An Act to provide for the making of grants for the purpose of increasing the efficiency of small farm businesses; and for purposes connected with the matters aforesaid.

[19th February, 1959]

BE it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

Schemes for grants for increasing efficiency of small farm businesses.

1.—(1) The appropriate Minister may by a scheme or schemes made under this section with the approval of the Treasury provide for the payment of grants to any person for the time being carrying on a small farm business of any such class or description as may be specified in the scheme in connection with the carrying out of a programme for increasing the efficiency of that business, being a programme of a duration of not less than three years submitted to and approved by that Minister for the purposes of the scheme ; and any such scheme shall—

- (a) so define the classes or descriptions of farm businesses in respect of which grants may be made under the scheme as in the opinion of the appropriate Minister to secure that such grants will only be made in respect of a farm business capable of yielding an adequate return to any person carrying it on with reasonable efficiency and as a full-time occupation ;
- (b) specify the matters in respect of which grants under the scheme may be made, which may include both—
 - (i) such of any particular operations specified in the scheme as may be included in the approved programme ; and
 - (ii) the general purposes of the farm business ;
- (c) specify the rate of any such grant and the maximum period in respect of which the grant is payable, whether or not the approved programme is to be completed within that period.

(2) A scheme under this section may be a separate scheme for England and Wales or for Scotland or for Northern Ireland, or a joint scheme for the whole of the United Kingdom, or for Great Britain, or for England and Wales and Northern Ireland, or for Scotland and Northern Ireland.

Schemes for supplementing existing grants to persons carrying on certain small farm businesses in England, Wales or Northern Ireland.

2.—(1) The Minister of Agriculture, Fisheries and Food may by a scheme or schemes made under this section with the approval of the Treasury provide for the payment of grants at such rates as may be specified in the scheme by way of a supplement to any grant or contribution such as is specified in the next following subsection payable in respect of matters arising during such period not exceeding three years as may be specified in the scheme, where the grant or contribution to be supplemented falls to be made to the person for the time being carrying on a small farm business in England, Wales or Northern Ireland, being either—

- (a) a business of a class or description to which a scheme under section one of this Act for the time being applies ;
or

- (b) a business of any other class or description specified in the scheme under this section in the case of which the person aforesaid, or any previous occupier of any of the agricultural land comprised in the business, has at any time since the first day of August, nineteen hundred and fifty-three received either assistance by way of payments under any of the instruments mentioned in the Schedule to this Act or approval for a programme qualifying him for such assistance,

and not being in either case a business in respect of which payments under any scheme under the said section one are being or have been made :

Provided that no grant shall be made by virtue of paragraph (b) of this subsection by way of a supplement to any grant or contribution payable—

- (i) in the case of a grant such as is mentioned in paragraph (b) or (e) of the next following subsection, in respect of any operations commenced on or after the first day of July, nineteen hundred and sixty-two ;
- (ii) in any other case, in respect of any matter arising on or after the said first day of July.

(2) The grants and contributions which may be supplemented by a scheme under this section are—

- (a) grants by virtue of the Agriculture (Ploughing Grants) Act, 1952, in respect of the ploughing up of land under grass ;
- (b) grants under section fifteen of the Agriculture (Miscellaneous War Provisions) Act, 1940, towards expenditure incurred in carrying out a scheme for the cleansing or improvement of ditches ;
- (c) contributions by virtue of the Agriculture (Fertilisers) Act, 1952, towards expenditure in respect of fertilisers ;
- (d) contributions by virtue of section ninety-seven of the Agriculture Act, 1947, towards costs incurred in liming land ;
- (e) grants by virtue of paragraph (a) of subsection (1) of section six of the Agriculture Act (Northern Ireland), 1949, for the drainage of land used or to be used for agricultural purposes.

(3) A scheme under this section may be a separate scheme for England and Wales or for Northern Ireland, or a joint scheme for England and Wales and Northern Ireland.

Schemes for grants to persons carrying on certain small farm businesses in Scotland.

3.—(1) The Secretary of State may by a scheme or schemes made under this section with the approval of the Treasury provide for the payment of grants in respect of such matters arising during such period not exceeding three years, and at such rates, as may be specified in the scheme to any person for the time being carrying on a small farm business in Scotland, not being a business in respect of which payments under any scheme under section one of this Act are being or have been made :

Provided that, except in the case of a business of a class or description to which a scheme under section one of this Act for the time being applies, no grant shall be made by virtue of this subsection in respect of any matter arising on or after the first day of July, nineteen hundred and sixty-two.

(2) A scheme under this section may provide for securing that a grant shall not be made, or shall be restricted in amount, or, if already made, may be recovered in whole or in part, if the Secretary of State is of the opinion that the matter or operation in respect of which the grant is to be or has been made has been badly carried out, or has been or is being unreasonably delayed, or is unlikely to be completed.

Supplementary provisions as to schemes.

4.—(1) A scheme under section one of this Act shall specify a period within which programmes shall be submitted to the appropriate Minister for approval, which may begin before or after the commencement of this Act, but not earlier than the first day of January, nineteen hundred and fifty-nine, and shall end not later than five years after it begins or, if it begins before the commencement of this Act, not later than five years after the commencement of this Act.

(2) Any scheme under this Act may make provision—

- (a) for limiting the classes or descriptions of farm businesses in respect of which any particular grant may be made ;
- (b) for different rates of grant, or different methods of determining the amount of the grant, according to the matters in respect of which any particular grant is payable ;
- (c) in the case of a scheme under section one or section three of this Act, for prohibiting or restricting the making of payments under the scheme in cases in which payments out of moneys provided by Parliament under any other Act, or out of moneys provided by the Parliament of Northern Ireland under any Act of that Parliament, are available in respect of the same matters ;
- (d) in the case of a scheme under section one of this Act, for enabling any programme which has been submitted to and approved by the appropriate Minister for the purposes of the scheme to be modified from time to time on the application of the person for the time being carrying on the business to which the programme relates ;

- (e) for securing that no payment under the scheme shall be made except subject to such conditions as may be specified in the scheme and in particular (but without prejudice to the generality of the foregoing provisions of this paragraph) unless application therefor is made at the time and in the manner specified in the scheme ;
- (f) for such incidental and supplementary matters as appear to the appropriate Minister to be requisite or expedient for the purposes of the scheme.

(3) A power to make a scheme under any section of this Act shall include power to vary or revoke the scheme by a subsequent scheme under that section :

Provided that a scheme under section one of this Act—

- (a) shall not be varied by the extension of the period specified therein in pursuance of subsection (1) of this section ;
- (b) shall not be so varied or revoked as to reduce or exclude payments thereunder in respect of any programme approved by the appropriate Minister before the coming into operation of the variation or revocation.

(4) Any power to make, vary or revoke a scheme under this Act shall be exercisable by statutory instrument, and no such instrument shall be made unless a draft thereof has been laid before Parliament and has been approved by resolution of each House of Parliament.

5.—(1) Where, after the appropriate Minister has approved a programme for the purposes of a scheme under section one of this Act, it appears to him that the programme or a substantial part thereof has been badly carried out, or has been or is being unreasonably delayed, or is unlikely to be completed, or that any condition imposed by virtue of paragraph (e) of subsection (2) of section four of this Act has been contravened or has not been complied with, he may revoke the approval.

Revocation of approval of programme and recovery of grant.

(2) Before revoking his approval the appropriate Minister—

- (a) shall give to the person who appears to him to be carrying on for the time being the business to which the programme relates a written notification of the reasons for the proposed revocation ; and
- (b) shall afford to that person and, if that person so requests, not more than one other person nominated by him in that behalf an opportunity of appearing before and being heard by a person appointed for the purpose by that Minister, and shall consider the report of the person so appointed, a copy of which shall be supplied by the Minister to the first-mentioned person.

A*

(3) If before the revocation any payment was made by way of grant under the scheme in respect of the programme, the appropriate Minister may recover the payment or so much thereof as he may think fit.

Interpretation.

6.—(1) In this Act, except where the context otherwise requires, the following expressions have the following meanings respectively, that is to say—

“ agricultural ” and “ agricultural land ” have the same meanings respectively as in the Agriculture Act, 1947, the Agriculture (Scotland) Act, 1948, or the Agriculture Act (Northern Ireland), 1949, as the case may require ;

“ the appropriate Minister ” means—

(b) in relation to any other joint scheme, the said Minister and the Secretary of State acting jointly ;
and

(c) in relation to a scheme made separately for Scotland, the Secretary of State ;

“ enactment ” includes an enactment of the Parliament of Northern Ireland ;

(2) Save where the context otherwise requires, any reference in this Act to an enactment shall be construed as a reference to that enactment as amended by or under any other enactment.

Expenses.

7.—(1) There shall be defrayed out of moneys provided by Parliament—

(a) all payments under any scheme made under this Act ;
and

(2) Every court so held shall be called a county court and shall be a court of record and shall have a seal.

2.—(1) Subject to any alterations made in pursuance of this Act, county courts shall continue to be held for the districts and at the places and by the names appointed at the commencement of this Act under the enactments repealed by this Act.

- (2) The Lord Chancellor may from time to time by order—
- (a) alter the number and boundaries of districts and the places at which courts are to be held ;

Provided that no order shall be made under this subsection with respect to a Duchy of Lancaster district except with the consent of the Chancellor of that Duchy.

(3) The power to make orders under the last foregoing subsection shall be exercisable by statutory instrument ; and an order under that subsection—

Provided that where the registrar is unable to make such an appointment, the judge may make it.

(2) The appointment of a deputy of a registrar under the foregoing provisions of this section shall not be avoided by the vacation of office by the registrar from any cause whatsoever, but the acts of the deputy done thereafter shall be as valid as if the registrar had not vacated office, and the deputy shall continue to act until a successor to the registrar is appointed.

(3) Where a registrar vacates his office from any cause whatsoever and has not appointed a deputy, the judge may provisionally appoint a deputy to act for any period not exceeding three months.

(4) No person shall be qualified to be appointed a deputy registrar unless he is a solicitor of at least seven years' standing.

(a) appointed to act for a registrar who subsequently, during the period of the appointment, vacates his office from any cause whatsoever; or

(b) provisionally appointed under subsection (4) of this section to act during a vacancy in the office of registrar;

28.—(1) Subject as hereinafter provided, the Lord Chancellor may, with the concurrence of the Treasury as to numbers and salaries, appoint in connection with any court such clerks, bailiffs, ushers and messengers as he considers necessary for the purpose of carrying out the work of the court, and may from time to time direct what duties shall be performed by those officers respectively, and may, if he thinks fit, remove any such officer from his office:

Provided that where the registrar is paid a salary inclusive of the remuneration of any such officers (whether the part of the salary applicable to the payment of that remuneration is specified under section eighteen of this Act or not), those officers shall be appointed and be removable by the registrar.

(2) Where a bailiff is appointed by the registrar, his appointment, notwithstanding that no direction has been given in his case by the Lord Chancellor under section twenty-nine of the County Courts Act, 1934 (which relates to the status and pensions of persons employed as clerks, bailiffs, ushers or messengers in the service of a county court), shall not be vacated by the death or removal of the registrar, but his acts done thereafter shall be as valid as if the registrar had not died or been removed and had authorised those acts, and he shall continue to act until he is dismissed.

(a) with extortion or misconduct while acting under colour of the process of the said court ; or

(b) with not duly paying or accounting for any money levied by him under the authority of this Act or the County Courts Act, 1934 ;

it shall be lawful for the judge to inquire into the matter in a summary way.

(2) For the purpose of any such inquiry, the judge may summon and enforce the attendance of all necessary parties in like manner as the attendance of witnesses in any case may be enforced.

(3) On any such inquiry the judge may make such order as he thinks just for the repayment of the money extorted or the due payment of the money levied, and for the payment of damages and costs, and also, if he thinks fit, may impose such fine upon the officer, not exceeding ten pounds for each offence, as appears to him to be adequate.

(4) If it is found by the judge that any officer, while employed in putting in execution this Act or any of the powers thereof or the County Courts Act, 1934, or any of the powers thereof, has wilfully and corruptly exacted or accepted any fee or reward whatsoever, other than such fees as are for the time being allowed by or under this Act or, as the case may be, were for the time being allowed under the said Act of 1934, that officer shall, in addition to being liable for damages as provided by the last foregoing subsection, be for ever incapable of being employed under this Act in any office of profit or emolument:

(3) The duties of the Minister of Works under this section shall be exercised, notwithstanding anything in the last foregoing section, as respects any place to which that section applies, if it appears to him on the representation of the Lord Chancellor made with the approval of the Treasury, that there is no town hall, court-house, or other public building in that place which is suitable for the purpose of holding and carrying on the business of the court.

(4) For the purpose of providing a court-house, offices and buildings under this section, it shall be lawful for the Minister of Works, with the approval of the Lord Chancellor, to contribute, on such terms as the Treasury may approve, to the expenses incurred by any local or other public authority in erecting or re-constructing a town hall, court-house or other public building.

PART II

JURISDICTION AND TRANSFER OF PROCEEDINGS

Actions of Contract and Tort

General jurisdiction in actions of contract and tort.

39.—(1) A county court shall have jurisdiction to hear and determine any action founded on contract or tort where the debt, demand or damage claimed is not more than four hundred pounds, whether on balance of account or otherwise:

Provided that a county court shall not, except as in this Act provided, have jurisdiction to hear and determine,—

- (a) any action for the recovery of land ; or
- (b) any action in which the title to any hereditament or to any toll, fair, market or franchise is in question ; or
- (c) any action for libel, slander, seduction or breach of promise of marriage.

(2) A county court shall have jurisdiction to hear and determine any action where the debt or demand claimed consists of a balance not exceeding four hundred pounds after a set-off of any debt or demand claimed or recoverable by the defendant from the plaintiff, being a set-off admitted by the plaintiff in the particulars of his claim or demand.

Money recoverable by statute.

40.—(1) A county court shall have jurisdiction to hear and determine any action for the recovery of any penalty, expenses, contribution or other like demand which is recoverable by virtue of any enactment for the time being in force, if—

- (a) it is not expressly provided by that or any other enactment that the demand shall be recoverable only in some other court ; and
- (b) the amount claimed in the action does not exceed four hundred pounds.

(2) For the purposes of this section the expression “ penalty ” shall not include a fine to which any person is liable on conviction on indictment or on summary conviction.

Abandonment of part of claim to give court jurisdiction.

41.—(1) Where a plaintiff has a cause of action for more than four hundred pounds in which, if it were not for more than four hundred pounds, a county court would have jurisdiction, the plaintiff may abandon the excess, and thereupon a county court shall have jurisdiction to hear and determine the action, so, however, that the plaintiff shall not recover in the action an amount exceeding four hundred pounds.

(2) Where a court has jurisdiction to hear and determine an action by virtue of this section, the judgment of the court in the action shall be in full discharge of all demands in respect of the cause of action, and entry of the judgment shall be made accordingly.

42. If, with respect to any action other than an action which, if commenced in the High Court, would, under the Acts and rules applying to that court, have been assigned to the Chancery Division, or to the Probate, Divorce and Admiralty Division, the parties to the action agree, by a memorandum signed by them or by their respective solicitors, that a county court specified in the memorandum shall have jurisdiction in the action, that court shall have jurisdiction to hear and determine the action accordingly.

PART II
—cont.
Jurisdiction by agreement in certain actions.

43.—(1) Where there is commenced in the county court an action founded on contract or tort wherein the plaintiff claims damages, the plaintiff may at any time apply to the judge for an order to transfer the action to the High Court, on the ground that there is reasonable ground for supposing the amount recoverable in respect of his claim to be in excess of the amount recoverable in the action in the county court.

Plaintiff's right to transfer action of contract or tort from county court to High Court so as to increase his claim.

(2) If, on any such application, the judge is satisfied that there is reasonable ground as aforesaid, the judge shall make an order that the action be transferred to the High Court.

44.—(1) Where there is commenced in a county court any action founded on contract or tort wherein the plaintiff claims a sum exceeding forty pounds, the defendant may, within such time as may be prescribed, give notice that he objects to the action being tried in the court.

Transfer of certain actions of contract or tort from county court to High Court at defendant's instance.

(2) Where such a notice is given, the judge shall order that the action be transferred to the High Court, if—

(a) the defendant (unless exempted by section twenty of the Crown Proceedings Act, 1947) gives security approved by the registrar for the amount claimed and the costs of trial in the High Court, not exceeding in the aggregate the sum of four hundred and fifty pounds; and

(b) the judge certifies that in his opinion some important question of law or fact is likely to arise.

45.—(1) In any action commenced in the High Court to which this section applies, any party may at any time apply to the High Court or a judge thereof for an order that the claim and counterclaim (if any) or, if the only matter remaining to

PART II

be tried is a counterclaim, the counterclaim, shall be transferred—

- (a) to any county court in which the action might have been commenced if the subject matter and the amount thereof had been within the jurisdiction of the court ;
or
- (b) if the only matter remaining to be tried is a counterclaim, to any county court in which the counterclaim might have been commenced if it had been an action and the subject matter thereof had been within the jurisdiction of the court ; or
- (c) to any county court to which the High Court or judge may deem the most convenient to the parties ;

and the High Court or judge may thereupon, if the court or judge thinks fit, order that the claim or counterclaim or both (as the case may be) be so transferred accordingly.

(2) This section applies to any action where—

- (a) the plaintiff's claim is founded either on contract or on tort and the amount claimed or remaining in dispute in respect thereof does not exceed four hundred pounds, whether the action could or could not have been commenced in a county court, and whether the defendant does or does not set up, or intend to rely on, a counterclaim, and whether the counterclaim (if any) is founded on contract or on tort, and whether the amount claimed on the counterclaim (if any) exceeds or does not exceed four hundred pounds ; or
- (b) the only matter remaining to be tried between the parties is a counterclaim founded either on contract or on tort and the amount claimed or remaining in dispute in respect of the counterclaim does not exceed four hundred pounds, whether the counterclaim, if it had been an action, could or could not have been commenced in a county court :

Provided that this section shall not apply to any action to which section fifty-four or section fifty-nine of this Act applies.

Transfer from High Court to county court of actions of tort where plaintiff impecunious.

46.—(1) Where any action founded on tort is commenced in the High Court, the defendant may, on an affidavit made by himself or by any person on his behalf showing that the plaintiff has no visible means of paying the costs of the defendant should judgment not be for the plaintiff, apply to the High Court or a judge thereof for an order to transfer the action to a county court.

(2) On any such application the High Court or judge, unless the plaintiff satisfies the court or judge that he has such means as aforesaid, may, if the court or judge having regard to all the

circumstances of the case thinks fit so to do, make an order that, unless the plaintiff within a time to be limited in the order gives security for the defendant's costs to the satisfaction of the court or a judge, the action shall be transferred to such county court, to be named in the order, as the court or judge may deem the most convenient to the parties.

PART II
—cont.

47.—(1) Where an action founded on contract or tort is commenced in the High Court which could have been commenced in the county court and the action is not referred for trial to an official referee, then, subject to subsections (3) and (4) of this section, the plaintiff—

Costs of actions of contract or tort commenced in High Court which could have been commenced in county court.

- (a) if he recovers a sum less than three hundred pounds, shall not be entitled to any more costs of the action than those to which he would have been entitled if the action had been brought in the county court; and
- (b) if he recovers a sum less than seventy-five pounds, shall not be entitled to any costs of the action;

so, however, that this section shall not affect any question as to costs if it appears to the High Court or a judge thereof (or where the matter is tried before a referee or officer of the Supreme Court, to that referee or officer) that there was reasonable ground for supposing the amount recoverable in respect of the plaintiff's claim to be in excess of the amount recoverable in an action commenced in the county court.

For the purposes of paragraphs (a) and (b) of this subsection, a plaintiff shall be treated as recovering the full amount recoverable in respect of his claim without regard to any deduction made in respect of contributory negligence on his part or otherwise in respect of matters not falling to be taken into account in determining whether the action could have been commenced in the county court.

(2) Where a plaintiff is entitled to costs on a county court scale only, the taxing master shall have the same power of directing on what county court scale costs are to be allowed, and of allowing any item of costs, as the judge would have had if the action had been brought in a county court.

(3) In any such action as aforesaid, whether founded on contract or tort, the High Court or a judge thereof (or where the matter is tried before a referee or officer of the Supreme Court, that referee or officer), if satisfied—

- (a) that there was sufficient reason for bringing the action in the High Court; or

PART II
—cont.

(b) that the defendant or one of the defendants objected to the transfer of the action to a county court ;
may make an order allowing the costs or any part of the costs thereof on the High Court scale or on such one of the county court scales as he may direct.

(4) If in any action the claim is for a debt or liquidated demand only for a sum of forty pounds or upwards, and—

- (a) the defendant pays the amount claimed or a sum of not less than forty pounds within the time limited in that behalf in the notification made on the writ in accordance with the rules of the Supreme Court ; or
- (b) the plaintiff, within twenty-eight days after the service of the writ, or within such further time as may be allowed by the High Court or a judge thereof, obtains judgment in default of appearance or of defence for a sum of forty pounds or upwards ; or
- (c) the plaintiff, within twenty-eight days after service of the writ, or within such further time as may be allowed by the High Court or a judge thereof, obtains, under any rule of the Supreme Court providing for summary judgment without trial, an order empowering him to sign judgment for a sum of forty pounds or upwards, either unconditionally or unless that sum is paid into court or to the plaintiff's solicitor ;

the plaintiff shall, unless otherwise ordered by the High Court or a judge thereof, be entitled to costs on such scale as may be prescribed by the rules of the Supreme Court.

(5) This section applies only to the costs of the proceedings in the High Court, and shall have effect subject to the provisions of section sixty of this Act.

(6) This section shall not apply in the case of any proceedings by the Crown.

Recovery of Land and Cases where Title in Question

Jurisdiction in actions for recovery of land.

48.—(1) A county court shall have jurisdiction to hear and determine any action for the recovery of land where the net annual value for rating of the land in question does not exceed one hundred pounds.

(2) A reference in any enactment to section one hundred and thirty-eight or one hundred and thirty-nine of the County Courts Act, 1888, or to any provision which was repealed by that Act and re-enacted in either of those sections, shall be construed as a reference to this section.

49.—(1) Where an action for the recovery of land is commenced in a county court, the defendant or his landlord may, within such time as may be prescribed by county court rules, apply to a judge of the High Court at chambers for a summons to the plaintiff to show cause why the action should not be transferred to the High Court on the ground that the title to land having at the time when the action was commenced a net annual value for rating exceeding one hundred pounds would be affected by the decision in the action.

PART II
—cont.
Transfer of actions for recovery of land from county court to High Court.

(2) On the hearing of any such summons, the judge of the High Court, if satisfied that such a title as aforesaid would be so affected, may order that the action be transferred to the High Court.

(3) Where, in an action for the recovery of land commenced in a county court, no application is made to the High Court in accordance with this section, or where such an application is made but no order is made for the transfer of the action, the county court shall have jurisdiction to hear and determine the action notwithstanding the provisions of this Act relating to actions in which the title to hereditaments comes in question.

50.—(1) In any action commenced in the High Court to which this section applies, any party may at any time apply to the High Court or a judge thereof for an order that the action be transferred to any county court—

Transfer of actions for recovery of land from High Court to county court.

- (a) in which the action could have been commenced ; or
- (b) which the High Court or judge may deem the most convenient to the parties ;

and the High Court or judge may thereupon, if the court or judge thinks fit, order that the action be transferred accordingly.

(2) This section applies to any action where—

- (a) the plaintiff's claim is for recovery of land, with or without a claim for rent or mesne profits, by a landlord against a tenant, or any person holding or claiming by, through or under a tenant, whose term—
 - (i) has expired or has been duly determined by notice to quit ; or
 - (ii) has become liable to forfeiture for non-payment of rent ; and

- (b) the action could have been commenced in a county court.

PART II

51. A county court shall have jurisdiction to hear and determine any action in which the title to any hereditament comes in question, being an action which would otherwise be within the jurisdiction of the court—

- (a) in the case of an easement or licence, if the net annual value for rating of the hereditament in respect of which the easement or licence is claimed, or on, through, over or under which the easement or licence is claimed, does not exceed one hundred pounds ; or
- (b) in any other case, if the net annual value for rating of the hereditament in question does not exceed one hundred pounds.

52.—(1) A county court shall have all the jurisdiction of the High Court to hear and determine any of the following proceedings, that is to say :—

- (b) proceedings for the execution of any trust or for a declaration that a trust subsists or proceedings under section one of the Variation of Trusts Act, 1958, being (in any case) proceedings where the estate or fund subject, or alleged to be subject, to the trust does not exceed in amount or value the sum of five hundred pounds ;

PART II
—cont.

(2) In all such proceedings as aforesaid the judge shall, in addition to any other powers and authorities possessed by him, have all the powers and authorities for the purposes of this Act of a judge of the Chancery Division of the High Court.

(3) Without prejudice to the generality of the foregoing provisions of this section, a county court shall have jurisdiction (including power to receive payment of money or securities into court) under the enactments set out in the first column of the First Schedule to this Act in the cases respectively mentioned in the second column of that Schedule.

53.—(1) If, as respects any proceedings to which this section applies, the parties agree, by a memorandum signed by them or by their respective solicitors or agents, that a county court specified in the memorandum shall have jurisdiction in the proceedings, that court shall, notwithstanding anything in any enactment, have jurisdiction to hear and determine the proceedings accordingly.

54.—(1) Where there is commenced in the High Court any action or matter to which this section applies, the court or judge may, if it or he thinks fit, whether upon the application of any party thereto or otherwise, order that the action or matter be transferred to any county court which the court or judge may deem the most convenient.

(3) Any order made under this section may be varied from time to time or revoked, as appears expedient, by a subsequent order made thereunder.

(4) Where an order is made under this section for the discontinuance of the Admiralty jurisdiction of any county court, whether wholly or within a part of the district assigned to it for Admiralty purposes, provision may be made in the order with respect to any Admiralty proceedings commenced in that court before the order comes into operation.

(3) References in the foregoing provisions of this section to claims in the nature of salvage include references to such claims for services rendered in saving life from a ship or an aircraft or in preserving cargo, apparel or wreck as, under sections five hundred and forty-four to five hundred and forty-six of the Merchant Shipping Act, 1894, or any Order in Council made under section fifty-one of the Civil Aviation Act, 1949, are authorised to be made in connection with a ship or an aircraft.

PART II
—*cont.*

(4) The preceding provisions of this section apply—

- (a) in relation to all ships or aircraft whether British or not and whether registered or not and wherever the residence or domicile of their owners may be ; and
- (b) in relation to all claims, wheresoever arising (including, in the case of cargo or wreck salvage, claims in respect of cargo or wreck found on land) :

Provided that nothing in this subsection shall be construed as extending the cases in which money or property is recoverable under any of the provisions of the Merchant Shipping Acts, 1894 to 1954.

(5) If, as respects any proceedings as to any such claim as is mentioned in subsection (1) of this section, the parties agree, by a memorandum signed by them or by their respective solicitors or agents, that a particular county court specified in the memorandum shall have jurisdiction in the proceedings, that court shall, notwithstanding anything in subsection (2) of this section or in any rules made under subsection (3) of section one hundred and two of this Act for prescribing the courts in which proceedings shall be brought, have jurisdiction to hear and determine the proceedings accordingly.

(6) Nothing in this section shall be taken to affect the jurisdiction of any county court to hear and determine any proceedings in which it has jurisdiction by virtue of section thirty-nine or forty-one of this Act.

(7) Nothing in this section, or in the last foregoing section or any order made thereunder, shall be taken to confer on a county court the jurisdiction of a prize court within the meaning of the Naval Prize Acts, 1864 to 1916.

(8) Section five hundred and fifty-five of the Merchant Shipping Act, 1894, shall have effect as if there were inserted after the word “agreement” the words “or by a county court in England or Wales”.

**Mode of
exercise of
Admiralty
jurisdiction.**

57.—(1) Subject to the following provisions of this Part of this Act, the Admiralty jurisdiction of a county court may in all cases be invoked by an action in personam.

(2) In any case in which there is a maritime lien or other charge on any ship, aircraft or other property for the amount claimed, the Admiralty jurisdiction of a county court may be invoked by an action in rem against that ship, aircraft or property.

(3) In the case of any such claim as is mentioned in subsection (1) of the last foregoing section, being a claim arising in connection with a ship, where the person who would be liable on the claim in an action in personam was, when the cause of action arose, the owner or charterer of, or in possession or in control of, the ship, the Admiralty jurisdiction of a county court may (whether the claim gives rise to a maritime lien on the ship or not) be invoked by an action in rem against—

- (a) that ship, if at the time when the action is brought it is beneficially owned as respects all the shares therein by that person; or
- (b) any other ship which, at the time when the action is brought, is beneficially owned as aforesaid.

(4) In the case of a claim in the nature of towage or pilotage in respect of an aircraft, the Admiralty jurisdiction of a county court may be invoked by an action in rem against that aircraft if at the time when the action is brought it is beneficially owned by the person who would be liable on the claim in an action in personam.

(5) Notwithstanding anything in the preceding provisions of this section, the Admiralty jurisdiction of a county court shall not be invoked by an action in rem in the case of any such claim as is mentioned in paragraph (b) of subsection (1) of the last foregoing section unless the claim relates wholly or partly to wages (including any sum allotted out of wages or adjudged by a superintendent to be due by way of wages).

(6) Where, in the exercise of its Admiralty jurisdiction, a county court orders any ship, aircraft or other property to be sold, the court shall have jurisdiction to hear and determine any question arising as to the title to the proceeds of sale.

(7) In determining for the purposes of subsections (3) and (4) of this section whether a person would be liable on a claim in an action in personam it shall be assumed that he has his habitual residence or a place of business within England and Wales.

58.—(1) The High Court, on the application of any party to Admiralty proceedings pending in a county court, may, if it thinks fit, after notice has been given to the other party, order that the proceedings be transferred to the High Court and order security for costs or impose such other terms as the court thinks fit. (2) If, during the progress of any Admiralty proceedings in a county court, it appears to the county court that the proceedings could be more conveniently prosecuted in the High Court,

PART II

the county court may order that the proceedings be transferred to the High Court.

Transfer of Admiralty proceedings from High Court to county court.

59.—(1) In any action commenced in the High Court to which this section applies—

- (a) any party may at any time apply to the High Court or a judge thereof for an order that the claim and counterclaim (if any) or, if the only matter remaining to be tried is a counterclaim, the counterclaim, shall be transferred to an Admiralty county court; and
- (b) the High Court or judge may thereupon, if it or he thinks fit, order that the claim and counterclaim (if any) or, if the only matter remaining to be tried is a counterclaim, the counterclaim, be transferred to any Admiralty county court which the court or judge may deem the most convenient to the parties.

(2) This section applies to any action where the plaintiff's claim is any such claim as is mentioned in subsection (1) of section fifty-six of this Act and the amount claimed or remaining in dispute does not exceed the amount specified in subsection (2) of that section—

- (a) whether the action could or could not have been commenced in a county court; and
- (b) whether the defendant does or does not set up or intend to rely on a counterclaim; and
- (c) whether the counterclaim (if any), if it had been a claim in an action, would or would not have been within the jurisdiction of a county court.

(3) Where an action is transferred to a county court under this section, any vessel or other property which has been arrested in the action before the transfer shall, notwithstanding the transfer, remain in the custody of the Admiralty Marshal who shall, subject to any directions of the High Court, comply with any orders made by the county court with respect to that vessel or property.

Costs of certain Admiralty proceedings commenced in High Court which could have been commenced in county court.

60.—(1) The following provisions of this section shall have effect in relation to the exercise by the High Court of the Admiralty jurisdiction of that Court.

(2) Subject to the provisions of subsection (5) of this section, if in any claim for salvage services the plaintiff does not recover more than one thousand pounds, he shall not be entitled to recover any costs of the proceedings unless it is certified by the court or a judge that the case was a fit one to be tried otherwise than in a county court.

(3) Subject to the provisions of subsection (5) of this section, if in any claim arising out of an agreement relating to the

use or hire of a ship, or any claim relating to the carriage of goods in a ship, or any claim in tort in respect of goods carried in a ship, the plaintiff recovers a less amount than seventy-five pounds, he shall not be entitled to any costs of the proceedings unless it is certified by the court or a judge that there was sufficient reason for bringing the proceedings in the High Court.

PART II
—cont.

(4) Subject to the provisions of the next following subsection, if in any such claim as is mentioned in subsection (3) of this section the plaintiff recovers a less amount than one thousand pounds, he shall not be entitled to any more costs than those to which he would have been entitled if the proceedings had been brought in a county court, unless it is certified by the court or a judge that there was sufficient reason for bringing the proceedings in the High Court.

(5) Subsections (2) to (4) of this section shall not affect any question as to costs in any case where it appears to the High Court or a judge thereof that there was reasonable ground for supposing the amount recoverable in respect of the plaintiff's claim to be in excess of the amount recoverable in proceedings commenced in a county court; and for the purposes of the said subsections, a plaintiff shall be treated as recovering the full amount recoverable in respect of his claim without regard to any deduction made in respect of contributory negligence on his part or otherwise in respect of matters not falling to be taken into account in determining whether the action could have been commenced in the county court.

61.—(1) In the foregoing provisions of this Part of this Act relating to Admiralty proceedings, unless the context otherwise requires,—

Supplementary provisions as to Admiralty proceedings.

“goods” includes baggage;

“master” has the same meaning as in the Merchant Shipping Act, 1894, and accordingly includes every person (except a pilot) having command or charge of a ship;

“towage” and “pilotage”, in relation to an aircraft, mean towage and pilotage while the aircraft is waterborne.

(2) Nothing in the said provisions shall—

(a) be construed as limiting the jurisdiction of a county court to refuse to entertain an action for wages by the master or a member of the crew of a ship, not being a British ship;

PART II
—*cont.*

- (b) affect the provisions of section five hundred and fifty-two of the Merchant Shipping Act, 1894 (which relates to the power of a receiver of wreck to detain a ship in respect of a salvage claim) ;
- (c) authorise proceedings in rem in respect of any claim against the Crown, or the arrest, detention or sale of any of Her Majesty's ships or Her Majesty's aircraft, or of any cargo or other property belonging to the Crown ;

In this subsection " Her Majesty's ships " and " Her Majesty's aircraft " have the meanings assigned to them by subsection (2) of section thirty-eight of the Crown Proceedings Act, 1947.

Probate Proceedings

Probate
jurisdiction.

62.—(1) Where, on an application made under section one hundred and fifty of the Supreme Court of Judicature (Consolidation) Act, 1925, through the principal probate registry for the grant or revocation of probate or administration, a registrar of that registry is satisfied by affidavit that the value of the estate of the person in respect of whose estate the application is made was at the time of his death less than one thousand pounds, exclusive of what he was possessed of or entitled to as a trustee and not beneficially, but after making allowance for funeral expenses and for debts and incumbrances, the judge of the county court having jurisdiction in the place of abode of the deceased shall have the jurisdiction of the High Court in respect of any contentious matter arising in connection with the said grant or revocation.

(2) The statements in the affidavit aforesaid as to the place of abode and value of the estate of the deceased shall, subject as hereinafter provided, be conclusive for the purpose of authorising the exercise of the jurisdiction conferred on a judge of a county court by the foregoing provisions of this section and the grant or revocation of probate or administration in compliance with the order of the judge :

Provided that, where it is shown to the judge of a county court before whom any matter is pending under this section that the place of abode or value of the estate of the deceased has not been correctly stated in the affidavit, and, if correctly stated, would not have authorised him to exercise jurisdiction in the matter, he shall stay all further proceedings in the matter in his court and make such order as to the costs of the proceedings as he thinks just, and any party may apply to the High Court for the grant or revocation in question.

63. Where in any contentious matter arising out of an application for the grant or revocation of probate or administration made through the principal probate registry, the High Court is satisfied that the value of the estate and the place of abode of the deceased were such as to give jurisdiction in the matter to a county court, the High Court may order that the matter be transferred to that county court.

PART II
—cont.
Transfer of probate proceedings from High Court to county court.

64. Where an order is made by a judge of a county court for the grant or revocation of probate or administration in pursuance of any jurisdiction conferred upon him by the two last foregoing sections—

Miscellaneous Provisions as to Jurisdiction

65.—(1) Where, in any action or matter commenced in a county court, any counterclaim or set off and counterclaim of any defendant involves matter beyond the jurisdiction of a county court, any party to the action or matter may, within such time as may be prescribed by rules of the Supreme Court, apply to the High Court or a judge thereof for an order that the whole proceedings, or the proceedings on the counterclaim or set off and counterclaim, be transferred to the High Court.

Provided that where, on the application of any defendant, it appears to the court that the plaintiff or one of the plaintiffs knew or ought to have known that the court had no jurisdiction in the proceedings, the court may, if it thinks fit, instead of ordering that the proceedings be transferred as aforesaid, order that they be struck out.

Power of High Court as respects agreements to transfer proceedings commenced therein to county court.

67. If, where proceedings have been commenced in the High Court, an agreement is made under the provisions of section forty-two or section fifty-three or subsection (5) of section fifty-six of this Act, that a county court shall have jurisdiction in those proceedings, the High Court or a judge thereof shall, on the application of any party to the proceedings, order that the proceedings be transferred to that county court.

- (a) in one sum, whether forthwith or within such period as the court may fix; or

(3) All moneys payable under a judgment or order shall be paid into court:

(2) Upon any such application, the set-off may be allowed in accordance with the practice for the time being in force in the High Court as to the allowance of set-off and in particular in relation to any solicitor's lien for costs.

(3) Where the cross judgments or orders have not been obtained in the same court, a copy of the order made on any such application shall be sent by the proper officer of the court to which the application is made to the proper officer of the other court.

(5) It is hereby declared that the foregoing provisions of this section authorise the making of rules providing for orders' being made at any stage of any proceedings directing that specified facts may be proved at the trial by affidavit with or without the attendance of the deponent for cross-examination, notwithstanding that a party desires his attendance for cross-examination and that he can be produced for that purpose.

general
provisions.

109.—(1) Subject to the provisions of this section and to the following provisions of this Part of this Act, if any party to any such proceedings in a county court as are mentioned in the next following subsection is dissatisfied with the determination of the judge or jury on any question of fact, the party aggrieved by the judgment or order of the court may appeal therefrom to the Court of Appeal in such manner and subject to such conditions as may be for the time being provided by the rules of the Supreme Court.

(3) Subject as aforesaid, in proceedings in which there is a right of appeal under this section by virtue of paragraph (a), (b) or (c) of the last foregoing subsection, an appeal may be brought thereunder in respect of any claim or counterclaim in the action, notwithstanding that there could be no such appeal if that claim or counterclaim had been the subject of a separate action.

(4) In proceedings in which either the plaintiff or the defendant is claiming possession of any premises, this section shall not confer any right of appeal if, by virtue of section three of the Rent and Mortgage Interest Restrictions (Amendment) Act, 1933, as amended, extended and applied by subsequent enactments, or of subsection (4) of section thirteen of the Landlord and Tenant Act, 1954, the court can only grant possession on being satisfied that it is reasonable so to do, or if possession of the premises is claimed under section five of the Requisitioned Houses and Housing (Amendment) Act, 1955.

(5) This section shall not confer any right of appeal from any judgment or order where a right to appeal therefrom on questions of fact is conferred by some other enactment, and shall have effect subject to any enactment other than this Act, in so far as the enactment provides that a determination of the county court shall be final.

110.—(1) If any party to any Admiralty proceedings in a county court is dissatisfied with a determination of the judge on a question of fact, the party aggrieved by the judgment or order of the judge may appeal therefrom to the Court of Appeal: Appeals on questions of fact in Admiralty proceedings.

Provided that there shall be no appeal under this subsection unless the amount claimed in the proceedings exceeds two hundred pounds.

(2) Nothing in the foregoing provisions of this section shall be taken to affect the right of any party to Admiralty proceedings in a county court to appeal to the Court of Appeal under section one hundred and eight of this Act, and any such party may appeal under that section in like manner and subject to the like conditions as a party to an action founded on contract or tort.

(3) On an appeal by a party to any Admiralty proceedings, the Court of Appeal, if it appears to it expedient that any sale ordered to be made of the vessel, aircraft or property to which the proceedings relate should be conducted in the High Court instead of in the county court, may direct the transfer of the proceedings for sale, with or without the transfer of the subsequent proceedings, to the High Court.

PART V
—*cont.*

(4) Where, on an appeal by a party to any Admiralty proceedings which have been heard in a county court with the assistance of assessors, any party makes application to the Court of Appeal in that behalf, the court shall summon Trinity masters to assist on the hearing of the appeal if the court is of opinion that such assistance is necessary or desirable.

**Agreement
not to appeal.**

111.—(1) No appeal shall lie from any judgment, direction, decision or order of a judge of county courts if, before the judgment, direction, decision or order is given or made, the parties agree, in writing signed by themselves or their solicitors or agents, that it shall be final.

(2) No such agreement shall require a stamp.

**Judge's note
on appeal.**

112.—(1) At the hearing of any proceedings in a county court in which there is a right of appeal, the judge shall, at the request of any party, make a note—

- (c) of his decision thereon and of his determination of the proceedings.

(2) Where such a note has been taken, the judge shall (whether notice of appeal has been served or not), on the application of any party to the proceedings, and on payment by that party of such fee as may be prescribed by the fees orders, furnish him with a copy of the note, and shall sign the copy, and the copy so signed shall be used at the hearing of the appeal.

**Powers of
Court of
Appeal on
appeal from
county court.**

113.—(1) On the hearing of an appeal, the Court of Appeal may draw any inference of fact and either—

- (a) order a new trial on such terms as the court thinks just ; or
- (b) order judgment to be entered for any party ; or
- (c) make a final or other order on such terms as the court thinks proper to ensure the determination on the merits of the real question in controversy between the parties.

(2) Subject to any rules of the Supreme Court, on any appeal from a county court the Court of Appeal may reverse or vary, in favour of a party seeking to support the judgment or order of the county court in whole or in part, any determinations made in the county court on questions of fact, notwithstanding that the appeal is an appeal on a point of law only, or any such

determinations on points of law, notwithstanding that the appeal is an appeal on a question of fact only:

PART V
—cont.

Provided that this subsection shall not enable the Court of Appeal to reverse or vary any determination, unless the party dissatisfied with the determination would have been entitled to appeal in respect of it if aggrieved by the judgment or order.

114. No appeal shall lie from the decision of the Court of Appeal on any appeal from a county court in any probate proceedings.

Decision of Court of Appeal on probate appeals to be final.

Certiorari, Prohibition and Mandamus

115.—(1) The High Court or a judge thereof may order the removal into the High Court, by order of certiorari or otherwise, of any proceedings commenced in a county court, if the High Court or judge thereof thinks it desirable that the proceedings should be heard and determined in the High Court.

Certiorari.

(2) Where any proceedings are removed into the High Court under this section the provisions of section seventy-six of this Act shall apply as if the action had been transferred.

(3) Any such removal shall be upon such terms as to payments of costs, giving security or otherwise as the High Court or a judge thereof thinks fit to impose.

116.—(1) Where an application is made to the High Court or a judge thereof for an order of prohibition addressed to any county court, the matter shall be finally disposed of by order.

Prohibition.

(2) Upon any such application, the judge of the county court shall not be served with notice thereof, and shall not, except by the order of a judge of the High Court—

- (a) be required to appear or be heard thereon ; or
- (b) be liable to any order for the payment of the costs thereof ;

but the application shall be proceeded with and heard in the same manner in all respects as an appeal duly brought from a decision of the judge, and notice of the application shall be given to or served upon the same parties as in the case of an order made or refused by a judge in a matter within his jurisdiction.

PART V
—cont.

Stay of proceedings in case of certiorari or prohibition.

117.—(1) The grant by the High Court or a judge thereof of leave to make an application for an order of certiorari or prohibition to a county court shall, if the High Court or judge thereof so directs, operate as a stay of the proceedings in question until the determination of the application, or until the High Court or judge thereof otherwise orders.

(2) Where any proceedings are stayed as aforesaid, the judge of the county court shall from time to time adjourn the hearing thereof to such day as he thinks fit.

Mandamus.

118. Any party requiring any act to be done by a judge or officer of a county court relating to the duties of his office may apply to the High Court for an order of mandamus, and that court may make an order accordingly, and the judge or officer of the county court, on being served with the order, shall obey it on pain of attachment.

Refusal of order to be final.

119. Where the High Court or a judge thereof has refused to grant an order of certiorari or prohibition to a county court or an order of mandamus under the last foregoing section, no other court or judge shall grant it:

Provided that nothing in this section shall—

- (a) affect any right of appeal from the decision of the High Court or a judge thereof to the Court of Appeal, or any right of appeal from the decision of a judge of the High Court to the High Court; or
- (b) prevent a second application's being made for the order on grounds different from those on which the first application was founded.

PART VI

Execution against Goods and Chattels

Execution of judgments or orders for payment of money.

120.—(1) Any sum of money payable under a judgment or order of a county court may be recovered, in case of default or failure of payment thereof forthwith or at the time or times and in the manner thereby directed, by execution against the goods and chattels of the party against whom the judgment or order was obtained.

(2) The registrar, on the application of the party prosecuting any such judgment or order, shall issue a warrant of execution in the nature of a writ of fieri facias whereby the registrar shall be empowered to levy or cause to be levied by distress and sale of the goods and chattels, wherever they may be found within

(2) County court rules may prescribe the cases in which execution is to issue if there is any such default and limit the amounts for which and the times at which execution may issue.

(3) Except so far as may be otherwise provided by county court rules made for the purposes aforesaid, execution or successive executions may issue if there is any such default for the whole of the said sum of money and costs then remaining unpaid or for such part thereof as the court may order either at the time of the original order or at any subsequent time:

Provided that, except so far as may be otherwise provided by such rules, no execution shall issue unless at the time when it issues the whole or some part of an instalment which has already become due remains unpaid.

122.—(1) In or upon every warrant of execution issued from a county court against the goods or chattels of any person, the registrar shall cause to be inserted or indorsed the total amount to be levied, inclusive of the fee for issuing the warrant but exclusive of the fees for its execution. Execution to be superseded on payment.

(2) If the person against whom the execution is issued, before the actual sale of the goods and chattels, pays or causes to be paid or tendered to the registrar of the court from which the warrant is issued, or to the bailiff holding the warrant, the amount inserted in, or indorsed upon, the warrant under the foregoing subsection, or such part thereof as the person entitled thereto agrees to accept in full satisfaction, together with the amount stated by the officer of the court to whom the payment or tender is made to be the amount of the fees for the execution of the

(b) no person shall be entitled to recover against the registrar or other officer, or anyone lawfully acting under his authority, for any sale of the goods, or for paying over the proceeds thereof prior to the receipt of a claim to the said goods, unless it is proved that the

person from whom recovery is sought had notice, or might by making reasonable inquiry have ascertained, that the goods were not the property of the execution debtor:

PART VI
—cont.

Provided that—

- (i) nothing in this section shall affect the right of any claimant, who may prove that at the time of sale he had a title to any goods so seized and sold, to any remedy to which he may be entitled against any person other than the registrar or other officer;
- (ii) the provisions of this section shall have effect subject to the provisions of sections forty and forty-one of the Bankruptcy Act, 1914, and sections three hundred and twenty-five and three hundred and twenty-six of the Companies Act, 1948.

Claims in respect of Goods seized

134.—(1) When a writ against the goods of any person has issued from the High Court and a warrant against the goods of the same person has issued from a county court, the right to the goods seized shall be determined by the priority of the time of the delivery of the writ to the sheriff to be executed, or of the application to the registrar for the issue of the warrant to be executed.

Priority of High Court and county court executions.

(2) A sheriff shall on demand inform the registrar of a county court, by writing signed by any clerk in the office of the under-sheriff, of the precise time of the delivery of any such writ to him, and a bailiff of a county court shall on demand show his warrant to any sheriff's officer.

(3) Any writing purporting to be signed as aforesaid and the indorsement on any such warrant shall respectively be sufficient justification to any registrar or sheriff acting thereon.

135.—(1) Where a claim is made to or in respect of any goods seized in execution under process of a county court, the claimant may—

(3) In default of the claimant's complying with the foregoing provisions of this section, the bailiff shall sell the goods as if no such claim had been made, and shall pay into court the proceeds of the sale to abide the decision of the judge.

**Interpleader
by registrar.**

136.—(1) If a claim is made to or in respect of any goods or chattels seized in execution under process of a county court, or in respect of the proceeds or value thereof, the registrar may, as well before as after any action brought against him, issue a summons calling before the court the party at whose instance the process issued and the party making the claim.

(2) Upon the issue of the summons, any action brought in any county court or other court in respect of the claim or of any damage arising out of the execution of the warrant shall be stayed.

(3) On the hearing of the summons, the judge shall adjudicate upon the claim, and shall also adjudicate between the parties or either of them and the registrar upon any claim to damages arising or capable of arising out of the execution of the warrant by the registrar, and shall make such order in respect of any such claim and the costs of the proceedings as he thinks fit.

**Claims for
rent where
goods seized
in execution.**

137.—(1) Section one of the Landlord and Tenant Act, 1709, shall not apply to goods seized in execution under process of a county court, but the following provisions of this section shall apply in substitution therefor.

(2) The landlord of any tenement in which any goods are seized as aforesaid may claim the rent of the tenement in arrear at the date of the seizure, at any time within the five days next following that date, or before the removal of the goods, by delivering to the bailiff or officer making the levy a claim in writing, signed by himself or his agent, stating—

(a) the amount of rent claimed to be in arrear; and

(b) the period in respect of which the rent is due.

(3) Where such a claim is made, the bailiff or officer making the levy shall in addition thereto distrain for the rent so claimed and the cost of the distress, and shall not, within five

days next after the distress, sell any part of the goods seized, unless—

PART VI
—cont.

(a) the goods are of a perishable nature; or

(b) the person whose goods have been seized so requests in writing.

(4) The bailiff shall afterwards sell under the execution and distress such of the goods as will satisfy—

(a) first, the costs of and incidental to the sale;

(b) next, the claim of the landlord not exceeding—

(i) in a case where the tenement is let by the week, four weeks' rent;

(ii) in a case where the tenement is let for any other term less than a year, the rent of two terms of payment;

(iii) in any other case, one year's rent; and

(c) lastly, the amount for which the warrant of execution issued.

(5) If any replevin is made of the goods seized, the bailiff shall nevertheless sell such portion thereof as will satisfy the costs of and incidental to the sale under the execution and the amount for which the warrant of execution issued.

(6) In any event the surplus of the sale, if any, and the residue of the goods shall be returned to the execution debtor.

(7) The fees of the registrar and broker for keeping possession, appraisal and sale under any such distress shall be the same as would have been payable if the distress had been an execution of the court, and no other fees shall be demanded or taken in respect thereof.

(8) Nothing in this section shall affect the provisions of section thirty-five of the Bankruptcy Act, 1914, except that the reference therein to section one hundred and sixty of the County Courts Act, 1888, shall be construed as a reference to this section.

Execution out of Jurisdiction of Court

138.—(1) Where a warrant of execution has been issued from a county court (hereafter in this section referred to as a "home court") against the goods and chattels of any person and the goods and chattels are out of the jurisdiction of that court, the registrar of that court may send the warrant of execution to the registrar of any other county court within the jurisdiction of which the goods and chattels are or are believed to be, with a warrant thereon endorsed or thereto annexed requiring execution of the original warrant.

Execution out
of jurisdiction
of court.

PART VI
—cont.

(2) On the receipt of the warrant, the registrar of the other county court shall act in all respects as if the original warrant of execution had been issued by the court of which he is registrar and shall within the prescribed time—

- (a) report to the registrar of the home court what he has done in the execution of the warrant ; and
- (b) pay over all moneys received in pursuance of the warrant.

(3) Where a warrant of execution is sent by the registrar of a home court to the registrar of another court for execution under the provisions of this section, the judge of that other court shall have the same power as the judge of the home court of staying the execution under section one hundred and twenty-three of this Act as respects any goods or chattels within the jurisdiction of that other court.

*Execution in County Court of Judgments and Orders
of, or enforceable as Judgments and Orders of,
High Court and Judgments and Orders of inferior Courts*

Execution in
county court
of judgments

High Court.

139. A judgment or order of the High Court for the payment of money to a person, and any judgment, order, decree or award (however called) of any court or arbitrator (including any foreign court or foreign arbitrator) being a judgment, order, decree or award for the payment of money to a person which is or has become enforceable (whether wholly or to a limited extent) as if it were a judgment or order of the High Court shall, on an application's being made to the county court by the party prosecuting the judgment, be enforceable under section one hundred and twenty of this Act as if it were a judgment of that court, and the remainder of the foregoing provisions of this Part of this Act (including the provisions thereof relating to the staying of execution) shall have effect accordingly in relation to the enforcement thereof under the said section one hundred and twenty.

Execution in
county court
of judgments
and orders of
inferior courts.

140.—(1) Any execution issued by a local court for the purpose of enforcing any judgment or order of that court for the payment of money (including a penalty), or for the delivery of property other than land or money (with or without an option to pay instead the value of the property), or for both, may outside the area in which the local court has jurisdiction, be enforced through a county court in the same way as an execution of the like nature issued by some other county court.

(2) Where an execution issued by a local court is sent to a county court to be enforced under this section, the judge and officers of the county court shall have the same powers and duties in connection therewith as they have where an execution of the like nature is sent for enforcement from another county

court, and this Act shall apply in relation to the enforcement of the execution under this section as if the execution had been issued by a county court:

PART VI
—cont.

Provided that this subsection shall not affect the period for which the execution is in force or the manner in which or period for which it may be extended or renewed.

(3) In this section “local court” means any inferior court of record for the trial of civil actions, other than a county court or any of the barmote courts held under the High Peak Mining Customs and Mineral Courts Act, 1851, or the Derbyshire Mining Customs and Mineral Courts Act, 1852, and includes the Mayor’s and City of London Court in relation to proceedings in which it is not regarded as a county court (but without prejudice to the application to the said court of the expression “county court” in relation to executions, attachments and committals issued by other courts).

Charges on Land, Receivers and Attachment of Debts

141.—(1) A county court may, for the purposes of enforcing a judgment or order thereof for the payment of money to a person, by order impose on any such land or interest in land of the debtor as may be specified in the order a charge for securing the payment of any moneys due or to become due under the judgment or order.

Power of court

judgment
debtor.

(2) An order under the foregoing subsection may be made either absolutely or subject to conditions as to notifying the debtor as to the time when the charge is to become enforceable or as to other matters.

(3) The Land Charges Act, 1925, and the Land Registration Act, 1925, shall apply in relation to orders under subsection (1) of this section as they apply in relation to other writs or orders affecting land issued or made for the purpose of enforcing judgments, but, save as aforesaid, a charge imposed under the said subsection (1) shall have the like effect and shall be enforceable in the same courts and in the same manner as if it were an equitable charge created by the debtor by writing under his hand; and for the purposes of this provision the limit imposed by paragraph (c) of subsection (1) of section fifty-two of this Act on the jurisdiction of a county court shall be disregarded.

(4) The foregoing provisions of this section shall apply in relation to a judgment, order, decree or award (however called) of any court or arbitrator (including any foreign court or foreign arbitrator) which is, or has become, enforceable (whether wholly or to a limited extent) as if it were a judgment or order of the county court as they apply in relation to a judgment or order of the county court.

PART VI
—cont.
Receivers.

142.—(1) The power of the county court to appoint a receiver by way of equitable execution shall operate in relation to all legal estates and interests in land.

(2) The said power may be exercised in relation to an estate or interest in land whether or not a charge has been imposed on that land under the last foregoing section for the purpose of enforcing the judgment, decree, order or award in question, and the said power shall be in addition to and not in derogation of any power of any court to appoint a receiver in proceedings for enforcing such a charge.

(3) Where an order under the last foregoing section imposing a charge for the purpose of enforcing a judgment, decree, order or award has been registered under section six of the Land Charges Act, 1925, subsection (1) of section seven of that Act (which provides that, amongst other things, an order appointing a receiver and any proceedings pursuant to the order or in obedience thereto shall be void against a purchaser unless the order is for the time being registered under section six of that Act) shall not apply to an order appointing a receiver made either in proceedings for enforcing the charge or by way of equitable execution of the judgment, decree, order or award or, as the case may be, of so much thereof as requires payment of moneys secured by the charge.

Attachment
of debts.

143.—(1) A sum standing to the credit of a person in a deposit account in a bank shall, for the purposes of the jurisdiction of the county court to attach debts for the purpose of satisfying judgments or orders for the payment of money, be deemed to be a sum due or accruing to that person and, subject to county court rules, shall be attachable accordingly, notwithstanding that any of the following conditions applicable to the account, that is to say:—

- (a) any condition that notice is required before any money is withdrawn ;
- (b) any condition that a personal application must be made before any money is withdrawn ;
- (c) any condition that a deposit book must be produced before any money is withdrawn ; or

has not been satisfied.

(2) This section shall not apply to any account in the Post Office Savings Bank, in any Trustee Savings Bank or in any Savings Bank maintained in pursuance of any enactment by any local authority or to any account in any bank with two or more places of business if the terms applicable to that account permit withdrawals on demand, on production of a deposit book, at more than one of those places of business, with or without restrictions as to the amount which may be withdrawn.

PART VI
—cont.

144.—(1) If a debtor summoned to attend a county court by a judgment summons fails to attend on the day and at the time fixed for any hearing thereof, the judge may adjourn or further adjourn the summons to a specified time on a specified day and order the debtor to attend at that time on that day. (2) If—

(a) a debtor, having been ordered under the foregoing subsection to attend at a specified time on a specified day, fails to do so ; or

the judge may make an order committing him to prison for a period not exceeding fourteen days in respect of the failure or refusal :

Provided that a debtor shall not be committed to prison under this subsection for having failed to attend as required by an order under subsection (1) of this section unless there was paid to him at the time of the service of the judgment summons, or paid or tendered to him at the time of the service of the order under the said subsection (1), such sum in respect of his expenses as may be prescribed for the purposes of this section.

(3) The judge may at any time revoke an order committing a person to prison under this section and, if he is already in custody, order his discharge.

145. Where a vessel, aircraft or property would or might be sold under an execution to enforce a judgment or order given or made by a county court in Admiralty proceedings, and the owner of the vessel, aircraft or property desires that the sale should be conducted in the High Court instead of in the county court, he shall be entitled, on giving security for costs, and subject to such other provisions as may be prescribed, to obtain an order of the county court for transfer of the proceedings for sale, with or without (as the judge of the county court thinks fit) the transfer of any subsequent proceedings, to the High Court. Transfer of execution in Admiralty proceedings.

146.—(1) Where an application is made to the High Court—

(2) Where, under the foregoing provisions of this section, an order is made directing an issue to be tried in a county court, the order shall define the issue to be tried, and any party may lodge or cause to be lodged the order, together with the affidavits (if any) filed in the matter, and such other documents (if any) as the High Court or judge may direct, with the registrar of the county court named in the order.

(3) On the documents' aforesaid being so lodged the issue shall, subject to county court rules, be tried in the county court so named, and the judge of that county court, after the issue has been so tried, shall certify the result of the trial and send his certificate to the High Court, together with the documents aforesaid and any report which he may think fit to make as to costs or otherwise.

Provisions as to warrants of possession.

147.—(1) For the purpose of executing a warrant to give possession of any premises, it shall not be necessary to remove any goods or chattels from those premises.

(2) The duration of any warrant of possession issued by a county court to enforce a judgment or order for the recovery of land or for the delivery of possession of land shall, notwithstanding anything in subsection (4) of section five of the Increase of Rent and Mortgage Interest (Restrictions) Act, 1920, be such as may be fixed by or in accordance with county court rules.

PART VII

ADMINISTRATION ORDERS

Power to make administration order when debts less than £50.

148.—(1) Where a debtor—

- (a) is unable to pay forthwith the amount of a judgment obtained against him in a county court ; and
- (b) alleges that his whole indebtedness amounts to a sum not exceeding fifty pounds, inclusive of the debt for which the judgment was obtained ;

that court may make an order (hereafter in this Part of this Act referred to as an "administration order") providing for the administration of his estate.

(2) Where, in the opinion of the court in which the judgment was obtained, it would be inconvenient that that court should administer the estate, it shall cause a certificate of the judgment to be forwarded to the county court for the district in which the debtor resides or the majority of the creditors reside, and

thereupon the latter county court shall have all the powers which it would have under this Part of this Act, had the judgment been obtained in it.

PART VII
—cont.

(3) An administration order shall not be invalid by reason only that the total amount of the debts is found at any time to exceed fifty pounds, but in that case the court may, if it thinks fit, set aside the order.

(4) An administration order may provide for the payment of the debts of the debtor by instalments or otherwise, and either in full or to such extent as to the court under the circumstances of the case appears practicable, and subject to any conditions as to his future earnings or income which the court may think just.

(5) An administration order shall be carried into effect in such manner as may be prescribed by general rules made under this Part of this Act.

149. Where an administration order has been made the following provisions shall have effect:—

Notice of
order and
proof of debts.

- (a) notice of the order shall be sent to the registrar of county court judgments, and be posted in the office of the county court for the district in which the debtor resides, and sent to every creditor notified by the debtor, or who has proved;
- (b) any creditor of the debtor, on proof of his debt before the registrar, shall be entitled to be scheduled as a creditor of the debtor for the amount of his proof;
- (c) any creditor may, in the manner prescribed by general rules made under this Part of this Act, object to any debt scheduled, or to the manner in which payment is directed to be made by instalments;
- (d) any person who, after the date of the order, becomes a creditor of the debtor shall, on proof of his debt before the registrar, be scheduled as a creditor of the debtor for the amount of his proof, but shall not be entitled to any dividend under the order until the creditors who are scheduled as having been creditors before the date of the order have been paid to the extent provided by the order.

150.—(1) Subject to the provisions of the two next following sections, when an administration order is made, no creditor shall have any remedy against the person or property of the debtor in respect of any debt which the debtor has notified to a county court or which has been scheduled to the order, except with the leave of that county court, and on such terms as that court may impose.

Effect of
administration
order.

PART VII
—*cont.*

(2) Any county court or other inferior court in which proceedings are pending against the debtor in respect of any debt so notified or scheduled shall, on receiving notice of the administration order, stay the proceedings, but may allow costs already incurred by the creditor, and such costs may, on application, be added to the debt.

Execution by registrar.

151.—(1) Where it appears to the registrar of the county court at any time while an administration order is in force that property of the debtor exceeds in value ten pounds, he shall, at the request of any creditor, and without fee, issue execution against the debtor's goods.

(2) Section one hundred and twenty-four of this Act applies on an execution under this section as it applies on an execution under Part VI of this Act.

Right of landlord to distrain notwithstanding order.

152. A landlord or other person to whom any rent is due from a debtor in respect of whom an administration order is made, may at any time, either before or after the date of the order, distrain upon the goods or effects of the debtor for the rent due to him from the debtor, with this limitation, that if the distress for rent is levied after the date of the order, it shall be available only for six months' rent accrued due prior to the date of the order and shall not be available for rent payable in respect of any period subsequent to the date when the distress was levied, but the landlord or other person to whom the rent may be due from the debtor may prove under the order for the surplus due for which the distress may not have been available.

Appropriation of money paid under order.

153. Money paid into court under an administration order shall be appropriated—

- (a) first in satisfaction of the costs of the plaintiff in the action in respect of which the order was made;
- (b) next in satisfaction of the costs of administration (which shall not exceed two shillings in the pound on the total amount of the debts); and
- (c) then in liquidation of debts in accordance with the order.

Default in payment of instalments.

154. If the debtor makes default in payment of any instalment payable in pursuance of an administration order, he shall, unless the contrary is proved, be deemed to have had since the date of the order the means to pay the sum in respect of which he has made default and to have refused or neglected to pay that sum.

Discharge of order.

155. When the amount received under an administration order is sufficient to pay each creditor scheduled to the order to the extent thereby provided, and the costs of the plaintiff in the action in respect of which the order was made and the

costs of the administration, the order shall be superseded, and the debtor shall be discharged from his debts to the scheduled creditors.

PART VII
—cont.

156.—(1) The Lord Chancellor may from time to time make, by statutory instrument, general rules for carrying into effect the objects of this Part of this Act:

Rules for purposes of Part VII.

Provided that the said rules shall not extend the jurisdiction of the court.

(2) A statutory instrument containing rules made under this section shall be laid before Parliament after being made.

PART VIII

COMMITTALS

157.—(1) If any person—

Power to commit for contempt.

(a) wilfully insults the judge of a county court, or any juror or witness, or any officer of the court during his sitting or attendance in court, or in going to or returning from the court; or

(b) wilfully interrupts the proceedings of a county court or otherwise misbehaves in court;

any officer of the court, with or without the assistance of any other person, may, by order of the judge, take the offender into custody and detain him until the rising of the court, and the judge may, if he thinks fit—

(i) make an order committing the offender for a specified period not exceeding one month to any prison to which the judge has power to commit; or

(ii) impose upon the offender a fine not exceeding twenty pounds for every offence.

(2) The judge may at any time revoke an order committing a person to prison under this section and, if he is already in custody, order his discharge.

158.—(1) Whenever any order or warrant for the committal of any person to prison is made or issued by a county court (whether in pursuance of this or any other Act or of county court rules), the order or warrant shall be directed to the registrar of the court, who shall thereby be empowered to take the body of the person against whom the order is made or warrant issued.

Power of
 judge to order

160. If at any time it appears to the satisfaction of a judge of a county court that any debtor arrested or confined in prison by order of the court is unable from any cause to pay any sum recovered against him (whether by way of satisfaction of a claim or counterclaim or by way of costs or otherwise), or any instalment thereof, and ought to be discharged, the judge may order his discharge upon such terms (including liability to re-arrest if the terms are not complied with) as the judge thinks fit.

Execution of
 committal
 orders out of
 jurisdiction
 of court.

161.—(1) Where any order or warrant for the committal of any person to prison has been made or issued (whether in pursuance of this or any other Act or of county court rules) by a county court (hereafter in this section referred to as a “home court”) and that person is out of the jurisdiction of that court, the registrar may send the order or warrant to the registrar of any other county court within the jurisdiction of which that person is or is believed to be, with a warrant thereon indorsed or thereto annexed requiring execution of the original order or warrant.

(2) On receipt of the warrant, the registrar of the other county court shall act in all respects as if the original order or warrant had been issued by the court of which he is registrar and shall within the prescribed time—

- (a) report to the registrar of the home court what he has done in the execution of the order or warrant; and
- (b) pay over all moneys received in pursuance of the order or warrant.

(b) relating to matters of private right ;  
and in relation to the area of any such buildings authority the provisions of this Act shall be in lieu of any enactment or rule of law in force immediately before the commencement of this Act making it unlawful to erect, alter, repair or otherwise deal with a building, or occupy a building in any particular way, without the sanction of the dean of guild court for that area.

(5) References in this Act to—

- (a) the area of a buildings authority are references to the burgh or, as the case may be, the landward area of the county for which the buildings authority is constituted under this Act ;

2.—(1) The following provisions of the Local Government (Scotland) Act, 1947, that is to say, subsections (5) to (9) of section three hundred and twenty-one, subsection (5) of section three hundred and twenty-two and section three hundred and twenty-three (which relate to the proceedings of dean of guild courts), section three hundred and twenty-six (which relates to the clerks of such courts), section three hundred and twenty-seven (which relates to the holding of meetings of such courts) and section three hundred and twenty-eight (which relates to the expenses of such courts) shall have effect for the purposes of this Act in relation to a buildings authority which is a dean of guild court (being a court to which, immediately before the commencement of this Act, these provisions applied) as they have effect in relation to that court for purposes other than those of this Act:

Provided that the said section three hundred and twenty-six as applied by this subsection shall have effect with the omission, in subsection (1) thereof, of the words “and the burgh prosecutor shall act as prosecutor in the dean of guild court”.

(2) In relation to a buildings authority which is a dean of guild court to which immediately before the commencement of this Act the said provisions of the Local Government (Scotland) Act, 1947, did not apply, the foregoing subsection shall have effect with the substitution for references to the said provisions of references to the corresponding provisions, if any, of any local Act which immediately before the commencement of this Act applied to that court.

(3) The provisions of the Second Schedule to this Act shall have effect in relation to a buildings authority which is not a dean of guild court.

**PART I**  
—*cont.*

(4) The Secretary of State may by regulations make supplementary provision with respect to the constitution of buildings authorities which are not dean of guild courts and with respect to the procedure of buildings authorities, whether dean of guild courts or not; and such regulations may, without prejudice to the foregoing generality,—

(a) provide for the matters specified in the Third Schedule to this Act, and

(b) in relation to a buildings authority which is a dean of guild court, provide that where, in the case of any building, matters come before the court both under this Act and otherwise than under this Act they may be dealt with by the court in conjunction.

(5) Regulations made under this section may provide for a combination in one document of—

(a) any application required or authorised under this Act to be made, and

(b) any application such as is mentioned in subsection (2) of section ninety-eight of the Town and Country Planning (Scotland) Act, 1947;

for the making of such combined application in such form and manner, and to such authority, as may be prescribed by the regulations; and for the transmission of copies of the application by that authority to such other authorities or persons as may be so prescribed.

(6) Subsections (3) and (4) of the said section ninety-eight shall have effect in relation to regulations made under the last foregoing subsection as they have effect in relation to regulations made under subsection (2) of the said section ninety-eight.

**PART II****BUILDING STANDARDS AND BUILDING OPERATIONS****Building standards regulations.**

3.—(1) For the purposes of this Act the Secretary of State may (subject to the subsequent provisions of this Act) by regulations prescribe standards (expressed in terms of performance, types of material, methods of construction or otherwise) in relation to any or all of the matters specified in the Fourth Schedule to this Act, and such other matters relating to buildings as appear to him after consultation with the Building Standards Advisory Committee to be relevant to the said purposes.

Regulations made under this subsection are in this Act referred to as “building standards regulations”, and references to the building standards regulations in relation to a building of any particular class are references to so much of the regulations as apply to a building of that class.

(2) The standards prescribed under the foregoing subsection shall be such as in the opinion of the Secretary of State can reasonably be expected to be attained in buildings of the classes to which they relate, having regard to the need for securing the health, safety and convenience of the persons who will inhabit or frequent such buildings and the safety of the public generally.

(3) Without prejudice to the generality of the foregoing provisions of this section building standards regulations may—

- (a) prescribe different standards for buildings of different classes ;
- (b) make special provision for buildings intended to have a life not exceeding such period, being a period of ten years or less, as may be specified in the regulations ;
- (c) provide for buildings constructed with materials of such types or by such methods of construction as may be specified in the regulations to be deemed to satisfy such standards as may be so specified in relation to those types of material, or, as the case may be, those methods of construction.

(4) Building standards regulations shall not apply to—

- (a) buildings belonging to, or in the occupation of, the United Kingdom Atomic Energy Authority, being buildings other than dwelling houses or offices ; or
- (b) buildings of such other classes as may be specified in the regulations as exempted classes.

(5) For the purposes of this Act and any regulations made thereunder buildings may be classified by reference to size, description, design, purpose, location or any other characteristic whatsoever.

(6) Before making any regulations under this section the Secretary of State shall—

- (a) consult the Building Standards Advisory Committee as to the contents of the proposed regulations ;
- (b) publish in such manner as he thinks expedient a draft of the proposed regulations, together with a notice stating that representations as to the draft may be lodged with him in such manner and within such time as may be stated in the notice ;
- (c) if required by any person who has duly lodged representations with him under the last foregoing paragraph, direct the holding of a public inquiry with respect to any representations so lodged ;
- (d) consider and representations duly lodged under paragraph (b) of this subsection, and the report of the

**PART II**  
—*cont.*

person holding the inquiry, if any, under paragraph (c) of this subsection ; and

- (e) consult the Building Standards Advisory Committee as to any alteration that he may propose to the said draft.

Relaxation of building standards regulations in particular cases.

4.—(1) If it appears to the Secretary of State, on application made to him in the prescribed manner in relation to any particular building, that it is unreasonable that any provision of the building standards regulations (being a provision which apart from this section applies, or by reason of a proposed change of use will apply, to that building) should apply to the building, or apply to it without modification, he may, subject to the next following subsection, direct that the provision shall not apply to that building or, as the case may be, shall so apply subject to such modifications as may be specified in the direction.

(2) No direction under the foregoing subsection shall be given in respect of any provision of the building standards regulations which is described in the regulations as not being subject to a direction under this section.

(3) A direction given under this section may be given either unconditionally or subject to such conditions as may be specified in the direction.

(4) The provisions of the Fifth Schedule to this Act shall have effect as respects the procedure to be followed in connection with directions under this section.

Building operations regulations.

5.—(1) The Secretary of State may make such regulations (in this Act referred to as “building operations regulations”) for the conduct of operations for the construction, repair, maintenance or demolition of buildings as he considers expedient to secure the safety of the public ; and regulations under this subsection may make different provision for different classes of operations.

(2) Any person who contravenes any provision of the building operations regulations shall be guilty of an offence against this Act.

Application of building standards regulations and building operations regulations to construction or demolition, and to change of use, of buildings.

6.—(1) No person shall—

- (a) in any place conduct any operations for the construction or demolition of a building of a class to which the building standards regulations apply, or
- (b) change the use of any building,

unless there has been obtained from the buildings authority a warrant for the construction, demolition or change of use, as the case may be, and any person who contravenes this subsection shall be guilty of an offence against this Act :

Provided that nothing in this subsection shall apply to any operations for the alteration of a building which consist solely of the fitting of a fixture of any such kind as may be prescribed for the purposes of this subsection.

PART II

—cont.

(2) A buildings authority shall, subject to subsection (8) of this section, grant a warrant such as is mentioned in the foregoing subsection on application being made therefor in the prescribed manner—

(a) in the case of a warrant for the construction or demolition of a building, if, but only if, they are satisfied that the operations involved will be conducted in accordance with the building operations regulations, and (in the case of operations for the construction of a building) that nothing in any plan, specification or other information submitted with the application shows that the building when constructed will fail to conform to the building standards regulations ; and

(b) in the case of a warrant for the change of use of a building, if, but only if, they are satisfied that after the change of use the building will conform to so much of the building standards regulations as will become applicable, or will apply more onerously, to the building by reason of the change of use.

(3) A warrant for the construction of a building shall be subject to the condition that the building shall be constructed as described in the warrant (including any relative plans and specifications) and in accordance with the building standards regulations, and, in a case where a direction has been given under section four of this Act, subject also to the condition that such conditions, if any, as are specified in the direction are observed.

(4) In relation to a building to be constructed in accordance with any special provisions of the building standards regulations relating to buildings intended to have a limited life (as mentioned in paragraph (b) of subsection (3) of section three of this Act) any application for a warrant shall state the period of intended life of the building (being not greater than that specified in the said provisions of the building standards regulations) and, without prejudice to the last foregoing subsection and subject to the next following subsection, the warrant shall be subject to the condition that the building will be demolished on or before the expiration of the period so stated.

(5) Where a warrant contains such a condition as is mentioned in the last foregoing subsection application may be made to the buildings authority, before the expiration of the period specified in the warrant, for an extension of the said period and the authority may, if they are satisfied that it is proper to do so, having regard to the special provisions mentioned in the last

**PART II**  
**—cont.**

foregoing subsection, extend the period, and further extend it from time to time, so however that no such extension by itself shall exceed the period for the time being specified in the said provisions in the building standards regulations.

(6) A warrant for the demolition of a building shall be subject to the condition that the demolition shall be completed within such period from the commencement of the operations for the demolition as may be specified in the warrant.

(7) If, after a warrant has been granted for the construction of a building and before any certificate of completion has been granted in respect of the building, the person holding the warrant desires to deviate from any plans or specifications to which he is required by the warrant to adhere he may apply to the buildings authority for an amendment of the terms of the warrant to cover the proposed deviation, and that authority shall then (subject to the next following subsection) make the amendment if, but only if, they are satisfied that the proposed deviation is in conformity with the building standards regulations.

(8) Notwithstanding anything in this section it shall be competent for—

- (a) a buildings authority which is a dean of guild court to refuse to grant a warrant (or an amendment of the terms of a warrant) if in the exercise of any jurisdiction exercisable by them apart from this Act they have determined that the operations or change of use in respect of which the warrant or amendment has been applied for would result in an infringement of a private right or otherwise be contrary to law, or
- (b) any buildings authority to refuse to grant a warrant (or an amendment of the terms of a warrant) if the application for it has not been duly made in the prescribed manner, or if, where the application relates to an extension to, or alteration of, a building, they consider that, as a direct result of the extension or, as the case may be, the alteration, the building as extended or altered will fail to conform with the building standards regulations ;

and nothing in this section shall be taken to prejudice the operation of section seventeen of the Restriction of Ribbon Development Act, 1935, or sections two, three or six of the Thermal Insulation (Industrial Buildings) Act, 1957 (which sections in their application to Scotland relate to the power of buildings authorities to refuse to grant warrants in certain circumstances).

(9) Where under any provision of this Act or any other enactment a person is required or authorised—

(a) by a buildings authority to carry out any operations for the construction or demolition of any building, or

(b) by a local authority to demolish any building,  
a warrant shall be deemed to have been granted in respect of the construction or, as the case may be, the demolition.

(10) For avoidance of doubt it is hereby declared that, in respect of any building, subsection (1) of this section applies to any such deviation as is mentioned in subsection (7) of this section as it applies to the construction of the building.

7.—(1) In relation to such construction of buildings as may be prescribed, being construction of a minor character, a buildings authority shall, subject to the provisions of this section, delegate their functions under the last foregoing section— Minor works.

(a) to their clerk, or

(b) with the consent of the local authority, to the master of works appointed by the local authority.

(2) An application shall not be dealt with under a delegation made by virtue of the foregoing subsection unless it is shown in the prescribed manner that there is no objection to the granting of the application—

(a) in a case where the delegation has been made to the clerk of the buildings authority, on the part of the master of works, and

(b) in any case, on the part of any person other than the master of works on whom the application is required by regulations made under section two of this Act to be served ;

and in any case where it is not so shown the application shall be dealt with as if this section had not passed.

(3) If any person is aggrieved by a refusal of the clerk of a buildings authority or a master of works to grant a warrant applied for by him he may require his application to be referred to, and dealt with by, the buildings authority.

(4) Regulations made under section two of this Act may include provision for procedural matters in connection with applications which could be dealt with under a delegation made by virtue of this section, including the making of reports to the buildings authority by the clerk or, as the case may be, the master of works as to any applications dealt with under such a delegation.

Occupation  
of parts of  
roads for  
deposit of  
materials, etc.

8.—(1) A buildings authority, on application made to them, may grant permission in writing to any person conducting operations for the construction, repair, maintenance or demolition of any building to occupy temporarily, for the purpose of depositing materials or otherwise in connection with those operations, such portion of any road, whether public or private, adjoining the building as may be specified in the permission, and may by such permission authorise the erection of staging or scaffolding so as to project over that portion of the road or such other portion of the road as may be so specified; and notwithstanding anything in any enactment or rule of law, any person who complies with any permission granted under this section (including any conditions to which the permission is subject by virtue of the next following subsection) shall not thereby be guilty of an offence.

(2) Any permission granted under this section may be granted either unconditionally or subject to such conditions as may be specified in the permission.

(3) A buildings authority may delegate their functions under this section, as respects such cases and subject to such conditions as they may determine,—

(a) to their clerk, or

(b) with the consent of the local authority, to the master of works appointed by the local authority:

Provided that where by virtue of any regulations made under section two of this Act an application for permission under this section is combined with an application for a warrant the application for permission under this section shall be dealt with by the same authority (whether the buildings authority, the clerk or the master of works) as the application for the warrant.

Certificates of  
completion.

9.—(1) After the completion of the construction of any building in respect of which a warrant has been granted by a buildings authority any person having an interest to do so may apply to the buildings authority for a certificate under this section (in this Act referred to as a “certificate of completion”), and within such period as may be prescribed the buildings authority shall, in accordance with the following provisions of this section, either grant the certificate or notify the applicant of their refusal to do so.

(2) A buildings authority shall grant a certificate of completion in respect of any building if, but only if, they are satisfied that the building complies with the conditions on which the relative warrant was granted.

(3) In respect of so much of a building as consists of an electrical installation a buildings authority shall not be satisfied as mentioned in the last foregoing subsection unless there is

produced to them a certificate granted by the person who installed the installation certifying that the installation complies with such of the said conditions as relate to it:

PART II  
—cont

Provided that this subsection shall not apply in a case where it is shown to the satisfaction of the buildings authority that for some reasonable cause such a certificate cannot be produced.

(4) If any person, for the purpose of procuring the grant of a certificate of completion, grants or produces under the last foregoing subsection a certificate which he knows to be false or misleading in a material particular, or recklessly grants or produces such a certificate which is false or misleading in a material particular, he shall be guilty of an offence against this Act.

(5) Subject to the next following subsection, no person shall occupy or use a building (being a building which has been constructed by virtue of a warrant granted under this Act) before a certificate of completion in respect of the building has been issued by the buildings authority, and any person who wilfully contravenes this subsection shall be guilty of an offence against this Act:

Provided that nothing in this subsection shall apply to any occupation or use which is solely for the purpose of the construction of the building.

(6) Where on application made to them it appears to a buildings authority that, because of exceptional circumstances, it is reasonable that a building to which the last foregoing subsection applies should be temporarily occupied or used before a certificate of completion in respect of it has been issued they may (whether or not the construction of the building has been completed) grant written permission for such occupation or use during such period as may be specified in the permission (which period may be extended from time to time by a like permission); and while any permission under this subsection is in force in relation to any building the last foregoing subsection shall not have effect in relation to that building.

(7) A buildings authority shall, subject to the provisions of this section, delegate their functions under this section—

(a) to their clerk, or

(b) with the consent of the local authority, to the master of works appointed by the local authority.

(8) Subsections (2) to (4) of section seven of this Act shall have effect in relation to a delegation made by virtue of the last foregoing subsection as they have effect in relation to delegations made by virtue of that section.

**PART II**

Powers in relation to buildings constructed without warrant or in contravention of conditions of warrant, and buildings whose life has expired.

**10.—(1)** If it appears to the master of works that any building of a class to which the building standards regulations apply—

- (a) has been or is being constructed without a warrant in respect of the construction having been obtained, or in contravention of the conditions on which a warrant was obtained, or
- (b) remains in existence after the expiration of any period limited for it by the conditions on which the warrant for its construction was obtained,

he may serve upon—

- (i) the person by whom, or on whose behalf, the building has been or is being constructed, or
- (ii) if that person no longer has an interest in the building, any other person who at the material time is entitled to the interest in the building which that person formerly had, or, if at the material time there is no such other person, the owner of the building,

a notice requiring him within such period as may be specified in the notice, being a period of not less than twenty-one days from the service of the notice, to show cause to the buildings authority why he should not be required to execute such operations as may be specified in the notice, being operations for the removal of the building or operations necessary to make the building conform to the building standards regulations; and if the person upon whom the notice has been served fails to show cause as aforesaid to the satisfaction of the buildings authority they may order him within such period as may be specified in the order, being a period of not less than twenty-eight days from the date when the order becomes operative, to execute the operations aforesaid or such other operations for the same purpose as may be specified in the order.

(2) Subject to the provisions of section seventeen of this Act, if on the expiration of the period specified in the order mentioned in the foregoing subsection the person against whom the order has been made has not complied therewith, he shall be guilty of an offence against this Act, and the buildings authority may authorise the local authority to execute the operations which the said person has failed to execute; and the local authority shall thereupon be entitled to act accordingly and any expenses thereby incurred by them shall be recoverable from the said person as a debt.

(3) The provisions of the Sixth Schedule to this Act shall have effect for the purpose of securing the recovery by a local authority of any expenses recoverable by them under the last foregoing subsection from any person, if that person is the owner of the building.

(4) An order served under subsection (1) of this section shall become operative only in accordance with subsection (4) of section sixteen of this Act.

(5) A master of works may include in a notice served by him under subsection (1) of this section in respect of a building which is being constructed a requirement that the person on whom the notice is served shall cause the work thereon to be suspended until the matters raised in the notice have been determined, or until the expiration of the period of one month from the date of service of the notice, whichever first occurs.

(6) References in this section to the period limited for a building by the conditions on which the warrant for its construction was obtained are references to that period together with any extension thereof authorised by virtue of subsection (5) of section six of this Act.

(7) This section shall apply in relation to a part of a building, being a fixture the fitting of which is excluded from the operation of subsection (1) of section six of this Act by virtue of the proviso thereto, which—

(a) has been fitted, and

(b) either in itself or in the manner of its fitting fails to conform to the building standards regulations,

as it applies to a building which has been constructed as mentioned in paragraph (a) of subsection (1) of this section.

(8) For avoidance of doubt it is hereby declared that, in respect of any building, this section applies to any such deviation as is mentioned in subsection (7) of section six of this Act as it applies to the construction of the building.

11.—(1) The following provisions of this section shall have effect in relation to a building in the area of a local authority, being a building of a class to which the building standards regulations apply, where—

(a) the building does not conform to a provision of the building standards regulations ;

(b) the local authority consider that the building ought, having regard to the need for securing the health, safety and convenience of the persons who will inhabit or frequent it and the safety of the public generally, to be made to conform to that provision ; and

(c) it is reasonably practicable to make the building conform to that provision.

(2) The local authority may serve on the owner of the building a notice specifying the provision to which they consider that the

**PART II**  
—*cont.*

building ought to conform (in this section referred to as “the specified provision”) and requiring the owner within such period as may be specified in the notice, being a period of not less than twenty-eight days from the service of the notice, to show cause why the building should not conform to the specified provision.

(3) If within the period specified in the notice mentioned in the last foregoing subsection the owner of the building applies to the Secretary of State for a direction under section four of this Act in respect of the building and notifies the local authority that he has done so, the said period shall be deemed to be extended so as to expire at the end of the period of twenty-eight days from the date of the giving of the direction or, as the case may be, the refusal to give a direction; and any reference in the subsequent provisions of this section to the specified provision shall, in a case where the specified provision is modified by any such direction, be construed as a reference to the specified provision as so modified.

(4) If within the period specified in the notice mentioned in subsection (2) of this section (or, in a case falling within the last foregoing subsection, that period as extended by virtue of that subsection) the owner fails to show cause to the satisfaction of the local authority why the building should not be made to conform to the specified provision, the local authority may order the owner to make the building conform to the specified provision within such period as may be specified in the order, being a period of not less than twenty-eight days from the date when the order becomes operative.

(5) Subject to the provisions of section seventeen of this Act, if on the expiration of the period specified in the order mentioned in the last foregoing subsection the owner of the building has not complied therewith, he shall be guilty of an offence against this Act, and the local authority may themselves execute the operations necessary to make the building conform to the specified provision; and any expenses thereby incurred by them shall be recoverable from the owner of the building as a debt.

(6) The provisions of the Sixth Schedule to this Act shall have effect for the purpose of securing the recovery by a local authority of any expenses recoverable by them under the last foregoing subsection.

(7) No notice served under this section shall specify any provision of the building standards regulations which is described in the regulations as not being subject to specification in such a notice.

(8) An order under subsection (4) of this section shall not become operative—

(a) except in accordance with subsection (4) of section sixteen of this Act;

- (b) before the disposal of any application for a warrant in respect of the operations which are the subject of the order, including the disposal of any appeal under section sixteen of this Act against a decision of the buildings authority refusing to grant a warrant.

**PART II**  
—*cont.*

(9) In this section “reasonably practicable” means reasonably practicable having regard to all the circumstances, including the expense involved in executing the operations necessary to make the building conform to the specified provision.

**12.—**(1) The Secretary of State shall, after consultation with such bodies as appear to him to be representative of the interests concerned, appoint a committee, in this Act referred to as the Building Standards Advisory Committee, for the purpose of—

- (c) advising the Secretary of State on any question relating to any of his functions under this Part of this Act which he may refer to them.

(2) The Secretary of State may by regulations make provision with respect to the constitution and procedure of the Building Standards Advisory Committee and for the submission to him at intervals of not more than five years of reports from the Committee as to the exercise of their functions under paragraph (b) of subsection (1) of this section.

(3) The Secretary of State may pay to the members of the Building Standards Advisory Committee, and to persons attending meetings at the request of the Committee, such allowances as he may, with the approval of the Treasury, determine in respect of travelling and subsistence expenses and in respect of other expenses (if any) necessarily incurred by them for the purpose of enabling them to discharge their functions as members of the Committee, or to attend such meetings, as the case may be.

**PART III**

**DANGEROUS BUILDINGS**

**13.—**(1) If it appears to the master of works that any building is dangerous to persons inhabiting or frequenting it or adjacent buildings or places or to the public generally he shall forthwith—

**Action to be taken in respect of buildings found to be dangerous.**

- (a) require any occupants of the building in question, and of any adjacent building, being persons whom he considers to be endangered by the state of the building in question, to remove immediately from those buildings;

**PART III**  
—cont.

- (b) cause to be executed such operations (including, if necessary, demolition operations) as in his opinion are necessary for preventing access to the building and any adjacent parts of any road or public place which appear to him to be dangerous by reason of the state of the building and otherwise for the protection of the public and of persons and property on the land adjacent to the building ; and
- (c) serve on the owner of the building a notice requiring him within a period of seven days from the service of the notice to begin, and within such further period as may be specified in the notice, being a period of not less than twenty-one days from the expiration of the first mentioned period, to complete to the satisfaction of the master of works, such operations for the repair, securing or demolition of the building as may be so specified, being operations necessary in the opinion of the master of works to remove the danger.

(2) If on the expiration of the period of seven days referred to in paragraph (c) of the foregoing subsection the owner of the building has not begun, or if on the expiration of the period of not less than twenty-one days so referred to he has not completed, the operations required by a notice given under that paragraph the master of works may apply to the buildings authority for an order requiring the owner to execute the said operations, and the buildings authority, after giving the owner, the master of works and any other person appearing to them to have an interest an opportunity to be heard, may grant or refuse the order or grant it subject to such modifications as they think just, and (if they grant it or grant it subject to modifications) shall state in it a period within which it is to be complied with.

(3) An order under the foregoing subsection shall become operative only in accordance with subsection (4) of section sixteen of this Act.

(4) If an order granted by a buildings authority under subsection (2) of this section is not duly complied with the buildings authority may authorise the local authority to execute the operations which the owner has failed to execute or to demolish the building ; and the local authority shall thereupon be entitled to act accordingly.

(5) Any expenses incurred by a local authority or a master of works in executing their or his functions under this section in respect of any building, shall, subject to the provisions of section seventeen of this Act, be recoverable by the local authority from the owner of the building as a debt ; and the provisions of the Sixth Schedule to this Act shall have effect for the purpose of

securing the recovery by a local authority of any expenses recoverable by them under this section.

**PART III**  
—cont.

(6) The provisions of the Seventh Schedule to this Act shall have effect for the purpose of securing the removal—

- (a) from a building, of any occupant who, on being required under paragraph (a) of subsection (1) of this section to remove from the building in the circumstances mentioned in that subsection, fails to do so; and
- (b) from a building which is the subject of an order under this section requiring it to be demolished, of the occupants thereof.

**14.** If a building is demolished by a master of works acting under paragraph (b) of subsection (1) of the last foregoing section, or by a local authority acting under subsection (4) of that section, the local authority may sell any building material that arises from such demolition, and if they do so they may set off the proceeds of the sale against any sums recoverable by them from the owner under the foregoing provisions of this Part of this Act, and shall account to the owner for any amount by which the proceeds exceed the aggregate of the sums so recoverable.

**Power of local authorities to sell materials from demolished buildings.**

**15.—(1)** If in relation to any building a local authority have, acting under subsection (4) of section thirteen of this Act, executed any operations such as are referred to in that subsection or demolished the building, and the expenses thereby incurred by them cannot be recovered by reason of the fact that the owner of the building cannot be found, the local authority may be authorised by the Secretary of State to purchase the building and its site compulsorily.

**Power of local authorities to purchase buildings and sites where owner cannot be found.**

(2) The provisions of the Acquisition of Land (Authorisation Procedure) (Scotland) Act, 1947, shall apply in relation to a compulsory purchase of land under the foregoing subsection as if that subsection had been in force immediately before the commencement of that Act.

For the purpose of securing the removal of any occupants from a building in the circumstances referred to in subsection (6) of section thirteen of this Act, the master of works shall give written notice to the occupants requiring them to remove from the building within such period as may be specified in the notice.

2. On the expiry of the period so specified the master of works may make a summary application to the sheriff for a warrant for the ejection of any such occupants who have not removed from the building or any part thereof, and the sheriff, after the service of such additional notice (if any) as he may require and on production of a certificate under the hand of the master of works bearing that the building is a source of immediate danger, or that an order has been made under section thirteen of this Act requiring the building to be demolished, shall grant warrant for ejection within such period, not being more than seven days from the date of presentation of the said application or, in the case where the sheriff has required additional notice, seven days from the date of service of that additional notice.

3. ## Section 27.

**EIGHTH SCHEDULE**  
**TRANSITIONAL PROVISIONS**

1. For the purposes of sections six, ten and eighteen of this Act any approval granted before the commencement of this Act for the construction, demolition or alteration of the use of a building shall have effect as if it were a warrant granted for the construction, demolition or change of use, as the case may be, of the building by a buildings authority under the said section six:

Provided that in exercising their functions under subsection (7) of the said section six in relation to such an approval the buildings authority shall have regard to the previous regulations in lieu of the building standards regulations, except where any provision of the building standards regulations corresponds to, but is less onerous than, a provision of the previous regulations.

2. In the application of section four of this Act—

- (a) to a building for the construction of which an application for approval has been made, and not disposed of, before the commencement of this Act, and
- (b) to a building for the construction of which an approval was granted, but which has not been completed, before the commencement of this Act,

there shall be substituted for any reference therein to the building standards regulations a reference to the previous regulations.

3. Section nine of this Act shall apply in relation to a building for the construction of which approval was obtained before the commencement of this Act as it applies in relation to a building in respect of the construction of which a warrant under section six of this Act has been granted by a buildings authority, with the substitution for the reference in subsection (2) thereof to the conditions on which the relative warrant under section six of this Act was granted, of a reference to the conditions, if any, on which the relative approval was granted:

Provided that—

- (i) where the relative approval is not subject to a condition requiring the building to conform to previous regulations it shall be deemed for the purposes of this paragraph to be subject to a condition to that effect; and
- (ii) if in any respect the completed building conforms to a provision of the building standards regulations which corresponds to, but is less onerous than, any condition on which the said approval was granted, the buildings authority (or, as the case may be, the clerk of the buildings authority or the master of works) shall in exercising their functions under the said section nine in relation to that building have regard to that provision in lieu of that condition.

4. Any application for approval for the construction, demolition or alteration of the use of a building, being an application made to a dean of guild court, and not disposed of, before the commencement of this Act, shall be treated as an application to that court (as a buildings authority) for a warrant under section six of this Act: and any such application made to a local authority, and not disposed of, before the commencement of this Act shall be transferred in such

manner as may be prescribed to the buildings authority for the burgh or, as the case may be, the landward area of the county, and shall be treated as an application to the buildings authority for a warrant under section six of this Act :

Provided that in relation to a building which is the subject of any such application (and in particular in exercising their functions under subsections (2), (3), (4), (5) and (7) of section six of this Act) the buildings authority shall have regard to the previous regulations in lieu of the building standards regulations, except where any provision of the building standards regulations corresponds to, but is less onerous than, a provision of the previous regulations.

5. Without prejudice to section thirty-eight of the Interpretation Act, 1889 (which relates to the effect of repeals) nothing in this Act shall affect any proceedings for the demolition of a building, being proceedings begun before the commencement of this Act under any enactment repealed by this Act.

6. The Secretary of State may by regulations, made after consultation with such bodies as appear to him to be representative of local authorities, provide for the handing over, or otherwise making available, to any buildings authority (not being a dean of guild court) of such records as may be specified in the regulations, being records held by the local authority in connection with the exercise by them of functions corresponding to functions conferred by this Act on the buildings authority.

7. In this Schedule—

“ approval ” means approval, warrant, consent or any other authorisation granted by—

(a) a dean of guild court on a petition under section one hundred and sixty-six of the Burgh Police (Scotland) Act, 1892, or any corresponding provision of a local Act, or

(b) a local authority on an application under bye-laws having effect by virtue of the Housing, Town Planning, etc. (Scotland) Act, 1919, or under any corresponding provision of a local Act ;

“ previous regulations ”, in relation to any building, means any statutory enactments, bye-laws, rules and regulations or other provisions relating to building construction, under whatever authority made, which, apart from this Act, would have been applicable to the building, but subject to any direction made in relation to the building under section four of this Act as extended by paragraph 2 of this Schedule.

with parish  
council.

**33.—(1)** The council of a parish shall have power to enter into an agreement with any person having the necessary power in that behalf for the dedication by that person of a highway over land in the parish or an adjoining parish in any case where such a dedication would in the opinion of the council be beneficial to the inhabitants of the parish or any part thereof.

(2) Where the council of a parish have entered into an agreement under the foregoing subsection for the dedication of a highway they shall have power to carry out any works (including works of maintenance or improvement) incidental to or consequential on the making of the agreement or to contribute towards the expense of carrying out such works, and may agree or combine with the council of any other parish to carry out such works or to make such a contribution.

Dedication  
of way as  
highway  
presumed after  
public use for  
twenty years.

**34.—(1)** Where a way over any land, not being a way of such a character that user thereof by the public could not give rise at common law to any presumption of dedication, has been actually enjoyed by the public as of right and without interruption for a full period of twenty years, the way shall be deemed to have been dedicated as a highway unless there is sufficient evidence that there was no intention during that period to dedicate it.

(2) The period of twenty years referred to in the foregoing subsection shall be calculated retrospectively from the date when the right of the public to use the way is brought into question, whether by a notice such as is mentioned in the next following subsection or otherwise.

(3) Where the owner of the land over which any such way as aforesaid passes—

- (a) has erected in such manner as to be visible to persons using the way a notice inconsistent with the dedication of the way as a highway, and
- (b) has maintained the notice after the first day of January, nineteen hundred and thirty-four, or any later date on which it was erected,

the notice shall, in the absence of proof of a contrary intention, be sufficient evidence to negative the intention to dedicate the way as a highway.

(4) Where a notice erected as mentioned in the last foregoing subsection is subsequently torn down or defaced, a notice given by the owner of the land to the council of the county borough, or, as the case may be, to the council of the county and of the county district, in which the way is situated that the way is not dedicated as a highway shall, in the absence of proof of a contrary intention, be sufficient evidence to negative the intention of the owner of the land to dedicate the way as a highway.

(5) In the case of land in the possession of a tenant for a term of years, or from year to year, any person for the time being entitled in reversion to the land shall, notwithstanding the existence of the tenancy, have the right to place and maintain such a notice as is mentioned in subsection (3) of this section, so, however, that no injury is done thereby to the business or occupation of the tenant.

(6) An owner of land may at any time deposit with the council of the county borough, or, as the case may be, with the council of the county and of the county district, in which that land is situated—

- (a) a map of that land on a scale of not less than six inches to one mile, and
- (b) a statement indicating what ways (if any) over that land he admits to have been dedicated as highways,

and, in any case in which such a deposit has been made, statutory declarations made by that owner or by his successors in title and lodged by him or them with such councils as aforesaid at any time within six years from the date of the deposit, or within six years from the date on which any previous declaration was last lodged under this section, to the effect that no additional way (other than any specifically indicated in the declaration) over the land delineated on the said map has been dedicated as a highway since the date of the deposit, or since the date of the lodgment of such previous declaration, as the case may be, shall, in the absence of proof of a contrary intention, be sufficient evidence to negative the intention of the

**PART III**

owner or his successors in title to dedicate any such additional way as a highway.

(7) For the purposes of the foregoing provisions of this section “owner”, in relation to any land, means a person who is for the time being entitled to dispose of the fee simple in the land.

(8) Nothing in this section shall affect any incapacity of a corporation or other body or person in possession of land for public or statutory purposes to dedicate a way over that land as a highway if the existence of a highway would be incompatible with those purposes.

(9) Nothing in this section shall operate to prevent the dedication of a way as a highway being presumed on proof of user for any less period than twenty years, or being presumed or proved under any circumstances under which it might have been presumed or proved immediately before the commencement of this Act.

(10) Nothing in this or the next following section shall be taken to affect the provisions of subsection (4) of section thirty-two of the National Parks and Access to the Countryside Act, 1949 (which provides that a map and statement prepared under that section shall be conclusive evidence as to the existence of the highways shown on the map and as to certain particulars contained in the statement), or of the said subsection (4) as applied by subsection (1) of section thirty-four of that Act.

(11) For the purposes of this section “land” includes land covered with water.

Evidence of dedication of way as highway.

**35.** A court or other tribunal, before determining whether a way has or has not been dedicated as a highway, or the date on which such dedication, if any, took place, shall take into consideration any map, plan or history of the locality or other relevant document which is tendered in evidence, and shall give such weight thereto as the court or tribunal considers justified by the circumstances, including the antiquity of the tendered document, the status of the person by whom and the purpose for which it was made or compiled, and the custody in which it has been kept and from which it is produced.

Protection of rights of reversioners.

**36.** The person entitled to the remainder or reversion immediately expectant upon the determination of a tenancy for life, or pour autre vie, in land shall have the like remedies by action for trespass or an injunction to prevent the acquisition by the public of a right of way over that land as if he were in possession thereof.

Conversion of private street into highway.

**37.** Without prejudice to the foregoing provisions of this Part of this Act, a street which is not a highway and land to which section two hundred and six of this Act applies may become a highway by virtue of a declaration made by the council of a county, borough or urban district in accordance with the provisions in that behalf contained in Part IX of this Act.

(4) Paragraph (d) of subsection (2) of this section shall not be construed as referring to a part of a trunk road or special road being a bridge or other part which a person is liable to maintain under a charter or special enactment, or by reason of tenure, enclosure or prescription.

**PART IV**  
—*cont.*

(5) Where, under any rule of law relating to the duty of maintaining a highway by reason of tenure, enclosure or prescription, and apart from any enactment (whether contained in this Act or not), a highway would, on the happening of any event after the commencement of this Act, become, or cease to be, maintainable by the inhabitants at large of any area, the highway shall become, or cease to be, a highway which for the purposes of this Act is a highway maintainable at the public expense :

Provided that a highway shall not by virtue of this subsection become a highway which for the purpose of this Act is a highway maintainable at the public expense unless either—

- (a) it was a highway before the thirty-first day of August, eighteen hundred and thirty-five ; or
- (b) it became a highway after that date and has at some time been maintainable by the inhabitants at large of any area or a highway maintainable at the public expense ;

and a highway shall not by virtue of this subsection cease to be a highway maintainable at the public expense if it is a highway which under any rule of law would become a highway maintainable by reason of enclosure but is prevented from becoming such a highway by section fifty-four of this Act.

(6) The council of every borough and urban district shall cause to be made, and shall keep corrected up to date, a list of the streets within their area which are highways maintainable at the public expense ; and every list made under this subsection shall be kept deposited at the offices of the council by whom it was made and may be inspected by any person free of charge at all reasonable hours.

(2) If the council consider that the proposed highway will not be of sufficient utility to the public to justify its being maintained at the public expense, they may make a complaint to a magistrates' court for an order to that effect.

(3) If the council certify that the way has been dedicated in accordance with the terms of the notice and has been made up in a satisfactory manner, and if—

- (a) the person by whom the way was dedicated or his successor keeps it in repair for a period of twelve months from the date of the council's certificate, and
  - (b) the way has been used as a highway during that period,
- then, unless an order has been made in relation to the highway under the last foregoing subsection, the highway shall, at the expiration of the period specified in paragraph (a) of this subsection, become for the purposes of this Act a highway maintainable at the public expense.

(4) If the council, on being requested by the person by whom the way was dedicated or his successor to issue a certificate under the last foregoing subsection, refuse to issue the certificate, that person may appeal to a magistrates' court against the refusal, and the court, if satisfied that the certificate ought to have been issued, may make an order to the effect that the last foregoing subsection shall apply as if the certificate had been issued on a date specified in the order.

(5) Where a certificate has been issued by a council under subsection (3) of this section, or an order has been made under the last foregoing subsection, the certificate or a copy of the order, as the case may be, shall be deposited with the clerk of the council and may be inspected by any person free of charge at all reasonable hours.

40.—(1) Where any person is liable under a special enactment or by reason of tenure, enclosure or prescription to maintain a highway, the Minister, in the case of a trunk road, or a local highway authority, in any other case, may agree with that person to undertake the maintenance of that highway; and where an agreement is made under this subsection the highway to which the agreement relates shall, on such date as may be specified in the agreement, become for the purposes of this Act a highway maintainable at the public expense and the liability of that person to maintain the highway shall be extinguished:

and where an agreement is made under this subsection the road or way to which the agreement relates shall, on such date as may be specified in the agreement, become for the purposes of this Act a highway maintainable at the public expense.

(3) Without prejudice to the provisions of the last foregoing subsection and subject to the following provisions of this section, a local highway authority may, by agreement with railway, canal or tramway undertakers, undertake to maintain as part of a highway maintainable at the public expense a bridge or viaduct which carries the railway, canal or tramway of the undertakers over such a highway or which is intended to carry such a railway, canal or tramway over such a highway and is to be constructed by those undertakers or by the highway authority on their behalf.

the powers conferred by the said subsections (2) and (3) shall, as respects that highway, bridge or viaduct, be exercisable by the council of the county comprising that borough or district and not by the council of that borough or district, as the case may be.

(5) An agreement under this section may contain such provisions as to the dedication as a highway of any road or way to which the agreement relates, the bearing of the expenses of the construction, maintenance or improvement of any highway, road, bridge or viaduct to which the agreement relates and other relevant matters as the authority making the agreement think fit.

may serve a notice on the highway authority or other person alleged to be liable to maintain the way or bridge (in this and the next following section referred to as “the respondent”) requiring the respondent to state whether he admits that the way or bridge is a highway and that he is liable to maintain it.

(3) If, within one month from the date of service on him of a notice under the last foregoing subsection, the respondent does not serve on the complainant a notice admitting both that the way or bridge in question is a highway and that the respondent is liable to maintain it, the complainant may apply to a court of quarter sessions for an order requiring the respondent, if the court finds that the way or bridge is a highway which the respondent is liable to maintain and is out of repair, to put it in proper repair within such reasonable period as may be specified in the order.

(8) Any expenses which a complainant reasonably incurs in carrying out works authorised by an order under the last foregoing subsection shall be recoverable from the respondent summarily as a civil debt.

(9) Where any expenses authorised by an order under subsection (7) of this section to be incurred in carrying out the works necessary to put a highway in proper repair are recovered from the respondent, then, if the respondent would have been entitled to recover from some other person the whole or part of the expenses of repairing the highway in question if he had repaired it himself, he shall be entitled to recover from that other person the whole or the like part, as the case may be, of the expenses recovered from him.

(10) Where an application is made under this section for an order requiring the respondent to put a highway maintainable at the public expense, being a footpath or bridleway, in proper repair and some other person is liable to maintain the highway under a special enactment or by reason of tenure, enclosure or

(4) No objection shall be made or proceedings brought in respect of the purported exercise by a highway authority of their powers under subsection (1) of this section as respects a gate or gates on the ground that no right to instal the gate or gates existed ; but the purported exercise by the authority of their powers under the said subsection (1) shall not affect the question whether any such right existed, or prejudice the powers of the highway authority or any other person under any enactment (including an enactment in this Act) or rule of law to protect public rights of way or to prevent or remove obstructions.

**92.**—(1) A highway authority may, for the purpose of providing, altering or improving a cattle-grid or by-pass under the powers conferred by this Part of this Act, enter into an agreement under this section with persons interested in any land for the use of the land for that purpose ; and in particular there Agreements for use of land for cattle-grids or by-passes.

(3) The provisions of an agreement under this section shall bind the interest of any person who is a party to the agreement notwithstanding any devolution of that interest, and shall also bind any interest of any person which is thereafter created (whether immediately or not) out of that interest; but save as aforesaid an agreement under this section shall not operate so as to prejudice the rights of a person not a party thereto or confer upon any other person any right against him.

(4) Section two of the Forestry Act, 1947 (which empowers tenants for life and other limited owners to enter into forestry dedication covenants), shall apply to an agreement under this section as it applies to such a covenant.

(b) it shall be the duty of the highway authority to notify the making of the agreement to the proper officer of the council by whom the agreement is required to be registered as aforesaid, and to furnish him with all necessary information relating to the agreement.

(2) An agreement under this section may contain such incidental and consequential provisions as appear to the parties thereto expedient for the purposes of the agreement, and in particular such an agreement providing for a contribution towards the cost of installing a cattle-grid may provide for repayment of the contribution, to such extent as may be specified in the agreement, in the event of the cattle-grid being removed.

(3) In determining whether or not to provide a cattle-grid, a highway authority shall be entitled to have regard to the extent to which persons who in the opinion of the authority will derive special benefit from the provision of the cattle-grid are willing to enter into agreements under this section.

94.—(1) Subsections (1) to (3) of section ten of this Act shall apply, as respects trunk roads, to the functions of the Minister under the foregoing provisions of this Part of this Act relating to cattle-grids, and to his functions under the Tenth Schedule to this Act in so far as they are conferred on him as highway authority. **bridges and**  
**railways.**

**97.** A highway authority shall not, in the exercise of functions relating to cattle-grids conferred by this Part of this Act, carry out any work in—

**99.—(1)** If the owners of a bridge to which this section applies or a local highway authority entitled by virtue of section one hundred and one of this Act to exercise with respect to such a bridge the powers conferred by this section consider—

- (a) that the bridge is or may be, by reason of its construction, position, or state of repair, dangerous or unsuitable for the requirements of road traffic as then existing or the anticipated development thereof, or
- (b) that the responsibility for the maintenance and improvement of the highway carried by the bridge or of

the approaches thereto should for any reason be transferred from the owners to a highway authority,

the owners or the authority may apply to the Minister for an order to provide for the reconstruction, improvement or maintenance of the bridge, or of the highway carried by the bridge, or of the approaches to the bridge.

(2) Where an application is made to the Minister under the foregoing subsection, he may, subject to the provisions of this section, make an order under this section, but, before making such an order, he shall consult the owners of the bridge and every local highway authority entitled to exercise with respect thereto the powers conferred by this section, and, if either the owners or any such local highway authority request him so to do, shall hold an inquiry.

(4) Subject to the provisions of this section, the Minister may, on his own initiative and without any such application as is referred to in subsection (1) of this section, make an order under this section with respect to a trunk road bridge if, on

**PART V**

such grounds as are referred to in the said subsection (1), it seems to him fit and proper so to do, but, before making such an order, he shall consult the owners of the bridge (unless after diligent inquiry their names and addresses cannot be ascertained), and, if the owners request him so to do, shall hold an inquiry.

In relation to an order made under this section with respect to a trunk road bridge, paragraph (c) of the last foregoing subsection shall have effect with the substitution, for the reference to a highway authority, of a reference to the Minister.

(5) Subject to the provisions of subsection (8) of section one hundred and one of this Act, this section applies to any bridge (not being a highway maintainable at the public expense) which carries a highway consisting of or comprising a carriage-way over a railway, over a canal, river, creek, watercourse, marsh or other place where water flows or is collected or over a ravine or other depression, other than a bridge to which a right to levy tolls is attached.

(6) The Eleventh Schedule to this Act shall have effect in relation to the making and carrying out of orders under this section.

- (b) for the transfer to the highway authority, on such terms as may be agreed, of the responsibility for the improvement and maintenance of the highway carried by the bridge, or of the approaches thereto ;

and it shall be lawful for the owners of the bridge, notwithstanding that the bridge was constructed under statutory powers, to enter into and carry into effect any such agreement.

(2) Subject to the provisions of subsection (8) of the next following section, this section applies to any bridge (not being

a highway maintainable at the public expense) which carries a highway consisting of or comprising a carriageway over a railway, over a canal, river, creek, watercourse, marsh or other place where water flows or is collected or over a ravine or other depression.

**101.**—(1) The powers conferred by the last foregoing section on a highway authority shall, in the case of a trunk road bridge, be exercisable by the Minister.

PART VI  
—cont.

(3) An application under this section may be made, and an order thereunder may provide, for the stopping up or diversion of a highway for the purposes of all traffic, or subject to the reservation of a footpath or bridleway.

(4) An application or order made under this section may include two or more highways which are connected with each other.

(5) A magistrates' court shall not make an order under this section unless it is satisfied that the applicant authority have given the notices required by Part I of the Twelfth Schedule to this Act.

(7) An order under this section authorising the diversion of a highway—

(a) shall not be made unless the written consent of the local planning authority (if not the applicants), and of every person having a legal interest in the land over which the highway is to be diverted, is produced to and deposited with the court; and

(b) except in so far as the carrying out of the diversion may necessitate temporary interference with the highway, shall not authorise the stopping up of any part of the highway until the new part to be substituted for the part to be stopped up (including, where a diversion falls to be carried out under orders of two different courts, any necessary continuation of the new part in the area of the other court) has been completed to the satisfaction of two justices of the peace acting for the same petty sessions area as the court by whom the order was made and a certificate to that effect signed by them has been transmitted to the clerk of the peace.

(8) Every order under this section shall have annexed thereto a plan signed by the chairman of the court and shall be transmitted by the clerk of the court to the clerk of the peace, together with any written consents produced to the court under subsection (7) of this section; and the clerk of the peace shall enrol any documents so transmitted to him, and any certificates transmitted to him under that subsection, among the records of quarter sessions.

**PART VI**  
—*cont.*

Application for order under s. 108 by highway or local authority on behalf of other person.

**109.** A person who desires a highway to be stopped up or diverted, but who is not authorised to make an application under the last foregoing section for an order authorising the stopping up or, as the case may be, diversion of the highway, may request the highway authority or local authority who, by virtue of that section, are the appropriate authority in relation to the highway to make such an application as aforesaid, and if the authority grant the request they may, as a condition of making such an application, require him to make such provision for any costs to be incurred by them in connection with the matter as they deem reasonable.

Stopping up of footpaths and bridleways.

**110.—(1)** Where it appears to a local authority as respects a footpath or bridleway in their area (not being a trunk road or a special road) that it is expedient that the path or way should be stopped up on the ground that the path or way is not needed for public use, the authority may by order (in this Act referred to as a “public path extinguishment order”) made by them and submitted to and confirmed by the Minister of Housing and Local Government extinguish the public right of way over the path or way.

(2) The Minister of Housing and Local Government shall not confirm a public path extinguishment order unless he is satisfied that it is expedient so to do having regard to the extent (if any) to which it appears to him that the path or way would, apart from the order, be likely to be used by the public, and having regard to the effect which the extinguishment of the right of way would have as respects land served by the path or way, account being

taken of the provisions as to compensation contained in section thirty-one of this Act as applied by subsection (2) of section one hundred and thirteen thereof.

PART VI  
—cont.

(3) A public path extinguishment order shall be in such form as may be prescribed by regulations made by the Minister of Housing and Local Government, and shall contain a map, on such scale as may be so prescribed, defining the land over which the public right of way is thereby extinguished.

(4) The Seventh Schedule to this Act shall have effect as to the making, confirmation, validity and date of operation of public path extinguishment orders.

(5) Where in accordance with regulations made under paragraph 3 of the said Seventh Schedule proceedings preliminary to the confirmation of a public path extinguishment order are taken concurrently with proceedings preliminary to the confirmation of a public path creation order or of a public path diversion order made under the next following section then, in considering—

(a) under subsection (1) of this section whether the path or way to which the public path extinguishment order relates is needed for public use, or

(b) under subsection (2) of this section to what extent (if any) that path or way would apart from the order be likely to be used by the public,

the local authority or the Minister of Housing and Local Government, as the case may be, may have regard to the extent to which the public path creation order or the public path diversion order would provide an alternative path or way.

(6) For the purposes of subsections (1) and (2) of this section, any temporary circumstances preventing or diminishing the use of a path or way by the public shall be disregarded.

**111.**—(1) Where an owner, lessee or occupier of land crossed by a footpath or bridleway (not being a trunk road or a special road) satisfies the local authority in whose area the land is situated that for securing the efficient use of the land or of other land held therewith or providing a shorter or more commodious path or way it is expedient that the line of the path or way across his land, or part of that line, should be diverted (whether on to other land of his or on to land of another owner, lessee or occupier), the authority may by order (in this Act referred to as a “public path diversion order”) made by them and submitted to and confirmed by the Minister of Housing and Local Government—

Diversion of  
footpaths and  
bridleways.

(a) create, as from such date as may be specified in the order, any such new footpath or bridleway as appears to the authority requisite for effecting the diversion, and

PART VI  
—cont.

- (b) extinguish, as from such date as may be so specified in accordance with the provisions of the next following subsection, the public right of way over so much of the path or way as appears to the authority requisite as aforesaid:

Provided that—

- (i) the order shall not alter a point of termination of the path or way if that point is not on a highway, and  
(ii) the order shall not alter a point of termination of the path or way, being a point on a highway, otherwise than to another point on the same highway or a highway connected therewith, being a point substantially as convenient to the public.

(2) Where it appears to the authority that work requires to be done to provide necessary facilities for the convenient exercise of any such new public right of way as is mentioned in paragraph (a) of the foregoing subsection, the date specified under paragraph (b) of that subsection shall be later than the date specified under paragraph (a) thereof by such time as appears to the authority requisite for enabling the work to be carried out.

(3) A right of way created by a public path diversion order may either be unconditional or may (whether or not the right of way extinguished by the order was subject to limitations or conditions of any description) be subject to such limitations or conditions as may be specified in the order.

(4) Before determining to make a public path diversion order on the representation of an owner, lessee or occupier, the authority may require him to enter into an agreement with them to defray, or to make such contribution as may be specified in the agreement towards—

- (a) any compensation which may become payable under section thirty-one of this Act as applied by subsection (2) of section one hundred and thirteen thereof, or  
(b) where the authority are the highway authority for the path or way in question, any expenses which they may incur in bringing the new site of the path or way into a fit condition for use by the public, or  
(c) where the authority are not the highway authority, any expenses which may become recoverable from them by the highway authority under the provisions of subsection (4) of section thirty of this Act as applied by subsection (8) of this section.

(5) The Minister of Housing and Local Government shall not confirm a public path diversion order unless he is satisfied that the diversion to be effected thereby is expedient as mentioned in subsection (1) of this section, and further that the path

or way will not be substantially less convenient to the public in consequence of the diversion and that it is expedient to confirm the order having regard to the effect which—

- (a) the diversion would have on public enjoyment of the path or way as a whole,
- (b) the coming into operation of the order would have as respects other land served by the existing public right of way, and
- (c) any new public right of way created by the order would have as respects the land over which the right is so created and any land held therewith,

so, however, that for the purposes of paragraphs (b) and (c) of this subsection the said Minister shall take into account the provisions as to compensation referred to in paragraph (a) of the last foregoing subsection.

(6) A public path diversion order shall be in such form as may be prescribed by regulations made by the Minister of Housing and Local Government, and shall contain a map, on such scale as may be so prescribed, showing the existing site of so much of the line of the path or way as is to be diverted by the order and the new site to which it is to be diverted, and indicating whether a new right of way is created by the order over the whole of the new site or whether some part thereof is already comprised in a footpath or bridleway and, in the latter case, defining the part thereof so comprised.

(3) The Minister shall refer all statements submitted to, or prepared by, him under this section to the Advisory Committee constituted under the London Traffic Act, 1924, and it shall be the duty of that Committee to consider the proposals contained in those statements in relation to one another and report to the Minister thereon; and the Minister, after considering the report, shall draw up schemes prescribing the times during which the several works are to be begun and the order in which they are to be executed, or prohibiting or restricting the execution of any of the works, and shall send copies of each scheme drawn up by him to all highway authorities and undertakers affected thereby, and—

6. An order requiring the reconstruction of a bridge crossing a canal, or of the approaches to such a bridge, shall, unless the owners of the bridge agree to the contrary, direct the bridge, the highway carried by the bridge, and the approaches to the bridge to be maintained by a highway authority.

9.—(1) If no objection is duly made by any person who will be affected by the proposed works, or if all objections so made are withdrawn, the Minister, on being satisfied that the proper notices have been published and served, may, if he thinks fit, make the order with or without modifications.

The Minister may postpone the date of the coming into operation of an order in a case where it appears to him that, owing to the number or nature of the orders and applications affecting the same highway authority or affecting bridges belonging to the same owners, the making of an order which would be immediately operative would work hardship to that authority or to those owners.

*Provisions as to public utility undertakers*

13.—(1) Before making an order for the reconstruction or improvement of a bridge, the Minister shall take into consideration the desirability of the provision of special facilities or accommodation for carrying across the bridge the mains, pipes, cables or wires of public utility undertakers :

(2) In this paragraph, and in the next following paragraph, “public utility undertakers” includes persons authorised by any enactment to carry on an undertaking for the operation of a light railway, a tramway, or trolley vehicles (that is to say, mechanically propelled vehicles adapted for use upon highways without rails and moved by power transmitted thereto from some external source).

(2) In relation to property, responsibilities, rights or obligations transferred by an order which provides as aforesaid, any such statutory provisions shall apply to the highway authority, and to the exercise by them of any powers under the order, in like manner as they applied, before the transfer, to the owners of the bridge, highway or approaches, and to the exercise of powers by the owners thereof.

11TH SCH.  
—cont.

- (c) relating to the operation of the bridge, being a swing bridge,

the expense of such reconstruction, improvement, maintenance or operation shall be defrayed either by the owners of the bridge or by one or more of the highway authorities entitled to make application with respect thereto by virtue of section one hundred and one of this Act, or partly by the owners of the bridge and partly by one or more of those highway authorities, as, in default of agreement, may be determined by arbitration:

Provided that, unless otherwise agreed,—

- (i) where the bridge is a bridge crossing a railway of railway undertakers, or a canal of canal undertakers, or a railway, lock, passage or other work of dock undertakers or of harbour undertakers, any additional expense incurred by the owners of that railway, canal, lock, passage or work by reason of any alteration thereof due to the provisions of the order (not being provisions applied for by the undertakers for the improvement of their undertaking) shall be defrayed by one or more of the highway authorities;
- (ii) where the bridge is a swing bridge, any additional expense incurred by the owners in relation to the operation of the bridge due to the provisions of the order (not being provisions applied for by the owners for the improvement of their undertaking) shall be defrayed by one or more of the highway authorities; and
- (iii) except so far as any additional expense is due to works executed at the instance of the owners of the bridge for the improvement of their undertaking, the owners' share of the expense of the reconstruction, improvement, maintenance or operation shall be an amount equivalent to what would have been the amount of the owners' liability if no such order had been made.

11TH SCH.  
—cont.

16. Where the reconstruction or improvement of a bridge crossing—

- (a) a railway of railway undertakers, or
- (b) a canal of canal undertakers, or
- (c) a railway, lock, passage or other work of dock undertakers or of harbour undertakers,

effected in pursuance of an order made otherwise than upon the application of the owners of the bridge, has caused the width between the parapets of the bridge, or the width of the approaches thereto, to be increased, any additional expense thereafter incurred in consequence of the increase by the owners of that railway, canal, lock, passage or work in connection with the widening or alteration thereof under the bridge or the approaches thereto shall be defrayed by one or more of the highway authorities referred to in the last foregoing paragraph, and any question whether any such additional expense has been so incurred or as to the amount thereof shall, in default of agreement, be determined by arbitration.

17. In relation to an order providing, with respect to a trunk road bridge, for a matter referred to in any of sub-paragraphs (a), (b) and (c) of paragraph 15 of this Schedule, the provisions of the two last foregoing paragraphs shall have effect as if, for references to the highway authorities entitled to make application with respect to a bridge by virtue of section one hundred and one of this Act, there were substituted references to the Minister.

18. Where it is determined by agreement or an award that the whole or part of the expenses of reconstruction, improvement, maintenance or operation is to be borne by two or more highway authorities, the expenses or part thereof shall be apportioned between them in such manner as, in default of agreement, may be determined by arbitration.

19. Where it is determined by agreement or an award that the owners of a bridge are to contribute to the expenses of a highway authority, the contribution shall, at the option of the owners of the bridge, be paid—

- (a) as a lump sum, or
- (b) by annual payments of such amount, and continuing for such number of years, as may be agreed between the owners and the authority or, in default of agreement, as may be determined by arbitration, or

- (e) if the highway is a classified road in, or partly in, a rural parish, to the council of the rural district which comprises the parish and to the parish council or, in the case of a parish not having a separate parish council, to the chairman of the parish meeting.

2. Not later than twenty-eight days before the day on which the application is made the applicant authority shall cause a copy of the said notice to be displayed in a prominent position at the ends of the highway.

3. Once at least in each of two successive weeks the applicant authority shall publish in the London Gazette and in a local newspaper circulating in the area in which the highway is situated a notice containing the particulars specified in paragraph 1 of this Schedule, except that there may be substituted for the plan a statement of a place in the said area where the plan may be inspected free of charge at all reasonable hours.

4. Where this Part of this Schedule applies in relation to a highway, the statutory undertakers whose apparatus is under, in, upon, over, along or across the highway shall, subject to the provisions of this Part of this Schedule, have the same powers and rights in respect of that apparatus as if the order authorising the highway to be stopped up or, as the case may be, diverted, had not been made.

5. Where a highway is stopped up or diverted in pursuance of an order under section one hundred and eight of this Act, the statutory undertakers whose apparatus is under, in, upon, over, along or across

the highway may, and, if reasonably requested so to do by the authority on whose application the order was made, shall—

- (a) remove the apparatus and place it or other apparatus provided in substitution for it in such other position as they may reasonably determine and have power to place it ; or
- (b) provide other apparatus in substitution for the existing apparatus and place it in such position as aforesaid.

Any works executed under this paragraph (including the provision of apparatus thereunder) are hereafter in this Part of this Schedule referred to as “undertakers’ works”.

6. Subject to the following provisions of this Part of this Schedule, the authority on whose application an order under the said section one hundred and eight stopping up or diverting a highway was made shall pay to any statutory undertakers an amount equal to the cost reasonably incurred by them in or in connection with—

- (a) the execution of undertakers’ works required in consequence of the stopping up or diversion of that highway, and
- (b) the doing of any other work or thing rendered necessary by the execution of undertakers’ works.

7. If in the course of the execution of undertakers’ works under paragraph 5 of this Schedule—

- (a) apparatus of better type, of greater dimensions or of greater capacity is placed in substitution for existing apparatus of worse type, of smaller dimensions or of smaller capacity, or
- (b) apparatus (whether existing apparatus or apparatus substituted for existing apparatus) is placed at a depth greater than the depth at which the existing apparatus was,

and the placing of apparatus of that type, dimensions or capacity or the placing of apparatus at that depth, as the case may be, is not agreed by the authority concerned, or, in default of agreement, is not determined by arbitration to be necessary, then, if it involves cost in the execution of the undertakers’ works exceeding that which would have been involved if the apparatus placed had been of the existing type, dimensions or capacity, or at the existing depth, as the case may be, the amount which apart from this paragraph would be payable to the undertakers by virtue of the last foregoing paragraph shall be reduced by the amount of that excess.

8. For the purposes of the last foregoing paragraph—

- (a) an extension of apparatus to a length greater than the length of existing apparatus shall not be treated as a placing of apparatus of greater dimensions than those of the existing apparatus ;
- (b) where the provision of a joint in a cable is agreed, or is determined to be necessary, the consequential provision of a jointing chamber or of a manhole shall be treated as if it also had been agreed or had been so determined.

9. An amount which apart from this paragraph would be payable to undertakers in respect of works of theirs by virtue of paragraph 6 of this Schedule (and having regard, where relevant, to paragraph 7 of this Schedule) shall, if the works include the placing of apparatus provided in substitution for apparatus placed more than seven-and-a-half years earlier so as to confer on the undertakers any financial benefit by deferment of the time for renewal of the apparatus in the ordinary course, be reduced by the amount which represents that benefit.

12TH SCH.  
—cont.

10. Any question arising under this Part of this Schedule shall, in default of agreement between the parties concerned, be determined by arbitration.

- (b) if he holds the premises at a rent less than the rack rent, such proportion of an amount equal to three-quarters of the said sum as the rent at which he holds the premises bears to the rack rent.

2. Where a deduction from rent payable to a landlord is made under this Schedule, and the landlord himself holds the premises under a lease for a term of which less than twenty years is unexpired, the landlord shall be entitled to deduct from any rent payable by him under the lease such proportion of the amount deducted from the rent payable to him as the rent so payable by him bears to the rent payable to him, and so on in succession with respect to every landlord holding the premises for a term of which less than twenty years remains unexpired and who is both receiving and liable to pay rent in respect thereof.

## SIXTEENTH SCHEDULE

## TRANSITIONAL MATTERS ARISING WHERE A HIGHWAY BECOMES A TRUNK ROAD OR A TRUNK ROAD CEASES TO BE A TRUNK ROAD

1. All orders and regulations made, all directions, consents and notices given, and all building lines and improvement lines prescribed, with respect to a highway which becomes a trunk road, either by the former highway authority for the purposes of their functions with respect to that highway or by a council under any enactment to which section two hundred and twenty-eight of this Act applies shall, if they were in force immediately before the highway became a trunk road, have effect with respect thereto as if made, given or prescribed by the Minister:

Provided that nothing in this paragraph shall be taken as transferring to the Minister any liability not transferred to him by or under the said section two hundred and twenty-eight.

2. Any order, byelaw, regulation or other instrument made by a council with respect to a highway which becomes a trunk road, which would, if it had been made after the highway became a trunk road, have required the consent or approval of the Minister, may be revoked or varied by an order made by the Minister in like manner and subject to the like conditions as the original instrument, so, however, that no appeal shall lie to a court of quarter sessions or to a magistrates' court against any order made by the Minister under this paragraph.

3. All contracts, deeds, bonds or agreements entered into or made by the former highway authority for a highway which becomes a trunk road, or by a council for the purposes of functions in relation to the highway under any enactment to which the said section two hundred and twenty-eight applies and subsisting on the day on which the highway became a trunk road, shall, in so far as they relate to the property and liabilities transferred to the Minister in respect of that highway, have effect with the substitution of the Minister for the authority or council and may be enforced by or against the Minister accordingly.

4. Where any such contract as aforesaid provides for the execution of works or the rendering of services by a person other than the authority or council in connection with the construction, maintenance or improvement of, or other dealing with, the highway, then—

- (a) if the works or services have been completed before the day on which the highway becomes a trunk road but the price or payment, or any part thereof, has not accrued due before that day, the Minister may recover from the authority or council the price or payment, or part thereof, as the case may be; and
- (b) if the works or services have not been completed before the said day, the value of any works executed, or services rendered, before that day, shall be ascertained, regard being had to the terms of the contract, and the Minister may recover from the authority or council the amount of the said value less any sum paid by the authority or council in pursuance of the contract, and if the authority or council have paid in pursuance of the contract a sum greater than the amount of the said value, the Minister shall repay the excess to the authority or council.

5. Where, before the day on which a highway becomes a trunk road, the former highway authority or any council having functions in relation to the highway under any enactment to which section two hundred and twenty-eight of this Act applies have been themselves executing works in connection with the construction, maintenance or improvement of, or other dealing with, the highway, but have not completed the works before that day, the Minister shall, if required to do so by the authority or council, purchase all unused materials necessarily acquired by the authority or council for the purpose of the works and hire from the authority or council all plant so acquired which is still necessary for the purpose of the works.

6. In calculating—

- (a) the amount of any sum to be recovered or paid by the Minister under paragraph 4 of this Schedule, or

account shall be taken of any grant paid or payable by the Minister to the authority or council for the purpose of the works or services.

7. If any dispute arises under the three last foregoing paragraphs as to the materials to be purchased, or the plant to be hired, by the Minister from any authority or council, or as to the sums to be paid by any authority or council to the Minister, or by the Minister to any authority or council, it shall be determined by arbitration.

8. All proceedings, legal or other, begun before the day on which a highway becomes a trunk road and relating to any property or liabilities transferred to the Minister in respect of that highway, may be carried on with the substitution of the Minister as party to the proceedings, in lieu of the authority or council from whom the property or liabilities was or were transferred, and any such proceedings may be amended in such manner as may be necessary for that purpose.

9. The provisions of this Schedule, except paragraph 2 thereof, shall apply in a case where a trunk road ceases to be a trunk road in like manner as they apply where a highway becomes a trunk road, with the substitution, for the references to the former highway authority and to a council, of references to the Minister, and, for references to the Minister, of references to the council who become the highway authority for the road or, so far as relates to functions under any enactment to which section two hundred and twenty-eight of this Act applies and to property and liabilities vested in or incurred by the Minister for the purposes of those functions, to the council who are to exercise those functions in relation to the road.

Provisions as to abolition, and variation of field of operation, of wages councils.

refer to a commission of inquiry the question whether the council should be abolished or, as the case may be, its field of operation varied; and section five of the Act of 1945, in its application to the making of an order in pursuance of a recommendation of a commission under this section, shall have effect as if any reference in that section to a wages council recommendation included a reference to the recommendation of the commission.

(2) On a reference, under the foregoing subsection or under paragraph (b) of subsection (4) of section five of the Act of 1945 (which provides for references to a commission of inquiry in certain circumstances of draft orders to abolish or vary the field of operation of a wages council), as to the abolition of a wages council, a commission of inquiry, if of opinion that it is expedient to do so having regard—

- (a) to the extent to which there is, and is likely to remain, adequate machinery set up by agreement between organisations representing workers and employers respectively for the effective regulation of remuneration and conditions of employment of workers within the field of operation of the wages council to which the reference relates, or
- (b) to the extent (if any) to which it is practicable and desirable to bring within the field of operation of another wages council all or any of the workers within the field of operation of the council to which the reference relates,

or to both those considerations, may make a report to the Minister recommending—

- (i) the abolition of the wages council to which the reference relates, or
- (ii) the narrowing of the field of operation of the council,

and (in either case), if the commission is of opinion that it is expedient as aforesaid, also recommending the transfer of workers to the field of operation of another existing wages

council or a wages council to be established, whether or not in pursuance of a wages council recommendation embodied in the same report.

(3) On a reference, under subsection (1) of this section or the said paragraph (b) of subsection (4) of section five of the Act of 1945, as to the variation of the field of operation of a wages council, the commission may make a report to the Minister recommending any variation (including the transfer of workers to the field of operation of any other such wages council as aforesaid) which appears to the commission desirable in all the circumstances.

(4) In the proviso to subsection (2) of section five of the Act of 1948 (which provides for the notification to commissions of inquiry of objections to draft orders referred to them) for the words "an order in pursuance of a wages council recommendation" there shall be substituted the words "an order in pursuance of a recommendation of a commission of inquiry".

(5) The power of the Minister under paragraph (b) of subsection (4) of section five of the Act of 1945, as applied by section six of that Act, to modify a draft order shall include power to make any alterations necessary to give effect to a recommendation of a commission of inquiry under this section, with or without modifications.

(6) This section shall be construed as one with section six of the Act of 1945.

(7) It is hereby declared that nothing in subsection (2) of section three of the Act of 1948 affects the duty of the Minister under paragraph (a) of the proviso to subsection (1) of section six of the Act of 1945 to consult a central co-ordinating committee.

(8) Any increase attributable to this section in the sums payable out of moneys provided by Parliament under section twenty-two of the Act of 1945 shall be defrayed out of moneys so provided.

Apportion-  
ment of  
remuneration.

5. Where for any period a worker receives remuneration for work for part of which he is entitled to statutory minimum remuneration at one or more time rates and for the remainder of which no statutory minimum remuneration is fixed, the amount of the remuneration which is to be attributed to the work for which he is entitled to statutory minimum remuneration shall, if not apparent from the terms of the contract between

the employer and the worker, be deemed for the purposes of the Act of 1945 to be the amount which bears to the total amount of the remuneration the same proportion as the time spent on the part of the work for which he is entitled to statutory minimum remuneration bears to the time spent on the whole of the work.

6. A home-worker under a contract for the execution of work with statutory minimum remuneration shall, notwithstanding that the contract is not a contract of service or a contract for the execution of the work by the home-worker personally, be treated for the purposes of the statutory provisions relating to the obligation to pay statutory minimum remuneration (other than holiday remuneration), and the statutory provisions providing for, or ancillary to, the enforcement of that obligation, as if he were a worker within the meaning of the Act of 1945; and references in the Act of 1945 to an outworker and an employer shall be construed accordingly.

Remuneration  
of certain  
home-workers.

7. In subsection (6) of section seventeen of the Act of 1945 (which inter alia provides a penalty for refusal to comply with the requirements of officers acting for the purposes of Part II of that Act) for the word "refuses" there shall be substituted the word "fails", and at the end of the subsection there shall be added—

Amendment as  
to enforcement  
of Act of  
1945.

"Provided that it shall be a defence for a person charged under this subsection with failing to comply with a requirement to prove that it was not reasonably practicable to comply therewith."

8.—(1) Where a claim is duly reported to the Minister under this section—

Settlement of  
claims as to  
recognised  
terms or  
conditions of  
employment.

(a) that terms or conditions of employment are established in any trade or industry, or section of a trade or industry, either generally or in any district, which have been settled by an agreement or award, and

(b) that the parties to the agreement, or to the proceedings in which the award was made, are or represent organisations of employers and organisations of workers or associations of such organisations, and represent (generally or in the district in question, as the case may be) a substantial proportion of the employers and of the workers in the trade, industry or section, being workers of the description (hereinafter referred to as "the relevant description") to which the agreement or award relates, and

(c) that as respects any worker of the relevant description an employer engaged in the trade, industry or section (or, where the operation of the agreement or award is

limited to a district, an employer so engaged in that district), whether represented as aforesaid or not, is not observing the terms or conditions (hereinafter referred to as "the recognised terms or conditions"),

the Minister may take any steps which seem to him expedient to settle, or to secure the use of appropriate machinery to settle, the claim and shall, if the claim is not otherwise settled, refer it to the Industrial Court constituted under Part I of the Industrial Courts Act, 1919:

9 & 10 Geo. 5.  
c. 69.

Provided that—

- (i) no claim shall be reported under this section as respects workers whose remuneration or minimum remuneration is fixed (otherwise than by the employer, with or without the approval of any other person) in pursuance of any enactment other than this section or in the case of whom provision is made by or under any enactment other than this section for the settlement of questions as to remuneration or minimum remuneration ;
- (ii) no claim shall be reported under this section as respects terms or conditions fixed as aforesaid.

(2) For the purposes of this section a claim, to be duly reported, must be reported to the Minister in writing by an organisation or association being, or represented by, one of the parties mentioned in paragraph (b) of the foregoing subsection ; and if in the opinion of the Minister the report of a claim does not contain sufficient particulars he may require further particulars to be given, and if he does so the report shall not be treated as having been duly made until the Minister is satisfied that the particulars required have been given.

(3) If on a reference under this section the Industrial Court is satisfied that the claim is well founded, then unless the Court is satisfied that the terms or conditions which the employer is observing are not less favourable than the recognised terms or conditions the Court shall make an award requiring the employer to observe the recognised terms or conditions as respects all workers of the relevant description from time to time employed by him.

(4) An award under this section shall have effect as an implied term of the contract of employment, and shall have effect from such date as the Industrial Court may determine, being a date not earlier than the date on which, in the opinion of the Court, the employer was first informed of the claim giving rise to the award by the organisation or association which reported the claim to the Minister ; and an award under this section shall cease to have effect on the coming into operation of an agreement or award varying or abrogating the recognised terms or conditions.

(5) For the purposes of this section the carrying on of the activities of public or local authorities shall be treated as the carrying on of a trade or industry.

9.—(1) This Act may be cited as the Terms and Conditions of Employment Act, 1959, and shall be construed as one with the Wages Councils Acts, 1945 to 1948, and this Act and those Acts may be cited together as the Wages Councils Acts, 1945 to 1959.

### Section 1.

### FIRST SCHEDULE

#### TRANSITIONAL PROVISIONS

1. In this Schedule "wages board" means any of the boards to which section one of this Act applies, and "wages council" means the wages council which a wages board becomes by virtue of that section.

2. The chairman, deputy chairman, other members and officers of a wages council shall hold office as if appointed for periods expiring when their respective appointments to or under the wages board would have expired, and any member of a wages council shall be deemed to have been appointed as an independent person, as representing employers, or as representing workers, according to the capacity in which he was appointed to the wages board.

3.—(1) Any wages regulation proposals of a wages board shall be deemed to be wages regulation proposals of the wages council, and anything duly done before the commencement of this Act under the Catering Wages Act, 1943, in relation to proposals of a wages board shall be deemed for the purposes of the Act of 1945 to have been duly done under the corresponding provision of that Act.

(2) The foregoing sub-paragraph does not apply to proposals to which effect has been given by the Minister before the commencement of this Act.

4. In subsection (3) of section eleven of the Act of 1945 (which enables evidence to be given, on the conviction of an employer of failure to pay the minimum remuneration, of any like contravention within the previous two years and empowers the court, on proof of the contravention, to order the employer to pay the amount of the under-payment) in paragraph (a) after the words "part of the employer" there shall be inserted the words "(whether under this Part of this Act or under the Catering Wages Act, 1943)" and in paragraph (b) after the word "Act" there shall be inserted the words "or of the said Act of 1943".

5. Without prejudice to the generality of the operation of subsection (2) of section thirty-eight of the Interpretation Act, 1889, (which relates to the effect of repeals), it is hereby declared that the repeal by this Act of the Catering Wages Act, 1943, does not affect the right of a worker to recover sums due from his employer on account of the payment to the worker of remuneration less than the statutory minimum remuneration, or the power of an officer appointed to act for the purposes of that Act to institute on behalf of and in the name of the worker civil proceedings for the enforcement of that right or the power of the court in such proceedings to make an order for the payment of costs by the officer.

6. The references in section seventeen of the Act of 1945 (which relates to officers and the powers and duties thereof) to Part II of

that Act shall include references to the Catering Wages Act, 1943 ; and officers appointed under that section—

1st Sch.

[30th April, 1959]

**B**E it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

Repayment of  
post-war  
credits.

1.—(1) Subject to the provisions of this section, where a written application has been made to the Commissioners of Inland Revenue, in the form required by them, satisfying them of the applicant's title to a post-war credit and of his being on the date of the application qualified to receive repayment of the credit, the Commissioners shall as soon as may be pay the amount of the credit to him.

(2) The qualifications to receive repayment of post-war credits shall be such as may be prescribed by the Treasury, whether by reference to the applicant or to any predecessor in title of his to the credit, and qualifications may be prescribed so as to depend on the circumstances in which the applicant or any predecessor in title of his became entitled to the credit.

(3) For the purposes of this section a person shall be treated as having been at any time entitled to a credit if under subsection (1) of section seven of the Finance Act, 1941 he would have been entitled to have it credited to him if that time had been the date fixed by the Treasury under that subsection.

(4) No payment shall be made by virtue of this section before the first day of June, nineteen hundred and fifty-nine; but anything done before the commencement of this Act with a view to obtaining or making payment on or as soon as may be after the said first day of June shall, if done at any time after the third day of May, nineteen hundred and fifty-nine, be and be deemed to have been of the same effect as if this section and the regulations in force thereunder on the said first day of June had been in force at that time.

(5) It shall be a condition of the making of any payment under this section that the applicant has complied with such requirements as may be prescribed by the Treasury (whether before or after the making of the claim) for verifying his application in such manner as may be so prescribed or required by the Commissioners of Inland Revenue.

(6) If any person, in or in connection with an application under this section, makes a statement which he knows to be false in any material particular, or recklessly makes any statement which is false in any material particular, he shall be liable on summary conviction to imprisonment for a term not exceeding three months or to a fine not exceeding one hundred pounds, or to both such imprisonment and fine.

(7) Section twenty-six of the Finance Act, 1946, section sixteen of the Finance Act, 1947 and subsections (1), (3), (4) and (6) of section fifteen of the Finance Act, 1954 shall cease to have effect, but without prejudice to their operation as respects any application under the said section twenty-six made before the first day of June, nineteen hundred and fifty-nine.

2.—(1) In respect of post-war credits not repaid before the first day of November, nineteen hundred and fifty-nine compound interest shall accrue calculated at the rate of two and a half per cent. per annum from the beginning of October, nineteen hundred and fifty-nine with yearly rests, fractions of a pound in the amount on which interest is calculated being disregarded.

(2) Interest under this section shall be payable by the Commissioners of Inland Revenue on the repayment of the post-war credit, and to the person to whom the repayment is made, as if it were part of the credit, and shall cease to accrue at the end of the last full month before the month in which the order for the repayment is issued.

(b) interest shall not continue to accrue for more than two months after the end of the earliest month in which some person was qualified as aforesaid.

(4) Interest under this section shall be disregarded for all the purposes of income tax.

Repayment  
of credits  
to building  
societies.

3.—(1) Whereas for the year 1941–42 and each of the four next following years arrangements were made contemplating the crediting or payment to certain building societies, at the date fixed by the Treasury under subsection (1) of section seven of the Finance Act, 1941 for the crediting of post-war credits, of amounts ascertained by reference to the composite rate specified in the arrangements for ascertaining the actual liability of a society to income tax and a lower composite rate specified in the arrangements:

Now, therefore, in lieu of the contemplated crediting or payment the Commissioners of Inland Revenue shall pay to each of the societies, at such time as may be prescribed by the Treasury or by such instalments at such times as may be so prescribed, an amount equal to the excess (if any) of the tax paid by the society in respect of the said five years over the tax which would have been payable by the society if the lower composite rates had been substituted for the higher composite rates.

(2) In the case of any union of building societies or transfer of the engagements of one society to another, whether effected during the said five years or subsequently (either before or after the passing of this Act), references in the foregoing subsection to a society shall include references to any predecessor or successor, as the case may require.

(3) The following provisions shall have effect as respects assignments:—

(a) where, if effect had been given to the arrangements mentioned in subsection (1) of this section and the date fixed as therein mentioned had been the ninth day of April, nineteen hundred and fifty-nine, an assignee, other than a successor on such a union or transfer as aforesaid, would have been entitled to any such credit or payment as is mentioned in that subsection, payment under that subsection, instead of being made to the building society or its successor, shall be made to the assignee or a person claiming under him;

(b) no assignment by a building society of its right to receive payment under this section, whether made before or after the commencement of this Act, shall have effect unless either the society has been united with, or transferred its engagements to, another building society and that other society was the assignee, or the assigning society has been dissolved without any such union or transfer and the assignee was a building society.

(4) The foregoing section shall with the necessary modifications apply to so much of any amount to be paid under this section as is for the time being outstanding as it applies to post-war credits, but as if for subsection (3) there were substituted a provision that interest shall not continue to accrue on any amount or instalment for more than two months after the end of the month in which the time prescribed for its payment fell; and interest payable by virtue of this subsection shall be disregarded for the purposes of the profits tax.

(5) In this section—

“ assignment ” includes a charge and an agreement for an assignment or charge, and “ assignee ” shall be construed accordingly;

“ building society ” means a society incorporated under the Building Societies Act, 1874, or such an unincorporated society as is mentioned in section seven of that Act, and in relation to any arrangements, union, transfer or assignment includes a company within the meaning of the Companies Act, 1948 which at the relevant time carried on a business which, in the opinion of the Commissioners of Inland Revenue, was similar to that carried on by a building society.

4.—(1) Any interest payable under this Act shall be charged on and payable out of the Consolidated Fund, and such sums as are required by the Commissioners of Inland Revenue for the purpose of making payments under this Act other than payments of interest shall be issued to them out of the Consolidated Fund.

Payments out of Consolidated Fund and moneys provided by Parliament, and power to borrow.

(2) For the purpose of providing or replacing any such sums as aforesaid the Treasury may raise money in any manner in which they are authorised to raise money under the National Loans Act, 1939, and any securities created and issued to raise money under this subsection shall be deemed for all purposes to have been created and issued under that Act.

(3) Any increase in any administrative expenses defrayed out of moneys provided by Parliament, being an increase attributable to the exercise of functions conferred by regulations under this Act, shall be paid out of moneys so provided.

5.—(1) The Treasury may make regulations for carrying this Act into effect and, in particular, for prescribing anything which under this Act is to be prescribed; and in this Act “ prescribed ” means prescribed by regulations.

(2) Regulations under this Act may contain such incidental and supplemental provisions (including provisions as to the determination of questions) as may be necessary or expedient for the

purposes of the regulations, and make different provisions for different cases or classes of case.

(3) No regulations shall be made under this section unless a draft of the regulations has been laid before the Commons House of Parliament and approved by a resolution of that House.

(4) The power to make regulations conferred by this section shall be exercisable by statutory instrument.

Short title and interpretation.

6.—(1) This Act may be cited as the Income Tax (Repayment of Post-War Credits) Act, 1959.

(2) In this Act “ post-war credit ” means a sum ascertained and recorded in relation to any person under section seven of the Finance Act, 1941 for any year of assessment:

Provided that where an apportionment of any such sum between a man and his wife was made under the provisions of the said section seven, or two or more persons are severally entitled to different shares of any such sum, such parts thereof shall be treated as separate post-war credits as the case may require.

### LOANS FOR PURCHASE OF HOUSES

**1.**—(1) Where the Chief Registrar of Friendly Societies (in this section referred to as the Registrar) is satisfied that a permanent building society fulfils such requirements as to its assets and liabilities, liquid funds, reserves, and other matters, as the Treasury may by regulations prescribe, he may designate the society for the purposes of this section; and where a society has been so designated and the designation has not been revoked—

- (b)* the Minister may make advances to the society in accordance with the provisions of section two of this Act.

**PART I**  
**—cont.**

(2) Where the officer appointed to perform in Northern Ireland the functions of registrar of friendly societies (in this section referred to as the Registrar for Northern Ireland) is satisfied that a society incorporated under the Building Societies Acts (Northern Ireland), 1874 to 1940, which is a permanent society within the meaning of those Acts fulfils the requirements prescribed under subsection (1) of this section, he may designate the society for the purposes of paragraph (a) of that subsection ; and where a society has been so designated and the designation has not been revoked, that paragraph shall apply in relation to it as it applies in relation to a permanent building society within the meaning of this Act.

(6) An application under this section shall not be entertained if it relates to a dwelling provided after the end of the year nineteen hundred and forty-four, unless the dwelling was provided by the conversion before the end of the year nineteen hundred and fifty-eight of a building erected before the end of the year nineteen hundred and forty-four.

(3) The local authority must also be satisfied that the applicant has, in every parcel of land on which the works are to be carried out (other than land proposed to be sold or leased to him under subsection (2) of section one hundred and five of the Housing Act, 1957 (which authorises a local authority to dispose of land for the purpose of carrying out works in connection with work on an adjoining house)), an interest constituting either an estate in fee simple absolute in possession or a term of years absolute of which not less than fifteen years remain unexpired at the date of the application.

(4) Where the local authority do not approve an application for a standard grant they shall, if the applicant so requests, state to him in writing of which of the matters mentioned in subsections (2) and (3) of this section they are not satisfied and their reasons for not being satisfied thereof.

(4) The Minister may by order vary the amounts specified in subsection (2) of this section, and an order made by the Minister under section four of this Act varying the amenities which are the standard amenities for the purposes of this Part of this Act may specify the reductions to be made under subsection (2) of this section in respect of those amenities respectively.

Application of provisions of Part II of Act of 1958 as to Exchequer contributions, conditions, etc.

**7.**—(1) The provisions of sections thirty-three to forty-one of and the Fourth Schedule to the Act of 1958 (which provide for Exchequer contributions towards improvement grants, the observance and enforcement of conditions in connection with such grants, and certain other matters relating to such grants) shall, with the necessary modifications, and, in particular, subject to the following provisions of this section, apply in relation to standard grants as they apply in relation to improvement grants; and section forty-two of that Act (which relates to the interpretation of those provisions) shall apply accordingly.

**8.**—(1) Where, at any time within three years after the making of a standard grant in respect of any dwelling, an application for an improvement grant is made in respect of that dwelling and the application contains a statement of the cost incurred in executing the works in respect of which the standard grant was

made, subsection (3) of section thirty of the Act of 1958 (which prevents such an application from being entertained unless the estimated amount of the relevant expenses is not less than one hundred pounds or such other amount as may be prescribed) shall have effect, in relation to that application (or, if the dwelling is not the only one to which the application relates, in relation to the application so far as it relates to the dwelling), as if the amount specified in or prescribed under that subsection were reduced by the cost incurred as aforesaid.

(2) Where after the making of a standard grant in respect of a dwelling an improvement grant is made in respect of that dwelling, subsection (1) of section thirty-two of the Act of 1958 (which limits the amount of an improvement grant) shall have effect, in relation to that dwelling, as if the sum specified in or prescribed under paragraph (b) of that subsection were reduced by the amount of the standard grant.

*Amendment of provisions relating to improvement grants*

9. Where a local authority refuse an application under section thirty of the Act of 1958 (which authorises the making of improvement grants) or, in approving such an application, fix the amount of the grant at less than the maximum authorised by paragraphs (a) and (b) of subsection (1) of section thirty-two of that Act, they shall, if the applicant so requests, give him a written statement of their reasons for doing so.

10. In subsection (3) of section thirty-one of the Act of 1958 (which prevents the making of improvement grants in cases where the applicant's interest in the land concerned is a leasehold interest for an unexpired term of less than thirty years or any shorter period for which the dwellings concerned will provide satisfactory housing accommodation) there shall be substituted, for all the words after "less than", the words "fifteen years".

Duration of leasehold interest of applicant for improvement grant.

11.—(1) In subsection (1) of section thirty-three of the Act of 1958 (which requires, in the case of dwellings in respect of which assistance has been given under Part II of that Act, the observance of certain conditions for the period specified in subsection (2) of that section, that is to say, for twenty years or, in certain cases, a shorter period) there shall be substituted, for the words "the period specified in subsection (2) of this section", the words "the period of ten years beginning with the day on which the dwelling first becomes fit for occupation after the completion of the improvement works".

Conditions to be observed with respect to dwellings.

(2) In subsection (1) of section thirty-five of that Act (which provides for the release from any such conditions as aforesaid on payment, with the agreement of the local authority, of a sum equal to the appropriate proportion of the amounts received under the said Part II together with compound interest thereon) the words "if the local authority so agree" shall be omitted.

**PART II**  
—cont.

(3) In paragraph 3 of the Fourth Schedule to that Act (which requires the dwelling to be let or kept available for letting when it is not occupied by a person of a class defined in sub-paragraphs (a) to (c) of that paragraph) the following sub-paragraph shall be inserted after sub-paragraph (b) (which allows occupation by a person who has become entitled to an interest in the dwelling on the death of the applicant):—

“ (bb) by a person who, after the expiration of three years from the beginning of the period during which the conditions set out in this Schedule are to be observed, has become beneficially entitled to, or to an interest in, the interest of the applicant in the dwelling or the proceeds of sale thereof, or by a member of the family of such a person, or ”;

and the said sub-paragraph (b) shall be amended by inserting, before the word “or” at the end thereof, the words “or by a member of the family of such a person”.

(4) Paragraph 4 of the said Fourth Schedule (which imposes a limit on the rent at which the dwelling may be let when not occupied as mentioned in the said paragraph 3) shall have effect subject to the provisions of section twelve of this Act.

(5) The proper officer of the local authority shall record in the register of local land charges any change effected by subsection (1) or subsection (3) of this section in any conditions registered in that register.

dwelling  
improved with  
assistance of  
local  
authority.

**12.**—(1) Where, after the commencement of this Act, an application is made to a local authority for an improvement grant or a standard grant in respect of the provision of a dwelling or in respect of the improvement of a dwelling which is not subject to a controlled tenancy, the application may contain a request to fix for the purposes of paragraph 4 of the Fourth Schedule to the Act of 1958 a rent higher than the limit imposed by section twenty of the Rent Act, 1957; and if it appears to the local authority reasonable to do so, having regard to all the circumstances and, in particular, to the rents payable for similar dwellings in their area with respect to which no limit or condition is imposed by the Rent Act, 1957, or the Act of 1958, they may, on approving the application, fix such higher rent for those purposes as they think reasonable.

(2) Subject to the following provisions of this section, a rent so fixed shall be substituted in the condition set out in the said paragraph 4 for the limit imposed by the said section 20, and subsection (3) of that section shall not apply to any tenancy of the dwelling.

(3) A rent so fixed shall be fixed as for a letting under which the lessee will be responsible for internal decorative repairs (but no others) and no services or furniture (except such as may be specified in the application) will be provided for him; and where

the dwelling is let or kept available for letting on other terms, the rent so fixed shall be deemed to be increased or reduced (according as the terms are more favourable or less favourable to the lessee) by such amount as may, subject to subsection (4) of this section, be agreed between the lessor and the local authority or as may in default of agreement be determined by the county court.

(4) So far as any such increase or reduction is attributable to a variation of the terms as to repairs,—

- (a) the increase shall not be more than one-sixth if the lessor is to be responsible for internal decorative repairs, and shall be less than one-sixth in any other case; and
- (b) the reduction shall not be more than one-third if the lessee is to be responsible for all repairs, and shall be less than one-third in any other case.

(5) Where the application is made in respect of the provision of a dwelling by the conversion of any premises, the local authority, before determining whether to fix a rent under this section, shall obtain from the valuation officer an estimate of the relevant change in the valuation list which is likely to result from the conversion; and if they approve the application and fix a rent, but in consequence of the change in fact resulting from the conversion the rent so fixed is less than the limit imposed by the said section twenty, subsections (2) to (4) of this section shall cease to apply to the dwelling.

*Contributions to local authorities for provision of  
standard amenities*

13.—(1) Subject to subsection (5) of this section, the Minister shall make a contribution to a local authority in respect of the improvement by them of any dwelling by such works as may be required for the dwelling to be provided, for the exclusive use of its occupants, with the standard amenities, if an application in that behalf is made to him by the local authority and approved by him before the works are begun and the works are executed to his satisfaction.

**Contributions to local authorities in respect of standard amenities provided by them.**

(2) An application under this section must specify the dwelling and the works proposed to be carried out and, where those works comprise the provision of part only of the standard amenities, must contain a statement that the dwelling is already provided with the remainder.

(3) The Minister shall approve an application for a contribution under this section if he is satisfied that after the execution of the works specified in the application the dwelling will be in such condition as not to be unfit for human habitation and that it is likely to remain in that condition and available for

(5) An application under this section shall not be entertained if it relates to a dwelling provided after the end of the year nineteen hundred and forty-four, unless the dwelling was provided by the conversion before the end of the year nineteen hundred and fifty-eight of a building erected before the end of the year nineteen hundred and forty-four.

**Amount of  
contribution  
under s. 13.**

**14.—**(1) A contribution under section thirteen of this Act shall be a sum payable annually for the twenty financial years beginning with the year in which the works in respect of which it is made are completed, equal to three-eighths of the annual loan charges referable to the amount specified in the following provisions of this section.

(2) The said amount shall, subject to subsection (3) of this section, be the cost shown to have been incurred in executing the works in respect of which the contribution is made.

(3) The said amount shall not exceed three hundred and ten pounds if at the time the works were begun the dwelling was provided with none of the standard amenities and, in any other case, shall not exceed that amount reduced by the following amounts respectively for each of those amenities with which the dwelling was then provided, that is to say—

(d) by eighty pounds for that mentioned in paragraph (d),

(e) by twenty pounds for that mentioned in paragraph (e),  
of subsection (1) of section four of this Act.

(4) The reduction required by subsection (3) of this section in respect of any of the standard amenities shall not be made if part of the cost incurred in executing the works was attributable to interference with or replacement of that amenity and the Minister is satisfied that it would not have been reasonably practicable to avoid the interference or replacement.

(5) The Minister may by order vary the amounts specified in subsection (3) of this section, and an order made by the Minister under section four of this Act varying the amenities

which are the standard amenities for the purposes of this Part of this Act may specify the reductions to be made under subsection (3) of this section in respect of those amenities respectively.

**PART II**

(2) The Secretary of State may by order vary the class of amenities which are the standard amenities for the purposes of this Part of this Act.

23.—(1) Where, at any time within three years after the making of a standard grant in respect of a dwelling, an application for an improvement grant is made in respect of that dwelling and the application contains a statement of the cost incurred in executing the works in respect of which the standard grant was made, subsection (4) of section one hundred and eleven of the Act of 1950 (which prevents such an application from being entertained unless the estimated amount of the relevant expenses is not less than one hundred pounds or such other amount as may be prescribed) shall have effect, in relation to that application (or, if the dwelling is not the only one to which the application relates, in relation to the application so far as it relates to the dwelling) as if the amount specified in or prescribed under that subsection were reduced by the cost incurred as aforesaid.

Effect of standard grant on application for and limit of improvement grant.

(2) Where after the making of a standard grant in respect of a dwelling an improvement grant is made in respect of that dwelling, subsection (1) of section one hundred and twelve of the Act of 1950 (which limits the amount of an improvement

An Act to vest in the Postmaster General certain underground works constructed in London, Manchester and Birmingham in the exercise of emergency powers; and for purposes connected therewith. [9th July, 1959]

WHEREAS during the recent war there were constructed by the London Passenger Transport Board, on behalf of the Crown in the exercise of emergency powers, certain underground works situated partly in the metropolitan borough of Holborn and partly in the City of London and connected with the underground railway station at Chancery Lane:

And whereas the Postmaster General entered into occupation of those works and, in exercise of emergency powers, extended them, and the works as extended (in this Act referred to as "the London works") consist of a system of tunnels, together with shafts and other means of access thereto from the surface and ancillary works:

And whereas in the exercise of emergency powers the Postmaster General has constructed works in the City of Manchester and works in the City of Birmingham (in this Act referred to respectively as "the Manchester works" and "the Birmingham works") each consisting of a system of tunnels, together with shafts and other means of access thereto from the surface and ancillary works:

And whereas the Postmaster General has before the passing of this Act acquired an estate or interest in lands which include parts of the London works, the Manchester works and the

Birmingham works and, in particular, in each case the sites of all shafts from the surface and of so much of the works affording access and of the ancillary works as lies on the surface :

And whereas it is expedient that those parts of the London works, the Manchester works and the Birmingham works in which the Postmaster General has not already acquired an estate or interest should vest in him by the authority of Parliament :

And whereas in connection with the Bill for this Act plans showing the location of the subsoil which comprises those parts of the London works, the Manchester works and the Birmingham works in which the Postmaster General has not already acquired an estate or interest, together with a book of reference to the plans containing the names of the owners or reputed owners, lessees or reputed lessees, and occupiers, of the subsoil aforesaid, have been deposited with the clerk of the London County Council, the town clerk of the City of Manchester and the town clerk of the City of Birmingham :

Be it therefore enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows :—

2.—(1) Where the value of any land has been diminished by the construction of the London works, the Manchester works or the Birmingham works compensation for the diminution shall be payable in the form of a lump sum of such amount as may be agreed between the Postmaster General and the persons interested in the land or in default of agreement as may be determined by the arbitration of a single arbitrator to be agreed between the parties or, in default of agreement, appointed by the President of the Royal Institution of Chartered Surveyors ; and compensation under this subsection shall be divisible amongst the said persons in such shares as they may agree or, in default of agreement, as may be determined as aforesaid.

Compensation in respect of works.

works.

- (a) the falling in of that part of those works or failure to keep it in a watertight condition ; or
- (b) any disturbance of subsoil resulting from, or occasioned by, the construction or use of that or any other underground part of those works ;

the Postmaster General shall be liable in damages to the like extent, and to the same persons, as if—

- (i) at the time when the subsidence occurs that part of those works had been subject to an easement of support for the benefit of that land, of any buildings thereon immediately before that time and of any sewers, cables, mains, pipes or other apparatus therein immediately before that time, and
- (ii) the subsidence had been due to the infringement of that easement by the Postmaster General by withdrawing support from that land at that time.

4.—(1) For the purposes of the application of the foregoing provisions of this Act in relation to points of junction between any part of the London works and any underground works of the British Transport Commission, the London works shall be taken not to include any part of any works which immediately before the passing of this Act was vested in the Commission.

- (a) agreements dated respectively the eighteenth day of December, nineteen hundred and forty-two, and the twenty-fourth day of May, nineteen hundred and forty-three, between the London Passenger Transport Board and the Minister of Home Security on behalf of the Crown ;

SCHEDULE—Inquiries into occurrences in connection with licensed sites.

An Act to make provision for the regulation of certain installations capable of emitting ionising radiations and with respect to the incidence of, and the provision of cover for, liability in respect of any such radiations emitted from, or in connection with the use of, any such installation; and for purposes connected with the matters aforesaid. [9th July, 1959]

BE it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

Licensing
of sites
for nuclear
installations.

1.—(1) Without prejudice to the requirements of any other Act, no person other than the Authority shall use any site for the purpose of installing or operating—

- (a) any plant designed or adapted for the production of atomic energy by a fission process in which a controlled chain reaction can be maintained without an additional source of neutrons ; or
- (b) any other installation of such class or description as may be prescribed, being an installation designed or adapted for—
 - (i) the production or use of atomic energy ; or

(ii) the carrying out of any process which is preparatory or ancillary to the production or use of atomic energy and which involves or is capable of causing the emission of ionising radiations ; or

(iii) the storage, processing or disposal of nuclear fuel or of bulk quantities of other radioactive matter, being matter which has been produced or irradiated in the course of the production or use of nuclear fuel,

unless a licence so to do (in this Act referred to as a " nuclear site licence ") has been granted in respect of that site by the Minister and is for the time being in force.

(2) Notwithstanding that a nuclear site licence is for the time being in force or is not for the time being required in respect thereof, no person other than the Authority shall use any site—

(a) for any treatment of irradiated matter which involves the extraction therefrom of plutonium or uranium ; or

(b) for any treatment of uranium such as to increase the proportion of the isotope 235 contained therein,

except under, and in accordance with the terms of, a permit in writing for such a use of the site for purposes of research or development granted by the Authority or a government department ; and any fissile material produced under such a permit shall be disposed of only in such manner as may be approved by the authority by whom the permit was granted.

(3) Two or more installations in the vicinity of one another may, if the Minister thinks fit, be treated for the purposes of the grant of a nuclear site licence as being on the same site.

(4) A nuclear site licence shall not be granted to any person other than a body corporate and shall not be transferable, and the Minister by instrument in writing—

(a) shall on granting the licence, and may from time to time thereafter, attach to the licence such conditions as may appear to the Minister to be necessary or desirable in the interests of safety, whether in normal circumstances or in the event of any accident or other emergency on the site, which conditions may in particular include provision—

(i) for securing the maintenance of an efficient system for detecting and recording the presence and intensity of any ionising radiations from time to time emitted from anything on the site or from anything discharged on or from the site ;

(ii) with respect to the design, siting, construction, installation, operation, modification and maintenance of any plant or other installation on, or to be installed on, the site ;

(iii) with respect to preparations for dealing with, and measures to be taken on the happening of, any accident or other emergency on the site ;

(iv) subject to the next following subsection, with respect to the discharge of any substance on or from the site ;

(b) may at any time attach to the licence such conditions as the Minister may think fit with respect to the handling, treatment and disposal of any nuclear fuel which becomes irradiated in the course of its use at the site ; and the Minister may at any time by a further instrument in writing vary or revoke any condition for the time being attached to the licence.

(5) Subsection (4) of section five of the Atomic Energy Authority Act, 1954 (which makes temporary provision with respect to the discharge of waste on or from premises occupied by the Authority) shall apply to any licensed site as it applies to such premises as aforesaid ; and accordingly references in the penultimate paragraph of the said subsection (4) to the Authority and to their duty under subsection (3) of the said section five shall be construed as including respectively references to a licensee and to his duty under subsection (1) of section four of this Act.

(6) At all times while a nuclear site licence remains in force, the licensee shall cause copies of—

(a) any conditions for the time being in force under subsection (4) of this section ; and

(b) any conditions or requirements subject to compliance with which any authorisation has been given in respect of the site under the provision applied by subsection (5) of this section,

to be kept posted upon the site, and in particular on any part thereof which an inspector may direct, in such characters and in such positions as to be conveniently read by persons having duties upon the site which are or may be affected by those conditions or requirements.

(7) Any person who contravenes subsection (1), subsection (2) or subsection (6) of this section and, in the event of—

(a) any contravention of any condition attached to a nuclear site licence under subsection (4) of this section ; or

(b) any contravention in connection with a licensed site of the provision applied by subsection (5) of this section,

the licensee and any person having duties upon the site in question by whom that contravention was committed, shall be guilty of an offence and be liable—

- (i) on summary conviction, to a fine not exceeding one hundred pounds, or to imprisonment for a term not exceeding three months, or to both ;
- (ii) on conviction on indictment, to a fine not exceeding five hundred pounds, or to imprisonment for a term not exceeding five years, or to both ;

and any person who without reasonable cause pulls down, injures or defaces any document posted in pursuance of subsection (6) of this section shall be guilty of an offence and be liable on summary conviction to a fine not exceeding five pounds.

2.—(1) A nuclear site licence may at any time be revoked by the Minister or surrendered by the licensee. Revocation and surrender of licences.

(2) Where a nuclear site licence has been revoked or surrendered, the licensee shall, if so required by the Minister, deliver up or account for the licence to such person as the Minister may direct, and shall during the remainder of the period of his responsibility cause to be kept posted upon the site such notices indicating the limits thereof in such positions as may be directed by an inspector ; and the Minister may on the revocation or surrender and from time to time thereafter until the expiration of the said period give to the licensee such other directions as the Minister may think fit for preventing or giving warning of any risk of hurt to any person or damage to any property by ionising radiations from anything remaining on the site.

(3) In this Act the expression “ period of responsibility ” in relation to the licensee under a nuclear site licence means, as respects the site in question or any part thereof, the period beginning with the grant of the licence and ending with whichever of the following dates is the earlier, that is to say—

- (a) the date when the Minister gives notice in writing to the licensee that in the opinion of the Minister there has ceased to be any danger from ionising radiations from anything on the site or, as the case may be, on that part thereof ;
- (b) the date when a nuclear site licence in respect of the site or, as the case may be, that part thereof is granted to some other person.

(4) If the licensee contravenes any direction for the time being in force under subsection (2) of this section, he shall be guilty of an offence and be liable—

(a) on summary conviction—

- (i) in the case of a first offence under this subsection, to a fine not exceeding fifty pounds :

U*

(ii) in the case of a second or subsequent offence under this subsection, to a fine not exceeding one hundred pounds, or to imprisonment for a term not exceeding three months, or to both ;

(b) on conviction on indictment, to a fine not exceeding two hundred pounds, or to imprisonment for a term not exceeding one year, or to both ;

and any person who without reasonable cause pulls down, injures or defaces any notice posted in pursuance of subsection (2) of this section shall be guilty of an offence and be liable on summary conviction to a fine not exceeding five pounds.

Supplementary provisions as to licensing of sites.

3.—(1) Where in the case of an application for a nuclear site licence in respect of any site received by the Minister after the commencement of this Act it appears to the Minister appropriate so to do, he may direct the applicant to serve on such bodies of any of the following descriptions as may be specified in the direction, that is to say—

(a) any local authority ;

(b) any river board, any local fisheries committee and any statutory water undertakers within the meaning of the Water Acts, 1945 and 1948 ;

(c) any river purification board within the meaning of the Rivers (Prevention of Pollution) (Scotland) Act, 1951, any district board constituted under the Salmon Fisheries (Scotland) Acts, 1828 to 1868, the board of commissioners appointed under the Tweed Fisheries Act, 1857, and any local water authority within the meaning of the Water (Scotland) Acts, 1946 and 1949 ; and

(d) any other body which is a public or local authority,

notice that the application has been made, giving such particulars as may be so specified with respect to the use proposed to be made of the site under the licence, and stating that representations with respect thereto may be made to the Minister by the body upon whom the notice is served at any time within three months of the date of service ; and where such a direction has been given, the Minister shall not grant the licence unless he is satisfied that three months have elapsed since the service of the last of the notices required thereby nor until after he has considered any representations made in accordance with any of those notices :

Provided that this subsection shall not apply in relation to an application in respect of a site for a generating station made by an electricity board within the meaning of the Electricity Acts, 1947 and 1957, or of the Electricity (Scotland) Acts, 1943 to

1957, or by any authorised undertakers within the meaning of the Electricity (Supply) Acts (Northern Ireland), 1882 to 1959.

(2) While a nuclear site licence remains in force in respect of any site, the Minister shall consider any representations by any organisation representing persons having duties upon the site which may from time to time be made to him with a view to the exercise by him in relation to the site of any of his powers under subsection (4) of section one of this Act.

(3) The Minister shall maintain a list showing every site in respect of which a nuclear site licence has been granted by him and including a map or maps showing the position and limits of each such site, and make arrangements for that list or a copy thereof to be available for inspection by the public; and he shall cause notice of those arrangements to be made public in such manner as may appear to him appropriate:

Provided that the said list shall not be required to show any site or part of a site in the case of which no nuclear site licence is for the time being in force and thirty years have elapsed since the expiration of the last licensee's period of responsibility.

4.—(1) Where a nuclear site licence has been granted in *Licensee's* respect of any site, it shall be the duty of the licensee to secure *liability* that no ionising radiations—

- (a) emitted during the period of the licensee's responsibility from anything caused or suffered by the licensee to be on the site or from any waste discharged (in whatever form) on or from the site; or
- (b) subject to subsection (3) of this section, emitted from any irradiated nuclear fuel in the course of carriage on behalf of the licensee within, or between places within, the United Kingdom, being fuel which has become irradiated in the course of its use at the site under that licence,

cause any hurt to any person or any damage to any property, whether that person or property is on the site or elsewhere:

Provided that the licensee shall not incur any liability by virtue of this subsection in respect of any ionising radiations to the extent that their emission, or the causing of any hurt to any person or any damage to any property by their emission, is attributable to hostile action in the course of any armed conflict, including any armed conflict within the United Kingdom.

(2) Subject to the next following subsection, no person other than the licensee shall be under any liability in respect of any hurt to any person or any damage to any property caused by any ionising radiations to which subsection (1) of this section applies.

(3) At any time while any irradiated nuclear fuel in the course of carriage between places within the United Kingdom is in a ship or aircraft outside the limits of the territorial waters of the United Kingdom, paragraph (b) of subsection (1) of this section shall apply only if the ship or aircraft is registered in the United Kingdom, one of the Channel Islands, the Isle of Man or a colony; and, without prejudice to any agreement for indemnity by the licensee, nothing in the said paragraph (b) or in subsection (2) of this section shall affect the operation of the Carriage of Goods by Sea Act, 1924, or the Carriage by Air Act, 1932.

(4) Notwithstanding anything in any other enactment, an action to establish a claim by virtue of subsection (1) of this section may be commenced at any time before, but may not be commenced at any time after, the expiration of thirty years from the relevant date, that is to say, the date of the occurrence on, or in connection with the use of, the site in question which gave rise to the claim or, where that occurrence was a continuing one, or was one of a succession of occurrences all attributable to a particular happening on that site or to the carrying out from time to time on that site of a particular operation, the date of the last event in the course of that occurrence or succession of occurrences to which the claim relates:

Provided that, where any such claim is duly established but is not one for the full satisfaction of which funds are required to be available by subsection (1) of section five of this Act or is made more than ten years after the relevant date aforesaid, the licensee shall not be required to make any payment in satisfaction of the claim unless or until Parliament has made provision such as to secure that the amount required to satisfy the claim, or, if the claim is made within ten years of the relevant date aforesaid, so much of that amount as is not payable out of the said funds, will, if the licensee so requires, be reimbursed to the licensee by such means as Parliament may determine; and after the making of such provision no payment by way of settlement of the claim by agreement between the licensee and the claimant shall be made unless the Minister has approved the settlement.

(5) The liability of a licensee by virtue of subsection (1) of this section shall be in substitution for any liability of the licensee apart from that subsection in respect of any ionising radiations to which that subsection applies; and, in the case of a claim against a licensee by virtue of paragraph (b) of that subsection, the claim shall not give rise to any lien or other right in respect of any ship or aircraft and the following provisions of the Administration of Justice Act, 1956 (which relate to the bringing of actions in rem against ships or aircraft in England and

Wales, Scotland and Northern Ireland respectively), that is to say—

- (a) subsections (3) and (4) of section three ;
- (b) section forty-seven ; and
- (c) sub-paragraphs (3) and (4) of paragraph 3 of Part I of the First Schedule,

and section five hundred and three of the Merchant Shipping Act, 1894 (which relates to the limitation of the liability of shipowners), shall not apply to that claim ; and this subsection shall have effect notwithstanding that by reason of the proviso to subsection (4) of this section the licensee is not for the time being required to make any payment in satisfaction of the claim.

5.—(1) Subject to the next following subsection, where a nuclear site licence has been granted in respect of any site, the licensee shall make such provision, either by insurance or by some other means, as the Minister may with the consent of the Treasury approve for sufficient funds to be available at all times to ensure that any claims in connection with the use of the site which have been or may be duly established against the licensee in respect of any hurt to any person or any damage to any property caused by ionising radiations to which subsection (1) of section four of this Act applies, whether made by virtue of the said subsection (1) or otherwise, including any claim under an agreement for indemnity by the licensee, are satisfied up to an aggregate amount of five million pounds in respect of each severally of the following periods, that is to say—

Provision of
cover for
licensee's
liability.

- (a) the current cover period, if any ;
- (b) any cover period which ended less than ten years before the time in question ;
- (c) if a claim in respect of any earlier cover period made within ten years of the relevant date for the purposes of subsection (4) of the said section four remains to be disposed of, that earlier cover period ;

and for the purposes of this section the cover period in respect of which any claim is to be treated as being made shall be that in which the relevant date aforesaid fell.

In this section, the expression “cover period” means the period of the licensee’s responsibility or, if a direction has been given in respect of the site under subsection (6) of section six of this Act, any of the following periods, that is to say—

- (i) the period beginning with the grant of the nuclear site licence and ending with the date specified in the first such direction ;
- (ii) the period beginning with the date specified in any such direction and ending with the date specified in the next such direction, if any ;

- (iii) the period beginning with the date specified in the last such direction and ending with the ending of the period of the licensee's responsibility ;

and for the purposes of this definition the period of the licensee's responsibility shall be deemed to include any time after the expiration of that period during which there continues any carriage on behalf of the licensee within, or between places within, the United Kingdom of nuclear fuel irradiated in the course of its use at the site under his licence.

(2) Where in the case of any licensed site the provision required by subsection (1) of this section is to be made otherwise than by insurance and, apart from this subsection, provision would also fall to be so made by the same person in respect of two or more other sites, the requirements of that subsection shall be deemed to be satisfied in respect of each of those sites if funds are available to meet such claims as are mentioned in that subsection in respect of all the sites collectively, and those funds would for the time being be sufficient to satisfy the requirements of that subsection in respect of those two of the sites in respect of which those requirements are highest :

Provided that the Minister may in any particular case at any time direct either that this subsection shall not apply or that the funds available as aforesaid shall be of such amount higher than that provided for by the foregoing provisions of this subsection, but lower than that necessary to satisfy the requirements of the said subsection (1) in respect of all the sites severally, as may be required by the direction.

(3) In the case of each licensed site, the licensee—

(a) shall give notice in writing to the Minister forthwith—

(i) upon its appearing to the licensee that the aggregate amount of any claims such as are mentioned in subsection (1) of this section made in respect of any cover period falling within the period of the licensee's responsibility has reached three million pounds ; and

(ii) of the receipt by the licensee of any claim more than ten years after the relevant date for the purposes of subsection (4) of section four of this Act ; and

(b) if any cover period falling within the period of the licensee's responsibility has ended, shall not later than the thirty-first day of January in each year send to the Minister in writing a statement showing the date when that cover period ended and the following particulars of any claims in respect of that cover period as at the beginning and end respectively of the last preceding calendar year, that is to say—

(i) the aggregate number of claims received ;

(ii) the aggregate number of claims established ;
and

(iii) the aggregate number and aggregate amount
of claims satisfied ;

and the Minister shall as soon as may be lay before each House of Parliament a copy of any notice received by him under paragraph (a) of this subsection and a report (in such form as, having regard to the proviso to subsection (4) of section four of this Act, he may consider appropriate) with respect to any statements received by him under paragraph (b) of this subsection.

(4) Subject to subsection (2) of this section, if any person uses a licensed site for the operation of any plant or other installation such as is mentioned in subsection (1) of section one of this Act at a time when the provisions of subsection (1) of this section are not complied with, the licensee shall be guilty of an offence and be liable—

- (a) on summary conviction to a fine not exceeding one hundred pounds, or to imprisonment for a term not exceeding three months, or to both ;
- (b) on conviction on indictment, to a fine not exceeding five hundred pounds, or to imprisonment for a term not exceeding two years, or to both.

6.—(1) The provisions of this section shall have effect on the happening on, or in connection with the use of, any licensed site of an occurrence of any such class or description as may be prescribed.

Dangerous occurrences in connection with licensed sites.

(2) The licensee shall cause the occurrence to be reported forthwith in the prescribed manner to the Minister and to such other persons, if any, as may be prescribed in relation to occurrences of that class or description, and if the occurrence is not so reported the licensee shall be guilty of an offence and be liable on summary conviction—

- (a) in the case of a first offence under this subsection, to a fine not exceeding fifty pounds ;
- (b) in the case of a second or subsequent offence under this subsection, to a fine not exceeding one hundred pounds, or to imprisonment for a term not exceeding three months, or to both.

(3) The Minister may at any time direct an inspector to make a special report with respect to the occurrence, and the Minister may cause any such report, or so much thereof as it is not in his opinion inconsistent with the interests of national security to disclose, to be made public at such time and in such manner as he thinks fit.

(4) The Minister may, where he thinks it expedient so to do, direct an inquiry to be held in accordance with the provisions of the Schedule to this Act into the occurrence and its causes, circumstances and effects; and any such inquiry shall be held in public except where or to the extent that it appears to the Minister expedient in the interests of national security to direct otherwise.

(5) Without prejudice to any right of any person to claim against the licensee by virtue of subsection (1) of section four of this Act, the Minister may by order make provision for enabling such particulars of any person shown to have been within such area during such period (being the period during which the occurrence took place) as may be specified in the order to be registered by or on behalf of that person in such manner as may be so specified, and any such registration in respect of any person shall be sufficient evidence of his presence within that area during that period unless the contrary is proved; and any such order shall be made by statutory instrument and be laid before Parliament after being made.

(6) Where, by reason of the gravity of the occurrence or having regard to any previous occurrences on, or in connection with the use of, the site which have resulted or may result in claims such as are mentioned in subsection (1) of section five of this Act, the Minister thinks it proper so to do, he shall by notice in writing to the licensee direct that a new cover period for the purposes of the said subsection (1) shall begin in respect of that site on such date not earlier than two months after the date of the service of the notice as may be specified therein.

(7) Where, in the case of an occurrence in Scotland which causes the death of any person, the Minister directs an inquiry to be held into the occurrence under subsection (4) of this section, no inquiry with regard to that death shall, unless the Lord Advocate otherwise directs, be held in pursuance of the Fatal Accidents Inquiry (Scotland) Act, 1895.

Inspectors.

7.—(1) The Minister may appoint as inspectors to assist him in the execution of this Act such number of persons appearing to him to be qualified for the purpose as he may from time to time consider necessary or expedient, and may make to or in respect of any person so appointed such payments by way of remuneration, allowances or other payments as the Minister may with the approval of the Treasury determine.

(2) Any such inspector may, for the purposes of the execution of this Act, and subject to production, if so requested, of written evidence of his authority—

(a) at all reasonable times during the period of the licensee's responsibility enter upon any premises comprised in

any licensed site with such equipment, and carry out such tests and inspections, as he may consider necessary or expedient ;

- (b) require the licensee or any person with duties on or in connection with any licensed site to provide him with such information, or to permit him to inspect such documents, relating to the use of the site as the inspector may specify :

Provided that before carrying out any test in pursuance of his powers under paragraph (a) of this subsection the inspector shall consult with such persons having duties upon the site as may appear to him appropriate in order to secure that the carrying out of the test does not create any danger.

(3) Any person who obstructs an inspector in the exercise of his powers under paragraph (a) of the last foregoing subsection or who refuses or without reasonable excuse fails to provide any information or to permit any inspection reasonably required by the inspector under paragraph (b) of that subsection shall be guilty of an offence and be liable on summary conviction to a fine not exceeding fifty pounds, or to imprisonment for a term not exceeding three months, or to both.

(4) Any person who, without the authority of the Minister, discloses any information obtained in the exercise of powers under this Act shall be guilty of an offence and be liable—

- (a) on summary conviction to a fine not exceeding fifty pounds, or to imprisonment for a term not exceeding three months, or to both ;

SCHEDULE

INQUIRIES INTO OCCURRENCES IN CONNECTION WITH LICENSED SITES

1. An inquiry in pursuance of a direction under subsection (4) of section six of this Act with respect to any occurrence shall be held by a competent person appointed by the Minister, and that person may conduct the inquiry either alone or with the assistance of an assessor or assessors so appointed.

2. The Minister may pay to the person appointed to hold the inquiry and to any assessor appointed to assist him such remuneration and allowances as the Minister may, with the approval of the Treasury, determine.

3. The person appointed to hold the inquiry (hereafter in this Schedule referred to as "the court") shall hold the inquiry in such manner and under such conditions as the court thinks most effectual for ascertaining the causes, circumstances and effects of the occurrence and for enabling the court to make the report hereafter in this Schedule mentioned.

4. The court shall, for the purposes of the inquiry, have power—

- (a) to enter and inspect any place or building the entry or inspection whereof appears to the court requisite for the said purposes ;
- (b) by summons signed by the court to require any person to attend, at such time and place as is specified in the summons, to give evidence or produce any documents in his custody or under his control which the court considers it necessary for the purposes of the inquiry to examine ;
- (c) to require a person appearing at the inquiry to furnish to any other person appearing thereat, on payment of such fee, if any, as the court thinks fit, a copy of any document offered, or proposed to be offered, in evidence by the first-mentioned person ;
- (d) to take evidence on oath, and for that purpose to administer oaths, or, instead of administering an oath, to require the person examined to make and subscribe a declaration of the truth of the matter respecting which he is examined ;

- (f) subject to the foregoing sub-paragraphs, to regulate the procedure of the court.

A person attending as a witness before the court shall be entitled to be paid by the Minister such expenses as would be allowed to a witness attending on subpoena before a court of record, and any dispute as to the amount to be so allowed shall be referred by the court to a master of the Supreme Court who, on request signed by the court, shall ascertain and certify the proper amount of the expenses.

6. The court shall make a report to the Minister stating the causes, circumstances and effects of the occurrence, adding any observations which the court thinks it right to make, and the Minister shall cause copies of the report, or so much thereof as it is not in his opinion inconsistent with the interests of national security to disclose, to be laid before Parliament.

7. If any person—

(a) without reasonable excuse (proof whereof shall lie on him), and after having the expenses (if any) to which he is entitled tendered to him, fails to comply with any summons or requisition of the court ; or

(b) does any other thing which would, if the court had been a court of law having power to commit for contempt, have been contempt of that court,

the court may, by instrument signed by the court, certify the offence of that person to the High Court or, in Scotland, the Court of Session, and the High Court or Court of Session may thereupon inquire into the alleged offence and after hearing any witnesses who may be produced against or on behalf of the person charged with the offence, and after hearing any statement that may be offered in defence, punish or take steps for the punishment of that person in like manner as if he had been guilty of contempt of the High Court or, as the case may be, the Court of Session.

8. In the application of this Schedule to Scotland, for references to a master of the Supreme Court, to a witness attending on subpoena before a court of record, and to a summons there shall be respectively substituted references to the Auditor of the Court of Session, to a witness attending on citation the High Court of Justiciary, and to an order.

An Act to alter the contributions payable to the National Insurance Fund under the National Insurance Acts, 1946 to 1957, and the retirement benefits payable under those Acts, and in particular to provide for payment of a graduated retirement benefit in return for contributions related to the amount of a person's remuneration, and for purposes connected therewith. [9th July, 1959]

BE it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

PART I

CONTRIBUTIONS AND RETIREMENT BENEFITS

Contributions

1.—(1) Subject to the provisions of this Act, and in particular to those in Part II about non-participating employments, the contributions for which employed persons and employers are liable under the National Insurance Act, 1946 (in this Act referred to as "the principal Act") shall be altered as follows:—

Changes in contributions to the National Insurance Fund.

(a) the rates of the contributions payable under subsection (2) of section two of the principal Act for any contribution week (beginning with such week as may be appointed by order of the Minister) shall—

(i) in the case of an employed person of any description referred to in Part I of the First Schedule to this Act; and

PART I
—cont.

(ii) in the case of the employer of an employed person of any description referred to in Part II of that Schedule, or of a person of any such description who is to be treated by virtue of that Part of that Schedule as an employed person ;

be those respectively shown in that Schedule, and accordingly for those cases the said Parts I and II shall, in relation to any such week, be substituted for the corresponding Parts of the First Schedule to the principal Act ; and

(b) where in any income tax week (beginning with such week as may be appointed by order of the Minister) there is made to or for the benefit of a person over the age of eighteen a payment on account of his remuneration in any one employment of an amount exceeding nine pounds (or the equivalent amount for remuneration not paid weekly), then if the employment was an employed contributor's employment and he either is under pensionable age or has not retired from regular employment—

(i) he shall be liable to pay a graduated contribution based on that payment ; and

(ii) his employer in the employment shall be liable to pay such a contribution in respect of him ; and

(iii) the amount of the graduated contribution payable by either of them shall be four and a quarter per cent. of the amount, up to six pounds, by which the payment exceeds nine pounds (or of the equivalent amount for remuneration not paid weekly).

(2) In each of the four years nineteen sixty-five, seventy, seventy-five and eighty the rates of the contributions payable to the National Insurance Fund by insured persons and employers shall be increased (for that and subsequent years) as follows:—

(a) beginning with the sixth day of April, an addition of a quarter per cent. shall be made to the rate at which graduated contributions are calculated on the relevant amount of remuneration ; and

(b) beginning with the first Monday in April—

(i) an addition of fivepence per week shall be made to each of the rates under the First Schedule to this Act, to the rate of any contribution payable as an insured person by a boy or girl under the age of eighteen and to the rate of any employer's contribution payable in respect of a person under that age ; and

(ii) an addition of ninepence per week shall be made to the rate of any other contribution :

Provided that if the Minister with the consent of the Treasury by order so directs, this subsection shall have effect in relation to the increases to be made in any of the said four years with the substitution for the references to a quarter, to fivepence and to ninepence of references to any less amounts specified by the order.

(3) The following provisions shall have effect as regards the contributions payable to the National Insurance Fund out of moneys provided by Parliament, that is to say,—

(a) from the coming into force of the contribution rates fixed by paragraph (a) of subsection (1) of this section, Part V of the First Schedule to the principal Act (which, as set out in Part V of the Third Schedule to the National Insurance (No. 2) Act, 1957, fixes the amounts of the Exchequer supplements) shall be repealed and, subject to paragraph (b) below,—

(i) the Exchequer supplements for contributions as an employed person and for employer's contributions shall be of an amount equal to one quarter of the contributions, but so that no Exchequer supplements shall be payable for graduated contributions; and

(ii) the Exchequer supplements for contributions as a self-employed or non-employed person shall be of an amount equal to one third of the contributions;

(b) in every financial year ending in or after the year nineteen sixty-two, there shall, at such times and in such manner as the Treasury may determine, be paid for the Exchequer supplements in respect of contributions paid in that financial year sums amounting in the aggregate to not less than one hundred and seventy million pounds;

(c) in respect of the financial years ending in the years nineteen sixty-one and sixty-two, there may, at such times and in such manner as the Treasury may determine, be paid in addition to the Exchequer supplements such sums as may be so determined, not exceeding in the aggregate, with the sums paid in respect of the five preceding financial years under subsection (3) of section two of the National Insurance Act, 1954, the three hundred and twenty-five million pounds authorised to be paid under that subsection in respect of those five years.

2.—(1) In relation to graduated contributions references in this Act to remuneration shall be taken to include, and include only, any emoluments assessable to income tax under Schedule E (other than pensions), being emoluments from which tax under Further provisions as to graduated contributions.

PART I
~~—ONE~~

that Schedule is deductible, but shall apply to a payment of any such remuneration, whether or not tax in fact falls to be deducted from that payment.

(2) Except in so far as regulations otherwise provide, the graduated contributions payable in any income tax week in respect of a person's remuneration shall be determined—

(a) by aggregating, and treating as a single payment of remuneration in one employment, all payments made in that week on account of remuneration in the same employment, or in any two or more employments under the same employer, except any employment such that graduated contributions are not payable in respect of it;

(b) by apportioning between the employments any single payment of remuneration in two or more employments under different employers, and (subject to the foregoing paragraph) treating as separate payments the parts apportioned to each employment.

(3) Where a person in any income tax year is paid remuneration from two or more employments, and the graduated contributions paid by him in respect of that remuneration exceed such amount as may be prescribed, the excess—

(a) shall for the purposes of the powers conferred by section eight of the principal Act be treated as representing contributions of the wrong class paid in error; and

(b) shall for the purpose of any right under this Act to benefit be treated as not properly payable.

(4) For the purpose of graduated contributions any sums deducted (whether for contributions, for income tax or otherwise) from any payment of remuneration which is or would but for the deduction be made shall, except in so far as regulations otherwise provide, be treated as paid on account of the remuneration; and for the purpose aforesaid any payment of remuneration shall be disregarded in so far as it is directed by regulations to be treated as coming from sums comprised in a previous payment of remuneration or to be otherwise excluded from the computation of a person's remuneration.

(5) Provision shall be made by regulations for determining the graduated contributions payable where the whole or part of a person's remuneration in any employment is not paid weekly (and accordingly for determining the equivalent amounts mentioned in subsection (1) of section one of this Act), and may include provision for modifying subsection (2) of this section; and regulations may also, for the purpose of graduated contributions, make provision as to the intervals at which a person's remuneration or any part of it is to be treated as paid where it is not all paid at the same intervals of a week or longer and in the amounts due for those or for corresponding intervals.

(6) Regulations may also in relation to graduated contributions make provision—

PART I
—*cont.*

- (a) for calculating the amounts payable according to a prescribed scale or otherwise adjusting them so as to avoid fractional amounts or otherwise facilitate computation; and
- (b) for requiring that the liability in respect of payments made in an income tax week, in so far as it depends on any condition as to a person's age or retirement, shall be determined as at the beginning of the week or as at the end of it; and
- (c) for securing that liability is not avoided or reduced by an employer following in the payment of persons employed any practice which is abnormal for their employments.

(7) Subject to the provisions of this Act, all the provisions of the principal Act or any other enactment relating to contributions as an employed person and to employer's contributions (other than provisions of the principal Act regulating the number and amount of any contributions, or the periods for which they are payable, or relating to the conditions for or rate of benefit) shall apply to the graduated contributions payable by insured persons and employers by virtue of this Act; and in relation to graduated contributions, references to the payment of remuneration in respect of which a contribution is payable shall be substituted for references to the week for which it is payable in subsection (1) of section six and subsection (3) of section fifty-eight of the principal Act (which relate to an employer's duty to pay the insured person's contribution on his behalf, and to the disposal of employer's contributions paid in respect of mariners not liable for contributions as insured persons).

(8) In this Act "income tax year" means the twelve months beginning with the sixth day of April in any year, and "income tax week" means one of the successive periods in an income tax year beginning with the first day of that year and every seventh day thereafter (the last day of an income tax year or, in the case of an income tax year ending in a leap year, the last two days being accordingly treated as a separate income tax week).

3.—(1) Regulations made under subsection (1) of section eight of the principal Act with the concurrence of the Commissioners of Inland Revenue may provide for graduated contributions to be paid, accounted for and recovered in like manner as and with income tax deducted from the emoluments of an office or employment by virtue of regulations under section one hundred and fifty-seven (pay as you earn) of the Income Tax Act, 1952.

Consequential changes in collection of contributions and other matters.

PART I
—cont.

(2) Any such regulations may—

- (a) make the like provision with respect to any other contributions under the principal Act, under the National Insurance (Industrial Injuries) Act, 1946, or under the National Health Service Contributions Act, 1957 ;
- (b) apply or extend with or without modifications in relation to any contributions any of the provisions of the Income Tax Acts or of regulations under section one hundred and fifty-seven of the Income Tax Act, 1952 ;
- (c) make provision for the appropriation of the payments made by any person between his liabilities in respect of income tax and contributions.

(3) Subsection (5) of section one hundred and fifty-seven of the Income Tax Act, 1952 (which penalises a person failing to comply with certain requirements of regulations under that section as to the furnishing of information, production of documents etc.), shall have effect also in relation to regulations made by virtue of this section ; and if a person fails to pay any sums which he is required by regulations so made to pay, he shall be liable to be proceeded against and punished under subsection (6) of section two of the principal Act as for a failure to pay a contribution under that Act, without proof of his failure to pay any particular contribution.

(4) The Commissioners of Inland Revenue shall at such times and in such manner as the Treasury may direct account to the Minister for, and pay to him, the sums estimated by the Commissioners, in such manner as may be so directed, to have been received by them as contributions in accordance with regulations made by virtue of this section.

(5) With a view to securing that contribution years begin in the case of all or any insured persons with the first Monday in April, regulations may, notwithstanding anything in the principal Act, provide for contribution years not so beginning to be on any occasion shorter than fifty-two or longer than fifty-three weeks so as to end immediately before that Monday, and may modify the contribution conditions for any benefit and any other provisions of the principal Act in such manner as appears to the Minister to be expedient to take account of the shorter or longer contribution year.

Benefit

General provisions as to graduated retirement benefit.

4.—(1) Benefit under the principal Act shall include a graduated retirement benefit based on the graduated contributions paid under this Act.

(2) Subject to the provisions of this Act, graduated retirement benefit shall be payable to any person who is over pensionable age and has retired from regular employment, and shall be an

increase in the weekly rate of his retirement pension equal to sixpence for each unit, ascertained in accordance with subsections (3) and (4) of this section, of the graduated contributions properly paid by him as an insured person.

PART I
—cont.

(3) For the purpose of graduated retirement benefit the units of graduated contributions shall be as follows:—

- (a) in the case of contributions calculated at the rate of four and a quarter per cent. specified in subsection (1) of section one of this Act, the units shall be seven pounds ten shillings for men and nine pounds for women; and
- (b) in the case of contributions calculated at any rate having effect under subsection (2) of that section, the units shall be of such amounts as may be specified for men and women respectively by order of the Minister, being amounts which maintain the same proportions as under the foregoing paragraph between the percentage used in calculating the contributions and the amount of the unit, except for adjusting the amount of a unit to the nearest shilling above, or to the nearest shilling below, the proportionate amount.

(4) Where a person's contributions calculated at any of the said rates do not make an exact number of units, then—

- (a) the incomplete fraction of a unit and any similar fraction resulting from his contributions calculated at any of the other rates shall be added together to produce (so far as they go) a further unit or units;
- (b) subject to the foregoing paragraph, any incomplete fraction of a unit (including a fraction resulting from the addition under the foregoing paragraph) shall, if it is one half or more, be treated as a complete unit.

(5) Where a person does not retire from regular employment on attaining pensionable age, then for the purpose of calculating the graduated retirement benefit payable to him from the date of his retirement there shall be added to the amount of the graduated contributions properly paid by him one half of the aggregate graduated retirement benefit which would have been payable to him for the period before that date if he had retired from regular employment on attaining pensionable age and had received that benefit for the whole of the period without any interruption or abatement; and the number of units paid by him shall be determined as if the addition made in respect of benefit for any week had been a contribution paid at the rate appropriate to a payment of remuneration made in that week.

(6) The foregoing subsections shall, as respects the amount of the increase in a retirement pension, have effect subject to the provisions of the principal Act reducing the weekly rate of a retirement pension in respect of the beneficiary's earnings;

PART I
—*cont.*

and the weekly rate of any unemployment or sickness benefit payable by virtue of section twenty-six of that Act (as amended by section two of the National Insurance Act, 1957) to a person over pensionable age shall be determined without regard to the provisions of this Act relating to graduated retirement benefit.

(7) A person who has attained pensionable age and retired from regular employment, but is not entitled to a retirement pension, shall be treated for the purpose of the foregoing subsections as receiving a retirement pension at a nominal weekly rate:

Provided that—

- (a) this subsection shall not confer any right to graduated retirement benefit on a person who would be entitled to a retirement pension but for some provision of the principal Act or of regulations disqualifying him for receipt of it; and
- (b) regulations may provide that any right by virtue of this subsection to benefit at less than a specified weekly rate shall be satisfied either altogether or for a specified period by the making of a single payment of the prescribed amount.

(8) Notwithstanding that the provisions of the principal Act reducing the weekly rate of benefit in respect of the beneficiary's earnings are applied by this Act to graduated retirement benefit, the power of the Minister under section two of the National Insurance Act, 1956, to make regulations amending those provisions shall include power to provide that they shall not reduce the amounts payable as graduated retirement benefit, but that those amounts shall be payable as if it were a separate benefit not subject to the said provisions.

Special provisions as to graduated retirement benefit for widows.

5.—(1) Subject to the provisions of this section, where a man, having paid graduated contributions as an insured person, dies leaving a widow, and she either has attained pensionable age at the time of his death, or remains his widow when she attains that age, then the last foregoing section shall apply as if the increase in the weekly rate of her retirement pension provided for by subsection (2) were the amount there specified by reference to her graduated contributions plus sixpence for every shilling or part of a shilling of the weekly rate of his graduated retirement benefit.

(2) For the purpose of subsection (1) of this section, the weekly rate of the husband's graduated retirement benefit shall (whether or not he was receiving or entitled to receive any such benefit) be taken to have been the weekly rate appropriate to the amount of graduated contributions paid by him together with any addition under subsection (5) of the last foregoing section; and where

at his death he had attained pensionable age but had not retired from regular employment, that addition shall be computed as if he had retired from regular employment immediately before his death.

PART I
—*cont.*

(3) A woman's right to graduated retirement benefit by virtue of this section shall be brought into account under subsection (5) of the last foregoing section in determining the graduated retirement benefit payable to her under that section:

Provided that, if the husband died after she attained pensionable age, she shall for the purpose of this subsection be treated as not having attained pensionable age until the date of his death.

(4) A woman's right to graduated retirement benefit by virtue of this section in respect of a husband she marries after she attains pensionable age shall be subject to such additional conditions as may be prescribed; and except as may be provided by regulations a woman more than once married shall not be entitled for the same period to any graduated retirement benefit by virtue of this section in respect of more than one of the husbands.

(5) Regulations may provide that where a woman is entitled to graduated retirement benefit and to a widowed mother's allowance the graduated retirement benefit shall be an increase in the weekly rate of that allowance; and where that benefit is such an increase, subsections (6) and (7) of the last foregoing section shall not apply, but the provisions of this Act shall, as respects the amount of the increase in the allowance, have effect subject to the provisions of the principal Act reducing the rate of a widowed mother's allowance in respect of the beneficiary's earnings.

6.—(1) The amount of the increase under subsection (4) of section twenty of the principal Act in the weekly rate of a retirement pension for contributions paid by the beneficiary in respect of the period after his attaining pensionable age shall be one shilling for twelve contributions (instead of one shilling and sixpence for twenty-five); and the increase under that subsection as applied by subsection (3) of section twenty-one of that Act in the rate of a retirement pension payable to a woman by virtue of her husband's insurance shall, subject to any regulations under the said subsection (3), be the same, except that as respects any period during which the husband is alive the increase shall be sixpence for twelve contributions (instead of one shilling for twenty-five).

Amendment as to increases in retirement pensions for contributions paid after pensionable age.

(2) Accordingly in the said subsections there shall be made the following amendments, in place of those made by section four of the National Insurance Act, 1951, that is to say,—

(a) in subsection (4) of section twenty of the principal Act for the words "twenty-five contributions" there shall be substituted the words "twelve contributions"; and

X

PART I
—cont.

(b) in subsection (3) of section twenty-one of the principal Act there shall be inserted at the end of paragraph (b) the words—

“ and

(c) the reference to one shilling shall, as respects any period during which her husband is alive but not as respects any period after his death, be construed as a reference to sixpence ”;

and subsections (3) to (5) of section four of the National Insurance Act, 1951, are hereby repealed.

(3) The foregoing subsections shall not affect the operation of any of the enactments there referred to as respects contributions paid for contribution weeks commencing before such day as the Minister may by order appoint; but regulations may make transitional provision for cases where the relevant contributions so paid do not make up twenty-five or a multiple of twenty-five contributions (including provision for making up the contributions so paid to a multiple of twenty-five with the aid of contributions paid for later weeks, or making up the contributions paid for later weeks to a multiple of twelve with the aid of the said contributions).

(4) Section seventy-seven of the principal Act (which requires a preliminary draft of regulations to be submitted to the National Insurance Advisory Committee before the regulations are made) shall not apply to any regulations under subsection (3) of this section.

PART II

NON-PARTICIPATING EMPLOYMENTS

General provisions as to non-participating employments.

7.—(1) Subsection (1) of section one of this Act shall not affect the rate of the contribution payable by or in respect of an employed person for any contribution week by virtue of any employment which is a non-participating employment, nor shall any graduated contribution be payable in respect of a payment of remuneration from an employment which, at the time of the payment, is a non-participating employment; but the Exchequer supplement payable in respect of any contribution shall be the same as if this subsection had not been passed.

(2) Subject to the provisions of this Act, an employed contributor's employment shall, in relation to any person employed in it who is over the age of eighteen and under pensionable age, be a non-participating employment for any period during which—

(a) his service in it is service qualifying him under a recognised superannuation scheme for retirement benefits by way of pension which are on the whole as favourable as the right to benefit to be derived from graduated

contributions (in this Act referred to as “equivalent pension benefits”); and

- (b) there is in force a certificate issued under this section to the employer that the employment is to be treated as a non-participating employment;

and an employment which is a non-participating employment in relation to a person employed in it immediately before he attains pensionable age shall, if the conditions of this Part of this Act other than paragraph (a) of this subsection are satisfied, continue to be a non-participating employment in relation to him so long as he continues to be employed in it and has not retired from regular employment.

(3) Where an insured person's period of service in a non-participating employment comes to an end otherwise than by his death, and at the end of it he is not assured of equivalent pension benefits in respect of it, then subject to the provisions of this Act there shall be due to the National Insurance Fund from his employer in that employment a payment in lieu of contributions equal to the difference between—

- (a) the aggregate amount of the contributions which would have been payable by or in respect of the insured person during that period if on the first day of each contribution week beginning in the period contributions (including graduated contributions) had been payable by and in respect of him at the rates provided for by section one of this Act and the graduated contribution in each week had been payable in respect of a weekly payment of remuneration of fifteen pounds made on that day; and
- (b) the aggregate amount of the contributions which would have been payable by or in respect of him for that period if for each such contribution week contributions had been payable at the rates applying to non-participating employments;

and on the making of any payment required by this subsection the insured person shall be treated for the purposes of this Act as having paid such graduated contributions payable by him as are referred to in paragraph (a) above (or, if the payment is of less than the full amount required, a proportionate part of such contributions).

(4) Where a person is in the same contribution week employed both in a non-participating employment and in another employed contributor's employment, then unless provision to the contrary is made by regulations, any contribution payable by or in respect of him for that week shall be payable at the rate appropriate to a non-participating employment.

PART II
—cont.

(5) Where a person is in any income tax year employed both in a non-participating employment and in another employed contributor's employment, then any question as to the amount (if any) by which the graduated contributions paid by him in respect of remuneration paid in that year exceed the amount prescribed under subsection (3) of section two of this Act shall be determined as if (in addition to those contributions) on the first day of any contribution week in which he was employed in a non-participating employment he had paid a graduated contribution in respect of a weekly payment of remuneration of fifteen pounds made on that day:

Provided that if he is treated under subsection (3) of this section as having on any such day paid a graduated contribution or part of one, this subsection shall treat him as paying on that day only such contribution (if any) as is necessary in order to make up the amount he is treated as having paid to that of such a graduated contribution as aforesaid.

(6) For the purpose of determining liability to graduated contributions, an employment shall be deemed to be a non-participating employment in relation to a person previously (but no longer) employed in it, if—

- (a) it was a non-participating employment in relation to him when he was last employed in it ; or
- (b) he ceased to be employed in it on or before attaining the age of eighteen, and on attaining that age was employed in a non-participating employment under the same employer in place of it.

(7) Regulations shall provide for the issue to employers of certificates specifying the employments which are to be treated either generally or in relation to any description of persons specified in the certificate as non-participating employments, and for the cancellation, variation or surrender of any certificate or issue of an amended certificate on any change of circumstances affecting the treatment of an employment as a non-participating employment, and (subject to the exclusion by subsection (2) of this section of persons under the age of eighteen or over pensionable age) any such certificate for the time being in force shall be conclusive that the employments included in it are non-participating employments:

Provided that—

- (a) no such certificate or cancellation, surrender or variation of such a certificate shall have effect from a date earlier than the beginning of the contribution week following that in which it is issued or made ; and
- (b) subject to the provisions of this Act, an employment otherwise satisfying the conditions for inclusion in such

a certificate shall be so included if and so long as the employer so elects, and not otherwise.

PART II
—cont.

(8) Provision may for the purposes of this Part of this Act be made by regulations—

- (a) for treating a person's employment, where it begins or ends in the course of a contribution week or of an income tax week, as doing so at the beginning or end of the week ;
- (b) for disregarding changes in a person's employment due to the death of an employer or other causes, and for treating employment under the new employer as a continuation of that under the former employer, and treating any certificate issued to or election made by the former employer as issued to or made by the new employer ;
- (c) for disregarding temporary interruptions in a person's employment, and for treating the employment as continuing during the interruption ;
- (d) generally as to the circumstances in which a person's employment is or is not to be treated as having come to an end.

8.—(1) For the purposes of this Part of this Act, equivalent pension benefits, in relation to any period of service in an employment, comprise, and comprise only, retirement benefits by way of pension as respects which the following conditions are satisfied, that is to say,—

Further provisions as to treatment of employments as non-participating employments.

- (a) the benefits consist of or include a pension which (subject to any condition as to retirement) commences not later than insured pensionable age, and there is no condition postponing beyond insured pensionable age the age at which retirement on pension is allowed ; and
- (b) there is no provision for the surrender, commutation or assignment of the pension or, if there is, some part of the pension is excluded from the operation of it ; and
- (c) the pension or the said part of it is payable for life, and is not capable of being terminated or suspended except for such causes, if any, as may be prescribed ; and
- (d) apart from any period before insured pensionable age, the pension or the said part of it is of an amount not less, when expressed as a weekly rate, than the graduated retirement benefit which would be payable to the person employed in return for an amount of graduated contributions equal to one such contribution paid in each week of the period of service in respect of a weekly payment of remuneration of fifteen pounds.

PART II
—cont.

(2) Where service in an employment contingently qualifies a person employed in it for retirement benefits by way of pension, then, in determining whether the employment can be treated as a non-participating employment in relation to the persons from time to time so employed or any of them, a person's service shall be treated as qualifying him for such pension benefits as, in the existing circumstances, can reasonably be expected to accrue to him from a period of service of appropriate length, on the assumption that he remains in an employment qualifying him for those benefits until insured pensionable age (or as near to that age as the terms of the employment allow) but no longer.

(3) In determining whether an employment can be treated as a non-participating employment in a case where a limit on the maximum amount of the benefits payable or any description of them operates to prevent service beyond a given length from qualifying a person for further benefits, the qualification arising from any period of service shall be determined on the assumption that the total service does not exceed that length.

(4) Any scheme or arrangement having for its object or one of its objects to make provision in respect of persons serving in particular employments for providing them with retirement benefits by way of pension shall be a recognised superannuation scheme for the purposes of this Part of this Act—

(a) if it is established by Act of Parliament or of the Parliament of Northern Ireland, or other instrument having the force of law ; or

(b) if the benefits for which service in those employments qualifies a person, or such part of them as has to be taken into account to constitute them equivalent pension benefits, are secured by irrevocable trust, contract of assurance or annuity contract satisfying such conditions as may be prescribed, or in such other manner as may be prescribed, and the provision made to enable benefits to be paid (taking into account any additional resources which could and would be provided by the employer, or any person connected with the employer, to meet any deficiency) is adequate to ensure payment in full of the benefits or part aforesaid.

(5) In this section "insured pensionable age" means pensionable age for the purposes of the principal Act:

Provided that where the date for a person's retirement on pension under a superannuation scheme is fixed by reference to his attaining that age and so as to fall not later than six months after he does so, but does not depend solely on age, this section shall apply in relation to his benefits under that scheme as if he did not attain that age before that date.

9.—(1) Except as provided by this section, the provisions of this Part of this Act relating to the making of a payment in lieu of contributions at the end of a person's period of service in a non-participating employment shall apply whether the period comes to an end by reason of the termination of his service in that employment or by reason of the employment ceasing to be a non-participating employment, and, subject to any regulations under subsection (8) of section seven of this Act, where that period is brought to an end by an employer's death, shall apply as if it had come to an end immediately before the death.

PART II
—cont.
 Further provisions as to payments in lieu of contributions.

(2) For the purpose of the said provisions, if an employment becomes or ceases to be a non-participating employment in the course of a person's service in it, his service before and after the time when it does so shall be treated as service in different employments.

(3) For the purpose of the said provisions a person having at the end of his service in a non-participating employment equivalent pension benefits in respect of it shall be deemed to be assured of those benefits if, and shall be deemed not to be assured of them unless, either—

(a) he is absolutely and indefeasibly entitled to them, and the manner in which they are secured and the provision made for their payment are such as may be prescribed ;
 or

(b) such other conditions as may be prescribed are satisfied ;
 and regulations may provide for treating as having effect from the end of a person's service in a non-participating employment any option exercised or other thing done within the prescribed period thereafter in relation to his retirement benefits in respect of it.

(4) Where—

(a) a payment in lieu of contributions would, but for this subsection, fall to be made in respect of a person on the coming to an end of his service in a non-participating employment ; and

(b) on the coming to an end of that service, or within the prescribed period thereafter, he enters another non-participating employment ; and

(c) his service in the previous employment is service qualifying him for equivalent pension benefits under the recognised superannuation scheme relating to his new employment (on the like assumptions as are to be made under subsections (2) and (3) of section eight of this Act in relation to his service in the new employment) ; and

(d) if the scheme is a recognised superannuation scheme by virtue of paragraph (b) of subsection (4) of section

PART II
—cont.

eight of this Act, the conditions of that paragraph are satisfied in relation to the said benefits ;

then for the purpose of any liability to make a payment in lieu of contributions in respect of him the two employments shall be treated as a single continuous employment (any interval being disregarded):

Provided that—

- (i) this subsection shall not apply unless either both employments are under the same employer or such other conditions as may be prescribed are satisfied ; and
- (ii) regulations may direct that paragraph (c) of this subsection shall not apply in any prescribed cases in which provision is made by the recognised superannuation scheme relating to the new employment for taking into account in any manner the service in the previous employment.

(5) Provision may be made by regulations for excluding or restricting the liability to make payments in lieu of contributions in cases where a person serves at the same time in more than one employment, and for modifying the operation of any provision of this Act in relation to any such payment of which the amount is reduced by virtue of this subsection ; and regulations may also modify the operation of subsection (4) of this section in cases where a person serves as aforesaid or would, apart from the regulations, be treated by virtue of that subsection as so serving.

(6) Where an insured person's period of service in a non-participating employment comes to an end otherwise than by his death, and at the end of it he is over pensionable age, then for the purpose of any liability to make a payment in lieu of contributions in respect of that service he shall be deemed to be assured at the end of it (in lieu of any pension benefits he then has) of the same pension benefits, save as provided by regulations under subsection (3) of this section, as those of which he would have been assured on the coming to an end of the service on his attaining pensionable age by his then retiring from the employment ; and any question whether those benefits are equivalent pension benefits, and any question as to the amount of or as to the graduated contributions attributable to any payment in lieu of contributions, shall be determined as if the service had come to an end by his so retiring :

Provided that where the date for his retirement on pension under the recognised superannuation scheme relating to the employment is fixed by reference to his attaining that age and so as to fall not later than six months after he does so, but does not depend solely on age, this subsection shall apply as if he did not attain that age before that date.

(7) A payment in lieu of contributions shall become due at such time as may be prescribed after the end of the period of service to which it relates; and if any person fails to make any such payment for which he is liable, he shall be liable to be proceeded against and punished under subsection (6) of section two of the principal Act as for a failure to pay a contribution.

(8) Subsection (1) of section eight of the principal Act (which enables regulations to be made as to the payment and collection of contributions, etc.) shall apply to payments in lieu of contributions as it applies to contributions, and for the purposes of paragraph (b) of that subsection any such payment shall be deemed to be payable by an employer on behalf of the insured person in respect of whom it is payable.

(9) In paragraph (b) of subsection (6) of section forty-three of the principal Act (which relates to the decision in legal proceedings of questions as to the payment of contributions) the reference to contributions shall include payments in lieu of contributions.

10.—(1) Where on the coming to an end of an insured person's service in a non-participating employment—

(a) he (or, by virtue of a connection with him, any other person) is entitled to a refund of any payments made under the recognised superannuation scheme by or in respect of him towards the provision of benefits under the scheme; and

(b) a payment in lieu of contributions fails to be made in respect of him under this Act;

Employer's rights against insured person in respect of payment in lieu of contributions.

then, subject to the provisions of this section, the person liable for the payment in lieu of contributions shall be entitled on making that payment or any part of it to recover one half of the sum paid by him from the person liable for the refund:

Provided that the amount recoverable shall not exceed the amount of the refund, or so much of it as has not been made.

(2) Where the period taken into account in fixing the amount of a payment does not coincide with that in respect of which the refund is to be made, then (subject to subsection (3) of this section) the amount recoverable under this section shall be determined by reference to so much of the payment and of the refund as are referable to the same period.

(3) The amount which may be recovered under this section in respect of any payment in lieu of contributions shall be increased by such amount as may be prescribed where—

(a) under subsection (4) of the last foregoing section the insured person's service in any previous employment is treated in fixing the payment in lieu of contributions

x*

PART II
—cont.

as service in the employment in respect of which the refund is made ; and

- (b) the refund includes any amount in respect of a payment made by or in respect of the insured person towards the provision for him of benefits under the scheme in respect of service in the previous employment.

(4) Where the person liable for the payment in lieu of contributions is himself liable for the refund, he shall be entitled to retain out of the refund the amount which he could recover under this section from another person who was liable for the refund.

(5) The amount of the refund shall be reduced by any amount recovered or retained under this section ; and provision shall be made by regulations for requiring the making of refunds to be delayed for the purpose of enabling any right of recovery conferred by this section to be exercised, and shall have effect notwithstanding anything in any enactment relating to the making of the refund.

(6) Where on the coming to an end of an insured person's service in a non-participating employment—

- (a) he (or, by virtue of a connection with him, any other person) is entitled to a refund of any payments made by or in respect of him under the recognised superannuation scheme relating to a previous employment towards the provision of benefits under that scheme ; and
- (b) a payment in lieu of contributions falls to be made in respect of him, and under subsection (4) of the last foregoing section his service in the two employments is treated as service in one employment in fixing that payment ;

then in respect of that payment the person liable for it shall have the like right of recovery from that refund (so far as the payment is not recoverable out of a refund in respect of a later employment) as a person has under the foregoing subsections where a payment in lieu of contributions and a refund fall to be made on the coming to an end of service in the employment in respect of which the refund is to be made ; and subsection (5) of this section shall apply accordingly.

(7) Notwithstanding any contract to the contrary, a person shall not be entitled to recover any part of a payment in lieu of contributions made or to be made by him from the person in respect of whom it is payable or, except in accordance with this section, out of any moneys payable to or for the benefit of that person.

11.—(1) There shall be included among the debts which—

PART II
—cont.

- (a) under section thirty-three of the Bankruptcy Act, 1914, are to be paid in priority to all other debts in the distribution of the property of a bankrupt or a deceased debtor ; or
- (b) under section one hundred and eighteen of the Bankruptcy (Scotland) Act, 1913, are to be paid in priority to all other debts in the division of a bankrupt's estate ; or
- (c) under section three hundred and nineteen of the Companies Act, 1948, are to be paid in priority to all other debts in the winding up of a company, or under section ninety-four of that Act are on an appointment of a receiver on behalf of debenture holders or taking of possession by or on behalf of debenture holders to be paid in priority to any claim for principal or interest in respect of the debentures ;

Recovery of payments in lieu of contributions in event of bankruptcy, liquidation, etc.

any payment in lieu of contributions payable on the termination of a person's employment before or by the effect of the receiving order or death, the award of sequestration, the winding up order or resolution, or the appointment of the receiver or taking of possession, as the case may be :

Provided that, where any such payment is payable in respect of a period of service of more than a year, the amount to be so paid in priority shall be limited to the amount of the payment in lieu of contributions which would have been payable if the service had been confined to the last year taken into account in fixing the actual amount of the payment.

(2) Where—

- (a) by or by virtue of the foregoing subsection the whole or part of a payment in lieu of contributions is required to be paid in priority to other debts of the employer or his estate ; and
- (b) the person liable for that payment would be entitled to recover the whole or part of any sum paid by him on account of it from another person either under section ten of this Act or under any provision made by the relevant superannuation scheme ;

then that other person shall be liable for any part of the payment in lieu of contributions for the time being unpaid :

Provided that no person shall be liable by virtue of this subsection for an amount in excess of the sum which might be recovered from him as aforesaid if the payment in lieu of contributions had been paid in full by the employer, after deducting from that sum any amount which has been or may be recovered from him in respect of any part of that payment paid otherwise than under this subsection.

X* 2

PART II
—cont.

(3) The payment under subsection (2) of this section of any amount in respect of a payment in lieu of contributions shall have the same effect upon the rights and liabilities of the person making it (other than his liabilities under that subsection) as if it had been a payment of that amount on account of the sum recoverable from him in respect of that payment in lieu of contributions as mentioned in paragraph (b) of that subsection.

Special provisions for certain statutory superannuation schemes.

12.—(1) In relation to employments of any class to which this section applies, the appropriate Minister may by regulations direct that elections with a view to the issue, variation, cancellation or surrender of certificates under this Part of this Act shall be made and revoked by him instead of by the employer.

(2) Any such regulations may also make provision for other things which by or under this Part of this Act are required or authorised to be done by or to the employer to be done instead by or to the appropriate Minister, for treating employments of the class in question as employments under a single employer different from the employer in any other employment, and for the recovery from the employer of payments in lieu of contributions made by the appropriate Minister instead of by the employer.

(3) Before making any regulations under this section the appropriate Minister shall consult with such bodies concerned with employments of the class in question as appear to him fairly to represent the interests of employers and employed persons in those employments.

(4) Any expenses of a Minister of the Crown under this section, including (but without prejudice to any right of recovery or retainer under this Act) expenses in making payments in lieu of contributions, shall be defrayed out of moneys provided by Parliament; and any sums recovered or retained by a Minister of the Crown in respect of any such payments shall be paid into the Exchequer.

(5) Subject to the following subsections, the employments in which a person's service qualifies him for retirement benefits by way of pension under the enactments specified in any entry in the Second Schedule to this Act shall constitute a class to which this section applies, and in relation to that class the appropriate Minister shall be the Minister mentioned in the second column in that entry.

(6) Where service in any employment would qualify a person as aforesaid under the enactments specified in any such entry but for rules having effect under section two of the Superannuation (Miscellaneous Provisions) Act, 1948 (which relates to persons transferring to or from certain employments), the employment shall be treated as falling within the class to which that entry relates, and as not falling within any other class to which this section applies.

(7) Where a local Act contains a provision for the payment of retirement benefits by way of pension for service which, but for the provision, would qualify a person for such benefits under the enactments specified in any entry in the Second Schedule to this Act, that provision shall be deemed to be included among the enactments specified in that entry.

PART II

13.—(1) Regulations under section forty-three of the principal Act shall provide—

Adjudication
and
administra-
tion.

- (a) for the determination by an officer appointed by the Minister (hereafter in this section referred to as “the registrar”) of any question whether an employment is to be treated as a non-participating employment, or as to the persons in relation to whom or the period for which it is to be so treated, and for the issue, variation and cancellation by the registrar of the certificates under this Part of this Act specifying the employments which are to be so treated ;
- (b) for enabling any such question, instead of being determined as aforesaid, to be referred to an adjudicator (being a barrister or advocate of not less than ten years’ standing) appointed for the purposes of this Part of this Act, and for enabling appeals to be brought to such an adjudicator from decisions of the registrar ;
- (c) for enabling the functions of the registrar to be exercised by officers appointed to act as his deputies by the Minister, and for enabling an adjudicator to have the assistance of one or more assessors in dealing with a case.

(2) Regulations may also make provision for any incidental matters connected with the operation of this Part of this Act, including the information which may be required from any person, and in particular shall provide—

- (a) for enabling the registrar to cancel or vary any such certificate as aforesaid where he has reason to suppose that any employments to which it relates ought not to be treated as non-participating employments in accordance with the certificate and the employer does not show that they ought ;
- (b) for regulating the manner in which employers are to make or revoke an election with a view to the issue, variation, cancellation or surrender of such a certificate, and requiring them to give notice for the purpose of informing employed persons and others of their intention to do so ;
- (c) for enabling the registrar to defer the issue or variation of such a certificate so as to enable the relevant election

PART II

to be further considered in the light of any representations made by persons to whom notice of the election is required by regulations to be given or by organisations representing any such persons ;

(d) for requiring employers (except in such cases as may be prescribed) to give notice to the Minister when a person's period of service in a non-participating employment begins or comes to an end.

(3) Any appointment for the purposes of this Part of this Act of an adjudicator, as required by subsection (1) of this section, shall be made by the Lord Chancellor, after consultation, if the person appointed is an advocate, with the Lord President of the Court of Session.

(4) The House of Commons Disqualification Act, 1957, shall have effect, in its application both to the House of Commons of the Parliament of the United Kingdom and to the Senate and House of Commons of Northern Ireland, as if there were added at the end of Part I of the First Schedule the entry " Adjudicator appointed for the purposes of Part II of the National Insurance Act, 1959, and any corresponding judicial office under any Act of the Parliament of Northern Ireland passed for purposes similar to that Act."

PART III

(a) the reference to the foregoing provisions of that Act in subsection (2) of section sixty-five of it (which confers such a power in relation to existing contributors and existing beneficiaries) ; and

(b) the reference to the foregoing sections of that Act in subsection (2) of section seventy-one of it (which confers such a power in relation to certain entrants into insurance who were over school age at the coming into force of that Act) ;

shall include references to the provisions of this Act.

(3) The powers conferred by subsection (2) of section sixty-five of the principal Act (as extended by subsection (2) of this section) shall include power to prescribe such modifications,

CHAPTER 48

An Act to enable schemes made with a view to eliminating excess capacity in the cotton industry to provide for paying compensation for any such elimination and for raising the sums required for that and other purposes by levies on the industry; to enable the Board of Trade to make contributions towards any such compensation and to make grants for the re-equipment of the industry; and for purposes connected therewith.

[9th July, 1959]

BE it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

Schemes in connection with elimination of excess capacity.

1.—(1) The Cotton Board, with a view to promoting the efficiency of the industry by the elimination of excess capacity, may, in consultation with such bodies as appear to them to represent (so far as practicable) the interests of those carrying on business and of those employed in any section of the industry, prepare for that section a scheme providing for the payment by the Cotton Board, for the elimination of excess capacity, of compensation which, except in so far as the circumstances of the section make it desirable in the opinion of the Cotton Board to relate the compensation to other factors, shall be related to the number of machines of any specified description eliminated.

(2) Any scheme prepared by the Cotton Board under this section (in this Act referred to as a "reorganisation scheme") shall be submitted by them to the Board of Trade; and if the Board of Trade are satisfied—

- (a) that the reorganisation scheme makes adequate provision (in point of time as well as in point of quantity) to the end of eliminating excess capacity in that section of the industry; and
- (b) that arrangements have been made within the section for the payment of compensation in respect of loss of employment due to the elimination of the excess capacity; and
- (c) that bodies representing the interests of a majority of the persons employed in the section have agreed to those arrangements so far as they relate to persons whose interests are represented by those bodies;

then subject to subsection (9) of this section the Board of Trade may by order confirm the scheme and thereupon the scheme shall have effect.

(3) The Board of Trade may pay to the Cotton Board two-thirds of the amounts required by the Cotton Board for making the compensation payments provided for by a reorganisation scheme under subsection (1) of this section, but excluding payments of any description if the scheme provides for them to be wholly defrayed out of sums raised under the scheme.

(4) The amounts required by the Cotton Board to defray—

(a) any compensation payments provided for by a reorganisation scheme relating to any section of the industry, so far as not defrayed out of the sums paid by the Board of Trade under subsection (3) of this section; and

(b) any other expenses incurred by them under this Act in relation to any section of the industry for which a reorganisation scheme is brought into force;

shall be raised by means of charges to be imposed under the reorganisation scheme relating to that section on persons registered with the Cotton Board as carrying on business in the section, and that scheme may include provision for the disposal (including disposal for the purpose of advancing research in the cotton industry) of any sums raised under this subsection and not required for the purpose for which they were raised.

(5) Provision may also be made by the reorganisation scheme relating to any section of the industry—

(a) for raising by means of charges to be imposed as aforesaid the amounts required for compensating persons employed in the section under any arrangements made within the section with reference to the elimination of excess capacity or to the re-equipment of businesses in the section, being arrangements made in contemplation of or in connection with the passing or operation of this Act; and

(b) for the payment by the Cotton Board of the sums so raised to the persons responsible under the arrangements for the distribution of those sums.

(6) An order of the Board of Trade confirming a reorganisation scheme may provide for the recovery by the Cotton Board of any charges imposed under the scheme, and may for the purposes of the scheme include any such supplementary provisions as, by virtue of subsection (4) of section four of the Industrial Organisation and Development Act, 1947, may for the purposes of a c. 40.

development council order be included in that order; and sections five and six of that Act (which relate to the disclosure of information obtained under, and to the enforcement of, the powers of that Act) shall apply as if any order under this section containing any such supplementary provisions were a development council order, and as if those provisions were included by virtue of the said subsection (4).

(7) Any reorganisation scheme may be varied or revoked by a subsequent reorganisation scheme, and any provisions contained in an order of the Board of Trade by virtue of subsection (6) of this section may be varied or revoked by a subsequent order of the Board of Trade.

(8) The Board of Trade may (subject to subsection (9) of this section) by order revoke a reorganisation scheme if it appears to them, after consultation with such bodies as appear to them to represent (so far as practicable) the interests of those carrying on business and of those employed in the section of the industry and with the Cotton Board, that the scheme is not serving the purposes for which it was made, or that the continued operation of the scheme would be contrary to the public interest; but the revocation may be made subject to any savings or other transitional or consequential provisions, and shall be without prejudice to anything previously done under the scheme or the making, submission or confirmation of a new scheme.

(9) Any power of the Board of Trade to make orders under this section shall be exercisable by statutory instrument, but the Board shall not make any such order unless a draft of it has been laid before Parliament and approved by resolution of each House.

(10) A reorganisation scheme may contain provisions relating to excess capacity eliminated before as well as after the coming into force of the scheme (but not before the twenty-fourth day of April, nineteen hundred and fifty-nine); and any question as to excess capacity, if the question arises in the preparation of a reorganisation scheme at a time more than a year after the commencement of this Act, shall be determined as at the end of that year.

(11) In this Act, the "Cotton Board" means the development council of that name established under the Industrial Organisation and Development Act, 1947, and "the industry" means the activities included in that term in the development council orders relating to the Cotton Board, as those orders have effect at the commencement of this Act; and any part of the industry may be treated as a section of it for any purpose of this Act, whether or not it constitutes a section for the purposes of any such order, and where a part not constituting a section for the purpose of

registration with the Cotton Board is treated as a section under this Act, any reference in this Act to a person registered as carrying on business in the section shall apply to persons registered with the Cotton Board in respect of any business comprising activities within that part of the industry.

2.—(1) Where a reorganisation scheme has been brought into force for any section of the industry and it appears expedient to the Board of Trade to make for that section such grants as are hereby authorised, then subject to the provisions of this section the Board of Trade may make to any person in respect of any qualifying expenditure incurred or to be incurred in re-equipping a business carried on by him in that section of the industry a re-equipment grant not exceeding one quarter of that expenditure. Re-equipment grants.

(2) The expenditure qualifying for a re-equipment grant shall be expenditure incurred in the purchase and installation of machinery or equipment, or in the modernisation of machinery or equipment, and satisfying such conditions as the Board of Trade may from time to time require.

(3) A re-equipment grant may be made in respect of expenditure incurred before the coming into force of the reorganisation scheme for the relevant section of the industry, but not in respect of expenditure incurred before the twenty-fourth day of April, nineteen hundred and fifty-nine, or of expenditure incurred for the replacement or modernisation of machinery or equipment which was not in use in the business before that day.

(4) No payment shall be made by way of re-equipment grant in respect of any machinery or equipment unless the following conditions are complied with:—

- (a) an applicant for a grant or for a payment under a grant must supply the Board of Trade with the information which they think necessary for the purpose of determining whether the grant or payment should be made, and (if so required by them) must verify or permit them to verify to their satisfaction any information supplied to them for that purpose; and
- (b) an application for a grant must be made, and the information required in connection with that application must be supplied, not later than three years from the commencement of this Act; and
- (c) the purchase and installation, or the modernisation, of the machinery or equipment must be completed not later than five years from the commencement of this Act or within such further period as the Board of Trade may for special reasons allow.

(5) It shall be the duty of the Cotton Board to act as agent for the Board of Trade for such purposes of this section as the Board of Trade may require.

11 & 12 Geo. 6. c. 31. (6) The following provisions of the Cotton Spinning (Re-equipment Subsidy) Act, 1948, that is to say,—

- (a) section two (which prohibits the sale of machinery or equipment subsidised under that Act); and
- (b) section four (which restricts the disclosure of information obtained under or by virtue of that Act); and
- (c) section five (which provides for the punishment of persons supplying false information for the purposes of that Act);

shall apply for the purposes of this section as they apply for the purposes of that Act (any reference to an application for a grant under that Act being construed as a reference to an application for a re-equipment grant or for a payment by way of re-equipment grant, and any other reference to that Act or to section one of it being construed as a reference to this section).

Discharge of
functions of
Cotton Board.

3.—(1) Subject to subsection (7) of this section, the functions under this Act of the Cotton Board shall be discharged by a committee of the Board consisting of the independent members; and an independent member or two independent members may be appointed to the Cotton Board to act solely on that committee, in addition to the number provided for by the development council orders for the time being in force.

- (b) so far as they are borrowed to meet expenses which fall to be defrayed out of charges to be imposed under a reorganisation scheme shall be charged on the moneys held by or payable to the Cotton Board for the purposes of that scheme, and shall be repayable (together with any interest thereon) out of those moneys and not otherwise.

(5) The Cotton Board shall keep separate accounts in such form as the Board of Trade may require with respect to their functions under this Act, and shall deal separately with those functions in their annual report and statement of accounts under section seven of the Industrial Organisation and Development Act, 1947; and the Board of Trade may require those accounts and the statement so far as it relates to them to be separately audited and certified by persons who shall be nominated by and shall report to the Board of Trade.

(6) Anything which before the passing of this Act has been done by or on behalf of the independent members of the Cotton Board or any of them in or with a view to the preparation of a reorganisation scheme, and in particular any consultation undertaken in that behalf with any such bodies as are referred to in subsection (1) of section one of this Act, shall be as effective for the purposes of this Act as if it had been done after the commencement of this Act and the members in question had been acting as members of the committee provided for by this section; and this subsection shall apply in relation to any person designated by the Board of Trade for appointment under subsection (1) of this section as an independent member of the Cotton Board as it applies in relation to such a member.

(7) When it appears to the Board of Trade that the committee provided for by this section has no remaining functions to discharge, or that its remaining functions can properly be discharged by the Cotton Board otherwise than through that committee, the Board of Trade may by order made by statutory instrument direct that subsection (1) of this section shall cease to apply:

Provided that no such order shall be made unless a draft of it has been laid before Parliament and approved by resolution of each House.

General provisions.

4.—(1) There shall be defrayed out of moneys provided by Parliament any expenses of the Board of Trade in making the payments provided for by sections one and two of this Act, and any administrative expenses incurred by them for the purposes of this Act.

(3) Notwithstanding anything in subsection (1) of section one hundred and six or subsection (2) of section one hundred and eight of the Settled Land Act, 1925 (which relate respectively to provisions for limiting the exercise of powers conferred by that Act and to cases of conflict between the provisions of a settlement and the provisions of that Act), in so far as the trust instrument provides for the application of any provisions of, or powers conferred by, that Act, those provisions or powers shall apply subject to any modifications or restrictions specified in relation thereto in the trust instrument.

15 & 16 Geo. 5.
c. 23. (4) Section twenty-two of the Administration of Estates Act, 1925 (which relates to the appointment of special executors in respect of settled land) shall apply in relation to the trust instrument subject to the provisions of that instrument relating to that section.

(2) None of the exemptions granted by the preceding subsection shall have effect in respect of any income tax which (apart from that subsection) would be chargeable for any year of assessment, in so far as that tax would be so chargeable—
