MINISTERIAL ORDINANCES

Ministry of Agriculture and Forestry Ordinance No. 8

March 13, 1952

Pursuant to the provision of Article 65 of the Fisheries Law (Law No. 267 of 1949), the Regulations for Surrounding-net Fisheries shall be established as follows:

Minister of Agriculture and Forestry
HIROKAWA Kozen

Regulations for Surrounding-net Fisheries

(Definitions)

Article 1. "Surrounding-net fisheries of large type" as used in this Ministerial Ordinance shall mean fisheries operated by means of surrounding-nets on board a ship of over 60 gross tons equipped with a screw propeller, and "designated surrounding-net fisheries of medium type", fisheries operated by means of surrounding-nets on board a ship of over 15 gross tons and under 60 gross tons within the sea-areas as specified in the left column of the following table, for taking the species as specified in the right column of the same table respectively:

Sea-areas		Species
Name	Sphere	
Northern Pacific Sea-area	The sea-area of the Pacific Ocean bounded by the line connecting the Keizammisaki Light House, Kameda County, Hokkaido with the Shiriyazaki Light House, Shimokita County, Aomori Prefecture, the due east line passing the center of the same line and the due south line from the Nojimazaki Light House, Awa County, Chiba Prefecture	sardine, skipjack, tuna, mackerel, horse mackerel, and yellow tail
Central Japan Sea-area	The sea-area of the Japan Sea bounded by the due north line from the Rokugozaki Light House, Tamasu County, Ishikawa Prefecture, and the due north line passing the boundary line of Hyogo Prefecture and Tottori Prefecture on the coastline at the highest tide	horse mackerel and mackerel

(Licence of Fisheries)

Article 2. Any surrounding-net fisheries of large type or designated surrounding-net fisheries of medium type (hereinafter referred to as "the special surrounding-net fisheries") shall not be operated unless the licence from the Minister of Agriculture and Forestry be obtained for each vessel.

(Application for Licence)

Article 3. Any person who intends to obtain a licence for the special surrounding-net fisheries shall file with the Minister of Agriculture and Forestry a written application (Form No. 1 as specified separately) by each vessel, accompanied with the following documents:

(1) A certified copy of the fishing vessel registration and a transcript of the fishing vessel inspection certificate;

(2) In case the applicant is a juridical person, certified copies of its Articles of Association and the register-book.

2 In addition to the documents mentioned in the preceding paragraph, the Minister of Agriculture and Forestry may order the applicant to present any document necessary for deciding the acceptability of licence.

(Authorization for Commencing Fisheries Operation)

Article 4. Any person who intends to obtain licence for the special surrounding-net fisheries and has currently no right of using a ship must, before he proceeds to have any ship constructed, transferred, leased or returned, or he proceeds to acquire any right to use a ship, file with the Minister of Agriculture and Forestry an application for the authorization for commencing the fisheries operation by each vessel.

2 Any application for the authorization for commencing fisheries operation mentioned in the preceding paragraph shall be submitted in the form of a written application (Form No. 1 as specified separately) to the Minister of Agriculture and Forestry accompanied with the vessel specifications (Form No. 2 as specified separately) and the documents as specified in each of the items of paragraph 1 of the preceding Article.

3 The provision of paragraph 2 of the preceding Article shall apply mutatis mutandis to any application mentioned in paragraph 1.

4 In case where any person who has obtained the authorization for commencing fisheries operation files any application as prescribed in the preceding Article for his vessel according to such authorization, if the particulars of the application are the same with those involved in the authorization, the Minister of Agriculture and Forestry must, except for the cases where they come under any of the items from item (1) to item (3) inclusive of Article 5, grant the licence mentioned in Article 2.

5 In case where the person who has obtained the authorization mentioned in paragraph 1 does not file the application as prescribed in the preceding Article by the time designated by the Minister of Agriculture and Forestry from the date of authorization or where the disposition mentioned in Article 2 has been taken, the same authorization shall lose its effect.

(Cases of No Licence or Authorization Granted)

Article 5. In case where an application comes under any of the following items, the Minister of Agriculture and Forestry shall not grant the licence mentioned in Article 2 or the authorization mentioned in paragraph 1 of the preceding Article therefor:

(1) In case where the applicant is conspicuously wanting in the spirit of observance of the laws and orders concerning fisheries;

(2) In case where the applicant is conspicuously wanting in the spirit of observance of the laws and orders concerning labor;

(3) In case where there is any fear that the fisheries management of the applicant may be substantially controlled by such person as coming under the preceding two items;

(4) In case where there is any fear that an excessive concentration of licences of the similar kinds with those applied for may occur;

(5) In case where it is deemed necessary to do so for the purpose of fisheries adjustment or other public interests.

(Issue of Licence Certificate)

Article 6. In case where the Minister of Agriculture and Forestry has granted licence for the special surrounding-net fisheries, he shall issue a licence certificate (Form No. 2 as separately specified) to the applicant.

2 In case where the Minister of Agriculture and Forestry grants no licence or authorization in accordance with the provision of the preceding Article, he must notify the applicant of the reason through document in advance and give the applicant or his proxy the opportunity to exculpate himself and produce favorable evidence at a public hearing.

3 In case where the Minister of Agriculture and Forestry deems it necessary to do so for the purpose of fisheries adjustment or other public interests, he may put any restriction or condition on the licence.

(Responsibility for Keeping of Licence Certificate)

Article 7. The licence certificate mentioned in paragraph 1 of the preceding Article must be kept on board the licensed vessel.

(Responsibility for Marking of Licence Number)

Article 8. Any person granted licence for the special surrounding-net fisheries must mark the licence number (Form No. 4 as separately specified) almost in the middle on the exterior of either side of the licensed vessel.

(Effective Term of Licence)

Article 9. The effective term of licence for the special surrounding-net fisheries shall be five years. However, in case where a licence has been granted in accordance with the provisions of item (4) or item (6) of the following Article, it shall be the remaining term of the former licence.

2 The Minister of Agriculture and Forestry may, within the limit as may be necessary for the purpose of fisheries adjustment, determine a shorter term than that mentioned in the preceding paragraph.

(Successive Licence)

Article 10. In case where any application comes under any of the following items, if its particulars are the same with those of the former licence or authorization for commencing fisheries operation, the Minister of Agriculture and Forestry must, except for the cases as coming under any of the items of Article 5, grant a licence or authorization for the special surrounding-net fisheries:

(1) In case where any person having a licence for the special surrounding-net fisheries files an application for successive licence for the fisheries at the expiration of the term thereof;

(2) In case where any person having a licence for the special surrounding-net fisheries abandons the fisheries by the licensed vessel and files an application for a licence or authorization for commencing fisheries operation by any other vessel;

(3) In case where any person having a licence for the special surrounding-net fisheries has lost or sunk the licensed vessel and files an application for a licence or authorization for commencing fisheries operation by any other vessel within six months from the day on which the vessel was lost or sunk;

(4) In case any person who has, by inheritance, acquired, obtained by transfer, leased, been returned or obtained the right to use, a licensed vessel from a person having a licence for the special surrounding-net fisheries and intends to operate the fisheries by the vessel, files an application for the licence;

(5) In case where any person having an authorization for commencing fisheries operation of the special surrounding-net fisheries is dead, if the inheritor files an application for the successive authorization; However, when there are two or more inheritors, it shall be granted only in case where all of them file a joint application or only in case where all of them designate, upon consulting with one another, a person who operates the special surrounding-net fisheries and that person files an application therefor;

(6) In case where juridical persons having licences or authorizations for commencing fisheries operation of the special surrounding-net fisheries have been amalgamated, if the juridical person existing after the amalgamation or the juridical person established by the amalgamation files an application for the licence or authorization for commencing fisheries operation.

(Alteration in Contents of Licence)

Article 11. In case where any person having a licence or authorization for commencing fisheries operation of the special surrounding-net fisheries intends to increase the gross tonnage of his vessel or the horse power of its engine, or alter its operation area or operation period, he must file with the Minister of Agriculture and Forestry an application for the permission stating the reasons.

(Rewriting and Re-issue of Licence Certificate)

Article 12. In case where any person having a licence for the special surrounding-net fisheries has been granted the permission for any alteration in accordance with the provision of the preceding Article (in the case of permission for the increase in the gross tonnage of a vessel or in the horse power of an engine, after the completion of such work or conversion) or any alteration has been otherwise effected in the particulars of a licence certificate, he must, without delay, file with the Minister of Agriculture and Forestry an application for the rewriting of the licence certificate.

2 In case where the application mentioned in the preceding paragraph concerns the name of a vessel or the increase in the gross tonnage of a vessel or in the horse power of its engine, the application must be accompanied with a certified copy of the fishing vessel registration or a transcript of the fishing vessel inspection certificate.

Article 13. In case where any person having a licence for the special surrounding-net fisheries has lost or damaged the licence certificate, he must, without delay, file with the Minister of Agriculture and Forestry an application for the re-issue thereof stating the reasons.

Article 14. In case where any application for the rewriting as prescribed in Article 12 paragraph 1 or the re-issue as prescribed in the preceding Article has been filed, the Minister of Agriculture and Forestry shall, without delay, rewrite and deliver or re-issue the licence certificate.

(Prohibited Sea-area or Prohibited Season)

Article 15. In case where the Minister of Agriculture and Forestry has determined prohibited sea-areas or fishing seasons, any person having a licence for the special surrounding-net fisheries must not operate the fisheries within such sea-areas or fishing seasons.

2 In case where the Minister of Agriculture and Forestry has determined prohibited sea-areas or fishing seasons in accordance with the provision of the preceding paragraph, he shall notify thereof.

(Restriction or Prohibition of Fishing Gears and Fishing Method)

Article 16. In any area or period as determined by the Minister of Agriculture and Forestry, no special surrounding-net fisheries must be operated by any fishing gear or fishing method which may be determined by the Minister of Agriculture and Forestry.

2 In case where the Minister of Agriculture and Forestry deems it especially necessary to do so for the adjustment of fisheries, he may cause any person having a licence for the special surrounding-net fisheries to suspend the operation by designating the period and order to carry out other matters necessary for the operation.

3 In case where the Minister of Agriculture and Forestry has determined any area, period, fishing gear or fishing method in accordance with the provision of paragraph 1, he shall notify thereof.

(Loss of Effect of Licence or Authorization)

Article 17. Any licence or authorization for commencing fisheries operation of the special surrounding-net fisheries shall lose its effect by the decease or dissolution of the person who was granted such licence or authorization. However, in case where any inheritor, any juridical person existing after the amalgamation or any juridical person established by the amalgamation has filed an application for a licence or authorization for commencing fisheries operation in accordance with the provisions of Article 10 item (4) to item (6) inclusive, the licence or authorization granted to the deceased or the juridical person dissolved by the amalgamation shall be deemed to have been granted to the applicant until the time when the successive licence or authorization be granted or such application be rejected.

2 In any of the following cases, a licence for the special surrounding-net fisheries shall lose its effect:

(1) In case where any licensed vessel has abandoned the fisheries;

(2) In case where any licensed vessel has been lost, sunk or dismantled or lost the nationality;

(3) In case where any person has transferred or leased his licensed vessel to other person or has returned it to its owner or lost the right to use it for other reasons.

(Cancellation of Licence)

Article 18. In case where any person having a licence for the special surrounding-net fisheries has come under any of the items, item (1) to item (3) inclusive of Article 5 after he was granted, the Minister of Agriculture and Forestry must cancel such licence.

2 The provision of Article 6 paragraph 2 shall apply mutatis mutandis to the case mentioned in the preceding paragraph.

Article 19. In case where any person having a licence for the special surrounding-net fisheries has suspended the fisheries for one year from the day of its grant effected or for two consecutive years, the Minister of Agriculture and Forestry may cancel such licence.

2 Except for cases for which the person having a licence is responsible, the period during which the fisheries have been suspended under any order issued in accordance with the provision of Article 16 paragraph 2 or Article 21 paragraph 1 shall not be included in the period mentioned in the preceding paragraph.

3 The provision of Article 6 paragraph 2 shall apply mutatis mutandis to the case mentioned in paragraph 1.

Article 20. In case where the Minister of Agriculture and Forestry deems it especially necessary to do for the adjustment of fisheries, he may cancel any licence or authorization for commencing fisheries operation. The same shall apply in cases where a person having a licence has violated this Ministerial Ordinance or any order or disposition taken under the provisions of this Ministerial Ordinance.

2 The provision of Article 6 paragraph 2 shall apply mutatis mutandis to the case mentioned in the preceding paragraph.

(Return of Licence Certificate and Erasure of Licence Marking)

Article 21. In case where any person having a licence for the special surrounding-net fisheries has had his licence ineffectuated or cancelled, he must, without delay, return his licence certificate to the Minister of Agriculture and Forestry, and at the same time must erase the marking made in accordance with the provision of Article 8. However, in case where the return of the licence certificate be impracticable, he may notify thereof to the Minister of Agriculture and Forestry stating the reasons.

2 In case where any person having a licence for the special surrounding-net fisheries is dead or has been dissolved, the inheritor, the juridical person existing after the amalgamation, the juridical person established by the amalgamation or the liquidator must take the procedures mentioned in the preceding paragraph.

(Anchoring Order and Inspection for Licensed Vessels)

Article 22. In case where the Minister of Agriculture and Forestry recognizes in his rational judgement that there exists, in regard to a vessel licensed for the surrounding-net fisheries, any fact of violation of provisions of laws and orders concerning fisheries or orders or dispositions taken thereunder, he may, in case of necessity for the regulations of fisheries, order the person having the licence to cast the anchor of the vessel involved by designating its anchoring port and period.

The same shall apply in case where the Minister of Agriculture and Forestry causes to carry out the inspection as prescribed in Article 134 paragraph 1 of the Fisheries Law.

2 The provision of Article 6 paragraph 2 shall apply mutatis mutandis to the case mentioned in the preceding paragraph.

3 The anchoring period as prescribed in the provision of the latter clause of paragraph 1 shall not exceed ten (10) days.

(Restriction or Prohibition of Embarking of Captain, etc.)

Article 23. In case where the Minister of Agriculture and Forestry recognizes in his rational judgement that there exists, in regard to a vessel licensed for the special surrounding-net fisheries, any fact of violation of provisions of laws and orders concerning fisheries or orders or dispositions taken thereunder, he may, in case of necessity for the regulations of fisheries, restrict or prohibit the captain of the vessel, the person performing the duties of the captain or the person directing the operation from embarking on the vessel operating the fisheries.

2 The provision of Article 6 paragraph 2 shall apply mutatis mutandis to the case mentioned in the preceding paragraph.

(Anchoring Order for Unlicensed Vessel)

Article 24. In case where the Minister of Agriculture and Forestry recognizes in his rational judgement that there exists any fact that a vessel has been used for the special surrounding-net fisheries without obtaining a license therefor, he may, in case of necessity for the regulations of fisheries, order the person who operates the fisheries by such vessel, or the captain of the vessel, the person performing the duties of the captain, or the person directing the operation to cast the anchor of the vessel.

2 The provision of Article 6 paragraph 2 shall apply mutatis mutandis to the case mentioned in the preceding paragraph.

(Order for Landing of Fishing Gears, Fishing Appliances, etc. of Unlicensed Vessel)

Article 25. In case where the Minister of Agriculture and Forestry deems it necessary to do so for the regulations of fisheries, he may order any person who operates fisheries by using a fishing vessel as recognized to be used, or to have signs of being used, for the operation of the special surrounding-net fisheries without obtaining a licence therefor, or the captain of such fishing vessel, the person performing the duties of the captain or the person directing the operation to land, by designating the term, any gears, fishing appliances and other facilities as recognized to be exclusively used for the operation of the special surrounding-net fisheries, or he may seal these facilities for himself.

(Stoppage Order)

Article 26. In the investigation or interrogation as prescribed in Article 74 paragraph 3 of the Fisheries Law, the Minister of Agriculture and Forestry may order the captain of any vessel used for the special surrounding-net fisheries (including any vessel which is used or has signs to be used for the special surrounding-net fisheries without obtaining a licence), the person performing the duties of the captain or the person directing the operation to stop the vessel.

2 As regards the stoppage order mentioned in the preceding paragraph, signals as specified in the following shall be given:

(1) In the daytime, the stop signal (Form No. 5 as separately specified) shall be hoisted and at the same time one long sound and four short sounds shall be given in succession at about one second's interval with steam horn, steam whistle or other sound mechanism;

(2) At night, one long light and four short lights shall be flashed in succession at about one second's interval by a flashing signal and at the same time the same sound signals as specified in the preceding item shall be given.

3 "Long sound" or "long light" as used in the preceding paragraph shall mean a sound or flash light for a period from four to six seconds; and "short sound" or "short light" shall mean a sound or flash light for a period of approximately one second.

(Submission of Report on Production Results)

Article 27. Any person having a licence for the special surrounding-net fisheries must submit every month a report on the production results (Form No. 6 as separately specified) to the Minister of Agriculture and Forestry by the tenth of the following month.

(Going-through Agency for Applications, etc.)

Article 28. Any document to be submitted to the Minister of Agriculture and Forestry under the provisions of this Ministerial Ordinance shall be forwarded through the governor of To, Do, Fu or prefecture who exercises the jurisdiction over the principal home port of the vessel concerned.

(Penal Provisions)

Article 29. Any person who comes under any of the following items shall be punished with penal servitude for a period not exceeding two (2) years or a fien not exceeding fifty thousand (50,000) *yen*, or with both:

(1) Any person who has violated the provision of Article 2, Article 15 paragraph 1 or Article 16 paragraph 1;

(2) Any person who has violated the restriction or condition as prescribed in Article 6 paragraph 3;

(3) Any person having a licence for the special surrounding-net fisheries who has violated the provision of Article 11;

(4) Any person who has violated the provision of Article 16 paragraph 2, Article 24 paragraph 1 or Article 25.

2 In the case mentioned in the preceding paragraph, any fish catch, products therefrom, fishing vessel and fishing gear owned or possessed by the offender may be confiscated. However, in case where the confiscation of the whole or part of the abovementioned articles owned by the offender is impracticable, a penalty equal to the value thereof may be imposed upon him.

Article 30. Any person who comes under any of the following items shall be punished with penal servitude for a period not exceeding six (6) months or a fine not exceeding thirty thousand (30,000) *yen*:

(1) Any person who has violated the order as prescribed in Article 22 paragraph 1 or Article 26 paragraph 1;

(2) Any person who has violated the restriction or prohibition as prescribed in Article 23 paragraph 1.

Article 31. Any person who comes under any of the following items shall be punished with a fine not exceeding ten thousand (10,000) yen:

(1) Any person who has violated the provision of Article 7, Article 8, Article 12 paragraph 1, Article 13 or Article 21;

(2) Any person who has neglected to submit the report as prescribed in Article 27, or has submitted a false report.

Article 32. In case where any representative of a juridical person, or any agent, employee or other worker of a juridical person or individual has, relevant to the business affairs or properties of the juridical person or individual, committed the violations mentioned in the preceding two Articles, not only shall the offender be punished, but the juridical person or individual shall also be fined in accordance with the provision of any of these Articles.

Supplementary Provisions:

1 This Ministerial Ordinance shall come into force as from March 14, 1952.

2 Any licence for the surrounding-net fisheries corresponding to the surrounding-net fisheries of large type or the designated surrounding-net fisheries of medium type which was granted by the governor of To, Do, Fu or prefecture in accordance with the provisions of the Regulations of To, Do, Fu and Prefectures (hereinafter referred to as "the Prefectural Regulations") and is actually effective at the time of enforcement of this Ministerial Ordinance shall be deemed to have been granted in accordance with the provision of Article 2, for a period of six months after the enforcement of this Ministerial Ordinance (with regard to any licence whose effective term expires before the elapse of such period, until the day of such expiration).

3 Any licence certificate issued in accordance with the provisions of the Prefectural Regulations prior to the enforcement of this Ministerial Ordinance shall be deemed to have been issued in accordance with the provisions of Article 12.

4 Any order, disposition or other act which was issued or taken by the administrative offices in accordance with the provisions of the Prefectural Regulations prior to the enforcement of this Ministerial Ordinance and is actually effective at the time of enforcement of this Ministerial Ordinance shall, so far as it can be made available by the Minister of Agriculture and Forestry under the provisions of this Ministerial Ordinance, be deemed to have been issued or taken hereunder.

5 The Regulations for High Sea Fisheries Nominal Petty Fees (Ministry of Agriculture and Forestry Ordinance No. 20 of 1950) shall be partially amended as follows:

The title of the Regulations shall be amended as follows:

The Regulations for Fisheries Nominal Petty Fees

"High sea fisheries" shall be amended as "fisheries"; and "medium trawler fisheries", as "trawler fisheries of medium type".

In Article 2, "surrounding-net fisheries of large type, designated surrounding-net fisheries of medium type" shall be added next to "whaling of small type".

In Article 3, item (6) shall be made item (8); the numbering of item (4) and item (5) shall be carried down by two respectively, and the following two items shall be added next to item (3):

(4) Surrounding-net fisheries of large type
