absorbs stains, making the teeth look cloudy. Countless teeth are thus made dingy. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Also of other serious troubles. Most of the tooth and gum attacks are now traced to that film. Must combat it daily. After diligent research science has found two ways to combat that film. Many careful tests have proved them. Now leading dentists everywhere advise their daily use. Both are embodied in a modern tooth paste—Pepsodent. Every use attacks the film in two effective ways. It also brings three other results which have proved essential. Fights starch and acid. Pepsodent does what fruit acids do. It multiplies the salivary flow. It multiplies the starch digestant in the saliva, to digest starch deposits that cling. It multiplies the alkalinity of the saliva, to neutralize the acids which cause tooth decay. Those are Nature's great tooth-protecting agents. Every use of Pepsodent multiplies their powers. Effects are apparent. Millions now know the delightful effects. Anyone who will can quickly see and feel them. Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Then read the reasons in the book we send. A week may bring a life-long change in your teeth cleaning methods. Cut out the coupon now. Pepsodent CANADA REG. IN. The New-Day Dentifrice. A scientific film combant, combined with two other modern requisites. Now advised for daily use by leading dentists everywhere. Supplied by druggists in large tubes. 10-Day Tube Free. THE PEPSODENT COMPANY, Dept. B, 1104 S. Wabash Ave., Chicago, Ill. Mail 10-day tube of Pepsodent to.

THE RIDDLE OF THE FROZEN FLAME

By MARY E. AND THOMAS W. HANSHEW

In his quick, easy manner he seemed suddenly to have taken command of the court. And, knowing that he was Hamilton Clerk, and that Clerk would use his own methods, or none, Mr. Justice Grainger took the wisest course, and—let him alone.

"When all was in readiness, Clerk settled down to the story. He was the only man left standing, a straight slim figure, full of that controlled power and energy that is so often possessed by a small but perfect machine. He bowed to the judge with something of the theatrical in his manner, and then rested one hand upon the clerk's table.

"Now, naturally, you are wanting to hear the story," he said briskly, "and I'll make it as brief as possible. But I warn you there's a good deal to be told, and afterward more work than perhaps the judge about; but that is another story. To begin with, the jury, my lord, was undoubtedly, from all signs, about to convict the man charged with the murder—a murder of which he was entirely innocent. You have heard the story. Believe me, every word of it true—circumstantial evidence to the contrary notwithstanding.

"In the first place, Dacre Wynne was shot, and the man who shot him was the criminal brain is the cleverest which the world produces. 'Where was it? Ah, yes! The shipping office, the office of the shipper, Brellier's clever there. To know that the sudden appearance of all that gold at his own bank would arouse suspicion, especially as the robberies have been so frequent, so he determines that it is safer out of the country, and as the exchange of British gold is high, he makes money that way. Turns his hand to everything, in fact.' He laughed, wealth in his shining eyes, and he told, penny for penny, life for life. You've come to the end of your all that he has done, and engaged those two strange workmen. Or, better still, your accomplice did it for you. You didn't know they were there, did you? You didn't know that on that second night after we'd worked there at the factory for you, we investigated that secret passage in the field, outside Saltfleet Road? You didn't know that while you walked down that passage in the darkness with your man Jim Dobson—'Doty Jim,' to give him the sobriquet by which he is known among your employees—that we were hidden against the wall opposite to that first little where the bags of sovereigns stood and that—though I hadn't seen you—something in your voice struck a note of familiarity in my memory. You didn't know that, well, perhaps it's just as well, because this story, and to hand you over to justice."

VANCOUVER ISLAND NEWS

Nanaimo.—The twenty-first birthday of the I. O. O. E. was celebrated by Bastion Chapter, of Nanaimo, by a social game in the Oddfellows' Hall which was largely attended and much enjoyed.

Features of the evening were the solo dances by the Misses Armstrong and Beattie, which were made doubly interesting by the spotlight effects put on by Mr. Chiv's Piano. One of the features of the evening was the novelty dances given by a number of children under the direction of Miss Dobson, the first taking part being the Misses Beattie, Dendof, Ryle, McFarlane, Worrell, Fox, Williams, Dagg, Hindmarsh, Ryan, Dobson, and Stover. Jensen's orchestra supplied the music for the hour this morning.

The centre attraction was a beautiful birthday cake made by the Regent of Bastion Chapter, Miss Dobson, which won much credit for the success of the evening. Miss Ursula Dobson, whose training of the children produced such excellent results.

To Reside in Valley Courtenay.—Mr. and Mrs. Bishop formerly of Merville, have been the guests of Mr. and Mrs. Herbert Foreman, of Courtenay, B.C., on Thursday morning, but have determined to make their home in the Dominion. Mr. Bishop is going on government survey work on the mainland.

Resigns Position Ladysmith.—John Michie, who has been engineer-in-charge at the electrical station for the past nine years, handed in his resignation to the chairman of the Light and Power Committee on Wednesday last, effective last Saturday.

Fall Fair Courtenay.—At a meeting of the directors of the Comox Agricultural and Industrial Association on Tuesday night it was decided that the fall fair should be held on September 27 and 28. Whilst this is still a matter of two days, there is this difference: that the fair will be open to the public for a day and a half, instead of only one day. On September 27, for instance, the fair will be open from six o'clock till ten o'clock and all day on the following day. To enable the judging to be finished in time the rules are going to be strictly enforced and entries will close on the Friday, September 23; all entries received afterwards are to be charged 25c.

Elset Wardens.—At a meeting of Anglicans held recently at which the Rev. J. W. Flinton presided, the following officers were elected for the year: Vicar, W. W. Daves; church committee, Mr. and Mrs. Ault, Mr. and Mrs. Alberry, Geo. Kelland, E. Flinton, Mr. Brier, Mrs. Sachin, Mrs. Hollins, and Mrs. Winger.

Illustration Farms. Sidney.—The secretary of the Boards of Trade of Vancouver Island, W. H. Daves, of Sidney, has received the following letter from the Hon. Dr. S. F. Tolmie, Minister of Agriculture: Ottawa, April 15, 1921. W. H. Daves, Esq., Secy. Associate Boards of Trade, Dear Sir: I have your further letter

BURBERRY COATS GORDON BYSSALE LIMITED TREPUSSE GLOVES

Some of Our Better-Grade Blouses

INCLUDE MODELS FROM NEW YORK

Many new models are now on display, style ideas which reflect the utmost efforts of fashion's designers; blouses developed in fabrics of unquestionable merit and shown in a variety of colors which cannot help but appeal to women of discriminating taste.

Here are four of them:

A Very Dainty Over-Blouse of Copenhagen Georgette, embroidered around neck, with white chenille and Burgundy color silk; has short sleeves with flare cuffs, is finished at bottom with nine and bow at back—\$13.75.

An Effective Over-Blouse of rust color Georgette, is made with round neck and elbow length sleeves; heavily embroidered with wool stitching in rust and Copenhagen shades; is finished with small ties at sides—\$17.50.

A distinctive model is of sand color Georgette, has roll collar, is trimmed with narrow hemstitching down the centre front, collar and cuffs are trimmed with cut work design; can also be had in flesh—\$22.50.

An exclusive model is of grey Georgette in over-the-skirt style; has round neck and long sleeves; front is beautifully trimmed with grey braid and light blue silk embroidery work; ties at back with large bow—\$25.00.

Particularly Attractive

Suits for Women Of Grey and Sand Tricoline

The models portrayed here in sand and grey are limited in number, and women who seek suits of an unusually high order would do well to inspect the showing.

The styles are exclusive to a notable degree, the fabrics are such as you will recognize as decidedly individual, while the workmanship and trimmings are features worthy of special note. Prices from \$75.00 to \$115.00.

Continuing the Sale of Women's

All Wool English Jersey Coat Sweaters at \$12.75 Each

These sweaters are the sort which will be in greatest demand for Summer service. The opportunity to purchase an all-wool English Coat Sweater at such a wonderfully low price is most unusual, and we suggest that you inspect the showing to-day. The models have wide collar, tie belt with fringed ends, and are finished with patch pockets: colors are navy, black, sage, putty, rose, grey and ivory; all sizes—\$12.75 each.

Many Excellent Models in Sports

KIWANIAN VISIT WAS MET WITH CORDIAL RECEPTION ALL ROUND

Vancouver and Mainland Clubs Delighted With Entertainment

Indicating the success of the efforts of the Victoria Kiwanis Club as entertainers of their mainland colleagues, the following from the Daily Province gives an interesting account of the function at the Hotel Vancouver last week: Victoria Kiwanians played host to the other Kiwanis clubs of the province, when they entertained a gathering of about 600 members and their wives at the Hotel Vancouver. Dinner was served at 7.30, followed by an interesting programme in which music and amusing stunts played a large part, after which dancing was enjoyed until 1 o'clock. The capital city visitors then left to catch their boat. One hundred attended from Victoria, 10 per cent of the membership of the newly-organized North Vancouver Kiwanis Club, a large contingent from the New Westminster organization and nearly the entire membership of 250 from the Vancouver club. J. W. Spencer, of Victoria, occupied the chair, and short addresses were delivered by Mark Frahan, president of the Victoria club; Carl Cutler, president of the New Westminster club, Percy Ward,

Clear Baby's Skin With Cuticura Soap and Talcum

British Columbia that would be a credit to the province.

The orchestra of the Victoria club has four clubs, the most beautiful in the province. Victoria Artists to Fore. Kiwanian Buckle, of Victoria, dressed as a young woman, delighted the big gathering with his dramatic recitations, and also completely hid his identity as a man until after vociferous encores, he removed his wig. Both his impersonation and his recitations were of the highest artistry.

Another Victorian, Mr. McWhinney, sang Scottish songs most acceptably; while an unknown but very clever Capital City man, disguised as a Hindu philosopher and phrenologist, delighted the audience by reading the characters of well-known Vancouverites.

Victoria, sang a solo, while Victoria policemen arrested 'Joe' Morris for alleged bootlegging, and he was found in a very amusing trial by a Victoria judge, jury and prosecutor. The prisoner appealed, the case on the grounds that there was no prohibition act in force in British Columbia.

Frank Murdock, of Vancouver, made a short appeal to all Vancouverites to beautify their gardens, and thus help the Kiwanians city beautiful drive.

THREE FORTHCOMING LOCAL EVENTS

Some Notable Local Successes at St. Andrew's To-morrow

The augmented choir consisting of sixty voices of St. Andrew's Presbyterian Church, to-morrow, is to give that very popular cantata, 'The Holy City,' under the leadership of Jesse Longfield, the organist of the church. A most interesting effect will be the harp accompaniments throughout the work by Mrs. Bass, particularly in the numbers for the ladies' choir, 'List to the Cherubim Host,' and 'I Heard a Voice of Harpers.' This, and another well-known cantata 'Ruth' were written by Alfred Hobart Gault, born in Marwick, England, died Edgemoor, Birmingham 1912. At the age of nine he was a chorister in the Norwich Cathedral, and held many important positions as organist and conductor. He has written an oratorio 'Hezekiah,' passion music, the 96th Psalm, glees, vocal trios, songs and part songs.

The Rose Maiden. In the Congregational Church will be rendered this cantata, 'The Rose Maiden,' written in 1870 by Sir Frederic Hymen Cowen, born at Kingston, Jamaica. This well-known and off-given work will be conducted by Choirmaster Frederic King, who, with his in the past many similar works with deserved success. An orchestra will support the choir, and many local choristers are participating.

Further Success to Local Artist Still another of our fellow citizens goes forth to success. I am informed that Madame Mabel Orosley Bick at her recent recital in Wesley Church at Vancouver met with instant favor and much applause. I understand Mrs. Bick has lately been specializing in Italian grand and in light opera, and the following recital, her soliloquy 'Pictures in the Fire' is charmingly delightful, and is also talented in another sphere of her art, having played some years ago first violin in the Calgary symphony orchestra.

Merit Sells the WILLIS

There's a Reason Why Grape-Nuts

makes a helpful breakfast and a profitable lunch for the worker who must be awake and alert during the day. Grape-Nuts is the perfected goodness of wheat and malted barley, and is exceptionally rich in nourishment. It feeds body and brain without tax upon the digestion.

'There's a Reason'

of the 7th inst., in regard to the possibility of the establishment of an Experimental Station in the northern part of Vancouver Island. I wrote you on the 10th inst., it has been decided that the Department shall establish a number of illustration stations in the provinces of British Columbia similar to those already in operation under the Experimental Farms Branch in other provinces of the Dominion. Our Supervisor of Illustration Stations is at present in British Columbia looking into the possibilities of suitable districts, and the northern part of Vancouver Island will receive consideration in this regard as well as others.

S. F. TOLMIE. The Associated Boards of Trade of Vancouver Island has been advocating the establishment of an Experimental Farm or Station for the benefit of settlers in the northern part of Vancouver Island.

SUCCESSFUL EVENT AT COBBLE HILL

Cobble Hill, April 30.—The attraction of artists from Victoria and Duncan caused the hall here once more to be filled to its utmost capacity at the concert given by the Women's Institute in aid of the Community Hall, Miss Macklin and Mr. Bret of Victoria, gave their play, 'The Lunatics,' splendidly, causing great laughter. Miss Luser, also of Victoria, rendered songs which were much enjoyed, and Mrs. Mottishaw, of Duncan, gave great pleasure with her well rendered recitations. Mr.

Mattinch brought down the house with his representation of a Chinaman's difficulties with the English language, and the audience could not get enough of his Hawaiian guitar. Mr. Jones's songs were repeatedly encored. Mrs. Balas accompanied. After refreshments, dancing was kept up till morning in spite of an overcrowded floor.

Big Moth. A beautiful specimen of the Imperial Moth, measuring nearly four inches across, is being mounted and will shortly be put on exhibition by the members of the A. O. F.

ALL BISHOPS ATTEND ANGLICAN SYNOD EXECUTIVE

Several important meetings in Vancouver in connection with the Anglican Synod of British Columbia will be held this week. To-day the House of Bishops is meeting in the library of Bishop de Pencier. Archbishop Du Vernet, Bishop Doull, Bishop Scholfield and Bishop de Pencier will discuss matters relating to the Synod. On Tuesday the executive committee of the Synod, the social service committee and the Board of Oriental Missions will meet. The reports for the year will be presented and matters of interest to the church will be discussed. On Wednesday meetings will be held in connection with the Anglican Theological College. In the morning the faculty of the college will meet and will be followed by the executive committee in annual session. The

VOYAGEUR WILL BE FIRST TO ARRIVE FOR MONTREAL RUN

First Ship Delivered for C. G. M. M. Fleet to Precede Carrier

The Canadian Voyageur will be the first ship of the Canadian Government Merchant Marine to take up the sailings between British Columbia ports and Montreal, according to an announcement made by B. C. Keeley, general agent for the C. G. M. M. on this coast.

The Canadian Voyageur is at present on her way out here from Texas with a cargo of sulphur, and will precede the Canadian Carrier, which is making a trip from Iquique to Honolulu before coming on to British Columbia.

Outbound, the Canadian Voyageur is slated to sail May 15, and the Canadian Carrier May 25. The Canadian Voyageur's cargo will consist principally of lumber. Two big mills on Vancouver Island are cutting to fill this order. The ship will load part cargo at Chemainus and Genoa Bay.

The Canadian Voyageur was built at the Montreal plant of Canadian-Vickers, and was the first ship to be delivered of the Canadian Government fleet of sixty odd ocean carriers. She was delivered February 23, 1919. The Canadian Carrier was built at the plant of the Port Arthur Shipbuilding Company, and was delivered February 5, 1920.

Among the passengers arriving by the Montecagle was Dr. H. J. Hamilton, Anglican bishop of mid-Japan, en route from Japan to Toronto.

Pair weather was experienced by the liner in crossing the Pacific, the run from Yokohama being made in fourteen days.

The steamer proceeded to Vancouver after landing passengers and mails here. A full cargo will be loaded on the mainland for the outward voyage.

While in mid-ocean a Chinaman leaped over the side of the ship intent upon committing suicide. The ship's engines were stopped and a boat lowered but no trace of the man was sighted, and after cruising around for a time the ship proceeded.

Among the passengers is Premier Massey, of New Zealand, en route to London.

Reaching this port from the Orient at 7 o'clock yesterday morning the Canadian Ocean Services liner Montecagle carried 110 saloon passengers, 20 second class and about 500 Chinese in the steerage. The 2,000-ton cargo included a valuable consignment of raw silk.

Among the passengers arriving by the Montecagle was Dr. H. J. Hamilton, Anglican bishop of mid-Japan, en route from Japan to Toronto.

THRILLING RESCUE EFFECTED IN CHINA SEA

R. M. S. MONTEAGLE

Crew of French Steamer Dramatically Rescued By Montecagle in China Sea

Six Europeans and Sixty Chinese Transferred From Sinking Hsintien In Face of Tremendous Odds; Courageous Work Performed By Volunteer Lifeboat Crew.

Dramatic rescue of six Europeans and sixty Chinese from the French steamer Hsintien was effected by the Canadian Pacific Ocean Services liner Montecagle off the China coast while bound from Hongkong to Victoria.

Commendable heroism was displayed by a volunteer crew from the Montecagle in charge of Chief Officer C. J. Ferguson and First Officer Campbell manning a lifeboat who braved the perils of a tremendous sea and succeeded in safely taking off the last party of thirty-one persons from the rapidly sinking Hsintien.

Rescuers Thanked. Captain A. J. Hosken, R.N.R., commander of the Montecagle, and his officers and crew were tendered the heartfelt thanks of

Captain L. de Boleve and his officers for the courage displayed in saving all but four of the total complement carried by the Hsintien, and from the Societe des Transports Maritimes de Chine, owners of the lost vessel. Due acknowledgment of the rescue will be made by the French Government and the gallant officers and members of the crew of the Montecagle who assisted in the rescue suitably rewarded.

Early on the morning of April 8, while the Montecagle was bound from Hongkong to Shanghai on her return voyage to this coast, the French wooden steamer Hsintien, of Saigon, bound from Shanghai to Swatow, was sighted off the Lamocka flying signals of distress.

There was a strong northeast wind and a high sea running, and the weather was clear, but overcast. Several signals were exchanged between the Hsintien and the Montecagle, in the course of which the latter was requested to send a wireless message for the same time the Hsintien signalled that she was sinking, and that they wished to abandon her. The Montecagle immediately signalled to the Hsintien to launch two boats. One of these capsized and four of the Chinese crew were drowned. The other got safely away with sixteen persons, all of whom were Chinese.

The Hsintien anchored rather less than a mile south of the Lamocka lighthouse, her engines having stopped owing to the water having put out her furnaces.

Reached Sinking Ship. The chief officer's boat successfully reached the sinking steamer, but owing to the rough sea, the Hsintien would not jump for it and only one man—a European—got on board the lifeboat.

The Montecagle picked up the sixteen persons from the Hsintien's lifeboat, and then picked up the chief officer's lifeboat, and steamed to windward. The Chinese crews that had left these boats worked well, but owing to the heavy weather, did not seem to have the required stamina for rowing, so Captain Hosken asked for a volunteer European crew.

Volunteer Crew. About noon the Montecagle sent off a lifeboat manned by a volunteer European crew, and this boat returned at 1.30 p. m. with sixteen rescued people, who, owing to the heavy sea, were got off with great difficulty.

At 3 p. m. this lifeboat was again sent off to the wreck, but unfortunately missed her and drifted to leeward. At this time the Hsintien was getting very low in the water and there were still thirty-one persons on board, so that Captain Hosken became anxious lest the vessel might sink before the remainder of her crew could be rescued. Owing to the strong wind and rough sea, it was very difficult for the Montecagle to manoeuvre.

Lifeboat in Tow. However, it was not long before she had this lifeboat in tow, and towed her up to the wreck.

At 3 p. m. the Hsintien was abandoned, the last person to leave her being safely got into the lifeboat, and at 3.15 p. m. the Montecagle's lifeboat arrived alongside with thirty-one people, the remainder of the crew, this making the total number of people rescued six Europeans and sixty Chinese. At 3.15 p. m. the Montecagle proceeded on her voyage at full speed.

The Hsintien shortly afterwards sank.

Circled Ship. The Montecagle veered round the small ship several times and at an opportune moment launched a boat manned by members of the European crew, deck and engine room staff. This boat succeeded in getting under the stern of the stricken vessel and rescued a further nineteen members of the crew. The encirclement of the Hsintien was made so close to her that a stone could have been thrown on the deck.

The crew of the doomed ship could be plainly seen from the poop and frantically waving their hands, whilst the French officers indicated

that they would attempt to swim the distance separating the two vessels. Both wind and sea had increased considerably since noon and such an attempt had it been made would have been quite hopeless.

The Montecagle steamed slowly across the bows of the Hsintien and a boat manned by the same white crew involved in the previous rescue again put off. Owing to the violent sea it was impossible to get close to the Hsintien at the first attempt and the lifeboat was taken in tow by the Montecagle.

Last Attempt. On the Montecagle again coming close to the Hsintien the small boat cast off and again managed to attach herself to the stern of the sinking ship. The last attempt was highly successful as being immaculately clean. The same requisite of cleanliness in patrons of the house is present here as in the case of the Red Star hotel at Antwerp.

The rates in these hotels are exceedingly low and are covered by the charges paid by the traveller to the steamship company insuring his ticket for the United States.

ARE ENTERTAINED DURING STAY

Comox District Rises to Occasion With Canadian Naval Squadron

Officers and men of the Canadian Squadron, says the Comox Argus, are having a very good time while they are in the Comox district. Last Thursday week members of the city council of Courtenay and Board of Trade took a number of the officers including Capt. Adams, to see the Comox Logging and Railway Co. take out timber. They had lunch at Camp 3, and afterwards saw iron-felling in full operation near Oyster River. They were duly astonished and impressed with the skill and dexterity with which the great Douglas firs were brought down and hauled. As a side-line Alderman Pidcock demonstrated efficiency in felling a tree.

In Courtenay the need of a recreation and club for the men has been filled by the opening up of a place in charge of Mr. Carter, in the G. W. V. W. building at the corner of the Cumberland Road and Union Street. On Thursday the Courtenay G. W. V. A. gave a dance for the officers and ships' company of the ships at Comox.

Private hospitality to both officers and men has been freely extended at Courtenay and Cumberland. At the latter place Capt. Adams and Lieut. Beard attended a meeting of the Cumberland Board of Trade, and the former made an important speech on the place the navy should occupy on Vancouver Island. On the same night several of the officers of the fleet were guests at the Jolly Boys' dance in Cumberland.

Fishing in Harbor. The naval visitors have had their share of luck in fishing in the harbor, some fine salmon being caught. As to their main purpose in visiting Comox the ranges have been in constant use during the past few days. Parties of fifty have been camping on Goose Spit while they were taking their practice.

Sunday week was again inspection day for the district. There were dozens and dozens of carloads of people visiting the ships and the visitors were taken over both the cruiser and destroyers with the accustomed courtesy of the senior service.

At Campbell River. The officers of the Canadian Cruiser, Aurora, now visiting Comox, paid a visit to Forbes Landing on Thursday day week and were charmed with this delightful resort. The afternoon was spent in looking over the beauty spots around the Loch-Campbell Lake, the officers hoping that at some future time they could spend a month in trout fishing and sight-seeing. Messrs. F. C. Brock, Wm. Booth, J. McLeod and Alderman Pidcock, of Courtenay, brought the party up in their cars to give the visitors an opportunity of seeing what this district offers to the pleasure-seeking tourists.

The White Star Line reports that it has recently established an emigrants' hotel at Liverpool which is known as the Hotel Oceanic. It consists of a group of Georgian houses on Deane Street, formerly known as the Continental Hotel. The house is fitted in every way as hotels catering to the general public and is described as being immaculately clean. The same requisite of cleanliness in patrons of the house is present here as in the case of the Red Star hotel at Antwerp.

The rates in these hotels are exceedingly low and are covered by the charges paid by the traveller to the steamship company insuring his ticket for the United States.

MADISON CYLINDER GRINDER. We have just installed a new Madison Cylinder Grinder, which is the latest and most up-to-date grinder on the market. This machine is being used by all the leading automobile and traction engine factories in Canada and the United States. When your cylinders get worn and your engine loses its power, let us grind the cylinders and fit in new pistons and rings, which will make them as good as new, besides the saving in gas and oil in a short time will more than pay for having the work done, to say nothing about the satisfaction you will get out of your engine.

HEAVY TRAVEL NOW THROUGH MONTREAL

Marked Movement of Passengers From Britain With Opening of St. Lawrence

Montreal, May 2.—The opening of the passenger season in this port this year is marked by a movement of passengers that would be heavy for any period of the year. Four liners, the Minnedosa, Canada and Metagama, from Liverpool, and the Canadian Fisher from the West Indies, docked here over the weekend, and a fifth, the Pretorian from Glasgow, will dock early this morning.

An outstanding feature of this movement is that the third class passengers are almost 100 per cent. British.

SHIPBUILDERS OF PORT ARTHUR YARD ACCEPT REDUCTION

Port Arthur, Ont., May 2.—Employees of the Port Arthur shipbuilding Company's plant have accepted a reduction of 17 per cent. in wages, effective May 1.

LONGSHORE STRIKE AT ST. JOHN'S, NFD.

St. John's, Nfld., May 2.—Shipping was tied up at the wharves to-day as a result of a strike of longshoremen. During the twelve hours preceding the strike which became effective at midnight Saturday, the loading ships was hastened and many were able to get away in time to avoid the tie-up. The movement is in protest against a wage reduction.

INTERNAL REVENUE REFORM NEEDED IN AUSTRIAN REPUBLIC

Vienna, May 1.—Immediate formulation and presentation of a comprehensive plan for internal revenue reforms which will demonstrate the Austrian republic's willingness to solve its economic difficulties has been demanded by the Finance Commission of the League of Nations. The granting of foreign credits to the republic will be contingent upon the merits of the plan presented.

The death is announced of Earl Brownlow, who died at his residence, Belton House, Grantham. He had been in bad health for some time.

FINE PASSAGE WAS MADE BY MONTEAGLE

C. P. O. S. Liner Docked Here Yesterday; A Chinaman Jumps Overboard

Reaching this port from the Orient at 7 o'clock yesterday morning the Canadian Ocean Services liner Montecagle carried 110 saloon passengers, 20 second class and about 500 Chinese in the steerage. The 2,000-ton cargo included a valuable consignment of raw silk.

Among the passengers arriving by the Montecagle was Dr. H. J. Hamilton, Anglican bishop of mid-Japan, en route from Japan to Toronto.

Pair weather was experienced by the liner in crossing the Pacific, the run from Yokohama being made in fourteen days.

The steamer proceeded to Vancouver after landing passengers and mails here. A full cargo will be loaded on the mainland for the outward voyage.

While in mid-ocean a Chinaman leaped over the side of the ship intent upon committing suicide. The ship's engines were stopped and a boat lowered but no trace of the man was sighted, and after cruising around for a time the ship proceeded.

Among the passengers is Premier Massey, of New Zealand, en route to London.

NIAGARA ON LAST LAP OF VOYAGE

The Canadian-Australasian liner Niagara, Capt. J. T. Rolfe, is expected to reach this port Wednesday night or Thursday morning from Australia.

The liner sailed from Honolulu on Thursday evening last, and was in touch with the coast wireless stations for the first time today. The Niagara was last here in November, and following her return to Sydney was delayed by the ship's stewards' strike.

Among her passengers is Premier Massey, of New Zealand, en route to London.

VANCOUVER LADY WINS PRIZE FOR BEST FISH RECIPE

Ottawa, May 2.—(Canadian Press)—Miss Muriel F. K. Osborne, of Vancouver, has been awarded the capital prize in a fish recipe contest instituted by the Fisheries Department. The sum of \$25 was awarded for the best in each province and \$25 additional for the best recipe in Canada.

Miss Osborne won for British Columbia and her recipe for "West Coast Oven Fish" was also adjudged the best of all submitted.

No awards were made in any of the other provinces because the recipes submitted were lacking in originality.

NOTICE TO MARINERS

Mariners are hereby notified that the electric light on Brocton Ledge Beacon, recently reported out of operation, has been repaired and is again in operation.

'Fresh as new, my dear—and I washed it myself' 'It's my old georgette—another tussle with the washer-woman and I believe it would have fallen to pieces. So, of course, as things are so dear now and we must make them last, I thought I'd wash it with Sunlight. Or rather—let Sunlight wash it, for there's no need of any rubbing—just soaping and rinsing. And see— isn't it just lovely?' Sunlight Soap. The purity of Sunlight is such that it will not fade or discolor anything washable—it contains absolutely no fillers or adulterants—it is the most economical soap your money can buy. It's all soap. Insist on getting the Soap you ask for—SUNLIGHT SOAP. LEVER BROTHERS LIMITED, TORONTO.

Adler-i-ka Again!

"I had stomach and bowel trouble for three years and found no relief until I tried Adler-i-ka. Now I sleep good at night, have a good appetite and good digestion and feel like a new man." (Signed) Neal Taylor.

Adler-i-ka acts on BOTH upper and lower bowel, removing foul matter which poisoned stomach. Brings out all gases, relieving pressure on heart and other organs. EXCELLENT for gas on the stomach or sour stomach. Removes a surprising amount of food, decaying matter which you never thought was in your system and which nothing else can dislodge. Prevents appendicitis. Adler-i-ka surprises those who have used only ordinary stomach remedies. Ivel's Pharmacy, corner View and Douglas. Hall & Co., 792 Yates St.

Supreme Court Busy—The hearing of the action of the Soldiers' Settlement Board versus Clark was set for the Supreme Court to-day. Three out of four trials set down for the Supreme Court to-morrow are divorce actions. The Supreme Court will be busy all this week, with a large number of cases to be heard.

County Court Day—To-day in the County Court His Honor Judge Lampman fixed dates for the May sittings of that court. A short list of eleven trials were apportioned dates for hearing.

BRIEF LOCALS

Friendly Help Association—The monthly meeting of the Friendly Help Association, will be held tomorrow morning at 10.30 o'clock in the rooms, Market Building.

Register, But Not Cash—Obtaining the cash register, but not the cash, a thief broke into the premises of F. Bean, 1314 Wharf Street, it was reported to the police on Saturday. The proprietor stated that the register was devoid of any cash at the time, so the thief had a heavy load with very little result.

"Three M" Society—The "Three M" Society of First Congregational Church will meet to-night at 8 o'clock in the church parlor. An interesting talk by the Very Rev. Dean Quainton will be the main feature of the evening. The Dean will take as his subject "Meditation." All members and friends of the society are invited to attend. The meeting will be under the care of Mrs. H. T. Lee, the convener of the Devotional Committee.

Conservative Orchestra Practice—On Friday evening the Conservative Club Orchestra held a practice at the club rooms in the Campbell Building, fifteen members being present. It is the intention of the management to increase the orchestra to twenty-five or thirty pieces. Violinists, clarinet, cello, or saxophone players who would be willing to join are requested to get in touch with T. Beattie, 27 South Turner Street, or with Mr. Duck at the club rooms.

Fifth Regiment—The 5th Regiment, C. I., will parade at the Drill Hall to-night at 8 o'clock. Dress, drill order, Signallers and Gun Layers classes from 8 to 9. At 9 o'clock there will be a meeting of the Rifle Association. After the Rifle Association meeting there will be a meeting of the executive committee of the Regimental Association to make necessary preparations to equip the men's room in the Drill Hall.

Whist Drive—Another very successful whist drive was held by the Ladies' Aid of the Psychic Science Society on Friday evening. The first prize, ladies, was won by Mrs. Hunter, the second by Mrs. A. Stephens with the consolation going to Mrs. Nock. The gentlemen's first prize was won by T. Prior, the second by Mr. Nock and the consolation going to Mrs. S. Taylor.

Military Five Hundred—On Saturday evening last the Queen of the Isles, 2002, O. B. A. were hosts at a successful military five hundred drive, some twenty tables being played. Prizes were given and dancing indulged in at the conclusion of the card drive. Prize winners included Mrs. D. Graham, Mrs. Smith, Mrs. R. Livingstone, Mrs. G. H. Wolfe, Mrs. G. V. Dinsley, Mrs. W. Wilby, Mrs. L. L. L. L., Messrs. P. Chivers, J. R. Jennings, G. R. Hopkins, E. Arnold, F. McKernon and H. Barber.

Closing Dance—The Crusaders' closing dance of the season held Friday night last in the Orange Hall proved one of the most successful of all their dances this year. It was well attended and everybody had a most enjoyable time, dancing continuing till 1 o'clock. Dainty refreshments were served and much praise is due both to Mrs. Burke and Mrs. Ferris for their kind assistance. In closing their series of indoor dances the Crusaders wish to thank those who have supported and helped to make all their dances successful.

Foresters Entertain—Since the local branch of the Canadian Order of Foresters took over their new quarters in the old Post Office Building, Government Street, interest in the work of the lodge here has increased very considerably, particularly since it has been decided to put on a series of social affairs. The first of these was held Friday evening, at which Chief Ranger W. Hoey presided. Cards and dancing and an interesting programme were features of the evening. Among those who took part were Mr. and Mrs. Poyah, Mr. and Mrs. McIntyre in Irish and Scottish dances. Mrs. Roberts kindly acted as accompanist for the dances.

Wesley Choir Reorganized—After the usual choir practice last Friday a general meeting was held and new officers and committee were elected for the coming year. The retiring members were thanked for their faithful service, and the following were newly elected: President, J. O. Welch; secretary-treasurer, B. Taylor; vice-president, Mrs. Saunders; librarian, Mrs. J. O. Welch; committee, George Gus and Miss Muir; J. W. Buckler is the conductor, and G. Stout the organist. It was decided to amalgamate with the young people of the church in the formation of a tennis club, instead of having a separate choir club as formerly. The following names have promised to assist at the choir concert to be given on Thursday, May 12: Mrs. Elmsley Yeo, Miss Evelyn Buckler, Mr. and Mrs. Frank L. Tupman, F. J. Mitchell and the Anello me quartette. Dr. Isabelle Collier will preside at the piano.

RECORD ATTENDANCE AT MUSICAL CLUB'S FINAL TEA OF THE SEASON

The largest attendance of the season marked the final musical tea of the Ladies' Musical Club held on Saturday afternoon at the home of Mrs. David Spence, "Lan Dderwen," Moss Street. Nearly two hundred visitors attended, necessitating the conversion of the staircase into a temporary gallery for the accommodation of the many who were unable to find seats in the reception rooms. The drawing-room was charmingly arranged with pink tulips and greenery, while yellow leopard's paws was used in the decoration of the spacious hall and in the dining-room where Mrs. Charles E. Wilson and Mrs. H. P. Hodges presided at the tea-table. Assisting the hostess in serving tea were: Mrs. Clarence Hoard, Mrs. D. Campbell, Mrs. Umbach, and the Misses Kitty Coleman, Mary Campbell, Beryl Hyndman, Vivian Moggey, Mary Piercy and Mrs. Wallace Whidden.

The programme was particularly interesting, being contributed by students of the various music teachers in the city. Pianoforte solos were given by Miss Dorothy Dean and Miss Lucille Hall, pupils of Miss Kate Heming; the Misses Vivian Moggey, Ruth Curtis and Dorothy Greenwood, pupils of Mrs. Boulton; Miss Monica Davis, pupil of Miss Long; Miss Alice Bradshaw, pupil of Miss Saunders and Miss Merle North, pupil of Madame Webb; Miss Annie Holt and Miss Inez Handley, two budding violinists, pupils of Miss Izard; Miss Mary Piercy, a pupil of Miss Eva Hart's; and Miss Lois Lockwood and Miss Bunting, two promising singers studying under Mrs. Baird, completed the programme.

The Club hopes that next season the teachers of the city will be represented in the membership by their senior pupils who will be given opportunity for the display of their talent.

The WEATHER

Daily Bulletin Provided by the Victoria Meteorological Department

Victoria, May 1-5 a. m.—The barometer is steadily rising over Northern B. C. and fair, mild weather is becoming general. Heavy rains are reported southward to California.

BROOM FESTIVAL

WILL BE GORGEOUS CARNIVAL DISPLAY

Empress Hotel Will Present Gay Sight For May 24 Celebrations

A fitting close to the broom festival has been planned in the Queen of the Carnival Ball, to be held at the Empress Hotel on the evening of May 24. This promises to be one of the most brilliant and gorgeous functions in the social history of the province. At request of many of the patrons of the successful Bohemian Fete, held last year, it has been decided to introduce a magnificent entertainment programme between dances.

Various novel acts, including an Oriental extravaganza, will be introduced. Prominent entertainers in this city as well as Vancouver and Seattle are assisting with programme. Heaton's special fifteen-piece orchestra will furnish the music for dancing, and Professor Heaton has promised a new programme, while for the extras the most popular favorites will be played.

The entire main floor of the hotel has been reserved for this occasion, thus assuring the guests that there will be ample room for dancing, and will take place in the ballroom, palm room and writing room, and the supper will be served in the main dining room. The orchestra, being placed in all the rooms. The entertainment programme will be presented in the ballroom.

A fine decoration scheme has been designed by A. E. Hall Jr., who is in charge of the arrangements, and will add to the beauty of the rooms. Many people prominent in the official life of the province are lending their patronage to this function.

The ball is the principal social function of the celebration, and is included in the official programme. Tickets may be secured from the candidates for the Queen of the Carnival, and commencing next week will be on sale at several city stores, also at the Empress Hotel. Reports show that there is a good demand for tickets, and intending patrons should secure tickets early. A considerable number are being sold in Vancouver and many parties are being arranged to come over for the ball, also several are coming from Seattle and up-Island while it is assured that local people will attend in large numbers.

Considerable comment has been made of the beauty of the tickets, which were the work of the Garry Press. Will Menelaws has designed, and painted several striking posters which are attracting much attention where shown.

MRS. WILL BROWN WAS HOSTESS AT ENJOYABLE TEA FOR CHAPTER

Considerable impetus to the splendid work of "I. O. D. E." was given at the successful and wholly enjoyable silver tea held on Saturday at the home of Mrs. Will Brown, 6500 Road. Over fifty members of the Chapter and friends were present and as a result \$15 was raised for the Chapter funds.

The reception rooms were very prettily arranged in the Chapter colors, gold and blue panes and bigebels being used to carry out the scheme, while the china used for tea also reflected the color motif. The hostess was assisted in receiving the guests by Mrs. W. H. Bole, regent of the Chapter, Mrs. J. Hopkins had charge of the tea arrangements and was assisted in serving by the Misses Duncaff, Crowe and Vivian Charlton.

A delightful programme was given during the afternoon, Mrs. Harry Pooley singing several songs, with Mrs. Gibson at the piano, to the delight of the audience, and Miss Wilkinson recited with much charm. An interesting feature which added to the pleasure of the occasion was the reading of the tea cups by Miss A. B. Cook.

During the afternoon a number of the guests seized the opportunity to visit the nurses' adjoining the house, revealing in the lovely blooms and hot-house plants.

TEACHERS WELL SATISFIED WITH EDMONTON STRIKE

Federation Secretary Denies Report They Were Defeated

Edmonton teachers did not lose their recent strike as was first reported, but, on the contrary, secured highly satisfactory terms from the Edmonton School Board, Harry Charlesworth, President of the Canadian Teachers' Association, and Secretary of the B. C. Teachers' Association, declared to-day following his arrival home Saturday from his trip to the Alberta capital.

"The report that the teachers in Edmonton gained nothing by their strike is absolutely misleading," said Mr. Charlesworth. "On the contrary they gained recognition of all the vital principles for which they had taken so definite a stand. They are well satisfied with the results of the settlement; in fact both the teachers and the board express themselves as well satisfied with the compromise. I feel that this was a most desirable settlement and, if both sides display the real spirit of co-operation, perfect harmony and sympathy between the board and teachers should result."

The principles for which the teachers fought and which have been granted by the settlement were, he said, as follows:

- (1) Official recognition of the Teachers' Alliance;
- (2) recognition of the principle of collective bargaining;
- (3) teacher representation; while the latter was not granted to them in the form the teachers asked, the settlement undoubtedly gives them, by means of a conference committee, a far more valuable form of representation. Under the old conditions teachers were present at all Board meetings by invitation; now they will be able to place their case, on all matters affecting their interest, before the conference committee as a right, under a bylaw of the Board;
- (4) recognition of the principle of direct negotiation.

Mr. Charlesworth stated that the Edmonton high school teachers in their recent strike bore the brunt of a fight which had a very strong bearing on the life of the whole Alberta Teachers' Alliance and commended highly the courageous stand which those teachers had made. The speaker added that he intended to place before the executives of the various

The "Steinway"

SURELY an instrument which is recognized as the chosen piano of such musical celebrities as Liszt, Wagner, Rubinstein, Elman, Kreisler, Schumann-Heink, Paderewski, Hoffman—surely such an instrument can be correctly called "the world's greatest piano."

If you are considering the purchase of a really good piano, we welcome your inspection of the great Steinway Piano at this store.

SOOKE PRIZE COMPETITION

The Prize Competition for the name of our Sooke Harbor Sub-division ends Tuesday evening. The Executive of the Real Estate Board of Victoria has kindly consented to select the winning names. A full meeting of the Executive cannot take place before Monday, the 2nd day of May. It is expected that the names of the successful competitors and the name chosen will be published in the morning evening papers of the 4th of May.

Judging by the number of competitors great interest is being taken in our Sooke Inner Harbor Sub-division.

WORK OF THE CHAMBER OF COMMERCE

The Committee on Committees of the Chamber of Commerce has appointed the members to act on the Canadian Highway Committee, which will co-operate with the Good Roads League of British Columbia and the Canadian Good Roads Association in promoting the building of the Canadian Highway. J. L. Beckwith is chairman and other members of the committee are Aldermen A. E. Todd, E. F. Ayre, George G. Morris and H. A. Davis. Mr. Beckwith, who is one of the city's official delegates to the Canadian Good Roads convention in Halifax, will also represent the Chamber of Commerce. The Chamber is affiliated with both the Provincial and National organizations.

Oaklands Parent-Teachers—The monthly meeting of the Oaklands Parent-Teachers' Association will be held in Shelburne Street Hall to-night at 8 o'clock. Mr. Kyle will lecture on technical education. Illustrated by lantern slides. A musical programme will follow.

Old Age Deferred

By Dr. LEE H. SMITH

Business men who must speed up the works and make business boom during these days—after the war—must recognize the necessity of keeping fit. When mind is befogged, when you have dull headaches or feel foggy, when not "up to snuff," keep the bowels free with a mild laxative such as Dr. Pierce's Pleasant Pellets.

If you wish to prevent old age coming on too soon, or if you want to increase your chances for a long life, you should drink plenty of soft (rain) or distilled water daily between meals. Then procure at the drug store Dr. Pierce's Anuric (anti-uric acid). This "Anuric" drives the uric acid out and relieves backache and rheumatism, as well as kidney trouble. Anuric dissolves uric acid. Try it now! (Adv.)

Blankenship Hopes to Win Opening Ball Game

Lawson or Washington to Pitch Against Beavers Tomorrow—Pitchers Wallace and Hansen Arrive—Talley and Aldred Released

"We're going to win this opening ball game if it's at all possible," said Cliff Blankenship, manager of the Capitals this morning. "I have not yet decided who will do the pitching. The choice lies between Lefty Lawson and Johnnie Washington. If I find that Vancouver has a string of left-handed hitters I will send Lawson to the mound, but if I find that the batting order is made up mostly of right-handers I will use Washington."

Manager Blankenship is anxious to make a good start in the race, and hopes to tame the Beavers tomorrow afternoon in their own backyard. Blankenship has a reputation for getting his teams away to a good start. All the fans in this city will hope that he will succeed this year in obtaining the jump in the Pacific International League.

Won Both Games. The Capitals returned this morning from Port Angeles, where they won two games from a semi-pro team. The caps will leave on the midnight boat to-night for Vancouver to meet the Beavers in the opening game of the season to-morrow. The other opening game will be staged in Tacoma, where Yakima will meet the Tigers.

Manager Blankenship had his head well up in the ozone to-day after seeing his boys in action over in Port Angeles. The team played splendid ball, says Cliff, and hit the ball hard on the nose. On Saturday the Capitals collected 20 hits, which turned in 12 runs, while the Angelites only booked Willets and Lawson for five hits, and never crossed the plate.

In yesterday's game Easter and Aldred did the twirling for the Capitals. The final score was 19-3. "Every man hit the ball right on the nose," said Cliff this morning, "and the fielding was the best. I'm quite sure that we've got a winning ball club. During our first two weeks for the road we hope to get an even break at the worst."

Manager Blankenship used Murphy in Saturday's game, and Wetz's yesterday. Both showed up very well. It looks as if Murphy will be the choice for first base in the opener. Blankenship announced this morning that he would use "Toots" Bankhead in left-field, Light in centre and Jones in right. Kego will do the catching, and Handley will be at third, Hilderbrand at short and Lilly at second.

Ford Talley and Charlie Aldred, two pitchers who tried to make the grade with the Capitals' pitching staff, were released by Manager Blankenship this morning. Talley was with Tacoma and Seattle last year, but has not sufficient stuff to bank on the local hurling staff this season. Aldred came from Idaho, but did not have enough on the ball to win Blankenship's approval.

During the week-end two Coast League pitchers, Hansen and Bob Wallace joined the Capitals. They come highly recommended, and are expected to go a long way towards keeping the Victoria team up in the race. Hansen comes from the Erie club, and Wallace is from Los Angeles. Both pitchers are in good form, having been playing ball in the South for some time.

PADDON BEAT M'DEVIIT FOR SCULLING TITLE. London, May 2.—(By Canadian Associated Press)—Paddon beat McDevitt for the Australian sculling championship on Saturday, according to a cable from Sydney.

BROOKLYN DODGERS SHOWING RARE FORM

Won Tenth Straight Game Yesterday; Pirates Show Winning Form as Well

Heavy Work With Stick Keeps Cleveland to Fore; Washington Causes Surprise

New York, May 2.—The Brooklyn National champions won their tenth straight game yesterday, and Pittsburgh with five straight victories are the only National League teams displaying winning form. None of the other teams did better than break even last week.

Cleveland regained the American League leadership when the Senators lost to Philadelphia yesterday. The Indians are kept to the front by their heavy batting. They averaged above ten hits a game since the start of the season.

Good Pitching and Batting. In the National League, the Brooklyn pitching staff is going along smoothly, and has been rewarded by good batting. They won twice last week, although held to four hits in each contest.

The twirlers of the New York, Chicago and Cincinnati teams, on the whole, are doing well, but the teams have been unable to convert hits into runs. The return of Outfielder Rousch should strengthen the Reds' attack.

Heavy batting by Boston, Philadelphia and St. Louis last week failed to offset lack of pitching power. Cleveland called upon Uhlir or Bagby in nearly all of its contests last week.

Boston played only a few contests last week, and climbed into a tie for third place with the New York Americans by taking two games out of the time the Athletics, who are playing good ball.

Detroit, which won its third straight game yesterday, is doing good work at the bat, and with a stronger pitching staff than last week, they are expected to climb rapidly. Although Chicago lost ground last week, the play of the White Sox showed promise.

Unsteady pitching handicapped St. Louis. In yesterday's game Easter and Aldred did the twirling for the Capitals. The final score was 19-3.

VICTORIA TO LOSE LACROSSE PLAYERS

"Cotton" Brynjolfson to Play For Vancouver and Take Along Two Others

Vancouver, May 2.—Terminal City lacrosse players are still holding out. They held a session Saturday night, when the club's terms were again under discussion, and adjourned without reaching a decision.

"Cotton" Brynjolfson, Victoria stickhandler, has practically decided to play for Vancouver. Before going home Saturday night he stated that he would give a definite answer this week and also declared that he could line up another player or two at the capital.

That's the lacrosse situation in a nutshell. In the meantime the amateurs are as busy as one-armed paperhangers. The P. C. A. L. A. will meet to-night to draft a schedule and will probably have the season in a couple of weeks. The city leagues are also to meet immediately to discuss plans.

BICYCLE SPORTS. Successful Meeting at Stadium on Saturday. The results of the bicycle races held Saturday afternoon were as follows: Times' Newsboys' Race—1, R. Thomas; 2, N. McMillan; 3, J. Plimley & Ritchie, under whose auspices the meeting was promoted, and the events were keenly contested. In the relay race six teams entered, and after the race, which terminated in a dead heat, the respective captains of the two teams ran it off, which resulted in victory for Kenny's team.

Canadian Swimming Championships To Be Held in Victoria This Year

As Result of Representations Made to C. A. S. A. 100 and 400-Yard Women's Events Will Be Staged Here Some Time During Summer; Audrey Griffin Will at Last Get Chance to Win Canadian Title.

Winnipeg, May 2.—President R. Stevenson and Secretary-Treasurer W. S. Cummins, both of Winnipeg, were both returned to office at the annual meeting of the Canadian Amateur Swimming Association Saturday.

Applications were received from British Columbia and Halifax for permission to stage several of the Canadian outdoor championship events this summer, and were granted. As a consequence, British Columbia will get the 100 and 400-yard women's events, and Halifax will be the venue of the men's 100 and 200-yard, high low diving and plunging competition.

The Canadian championships will be swum in Victoria. Heads of the local association made representations to the governing body for the title events and are greatly pleased at securing them. The West has not had any Canadian Swimming championships for nine years so that it is about time an event or two was held here. The officials are pleased at securing the ladies' event as it is felt that British Columbia possessed better women swimmers than men.

Whether any of the eastern swimmers will come here for the events is not known. It will give Audrey Griffin, the local mermaid, a splendid chance to annex a Canadian championship. She has gathered plenty of British Columbia and Pacific Coast titles, but never a Canuck honor, through never having had an opportunity to go to the national gala.

Saints Mastered Mets After Two Hours' Play

Sensational Game Played for McBride Shield at Vancouver on Saturday—Teams Even at End of Regular Time—Saints Won in Overtime

Vancouver, May 2.—The McBride Shield semi-final replay Saturday between St. Andrew's and the Victoria Metropolitans again went for two hours, and the result was a tie. The Saints came out victorious by a score of 3 to 1 after one of the hardest and most gruelling games staged here this season.

The benefit soccer game between the Scots of England and G. W. V. A. at the Royal Athletic Park on Saturday afternoon resulted in a scoreless draw. Both teams played hard and fast, but neither was able to score.

From here on the Saints were the superior team, and when Big Jim Wilson had battled his way almost through the entire Mets' defence, the subsequent goal from his boot, but he was not able to get the ball into the net, and the Scots were only getting what was coming.

The overtime periods found both clubs weary, but a concerted attack by the Saints resulted in Taylor finding out the ball when it was going into the net, and Borland's spot kick was cleverly taken, the big fellow out-guessing Leeming, and scoring easily. However, had he admit defeat a few minutes later when Freddie sent in a daisy out which the goalie touched but could not stop.

This ended the scoring, and the Saints left the field worthy winners. Manager Curtis and his team were the first to congratulate the Scots. Give Mets Credit. The losers played a hard game, Leeming proving himself a top notch goalie, while old-time Taylor was the best of the defenders. The halves were themselves out keeping track of the elusive Saints' forwards, yet gave a worthy account of themselves. The forwards, a fast-moving first time kicking five, were a dangerous lot, every one packing a good pair of shooting boots, which they were not slow in using, but the effective work of the Saints' halves proved their undoing.

Referee Horn refereed very efficiently. The West journeyed to Nanaimo on Saturday and sustained a defeat of 2 goals to nil, but not without a struggle. There was a hurricane blowing and the miners had the use of this in the first half. Right from the start they began to press, and for the first ten minutes kept Shandley busy, but could not get past him. The West started to relax, but the effective work of Archie Mulcahy whiplashed Frank's feet from under him, and from the foul which was just outside the penalty whyle placed to Sherri, who came nearly down to Sherri, the miners aided by the wind were having a little the best of the play, but could not shoot. Whyte and Copas were playing stellar game as was Dickson, full back for Nanaimo. Archie Mulcahy got a neat pass out to Mulcahy, and right away O'Brien for the miners tried another long shot which Shandley placed over the bar. Copas repeatedly stopped O'Brien and half-time arrived with no score.

Wind Went Down. Rain commenced to fall, and with the rain the wind went, and the game was more even. Mulcahy grazed the post in a fine effort to secure a goal. The miners were kept pretty busy. The game commenced to get rough, and the referee let the game con-

pletely go. Both sides were going hammer and tongs to get the deciding goal. Fifteen minutes from the close of the game the ball hit Whyte on the arm, the referee awarding a penalty. The crowd did not appreciate it, and when Dickson missed the crowd cheered, but in a melee McMillan got his boot to the ball and scored. The game lived up, and the West went down, and Hughes was hard pressed, and a penalty was given against the West, and Robinson made no mistake this time. Time was called with no further score.

There was not much in the teams, but the miners had the shade. Whyte, Copas, played well, and Shandley gave a cool exhibition. Dickson and O'Brien were the pick of the mine, and Stobart was always in the limelight, but spoilt his play with his rough tactics. The benefit soccer game between the Scots of England and G. W. V. A. at the Royal Athletic Park on Saturday afternoon resulted in a scoreless draw. Both teams played hard and fast, but neither was able to score.

The return half of the twenty-man team match between the Victoria Golf Club and the Shaughnessy Heights Golf Club for the Ribbet Cup will take place on Saturday, May 14, at Vancouver. The following have been selected to represent the Victoria Golf Club: A. V. Macdon, D.A. Martin, A. T. Gowan, J. S. Matter, J. Hart, W. P. D. Pemberton, J. E. Wilson, N. W. F. Rant, Capt. Westmoreland, J. Galt, B. Wilson, J. A. Rithet, H. G. Wilson, C. A. Boyd, H. G. Garrett, Col. Codville, E. D. Todd, J. W. Morris, A. Cole, E. G. Mackay, Substitutes—J. E. Dickson, E. A. Burton, J. H. Wilson.

Presbyterians Are B. C. Basketball Champions

BURNLEY CROWNED SOCCER CHAMPIONS. Won First Division Easily; Derby and Bradford Go to Second Division

Cardiff and Birmingham Moved Into First Division; Crystal Palace Up

London, May 2.—(By Canadian Associated Press)—There is still another week of league football but practically all the interesting competition points are settled. Burnley easily won the first division championship with a good balance of points and two matches in hand.

Derby and Bradford, by their losses Saturday, are both definitely out of the first and into the second division. It is almost certain that Cardiff and Birmingham will get promotion from the second to the first division. Bristol City is still four points behind these teams and each have two matches to play.

Crystal Palace Moves Up. Only one team goes from the third to the second division and this will be Crystal Palace. London, May 2.—(By Canadian Associated Press)—The Northern Union Rugby Football Cup final on the Braemar Rangers grounds Saturday attracted a crowd of 30,000, and the gates were rushed.

Light But Faster. The Presbyterians were a much lighter crew than the visitors but they were faster and had a better combination. Towers suffered a great deal from checking too vigorously. They were penalized three times and Angie McKinnon gathered six points for the Firsts on free shots, while Little secured three and Webster two. The whistle was a little too much against the visitors, who, however, showed themselves to be good sportsmen and never questioned a decision.

The gymnasium was crowded with enthusiastic fans when Referee Colley set the teams moving. The Firsts worked fast and gauged the basket nicely. They scored eleven points before the visitors were able to break into the scoring sheet. The Firsts became careless when they found everything breaking their way and their checks in an alarming manner. The shooting of Forbes proved and in quick succession they scored basket after basket. The visitors tied the score amid great excitement. McKinnon notched two free shots for the Presbyterians but these were negated by a pretty field goal shot by Hunter. The half time whistle went with both teams on equal terms.

Firsts Improved. During the breather the Presbyterians must have taken note of a lot of the advice which was flying about in their dressing room as they came back on the field and settled down to play basketball. Boyd slipped away from guard and broke the tie and Webster put in a free shot and two baskets before Towers dropped one between the rings. Little was responsible for a fast shot under the basket and Forbes skipped away from guard and bounced in another shot. Gordon, on the visiting guards, hoisted in the prettiest basket of the evening. He intercepted a pass, made a fine dribble and scored from the corner.

Fast Pace Upset Towers. The pace with the "locusts" were setting upset Towers, who played loosely and checked rather hard. They collected themselves for a moment and scored two baskets but the visitors were with another pair of goals. Vancouver came back with three more baskets and Webster and Boyd each added one for the locals. The scoring wound up with Hunter dropping in a free shot for Vancouver.

Little was the high scorer of the game, but was closely followed by Webster. The local guards, Boyd and Forbes, played a very useful game. Angie McKinnon was a strong man at converting free shots. Hunter was the most effective man of the visitors and has a fleet team-mate in Ross. The spots were not fast enough to keep tab on the local forwards.

The Teams. The teams were as follows: First Church—McKinnon and Webster, forwards; Little, centre; Forbes and Boyd, guards. Towers—Ross and Hunter, forwards; Fletcher, centre; Gordon and Banham, guards.

Belmonts Won. In the second game of the programme the Belmonts succeeded in defeating the Huskies-Christ Church carnival by 40 points to 21. The play was fairly fast in spots were not fast enough to keep tab on the local forwards.

Earl Thomson Still King of Hurdlers. Philadelphia, Pa., May 1.—Earl Thomson, of Prince Albert, Sask., world's champion hurdler, defended his laurels here on Saturday when he won the 120-yard hurdle on grass in 15 1/2 seconds in the 27th annual relay carnival of the University of Pennsylvania.

The University of Paris runners, who added an international feature to the meet, did not make an impressive showing. They failed to obtain a place in the one mile college championship relay.

AUSTRALIANS MAKE AUSPICIOUS START. Cricketers From Down Under Handed Leicestershire Terrible Beating.

London, May 2.—(By Canadian Associated Press)—A heavy first class cricket programme opened Saturday with the first match of the Australian tour when the visitors made an auspicious start against Leicestershire, taking a wicket with the first ball and dismissing all their opponents for 136.

Macdonald took eight wickets for 41 runs. The Australians gave a great batting display, making 243 for one wicket.

KELLY GETS HIS SIXTH. New York, May 2.—First Baseman Kelly, of the Giants, knocked his sixth home run of the season in the seventh inning of Saturday's game with Boston, with the bases full. He put him ahead of Babe Ruth, whose total to date is five home runs.

When a young man tells a girl a lot of yarns about to be blamed for giving him the mitten.

FOR CHILDREN THE SANDMAN STORY FOR TO-NIGHT

THE LUMP OF GOLD

Peter and Hans were twin brothers, but not at all alike in their disposition. For Peter was peevish and selfish and Hans jolly and ready to do a favor for anyone.

One day Hans went alone into the woods to gather berries for the family supper. He had got a bucket filled with them when he saw a little dwarf trying to climb over a stone wall. With a heavy basket on his tiny back the little fellow was unable to climb at all.

"Let me help you," said Hans, kindly lifting the wee man and placing him on the other side.

"That was very kind of you," gasped the dwarf. "I am tired, for I have been on a long trip."

"Take some of my berries," said Hans, placing a few in a leaf, of which he made a cup.

"Thank you," said the dwarf, as he rose to go, "you are a very kind lad."

Take this bag home on your back. It is a present."

The dwarf pointed to a lumpy, black bag resting on a stone right at his feet, though Hans had not before seen it.

So Hans, after watching the wee man disappear down the forest path, took up his berries, placed the bag on his back and trudged happily home.

When he got there and emptied the bag, what was the delight of the whole family to find that it contained shining, golden coins, that fell in a steady stream on the table and tumbled over the floor.

The Hans told the story of the dwarf in the woods and how he helped him out of his trouble. Peter listened, intently. He envied Hans the good luck and determined to go the next day and try his own fortune. But he said nothing of this to Hans.

Early the next day he went into the woods and soon filled his bucket. Then he sat down and waited. Sure enough there soon came swinging down the path the same little dwarf that Hans had seen the day before. The tiny man had on his back a bag and seemed very weary. He limped as he drew near the wall.

Peter waited silently. The dwarf tried several times to climb over but each time fell back exhausted. At last he sat down in despair.

"Will you be kind enough to aid me?" he at last asked of Peter.

"I will if you will make me a present of a bag," said Peter quickly.

"Certainly, I will reward you according to what you deserve," said the dwarf.

Peter helped the little man over the wall, but he shook him as he sat him on the ground.

"Now, hurry up!" exclaimed Peter. "It's getting dark and I want to go. Give me the bag at once!"

"You must go with me and get it," said the dwarf, walking toward the mouth of a cave concealed under a rock.

In a few minutes he returned with a lumpy, black bag on his back.

"In order that you may get your proper reward," said the wee man, "you must wear this strapped to your back all the way home. When you reach there you will find that, if you have deserved it, the bag will be full of gold—if you have not deserved it, you will be surprised at the thing which will happen."

Peter strapped the bag to his back and ran home, but when he tried to get it off, thinking it would be a lump of gold, it stuck. Nothing could move it, and there it remained, so that he had for his days to wander around with his huge lump on his back, which never became a lump of gold, for Peter did not deserve it.

PLAN TO NAME THIRD SALARY ARBITRATOR

To Arrange Terms of Saanich Teachers' Arbitration

The third member of the board of arbitration which will investigate the salary dispute between the Saanich School Board and its teachers probably will be appointed this week.

Harry Charlesworth, secretary of the B. C. Teachers' Federation, who arrived back in the city Saturday after a trip to Alberta, will take up the Saanich salary question immediately, he stated today. He will confer with James Hayden, the arbitrator appointed by the Saanich School Board, regarding the appointment of a third arbitrator. Mr. Charlesworth himself will represent the teachers on the arbitration board.

Mr. Charlesworth said this morning that he hoped that all details in connection with the arbitration would be arranged this week. Besides the appointment of a third arbitrator there remains the work of arranging the terms of the arbitration.

The New Westminster School Board and teachers, Mr. Charlesworth stated, have come to a deadlock in their efforts to arrange for the arbitration of their recent salary dispute. In New Westminster, he said, it has been found impossible to agree on a third member of the board of arbitration and, in accordance with the plan originally agreed upon, the Superintendent of Education has been asked to name the third arbitrator.

Mr. Charlesworth said that in connection with the arbitration would be arranged this week. Besides the appointment of a third arbitrator there remains the work of arranging the terms of the arbitration.

REHEARSING FOR GREEK PLAY

Rehearsals Will Be Held at Residence of Mrs. Bushby

The al-fresco Greek play is arousing interest in many quarters. General satisfaction is expressed that Mayor Porter and the aldermen have become patrons. This play is peculiarly a local product, and should therefore have the moral support of the civic authorities. It is interesting to note that Sir John Martin Harvey has written to and his good wishes for its success.

Mrs. George Bushby has very kindly placed her beautiful home on St. Charles Street at the disposal of the producer for rehearsals, and some of the special rehearsals for the principals will be held there in the near future. One of the attractions of Danae, is the number of people who are taking part in it who have not been seen in any Victoria performance before. A. D. Ford is said to make a very impressive King Acrisius. Miss Mary Anderson will be a lovely Aphrodite. Mrs. Arthur MacCallum as Cynthia arrives on the stage surrounded by a retinue of little costumed courtiers, as rumor has it, will, the other goddesses, will have to look to their laurel. Mrs. Cuthbert Holmes as Amphitrite will have a heavy of sea nymphs for attendants. Mrs. Fred Selby who is Apollonia, will before the third act recite the beautiful lines of Simonides about Danae, which have been translated from the Greek by A. James Beck. The longest speaking part falls to the lot of Mrs. Charles Wilson, who as the Goddess Athene will look magnificent in purple and grey. Other characters mentioned are: Miss Eileen Morton, the Goddess of Flowers; Miss Pemberton as Astraea, the Goddess of Justice; Miss B. M. Pemberton, who will be a resplendent Aurora surrounded by beautiful children in the colors of the rainbow; Miss Vera Rider as Pomona the Goddess of Fruit; Mrs. A. D. Macdonald, who will take the part of Cassandra, a prophetess whom no one would believe, and Gwendolin Sanders is a dear little Ganymede. Amongst the men, Chief Herald is Major Macdonald, Capt. Dapley is the Priest of Zeus, Capt. Mogg is the Second Officer, Mr. Norman Buckle the A. S. M., plays Democles, Capt. Scharriff is a Thebanian, Mr. Armstrong, who is understood for the principal part, will play Glaucus if no one becomes ill, and Mr. Mitchell is Labos, the King's faithful attendant.

VANCOUVER MAN GAINED 20 POUNDS

Wilby Says He Feels Like a Brand New Person Since Taking Tanlac

"Tanlac has built me up twenty pounds in weight and got me to feeling like a brand new man," said William Wilby, 145 Twelfth Avenue West, Vancouver, B. C., a well known conductor on the British Columbia Electric Railway.

"For some years I was bothered with my kidneys and had constant pains in my back. Then two years ago I had a bad case of flu, which kept me flat on my back for twenty-four days, and when I finally did get up it was seven weeks before I could do a lick of work."

"It looked like I would never regain my strength, for my appetite was poor and what little I forced myself to eat seemed to do me more harm than good. After every meal my food soured on my stomach and bloated me up with gas. I was nervous and restless and would lie awake for hours at a time. The pains in my back became worse than ever, so that I could hardly stand the vibration of my car and couldn't get on or off the car without suffering agony. No kind of medicine seemed to reach my case, and I got worse all the time. But I kept reading and hearing so much about Tanlac I decided to try it, and, sir, it put me right on my feet. My what an appetite I have now, and the best of it is, I can eat just anything I please and nothing ever hurts me. I sleep like a log and wake up feeling fine. The pains have all left my back, and I have been built up and strengthened in every way. Tanlac is certainly great, and I am more than glad to tell what it has done for me."

Tanlac is sold by Duncan E. Campbell and leading Druggists. (Adv.)

ACCUSED FACES SIX CHARGES IN AUTO ACCESSORY CASE

Frederick Kolterman Held on Bail at \$5,000; Motorists Seek Lost Property

Frederick Kolterman, charged on six counts with retaining auto accessories in his possession, knowing them to have been stolen, reserved his defence in court today, his counsel, R. C. Lowe, asking for a remand until Thursday, which was granted. All morning the detective department has been deluged with automobile owners to see if their lost property may have been among the large collection of auto accessories and parts found in the possession of Kolterman.

Kolterman was arrested by Detectives Macdonald and Rogers last Friday, and was allowed bail at \$1,000. Since then five additional charges have been sworn out against him, and the bail this morning was increased to \$5,000 by Magistrate Jay. The accused has not yet made his plea to any of the charges.

Bert Griffin, charged with breaking and entering into premises in suite 15, Green Block, was today allowed suspended sentence, and given a warning by the magistrate to run straight in future. His father stated he would take the boy to the country and there find him useful work.

George Lawrence, charged with assaulting J. G. Stroud, was remanded until Wednesday, a witness for the prosecution failing to appear. J. S. Brandon is acting for the accused.

Mah Chung and fourteen other Chinese, charged with being inmates of a gambling joint, suffered a loss to their numbers today when on the application of W. C. Moresby nine of the accused were struck from the list and discharged for lack of identification in this case.

The hearing against Mah Chung, Wong Chong and Wong Quong, Sam, Sam Kee, and Chung Wing continued to occupy the attention of the court. The evidence in the case was submitted previously in an afternoon session of the court, pleas by counsel occupying the period of the hearing today.

The evidence told of an exciting raid by Chief Fry and a posse, when Chinese raced along corridors, out of windows and scattered in the streets. Some were arrested in the rooms raided, some as they came from the second storey windows, others in restaurants and some on the street. Identification proved to be a difficult matter, only six being established as implicated in the actual raid.

The court began to resemble the famous little nursery rhyme "nine little nigger boys" when the defence secured the dismissal of Mah Chung, leaving only five accused to stand trial. The hearing was at this stage adjourned until 2:30 o'clock this afternoon.

ALL and MORE than You Could Ask For in a Bicycle

YOU couldn't ask for a more graceful bicycle — more snappy lines — more glistering nickel — more sparkling enamel. Any man would be proud to show his C. C. M. to his friends.

special automobile steals. They are given the C. C. M. heat treatment, which produces a bearing so hard and wear-proof on the outside a file won't cut it, yet with a core so tough that the bearing is practically unbreakable.

And it is certainly worth something extra to you to know that your C. C. M. will be running more smoothly after long use than many wheels do when new—that it is built to stay out of the repair shop.

90% Made in Canada

C. C. M. Bicycles are really made in Canada. They do not consist of foreign parts brought here and assembled.

90 per cent. of the parts of every C. C. M. Bicycle are made in Canada, and the major proportion in the large, splendidly equipped C. C. M. factory.

When you buy C. C. M. Bicycles you show your appreciation of skilled C. C. M. workmanship—and there is no better in the world.

Soon Pays for Itself

You can soon pay for a C. C. M. with the money you save in car fare and shoe leather. And, then, think of the car fares it will save for years after that. And the dividends of pleasures it will give you.

Drop in and see the latest models. Any C. C. M. dealer will be glad to show them to you. Never for years has there been such a keen interest taken in bicycles. More people are riding bicycles today than for twenty years past.

The Sign of Good Service

There are over 1,000 C. C. M. Service Stations in Canada carrying a line of genuine C. C. M. parts and giving intelligent repair service at reasonable cost.

No waiting for repair parts to come from some other country or be made to order when you ride a C. C. M. bicycle.

Hercules Brake

"The Little Fellow with the Giant's Grip." Always sure, safe, quick, yet soft and velvety in action. The only coaster brake sold in Canada without the clumsy, old-fashioned side arm. Therefore, no time wasted when removing the rear wheel to fix a puncture. And it makes the C. C. M. coast as smoothly and noiselessly as a gliding aeroplane!

Four Coats of Enamel

The finish is wonderfully enduring. There are four coats of brilliant, lustrous enamel over a coat of anti-rust. This means a tough, durable enamel that will stand everyday wear and all kinds of weather.

Two Hour Nickel Bath

You couldn't ask for better nickelling. The bright parts of the C. C. M. are nickelled over copper so they cannot rust, then left in the nickel baths in a double strength solution for two hours, instead of the merely twenty minutes or so given cheap nickelling. The C. C. M. is a rainy day bicycle as well as a sunny weather machine, and will retain its wonderfully bright lustre for the longest time.

English Tubing

You couldn't ask for a stronger, more rigid, more powerful frame. It is made of English seamless tubing, strongly reinforced. The front forks, with the drop forged crown, are practically unbreakable. Bumping over ruts, cobblestones, car tracks is all in the day's work for the C. C. M.

Hard Maple Rims

The wheels will stand the jars and jolts, yet they are light and resilient. The spokes are of special toughened piano wire.

You couldn't ask for better bearings. C. C. M. bearings are made of

C. C. M. Triplex Hanger

An exclusive C. C. M. feature

It's the hanger that gives the most speed—and pep—and power.

Never any "tightness nor looseness" when you are pedalling. Every bit of weight you put on the pedals counts for speed.

No extra charge for the "Triplex".

Accurate and True

You couldn't ask for a more accurately made bicycle. Many of the 1,761 parts of the C. C. M. Bicycle are built to even closer limits of accuracy than the extremely delicate time fuses on shells.

The C. C. M. is all "trued-up" before it leaves the factory. The wheels must track perfectly. Everything must be right. This "truing-up" assures you a better steering and easier pedalling bicycle. It is an expense that is omitted in turning out "cheap" bicycles.

Worth More

You couldn't ask for better value than is given you in the C. C. M. The prices of C. C. M. bicycles have advanced less the last few years than those of most other goods. Fewer

at the Theatre

"SWEET LAVENDER"
HERE TO-NIGHT

Will Be Presented to Victorians by University Players

The University Players, of Vancouver, at the Royal Victoria Theatre to-night will present "Sweet Lavender," a production which is being brought here under the auspices of the Kiwanis Club, who will turn over the proceeds to the Jubilee Hospital Building Fund.

This is the same company which gave "Green Stockings" last year in Victoria, under the same auspices, and with great success, netting, with a single performance, about \$1,000 for the Kiwanis Club Jubilee Hospital Building Fund. There is no reason why they should not do as well this year.

The patrons are to be Mrs. Walter Nichol, wife of the Lieutenant-Governor; Hon. Dr. MacLean, Minister of Education, and Mrs. MacLean, Chief Justice and Mrs. Macdonald, Hon. J. W. deB Farris, and Mrs. Farris, Mayor and Mrs. Porter.

The Players' Club of the University of British Columbia, though only in its sixth year, has a very creditable record. Organized in 1916 under the direction of Prof. F. G. C. Wood, the club staged its first production, "Fanny and the Servant Problem," by Jerome K. Jerome, in the Avenue Theatre, Vancouver, in February of the same year and again in May by request; also in Victoria and New Westminster. From these four performances in three cities five years ago, the club has so far grown in importance as to play "Green Stockings" last year ten times in eight cities.

On Friday the special repeat performance will take place in the Avenue Theatre, Vancouver, under the auspices of the General Leckie Chapter, I. O. O. F. A week later, on Friday, May 13, the players will go to Chilliwack, where the performance is being staged under the auspices of the H. M. S. Lion Chapter, I. O. O. F. The Okanagan tour of the club will follow. The members of the cast of "Sweet Lavender" will leave Vancouver on Sunday, May 15, and return the following Saturday. The dates of the performers during the week are: May 15, Kamloops; May 17, Vernon; May 18, Kelowna; and May 20, Penticton.

Already a large number of invitations have been received from these cities inviting the members of the cast to all kinds of entertainments, and it is a foregone conclusion that they will be royally received and entertained during their short stay in each city.

ELAINE HAMMERSTEIN
in "THE POINT OF VIEW"

W. S. HART APPEARS
IN WESTERN THRILL

"O'Malley of the Mounted"
Now at Dominion

A real detective story with a Canadian Northwestern Mounted Policeman as the hero, portrayed by Wm. S. Hart, is "O'Malley of the Mounted," his new Paramount picture, which will be shown at the Dominion Theatre this week. Mr. Hart wrote the story and Lambert

Hillyer directed and adapted it for the screen.

There is a mystery of real thrill—the search for a murderer in the wilds of the western country. Like a bloodhound, Hart follows his man into the hills and becomes one of the bandit crew which is protecting the culprit. By a strange twist of fate, the pursuer learns to love the sister of the man he is after and the latter saves him from death at the hands of the bandits.

How this situation is made to end happily will puzzle the spectators to the last. But it does and the interest and logical termination afford a picture that will not soon be forgotten.

In the course of the story is a real western rodeo, a congress of wild riders and broncho busters, wherein some of the best feats of horsemanship imaginable are shown. Eva Novak, the leading woman.

One of the strongest thrillers seen here in a long time is William S. Hart's photoplay, "O'Malley of the Mounted." Mr. Hart's role, that of the latter mounted policeman, is one of the finest of his screen career. His support headed by Eva Novak is more than satisfactory.

SELZNICK PICTURE
HERE TWO NIGHTS

Elaine Hammerstein in "Point of View" at Pantages

"It all depends on where you sit," is an old saying which aptly describes Elaine Hammerstein's latest Selznick picture, "The Point of View," which is announced as the headline attraction at Pantages Theatre to-day and Tuesday.

Miss Hammerstein is seen in this production as the daughter of a once wealthy father. The girl is the only practical member of the family who have never had to prize for themselves and who consequently are completely lost when adversity strikes them. Hitherto the Thorncroft family have always looked down upon anyone not born of the blood, but this time over its point is changed by a big-hearted young Westerner, who capably demonstrates to them that when a friend is needed—it is real blood that counts far more than blue.

"The Point of View" is one of those "common sense" pictures that avoid all extremes of theatricalism and pitiful situations. The story is by Edith Ellis, and Alan Crosland directed the picture.

Rockliffe Fellows, Arthur Houseman, Hugh Huntley, Cornish Beck and Warren Cook are among those who support Miss Hammerstein in this fine screen play.

Elaine Hammerstein shattered the time-honored maxim that a woman cannot be beautiful and really emotional at the same time. In "The Point of View" she has a role that calls for every shade of feeling ranging from lighter moments to the dismay of a misunderstood wife whose motives for marrying are questioned by the husband she loves. The story.

If women are talking machines, men who sow wild oats should be classed as sewing machines.

STRONG CAST IN "WINDOW OPPOSITE"

Columbia Presents Attraction Popular in New York

"The Window Opposite," Ivan Film Productions' new, gripping drama, is the feature of the Columbia Theatre for the first three days of this week. The strength of the cast that interprets the leading parts in the production, which includes Leah Baird, James Morrison, Violet Palmer, Ed Mackay and Ben Hendricks, aroused much favorable comment from the New York press in its reviews of the attraction, when it was shown at Broadway's biggest showhouse, the New York Theatre. Unquestionably the audience senses "The Window Opposite" at the Columbia Theatre will give hearty approval.

"OUT OF THE SNOWS"
SHOWN AT VARIETY

Ever Attractive Theme of Northern Canada Is Depicted

When Ralph Ince decided to play the leading role of Constable Bob Holliday in the new National Picture, "Out of the Snows," which comes to the Variety Theatre all this week, he was confronted with the difficulty of obtaining a correct uniform for the part. As a member of the Northwest Mounted Police he needed a special uniform, and for the sake of the picture it had to be a true duplicate of the uniforms worn by the members of the mounted police.

From Thomas McGrand, who was a corporal in the R. N. W. M. P. during the rebellion of '85 in Canada, and from Colonel Wm. Donaldson, official with the Canadian Northwest Pacific, he obtained some photographs of the uniform, and the two men described the coloring to him.

Mr. Ince had the costume completed and submitted it to these two gentlemen for inspection. After close examination they both said they believed he could pass without difficulty as a sworn member of the famous R. N. W. M. P.

The story of "Out of the Snows" is set in the romantic period of the latter eighties, after the Rebellion and has to do with the great work of the mounted police in restoring law and order to the restless and lawless elements on the edges of civilization in Canada.

"The Idol of the North" has been decided upon as the title of the Dorothy Dalton picture filmed under the working title, "The Teaser," recently completed at the Long Island studio. In this picture, directed by R. William Neill, Miss Dalton appears for the first time in nearly two years in the type of role in which she won her greatest reputation—that of a western mining camp heroine. The role, it is said, recalls vividly her performances in "The Flame of the Yukon" and "Flare-Up Sal," both of which Mr. Neill directed.

—IN—

A Tale of the Law of the Great Northwest and the Red-Coated Riders Who Guard Its Wild Frontiers

"O'Malley of the Mounted"

The smashing tale of a red-coated horseman who rode for the law on Canada's wild frontier. Rode on a lone hunt into the States—and faced a felon's death—and got his man! Then gripped his prisoner's hand, and, stealing away in the night, returned to his chief—alone. Why?

A story that races across the screen like a thousand galloping troopers. Quickens your blood like a blast from the north. Leaves you thrilled at the courage and love that can live in a human heart.

THOMAS MEIGHAN
IN ROMANO FILM

"Traitor of the Stars" Contains Famous Paramount Star

Thomas Meighan, Paramount's big, likeable star, will be seen to-day, Tuesday and Wednesday at the Ro-

mano Theatre in "The Frontier of the Stars," written by Albert Payson Terhune. Charles Maigne wrote the scenario and directed the picture. The story concerns Buck Leslie, a gangster and gunman, who tries to stop a fight between Gregory, a chemist, and a Bowery tough, with the result that Phil Hoyt, a Bowery detective, catches Buck with Gregory's gun, making a clear case of circumstantial evidence against him. Buck escapes to the housetops where he comes upon Hilda Shea, sister-in-law of Hoyt, a cripple, who has spent most of her life in a wheel chair on the roof of an East side tenement house. Hilda hides Buck from Hoyt and they become such

good friends that Buck is induced to seek an honest livelihood. Seeking revenge on Buck, Gregory originates a scheme whereby he will be caught with some dangerous explosives in his possession. Buck visits Hilda with the explosives, and Hoyt tries to arrest him. A fearful fight ensues, during which the explosives set fire to the tenement. Exciting incidents follow in fighting rapidly. Fairs Binney is the leading woman.

MARGUERITE CLARK
IN OWN PRODUCTION

Will Appear at Royal in "Scrambled Wives"

"Scrambled Wives," the latest screen production of Marguerite Clark, released by Associated First National Pictures, Inc., and booked for an engagement of five days at the Royal Victoria Theatre, beginning Tuesday, was one of the successes of the recent Broadway season and had a considerable run both in New York and Chicago.

The play was written by Adelaide Matthews and Martha M. Stanley, and has to do with the laughable trials and tribulations of Miss Mary Lucile Smith, a girl who, "just can't make her ideas behave," portrayed by Marguerite Clark. The plot hinges around the desperate efforts of Mary Lucile to keep from an ardent suitor the fact that she has an ex-husband living and the equally desperate efforts of the ex-husband to prevent his wife from learning the

identity of the young woman with whom he had once eloped and from whom he had been promptly parted by an annulment of the marriage. An excellent supporting cast is to be seen with Miss Clark, her leading man being Leon P. Gendron. Other prominent players are Ralph Bunker, Florence Martin, Virginia Lee, Alice Mann, Frank Badgley and T. A. Braidon.

The production was directed by Edward H. Griffith. The scenes of the picture include a fashionable girl's boarding school, the elopement and a funny episode in the house of a negro minister, an ocean voyage, the streets of New York, and the beautiful ballroom and the swimming pool of a country home.

MR. ALDENN IN
EXCITING ROLE

"Johnny Get Your Gun" Will Be Presented at Princess

"Johnny Get Your Gun" has long been requested by the regular patrons of the Princess Theatre, and at last the management has secured the play and it is now in rehearsal, and will be produced on Wednesday night with Mr. Aldenn in the title role. There is a splendid production being prepared and a larger cast than usual will appear in this ripping comedy drama. The comedy is real comedy, and there are some very exciting moments when Mr. Aldenn, as the cowboy brother of dainty "Miss Janet Burnham," comes straight from a motion picture studio to rescue his little sister from a fortune-hunting Duke. There are many complications, and plots within plots, but at the last it all comes out with the popular happy ending.

At the Wednesday night performance another large framed portrait of Miss Page will be presented the one guessing nearest the correct number of words spoken by Miss Page in "Rich Man, Poor Man," last week. "Johnny Get Your Gun" will begin on Wednesday and continues the balance of the week, and comes as a direct response to dozens of requests for the same, and Mr. Aldenn as "Johnny" is going to again prove his versatility; "Johnny" being a direct contrast to the beautiful old man character he played last week. "Johnny Get Your Gun," four days, will begin Wednesday night, at the Princess.

Anxious Bondholders Worried Over Interest Payments

Anxious holders of Grand Trunk Pacific bonds are deluging local bond houses with enquiries concerning interest payments on these issues.

The Position

"So much controversy is appearing daily in the press concerning the default in interest on various outstanding Grand Trunk Pacific issues, that the holder of any of the many issues of Grand Trunk Pacific bonds, is uneasy, and in many instances laboring under a false impression as to what interest has been paid, what interest is in default and what interest cannot be repudiated and must be paid as it falls due.

Classification of Bonds

"The first classification covers bonds guaranteed by the Dominion Government, the issues being defined as follows: "Grand Trunk Pacific first mortgage 3 per cent bonds, unconditionally guaranteed both as to principal and interest by the Dominion of Canada, due January 1, 1922, interest being payable January 1 and July 1.

Unconditionally Guaranteed

"The second classification embraces those bonds covering the Grand Trunk Pacific branch lines, and which are unconditionally guaranteed by either the Province of Saskatchewan or the Province of Alberta, the issues being described as follows: "Grand Trunk Pacific branch lines 4 per cent bonds, unconditionally guaranteed by the Province of Saskatchewan both as to principal and interest and due January 22,

1923, interest being payable May 1 and November 1.

"Grand Trunk Pacific branch lines, 4 per cent bonds, unconditionally guaranteed by the Province of Alberta, both as to principal and interest, and due January 22, 1923, interest being payable May 1 and November 1.

"Grand Trunk Pacific branch lines, 4 per cent bonds, unconditionally guaranteed by the Province of Alberta, both as to principal and interest, and due January 22, 1924, interest being payable May 1 and November 1.

"No Default or Postponement

"There has been no default or postponement of payment of the interest on these issues, the controversy being confined to the subject of whether the obligation rests with the guarantor, that is whether the Province of Saskatchewan or Alberta, or whether the bonds are now an obligation of the Dominion of Canada, and payments be arranged for by the latter.

"The third classification covers bonds guaranteed by the Dominion Government, the issues being defined as follows: "Grand Trunk Pacific first mortgage 3 per cent bonds, unconditionally guaranteed both as to principal and interest by the Dominion of Canada, due January 1, 1922, interest being payable January 1 and July 1.

"Grand Trunk Pacific 4 per cent mortgage bonds, unconditionally guaranteed by the Dominion of Canada both as to principal and interest, due January 1, 1922, interest payable January 1 and July 1.

"Grand Trunk Pacific 4 per cent mortgage bonds, unconditionally guaranteed by the Dominion of Canada both as to principal and interest, due January 1, 1923, interest payable January 1 and July 1.

"Grand Trunk Pacific 4 per cent mortgage bonds, unconditionally guaranteed by the Dominion of Canada both as to principal and interest, due January 1, 1924, interest payable January 1 and July 1.

"Grand Trunk Pacific, Lake Superior division 4 per cent bonds, due April 1, 1925, with interest payable April 1 and October 1.

"Grand Trunk Pacific, mountain division, 4 per cent bonds, Grand Trunk Pacific, Atlantic division, 4 per cent bonds, Grand Trunk Pacific, prairie division, 4 per cent bonds, all due April 1, 1925, with interest payable April 1 and October 1.

"It must be understood that the interest on the above bonds has not been repudiated, but simply that payment has been deferred pending the findings of the Board of Arbitration now sitting with reference to the Grand Trunk Pacific and Dominion of Canada agreement, and that the interest payment still outstanding will be paid in all probability as soon as the report has been received and considered.

"Unconditionally Guaranteed

"The second classification embraces those bonds covering the Grand Trunk Pacific branch lines, and which are unconditionally guaranteed by either the Province of Saskatchewan or the Province of Alberta, the issues being described as follows: "Grand Trunk Pacific branch lines 4 per cent bonds, unconditionally guaranteed by the Province of Saskatchewan both as to principal and interest and due January 22,

1923, interest being payable May 1 and November 1.

"Grand Trunk Pacific branch lines, 4 per cent bonds, unconditionally guaranteed by the Province of Alberta, both as to principal and interest, and due January 22, 1923, interest being payable May 1 and November 1.

"Grand Trunk Pacific branch lines, 4 per cent bonds, unconditionally guaranteed by the Province of Alberta, both as to principal and interest, and due January 22, 1924, interest being payable May 1 and November 1.

"No Default or Postponement

"There has been no default or postponement of payment of the interest on these issues, the controversy being confined to the subject of whether the obligation rests with the guarantor, that is whether the Province of Saskatchewan or Alberta, or whether the bonds are now an obligation of the Dominion of Canada, and payments be arranged for by the latter.

"The third classification covers bonds guaranteed by the Dominion Government, the issues being defined as follows: "Grand Trunk Pacific first mortgage 3 per cent bonds, unconditionally guaranteed both as to principal and interest by the Dominion of Canada, due January 1, 1922, interest being payable January 1 and July 1.

"Grand Trunk Pacific 4 per cent mortgage bonds, unconditionally guaranteed by the Dominion of Canada both as to principal and interest, due January 1, 1922, interest payable January 1 and July 1.

"Grand Trunk Pacific 4 per cent mortgage bonds, unconditionally guaranteed by the Dominion of Canada both as to principal and interest, due January 1, 1923, interest payable January 1 and July 1.

"Grand Trunk Pacific 4 per cent mortgage bonds, unconditionally guaranteed by the Dominion of Canada both as to principal and interest, due January 1, 1924, interest payable January 1 and July 1.

"Grand Trunk Pacific, Lake Superior division 4 per cent bonds, due April 1, 1925, with interest payable April 1 and October 1.

"Grand Trunk Pacific, mountain division, 4 per cent bonds, Grand Trunk Pacific, Atlantic division, 4 per cent bonds, Grand Trunk Pacific, prairie division, 4 per cent bonds, all due April 1, 1925, with interest payable April 1 and October 1.

"It must be understood that the interest on the above bonds has not been repudiated, but simply that payment has been deferred pending the findings of the Board of Arbitration now sitting with reference to the Grand Trunk Pacific and Dominion of Canada agreement, and that the interest payment still outstanding will be paid in all probability as soon as the report has been received and considered.

FIRST WAVE OF LIQUIDATION OF RECORD SAVINGS DEPOSITS BRING DOWN INTEREST RATES

Developments of the past few weeks indicate that Canada is fast approaching a turn in her industrial development, and those who have confidence in the future of the country are of the opinion that the next movement will be in the direction of improvement.

NEW YORK STOCKS

(By Burdick Brothers, Ltd.) New York, May 2.—Some of the motors, tires, rubbers and leathers were easily the feature on the upside of the market movement to-day. There has been a good sized broadening in the outside demand for stocks, and pools seem to have renewed their efforts to move their favorite issues into higher ground.

Offerings in the major portion of the list continue light, although some have been more conspicuous than others. The market is undoubtedly the aftermath of a period of accumulation which has been going on for some time for the account of both the small and large investors.

Of course, the increased speculative inquiry for stocks has been inspired in large part by the indications of improvement in trade in several directions, and the action of the security price should serve to dispel much of the pessimism that has pervaded many quarters in the last six months, and furthermore, the demand to meet which the reductions were made.

Need Businesslike Action. In consequence, there is an element of stagnation throughout the industrial life of the country, which can be removed by businesslike action on the part of those having spare funds to invest.

Close observers think that some recent events a development which holds out much promise for the not far distant future, says The Financial Times, "There is in progress a movement which there is frequent allusion to at the annual meetings of the banks towards the close of the year."

Commercial banks have become more frequent and the weeding out process which must precede the resumption of the forward movement is well under way. Many large concerns which mistook a period of unusual activity for a permanent situation and adopted a policy of expansion, believing that the funds of finance would be readily available, are now passing through a painful period.

Labor Taking its Medicine. As for labor, it is now taking its medicine. The lesson of the cleavage in British labor unionism and the impending defeat of the miners, the acceptance by labor of many reforms, the breaking of the strike wave, the unemployment, all point to the conclusion that railway, builders and other employees who have thus far successfully broken against wage decreases and thus prevented the resumption of activity, are now on the verge of accepting the inevitable.

Finally, each day adds to the surplus of unused money in the country. The money scarcity which marked the first half of 1920 has vanished, with the high prices of commodities, the high prices of stocks, the scarcity of labor, and the industrial activity.

It looks as though the first wave of liquidation was on the verge of completion. This is therefore an opportune occasion to express confidence in our own country and ourselves.

Record Savings Deposit. That we have the money to finance our own endeavors is evidenced by the record-breaking savings deposits reported by the chartered banks. What are we to do with these deposits?

They are wise who will put them to work. In no other way can we obtain any advantage from them. In order that we may obtain the full advantage, it is necessary that we should put them in the productive and remunerative endeavor in Canada, here and now. Otherwise industrial activity, the life of the nation when it could as well be revived, and even our available capital will disappear.

The aid to the Grand Trunk Pacific before the Minister of Railways was received for the first time. The amount of bonds to the amount of \$15,000,000 without recourse to the Grand Trunk; a loan of \$10,000,000 in 1920; a loan of \$15,000,000 in 1921, and a loan in 1922 of \$10,000,000, totalling \$39,000,000. Since 1919, when the road was taken over by the Government, the receiver has had to draw \$28,467,000 from the public. He has made good operating losses and pay interest on bonds.

In addition to these huge sums on account of the Grand Trunk Pacific the Government has advanced \$4,077,000,000 to the parent Grand Trunk since 1919 to keep the road intact. The actual situation is that the Grand Trunk has received from the Government \$27,000,000 of which but \$15,000,000 is due, and the Grand Trunk Pacific owes \$42,000,000, all of which is due and recoverable at once. In addition to this, the Grand Trunk has actually paid out the Government has guaranteed Grand Trunk obligations to the extent of \$25,000,000.

No private creditor would have made advances so great without assuming control of the property. If the people of Canada had not come to the aid of the Grand Trunk, the equity of the holders of ordinary and preference stocks would have been wiped out long ago under a reorganization scheme for the protection of the bondholders. If the writers to London financial journals who have been talking of the injustice meted out to the Grand Trunk shareholders by the Government and people of Canada knew the facts, they would Meighen presented them to the Commons, they must be writing tongue in cheek. If they do not, the directors of the Grand Trunk, who know the facts, permit and encourage them to continue their outcry and their attacks on the honor and good faith of the Canadian people cannot be removed too far from the positions they do not adopt.

The country proposes to do justly in its acquisition of the Grand Trunk. It cannot afford to throw away money in a way that would leave no one to exist. Grand Trunk ordinary stock has not paid any dividends for sixty years. It has no prospect of paying dividends had still one more dividend under existing conditions. Instead there is every probability that it would be wiped off the company's books in the reorganization of public aid. Why should Canada let the holders of this stock continue for a day longer than is necessary to con-

News of Markets and Finance

BULLISH ACTIVITIES IN WINNIPEG MARKET

(By Burdick Brothers, Ltd.) Winnipeg, May 2.—The future wheat market locally was showing fresh strength to-day and at one time during the session May was showing a gain nearly 6 cents while July was about 4 cents higher. The market weakened during the last hour of trading, but trade volume was not particularly heavy. The close showed a gain of 4 1/2 cents for May and 5 1/2 for July. The highest point of the day was reached when May touched 164 and July 143 1/2.

A feature of the market was the small offerings in both cash and futures. There was an extensive demand for cash wheat, and notwithstanding the advance in futures, the premiums were quoted at a cent better with No. 1 Nor. at 18 cents over.

There was little change in the coarse grain markets, although prices worked fractionally higher. Oats closed 4 1/2 to 5 1/2 better; barley 1 1/2 to 1 3/4 higher; flax 2 1/2 higher, and rye 2 higher to unchanged. July futures were 143 1/2 to 143 3/4. Close May 143 1/2, July 143 3/4.

Corn—Liquidation in May was the outstanding feature apparently in anticipation of heavy deliveries on contracts Monday. Theoretically, it is a bearish factor. At the present time, however, such feature is not a factor in the market. Attention should be given to constructive developments such as the improvement noted in the shipping both for domestic and export accounts. Sales to-day totalled \$25,000 bushels, including \$10,000 to exporters. Country offerings to arrive light. We look for this market to gain strength in the very near future.

Oats displayed an unrecurrent strength throughout the session and responded to increasing insistent claims of damage to the growing crops. The cash market was firm. Shipping sales reported \$7,000 bushels. Oats at this level appear to be very close to investment basis.

TO-DAYS TRADING IN WINNIPEG MARKET

Winnipeg, May 2.—The future wheat market locally was showing fresh strength to-day and at one time during the session May was showing a gain nearly 6 cents while July was about 4 cents higher.

FURTHER ADVANCE IN GRAIN MARKET

(By Burdick Brothers, Ltd.) Chicago, May 2.—Wheat—Some selling took place early in the day based on the idea that short covering yesterday had weakened the technical position of the market.

This theory was apparently erroneous as the tone was strong and prices responded readily to scattered buying. The local cash market was strong, with the limited offerings in good demand at advanced prices. Hard wheat sold at 16 1/2 cents over the May. Crop reports were more unfavorable than at any time this season, with complaints of poor progress and deteriorating resulting from the recent freeze from diversified sections of the belt.

The cash for wheat on the expected movement of wheat here this month. A few weeks ago the crop was considered to be well ahead of normal, but the low temperatures have checked growth and it is now doubtful whether harvest will be much if any earlier than usual. The position of shorts in May is not a comfortable one at 12 to 15 1/2 cents under the cash price and stocks in Chicago practically nil.

Corn—Liquidation in May was the outstanding feature apparently in anticipation of heavy deliveries on contracts Monday. Theoretically, it is a bearish factor. At the present time, however, such feature is not a factor in the market. Attention should be given to constructive developments such as the improvement noted in the shipping both for domestic and export accounts. Sales to-day totalled \$25,000 bushels, including \$10,000 to exporters. Country offerings to arrive light. We look for this market to gain strength in the very near future.

WHAT'S IN A NAME?

Facts About Your Name: Its History; Its Meaning; Whence It Was Derived; Its Significance; Your Lucky Day and Lucky Jewel.
By Mildred Marshall.
(Copyright, 1921, by The Wheeler Syndicate, Inc.)
LEAH.

Those who regard auto-suggestion as a potent power, should refrain from bestowing the name of Leah upon their children. For Leah signifies "weary" and suggests the depressing influence of heavy burdens to bear through life. It is a good old Biblical name, however,

and comes originally from the Hebrew word *lahah*, which means "hanging upon, dependence, and hence yearning." The Biblical Leah was the sister of the beautiful Rachel. She called her third son, Levi, from the same word *lahah*, because she hoped that her husband would be more closely dependent upon her.
The French omit the final "h," calling her *Lea*, and from them Italy received the graceful *Lea*. Dante employs the latter title when he makes the Biblical Leah the emblem of active and fruitful love at the same time that he terms her sister Rachel the symbol of meditative love.
The garnet is Leah's talismanic stone. It promises her bodily strength and a courageous spirit which will surmount all obstacles. Like its cousin, the ruby, it has the power to avert danger and disease. Friday is Leah's lucky day and 7 her lucky number.

BRANCH SHOULD HAVE SIXTY MEMBERS

Report on Work of Vancouver Island Manufacturers by Chairman

The aim of the Victoria and Island branch of the Canadian Manufacturers' Association should be sixty members, in place of the present thirty-eight firms, according to the address given by the retiring chairman, N. A. Yarrow, at the meeting on Friday evening.
Mr. Yarrow said in part as follows: "During the period under review, nine general meetings of the branch have been held, most of which have taken the form of luncheon meetings. They have all been well attended, forty to fifty per cent. of the members having been represented at each. There are very few members who have not been represented on at least one occasion. At these meetings, views have been exchanged and our local attitude defined on various questions, notably the revision of the customs tariff, which was expected to take place during the present session of the Dominion Parliament, and the recent increase of freight rates, while the suggested establishment of free ports or foreign areas has been occupying our attention recently. J. B. Thomson, chairman of the B. C. Division, was present at several of our meetings, and we had the pleasure of hearing addresses from Blake Robertson, the association's Ottawa representative, and J. C. McIntosh, M. P.

The Recent Coast Convention
The outstanding event of the year was the visit of the delegates to the annual convention of the association immediately following the business sessions at Vancouver in June. During my absence in the United Kingdom at that time the arrangements for entertaining the visitors were in the hands of your vice-president, R. W. Mayhew. It is within your recollection that a programme of entertainment was successfully planned and carried out with the wholehearted co-operation of every one of you who were then members. There is reason to believe that the visitors took away with them a very pleasant impression of Victoria and as much as they were able to see of the island in the time at their disposal, and that they obtained a good first-hand knowledge of our industrial resources. You were enabled to make the personal acquaintance of many of the officers and members of the staff of the Association.

In September, the tariff commission of the Cabinet, under Sir Henry Drayton's chairmanship, held sittings in Victoria. Several members of the association's central executive accompanied the commission, and rendered invaluable assistance in the proper presentation of the local case, and the views of individual members to the commission, notably J. T. Strutt, general secretary; J. R. K. Bristol, manager of the tariff department, and Blake Robertson of the Ottawa office.

Executive Committee Meetings
The executive committee of the branch held several meetings during the year, an occasion called for them. Circumstances prevented more than a very occasional attendance of our representatives at the monthly meetings of the executive committee of the B. C. Division. It is very desirable that an effort should be made by our members who are elected to these positions to attend these meetings more frequently. Much business of vital importance to the manufacturers of the Province is transacted at them; they are a rule fully attended by mainland members and the views of Island members on many subjects which arise from time to time should be more adequately voiced.

If we are not represented at the executive meetings in Vancouver when important business has to be discussed, resolutions may be adopted, voicing the views of the B. C. Division, or other matters, coming owing to the altered circumstances and conditions in Victoria and Island, therefore in order to arrive at a true opinion of the members and what is best for industrial conditions in general, it is necessary that the attendance at these executive meetings should represent as full meetings as possible.

I recommend for consideration, that occasionally the executive meetings of the B. C. Division, should be held in Victoria.

Separate Trade Section
Our members engaged in the clay products industry, organized themselves nearly a year ago, into a Clay Products Trade Section. This section is of provincial scope and it is anticipated that several mainland firms will before long be included in it. This section has held regular monthly meetings at our Victoria office, and has proved of much advantage to its members in the way of exchange of views, and the shaping of common policies. One meeting

POSSIBLE GOOD HEALTH BY LOOKING AFTER THE BOWELS

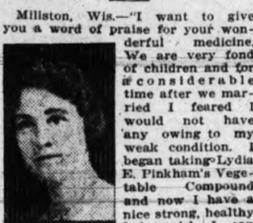

A free motion of the bowels, once or twice a day, should be the rule of every one, as half the ills of life are caused by allowing the bowels to get into a constipated condition.
When the bowels are allowed to become constipated, the stomach gets out of order, and the liver does not do its work properly on account of holding back the bile so that it does not pass through the bowels, but is allowed to get into the blood, thus causing a poisoning of the whole system.

If you would escape constipation, sick and bilious headaches, heartburn, floating specks before the eyes, coated tongue, foul breath; the nasty irritating, bleeding, itching and protruding piles, you should keep your liver stirred up by the use of Milburn's Laxa-Liver Pills.
These pills, being purely vegetable, keep your liver working actively, helping it to resume its proper functions, and thereby removing the bile that is circulating in the blood and poisoning the whole system.

Mrs. H. Barrows, Enfield, N. S., writes:—"I was troubled with sick headaches and constipation. One day a friend told me of Milburn's Laxa-Liver Pills. I got two vials, and found they did me a world of good. I therefore have great faith in them."
Milburn's Laxa-Liver Pills are 25c. a vial, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. —Adv't.

THIS YOUNG MOTHER

Tells Childless Women What Lydia E. Pinkham's Vegetable Compound Did For Her

Millston, Wis.—"I want to give you a word of praise for your wonderful medicine. We are very fond of children and for a considerable time after we married I feared I would not have any owing to my weak condition. I began taking Lydia E. Pinkham's Vegetable Compound and now I have a nice strong, healthy baby girl. I can honestly say that I did not suffer much more when my baby was born than I used to suffer with my periods before I took Lydia E. Pinkham's Vegetable Compound years ago. I give all the credit to your medicine and shall always recommend it very highly."—Mrs. H. H. Janssen, Millston, Wisconsin.

How can women who are weak and sickly expect or hope to become mothers of healthy children? Their first duty is to themselves. They should overcome the derangement or debility that is dragging them down, and strengthen the entire system, as did Mrs. Janssen, by taking Lydia E. Pinkham's Vegetable Compound and give their children the blessing of a good constitution.

ing was held at the Vancouver office, which was attended by representatives of mainland clay products firms.
On several occasions, commissioners of the department of trade and commerce have made the association's offices their headquarters when visiting Victoria and facilities have been afforded to them for interviewing members who wish to develop export business. A number of trade enquiries from various sources have been received and dealt with by the secretary.

During last month, a strong representation was made to the provincial Government against the increase in payments for both pensions and compensation, in connection with the Workmen's Compensation Act. The representation consisted of practically every industrial organization of the Province, and your local branch was represented, and was signatory to the petition.

It was represented that the industries of the Province could not stand further taxation, and that changes in the Act should be deferred until business has recovered from the existing depression.
Thirty-Eight Firms
At our last annual meeting, the membership of the branch was twenty-nine. Twelve firms have joined during the year; two have resigned, and one has gone out of business, making a net increase of nine, and a present membership of thirty-eight. It is very desirable that this number should be substantially increased, and a reasonable objective is a membership of sixty. During the early part of the period under review, applications were received at a satisfactory rate, but prevailing conditions more recently, have made membership work difficult and your utmost co-operation is now asked in obtaining recruits.

I would ask you to make the fullest possible use of the branch and divisional offices, as well as the central office, both in obtaining information and in securing adjustment of any difficulties which you may experience in tariff, transportation, or other matters, remembering that the association's name often carries a deciding weight; also the branch would be very glad to have any suggestions from members regarding consideration of various matters of industrial importance, together with points concerning the administration of the affairs of the branch.

Absent in Old Country
In conclusion, I want to express my regret at being absent for several months after you were kind enough to elect me as chairman, but before election, I pointed out the fact that I was leaving for the Old Country. I therefore wish to take this opportunity of thanking Mr. Mayhew, our vice-president, for stepping into the breach and conducting the affairs of the association during my absence, and for the responsible work in it. This section has held regular entertaining of the delegates at the annual convention.

I wish to thank the members of the executive for the assistance and co-operation I have received from them, and I also wish to pay tribute to our secretary, Captain Goodlake, who is an energetic and energetic worker, with the interests of the association very much at heart, and to thank him for the very best assistance he has given to myself. I would also like to ask your forgiveness of any neglect of duty I have been responsible for, during my term of office as chairman. I have found it very difficult to devote the time necessary for the work, and any neglect I may have shown, is not due to lack of interest and energy, but merely to lack of time, and I would like to assure the incoming chairman and executive, that I am always at their service, for any assistance.

WHEN YOU SHED YOUR COAT

Don't shed your dignity too. The shirt you wear should look trim and neat, cool and efficient. It must be clean and properly laundered.
