WOULD NOT TAKE JOB FOR \$10,000; O'CONNELL DENIES SHERIFF STORY

J. D. O'Connell this afternoon issued a statement denying absolutely rumors about the city associating his name with the position of sheriff of Victoria.
"I would not take the job if they offered me \$10,000 a year in it," said Mr. O'Connell. "I have never asked the Government for anything and I don't see any reason why I should in the future. And I'm sure the Government wouldn't be around offering a job to someone who hadn't asked for it as there are too many keen after anything that even looks like developing into a job in the dim and distant future. I have my own good business to look after."

Willy Black Leads Northwest Golfers as Tournament Opens

With a score of 74 for eighteen holes, Willy Black, popular professional of the Colwood Golf Club, was leading amateur and professional golfers from all over the Northwest when the first round of the Pacific Northwest Professional Golfers' Association's first tournament was winding up at Colwood this afternoon. J. F. Neville, former California champion, concluding the first eighteen holes in 75, was leading the amateurs.

Scores for the first eighteen holes turned in up to half-past one this afternoon were:
F. C. Ayer, 89.
D. L. Black, professional of the Shaughnessy Golf Club, Vancouver, 77.
W. Black, 74.
F. P. Barton, 101.
Neil Christian, 74.
W. F. Dagleish, Tacoma professional, 79.
I. F. Danleish, 85.
J. N. Findlay, 92.
H. W. Graydon, 85.
A. Hughan, 87.
J. Hulsh, 82.
W. Hanley, 81.
A. E. Johnson, 76.
H. A. Jones, 87.
J. Junor, 75.
C. E. Jefferson, 81.
R. E. Johnson, 85.
R. Johnston, 81.
C. P. Harkalits, 103.
L. Lapham, 93.
V. C. Martin, 117.
A. E. Mountfield, 88.
R. R. Markley, 86.
J. S. Matterson, 81.
N. McFarlane, 81.
J. F. Neville, 75.
F. Noble, 79.
J. Novak, 79.
A. Stuart, 98.
R. G. Strachan, 93.
R. C. Spiers, 78.
B. E. Stein, 81.
R. J. Tillsch, 100.
H. A. Tomalin, 91.
A. Taylor, 88.
Phil Taylor, professional of the Oak Bay Golf Club, 78.
G. von Elm, Pacific Northwest amateur champion, 80.
L. S. York, 101.
R. Wilhelm, 76.
H. Law, 88.
H. F. Frost, 97.
F. Watson, 82.
H. Pooley, 99.

The big tournament got off to a flying start this morning and competition was tightening up as the second round started this afternoon. With his score of 74 this morning Willy Black is expected by his friends to continue in the lead but his brother, Dave Black, of Vancouver; Neville, Phil Taylor, of Oak Bay, and a number of outsiders undoubtedly will give him a hard fight for the honors.

Black finished his first nine holes to-day in 39 and he came back in 25. On his outward nine he fell down badly on the first hole with 5 but, picking up, he went through the remaining 8 thus: 4, 5, 3, 5, 4, 3, 5, 4. Playing careful, consistent golf he did the second nine thus: 4, 3, 5, 4, 5, 2, 4, 4.

Neville beat Black out with 28 thus: 4, 4, 3, 5, 5, 4, 4, 5. He came in with 37 strokes thus: 5, 3, 4, 4, 5, 4, 4, 4.

Dave Black, of Vancouver, who is expected to be a leading contender, played some brilliant holes, but he had two many 5's in his score book to keep up with his brother. He took 38 out and 39 in. His score out was 5, 5, 4, 4, 5, 3, 3, 4, 3 and he came in with 5, 3, 4, 4, 5, 3, 5, 5, 5.

Phil Taylor, who is regarded as one of the best golfers in the Northwest got away to a bad start with 78. His first three holes, for him, were unusually poor his score out being 39 thus: 6, 5, 3, 5, 4, 3, 4. He came in with another 39: 5, 4, 3, 5, 5, 4, 4, 5, 4.

The Present Champion.
Von Elm, the present champion, started out well with 36 on the first 18 holes but he fell down on the second nine with 44. He commenced the second nine with no less than three 6's in a row. His total of 80 was considered poor golf for him.

R. Johnstone, the Seattle crack, ran up to 79 this morning—39 out and 40 in.
R. Wilhelm, the Portland star, finished in 76—out in 36 and in with 40.
J. E. Junor, of Portland, who was playing with E. Stein, played excellent golf and gave promise of landing around the top when the competition is concluded. His score of 75 was equal to that of Neville and second to that of Willy Black, the leader.

The first and second rounds were run off to-day without a hitch. Alex. Ross, of the Seattle Times, started the competitors on the way in pairs. Two golfers drove off every four minutes from eight o'clock in the morning until well on to eleven. The whole link was in play. The first starters began to return to the pavilion before eleven and at two o'clock a large portion of the competitors were still on the last nine holes.

Eight cups are up for competition in the present tournament. Cups will be presented to the three amateurs with the lowest gross score for 72 holes, played to-day and to-morrow, and another three trophies will go to the three golfers with the lowest net score for 72 holes. There is also a cup for the player with the lowest gross score for to-day's play and for the lowest net score to-day.

Highly commending the Community Fund scheme, the delegates from the One Hundred Per Cent. Club welcomed last night's lecture on the subject by F. E. Burleson reported to the club at its luncheon to-day at the Dominion Hotel that they considered such an institution should be established in Victoria. As the Chamber of Commerce is taking the initiative in the movement, the club will await further developments in the matter.

Plans for the club's picnic, which will be held on July 12, are progressing favorably and a meeting of the committee having the matter in hand is being held this evening at Smith & Champion's.

The club has been invited to assist in entertaining the delegates to the Pacific Coast convention. After hearing an appeal from Harry Charlesworth, members agreed to assist in welcoming the School Teachers from Seattle to-morrow by loaning their cars.

The club expressed its regret at the illness of W. J. Wriglesworth, one of the members, who is now recuperating at Shawanigan Lake. Various other routine matters were dealt with and the club indulged in some community singing at the luncheon.

BOYS AND GIRLS EACH GET OWN CALF

Saanich Youngsters Organize Purebred Stock Club
Excitement Last Night so Intense, Sleep Was Difficult

Saanich boys and girls are going in for pure bred stock. Last night at Keating and Saanich they formed under Professor W. T. McDonald, livestock commissioner, two Boys' and Girls' Calf Clubs. Each member last night got a calf.

The calves are similar to those formed in other parts of Canada. The calves are distributed to the members and become their own property. The distribution is financed by the Canadian banks. The members pay back gradually, and when their animal is full grown they have a cow that is worth a lot of money.

One of the clubs formed last night is a Jersey Club. The other is a Holstein Club. Members of the Jersey Club who each got a calf are: Willard Brooks, Gordon Mitchell, Dell Stewart, Jack Brooks, Fred Mitchell and Ruth Tomlinson.

Members of the Holstein Club who each got calves of that breed are: Thomas Mitchell, George Malcolm, James Nimmo, Ralph Mitchell, Myrtle Malcolm and Evelyn Nimmo.

All were up to-day almost before the calves were awake to attend to them and get them started right in their new homes.

"The breeders sold the calves at a nominal figure," said Professor McDonald. "The members who obtained calves got some animals that could not have been obtained by a private breeder or farmer at any price. The breeders appreciate the value of the work and wish to give the boys and girls the best animals."

H. M. Hillis, purebred stock fancier, to-day offered two prizes of \$25 to be competed for at the annual meeting of the Interior Stock-breeders' Association, announced to-day by W. T. McDonald, livestock commissioner, for next Tuesday at Merritt.

At this meeting the executive of the B. C. Stockbreeders' Association will meet with the Interior members to discuss details of the amalgamation as it is felt that the interests of the live stock industry in the Province will be strengthened.

Dr. James F. Grant, of this city, hero of the Empress of Ireland disaster on May 29, 1914, was married yesterday afternoon at the First Presbyterian Church to Dorothy Jessie Harris Wallis, daughter of Mr. and Mrs. Henry Harris. The ceremony was performed by the Rev. Thomas Menzies, M. P. L.

The bride was given away by her father, Miss Edna Grant, sister of Dr. Grant, was bridesmaid. Louis L. Grant, brother, was best man. Immediate friends attended the service.

A reception was held later at the residence, Cold Harbor Road. Dr. and Mrs. Grant left on the 4:30 boat for a honeymoon trip, visiting Raymond, Wash., and Portland, Ore. They will reside here.

Greatest June Sale of Women's Apparel

HUNDREDS of Summer garments in this, the greatest Mallek's Sale of women's apparel ever held. Greatest in every respect. First, because the values offered are absolutely without parallel. Second, because Victoria women have never before been offered such a diversity from which to choose. Third, because there is not a garment among the entire lot which is not a typical Mallek garment nor a credit to this great merchandising triumph. You can have no conception of how remarkable these sweeping price concessions are until you see the garments and make comparisons with others. Special low prices will be given on

CHANGE IN CONTROL

Tokio, June 2.—The Constituent Assembly at Vladivostok, which deposed and arrested President Merkulov yesterday, denounced to-day the "despotic policy of Merkulov as head of the Vladivostok Government," and declared to word from the Siberian port.

The Japanese army command announced that while heretofore neutral, should either party resort to arms the Japanese would intervene to preserve order.

LAST SENSIBLE WORDS

A doctor had been called to see a man who was very ill. He examined him and said to the nurse: "You must watch the case very closely through the night and tell me all the symptoms when I come back in the morning."

The man became worse in the night and talked a lot of nonsense in his fever. When the doctor returned in the morning, he said to the nurse: "Tell me exactly what happened after I left."

"You were hardly out of the room," she began, "when he said 'When did that old fool say he was coming back again?' Those were the last sensible words the patient spoke."

TOO TRUE

The profiteer was talking at dinner about his California visit and about Santa Catalina, with its wonderful glass-bottomed boats. "Here in you float over rose-colored coral reefs and watch gorgeous fish swimming in the crystal water thirty or forty feet below."

"Yes," he concluded, "we could see the fish quite plain, laying at the bottom of the ocean."

"Lying dear," corrected his wife. "No, I'm not," said the narrator; "it's the truth!"

COULDN'T FIND IT

Scene—A platform of a railway station. An Irishman was observed to walk up to an automatic machine and place his penny in one of the receptacles, after which he seemed puzzled what next to do, and was seen to be examining the machine from top to bottom. At last a porter went up to him and said: "Hello, Pat! What's the matter? Won't the machine work?" "Begob! I don't know," said Pat. "I've put me penny in, and it says 'Pull the handle with a jerk.' But where is the jerk to pull it with?"

WILL BUILD BIG CONCENTRATOR

Plant at Kimberley, B. C., to Handle Sullivan Zinc Mine Output

New Equipment Will Cost Nearly \$1,500,000

Nelson, B. C., June 2.—A concentrator of 1,500 tons capacity at Kimberley, for the great Sullivan zinc mine, will be proceeded with at once, according to information just given out by the Consolidated Mining and Smelting Company of Canada.

This new concentrator, which will be nearly ten times the size of any existing concentrator in the Kootenay region, will be built at the plant at Trail that it is to replace, will cost between \$1,250,000 and \$1,500,000, and it is expected that it will be ready for operation early in 1923.

IRISH COURT OF INQUIRY REPORTS

Cannot Place Responsibility for Killing of Gen. Adamson

Dublin, June 2.—The court of inquiry which has been investigating the killing of Brigadier-General Adamson at Athlone last April announces that death was due to indications on both sides. It declares that it is impossible to place the responsibility for the discharge of the first shot or determine whether it was accidental or otherwise. The court expresses the conviction, however, that the shooting of General Adamson was unpremeditated.

A coroner's jury on April 26, sitting at Athlone, rendered a verdict that General Adamson had been murdered by a person or persons unknown.

SHEARERS' WAGE DISPUTE GROWS IN AUSTRALIA

London, June 2.—(Canadian Press Cable)—President Blakeley of the Australian Workers' Union declares that the refusal of the Commonwealth arbitration court to increase its award in the case of the shearers' wages to 40 shillings per hundred spoils the end of the court, says a Reuter dispatch from Melbourne. Mr. Blakeley predicts a protracted industrial struggle.

A Sydney message states that the Australian Workers' Union officials have issued a statement which practically means a shearers' strike has been declared.

FOREST FIRE CAUSED LOSS OF LUMBER

Eugene, Ore., June 2.—Destruction of over 1,000,000 feet of cut lumber valued at over \$100,000 as the result of the spread of brush fire in the forest about Cottage Grove, near here, yesterday. The fire spread to the yards of the mill of the J. H. Chambers Lumber Company and consumed a stack of lumber. The mill had narrow escape. Other small forest fires are burning in this section of the state, but no great damage has been done other than the destruction of this pile of lumber.

TRADE PAPER IN VIENNA WILL BE PRINTED IN ENGLISH

London, June 2.—(Canadian Press Cable)—To promote the rehabilitation of European trade, a new periodical shortly will be published in Vienna in the English language and under British auspices, entitled "The European Commercial." ELLIS T. POWELL DIED IN LONDON

London, June 2.—(Canadian Press Cable)—The death is announced of Ellis Thomas Powell, editor of the London Financial News and a barrister-at-law. Mr. Powell was in Canada two years ago as a delegate to the Imperial Press Conference. He was fifty-three years old.

Asked if he had a good stock, a general dealer, appearing at Bow, said: "Yes, a wife, six children, a mother-in-law, a grandmother, a cat and four kittens." (Adv.)

MOTHER MAY NOT FILE PROTEST NOW

Latest Situation in McCormick Romance

Chicago, June 2.—While lawyers argued over the tangled romance of Mathilde McCormick, seventeen-year-old heiress, Judge Henry Horner waited in vain in probate court today for the formal filing of her mother's protest against her marriage to Max Oser, Swiss riding instructor. The judge had ordered that the objections of Mrs. Edith Rockefeller McCormick, divorced wife of Harold P. McCormick, head of the International Harvester Company, be filed with him before 1 p.m., but the court closed without any action having been taken.

That no decision had been reached by Mrs. McCormick regarding whether she would continue her battle to prevent the marriage was announced by Charles S. Cutting, her attorney, and Edwin H. Cassells, counsel for her former husband, following a lengthy conference. Both said they had attempted to reach an agreement to settle the matrimonial dispute out of court.

"There are no objections to prevent an agreement. But since there simply has been no agreement reached," said Mr. Cutting. "If we are unable to agree Saturday, when Judge Horner is expected to hear final arguments in the case, it is very likely that the legal efforts will be dropped."

When Mr. McCormick filed her petition to restrain Mr. McCormick, as guardian, from approving the contemplated marriage, she asserted that her objections were based on the ground that Oser was too old, being Mathilde's senior by twenty-seven years, that he was in effect a fortune-hunter without sufficient means to support a wife, and that Mathilde would lose her American citizenship by the marriage.

Judge Horner, after hearing the objections, confirmed Mr. McCormick as his daughter's guardian, and an agreement was reached that no action should be taken regarding the marriage until after a further hearing Saturday. The judge had then demanded that Mrs. McCormick give neglected to make arrangements for subscriptions. The student was acquitted.

ASKS DAMAGES FOR FALSE ARREST

Hamilton, Ont., June 2.—John Maloney, a former seminarian, has issued a writ against Rev. Father O'Donnell for damages for the arrest of the Catholic Register, Toronto, and president of the Catholic Extension Society, claiming \$10,000 for alleged malicious arrest and false arrest. Father O'Donnell is now in jail. He recently charged the student with theft, claiming that the student had neglected to make arrangements for subscriptions. The student was acquitted.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it falls from gray, old and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance. FRUIT GROWERS ARE ORGANIZING

Association Comes Into Being in Metchosin District

(Times Correspondence.)

Metchosin—The fruit growers of the district represented by the Metchosin Farmers' Institute have formed an association for the marketing of their fruit and produce and the first meeting will be held shortly. This is the outcome of a discussion which has been in progress for some time.

At a special business meeting of the Metchosin Farmers' Institute at Metchosin Hall on Wednesday evening, the report of the marketing committee with regard to forming a small fruit and produce marketing organization was discussed. C. E. Whitney-Griffiths, chairman, explained in his opening remarks, the object of calling the meeting, which was to complete the object that the committee had set out to do—to decide whether or not an association should be formed.

This district, said the chairman, had gradually grown, and it was the opinion of the committee that better attention would be paid to the growing of fruit if such an association was formed. If the people were convinced, he went on, of the advisability of this step, it would be in order to pass a resolution at this meeting to that effect.

Mr. Whitney-Griffiths also gave a report of the offer of the Beach Eakin Co., of Victoria, regarding the kind and quantity of fruit the company was prepared to take from the district, and also advised the meeting if it should decide in favor of the

step the district would soon find that it would be in a position in due course to get the support of other districts.

Mr. Blake, of Albert Head, gave his opinion that once such an association was formed the district could not help but go ahead, and there was considerable acreage of land between Metchosin and Albert Head as well as the opposite way to warrant such a step.

H. G. Pierce stated that he had no lack of confidence in the district to produce strawberries. There was plenty of acreage of the quality of soil advised by experts for the production of such fruits.

Decision Made.

Mr. Peachy, a well-known strawberry grower in the district, gave it his opinion that the formation of an association was the only thing for the district. Other members of the Institute contributed to the discussion, and after the process of forming the association was outlined by the chairman, a resolution to the effect that an association such as proposed be formed was moved by Mr. Blake and seconded by H. G. Pierce and carried.

A communication from the Victoria Chamber of Commerce was read by the secretary, R. I. Van der Byl, inviting representatives from the Farmers' Institute to attend the marketing convention to be held in Victoria on Saturday, June 3.

Mr. Van der Byl gave it his opinion that a strong body to represent the farmers should attend the convention and after discussion the following representatives were appointed: C. E. Whitney-Griffiths, R. Van der Byl, G. Schofield, A. Blake, J. D. Sloan, A. Wale, W. O. Sweatman, F. P. Higgs and J. Stuart Yates.

Road Petition.

A petition to the Minister of Public Works from the taxpayers of Metchosin and Happy Valley asking for the opening of the Royal Bay Road was presented to the meeting for endorsement and received the support of every voice present.

Gyro Club Visit.

A date will be fixed within the next two weeks for the long promised visit of the Gyro Club of Victoria to Metchosin. The club will picnic at the "Grange" and in the evening will give an entertainment at Metchosin Hall, when residents of the district will be invited to attend. A small charge will be made for admission to cover costs, etc., and any money made will be for the benefit of the Farmers' Institute.

A suggestion was made by H. G. Pierce that Metchosin Hall be engaged by the Institute for every Saturday night during the Summer, to be thrown open to campers and the district generally for social evenings.

THE COMMUNITY FUND.

In reaching a decision to consider the question of establishing a Community Fund in the City of Victoria the Chamber of Commerce has taken a wise course. Mr. Burleson's explanation of the aims and objects of this movement and the important part that it can be made to play in social service work provides the key to many useful possibilities of a co-operative nature.

It is not necessary to refer in detail to the overlapping of effort that exists in practically every community. Nor must sight be lost of the magnificent work which the various public and semi-public organizations have accomplished. But the Community Fund—and "fund" may be somewhat of a misnomer when viewed from the broader angle of the proposal—contemplates considerably more than the pooled receipts of effort that has been hitherto directed from many sources.

Victoria has many interests which may not be prosecuted to their fullest extent because much of the important spade work has to be undertaken by the few. It is also frequently the case that such public-spirited labors as they may devote to the community as a whole are actually hindered or discounted by the passive or active antagonism that frequently abounds—where rivalry in the social service field is found.

This is only one case. Victoria's interest in this and many other important subjects could certainly be quickened to some purpose by a greater measure of co-operation among the citizens as a whole. But as long as every movement towards community progress has to be undertaken by the hard-working few this city and this locality must not grumble if it shall not develop as quickly as it should do if fuller advantage were to be taken of the many aids to expansion that Nature has conferred upon her.

TO-MORROW'S VISITORS.

To-morrow's excursion that will bring something like one thousand school teachers from Seattle and district to Victoria will be an event of more than ordinary importance to this city. Interchange of visits of this kind play a greater part in fostering a better understanding between the peoples of the two countries than anything that may be accomplished through diplomatic negotiation.

have accomplished a great deal. Common sacrifice in a common cause did much to remove old prejudices and misunderstandings. But the proper seeding ground for the most substantial harvesting of British-American desire is the classroom of British and American schools. On that account to-morrow's excursion should be regarded by the people of Victoria as a fine opportunity for them to give and their visitors to receive of the spirit that should dominate both peoples.

ICE FOR HEARST.

If William Randolph Hearst had to go to England for a holiday he should not have been guilty of the blunder of preparing an interview in readiness to hand to the members of the press. He should have gone without any attempt to herald his arrival and he might have avoided even the one or two icy references to himself and his campaign against anything and everything British. As it is those newspapers which have condescended to notice him have done about all that is necessary to reduce the cordiality of his reception in the tight little isle to something considerably less than would be manifested over a Turk or a Bolshevik. At the same time if Mr. Hearst finds British frigidity a little too much for him he need not despair of getting the sort of welcome that would appeal to him.

A GHASTLY DEED.

When a gang forced the door of a doctor's residence in Belfast yesterday they were told by the servant that her master was not at home. Upon receiving this information they poured a can of petrol over the girl and set fire to her clothing. She ran into the street and neighbors extinguished the flames. Her condition is described as critical.

GETTING HIS NUMBER.

Where Lord Northcliffe is better known his periodical alarms are not taken seriously. The people of the Prairie Provinces do not know anything like as much about their intention to secede from the Empire if the embargo against Canadian cattle shall not be removed as Lord Northcliffe does. That accounts for their lack of interest in his recent warning about their part of the country.

TAXPAYER.

As Americans see it the peril of a breaking away of Canada or any part of Canada is not so imminent as Lord Northcliffe chooses to suggest. Loyalty to the crown is general. Appreciation of a government rather more free and in many respects more orderly than that of our States is universal. Hence the impression is bound to prevail here that the great London publisher spoke rather as a politician bent on discrediting Lloyd George than as a philosophical student of Canadian sentiment.

It is just about time that talk about Empire disruption, used for political purposes, should cease. Great Britain has her own affairs to look after and is quite capable of doing it without Lord Northcliffe's advice. On the other hand the Motherland and the Dominions recog-

nize their relationship and the extent of the division that separates interest in one another's welfare and interference in one another's affairs. But The Brooklyn Eagle gets the point.

NOTE AND COMMENT

This is the second day of June. Germany did not pay her reparations installment. There are no French armies on the march. Reason has prevailed.

If anybody doubts that golf is not an industry he can have his mind set at rest by taking a peep at the two courses during the next few days.

Eammon de Valera says that Ireland denies the right of any English authority to prescribe what Irishmen shall or shall not do. Quite so; but Ireland is still in the Empire—that makes it John Bull's business for the time being.

In his charge last night to the Anglican Synod of the Diocese of Ontario Bishop Edwell made reference to spiritualism and declared, without pronouncing upon the authenticity of claims made that communications have been received from the spirits of the departed, that the Christian believer has no need at all of any such reinforcement, if reinforcement it be, of his belief in immortality. He is quite right; but the seance is a little more complicated than the manifestation of plain faith—and more money is involved in producing the effect. Hence, it catches on.

CAUSE OF CAUSES

To the Editor:—As an interested reader in following the learned discussion in The Times of Bishop MacDonald versus "Ajax," I would humbly like to ask a simple question of the Editor. In the way of opposition, but for enlightenment, viz. Suppose I were to pick up a watch in the street and was heard to remark to a passerby: "This watch is what it is having developed and created itself from purely natural causes, without an intelligent mind behind its wonderful construction and objective attainment." What would Mr. Average Man say?

Have we not here in all sober reason a striking analogy to affirm that there is a super (infinite) Intelligence that is and has caused everything there is and, what is more, to fulfill a certain definite purpose?

ESQUIMALT GOLF COURSE.

To the Editor:—On Monday the 22nd of May at a regular council meeting in Esquimalt Municipal Hall, the Council was called upon to give a grant of \$250 to underfed children (to put it mildly). And on last Monday, the 29th of May, a special meeting, was called to cater to the long-suffering children that tell me appearing, in long pants on the golf links is forgiven nowadays, and our Council wants a municipal golf links in Esquimalt—a money maker, we are told. As to the party who is the best thing that ever happened! Even our weak men can look after that the Council was told! Next our Council was told there would be full data laid on the table for their approval, but no data was available. No one had time to get it, and our Council was told it was the farthest thing from all their minds to rail into this through; but I notice it had to be all fixed up to leave Victoria on the last of June.

That apologetic previous to last century had noted the irreconcilability of Biblical chronology with the then known facts of the history of man—upon reflection, need not be wondered at. By-and-by, at the best of apologetes, translators and redactors will doubtless drop out the words, "Evening and morning," and other implications that the author of this story certainly never dreamed of. It is so hard to explain away, and has misled so many people. The harmony between Dogma and Science would thus be considerably forwarded. But they not face the rude truth, but Lowell has it: "They didn't know everything down in Judee." Why be required to pin our faith on pain of dire and awful penalties, to the state-

BAN CONTENTIOUSNESS FROM VICTORIA.

To the Editor:—I was pleased to see the City Council members have got together and decided on a campaign for the industrial advancement of Victoria, and, in connection with the further objects of administration of surrounding municipalities which I hope will be under the "Management System" in the future. And may I suggest that the first and most important requisite is a movement for the improvement of personal relations between the residents, first, commencing with the council members, and so on through the various organizations of the city and contiguous municipalities; and

that a "positive mind" should be created among us as undoubtedly this part of British Columbia is the most negative spot of this province, and that is some statement; and to my mind the greatest sin of Victoria is contentedness which is destructive of all progress.

Regarding the Sunday question, a possible solution may be, as follows: That the City Council communicate with all other cities in British Columbia with the purpose of formulating an amendment or alteration of the Act to be placed before the British Columbia members in the Federal House for their consideration and presentation to the House.

Part of the amendment might read that refreshments, etc., may be sold at all beaches and like resorts in Canada, if it is decided that stores in cities shall close on Sundays for the important merchandise.

There is nothing more important to Victoria than the industrial advancement, the Sunday closing being a very minor matter compared with this. All other cities in British Columbia have the City of Victoria where she ought to be as a city of importance on the Pacific Coast, for the very immediate future, and the discussion of the question of Sunday closing is hindering the good work.

This city does not need any further advertising of her citizens' faults; that has been done in years past. Ask the visitors from other parts during the last few years. The important aim now is or should be, to remove the reproach from this city as the "cemetery" spoken of by knockers and visitors.

Let us celebrate a "get together" monster picnic at the surrounding district to Mount Douglas, and do it on broad lines, so we will find that the other fellow is not such a "get together" after all.

There's nothing too good for Victorians to achieve if they will close up their ranks and stiffen their backs for the march forward. Let's all get out and dig then, and mind you, with our coats off and make the future safe for Victoria's sons and daughters, and the coming population, have the dust of the earth make them "stick" instead of floating off again.

THE GENESAC NARRATIVE.

To the Editor:—In his contribution of May 29th Bishop MacDonald's heading is the Genesac Narrative, and he holds that this narrative is in agreement with his ideas of the scheme of the Cosmos, and in that of May 31 he refers to specific accounts of his beliefs or unbeliefs, as having parted company with the best intellects and so forth. However, I do not much mind parting with fresh minds; brave company he enumerates. Was it not Saint Augustine who so specifically declared that unbaptized infants were of necessity condemned to Hell? Thomas Aquinas is equally explicit for this—"That the saints of God may enjoy their beatitude and the grace of God more richly, a perfect sign of the punishment of the damned—is granted them." Truly, cheerful company, and I am glad not to associate with them. I have better company. I have Spencer, Darwin, Huxley, Tyndall and a host of others whose bearing is clear and fresh minds are a perfect joy and a source of unceasing delight.

But now when my friend refers to the Genesac Narrative, I must refer to him to be more specific as to what exactly to which Genesac Narrative he does refer. What is generally referred to as this is contained in the first two chapters of Genesis, and these two chapters contain two separate, distinct, and contradictory accounts of the creation of Heaven and Earth and of man.

In the first the earth emerges from the waters, and is therefore, saturated with moisture (1. 9 and 10), whereas in the second, the "whole face of the ground" requires to be moistened.

In the first the birds and beasts are created before man (1. 20, 24, 26). In the second, man is created before the birds and beasts (1. 7, 9).

In the first, man and woman are created together, as the closing and completing work of the whole creation (1. 28) whereas in the second the beasts and birds are created between the creation of the man and the creation of the woman—the man being made first, of the dust of the ground—then the beasts and birds, and then the woman being made out of one of man's ribs, merely as a helpmate for the man (1. 7, 8, 15 and 22.) I quote Bishop Colenso in these discrepancies. They are patent to any one who can read and compare, but he sets them forth in clear tabulated form. To quote the same man again—"The fact is, that the second account of Creation (1. 4 to 25) together with the Fall (2. 1 to 24) is the work of a different writer altogether from him who wrote the first, as contained in the first chapter of Genesis, and the first three verses of the second chapter."

Other ancient peoples ascribed the creation of things to their particular gods, and the Bible stories are well known by students, not to be original, but to have been derived from older and non-Jewish sources. These ancient peoples and tribes naturally looked upon their own particular god as the chief, and the only one existing, or worth considering; however, the point worth considering is, as Cicero says, "Do they ever concern themselves with human affairs?"

That apologetic previous to last century had noted the irreconcilability of Biblical chronology with the then known facts of the history of man—upon reflection, need not be wondered at. By-and-by, at the best of apologetes, translators and redactors will doubtless drop out the words, "Evening and morning," and other implications that the author of this story certainly never dreamed of. It is so hard to explain away, and has misled so many people. The harmony between Dogma and Science would thus be considerably forwarded. But they not face the rude truth, but Lowell has it: "They didn't know everything down in Judee." Why be required to pin our faith on pain of dire and awful penalties, to the state-

ments of authorities whose means of understanding such things were so much more restricted than are ours. Authorities and findings in Science are constantly being tested, and the most searching tests are welcomed, lest errors should creep in and pre-

call, and Science is bringing more and more of nature within its purview, which means that more and more of the phenomena around us are being referred to purely natural causes. Yet theology still continues to seek shelter in less explored and less understood corners.

Let me repeat that no Scientist, as such, ever refers to chance as a cause, and I for one hesitate to refer the phenomena of life to anything analogous to conscious intelligence. And why? Because—in animated nature, things are happening all the time, that goodness armed with power could not permit for one moment. As to intelligence existing apart from sensory experience or matter, I still hold such existence to be inconceivable, or unimaginable, if the Bishop prefers the latter word.

Meantime, be it noted, that Theseus which I undertook to defend at the outset of this discussion, still stand—indeed, no evidence has been adduced to show that the totality of things ever had a beginning, and therefore, a fortiori—none need be adduced to show that there needs be postulated a first cause.

others who love the Word of Truth. Do we not find in all walks of life that whatever profession one takes up as his or her life's work, to become an expert or moderately proficient in that walk he will be ever on the alert for information upon the main objects in view and will be wise with the wisdom of the world to make all his researches such as will tend to bring about that end. We read in the Old Testament that David looked upon Jehovah as his Master, even though he was taken as a captive into Babylon. The written history of this servant of the living God proves to a believer in the Word, that in every detail of his walk he remembered to whom he belonged. When the decree of Cyrus was sent forth Daniel did not make any attempt to join his brother Jews and return to Jerusalem to rebuild the House of God. It may be suggested that his services to the throne were far too valuable for him to leave Babylon for so long a time. This may be so, still, one remembers the responsible position of the cupbearer to Artaxerxes, and yet the Lord moved that heathen monarch to relieve his servant and free him, even giving him all the help he could that Nehemiah might carry out his heart's desire to honor his Lord God. (Neh. 2, 1-8). We do not forget that Cyrus, another heathen king, acknowledged who had given him "all the kingdoms of the earth." It was he who "stirred up the spirit of Cyrus... to build the house of Jehovah." We also notice that God called Cyrus "My shepherd" and spoke to him as "His anointed." Then we have a record that Daniel told Nebuchadnezzar that the "God of heaven had given thee a kingdom, power and strength and glory" (Dan. 2, 37). This king—like many of us to-day—was to the credit of power and glory to himself and we all know how his sin was brought to his remembrance, and at last was compelled to bless the Most High and praised and "honored Him that liveth forever, whose dominion is an everlasting dominion... and He doeth according to His will in the army of heaven, and the inhabitants of the earth, and none can stay His

hand, or say unto Him, 'What doest Thou?' (Dan. 4, 34-35). The following Scriptures are worth a little study: 2 Chro. 36, 22-23; Isa. 44, 28; Jer. 25, 12-13; Ps. 10, 33, 10-14; Exra 1, 1-4. We learn from the study of the Word that in the closing of this day of grace there would arise those who would not believe fully in the precious Word of God. The book of Daniel is a favorite sporting ground for them to expound their theories. We are content to leave them to their own imaginations, being confident that some day their eyes will be opened to see how insecure the (Concluded on page 17.)

at the Theatre

ROYAL VICTORIA

All attendance and box office records of the Royal Victoria theatre are in danger of being shattered, due to the showing here of "My Boy," which will end a run of six-days on Saturday.

Jackie Coogan is the star of this Associated First National attraction. The extent of his following is evidenced by the throngs which are crowding the Royal Victoria daily, in order to see his latest production. He has a hold on the public which is accorded to few other stars of the motion picture world, and his pantomimic work is showing constant improvement.

In this picture Jackie plays the part of an orphan immigrant who manages to get into this country, and picks his own home. Delicious humor and infinite pathos have been skillfully blended by the director into a production that is without a flaw.

mount production of "The Sheik," which comes to the Variety Theatre to-day.

Miss Ayres has the effective role of Diana Mayo, a headstrong, but brave and spirited English girl who encounters the Sheik in the desert and learns finally to love him after a somewhat harrowing experience and complete subjugation to his indomitable will. He is a veritable master of men—and women. None can stand against his power which in his empire of sand is almost invincible.

Wild riding and fighting, gripping scenes in desert sandstorms, action piled on action—such are the ingredients of this photoplay by Monte M. Katterjohn, adapted from E. M. Hull's novel. And Miss Ayres has a role that is difficult, filled with hard work and tense action, to which she does, it is said, more than full justice.

CAPITOL

"Get an education before you ever think of going into pictures," is Mildred Davis' advice to girls ambitious for a screen career. And Mildred ought to know for she has played opposite Harold Lloyd ever since her first started making his elaborate comedies for Pathé and Associated Exhibitors, and also played opposite the star in "The Sailor-Made Man," his first comedy of feature length, which is now playing at the Capitol theatre.

Not a week passes but what Miss Davis receives letters by the gross asking what steps to take to prepare and fit oneself for the movies. Dramatic schools may be a good thing, she affirms, but these come after the girl has laid the foundation of a well-rounded education.

Mildred Davis is practicing what she preaches, for she sets apart time each day for French and Italian, and is following the same course in English, laid out for her by a friend who will complete her course at Smith this year. Miss Davis is also planning to take up a course in drama at the local university, while she recently began lessons in the Russian ballet, which she thinks a great aid in stage presence.

Edward Hearn, leading man with Wanda Hawley in "The Truthful Liar" at the Capitol theatre always had a "banking" to go to the South Seas. Then along came William F. Astor who offered him a contract as leading man in "The Lagoon of Desire," opposite Ruth Denick. The picture called for a trip to the South Pacific and Mr. Hearn had the gratification of having a month in Tahiti. "The Truthful Liar," which was written by Will Payne will close its run Saturday. It is a Realar picture, distributed by Famous Players-Lasky Corporation.

DOMINION

When Rex Ingram, whose latest production for Metro, "Turn to the Right," the screen adaptation by Mary O'Hara and June Mathis, from the John Golden stage success by Winchell Smith and Jack Hazzard, now showing at the Dominion theatre landed in America ten years ago, having left Dublin, Ireland, to seek his fortune, he took a job in the New Haven freight yards.

It was from that starting point that he gradually worked his way over the whole of the New England states, coming to know the country in all its most intimate phases. Then, he had not even considered motion pictures. Ten years later, acknowledged as one of the greatest directors in the world, when he was asked by Marcus Loew, controller of Metro, to undertake the \$500,000 comedy drama, "Turn to the Right," the locale of which is almost entirely New England, he was able by drawing on his personal experiences, to establish the correct atmosphere in the California setting.

COLUMBIA

Appearing in photoplays of the great outdoors is second nature for Sam Appel, who has spent his life on the cattle ranges of California, Arizona and Mexico and who is appropriately cast for the part of Crowley in Pauline Frederick's latest R-C production, "Two Kinds of Women," based on the novel, "Judith of Blue Lake Ranch," written by Jackson Gregory, and now showing at the Columbia theatre.

Appel was born in Sonora, Mexico, was a cattle man before he entered motion pictures and is sought by directors for his knowledge of outdoor life in Western America. He has appeared with many of the leading stars of the screen, including Bert Lyell in "The Right of Way," and William Farnum in "The Lone Star Ranger," and "The Last of the Duenas."

DIRECTING AT PRINCESS

HARRY LELAND

Mr. Leland is capably handling the directorship of "Her Husband's Wife" at the Princess Theatre this week. The play is a three-act musical comedy.

Through—and from the play that slyly was born to become a great picture. And the mist is not all in the eye of the camera, as those who see Norma Talmadge in her latest and best, "First National starring vehicle at the Royal Victoria theatre next week will agree.

SCHOOL DAYS AT DOMINION NEXT WEEK

Spontaneously plays a big part in many motion picture productions, and Wesley Barry in his latest starring vehicle, "School Days," which comes to the Dominion theatre, beginning Monday, gave a good example of how to extract humor out of a given situation. In other words, during the filming of a picture, especially a comedy, it is necessary to fabricate mirth provoking situations right on the spot.

The scene that was being filmed was a classroom. About two dozen boys and girls were paying strict attention to the teacher, save Wesley, who was cutting up all sorts of pranks. Suddenly the teacher discovered the freckle-faced youngster and called:

"Wesley! Stop that nonsense! Stand up and recite 'The Village Blacksmith.'"

The boy stood up and, after a tense moment, said: "Under the spreading blacksmith tree, the village chestnut stands—"

The teacher, "I'm ashamed of you. Go to the blackboard and write 'I'm a fool twenty times.'"

Wesley struggled to the blackboard, and much to the edification of the director, ingeniously wrote "Teacher is a fool twenty times."

The spirit of the modern world just couldn't resist breezing in and infesting a temporary revision of the seventeenth century, which Universal was using for "The Adventures of Robinson Crusoe," the first chapter of which comes to the Dominion theatre next week.

In the second episode of the serial Crusoe is seen crashing through the woods with his flintlock rifle over his shoulder on a hunting expedition.

"Hold your musket so that it shows more plainly," yelled the director, Robert Hill, "The firearms of the periods are interesting and important."

Just then a rattling roar was heard overhead and the company looked up to discover an airplane hovering just above the set.

"Well, can you beat that?" said Hill, "Here I run myself ragged trying to inject the realism of the seventeenth century into my film and a nervy twentieth century invention invades my artistic endeavors!"

Except for the unsuspecting attacks of such interesting objects as airplanes, Director Hill and members of his company have sustained a spirit and general atmosphere of the days of the 1600's throughout the eighteen episodes of the interesting serial.

Harry Myers, starred as the universally beloved Robinson Crusoe, is supported by such notables as Noble Johnson, Gertrude Olmstead, Percy Pembroke, Aaron Edwards, Josef Swickard, Gertrude Claire, Emmett King, Jack Woods, T. C. Jacks, John Wallace, Charles McHugh, Gloria Davenport and others. Emma Bell Clifton wrote the continuity from the story by Daniel Defoe.

to paint the five most beautiful girls here for the purpose of hanging the paintings in the National Gallery of France, that the French might appreciate the distinctive beauty that America produces in her womanhood. Miss Ardell is eighteen years old. She was selected by Mr. Griffith to play an important part in "Dream Street" as a girl whose face expresses noble and pure beauty associated with the good things of the spirit as well as the flesh. She appears in the scenes with Tyrone Power, the famous Shakespearean actor, who makes a memorable performance of the part of the Sayer of Good Thoughts.

THE OLD LAW OF SUPPLY AND DEMAND IN REGARD TO TEA

The supply of tea in the world today is very much less than the constantly increasing demand. The recent reduction of fourpence per pound of the duty on tea entering England, which is by far the largest tea consuming country in the world, has had a decidedly stimulating effect on consumption. It is expected that this further demand will force the price of tea still higher.

MOVIE ACTOR TO LEARN IF HE FACES BIGAMY TRIAL

Los Angeles, June 2.—Rudolph Valentino, screen actor, has not learned yet whether he must face a jury on a charge of bigamy. His preliminary hearing was begun yesterday, but was adjourned so some missing witnesses might arrive.

A desert, foreign customs and a lot of flowing robes in purple and other eye filling colors were the somewhat appropriate settings and features that surrounded the marriage of Rudolph Valentino and Miss Winifred de Wolf, also known as Miss Winifred Shaughnessy-Hudnut and as Natacha Rambova.

The colorful tale of a Mexican marriage was repeated with embellishments yesterday in the court of J. Walter Hanby, justice of the peace, where Valentino had been haled to answer to the complaint charging him with bigamy.

The complaint was based on records here and at Mexicali. Those here showed that Valentino divorced Miss Jeane Acker in January. Those at Mexicali showed he wed Miss de Wolf-Shaughnessy-Hudnut - Bambova there on Nov. 13. The authorities here held that the small marriage was bigamous because Valentino had only an interlocutory divorce in his case, which will not become final until next January and hence, they explained, he was still married to Miss Acker.

Whether his marriage was bigamous or not is still pending, continued to draw crowds yesterday. He sat somewhat slumped in an arm chair and worriedly gnawed a

NORMA TALMADGE AT ROYAL NEXT WEEK

"Two eyes 'Smilin' Through" a green lattice! The black wing of tragedy brushing by a quaint rose garden.

Here is the contrast of light and shade that gives poignancy to romance.

The eyes danced. So did the smiling little face of Mooneyen. And Mooneyen, whenever she comes before the camera, wears a sort of golden haze (cast upon her by moonlight and mist—and a clever director) that should surround every woman in love.

Even the little figure of herself that she whimsically sends her lover catches some of this glamour.

Fragrant as roses is "Smilin' Through"—and from the play that slyly was born to become a great picture.

And the mist is not all in the eye of the camera, as those who see Norma Talmadge in her latest and best, "First National starring vehicle at the Royal Victoria theatre next week will agree.

GIRLS' CLUB OF W. B. A.

The Girls' Club of the Women's Benefit Association of the Macca-bees held a very successful garden party at the home of Mrs. Ball, 1033 Queen's Avenue, on Wednesday afternoon.

A delightful musical programme was given and tea and ice cream were served out of doors. A fancy work stall and fish pond were well patronized.

Mrs. L. P. Hodgson, Provincial Deputy, gave an address during the course of the afternoon on the work of the W. B. A. Summer camps for girls.

The next meeting of the club will be held at the home of Miss Ringland, 1047 Chamberlain Street, on Thursday evening, June 8, at 8:15 o'clock, when it is hoped that all members will be present.

SYMPATHY UNNECESSARY

"And how is your husband?"
 "Oh, he's so busy at the office that I only see him for about one hour a day."
 "Poor old thing! You have my sympathy."
 "Oh, no, dear—the hour soon goes."

WOMAN'S DOMAIN

MISS CLARE POWELL TO APPEAR IN RECITAL

Maurice Moss, Notable Vocalist, to Assist

Music-lovers are reminded that Miss Clare Powell's recital, postponed from an earlier date owing to doctor's orders, has been arranged to take place to-morrow, Saturday, evening in Harmony Hall.

After a strenuous day in the open air no more appropriate or delightful evening could be desired than one spent listening to beautiful music, and the programme arranged by Miss Powell, with its many dainty tunes and delightful folk songs, promises an exceptionally enjoyable evening.

Miss Powell has already established her reputation in Victoria as a gifted and painstaking artist, and her selections for to-morrow include a number of very fine recitations with musical accompaniments. Among them she will include such well known and diverse favorites as "My Ships" (E. Wheeler Wilcox), "Farewell to the Law" (R. C. Lehmann), with music by Mendelssohn and C.P., "The Debt," a tribute to fallen and wounded June 4 (Margaret Meredith), and "The Soldier's Song," while her vocal solos will include two classical numbers in addition to modern items.

Mr. Maurice Moss, who has kindly promised to assist Miss Powell, is the possessor of a fine baritone voice, and is a member of the Christ Church Cathedral Choir and of the Arion chorus. Before coming to Canada he had the enviable experience of singing in the Handel Festival at the Crystal Palace and joined in the world tour made by the famous Shepherd Choir in 1911. Mr. Moss was also a member of the Bach Choir, Oxford. Since coming to Victoria he has been organist of St. James' Anglican Church and of the Reformed Episcopal Church. He served with the Eleventh Canadian Field Ambulance during the war.

Mr. Moss will be heard on Saturday evening in a fine Wagner number, in Little's "Farewell" and in P. J. O'Reilly's "Drake Goes West," as well as in some lighter numbers. He will be accompanied by Miss Constance Moore, a member of St. John's Choir, and Mr. Percy Fletcher, M.A., Cantab., will act as accompanist for Miss Powell.

NATIONAL CHAPTER REPORTS PROGRESS IN EDUCATIONAL WORK

(Continued from page 1)

"In one province the crippled child and soldier children and other children are being helped to obtain a musical education. Other chapters have contributed toward a course in art for soldiers' children another has undertaken the education of a native girl in India to enable her to become a nurse. Another has contributed to provide a physical instructor in school.

Child Welfare Work.
 "This year the educational work seems to be linking up with the child welfare work of the order. Many chapters are providing milk for undernourished children in city schools one Ontario chapter giving personal attention to the physical and moral welfare of six under privileged flags have been presented, also reports for essays and in this respect proportionately Nova Scotia takes the lead.

"It will be gratifying to the Order to know that the celebration of Empire Day and other anniversaries is carried out in various ways throughout the country by the chapters."

Teachers Active.
 Special mention was made of the chapter in Toronto formed entirely of teachers, who have appointed from their numbers a so-called I. O. D. E. secretary in each school.

"Community and social service work has been taken up enthusiastically as part of Canadianization work, and reports are most encouraging. An excellent plan adopted has been the co-operation of the I. O. D. E. with the Board of Health and other agencies. In some places classes for new Canadians have been held under the direction of the Board of Education, volunteers giving their services two nights weekly. One chapter has undertaken work in occupational therapy among invalid soldiers.

Canadian Literature.
 "Another important subject upon which I should like to touch is that of Canadian literature. This present movement is one in which the Order should have a part. The population of Canada is as great as that of many countries which have contributed largely to the world's supply of masterpieces. Why are we so far behind? Is it not due in part to the lack of encouragement of Canadian writers? It is a fact that Canadian writers have been recognized in United States before their names are known here.

"In this connection I should like to formulate a national plan whereby a yearly prize may be offered by I. O. D. E. for some form of writing, whether poem or prose. Such would stimulate this branch of art in Canada. All chapters would serve to show the warm sympathy of our Order with Canadian literature.

Self Education.
 "Another plan of educational work, which is capable of much development, is the education of ourselves in public questions. One is constantly struck by the lack of interest shown by a large number of Canadian women in such matters. When they had no voice in the government of their country their ignorance was regrettable, but now it is dangerous. Educational secretaries should do all in their power to interest their chapters in public questions, through lectures, debates and encourage the reading of history and civics. Provincial secretaries have been asked to approach the authorities of the universities in their province with the request that short courses for women in citizenship be established.

"The work of the Order is being more appreciated by the various provincial governments, and in conclusion I wish most earnestly to express the hope that this co-operation between the government and the Order will increase so that in every province we will regard our work as essential to the welfare and development of the country."

War Memorial.
 The report of the Memorial scheme given by Miss Constance Laing, of Toronto, national convener, was followed by a resolution, which was carried unanimously, to the effect that the Order should be the provision of scholarships and bursaries and postgraduate scholarships to the dependents of fallen or disabled veterans and for the present with drop from the scheme, the proposals for a traveling fellowship, and a lecture foundation, in Canada, and the courses of lectures on the history and geography of the Empire. These latter proposals are being suspended in the interests of economy, as it has been found that the very comprehensive war memorial scheme now providing the higher education for two children of fallen veterans will be an undertaking of considerable magnitude, when taken in conjunction with the many other fields of work conducted by the I. O. D. E.

Living Monument.
 In her comprehensive report Miss Laing said that three years ago at the annual convention in Montreal it was decided the war memorial of the Order should be along educational lines, and that the sum of \$500,000 should be raised for the purpose.

By this decision, she stated, the memorial will be given upon a marble rather than upon monuments of bronze and marble. It was in the hope of training up leaders that the memorial was given in the form of a fund for Canadian bursaries. By using both principal and interest upon this amount it was found that nine bursaries, each totalling in value \$1,000, which would be divided into four yearly instalments of \$250.00 each, could be awarded annually for 18 years.

The amount of \$100,000 was also set aside for the purpose of the memorial. The original resolution respecting these scholarships called for the award of one post-graduate scholarship in each province every year. As the interest on only \$100,000 was available it was decided to award four scholarships in 1921 and five in 1922 if sufficient money were forthcoming. It was also decided that possible. By this arrangement nine provinces were to be covered in two years, instead of one.

Holders of Bursaries.
 During the past year the Canadian Bursaries awarded went to Mr. Earle

MISS ELSPETH ROGERS BECOMES MRS. JAN CHERNIAVSKY

The marriage of Miss Elspeth Rogers to Mr. Jan Cherniavsky, which was solemnized yesterday afternoon at St. Paul's Church, Vancouver, drew a large and fashionable gathering, both bride and groom having an unusually wide circle of friends in the district.

The bride, who is the second daughter of the late Mr. B. T. Rogers, and Mrs. Rogers, Davis Street, was given away by her brother, Mr. Ernest Rogers, and made a charming picture in her lovely gown of silver cloth, with a lace veil gracefully draped under a coronal of orange blossoms. Her shower bouquet was composed of bridal roses, and she was attended by her mother, her sister, Mrs. Michel Cherniavsky, who married another brother of the famous trio of musicians, and her sister, Miss Margaret Rogers. The bridegroom was attended by Mr. Claude McAlpine, and the ushers included Mr. Stuart Armour, Mr. Neil Clark and Mr. Harry Crane, and Mr. Robert Ker, of Victoria. The church was most beautifully decorated for the occasion, with masses of Summer flowers and fern, and festoons of greenery, which made an effective background for the happy couples. The bride and groom will leave for London, England, where they expect to spend the next six months.

Following the ceremony, which was performed by Rev. Harold G. King, assisted by the Bishop of New Westminster, a reception was held at the home of the bride's mother. Among the guests were Mr. and Mrs. Richard Angus, Mr. and Mrs. Forrest Angus, Mrs. Hanson and the Moores Fair weather (great aunts), all of Victoria. After a ten days cruise among the Gulf Islands on the yacht "Wallace," lent by Mr. Hubert Wallace, the happy couple will leave for London, England, where they expect to spend the next six months.

LANGFORD WOMEN TO HAVE STALL AT VICTORIA FAIR

(Times Correspondence.)
 Langford—The monthly meeting of the Langford Women's Institute was held at the home of Mrs. Radford this week. The day being so warm, it was decided to hold the meeting in the open air and this proved such a success that the members un-animously agreed that, weather permitting, all meetings during the warm weather would be held out of doors.

It was decided after discussion that the Institute should have a stall at the Victoria Fair. Mrs. A. Coley, of Metehosin, then gave an interesting talk on gardening, emphasizing particularly in the course of her remarks the necessity of the early preparation of the garden and giving some very vivid word pictures regarding planning for beauty.

Mrs. Simpson Hayes, who is well-known in the literary world and is at present residing with her sister, Mrs. Livingsstone of Metehosin, gave a short address which was greatly appreciated by all.

Tea was served by the hostess and the meeting adjourned.

Miss Nora Phippis arrived from Seattle on Tuesday and after staying for a few days with her father in Oak Bay, Victoria, will be the guest of Mrs. H. A. Hinks, of Langford, for the remainder of her visit.

GARDEN CITY W. I.
 The monthly meeting of the Garden City Women's Institute was held in the Marigold Hall on Thursday, June 1. There was a good attendance and Mrs. J. Davidson, the president, occupied the chair after an absence of two months.

The social committee reported having successfully held two five hundred drives and one dance during the month of May. The hall was also rented for two meetings and a concert.

A dance will be held to-day, at 9 p. m. with Mr. Beattie's six-piece orchestra in attendance. At the July meeting the question as to the advisability of forming a guild of Girl Guides and Boy Scouts will be discussed. The members were asked to boost "Made in B. C." goods, and buy whenever possible goods of Canadian manufacture. A meeting will be held on Thursday, June 15, when arrangements will be made for the annual picnic and special flower show business will receive attention.

Mrs. Peden, of Victoria Women's Institute, then gave an excellent talk on the manufacture of organdie flowers, using exquisite shades of material in the making of flowers of the type of Canterbury bell, primrose and rose. Some dainty silk flowers were also shown.

The members were delighted with the results of Mrs. Peden's handiwork and showed their appreciation by according her a very hearty vote of thanks. Tea was served by Mrs. Adams and Mrs. Peltz during the afternoon.

L. A. of Canadian Legion.—Under the auspices of the Ladies' Auxiliary to the Victoria Post of the Canadian Legion, a card party will be held this evening, commencing at 8 o'clock, in the organization's premises, 1106 Douglas Street. The proceeds will be applied to the work of the auxiliary. The members of the Post have decided to hold a smoking concert in the near future, the following committee being in charge of the arrangements: Conrad Twigg, Knott, Weir, C. A. Gill, Wallis, Hughes, Ashdown and Cresswell.

Part of Fees Remitted.
 "Last year eight universities agreed to remit part of their tuition fees to students holding our bursaries," the report continued. "This year two more have been added to the list, the University of Manitoba remitting \$36 yearly and the Mount Allison University, New Brunswick, remitting \$25.

"Five overseas post-graduate scholarships have been awarded this year, one each from Alberta, British Columbia, New Brunswick, Nova Scotia and Prince Edward Island. It is gratifying to know that all the successful male candidates this year served with the Canadian army in France."

"Letters have been received from students at Oxford and Cambridge and mention was made of the kindness of the Victoria Legion.

"After constant negotiations for more than three years we have succeeded in announcing that a collection of eighteen war records pictures, painted by artists engaged by a committee of which Lord Beaverbrook was chairman, will be in the possession of provincial chapters before October. These are to be distributed to 1,000 schools throughout Canada.

"Contributions to the war memorial report to the end of April 30 total \$28,344.06 for this year; disbursements, \$44,861.86; balance, \$306,191.41. Total contributions to the war memorial, \$28,344.06."

President's Residence.
 Consideration of by-laws of the national organization also occupied the earnest attention of the National Chapter, when many matters of internal administration as well as questions of national importance were freely discussed. One clause declaring that the President or 1st vice-president shall reside at headquarters, which will for the next five years be Toronto, created much discussion, as it signals a new departure for the Order in permitting the National

ROTARY PLANS BIG YEAR OF SERVICE HERE

High Tribute to Retiring Officers at Annual Rotary Banquet

Boys' Work to Feature Year's Programme; Big Progress Recorded

Looking back upon probably the most successful year in its history and forward to a year of even greater activity, the Victoria Rotary Club met together at its annual banquet meeting in the K. of P. Hall last night, and installed its new directors in office.

No head of the Club has ever retired with the higher esteem of his members than Lester Patrick, and no new president has accepted office with wider support than P. B. Scurrah, who last night took over the presidential gavel.

Whatever success there may have been in the administration during the past year has been primarily due to the interest and activities of the individual members of the club," said Mr. Patrick in his valedictory speech. In formulating and devising ways and means to successfully function, I have always felt that behind the sympathetic interest and whole-hearted support of every member of the club.

"The board of directors that I had the pleasure to work with has been as faithful as any executive could hope to have behind him, and it is with a deep sense of regret that I sever the association of such close harmony with such men as have constituted our board.

"To some of the past presidents of this club, I also wish to express my appreciation. On different occasions I gladly sought their advice and in every instance they responded with their valuable experience and the personal service touch that is so fundamental to the success of our organization.

"I cannot pass on without registering my appreciation of the able assistance given me by our old friend the captain, Captain Goodlake's name is now a household word throughout the 22nd district and the hearty cooperation and sympathetic interest accorded me is only that which has been the experience of former executives.

"In closing, I am afraid that words fail me properly to express to you my grateful thanks for the opportunity you have given me to serve this club. It has been a privilege which I shall ever cherish. In stepping down from the chair and back to the ranks of every-day service, I shall present a friend and a successor whose devotion to rotary is well known to you. He well deserves the honor which has been bestowed upon him, and I know that he will receive from you the same hearty cooperation that it has been my privilege to enjoy.

"And now we have come to the end of another Rotary Day and the dawn of a new one. The last thought that I wish to leave with you is that I hope that the year gone by has been as happy, beneficial and productive in your Rotary life as it has in mine."

Accorded Ovation. President Patrick was given a tremendous ovation when he was presented with a diamond-set gold pin in the shape of a Rotary wheel as a token of the Club's appreciation of his work.

"This club has always in the past been fortunate in its selection of presidents and the one who has just

CAN WALK FOR MILES WITHOUT GETTING TIRED

Mrs. Olson Tells How Tanlac Completely Rid Her of Rheumatism and Stomach Trouble, Which at Times Made Her Almost Helpless

In telling her experience with Tanlac Mrs. Arthur Olson, 322 Pender St., East Vancouver, B. C., said: "Ever since I came from England, three years ago, my stomach had been out of order and I was always feeling sick. I had no appetite and ate scarcely enough to keep a bird alive. I suffered from constipation, and was almost frantic with headaches. I had pains in the small of my back and rheumatism in my limbs. For three weeks I could hardly move my arms. I rarely got to sleep before two or three in the morning, was simply lifeless and just wanted to lie down all the time. "Tanlac did what all other medicines failed to do for me. It gave me a fine appetite and rid me of all my pains, and the other day I walked several miles with my husband and did not even get tired. I think Tanlac is just splendid."

The One Unwanted

By RUBY M. AYRES

INSTALMENT NO. 6

I heard the sound of wheels on the road outside, and I raced downstairs as Mr. Anderson opened the front door (it was never kept locked) and walked into the house. "I thought you weren't coming," I said. "I've been ready ever so long." He shut the door behind him. He looked a little worried, I thought. "My cousin is coming with us," he said. "I hope you don't mind; she said she would like to come." He waited, and I roused myself with an effort to say: "How jolly! Of course, I don't mind. Where is she? Won't she come in?" "She said she would wait outside in the trap. Shall we go, if you are ready?" "Yes, I'll just get the sandwiches." I went into the kitchen. "Mr. Anderson has brought his cousin," I told Mrs. Alberry. "So I've got a chaperon all right to-day."

FOR CHILDREN THE SANDMAN STORY FOR TONIGHT

It did not matter to Mr. Fox who helped him to get a living; in fact it did not matter at all so long as he could use his neighbors to get what he wanted. "Do you ever care what anyone thinks?" he asked exasperatedly. "Not often," I admitted. "I twisted free of the hand he had laid on my arm and went out into the road. Nina Riley was perched up in the front seat, which had hitherto always been my place, and I was nasty enough to be secretly pleased because she looked cold and the tip of her nose was red. "We shook hands, and I said what a lovely morning it was. "It's very cold," she said, and shivered. I scrambled up into the back seat of the trap, and Mr. Anderson brought a rug and wrapped it round me. His face looked grim, and he made a comical little grimace of chagrin when our eyes met. "We're not going to enjoy ourselves a bit," I thought, as we started away; and I was right.

"I think there is always an impossible number, because, no matter how hard the other two may try to prevent it, one is always bound to feel out of things, and to-day, to my mortification, I was once again the one unwanted."

"Nina could not skate at all well—not nearly so well as I could—in spite of the fact that she had been learning for years and I had only tried for the first time a week ago. She was very nervous, too, and would not let Mr. Anderson leave her for a moment.

"I don't know if he really enjoyed helping her. He didn't look particularly happy anyway, and I got a cold standing about that, at last I went off on my own account. "Don't go far," Mr. Anderson called after me. "I'll keep away from the left bank—it's more sheltered there, and is thawing a little."

"If I fall in, I shall expect you to pull me out," I answered tartly. "Nina had spoilt everything! Yesterday Mr. Anderson and I had such a lovely time together; it was wonderful how much more easily I could get along when he held my hands, and he had promised that to-day he would show me how to cut a figure. There were not many people on the ice besides ourselves, only a few boys from the village, and before I had gone far I found myself almost alone. I stopped, balancing myself unsteadily on my skates, and looked back. Mr. Anderson and Nina were a long way off, and a sudden depressed sense of unwantedness stole over me."

"I would not have stayed with his cousin unless he had wished to, I thought, and Mrs. Alberry's words came back to me fraught with a new significance. Were they really going to be married? Nina was quite pretty, much prettier than I could ever hope to be, and a feeling of jealousy touched me as I went slowly on again. "Was I never to have a friend all to myself? I had grown to look upon Mr. Anderson as my own special property during the past week. He had hardly ever spoken of his cousin, and I had told him a great deal about my home, and my people, and he had seemed very much interested. I wished now I had been less communicative—I made-up-my-mind that to-morrow I would refuse

SHIPPING NEWS FROM DAY TO DAY

Social Hall Located Aft on S. S. Princess Louise

No one would believe by casually glancing at this picture that freight is lowered into a hatch through this comfortably appointed apartment, which is one of the finest and most roomy spaces on the ship. The staircase leads to the dining saloon and in the right alcove is one of the coziest writing rooms that could be imagined. The balcony on the upper deck leads to the smoking room. The art-glass hatch-covering surrounding this space can be removed, and the deck surface under the carpet opened up when in port for the loading and discharging of freight from the after hatch. When freight is being worked the furnishings are protected by heavy sail canvas slung from the upper deck.

OLD HARBOR BRIDGE TO GO NEXT MONTH

Trains Will Run on New Johnson Street Span in July

Then Work on Permanent Railway Section Will Start

The old Johnson Street bridge is slated for removal in July. It was announced at the City Hall to-day. About six weeks from now the viaduct, which has carried trains and pedestrians over the Inner Harbor at Johnson Street since 1890 will disappear altogether to make way for the new and up-to-date bascule bridge, which the city is building.

REMOVAL PROPOSAL.

The old bridge will be removed as soon as the traffic, or southern side of the new bridge is completed by the Canadian Bridge Company. Rails of the Esquimalt and Nanaimo Railway Company will be laid on the traffic side of the bridge for use until the railway or north side is completed. Already preparations for running trains over the traffic side have been commenced so that as soon as the big centre bascule span is dropped into place locomotives will cross it.

SS. RAINIER BREAKS DOWN WHILE AT SEA

Broke Thrust Shaft When Steaming North of San Francisco

San Francisco, June 2.—Radio reports to the Chamber of Commerce said the steamship Rainier, which left here for Seattle Wednesday, broke its thrust shaft 140 miles north of here. The steamship was expected to be picked up by the tug Sea Lion and towed back here.

will operate under the Red Stack flag. The amalgamation was made for reasons of economy, since the Black Stacks have been operating recently, it is understood, at a loss, while the Red Stacks have about broken even.

The consolidation also takes three Peterson tugs and four operated by James Rolph. Thomas Crowley will be general manager and Captain William Darnough will continue in the capacity of superintendent.

Arrivals at San Francisco in May from foreign ports totalled 170,566 tons against 174,712 in April.

The A. G. and P. Steamship Company's freighter Henry S. Grove will sail from Providence, R. I., for San Francisco, June 17, it is announced here.

The Williams Freighter Wilhilo arrived from the Atlantic coast with a capacity cargo. The Prince Albert of the Canadian Government service arrived yesterday with 450 tons of paper and general cargo. She will load salt at Oakland for British Columbia.

INVENTOR IS DUE TO LOAD LUMBER

Government Freighter Will Take on 500,000 Feet for Delivery at Yokohama

The freighter Canadian Inventor, of the Canadian Government Merchant Marine, is expected alongside the Ogden Point docks to-night. She is being shipped to Manchuria by the B.C. Cement Company. The Protetiaius is coming here direct from Union Bay, where she is due this week-end to replenish her bunkers. After loading here the Protetiaius will shift to Seattle and Tacoma to complete her freight for the Far East. She will have a capacity cargo for ports across the Pacific.

The C.P.O.S. liner Empress of Asia, Capt. L. D. Douglas, is scheduled to arrive here on Monday morning with 300 passengers in the saloon and a huge stowage list. There is always the possibility that the liner will make port on Sunday, but the schedule calls for Monday morning.

Yokohama Maru Coming

The Nippon Yusen Kaisha liner Yokohama Maru is also expected to dock here on Monday from the Far East. The Yokohama Maru is well known here and is making her reappearance after a number of years on the European route.

CANADIAN SERVICE TO NORWEGIAN PORTS

Montreal, June 2.—Inauguration of a direct steamship service between Montreal and the principal Norwegian ports with the object of furthering the expansion of trade between Canada and Norway was announced yesterday by the Canadian Pacific. Traffic agents for the Norwegian-American Line. A regular service of a cargo steamer will be maintained.

PROTESILAIUS TO HANDLE CEMENT FOR DELIVERY IN EAST

Blue Funnel Due Here from Union Bay Tuesday to Load For Orient

To take aboard a large consignment of cement for the Orient, the Blue Funnel liner Protetiaius will arrive here on Tuesday next. The cement is being shipped to Manchuria by the B.C. Cement Company. The Protetiaius is coming here direct from Union Bay, where she is due this week-end to replenish her bunkers. After loading here the Protetiaius will shift to Seattle and Tacoma to complete her freight for the Far East. She will have a capacity cargo for ports across the Pacific.

CARDIGANSHIRE IS NOW AT SEATTLE

Seattle, June 2.—The steamship Cardiganshire, in the joint service of the Royal Mail Steam Packet Company and the Holland-American Line, arrived here yesterday from Europe and the United Kingdom. She brought 1,000 tons of steel, glass and other cargo. Part of her out-bound cargo will be taken on in Vancouver, she will take lumber and general cargo here and in Tacoma, and will load 6,000 tons of wheat on the Columbia River. She will shift to Tacoma, Saturday night.

TWO TRAIN LOADS OF SILK ABOARD EMPRESS OF ASIA

R.M.S. Empress of Asia, Capt. L. D. Douglas is inbound with over one thousand passengers and a full cargo, including two train loads of raw silk.

In connection with the silk movement across the Pacific, it is interesting to note that the train load from the Empress of Russia arrived at New York sixty-two hours ahead of that from the Admiral Line S.S. Bay State (now President Madison). These ships left Yokohama the same day. The run from Vancouver to New York with the Empress of Russia's silk constituted a record in transcontinental rail haul.

LONGSHOREMEN TO BE SELECTED BY JOINT COMMITTEE

Plan for Adjustment of Waterfront Trouble at Portland

Portland, Ore., June 2.—Official acceptance is recorded by the Shipping Board of the consent of the Waterfront Employers' Union to the employment of a neutral hiring point of longshoremen to work cargo on Government ships, the men to be selected by a committee of four, two for the union longshoremen and two for the employers. As a result of the union longshoremen are expected to be back at work to-day or Saturday strike will be continued as to privately controlled carriers.

On word being received from Washington that the Shipping Board was satisfied, which means also there will be no withdrawals of tonnage from the Columbia Shipping Company because of its stand against the exclusive employment of union longshoremen during the strike, steps were taken to form the committee of four. The union longshoremen had previously announced the selection of J. W. Holman, president of the union, and Jerry Hurley, so the employers delegated Earl C. Hamilton, secretary of the Oregon and Ocean Corporation, stevedores, and G. Harold Bowker, of Brown & McCabe, stevedores, also to serve for them. These are to meet for organization to-day.

FISHERMAN LOST

Yarmouth, N.S., June 2.—The schooner L. R. Snow, of this port, sprang a leak and sank ten miles off the Lunenburg lightship yesterday, homeward bound with 20,000 pounds of halibut. Captain Leblanc and his crew took to the boats and rowed ashore in a dense fog.

ARRANGE RELEASE OF H. F. ALEXANDER

Directors of Admiral Line Approve Bond for Release of Ship

Seattle, June 2.—Directors of the Admiral Line have approved a bond for the release of the H. F. Alexander, libeled for \$1,815,600 at Chester, Pa., as a result of her collision with the British steamship Andree in the Delaware River.

The libel was filed as the H. F. Alexander was about to leave the Chester yard of the Sun Shipbuilding Company, where she has been undergoing repairs necessitated by the collision. A United States deputy marshal stepped aboard with an attachment for the amount named. The filing of the bond which the directors approved will obtain the big liner's release. She will proceed to New York to prepare for her excursion to Havana, Cuba, and the Panama Canal.

The libel papers allege that the liner was running twenty-five knots when the accident occurred, and charge negligence on the part of the Alexander's master.

The vessel, formerly noted as the Great Northern, was purchased several months ago by the Admiral Line for the Seattle-California route.

NEW YORK FOUR DAYS FROM COAST

Trans-Canada Limited Making Fast Times Between Vancouver and Montreal

The fast transcontinental schedule of ninety-two hours between Vancouver and Montreal is easily being maintained by the famous C. P. R. express "Trans-Canada Limited," which was put into operation for the season May 21.

At Vancouver and Montreal the fast daily trains are departing and arriving right on schedule. It is announced at the Canadian Pacific office, and the service is being well patronized. Stops are made only at important points and the schedule of the Trans-Canada is so arranged that the stops at the important centres are made at convenient hours.

The Trans-Canada is a great time-saver and therefore the train is popular with the business man, and the tourist with plenty of time in which to enjoy the country; shows a decided preference for the excellent and comfortable equipment.

The Trans-Canada makes the run from Vancouver to Toronto in 87 hours. By leaving on Saturday at 3 p. m. the passenger will be in Toronto on Wednesday morning at 9 o'clock, ready for a day's business, and by leaving the same evening, New York can be reached the following morning.

On the other hand, by going straight through via Toronto the passenger can be in New York the fourth day after leaving the Pacific Coast.

WOMEN DRIVERS

Are growing in number each year, and the cars they drive are Ford's. Simplicity of operation and the ease with which service can be obtained appeal to women—but a greater appeal lies in the fact that the car is hundreds of dollars lower in price than any other. This saving in price placed in a bank account or a payment on a new home means more to a woman than a car with unnecessary equipment, power and size. It is a year for common sense buying—that means FORDS.

Executive Meeting.—A meeting of the executive of the Veterans of France will be held to-night at the club rooms, commencing at 7:30 o'clock. All members are requested to attend.

To Arrange for Convention.—Preliminary steps to arrange for the provincial Retail Merchants' Association Convention, July 12 and 13 will be taken at a meeting of the Victoria branch next Tuesday.

No Sewer Debate To-Night.—The Saanich Council last evening decided that the meeting scheduled for this evening at Tillamook School should be deferred indefinitely, pending settlement of a new date for submission of the sewer by-laws.

Ask For More Loans.—The Saanich Council last evening decided to enter a plea with the Provincial Government for a share of any funds available in the future for distribution to municipalities for use under the Better Housing Act.

Radio Lectures.—The Spott-Shaw School is starting a popular course of six weeks radio lectures and demonstrations, next Monday evening. Mr. Hill, the radio engineer, will conduct this course with a view to giving those uninitiated, an insight into the science of radiotelephony.

Returns From Virginia.—Mrs. Harris B. Surles, of Colwood, returned from a three months' trip to her former home in Virginia. Mrs. Surles was summoned south by the serious illness of her mother, who passed away shortly after her arrival there.

Had Needless Run.—A false alarm at 3 o'clock this morning gave the department a needless run to the corner of Government and Superior Streets. A hot time is waiting for the first individual found to have been in a false alarm, it is promised, by the night crew at the hall.

Wants Cook Stove.—The Friendly Help reports a case of family very urgently in need of a small cook stove of any description and the society would feel very grateful to anyone who would make a gift of a stove in time for the family in question to have the use of it over the weekend.

Esquimalt Methodist Y. P. S.—The regular monthly meeting of the Young People's Society of Esquimalt Methodist Church will be held at the church this evening commencing at 8 o'clock. An address will be given by Mr. Hadlin, Rev. B. Black, the pastor, has returned from Vancouver and will preach at the Sunday services.

Realtor Honored.—Robert H. Shank, of the B. C. Lands & Investment Company, Victoria, has been honored by the National Association of Real Estate Boards in recognition in San Francisco which elected him the vice-president representing British Columbia. Mr. Shank is one of five delegates representing Victoria at the convention.

Concert and Dance at Saanichton.—The "Vale Players" under the auspices of "Strawberry Vale Women's Institute" will give a concert, consisting of children's fancy dances, Spanish dance, quartettes and solos by popular artists, and a humorous sketch entitled "Turn Him Out," on Friday June 9, at 8 o'clock. This will be followed by a dance. Chair to be taken by Councilor Brooks. Fidler's orchestra will play.

Charge of Attempted Suicide.—White-haired and aged Chew Chong was charged in the city police court to-day with attempting to take his life by cutting his throat. J. B. Cleverly appeared for the accused and obtained a remand. The man was found by the police on May 10, alone in a cabin in Theatre Alley, where he appeared to be in distressed circumstances, it was said at the time of his discovery. He was bleeding from a cut in the throat, and had lost much blood.

To Local Gardeners.—The secretary of the Victoria and District Gardeners' Association wishes to bring before the members the convention under the organization of the Chamber of Commerce, to be held in assembly hall, Campbell Building, to-morrow afternoon at 7:30, evening at 7:30, to improve the facilities for marketing of produce. It is hoped that all members of the Victoria and District Gardeners' Association will be present to attend one of these meetings, if not both, as items of interest to them will be discussed.

Annual Weed Supply.—Councilor Vantwright last night made strong efforts to secure for Ward Three farmers the right to pasture down grass and weeds growing alongside the roads, basing his request upon a resolution of the Council. The Council refused to consider any change in the present herding regulations, Councilor Pim remarking "why should Ward Three farmers be allowed to herd cows on roadsides when the rest of Saanich must not?"

I.O.G.T.—The following officers of Triumph Lodge No. 16 were installed on Wednesday: Chief Templar, Bro. C. M. Tate; vice-templar, Sister Laing; secretary, Bro. Cooper; past chief templar, Bro. Thom; treasurer, Sister Watson; chaplain, Sister Nicholson; marshal, Sister Taylor; financial secretary, Sister D. Watson; guard, Sister Thom; sentinel, Sister Coleman. It was unanimously decided to change the night of meeting to Tuesday and the place of meeting to the Women's Institute Hall in the King Edward Hotel, room 5, where they will meet on the first and third Tuesdays.

Tolmie Parent-Teachers.—A very successful meeting of the Tolmie School Parent-Teachers' Association was held last evening when the attendance was the best of the season. The president of the organization, F. Clarke, presided, and a programme of musical numbers was rendered. Those who took part included Miss Carle, Miss Hazel Cross, Sister Bertie Cross, Miss Dorothy Cuff, Mr. Green, Master Trevor Fisher, Miss Ethel Woolcott and Miss Nita Wilson. Dr. Miller gave a lecture on the subject of "Children's Self Control." At the close of the meeting refreshments were served.

Could Not Aid.—F. G. Smith, of Calumet Avenue, last night appealed to the Saanich Council for aid in saving his \$1,500 home, sold in 1920 at tax sale for \$38.12, three years arrears. Pointing out that many notices, before and after the tax sale proceedings, had been sent by the municipal officials, the Council respectfully refused to interfere. Rev. Watson stated he had personally appealed to the purchaser, A. E. Jones, of Victoria, but could secure

no leniency towards the wife and six young children. Councilor Macnicol remarked, "I am afraid Mr. Smith has, like many others, relied too much upon the War Relief Act, while Councilor Horner declared, "It is Smith's own fault." Councilor Dooley agreeing with Mr. Smith advised making no effort to discontinue his tax position, though back from war service for several years.

Finest for Speeding.—In the Provincial Police Court this morning Dr. A. E. McMicking was fined \$25, charged with speeding on the Island Highway near Palmer Station.

Touched Live Wire.—Coming unexpectedly in contact with a high voltage carrier of the Jordan River power line, Atkins, an employee, sustained severe burns early this week. The man was removed to Sooke for medical attention, and showed progress on the road to recovery later. He is expected to recover, his injuries being confined to severe burning rather than excessive shock.

Thieves at Work.—A. G. Tilsen, proprietor of the meat market at the corner of Fifth Street and Finlayson roads, reports that his store was entered by thieves on the night of May 31. Damage was done, but nothing removed. The adjoining premises, it is stated, have been burglarized three times in the past eleven days. The latter store, known as the St. John's Grocery, was victimized for the first time on the night of the former robbery.

Causes No Flooding.—Manager A. T. Goward of the British Columbia Electric Railway Co., Ltd., last night informed the Saanich Council, by letter, that when a definite plan of improvement for the Colquitz-Creeks is in readiness and backed by assurances of proper completion, the company will replace the present temporary bridge with a suitable permanent structure. Mr. Goward stated that company engineers had assured him the existing bridge has no bearing on flooding created by present creek conditions.

WIDE BOUNDARIES FOR GREATER CITY

Members of the new Greater Victoria committee discussed their plans for consolidating the city and surrounding municipalities with members of the Saanich Municipal Council informally to-day. They will take up their plans further with representatives of the other municipalities covered by bodies during the next few days.

The area which would be included, under the committee's plan, in the Greater Victoria would comprise practically all Vancouver Island south of the Esquimalt and Nanaimo land grant. The boundary line of Greater Victoria would start at Muir Creek, near Otter Point, and run straight to the extremity of Saanich Arm and then take in all the Saanich Peninsula, including the Highland district.

RECONCILE RIVAL INCOME TAX PLANS

Perry and Todd Iron Out Difficulties; Ready to Launch New Scheme

Complete agreement has been reached between Aldermen A. E. Todd and R. W. Perry in their efforts to inaugurate income city tax schemes here. It was announced at the City Hall to-day. Now that the rival tax plans have been harmonized and welded into one the idea will be pushed through as rapidly as possible in order that it may come before the Legislature in the Fall.

Details of the composite Perry-Todd plan have yet to be worked out, but it is understood they will be along the lines of the original Perry scheme which provides for the taxation of all substantial incomes earned in Victoria. A few modifications, however, will be made, notably a change in the taxable age from eighteen to twenty-one.

"Alderman Todd and I are fixing everything up," Alderman Perry said to-day. "We are ready to enter into complete harmony and now are ready to press them through and into effect."

PIPE LINE PASSES RIGOROUS TESTS

Reservoir Overflow Withstands Terrific Pressure During Examination

The City's new overflow pipe line, which will carry off surplus water from Humpback Reservoir into Goldstream, was tested out this week and found to be perfectly satisfactory, it was announced at the City Engineer's Department to-day.

Pressure of 270 pounds to the square inch was applied to the pipes and no leaks developed. To create this pressure the outlet of the pipe was blocked up, a solid piece of steel being welded to the end of the line. Then Humpback Reservoir was filled to its maximum depth so that the pressure on the pipes were terrific. Engineering officials are satisfied that the new overflow will save country around the Reservoir from being flooded by City water again.

ROYAL YEAST CAKES

Product of Canada

It was known many years ago that yeast is an excellent thing for the many ills that result from disordered stomach or run down blood condition. Lately eminent scientists have been investigating the matter thoroughly and their conclusions point to the fact that the beneficial effect of yeast has not been overrated. The yeast treatment is very simple and economical - and altogether harmless.

Before each meal eat a Royal Yeast Cake, or take a cake dissolved in water or fruit juices. The scientific investigators say that the curative elements in Royal Yeast are the vitamins and nuclei which it contains. It is certainly well worth a fair trial by those who suffer from any of the ailments mentioned above.

ROTARY PLANS BIG YEAR OF SERVICE HERE

(Continued from page 7.)
International President Crawford McCullough and International Secretary Ches Perry.

Charity Work.
Coming to what may be called external activities, for several years past the Club's biggest undertaking was the children's Christmas tree. More support than ever before was accorded by members and the public. A total cash subscription of \$9,815.95 was received besides gifts in kind with which the Relief Committee was enabled to brighten the Christmas season for many families who in normal times would be independent of help.

The Relief Committee also undertook a collection of pictures for the Orphanage which was well supported by members and served to make the Children's surroundings more cheerful. Our Rotary ladies drove the same family to a picnic at Cordova Bay last summer.

"Appeals for loans of cars were made to the membership occasionally and met with a good response."

Sports.
The Sports Committee functioned very actively and arranged a number of matches with teams representing other organizations in several branches of sport. The baseball team

visited Vancouver last Summer and succeeded in retaining possession of the trophy.

"A club golf tournament was played and aroused so much interest that its perpetuation as an annual fixture is recommended. The Sports Committee also arranged the drive from Nanaimo to Victoria over the Mainland of the British Columbia Information has been received since by the Victoria Football Association to the effect that the team regarded this drive as one of the outstanding experiences of their Canadian tour."

"As stated heretofore in this report, your board was unanimously wedded to the idea that the prime function of a Rotary Club is to make Rotarians and this has been the guiding thought of the administration during the past year. With a policy such as this, it does not seem to be a mere coincidence to note the many Rotarians who are occupying important offices in the various organizations existing throughout the city. Patriotic, civic, municipal, fraternal, and charitable organizations all include the names of Rotarians in the personnel of their respective executives."

WHITE GREENHOUSE OPERATORS FORM VICTORIA ALLIANCE

Protection Needed From Oriental Competition
Seek to Stabilize Industry Here

Greenhouse owners of Victoria and district, representing 500,000 square feet of glass installed at a cost of \$500,000, assembled at the greenhouse of G. Riddle last night with Robert Peters in the chair. The purpose of the meeting was to inaugurate an alliance which aims to standardize the quality of export fruit and flowers, and to gain protection for white operators on this island.

Alliance Formed.
At the close of the meeting, after much enlightening discussion and advice from several authorities, the association was formed, tentatively known as the Victoria Greenhouse Alliance, with G. Riddle as president, Robert Peters secretary, and an executive composed of G. E. Wilkinson, Wilfred Woodward, Pollock, Bell, W. Riddle, A. Stewart, F. Wood and A. E. Handy.

Oriental Competition.
It developed at the meeting that 60 per cent, it was estimated, of the square footage of greenhouse glass in Victoria and district was in Oriental hands, and the charge was made by members that these operators were exporting a product not up to the high standard of the white industry.

A Valuable Industry.
To show the importance of the industry to the island it was estimated that nearly \$1,500,000 worth of glass was in operation in the various white and Oriental greenhouses.

Situation at Present.
Mr. Peters said in part: "In view of the large acquisition by Orientals and their extension in the greenhouse industry, and consequent increased competition, it has been deemed advisable to call a meeting of all greenhouse proprietors of this city to discuss business, and to bring about closer co-operation, and if in accordance with the wishes of those present, to form an Alliance for mutual instruction and benefit."

Using White Names.
"It should be noted that in no case is an Oriental concern operated under an Oriental name, but rather an English one, thereby usurping the reputation gained by men who not only founded the industry, but who by integrity and hard work, have maintained it with a high degree of efficiency," he continued.

Protection Necessary.
"There should be some method of safeguarding the buying public so that no doubt is left in the mind as to the origin of fruit bearing the name 'Victoria' as its home of production," urged the speaker.

"This may be gained by an appeal to legislation or by means of a stamp and trade name."
"Should it be thought advisable to form an alliance the words 'Victoria' and 'Greenhouse' should be included."

Would Exclude Orientals.
"The membership ought to be limited to the white proprietors of greenhouses in this city and vicinity. A small fee would be charged for legal and necessary expenses, in return each grower would receive the stamp and guarantee of the alliance, promising to keep to the standard grading authorized by the alliance."

"The assistance of the alliance in procuring expert opinion in the case of diseases or insect pests, and mutual help in all cases of difficulty would be a boon not easily over-

NURSE THINKS NOTHING BETTER

Lydia E. Pinkham's Vegetable Compound Advised for all Women in Poor Health

Toronto, Ontario.—"I took Lydia E. Pinkham's Vegetable Compound for years and it is the only patent medicine I ever recommend. I am a nurse and if I find a woman is in poor health I always tell her to take it. Although you know that doctors and nurses do not use patent medicines I must say that I think there is nothing better than your Vegetable Compound. When I first took it I was so tired when I got up in the morning that I could not eat, and when I went to bed I was too tired to sleep. My mother-in-law told me that Lydia E. Pinkham's Vegetable Compound was just what I wanted so I tried it and only took two bottles when I felt better. Since then I have found that there is nothing that makes me feel so well, for it seems to build my system right up. I don't know any other medicine that has done so much for women."—Mrs. W. H. PARKER, 19 Wellesley Ave., Toronto, Ontario.

Women testify again and again that they have been helped by Lydia E. Pinkham's Vegetable Compound "after other medicines have failed." It has been tried for nearly fifty years and not found wanting.

If you are suffering from any of the various ailments which accompany female weakness try it.

estimated. Concerted action in the buying of chemicals, fertilizers, and a hundred other matters will suggest themselves to you," concluded the speaker.

Official Speakers.
Valuable points on the furtherance of the project, for the benefit of the industry, in general were brought to the attention of the meeting by Chief Fruit Inspector Robert E. Clarke, Provincial Horticulturist W. H. Robertson and E. W. White, of the Provincial Department of Agriculture; A. P. Slade, local manager for A. P. Slade & Company, and others.

The meeting formally ratified the inauguration of the alliance, and drafted a resolution which carried the question to the attention of the Department of Agriculture on legal matters. This committee, it was urged, would look into the recent appointment to interview the recent Sale of Fruit Act, a Federal measure, and see if under its terms pressure could not be brought to bear on operators who failed to disclose their names and businesses on their export boxes.

COMMUNITY FUND PLAN EXPLAINED

F. E. Burleson Gives Interesting Talk on Subject

"It is the best thing yet that has come into our social service work," is the way F. E. Burleson, director of the Seattle Community Fund, summed up the benefits to be derived from the establishment of such a system of centralizing and co-ordinating social service and charitable effort in the community last evening.

Mr. Burleson gave an interesting outline of the work carried on under the modern system of charities during a lecture given under the auspices of the Victoria Chamber of Commerce Forum in the Sprott-Shaw auditorium. The meeting was attended by representatives of every charitable institution in the city.

At the termination of the meeting B. C. Nicholas moved a resolution that the meeting recommend to the directors of the Chamber of Commerce that they take under consideration the question of organizing a Community Fund in Victoria, and this was carried unanimously.

To Abolish Distinctions.
All religious and class distinctions must be abolished and prejudice forgotten if the Community Fund is to be a success, explained Mr. Burleson. A feature of his address was his statement that prohibition in the United States had not been a success, and the law had not been observed because it had come too soon. "Public opinion is what makes a success of law enforcement. There are laws on the Statute books of the United States which do not meet with public opinion and therefore they are never enforced," said Mr. Burleson.

The tremendous growth of America in the last few years, which has been responsible for a corresponding growth in social problems, and consequently the multiplicity of organizations had been formed to deal with the situation.

"All the growth we know of in social service agencies has been in the past forty years, and we still find that there are many human needs that are not provided for," said Mr. Burleson, who then went on to explain how the multiplicity of organizations and the duplication of service had led to the movement for co-ordination under the Community Fund system.

The fallacy of individual organizations striving to gain credit for financing and carrying out any one object of magnitude in the community was pointed out, and the necessity for co-operation urged. "Business men who are charitably inclined do not like the idea of being continually canvassed for aid by numerous charities," said the speaker, who pointed out that it was first necessary for the co-ordinated charities to plan their budget in advance, and that it was folly to imagine that they could simply go ahead with the organization and deal with developments as they were reached.

Campaign of Hatred.
Mr. Burleson decried the method of raising the United States Liberty loans. "We are repaying to-day the folly of raising the Liberty loan on a campaign of hatred. We are finding that the educational campaign is the most satisfactory and that people give willingly and intelligently under the Community Fund system."

"The movement must be conducted on a broad basis. It takes time to remove some of the prejudices even after the financial question has been satisfactorily settled. To begin with, I can assure you that there will not be that much-feared thing, an autocratic executive that will dictate to all the organizations joining the Community Fund."

Mr. Burleson warned his hearers that it would be fatal to merely build up a financial movement without any soul to it, and he emphasized the fact that it was just as important for such an organization to plan ahead as it was for a local planning.

Both Sides Benefit.
Capital and labor benefited largely through the work of the Community

Fund, as the wealthy learned more about the conditions of living among the working people and the latter got some conception of how much the business men contributed to relief, he said.

"Unless some satisfactory understanding between capital and labor generally is worked out, it will not be long before civil war results," the speaker claimed. He said that three of the largest industrial works in Cincinnati had completely revolutionized their system of working in conjunction with labor as a result of the study of conditions as divulged through the Community Fund relationship. Henry Ford also derived many of his ideas through the work.

Saves Overhead Cost.
"It is the practical daily application of Christian practice, and is merely a matter of common sense and intelligence," said Mr. Burleson, who went into an explanation of the details of formation and the carrying on of the work. He explained that the percentage of the fund used for organization, overhead and maintenance was extremely low as compared with the present divided and broken up system. "The overhead is reduced and overlapping and duplication of effort is eliminated," he explained.

"The Community Fund will do away absolutely with tag days and solicitations, except for the one thing," Mr. Burleson explained in answer to a question.

The lecture was listened to with keen interest, and it is confidently felt that the Chamber's move in asking Mr. Burleson to come to Victoria to speak on the subject will result in a great deal of benefit to Victoria's charitable institutions.

It was explained that Seattle Community Fund was established and would be only too willing to offer Victoria any information or assistance desired, if it were decided to go ahead with the formation of such an organization here.

Silk Under Things

The makers of Kayser "Italian" Silk Underwear (Made in Canada,) the high quality and exclusive features of which are recognized as standard, strongly advise the use of Lux. They say:

"Lux renews the beauty and lustre of these excellent garments. Silk Underwear should be washed at home, preferably with Lux."

A quick gentle washing in the rich Lux suds will make your underwear as clean and fresh as when new. The thin white satin-like flakes of Lux are made by our own exclusive process, and dissolve instantly into a rich bubbling lather as harmless as pure water itself.

Lux stands supreme for washing silks and other fine fabrics. It is sold only in sealed packets—dust-proof!

ed the old boatman who operated the ferry across the pretty stream. "Dad," he whined, "I'm broke, and I must get across the stream. Will you trust me for it?" "There's only a penny, miater," said the old ferryman. "I know it; but I haven't got a penny," replied the woebegone traveler. The old ferryman placidly resumed his pipe. "Mister," he declared, "if you ain't got a penny you won't be none the better off on the other side of the river than you are on this."

RHEUMATISM vs. T.R.C.'s

Lumbago, Neuritis, Sciatica

Have you given up? Have you resigned yourself to that old, gnawing pain that nothing seems to relieve? Do you think because you can't get Hot Springs or take some expensive treatment that you have no other alternative? We have many cases considered hopeless, tried everything, baths, serums, electricity, who found recovery in using T.R.C.'s (Templeton's Rheumatic Capsules). We have thousands of letters that prove beyond doubt T.R.C.'s to be the most practical and successful Rheumatic remedy sold. At druggists, \$1.00 per box. For Free Trial write Templeton, Toronto.

Cup-Holders Plan To Start Clean-up

Capitals Are in Good Shape and Expect to Take Vancouver Lacrosse Team Into Camp for Initial Win at the Stadium To-morrow Night—Joe Dakers Turning Out

"We've lost our last game in the series." This is rather a remarkable statement for athletes, no matter what their condition and ability may be, to make but the Mann Cup holders laid considerable stress on it last night after their first workout at the Stadium.

The Victoria team takes on the Vancouver challengers to-morrow evening at the Stadium, the face-off being at 7 o'clock. This will be the third game staged in the series of the Mann Cup to determine who will hold the Mann Cup at the end of the season. Vancouver is dead in earnest open for amateur competition in Canada. On the other side you will find Victoria stretched out just as flat trying to keep the mug right in the Capital.

Vancouver Got Jump

As a result of their early training the Vancouverers have been fortunate in capturing the first two games of the series. They won the holiday tussle here on May 24 by 7-1. The local side had the best of the first two periods, but fell away in the last half due to lack of condition. In the second game played in Vancouver last Saturday the cupholders showed wonderful form and struck the pace on the way. The boys are all confident that they will come through with their initial win and expect that once they get into the win column they will fear nothing.

Attas Boy Joe

Joe Dakers, the sterling defence player, will be back in the game to-morrow. Joe will make a big difference to the team. He will take a good man to get by him.

The fans will also get a peep at the two youngsters who showed such surprising ability in the game in Vancouver last and Canada. Jimmie McNamee, the High School star, and McNamee, of Sidney, will again be in the line-up, the former on the defence and the latter on the home.

Cecil Leitch Forced To Retire From Game

London, June 2.—Miss Cecil Leitch, holder of the Canadian Women's Golf Championship, who did not defend this title this summer because of an injured arm. She strained the muscles of the arm in the summer of 1931 during her play in the U. S. and Canada. She was ordered by physicians to rest the arm for several months. She did this but on resuming play for the British Championship this year, hurt the arm again.

Soaked a Homer and Won

Portland, Ore., June 2.—Second Baseman Brazil, of the Beavers, won yesterday's game between Portland and Sacramento with a regulation Frank Merritt finish by knocking a home run in the 13th with Hal ahead of him, after his error in the Sacramento half had enabled Mollwitz to get on base, whence he scored and the score was Sacramento, 5; Portland, 6. Brazil hit the first ball pitched him by Cannonfield for a terrific drive over the right field fence. The game was a thriller throughout, the score being tied three times.

Calgary Best Hitters

Calgary, June 2.—Thirty-four hits for a total of forty-two bases were made in a total of ten games, which really marked the opening of the Western International League. Calgary winning 15 to 8. W. Miller led from the start. Lewis did not have to bear down. Brinda started under the burden, but his offerings were hampered to all corners of the lot.

Rep Cricket Teams Playing To-morrow

Victoria Eleven Will Motor to Duncan to Meet Combined Forces of Cowichan and Namaimo in First Inter-city Match of Season—Both Sides Are Very Strong

John G. Anderson. New York, June 2.—It is interesting to note what the amateur champion of Great Britain has to say about American golf and golfers. He says that he has had an opportunity to consider carefully the two standards of play in a recent interview with Hunter said: "No, I am not going to enter for the amateur championship from an American club. That idea rose from the fact that I joined the Westchester-Biltmore club, of which Westchester-Biltmore is secretary. He and I wanted to be members of the same club so that we could enter the play matches as partners and the play matches as partners are given by the American Golfer magazine."

Named Bobby Jones

"Bobby Jones is the best golfer in the States because of his long driving in the States; in fact, they think too much of it, and it is the worst fault in their game."

Hunter Says Jones Is Best Amateur Golfer

but was refused work at twenty others in the vicinity. This happened ten years ago, and we have never heard of a single instance where caddy were not intensely local, and especially to the star golfers.

Want Culprits Found

If there had been but one instance of this kind of trickery it might have been put down as one man or boy gone wrong, but there happened to be two directed toward different and exceedingly popular golf stars. This would make the affair seem a matter of planned action, and we have little doubt but that the mills are grinding slowly, looking toward the detection of the culprits, and we hope with all golfers that they will grind surely.

Edmonton, June 2.—Duke Cross, hero of the no-hit, no-run game in Calgary last week, was batted out of the box by the first seven Eskimos to face him last night after four runs had been scored. The Eskimos won 11 to 9, but it was a see-saw contest.

More Players Released

Syracuse, N. Y., June 2.—The Syracuse International baseball club yesterday announced the outright release of outfielder Herbert Steen, recently purchased from the St. Louis Cardinals, and the release on option of pitchers Mat Kirley and Clarence Warner and infielder Dick Simon to the Albany team of the Eastern League.

Lynch Defeats Smith

New York, June 2.—Joe Lynch, former bantamweight boxing champion, last night defeated Midget Smith in a 10-round bout here. Lynch received the judges' decision.

Canadian Champ Wins

Halifax, June 2.—George Field, of Toronto, amateur lightweight champion of Canada, received the judges' decision over Roy Chisholm, of Halifax, in a boxing match here last night.

Amended

A school inspector in the North of England asked a child in a primary school to tell him as nearly as possible what he understood a pilgrim to be.

In a Receptive Mood

Mrs. Brown, do you think you will like this place? Applicant—Oh, yes, ma'am. But how the example set by other spoken don't worry about it. A little present always puts me in a good humor again.

LONG RECORD OF MILITARY SERVICE
twelve years of age made a great bit with the observers. Junior Cadets Cabell and Egan were the junior platoon commanders.

THE OFFICERS had the cadets some high compliments after the inspection and it was pointed out that the advantage of military training was not that it taught militarism, but that it promoted a natural instinct for smartness in appearance and accuracy and obedience, very necessary qualities for the youth of to-day.

TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, June 2.—The feature of the local market this morning centred in cash wheat. There was an excellent demand for all grades, exporters and domestic millers being busy.

Table with columns: Wheat, Open, High, Low, Close. Lists various wheat grades and their market prices.

COL. C. C. BENNETT, D.S.O.

Col. Bennett has just retired from the staff of Military District No. 11, after many years service. He served with distinction in the South African War and Great War.

CADETS PRESENT FINE APPEARANCE

The University Cadets presented a fine soldierly appearance on the occasion yesterday of their annual inspection by a distinguished company of officers. There was a large gathering of visitors at the University School grounds to watch the proceedings and the cadets went through the military exercises with smartness and efficiency.

Brigadier-General J. M. Ross, G. M. G. D. S. O., O. C. M. D. No. 11, accompanied by his acting A. D. C., Lieutenant Bradbrook of the R. C. M. G., Colonel C. W. Peck, V. C., and Colonel Urquhart, D. S. O., M. C., were the reviewing officers.

BUTTER QUOTATIONS REDUCE FIGURES

Alberta and Moose Jaw Butter Arrives; Ontario Cheese Show Reductions
Butter is down. This was the cry on wholesale row, when retailers visited lower Yates Street. Looking the quotations over they found that the prices had changed Wednesday night and had been reduced from two to one cent on the pound. Alberta butter sent through the first carload of butter since the bad weather forced withdrawal of cattle from the pasture.

TO-DAY'S EXCHANGE

Table with columns: (Burdick Bros., Limited.), New York sterling, Canadian sterling, New York silver, London bar silver.

U. S. STEEL AT 103 TO-DAY

New York, June 2.—The feature of the stock market to-day was the strength of the steel and oil shares. The steel stock common made a new high at 103. Steel common was very strong, with a gain of 1/2 cent, last night's close. The firm, however, was very strong, with a gain of 1/2 cent, last night's close.

RETAILERS ANNOUNCE BUTTER INFORMATION

Dairy Produce Supplies Many Interesting Features
Very few, but equally important changes were registered at the retail market to-day when retailers announced their reduction in prices of butter following the arrivals of consignments from the prairie provinces. The fruit and produce row also provided some interesting features concerning the prices and new arrivals.

TRADE RECOVERY FOLLOWS INCREASE IN EMPLOYMENT

New York, June 2.—Just how retail trade improves as employment increases is shown in the figures compiled by the Retail Merchants' Bureau of Detroit. While employment has made steady gains in that city since early in the year, April was the first month to show a sales increase among the stores, compared with last year. There are now more than 35 per cent more people working in the city than in 1921, so that it has taken about three months for the stores to feel the effect of greater employment.

Other People's Views (Continued) SUNDAY CLOSING. (Continued from page 4.) ground was that they cried to build their faith upon. The grief and pity is that they are not only robbing themselves but many others of valuable time and eternal wealth. We may not do so, but we understand much that the mine of God's Word contains, but we all can understand and believe that God's thoughts are not as high as our intellect and are much higher than our ever can be. (Isa. 55:9-10). A two-year-old child cannot understand much his parent says does, but it trusts and obeys as far as his power of intellect and growth permit it. Surely we of bigger growth, who profess to be adopted into the family of God, should be able to acknowledge our infancy in wisdom and knowledge compared to God the Father! We may ask, why did not Daniel return to Jerusalem? He had made himself fully acquainted with the Word of God written over sixty years previously about that very time and knew what would be the result of the expedition at the end of seventy years. His heart was torn within him to think that his brethren had not agreed with him. It pressed in upon his heart, much that, even though his position in the political world was so important a one, the will of his Lord God was of paramount importance, that for three whole weeks he gave himself up to prayer and fasting. (Dan. 10, 2). After which what a revelation was made to him! In a few years time many who do not believe in this wonderful book of prophecy will realize how mistaken they have been. What has all this to do with the Lord's Day Act readers will ask? Well, just this, we as God's children, are not wise with the wisdom that guided Daniel; he studied the written word, he did not in any instance rob God of his right to pray and fasting, that he might know the mind of God upon the thing in hand. One cannot help but question if all on both sides of this controversy have followed Daniel's example. Especially does one feel that those who are in a position of having been called of God for a definite work are not wise in robbing God of his valuable time to do work that many worthy citizens who have not received the "call" are quite as capable of doing as they are. One feels Mr. Morley was quite right when he said "if we lived rightly every day we would be more or less a Sabbath," or words to that effect—the writer did not hear him. Each of us is free to believe what the Bible reveals to us, and so in anything that may be said it is not in the least condemning another because his viewpoint does not meet that of the one penning these lines. For between thirty and forty years it was my privilege to correspond with a friend who was profound in Bible student; he was used of our Lord to open out much precious truth to me that was otherwise more or less obscure. Knowing that quite a few souls are truly troubled about this subject, with your kind permission I will copy part of one of his letters he wrote to me some years since in answer to a query of mine

upon this subject. These thoughts he gave were most helpful. They enriched the value of keeping one day above another for special worship and the advantage of this doing to the body and mind. To me it sanctified the first day of the week as never before to gather from the Book that we were given the privilege of voluntarily worshipping the Lord God, which is far more pleasing and acceptable to Him than compulsory worship. We may win people into a higher state of living by love, but we will never be able to coerce them into any given path. One cannot help but mourn the fact that God's people fail to follow the example of the New Testament saints. Let us be consistent in our lives to what we profess to believe with the heart. The following is the quotation: "There is no such expression in Scripture as 'the Lord's Day,' there is no version of the Bible, and it is found in Rev. 1:10. That verse should be read somewhat as follows: 'I became in spirit in the Lordly Day.' John was not in that 'day' before he wrote hence he uses the verb 'I became.' Again, this term 'Lordly Day' occurs but twice in Scripture, here and in 1 Cor. 11, 20, where it is rendered 'lordly supper,' so we see this word lordly beautifully connects the supper with the day. And that day, as I remark, is neither the Jewish Sabbath nor our English Sunday. It is an eternal day. This day have I forgotten thee? (Ps. 2:7; Heb. 1, 5). This day the Blessed Lord inaugurated the moment He passed beyond the way of the cross into timeless blessing beyond time and space, directly, in His death, through the cross. Our circumlocution (see Col. 2, 11) is both heavenly and divine (not deity) and connects us with the EIGHTH DAY (heavenly) and the Lordly Day (divine). Meaning, we are buried with Him (Col. 2, 12) and thus keep a perpetual Sabbath, until the Lord come when that corn of wheat with which we are buried will receive its own body—the church, as the 'one body'—our Sabbath will then cease. "Beyond this, however, it is our privilege to keep a creational day of bodily rest, linking it and ourselves as creatures with Gen. 2, 2-3. This day—the first of the working week—we do well to regard, and so keep it as a day of bodily rest and relaxation, and likewise seek to make it such for the benefit of our fellow men, by not giving them unnecessary employment. Hence one may profitably abstain from food on that day to give the digestive organs a welcome rest, also from posting letters, or from taking a journey by rail or by road, when men are employed for our comfort. "In other respects, this day is just as the succeeding six. If one esteem this day to be more sacred than others of the seven, the danger is that the other six are made to be too much secular, every day one may esteem to be alike. (Rom. 14, 4-6). "Moreover, be it noted, the Sabbath is a holy day; whereas the Lord's (or lordly) Day is a righteous day; this distinction is very real, even though it may not be seen at once. "Sunday is not those who seek to keep Sunday as Jewish Sabbath copy, include they act in a way more pleasing to God than those who regard that day just as one of the seven. God is not demanding holiness of life on the basis of righteousness connected with an Eternal Day, on lines connected with truth—truth ever in the Word, but now recovered from it and by revelation. (MRS.) O. GULLAND, 1485 Fort St., May 30, 1922.

VICTORIA NOW MORE CORDIAL TO U. B. C. SAYS DEAN COLEMAN. Vancouver, June 2—"I have been impressed with two things," declared Dean Coleman in connection with the annual report of the extension committee of the University of B. C., issued by Dr. R. H. Clark. "First, the growing demand for University extension within the city of Vancouver and its immediate neighborhood. For some time to come this demand will be for single lectures upon popular and popular topics, though we can reasonably expect that the extension work will be itself long before we are ready to occupy the field. "Second, the growing cordiality of the citizens of Victoria towards the University. It is obvious that this cordiality should grow, and hence we should recommend that the extension committee make every effort to enlarge its connections with those Victoria organizations whose interests connect themselves in any way with the University."

SAANICH WOULD DEFER BY-LAW TILL AIR IS CLEARED

Greater Victoria Scheme Ends Chance of Sewer By-laws Council Asks City to Agree to Postponement of Vote

"Since the last meeting of this Council apparently some Victoria people have seen a great light," remarked Reeve Watson in introducing to the sewer and water committee of the Saanich Council a resolution asking the Victoria City Council to extend the time of presenting to the ratepayers the by-law to pay the city for at least ninety days from July 13.

Councillor Macnicol seconded the resolution, to secure discussion though not in entire accord. He declared he had warmly supported the proposal to pay the city, and believed it was a bad move on the part of the Victoria City Council to have given support to a "Greater Victoria" scheme at a time when the ratepayers of Saanich were showing signs of a split in public opinion.

"When the Merchants' Bank went broke the Bank of Montreal took it over. The same situation is now present between Saanich and Victoria with this difference, it is the smaller body of citizens which is in the better financial position. I am giving this sewerage business a six months hoist," said Councillor Macnicol.

Preferred Agreement.

Reeve Watson pointed out that the city would be able to institute suit should no by-law be submitted, though no legal action could be instituted should the ratepayers—turn down the by-laws. He favored an agreement for a delay. The Reeve considered that, had the Victoria City Council taken no official action upon the "Greater Victoria" scheme, no damage would have been done by widespread discussions.

Useless Activity.

Councillor McWilliam agreed. "Reeve Watson's proposal is good; how can we go before the ratepayers and advocate these sewer by-laws in face of this action by the city?" he asked.

Councillors Horner and Vantage could see no profit in carrying on at this time with the by-laws.

Councillor McWilliam declared that he was disappointed with the support given the by-laws by those in favor attending the recent public meetings, while Reeve Watson declared "and now this has been sprung, the by-laws will be as dead as the doo."

Criticism of statements made to the press that "prominent Saanich citizens" supported amalgamation was made. "The prominent Saanich citizens sit around this table, none of them upon bringing up this matter at this time," interjected Reeve Watson, while Chairman Dooley suggested a formal inquiry should be made as to the personnel so deeply hidden.

"If the city is not paid this year it is their own fault," continued Councillor Dooley, it had been noted that a year of delay added over \$2,300 interest to the city's account. After expressing the belief that agitation for amalgamation would soon be abandoned, the Council passed unanimously Reeve Watson's resolution, which is as follows:

"Whereas the question of placing before the ratepayers of Saanich two by-laws in connection with sewerage; and whereas, since these by-laws were introduced, the question of a 'Greater Victoria' has been brought before the people of the area interested;

"And whereas, we are of the opinion that the introduction of the scheme will seriously interfere with the passage of either of the by-laws in question;

"Be it resolved that we request the City of Victoria to extend the time of presentation of these by-laws, which have for their objects the payment to the City of Victoria of our share of the construction of the Northwest sewer, for at least ninety days from July 13 next."

Suggests Change.

W. Johnson, of Ward Seven, asked the Council to consider the application of section 192 of the Municipal Act, which sets a limit of thirty years to public works bond issues, in

place of the fifty-year term proposed. His arguments were made for the purpose of clearing up a possible oversight before too late, and was given close study. It is possible that legal advice will be secured as to whether this clause is applicable to the by-law, which is drawn in accord with, and under provisions of, a special act of the Legislature, passed for this purpose in 1920.

WOULD BUILD NEW RACETRACK IF SAANICH AGREES

Referendum to Ratepayers Asked; Track Proposed Would Outclass Willows

"Vancouver Island is the best part of Canada for racehorse breeding," declared Percy Fox last night, when asking the Saanich Council to submit to the ratepayers a referendum upon the granting of a franchise for a new race track.

Mr. Fox stated his associates were planning the construction of a seven-eighths mile track upon the McRae property at Cedar Hill, and expected to be able to secure the award of a King's Plate trophy.

He asked for a twenty-year franchise, and was informed that the Council only had authority to submit a referendum at annual elections, save when the petition is backed by signatures of one-fifth of the ratepayers.

The proposed course would be equipped with a first class dirt track, a four hundred foot grandstand and stabling for three hundred horses, it was said.

Councillor McWilliam reminded his colleagues that race meets have always been followed by complaints by merchants as to business and collections, Reeve Watson agreeing.

On motion of Councillor Dooley the Council refused to deal with the question until further information as to personnel of the promoters is obtainable, and also an outline of the operating policy to be followed.

WOULD VALUE INCORPORATION WITH SAANICH

Craigflower Residents Wish Inclusion in Saanich

Appealing on behalf of residents in the Craigflower School district of the unorganized Esquimalt district, about fifty acres, bisected by Burnside Road, J. Cheatham last night asked the Saanich Council to find means for inclusion of that area within the municipal limits of Saanich.

"Under the present system we are paying three times the school tax we would contribute if we were in Saanich, instead of just beyond your limits," said Mr. Cheatham.

He pointed out that the preliminary consent of the Council was necessary, and should it be granted, the residents of the area affected would proceed with the work of securing signatures to the necessary petition.

Councillor Macnicol remarked, "It is certainly refreshing to find an area petitioning for admission, while residents of contiguous areas are agitating for separation."

The Council deferred expressing opinions until the district can be visited by the councillors and a report is received from the Municipal Assessor.

The area proposed for admission to Saanich is triangular, mostly subdivided, and could round out the municipal limits.

"TIZ" FOR ACHING, SORE, TIRED FEET

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, blunton-tortured feet of yours in a "TIZ" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and

then they'll take another dive in that "TIZ" bath.

When your feet feel like lumps of lead—all tired out—just try "TIZ." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, calluses and bunions.

There's nothing like "TIZ." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

A few cents—buy a box of "TIZ" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel.
