

Boiler
endorsement

W 202-0222

Shipbuilders: Messrs.

~~Yard No.~~

Makers: Messrs. JOHN READHEAD & SONS

CONTRACT No. 519.
Boiler No.

It is submitted that the plan of the cylindrical multitubular boilers merit approval for a working pressure of 240 LB. per sq. INCH, provided the boilers be constructed under the usual conditions of survey and testing.

The Steel Testing Surveyors should be advised regarding the tensile strength of the shell plates, butt straps & manhole compensating plate, 30-34 TONS PER SQ. INCH; and girders, 29-33 TONS PER SQ. INCH

the riveting of the manhole compensating plate be amended as shown on the plans and

Return plans 2.
