Lilium Harrisii

BERMUDA EASTER LILY.

Our stock is carefully grown and selected from thoroughly matured bulbs, great care being taken to avoid the districts in Bermuda where the disease is prevalent, and for these reasons alone we have long enjoyed the reputation of supplying the best Harrisii to be found on the market.

French Roman Hyacinths

We make a specialty of selected thoroughly cured bulbs of these. Our arrangements with the fastest steamers permit us to deliver bulbs that have been allowed to properly ripen, as early as those harvested early before they are well matured and forwarded by slow boats to save the higher freight rates

LILY OF THE VALLEY

Lily of the Valley

Early Giant Forcing

Forces for Christmas with good foliage and unsurpassed for later crops. The pips are selected with the greatest care, all with long, fibrous roots. Every pip bears a long, strong stalk with twelve to sixteen large bells.

We have numerous letters from our customers, many of whom have grown large quantities of our Giant Forcing Valley, expressing their unqualified satisfaction. We believe it is to-day the **Highest Grade Valley** on the market.

"Bassett & Washburn, Chicago, say it is the best Valley they have ever grown."

Price per 100, **\$1.50**; per 1000, **\$14.00**. Original cases of 2500, **\$34.50**.

Currie's Flower Seeds for Florists

THE BEST THAT MONEY OR SKILL CAN PRODUCE

We have for years exercised the greatest care to have our strains of Florists' Flower Seeds brought up to an exceptionally high standard. In such seeds as Asters, Carnations, Calceolaria, Cineraria, Pansies, Primula, Stocks, Sweet Peas and Verbenas, etc., these being sorts that Florists use in quantity, we have been careful to obtain our stocks from only the best and finest strains that can be bought from the most careful growers.

SEMPLÉ'S BRANCHING

Florists should Plant for Early Use Hohenzollern followed by Purity, Daybreak and Semple's Branching

PURITY

Currie's Choice Florists' Asters

Asters are undoubtedly the most popular besides the most profitable flowers that a florist can grow. They are indispensable for design work, cut flower decoration and bedding. Our strains are obtained from the most noted and careful German and American growers.

EXTRA EARLY HOHENZOLLERN. Trade Pkt. of about 1,000 seeds. oz.

In this class of Aster we have a strain of exceptional merit. They are extra early, coming in ahead of the well-known Queen of the Market, and at least 2 or 3 weeks in advance of the ordinary Asters. The flowers are similar in form and size to a good Comet Aster; very durable and do not show their centers so readily as the Comet sorts do; the stems are stout and long, making them excellent for cut flower work. This is without doubt the Aster for early cutting, and one invaluable to florists.

White, Rose, The Bride (white changing to rose)each \$.25 \$2.50

DAYBREAK AND PURITY.

In these beautiful Asters we have two rare gems for Florists' use. The flowers are round as a ball, large and full, borne on long stems. They are continuous bloomers and desirable acquisitions.

Giant Branching Comet —A new branching variety of the Comet family, producing as many as 50 blossoms to a plant, height 18 inches, has all the grace of the old-time Comets. Mixed colors.....each \$.20	\$1.25
Giant Upright Branching —Similar in habit to the Paeony Flowered type, growing about 2 to 2½ feet high. Flowers are very double, after style of Semple's, produced on long stems growing nearly upright, which permits of close planting; in two colors, white, pinkeach	.20	1.00
Branching (Semple's) —A late flowering Aster of strong branching habit, bearing flowers on long, stout stems. The petals are twisted or wavy and of remarkable size, valuable for design work, floral decorations, etc. Should be grown by all florists. White, Lavender, Pink, Rose, Blue, Mixedeach	.15	1.00

NICOTIANA SANDERÆ CARMINE FLOWERED TOBACCO PLANT

The sweet scented white Tobacco Plant has long been a great favorite in our gardens, but in this beautiful Hybrid we have one which will create a sensation. It is the hardy annual of the century. The plants are bushy and much branched, 2 feet in height. The whole plant is laden with flowers from base to summit, literally ablaze with most handsome carmine-red blossoms, thousands of which are produced on a single plant. Its combined hardiness and character of producing flowers continuously in any kind of

soil and situation is remarkable. It is as easy to grow as a Petunia.

If started indoors in early spring and planted out in May it gives a continuous display of blooms all summer and autumn. It can also be sown in the open ground when the weather becomes warm. Per pkt.....20c

NEW PANSIES

Orchid Flowered.

An interesting new race of Giant Flowered Pansies which has now become fixed in type after several years of careful selection. It embraces many interesting color combinations hitherto unknown in Pansies. The flowers are of a peculiar shape, the upper petals stand upright and are laid out in small folds, which gives them the orchid like appearance. The colors are the finest shades of chamois, pink, lilac, orange, rose and terra cotta. Trade packet, 500 seeds 25c

CURRIE'S INTERNATIONAL MIXTURE PANSIES

PANSY PSYCHE

OUR TWO BEST PANSY MIXTURES FOR FLORISTS

CURRIE'S INTERNATIONAL FLORISTS' MIXTURE.

A grand combination, comprising the picked strains of the most noted Pansy specialists in this country and Europe. The blooms are of the largest size, distinct and varied in their markings, of fine substance, containing all the richest and choicest colors to be found in Pansies. It is without an equal as a mixture for Florists' use. Trade packet, 1,000 seeds, 50c; 1/8 oz. \$1.25; 1 oz. \$8.00

GIANT MIXTURE FOR FLORISTS.

We have carefully blended a mixture of all the Giant Trimardeau sorts in proper proportions of colors, and have added to it the magnificent strains of Cassiers, Bugnots, Odiers, the new Giant Parisian Stained, and the rich colors of Madam Perret. The best possible combination of the Giant sorts. Trade packet, 1,000 seeds, 25c; 1/8 oz. 60c; 1 oz. \$4.00

CASSIER "PSYCHE."

A novelty of exceptional merit, coming true from seed. The plant is perfect in habit, producing freely its fine, velvety, violet-colored blossoms, which are surrounded by a broad margin of white, and beautifully curled. Trade packet, 500 seeds.....35c

GIANT CURLED "MASTERPIECE."

A quite unique class of Pansies, the flowers of which are quite original in form, the border of each petal being crisp and curled. The plants are of strong, sturdy growth, and the flowers borne on stout stalks are of great size and substance. Many colors and combinations are shown in this mixture which are not met with in other Pansies. Trade packet, 500 seeds.....25c

PANSY CASSIER, BRIDESMAID.

TWO DESIRABLE NEW VARIETIES FOR FLORISTS' USE

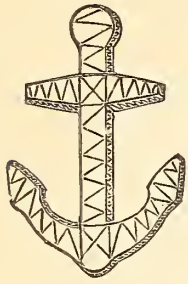

DOROTHY ECKFORD

A magnificent new white sort, without doubt the grandest pure white yet seen. In addition to its pureness it is a grand giant flower, robust in growth and stem, with no tendency to tinge or go pink; the plant is very short-jointed and grows an enormous mass of bloom. Oz. 10c; ¼ lb. 25c; lb. 75c.

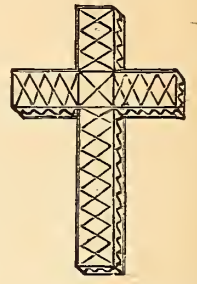

MRS. GEO. HIGGINSON

A decided novelty. The flowers are a clear blue, showing practically no tint of mauve. It is a color Sweet Pea growers have worked for years to obtain. A particularly fine shade especially valuable for florists. Oz. 25c; ¼ lb. 85c.

FLORISTS' WIRE DESIGNS

Our Wire Work is made in the most substantial manner and of the very best material, combining strength with symmetry, and is much superior to the general run of work. **Special** designs not offered in this list will be furnished on short notice, and our many years of experience as florists make it almost unnecessary to send a sketch of such, although it is generally best to do so.

MIXTURES OF LAWN GRASS SEED

If required by mail, add 5c per quart, 10c per lb. for postage.

CURRIE'S SPECIAL MIXTURE—This splendid mixture is composed of only the finest dwarf-growing evergreen grasses; absolutely free from weed seeds or other impurities; especially adapted and mixed in the proper proportion to suit the American climate. In comparing the cost of our Special Lawn Grass with other mixtures sent out by the trade, remember that the natural weight per measured bushel of our mixtures is 20 lbs. per bushel, while that of most mixtures is only 14 lbs. per bushel. To obtain this exceptionally heavy weight per bushel, we must and do use only the heaviest and best samples of the various grasses which compose our mixture. This is in itself a guarantee against sowing weed seeds, as the heavier the mixture the more thoroughly re-cleaned have been the component grasses. Per lb. 25c; 5 lbs. \$1.20; 20 lbs. \$4.50; 100 lbs., sufficient to seed one acre, for \$20.00.

Fine Mixed—Also an excellent mixture, equal in quality to the best mixtures usually offered in the trade. 1 lb. 20c; 5 lbs. 90c; 10 lbs. \$1.60; 20 lbs. \$3.00; 100 lbs. \$13.50.

Grass Mixture for Shade—A mixture of dwarf-growing grasses, thriving in shady places under trees. Lb. 30c; 5 lbs. \$1.40; 20 lbs. \$5.20; 100 lbs. \$25.00.

Grass Mixture for Terraces and Slopes—A mixture designed to do away with the expensive method of sodding; it is composed of dwarf-growing evergreen grasses, possessing strong fibrous and creeping roots, and especially adapted for growing on sloping banks. Lb. 30c; 5 lbs. \$1.40; 20 lbs. \$5.20; 100 lbs. \$25.00.

Golf Link Mixture for Putting Green—Composed of the finest and most compact grasses suitable for the purpose. Lb. 30c; 5 lbs. \$1.40; 20 lbs. \$5.20; 100 lbs. \$25.00.

Golf Link Course Mixture—A mixture of grasses that will stand the wear. Lb. 20c; 5 lbs. 85c; 20 lbs. \$3.20; 100 lbs. \$15.00.
