

South San Francisco Subscribes \$230,400 to Liberty; Exceeds Bond Quota 130%; Leads County in Buyers

LATE RETURNS SHOW COUNTY DOUBLED QUOTA

City of Colma Makes Excellent Showing by Subscribing \$62,650

The South San Francisco district has made good for Liberty, final returns at the Bank of South San Francisco showing a total of \$230,400 in subscriptions to the Third Liberty Loan. A big force of officials and clerks at the bank here have been working late into the night compiling the records and handling the rush of business which poured in from all directions, hundreds of subscriptions having been received at the last hours of the drive, until a total of 2,254 subscriptions had been recorded. Employees of the factories here responded promptly and generously, the Schaw-Batcher shipyard alone subscribing over \$100,000, \$50,000 of which was credited to this district.

The total number of subscribers in this county, according to late returns, was 5,956. Of these, 2,254 are credited to the South San Francisco district, or 38 per cent of the total number of bond buyers in the entire county.

COLMA CONTRIBUTES HEAVILY

U. Granucci, manager for M. Belli & Co., captained the forces at Colma, that community making a magnificent showing with \$62,650 in subscriptions. Miss Lillie Chester acted ably as lieutenant to Granucci and contributed materially to the splendid result. Other members of the Colma committee who gave liberally in time and money were S. Landini, George Lowans, Mrs. Woolsey, Mrs. Jensen and Mr. Mowry.

At Daly City the forces were under the direction of City Clerk Charles Biebel and H. A. Smith, president of the board. Mrs. T. F. O'Rourke, Mrs. C. McKee, Mrs. F. H. Reichmann, Mrs. A. Flood, Mrs. A. Shaw, Mrs. Frank Sampson, M. Lombard, W. A. Jaques and A. L. Stockton were the other members of the committee.

Reports from other sections show that San Mateo county more than doubled its quota, the total subscriptions exceeding \$1,110,000. The quota for the county was \$541,000. This was oversubscribed more than 100 per cent.

Following are returns from all districts, as reported by County Chairman L. P. Behrens:

	Subscriptions.	No. Subscribers
Bank of South San Francisco.....	\$230,400	2,254
Bank of Burlingame.....	182,500	625
National Bank of San Mateo.....	97,400	451
Bank of Italy, San Mateo.....	157,000	1,037
First National, Redwood City.....	280,700	692
Bank of Italy, Redwood City.....	116,200	388
Bank of Halfmoon Bay.....	62,200	325
J. C. Williamson, Pescadero.....	33,200	184

CLUB PROGRESSING

Satisfactory progress is being made in working out the details of the remodeling of Metropolitan Hall for the Steel Workers' Club, which will occupy the entire upper floor of the building at the corner of Grand and Linden avenues, formerly Metropolitan Hall.

A meeting of the directors and organizers was held on Wednesday evening, at which time the plans of the organization were given considerable discussion.

The club has filed articles of incorporation in the County Clerk's office. The capital stock of the concern is \$2,500, divided into twenty-five shares of a par value of \$100 each.

The following directors have already subscribed one share each: J. B. Tatum, Benjamin Killeen, C. E. Carlson, N. A. Becker and W. J. Martin.

The Enterprise offers bonds free.

FIRE IN LIBRARY

BLAZE EXTINGUISHED BY MRS. C. COFFINBERRY; NO DAMAGE DONE.

Fire broke out in the Library building on Wednesday evening, but was extinguished before any damage had been done.

A pile of shavings which had been piled in the corner of the basement took fire, due to overheating of the furnace or a flying spark.

The blaze was extinguished by Mrs. C. Coffinberry, following discovery of the fire by two girls who had gone into the basement for some dishes which had been left at the time of the meeting of the Girls' Patriotic League.

Mrs. Coffinberry states that the grate of the furnace is in a defective condition.

If you cannot afford to buy a Liberty Bond, win one in the Enterprise Liberty Bond campaign.

EXPLOSION AT MILL ALARMS MANY

CROSS-COMPOUND ENGINE IS BLOWN TO PIECES ON WEDNESDAY NIGHT.

On Wednesday night at 9 o'clock the large cross-compound engine operating the 22-inch mill at the Pacific Coast Steel plant was blown to pieces and created considerable alarm among the workmen.

The escaped water and steam resulting from the explosion short-circuited the large motor driving the 18-inch mill, this in turn caused a blowout in the transformer at the substation of the Pacific Gas and Electric Company and threw the entire plant into darkness for nearly an hour and a half.

No one was injured, although considerable apprehension was felt by mill executives and workmen because of the possibility of a heat breaking out in the open-hearth department, which might have caused serious damage.

Immediately following the explosion, work was commenced on the installation of an 800-horsepower Westinghouse motor to replace the equipment which was destroyed. This work will require about twenty-one days.

Works Manager N. A. Becker states that, notwithstanding the seriousness of the accident, the only mill which will be out of commission is the bar mill, which will be down until the new machinery is in operation. The billet mill which was disabled will be operated from the 18-inch mill motor drive.

YOU ARE INVITED

 * A cordial invitation is extended to the general public to attend the dance under the auspices of the Fraternal Hall Association at the new Fraternal Hall on Saturday evening, May 11.
 * Invitations are not necessary to admission, as they were mailed only to those living outside of South San Francisco.
 * An elaborate supper will be served at midnight, excellent music has been secured for the occasion, and this first dance in the beautiful new ballroom is expected to attract the largest crowd which has ever attended an affair of this kind in South San Francisco.
 * You are invited.

SUCCESSFUL OPERATION ON AL. KAUFFMANN THURSDAY

Al. Kauffmann was operated on Thursday for appendicitis at the Red Cross Hospital at San Mateo. Dr. Dolley reports his condition satisfactory.

ONLY THREE DAYS TO CLOSE OF FIRST PERIOD

Liberty Bond Campaign Narrowing Down to Real Contenders; Mrs. Mackey Leads

Just three more days to the close of the first period in the big Liberty Bond Campaign. Three cycles, each of twenty-four hours, and the first offerings of prizes will be awarded to the alert and ambitious contestants for Uncle Sam's securities. An unofficial canvass of the votes up to the present time shows that the prizes of thrift stamps which are to be awarded to the candidates who secure the largest number of votes on new subscriptions from Monday, May 6, to Tuesday, May 14, are well distributed. The great question now agitating the minds of the ambitious workers is who will win the Ten Dollars in war certificates which will go to the candidate who has secured the largest vote on new subscriptions for that period. The competition is keen and close and one new subscription may prove the deciding factor.

Subscriptions have their greatest value at this period of the campaign, as there are 50,000 bonus votes given for every \$10 in subscriptions collected, whether new or old. This offer will positively close on Tuesday, May 14. During the second period of the campaign it will require \$12 in subscription payments to secure a bonus vote amounting to 40,000, so it behooves the candidates to haunt the highways and byways and overlook no opportunity to pile up a substantial reserve. That one subscription you are planning to "get later on" may be gotten by one of your discerning competitors and may be just enough votes to win the capital prize—\$300 in Liberty Bonds.

SAN BRUNO LEADS.

It was prophesied in a previous issue that San Bruno's representative would lead the South San Francisco contestants a merry chase for that \$300, and to-day Mrs. Mackey "goes over the top" by 1000 votes, having forced Mrs. Gonetti from the honor position. Miss Helen Schmidt made the most spectacular increase for this issue by balloting 11,150 votes and jumping to a third place. Miss Viola Hein has commenced her upward climb, going from sixth to fifth place, the fourth position being held by Miss Mamie Rodgers.

LIST IS NARROWING.

The list of candidates is steadily narrowing down to the real contenders and further withdrawals after the close of the first period will probably show the actual participants in the merry battle of ballots.

Liberty Bonds, thrift stamps and war certificates are to be won. Who will be the favored few?

Following is the standing of candidates up to Thursday at 5 p. m.:

Candidates.	Last Vote.	Votes Cast.	Total Vote.
Mrs. S. Mackay (San Bruno)	10,000	6,050	16,050
Mrs. Elinore Gonetti	14,450	600	15,050
Miss Helen Schmidt	3,050	11,150	14,200
Miss Mamie Rodgers	7,600	450	8,050
Miss Viola Hein	2,350	4,750	7,100
Miss Irene Martinez	2,450	800	3,250
Miss Gladys Ryan	2,000	2,000
Mrs. Annie Fickett	1,550	1,550
Miss "Peggy" Kavanaugh	1,550	1,550
Miss Loretta McLean	1,350	1,350
Mrs. Leona Nyland	1,350	600	1,950
Miss Helen Murray	1,000	1,000
Miss Myrtle Mullen	1,000	1,000
Miss Florence Robertson	1,000	1,000
Miss Mildred Foley	1,000	250	1,250

N. V. F. WILSON DEAD

N. V. F. Wilson died at his home in Akron, Ohio, on Wednesday. The deceased was well known here, having been works manager at the steel mill in the fall of 1913. His two sons, Robert and Gordon, who are serving the colors, have gone East to attend the funeral.

ARRIVE IN FRANCE

News has been received here of the arrival in France of the Rev. Leslie C. Kelley and William H. Veit, both of South San Francisco, who enlisted with Base Hospital, No. 30. The first unit of the hospital staff arrived safely, according to telegraphic advices forwarded from Hoboken on Monday.

SAN BRUNO NEWS

(By Claire E. Forster.)

Mr. and Mrs. U. G. Davis spent Sunday in Santa Rosa.

The San Bruno Red Cross will give a whist party at Green's Hall, May 18.

E. E. Follett will spend the weekend with his mother, Mrs. A. Laumeister, of Fourth Addition.

P. Bolliger has severed his connection with the San Bruno Lumber Company, and is now employed by the South San Francisco Lumber Company.

Mrs. William Morgan is spending a month with friends in Dos Rios.

A baby boy arrived at the home of Mr. and Mrs. Figurello on Sunday last.

Mrs. K. C. Eldridge has been spending several days with her sister-in-law, Mrs. A. Laumeister, of Fourth Addition. Mrs. Laumeister's son, E. E. Follett, with his family, will spend the week-end here.

RELIEF WORK BY GIRL SCOUTS' TROOP

San Bruno Girl Scouts, Oak Troop No. 1, organized in February of this year with Mrs. Jennie Flynn as captain, has a membership of twenty-four enthusiastic workers. Their chief activity is war relief. Following is a report of their efforts: Gave whist party, net proceeds \$90, being appropriated to relief of war refugees or any patriotic call. Sent to California Commission for Relief in Belgium and France for April as follows: From Scout funds, \$25 for Belgian seaside fund; sold eighty-two Belgian buttons, \$8.20; collected from monthly pledge cards in San Bruno and Lomita Park, \$11.15; by envelopes, \$5.65, a total of \$50. By the pledge cards we hope to send a good report every month. They also collect cast-off clothing of all kinds for Belgian and French relief, do necessary repairing or making over, also buy material and make children's garments. Under supervision of their captain, assisted by Lieutenant Mrs. Barnwell, Mrs. Haley and Mrs. Spotswood, made and filled twelve baby kits and made eighteen baby caps. These will be turned in to the Red Cross as Junior Red Cross work.

The girls are ever ready to help in any patriotic work or to do a good turn.

They have subscribed for a Liberty Bond and will give a whist party in the near future to help pay. Public co-operation is earnestly solicited. If you have old clothing you can give for the cause, notify Gladys Beckner, San Bruno. Telephone 185R.

The air personnel in the first year of war increased from 65 officers and 1120 men to one hundred times that number. Eleven kinds of schools have been installed.

The navy now has in its possession a stock of supplies sufficient for average requirements for one year.

FOODS TASTE BETTER COOKED —TOBACCO TASTES BETTER TOASTED

Since the day of the caveman, who liked his meat raw, civilization has learned a lot about the scientific treatment of the things we eat.

Naturally none of us would now prefer to have our meat raw, our potatoes as they come from the ground, our coffee unroasted.

And naturally follows the great discovery recently made by The American Tobacco Co.—that tobacco tastes better TOASTED!

This wonderful new idea—simple like all great inventions—was first used in producing the famous LUCKY STRIKE Cigarette—made of toasted Burley tobacco.

Burley has a mellow flavor, entirely different from the tobacco usually used for cigarettes. It is a pipe tobacco and LUCKY STRIKE Cigarettes taste like a pipe.

TRIAL TRIP OF "FAITH" SUCCESS

CONCRETE SHIP ASTONISHES EXPERTS BY SPEED AND LACK OF VIBRATION.

The concrete steamer Faith, the largest of its kind afloat, was given its trial trip in San Francisco bay last Sunday. The first test of the big "stone" boat was a complete success, and shipping experts are now ready to admit that the initiative of the Faith's has given the shipbuilding world something more tangible than a promising experiment.

The experts frankly admitted that they were astonished by the performance of the vessel in two outstanding technical features—her speed and lack of vibration.

The Faith averaged more than 11 knots an hour over the course of California City, which was more than 10 per cent better than was expected of her.

The vibration of the vessel was practically nil, according to the experts on the trial trip, and the latter declare that if she holds up in her trans-Pacific trip as well as she did on the bay, her advent in the shipping world must be hailed as something spelling extraordinary achievements.

The Faith was launched at the plant of the San Francisco Shipbuilding Company in Redwood City on March 14. She was taken immediately after to San Francisco, where her engines were installed, this work being done in the remarkably short time of forty-four days. This is a record, the previous engine-installing record on this coast was made by the Union Iron Works at the Alameda plant, and was sixty-two days.

The Faith on her trial trip Sunday was in command of Richard E. Connell, a brother-in-law of D. R. Stafford of Redwood City. Alan Macdonald, originator of the concrete ship idea, was on board, as was Victor H. Poss, designer of the Faith.

Captain Connell, after docking his vessel neatly enough, announced that he was quite satisfied with the way the concrete steamer handled herself.

NARROWLY MISSES DEATH UNDER AUTO

CATHERINE WHEELER IS STRUCK DOWN BY SPEEDING CAR ON HIGHWAY.

Miss Catherine Wheeler, daughter of J. N. Wheeler of the Western Meat Company and a resident of San Bruno, narrowly escaped death early Sunday morning when she was struck down on the State Highway by an automobile driven by Herbert Harris, 807 Ashbury street, San Francisco. She sustained a broken right ankle. Harris took her to the Red Cross Hospital in San Mateo where the injured member was set.

TAX COLLECTOR McSWEENEY REPORTS HIS COLLECTIONS

The second installment of taxes became delinquent last Monday night and County Tax Collector A. McSweeney reports that the total amount collected by him on the two installments was \$831,633.20, leaving a delinquency of \$27,610.83. Before the property goes to sale it is expected that fully \$15,000 more will be paid and that the final delinquency will be very small. This speaks well for the prosperity of the county and of the industrious work of McSweeney in keeping the collections up to the maximum.

MATRON IS APPOINTED.

Miss Rose E. Swift, a sister of Postmaster James V. Swift of Redwood City, has been appointed matron of the new County Detention Home by the Board of Supervisors. Mrs. W. H. Kinne, matron of the county jail, was appointed to the position several weeks ago but declined it. The old county jail has been fitted up as a detention home.

There is work for every person to do in this war—food is ammunition, are you wasting it?

PETITION READY

ANTI-SALOON MEN AT SAN MATEO WILL FILE REQUEST FOR SPECIAL ELECTION.

F. H. Boring and other members of the San Mateo anti-saloon committee expect to file their petition this week requesting the city trustees to call a special election to submit the saloon question to a vote of the people. The committee expects the trustees to take action at their next meeting, May 20, and the law says the petition must be filed with the clerk at least ten days before the meeting so as to give ample time in which to verify the signatures. The law provides that the trustees shall call the election to be held not sooner than thirty days after the call is issued and not later than sixty days. If the petition is filed this week and is acted upon May 20, the election would have to be held some time between June 20 and July 20. The proposition, if carried, would close all the saloons on October 1.

Boring has stated that it is the intention of the committee to try to get a majority of the voters of the city as signers to the petition, thus enabling the trustees, if they so wish, to close the saloons without the necessity of an election.

CLERKS AND TREASURERS FORM NEW ORGANIZATION

City Clerk William J. Smith has been elected vice-president of the newly formed county organization of city clerks and treasurers. The first meeting was held in the office of Miss Elma F. Early in the San Mateo City Hall on Tuesday last.

The organization is for the mutual benefit of its members and general discussions and comparisons of notes for greater efficiency in handling public work.

Another meeting will be held on next Tuesday night.

Following is the personnel of the officers:

President—Charles L. Biebel, city clerk, Daly City.
Vice-President—William J. Smith, city clerk, South San Francisco.
Secretary—Elma F. Early, city clerk, San Mateo.
Treasurer—James A. Lee, city treasurer, San Mateo.

HOME SCENES TO BE SHOWN AT Y. M. C. A.'S

In order to bring the spirit of home just a little closer to the soldiers in the big cantonments on the Pacific Coast, the national war council of the Y. M. C. A. in the western department is asking for a photograph of the most familiar spot in this community. From the picture a lantern slide will be made and thrown upon the screen in the Y. M. C. A. buildings.

An effort is to be made to secure photographs from every town and hamlet in the west. The pictures must be clear so that the reproduction will be clear. These photographs should be sent to F. F. Runyon, Associate Secretary, National War Work Council, Y. M. C. A., 519 First National Bank building, San Francisco, Cal.

A short description, giving the title of the picture and the town which it represents should be written on the reverse side. Every city and community has its object of interest. It may be a busy corner, old building, fountain, adobe, cozy park, natural phenomena. Whatever it is, it will be a welcome sight to the boy away from home. It will be a reminder, an inspiration, an old friend, and will make him happy.

NEW SWINDLE ON THE PARENTS OF SOLDIERS

Parents of soldiers in camps are warned by the War Department of a swindle which has been successfully operated in various camps.

A telegram is sent informing that the soldier has a furlough, and requesting funds by wire to come home, waiving identification. The rest is a mere matter of detail.

Parents and friends should be warned of this game and of the similar one where the telegraphic request is to mail money to the soldier, care general delivery.

EVENTS OF THE WEEK

Haig wrecks enemy blow at Ypres. Eleven killed, 150 injured in Iowa and Illinois cyclone.

HELP Win the War!

BY SAVING THESE FOR THE RED CROSS

The Salvage Committee of the Red Cross, by the sale of contributed articles, is adding to the treasury for

AMERICAN SOLDIERS and SAILORS

- The things wanted are—
- Tin or lead foil folded flat; do not roll into balls
- Collapsible paste and paint tubes
- Dental fillings
- Lead, brass, copper and aluminum waste
- Old gold and silver and broken bits of jewelry
- Typewriter ribbon boxes and metal spools therein
- Carbon paper boxes
- Waste rubber
- Old automobile tires and inner tubes, bicycle tires
- Books, magazines and newspapers. These should be folded once only and tied both ways with heavy string
- Burlap and gunny sacks
- Old kid gloves
- Clean white rags, mixed rags, woolen rags (separated if possible)
- Glass fruit jars
- Cold cream jars
- Old clothes of all kinds
- Men's shoes
- Bottles of all kinds—rinsed clean
- Cork
- Castor beans
- Old clocks and watches
- Hair combs
- Tin cans—rinsed clean
- Coal oil cans
- Scrap paper and cardboard in packages
- Leather
- Burnt-out electric bulbs

"The Woman Beneath" to Be Royal Theatre Bill Next Tuesday

The attraction at the Royal Theatre on Tuesday evening, May 14, will be "The Woman Beneath," the newest World-Picture Brady-Made in which Ethel Clayton, the popular beauty, is the star. This entrancing story of an odd phase of domestic life, was penned by Willard Mack, who has written some of the most gripping successes filmed by World-Pictures. This newest product of Mr. Mack's pen gives Miss Clayton one of the very best roles she has ever had. She appears as the New York society

wife of a wealthy Western mine owner who has married him for his money. When she tells her husband this he decides to make her leave him and he determines that the best way to do this is by making it appear that he has lost all his money. But when his scheme is successful it works a most remarkable change in his wife—a change so very astonishing that the husband cannot believe it. "The Woman Beneath" is an astonishing play and a thoroughly delightful attraction. To see it is to see a real treat.

The German Bogey

The report from General Pershing's boys on the firing line in France is thrilling the hearts of Americans and is such as to cause a feeling of the most intense satisfaction throughout the country. Our boys are proving themselves fully equal to the task before them and have already taken the measure of their foe and are going after him.

They are also dissipating the hitherto world-wide dread of the German bogey, and proving him to be by no means the superman he would have us think him. They are demonstrating that German defenses can be shattered and German troops routed and German discipline thoroughly disorganized.

And, after all, what is this dread German bogey? Nothing but iron discipline working with thoroughly plastic material. Given unscrupulous leaders fired with the lust of conquest, and a docile and tractable army, the result must inevitably be a dangerous machine—a machine without scruple and without conscience. But on the other hand it is a machine largely devoid of intelligence and without initiative, save in its leaders.

And it is in this latter quality or rather lack of quality, that it will meet its Waterloo at the hands of the American army. The American soldier is not merely a cog in a fighting machine. He is also a sentient, pulsing, dynamic human machine in himself, quick to think and trained to act upon his conclusions. Men of this class are to be trusted with the most dangerous and delicate missions. They are not only reliable in the mass, but are thoroughly to be depended upon as separate human units.

It is the German contempt for all things not German that has helped largely in impressing the nations with a false estimate of German prowess. This contempt is fast being unmasked and made to stand out in its true light—ignorance. Pershing is teaching us that it is by no means the result of superior knowledge, but rather of arrogance inspired by the belief that German knowledge is of a superior order. Nothing but bullets and shrapnel will shake this arrogance, but these are being manufactured in this country and sent to our boys over there, and they can be trusted to place them where they will do the most good.

Germany has stigmatized us as a nation of dollar chasers. Well, we have chased the dollar successfully, and we will show her that we can turn those dollars into bullets for her undoing. Her contempt is the best possible spur to our troops. It is nerving them to show to the world that the great German bogey is but a man after all, and a man who can and will be whipped and well whipped before we are through with him.

That German Drive

The desperate German drive on the western front has had one effect that will not give any satisfaction in Germany. It has resulted in the United States speeding up preparation, and troops are to be rushed to France as fast as the combined transportation facilities of both the United States and Great Britain can put them across. As they arrive on the other side they will be absorbed into the armies of the Allies, and what they may lack in training will be rubbed into them in short order. This will prove of benefit to the troops themselves as well as materially strengthening the allied front. With the help of Great Britain we should be able to make our power felt at the front very soon now. And surely there is need of the help our troops can give. America will watch with feverish interest the transporting of our troops, and hail the day when we shall have sent enough to turn the tide of battle into an allied victory.

"Digest of Food Prepared by the Government"—headline. We don't need it. We'll attend to the digestion process if we can only get the food.

The ladies, God bless 'em, have long worn beauty patches. Now the men propose to go them one better and wear utility patches.

George Creel should make a fine volunteer for the trenches. He must by this time be immune to gas shells.

Nat Goodwin doesn't seem to be able to impress his wives with the seriousness of the matrimonial tie.

Now watch the little brown hen do her bit toward relieving the meat shortage. She's one of the greatest little patriots among us.

"Czernin Hed," said Clemenceau. Truly, brevity is the soul of wit.

The wheels of the Russian war machine are accomplishing many revolutions.

Congress has made a hundred million people get up an hour earlier, but it has not affected a single rooster.

The Kaiser probably wants The Hague to hold a peace conference in.

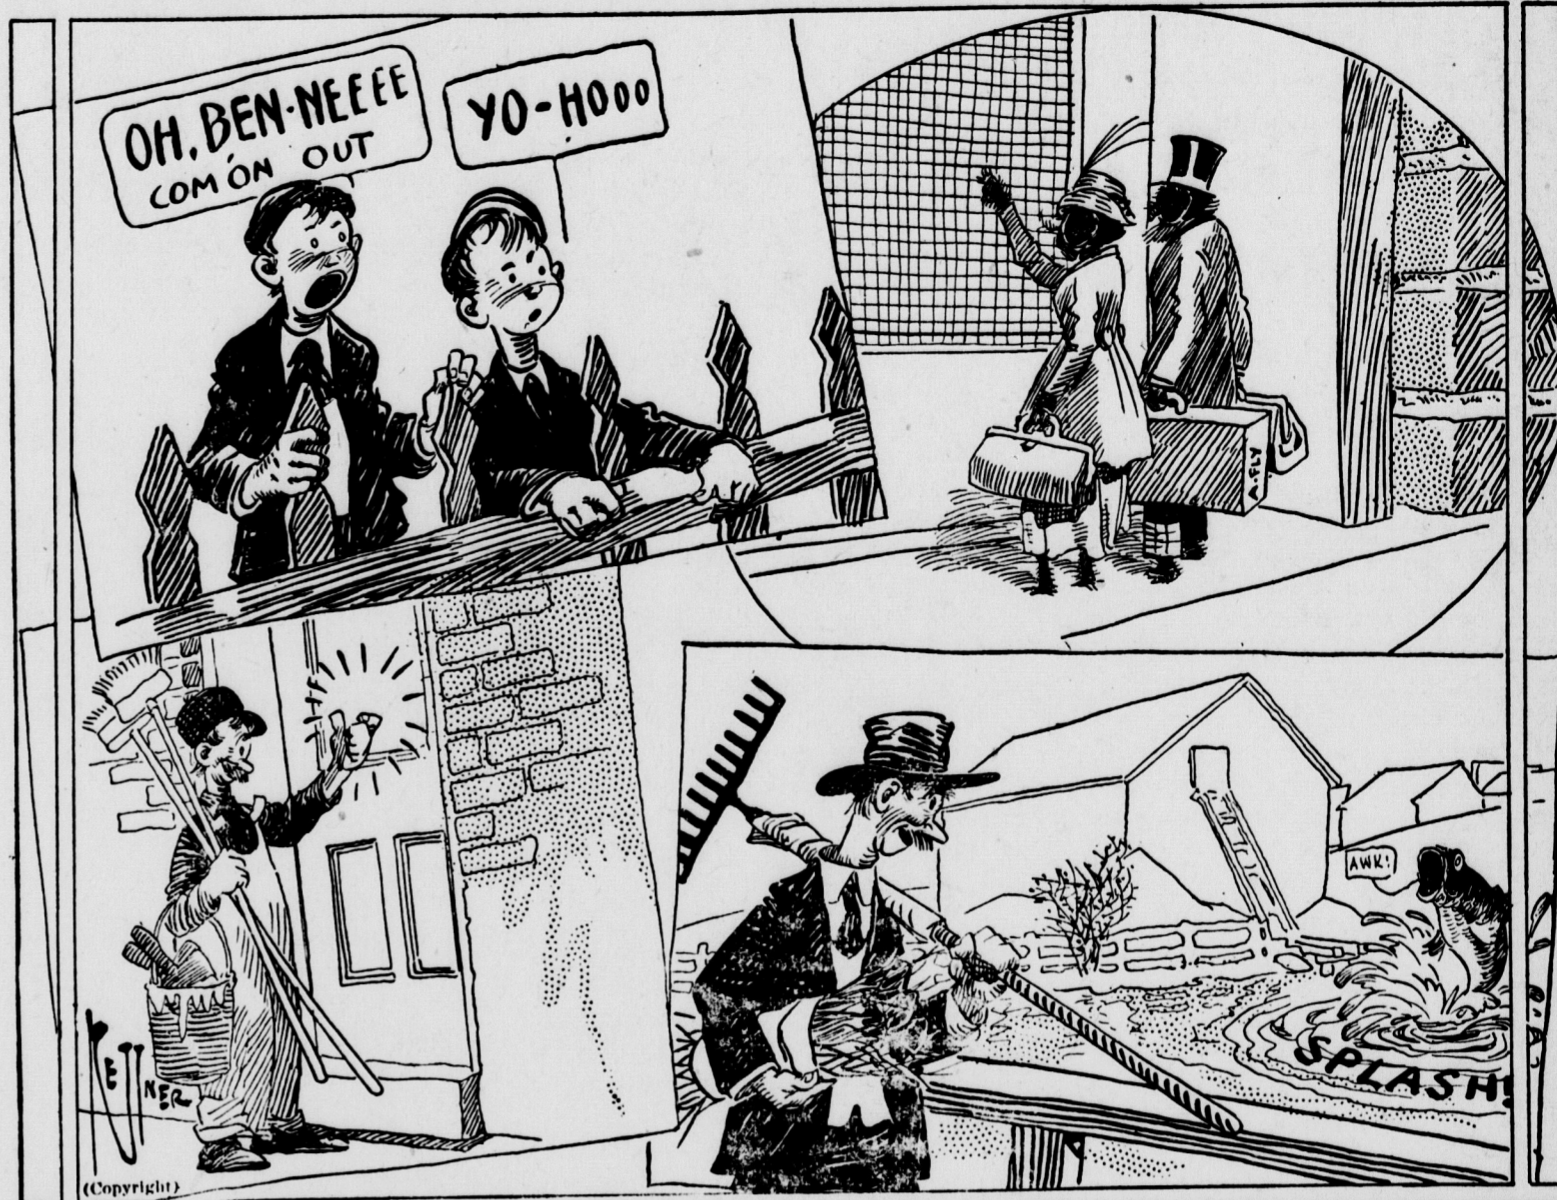

Holland should have sand and grit enough to refuse to have gravel transported across her territory.

The market basket is an old and valued member of the community, but it has only recently taken its place in high society.

It's an ill wind that blows nobody good. The draft that wafted Grover Alexander away from the Cubs has probably supplied Uncle Sam with an excellent bomb thrower.

Alcoholic spirits have taken a back seat. Patriotic spirit is the national stimulant these days.

Spring Callers

No Hunger Strike Here

Hunger strikers give this restaurant a wide berth. They know that if they should get sight or smell of our savory meals they would simply be forced to give in and eat.

We are well prepared to feed the hungry.

Our meals are the best to be purchased, and cooked and served in a manner that promotes appetite and gustatory enjoyment.

Every customer cordially welcomed and courteously served, whether the order be for a sandwich or the most elaborate meal.

Metropolitan Grill

LINDEN AND GRAND AVES.

Steel and copper have each given up a magnate to war industries. But silver and gold are paying for the war.

Last year's Cornell football team is going into tank service. They will use the ordinary tank armament and weapons. But these may not be necessary, for the football yell is likely to scare the enemy to death.

Guatemala has now joined the allies. Guatemala has a large supply of "shock" troops that would prove effective if we could get them over there.

Considering the assiduity and unanimity and strenuousness with which the Colonel is sawing wood, all fear of a fuel famine next winter should be dispated.

Because the common barberry bush harbors the spores of wheat rust the government requests us to destroy all specimens. Any man who has run into a barberry bush will rejoice in having the whole tribe exterminated.

A trip to Washington nowadays is a pleasure only to the millionaire. He can afford a hall bedroom, but the ordinary citizen is lucky if he can get a bathtub or a barber's chair to sleep in.

It is reported that Baruch has decided to quit Wall street permanently. The regulation of war industries is so exciting as to leave him no taste for anything so humdrum as speculation.

It is said that when Lenine finishes his work in Russia he will come over here. And shortly after his landing we predict a scarcity of feather pillows in his immediate neighborhood.

The requests that we conserve both wool and leather are puzzling to the feminine half of the population. Should skirts be shorter and shoes higher? Or should shoes be shorter and skirts longer? What would the people who are concerned with morals say if the shoes were lower and skirts shorter?

It is claimed that Lithonia, Georgia, has the largest jackass in the State. Now hunt up the list of Georgia's representatives in Congress and start a guessing contest.

Switzerland reports that her neutrality has been violated 586 times since the war began. Which is patience and then some, the Good Book itself only enjoining the practice of that virtue "seventy times seven" times.

It is often well to put on rose-colored glasses in reading the war news nowadays.

LOCAL HAPPENINGS TOLD IN BRIEF

Miss Mary Nichols, who spent the winter here with her aunt, Mrs. Dean Standley, has returned to her home in Boston.

Eighth grade students will entertain at a party to be given in the grammar school this (Friday) evening. Dancing and refreshments.

Mr. and Mrs. Fisher of Fruitvale were visitors here on Sunday at the home of Mr. and Mrs. Veit.

Eleanor, the little daughter of Mr. and Mrs. Andrew Hynding, is ill with the measles.

Bruno Raffaelli has discontinued school and has taken a position with the Schaw-Batcher Company.

SUPPLY OF TECHNICAL BOOKS NOW AT LIBRARY

Mrs. C. Coffinberry, local librarian, reports the following technical books at the library:

- Flanders—Galvanizing and Tinning.
- Crocker—Electric Motors.
- Hall—Steel Foundry.
- Koester—Steam Electric Power Plants.
- Oudin—Standard Polyphase Apparatus.
- Rogers—Laboratory Guide Industrial Chemistry.
- Sauveur—Metallography, Iron and Steel.
- Seaton—Screw Propeller.
- Teemann—Iron and Steel.
- Treiber—Foundry Machinery.

IN MEMORIAM.

Whereas, Almighty God, in His infinite wisdom, has seen fit to remove from our midst the wife of our brother, D. Quilici, and

Whereas, We most reverently bow to the decree of Almighty God; be it Resolved, That the members of South City Aerie No. 1473, F. O. E., do hereby extend to Brother Quilici our heartfelt sympathy in this his sad hour; and be it further

Resolved, That our charter be draped for a period of ninety days, that a copy of these resolutions be sent to our bereaved brother, and a copy sent to The Enterprise for publication.

DANIEL HYLAND,
EMIL DANERI,
J. W. PITT,
Committee.

DENIES CONNECTION WITH RECENT CHRISTIE PROBE

The San Bruno Protective Association disclaims any connection with the recent investigation of the alleged irregularities in the election of Trustee Christie, resigned.

The association, through its secretary, C. C. Parrish, has so advised The Enterprise in a communication dated May 2, in which it is stated that the organization has never declared itself for or against Mr. Christie. Christie, in a recent interview, stated he was a member of the association.

M. E. CHURCH NOTICE.

"Mother's Day" will be observed at St. Paul's M. E. Church, Sunday, May 12, at the morning service. At 11 a. m. the pastor will preach on "A Mother's Love."

8 p. m., "The A B C of the Gospel." The Epworth League will meet at 7 p. m. Subject, "Our Own Birthday Party." Leader, Willard Sullivan. You are invited to be present at these services.

For Sale—I have two beautiful residences in Lomita Park to sell on very easy terms at bargain prices. No trouble to call and show these places. F. C. Russell. Phone San Bruno 196W. 4-26-4t

Good printing done at this office.

PLANNING FOR RED CROSS FUND DRIVE

South San Francisco is preparing for the National Red Cross war fund drive that is to start on May 20 and continue to May 27.

On Tuesday evening Ambrose McSweeney, Dr. F. S. Dolley, Andrew Hynding, Abbe P. Scott and D. E. Curley attended a meeting at San Mateo, where a discussion of the committees took place preparatory to the campaign of collections for humanity.

A whirlwind campaign to secure the quota allotted for this district will be carried on during the week of the drive. The amount fixed by the National Association for South San Francisco to raise in the drive has not yet been set.

The one hundred million dollars raised by the American Red Cross through the subscriptions of the people last year will have been all expended by early this summer. In order that the tremendous work of humanity may be carried on, the President has designated the week of May 20 as Red Cross week, during which the public will be appealed to for another hundred million dollar contribution.

Every allied nation has come to a full realization of the tremendous necessity of the Red Cross in war work and alleviation of suffering, and generous South San Francisco will respond to this call as it has to all others.

JOS. H. NASH IS AGAIN CANDIDATE

County Clerk Jos. H. Nash was a visitor in South San Francisco on Tuesday last, at which time he announced his candidacy for re-election.

Nash, who is serving his third term as clerk, had charge of the draft registration and is a member of the County Council of Defense and Chairman of the Redwood War Savings Committee.

United States naturalization work comes under his charge and the registration of voters and conduct of all elections are some more of his duties.

Nash gives as an example of the increased work in his office the fees collected during the last twelve months, which amounted to \$6884.61, as compared with \$1539.45 ten years ago.

"JACK" MARTIN RECOVERING FROM RHEUMATIC ATTACK

The many friends of "Jack" Martin will be delighted at the word which has reached here of his convalescence, following a severe attack of rheumatism contracted while in Chicago, following his transfer from San Pedro.

Young Martin has been confined to the Marine Hospital and his condition has caused his family considerable concern.

SOUTH CITY GARAGE CHANGES OWNERSHIP

The South City Garage changed ownership on Wednesday when J. R. Luttrell, who is well known here, bought out the former owners, Erick & Watson.

The garage will be under the management of L. E. Montgomery, who is well acquainted in this city, having attended the local high school here about eight years ago.

MRS. HENRY HAAKER UNDERGOES OPERATION

Mrs. Henry Haaker, wife of the cashier of the Bank of South San Francisco, is reported to be resting easy at St. Francis Hospital in San Francisco, where she underwent a successful operation on Wednesday.

Billy Jones

By
WRIGHT A. PATTERSON.

Billy Jones—maybe your son or the son of a neighbor—was in the front line trenches in France when the German bombing party was driven back. His enthusiasm to get the Boches carried him over the top of the trench, and at the edge of No Man's Land a Hun bullet got him.

A comrade—maybe your boy—crawled out into No Man's Land and brought Billy Jones back to the American trenches.

Other comrades carried him back through the maze of trenches to a dressing station, where his wound was cared for.

A medical department ambulance carried him on to the field hospital.

From there Billy Jones was taken to the base hospital, and there a Red Cross nurse—your Red Cross nurse—is tenderly, carefully, smilingly nursing him back to health again so that he may not have to pay the extreme sacrifice that we—that you and I and our neighbors—may enjoy the blessings of freedom.

There are half a million of these boys of ours in France today and more going "over there" every week. They are there to wage the supreme conflict of the world with the brutal forces of autocracy that democracy, our heritage, may not perish.

We want these boys of ours to come back to us, and it is the Red Cross men and women—our Red Cross men and women—who will bring thousands of them back who would not otherwise come if our dollars will but keep them there to minister to these boys of ours. They are but doing for us what we cannot do for ourselves.

BOY SCOUTS TO BE ORGANIZED HERE

An organization of the Boy Scouts is to be started here at a meeting to be held in the rear of the Methodist Church on Monday evening, May 13, at 7:30 o'clock.

Rev. Mr. Stevens, who has received his appointment as Scout Master, is particularly desirous that every boy who wishes further information about the local Boy Scouts attend the meeting.

The Boy Scouts is a national organization, with an immense enrollment throughout the United States. The movement is the idea of Colonel Baden Powell of England, where the organization had its birth. The body is non-sectarian, and any boy over twelve years of age is entitled to make application for admission.

The plan here is to organize four patrols, each of eight boys; these thirty-two will constitute a troop, which will be in charge of a troop master and assistant troop master, under direction of the scout master.

LIEUT. MARTIN AND WIFE HERE

Lieutenant and Mrs. David G. Martin spent Sunday here at the home of his parents, Mr. and Mrs. W. J. Martin.

There are four times as many vessels in naval service as a year ago. The estimated pay of officers and men in the navy for the first year of war was \$125,000,000.

For Sale—Four-room cottage; bath and gas; large garden, chicken house and yard; situated near Daly City; terms. Inquire at E. E. Cunningham's Real Estate Office, South San Francisco. 4-19-4t

THE WAR'S RECOMPENSE

The original of this verse was found on an American soldier who bravely fought and as nobly died. The man is yet unknown.

Ye who have faith to look with fearless eyes
 Beyond the tragedy of a world at strife,
 And know that out of death and night shall rise
 The dawn of ampler life.

Rejoice, whatever anguish rend the heart,
 That God has given you a priceless dower,
 To live in these great times and have your part
 In freedom's crowning hour.

That ye may tell your sons who see the light
 High in the heavens—their heritage to take—
 "I saw the powers of darkness put to flight,
 I saw the morning break."

A MESSAGE FROM EDWARD N. HURLEY,

Chairman of the United States Shipping Board.

EVERY dollar that has been appropriated by the American Red Cross in this war has welded closer that relationship between the United States and the nations of the Entente, a relationship that will have a marked effect upon the peace council that is coming.

If this work of spreading the gospel of mercy is to continue, every man, woman and child in this republic must give the American Red Cross his fullest support in its second campaign for \$100,000,000.

Our boys in Europe are looking to us to back them up and I know of no better means of supporting them than through the instrumentality of the American Red Cross.

The good it has already accomplished and the comforts and welfare it will provide later when the stress of war becomes greater for the United States forces, make it imperative that the second fund of \$100,000,000 be a spontaneous gift on the part of the American people.
