Difficulties in using the School Lunch
Committee for Day Nursery Lunch Program

1. As the number of children cared by a day nursery is not very large (averageis 100 childfen) the cooperative purchasment by the School Lunch Committee means the higher cost of office and other distribution expenses for the day nursery.

2. There is no way for getting the capital maney nessary for School Lunch committee.

3. As the number of the children in a day nursery is so small the materials have to be divided for the day nursery. There is apt to be loss at the time of this deviding process by the School Lunch Committee members who are not professional traders, and these losses cannot be refilled.

4. As a matter of fact the School Lunch Committee often has to ask the trads people to handle during the process after the Committee has received the good. Intervention of this Committee is making the situation all the more complicated.

5. The School Lunch Committee has to provide a temporary distribution station when the Committee cannot distribute to the school. For such situation the day nursery has to ask a transport agent, it has no money for such expense. And in case the day nursery workers should go to the station for the material the whole staff
