NO. 44.

DR. CARMAN AND DR. S. D. CHOWN

CONFERENCE ELECTS CONNEXIONAL OFFICERS

Rev. T. E. E. Shore in Charge of Foreign Missions—Dr. Graham Educational Secretary

Rev. Albert Carman, D. D., re-elected general superintendent of the Methodist Church of Canada for a period of eight years.

Rev. Samuel Dwight Chown, D. D., Toronto, elected general superintendent for a term of eight years, to reside in the west.

Rev. James Allen, Toronto, re-elected general secretary for missions in the home department.

Rev. T. E. Egerton Shore, Toronto, elected general secretary for missions in the foreign department, succeeding the late Rev. Alexander Sutherland, D. D.

H. H. Fudger, Toronto, elected by acclamation as honorary lay treasurer of the Missionary Society.

Rev. J. W. Graham, D. D., elected general secretary for education, to succeed the late Rev. John Potts, D. D.

The above were the results of balloting in the General Conference this morning for connexional officers. All the men elected were chosen on the first ballot and by immense majorities. Dr. Graham's election in particular being almost unanimous. Each, when his selection was declared, addressed the conference briefly.

There were 284 ballots cast for general superintendent for a term of eight years. Of these Dr. Carman received 172, the others who got votes being Rev. Dr. S. D. Chown, 67; Rev. Dr. Rose, 19; Rev. James Allen, 8; Rev. Dr. Sprague, 4; Rev. Dr. Young, 3; Rev. T. A. Moore, 2; Rev. J. S. Ross, 2; Rev. Dr. Sparling, Rev. Dr. Graham, Rev. Dr. Manning, Rev. Dr. Hazlewood, Rev. Dr. Shaw and Rev. Dr. Hearst, one each.

"I cannot but be overwhelmed with amazement at this expression of the confidence," said the venerable chairman. "For myself, I looked forward to the conference, as I told you in my opening address, with faith in God. It was with me, before I came, the calm mind in the light of Heaven to accept the decision of this conference. I, of course, realize my advanced years, the brethren all know that, we did not hesitate to let the be known through the country, but I reached the conclusion that I would listen to the voice of God through this conference. My soul was calm, my soul was firm, my soul was in the mighty God of Jacob, and you, brethren, you have but added to so many kindnesses. As I say, I can scarcely comprehend why it should be so. I would not dare to attempt to explain it. But before the Lord you serve you have expressed your mind and I cannot but accept it and go forward. I must accept it and, in the fear and love of God, go forward, whether He give me one year or five or ten, most gratefully, quietly and affectionately, most determinedly for continued labor for God. Brethren, accept my humble thanks and let us give glory to God."

CLASH IN RANKS OF REPUBLICANS

FIGHT FOR CONTROL OF STATE CONVENTION

First Struggle Will Take Place at New York Primaries to Select Delegates

(Times Leased Wire.)

New York, Aug. 24.—A battle for the control of the state Republican convention between the regulars, led by Chairman Timothy L. Woodruff, and the progressives, headed by Lloyd C. Griscom, chief lieutenant of Colonel Roosevelt, will be fought out at the city primaries Monday to name delegates to the convention.

Politicians are active to-day preparing for the struggle which has suddenly become an open one. Chairman Woodruff, National Committee Chairman Ward, William H. Barnes, Jr., and Speaker Washworth are arranging conferences with their lieutenants and planning to oppose Roosevelt's delegates. Griscom, Senator Daversport of Utica, who was praised by Roosevelt in his speech before the Kerkimer County Grange, and Postmaster Greiner, of Buffalo, Roosevelt lieutenants, are equally active and are ready to carry the fight to the polls.

Many conferences are scheduled for to-day and to-morrow, and a complete campaign, which will be short but sharp, has been mapped out.

Sherman Silent.

Utica, N. Y., Aug. 24.—Vice-President James S. Sherman refused to-day to discuss President Taft's letter to Lloyd C. Griscom, which is regarded as a repudiation of Sherman's political tactics in connection with the selection of a temporary chairman of the New York state Republican convention.

The refusal of Sherman to discuss (Concluded on page 16.)

SASKATCHEWAN CONFERENCE DELEGATION TO GENERAL CONFERENCE.

Standing (left to right)—Wm. Lawson, Rev. W. P. MacHaffie, Rev. J. A. Doyle, W. R. Mair, J. R. Little, Rev. O. Darwin, superintendent of missions. Sitting (left to right)—Dr. Bland, Rev. W. W. Abbott, Rev. J. C. Switzer, Rev. W. S. Reid, President of conference; Rev. Thos. Lawson, Rev. J. H. Oliver, G. W. Brown.

RAINS COME TO AID OF WEARY FIRE FIGHTERS

Improvement in Situation in Pacific Northwestern States—Men for Whose Safety Fears Were Expressed are Reported Safe.

(Times Leased Wire.)

Spokane, Wash., Aug. 24.—Light rains which fell during the afternoon and night and slight indications that more rain may fall soon in the forest fire zone of Idaho and Montana, did much to inspire the blistered, exhausted fire fighters, with hope to-day. While nothing less than a heavy downpour can quench the big fires, the showers of the past 12 hours did much to improve an appalling situation.

Owing to lack of rapid communication within the bounds of the fire zone there are many rumors afloat concerning heavy loss of life which it is believed will prove groundless in most cases with a return to normal conditions.

It is believed that the death list in Washington, Idaho and Montana will not exceed over 100. Early to-day the known dead numbered 53. In and near Wallace 38 of the fire victims were found. The 200 men under Ranger Kotkoff reported lost yesterday have reached Missoula safely according to telegrams received here by officials. He and his men had been fighting fire near Adair, Idaho.

Rangers Van Dyke, of Independence, and Derrick, of Salsese, likewise reported during the night. It had been feared that Van Dyke and his gang of 75 men had been hemmed in by the fire. There are several gangs of fire fighters scattered through the mountains, but owing to the continued improvement of the fire situation but little anxiety is felt, although they have not reported into headquarters.

Most of the damage thus far wrought by the conflagrations have been in the United States forest reserves of north-eastern Idaho and western Montana, in the Bitter Root, Coeur d'Alene and Cabinet ranges of mountains.

Although exact figures cannot be secured at present, it is estimated that fully 1,700 settlers were burned out and that 1,200 persons who lived in the settlements lost their homes.

Lumbermen conversant with the situation declare that fully 300,000 worth of spruce, red fir, pine, hemlock and other valuable woods have been consumed. Some timber can be saved if removed immediately, as in many places the fires killed the forest but did not damage the merchantable timber.

Long streams of smoke rising from smoldering fires in the pines are all that obscure skies otherwise cloudless in the Wallace territory to-day. Light rain fell yesterday afternoon and the wind has died down. The temperature fell to 55 degrees during the night. Conditions to-day are more satisfactory than they have been since the forest fires started. The fires have fed upon timber until there is little left to burn, and only smoldering embers remain.

Repairing Bridges.
Missoula, Mont., Aug. 24.—Although the indications for rain in this terri-

tory are slight to-day the light showers which fell in the Iron Mountain district last night did much to improve the forest fire situation.

While the fires are still serious, particularly on the west slope of the Bitter Root, it is believed that the worst has passed and that the big blazes have passed the critical stage.

The Milwaukee railroad to-day sent two bridge repairing gangs into the burned regions to repair the numerous bridges that were damaged and in many cases wiped out by the fires.

According to last reports over fifty square miles of forest in the Gallatin district have been fire swept and the flames were rapidly working toward the boundary of Yellowstone park.

Troy, Sylvanite and Libby, which were threatened by forest fires are now safe, according to reports from the district.

Fires in California.

Cleo, Cal., Aug. 24.—Burning swiftly up the brushy canyons and heavily timbered gulches of the north fork of the Feather river, a forest fire is rapidly advancing on the small mining town of Magalia, or Dostown, on the Stirling City railroad. Several cabins and other mine buildings have been destroyed. The main part of the town is directly in the path of the fire and a strong wind is sweeping down from Sawmill mountain, driving the flames rapidly toward the frame houses.

Every available man in the mountain section from Paradise valley to the Diamond Match Company's giant mills at Stirling City is at the fire front. The women and children of the ranchers and miners along the river are guarding their homes. Several small back fires have been started and two of these have broken from control in the high wind. They have joined the main body of fire, making the fire a stream more than two miles in width.

One man, as yet unidentified, is lying at the point of death from severe burns received while fighting the fire.

Incendiaries Will Be Prosecuted.
Helena, Mont., Aug. 24.—With a light rain falling over the valleys and snow in the mountains the forest fire situation in central Montana is greatly improved to-day. It is almost certain that the majority of the big fires will be subdued by the downpour if it continues long.

Encouraging reports of the fights against the forest conflagrations was received from nearly every corner of Montana to-day. It is believed that the critical stage has passed.

It was announced that careless campers and incendiaries will be vigorously prosecuted by the government.

Will Soon Be Under Control.
Medford, Ore., Aug. 24.—Assistant Forester Buck stated this morning that he believed it to be only a matter of a short time until the fires which

have been sweeping southern Oregon would all be controlled. The arrival of the federal troops and their appearance at the front has instilled new heart in the tired rangers and civilians who have been severely handicapped by small numbers, and they have taken up the battle with renewed energy.

A high wind came up about noon and Ashland is reported to be in danger. Rangers have been sent into town for more men to fight the flames.

RE-ELECTED BY ACCLAMATION

RUSS HUMBER IS AN ALDERMAN AGAIN

No Opponent Put in an Appearance When Nominations Were Called for To-day

On the stroke of 2 o'clock this afternoon, in the presence of a little group of interested spectators, Wm. V. Northcott, civic returning officer, mounted the platform in the polling court chamber at the city hall, declared the nominations closed and announced that William Henry Russell Humber had been duly elected by acclamation to the position of aldermanic representative for Ward 2.

Thus, after a month's absence from the council board, due to his having of his own volition tendered his resignation, Ald. Humber will again take up his civic duties. On the announcement of the returning officer declaring him re-elected, Ald. Humber was the recipient of a hearty congratulations from friends who had assembled at the court room.

Ald. Humber's resignation was due to his discovery that he had been guilty of a technical breach of the provisions of the Municipal Clauses Act in permitting corporation teams to deposit on the grounds of the Humber estate a considerable quantity of earth removed when Manchester street was being excavated for grading; also in having allowed a quantity of bricks to be sold from his yards to the city.

Friends of Ald. Humber knew that he would not have purposely committed a breach of the law, and on his resigning his position they promptly rallied around him and requested that he run again. His election by acclamation this afternoon is eloquent testimony to his great popularity amongst the electorate of North Ward.

It is anticipated that on Ald. Humber resuming his seat at the council board he will make an endeavor to secure an additional appropriation for park purposes. The band concert fund has been exhausted, and he may make an effort to have a few more concerts held before the close of the season.

RAILWAY COMMISSIONERS.

Chairman Mabee and Dr. Mills Will Hold Meetings in West.

(Special to the Times.)

Ottawa, Aug. 24.—Chairman Mabee and Dr. Mills are the two members of the railway commission who will hold a series of sittings of the board at points in the west, including Vancouver, Victoria, Leithbridge, Winnipeg and Fort William. The remainder of the board under the presidency of Darcy Scott will hold autumn sittings here, beginning September 12th.

ASK VICTORIA FOR HUGE SUM

BIG MONEY BY LAWS UP TO RATEPAYERS

Sum Involved in Measures to Be Voted on Next Monday Totals \$373,000

On Monday next the ratepayers of Victoria will be asked to express judgment upon a number of the most important loan by-laws ever submitted for their consideration, and speculation is keen as to the fate which awaits the various measures, which are as follows:

The Underground Telephone by-law, authorizing a loan of \$100,000.

The Sewer Loan Guarantee by-law, to enable the by-paving of a further sum of \$50,000.

The Spring Ridge Land Authority by-law, which involves an expenditure by the city of \$12,000, besides granting to the school board a free site at Spring Ridge for the new high school.

The School Loan by-law, providing for the expenditure of \$50,000 for additional school accommodation.

The Isolation Hospital by-law, under which authority is asked to expend the sum of \$15,000.

The Public Convenience Loan by-law, which provides for the borrowing of \$20,000.

Golfers Road Foreshore by-law, \$75,000.

If the value of the proposed free site at Spring Ridge for the purposes of a high school be computed at, say, \$50,000, it will be seen that the aggregate sum involved in the various by-laws, the fate of which will be decided on Monday, is no less than \$373,000—easily the largest lump sum which the people have been asked to sanction the expenditure of at one time.

While all the proposed expenditures are considered imperatively necessary in the best interests of the city, some of the contemplated undertakings are considered more important than others. These are the Sewer, Spring Ridge, High School Site, School and Isolation Hospital by-laws. Every friend of civic progress will, it is hoped, give his warm support to those measures. There may be room for a difference of opinion as to whether the loans asked for in the other by-laws should be authorized at this comparatively late season of the year. But Victoria must have more school accommodation at the earliest possible date, she must have an improved sewerage system to keep pace with the development of the city, and there is urgent need for a new Isolation hospital.

The Underground Telephone by-law, possibly the most important measure of the whole lot, is to authorize the corporation to enter into an agreement with the British Columbia Telephone Company, Ltd., regarding the removal of the telephone poles and overhead wires from the streets in the business section of the city and to raise the sum of \$100,000 on debentures. During the currency of the said debentures there shall be raised annually by special rate on all the rateable property in the corporation of the city of Victoria the said sum of four thousand dollars (\$4,000.00) for the payment of the interest on the said debentures, and

Sir Wilfrid Laurier Speaks at Meeting at Prince Rupert—Pays Visit to Scene of Father Duncan's Labors.

(Special to the Times.)

Prince Rupert, Aug. 24.—Following a trip of inspection over seventeen miles of the winding Transcontinental Railway on Monday, Sir Wilfrid Laurier and party embarked on the Hudson Bay steamer in the loneliness of the rockbound, spruce-covered north country near the junction of the Skeena river and the Pacific, where fresh and salt waters meet. The vessel rounded a point and anchored at a picturesque Indian village designated on the maps Metlakatla, and by residents within a radius of one hundred miles as the "Holy City." It gained the latter title by reason of the fact that it was the initial location of the early Anglican Scottish missionary, Father Duncan, who built a church, established a school and blazed the trail of civilization.

Sir Wilfrid was greeted by the patriotic padre Rev. J. H. Keene, who for the past 21 years has been the successor of the pioneer Duncan. With bared head the Premier traversed the quaint northern outpost of early civilization and perused the faded inscriptions on the bent, arid primitive tomb stones. Then he climbed the steep incline through waving yellow grass to the little frame school-house, through the open windows of which sounded the melodious drone of juvenile voices in recitation.

The Premier had strayed on with the padre far in advance of the party. He knocked at the door and was admitted by a lady teacher. One room was filled with tiny desks all occupied by bright eyed children. The teacher, courteous and the Premier responded with courtesy grace of Latin blood. The children instantly rose and remained standing. Sir Wilfrid passed up and down the aisles with friendly word and kindly clasp for the little ones. "May I ask a holiday?" he queried. "Anything, Sir," was the teacher's beaming reply. The morning was made a day of rest in honor of King George, whose loyal subjects we all are. A brief visit to the home of the padre, who, with the teacher were the only white residents seen, was followed by a walk down the hill to the waiting boat.

As the Premier ascended the gang plank he was stopped by a running Indian lad who thrust into his hand a little hand-made birch bark canoe. Sir Wilfrid detained the impatient vessel until he ascertained the boy's name. The little fellow had gone, but the Premier produced a note-book and carefully pencilled therein his name and address.

On the return trip, Senator Gibson was presented by Scottish settlers with a miniature boat inscribed "Marine Canadian" and christened "Laurier," for which the Premier made a feeling appropriate acknowledgment. Prince Rupert harbor was reached shortly after three.

Open Air Meeting.
The afternoon meeting held in the open air was favored by beautiful weather. The speakers were Hon. W. Templeman, Ralph Smith, F. F. Par-

MARKSMEN HOLD MEETING AT ROCKCLIFFE

Visiting Cadets Donate Cup to Be Competed for By Canadians.

(Special to the Times.)

Ottawa, Aug. 24.—Shooting at Dominion Rifle Association meeting yesterday afternoon was interrupted for a while by a heavy wind and rain storm while the 500 yards stage of the Walker match was in progress. The range was so badly interfered with that it decided to cancel it and the prizes will be awarded by the 200 yards range.

Private Clifford, Toronto, took first in rapid firing at the disappearing target at a possible 35. Sergt. Perry, Toronto, got second with the same score, the third place going to Sergt. Carr, of the British Columbia team.

At luncheon to the visiting cadets Capt. McAlmont, of the visiting team, announced that members of the team had decided to donate a cup to be competed for annually by Canadian cadets under the rules to be laid down by officers of the Dominion Rifle Association.

The annual meeting of competitors generally known as "kickers" passed off quietly. Attention was drawn to Cadet Wright who passed from the tyro class at the age of thirteen. It was thought a boy should not pass out of the tyro class until sixteen. Col. Sam Hughes instanced Col. White, of Guelph, who at the age of 74 passed out of the tyros yesterday.

Capt. Drysdale put in a plea for westerners who are going to Montreal. The meeting did not approve the proposal that a competitor be allowed to go to Biele only once each five years. Col. Hughes repudiated the charge that Dominion Rifle Association marksmen are pot hunters, declaring the best shots have been active service.

See, E. M. Macdonald, Hon. G. P. Graham, and the Prime Minister.

Sir Wilfrid touched on the Oriental question, but only to point out the importance of trade with that portion of the world. The people of Asia had been lethargic for four thousand years, they were now awaking, and would want to buy much that we have to sell. They were large users of rice, but wheat was superior as an article of food and they would take it in preference.

The construction of the Grand Trunk Pacific, the Premier said, had moved back the horizon of Canada a thousand miles, it had revealed the finest lands in the Dominion, it was both the shortest line across Canada and one of the best railways ever constructed. It had cost a vast sum, but the investment was a good one. It would serve to unify Canada, than which there was nothing more desirable.

Ralph Smith declared that there was no jealousy on the part of Vancouver and southern British Columbia against Prince Rupert and the vast country farther north and in the interior and all would have an influence on the growth of the southern portions. Sir Wilfrid had in our life-time seen the fruition of his own plans more completely than any other statesman and the speaker had given to him in his construction legislation steady support.

Mr. Pardee referred to the fact that the Premier's policy had created Prince Rupert, but that it had also developed all Canada. There had been equal railway expansion and at no time had there been such growth in immigration as during Sir Wilfrid's regime.

Mavor stork, who presided, said the Premier had put Prince Rupert on the map and that the city had enlarged good government from Ottawa and Victoria. There were four great harbors in the world, one at Tacoma, two were on the Mediterranean, and the fourth was before their eyes. The mayor intimated that when the Grand Trunk Pacific was opened a trailroad of Prince Rupert people would make the trip to Ottawa to convey greetings to the Premier and Government.

Hon. Mr. Graham, in speaking on the transcontinental project, pointed out that it was developing and opening up new territory from the Atlantic to the Pacific, all provinces being affected. The minister predicted that the new railway would result in a revolution in freight rates and general reductions. Touching the question of reciprocal trade, the minister said, "when the United States changes her ways we are ready, not till then. We must have fair play first for Canada."

The Premier and party sailed south on the Pacific on Monday night. The Premier Hays of the Grand Trunk held a telegraphic conference with Hon. Mr. Graham relative to construction development.

Hon. Mr. Graham will leave Sir Wilfrid on arrival at Winnipeg and proceed north to the Pass to investigate personally the plans and progress on the new Hudson Bay Railway.

OPENINGS FOR TRADE ON PACIFIC

COMMISSIONER REPORTS ON MEXICO'S NEEDS

Believes There is Opportunity for Exchange of Coal and Ores

(Special to the Times.)

Ottawa, Aug. 24.—A. W. Donly, trade commissioner in Mexico, sees an opportunity for trade developments with Canada in steel and coal. He points out that on the Pacific coast of Mexico are many deposits of ore for high grade steel, but there is no coal. British Columbia on the other hand has lots of coal but its ores are low. He thinks that a mutual trade could be developed, Mexico buying Canadian coal and the British Columbian establishing smelters to treat Mexican ores.

IMPERIAL SENATE PROPOSAL.

(Special to the Times.)

London, Aug. 24.—Supporting Norton Griffith's advocacy of an imperial senate, the Daily Mail points out that the House of Lords is in the melting pot, and adds, "as British people are prone to compromise there is danger that amid the dust of partisan policies they will miss the broad imperial road whereunto destiny points and towards which events are inevitably moving."

MAY COPY CANADIAN LAWS.

Ottawa, Aug. 24.—The head of the department of labor of Ohio has written the labor department here asking for copies of the Canadian enactments. He desires to know if similar legislation could obviate a recurrence of the serious strike at Columbus.

SIR WILFRID RETURNS FROM PRINCE RUPERT

Arrives at Vancouver on Grand Trunk Pacific Steamer After Pleasant Trip. (Times Leased Wire.) Vancouver, B. C., Aug. 24.—Returning from the youngest born of Canadian cities and ports, Sir Wilfrid Laurier arrived on the Grand Trunk Pacific steamer Prince George at noon, looking as though he had enjoyed his trip north immensely and had been refreshed for his journey west. When he landed at Prince Rupert last Saturday the whole population of the city were at the harbor to acclaim him; when he left on Monday night the whole population were out to wish him God-speed.

BRITISH COLUMBIANS AT RIFLE MEET

(Special to the Times.) Ottawa, Aug. 24.—Splendid weather prevailed for the third day of the Dominion Rifle Association meet and shooting was high. The leaders in the grand aggregate at the close of shooting at the 500 yards range in the governor-general's match follow: Morris, 46th, 203; Hayes, 10th R. G., 202; Mitchell, 13th, 201; Freeborn, 13th, 200. The scores of British Columbians were: Youhill, 198; Moscrop, 198; Forest, 187; McDougall, 195; Chamberlain, Alberta, scored 195.

No. 17 Gough Square, London, E. C., the memorable house where Dr. Johnson lived and compiled a great part of his dictionary, is being restored. It was here that Johnson was arrested for £5 lbs. on March 15th, 1754, the money being paid by Samuel Richardson. Of late years the house has been used as offices.

The average growth of a finger nail is an-inch and a half a year, those on the right hand growing more rapidly than those on the left and all growing more rapidly in summer than in winter.

L. YORK BOWLS MAGNIFICENTLY BURRARD DISPOSED OF BY LUNCH FOR 110

Askey Makes Highest Score This Morning—Garrison Out for 93

Announcements. There will be a meeting of cricket club captains to-night at the house of A. F. R. Martin, Rockland avenue. Captains are asked to be present at 8.30 o'clock. To-morrow night the members of the Garrison cricket club will entertain the visiting cricketers and their friends at Work Point barracks. The smoker will start at 8 o'clock. To-morrow's Matches. Garrison and Nanaimo at Work Point. Kootenay and Portland at the University. Vancouver not playing. Seattle and Saanich at Beacon Hill. Albion and Burrard at Beacon Hill. Victoria not playing.

Morning Scores. Burrard 110 against Victoria 1 for 3. Saanich 120 for 7 wickets, against Albion. Garrison 93, against Kootenay.

The highest score in this morning's cricket was 44, made by Q. M. S. Askey for the Garrison against Kootenay, at Work Point. With Askey, Thomas hit up 25, but this was the only stand made by the soldiers. For Burrard against Victoria this morning Robins hit up a gritty hundred, but none of the other batsmen were able to do anything against the almost unplayable bowling of L. York who obtained 7 for 44, clean-bowling all his wickets. Burrard totalled 110, and before lunch Victoria had lost Martin, the wicket falling at 8. At Beacon Hill, Saanich had lost 7 wickets for 80, when Little and Ferris got together and played out time. At the adjournment, adding 49 runs. At the adjournment, Little was 32 not out and Ferris 18, and the score 7 for 120. Little's score included several threes and 4 fours. At the Hospital, B. Rhodes hit two sixes off L. York, but eventually fell to the wiles of the Victoria club captain. Pettley also hit York to the fence for 4, the 6 being saved because the ball struck the top rail of the fence. The scores this morning were: BURRARD AGAINST VICTORIA. Burrard: Twynham, b L. York 11; Smith, b L. York 9; D. Rhodes, b Gallier 3; Robins, b L. York 25; B. Rhodes, b L. York 12; Killick, b L. York 3; Collinson, b L. York 1; Davies, c Lowry, b Gallier 5; Bullen, b L. York 15; Draper, not out 11; Pettley, b Gallier 4; Extras 10. Total 110. Bowling Analysis: O. M. E. W. Gallier 11 1 4 7; L. York 12 1 4 7; Lowry, not out 8; Martin, c Smith, b Davies 6.

SAANICH AGAINST ALBION. Saanich: C. Hinch, c Trimen, b Ismay 9; H. Kelghley, c Hallam, b Spain 15; H. Hammond, c Hallam, b Ismay 11; E. Heston, b Spain 10; A. McNamara, c White, b Spain 0; F. D. Goepel, b Ismay 8; C. Thomas, run out 12; H. Little, not out 15; J. Ferris, not out 15. Total 120. Bowling Analysis: O. M. E. W. Ismay 11 1 4 7; Spain 12 1 4 7; White, 9 wickets 15; Pegler, 6 wickets 21; E. A. Duncan, 0 wickets 1.

GARRISON AGAINST KOOTENAY. Garrison: Capt. Thomas, c Stubbs, b Butler 25; M. S. Askey, b Butler 44; Corp. Stevens, b Butler 0; R. H. Pooley, b Pearson 0; Q. M. S. Macdonald, b Pearson 0; Col. Serat, b Pearson 0; Corp. Hewitt, b Pearson 0; W. F. Gooch, b Mahon 3; Br. Gale, c Pearson, b Mahon 0; Corp. Wyndham, b Mahon 1; Br. Cross, not out 8; Extras 8. Total 93. Bowling Analysis: O. M. E. W. Stubbs 6 4 0 7; Mahon 7 2 2 13; Pearson 10 2 1 13; Willington 5 0 0 20; Butler 16 4 4 25.

DELEGATES OPPOSE WORLD-WIDE STRIKE. Congress of Sailors and Marine Firemen Will Probably Reject Proposal. (Times Leased Wire.) Copenhagen, Aug. 24.—With the majority of the delegates opposed to the declaration of a general strike among the world's sailors and marine firemen of the 120 classes of seafaring men in session here to-day, the agitation, begun by the English union and backed by a few American representatives, sought the betterment of conditions for sailors and stokers throughout the world through a world-wide strike. Although the formal discussion of the question has not arisen, it is known that a large majority of the delegates are opposed to a strike.

The death occurred this morning at the family residence of Edwin Herbert George Huston, infant son of Sgt. Buston, Work Point barracks. The funeral will take place to-morrow at 11 a. m. Rev. C. E. Cooper, will officiate. Interment will be made in the naval cemetery.

The regular monthly sitting of the County Court, will be held on September 12th at 11 a. m.

BORN. NESBITT—At 1821 Richmond avenue, to the wife of Norman H. Nesbitt, son. (San Francisco, Los Angeles and Pasadena papers please copy.)

TELLS OF PLOT TO WRECK STEAMER

G. B. WISE WILL BE CHARGED WITH MURDER

Prisoner and Confederate Intended to Run the Buckman on to Beach

San Francisco, Aug. 24.—Led, manacled before the body of Capt. E. B. Wood, the mariner who was murdered by his confederate, George B. Wise, confessed pirate, retold the story of the daring plan to wreck and loot the steamer Buckman, to the coroner's jury yesterday. The occasion was an inquest into the death of Capt. Wood, who was shot down by "French" West, Wise's alleged fellow pirate, who afterward jumped into the sea. Wise showed no remorse at the sight of the dead captain.

Wise is held at the city prison pending his removal to the custody of the United States marshal. He is charged by the gravity of the charge against him. On the contrary, the prisoner seemed pleased at being called a modern pirate.

According to the story told to the police, Wise said he and West embarked on their plan with only a vague idea of the disposal of whatever treasure they might seize. They made no inquiry as to whether the Buckman was carrying any large amount of money. She had, in fact, but \$150 in her safe and the passenger list was not large.

To escape with their loot the men planned to beach the vessel just south of Cape Blanco, on the Oregon coast. Wise admits that they had no maps of the interior nor any idea of where they should go after reaching land. All they knew, he said, was that part of the Oregon coast was the wildest reach of coast between San Francisco and Portland. Before they reached the railroad in the vicinity of Grant's Pass, some 200 miles by rough trail from the coast, it was their intention, he said, to bury their plunder.

The two alleged pirates seem to have disregarded the end to which the passengers of the Buckman might have come, had the big coaster been beached. So precipitous is the coast south of Cape Blanco that many lives probably would have been lost had the plans as outlined by Wise been executed. The

point at which they hoped to wreck the vessel, off the mouth of Elk river, has been the scene of many disasters, notably that of the City of Portland, when many lives were lost. The nearest town is Port Orford, a small settlement without life-saving equipment. United States Marshal Charles T. Elliott has drawn up the necessary papers for the transfer of Wise from the San Francisco city prison to the Alameda county jail, in which federal prisoners are confined. He will be held there until his trial.

Wise will face trial for murder on the high seas, according to Assistant United States Attorney Ben McKinley. It was originally intended to charge Wise with piracy, which once was punishable by death, but the law recently was amended to carry a penalty of hard labor for life. McKinley believes Wise can be convicted of murder.

PLACER DISTRICT ON WEST COAST

California Miner Says Diggings on Sombrio River Are Very Promising

Prospecting for several months in the vicinity of Sombrio river, about 12 miles this side of San Juan, J. D. Gardner, a California mining man, has returned to the city with sample of square miles, which he designates as "part of the biggest hydraulic gold-mining proposition in North America." To the Times, Mr. Gardner said: "I came up from California to Victoria last fall, and after studying up the country from a mining-point of view, decided to investigate the districts credited with placer deposits on the west coast. I went to Wreck Bay and other points, but found most of the likely ground had been leased. Finally, accompanied by R. A. Denny, who has prospected with me for years, I went to San Juan and covered the country behind the leases now being developed by the Sombrio River Mining Company of this city.

"The district is marked on the government map as a placer district, but I was astonished to find how rich in gold it was. The country is very heavy and water is scarce, making anything but a hydraulic proposition impossible, but the gravel beds bearing the mineral appear to be two miles wide and extend toward the Leech river for several miles. I judge the depth of the beds to be from 100 to 200 feet, with coarse and fine gold sprinkled pretty well all the way through."

Mr. Gardner stated that the Sombrio Mining Company had so far spent several thousand dollars developing its leases on the beach near the mouth of the river, and had installed a mile long pipe and two hydraulic giants.

RAILWAY COMPANY MUST PAY DAMAGES

Man Injured in Fight Over Right-of-Way is Awarded \$15,000 and Costs

Seward, Alaska, Aug. 21.—R. Phillips was awarded judgment for \$15,000 damages and costs against the Copper River and Northwestern Railway Company by a jury in the United States district court.

The suit grew out of the famous battle two years ago between rival railroad construction crews for the possession of Keystone Canyon. Phillips sustained a gunshot wound during the battle, and alleged that as a result he is physically incapacitated from engaging in manual labor. He sought to hold the Copper River and Northwestern Railway, a Morgan-Guggenheim corporation, responsible for his injury, and the jury found in his favor.

The attorneys for the company immediately filed a motion for a new trial on the grounds that the verdict is excessive and that the jury was prejudiced against the company. Judge Gushman allowed three days, in which time the attorneys may file affidavits to substantiate the allegation of prejudice, and remanded that he considered the award of \$15,000 damages substantial.

During the progress of the trial, Secret Service Agent Bryan was talking notes of the evidence. Bryan is in Alaska to investigate the charges of bribery in connection with the last trial of Edward Hays, at Juneau. That case also grew out of the Keystone Canyon fight. Bryan is said to possess sufficient evidence to warrant indictments in connection with the bribery charges.

CLOUDBURST DAMAGES TRACK NEAR KAMLOOPS

Traffic is Delayed Owing to Wash-out—Several Freight Cars Wrecked

Vancouver, Aug. 24.—Train No. 97 on the Canadian Pacific, with a second section following, due to arrive in Vancouver Monday night at 10:35 from Montreal, and train No. 47, from St. Paul, due to arrive at 9:25 Monday night, did not pull into the city depot until 11:45 and 1:25 respectively yesterday.

The delay was caused by a cloud-

The Famous V. I. Cigar

Excellence of Quality Better Than The Best

burst about twenty miles this side of Kamloops, where a heavy storm prevailed all day Monday, washing out a large section of track.

About an hour before the arrival at the scene of the washout of the passenger train from the east a freight train was wrecked by spreading rails, caused by a large volume of water, which washed out the track, delaying traffic. Several cars of the freight train were wrecked by the deluge, but fortunately none of the train crew were injured.

—Wm. Stewart, men's and ladies' tailor, over Terry's Drug Store, Douglas St.

—A delicious breakfast food, "Heart Hearts."

THE CONFERENCE AND ITS PROBLEMS

The Methodist General Conference has decided by a large majority that the work of the Church has grown so enormously as a consequence of the development of the country that two General Superintendents, one to be stationed in the east and the other in the west, will henceforth be necessary to meet the increasing requirements of the connexion.

ON TEMPERANCE

We know the delegates to the Methodist General Conference are deeply and sincerely interested in the question of temperance—temperance in the true significance of the term, temperance not in the sense of total abstinence from the consumption of things which have been pronounced good, but temperance as defined by acknowledged authorities—the observance of moderation.

other cause thereby. But here is something that may prove of interest to our prohibition friends. It is taken from a secular newspaper which invariably stands for all that is seemingly and of good report in both public and private life.

The publication of the internal revenue receipts for the fiscal year just ended prompts us again to inquire what effect, if any, the widespread prohibition movement of recent years has had upon the actual drinking habits of the people.

It does seem peculiar that just at a time when the conservation of the natural resources of this continent is a subject of discourse and discussion in both Canada and the United States, and particularly the conservation of resources in timber, all the north-western states should be devastated by the most destructive forest fires in the history of the country.

DEVASTATING FIRES

It does seem peculiar that just at a time when the conservation of the natural resources of this continent is a subject of discourse and discussion in both Canada and the United States, and particularly the conservation of resources in timber, all the north-western states should be devastated by the most destructive forest fires in the history of the country.

ON TEMPERANCE

We know the delegates to the Methodist General Conference are deeply and sincerely interested in the question of temperance—temperance in the true significance of the term, temperance not in the sense of total abstinence from the consumption of things which have been pronounced good, but temperance as defined by acknowledged authorities—the observance of moderation.

New Costumes Are Attracting a Great Deal of Attention. The new Fall Costumes will appeal at once to the woman who wants to wear something different, more distinctive. This season the styles are decidedly distinctive. The many radical changes that have been made during the past season will be noticed by all discerning dressers. Aside from this, the materials are of finer quality, while many new shades will also be found. A glance at them is really interesting.

Advance Styles in Imported Millinery Will Please You. The Hats this season are decidedly smart. Those which we have just opened up are principally of the small turban style, with drooping shape. There's an added charm this year in the new hats, which will at first sight make you fall in love with them. A few new models are reflected in our Government street window.

Some Seasonable Offerings in the Crockery Department. Everything necessary for preserving in stock ready for immediate delivery. PRESERVING PANS, with wire handle, enamelled ware, 6 quart size 30c, 8 quart size 35c. And various other sizes, large and small at economical prices. Jockey caps in red or navy blue serge or felt; also in leather. Prices 25c and 60c. Robinson's Cash Store, 642 Yates Street.

Oh those delicious hot cakes—Olympic Pan-Cake Flour.

James Forman and John Dean, the valuers recently appointed by the city council to adjust claims on Fort Street arising out of the widening project, on the section between Douglas and Cook streets, have entered upon their duties. All the properties to be expropriated will be valued, and later, should any of the owners dispute the figures placed upon the land by the city's valuers, arbitration proceedings will be held. It is expected that it will be upwards of a week before Messrs. Dean and Forman complete their work.

Good Whisky Makes You Well When You're Sick

There are few remedies as good to keep in the house as a bottle of good Whisky. Even those who do not drink it, as a rule acknowledge its great medicinal value. In case of illness or accident it should always be kept on hand. You will find the best assortment of remedies of this kind at this store. People who know good Whisky from bad Whisky and want the good are the people who have built up our large liquor business.

Another meeting of the civic war board, which is made up of a citizens' committee of 25 and the mayor and aldermen, will be held to-morrow evening at the city hall, when reports will be received from the sub-committees appointed to gather further data relative to Goldstream and Sooke as sources for the future water supply of the city. The committee on Goldstream, of which J. J. Shalloss is chairman, will present a very lengthy report accompanied by a recommendation in favor of the acquisition of the holdings of the Esquimalt Waterworks Company. The committee on Sooke, of which John Meston is chairman, will present some further information bearing on the Sooke Lake proposition.

Important Sale of Household Furniture.—As will be seen in our advertising columns Messrs. Stewart Williams & Co. will sell by public auction to-morrow at 2 o'clock at Major Tooley's residence, "Upwood," Signal Hill, Esquimalt, the whole of his household furniture and effects which includes an exceedingly handsome quarter oak dining suite, including six chairs, up in leather; extension table and sideboard; mahogany tea table; occasional chairs; oak chiffonier, book shelf; contents of an amateur machinist workshop, including a new 8-inch screw-cutting lathe with chuck and hand tools complete. This is an exceedingly good machine and should find ready buyers.

What for breakfast? Olympic Pan-Cake Flour hot cakes.

MUCH CIVIC WORK ON HAND

NUMEROUS WORKS OF LOCAL IMPROVEMENT

Asphalt to Be Laid on Number of Leading Streets of the City

Final steps are now being taken by the city council preparatory to the commencement of a large number of works of local improvement in various parts of the city. The reports of the city assessor and city engineer relative to the works are now open for inspection at the city hall, and unless a petition against any proposed work, signed by a majority of the owners of land or real property, and representing one-half of the value of the land, is presented to the council within 15 days, the council will authorize the execution of the various undertakings, which are as follows:

To grade, drain and pave with asphalt Government street, from Belleville street to Michigan street, and to construct curbs and gutters on both sides of said street between Superior street and Michigan street, including the reconstruction of gutters on both sides of said street, between Belleville street and Superior street, and the cost of lateral connections to sewers, surface drains and water mains, and moving poles if necessary.

To grade, drain and macadamize with bitumen Government street between Niagara street and Dallas road, and to construct gutters on both sides of said street, including the cost of surface drains and sewer connections, and water main, and moving of poles, if necessary.

To widen sidewalks and to construct curbs and gutters on both sides of Yates street between Douglas street and Blanchard avenue.

To pave with asphalt Vancouver street from Pandora avenue to the south line of Burdette avenue (roadway 32 feet wide), including cost of sewer, surface, drain and water laterals.

To pave with bituminous macadam Vancouver street from the south side of Burdette avenue to Humboldt street (roadway 32 feet wide), including cost of sewer, surface drain and water laterals.

To grade, drain and pave with asphalt Fort street from Yates street to St. Charles street, including cost of gutters on both sides of said street, also all necessary connections to sewers, surface drains and water mains.

To pave Rockland avenue with asphalt, between Vancouver street and Moss street (roadway 20 feet wide) and to construct curbs, gutters and boulevard on each side of Rockland avenue between Vancouver and Cook streets, including cost of sewer and surface drain laterals.

To pave with asphalt Richardson street (roadway 26 feet wide between curbs) and to construct boulevard on both sides of said street, including cost of sewer and surface drain laterals.

To widen, grade and rock surface Foul Bay road from Fairfield road to where Foul Bay road crosses section 68.

Better than any real estate investment on the market—Amalgamated Development company stock.

WILL BRING FAMILY AND CAPITAL HERE

Wealthy Brewer of Sault Ste. Marie Says "This is No Prospecting Trip"

Cassimir Kocot is a wealthy Bohemian, educated, refined and well known in the business circles of Sault Ste. Marie, where he owned, among other enterprises, a brewery. Some months ago Mr. Kocot, in his morning paper, saw the little "liner" advertisement of the Vancouver Island Development League, and becoming interested in this island sent for literature and exhaustive information regarding business opportunities.

Several letters were exchanged with Mr. Kocot by the league, which yesterday received a short note from Mr. Kocot saying that he had just returned from a trip to Europe and intended to come to Victoria to re-enter business life. He has sold his brewery enterprise for a sum between \$75,000 and \$100,000, packed his furniture and prepared his family for the long trip to this city.

"This is no prospecting trip," he says. "We have packed our furniture and will be able to settle down as soon as we arrive, for I have no doubt that there will be plenty of opportunities for profitable investment. We expect to reach Victoria by the end of September."

A GREAT COMEDY.
"Father and the Boys" to Be Presented at the Victoria Theatre To-morrow Evening.

The much-talked-of production of the well known comedy, "Father and the Boys," which the Hudson L. Blyden Co. will present at the Victoria theatre, commencing to-morrow night, will no doubt be one of the events of the present dramatic season.

"Father and the Boys" is one of the greatest comedies ever written, and played by the Hudson L. Blyden Co. ought to insure a bumper house to-morrow night.

Arrangements are being made to fittingly celebrate the jubilee anniversary of St. John's church, Douglas street, on September 14th. Services will be held morning and evening, at which appropriate music will be rendered and addresses given. On the evening following, a social gathering will take place in the schoolroom, which will be handsomely decorated for the occasion. The musical programme is being arranged by Mrs. Crane and Mr. Williams, and particulars of this will be given later. It is hoped by those having the matter in hand that the services throughout will be attended by audiences largely representative of those who from the first have been adherents and worshippers at St. John's.

A proof of good faith. The Amalgamated Development company offered to give one thousand dollars to any charitable institution to be selected by the representatives of the three newspapers who went to inspect the company's oil wells at the Katalla fields, if conditions were not as the management of the company had represented. The report of these independent witnesses, after examining the oil wells, was—Better than represented.

Any of those who have not attended the Capital Furniture Co.'s sale, corner Fort and Douglas Sts., and intend doing so, will have to hurry, as the sale only continues for a few days more. That this sale is a bargain feast is manifested in the large crowds that attend daily. The whole stock has been specially marked at clearing out prices and the public reap the benefit, as we must have the space for our new arrivals. Remember the time is short as the sale positively closes at the end of the month.

CRICKETERS GET TWO CENTURIES

SPLENDID INNINGS BY L. YORK AND MORRIS

Victoria, Vancouver, Portland and Burrard Winners in Yesterday's Cricket

YESTERDAY'S CRICKET. Victoria, 435 for 8 wickets, beat Seattle, 112, by 2 wickets and 238 runs.

As a result of yesterday's cricket Vancouver and Portland in the A division, and Victoria and Burrard in the B division, are the clubs which remain in the running, and these are both playing for the lead in the two divisions to-day.

The third century of the tournament was completed yesterday by Morris, of Vancouver, who made 117. In the same match Peers, for the same team, scored 60 and was unfortunately run out.

SATURDAY'S LACROSSE TRIP IS CANCELLED

Locals Will Keep Training, However for Final Big Match Here on Labor Day

Contrary to the plans drawn up by the Victoria lacrosse club, there will be no trip to New Westminster this week-end by the representative twelve of this city.

Yesterday John P. Sweeney received a letter from Manager Keary, of the Salmon-Belly team, asking for a re-arrangement of the game scheduled for Saturday, claiming that they could not secure grounds, owing to Queen's marking contracted for by the professional teams.

However, the local team will keep on practicing for the final game here on Labor Day, when they play New Westminster and expect to be able to take the Fraser River lads into camp.

The match will be played in the afternoon at three o'clock, and will be the final lacrosse match in Victoria this year.

If Victoria wins this game it will be the first time in many months that Victoria has been able to cross the finishing line of a league of provincial lacrosse ahead of the New Westminster aggregation.

The locals have certainly done better this year than they have in years past, and if the same executive and players stick together again next year they are every reason to believe that Victoria will win the Kilmarnock silverware in 1911.

For the present they want to get that second place and they will fight against the Westminsters for supremacy on Labor Day. Practices will be held regularly from now on, and all players are requested to be on hand so that Victoria may terminate the season with a win.

SNOHOMISH NINE HERE ON SATURDAY

Special From Everett May Bring Large Crowd to See Ball Game Against Locals

The Snohomish ball team is coming over here next Saturday to play the Victoria ball team at the Royal Athletic park, and as the Snohomish players beat Victoria here once this season and twice at Everett, it is not probable, from the wretched display of the Victoria team last Saturday, that the Capitals will defeat Snohomish this week-end.

Snohomish has secured another leaguer in its line-up, in the person of Ritsley. He will be the sixth and will play second base. This will not make it any easier for Victoria, but the local fans who go to see the game may have an opportunity of seeing good smart fielding by the visiting team.

The scores of the matches played at Everett were 2-2 and 5-2, and the Victorians expect to line-up on the field just the same as when they played across the line.

The Snohomish people have arranged an excursion for the day, and will come over on the S. S. Iroquois, making a week-end of it. The capacity of the steamer will be about 1,000, so Snohomish may be followed to the ball ground by the biggest ball crowd that has assembled at a ball game in Victoria this year.

SWIMMERS TO DISCUSS MATTER OF AFFILIATION

Central Body Wants a Fee From Each Individual Club Meeting This Week

Ever since the annual meeting of the British Columbia Amateur Swimming Association, held on Saturday, August 6, the secretary, A. J. Brace, has been in communication with Leonard Norris, secretary of the Canadian Amateur Swimming Club, with headquarters at Montreal, in regard to the affiliating of the provincial association with the Dominion one.

The condition under which the five clubs forming the B. C. A. S. A. wish to join the larger body is that they be allowed to affiliate together under one title, thereby paying but one entrance fee.

A letter has been forwarded by the secretary of the Canadian association to Mr. Brace, in which he states that he has received the proposition of the B. C. clubs, and has written in reply suggesting that they come in under the same rules as others, each club paying an entrance fee. The C. A. S. A. to be properly run should receive support from all its members.

The western clubs, however, he points out, would be almost as independent as ever, as a vice-president of the C. A. S. A. is elected by the clubs in each district, and has control therein, although papers are sent to the executive committee here for the formal O. K. They would also appoint their own registration committee, who would, of course, be governed by the C. A. S. A. by-laws and constitution. By joining the C. A. S. A. they could also hold Canadian championship events, and western swimmers, who have been prohibited in the past by high expense accounts from taking part in championships hitherto held in the east, would have an opportunity of winning Dominion titles in future.

A meeting of the local branch of the B. C. A. S. A. will be held some time this week, when the proposal of Mr. Norris will be read and the whole matter thoroughly threshed out. Each swimming club in this province has to pay \$10 for admittance to the Canadian body it is likely that the proposition will be dropped entirely.

Once in a great while promoters make good. The Amalgamated Development company has done so.

RESULTS OF CROQUET TOURNAMENT TO DATE

The following are the results to date of the Victoria tennis club croquet tournament being held on the grounds at Cadboro Bay road:

Open Singles. Mr. Carr won from Mr. Coles. Mr. Kirk won from Mr. Lindsay. Mrs. Barnard won from Mr. Wallich.

Ladies' Singles (Handicap). Miss Butchart won from Miss B. Galletley. Mrs. Carr won from Mrs. Grahame. Mrs. Barnard won from Mrs. Audain.

Open Doubles (Mixed). Mrs. Bowker and Mr. Bowker won from Mrs. Galletley and Mr. Wallich. Mrs. Carr and Mr. Carr won from Mrs. Audain and Mr. Lindsay.

NORTH WARD CLUB TO TALK SOCCER PLANS

With the approach of the football season, the North Ward Athletic Club is preparing for winter sports and will hold a club meeting to-morrow night at the rooms on North Ward park.

The meeting will commence about 7:30 p. m. and the election of officers will take place. The members will discuss the intentions of the club for next season, and decide on the prospects of a senior and also a second division soccer team in the field.

North Ward's success in the football field last year, when as an intermediate team it administered defeat to the Victoria West eleven, then the leaders of the city league, brings North Ward out of the intermediate ranks for ever.

The club will be represented in the senior division this year and will make the sixth team in the local league. To-morrow night the first plans for the season will be laid, and the officers want every soccer player with ambitions for a place on the eleven to be on hand at the meeting.

CIVIC NOTICE

The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable: 1. To grade, drain and pave with asphalt Government street, from Belleville street to Michigan street, and to construct boulevards (including maintenance), curbs and gutters, on both sides of said street between Belleville street and Super street, and the cost of lateral connections to sewers, surface drains and water mains, and moving of poles, if necessary. 2. To grade, drain and macadamize with bituminous Government street, between Niagara street and Dallas road, and to construct gutters on both sides of said street, including the cost of surface drains and sewer connections, and water mains, and moving of poles, if necessary. 3. To widen sidewalks and to construct curbs and gutters on both sides of Yates street, between Douglas street and Blanchard avenue. 4. To construct curbs and gutters on both sides of Quadra street from Blanchard avenue to Pandora avenue. 5. To pave with asphalt Vancouver street, from Pandora avenue to the south line of Burdette avenue (roadway 22 feet wide), including cost of sewer, surface drains and water laterals. 6. To pave with bituminous macadam Vancouver street, from the south side of Burdette avenue to Humboldt street (roadway 22 feet wide), including cost of sewer, surface drains and water laterals. 7. To grade, drain and pave with asphalt Port street, from Yates street to St. Charles street, including cost of gutters on both sides of said street, also all necessary connections to sewers, surface drains and water mains. 8. To pave Rockland avenue with asphalt between Vancouver street and Moss street (roadway 20 feet wide), and to construct curbs, gutters and boulevards on each side of Rockland avenue between Vancouver and Cook streets, including cost of sewer and surface drain laterals. 9. To pave with asphalt Richardson street (roadway 26 feet wide between curbs), and to construct boulevards on both sides of said street, including cost of sewer and surface drain laterals. 10. To widen, grade and rock surface Foul Bay road from Fairfield road to where Foul Bay road crosses Section 10, and that the said work shall be carried out in accordance with the provisions of the Local Improvement General By-Law and amendments thereto, and the City Engineer and City Assessor having reported to the Council in accordance with the provisions of Section 4 of said by-law, upon each and every of said works of local improvement giving statements showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said works, and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the Council: NOTICE IS HEREBY GIVEN that the said reports are given for inspection at the office of the City Assessor, City Hall, Douglas street, and that unless a petition signed by the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the Council within the time specified in this notice, the Council will proceed with the proposed improvement upon such terms and conditions as to the payment of the cost of such improvement as the Council may by by-law in that behalf regulate and determine. WELLINGTON J. DOWLING, City Clerk's Office, Victoria, B. C., August 24th, 1910.

Herz Lehman, a Swiss farmer, who was struck by lightning, has recovered now, but his left side has been tattooed by the lightning, the skin being entirely covered with "prints" of oak, chestnut and fir-leaves.

University School

Univ.), assisted by a resident staff of university men. For prospectus apply to the Bursar.

WOMEN'S PARLIAMENT

TO BE PERMANENT THING

Recent Presentation Here to Be Repeated in Vancouver Shortly

At a meeting of the women's parliament held yesterday afternoon in the city hall it was unanimously decided to accept an invitation which had been sent from Vancouver, to repeat in that city the entertainment given here during the summer. The date, while not definitely decided on as yet, will be about the 11th October. As it will not be possible for all who took part in the Victoria entertainment to go to Vancouver at that date, the vacancies will be filled by a number of Vancouver ladies, and the event, which is sure to be a memorable and enjoyable one, will be given in the Vancouver opera house. Mrs. R. S. Day, Mrs. Gordon Grant and Mrs. Spofford were appointed a committee to rearrange the programme, making suitable alterations.

There were present at the meeting yesterday: Mrs. Grant, Mrs. Day, Mrs. William Grant, Mrs. Gould, Mrs. Hay, Mrs. Gordon, Miss Zoberst and Miss Bruce. It was decided, after considerable discussion, that the members of the women's parliament should resolve themselves into an extension of the citizenship committee, which should meet once a month during the coming season for the discussion of matters of local interest. It was likewise decided, on motion, that the women's parliament should become a regular institution, holding a large public meeting six or seven times a year, which should be attended with all the pomp and circumstance of a regular provincial parliament.

WEDDINGS

A quiet wedding was solemnized yesterday afternoon at St. Paul's manse, Rev. D. Macrae officiating. The contracting parties were Mr. Jas. Caddy and Miss Helen Campbell. Miss M. McFawn attended the bride and Mr. W. Macrae supported the groom. Miss Caddy presented her bride with a silver chateleine bag, and the bridesmaid with a gold watch. The best man was the recipient of a gold fob. Lunch was served for the wedding party at the Driard. The honeymoon is being spent at Alberni, and on their return Mr. and Mrs. Caddy will reside at 715 King's road.

A quiet but very pretty home wedding was solemnized at 2:30 yesterday afternoon at the home of Mr. and Mrs. James Simpson, 551 Johnson street, when their third daughter, Miss Rose Simpson, became the bride of Mr. Ernest Leslie Gleason, Rev. Dr. Campbell officiating. The bride, who was given away by her father, was most becomingly gowned in a white lace dress, covered with ribbons, and a hat of the same style and trimmed with satin bands. Her bridal veil was held in place with sprays of orange blossoms and she carried a sheaf bouquet of white bride's roses and sweet peas, with streamers of white satin ribbon. She was attended by Miss M. L. Macquarrie, who looked very pretty in a dainty, bride-maid's dress of white net, trimmed with ribbons, and a hat of the same style and trimmed with satin bands and sweet peas. Mr. Thomas Shields supported the groom. The exterior of the house had been gayly decorated for the occasion with flags and bunting by the friends of the contracting parties, and the interior carried out a very effective color scheme of pink and white, sweet peas being used in great quantities. Delicate refreshments were served, and the happy couple left on the afternoon boat for Seattle and Vancouver. They were accompanied to the wharf by a merry crowd of young people, who showered them with rice and confetti. The bride's going away costume was a smartly tailored blue serge and net blouse, with which she wore a very becoming old rose hat trimmed with white plumes. On their return Mr. and Mrs. Gleason will camp in the country while the weather remains favorable, after which they will reside temporarily with the bride's parents. Only the immediate relatives and a few intimate friends were present at the wedding.

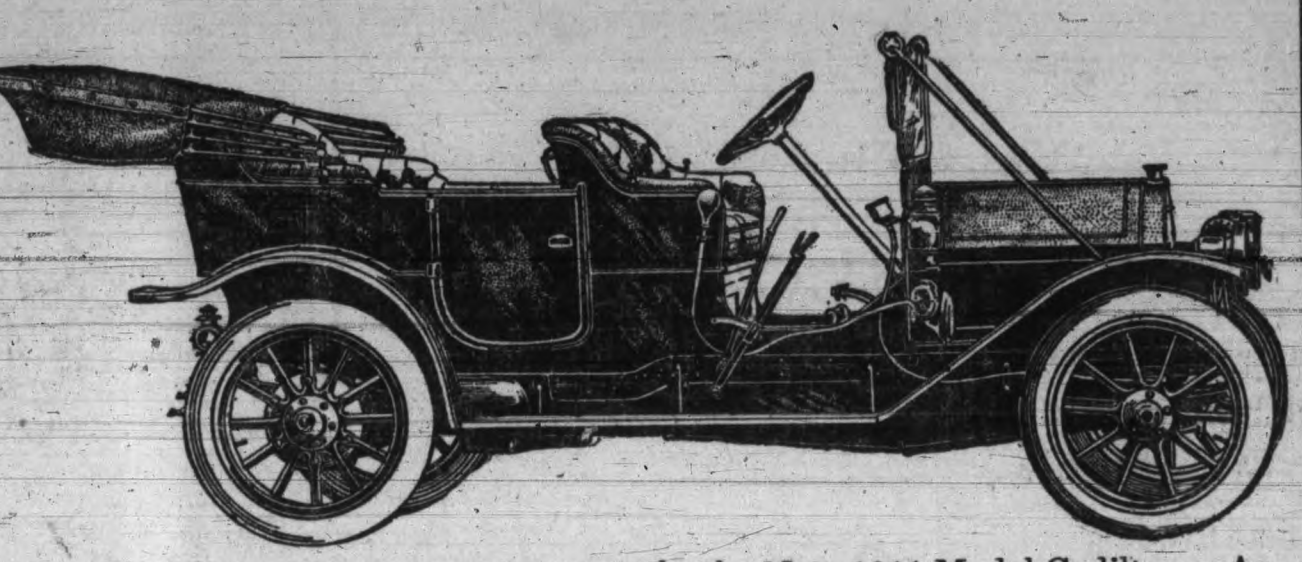

A wedding of interest to many Victorians took place recently in Vancouver, when Miss Katherine E. Macdonald, eldest daughter of Mrs. Macdonald, was united in marriage to Mr. Albert E. Sage, of Nelson. The ceremony, which was followed by a reception, took place at the home of the bride's mother, Howe street. It was performed by Rev. Dugald Campbell, Armstrong. Mr. and Mrs. Sage are spending their honeymoon in California, and on their return will reside at Armstrong.

The marriage was solemnized on Wednesday, August 10th, at Christ Church cathedral, of Mr. Louis C. Impey, youngest son of the late R. Impey, Hitchin, England, and Miss Minnie Alexandra Lansley, youngest daughter of Mr. C. J. Lansley, Shalford, Surrey, England.

NORMAL STUDENTS

The following Victoria students will attend Normal or McGill university college, third year arts: Normal school—Miss Katie Coates, 1216 Gladstone avenue; Miss Mamie Logan, 114 School street; Miss H. E. Beattie, 414 Edward street; Miss Myrtle Hendry, 1277 Vining street; Miss Nellie Jones, 1325 Cook street; Miss Evelyn LeClerc, 1610 Fernwood road; Miss Marie Bailey, 1157 Pembroke street; Miss Dorothy Fox, 909 McClure street; Miss Ethel Hardie, c. o. G. H. Hardie, Esquimalt; Miss Mavis Hanna, 972 Hazwood avenue; Miss Bernice Hinds, 293 Jessie street; Miss Edith Maltravers, c. o. A. Maltravers, Esquimalt; Miss Eva Margetta, 1142 View street. McGill College, Vancouver—Miss Alice Corry, Millstream, and Miss Edna Lehman, Milne Highlands.

This Car Is Built to Give Satisfaction and Is Guaranteed to Do It

The above cut represents correctly the New 1911 Model Cadillac. As will be seen, it is perfect in design and appearance. In fact the 1911 is the latest and greatest achievement in Motor Car construction. By purchasing one of the 1911 Cadillac Motor Cars you get the greatest amount of automobile value that is possible to get. The increase made in the cylinder bore, coupled with its more efficient carburetor, effects a material increase of power. Better come in and let us tell you more about it.

1911 Cadillac Specifications in Brief

- MOTOR—Four cylinder, four cycle; cylinder cast singly, 4 1-2 inch bore by 4 1-2 inch piston stroke. Five-bearing crank shaft, 1 5-8 inch diameter. Bearings, Cadillac make, bronze with babbit lining. Five-bearing cam shaft. HORSEPOWER—A. L. A. M. rating 32.4. COOLING—Water, Copper jacketed cylinders, copper inlet and outlet water manifolds. Gear driven centrifugal pump; Radiator tubular and plate type of unequalled efficiency. Fan attached to motor, running on two point ball bearings; center distances of fan pulley adjustable to take up stretch in belt. IGNITION—Jump spark. Two complete and independent systems, including two sets of spark plugs; Bosch high tension magnet; also new and improved Delco system, single unit coil with high tension distributor and controlling relay. (Delco apparatus located in former commutator position.) Wiring enclosed in copper tube. LUBRICATOR—Automatic splash system, oil uniformly distributed. Supply maintained by mechanical forced-feed lubricator with single sight feed on dash. Most economical and simplest system ever devised. CARBURETOR—Special Schebler, water jacketed. Air may be adjusted from driver's seat. CLUTCH—Cone type, large leather faced with special spring in fly wheel. Clutch readily removable and most easily operated ever devised. Universal joint between clutch and transmission practically noiseless in all positions and easily removable. TRANSMISSION—Sliding gear, selective type, three speeds forward and reverse. Chrome nickel-steel gears. Chrome nickel steel transmission shaft and clutch shaft running on five annular ball bearings. DRIVE—Direct shaft to bevel gears of special cut teeth to afford maximum strength. All gears cut by us. Drive shaft runs on Timken bearings. Two universal joints, the forward telescopic, each enclosed in housing and running in oil bath. AXLES—Rear, Timken full floating type; special alloy steel live axle shaft; Timken roller bearings. Double torsion tubes arranged in triangular form affording unusual strength. Front axle drop forged I beam section with drop forged yokes, spring perches, tie rod ends and steering spindles. Front wheels fitted with Timken bearings. BRAKES—One internal and one external brake direct on wheels, 14 inch x 2 1-2 inch drums. Exceptionally easy in operation. Both equipped with equalizers. STEERING GEAR—Cadillac patented worm and worm gear sector type, adjustable, with ball thrust. 1 1-3 inch steering post, 18 inch steering wheel with corrugated hard rubber rim, aluminum spider. WHEEL BASE—116 inches. TIRES—On Touring car, Demi-Tonneau, Roadster and Coupe, 34 x 4 inches; Limousine 34 x 4 1-2 inches. SPRINGS—Front, semi-elliptical, 36 inches long by 2 inches wide; Rear, three-quarter platform; sides, 42 inches long x 3 inches wide; Rear cross 35 inches long x 2 inches wide.

OTHER IMPROVEMENTS FOR 1911 ARE Enclosed Wiring Improved Appearance Larger Brake Drums Large Radiator Two Ignition Systems Larger Engine

DR. CHASE'S OINTMENT. SUCCEUMS TO INJURIES. Oakland, Cal., Aug. 24.—After she allowed physicians to drain her arteries of a quarter of her life blood in the hope that she could give her injured husband strength to survive, Mrs. Claude E. Spence is mourning his death, which occurred in spite of her heroism. The blood was drawn from an artery in the woman's wrist through a rubber tube and pumped into a vein in her husband's arm. For several hours he rallied, and the woman, who was placed where she could see him, smiled feebly with hope. His injuries were too severe, however, and he died on Monday night. Spence, who was a railroad brakeman, was crushed between two cars. NARROW ESCAPE. Seward, Alaska, Aug. 24.—Chas. G. Hubbard, of the Hubbard-Elliott Company, narrowly escaped death when charged by a bull moose while hunting in the Lake Kenai country. He killed the enraged animal when it was only ten feet away. The horns are said to be the most beautiful yet found in this section of Alaska. A MARTYR TO HEADACHES? NA-DRU-CO HEADACHE WAFERS 25c a Box at your druggist's. will make life comfortable for you again. They relieve the worst headaches in 30 minutes or less. National Drug and Chemical Company of Canada, Limited, Montreal.

The manner provided for in the Municipal Clauses Act, and shall take effect on the day after the final passing thereof.

MUNICIPAL NOTICE

Municipal Bye-Election, 1910

PUBLIC NOTICE is hereby given to the Electors of the Municipality of the City of Victoria, that I require the presence of the said Electors in the Court Room at the City Hall, in the said City of Victoria, on Wednesday, the 24th day of August, 1910 from 12 noon to 2 p. m., for the purpose of electing a person to represent them in the Municipal Council as Alderman for Ward No. 2 to fill the vacancy caused by the resignation of Mr. Wm. Henry Russell.

The mode of nomination of Candidates shall be as follows:

The candidates shall be nominated in writing, the writing shall be subscribed by two voters of the Municipality as proposer and seconder, and shall be delivered to the Returning Officer at any time between the date of the notice and 2 p. m. of the day of the nomination, and in the event of a poll being necessary such poll will be open on Saturday, the 27th day of August, 1910, from 9 o'clock a. m. to 7 p. m. in the manner following:

For the office of ALDERMAN for Ward No. 2, in the Police Court at the City Hall, of which every person is hereby required to take notice and govern himself accordingly.

The persons qualified to be nominated for and elected as ALDERMAN of the City of Victoria shall be such persons as are male British Subjects of the full age of Twenty-one years, and are not disqualified under any law, and have been for the six months next preceding the date of nomination the registered owner in the Land Registry Office of the City of Victoria of the assessed value of the last Municipal Assessment Roll of Five Hundred Dollars, or more, over and above any registered judgment or charge, and who are otherwise duly qualified as Municipal voters.

Given under my hand at Victoria, British Columbia, this 14th day of August, 1910.

WM. W. NORTHCOTT, Returning Officer.

For the purpose of raising annually the amount of the debt at maturity of the said debentures during their term, the said debentures shall be secured by a rate assessed annually on the rate of the debt at maturity of the said debentures, and the said rate shall be assessed annually by a rate assessor thereof, on all rateable land and property in the City of Victoria, and the said rate shall be assessed during the continuance of the said debentures or any of them.

This by-law shall, before the final passing thereof, receive the assent of the electors of the said Corporation in the manner provided for in the Municipal Clauses Act, and shall take effect on the day after the final passing thereof.

10. This by-law may be cited as the Public Convenience Loan By-Law, 1910.

Passed the Municipal Council on the 12th day of July, 1910.

TAKE NOTICE that the above is a true copy of the proposed by-law, upon which the vote of the Municipality will be taken at the building known as Numbers 147 and 149 (Mr. Meaton's building) Broad street, on Monday, the 29th day of August, 1910, that the polls will be kept open between the hours of 9 o'clock a. m. and 7 o'clock p. m., and that Mr. W. W. Northcott has been appointed the Returning Officer of the said vote.

The Evening Chit-Chat

BY RUTH CAMERON

"Mr. L. lived there," pointed out the lady with whom I was driving. "You didn't know him? Why, he was a real prominent man. When he died he had the greatest funeral I ever saw. The flowers were something magnificent. There must have been three or four hundred dollars worth. It was a grand funeral. I wouldn't have missed it for anything."

With difficulty I repressed a smile. And then a sigh. Even into the valley of the shadow we carry the ceremony, the ostentation, and the money attitude of the world.

I think our fashionable weddings, to which we bid, not those few whom we really love and who love us, and to which such an occasion really belongs, but all the curious gaping crowd of our acquaintance, who come as they would go to a play or any other spectacle, are "bad" enough, but to have funerals on the same plane is even worse.

"Yes, Harry had a terrible time to get away from his business—you know it's their very busiest season—but I told him we simply had to go to Mr. R.'s funeral. What would Mrs. R. think if we didn't?" a woman said to me the other day.

What an insult to the dead man to carry formality and punctiliousness and ceremony even to the edge of the grave!

I have written before of the cruelty and uselessness of the average funeral service, "harrowing feelings already harrowed almost past endurance, and doing no one any possible good."

To-day I protest especially against its formality and ceremony—the habit of regarding it as a function which must be attended by all the acquaintances of the dead man and his family, and the old idea that

I do not believe in the idea that we honor the dead that way. If we really want to do him honor I think we can do it far better by trying to be a bit kinder, a bit more forbearing, a bit less unselfish to our fellowmen whenever we think of him.

I should like to see funeral services completely abolished and a simple commitment service left as the only burial ceremony, but if there are to be funerals, let them be attended only by a man's close friends who come spontaneously and not by obligation.

An unknown poet has expressed just my feelings on this subject. I wonder if they are yours:

When I am dead I would not have the rude and gaping crowd Around me gather, and 'mid lamentations loud Tell of my virtues; and with vain regret Bemoan my loss, and, leaving me, forget. But I would have the few of kindly Who when misfortune came, so nobly did their part, And oft by thoughtful deeds their love expressed; These would I have, no more, no less. When I am dead.

GRAND TRUNK PARTY COMING

WILL SPEND SEVERAL DAYS IN THIS CITY

To Make Final Decision in Regard to New Hotel and Other Matters of Importance

The visit of the Grand Trunk Pacific party next week, headed by Charles M. Hays, will be of great interest to Victoria. They will have a number of important things to consider. One of the most important of these will be the decision in regard to the new hotel which it is proposed to erect on Government street, south of the Empress. The company has an option on a large block of property at a price approximating a quarter of a million dollars, and enough money has been advanced to make it a practical certainty that the deal will go through. The question now to be determined is of what sort of a building will be erected and when will it be done? This will engage the attention of the president and other members of the party, and it is hoped that some announcement of the intention of the company will be made before Mr. Hays leaves on the return trip.

The party will be much interested in inspecting the new dock which will be almost completed by the time they arrive. There are four floating landings being built on pontoons, one at A pier, two at B pier and one at C pier. Inside the big warehouse a customs and freight office is being constructed, and opposite it a baggage and express office.

The contracts for the erection of the new ticket office have not yet been let, and it is possible that this will be done while the party is here.

The party will leave Prince Rupert bound south on the 23rd inst., reaching here on the evening of the 25th. They will leave for Seattle the same night, but will be back here on the morning of the 2nd, and remain until the 5th. This will give them plenty of time to interview the provincial government on a number of questions that they wish to discuss. There is the matter of town-site, of branch lines, and a hundred and one other subjects which need to be

talked over with Premier McBride and his colleagues. All these questions will have an important effect on the future operations of the company in this province, and therefore are very important to the people who are looking for great things from the G. T. P. Company.

The members of the party are as follows: Alfred Smithers, London, Eng., chairman; Chas. M. Hays, president; E. J. Chamberlin, general manager; Mrs. Chamberlin, Sir George Doughty, M. P., and Lady Doughty, London; G. B. Hunter, Thornton Davidson, Mrs. Thornton Davidson, Miss Eva Smithers, Hubert Smithers, London; Jno. W. Loud, freight traffic manager; W. E. Davis, passenger traffic manager; J. E. Dalrymple, assistant freight traffic manager; James Caruthers, Montreal; J. Alex. Hutchison, chief medical officer; D. E. Galloway, secretary to president; S. WAS NOT SOLD.
Less Than \$100,000 Offered for Steamer Knight of St. George Now Loading on Puget Sound.

The steamer Knight of St. George was not sold at the recent auction, the price offered being less than \$100,000. The vessel is now under charter by the Robert Dollar Company, and is partly loaded with Aberdeen lumber. After completing at Soledad mills a cargo of 5,000,000 feet, she proceeds to sea for China.

The Knight of St. George is one of the largest lumber carrying tramp steamers afloat. She has furnished much interest recently by efforts of British owners to effect a sale on the Pacific.

The vessel arrived several months ago at San Francisco from Mexico. After a long illness, an effort to make a sale by auction fell through, owing to small tenders made. In spite of the fact that the Knight of St. George is comparatively a modern ship and an unusually large carrier, a price of less than \$100,000 was offered.

PRIVILEGE EXPIRES THIS YEAR.
(Special to the Times.)

Ottawa, Aug. 24.—The privilege of the New England Fish Co. to land their catch of halibut at Vancouver and transport it through across Canada in bond to Boston will expire in December and the question of continuing it will be up for consideration. The Fraser River Fish Company and other Canadian companies on the Pacific coast are making a hard fight to have the privilege cancelled and American companies driven out.

BIG STEAMERS FOR AUSTRALIA

PRESENT VESSELS WILL SOON BE TOO SMALL

Zealandia Attracted Much Attention Yesterday as She Concluded Maiden Voyage

"The Zealandia gives the finest service of any steamer on which I have travelled," was a very common expression last evening by passengers on the new Huddart Parker steamer which arrived on the regular sailing of the Canadian-Australian liners. From the saloon to the steerage the same story was heard. Capt. Phillips, formerly of the Aorangi, was particularly well pleased with his new craft which, he says is the best on the run.

The Zealandia attracted a good deal of attention, a good many people going down to the dock to look at her as she came up from quarantine. She is certainly a fine vessel, although probably not quite as well suited to the voyage through the tropics as the Makara. Before leaving Sydney she was fitted up with a new refrigerating machine in order that she might be able to carry the carcasses of mutton which are a feature of the shipments to this port and Vancouver. She is now able to handle 3,000 frozen muttons, which at the end of every voyage bring joy to Canadian homes, which otherwise would have to go without this commodity.

Among the 228 passengers who made the voyage were the members of the American football team, who were returning from a tour of New Zealand and Australia, where they found that the British people of those countries were good exponents of the game. The visitors won only three games throughout their tour.

A. J. Fraser, a newspaper man, was on his way to London to take charge of that end of the new press service which has been inaugurated by way of Canada and the All-Red cable from Banfield. Another passenger of some note was Sir Evarid in Thurn, governor of Fiji, whose term there has expired and who is returning to England.

The following departed here: Mr. and Mrs. H. Gordon, Mr. and Mrs. G. F. Clemons, Mr. and Mrs. Prince and child, Mr. and Mrs. N. G. Bree, and child, Mr. and Mrs. A. Werner, Mesdames F. W. Wyne, G. Arndtson, L. R. Muston, C. Allart, A. Futterer and 2 children, Misses E. E. and M. L. Melien, A. Gowans, May Smith, G. Jones, E. Charles, M. Smith, L. Tuttle; Messrs. D. W. Burbank, K. Dole, G. T. Cheda, W. L. Norton, L. B. Minton, F. Fitting, B. Erb, F. C. Brown, T. Sanborn, A. E. Roth, E. Kern, J. G. Schaeffer, C. Pheger, J. Dwiggins, M. Harris, A. Elliott, C. Allen, E. L. Watts, M. Morris, D.

The officers of the Zealandia were agreeably surprised to hear that the subsidy for the line had been renewed for another year in addition to three or five years for which contracts are being called. They state that business is constantly on the increase between the two countries, and that in about a year the new steamer will be too small for the business. As soon as the matter of tenure of the contract has been settled additional and larger steamers will be secured, and the service to this coast is expected to be the best on the ocean.

NOTICE

IN THE MATTER OF THE "NAVIGABLE WATERS" PROTECTION ACT, BEING CHAPTER 13 OF THE REVISED STATUTES OF CANADA, 1906.

TAKE NOTICE that James R. Stewart, in pursuance of Section 7 of the above named Act, has deposited the plan of work and description of the proposed site thereof, to be constructed upon all that foreshore and submerged land in West Bay of Victoria Harbor, B. C. (six) adjacent and pertaining to Lots 5 (six) and 7 (seven) of Section 22 (thirty-two), Municipality of Victoria, and more particularly described as follows:

Commencing at a point north fifty-six degrees and forty-five minutes east (N. 56 deg. 45 min. E.) and twenty-eight and seven-tenths (28 7/10) feet from the intersection of west boundary of Lot 6 with high water mark of West Bay, thence south eleven degrees and six minutes east (S. 11 deg. 06 min. E.), a distance of six hundred and sixty-seven feet (667 ft.), thence east a distance of one hundred feet (100 ft.), thence north a distance of seven hundred feet (700 ft.), more or less, to shore line, and thence following shore line to point of commencement.

AND TAKE NOTICE that the expiration of one month from date of publication hereof application will be made to the Governor in Council for approval thereof.

Dated at Victoria, British Columbia, this 10th day of August, 1910.

Bitulithic, the ideal pavement. Non-slippery, noiseless, dustless, sanitary, waterproof. Fourteen million yards under contract. Literature from Warren Construction Company, box 1066.

LOCAL NEWS

—For hot cakes—Olympic Pan-Cake Flour.

—On Monday next all the public schools throughout the province will re-open for the fall and winter term. Since the last school term the education department has enlarged the scope of the free textbook branch, now supplying fifth readers, Latin grammar and drawing books to the pupils of the lower High school grades.

—A new vocal teacher, successor to Mr. Chas. Bethune, has arrived in Victoria in the person of Mr. Paul Edmonds, a well known vocalist and professor of singing from London, England, who was principal baritone with Madame Tetrazzini on her last British tour. He has opened a studio at Messrs. Watt's piano stores, Government street.

—The prize of \$200 offered recently by the provincial government for the best design for laying out the grounds of the new Coquitlam retreat has been awarded to K. McLaren, of this city. There were numerous competitors. The contract for the erection of the new farm buildings at the retreat has also been awarded to the Westholme Lumber Company. The barns are already well advanced towards completion.

—The mayor's office has been temporarily transferred to the old committee room at the city hall, pending the completion of a process of renovation now in progress in the old quarters. The cleaning-up movement which has worked such a transformation in the various department offices at the city hall is shortly to be extended to the city clerk's room.

—In future the rule of the road, especially in the down-town districts, will be rigidly enforced by the police. Complaints have, from time to time, been made by careful drivers of the danger of accidents ensuing from glaring breaches of the regulations affecting traffic and City Prosecutor Harrison yesterday brought a test case in the police court against R. Powers for driving on the wrong side of Yates street, at the corner of Government street. Magistrate Prior imposed a fine of \$10.

CIVIC AUTHORITIES MAY INTERVENE

Union Men Declare Effort Will Be Made to Settle Dispute at Winnipeg

(Special to the Times)

Winnipeg, Aug. 24.—It was stated by a number of members of the bricklayers' union last night that there was reason to believe that the civic authorities intended to step in and try to settle the dispute between the builders' exchange and the union men. Comptroller McArthur's name was mentioned in connection with the matter.

Asked whether this was the case or not, the comptroller said he had heard nothing of such a suggestion. He refused to say whether he would endeavor to secure an amicable settlement but had certainly not been approached on the subject.

A number of the union men claimed that the employers who are being hit hard by the present difficulty had asked the city fathers to use their good offices with a view to securing their return to work in order that progress shall be made with the many buildings now awaiting completion.

NEW YORK STOCKS

(Times Leased Wire)

New York, Aug. 24.—Light trading and several bad slumps in the leaders marked the stock market to-day. The feeling that a political crisis is approaching caused several securities to slump. Brooklyn Gas fell 4. Federal Mining 2, Reading, Southern Pacific, U. S. Steel and Union Pacific 2, Rock Island 2, New York Central and St. Paul 1, Northern Pacific 1/2, Penna. 1/2, and Amalgamated Copper 1. The market closed heavy. Bonds were easy.

NOTICE TO CONTRACTORS

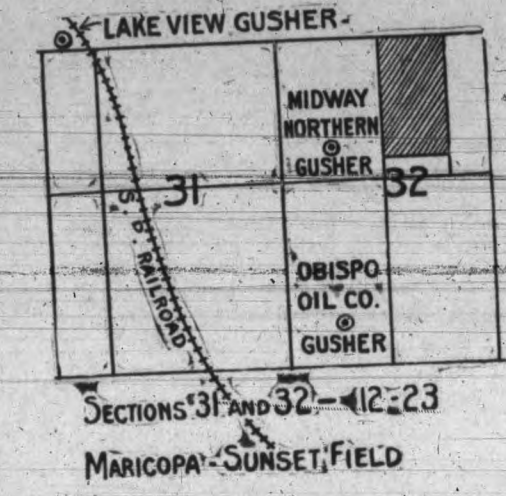

Tenders for the construction of a brick building, and for the plumbing and electric wiring therefor, for Messrs. F. Moore and H. J. Scott, on Douglas street, Victoria, are invited up to noon of Monday, August 29th, 1910.
The lowest or any tender not necessarily accepted. Plans and specifications may be seen at the office of
H. S. GRIFFITH, Architect,
1006 Government Street.

WILL HAVE TWO CHIEF OFFICERS

DIVISION OF THE SUPERINTENDENCY

Action Taken by the General Conference—Delegates Extend Greetings

That there shall be two general superintendents of the Methodist church in Canada, one to be stationed in the west, was decided by the General Conference yesterday afternoon, after a lengthy and at times warm debate. The vote was 212 to 92. The report of the committee on general superintendency recommended that there should be three general superintendents, one stationed east of Ontario, one in Ontario and the third west of Ontario. The committee further recommended that one of these general superintendents should be elected for eight years and two for four years each.

J. A. M. Atkins, K. C., Winnipeg, chairman of the committee, in explaining the reason for its recommendations pointed out that it was impossible for one man to fulfill the duties of superintendency as outlined in the Discipline. The general superintendent was supposed to visit every district in the church and to add, where possible, the deliberations of the different conferences. Canada was a nation in the formative period. Inside of nine years the population of the west had increased from 900,000 to 1,500,000. In one year there had been 35,000 homestead entries. The Methodist church would be simply repaid for anything it could do in the nature of supervision by playing its part in moulding a good type of citizenship in Canada. Presbyterianism occupied its strong position in Western Canada to-day on account of the untiring general superintendency of Dr. Robertson. In the next four years, said the speaker, conditions would arise which would require the best possible supervision. Two types of people were in the upbuilding, one in the east and the other in the west. Between the two lay a wilderness, eight hundred miles in breadth.

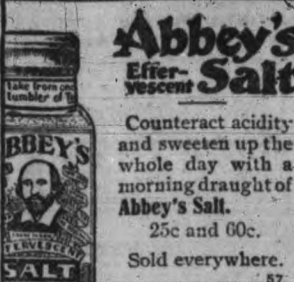

Rev. Dr. Manning, London, Ont., said the case for three general superintendents had been presented in a very crude manner. There seemed to have been no due consideration of what the change would signify. The conference was asking to elect three general superintendents on vague suppositions as to what were the needs of the church. It was said that the coming in to the Dominion of so many different types of nationalities created problems with which the church would have a grapple. But were there any problems to-day that were really new? The Methodist church had at present more officials in its organization than the Dominion government. In his opinion the duties of the general superintendent were to be found in what previous holders of the office had done. To enlarge these duties it was necessary to change the constitution of the church. At present the holder of the dignified position had not the power of a chairman of a district board. If the conference wished to carry out reforms as far as the supervision of the church went, then the general superintendency must be given more power.

Rev. Dr. Antler, Acton, Ont., seconded by Rev. W. J. Smith, Hamilton, moved an amendment to the report to the effect that two general superintendents be appointed. The mover said that circumstances had, and might again arise, when the general superintendent might wish to seek counsel with some one on a similar plane with himself. The conference could not refuse the appointment of two men on the grounds of expense. He suggested that one should be stationed in Toronto and the other in Winnipeg.

Rev. Mr. Smith contended that through there being only one general superintendent that official had been overloaded with duties. Rev. Dr. Ryckman, Kingston, paid high tribute to Dr. Carman, and said one general superintendent was all the Methodist church required. Judge Chesley, Lunenburg, N. S., thought the appointment of two superintendents would divide the pres-

Abbey's Effier-Salt

Counteract acidity and sweeten up the whole day with a morning draught of Abbey's Salt. 25c and 60c. Sold everywhere.

tige of the office, and would be like asking Sir Wilfrid Laurier to divide the premiership.

Rev. Dr. Williamson, Niagara Falls, thought the proposal would divide instead of unite Methodism. Rev. Dr. Stewart, Wesley College, Winnipeg, dealt glowingly on the growth of the west and the need of an enlarged supervision in church affairs. Dwelling on the prospective growth of the country he pointed out that the last great west was unknown to the Canadian people. In the Mackenzie River district he said, there was as much land suitable for the cultivation of crops as in the area which lay between the Great Lakes and the Rocky Mountains. The present general superintendent of the church had been as efficient of the discharge of his duties as any other man who could possibly have been chosen. But how many times had he attended conferences held in the west?

Rev. W. H. Emsley, Nanaimo, supported the committee's recommendation. He had knowledge of conditions in the west, he stated, and knew that superintendency in the work of the Church was needed.

Rev. Dr. W. H. Heartz, Amherst, N. S., said the contention of the western delegates for a general superintendency was a correct one. There were also district features in the east which called for the appointment of a general superintendent.

Closing the discussion Mr. Justice MacLaren, Toronto, said that it was unfortunate for the Church that there was more prohibition than duty assigned to the general superintendency. There seemed a prejudice against having power to the office. Since the Union of the Church in 1884 its machinery had grown largely. While the Church had doubled in strength, the duties of the general superintendent had increased five-fold. In view of this there should be an increase in the personnel of the general superintendency.

The committee's recommendation of three general superintendents was defeated by a large vote and Dr. Ouliff's amendment for two adopted. The report was sent back to be redrawn in accordance with this view.

Rev. Dr. Howard Sprague, Sackville, president of the New Brunswick conference, made a strong plea for financial aid from the delegates to the Methodist cause in Campbellton, the town which was recently practically wiped out by fire. He pointed out that the Methodist church had been destroyed, and that the homes of all its members with the exception of two had been wiped out.

Rev. W. S. Griffen, Toronto, moved, seconded by Rev. T. E. Bartley, Toronto, that the sum of \$2,000, a portion of the balance of the Union Church Relief Fund, should be devoted to the needs of Methodism in Campbellton. This motion was not put, but referred to the committee, which has the disposition of the balance in question in charge.

A clerical and lay delegate of the superannuation fund were appointed as follows: Clerical, the Rev. Dr. W. S. Griffen, of Toronto; lay, Mr. E. Gurney, of Toronto.

The night session was devoted to hearing fraternal delegates from the Methodist Episcopal Church of the United States, Rev. Freeman D. Board, D. D., San Francisco, and Hon. R. A. Booth, Portland, Ore. There was a large attendance of the public.

Social Reception.
 On Saturday afternoon the members of the conference were the guests of the matron and members of the Oriental home on Cormorant street, where a most enjoyable and interesting time was spent.

Mrs. Snyder, the matron, assisted by Miss Martin and Miss Smith, the two resident teachers, welcomed their guests in the handsome reception hall, and afterwards showed them through the rest of the building, in which all manifested the keenest interest.

The children were lined up in the school room and sang their kindergarten songs and some simple hymns for the visitors. The effect of the blending of the Chinese and Japanese childish voices was one which will not soon be forgotten by eastern visitors. A pretty feature of the entertainment was a flag drill given by the children, who waved tiny Union Jacks, and proclaimed that red stood for love, white for purity and blue for fidelity.

Dainty refreshments were served in the prettily decorated dining room and in the adjoining drawing room and reception hall, and a hearty vote of thanks to the matron and her assistants was given by all present on motion of Dr. Moore, general secretary of the conference.

PANAMA-PACIFIC FAIR.
 People of California Will Vote on Proposal to Grant Financial Aid to Exposition.

Sacramento, Cal., Aug. 24.—Governor Ghelti yesterday issued a proclamation calling the state legislature into special session September 6th, for the purpose of adopting amendments to the state constitution which shall be submitted to the people arranging to give financial assistance to the Panama-Pacific exposition to be held in San Francisco. The probable plan will be to levy a tax of 4 cents on the \$100 for four or five years to bring in the needed revenue.

CHILD BURNED TO DEATH.
 Alberni, Aug. 23.—Alfred, the four-year-old son of Ernest Woodward of Alberni, was fatally burned Sunday morning. The boy had been sleeping in a tent adjoining the house and accidentally set fire to his night-dress. He lived in agony for about six hours.

PROPOSED CELEBRATION.

Nelson, Aug. 23.—A movement is on foot to hold a celebration next year either at Nelson or at a point along the Main Lake of the twentieth anniversary of the discovery of silver in the Slocan, which took place twenty years ago next July. The finding of silver at Alsworth marked the beginning of mining in the Kootenay.

CHILDREN'S LONG JOURNEY.

Vancouver, Aug. 24.—Among the passengers for the steamer Camosun, from Prince Rupert, were three-looked children, bound home to Norway. It will be remembered that a few months ago a Norwegian named Lofsted was found guilty of manslaughter in respect of the death of his wife, and was sentenced to seven years' imprisonment at the last assizes. Three

small children were thus left to look after themselves, but Prince Rupert people interested themselves in the case, and the three small children are on the way home to relatives in Norway. The eldest is a girl of ten years of age, and she is looking after the others with a motherly air that won her the love of all aboard the Camosun.

WE HAVE THE OIL!

The Remarkable Progress of The Amalgamated Development Company

Has been unprecedented in the history of the Oil industry. Full title to all of this Company's immense holdings was not completed until the 20th of June—JUST TWO MONTHS AGO.

Since that date the Company has installed machinery for pumping two flowing oil wells. Has commenced and is already far advanced with the construction of a refinery on the ground; and has shipped NINE MILES OF PIPING to convey the product of their Oil Wells to tidewater.

Can This Record of Progress For Two Months Be Beaten?

The present week will see the stock of the Amalgamated Development Co. quoted upon one or more of the local stock exchanges. WATCH IT RISE.

Semi-Steel Fire-Pot—Not Gray Iron

A FIRE-POT of a furnace should be able to endure tremendous heat and to repel the attacks of sulphur fumes.

The material commonly used for a fire-pot is gray iron. The Sunshine fire-pot is Semi-Steel.

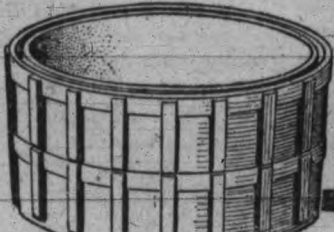

Now, avoiding technical terms, gray iron has what may be called "open" pores. Through these "open" pores the destructive sulphur fumes attack the iron and hasten disintegration.

On the other hand, Semi-Steel is a close-grained material, with a smooth-as-glass surface which practically seals or "closes" up the pores. Semi-Steel easily repels the attacks of gas fumes and thus greatly prolongs the life of the fire-pot.

Remember, the Sunshine is guaranteed by the largest makers of furnaces in British Empire, to heat your home to your entire satisfaction.

A Semi-Steel fire-pot weighs 20 per cent heavier than the same size and pattern in gray iron. It is therefore better able to endure tremendous heat.

Semi-Steel is made by an exclusive McClary process. You can only get a Semi-Steel fire-pot with a McClary furnace. That is one strong reason why you should have

TRAGEDY IN KRAGG HOTEL

MARTIN HELLAR KILLS WILLIAM PALMER

Murderer, Fatally Wounded, is Taken After Chase Lasting Forty-Eight Hours

Fernie, Aug. 23. — KRAGG, a town thirty miles south of here on the Great Northern railway, was the scene of a sensational murder on Saturday evening when Martin Hellar, Palmer, a 31-year-old man, shot William Palmer, aged 31, in the barroom of the Kragg hotel. Three gunshot wounds were inflicted in the victim's breast and chest and the train while being brought to Fernie. The murderer escaped.

The story of the killing as learned here is that about 6 o'clock on Saturday evening as Mrs. Palmer, mother of the murdered man, Policeman Lacey and Burt Rawson, the bartender of the hotel, conducted by tender of the hotel conducted by Mrs. Palmer, were seated at a table in the dining-room, they heard reports of a gun in the direction of the barroom where William Palmer was on duty. Mrs. Palmer at once rushed to the bar, where she was met by Hellar with a smoking rifle in his hands. Beyond him she saw the form of her son in a stooping position, with his hands pressed to his breast. When Palmer saw his mother he exclaimed: "Oh, mother, he has killed me; he shot me through the lungs."

Hellar said: "Yes, I have killed him and I will kill you too."

Notwithstanding this threat, Mrs. Palmer rushed past the man, and throwing her arms about her fallen son, assisted him to the dining-room, where he sank to the floor overcome by the rapid flow of blood from three wounds in his breast.

In the confusion which followed the murderer escaped from the building and started down the railroad track. Constable Lacey followed him, but when the retreating man saw him he levelled his .38.39 rifle at him and told him to go back if he did not want to be killed. Not having anything heavier than a revolver, the constable had to beat a temporary retreat, and Hellar disappeared in the woods, but was captured later.

The northbound Great Northern passenger train, then due, was stopped and Dr. Saunders, who happened to be aboard, held the train long enough to have Palmer and his mother taken aboard and started on a life and death journey to Fernie.

An examination of the wounded man disclosed that three shots had been fired, all of which had entered the upper part of the breast and left shoulder. Two of these evidently had penetrated the upper part of the lungs and proved fatal, Palmer expiring in the arms of his mother before the train reached here.

After an exciting chase of nearly 48 hours, Hellar was captured near the hotel where he had done the shooting Monday afternoon about 5 o'clock, but not until after a fusillade of firing from both sides had resulted in the fatal shooting of Hellar by Policeman Gorman of the Fernie police force, after making his getaway Saturday evening. Hellar travelled up the river, keeping under cover of the bushes and timber, but being kept track of by the police. Sunday he appeared at the Ingram ranch a few miles south of Elk river,

where he demanded food. He then seems to have gradually worked his way back towards Kragg, and appeared in the open at 2 o'clock Monday afternoon on the railway track in plain view of the hotel where he had fled after doing the shooting.

The police force were away at Duck Lake where they had heard he had been seen, and Hellar sat upon the track with his rifle across his arm nearly half an hour, keeping a keen lookout for trouble. Dr. Saunders, who was at the place, slipped away and mounting his horse carried the news to the police, and the whole force returned to the hotel.

Seeing them approach, Hellar arose and coolly walked up the bank from the railway and disappeared over the crest, but soon came back amidst a volley of bullets, fired at him as he ran. Gaining the protection of the fill of the road, he crept up and over the rails and made a dash for the heavy brush on the lower side of the track, getting under cover without being hit. The police surrounded the brush, keeping a sharp lookout in the quarry, and when he appeared in an opening surrounding a spring, Constable Gorman fired at him, the ball taking effect in the back and coming out in front, going through the body just below the ribs. Hellar was seen to stagger, but regained himself and kept running through the brush, coming in sight of Constable Samson and others, who fired upon him.

Constable Gorman, who was following close after him, became a target for Hellar's rifle and he tried to draw a bead upon the policeman, but evidently was suffering great pain from the wound he had received, and was unable to bring his gun up to a level. He kept running and gained a small shack nearby, which he entered. The pursuers closed in around the shack and, not wishing to run into unnecessary danger and knowing that the man was safely cornered, waited a few moments before venturing to enter.

Hellar had not long to wait. Hellar soon spoke to them, saying, "It's all over, boys, I am all in," and they entered the shack and lifted the wounded man and bore him to the train, which came along from Rexford. He was brought to Fernie and taken to the hospital, where his wounds were dressed.

Mrs. Palmer is well known here and Hellar was partially demented and that he seemed to harbor a grudge against Rawson, the bartender, because she had discharged him (Hellar) from her service some time ago and had taken Rawson in his place.

PASSING SHOW

New Grand Theatre.
Leonard, Louis and Gillette, appearing in "College Days" at the Grand this week are a trio of equilibristas of immense strength and balancing powers. They believe in accomplishing their feats rapidly, and do so. Their work is at all times sensational and never lacks thrills for the audience. The Venetian street singers possess great merit and are decidedly a draw. The soloist is a particularly fine singer, and was encored to the echo last night.
The banjoists, Stuart Collins and Misses Carmen and Allison, give a banjo performance that eclipses the best banjo turn that has been here. The other acts are Harry D. Crosby with Anna Lee, appearing in that charming comedy "Back Home," and a singing and dancing turn by George Stokes and Miss Carrie Ryan. The bill is a very strong one, carrying the usual stock features of the popular house, and meeting with the unanimous approval of the audiences so far this week.

Pantages Theatre.
Crowds are being attracted to Pantages to see the fight between Bob Fitzsimmons and Bill Lang battling twelve terrific rounds for the championship of Australia, and clearly showing Fitz—the idol of the sporting world—although fighting like a demon in every round, slowly, but surely, beaten down and finally sent to dreamland with a cruel knockout punch at the end of the twelfth. It was a great fight and the pictures, great moving pictures, on exhibition all this week at Pantages reproduce it in a most realistic manner.

FIRE AT MOYBE.
Moyle, Aug. 21.—The Cosmopolitan hotel here was gutted by fire, causing loss of several thousand dollars. The fire was the most spectacular ever seen here.

ECZEMA MUST YIELD TO THE Wonderfully Soothing, Healing Influence of DR. CHASE'S OINTMENT

There is one thing you can depend on Dr. Chase's Ointment to do every time, and that is to cure eczema. There is no more severe test to which an ointment can be put, and because Dr. Chase's Ointment triumphed over eczema it has become the standard Ointment.

When another ointment is praised it is said to be as good as Dr. Chase's. And this illustrates the high position held by this preparation.
Mrs. Oscar Vancott, St. Antoine, Sask., writes: "I have found Dr. Chase's Ointment to be a permanent cure for eczema and other skin diseases. One son while nursing broke out with running, watery sores all over his head and around the ears. Many salves were prescribed to no effect. The child's head became a mass of scabs and he suffered agony untold. He became weak and frail, would not eat and we thought we would lose him."
"Providentially, we heard of Dr. Chase's Ointment and it soon thoroughly cured him. He is seven years old now and strong and well. An older boy was also cured of eczema by this Ointment and we hope more people will learn about it so that their poor little ones may be saved from suffering."

Do not be satisfied with the experience of others, but put Dr. Chase's Ointment to the test when occasion arises. Try it for chafing and irritation of the skin, for chapped and cracked hands, for chilblains and frost bites, for sores and burns. It is delightfully soothing and healing, 60 cts. a box, all dealers; or Edmondson, Bates & Co., Toronto. Write for free copy of Dr. Chase's Recipes.

ROOSEVELT OPENS SPEECH-MAKING TOUR

Speaks on Conservation of Resources and the Betterment of Public Life

Utica, N. Y., Aug. 21.—Speaking at the Kerkmen County Grange to-day Col. Roosevelt referred to the problem of conservation. His speech was in part as follows:
"There are no two public questions of more vital importance to the future of this country than the problem of conservation and the problem of the betterment of public life. Moreover, these two problems are really interdependent, for neither can be successfully solved save on condition that there is at least an incommensurable success in the effort to solve the other."
"We are now trying to preserve, not for exploitation by individuals, but for the permanent benefit of the whole people, the waters and the forests, and we are doing this primarily as a means of adding to the fertility of the soil; although in each case there is a great secondary use both of the water and of the forests for commercial and industrial purposes. In the same way it is essential for the farmers themselves to try to broaden the life of the man who lives in the open country; to make it more attractive; to give it every adjunct and aid to development which has been given to the life of the man of the cities."
"The human side of the rural life problem is to make the career of the farmer and the career of the farm laborer as attractive and as remunerative as corresponding careers in the city."
"One reason why the great business men of to-day—the great industrial leaders—have gone ahead, while the farmer has tended to lag behind, is that the city men are far more willing, and indeed eager, to profit by expert and technical knowledge—the knowledge that can only come as a result of the highest education. From railroads to factories no great industrial concern can nowadays be carried on save by the aid of a swarm of men who have received a high technical education in chemistry, in engineering, in electricity, in one or more of scores of special subjects."
"In just the same way the farmer should benefit by the advice of the technical men who have been trained in phases of the very work the farmer does."
"During the last half century we have begun to develop a system of agricultural education at once practical and scientific, and we must go on developing it, if that country which should be made a true social centre, alive to every need of the community, standing for a broad individual outlook and development, taking the lead in work and in recreation, caring more for conduct than for dogma; more for ethical, spiritual, practical betterment than for merely formal personality."
"The country school should be made a vital centre for economic, social and educational operation; it is naturally fitted to be such a centre for those engaged in commercial farming; and still more for those engaged in domestic farming, for those who live on and by the small farms themselves own."

Above all, the conditions of farm life must always be shaped with a view to the welfare of the farmer's wife and the farm laborer's wife, quite as much as to the welfare of the farmer and farm laborer. To have the woman a mere drudge is at least as bad as to have the man a mere drudge. I haven't the slightest sympathy with any movement which looks to excluding the men and women for the non-performance of duty and fixes attention only on rights and not on duties. The woman who enters her duties as house wife, as mother, is a contemptible creature; just as the corresponding man is a contemptible creature.
But the welfare of the woman is even more important than the welfare

of the man; for the mother is the real Atlas who bears aloft in her strong and tender arms the destiny of the world. She deserves honor and consideration such as no man should receive. She forfeits all claim to this honor and consideration if she shrinks her duties. But the average American woman does not shrink them, and it is a matter of the highest obligation for us to see that they are performed under happy conditions.

CANADIAN NORTHERN SURVEYORS AT WORK
Parties Engaged at Cowichan Bay—New School District at Koksilah

(Special Correspondence)
Duncan, Aug. 23.—Survey parties have been at work along the foreshore at Cowichan bay for the Canadian Northern railway. A proposed route is marked along the foreshore from a point not far from the present wharf for some miles.
"A very enjoyable moonlight picnic was held on Thursday evening last at Cowichan bay under Mount Tzouhalem, about fifty being present. Launches and boats from Mill bay and Cowichan bay set out for the picnic grounds about moonrise. Mrs. Garnet of Mill bay, was the leading spirit. Among those present were Mr. and Mrs. Garnet and Mr. and Mrs. Schwabbe, Messrs. Luck and Amy Angus from Mill bay; Mrs. Kennington, Mrs. Parry, Mr. and Mrs. John Norie, Mrs. Phipps, Messrs. Bundock, Gardner, Freeman, Knox and many others from Cowichan bay."
Miss Inez Duncan has accepted the appointment to the new school district formed at Koksilah. Her duties will begin when accommodation has been provided.
Miss Agnes MacLean is expected about the end of the month for a few weeks' visit with her brothers, Alex. MacLean and Dr. C. G. MacLean. The salmon have begun to run in Cowichan bay. Not very many have been caught yet. The small trout are to be had at almost any hour of the day, but mostly in the early morning. The fishing at Maple bay has been particularly good this summer.

FIRE DESTROYS LOGGING CAMP.
Vancouver, Aug. 24.—The steamer Cassiar, of the Union Steamship Company, which arrived yesterday from up coast points, brought word that camp C of the Hastings mill at Granville Bay, was destroyed by fire and the men are camping on the beach. Navigation is difficult owing to smoke from the fires, which are particularly bad in Johnson Strait. From Powell river the Cassiar brought a demoted man named William Johnson, a Swede, who lost his mind after being injured by a pile driver. Provincial Constable Lucas came south in charge of the man.

SEEK IMPROVED TRAIN SERVICE

Rosland Merchants Interview the Canadian Pacific Railway Divisional Officer

Rosland, Aug. 23.—For the purpose of considering freight and passenger grievances suffered by Arrow lake travellers and Rosland merchants, Messrs. Miller, Wells and Haldane, C. P. R. divisional officials, met members of the Rosland board of trade and citizens to discuss matters respecting the schedule. Thomas Gilmour had previously presented a letter to the board complaining about the irregularities and delays of the lake boats, which in some instances compelled travellers to go into Nelson and there remain over night, and they did not reach Rosland until 3.30 the next afternoon. Travelling from Deer Park to Rosland was there done at the rate of about two miles an hour. C. R. Hamilton was also heard on the matter.
Superintendent Miller stated that the various connections at Nelson had been under discussion many times and that the present arrangements were thought to be to the benefit of the greatest number of travellers, especially those from the Boundary country. By the new time card the boat would leave Arrowhead an hour earlier, but the train would get into Rosland 10 or 15 minutes later. The other change in the schedule involved leaving Rosland at 6.45 instead of 7.30.
It was suggested that the public convenience would be generally furthered by letting the morning train leave Nelson much earlier in order to get into Rosland at 11 o'clock, or at all events before noon instead of 3.30 as at present. But the officials pointed out that if they were to reach Rosland earlier

they must necessarily leave earlier in order to save the expense of an extra train crew.
It was finally determined that the Rosland and Boundary boards of trade should take the matter into consideration and endeavor to formulate some favorable suggestions as to how the public convenience could best be served.
Complaint was also made of the poor freight service out of Rosland, which was detrimental to Rosland merchants. It was promised that this matter should be gone into and amicable arrangements made to the satisfaction of all interests.
Mr. Miller said another schedule would come into effect in October. It was his desire ultimately to get a day service out of the Kootenay country to the coast to cut down travelling time to 26 hours.

DR. CARMAN AND DR. S. D. CHOWN

(Continued from page 1)

For the election of a general superintendent for four years 238 ballots were cast, of which Rev. Dr. S. D. Chown received 217. The others voted for were Dr. Rose, 20; Rev. T. A. Moore, 19; Dr. Sparling, 8; Rev. J. S. Ross, 5; Dr. Young, 5; Rev. J. A. Allen, 7; Dr. Sprague, 3; Rev. J. A. Rowland, 2; Dr. Hearts, 2, and four receiving one vote each.

Dr. Chown, while expressing his thanks, told the conference they had torn him from the child of his heart, the work of social and moral reform to which he had been called by the conference eight years ago. In face of the very decisive vote he could not accept the election gratefully and promise to do his best for the upbuilding of the church of God.

Dr. Carman, at the request of his new colleague, led the conference in prayer for his success in the work to which he is now called.

For home mission secretary Rev. Jas. Allen received 245 votes out of 296, and for foreign mission secretary Rev. T. E. E. Shore was given 239 votes of the 283 cast.

The secretary cast a ballot for H. H. Fudger, Toronto, as honorary lay treasurer of the missionary society, on motion of N. W. Rowell, K. C., seconded by Rev. Dr. Stewart.

Rev. Dr. J. W. Graham was elected general secretary for education by 279 votes out of the 283 recorded.

The union of the existing conferences of Toronto and Bay of Quinte, and the redistricting of the territory into Toronto and Toronto East, was discussed by the General Conference this morning.

It was recommended by the committee that this be done, part of the eastern section of Toronto being placed in the proposed conference of Toronto East, Yonge street to be the dividing line. Statistics were given in support of the proposed change, which would give Toronto a church membership of 47,653 and Toronto East 51,485, and made these two and Hamilton and London of about equal proportions.

Any division or "amputation" of Toronto was strongly opposed by Rev. Dr. Hincks, Toronto, who moved, seconded by Rev. Dr. Speer, Toronto, that the districts of Owen Sound and Algoma be transferred to Hamilton conference, the district of new Liskeard be transferred to Montreal conference, and that Bay of Quinte conference form, with Toronto, one conference.

This naive proposal struck the conference as thoroughly Torontoian, and the members from outside that city laughed heartily.

A prolonged debate took place, in between the reception of reports from the scrutineers, there being a general protest against dividing the work in such a centre as Toronto, and several amendments were submitted. All of these were voted down and finally the committee's recommendation was defeated crushingly. Less than ten voted for it.

The committee on the superannuation fund recommended certain changes in the rules governing that fund.

A pleasing feature of the proceedings was the presentation of lovely bouquets of roses to the two general superintendents, little Miss Gladys Rolling carrying them to the platform amid the hearty applause of the conference, and receiving kisses from Dr. Carman and Dr. Chown.

ASK VICTORIA FOR HUGE SUM

(Continued from page 1)

the said sum of six hundred and fifty-five dollars (\$655.00) for the purpose of creating a sinking fund for the payment of the debt hereby created, making in all the sum of four thousand six hundred and fifty-five dollars (\$4,655.00) to be raised annually by special rate as approved during each of the said fifty (50) years.

Under the Sewer Loan by-law it is intended to borrow upon the security of rents or taxes and sewer connection refunds, imposed by the Sewers By-law, 1902, the further sum of \$50,000, to be expended in and for the extension of the sewerage system within the city, and the repayment to property owners of a sum of \$2,220, advanced for special sewer construction under by-law number 894.

The Spring Ridge Lands Authority by-law is thus explained: In the application of the board of school trustees the council have resolved to grant the corporate lands at Spring Ridge, also a sum of \$15,000 in aid of the purchase for the school board of abutting lands, the whole to be used as and for a high school site, also to do certain works to make the site suitable, and a sum of \$18,000 to be raised with the school rate for the year 1910, and the cost, of said works to be raised with the school rate for the years 1910, 1911 and 1912 as may be called for by the progress of the works.

Under the School by-law the council is required to raise the sum of \$50,000

gross on the requirement of the board of school trustees, for the purchase of a site and the erection of a new school with school grounds at the corner of Bank street and Leighton street, and for certain additions to the school and grounds at Victoria West, and for the improvement of the school site and grounds at Kingston street, including in each case the purchase of the necessary land.

The Isolation Hospital by-law aims at securing the erection of modern buildings to replace the present structure. The cost of the building will be approximately \$20,000. Towards this the provincial government has promised a donation of \$5,000 and the ratepayers are asked to authorize the expenditure by the corporation of the sum of \$15,000. Under the Public Convenience Loan by-law it is proposed to raise the sum of \$20,000 for the erection of a building of the type mentioned upon property of the corporation situated south of the post office and north of the causeway.

The Dallas Road Foreshore by-law provides for the expenditure of the sum of \$75,000 to erect a permanent protection against the action of the sea on the foreshore beneath Dallas road, commencing at a point approximately 200 feet easterly of where Montreal street produced would touch the shore shore, thence easterly along the shore approximately 1,610 feet to the westerly limit of where Lewis street produced would touch the seashore, protecting the said foreshore by means of a reinforced concrete wall on plans approved by the engineer of the department of lands and works of the province of British Columbia and to extend from a solid foundation at approximately lowest tide to the height of the finished roadway on Dallas road.

Voting on the various by-laws will take place at the building known as Meaton's carriage factory, Broad street. The polls will be opened between 9 a. m. and 7 p. m. The by-laws will not be valid or of any effect unless the vote polled in favor thereof be at least three-fifths of the vote polled.

OBITUARY RECORD

The funeral of the late William Sweeney will be held to-morrow morning at 8:45 o'clock from the Victoria Undertaking Parlors and at 9 o'clock at the Roman Catholic cathedral.

News has been received in this city announcing the death of George W. Harding in San Francisco on Wednesday, Aug. 17. Deceased was formerly a resident of this city and was well known here.

The remains of the late Donald Cameron were laid to rest in Ross Bay cemetery this afternoon. The funeral took place at 2:30 o'clock from the parlors of the B. C. Funeral Company, Rev. W. Leslie Clay officiated.

Interment of the remains of the late Janet McTaggart Stewart will be made in Ross Bay cemetery to-morrow afternoon. The funeral has been arranged to take place at 2:30 o'clock from the family residence, 2519 First street.

This morning the funeral of the late Charles Wesley Frym, the infant son of Mr. and Mrs. R. A. Murrant, took place at 11 o'clock from the family residence, 744 Front street, where Rev. J. H. S. Sweet, conducted an appropriate children's service. There was a large attendance of sympathizing friends and many floral offerings were presented.

At 2 o'clock this afternoon the funeral of the late Marion F. Jamieson, the two-year-old daughter of Mr. and Mrs. M. W. Jamieson, took place from the family residence, 1214 Gladstone avenue. A large number of friends gathered at the house to attend the services conducted by Rev. Dr. Campbell. The little casket was covered with beautiful floral tributes. Interment was made in Ross Bay cemetery.

Yesterday afternoon at 2 o'clock the funeral of the late Henry M. Olsen, chemist, took place from the B. C. Funeral Company's parlors, where Rev. Otto G. M. Gerbich, of the Lutheran church, conducted services of an appropriate nature. There was a number of sympathizing friends present and many floral offerings were presented. The following acted as pallbearers: E. L. Smith, J. M. Hughes, F. T. Tapesett, W. H. Price, J. A. Borrie and M. Matheson.

The funeral of the late J. J. Tierney, who was drowned at Stewart on August 10th, and whose remains arrived in this city last evening, took place this morning at 8:45 o'clock from the Hanna chapel and at 9 o'clock at the Roman Catholic cathedral. Rev. Father Latene conducted the services both at the chapel and at the graveside. A large number of friends attended the funeral, which testified to the esteem in which the deceased was held. The floral offerings were also numerous and beautiful. Those who officiated as pallbearers were: Messrs. Fitzpatrick, F. Selby, Gantley, O'Leary, Fitzpatrick and Sleat.

Fall Draperies

Are Arriving—Come and See the Display

FALL draperies are arriving—a big shipment will be ready to-morrow. Come in and see these newest creations for Fall—fresh from the world's fashion centres.

We have just received a specially large shipment direct from London, and we expect to have these unpacked and ready for you to-morrow. These are personally selected goods—chosen from the best that the largest houses offered. You'll find the very newest ideas included and an assortment that is truly "worth while."

Summer curtains and draperies will soon have to give place to "warmer" effects for the Winter season. There's no better place to satisfy your wants than right here, and no better time to do the choosing than right now. Let us help you.

New Fall Ideas in Furniture Coverings

Even in furniture coverings there's a change in color and pattern with the seasons. We have just received a big shipment of very attractive furniture coverings suitable for Fall and Winter use.

If you have some parlor or other upholstered furniture that looks a "little the worse for wear," bring it along and let us make it look like new through the skilled use of some of these new coverings. There is a great choice in both pattern and color, and you can secure something to match the other furnishings.

Then we have a large staff of skilled workmen to execute your orders. Try a sample piece

Your Fall Carpet Is Ready

It's not a bit too early to think of Fall and Winter Carpets, and that's why we take this opportunity of telling you that your Fall carpet is ready for you here.

Come in and see our magnificent range of carpets and squares suitable for Fall and Winter decorations. You'll find an excellent range of beautiful patterns, and you'll find the same reliable Weiler Quality that has built an ever-increasing carpet business for this store.

You'll find the reason for our big carpet business when you see the splendid stocks—you'll also learn why these prices never need changing.

 AXMINSTER SQUARES \$65 to \$18.75 GENUINE ORIENTAL RUGS—All prices.

Rugs Made to Your Order

EVEN with the great choice of patterns, colorings and sizes made and offered in many kinds of rugs, it is impossible sometimes to suit your fancy as to color and pattern, and sometimes hard to get a size to suit your room.

If you wish something distinctive for your home, let us discuss the matter of a Donegal—handtufted—Rug to your order. There is nothing better in quality than these famous rugs, and you may satisfy any desire as to color or design. This factory will make any size and any pattern, using colors of your own selection.

They'll prepare a design for any scheme of decoration, or you may have your architect do the designing. In either case we guarantee you something unusual and—something practically indestructible.

We are sole Victoria agents—come in and see samples and talk it over.

Dinnerware—A Special Feature Here

For some years a special feature of the china store has been the splendid showing of dinnerware. This year's offerings in dinnerware are even better than any previous attempts of ours, and the display is larger and better than any other Western store.

We want you to come in and see almost a hundred different dinnerware patterns in china and semi-porcelain. The daintiest of patterns on the best quality ware, and priced at surprisingly fair figures. No trouble to show you these—so come in to-day.

See the 97-Piece Sets, Priced From \$7.50

We have just added a splendid new pattern in our "open stock"—a pretty pink bridal rose pattern, on the best of Austrian china. This is going to be a favorite—come and see it.

See What the Furniture Store Offers

New pieces are being added to the furniture stock almost daily, and you shouldn't fail to see what the furniture store offers.

If you appreciate the advantages of having furniture that is built right—made from best materials with workmanship and finish the best—you'll make your purchases here. Especially will you do so when you learn that the prices here compare favorably with those asked elsewhere for very ordinary furniture.

On the home's complete furnishing you'll save money by buying here, and you'll have the added advantage of "quality" furnishings. Try it.

Out-of-Town Orders Shipped Free

Out-of-town folks are again reminded that we make no charge for packing and shipping their orders—all prices being f.o.b. train or boat here.

Don't hesitate to send us your orders for china and glassware from your country home. Matchings for sets or other needs, the selection of which you may confidently leave to us, will have most careful attention. Just give us a price limit and a general description.

No matter what the distance and no matter what the size of the order, the packing will ensure safe carriage.

Try us with a sample order.

There is no better place to purchase a Wedding Gift. Hundreds of suitable Gift things offered.
