A SPECIAL COURT TO TRY EX-KAISER

Two French Jurists Say It is Work for League of Nations

Paris, Jan. 20.—Some points in the report to which Premier Clemenceau referred at the opening of the Peace Congress on Saturday when he said he had consulted two eminent jurists on the penal responsibility of the former German Kaiser have been made public.

The object of the inquiry was to investigate from a purely judicial point of view if the crimes committed by the former German Government and army involved the penal responsibility of the former Kaiser, what tribunal should judge him and whether his extradition could be demanded.

An international tribunal must be found. They consider The Hague Arbitration Court, founded at the 1899 Conference, incompetent to try the Kaiser, as the court was meant for cases where no penalty was to be applied.

The authors of the report commence by establishing that no penalty is possible against a nation any more than

SUPREME COUNCIL OF THE PEACE CONFERENCE MEETS AGAIN AND PASSES FORWARD WITH TASK

LEADERS CONSIDER RUSSIAN SITUATION

Supreme Council in Paris Hears Description of Present Conditions

Paris, Jan. 20.—The situation in Russia was taken up by the Supreme Council of the Peace Conference at its session to-day. Joseph Nolens, the French Ambassador to Russia, being present at the meeting and addressing the Conference upon the Russian situation.

The next meeting will be held on Tuesday forenoon at 10.30 o'clock to hear the remarks of M. Savenius, the Danish Minister in Petrograd, who left the Russian capital very recently."

GENERAL RAILWAY STRIKE NOT PLANNED

Only Freight Shed Men in Canada Seeking Changed Conditions

Montreal, Jan. 20.—There is no threat of a general railroad strike in Canada. The carelessness of a correspondent of a western newspaper has caused unnecessary alarm to the Canadian public, according to an official of the Canadian Railway War Board.

"Papers all over Canada have printed this dispatch, which said all Canadian railway workers were demanding an eight-hour day from the Dominion Railway War Board," he said.

"In the first place there is no such body as the Dominion Railway War Board." In the second place the only discussion about an eight-hour day between the Canadian Railway War Board and about 5,000 out of 147,000 Canadian railway workers. These men are employed in the freight sheds. They enjoy a "basic" eight-hour day. That means they get an overtime rate for all work after eight hours. These particular men are objecting to working more than eight hours whatever the pay, and this Board is endeavoring to meet their requirements by closing freight sheds earlier.

"There is no unrest in the Canadian railway labor sector. Needless anxiety has been provoked by a single careless newspaperman."

Montreal, Jan. 20.—All the Canadian troops have left the occupied portion of Germany and are now in Belgium and France, en route to England, from where they will be sent home to Canada, Major-General Dodds, C. M. G., D. S. O., the first Military Governor of Bonn, who has just reached home after four years of service with the Canadian troops, announced to-day.

General Dodds said that the Third Division should begin sailing from England about February 10 and be all back by the end of next month. The remaining three divisions, he said, will follow soon after.

Italian Premier Only Absentee When Session Began This Forenoon; Two Representatives of Each of Five Great Allied Powers Present

Paris, Jan. 20.—With Vittorio Orlando, the Italian Premier, the only absentee, the Supreme Council of the Peace Conference re-assembled at 10.30 o'clock this forenoon. Premier Orlando had arrived here from Rome, however, and was expected to attend the Council's session later in the day.

Rt. Hon. Arthur J. Balfour, the British Foreign Secretary, was accompanied to the meeting by Lord Robert Cecil, who has especially in charge on behalf of Great Britain the subject of the proposed League of Nations. Baron Makino, chief of the Japanese Mission, attended the Council for the first time as a representative of Japan, together with Baron Matsui, the Japanese Ambassador to France.

Lord Robert Cecil remained at the Foreign Office, where the meeting was held, for only a few minutes, and did not enter the Council chamber, the session to-day being an executive one. It is thought that an official statement will be issued at the close of the meeting, at which it was expected that the exchange of information between the Governments on the situation in Russia, forecast in one of last week's statements, would take place.

The council as it met to-day comprised ten members, two from each of the five great powers. The three additional members from each power did not attend, as full meetings of the membership of twenty-five are assembled only when subjects of special importance are under consideration by the Council.

PROGRESS BEING MADE WITH PLAN FOR PROPOSED LEAGUE

Paris, Jan. 20.—As the Supreme Council of the Peace Conference resumed sittings to-day marked progress was being made in the business of comparing various plans for the formation of a League of Nations and harmonizing them into a unity of ideas which can be taken up as a concrete proposition. Much headway in this direction was made last night at a conference at the Marat residence which was attended by President Wilson, Lord Robert Cecil, the British representative charged with working out of a plan for a League of Nations; Leon Bourgeois, the French proponent of a plan for such an organization; and Lieut-General Smuts, who has formulated a plan for a League.

Programme Looked For. The structure of the League of Nations is, strictly speaking, still at the stage of being discussed at meetings of the Supreme Council and is not technically before the Peace Congress as a whole, but the fact that the Congress has it for its chief item of business, is taken to indicate that such progress is being made at the sessions of the Supreme Council as to warrant the expectation that a definite and somewhat detailed programme will soon be evolved. This programme, it is believed, will present the common thought of the leaders in Great Britain, France and the United States, and therefore may furnish a starting point from which all the peace delegates may participate in the work.

Wilson Busy. President Wilson is personally pressing forward this one feature of the work of the Peace Congress to the virtual exclusion of all others. With a definite plan formed for erecting a structure upon which all nations can agree, there are about twenty-five working days remaining of the time President Wilson has allotted himself for work in France before leaving for home. The question being asked is whether in this comparatively short time he can bring the nations together in an agreement for a League of Nations. Many of the President's closest advisers are "reasonably" convinced he can do so.

CANADIAN ABLE TO ASSIST POLAND

W. J. Rose, Formerly of Winnipeg, Helped in Negotiations in Allied Capitals

Paris, Jan. 20.—(By John W. Daffoe, Correspondent of the Canadian Press).—One of the definite problems before the Peace Conference is that of Poland, but this situation has been greatly improved by the coming together of the two factions. In the negotiations bringing this about, a Canadian, W. J. Rose, formerly of Wesley College, Winnipeg, played a considerable part. Mr. Rose lived throughout the war in the Polish section of Silesia and after the signing of the armistice he came out bearing credentials from the Provisional Government of Silesia and from the de facto Government of Poland, of which General Pilsudski was the head. Mr. Rose strongly championed the Government, which he regarded as being democratic and also representative of the men of the Polish nation. The Polish National Council at Paris, which strongly opposed General Pilsudski, has now been enlarged to take in representatives of both groups and each section will have a representative at the Conference. While Mr. Paderewski, who went to Poland at the instance of the Paris Council, becomes Premier of Poland.

Mr. Rose left yesterday for Poland in company with Bishops Cannon and Lambeth of the Methodist Episcopal Church of America, who intend to make first-hand study of conditions in that country.

### BORDEN WILL ATTEND WHEN LEAGUE PLAN UNDER DISCUSSION

London, Jan. 20.—(Via Reuters)—The Paris correspondent of The Weekly Dispatch states that the British overseas delegates had a very busy time of it last week in close touch

with Mr. Lloyd George. The League of Nations and freedom of the seas questions will be considered by all the delegates at a full conference, including the Dominions' representatives. Moreover, the overseas Prime Ministers will attend the conference, under the panel system, more frequently than is generally expected. The correspondent confirms the fact that it is now generally believed that all difficulties as regards freedom of the seas have been definitely overcome.

### ALL TROOPS BACK BY END OF JULY

Latest Estimate in London Regarding Canadians is to That Effect

London, Jan. 20.—"We are eager to get on with demobilization to save the restlessness which the men are showing," declared Lieut.-General Turner to the Canadian Associated Press today.

The latest reliable estimate here is that all the Canadians will be repatriated by the end of July. Men are being returned from France to the United Kingdom at the rate of 1,000 a day. They are sent to Kiremet Camp, Wales, and thence go by transport to Liverpool. Forestry and railway troops are chiefly being returned from France at the present time.

At Ripon, in Yorkshire, there is now another large camp for Canadians, occupied mostly by drafts sent from Canada during the last stages of the war.

Bramscott Camp will be occupied by a Canadian fighting division whenever it leaves France. A good many members of the Canadian forces will desire demobilization in England, and although the general policy is for troops to be discharged in Canada only, the authorities will grant discharge here for men born here and having no dependents in Canada. It is understood that the imperial authorities have invited the Canadian and Australian armies to provide two divisions each for continuing the army of occupation, but the invitation has not been accepted.

Information from the corps in France is that "every afternoon is a holiday. The mornings are devoted to physical drill. It is not a bad life, but everybody is tired of it and anxious to get home. Even England has little charm for them, for they want Canada."

### SAYS GOVERNMENT WILL BE SUPPORTED

Meighen Expects Commons to Uphold the Administration When Session Begins

Regina, Jan. 20.—"As to continuing the administration, the Government in that respect can only follow the will of Parliament, and the members of the House doubtless will endeavor to interpret what they believe to be the will of the country. Personally I have not the least doubt that a preponderance of the members will support the administration."

Thus spoke Hon. Arthur Meighen, Minister of the Interior, in an interview on Saturday night while in Regina. Mr. Meighen was asked if he anticipated trouble for the Government at the approaching session of parliament, in view of the party conventions held in both Eastern and Western Canada by Liberals and Conservatives. "If the feeling shown at these conventions," he said, "extends to the members, what will be the effect?" "I never foresaw the above statement by Mr. Meighen."

Asked concerning the agitation to repeal the War-Time Election Act, Mr. Meighen assented to the statement that the Act would lapse when demobilization was over.

"Demobilization is not expected to be over until August or September," suggested the reporter.

"It might be sooner," said Mr. Meighen. "And if an election were held before that?"

"There is no talk of an election," said Mr. Meighen. "Just the other day Mr. Calder spoke strongly against any such idea. There is much talk of repealing an enactment which will repeal itself before there is any object in repealing it sooner."

"Asked if he could add anything to the statement already made concerning the return of their natural resources to the prairie provinces, Mr. Meighen said the position was unchanged. The Government had yet to decide on its policy in this respect."

Tariff.

Mr. Meighen refused to discuss the tariff question when asked regarding the grounds for dispatches sent to Western newspapers by Ottawa correspondents that the special war tariffs were to be reduced or abolished.

### NAVAL MEN WANT INCREASED PAY

British Admiralty Has Committee Consider Demands of Lower Decks

London, Jan. 20.—For the first time in the history of the British navy, bluejackets this week will sit with a committee of officers appointed by the Admiralty to discuss future pay, pensions and other subjects relating to the service.

On Saturday 100 delegates, representing the lower decks of the navy, met and formulated demands which they will present at the conference. The demands include an increase for everyone of four shillings a day in the rate of pay, or £73 to the wages of the various lower deck ratings, which now range from £23 to £137 a year; that sailors be paid at the rate of two pence a day for each year of service, which would be a 100-per cent. increase over the present rate; that claims be made for pensions for wounded and disabled men; that pensions to widows and direct dependents be two-thirds of the rating wage, and that a bonus of £50 be paid all ratings on leaving the navy after twelve years. The sailors also will put forward demands for increased allowances and free railway passes.

### OTTAWA GOVERNMENT PLANS TO GET LAND FOR RETURNED MEN

Ottawa, Jan. 20.—Hon. N. W. Rowell, President of the Privy Council, in an address last night before the People's Forum here, said that while the Government at present could not obtain sufficient land near the railways to meet the demands of the returning soldiers, it did not intend to allow this condition of things to remain. "We intend to introduce legislation to appropriate this idle land," he said, "which is being held for speculation and profit and see that the returned soldier gets his share."

### HE COULDN'T RAISE HIS HAND TO HEAD

Vancouver Man Says Rheumatism and Other Troubles Are Disappearing Rapidly

Henry R. Legg, a well-known employee of J. Coughlan & Sons, ship builders, living at 521 West Eighth Avenue, Vancouver, is still another who has cause to be glad he was induced by the high endorsements of Tanlac to try the medicine in his case. "I have suffered from stomach trouble and rheumatism for many years," said Mr. Legg, in an interview, recently, "and Tanlac is the only thing I have ever been able to get to help me. My appetite left me entirely. I could eat only one meal a day, and had to be very careful with that. My food would invariably sour and form gas, which would blow me up until my clothes were uncomfortable. This gas would press on my heart and cause such awful spells of palpitation that I was afraid I had heart trouble. The pains through my stomach and back were so violent at times that I would almost double up. I was never free from this pain day nor night, and while I could manage to forget it somewhat when working, the minute I would sit down or lay down it would come on me with such force that I could hardly stand it. I could not sleep at night, but would just lay awake suffering agony. I went under treatment, but the medicine did me no good, and I finally went to a specialist in Seattle, who told me my troubles were caused by chronic indigestion. I also suffered terribly from rheumatism in my left side and arm. This arm ached all the time, and was so stiff and painful that I actually could not raise my hand to my head. If my right arm had been in the same condition I could not have worked at all. I was habitually constipated, had headache all the time, and was very much discouraged because it seemed that nothing could help me."

"Then I began taking Tanlac on account of what others were saying about it, and now I can't praise it enough. It seemed to get right at the troubles, which was my stomach, and straighten it out in fine shape. My appetite is splendid, and I can eat meats, or anything else, without suffering from gas, bloating, palpitation or any other signs of indigestion, and I have not been troubled with constipation or headache since right soon after I began taking Tanlac. The rheumatism has disappeared from my arm entirely—it seems to be in perfect condition—and I can use it as well as I ever could. I have already picked up several pounds in weight, and am still gaining right along. Tanlac is the medicine for me first, last and all the time."

Tanlac is sold in Victoria by D. E. Campbell, Druggist, corner Fort and Douglas Street.

Toronto, Jan. 20.—Jewelry, furs and valuables amounting to \$40,000 have been stolen from the winter residence of Lady Kemp, wife of Sir Edward Kemp, Overseas Minister of Militia, at Aiken, South Carolina.

The robbery was committed while a dinner party was in progress, and Mrs. Joseph Hoffman, an American guest of Lady Kemp, also was a victim of the thief or thieves.

Among Lady Kemp's furs was a magnificent ermine cape, valued at not less than \$2,000, and sables worth \$5,000, while her diamonds and other jewelry formed one of the most valuable collections in Canada.

### SPECIAL SHIPS TO BRING SOLDIERS' DEPENDENTS BACK

Ottawa, Jan. 20.—The Department of Immigration and Colonization has arranged for special ships to bring back to Canada the soldiers' dependents who are overseas. The special ships will carry no troops, except the soldier-husbands and the soldier-fathers, as the case may be, of these dependents.

The Dominion Government will pay the railway fares of the soldiers' dependents from points in Great Britain to the port of embarkation, and from the port of embarkation to their destination in Canada.

The soldiers' dependents who have never been in Canada will be treated the same as those who have.

A special officer will be in charge.

### WILL REVERT.

New Westminster, Jan. 20.—If the Legislature, as is anticipated, amends the Propositional Representation Act at this session in such a way as to give the City Councils of cities which have adopted the system, power to revert to the old method, it is almost certain that this is what will happen in New Westminster. This much may be guessed from the known inclinations of certain of the aldermen and the surmised attitude of others.

### TRADE FOR CANADA IN THE FAR EAST

But Canadians Must Go After It, Says James E. Hall, Vancouver

Vancouver, Jan. 20.—"I look for a big development in both the import and export trade of the Far East during the next decade," said James E. Hall, general manager of the Vancouver Milling and Grain Company, upon his return here from a four months' business trip to the Orient. "The old established channels and methods have in almost every case been dislocated as the result of the war, and many opportunities will be available for the establishment of trade between these countries and other parts of the world."

"With the quick service and low freight rates which, in my opinion, will be available in the comparatively near future, there is no reason why the people of Canada should not participate in this trade. It will depend entirely on their own initiative, however. If they wait for the business to come to them instead of, as our neighbors across the line are doing, going after it, they will get no further than they have done in the past."

"Japan will import large quantities of our lumber and wood pulp, steel and steel products and many other lines could be manufactured here to advantage. The great field for the future which is going to take place in China and that portion of Russia contiguous to the Pacific Ocean. Immediate action cannot be secured during the present period of readjustment, but foreign trade cannot be built up in a day, and no time should be lost if the manufacturers of Canada desire to participate in the trade which will be available in the future."

### LEAGUE OF NATIONS AS POSITIVE FORCE

Must Do More Than Merely  
 Settle Disputes, Says  
 Waldorf Astor

Service.)—If the League of Nations is to be a success, it must be positive as well as negative, according to a pamphlet issued to-day by Waldorf Astor, Parliamentary Secretary of the Ministry of Food. Co-operation between the nations, he says, will be of vital importance during the work of reconstruction, during which all the belligerent nations, with the possible exception of the United States, must expect an economic crisis.

"Co-operation between nations before the war was an exception," the pamphlet says. "It has proved to be the cause of the Allied victory; and must be the basis of a permanent peace. The League of Nations will not last long if its functions are exerted solely through courts or tribunals for the settlement of disputes after they have arisen. It must make the utmost use of every means of uniting nations for accepting common purposes and repelling common dangers."

**Economic Crisis.**  
 "All the belligerent nations, with the possible exception of the United States, will now have to face an economic crisis caused by the general disturbance of the markets, the uncertainty of prices and the breakdown of established Governments over a large part of Europe. The chances for international quarrels in competitive trade will be greater than ever. It is important, therefore, that the League of Nations be equipped with machinery to secure the utmost co-operation between nations in facing these common problems."

**Labor.**  
 "The responsibility for repairing the ravages of the war must fall upon the League of Nations. International labor problems confront the League, as even before the war labor and capital realized their interests were international. It will be of fundamental importance that in re-starting industry, the standard of living in civilized countries shall not be rendered unstable by the competition of sweated and underpaid labor. It probably will be necessary to secure this by international agreements, guaranteed by the League of Nations."

### MANITOBA PROVINCE AND SOLDIERS' ESTATES

Winnipeg, Jan. 20.—Hon. T. H. Johnson, Attorney-General of Manitoba, announces that the Provincial Cabinet has passed an Order-in-Council waiving succession duties on estates of Manitoba soldiers who died on active service.

It is stated also that Land Titles Office and Surrogate Court fees in connection with the probate of such soldiers' estates are handled by the law clerk of the Manitoba Returned Soldiers' Commission will be omitted.

### LAD WAS SHOT IN TORONTO STREET; YOUTH IS HELD

Montreal, Jan. 20.—William Sheen, twelve years of age, was shot and killed on Saturday night near a street corner here. Douglas Scott, aged seventeen, is held by the detectives as a witness. Sheen had been playing with other children and one of them states that a bigger boy claiming to be employed in a bank had showed them a large revolver, and pointing it at Sheen, pulled the trigger twice. The second time it exploded, the boy falling to the sidewalk and saying to his little brother, "Good-bye, I'm dead."

### 25,000 SHIPYARD MEN IN SEATTLE PLAN TO QUIT WORK TO-MORROW

Seattle, Jan. 20.—Seattle shipyard workers numbering 25,000, according to their demands for higher wages. All the Seattle yards were open to-day.

Reports circulated yesterday said it was thought some of the yards would close of their own accord to-day.

### CANADIAN GOVERNMENT RAILWAYS ARE GAINING

Toronto, Jan. 20.—As all the Government lines, including the Canadian Northern Railway, are now operated under the Canadian National Railway management as one system, the reports of earnings in future will cover the entire system.

The gross earnings of the Canadian National Railways during the week ended January 14 were \$1,429,453, indicating an increase of \$364,826 over those of the corresponding period of last year. The total gross earnings for the financial year from January 1 to date show an increase of \$725,795.

### A SPECIAL COURT TO TRY EX-KAISER

(Continued from page 1.)

against a company, but that the manager or director of a company can be punished.

"The Kaiser in the first place," says the report, "as King of Prussia, was president of the confederation by virtue of a special law in which human will did not enter. The German sovereign depended only on God and the sword. With such a conception of power it would be unjust in the highest degree to allow the ex-Kaiser to escape the responsibility for his actions; his responsibility for the war, for which, under the constitution the decision belonged to him alone; the responsibility for the violation of the neutrality of Belgium, which was willed by him; the responsibility for acts of terrorism by his troops, which he willed and ordered."

**Barbarous Savagery.**  
 The report quotes a letter from the then-Kaiser to the then-Empress of Austria, in the early days of the war, in which the German Kaiser wrote: "My soul is torn agunder, but everything must be put to fire and blood. The throats of men and women, children and the aged, must be cut and not a tree nor a house left standing. With such methods of terror, which alone can strike so degenerate a people as the French, the war will finish before two months, while if I were to use humanitarian methods it might be prolonged for years. Despite all my efforts, I have had to choose the first system."

"I" and "My."  
 The words "I" and "my" in the letter are italicized in the report. Modern law, the report continues, does not recognize irresponsible authorities, even at the summit of a hierarchy. It brings a state down from its pedestal and makes it submit to the rule of the judges.

"There can, therefore, be no question of saving from the judge a man who is, or was, at the summit of a hierarchy, either by the application of internal law or of international law," says the report.

Calgary, Jan. 20.—Alberta is to have an Industrial Research Bureau, which will mean much toward the development of the natural resources of the province and the manufacturing of raw native products within the local boundaries. This at least is the aim of an important gathering at the City Hall here on Saturday. The occasion was the meeting of the committee appointed by the late annual convention of the Union of Alberta Municipalities, the appointment of additional committeemen, including local men, and the appointment of a special committee to further the work of a provincial conference. Premier Stewart has consented to act on the last-named committee.

The provincial conference will be held at Edmonton just prior to the sitting of the Legislature.

The unanimous opinion is expressed that "the reciprocal confidence, publicly affirmed, guarantees the conclusion of future agreements in spite of unavoidable differences of opinion."

## TELEPHONE PARTNERSHIP

The making of even the most ordinary telephone call involves a partnership of at least three persons.

The effectiveness of the service depends on the degree of team-play existing between these three partners—the person calling, who co-operates by consulting the directory and calling by number always; the operator, by making the connection quickly, courteously and with the maximum degree of human accuracy; and the person called, by answering promptly.

The greatest satisfaction of service is attained when the second partner, the operator, is accorded the same consideration and courtesy which she is always anxious to show the other two members of the partnership.

MME. BRESHKOVSKAYA'S STORY.

Mr. Hawthornthwaite's recital at the meeting in the Columbia Theatre yesterday of the interview he had with Mme. Breshkovskaya, "the grandmother of the Russian revolution," will open the eyes of those sceptics who honestly doubted the reliability of the press reports of the terrible conditions prevailing in Russia and the monstrous villainy and incompetence of the Bolsheviks.

Mme. Breshkovskaya, whom the revolution liberated from imprisonment in Siberia, which altogether covered thirty years, for her revolutionary sentiments and activities, told Mr. Hawthornthwaite that conditions in Russia were almost beyond description. Ulanoff and Bronstein—Lenine and Trotzky, as they call themselves—had surrounded themselves with the gendarmes of the old regime directed by all the old officials who survived.

Lenine and Trotzky, who had obtained power largely through the use of millions of German money, Breshkovskaya said, did not care who suffered as long as they were provided for. Anybody who possessed anything, whether bourgeois or peasant, was mercilessly stripped of it. The large majority of the peasants were hopelessly illiterate and scarcely had seen a map of their own country. They had no idea of their strength or numbers and were helpless in the hands of the present bureaucracy.

Production and industry, the veteran Russian revolutionist pointed out, were paralyzed, for under the system of communistic anarchism which prevailed there was no co-ordination or co-operation between the various communes; there were confusion, waste and loss of markets, while the agencies of distribution and transportation were demoralized. Russia, in fact, was fast drifting to utter ruin and was in urgent need of help.

Mr. Hawthornthwaite's recital did not seem to please a part of his audience. Indeed, it appeared to rouse the wrath of some of the elements who no doubt hated to have their fond illusions shattered. The little illustration of the peasant who becomes bourgeois when he owns two horses must have been rather disturbing in its local application, for it suggests that if those who protested yesterday were in Russia they would be treated by the Bolshevik cut-throats as belonging to that hateful class. Paderewski said everybody who used a tooth-brush was considered to be bourgeois.

Mme. Breshkovskaya's story, while it may be more convincing because of the conspicuous association of its author with revolutionary activity in Russia—an association which won for her many years in Siberia while Lenine and Trotzky were dwelling comfortably in Switzerland and New York—adds little to what was commonly known. The proclamations of the Soviet leaders themselves, particularly those which a short time ago announced "mass terrorism" against all who did not accept their views or who showed any signs of decency and respectability, should have been sufficient to convince every person capable of reason of the nature of their methods. It is hard to imagine how even the intelligence of a child could fail to picture the disorder that was bound to follow attempts by such men as Lenine and Trotzky to administer by their methods a country so vast as Russia whose 180,000,000 people need more capable, efficient administration than almost any other people on earth.

DISTRICT ELECTIONS.

The interests of Victoria and the neighboring municipalities are closely inter-dependent and the elections in the three districts on Saturday, therefore, were followed with marked attention in the city. Good government in our immediate neighbors is an asset to Victoria in the same measure that the proper development of the surrounding district, which must follow good government, is an asset. And, it should be remembered, good municipal government in Victoria is just as directly beneficial to the neighboring municipalities, who are intimately concerned for the happy solution of the numerous problems with which the city is confronted.

The adjacent municipalities generally have had efficient administration. Their financial statements for the last year, in fact, were so favorable that they roused our envy. Reduction of the tax rates without increasing the assessment is so much of a phenomenon these times that we have felt like submitting a formal application for the sovereign recipe. Nor is there the slightest ground for

fear that the reports for 1919 will show any variation from the standard set in the past. The Reeves, Councillors and Trustees who have been elected are men of enthusiasm, ability and energy and have long been known for their activities in the interests of their various districts. Messrs. Wilson and Coles were returned by acclamation as chief magistrates for Oak Bay and Esquimalt respectively; Mr. Jones crowned a successful career as Councillor by winning the Reeve-ship of Saanich by a substantial majority. Incidentally, it might be noted that the material from which the electors of the municipalities made their choice embraced professional and business men of high standing, including some who have filled active roles in promoting the interests of Victoria and who are prominent in all movements for the up-building of the community. As long as the municipal life in the neighboring districts can attract candidates of that character they are bound to have the very best kind of municipal government.

LET RUSSIA IN.

That Russia must have some kind of representation at the Peace Conference is readily recognized on all sides. She played a mighty part in the war against the Central Empires for nearly three years, not only forcing Germany to divert to her eastern frontier an entire army on the eve of the battle of the Marne but, by destroying Austria's first and second armies, inflicting upon the Dual Monarchy a blow from which she never recovered. From the time she sent Samsouff's forces into East Prussia to relieve the pressure on France until Brusiloff's colossal drive, which in six weeks resulted in the capture of 450,000 prisoners, Russia suffered more than 7,000,000 casualties. The difficulty in regard to the Peace Conference is in the nature of the representation. Obviously, the outlaw gang which has been able to maintain itself in power by the Red Terror and with which no decent country will have any diplomatic relations cannot be permitted to name the Russian delegates, not only on account of its record but because it preaches not peace but war, and is even now conducting hostilities against Estonia, Poland and Courland.

It might be remembered, however, that the Constituent Assembly, the only elective body set up in Russia since the revolution, is still in legal existence, notwithstanding the fact that its deliberations were terminated by the bayonets of the sailors of Kronstadt and many of its members were murdered. Some of the survivors, however, are in parts of Russia where the Bolsheviks cannot get them, or in foreign countries. Why should they not select the delegates to the Conference? The Russian people do not want to be represented by the Bolsheviks and no doubt would be quite satisfied with representation chosen from members of their Constituent Assembly. If they are not represented at all they will feel deeply humiliated and utterly forsaken.

GO AT 'EM.

Mayor Porter announces his intention of taking in hand at once a number of outstanding questions concerning which there has been an avalanche of talk but relatively little action, and we venture the prediction that he and his colleagues will effect a satisfactory settlement of all of them.

There ought not to be any great difficulty in reaching a satisfactory agreement with the various interests regarding the two problems mentioned specifically by the Mayor—those affecting transportation and electric power and the Johnson Street bridge—if they are approached in the spirit of reasonable give-and-take, as all other negotiations, whether between municipalities and private corporations, labor and capital or nation and nation, are approached. Creating deadlocks and sacrificing the greater essentials for the sake of the minor ones is poor policy because it achieves no practical results.

In regard to transportation and lighting Vancouver found it could not have both a substantial reduction in the latter and retain the old rates of transportation, so it compromised in favor of cheaper power. No doubt a similar arrangement will be made here. In any case none of these matters can be settled by brandishing an axe. We have had plenty of this but the Johnson Street bridge remains unbuild and our electric lighting cost is as much as ever.

WILLIE AGAIN.

The crown prince's account of the war is not unlike Shakespeare's tale told by an idiot—"full of sound and fury, signifying nothing."

CONSOLATION.

Scotmen not unreasonably complain at times of the use of the word England when Britain is implied. However, there should be a solatium in the fact that their famed Firth of Forth is used to intern the German grand fleet.

LET THE GOOD WORK GO ON.

Some 2,500 dangerous weapons of most barbarous device were consigned to the ocean by the New York police. A similar service would be worth while here by denuding foreigners of their numerous lethal instruments and throwing them into the bay," says The Hamilton Spectator. Good! very good! but how about chucking in a few cakes of soap as well?

A BAD EXCUSE.

In the good old days of long ago a king said to his jester: "Fool, give me an illustration of the truth of the old adage, 'A bad excuse is worse than no excuse,' and be quick about it." The jester at once placed his arms round the King and kissed him most affectionately. The King waxed exceedingly wrath. "How dare you take such liberty, you insolent varlet!" he exclaimed. "I beg your Majesty's pardon," replied the jester, "I thought it was the Queen."

AGGRESSION.

"When the Germans approach the Belgians," said Col. House, at a luncheon, "when the Germans talk about guarantees against Belgian aggression I am strongly reminded of little Willie. Little Willie ran howling with rage to his mamma. 'That goat butted me!' he roared. The bad goat butted me in the stomach!' 'Are you sure you weren't teasing it?' his mamma asked. 'No, no!' wailed Willie. 'What would I tease it for? I was only just carried my name on its back with my own penknife.'"

LENINE-TROTZKY REGIME ROUNDLY DENOUNCED BY MME. BRESHKOVSKAYA

(Continued from page 1.)

mic standpoint, little better than that which existed under the old order of things which preceded the Revolution.

The Green-Eyed Monster. "As a life-long Socialist, with prison experience extending over three decades," continued Madame Breshkovskaya, addressing Mr. Hawthornthwaite, "I say to you that no words of mine can convey any idea of the reign of terror and bloodshed which now exists in my poor Russia. This condition does not only apply to the bourgeoisie; but it also applies to the working classes. The great mass of the peasantry is in revolt against the Lenin-Trotzky regime, and are fervently hoping and praying for a deliverer."

As an illustration of the state of mind in which the present "ruling classes" of Russia now find themselves, Madame declared that if a peasant owned two horses he would be promptly classed by the Bolshevik as a bourgeois and thereupon marked for summary execution at the will or whim of the local authority. In other words his life would be forfeited on the slightest pretext.

What Their Hopes Were. "The trouble commenced in this way," explained Madame to Mr. Hawthornthwaite, "when Trotzky arrived in Russia he brought millions of German money and the money was used, as you well know, for the purpose of spreading propaganda for the overthrow of the old regime. Pamphlets, newspapers and books of every description virtually flooded Russia. People received German money who had never seen any in their lives. When the overthrow of the Czar and his regime had been accomplished everybody hoped that a Socialist republic would be an accomplished fact, and that the land would revert to the people. Everybody hoped that an equal franchise would be established and that the industries of the country would be taken over, held, and operated collectively."

Nothing Without Order. "We hoped that order would be maintained," continued Madame Breshkovskaya, "because nothing can be accomplished without order. No words of mine, however, can describe the conditions of to-day; disorder and anarchy are rampant. It has been said that man can become mad with bloodshed, and I do believe that that is exactly Lenin's condition to-day. I believe he has gone insane. The great majority of the peasants and working people have absolutely lost faith in his regime. The impression is gaining ground rapidly among them that in the first instance he was simply acting as the Agent of Germany, and that he is now acting in the interests of the reactionary forces. Unless something takes place, there can be no question of doubt that Russia will once more find herself dominated and in control of the old regime."

The Same Old Gang. Madame related to her Socialist conferees that when the Revolution took place all political and other prisoners of the Czar were released, which she agreed was right and proper, as conditions under which they were incarcerated were too terrible to contemplate. "But what do we find now?" she asked of the British Columbia Socialist Member. "We find that Lenin and Trotzky are surrounded by the gendarmes of the old regime, directed by all of the old officials who are left. In addition to this extraordinary state of being all the criminal elements of the worst type are surrounding and supporting the Bolshevik administration. The terrible crimes of which you read and which are, of course, perfectly true, are not only committed by these police forces with the aid of the criminal elements for the purpose of bringing about a condition of affairs that will re-establish the Romanoffs once more on the throne."

Communist Anarchism. To his audience Mr. Hawthornthwaite gave a good deal more information than space will permit of recording. He declared that whether Madame Breshkovskaya's summing up of the situation was correct or not, he was convinced that the only designation which could be ascribed to the method of Government in Russia to-day was communist anarchism. No country, he said, could expect to find its feet when its controlling elements thrived on bloodshed.

Change of View D. The member for Newcastle found it a very difficult matter to convince his audience that the ideals cherished for several consecutive Sunday nights required to be "if any reliance were to be placed upon the statements of the 'Grandmother of the Revolution.'" And he had to confess that he considered Madame's "of the situation to be correct. Nevertheless Bolshevik converts did not take kindly to Hawthornthwaite's apparent willingness to dampen their ardor by shattering Bolshevik idolatry.

The majority of the Sunday night audiences had no more than one occasion deplored the lack of reliable information from Russia, and had flatly denounced the "capitalistic press" for prominence given to the chaotic conditions brought about by Soviet control. The same proportion of last night's audience was apparently satisfied with the information brought by one of the most remarkable women of her time, and will now probably readjust its "views" accordingly.

It was quite a "hot" meeting, but Mr. Hawthornthwaite's first hand details from a qualified source—not the "financially saturated" newspapers—was in satisfaction of a demand of repeated.

Every Socialist Duty. Concluding his address Mr. Hawthornthwaite declared that the statements of Madame Breshkovskaya appeared to him to be absolutely reliable. That being the case he conceived it to be the duty of every Socialist in the world to do everything that lay in his power to assist in bringing about conditions in Russia. The member for Newcastle likewise observed that whether Madame's statements as to Lenin and Trotzky were correct or otherwise, no other result could accrue from any form of communist anarchism but bloodshed, confusion and destruction.

is of great importance for the future of the Chinese Republic. LETTERS

RE ROCK BAY BRIDGE.

To the Editor.—I observe that there is a desire on the part of the newly-elected Council to settle their differences with the B. C. E. Railway at an early date. In conversing on electric day with a ratepayer who lives in the district, I promised him that if elected I would, in addition to reduced rates on electric lighting, advocate the company waiving their repeated objection to the erection of the bridge without an expensive draw. Since the advent of snows a draw is absolutely unnecessary and would simply be a waste of money to construct one. In return for this concession I would have supported withdrawing all the onerous clauses presented by the late council and grant a six-cent fare covering a transfer. There is no doubt that ratepayers on each end of the bridge have a grievance in having to submit to local improvements and other taxes without a thoroughfare. All that is required for a passage under this bridge is a span high enough and wide enough to permit of the snows and logs passing through. The tear and wear of the surface would be comparatively light on account of the preponderance of motor trucks and cars now in use. There should be plenty of second-class spruce on hand at the sawmills, and as this class of plank is the best to resist horse traffic, I feel sure in return for the convenience afforded, they would be willing to give a reasonable and cheap rate on this class of lumber. I throw out these suggestions for what they are worth and hope that immediate

## IN WOMAN'S DOMAIN

### SOCIAL SERVICE REPORT FOR YEAR

Observations Are Made by Board in Important Matters

"A growth in juvenile delinquency. The urgent need for raising the age of consent."

"The continued and growing menace to the moral and physical health of the community in the lack of any attempt to care for the mentally deficient."

"The need to insist upon the 'equal moral standard.'"

"The need of a Mother's Pension scheme."

Above are set out some of the observations of the Board of Direction and Control to the Social Service Commission for the thirteenth month ending January 1, in a report filed to-day.

The report says that a survey of the hotel and rooming house conditions within the central portion of the city has brought to light a situation demanding speedy action on the lines of a license system for these classes of premises, to replace the licenses which lapsed when Prohibition came into force.

Testimony is paid in the report to the work done by Miss Wark which is signed by Rev. H. T. Archbold, as Chairman.

Statistics show that 476 cases were dealt with, of which 267 were new cases.

Some results of the work are set out statistically as follows: Employment was found for fifty women and girls; four girls were committed to the Industrial Home; fourteen girls were sent to Social Service Homes, the majority of whom have made good progress, while many are now earning an honest living; eleven girls who passed through our hands are now happily married; homes were found for thirteen neglected children in private families and eight other children were placed in the Children's Aid Home; seven deserted wives and their children were cared for, and redress was obtained; eight illegitimate children were legally adopted into good families, while six others were cared for in other ways; the mother in each case was looked after, and when fit for work was placed in a situation; fifteen run-away girls were found and restored to their homes; forty-three girls were entertained in the Workers' Home, in some cases for several days; two hundred and seventy-eight families were helped in various ways, involving the welfare of 1,399 children.

The Board suggests a joint organization should be created to deal with the question of the mentally deficient, referred to above.

The financial statement shows that the total receipts were \$1,362.22, of which the churches raised \$936.15, the city grant was \$150, the society received \$267 from the Alexandra Rose Day, promoted by the I. O. D. E. and the Esquimalt Chapter, I. O. D. E. contributed \$10. A balance is carried forward of \$258.

False Alarm.—The Fire Department was given an unnecessary run at about six o'clock last night to answer a false alarm sent in from Box 19. The examination of firemen is still proceeding under the direction of Chief Stewart. It is stated that the men of the outside halls are showing slightly better results than the members of headquarters, largely because they have more time in which to study the purely technical subjects. The Chief, however, is thoroughly satisfied with the work of the whole department.

Annual Meeting Victoria Liberal Association will be held at Labor Temple, North Park Street, Wednesday evening, the 22nd.

### DIOCESAN BOARD MEETING

Rev. F. A. P. Chadwick Addressed Women's Auxiliary on Subject of "Unity." Interesting Reports.

The January meeting of the Diocesan Board of the W. A. was held in St. John's Schoolroom on Friday. Mrs. Penketh, Branch President, welcomed the board and gave the Bible reading. Mrs. Robertson, of McGregor, Manitoba, was an out-of-town visitor at the meeting.

A standing vote of sympathy was extended to four of the members, Mrs. Cummings, Mrs. Vincent, Mrs. Wells and Mrs. Farnet, in their recent sad bereavements. The usual reports were read. A very interesting letter from Mrs. Little, wife of a missionary at Peace River, was read by Mrs. Hancock, thanking the W. A. for kindness received during their visit to Victoria, and telling of the terrible havoc made among the Indians and halfbreeds of that district during the recent epidemic. She asked for books suitable for a children's library, donations for which may be left with Mrs. Heatherbell, Linden Avenue.

At the noon hour Rev. F. A. P. Chadwick spoke on Unity, both in the church, at home, and in the mission field. The leaflet secretary asked for more subscribers and that more interest should be taken in the leaflet. The subject of raising the apportionment of the Indian and Eskimo endowment fund was discussed. The treasurer reported receipts \$221.62; expended \$59.25.

Mrs. Schofield gave her impressions of the triennial meeting lately held at Winnipeg, and the subject of the Bible teaching in the public schools was spoken by Mrs. Schofield and Rev. F. A. P. Chadwick. Questions from the new study book were answered and some good points brought out.

Delegates to the meetings of the Local Council were Mrs. Watson, Mrs. Kirk and Mrs. Forben. The next meeting will be held on February 21 at Christ Church Cathedral.

Prominent Salvationist Here.—Col. Turner, of Winnipeg, Chief Secretary for the Salvation Army in Western Canada, is visiting the local headquarters for a few days and will conduct a special service at the Citadel to-night at eight o'clock. Col. Turner has been associated with the Army for nearly a quarter of a century and is a fine, eloquent speaker.

Raffle of White Fox Skins.—Raffles are being conducted for a number of beautiful white fox skins presented to the Red Cross by Captain Medley, of the Stephenson expedition. The skins are in magnificent condition, and the first and second prizes each consists of two very fine skins, which would make a handsome neckpiece of which any woman might be proud. Tickets for the raffle may be obtained at Gordon Drysdale's, Wilkerson's, Superfruits and at a number of the local stores.

### OLD-TIME RESIDENT DIES

Mrs. Hannah Jones, relict of the late William A. Jones, and one of the old-time residents of the city, passed away last night at her residence, 1259 Gladstone Avenue, after a lingering illness.

The late Mrs. Jones was born in Staffordshire, England, seventy-seven years ago and came to Victoria with her family in 1889. During her long residence in this city she has been associated with the Metropolitan Methodist Church, and though of late years declining health prevented her attendance, she never lost her deep interest in the church and its various charitable organizations. Her quiet life was marked by a Christian devotion, which endeared her to a wide circle of friends and won for her the esteem of the whole community.

She leaves to mourn her loss three sons and three daughters, Miss C. E. Jones and Mrs. J. A. Scott, of this city; Mrs. T. F. Robinson, of Truro, N. S.; and F. N. Jones, of Esquimalt. Drydock; H. V. Jones and E. B. Jones, of Victoria; also two brothers, Noah Shakespear, of Victoria, and Enoch Shakespear, of Nanaimo, and one sister, Mrs. George Cornforth, of Brierley Hill, Staffs, England; ten grandchildren and one great-grandchild.

The funeral has been arranged to take place from the family residence on Wednesday at 3 p. m. Rev. H. B. Osborne and Rev. A. B. Osterhout officiating.

The newly-elected members of the Saanich Council, as well as Police Commissioner Dempster and the School Trustees, were sworn into office this morning. ### Why Be Fat?

The answer of most fat people is that constant dieting is hard, continual exercise is tiresome, exhaustive—then, too, it might be harmful to force the weight down. That was the old-fashioned idea. Today in Marmola Prescription Tablets, all these difficulties are overcome. Just a pleasant, harmless little tablet after each meal and at bedtime causes fat to vanish. This modern method is absolutely harmless, entails no dieting or exercise, and has the added advantage of cleansing the system. A large case of safe Marmola Prescription Tablets is available at 75c. Or, if preferable, can be obtained by sending price direct to the Marmola Co., 406 Grand Blvd., Detroit, Mich. Show that you know this you have no excuse for being fat but can reduce this, then, by the Marmola method without fear of any ill-effects whatever.

**Saanich Schools**—Councillor Brooks, on his last visit to the Saanich Schools as Chairman of the School Board, found that about sixty-five per cent. of the pupils have been attending the classes, but that there is an immediate prospect of an increase to about eighty or ninety per cent. It is hoped that by the beginning of next month the attendance will be normal again, the only school now remaining closed being that at Gordon Head.

**Council Sworn In**—The newly-elected Saanich Council, was sworn into office before Judge Lampan this morning.

**Without Tail Light**—J. E. Houghton was fined \$5 by Magistrate Jay in the Police Court this morning for driving an automobile without a tail light.

## MUST REPORT ALL INFLUENZA CASES

### Penalty is Provided for Failure to Do So, Says Dr. A. G. Price

That people should be more prompt in reporting cases of Spanish Influenza is the opinion of Dr. A. G. Price, Medical Health Officer. Many cases are not reported at all, and this fact is responsible for the spreading of the disease to a considerable extent.

Instances have been reported of people calling on their friends to find out after they had entered the premises, that some of the inmates were

suffering from the disease. If the cases had been reported and the usual notice posted on the house, visitors would at least have the option of deciding whether or not they will enter. A good deal of criticism has been indulged in respecting the reports published in the press as to the number of cases reported to the Medical Health Officer, the contention being that the public is not fairly advised as to the true state of affairs. Dr. Price states that he can only give out for publication the facts as they appear on his records and if people will not report the cases, it is hardly fair to say that there is any attempt at misleading the public.

Dr. Price states that he has repeatedly begged the public to assist in dealing with the disease by reporting cases, but despite this fact there are apparently many who are not reporting. He calls attention to the circumstance that householders are required under Section 83 of the Health Act to notify the Health Officer within twenty-four hours of any contagious disease, and a penalty is fixed for failure to do so.

The daily average of new cases reported during the past few days is between twelve and fifteen.

## H. M. DIGGON WILL AGAIN BE CANDIDATE

### Will Run Next Year for Reeve-ship of Saanich Municipality

Defeated at the polls on Saturday in the contest for the reeve-ship of Saanich, Harold M. Diggon has determined to be a candidate for that position at the election next year.

In a speech delivered on Saturday evening, when the results of the election became known, Mr. Diggon congratulated C. B. Jones, his successful opponent, and stated that he would continue to take a keen interest in the affairs of Saanich. He explained then he had been defeated by superior organization to get the non-resident voters out to the polls.

This morning Mr. Diggon officially announced that he had definitely decided to run again for reeve at the next election, and in the meantime he would, as ever, give his best service to watch the welfare of the district.

## SHOULD BE RECOUPED IF FAIR PROVED LOSS

### Delegation From Vancouver Exhibition Management Waits on Executive Council

Since the year 1914 the promoters of the Vancouver Exhibition have stated that important event during the month of August. Many representations have been made by the farming communities that it be held in September on the ground that it is a much more convenient time for the tillers of the soil generally.

While the promoters are anxious to meet the farmer to the limit of their ability they know that if the Fair is held in September the balance sheet will show a loss of several thousands of dollars. This is borne out by past experience.

In 1914 with a grant of \$5,000 from the Provincial Government and \$2,500 from the Dominion Government, there was a considerable deficit. About \$8,000 on the right side has been the result when the Fair has been held in August.

A delegation appeared before the Provincial Executive this morning and explained this difficult situation with the suggestion that if the farmers are to be pleased and the delegation urgently desired this—it will be necessary for the Government to make a financial grant to recoup the organization from any losses that may accrue by the changing of the date.

The delegation was advised that the Government would take the question of grants to Agricultural Fairs into consideration with a view to including a vote at the forthcoming session of the Legislature and that the special recommendation placed before the Cabinet this morning would have particular attention.

Comprising the delegation were H. S. Rolston, J. Miller, E. J. Clark, W. C. Brown, E. S. Knowlton, E. H. Barton and G. S. Harris.

**Lieut.-Col. Bennett Coming Back**—Local friends of Lieut.-Col. C. C. Bennett, D.S.O., of Toronto, will be interested to hear that he is expected in Victoria shortly for a brief lecture, according to news received by his wife. Col. Bennett was in Victoria last fall, but was recalled to Toronto to assume the duties of A.A.G. at the headquarters of Military District No. 2. According to reports he is slated for another important post, but will spend a short leave in Victoria in the interim.

**General Leckie Unveils Picture**—An interesting incident in the opening of the Army and Navy Veterans' new headquarters on Saturday evening was the unveiling by Major-Gen. R. G. Edwards Leckie, G.O.C., of a fine picture presented to the club by Capt. Martin, R.N., former President of the organization.

VICTORIA NORTHWEST WORLD

AMATEUR HOCKEY HAS LENGTHY HONOR ROLL

All Eligible Members of Championship Team Have Served Country

Amateur hockey players, who are resuming their battles on Victoria ice for the first time since the arena was closed down and utilized to harbor troops, point with pride to the splendid record of men among their ranks who have had a hand in the big fight in France or other of the theatres of war.

Bill Hooper, who captained the Victoria City team, is back in the city. Hooper has seen a lot of service overseas but is looking in pretty good shape but so far his enthusiasm for the hockey game has been limited to that of a spectator.

Of the Y. M. C. A. teams that won the championship in 1912-13 every eligible single man has done his bit. K. G. Hennigar, who was manager of the team, went away in the spring of 1915 and is still in France. W. Young went over with the 67th C. W. Kelly, the rover of the team, joined the Flying Corps. Alex. Strain, left with the Artillery and H. Mackenzie served with the Flying Corps. He was in the air eight or nine hours at the battle of Jutland and has fought on the Western front, Italy and Salonica.

Aubrey Archibald, who was the popular captain of the team, has been unfortunate enough to lose his sight and is now at St. Dunstan's School in England, while Foster Archibald has lost the major part of his fingers on both hands. He is now travelling auditor for the Workmen's Compensation Board at Vancouver, but he says that if he can possibly get a grip on a hockey stick he will get back into the game.

The team of 1912-13 included many of the same players, but of the other men in the team should be mentioned, Lieut. C. E. Birns, who was killed in action. E. Routh, who has returned from overseas; W. J. Cook, the president of the club, who left with the 88th Battalion and is believed to have passed through without a scratch; J. A. Chalton, who returned with a wound in the hand; Roy Archibald, Bill Newton and A. H. Wilkerson are all awaiting discharges from the army.

Of the other players in the league, Frank Gallinger, who played for the North Ward when that team won the championship, has been killed in action.

MIKE MITCHELL Mike Mitchell, who tended goal for the Victoria team and afterwards graduated into pro hockey and played for Portland, has also paid the supreme sacrifice. Red Lusting has been invalided home and H. S. McLean is another 88th man overseas who played for the B. C. Telephone Company.

Walter Lorimer, the vice-president of the Victoria Hockey Association in the first year of its existence, has recently returned to Victoria from overseas.

WIN OR LOSE GENGE RETAINS THE SMILE Even in a Mix-Up the Hefty Aristocrats' Defence Man Enjoys It

Ice hockey is a serious business with the towering defence man of the Aristocrats' septette, Bobby Genge. When the popular local boy steps on the ice in one of the clashes in the Pacific Coast race he is playing serious hockey, working hard and showing everything he knows to get the puck into the net no matter whether his side has a six-goal lead, or are in some strenuous overtime play for the deciding counter. To see Genge with his perpetual smile it seems a paradox to speak of his seriousness, but if there is any player with his heart and soul in the success of the team he is playing for, it is Bobby Genge. Being a Victoria boy he has a large following of the fans, and when he stepped back into the game after two or three seasons lay-off, his supporters were watching anxiously to see if he would be able to get back into his hockey stride. He carried the best wishes for his success of nearly everyone of the Victoria fans, and when he came on in the first game, a flaming "That's the stuff, Bobbie," and "The

LANCASTER AND WESTS PLAY TO DRAW GAME

Extra Time is Played in Exciting Match on Saturday

A large crowd gathered to witness what was considered to be the best two teams in the competition at Beacon Hill on Saturday, Nickells, for the Lancaster team won the toss, and decided to take the slope. The Wests played three forwards. The sailors, with this advantage, were beginning to get dangerous when Peden and Sherratt came on and immediately Johnny Peden made a shot at goal which was easily cleared. Down went the Lankys and forced a corner, from which the outside left put through the goal, Shandley letting it go through. The referee pointed to the centre. The Wests strenuously protesting, he called his linesman and was convinced no second player touched it, consequently giving a goal kick. The teams were evenly matched, first one side, then the other pressing. Mercer was nicely put up by Baker when going for goal at the other end. Youson was nearly through when the Lankys' goalkeeper kept the ball off his toes. The Lankys' came near scoring, but Shandley saved well from Nickells. At half-time there was no score.

BOBBY GENGE

Second Half. The Lankys started to press right from the start and Whyte left his place to meet the left wing, and Nickell met the centre and tapping it past Shandley amid a great roar from the ship supporters. On restarting the Wests were very determined and Youson raced past all opposition to the goal, but Shandley saved well from Nickells. At half-time there was no score.

Extra Time. The referee called for extra time. The Wests under the circumstances, did not agree, but eventually they consented. Again, right at the start, Shandley made a brilliant save from Nickells. Away went the Wests and before taking the ball, the game was a mix-up between McKay and Whyte. The last fifteen minutes was played amid great excitement, but the end came one all. What Shandley had to do was all hard and he did it well. Whyte was the best back on the field. Baker, McKay and Thomas all doing well at half. McKay watched and tackled Nickells in a manner which left little ground to be gained to do much. The Wests' forwards all did well, Mulcahy and Youson being the pick but missing Peden very much when the overtime was played. For the Lancaster Samuelson played a great game. The centre-half of the Lancaster is always on the go and played a fine game. Mercer and Nickells were good but were outplayed by McKay and Baker. The outside left got in a lot of useful work and certainly was the Lancaster's best forward. Considering Peden, the Wests did well to hold their opponents in the final stages. Payne had a hard game to referee, being up against a very excited crowd, as well as the game itself, but the spectators were sure that money's worth, all being of the opinion that it would have been hard to lose for either team after such an exhibition. The teams were evenly matched and anything might have happened, especially if Peden had been on all the time. The crowd will await anxiously the meeting of the same teams again.

VICTORIA SEPTETTE IN FOR BUSY WEEK

At Vancouver To-night, Seattle Wednesday, and at Home Friday.

The Aristocrats are in for a busy week of hockey in the Pacific Coast race with the home game on Friday against Vancouver making the third game in five days. To-night on the Mainland ice they will have an opportunity to wipe out the two defeats administered by the Millionaires, and before taking his team over Lester Patrick announced that the Aristocrats would adopt the same tactics against the Vancouver aggregation that they used to beat Seattle here last Friday. Patrick will travel with the team, and direct the play from the sidelines until he is in shape to get on the ice himself. The effect of his presence was seen in the last game, and the supporters are confidently expecting that by the time the team gets back to Victoria they will have moved from their position on the league chart. With the ice at Seattle evidently suitable to the heavy men of the Aristocrats, chances for points look good for Wednesday. The old fighting spirit will be there Friday when the Millionaires come over, especially if the Aristocrats manage to hang up the most counters to-night.

Ottawa, Jan. 20.—Trustee Foran, of the Stanley Cup trustees, has ordered the N. H. L. to curtail its playing season so as to permit the play-off with the Pacific Coast champions before March 12. The order of the trustee was considered at Saturday's meeting of the league in Montreal. Owner Kennedy wants to continue the schedule, while Ottawa and Toronto would like a rearrangement of dates so as to permit a play-off. Tom Gorman, of the Ottawas, was delegated to discuss with Mr. Foran the best way out of the difficulty. That there will be some change in the schedule appears certain. It is not unlikely that the schedule will be altered, so far as the number of games goes, and divided into two sections with Canadians now practically certain to win the first half.

TWO AMATEUR HOCKEY GAMES FOR TO-NIGHT

The most exciting fight in the amateur hockey race promised to-night in that between the Senators and the Foundation Company. The Foundation Company got the decision over the Senators last time, and the Senators had little difficulty with the Two Jacks, and on the form shown by the two teams there should be little difference in the score this evening. The Two Jacks and the Elks will provide the second game.

Duluth, Minn., Jan. 19.—Mike Gibbons, of St. Paul and George Chip, of New York, have signed to fight ten rounds base, February 15, it was announced to-day.

FRAGMENTS WALK OVER YARROWS FOOTBALLERS

The game at Oak Bay on Saturday between the Fragments and Yarrows turned out to be a walk away for the home team to the tune of six to nothing. The Yarrows team turned out with nine men, so that Referee Masters, with the consent of the rival captains, delayed the kick-off for ten minutes to allow them to field a substitute in goal for Baker, who is trying to fight off the "flu." Yarrows won the toss. Townsend kicked off, passing the ball to McIlmoyle, who took it down and shot past for a goal kick. The Fragments played fine combination and, after a good try by Bloom, which just failed, Southern opened up the scoring with a shot that would have beat many custodians. Douglas appeared in the field at this juncture for Yarrows, but the Fragments seemed like mud larks were not to be held, and Bloom and Southern each added further tallies before the whistle blew for half time. In one of their brief excursions to the home goal, Douglas missed a fine chance tally.

The second half was a repetition of the first, the Yarrows trying hard, but without avail. McIlmoyle put in numerous splendid centres one from the goal line near the corner flag, passing under the bar and adding the fourth goal. Townsend went through on his own, outrunning all opposition and easily scoring the fifth. Pitts netted the sixth by heading a good centre from McIlmoyle into the net. Yarrows played their usual hard game, but the Fragments apparently had struck their stride and on the day's play were easily the better team.

GARRISON TIES WITH FOUNDATION ELEVEN

Soggy grounds at Work Point prevented a high class of football in the game there between the Foundation and Garrison Soccer teams on Saturday. After some close play the final score stood one to one, and no overtime was played. In the first half neither side could score, and not until a considerable part of the second period had passed was the first tally registered. Hillier, taking the kick on a penalty by the Garrison, and bulging the net. The Garrison, with one goal against them, played their hardest to catch up. Though the ball often came dangerously near either goal, shooting was difficult on the muddy grounds. Less than three minutes from full time, however, Gale got in a beautiful kick from near the side line and Fillmore was right there to head it into the goal, making the tally even.

Matches May Be Played Between Seattle and Victoria as Formerly

Seattle, Jan. 19.—While there is in progress from one end of the country to the other a discussion on the question of resumption of old golf links—national, sectional and interclub—President Josiah Collins, of the Seattle Golf Club, announced several days ago that his club is going to do a bit of "resuming" itself. Among the first things to be taken up will be a renewal of the old rivalry between the Victoria and the Seattle Club teams.

Maple smashers have been quick to seize the opportunity to indulge in the game since the opening of the Arcade Alley in the Pemberton Block, and seven teams are included in the schedule of games drawn up to April 3. Three games have already been played. Now that the players are getting sorted out a little stricter. At a meeting of the captains of the different teams held in the Arcade Alley it was decided that for the first two games of the series any team was to be allowed to use any city bowler provided he had not signed up with any other bowling team. After the first games seven men had to be entered from which to pick the regular teams. Changes will not be allowed without the sanction of all captains. The Pressmen and the Foundation Company are tie for first place, having won two and lost one game each. The following schedule was drawn up for the season, and the captains who will lead the respective teams for the cup are: Foundation Co., Jameson; Victoria Wests, Fairall; Garrison, Taylor; Elks, Brooks; Pressmen, W. FRAGMENTS WALK OVER YARROWS FOOTBALLERS

The game at Oak Bay on Saturday between the Fragments and Yarrows turned out to be a walk away for the home team to the tune of six to nothing. The Yarrows team turned out with nine men, so that Referee Masters, with the consent of the rival captains, delayed the kick-off for ten minutes to allow them to field a substitute in goal for Baker, who is trying to fight off the "flu." Yarrows won the toss. Townsend kicked off, passing the ball to McIlmoyle, who took it down and shot past for a goal kick. The Fragments played fine combination and, after a good try by Bloom, which just failed, Southern opened up the scoring with a shot that would have beat many custodians. Douglas appeared in the field at this juncture for Yarrows, but the Fragments seemed like mud larks were not to be held, and Bloom and Southern each added further tallies before the whistle blew for half time. In one of their brief excursions to the home goal, Douglas missed a fine chance tally.

GARRISON TIES WITH FOUNDATION ELEVEN

Soggy grounds at Work Point prevented a high class of football in the game there between the Foundation and Garrison Soccer teams on Saturday. After some close play the final score stood one to one, and no overtime was played. In the first half neither side could score, and not until a considerable part of the second period had passed was the first tally registered. Hillier, taking the kick on a penalty by the Garrison, and bulging the net. The Garrison, with one goal against them, played their hardest to catch up. Though the ball often came dangerously near either goal, shooting was difficult on the muddy grounds. Less than three minutes from full time, however, Gale got in a beautiful kick from near the side line and Fillmore was right there to head it into the goal, making the tally even.

LANCASTER AND WESTS PLAY TO DRAW GAME

Extra Time is Played in Exciting Match on Saturday

A large crowd gathered to witness what was considered to be the best two teams in the competition at Beacon Hill on Saturday, Nickells, for the Lancaster team won the toss, and decided to take the slope. The Wests played three forwards. The sailors, with this advantage, were beginning to get dangerous when Peden and Sherratt came on and immediately Johnny Peden made a shot at goal which was easily cleared. Down went the Lankys and forced a corner, from which the outside left put through the goal, Shandley letting it go through. The referee pointed to the centre. The Wests strenuously protesting, he called his linesman and was convinced no second player touched it, consequently giving a goal kick. The teams were evenly matched, first one side, then the other pressing. Mercer was nicely put up by Baker when going for goal at the other end. Youson was nearly through when the Lankys' goalkeeper kept the ball off his toes. The Lankys' came near scoring, but Shandley saved well from Nickells. At half-time there was no score.

Second Half. The Lankys started to press right from the start and Whyte left his place to meet the left wing, and Nickell met the centre and tapping it past Shandley amid a great roar from the ship supporters. On restarting the Wests were very determined and Youson raced past all opposition to the goal, but Shandley saved well from Nickells. At half-time there was no score.

Extra Time. The referee called for extra time. The Wests under the circumstances, did not agree, but eventually they consented. Again, right at the start, Shandley made a brilliant save from Nickells. Away went the Wests and before taking the ball, the game was a mix-up between McKay and Whyte. The last fifteen minutes was played amid great excitement, but the end came one all. What Shandley had to do was all hard and he did it well. Whyte was the best back on the field. Baker, McKay and Thomas all doing well at half. McKay watched and tackled Nickells in a manner which left little ground to be gained to do much. The Wests' forwards all did well, Mulcahy and Youson being the pick but missing Peden very much when the overtime was played. For the Lancaster Samuelson played a great game. The centre-half of the Lancaster is always on the go and played a fine game. Mercer and Nickells were good but were outplayed by McKay and Baker. The outside left got in a lot of useful work and certainly was the Lancaster's best forward. Considering Peden, the Wests did well to hold their opponents in the final stages. Payne had a hard game to referee, being up against a very excited crowd, as well as the game itself, but the spectators were sure that money's worth, all being of the opinion that it would have been hard to lose for either team after such an exhibition. The teams were evenly matched and anything might have happened, especially if Peden had been on all the time. The crowd will await anxiously the meeting of the same teams again.

FOUNDATION COMPANY BOWLERS WILL MEET PRESSMEN THURSDAY The league bowling game between the Foundation Company and the Pressmen has been postponed till Thursday night. "Bill" Bell, the genial captain of the Pressmen, is out of town, and it was a sure case of defeat without "Bill." Joe Mitchell, that sturdy young bowler who bowls for the Foundation Company, had several good scores on Saturday at the Arcade Alley, one of them being 249. Joe is just getting into his old time form, and before the season is over will make them all step with that slow curve of his. Fairall, of the Victoria Wests, is also coming back and made several 200 scores Saturday afternoon. It is expected that Grant will be on deck for Thursday night's game, and should strengthen his team considerably. Tuesday's night's game should be a good one when the Dominion Carton Company's team, under the leadership of Harvey Jameson, go against the Victoria Wests. The Carton's should be in top form with those new bowling shoes. The "Elks" have a good bunch of "turkey getters" in Brooks, Swain, Webster, Patterson, Puggie, Spence, Riley and Brown, and the Garrison team will have its hands full on Wednesday night. The padre ended the sermon with these words: "My boys, in hell there are nothing but chorus-girls and Scotch whisky." A tired voice in the rear rank was heard to murmur: "Oh, death, where is thy sting!"

Must Have Been Camouflaged.—Writing from a Canadian Reserve Battalion in England, a Victoria soldier sends a menu of the Christmas Day dinner for the Canadian troops in England. According to the printed menu which contains a Christmas greeting from the Minister O. M. F. of Canada, roast turkey, plum pudding, roast beef, ham, pies and other delicacies were to be served to the men, but the satirical description of the menu is given by the soldier as follows: Breakfast—Rolled oats, minus milk and sugar; scrambled eggs and bacon (egg powder and bacon minced); bread, (margarine and coffee, minus milk and sugar). Dinner—Soup, hung on the wire, for it didn't arrive; roast turkey (my portion a few rhines of beef); potatoes, (absent without leave, or hadn't been dug yet); vanilla sauce (flour mixed with water). Supper—Consisted of a wee bit of cold ham, bread, margarine and half a cup of tea. The fellows were so badly fed up by this time that they raided the cook house and came away with everything that was in it. So although the menu looked inviting enough it turned out otherwise.

Surprise Party at Esquimalt.—A merry party of about fifty, including returned soldiers and members of the naval forces and their lady friends, invaded the home of Mr. and Mrs. Geo. Martin, 1147 Old Esquimalt Road, on Friday. The party was headed by Mrs. Chapman, of Courtenay Street, and most of the ladies were in fancy costume. A delightful informal programme of music was given by a trio from the Lancaster band, assisted at the piano by Miss Margaret Cairne, W. Falph and H. J. Tarling. At 11 p.m. the party sat down to a delicious supper, and at its conclusion the entertainment was resumed until 1 a.m. when the guests departed after the singing of Auld Lang Syne. The guests included the Misses Bella Spouse, Terry Bourne, Dora and Violet Green, Ethel and Doris Craighton, Florence McNair, Frieda Hasenfrat, Jennie Thomson, Marjorie Carne, Margaret Marsh, Marguerite Deen, Irene North, Jessie Chapman, Helen Beaton, the Misses Martin, Misses M. ### MANY SIDES TO HALF HOLIDAY QUESTION

Suggested Early Closing Every Day Would Be Better Substitute

The fact that the half-holiday referendum brought defeat to the advocates for Saturday, both this year and last by a majority of about one hundred and fifty votes, showing that there were nearly the same number in favor of Saturday as there were in favor of Wednesday, has resulted in a good deal of discussion as to the merits of the proposals for something should be done to meet the evident wishes of both sides to the question.

One of the aldermen stated that this fifty-fifty result proved conclusively that neither day was acceptable generally, and he was strongly of the opinion that the question of granting holidays to employees should be strictly a matter of arrangement between employer and employee as to the most convenient time.

### SAVS TARIFF WILL BE CHIEF ISSUE

Senator Watson Declares Western Farmers Still Oppose Protection

"The tariff will be the principal issue at the forthcoming session, so far as Western members are concerned." This is the opinion of the Hon. Robert Watson, the well-known senator from Manitoba, who arrived in the city on Saturday afternoon for a three weeks' stay here.

Mr. Watson, in the course of a talk with The Times representative yesterday, stated that the farmers of the prairie provinces are just as emphatic to-day as they ever were for a downward revision of the tariff. They will make a strong fight for facilities to import agricultural machinery freely. In this way, he says, there is likely to be a sharp cleavage of opinion again between the western agricultural interests, thoroughly consolidated in their associations, and influentially represented on the floor of the House, and the Eastern manufacturers.

The other great issue which is likely to engage the attention of Parliament, in the opinion of Mr. Watson, that of the repatriation of the soldiers is likely to attract itself more readily than some people expect who are busy with schemes of all kinds to this end. He thinks that so far as the prairie provinces are concerned, a very large number of the returning men will resume their occupations, and that the balance, mainly men unfit, will be cared for in institutions.

"You have to bear in mind," he said, "that there has been practically no immigration for more than four years, yet, prior to the war, Canada was able to absorb many thousands of men in her new areas each year. This is a vast country full of boundless opportunities, and there is no reason why we should not absorb the returning men who are willing and able to work during the years which must elapse prior to any substantial movement of people from Europe. I think we can face this issue with much greater confidence than what could be gathered from the confused state of public opinion on this subject at the present time.

### ESQUIMALT COUNCIL SOMEWHAT CHANGED

### REAL COMEDY AT ROYAL VICTORIA

"Twin Beds" is Laugh Play Which Will Amuse Throughout

No play ever came to Victoria which has so thoroughly aroused the theatrical appetite as has "Twin Beds," Salisbury Field and Margaret Mayo's funniest of all funny plays, which will open an engagement of two nights at the Royal Victoria Theatre to-night, under the direction of A. S. Stern and Selwyn Co., the well-known producers of so many big hits. "Twin Beds" is said to be the laugh play of the century and to give new meaning to the joy of living.

Its success has never before been equalled in the history of the stage. Not content with its long run in New York, it went to London and Australia, and so pronounced was its success that it was conceded to be the best comedy written in the last twenty years. This year it will be produced in Rome, Paris, Madrid, South America and South Africa.

The people whose destinies "Twin Beds" concerns are all distinct social types—familiar, amusing and refreshingly delineated. The Signora Monti, who had the foresight to marry an Italian cabaret tenor and elevate him to the \$2,000 a night class at the Metropolitan Opera House, is an original

creation and a very funny one. The Signor himself, with his constant susceptibility, is equally amusing. The two newly-weds, the one a model of a husband, the other the suspicious wife, and last, but by no means least, Norah, a gem of a maid with a strict mania for obedience, make up the company whose vicissitudes the authors have made so overwhelmingly amusing.

The company that will be seen here is the one organized especially to play all the prominent cities of the Middle West and Pacific Coast and recently played two weeks at San Francisco at the Columbia Theatre, and the Mason Opera House, Los Angeles, its fourth time in those cities to the largest business in the history of the play.

### SCREEN ADAPTATION OF FAMOUS NOVEL

"Riders of the Purple Sage" Will Occupy Dominion This Week

Playing the part of Lassiter, William Farnum will be the attraction at the Dominion, beginning to-day, in a screen adaptation of Zane Grey's famous novel, "Riders of the Purple Sage."

In this virtue drama of pioneer days in Utah Mr. Farnum portrays the part of a Western gunman—not the vicious type of killer, but one who, like a devastating angel, swept through the countryside of the early Mormon settlement and made his name a terror to right a great wrong.

Laid in Utah in the days when unscrupulous leaders of the Mormon church were trying to foist polygamy on their followers, the story has to deal with the abduction of a girl by a powerful dignitary of the church, the life-long hunt of her brother for the guilty man and the final accounting when Lassiter, as played by Mr. Farnum, avenges the great wrong on the honor of his sister in some of the strongest scenes ever shown on the film.

The closing scene of this thrilling drama of the great Western desert is staged in the mountains, in a spot of stupendous natural grandeur. To save a girl and her sweetheart from a force of pursuing Mormons, a huge rock is

dropped down a sheer cliff, causing to death many of the horsemen and sealing up the fleeing couple in a valley forever.

Running through the entire picture is a powerful, absorbing love story that breathes the ruggedness and the wholesomeness of the great West and affords an admirable opportunity for Mr. Farnum to delineate those sterling manly qualities which have already made his fame secure.

### WINNING OF BEATRICE AT VARIETY THEATRE

Metro Picture Here Starring May Allison in Attractive Theme

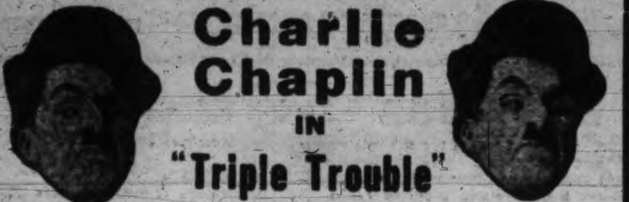

That a young woman may become a capable business woman and yet retain her girlish charms is proved in "The Winning of Beatrice," a Metro All-Star series, starring May Allison, which will be the attraction at the Variety, commencing to-day.

Beatrice Buckley, played by the star, is an expert candy maker and is famed among her friends for her sweets. After her wares are sold at a war charity bazaar, she becomes even more famous and this leads to her eventually becoming a large scale manufacturer of confectionery. She is assisted by a young advertising man and a delightful romance develops between the two.

"Beatrice" is an altogether charming young person, and the winning of Beatrice is by no means an easy matter. There is plenty of competition, as that bustling young advertising man, Robert Howard, finds in "The Winning of Beatrice." The society bud (played by dainty May Allison), is "all girl" of the most approved type, but when the time comes for her to show her mettle, she quickly becomes a self-reliant, radiant young woman, with a real head for business.

The fact that Beatrice is a business success (and; making is her specialty) does not prevent her from being an adorable creature. Women sometimes are that way, you know. Beatrice not only supports herself, but she also makes the head of a big trust come to her terms, and she succeeds in clearing her father's memory.

### ROMANO PRESENTS

MARY MILES MINTER

"The Eyes of Julia Deep" Will Be Attraction for Three Days

"The Eyes of Julia Deep," a five-reel comedy drama featuring delightful little Mary Miles Minter, will be presented at the Romano for three days commencing to-day. The story was

written by Kate L. McLaurin and directed by Lloyd Ingraham.

In brief, "The Eyes of Julia Deep" is a comedy drama having to do with a little girl who sits at the exchange desk of Timothy Black's store and listens to complaints by day, and at night she tries to instruct herself by reading books in the library of young Terry Hartridge, a gilded youth. How the little girl at the exchange desk effects a reformation of Terry Hartridge; how Dan Cupid puts a finger in the pie; how an eccentric but wealthy old maid is the unconscious medium to point out the highway to happiness, are but incidents in a production full of smiles and tears.

Every opportunity is given Miss Mary Miles Minter to enact what many believe to be the most versatile role of her popular career.

The American Film Co. has selected a company of high-priced and versatile players to support the vivacious little star in her latest and what is said to be the best play.

## ORIENTAL DANCING PANTAGES FEATURE

Charming Kyra and Company  
Head New Bill of Superior  
Merit This Week

The bill of Pantages vaudeville this week is full and satisfying. At the matinee performance this afternoon it developed a great many good points, and will probably be one of the most popular offerings of variety acts to be seen here for many weeks. There are new and outstanding acts like Kyra, the remarkable dancer, that are being seen in this city for the first time; then again there are acts that are of known popularity through having been here before, like Laurie Ordway, for instance.

Laurie Ordway is one of the most popular English comedienne to have toured this continent. She has made a phenomenal success in her "native heath," and her experience on the American continent has even added more brilliancy to her career. She has the charming faculty for knowing her audiences and she gains a lot of credit through this ability in the personality of presentation. She has the clever English way of getting out all the fun there is in her act, and her audiences like her for that. She will be one of the big drawing cards of this week of vaudeville.

Miss Lois Kyra offers the headline attraction in a series of dance interpretations through the medium of graceful and artistic motion. She gives undoubtedly an outstanding example of the art of portrayal of emotion and idea through the medium of the dance. She gives three wonderfully appealing solo numbers, of which her "Death of the Cobra" dance is the climax, and three numbers in concert with three pretty and clever girls. The settings are on an artistic and elaborate scale, and the music is appropriate and effective.

James Grady and Company express sentiment and humor in their sketch entitled "The Toll Bridge." James Grady never fails to play strongly on the heart strings of those in the audience, and he maintains the warm interest of his plot with the strangely convincing humor of a real live character.

"The Girl in the Moon" is one of the particularly attractive offerings of the bill. It is a pleasingly spectacular act presented by Jennie McLaughlin, a dainty little songstress who has a novel way of introducing herself very closely to her audience by riding over their heads in her new moon.

A straight comedy act is supplied by Adams and Gull in blackface, who dish up a lot of fun with their cross-fire talk and song patter. They make an amusing combination and a strong hit.

Harry Wilson possesses a fine bass voice and the faculty of making a strong appeal with his repertoire of well selected vocal numbers.

Added to this good bill is shown the eighth chapter of "A Fight for Millions," which is called "In the Clutches." This expresses in its own way the possibility for thrilling action.

## TWO NIGHTS OF GENUINE COMEDY

Antoinette Roche, who stars in "Twin Beds" at Royal Victoria to-night.

### ROYAL VICTORIA

The shocking brutalities committed by Hun troops with the sanction of their officers, in all sections conquered by them, are revealed with startling realism in Dorothy Dalton's latest photoplay, "Vive La France!" which will be shown at the Royal Victoria Theatre four days, commencing on Wednesday.

In this superb theatre, produced under the supervision of Thomas H. Ince, Miss Dalton portrays the role of a motion picture star whose parents are foully murdered by Hun soldiers and who returns to her native place in France. She meets there an army cinematographer who formerly was attached to her motion picture company as leading man, and when he accepts a dangerous mission from his commanding officer, both are involved in a series of unusually dramatic situations.

The faithfulness of the Huns and their methods of spreading the doctrines of German kultur and schrecklichkeit among the people conquered by them, form the basis of this dramatic story written by H. H. Van Loan and pictured by C. Gardner Hunting. There are numerous battle scenes of tremendous power, including

a bombardment and a charge by French troops which are said to be unusually effective. Another strong scene is that in which Genevieve Bouchette, the girl impersonated by Miss Dalton, is wantonly branded with "the cross of shame" by a brutal German officer as a token of her degradation.

Miss Dalton is finely supported by capable players, including Edmund Lowe, Frederick Starr, Thomas Guise and Bert Woodruff.

On the same programme will also be shown Charlie Chaplin in "Triple Trouble." This offering presents Charlie in one of his funniest roles, and is entirely new, being the first time that it has been shown in this city.

### "LONELY WOMAN" IS COLUMBIA FEATURE

Belle Bennett Takes Star Role  
in Triangle Photo-play

Have you ever sat at a great play where the story seemed to strain the nerves and play upon the heartstrings with a power that absorbed every ounce of your being? Have you felt that great emotional stir that makes you say later to your friends, "I have seen a great play?" Then you will know again what that sensation has been when you see Triangle's great play of human emotions and human suffering, "The Lonely Woman," which will be shown at the Columbia to-day.

"The Lonely Woman" is a story of woman's love and loyalty; of faith and of prayer; of unshaken belief in the character of the man she loved, and undying devotion to the cause of his acquittal and exoneration.

While the man lingered in the Tomb, paying the penalty of another man's crimes, in tears and agony his wife, Martha, took up the hunt for the guilty man. Intuition brought her to a Hudson River town within an hour's ride of New York. There she pitted the village drunkard, Jim Ransom. Gradually a conviction dawned on her consciousness. She prayed for the miracle to happen.

The sullenness of Jim Ransom gave way to gratitude and gentleness. But the Hudson River town became suspicious of "the mysterious" Martha Sellers. The citizens discovered that she was receiving letters from Ossining prison, more commonly known as Sing Sing. They hounded her. Life became unbearable. The events that follow, concluding with the confession of Jim Ransom on his death bed, releasing Martha's husband, are thrilling in the extreme.

### INVESTIGATE CHARGES AGAINST FAMOUS STAR

Seattle, Jan. 20.—Rigid investigation of the charges made by the Cincinnati Baseball Club against Hal Chase is being conducted by John A. Heydler, president of the National League. During the latter part of last season Chase was summarily dismissed from the Reds by Christy Mathewson, the manager. It was alleged at that time that Chase had been mixed up in an episode detrimental to baseball.

While Mr. Heydler would shed no light upon the status of Chase nor give any information as to the character of the investigation, it is certain the star first baseman is in a most delicate position as far as baseball is concerned.

Whatever the decision reached by Mr. Heydler there should be no reason for any tempered verdict. Thirty years ago baseball officials made it clear that baseball could have no connection with gambling and survive. The greater the star the greater the evil.

## "ALI BABA" TO APPEAR AT ROYAL VICTORIA

Pantomime in Aid of Red Cross  
to Be Staged Next  
Month

Active preparations have been under way for some time past for the production of a big pantomime at the Royal Victoria Theatre on February 24, 25 and 26, the proceeds of which are to be devoted to the Red Cross funds. The pantomime will be based on the story of "Ali Baba and the Forty Thieves" from the Arabian Nights and the production will be presented with all the colorful atmosphere of the Orient.

The charm of this fairy story of the Arabs will be enhanced by especially alluring music, tuneful choruses and attractive ballets, the whole spiced with humorous situations and clever witticisms. Miss Barbara Fay is acting as stage manager and ballet mistress, and in her capable hands the production bids fair to be an outstanding success. A number of beautiful ballets have been arranged, as well as solo dances and "specialty turns" to appeal to both children and grown-ups.

In the cast as principals will appear J. W. Davis in the title role—a newcomer to Victoria audiences, but with considerable experience in dramatics; Miss Barr as Morgiana, the slave girl; W. Cobbett as Mrs. Cassim; George Menelaws as Hassarac. John Darbyshire will act as musical director, and Miss Kate Webb will fill the role of pianiste, while the scenic effects are in the hands of Messrs. Menelaws and MacMillan. The chorus is to include one hundred voices.

The costumes, which will be one of the most important features from the spectacular point of view, is to be undertaken by the Clarence Cleaners of Yates Street. This enterprising firm recently purchased the very extensive wardrobe of the Royal Italian Opera Company, which included costumes of every style and period, and

out of their present large stock they are able to costume a dozen operas or pantomimes. The Clarence Cleaners "dressed" the pantomime now running at the Princess Theatre, under the direction of Mrs. Genge and Mrs. Tilton.

Rehearsals for "Ali Baba" are progressing rapidly, and announcement of the opening of the booking will be made in the near future.

Matters of great interest to all cricket enthusiasts will be discussed at the annual meeting of the Victoria and District Cricket Association, which will take place at Christ Church schoolroom this evening at 8 o'clock. Among topics for consideration will

be the proposed memorial to be founded in honor of the cricketers of the city who fell in the Great War, the improvement of existing grounds and the provision of others. It is also expected that there will be some consideration of the alleged practice in Victoria of offering men more lucrative occupations than they now hold, with the object of inducing them to leave one club to join another.

**FRENCH COMMENTS ON OPENING OF CONGRESS**

Paris, Jan. 20.—The Paris newspapers to-day are unanimous in considering Saturday, January 18, as one of the greatest dates in the world's history. The Figaro says: "Public opinion in all the Allied countries will gather from the events of Saturday the vivid and reassuring impression which results both from the words spoken at the Peace Conference and the frame of mind and the implacable determination which beneath those words, thanks to the general goodwill, an accord has been arrived at between thought and action—the loftiness of dreams." All the newspapers remark on the fact that exactly forty-eight years to the day when the German Empire was proclaimed at Versailles, Germany saw the entire world turned against her. The Petit Parisien says that the change in things marks complete revenge of "right against brutal might."

**INVENTOR OF DEPTH CHARGE FORMERLY MOTOR ENGINEER**  
 London, Jan. 20.—(Canadian Press Dispatch from Reuters.)—The naval correspondent of The Express states that the inventor of the depth charge, which was one of the most effective inventions of the war, was an Englishman named H. At the beginning of the war he saw some submarines manoeuvring off the Isle of Wight when the idea of a water bomb occurred to him. He worked on it till the following May and then submitted a statement to the Admiralty. Six weeks later successful trials were made of his invention, the deadliness of which soon became apparent.

**ADMIRAL WATSON IS HEADING SOUTH AT REDUCED SPEED**

Disabled Steamer is Convoayed by C. P. R. Tug Nitinat

Having effected temporary repairs to her broken crank shaft, damaged while battling with a heavy gale in Queen Charlotte Sound, the Pacific Steamship Company's steamer Admiral Watson, proceeding at half speed, in continuing the southbound voyage to Seattle under her own steam, conveyed by the C. P. R. tug Nitinat. At 1.45 o'clock yesterday afternoon the Admiral Watson passed through Seymour Narrows. At her present rate of speed the Alaska steamer with her passenger list of 223 persons, is expected to arrive at Seattle some time to-night. Officials of the company to-day expressed the belief that the Canadian tug Nitinat would drop the disabled liner off Victoria, provided the weather is not stormy. Reports received later in the day stated that the Admiral Watson was proceeding southward through the land-locked waters of the Gulf of Georgia at a speed of six knots an hour. It has not been necessary for the escorting tug to take her in tow. The Admiral Watson met with her accident Saturday afternoon between Egg and Pine islands, and for a time was at the mercy of raging winds and seas. She finally succeeded in reaching comparative shelter behind Storm Island and dropped anchor, while her engineering force worked with all possible speed to repair the damage. In answer to her wireless call for help, the Alaska steamer, company's steamer Valdes, about fifteen miles away, steamed to the Watson's assistance and escorted her to Alert Bay. Here the liner anchored until the arrival of the Canadian tug Nitinat, to accompany her on the rest of her voyage.

**ADMIRAL SEBREE FOR ALASKAN TRADE**

The American steamship Admiral Sebree, which has been released from Government service, will shortly arrive on this coast from the Atlantic to enter the Pacific Steamship Company's service. The Admiral Sebree was purchased on the Great Lakes by the Pacific Steamship Company from the Rutland Transit Company. She was then sent to New York to undergo extensive repairs before being sent out to this coast, and when the United States entered the war she was commandeered. The vessel was formerly known as the Ogdensburg. She was built in 1908 by the American Shipbuilding Company at Cleveland. The Admiral Sebree, following her arrival on this coast, will probably be placed in the Alaskan trade.

**DINNER ON LINER WAS DELAYED BY ABSENT GUEST**

An incident is related in connection with the visit of Baron Rempel Kondo, which has a tendency to reflect upon the character of the welcome extended to the famous shipping magnate, and incidentally throws a sidelight upon the pre-occupation of ex-Mayor A. E. Todd at the wind-up of the recent electioneering campaign for civic office. Of course it was distinctly unfortunate that the liner Fukushima Maru should reach port on election day, but those responsible for the framing and maintaining of steamship schedules apparently are not interested in upheavals of this nature and consequently the good ship Fukushima Maru steamed into port at a most inconvenient time. The ex-Mayor had a friend on board in the person of Samuel Hill, captain and good road booster, who, desirous of securing official recognition of Baron Kondo's arrival, wirelessly the chief magistrate of Victoria suggesting that some sort of a civic welcome would be in order. The Mayor hurriedly consulted with the member of the finance committee and secured the necessary sanction covering the expenditure entailed. Bright and early the Mayor was at the wharf to meet the Baron, who, after being shown over the city by the automobile route was entertained to luncheon at the Empress Hotel. The Japanese people are not interested in their politeness and the Baron is not exception to the rule. He extended a hearty invitation to the Mayor and other public officials to attend a dinner on board the liner Fukushima Maru, which invitation was duly accepted. The invited guests, with the exception of the Mayor, were on hand at the appointed hour. Maybe in the excitement of the election the ex-Mayor forgot all about the invitation to dinner aboard the liner.

**KASHIMA MARU IS CROSSING PACIFIC**

Carrying passengers and freight for Victoria and Seattle the Nippon Yusen Kaisha liner Kashima Maru sailed from Yokohama on January 15. The Japanese steamer is expected to arrive at Victoria on January 27. Local agents were looking for the rival of the Kashima Maru on Thursday next, but cable advices of her movements indicate that the vessel was slightly delayed in getting away from the Japan coast.

**YARROWS SECURE REPAIR CONTRACT**

Auxiliary Schooner Souchez Will Be Ready for Sea by End of Week

Repairs to the French auxiliary schooner Souchez and Justice are being carried out by the firm of Yarrows. The Souchez has been towed around to Esquimalt, and is now moored alongside the repair wharf at the Lang Cove plant. Both the Souchez and the Justice met with mishap after clearing from Seattle on their maiden voyages to France. The former damaged a cylinder head, and the latter was forced to put back through boiler trouble. Repairs to the Souchez will occupy about a week, but in the case of the Justice the trouble is of a minor character. A gang of men from Yarrows are working on the defective boiler tubes about the vessel moored at the outer docks. The Souchez was the last of the twenty 2,000-ton five-masted auxiliary schooners to be completed at the Foundation Company's plant at Portland. The Justice is one of a score of ships built at the Tacoma yard of the same company. These vessels are of the same type as the Lunville, which was in port last week discharging a cargo of ship fastenings.

**ADULT SCHOOL IS FORMED TO PROMOTE FELLOWSHIP IN YARDS**

An aid to the promotion of fellowship in the shipyards an Adult School has been formed by employees of the Foundation Company. The moving spirit in the formation of the school is George W. Rodwell, who is enthusiastic in his efforts to get the idea taken up by the employees. The first of the meetings in connection with the school was held yesterday in the Foundation club-house, and it is proposed to hold classes every Sunday, it being proposed to secure speakers each week to deliver addresses on interesting local topics.

**FREIGHTER YUKON PUT INTO HONOLULU TO EFFECT REPAIRS**

Seattle, Jan. 20.—Word was received in shipping circles yesterday to the effect that the Shipping Board's steel freighter Yukon has put into Honolulu in distress and will be obliged to undergo repairs there before completing her maiden trip. The Yukon sailed from Seattle on Wednesday for Vladivostok with a cargo of supplies, and was thus a long way off her course when she put into Honolulu. The freighter was built at the Todd Shipyard, Tacoma, where she was launched on October 26.

**LINER MONTEAGLE WILL REACH PORT TO-MORROW MORNING**

The C. P. O. S. liner Monteagle, Capt. F. L. Davidson R. N. R., reports by wireless that she will arrive at the Wharf Head quarantine station at daybreak to-morrow from ports in the Far East. The Monteagle has a large list of cabin passengers and a full complement of cargo. She is expected to come alongside the Outer Docks about 9 o'clock in the morning to disembark passengers.

**FUND FOR SOLDIER'S WIDOW IS GROWING**

Subscriptions for Benefit of Mrs. Freeman Now Total \$181.50

Recent donations to The Times fund for the benefit of Mrs. Freeman and her two babies who were left destitute on the death of the husband and father, Clement Freeman, late of the 10th Battalion, include the following: T. T. Cunista, Sask., \$1; Friend, \$10; Mrs. Puckie, \$5; The Marketer, 737 Fort Street, \$3; Friend, \$5; from two South African Boys, \$2; from a Soldier's Wife and Daughter, \$2.50; M. Hough, \$10; A Sympathiser, \$5; A Friend, 50 cents; Mrs. and Miss Williamson, \$2; Mrs. W. J. Bowser, \$5; Ministering Child, King's Daughter, \$10; P. Little Girl, \$1. Total, \$181.50.

The circumstances surrounding the case are extremely pathetic. The ex-soldier died on Saturday week last, leaving his little family destitute and seriously ill. So precarious was the condition of the girl-widow that her life was despaired of for some days, and it was only by dint of careful nursing at a critical stage that she pulled through. The doctor in charge of the case and the nurses in attendance have done all in their power for the little family with the assistance of the Women's Canadian Club, the Builders' Union and other kind friends, but there is still desperate need of assistance to cope with the expenses attendant upon a long period of illness.

The Times subscription was started in an endeavor to obtain sufficient funds to send the bereaved family to England, as the girl-widow has no relatives in the Dominion. In the meantime the family must be cared for, at least until the mother is well enough to leave her bed.

### C. B. JONES IS NEW REEVE OF SAANICH

Two New Councillors Elected; Mr. Dempster Chosen Police Commissioner

By a majority of 337 Councillor C. B. Jones defeated Councillor Harold M. Diggon for the Reeve of Saanich at the polls on Saturday. The total vote cast was even less than that of the corresponding election two years ago when ex-Reeve Borden secured a majority of 185.

porters, who had expected to carry at least three of the wards. Even in Wards III and VII Councillor Jones had a majority of one in each case. Wards V and VI gave him an overwhelming lead. Mr. Jones owes his success not only to his long residence in the municipality with a consequent greater familiarity with the residents, but also unquestionably to superior

Ward III	73	72
Ward IV	125	61

Ward VI	107	15
Ward VII	127	136
	795	458

The poll for Councillors was as follows:

The following were returned by acclamation: Ward I, S. Terrell; II, William Graham; IV, Anton Henderson; VI, J. L. Brooks. There are thus four new members of Council.

were marked, and a three-fifths majority was needed to pass the measure. Those ballots with "No" written on the ballot papers instead of a cross were at first rejected, thus allowing the by-law to pass. Municipal Solicitor J. H. Lawson decided, however, that the voters' intention was shown on the ballots, and the result was reversed, there being 231 votes in favor of and 156 against the purchase.

**MEETING IN WARD SEVEN**  
Cottage Gardeners' Held Annual Meeting, With Election of Officers; Year's Successes.

The annual general meeting of Ward 7 Cottage Gardeners' Association was held in the Presbyterian Church, Tillikum Road, on Wednesday last. On the motion of Mr. Tomes, the Vice-President, Mr. Huddleston took the chair, and opened the meeting by presenting a report of the previous year's work of the Association and its financial standing, which was received with much applause.

Recapitulating the history of the Society and its accomplishments, at the start it appeared to drag, but by the perseverance of a few of the most enthusiastic gardeners, meetings were held regularly, and lectures were given frequently on different subjects. Each lecture was received with increasing enthusiasm as time went on, and ultimately a very strong committee was formed, each with the common object, to make the Association a success. All who visited the exhibition on September 7, will agree that they were well rewarded for their trouble, inasmuch as the number of entries far exceeded their expectations. This necessitated the Committee making several special prizes, along with the fact that there was so much equality in exhibits.

This fine showing of produce inspired the management to make an attempt to win the very valuable prizes offered by the Saanich Agricultural Society in the competition between the different wards of Saanich for the best display of produce, produced within the boundaries of each individual ward. Although Ward 7 was unable to procure a prize at the exhibition, it is very gratifying to be able to say that the splendid showing spoke very highly of the productive qualities of the soil in Ward 7.

It was a matter of satisfaction to learn by the judges' score card that every specimen displayed by them was equal to the prize-winners, and that they scored highest for vegetables. The committee seized this opportunity to thank the residents of their ward for kindly loaning them their finest specimens, and hoped that at the next show they will be able to capture the first prize.

During the chairman's remarks he extended his thanks to every one of the retiring committee, who had done their utmost ungrudgingly to make the past season's work a success, and he hoped that whoever was returned to conduct the affairs of the association for the ensuing year, would meet with the same willing co-operation of the whole community. The chairman then read a motion from the minute book of the last meeting recommending that a larger committee be appointed raising the personnel from nine to thirteen.

A call for nominations for President resulted in the election of the chairman, Major Hibben, Mr. Thompson and Mr. Butterfield were elected to the positions of vice-president, secretary-treasurer and under-secretary, respectively. The following committee were appointed: Messrs. Lloyd, White, Tomes, Collis, McLeod and Matthews, Mesdames McLehlan, Huddleston and Hobbs. The meeting then adjourned, and the new committee held their first meeting. It was decided to continue the work of the old committee by arranging a series of lectures. The first lecture is to be held on January 23 in Tillikum School at 8:15, subject "Onion and Leek Growing, For Exhibition and Profit," by an expert, and a general talk of crops for early sowing.
