RAIN VISITS THE FOREST FIRE AREA OF ONTARIO

FLOODS SUBSIDING AFTER DOING DAMAGE IN SOUTHERN ALBERTA

Traffic on C. P. R. Crow's Nest Pass Line Expected to Be Resumed To-day; At Okotoks Level, of Sheep River Is Falling; Flood in Elbow River at Calgary.

Lethbridge, June 1.—A special dispatch to The Lethbridge Herald from Coleman says:

The floods are subsiding in the Crow's Nest Pass. Though it rained all night, the water in the creeks is dropping and the time for reconstruction has arrived. It is expected that trains No. 67 and No. 68, which have been held up since yesterday noon, will be able to get through during the day.

No buildings were swept away by the floods and no lives endangered. Cellars all over town, especially in West Coleman, are full of water. Unless rains in the mountains to the west raise the creeks again to-day, it is expected the situation will clear and traffic be re-established shortly.

Calgary, June 1.—Sheep Creek overflowed its banks early this morning and flooded the low-lying sections of Okotoks, a prairie town twenty-seven miles south of Calgary. Fifteen families were driven from their homes.

Practically all able-bodied men were called out to help divert the course of the flood, and by removal of a block of trees and driftwood at one point in the river immediate danger to the rest of the town has been averted. Sheep Creek, a narrow stream, was half a mile wide at 4:30 a. m., but has dropped a foot since then, the situation being improved.

Low-lying residential sections on the Elbow River in Calgary are being menaced by a four-foot rise in the water level.

Two inches of Rain. Lethbridge, June 1.—Two inches of rain fell in the Crow's Nest Pass last night, and floods in the swollen mountain streams have been accentuated.

All traffic on the C. P. R. Crow's Nest branch is held up at washouts at Frank and between Michel and McGillivray, B. C. Traffic on the C. P. R. main line is being diverted at Medicine Hat through Lethbridge to Calgary over the Baber and Alderside subdivisions, owing to a wash-out on the main line at Crowfoot.

Sheep Creek, at Okotoks, is in flood, the water standing over the C. P. R. tracks, but the C. P. R. is keeping its line open.

Highwood River at High River, on the Macleod branch of the C. P. R., is also swollen by the flood, and the town is threatened, but so far no damage has been done.

Rise of Five Feet. Willow Creek, west of Claresholm, rose five feet Thursday as a result of 3.63 inches of rain in the past two days. It was still pouring rain at 9 o'clock this morning.

Rivers and creeks all through the foothill region of Southern Alberta are rising as a result of a general three-inch rain since Wednesday evening, and further floods are feared.

Trains Held Up. There has been no train through the Crow's Nest Pass since Thursday morning. No. 47 is held up at Hillcrest and No. 48 eastbound is held up at the west side of the break between McGillivray and Michel. It is too far west to transfer passengers and mail, and as two bridges on the All-Red trail are washed out in the Crow it is impossible to establish connections either by rail or motor.

Rain at Lethbridge the past forty-eight hours amounted to 1.7 inches. The total at Lethbridge for May is 3.48 inches, the heaviest since 1916.

RIFLES ARE GIVEN ONTARIO POLICE

Toronto, June 1.—In view of the advantage of rifles over revolvers in the hunt for Leo Rogers, the murderer who was killed by police on the shore of Lake Nipissing, Major-General Victor Williams, Commissioner of Provincial Police, will make rifles accessible to members of the force in all parts of the Province for such emergencies in future.

The remains of Sergt. John Urquhart, who was shot to death Wednesday morning by Rogers, will be buried to-day in Prospect Cemetery, Toronto, in the Returned Soldiers' plot. Sergt. Urquhart served with the Fourth Highlanders in the Great War.

On Ticket-of-leave. Brantford, June 1.—Addressing the Hamilton Methodist conference, Rev. A. E. Lavalle, Chief Officer of the Ontario Parole Board, declared that the Parole Board had been unfairly blamed for the release of Leo Rogers.

"We had nothing to do with him. He was out on a ticket-of-leave. I understand, and it was granted from Ottawa," said Dr. Lavalle.

51,000 STUDENTS REPORTED ON ROLLS

Chicago, June 1.—An enrolment exceeding 51,000 was reported today for the current year at the forty-three colleges and universities sponsored by the Board of Education of the Methodist Episcopal Church. The increase is expected to approximate 5,000 students.

The rolls showed that the University of Southern California had 1,500 students.

BELGIUM ASKS HOLLAND TO MAKE AN EXPLANATION

Brussels, June 1.—The Belgian Minister at The Hague has been instructed to ask an explanation of Holland for what is considered a discourtesy, namely, the attendance of four of the Dutch Cabinet Ministers at a banquet given in honor of two Belgians condemned to death by default by the Belgian courts upon a charge of treason. The treasonable act alleged was participation in setting up a Flemish Government separate from Belgium during the war while the greater part of Belgium was under occupation.

BANKERS DISCUSS VITAL ISSUES AT CONVENTION

Money Merchants Welcomed by Lieutenant-Governor Nichol and Premier Oliver; Financiers Foresee and Prepare For Boom; Effect of Municipal Utilities on Capital and Taxpayers is Presented.

Lieutenant-Governor Walter C. Nichol, on behalf of the Province of British Columbia, this morning extended a hearty welcome to the Washington Bankers' Association at the opening of their annual convention in the Empress Hotel ballroom.

"There is little difference between you people and ourselves. It would be strange if it were otherwise, with only an imaginary line dividing us," he said.

Pacific Paradise. N. B. Coffman, of Chehalis, in replying, recalled that his first visit to Victoria had been paid in 1883. He had then been so impressed with the beauties of Victoria that he had never lost that impression of Victoria as the Paradise of the Pacific.

Victoria was then the metropolis of the Northwest, Tacoma was only a small place and Seattle was beginning to exist, he said.

Premier Oliver. After Dr. H. Moss, of Seattle, had presented a souvenir gavel to President S. M. Jackson, Hon. John Oliver, Premier of British Columbia, greeted the bankers, citing the Empress Hotel as an example of the Province's progress, and recalling that the site was a creek a score of years ago, the Premier pointed out that "No progress is possible without capital, the stored up energy of labor."

"The thinking men of the country know well that the consecration of wealth is impossible," he asserted. "I want to say to the bankers, especially those of the Pacific Coast, that this Government has often had to go to the money market and has found the bankers of Washington going into competition with New York, and I want to express the appreciation of this Government of the fact that the West is beginning to finance itself. It was with a great deal of pleasure that I saw the Pacific Coast competition in bidding for Pacific Coast bonds," he said.

Private Initiative. Premier Oliver touched upon the mineral resources of the Province and the reluctance of private initiative to develop a steel industry. "It would be a great relief to this Government if private capital would come in and relieve us of this constant drive upon us to take part in industrial enterprises."

Dean Brock will be in Hongkong in the course of the Summer and will make preliminary arrangements for the survey. Next Winter S. J. Schofield, who has been granted a year's leave of absence from the University, will also be in the same district, and will take charge of the work.

Dean Brock said it was a feather in the cap of the department and of the University. It would call the attention of British geologists to the capabilities of geological men in this part of Canada.

To Melbourne. Dean Brock will leave to-day on the liner Niagara to attend the Pan-Pacific Scientific Conference in Melbourne, Australia, during the month of August. He will represent the University of British Columbia and the Federal Department of Mines.

Dr. C. M. Fraser, of the University, will accompany him as representative of the Research Council of Canada in biology. As far as Dean Brock knows, he and Dr. Fraser will be the only Canadians at the convention.

On his way back from Melbourne the Dean will pay his visit to Hongkong. He will return to Vancouver in September.

BOY WOUNDED WHEN ROBBING BOXES IN CHURCH

Detroit, June 1.—Rev. Father Michael G. Esper, pastor of the St. Boniface Catholic Church early today shot and slightly wounded Harold Smith, fourteen, of Sudbury, Wis., as the boy made a dash for liberty. It is alleged he was caught in the act of robbing poor boxes in the church.

PRISON CAMP CHANGES

Tallahassee, Fla., June 1.—The Florida Legislature has enacted appropriate legislation to render impossible the repetition of the circumstances of the death of Martin Talbert, of Munich, N. D., whose death was caused by ill-treatment at a prison camp.

MRS. PHILIPSON IS ELECTED TO BRITISH HOUSE

London, June 1.—Miss Mabel Russell, actress wife of Captain Hilton Philipson, was returned in the by-election to-day as member of the House of Commons for Northumberland. Running on the Conservative ticket, she polled 12,000 votes against 5,888 for Captain Harold Robson, Liberal, and 5,996 for G. Diver, Labor.

The seat was previously held by Miss Russell's husband, who lost it because of irregularities in his election agent.

Miss Russell will be the third woman to sit in the Commons.

CAPTIVES IN CHINA TO BE FREED SOON

Indications Are Bandits Will Release Foreigners Within Week

Majority of Brigands to Be Enrolled in Army

Tsoahwang, June 1.—Every indication points to the release within a week of the foreign captives held by the Shantung bandits on Paotsuku Mountain, as the result of a conference held at noon to-day between the outlaw delegates and Chinese officials.

A minor hitch in the conference developed when the brigands demanded \$1,000,000 as reparations for some of their villages destroyed by Chinese troops, but it is believed this sum can be cut to \$100,000.

The brigands also hope to obtain considerable ransom money for their Chinese prisoners.

To Join Army. Some of the older brigands are jubilant at the prospect of being enrolled in the army. The basis of enlistment is the transfer of one outlaw to the Government forces for every revolver or rifle produced by the marauders. Chinese officials at first stood out for a basis of "a new soldier for every rifle," but the outlaws insisted that revolvers should count as well and the Government negotiators capitulated.

To Go Home. Some of the older brigands are against service in the army and it is expected these will depart for their homes when the gang is broken up by the incorporation of its majority in the uniformed forces of the republic.

CANADA GREATLY INCREASES EXPORTS TO UNITED STATES

Washington, June 1.—Imports from Latin America and Canada showed the largest proportionate increases among March shipments to the United States. The Canadian figure was \$27,704,922 compared with \$28,950,066 for March, 1922.

Victoria school teachers to the number of 150 will leave for Seattle this afternoon to spend the weekend as guests of the Seattle School System. They will be accompanied by seventy-five Vancouver teachers.

Some of the teachers will return here Sunday and others will remain in Seattle until Monday. The party is being arranged by Harry Charlesworth, Secretary of the B. C. Teachers' Federation.

COTTON RULES OF U. S. ARE DISCUSSED

Standards for Transactions Cause British Delegations to Visit Republic

Washington, June 1.—Signs of resentment by the British cotton trade have appeared over the United States Cotton Standards Act, which will become effective August 1, requiring interstate and foreign cotton sales and shipments to be based on American official standards. In foreign trade quarters the effect of the plan has been described as tending to force the world to adopt United States official standards as a basis for all transactions.

Delegations from the Liverpool Cotton Association and the Royal Exchange and Board of Trade of Manchester, Eng., are on their way here for a hearing which Secretary Wallace of the Department of Agriculture has granted them for June 11.

JUDGE NOT YET ASSIGNED TO HEAR DELORME CASE

Montreal, June 1.—No judge has been found who will take the case of Abbe Adolphe Delorme, who will be tried shortly on a charge of having murdered his half-brother, Raoul Delorme, according to The Montreal Gazette.

Chief Justice Martin and Mr. Justice Wilson both have declined, the paper states, and the Attorney-General has been appealed to.

SHOWERS NORTH OF LAKE SUPERIOR MAKE FIRE MENACE LESS

Reports To-day Are More Encouraging; Absence of Wind So Far Has Saved Timbered Areas and Towns; Call For Firefighters For the Franz Region

Port Arthur, Ont., June 1.—Reports of light showers and falling temperatures, which indicate more rain to come, are being received from various parts of the fire threatened district this afternoon and the outlook is regarded as decidedly encouraging.

Port Arthur, Ont., June 1.—The forest fire situation in Northern Ontario, which during the past few days has been confined largely to isolated spots, particularly White River, took on a much broader aspect to-day with the receipt of reports from several sections of flames traveling slowly but relentlessly hither and thither in such volume as to threaten most dire results should they go unchecked. The great need of the day is rain and lots of it.

The atmosphere has been comparatively calm and it is only this fact that is preventing the spread of the flames in various parts.

The spread of the danger area is indicated in the new reports received. The most urgent call is for the past twenty-four hours was that which came from Franz, about which nothing had been heard in the way of fire until a request was received at the local Government employment office asking for all available men to be rushed to that vicinity on the first train.

Franz is at the junction of the Canadian Pacific and Algoma Central Railways, and while it has not a very large population, important railway holdings are there which apparently are in danger.

From various points along the Algoma Central fires of more or less magnitude are reported. Further north, along the line of the Canadian National, to the east of Hornepayne, the bush fires have reached the point of destruction of timber.

Train crews and passengers coming in from east and west say fires of various proportions can be seen in many directions. At Kenora, Nipigon reports a number of small fires in the vicinity, but none as yet serious. There is a considerable threat to timber at Shebandowan Lake.

At White River the situation is improved but there is still a menace if a wind springs up.

The summary of the whole situation at present seems to be that the district standing on the verge of great danger. Rain would prove a salvation. Wind would prove disastrous in the extreme.

Port Arthur, June 1.—At Graham, on the Canadian National Railway line, 104 miles west of Port Arthur, people were forced this morning to take to the lake in boats when the flames got right into the vicinity of the station. A little later in the day the wind changed and relieved the flames from the station.

At White River. Port Arthur, Ont., June 1.—Reports from White River indicate the fire situation much improved. The fire is not a breath of wind, but the fire is still burning and the townspeople have assumed the great danger is past, except in the possibility of an unfavorable wind, which would have most serious consequences.

Threatened. Millen, Wis., June 1.—Copper Falls, one of the beauty spots of Wisconsin, is threatened by forest fires which are raging on both sides of it. It was reported to-day. The town of Hurley is out of danger, but much standing timber has been destroyed.

Under Control. Superior, Wis., June 1.—Fires in the timber land of Northern Wisconsin which for the past two weeks had threatened several small towns, are under control. It was stated in advice reaching here to-day.

Extinguished. Pentwater, Mich., June 1.—Forest fires that threatened widespread damage in this vicinity have been extinguished by a change in the wind. The fire swept an area four miles square but no buildings were destroyed.

ELEVATOR AND GRAIN BURNED IN MANITOBA

Brandon, Man., June 1.—The McCabe elevator of Minto was struck by lightning and burned to the ground last night and about 8,000 bushels of grain destroyed.

72,650-MARKS FOR ONE DOLLAR

New Low Level Reached To-day in Berlin

Prices of Articles of Necessity Rapidly Rising

Berlin, June 1.—The German mark continued to drop on the exchange market to-day. Opening this morning at about 69,500 to the dollar, it had reached 72,650 by noon.

Close on the heels of the new collapse of the mark has come the inevitable rise in prices affecting virtually every article of daily necessity. The increase ranges from 50 to over 100 per cent, as compared with the prevailing prices at the beginning of May.

The German people, particularly in Berlin, are finding themselves growing more and more dizzy as they are caught in the vicious circle of new depreciation in the currency, followed by higher wholesale and then by higher retail prices, with consequent demands for more wages, then a repetition of the same cycle of events.

Burning the past few days in Berlin the retail prices of the most essential foodstuffs have become virtually double the levels of the first part of May.

Below Crown. When the mark yesterday fell to 70,000 to the dollar it slipped for the first time below the Austrian crown in value.

The new slump of the mark has led The Boston Courier to attack Hugo Havenstein, president of the Reichsbank, and the Government for what it says is their apparent inactivity in trying to halt the mark's collapse.

The normal pre-war exchange value of the German mark was 23 1/2 cents. At that rate, 72,650 marks would have been equivalent to \$17,290.70.

CURZON CONDEMNS SEARCH FOR BONES

Protests Against Effort to Find Pocahontas's Grave in England

London, June 1.—Marquis Curzon, Foreign Secretary, has added his voice to the protest against the search for the bones of Pocahontas, the Indian Princess. Addressing a meeting of the Society for the Protection of Ancient Buildings last night, he denounced the destruction of works of art in the past, and asserted that reverence for ancient buildings was an admirable sentiment. He said it was indeed almost a religious cult, and added: "But there is one form this cult takes that seems to me to be an antiquarianism run mad. I mean the modern craze for taking up the remains of the dead."

Calls Them Ghouls. Lord Curzon, after mentioning several instances in point, including the excavation of King Tutankhamen's tomb, for which he thought there was some excuse because of the artistic and historical results obtained, referred to Pocahontas. He said he had just read of a "lot of ghouls gathered around the site of her interment, where they are finding a heap of skulls and bones, with men of science actually sitting by to discover whether among this pile of debris they can find a skull with some black hair on it."

"In our passion for antiquity," the Marquis said, "we are forgetting that the bones of the dead are the bones of the living."

AGRICULTURAL WORK NOT DUPLICATED - CABINET LEARNS

Question as to whether there has been duplication of agricultural instruction work by the Faculty of Agriculture of the University of British Columbia, the Department of Education and the Department of Agriculture was discussed before Premier Oliver and the Cabinet. Dean Clement of the University, Dr. Warnock, Deputy Minister of Agriculture, and Director of Elementary Education Gibson appeared before the Cabinet to explain the work carried on by each department.

The discussion was brought up before the Cabinet as a result of the term expiring for an annual grant of \$61,000 which the Dominion Government has been making for ten years. There is a possibility that the grant may not be renewed beyond the present year. The money has been divided between the three departments.

We are pretty well satisfied with the present arrangement," Hon. J. D. Maclean, Minister of Education, said. "If there has been any duplication it has been more duplication of effort between the Province and the Dominion than anything else."

Premier Oliver said that it was decided to continue the division between the three departments as previously.

SCOTS GO CAMPING

The members of the Sixteenth Canadian Scottish Battalion last night held a mass meeting in the mess to discuss final arrangements prior to leaving for camp at Macaulay Point this evening.

Captain Wise, acting for Colonel H. M. Urquhart, D.S.O., M.C., A.D.C., stated that he hoped the battalion would turn out in full strength for the parade on Saturday, June 2.

The regimental camp will remain until June 15, and the daily routine will consist for the most part of games and sports. The men have been advised to take the Regimental car as far as Macaulay Street and from there to walk down to the camp. Supplies will be served to-day at 4 p.m. All ranks will be required to wear uniform while in camp.

OBITUARY RECORD

James Black, a respected member of the Victoria Post office staff, died this morning at the age of 58 years. He was born in Cumberland, England, and was for many years a resident of Winnipeg, where he was in the Civil Service. He is survived by his widow, three daughters and one son in California, and one daughter in this city. The remains are reposing with the B. C. Funeral Co. and funeral arrangements will be announced later.

There passed away last evening at Shoal Bay Mrs. Sarah Elizabeth Bartlett, wife of Mr. Alfred James Bartlett of Strawberry Vale, aged 74 years. She was born in Owen Sound, Ontario, and had been a resident of this city for the past twenty-three years. The funeral will take place on Monday at 2 o'clock from the Sands Funeral Chapel, Dr. W. J. Sippell will officiate, and interment will be made at Ross Bay Cemetery.

The death occurred in this city this morning of James W. Macdonald, aged 32 years, a native of Pictou, Nova Scotia. He had been a resident here for the past three years, residing at Cormorant Point, Gordon Head, and formerly at Winnipeg, Manitoba. He remained at the Thomas Thompson Home, 1625 Quadra Street, from where the funeral will take place tomorrow afternoon at 3:30 o'clock, when the Rev. Dr. W. G. Wilson will officiate. The remains will be interred in Ross Bay Cemetery.

BANKERS DISCUSS VITAL ISSUE AT CONVENTION

(Continued from page 1.)

His official report was marked by the following points:

The Washington Bankers' Association had lost five members by failure of small institutions, but the new institutions had joined. He stated the by-laws were 23 years old and were obsolete. Provision should be made for new entrants in membership in Land Banks and similar organizations.

Serve at a Loss.

State Banks are capitalized at \$20,000,000 and have assets of \$180,000,000. Over sixty per cent. of the accounts carried by State Banks are carried at a loss, and President Jackson considered the National Banks would show the same condition. He supported the general adoption of a service charge, and countered fear of loss of business to competitors by the "free" your competitor with these small accounts, objecting to a service charge. If he takes them, he loses money, you make it."

Industries Reviewed.

The salmon cannery business was touched upon, Mr. Jackson considering the new regulations for Puget Sound a serious menace to the restoration of the industry.

The lumbering industry of Washington was competing for workers, all mills are busy, and the prices of lumber are being made, per cent. lower at the mill than in 1915.

Mr. Jackson professed his own surprise at these authentic figures, and anticipated a corporate demand for Coast lumber as a combined result of lessened cutting in the Southern States and the existence of the Panama Canal as a means of communication between the Pacific coast and the Eastern centres of population.

Agriculture in Washington State was mentioned, the rise in price of farmers' necessities being out of line with the lowered price for what he sells. Mr. Jackson considered the easing of credit to farmers had done more harm than good.

Competition Discussed.

Washington State Savings and Loan Associations now have over \$33,000,000 in assets, he said. Some have assumed the right to do business wholly outside their original charters, and are transacting "so-called savings business" solely as a result of legislative favoritism, in his opinion.

"Something will have to be done to prevent developments which may prove wholly unfortunate for the Savings and Loan Associations and the public," he thought.

Mr. Jackson opposed the institution of branch banking in branch cities, but approved of branches in sparsely settled areas, established for the convenience of patrons within the legitimate territory of a bank.

Tariff and Gold.

Mr. Jackson considered the existing tariff in the United States a failure, inasmuch as it had not had any effect in stopping imports from exceeding the value of exports.

While the dollar of to-day will only buy sixty cents worth of commodities as compared with a few years ago, Mr. Jackson thought an interesting fact was that the dollar had lost 100 cents of American currency. "In my opinion our gold reserve would be doing the people of America better service if working abroad, stabilizing foreign currencies rather than staying at home idle, locked up in our vaults."

Advices Caution.

There is no doubt we are now entering business boom, and this requires cautious consideration. The policy of the sound prudent businessman will be to take advantage of boom markets, as it is work with an unusually wide margin of liquid cash, will turn over quickly at small profits, and above all, will avoid plant expansion. If there is genuine expansion the boom will not end, rather it will slow down somewhat and turn into a more permanent activity," said the President.

Mr. W. H. Davis said there are 432 banks in the Association, a membership exceeding one hundred per cent.

A reward of \$250 had been paid by the Association for conviction of a bank robber at Addy, Wash.

Public Utilities.

Hon. Mark E. Reed, Speaker of the House of Representatives, addressed the convention upon "Public Utility Operation in Municipalities."

The voters of Washington will shortly have before them a referendum upon an act which will permit municipalities to sell power outright to municipalities, but must pay a state five per cent. tax on gross earnings.

Mr. Reed said the bill had caused an intense amount of opposition in the Legislature, centring upon the state tax levy, which he strongly supported.

It is pointed out that the proposed legislation was not inimical to municipal ownership of utilities, nor favored these at the expense of private initiative similarly engaged.

Whose Money Involved?

"Too many people think of the state as a body with unlimited resources derived from the pocket of somebody else," he said in urging the fairness of such a tax on municipal ventures in commerce with outside communities or persons.

The great expansion of Seattle municipal land tax exemptions in King County, now \$48,000,000, were cited as an example of the growth of such business, the exemptions resulting in a one-sixth increase in the general tax rate, while only a proportion of the payers of this addition get any service benefit in return.

The act to states received from the Federal Government is insignificant when compared to the revenue which would be available were these exemptions of municipal ventures non-existent," asserted Mr. Reed.

The entry of municipalities into the business of selling power beyond their own limits would possibly drive private concerns from the pockets on the wall, and thereby into "public operation and off the tax role, as these concerns now pay state and local taxes totaling 2 1/2 per cent. on their gross earnings, while the referendum only suggests a 5 per cent. tax on municipal competitors.

Effect on Capital.

Mr. Reed dealt briefly with the influence of cheap power in attracting industry, pointing out that fractional reductions in this factor, resulting from tax free developments, would be offset by increased taxes, an element almost high enough to offset many industries from operation.

"Do you think that the difference of a few cents in light and power would offset this mounting tax rent, be demanded after citing dramatic

BOY IMMIGRANTS SAIL FOR B. C.

Hon. T. D. Pattullo, Minister of Lands, announced that he had been advised that the first party of twenty-five lads, between 16 and 18 years of age, under arrangements made with the Salvation Army, are sailing from Liverpool to-day, to be placed on farms in this Province.

The Salvation Army is under contract with the Provincial Government to place 250 settlers in British Columbia during the current year.

figures of vast increases in levies on smaller assessment rolls.

Mr. Reed pointed out that power companies had been welcomed on their entry, and feared that the effect in capital seeking investment would be very bad for Washington state if by legislation existing concerns were subjected to unfair municipal competition.

Premier Oliver will leave next Friday for a speaking tour of the Kootenay country, and will attend to General A. D. McRae, who has been making speeches in that part of the Province.

The Premier will speak at Slocan City a week from Monday.

CURZON CONDEMNNS SEARCH FOR BONES

(Continued from page 1.)

Foreign Secretary added, "let us at least spare the dead."

The search for the remains of Pocahontas, believed to have been interred in the graveyard of the parish church of the little town of Gravesend, on the Thames, has caused a great deal of discussion. Many have added to the storm of protest.

Accompanied by a number of British anthropologists and physicians, and armed with authority from the Home Office, Edward Page Gaston, of Chicago, an archaeologist, who asserts he is a lineal descendant of Pocahontas, had more than 100 skeletons dug up on Wednesday while a crowd of hostile villagers peered through the iron gates of the churchyard. While the examination of the human remains shows negative results, Dr. W. H. Pyecraft, keeper of the department of osteological collections in the British Museum, and Sir Arthur Keith of the Royal College of Surgeons, were of the opinion that one of the skulls approximated that of an Indian with its characteristic high cheek bones and flat features. However, this theory was decided to retain for scientific examination. Three other skulls also were kept because of their value as specimens.

The other bones were reinterred yesterday with religious ceremonies.

MRS. CROKER GIVES EVIDENCE AT TRIAL

native home was in the Indian Territory in the United States, where she was born in 1884. Her mother was Florence Williams, of Indian blood, and her father Michael Edmondson. Her ancestors, she said, had had a grant of land from Lord Baltimore.

At this Sergeant Sullivan, counsel for Richard Croker, Jr., a contestant, laughed aloud and there was a heated interchange between counsel on the impropriety of laughter at a witness whose character and history were issues in the case.

The witness added that her father and mother were still on their farm. Mrs. Croker denied she had ever visited Northampton, Mass., where Mrs. Ethel C. White, daughter of Mr. Croker, alleges she had lived with her. She denied also that she had ever been in Canada, and specifically in New Brunswick. One reward is alleged to have lived with Marone.

NEW YORK AWAITS LIQUOR DECISION

(Continued from page 1.)

The principal arguments of the enemies of repeal, who numbered in all about thirty speakers, were that to sign the measure would be to turn loose on the state a rapacious gang of bootleggers, bandits and crooks of every description, to "mole" the Eighteenth Amendment, to "secede" from the union and to deprive the Federal Government of the most powerful instrument now being used to enforce prohibition.

The principal arguments of the proponents of repeal, whose speaking strength about matched that of their opponents, were that the Mulligan-Gage Act ought to be repealed because its subjects persons accused of violating the dry law to "double jeopardy" in the courts; that it is exclusively the Federal Government's function to enforce prohibition and that shouldering part of the burden of the Federal Government entailed an unnecessary and useless expense. Several of the pro-repeal speakers even denounced the Volstead Act and the Eighteenth Amendment as iniquitous and subversive of state rights, urging the Governor to appoint the repeal as the first step in a campaign to wipe the federal enforcement law and the amendment off the books.

Applause.

The hearing throughout was orderly for the most part, only an occasional and quickly suppressed hiss and a few jeers cropping out. Supporters of the opposing factions were loud in their applause of their own respective speakers, however, each apparently trying to impress the Governor by the volume of their cheers.

Labor's View.

James P. Holland, president of the New York State Federation of Labor, who also represented Samuel Gompers, president of the American Federation of Labor, was the first of the advocates of repeal to be heard. He devoted most of his time to reading a letter sent by Mr. Gompers, who was unable to attend. Both Holland and Gompers urged the Governor to sign the repeal as the first gun in a campaign for modification of the national prohibition enforcement act so as to "give the workingman his wife and beer."

Augustus Thomas Spoke, the playwright, was the next pro-repeal speaker. He denounced the forces that brought the Eighteenth Amendment into being as "ignorant and illiterate" persons, and exclaimed: "There is no ferocity like an ignorant enthusiasm, and that which wrote the Eighteenth Amendment is ignorant and illiterate, so far as history is concerned."

SUSTAINED INJURIES BRIDGE COLLAPSED

Plaintiffs Sue as Result of Accident on Galiano Island

Before Mr. Justice Morrison and a special jury in the Supreme Court this morning, Frank T. Allison and Mrs. Elizabeth Allison commenced suit against F. Gregert, of Galiano Island, for unstated damages. J. A. Aikman appeared for the plaintiffs, who claim on account of an accident sustained by Mrs. Allison in June of last year when a trestle bridge, on the property of the defendant, gave way and she sustained severe injuries. H. Leighton, of Nanaimo, appeared for the defendant, holding that the bridge was in no sense the sole property of the defendant and that no claim in law could be held against Mr. Gregert as a result of the accident, though every sympathy was extended in the unfortunate circumstances. A jury of eight was empanelled under Captain A. St. Aitken this morning to hear the cause.

The case went to the jury just prior to the luncheon recess.

After a brief retirement the jury brought in a verdict for the defendant this afternoon. Frank T. Allison and Mrs. Elizabeth Allison claimed unstated damages as the result of an accident at Galiano Island when Mrs. Allison was hurt in the collapse of a bridge on the land of the defendant, Gregert, a farmer there.

TO DISCUSS JUVENILE COURT

The whole juvenile court situation in Victoria and the question of the appointment of a woman judge to officiate locally will be gone into tomorrow at the Parliament Buildings by Attorney-General Mansson with representatives of women's organizations and the municipalities of Victoria, Saanich, Oak Bay and Esquimalt.

SCOTS GO CAMPING

The members of the Sixteenth Canadian Scottish Battalion last night held a mass meeting in the mess to discuss final arrangements prior to leaving for camp at Macaulay Point this evening.

Captain Wise, acting for Colonel H. M. Urquhart, D.S.O., M.C., A.D.C., stated that he hoped the battalion would turn out in full strength for the parade on Saturday, June 2.

The regimental camp will remain until June 15, and the daily routine will consist for the most part of games and sports. The men have been advised to take the Regimental car as far as Macaulay Street and from there to walk down to the camp. Supplies will be served to-day at 4 p.m. All ranks will be required to wear uniform while in camp.

WILL INTRODUCE PENSIONS BILL

Hon. H. S. Beland Gives Notice in House of Commons

Ottawa, June 1.—Hon. H. S. Beland, Minister of Soldiers' Civil Re-establishment, has given notice in the House of Commons to give effect to the recommendations on pensions of the Ralston commission. Dr. Beland's resolution provides:

1. That enactments be made respecting pensions for military service rendered during the war and after the war, which shall be made retroactive to the first day of September, 1919, and all cases in which pensions had been reassessed, reduced, discontinued or underrated by reason of the fact that the proposed legislation was not included in the Pension Act, shall be subject to review by the Board of Pension Commissioners, and on such review pensions shall be granted, increased or continued as from the date or dates they would have been granted, increased or continued had such proposed legislation been in force when such refusal, reduction or discontinuance or underrating was made effective.

2. That the Governor-in-Council, on the recommendation of the Minister of Justice, may appoint a district review board for each of the nine districts of the Department of Soldiers' Civil Re-establishment, and a Federal Appeal Board for Canada to review appeals from decisions of the Board of Pension Commissioners, and that provision be made for the tenure of office and qualifications of the members of such boards and for the payment of their remuneration or salaries out of any unappropriated moneys of the consolidated revenue fund.

3. That the Governor-in-Council may make such rules and regulations as are deemed necessary to carry out and enforce the provisions of the proposed legislation.

STOCK CERTIFICATES FOUND BY BOYS

Face Value \$30,000; Mining Man's Will Also Found in Los Angeles

Los Angeles, June 1.—A steel box containing securities with a face value of \$30,000 was found to-day by boys playing under a house at California Street and Grand Avenue. With the securities were private papers and a will bearing the name of Ludga Gadette, believed to be a mining man of San Diego, Calif. The will was dated in 1921 and gave Gadette's age at the time as sixty-six years. The securities included many shares of mining stock.

SPANISH TROOPS SENT TO MOROCCO

Reinforcements Sent to Force Defeated By Tribesmen

Gibraltar, June 1.—The Spanish Legion, which crossed the Strait of Gibraltar yesterday from Ceuta to Algeciras, has received rush orders from Spanish army headquarters to proceed to Melilla, where the Spanish troops have been suffering serious defeats since Sunday, says the Central News.

ESTATE VALUED AT ABOUT \$480,000

Santa Barbara, Cal., June 1.—Less than half a million dollars, instead of many millions as popularly estimated, is the value of the estate of the late Colonel Colin P. Campbell, former British army officer and relative of the Duke of Argyll. A petition for probate of the will was filed in court here yesterday showing that Colonel Campbell left property worth \$485,000 in Santa Barbara County and in England. With the exception of one small annuity to an aunt in England, Mrs. Campbell inherits the entire estate. She is already wealthy in her own name, being one of the three heirs to the \$50,000,000 estate of the late Levy Z. Leiter, partner of Marshall Field.

SENATORIAL INDIGNATION.

There actually is nothing very much in the personal and private letter of Attorney-General Manson to the former Solicitor-General at Ottawa for Senators to tear their hair over; but it no doubt makes a handy peg on which the advocates of a condition that promotes boot-legging and smuggling across the border may hang their opposition to the Bill now before the Senate.

We may add that the public is not so unsophisticated as it used to be, and in the present case will not lose sight of the main question in its contemplation of the fireworks in the Senate.

THE V. O. N. TAG DAY.

It would be difficult to relate in detail the enormous amount and variety of work that is carried on by the local branch of the Victorian Order of Nurses. But it is fully understood and more than ordinarily appreciated by those who have been brought into contact with the practical part of the organization's mission in this city.

IT SEEMS TO MEET THE CASE.

Local returned men who are interested in the pensions controversy will have learned the terms of the resolution which Dr. Beland introduced in the House of Commons yesterday with a considerable amount of satisfaction.

OUR CONTEMPORARIES

Hamilton Herald.—At 75, Canada's veteran Finance Minister retains the mastery of his fine faculties. In his seventeenth Budget speech there were conspicuously revealed the analytical skill, lucidity of statement and diplomatic finesse that used to make his Budget speeches so interesting in the closing years of the last century and the early years of the present one.

WHAT OF THE VICTIMS?

It would have been much better if Leo Rogers could have been caught alive. It would have enabled the authorities to have given him the lash a few times before dispatching him on his long journey.

Most people in this country will agree that the police officers acted as any ordinary human being would have acted under the ghastly circumstances. Why all this sloppy sentimentality about a criminal whose record showed him to have been as inhuman as a mad dog?

Take the life of Rogers and study it: 1915.—Sentenced to serve a seven-year term in Kingston Penitentiary for shopbreaking offences by committed after having left school and secured employment as a fireman on the T. & N. O. Railway.

1920.—Made murderous attack while in the penitentiary upon Inspector Walter Duncan and escaped from custody for a brief period. Was recaptured and given a fifteen-year term.

1923.—Was paroled by the Dominion Parole Board and returned to North Bay. April 12, 1923.—Was in Toronto, and held up two gunshops, securing many revolvers and a stock of ammunition.

How a man of this type could have built up a case for parole with a crime sheet like his is difficult to understand. It is more inexplicable still how law-abiding citizens, who owe their peace of mind and safety to men of the calling whom Rogers slew in cold blood, will ignore the necessity to vindicate the law and forget the victim and become concerned over the murderer as soon as he finds himself either in the toils of the law or, as Rogers did, out of harm's way for all time.

NOTE AND COMMENT

An American dollar would have bought 72,650 marks in Berlin this morning. We wonder what those people who bought marks at two hundred for the dollar are thinking about their investment just now.

Vancouver reports that there was a record crowd of Canadians at the Immigration office yesterday applying for permission to go and live in the United States. How many of those who go will begin to wish they had not left this country after twelve months in their new homes?

Liberal union in Great Britain seems to be a long way off. When the National Liberal Federation met at Buxton yesterday two members of the rank and file aired their views on the subject and entertained the rest of the assembly to an interesting few minutes of heated debate.

Herr Adelbert Hohenzollern and Frau have passed through Canada during the last few days, according to The Manitoba Free Press. At least one member of the family which formerly lived at Potsdam has got some sense. He did not advertise himself.

The Economic Review—a London publication—ought really to be careful about the manner in which it addresses its letters. It is bad enough to discover that Victoria is thought to be in Vancouver; but when the capital city of the Province is turned over to the United States by a journal primarily interested in the development of the Empire's resources it is a bit more than we want to swallow.

We are informed that Sir Arthur Conan Doyle has been in touch with Lord Northcliffe. The latter has informed the creator of Sherlock Holmes that only a wave of spiritual reform can save the world from plunging headlong into a catastrophe which will make the world war seem insignificant. One can only hope that the departed former proprietor of The London Times will use his influence for the best and avert the calamity.

AN IMPARTIAL TRIBUTE.

Hamilton Herald.—At 75, Canada's veteran Finance Minister retains the mastery of his fine faculties. In his seventeenth Budget speech there were conspicuously revealed the analytical skill, lucidity of statement and diplomatic finesse that used to make his Budget speeches so interesting in the closing years of the last century and the early years of the present one.

TUBERCULIN FETTER.

To the Editor:—I have waited with some interest to see what comments, if any, might be made with regard to certain aspects of the recent budget speech. Regret is expressed in that speech that only \$20,000 is spent on research work along the lines of tuberculosis in cattle, and "much of this expenditure is required for the manufacture of tuberculin and other such agents for the diagnosing of disease."

Accumulated evidence shows that this test is eminently satisfactory and reliable, and, more, it will wake latent disease in an inoculated animal. It is hoped that complete immunization from tuberculosis may be attained if the serum or other product can be discovered. This hope is based on the unproved theory that tubercle disease and that the proper antidote is inoculation made with an emulsion of germs.

A good deal of valuable information has been accumulated from other reliable sources, and in December last Mr. J. Newton, a well-known farmer, published his views on the matter in a Lancashire paper. The views were adopted by the Lancashire Farmers' Union.

The budget speech referred to above says: "It is now generally accepted everywhere that the bacillus is communicable to man." Koch's statement that it was impossible to transmit tuberculosis from cattle to man as the bovine and human tubercle bacilli were distinct and distinct organisms. However, a new school of thought held sway and Koch was found to be wrong in his order to save the French dairy industry from ruin, the government demanded an inquiry on the matter and the report handed in in 1922 was to the effect that bovine and human bacilli were separate and distinct, the possibility of transmitting one to the other was negligible, in common with many others who have investigated the matter, Mr. Newton denies that milk is responsible for spreading or causing tuberculosis.

CYROS CRITICIZE PENSION'S BARD

Meeting Held Last Night at Which Members Support Returned Men

At the regular monthly meeting of the Victoria Gyro Club last night, the members heartily endorsed the resolution passed by the various ex-service men's organizations connected with the existing Pensions Board. They believe, as do the returned men here in Canada, that many injustices have been perpetrated by the Board, and that the officials should immediately be taken from office. They were glad of the opportunity of registering their protests against the registration of that body.

Gyro Club members, president, occupied the chair, the meeting being preceded by a dinner in the Chamber of Commerce rooms. The Gyros elected six of their members to act as representatives of the club in welcoming visitors to the Motor Camp at Curtis Point during the Summer. These will form a part of a committee which is being arranged to be on hand when visitors arrive at Curtis Point.

SALE OF WORK

Special to The Times.—Metehosin.—The members of the Girls' and Junior Branch of the W.A. of Metehosin will hold a sale of work and garden parties on Monday, June 4, at St. Mary's Village. Hitherto the Girls and Juniors have joined with the Senior Branch in their annual sale, but this year the young aspirants decided to launch out on their own initiative with the result that with the help and advice of their superintendent, Mrs. F. Conroy, an exceedingly interesting and attractive program has been arranged for the afternoon of June 4. It is hoped their efforts will meet with success, as the girls have worked very hard for a considerable time and have many beautiful articles for their stall.

PLAN WEST VICTORIA EXHIBITION SHORTLY

Victoria West and Esquimalt to Combine in Annual Display

School Children's Work Given Position of Honor

The first annual West Victoria Agricultural and Industrial Exhibition will open at the Victoria West School under the auspices of the Victoria West Brotherhood on August 24. The inaugural exhibition, which is designed primarily to show the possibilities of Victoria West and Esquimalt in agriculture and other forms of industry will be open for two afternoons and two evenings. Mayor Hayward has consented to open the exhibition, while Reeve Alexander Lockley of Esquimalt will officiate on the closing day.

An extensive prize list has been prepared, featuring all phases of vegetable and flower culture, manual training, domestic science, home-made exhibits in housewifery, with special attention to school exhibits for the pupils of Victoria West and Lamson Street schools.

The decision to stage the function annually was consequent on the outstanding success of a Summer fete held under the same auspices last year and marks one step in the campaign by West Victoria residents to make known the advantages of that section of the city for residential and industrial purposes. "Volunteer, Work, Boost," the energetic motto of the organization, is self-explanatory.

Entries are now invited and should be addressed to the secretary, C. H. Vesey, at 805 Craigflower Road, on or before August 20. Full details of the rules governing the exhibition may be obtained from the same source.

The committee in charge of the exhibition has included several events open to the whole of the city and vicinity. Last, but not least, there will be four prizes for the best baby girl or boy up to two years of age.

The details for the manual training and domestic science exhibits have not yet been prepared, but with that exception the prize classes follow:

The Practical Floor for the Servantless Home

HAPPY indeed is the woman who does her own housework if her floors are covered with Dominion Linoleum where there can be no embedded dust or dirt to cause anxiety. A damp mop is all you need to renew the bright effect desired, saving many tiresome hours of scrubbing and sweeping.

The heaviest furniture too, moves easily over a Linoleum covered floor, making it easy to clean out-of-the-way places or to rearrange the room.

Dominion Linoleum is comfortable to walk on and delightfully cool on hot summer days. Let the kiddies scuffle and romp on this practical playground as much as they please. Its tough, resilient surface resists wear and holds no dust or germs to endanger health.

Dominion Linoleum and Linoleum Rugs are available in patterns and colorings to harmonize with every room. Tile designs for kitchen and bathroom—floral, oriental or plain patterns for bedroom, dining room or living room—each one moderately priced.

Look for the strong canvas back when buying. All genuine Dominion Linoleum and Linoleum Rugs have it, which covers long years of wear. It is the foundation on which all Dominion Floor Coverings are built.

COLUMBIA
 Break-neck action, big and rugged drama, tingling adventure and romance that glows are the chief ingredients of "Canyon of the Foels." Harry Carey's new starring vehicle released by F. B. O. and revealed for the first time at the Columbia Theatre yesterday.
 Carey's popularity is expanding with each new production in which he appears because his name has long been identified with virile Western dramas with fast action and delightful humor. "Canyon of the Foels," based on a novel of the same title by Richard Matthews Hallett given to Mr. Carey one of his most impressive roles and he endows the part with all his rich skill of characterization.

PLAYHOUSE
 It is exceedingly pleasant to be able to record the fact that the Compton Comedy Company, now in their fourth week at the Playhouse, are keeping well up to the standard they set for themselves on their arrival here.
 "The Marriage of Kitty," this week's offering, is one of the foremost examples of the best of modern comedies. The characters are so true to life, and so commonly met, that their idiosyncrasies so faithfully portrayed and their clever speeches so excellently rendered that one feels that one is witnessing a chapter of real life. From the pen of Cosmo Gordon-Lennox, tried master of stagecraft, this delightful play is proving one of the most popular successes of the present London season where it is being performed by that brilliant actress, Marie Tempest.

DOMINION
 Miss Alice Crawford, who is seen in the role of Stephanie Dangerfield, one of the principal characters in "The Glorious Adventure," J. Stuart Blackton's all-color photoplay production, the first feature of its kind ever made, now showing at the Dominion Theatre, is one of the best known actresses on the English stage. She was associated with the late Sir Herbert Tree in many of his noted productions, and is noted as a Shakespearean actress in an all-star production of "The Merry Wives of Windsor." Miss Crawford played Mistress Page.

ROYAL VICTORIA
 One of the funniest of all the humorous things with which Mary Pickford's best feature, "Daddy Long Legs" which will be seen at the Royal again to-day, is loaded in a series of scenes in which Mary, as Judy Abbott, takes too much hard cider.
 The funny little "drunk" is not indulged in by Judy Abbott, the orphan child Miss Pickford plays, with malice aforethought. It happens that she and a funny little orphan with a very freckled face have just lead a "prune strike" in which they have sought to obtain better food for the children of the asylum, who are fed on thin soup and prunes.

NEW ROTARY HEAD

JAMES ADAM
 Mr. Adam was installed as president of the Victoria Rotary Club at the club's annual meeting last night.

ROTARY STARTS NEW YEAR HERE
 Last Twelve Months Has Seen Much Useful Service, Members Told
 Newly-Elected Officers Are Installed at Club's Annual Banquet

Rotary started another year's work in Victoria last night with the installation of the Rotary Club's new officers at a dinner in the Chamber of Commerce auditorium.
 The new Rotary officers are: Immediate Past President, Percy B. Scurrah; President, James Adam; First Vice-President, Frank J. Sehl; Second Vice-President, Samuel J. Drake; Treasurer, H. Peter Johnson; Sergeant-at-Arms, J. Percy Watson; Directors, William N. Kelly, Thomas P. McConnell, Frank Williams, J. Drake; Treasurer, H. Peter Johnson; Sergeant-at-Arms, J. Percy Watson; Directors, William N. Kelly, Thomas P. McConnell, Frank Williams, J. Drake.

Tell of Year's Work.
 The work of Rotary during the last year was summarized in the directors' report which, ran, in part, as follows:
 The great majority of items on the program were supplied by our own members in accordance with our traditional policy. Outside speakers were entertained occasionally and included the Governor-General, Dr. R. E. Wedebush of the Canadian Tuberculosis Association; Mr. W. J. Egan, Dominion Government Trade Commissioner to South Africa; Rotarian Walter Young, President of the Worcester, Mass. Club; Dr. C. S. Price, members of the executive committee of the Victoria branch of the Y.M.C.A. and a number of old time residents of Victoria who entertained us with reminiscences of early days of the city. One meeting was devoted to the official visit of our District Governor, Mr. Lamb. Joint meetings were held with the Kiwanis Club, the Dominion Fire Chiefs' Convention and with a party of members of the Montreal Board of Trade.

Big Attendance.
 The attendance of members at meetings again broke all previous records. Out of 6,229 possible attendances, 5,274 were actually recorded or 84.7% per cent, thus bearing by a small margin last year's figure of 84.6% per cent. The trying times through which business has been passing resulted in another decrease of membership although more new members joined than in the previous year. Seventeen new members were elected and twenty-nine dropped out, making a net reduction of twelve and a present membership of 118. Of the members lost thirteen left the city and eight resigned to represent their classification; four resigned on account of inability to maintain the required standard of attendance; the membership of one was terminated automatically for non-attendance and one resigned from lack of interest. The Board was slow to recommend the club to commit itself on matters of public policy but resolutions were adopted at the general meeting held at the Empress Hotel By-laws; lifesaving facilities on the West Coast; Federal aid to highways and a request for a new courthouse for Victoria. One meeting was devoted to hearing arguments pro and con the Greater Victoria Water Bill without any action being taken.

Sports Activities.
 The Sports Committee carried out an extensive programme of baseball, bowling and golf events. Our star was not in the ascendant in the baseball department as we lost the trophy to Vancouver after holding it

GAS BUOY WANTED OFF POINT ROBERTS

Seattle, June 1.—A movement to induce the United States lighthouse service to put an illuminated buoy on the Canadian boundary off Point Roberts has been started among purse seiners of Puget Sound, it was learned here yesterday. Fishermen complain that it is difficult for them to tell just where the boundary is in Georgia Strait, so that they are like-

ly to get within three miles of land in Canadian waters when the Canadian fisheries patrol will seize them.

Seattle, June 1.—Discussion of routing transpacific rate matters was taken up by the northern division of the Pacific westbound conference which met here to-day as an aftermath of the general meeting of the conference held in Seattle recently. Eight lines were represented at to-day's session, which was presided over by L. L. Bates, general freight agent of the Admiral-Oriental line.

AUSTRALIA AWAY FOR ORIENT PORTS AFTER DELAY HERE

C. P. S. S. Liner Anchored in Roads Overnight and Cleared This Morning

After spending the night anchored in the Royal Roads the C. P. S. S. Empress of Australia cleared for the Orient to-day fifteen hours behind schedule.

She was due at the Outer Wharf last night at 5 o'clock, but owing to a strong wind Capt. W. Dixon Hopcraft, decided that it would be too risky to attempt the berthing of the ocean greyhound at Pier 2.

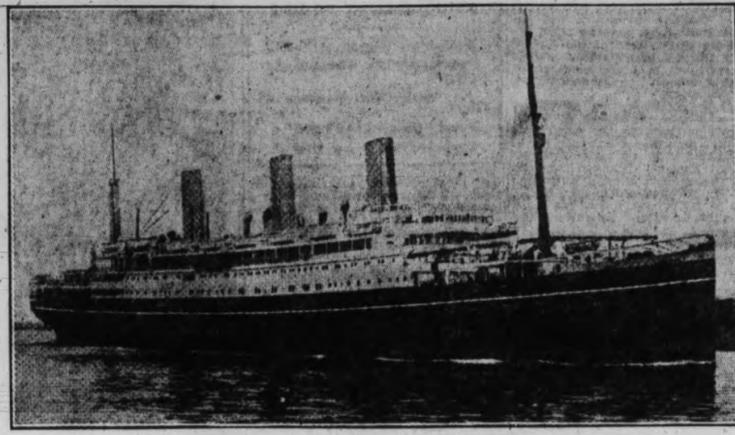

She anchored in the Royal Roads pending the arrival of a tender. Darkness fell rapidly following arrival here last night. The Princess Maquinn, Capt. Gillman, was ordered out to the Empress this morning, and clearing from the Inner Harbor at 9.30, she made the vessel's side about 10.15.

The Australia left for the Orient at 11.30 o'clock this morning.

The Empress liner is carrying a large cargo to the Orient, some 3,100 tons being consigned for Oriental ports. Two hundred and fifty passengers left for the Orient, included in the passenger list was Dr. Frank Crane and party comprising Mrs. Crane, E. H. Crane and Mrs. Daphne Drake, all of New York. Other passengers were George Gregg of New York, who is returning to Korea to resume his work with the Y. M. C. A.; E. L. Murray, manager of the export department of the Gutta Percha Rubber Company; F. W. G. North, of the Kalkan Mining Administration at Tientsin; Professor Huntington, of Montreal, and S. Uhukata, of the Silk, Ltd., of Toronto.

The Canadian prospector will go into drydock to-night or early to-morrow, it was announced yesterday. This morning cleaning and painting will be done to her while in dock. The Theben has been having her boilers cleaned and was inspected yesterday. As to the repair work that will be done to her no definite information has been secured regarding the letting of the contract.

NEW ALASKA BOAT MAY FOREGO HER OFFICIAL TRIALS

Vessel Completing at Tacoma Is Due to Sail North on June 9

Seattle, June 1.—Possibility that the Alaska Steamship Company may forego a trial trip for its new vessel, the Alaska, which is to be delivered Monday by the Todd Shipbuilding and Engineering Company of Tacoma, was announced to-day. This would be to make more time for outfitting the saloons and staterooms of the Alaska, which is scheduled to sail June 9 for Southeastern and Southwestern Alaska. Captain J. G. Nord is to command her, and Oscar Johnson, former chief engineer of the Alameda, is to hold that post on the new steamship.

The Victoria, of the Alaska Steamship Company, arrived here yesterday in three days and nineteen hours from Steward direct. Loading of ore was omitted in order that she might have time here to be prepared for her first voyage of the season to Nome, on which she is to leave Tuesday. United States steamboat inspectors are to examine here to-day.

Purchase of the Silverado, one of a fleet of Shipping Board vessels lying in Lake Union here, by the Charles R. McCormick Steamship Company, was announced to-day. Robert Hill, San Francisco post manager for the McCormick Company, is expected here Monday to accept delivery.

With the exception of a short distance in Cross Sound the United States coast and geodetic survey steamship Explorer has completed wire dragging for pinnacle rocks and all these obstacles have been removed from the inland passage to Alaskan ports, Captain R. B. Derickson, superintendent of the survey, announced to-day. The Steamship Surveyor is mapping and clearing the channels about Baranof Island and Sitka Harbor, the Discoverer is working in the Shelkof Strait and off Kodiak Island, and the Pioneer is surveying the waters in the vicinity of Cold Bay. Captain Derickson said that the Explorer would probably complete the Cross Sound survey in a few days.

CITY OF VICTORIA RETURNS TO COAST

Ship Reaches Golden Gate From Antwerp Via Azores and Panama

Will Enter Canadian Inter-coastal Service Shortly

San Francisco, June 1.—The steamship City of Victoria, which put in at the Azores recently en route from Antwerp to this Coast with a fire in her hold, arrived here yesterday with a cargo consigned to G. W. McNear.

W. D. Benson, of Seattle, representing the latest addition to the intercoastal fleet, the Trans-Marine steamer, arrived here to-day to perfect plans for the reception in San Francisco of the company's first steamer in the service, the Suradico, due to clear from Newark, N. J., June 12. Every Thursday thereafter a Trans-Marine steamer is scheduled to sail from Newark for the Pacific Coast with San Pedro the first port of call. There will be a total of thirteen vessels in the fleet.

The second meeting of the Shippers' Committee appointed recently to draft new coastwise tariffs was held yesterday although little business was transacted. The committee devoted the time to going through the present tariffs. Another meeting will be held Monday.

NEW WHARF WANTED

Sayward, June 1.—The wharf here which has just been repaired at considerable cost has again been seriously damaged by one of the boats of the Union Steamship Company. The member for the district, A. W. Neill, M. P., is being communicated.

If You Want Healthy Children Give Them Plenty of June Milk.

JUNE is not only the month of roses. It is also the month of the best milk. The cows are browsing in succulent June pastures, eating the young green grass. In June, their milk is richer in butter fat than in any other month.

Do your children drink enough of this nourishing, healthful milk? Give it to them with delicious Puffed Wheat or Puffed Rice and they will gladly take all they need.

Children love these appetizing whole grain foods. Each delicate puffed morsel has a tantalizing, nut-like flavor that makes them eager for more. Give them puffed grains any time they are hungry. No need to wait for meal-time, because wholesome, nourishing Puffed Wheat and Puffed Rice are good for them at any hour of the day.

There are many tempting ways to serve Puffed Wheat and Puffed Rice. Combined with milk they provide ideal nourishment for breakfast. With berries and cream they are delicious for lunch. Sprinkled with salt and melted butter, they make a delightful after-dinner tit-bit.

PUFFED RICE and Puffed Wheat are equally delicious and wholesome. The steam explosion which puffs the wheat or rice kernel to 8 times its normal size, makes the whole grain easy to digest and delicious to eat.

LOCAL BARITONE IS GOLD METALLIST

Percy Edmunds of Victoria Successful at Musical Festival

Vancouver, June 1.—The wide-spread interest which is being taken in the first annual British Columbia musical competition festival was sustained during the third day's auditions at St. Andrew's Church and here yesterday.

It was a strenuous day for Messrs. Granville Bantock and Plunkett Green, adjudicators. Solo vocalists, in most of his branches, claimed a good share of the time, for four of this type of event were of a "weeding out" nature—two being preliminaries and two finals. In addition, there were vocal trios, vocal trios, quartettes and the singing of large church choirs.

Percy Edmunds, baritone soloist at the Metropolitan Methodist Church, Pandora Street, was last night declared the winner of the gold medal. Mr. Edmunds, who is well known here, is a pupil of Mr. George Verward, leader of the Metropolitan Church choir.

The big event of the day was the closing one, large church choir. In this, the final, unison and interpretative qualities of St. Michael's Auxiliary Choir (W. H. Barton, conductor) gained for it the silver shield donated by David Spencer, Ltd.

Another feature of the day was the playing of organ by Mr. Bantock, cello solo section. His performance of two exacting and widely contrasting items displayed such insight and technical finish that Mr. Bantock, in announcing his victory, stated that Mr. Maher's treatment of Squire's "Fantasia" was the best solo interpretation yet heard during the festival.

RAILWAY BOARD TO ARRANGE LAY-OUT OF RESERVE AREA

City Presses Negotiations to Get Railway Spur Plan Before Commission

Efforts will be made by the city authorities to bring before the Dominion Railway Board, which is here shortly, plans for allowing the Esquimalt-Nanaimo Railway Company to maintain a level railway crossing over the street which runs through Victoria West Park. So that the Railway Board can approve or reject this scheme it is planned to speed up negotiations on the matter between the Provincial Government and the city.

At present the city is withholding permission for the railway line to be maintained indefinitely in Victoria West Park until it learns the attitude of the Provincial Government. No word from the Government has reached the city yet. Meanwhile the city is pressing the matter through the Provincial Government.

The chief point to be settled by the Railway Board is whether a railway line across Johnson Street should be allowed. When the Johnson Street Bridge is finished Johnson Street will be one of the main highway arteries in the city and the traffic across the proposed railway spur will be very heavy. It is explained, however, that the spur will not be used often by trains and it is expected that the operation of trains here will be limited to certain hours of the night.

SEEK LIGHT WORK FOR WAR VETERANS

City Tries to Find Employment for Partially Disabled Men

Efforts are being made by the city now to find some form of light work for a number of partially-disabled veterans, who are in need of representations made to Mayor Reginald Hayward by members of the Tubercular Veterans' Association.

These veterans explained that they were unable to do heavy work but suggested that they could undertake the watering of boulevards and other light work. They admitted that crossing a lake, although in many instances now, by pointed out that they were unable to accept heavy work on account of their condition, which is a direct result of the war.

The Mayor was much impressed by the representations of the veterans and promised to see whether the city could hold them. He is looking into possibilities of employment for these men in several city departments.

DAND CONCERTS STARTING SOON

Weekly Entertainments Will Be Followed By Daily Programme; Start June 15

The first of a series of Sunday band concerts will be held at Beacon Hill this week, at 3 p.m. on Sunday next. It will be given by a thirty-five piece band, directed by J. M. Miller.

Arrangements are now being made for one hundred daily band concerts, which will begin June 15. The band committee of the Chamber of Commerce and the Parks Committee of the City Council are in charge of these arrangements, and are working hard to make them a success. The City Council has increased its yearly grant for these concerts from \$2,000 to \$3,000. It is estimated that something in the neighborhood of \$10,000 will be required to cover the requirements of the bandmen for the coming season.

It is the desire of all those in charge of the work connected with the concerts that the enthusiasm of Victorians, which was demonstrated so forcibly during the Maytime Frolics, may be kept up at a high pitch. Music, they believe, is what the citizens need, for they have been demanding it for many years. Hence it is being arranged that the concerts shall take place once a week for a time, and eventually bands will play every day at business sections of the city, at the automobile camp at Curtis Point, in front of the Parliament Buildings and elsewhere. They will also endeavor to arrange for the bands to meet conventions which may come to Victoria this Summer, and as there are a great many of these expected this will mean that the bandmen will be busy a great part of the year.

The committee in charge of arrangements realizes that although the people want and need these band concerts, they must also aid them in every possible way.

RESPECTED OLD-TIME RESIDENT IS DEAD

There passed away yesterday at the family residence, 2115 Fernwood Road, Samuel Jackman, aged 84 years and 5 months. He was born in Oakville, Ontario, Canada, on January 7, 1839, and had been a resident of this city for the past 39 years and a resident of Canada for 65 years. He was late Mr. Jackman came to Canada on a sailing vessel with his parents when he was 19 years of age. For many years he resided at Bowmanville, Ontario, where he followed the harness making trade. He leaves to mourn his loss his widow, one son, S. J. Jackman, of Wilkinson Road, Saanich, and two daughters, Mrs. A. B. Cook, of 2117 Fernwood Road, and Mrs. T. L. Irving, of Seattle, Wash., also twelve grandchildren and six great grandchildren. The remains are reposing at the family residence, 2115 Fernwood Road, from where the funeral will take place on Monday at 3 o'clock, the Rev. W. Stevenson officiating. The arrangements are with the Thomson Funeral Home.

Many attended the services yesterday over the remains of Mrs. Ann Barratt, when the Rev. H. Parsons officiated. The hymns sung were, "Lead, Kindly Light," and "Abide With Me." Messrs. E. E. Durham, S. W. Kendall, E. Hamilton, W. Lorimer, L. Adamson and J. E. Horspool acted as pallbearers. Interment was made at Ross Bay Cemetery.

The funeral of Clara Cowgill, the seven-year-old daughter of Mr. and Mrs. James Cowgill, of 314 Belleville Street, took place Wednesday morning, the cortege leaving the Sands Funeral Chapel at 9 o'clock, and at ten o'clock service was held at the West Saanich Catholic Church by Rev. Father E. M. Schoelen. Interment was made at the West Saanich Cemetery.

There passed away yesterday at the home of Mr. John Moore Hollins, "Buena Vista," 3411 Quadra Street, Mrs. Annie Madeleine Bowen, after long illness. She is survived by two daughters, Mrs. John Moore Hollins, the above address, Mrs. E. J. Blackmore, of 2845 Work Street. The remains are reposing at the Sands Funeral Chapel and due funeral notice will be published later.

The funeral of Arthur Kelvin Neave took place Wednesday afternoon at 3.30 o'clock from the Sands Funeral Chapel. Dr. T. W. Butler officiated, and the hymns sung were: "Nearer My God, to Thee," and "Jesus, Lover of My Soul." Relatives and many friends were present and beautiful flowers covered the casket which testified to the high esteem in which the young man was held. The pallbearers were Messrs. Eric Chandler, John McNutt, John L. Parkinson, Arthur Porter, Herbert Martin and L. Neave. Interment was made at Ross Bay Cemetery.

Wednesday morning at the family residence, 714 Powderly Avenue, Victoria West, the death occurred of Captain Charles Caley, aged 80 years, a native of Douglas, Isle of Man, and a resident of this city for the past two years. For many years the late Captain Caley was a deep sea master. He leaves to mourn his loss his widow, three sons and two daughters, all of this city. The remains are reposing at the family residence, whence the funeral will take place on Saturday afternoon at 2.30 o'clock, the Rev. J. P. Dimock, of the Wesley Methodist Church, will conduct the service. The remains will be laid to rest in Ross Bay Cemetery. The arrangements are with the Thomson Funeral Home.

Many Victorians will regret to hear of the death of Mrs. John A. Turner, which occurred in Santa Rosa, on May 22, following an illness extending since last Christmas. Besides her husband, Mrs. Turner leaves to mourn her loss a daughter, Miss Emma Turner, of Vancouver, and Mr. Peter Turner, of San Francisco. Since leaving Victoria some few years ago Mr. Turner and the late Mrs. Turner resided at Prince George and later at Anxox from where they removed a year and a half ago to Santa Rosa, California.

At the family residence, 2745 Quadra Street, the death occurred this morning of Christina Neaves, eighteen-year-old daughter of Mr. and Mrs. Neaves. She was born in South Saanich and came with her parents to reside in the city two years ago. She is survived by her

NEW B. C. INDIAN OFFICIALS NAMED

William C. Dallin has been appointed Indian Agent at Kamloops, and George S. T. Pragnell has been made Indian Inspector for that district, William Ditchburn, Chief Inspector of Indian Agencies, announced here to-day after being advised of the appointments by the Civil Service Commission at Ottawa. Both the new officials are returned men. Mr. Dallin formerly was constable and farming instructor in the Kamloops Indian district, and he succeeds John F. Smith, who was superannuated a short time ago. There were 21 applications for the position of inspector and 38 for agent in the Kamloops district. Mr. Ditchburn said to-day.

Amateur Ball Teams Figure In Two Games

Eagles and Automotives Will Perform To-morrow Afternoon While on Monday Nainaimo Will Pay a Visit to Look Over the Eagles; Good Games Expected

Amateur ball fans will be able to glimpse two ball games within the next three days, the Eagles and Automotives meeting to-morrow afternoon at the Stadium, while on Monday Nainaimo is sending its team, which boasts of a million-dollar infield, here to oppose the Eagles.

Frank Moore, of the Eagles, announces that the Coal City team is one of the sweetest layouts on the Island and will make any team step. He is so anxious for the feathered tribe to walk off with the game that he is grooming his proteges very carefully.

The Eagles are at present tied with the C. P. R. for first place in the City Amateur League. All their supporters believe that they will be the new champions.

A holiday game. Much interest is taken by the fans in the outside teams being brought here for games. It relieves the monotony of seeing the same clubs in action.

The call to "play ball" will be sounded at 3 o'clock on Monday afternoon.

League Standing. P. W. L. Pct. C. P. R. 4 3 1 750. Eagles 3 1 1 457. Automotives 2 3 3 400.

The mechanics have been playing exceedingly fine ball recently. In the last game, when Parfitt should have secured a win, Jackson, the home run king of the league, struck out and slashed out two home runs, upsetting the dope.

Manager Beech, of the motormen, will either pitch or bat on the mound, with his star hurler, Ray Parfitt, in reserve. The Eagles will most likely put Red McDonald or Kerr in the box to do the twisting.

Will Ritchie Shows Old-time Speed on His Return to Ring. Stockton, Cal., June 1.—Willie Ritchie appeared here last night as the feature of a boxing card in a four-round exhibition against Buck Holly. While it was an exhibition, Willie seemed as fast as ever, and in good condition.

Westminster Hands Vancouver Defeat. New Westminster, June 1.—The New Westminster senior lacrosse amateurs handed Vancouver's best an artistic trimming at Queen's Park last evening, defeating the Native Sons by a score of 5 goals to 0, in a B. C. L. A. fixture.

Royals Too Fast for Sons of Canada and Win Lacrosse Game 6-0. The combination of the Royals, who were in much better condition than their opponents, was of a high order, but a wet field spoiled several chances.

Adopt Bank Act Amendment. Ottawa, June 1.—The resolution of T. W. Bird, Progressive, Nelson, to call two United States bankers concurrent with the Federal Reserve system, was defeated, 23 to 11, at yesterday's session of the House Banking and Commerce Committee.

Gene Sarazen Wins Northern Pro Golf Title in England

Lytham, Eng., June 1.—Gene Sarazen, American open golf champion, to-day won the Northern Professional golf championship with an aggregate score of 290 for the 72 holes played.

Lytham, Eng., June 1.—Walter Hagen, American golfer, who holds the British open title, yesterday repeated his performance of Wednesday in the Northern professional golf championship by turning in a card of 72.

Jim Barnes had a 75, bringing his total to 148; Gene Sarazen also took 73 for 143. The British star, and Tom Watson, the home professional, also aggregated 148, while James Ockenden, Raynor, and J. Brews, of South Africa, are tied with Sarazen at 149.

The Native Sons of Canada and the Hudson's Bay will clash in a Commercial League fixture at the Central Park this evening commencing at 6:30 o'clock.

It is expected that the teams will put up a strenuous fight as the leadership of the league goes to the winning team. At present the Sons and the Bays are sitting on the premier position both having played and won the only games they have appeared in.

Curtis will be on the mound for the Sons while either Taylor or Richardson will take on the heavy work for the department store team.

Cincinnati Reds Causing a Stir in Big Leagues

Reds Clamoring for Fourth Place in National, Stepping Pretty Fast. Chicago, June 1.—Now comes Pat Moran and his Cincinnati Reds. The Reds are not exactly emulating the Brooklyn Robins in their own league or the Philadelphia Athletics in the American, since Cincinnati was pre-season rated as a likely combiner.

Bad weather aided other teams in keeping down the Reds, but within the last week or so they seem to have found themselves. In winning their third straight victory over Chicago yesterday 3-2, Cincinnati advanced to fifth place, two points within St. Louis to secure a notch in the first division.

Brooklyn kept on its winning form, beating Boston 5-2 and keeping ahead of the St. Louis Cardinals, who defeated Pittsburgh 4-1. The Brooklyn contest was notable for Mack's effectiveness against Zack Wheat, leading National League batsman, who failed to hit for the first time in 21 games.

Jack Bentley, whose ineffectiveness at times has caused fans to question the wisdom of paying \$65,000 for him to Baltimore, won his third game out of seven starts yesterday, beating the weak Philadelphia Quakers 4-1.

The Philadelphia Athletics were idle, but because of their double day in the Northern professional golf championship by turning in a card of 72.

The New York Yankees also took advantage of the Athletics' idleness and advanced further into the league leadership, beating Boston 8-1.

Will Try to Lift Featherweight Crown

On Saturday afternoon this wonder of the French ring will step on to the canvas to swap punches with Johnny Kilbane, the featherweight champion of the world. Kilbane is confident that he will win. He says: "They say this Frenchman is pretty tough. Maybe he is, but I've met some pretty tough birds in my time and, generally, have managed to tame 'em".

Criqui is saying nothing. He is handicapped in a way through not being able to speak English. His present handicap, however, will be a decided advantage when he enters the ring. Kilbane is an incessant talker and tries to get his opponent's goat by a running line of chatter.

Criqui has won a lot of friends in the States. He is a war hero and the story that has gone the rounds of his jaw being shattered by a shell at Verdun and the replacement of the wrecked part by a section of a rib has sunk deep with the hero-worshipping populace across the line.

Victorians Honored By B. C. Cricket Association

Vancouver, June 1.—Major M. J. Crehan presided over a large attendance at the annual general meeting of the British Columbia Cricket Association held last night. The new constitution as drawn up was passed.

Committees were appointed as follows: Finance, J. E. Wright and L. Thomas; tournament, W. E. Honiball and M. M. Greaves; publicity, R. E. Worthington and J. Minns; entertainment, R. Quinn and H. Radcliffe; grounds, E. W. Dean and V. M. Warren.

At the close of the meeting a tribute was paid to those who had done the spade work in connection with the forming of the association and a hearty vote of thanks was passed to R. F. Brett, who was the originator of the movement which culminated in the forming of the B. C. Cricket Association.

Frenchman Will Not Get Smack at McGiue Until Early in August. New York, June 1.—The bout between Mike McGiue and Georges Carpentier has been postponed from July 14 to August 11 by Tex Rickard at the request of the Frenchman who recently injured one of his hands.

Seaman Wins on Points. Tacoma, June 1.—Solly Seaman, New York, outpointed Johnny Jack, Tacoma lightweight, in the six-round main event of the boxing program here last night.

Mitchell Holds Title. Milwaukee, June 1.—Pinkey Mitchell, Milwaukee boxer, still retains the junior welterweight championship belt regardless of the outcome of the contest with Benny Leonard in Chicago Tuesday night.

Cricket Team. The following players will represent the Five C's cricket team in their match at Nelson Hill to-morrow afternoon—Fayne, Lee, Butterworth, Sutton, Wilkinson, Vaughan, Bredin, Quainton, Comley, Booth and Edwards. Reserve, B. Lea.

Cricketers to Appear in Two Games To-morrow

Victoria Can Draw Up to Even Terms With Albions By Beating Congos. Both leaders in the Victoria and District Cricket League will be idle tomorrow as afternoon. Albions and Congos hold byes but the other four clubs will be in action.

Developing Youngsters. The Congos are bringing along several promising youngsters and are not bent upon capturing the Victoria Cup this year. They are anxious to get a team moulded into shape for a big effort next year.

Some of to-morrow's teams will be as follows: Congregationals—A. Attwell, A. J. Collett, E. R. Lock, H. T. Lock, A. J. Curtis, A. Slocomb, Gordon Learning, H. Wallace, C. J. Gliden, W. Ellis and C. P. Hill.

THE TIMES DAILY PICTURE PAGE

A CASE OF HERITAGE—This is Jacqueline de Berr, six. Her mother is Lisette de Berr, French cinema star. Jacqueline has just won first prize in a competition of all child movie players in France.

IN THE TEETH OF THE WIND—Summer's almost here. Yachting is on in many cities already. More than fifty boats participated in Frisco's first events of the season. It was the largest concourse ever brought together in San Francisco Bay. Look at her go!

AIDS GEORGETOWN—Miss Gloria Gould, daughter of George J. Gould, is one of the chief workers in the campaign to raise \$5,000,000 for Georgetown University.

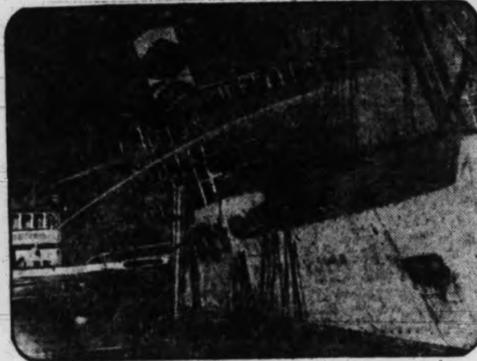

KNOW A YOUNGER GRANDMA?—Mrs. Charles Bryan (left) was a grandma at 31 years of age. Now she's 32, and is shown above with her daughter, Mrs. Fred Mortensen, and the latter's baby boy, Charles, 15 months. It begins to look like Mrs. Bryan is the country's youngest grandmother.

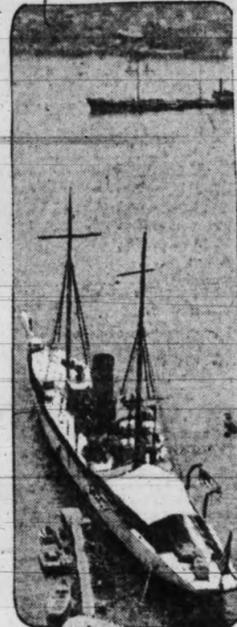

REAL PRIZE FOR FLYING HERO—Miss Nellie Turner, formerly of Columbus, O., was Lieutenant John A. Macready's reward for breaking all air records in his recent transcontinental non-stop flight on which he was accompanied by Lieutenant Oakley Kelly. The couple were married almost immediately after Macready landed at San Diego.

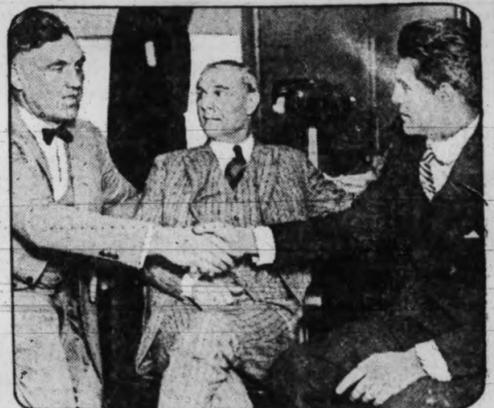

CRIGUI PREPARES—Eugene Crigui, in his protective headgear, photographed at Manhasset, Long Island, where he is training for his bout with Johnny Kilbane for the world's featherweight championship.

THREE MILLION LOSS IN SHIP FIRE—Loss in the destruction by fire of the Santa Marta at Brooklyn, N. Y., is placed at \$3,000,000. Scores of firemen were endangered in fighting the blaze, which started in a forward hold.

RESTING EASY—The U. S. S. Scorpion has been anchored at this spot in the Golden Horn, Constantinople, for six years. It was interned when the United States entered the war, bombs were thrown at it by British airmen who thought it the sultan's yacht and then it was ordered to remain after the war. Commander Robert Henderson, U. S. N. (above), has been aboard those six years.

WILLARD AND FIRPO AGREE—Willard and Firpo, each a victor in recent heavyweight battles, meet with Tex Rickard (center) and agree to meet in the ring at a place designated by Rickard, the bout to be held not later than July 7.

HOUSE OF DAVID COUPLE REVOLT AGAINST FORCED MARRIAGE—Years ago Mrs. Lillian Hannaford, left, was forced by "King" Benjamin, of the House of David, to marry a man many years her senior, in spite of her protest that she loved another. "Benny" Hill, right, the disappointed youth, was also conscripted into wedlock against his choice, but his wife later left the colony and divorced him. Recently the pair eloped to Chicago, where Mrs. Hannaford is seeking a divorce so they may marry.

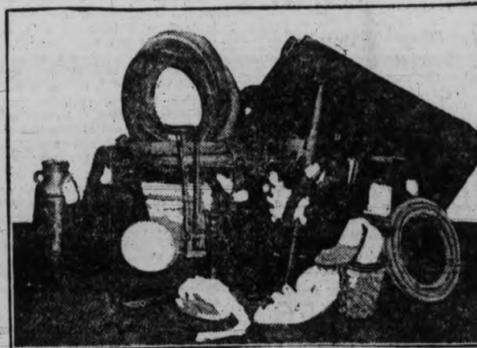

SCHOOL DAYS By DWIG

THE TRUANT OFFICER

SNAPPED AT WOODBINE RACE TRACK, TORONTO—Left, Capt. Rielle Thomson; centre, Miss Margaret Cockshutt; and right, Miss Isabel Cockshutt, daughters of the lieutenant-governor of Ontario.

THIS MAY HAPPEN TO YOURS!—This should be a lesson to everyone. It shows but a small part of parcel post material which annually goes to the Dead Letter Office because of faulty packing or poor addressing. And now the auctioneer reaps a profit!

ALD. FRANK HOWARD, of Guelph, Ontario, is running as a Liberal candidate against Attorney-General Raney in East Wellington.

AFTER SIGNING DEMPSEY—The photo shows the end of a 7,000-mile aeroplane chase to pick a fight. Eddie Kane, manager of Tommy Gibbons, chased Jack Kearns, manager of Champion Dempsey, nearly across the country before coaxing him to sign for a championship fight at Shelby, Mont., July 4. Gibbons (left) is congratulating Kane.

A GREAT FIGURE A GREAT EPOCH A GREAT STORY "CAPTAIN BLOOD" INSTALMENT NO. 28.

Writer of "Saramouche" By RAFAEL SABATINI.

Captain Blood realized that this must mean the end of his supreme authority, even though he should continue to be the King of France.

"O look," said Twinkie-wings, with her wand pointed at the incoming waves. "I can see faces. It is the Wave children we have heard of. Let us wait and speak to them."

"Hello," they called to the fairies, "who are you? We are the Mermaid children out for a race."

"We thought you were the Wave children," said Twinkie-wings. "Some call us by that name," replied one, "but we are really the Mermaid children. What do you say to a game of tag?"

"Oh, we cannot run out in the ocean," cried the three little fairies, running back from the touch of the serious trouble upon this score. Here, again, we deal with something that is so simple, a tangle of usages, conventions, laws, and prevalent mental habits, out of which arise problems which admit no solution in simple terms, and which yet are of vital importance to the everyday life of the community.

The United States and the French republic both started their careers in a phase of financial difficulty. Everywhere governments had been borrowing and issuing paper promises to pay their way in gold, resorted to the issue of paper money, promising to pay upon the security of undeveloped land (in America) or recently confiscated church lands (France). In both cases the amount of issue went far beyond the confidence of men in the new security. Gold was called in, hidden by the cunning ones, or went abroad to pay for imports; and people found themselves with various kinds of bills and notes in the place of coins, all of uncertain and diminishing value.

Manson Liquor Letter Which Stirred Senators

The Times publishes herewith the full-text of the letter from Attorney-General Mansion of British Columbia to the Hon. D. D. Mackenzie, as Solicitor-General for Canada, the reading of which caused the sensation in the Senate this week when the "Manson amendments" to the Canada Temperance Act were up to give each province complete control of liquor imports.

Victoria, B. C. January 16, 1923.
Dear Mr. Mackenzie:
Re "Canada Temperance Act."

Last Session the Federal Government, through yourself, was good enough to introduce into the House an amendment to the "Canada Temperance Act" largely at the solicitation of the Government of this

Province. The amendment, as you will remember, was known as Bill Number 132. The Bill passed the House of Commons unanimously. It passed the first and second readings in the Senate. In Committee of the Senate an amendment was made to strike out Section 3 of the Bill which contained that part which is vital to this Province and to Quebec. The motion to strike out was defeated by a substantial majority and the Bill was ordered for third reading in the Senate. Unfortunately the third reading did not come up until a day or two before the House prorogued. Then, with twenty-eight Senators absent, the Conservative Senators from this Province instigated a motion to amend on third reading by striking out Section 3. The motion to strike out carried by six votes. I wired the Prime Minister and several others begging that the utmost possible be done to prevent the deletion of Section 3. A conference of a Committee of both Houses was arranged. Senator Barnard and Mr. A. W. Neill from this Province were members of the Committee. As a last resort I suggested a compromise to the Prime Minister. Barnard refused to compromise and the Committee disagreed. Thereupon the Senate, with the assistance of five of its members, by a majority of five, defeated on third reading Section 3 of the Bill. I recite the foregoing so that your memory may be refreshed as to exactly what took place.

At this Session of the Legislature I moved, seconded by the Honorable the Premier, requesting that the Federal Parliament at its next Session enact legislation providing for the prohibition of the importation of intoxicating liquor into British Columbia except by the Provincial Government, in effect for the enactment as an amendment of the "Canada Temperance Act" of Section 3 of Bill 132 of last Session. The motion carried by a vote of thirty to fourteen. Major Burde was the only member absent and he assured me that had he been present he would have voted for the resolution. Every Independent in the House and all the Government Members supported the resolution. Bowser, after considerable trouble and a good deal of insistency I am old was able to line up his thirteen followers in opposition to the resolution.

Gives His Reasons.
I cannot find language strong enough to emphasize the necessity for the legislation asked for. It will be conceded by any one who sees the liquor traffic is like a high explosive, extremely dangerous and difficult to handle, and where it is handled by the Government, regardless of its political complexion, is jeopardized—in the interests of the public and in the interests of the Government. It is desirable, therefore, that the liquor business be handled with the utmost caution and surrounded with every possible safeguard. The reasons for seeking this legislation may be briefly summed up as follows:

- (1) The people by plebiscite decided in favor of government Control as against Prohibition.
- (2) The decision in favor of Government Control meant that the people were unwilling that the business should be left longer in private hands where the element of private gain would intervene.
- (3) Private importation under the existing "Federal law" precludes a complete system of Government Control.
- (4) Private stocks within the Province inevitably result, despite every endeavor to prevent it, in the re-vending of liquor at a profit by the Government and the consequent undoing of the Act.
- (5) Sale by illicit dealers (private importers) results in:
 - (a) No guarantee of quality;
 - (b) Excessive purchases;
 - (c) Public drunkenness, demoralization of hours conditions, and financial ruin to many.
- (6) Private importation increases greatly the cost of liquor law enforcement.
- (7) The export house manifestly exists for illegal purposes, namely:
 - (a) Shipping into Prohibition Provinces;
 - (b) Shipping into the Prohibition United States;
 - (c) And in actuality sells largely to a string of small illicit dealers.

By way of illustration of the July or August last our officers seized the whole stock of two export concerns at Fernie and kept the stocks under guard for a number of weeks with the result that the sales in our Government Liquor Store at Fernie increased by 136% and in our store at Hazel, a neighboring village, by 114%.

(8) The Dominion has already approved Provincial autonomy in the matter of liquor and in supplementing Provincial legislation so that liquor cannot be imported into Prohibition Provinces when the Prohibition Provinces so request. The Privy Council has held that prohibitory and restrictive laws with regard to liquor are for the Provinces and carrying out the spirit of these decisions the Dominion has said that they will pass supplementary legislation in order to make the control in the Prohibition Provinces full and complete. Logical reasoning dictates that the Dominion's attitude with regard to Prohibition Provinces should be extended to Government Control Provinces because Government Control is simply a modified form of Prohibition and just as much a summary law.

Answers Senate's Objection.
Objections raised in the Senate: (1) That the people of the Province had not been consulted—that this was not contemplated by the plebiscite.
Ans. Two questions were submitted to the people: (a) The question of Prohibition; (b) The question of Government Control.
The conclusion from the plebiscites is that people have an honest desire to have the business carried on in the safest way possible without depriving the people entirely of the privilege of obtaining liquor. Giving effect to this wish they voted for Government Control. Government Control and private importation are contemporaneously impossible. The

people emphatically voted against private importation.
(2) That the tax provisions of our Provincial Act with regard to private importations sanction the legality of it.
Ans. They do nothing of the sort. They were inserted in our legislation under the realization that we could not prohibit private importation and with a view to the best possible being, namely, putting all the stumbling blocks possible in the way to discourage private importation.
(3) That if the Government would supply good liquor at a fair price illicit dealing would cease.
Ans. This Government supplies the very best liquor produced. No one seriously contends otherwise in this Province. The price in this Province compares very favorably with the price in Quebec and it is generally conceded that the prices charged are fair and reasonable. They were reduced very materially following the September 1st, 1922, to the extent that the revenue from liquor this year will be \$400,000 less at least than it was a year ago.
(4) That the distribution of liquor will take away one more privilege from the people of British Columbia.
Ans. The people of British Columbia themselves have overwhelmingly majority said: "We want the Government to interfere with one of our ancient privileges in the matter of obtaining liquor. We disapprove of the private handling of the business. We believe in Government Control. We surrender our old privilege for the sake of the good of the people of the Province."
(5) That British Columbia alone asked for the legislation.
Ans. This is not true. The Prime Minister of Quebec after very mature consideration with his colleagues, under date of April 14, 1922, wrote me as follows: "Such a provision in the Federal laws would complete our Temperance legislation as it would leave the entire control of the distribution of intoxicating liquors to the Government or Commission through which the Government acts, thus preventing to a great extent the grave danger to which Government Control is exposed, the illicit sale of liquor. Viewing your suggestion from this standpoint, it meets with our entire approval."
"In what manner the Federal authorities will meet this proposal are not stated, but it seems to us that if our two provinces were to insist upon the adoption of this suggestion it should be favorably received, and with the proviso that the enactment would operate only upon the request of an interested province, the measure would simply contribute to ensure the adoption of a province's restriction in connection with the sale of intoxicating liquors."

Mr. Bowser's Position.
Generally the Conservative Party in this Province, apart from the vote in the House in December last when Mr. Bowser gave as his reason for voting against my resolution that he did not trust the Government to handle the liquor business, which is a purely absurd and political reason, is committed to the legislation this Government seeks. I quote from a Conservative pamphlet entitled "Misrule of the Oliver-Farris Government" where in paragraph 14 the following is stated: "This Government (Conservative) will also use every effort with the Dominion Government, under whose rule the matter lies, to see that legislation is passed at Ottawa which will stop the importation of liquor into this Province by private parties and that the liquor be sold and sold in British Columbia will be absolutely under Government Control."
This paragraph was inserted in the pamphlet prior to the last Federal election. Possibly the change at Ottawa explains Mr. Bowser's change.
That the export houses are in the habit of clearing liquor for export, taking it beyond the three mile limit and reshipping to British Columbia without paying the duty to the Federal Government is incontrovertibly true. It is a fact that we have known from the beginning of Government Control, but unfortunately one that we have not been able to successfully deal with. We pick up occasional cargoes of liquor within the three mile limit but what we get is a mere fraction of what is actually handled in that way. I attach herewith a clipping from the "Vancouver Star" of January 14, which is in point.

That Troublesome Paragraph.
A tremendous lobby will be carried on against this legislation. That lobby will be this year, as it was last year, in the hands of the conspicuous Federal Liberals. Very liberal sums of money will be made available for the debauching of Members of both sides of the House. Very substantial contributions will be offered to the campaign funds of all parties in the Federal fold are faced with this question—upon which depend your continuance in office of Provincial Liberal Governments. You need a Liberal British Columbia and you need it very badly. If the Liberal Government in British Columbia is to be maintained, you must maintain its good name. Its good name is vulnerable at no point as it is in connection with the liquor traffic. It is quite immaterial that the unsatisfactory conditions that prevail as the result of private importation are beyond Provincial control. The people do not look at that. If liquor conditions are unsatisfactory as a result of private importation then the good name of this Government inevitably will suffer and the life of the Government will be that extent jeopardized. From a purely political standpoint then it behoves our Federal friends to put through this legislation. It is extremely important to them I should say that this legislation should be passed. This Session will probably see the conservative friends of the Dominion split upon the questions. It has been intimated to me that they will not be unanimous as a result of Mr. Bowser's solicitation. Nothing would suit him better than to see our Provincial Liberal Government wrecked upon the reef of liquor administration. Never-

less, there are Conservatives in this Province, notably Mr. L. J. Ladner, who will support this legislation and speak in behalf of it.
I am satisfied that if the Government puts its weight behind this legislation it can carry it in the Commons and in the Senate and make it law. In doing so it will be doing a splendid service for the Provinces of B.C. and Quebec and such other Provinces as adopt Government Control, and politically it will be taking an extremely wise course. The Prime Minister in receiving a Prohibition deputation last Spring committed himself definitely to the policy of supplementing Provincial legislation with regard to liquor by Dominion legislation. Our Legislature has spoken emphatically as to what its wishes are. It remains for the Dominion Parliament to give effect to those wishes, following the pronounced policy of the Prime Minister of Canada in that respect. The legislation should be introduced, if I may say so, very early in the Session. It would be extremely unfortunate if we were again caught as we were last year with a successful filibuster at the close of Parliament. I beg you personally as I beg all our political friends at Ottawa to assist our Province, to assist our Government, to assist me, and to assist themselves in this respect.
Yours faithfully,
A. M. MANSION

B. C. NOW IMPORTS 6,500,000 POUNDS MUTTON A YEAR

Grazing Survey Shows Possibilities of Sheep Industry in This Province
The home market in British Columbia will absorb for home-consumption not less than 6,500,000 pounds of mutton annually with an increasing yearly demand. The grazing branch, under the Hon. T. D. Pattullo, announced to-day as a result of survey researches it has been making. "This is the weight of mutton imported annually," he says in the statement. "The ranges and farm lands of the Province are above the general average of Western lands in productivity. The climate of British Columbia is ideal for sheep raising and the livestock laws operate to encourage the farmer in his adoption of progressive methods."

"British Columbia with all its great advantages and with only 50,000 sheep to-day instead of hundreds of thousands must send outside of the Province over \$5,000,000 for its meats for the table."
"Switzerland with the same acreage as Vancouver Island has over 240,000 head of sheep within its borders and 28 per cent. of its lands are also largely waste land. Scotland, with only twice the acreage of Vancouver Island has 3,300,000 head of sheep. New Zealand, about six times as large as Vancouver Island, owns 24,800,000 sheep. Many other cases may be cited but few of them can claim the advantages of soil and climate that are peculiar to British Columbia."
"The wise farmer will arrange to carry a small flock without delay. The small amount of attention required to care for them will return handsome profits."
