## MACY'S RED STAR.

Throughout this great city a star brightly shines—  
Directing and leading intelligent minds,  
Attracting wise people from near and from far,  
Delighting the ladies—'tis Macy's Red Star!

Far out in the country this Star finds its way;  
It shines in December as bright as in May,  
It shows to all people where bargains rare are:  
A national blessing is Macy's Red Star.

This Star is an emblem of good to mankind;  
Of value to all who to save are inclined;  
It points out unerring that famous bazaar,  
The home and the birthplace of Macy's Red Star.

From North and from South, and from East and from West,  
The message comes daily to Macy addressed:  
"We find that your prices are way below par,  
And that's why the people like Macy's Red Star!"

## TERMS.

We sell goods strictly for cash. When sending us Orders, please accompany them with *Money in a Registered Letter*, or with *P. O. Money Order, Check or Draft on New York*.

## GENERAL REMARKS.

---

We send this book gratuitously to our friends and patrons outside of this city.

We have included in the enumeration of our wares only such articles as would be most likely to interest people who find it inconvenient or impossible to visit the Metropolis to do their shopping. It would require a volume larger than "Webster's Unabridged" to name in detail all of the articles which are contained in our establishment, covering ten full city building lots, so necessity confines us to a catalogue less complete than we could wish.

We send samples of such goods as can be sampled to any part of the United States or the Dominion of Canada; we desire, however, that our patrons will be as explicit as possible in making out their orders for samples, as we are many times at a loss to understand what is wanted. For instance: We often receive orders for "Samples of your laces." It is manifestly impossible to comply with such a demand as we never have less than one thousand distinct patterns in our lace stock. If we know the style and width desired in such an instance, it is generally easy to send samples that will meet the requirements of the person who has written for them.

Should orders be sent to us from our samples, please return us a portion of the sample ordered from, so that we may be sure of the color, quality, width, etc.; also return the unused samples, unless it is desired to retain them for future reference.

*Be careful to instruct us if the goods are to be sent by mail or otherwise.*

## PRICES.

We have printed our net cash prices of to-day on a portion of the articles enumerated within, but the price constantly changes, as we sell out one lot of goods and buy others, or mark down our prices to beat competition.

The prices given are for first-class articles, and in no instance has an article been made up cheap to furnish a quotation, nor has an inferior line of goods been bought to enable us to give low prices.

## MERCHANDISE BY MAIL.

MERCHANDISE in packages not exceeding four pounds can now be sent expeditiously and safely through the mails, at the very low rate of one cent per oz. This opens all of the facilities for shopping afforded by our large cities, to people dwelling in any part of the United States, no matter how remote. A resident of Oregon can get his samples and order his merchandise from New York with all the certainty and regularity of the Government's best organized department. The risk of loss or damage is so slight, and the confidence in our Post Office administration is so general, that the mails have become the trusted medium of transportation for nearly all the small parcels formerly carried by the Expresses.

## UNITED STATES POSTAGE.

LETTERS.—Three cents per half-oz. or fraction thereof.

DROP OR LOCAL LETTERS.—One cent per half-oz., or, if delivered by carriers, two cents per half-oz.

LETTERS.—If not delivered, will be returned to the writer free, if a request to that effect is put on the envelope.

LETTER PACKAGES must not exceed four pounds in weight.

LETTERS OR SEALED PACKAGES may be Registered by the payment of ten cents, in addition to the postage.

POSTAL CARDS are sold for one cent, and will be sent to any part of the United States, but if not delivered in sixty days will be burned by the Postmaster.

NEWSPAPERS.—One cent for each oz. or fraction thereof.

CANADA.—Postage to any part of Canada is the same as the above.

MERCHANDISE.—Packages of Merchandise, Books, Seeds, Bulbs, or in fact almost anything may be sent through the Post Office, at the uniform rate of one cent per oz. or fraction thereof. No package must exceed four lbs. in weight, and the packages must be wrapped so that the contents may be examined without injury to the wrapper or cord.

All Glass, Liquids, Poisons, Explosives, or anything liable to injure or deface the contents of the mails are excluded; if they are deposited in the office they will be thrown away. No letter or writing of any kind will be allowed in the package. In case the Postmaster finds writing in a package, or if it is wrapped in such a manner that it cannot be examined without injuring the wrapper or cord, *full letter postage* will be charged upon it when delivered.

## FOREIGN POSTAGE.

A uniform rate, as below, will be levied and collected in the United States on correspondence to and from the countries forming the *General Postal Union*, namely: France, Germany, Austria, Hungary, Belgium, Denmark, Egypt, Spain, Great Britain, Greece, Italy, Luxembourg, Norway, The Netherlands, Portugal, Roumania, Russia, Servia, Sweden, Switzerland, and Turkey.

LETTERS prepaid five cents per half-oz. or fraction thereof.

LETTERS unpaid ten cents per half-oz. or fraction thereof.

POSTAL CARDS two cents each.

NEWSPAPERS two cents each, if not over four ozs.

BOOKS, Pamphlets, Music, Merchandise, Photographs, etc., two cents each two oz. or fraction thereof.

REGISTRATION fee ten cents in addition to postage.

*Gents' and Boys' Dress Shirts.*

(All Wamsutta).

Shirts made to order for out of town customers. If measure is carefully taken, the garment is sure to fit. Directions for self-measurement.

1. Size of Neck.
2. Length of Yoke from end (B) to end (B) of shoulders.
3. Length of Arm, when bent, from centre of Yoke (C) to within three inches of the knuckle of hand (C).
4. Breast measure under the arms—taken under the vest (D).
5. If a very tall man, give length of shirt.
6. In stating number of plaits wanted, give the number each side of centre plait; and, in giving length of bosom, give the extreme length, measuring from yoke, not from neck band.
7. State whether you want studs, buttons, or eyelets on bosom. Indicate whether you want stud or button at neck, and shirts open back or front, etc.

A. Lap-centre, 3 cords, 1/2-in. from edge. Eyelets in bosom, stud in neck, open back.

B. Centre-plait, stitched 3/4-in from edge.

C. Centre-plait, stitched, two plaits each side.

We make twenty other styles of bosom.
