Disorders in Italy Create Impression of Widespread Plot

Discontent Results in Violent Attacks in Various Parts of Country; Anarchists Active; Carabineers Restore Order in Central Ancona.

Rome, June 28.—Reports of disorders in widely-separated parts of Italy appear to corroborate the impression that they are part of a deep scheme to overturn social order throughout the entire country.

Unemployment is the alleged reason for the strikes now in progress and for rioting.

At Cadore, Venetia, red flags have been hoisted above the municipal buildings. Telegraph lines have been cut and roads blocked with trees at Luzzo, Callazo and Domegge. Carabineers in armored cars have dispersed rioters at Brimasso. At Roncole an aqueduct has been cut.

Discontent has burst out violently at Piombino and soldiers and police have been attacked with revolvers and hand grenades and have replied with machine gun fire. Many on each side have been killed and wounded.

Clash at Rezzato. Brescia, Italy, June 27.—Socialists and Populists have clashed at Rezzato. One policeman was killed and it is believed there were other victims.

Rioters Killed. Pias, Italy, June 27.—Barracks were attacked here yesterday, but the assailants were repulsed. Two of the rioters were killed, and many have been arrested. There were a number of casualties among the police and soldiers.

Ancona. Rome, June 27.—Quiet was restored to-day by carabinieri in the central part of Ancona, according to dispatches from that city. The anarchists who have been creating serious disorders there are retreating to the suburbs.

One hundred and ninety-three persons were placed under arrest. Three have been killed in encounters with policemen. It is said women participated in the fighting.

Two trains were attacked near Forgascio. On one train eight passengers were wounded and five subsequently died. The other train was carrying police, of whom one was killed and four wounded.

The dispatch states that four persons have been arrested, and that order has been restored.

PROROGATION LIKELY BY WEDNESDAY NEXT

Plans Altered by Unexpected Ending of Board of Commerce

Ottawa, June 28.—(Canadian Press)—Working until the clock struck midnight on Saturday, the Commons finished what is expected to be the last full week of the present session. The date of prorogation, it is stated, has not been definitely fixed, but both Sir Robert Borden and Sir James Loughheed have expressed the hope that the session will end on Tuesday. The day was mentioned, however, before the resignation of Commissioner Murdoch and his subsequent issuing of the correspondence relating to the resignation of Judge Hobson, brought the whole Board of Commerce matter very much into the limelight. It has since been arranged that on a motion to go into supply either on Monday or Tuesday, the whole matter of the Board of Commerce and its non-what untimely ending, will be aired in debate. It is not likely that this debate could be finished in less than a full day's talking.

Whether or not there will be any announcement before the end of the session as to the Government's intention in regard to re-constituting the Board, is problematical. In many quarters there is a feeling that the effort will be dropped. Sir Robert announced in the House Saturday that the Government's recommendations on the matter would be considered by the Governor-General in due course, and that in the meantime merchants must obey the orders of the Board. The resignation of Vice-Chairman W. F. O'Connor does not take effect until June 30, so that for three more days there is still one member in office.

JUDGE ROBSON HAS NOTHING MORE TO SAY

Winnipeg, June 28.—Judge H. A. Robson, K. C., former chairman of the Canadian Board of Commerce, will have nothing further to say in regard to the Murdoch letter at this time.

"The proper scene for the Board of Commerce discussion is Ottawa," said Judge Robson in an interview with the Canadian Press. "I will leave for Ottawa on Thursday morning. I am going there of my own volition, and have had no communication from anyone. Until then I will preserve silence."

IRISH REPUBLIC OUT OF QUESTION

Viscount French Says Government Will Never Consent to Separation

Hopes Peaceable Reconciliation Will Eventually Be Effected

Belfast, June 28.—Viscount French, Lord Lieutenant of Ireland, who is here for the unveiling of war and Titanic memorials, speaking at a luncheon, said:

It cannot be too clearly shown that the Government never will, under any circumstances, listen to any proposal for the establishment of an Irish Republic or the coercion of Ulster. We desire to give the country the utmost measure of political freedom and hope, sometimes against hope, that a peaceable reconciliation will eventually be effected, but having said so much I will be unwelcome in my duty if I did not repeat what I have said before, that we are determined the Irish people shall enjoy the same protection as the people of other parts of the Kingdom. The Government will not hesitate to employ all the forces at its disposal to attain this.

Involved in Boycott. Dublin, June 28.—The Great Northern Railway, hitherto not affected, is now involved in the general boycott. Several of the employees of the road have been suspended for refusing to handle artillery.

The Mullaghmore coastguard station near Sligo, was burned to the ground Sunday.

Killed Near Dublin. Dublin, June 28.—H. L. Jenkinson, wealthy farmer and former Mayor of Cadwell, a town twenty miles from here, was killed and four other men were injured in a pistol duel between members of several political factions Saturday night, according to reports received here. The wounded include Rev. Mr. Mullins, Mayor of Cadwell, and C. C. Cadwell, a farmer, neither of whom are expected to live, and John Quilling and John Beddingfield.

More recent issues between the two parties served to widen the breach, it was said, and resulted finally in the clash last night in which every participant is said to have suffered injury.

Labor Opposes Meddling. Brantford, Ont., June 28.—The following resolution has been handed to the press:

"Whereas, we the members of Local 259, International Brotherhood of Electrical Workers, in meeting assembled, view with disfavor the action recently taken by the American Federation of Labor in meddling in the Irish question;

"Whereas, in the opinion of this local, the question is one of British concern only, and that the passing of a resolution such as that at Montreal, which constitutes a direct insult to British subjects by those who passed it unanimously;

"Resolved, that we officially go on record as opposed to any outside interference in matters of domestic concern and that we make it clear to our American brothers that we strongly resent any further attempts to direct the policies of the British Empire."

KING ENTERTAINS VICTORIA CROSS MEN

Heroes of Many Wars Received at Buckingham Palace

London, June 28.—King George entertained at a garden party 350 men who have won the Victoria Cross in campaigns.

The men marched to Buckingham Palace from Wellington Barracks and were joined a few moments later by relatives and friends.

The men were arranged in groups according to seniority without regard to rank, and each man presented to the King. The list of names included many names that will live long in British history from Capt. Carpenter, of the Vindictive, which attacked Zeppelins and Ostend, down to drivers who saved guns at Le Cateau. Private Lynn, who won the Victoria Cross, the D.C.M. and the Cross of St. George, and then was killed, was represented by his fiancé.

Bolsheviks Meet Defeat on Entire Polish Front

Warsaw, June 28.—Fierce fighting is proceeding along the entire Polish front and increasing in intensity, according to the Polish official communication issued Sunday. The communication asserts that the Bolsheviki, profiting by numerical superiority and great masses of cavalry, are seeking decisive results at all costs.

The heavy fighting for several days in the region of Lake Mesuzol ended with the defeat of the Bolsheviki, who were dislodged from their positions. According to the communication, the enemy's resistance has been broken all along the line between the Priepet and the Rzyerayvo-Kenlenko railroad, where the Bolsheviki lost 2,000 men killed.

The Poles captured quantities of important war materials. The Red General Budenny's army has been prevented from developing its success in occupying Zemlyata.

Ukrainian forces have broken the enemy's front near Bielany. The communication reports a number of other minor successes.

TURKS DEPRESSED BY NEWS FROM THE REGION OF ISMID

Constantinople, June 27.—Depression prevails in Turkish circles over the news that the Nationalists had fled in disorder in the first attack against them.

The Turkish newspapers do not conceal their fear that the situation is becoming grave owing to the reported heavy losses of the Nationalists in the Ismid region where they are retreating.

Introduction of Naval Estimates Precipitated Keen Debate in House

Ottawa, June 28.—The introduction by the Minister of Marine of supplementary estimates of \$1,700,000 for naval expenditure during the coming year precipitated a debate which lasted four hours in the House of Commons last night, without a vote being reached.

William Duff, Lunenburg, was the principal opponent. He suggested that Britain's gift of war craft be declined on the ground that Canada could not afford an ambitious naval policy.

He proposed that naval dockyards and establishments at Halifax and Esquimaux be turned over to Great Britain.

Hon. R. Lemieux, J. J. Dennis and Ernest Lapointe opposed the appropriation, their objections coinciding with those of the Leader of the Opposition, who moved that the entire new vote be rejected.

The House only adopting the original naval estimate of \$500,000 which was being asked for along with this one.

T. A. Cresser spoke briefly in support of the new estimate. The amendment, Hon. C. C. Ballantyne said that he hoped that Canada would adopt a naval policy more consistent with her dignity after the Imperial Conference of 1921.

Committed to Task. Meanwhile Canada was committed by the Laurier naval bill of 1910 to defence of her own shores, and the Minister of Marine said that the intention was to continue vigorously until midnight. Fernand Riffet was about to speak in support of the Opposition amendment when Hon. W. S. Fielding remarked that it was Sunday morning, and the debate was adjourned.

During the afternoon the Prime Minister tabled the correspondence relating to the resignation of Judge Routhier, Judge of the Vice-Admiralty Court, a noted jurist and author of "O. Canada," died last night at his home at St. Irene les Bains. Sir Adolphe was 81 years of age, having been born at St. Placide, May 4, 1839. He studied law at Laval University, was called to the Quebec Bar in 1861 and became a K. C. in 1873. He was appointed judge of the Superior Court in 1872 and Chief Justice in 1904, resigning in 1906, but remaining a member of the Admiralty Court. He was a noted writer on Biblical matters.

The late Sir Adolphe twice declined the Lieutenant-Governorship of the Northwest Territories in 1897. He was president of the Royal Society of Canada in 1915. He received Knighthood from King George at the Coronation in 1911, and was created by the Pope a Knight Grand Cross of the Order of St. Gregory the Great. He married in 1862 Miss Marie Mondelet, daughter of J. O. Mondelet, of Montreal. The late judge is survived by two daughters and one son.

An act to validate excess borrowings under the demobilisation act was given their reading.

Explaining why the supplementary naval estimate had been reduced from \$2,200,000 to \$1,700,000, the Minister of Marine said he hoped to see ships, more or less, and not be handed over for some time.

Canadian Firm Admits Contract With Bolsheviki

New York, June 28.—(Canadian Press)—R. W. Boy and W. W. Sloan, of the firm of Boyer, Sloan & Company, Montreal, are at present in New York. In conversation with the Canadian press, they confirmed the report that they had signed a contract with Ludwig C. A. B. Menser, chief of the Russian Soviet Bureau here, to trade with Soviet Russia.

Messrs. Boyer and Sloan refused to give the amount involved in the contract, but intimated that it was in excess of \$5,000,000. They said that until the details of the deal had been fully worked out, they would not be in a position to go into particulars.

SAD TRAGEDY IN COLUMBIA RIVER

Four Young People Lost When Boat Overturned at Dam

Revelstoke, B. C., June 28.—Four lives were lost as a result of a terrible drowning accident which took place in the Columbia River at the old Government dam about 9.15 o'clock on Sunday night. The dead are: Walter Nelson, aged 21; Miss Bella Laughton, aged 20; Miss Marjorie Armstrong, aged 18, and Miss Marjorie Cleland, aged 14, all well known young people of Revelstoke.

The sad accident which has cast a gloom over the city is supposed to have been caused by Walter Nelson, who is an expert boatman, endeavoring to row over the crest of the dam, a feat which he had often done previously. It is thought that the distance between the water level above and below the dam was greater than he had figured on, with the result that the boat must have swayed "broad-side on and overturned by the rush of the river, which is a raging torrent at this season of the year. The first intimation that a tragedy had been enacted was uttered by Nelson about 9.15, but residents of the neighborhood could see or hear nothing as the night was dark. Between 11 and 11 o'clock a search party was sent to the river with drag irons, but up to the present no trace of the bodies have been found.

It, however, does not mention any loss of life.

Crowded Court to Hear Opening of Premier's Case

Celebrated Lawsuit Is Begun Before Mr. Justice Macdonald To-day; Case for Plaintiff Opened by M. B. Jackson, K.C.

Premier Oliver's \$50,000 libel suit against E. T. Elliott, K.C., was opened before Mr. Justice Macdonald and a jury in the Supreme Court here to-day.

The Premier is suing the king's counsel because of statements which, he alleges, defamed his character. These statements were made in the last hour telegram sent to the Premier in the Legislature in connection with Dolly Varden Mines legislation.

Most of the court session so far has been taken up with preliminaries on the part of M. B. Jackson, K.C., M. P. P., and Joseph Oliver, appearing for the Premier, and H. A. Maclean, K.C., defending Mr. Elliott.

Great Interest Shown. Spectators, including a number of women, began to take seats at 10.30 o'clock. The big upper gallery of the court, which has been closed since the criminal trials of the Spring Assizes nearly two months ago, was reopened to-day. Henry Hall, M. P. P., and George Bell, M. P. P. were among the spectators.

Counsel Arrive. H. A. Maclean, K. C., counsel for Mr. Elliott, was the first connected with the case to enter the court. Two minutes later M. B. Jackson, K. C., M. P. P., counsel for Premier Oliver, arrived.

At 10.40 Mr. Justice Macdonald concluded "chambers," so that the way was cleared for the big trial. Two minutes later Joseph Oliver, son of the Premier and one of his legal advisers, entered the court. He helped to bring in a stack of reference books from the library.

Premier Arrives. Premier Oliver arrived at the Court House shortly before 10.45 o'clock. Ten minutes before the hour he entered the court through the public entrance. He carried a leather portfolio full of his private papers. Court Usher Bland conducted the Premier to a seat at the counsel's table.

Mr. Elliott remained in the lawyers' robes until 10.55 o'clock, when he came in quietly and sat between the Premier and Mr. Maclean at the counsel's table.

Neither plaintiff nor defendant recognized each other. Jack Oliver, another son of the Premier, came to the court with his father and took his seat in the spectators' gallery.

Mr. Justice Macdonald entered the court at 11 o'clock sharp. "Oliver versus Elliott," cried Oswald Burton, court clerk, and the trial was under way.

A Preliminary Objection. Mr. Jackson immediately arose and made application to have the whole defence stricken out as frivolous and vexatious and that evidence be taken only to determine the amount of damages.

"If my friend has no defence on the face of the proceedings, then it would be futile to proceed taking evidence," said Mr. Jackson. "My proposition is that we have absolute privilege against a defence of this nature."

Mr. Justice Macdonald ruled that the application should stand until the jury was chosen.

Getting a Jury. Sheriff Richards then called the eighteen jurors. C. H. Mertley was the first called. He was challenged by Mr. Maclean and released.

W. W. A. Bawden was accepted, sworn as the first juror.

W. N. Mitchell was called. There was a contest between Mr. Jackson and Mr. Maclean as to the result of which Mr. Mitchell was ordered to stand aside.

H. H. Hall, Frank Lesgo and G. A. Gardner were accepted and sworn. C. H. French asked the court to be excused as he has a passage booked for Norm.

"You are one of the judges of this trial and it is too late for you to be excused," replied Mr. Justice Macdonald. "You'll get away all right by that time."

Mr. French was then elected by the jury as its foreman. Arthur Hill was challenged by Mr. Maclean. A. B. Oldershaw was also challenged. W. B. Sylvester was accepted and sworn. T. J. Ryan and Walter E. Stansfield were both challenged. E. C. B. Bagshaw and Robert Pedes the other two talemans and all those challenged were then excused from court.

(Concluded on page 4.)

PREMIER WILL MAKE KNOWN INTENTIONS

Montreal Gazette Predicts Announcement by Sir Robert Borden

Montreal, June 28.—The Gazette says editorially that the general expectation is that Sir Robert Borden will this week make known his intention "whether his health and inclination permit longer service in what must have become an almost intolerable position, and if not, invite his supporters to choose a successor."

The Gazette continues: "If Sir Robert has the inclination, the will and the strength again to assume the task of leadership, if he will promulgate principles of policy and with his colleagues and supporters preach these the country over, there will come new vigor in the party. And if this happy consummation cannot be reached, then the party should rally under a new leader."

Dr. H. C. Wrinch Elected President of B. C. Hospital Association

Vancouver, June 28.—Dr. H. C. Wrinch, Hazelton, B. C., was elected president of the British Columbia Hospital Association at the annual meeting of that organization. The time and location of the 1921 convention were left to the executive committee for selection, although there was a strong feeling expressed by the delegates that Kamloops should be the scene of the next conference.

Other officers for the year elected include: Honorary president, Hon. J. D. MacLean, Minister of Education; first vice-president, R. S. Day, Victoria; second vice-president, R. A. Bethune, Kamloops; secretary, Dr. M. T. MacEachern, Vancouver; treasurer, Mrs. M. E. Johnston, Vancouver.

Those elected to the executive committee were: Miss E. I. Johns, Vancouver; Miss M. F. McMillan, Kamloops; Charles Graham, Comberland; Miss L. G. Gray, Chilliwack; Rev. Father O'Boyle, Vancouver; E. S. Withers, New Westminster; Mr. Binger, Kelowna; D. E. Stewart, Prince Rupert; and Miss J. F. McKenzie, Victoria.

Following the report of the resolutions committee, two motions were endorsed by the meeting. The first asked that no discrimination be used by the authorities in connection with the Workmen's Compensation Act as it affects fees, requesting that where graduate nurses in small hospitals acted as anaesthetists the regular fees be paid by the board. The second resolution was a request that the Government prepare a system of financial forms, and that these be sent to the hospitals that they might make the required returns to the authorities from time to time. The financial report showed that the association had overcome most of its difficulties, and is now in a fair way towards carrying its burdens without too much difficulty.

**ORDERS OF COMMERCE BOARD STILL STAND**

Ottawa, June 28.—(Canadian Press)—Merchants must continue to obey the orders of the Board of Commerce. Sir Robert Borden informed the House of Commons when Michael Steele inquired if retail grocers still came under the requirements of the Board in view of the fact that all its commissioners have resigned. Sir Robert pointed out that the resignation of Vice-Chairman O'Connor did not take effect until June 30, and the recommendation of the Government would be passed upon by the Governor-General in due course. Until then the orders of the Board would stand.

**Irritable Nerves Restored and Health Regained in a Simple Way**

The man or woman who is run-down, not feeling up to the mark, perhaps irritable, nervous or sleepless can well afford to learn about the wonderful results the newly discovered blood-food is giving to folks that use it.

There is wonderful power in this new blood-food, and every weak, pallid person can be quickly nourished back to health that uses it as directed.

After each meal, with a sip or two of water, you simply take two little chocolate-coated tablets, sold in all drug stores under the name of "FERROZONE."

The effect is noticeable at once. You feel happier, brighter, more contented. That old-time feeling of weariness departs—you forget your "nerves" and no longer get irritable or cross over trifling annoyances.

There is a reason for this change and that reason consists of the fact that Ferrozone contains blood-making materials you can get in no other way. Ferrozone makes the blood tingle and sing with new vitality. This ensures lots of nourishment and strength being supplied to every part of the body.

No wonder the eyes brighten and the cheeks radiate color and happiness. With abundance of strength, a keen appetite, good digestion and plenty of sound sleep—all the result of Ferrozone—you quickly feel as if life held new charms and pleasures.

**COMMERCIAL ASPECT OF AERIAL SERVICE**

Col. W. G. Barker, V. C., at Winnipeg Urges Development

Winnipeg, Man., June 27.—(Canadian Press Limited).—Attention must be concentrated on the development of commercial aviation in Canada. Col. W. G. Barker, V.C., told the members of the Manitoba Aero Club during an address here recently. Great results were predicted by Col. Barker as the result of the awakening activity in air matters in the Dominion. He pointed out that the lessons learned during the war were proving of incalculable value to the development of peace time aviation. He urged that steps be taken to establish more aerodromes throughout the country and quoted facts and figures to show that flying was being done throughout the world, and particularly in Great Britain, with less danger and at less life than travel by train.

Col. Barker also announced during his recent visit here that Winnipeg will be the western distributing point for hundreds of thousands of dollars worth of aeroplanes and equipment. The aeroplanes and equipment are being sent here for sale by the Air Corps. Syndicate of Great Britain, which has undertaken to dispose of left-over war equipment. The first shipment will arrive in Winnipeg in the course of the next few weeks and will consist of 25 aeroplanes valued at \$125,000.

This influx of equipment will prove a boon to Canadian aviation, he stated, the machines are all newly new, many of them unused, and will be sold at prices within reach of the ordinary person. Lack of landing

**Lower Prices Prevail at Mallek's**

In making this statement it is not with any assumption of philanthropic motives. It is a plain statement of fact.

We insist that, by taking advantage of our low prices, that the high cost of living can be circumvented to a remarkable degree.

No single garment or line has been selected—for the reductions are general throughout the establishment.

Lower prices are quoted on every suit, coat, dress sweater and skirt in stock. And those who have shopped with us before know that our qualities and styles are second to none in this city.

An important convenience we offer to shoppers is the acceptance of Victory Bonds as cash. We look upon them as "real money." Your investigation invited.

## Faint and Dizzy Spells Weakness and Shortness of Breath

You can generally tell when the heart is affected by the faint and dizzy spells, the shortness of breath, palpitation, throbbing, irregular beating, smothering sensations, weak, sinking, all-gone feeling, choking sensation, etc.

Many men and women become run-down and worn out when otherwise they could be strong and healthy if they would only pay some attention to the first sign of heart weakness.

No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy and normal condition as Milburn's Heart and Nerve Pills.

Mrs. O. A. S. Drake, Paris, Ont., writes:—"I have used on towards the second box of Milburn's Heart and Nerve Pills and find they have done me good. I had those fainting, dizzy spells, once in a while, and also weakness and shortness of breath, and would become so choked up at times I could hardly sleep without sitting up in bed, or walking too fast I would have to stop and try to catch my breath. I feel a lot better since I have used your pills and know that they have helped me wonderfully as I have improved very much."

There is stringent need of it, as every mother can testify, in these days of mounting prices. Several Canadian Government engineers were here recently on their way from Ottawa to Prince Rupert, where they will start North, working along the lines. Vancouver, B. C., June 25.—(Canadian Press, Limited.)—So that

Victoria Daily Times

MONDAY, JUNE 28, 1920. Published every afternoon (except Sunday) by THE TIMES PRINTING & PUBLISHING COMPANY, LIMITED.

DR. GLOVER'S DISCOVERY.

The Times carried a dispatch from Toronto a few days ago announcing that Dr. Thomas J. Glover, a Toronto physician, had developed a serum which possessed far-reaching possibilities for the treatment and cure of cancer.

Medical circles in Toronto are described by The Globe as being highly excited over this development, although up to that time they had not been initiated into the secret of the discovery.

Dr. Glover was anxious that the news of his investigations should not be published until his remedy had been fully proven but when he learned that it was public property he issued a statement on the subject.

"My experimental work," he stated, "was done on white mice, white rats, guinea pigs, rabbits, cats, dogs, goats and monkeys. In each and every one of these I was able to produce cancer with secondary growths, which, when sectioned and examined under the microscope, was pronounced a very active type of cancer."

"This, I may say, has never before been produced in the history of medicine. I now know that if I could produce cancer in animals I should be able to cure it."

"Afterward I took a number of new animals similar to those previously used, protected them with special treatment, and was unable to produce cancer in any of them, although I used the same method that I produced cancer with in the other animals. Later, I took animals in which I had produced cancer, treated them, and the cancer disappeared in each and every one of them. These experiments I repeated a number of times, always getting the same results."

Notwithstanding the successful nature of Dr. Glover's experiments so far, it is impossible to emphasize too strongly the fact that his discovery has not been subjected to the test of time, and that this is not the first occasion on which the hopes of sufferers from maladies have been buoyed up by reports of prospective cures only to be dashed to the ground by the subsequent failure of the treatment.

BUSY BRYAN.

William Jennings Bryan is said to be a dominant factor in the Democratic Convention which opens in San Francisco to-day. Mr. Bryan has played that role in every presidential convention of his party since he first became a national figure through his speech on the silver plank in 1896.

MANITOBA'S ELECTION.

To-morrow Manitoba will elect a new Legislature which, after all the contests have been held, will number fifty-five members. The electors to-morrow will decide the political complexion of fifty-one seats, two elections having been deferred and two members having been elected by acclamation.

THE CADET MOVEMENT.

The revival of the cadet movement in Victoria is a healthy sign for the youngsters of the community and need inspire no fears in the breast of those who regard any sort of uniform as a manifestation of militarism.

MUST BE PRESERVED.

American business men and particularly those financial interests which are heavily involved in the various canning enterprises adjacent to the salmon grounds of the Fraser and tributary waters should be sufficiently long-sighted to discourage any policy of evading the regulations embodied in the treaty recently signed by Canada and the United States.

MOHAMMEDAN AND HINDU.

Unless the terms of the Turkish Peace Treaty are revised the leader of the Nationalist Party in India threatens to advise all Mussulmans and Hindus to withdraw their support from the Government. Presumably this is the first tangible intimation that a working arrangement has been enlisted the support of the more phlegmatic Hindu for concerted action upon questions which hitherto have had not the slightest interest or concern for the latter.

NOTE AND COMMENT

W. S. McAdoo does not want his name to go before the Democratic convention, but if he should be nominated he will accept. These tactics are about as ancient as the prima donna's jewels.

Sir Robert Borden is going to make up his mind this week whether he will remain as Premier or resign. Making up his mind and sticking to his decision is not one of Sir Robert's strong points, as the record shows.

When Giolitti was in Opposition he did his utmost to inflame the radical elements of Italy against the Government. It is something like retributive justice that of his first acts after accepting the Premiership should be the suppression of a widespread radical revolt.

OTHER NEWSPAPERS' VIEWS

Sir Arthur Currie's honors fall thick upon him. He is made principal of McGill University, is granted numerous titles and degrees and is attacked by Sir Sam Hughes.

"The time is not far distant," said an elderly citizen of Toronto the other day, "I may not live to see it, perhaps, but some of you will, when every pedestrian in the city will be forced by law to wear a red electric bulb in his necktie and carry a red lantern swinging to his coat tails behind."

As the reader will readily infer, this elderly gentleman was, at the moment, somewhat incensed by the argument of motorists that pedestrians ought to be compelled to keep out of the way of motor cars. Some motorists like to tell about how it is in France, "There," they tell you, "if you get hit by a motor car they arrest you for having got in its way."

REGISTRATION STILL PROCEEDING SLOWLY

Victoria Has 9,180 Names and Esquimalt 1,259 to Saturday Night

Registration is proceeding slowly, and the authorities ask that all that have not yet registered do so as soon as possible. The Government registration offices in the city and in Esquimalt are open until nine in the evening, and at any of these offices applicants may register for the city, Esquimalt or Saanich.

Up to and including June 28, 9,180 people registered in the city of Victoria, while another 1,259 registered for Esquimalt riding. Saanich figures bear the same relation of numbers registered to those entitled to qualify for the franchise.

CROWDED COURT TO HEAR OPENING OF PREMIER'S CASE

(Continued from page 1.)

Just as the trial started a large number of lawyers crowded inside the court railings and filled all the vacant seats, even those in the grand jury box. Among those who took a seat in the jury box was Mayor Porter.

As soon as the jury was settled, Mr. Jackson's argument was renewed. Mr. Maclean argued that such a motion could not be made at this stage, as it was too late.

Mr. Justice Macdonald ruled that evidence should be heard, as Mr. Maclean was setting up on Mr. Elliott's part that there were two defences of trust and justification.

Joseph Oliver then arose and read the statement of claim, and the pleadings to the jury, by which the Premier asks \$50,000 damages from Mr. Elliott for the Dolly Varden telegram sent in the dying hours of the last session of the Legislature.

Mr. Justice Macdonald interrupted to say that such a proceeding as reading the whole pleadings to the jury was new to him. He said, however, he supposed it was all right, and told Mr. Oliver to go ahead.

The reading of the pleadings by Mr. Oliver was finished at 11:50 o'clock. Mr. Jackson then arose to address the jury.

"If there has been any suggestion that there is any respect to this action I would assure you now that such is contrary to the fact," said Mr. Jackson.

"This action is brought to recover damages on which he should be a libelous publication. What Mr. Elliott wrote is published about Mr. Oliver not only as John Oliver but as Premier of the Province and Minister of the Crown."

Mr. Jackson went on to explain libel and defamation. He started to read from Lord Halebury the definition of defamation. He read that definition is "a statement which if published of a person is calculated to expose him to hatred, contempt and ridicule."

"You had better leave that to me, Mr. Jackson," Mr. Justice Macdonald interrupted. He said that the danger was he as judge might forget to check up these statements later on. He repeated that the duty of the judge to lay down the law on libel. The judge, however, said Mr. Jackson might "put it in general terms."

"Slender is spoken, libel is the written statement," Mr. Jackson went on. "Libel is any imputation which holds a man up to ridicule or contempt or an act which reflects on his dignity, honesty or integrity. We are entitled under the law of this country to the right of good reputation, and we have the right to the protection of this good reputation just as we are in the security of our property."

The Menace. Mr. Jackson then took up the statements in the Elliott telegram charging the Premier with sedition some of the soldier settlement land for himself. Mr. Jackson declared that in these days of post war conditions it is a very serious thing to properly to make any such charge with all its possibilities of unsettlement in the public mind. He said the statement was nothing but "allegations of vulgar graft."

"You will be severe on the man who will invoke the spirit of patriotic interest to blacken and defame the character of the Premier of this Province," said Mr. Jackson. "Worst Kind of Lie."

"The worst kind of a lie, the most poisonous and most injurious that I know of is that which is based upon a truth and is disguised to a malignant untruth."

Coming down to dealing with the definite statements in the telegram, about the alleged Petley and Keith deal, Mr. Jackson asserted that the Premier has never since October, 1915, inspected any lands in the north of this Province or been in this district since 1917. He explained that the Premier had taken a trip to the Northland in 1917 and while there was impressed with certain sections of the land. He explained before there was any talk of a land or soldiers' settlement boards or any proposals for them. But he did not take any of the land. Two years later he received a letter from Petley and Keith offering him these same lands at \$10 an acre. The Premier was trying to persuade his son, who was then a law student and returned soldier, to go back on the farm, and become a farmer, and this land looked promising. But the son decided not to go farming and so there was no land deal made with the Premier.

cover, and Legislative correspondent in Victoria of The Sun was the first witness called by Mr. Jackson. He took the stand at 12:30 o'clock.

Mr. Cowper identified a telegram from R. T. Elliott, which he received on April 17, the last day of the last session.

"What did you understand by this message?" asked Mr. Jackson. "I thought it was an accusation of an improper action by the Premier, that the Premier had consulted with these men to obtain for himself at a reduced price lands which otherwise might have gone for returned soldiers."

Mr. Cowper explained that after reading the telegram he had a conversation with a colleague, Col. McIntosh, M. P. P., and handed him the telegram, who read it to the House, in an unpremeditated and unmeaning breach of the rules.

Wrote to Mr. Cromie. Under cross-examination by Mr. Maclean, Mr. Cowper admitted writing a letter on April 12 to R. J. Cromie, of The Sun, about three hours after he had met Mr. Oliver. In fact, they had lunch together. He testified that the conversation was about legislation under discussion about the Dolly Varden mines and the disallowance of legislation passed at the former session. He had been asked to enquire from the Premier whether there was any likelihood of having a bill passed prepared by Mr. Taylor, of the Taylor Engineering Co., and present head of the Dolly Varden mines. This bill proposed to vest the mine in the engineering company.

The Premier said at lunch that it was rather late and he said that under no circumstances would he bring in the proposed Dolly Varden legislation," Mr. Cowper swore.

A Confidential Letter. After lunch with the Premier Mr. Cowper wrote another letter to Mr. Cromie. This letter was marked "Confidential."

"The Premier did invite my view as to what I thought of the matter," said Mr. Cowper, refreshing his memory by looking over the letter as it was produced in court.

Mr. Cowper's Opinion. My own opinion is that the Dolly Varden matter is closed as far as it affects the Provincial Government," was the concluding sentence of the letter as it was read in court.

Mr. Cowper explained the original owners of the Dolly Varden mine were taking action to get the Minister of Justice to disallow legislation of the 1919 session which vested the

## MANY MEDICAL MEN VISIT VICTORIA

Aftermath of Medical Gatherings in Vancouver Last Week

Recently Victoria had the full aftermath of the Canadian Manufacturers' Association meeting in Vancouver, but a very different type of visitor could be noticed in the city streets during the week end. Many doctors who had attended the sessions of the Canadian Medical Association and Public Health Association in Vancouver were visitors to the city.

The fine weather gave them an opportunity to see Victoria and district under attractive auspices, but they missed the broom at its best, however warm weather has encouraged the rosebuds to open, and many pretty spectacles were presented in the beautiful homes of the residential districts.

Some of those who came over and registered at hotels were:

- Dr. and Mrs. R. F. Malloy, Saskatoon.
- Dr. and Mrs. Denton, Paris.
- Dr. and Mrs. J. T. Allen, Calgary.
- Dr. and Mrs. F. D. Wilson, Calgary.

## HAS NOT FELT SO WELL IN 30 YEARS

Finney Says His Whole System Has Been Built Up By Taking Tanlac

"I suffered for over thirty years with the worst kind of stomach trouble and never found anything to give me any relief until I started on Tanlac, but it only took a few bottles of that medicine to straighten me out and make me feel like a different man," said D. F. Finney, of 506 East Third Ave., Spokane, Wash., recently. "I haven't felt so good in years as I do now," continued Mr. Finney, "and yet when I began to take Tanlac I was just about all in and had given up all hope of ever being a well man again. I couldn't eat a thing, but what it would sour on my stomach and blast me up until I could hardly breathe. I had headaches that almost drove me frantic, and got so dizzy at times that if I hadn't caught hold of something I believe I should have fallen. I fell off in weight and became so weak that I had to quit work, and I was so nervous that I couldn't sleep at night. I went on a strict diet, and tried all kinds of medicine, but nothing seemed to do me any good. Then a friend of mine who had stomach trouble almost as bad as myself, tried Tanlac, and it put him into such good shape that I decided to give it a trial myself.

"Well, I hadn't much more than started on Tanlac before I had good results, for my appetite picked up, and in a short time I could eat anything without suffering from pain or gas afterwards. I got stronger every day until now I am able to do a good day's work, and just feel fine all the time. I am never bothered with those dreadful headaches or dizzy spells now, my nerves are strong and I sleep like a log every night. After what Tanlac has done for me I mean to always keep it on hand, and I strongly recommend it to all who may be suffering as I did."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

By an amendment to the Curfew by-law to be introduced at the City Council meeting to-night, the Council in future will be able to warn children off the streets in the evening by any means it wishes. The by-law at present provides that the curfew warning shall be by a certain whistle, which is non-existent now.

The civic authorities are still unable to find any suitable method of curfew enforcement. So far all attempts to secure a whistle, bell or other non-sounding contrivance, have failed. Negotiations at present are proceeding between Alderman Joseph Patrick, father of the curfew plan, and the City Council. The City Council authorities, with the object of

securing the Cathedral chimas as a curfew warning. There is a good deal of doubt whether this result will be achieved, and it is stated that Alderman Patrick and ex-Alderman Harvey, representing the Church, have been unable so far to reach an agreement.

Alderman Patrick is expected to clarify the whole curfew situation at the City Council meeting to-night. The rest of the Council is getting impatient to see some action on the matter.

## RELIEF DRIVE IS NOW UNDER WAY

The Victoria drive for \$25,000 for the Jewish Relief Committee is now well under way. Arrangements have been made for twenty teams to operate in distinct divisions of the city. Too many workers being impossible, the executive will welcome additional volunteers, who will be assigned to the various teams at work.

Brigadier-General R. P. Clarke this morning stated that he was confident that the Vancouver Island allotment would be easily attained and exceeded before the conclusion of the drive, as to date, without personal solicitation, \$2,350 has been received, enabling the Bank of Montreal to remit \$5,000 to headquarters already. General Clark pointed out that every cent collected in the drive would be used for the purchase of food, clothing and medicine in Canada, none was used for expenses in connection with the campaign, and the only way in which Canadian aid was sent to the suffering peoples of Central Europe was in the form of Canadian goods.

Chairman George Bushby pointed out that the Jewish Relief Committee was the logical body to carry out this work of saving the people of Central Europe, having a well organized system at work at the distributing end of the chain. In this connection he pointed out that, in certain districts, the Governmental aid of Great Britain and the United States was being entirely controlled and administered by the officials of the Jewish Relief Committee, which he maintained was a remarkable testimonial to the efficiency of the distribution workers.

## OBITUARY RECORD

The remains of Joseph Johnson Hook, whose death occurred on Sunday, June 28, were shipped Saturday afternoon by the Thomson Funeral Home to Seattle, en route to Atlanta, Georgia, for interment.

The funeral of Edward Thomas Pys, the two-year-old son of Mr. and Mrs. James Edward Pys, 371 Cloverdale Avenue, took place from the B. C. Funeral Chapel on Saturday at 2:30 o'clock. The Rev. Wm. Stevenson conducted the service in the presence of many grieving friends. The floral tributes were very beautiful. Interment was made at Ross Bay Cemetery.

## PRaises Health OF THIS PROVINCE

Dr. Martin, Eminent Medical Authority, Says B. C. Sets Canada Example

## CAREFUL CONTROL OF IMMIGRATION URGED

British Columbia, through its Provincial Department of Health, is setting the rest of Canada a splendid example in problems of public health, Dr. Charles F. Martin, the eminent Canadian medical authority and professor of clinical medicine at McGill University, Montreal, told the Canadian Club in course of his address at a luncheon in the Empress Hotel to-day. Dr. Martin was loud in his praise for the province's administration of health matters and urged the public to support the Government in fighting against the inroads of disease. He did not confine himself to British Columbia problems, however, but dealt with questions of public health from a national standpoint, declaring with particular emphasis that immigration into Canada must be more carefully controlled than in the past if the country's standard of health and intellect was to be maintained.

The War's Echoes.

"We have required a great world war to awaken us to the great medical problems of our national life," Dr. Martin commenced. "The war showed that disease was more dangerous than bullets and now the war is over and we return to civil life we find ourselves faced with just as great medical problems as those presented by the war. First, there is the necessity of conserving our manhood, and, secondly, the necessity of organizing nationally to maintain a high standard of public health."

Child Welfare Work.

"One of the most important efforts in this direction is child welfare work—work that is being done in Canada, we realize better when we consider that in the past years of the war the infant mortality of Canada was greater than the casualty rate in the Canadian expeditionary forces."

Tribute to B. C. Work.

Stating that a considerable percentage of children in the Canadian public schools were mentally abnormal, Dr. Martin paid a high tribute to the work of the Provincial Department of Health and of Miss Winn, the teacher of the local special school, in their efforts to pay particular and sympathetic attention to mentally defective children. In this work, he said, British Columbia stood high, and splendid results had been achieved.

Deplored the old policy of allowing all classes of people entering Canada, and making it a "dumping ground for Europe," Dr. Martin, in discussing immigration problems, stated that the statistics regarding the number of aliens in the country were appalling. Of the insane people in Canada, he said, seventy-two per cent. were foreign and of all the people in jail seventy-eight per cent. were aliens. The speaker declared that if the old policies had been allowed to continue in Canada, he would have had a disaster, and he uttered a strong warning against allowing indiscriminate immigration, particularly of mentally defective people.

Essondale Institution.

Dr. Martin referred at length to the mental hospital at Essondale, near New Westminster, and described the extraordinary building and farming works performed by the patients there. "It's very hard in going about that institution," he said, "to tell who are inmates and who are supervisors. These patients are treated with respect due to people who are sick."

Tribute to Ministers.

"British Columbia is particularly fortunate in having men like Dr. Young, Hon. Dr. King and Hon. Dr. MacLean at the head of health administration showing that they are thinking not of self, but of service," the speaker proceeded. "There is no other province like British Columbia in its advance in public health matters. It is setting an example to the rest of the Dominion."

Dr. Martin went on to discuss the inroads of venereal disease, a grave menace to the nation's life.

"It costs the American Government \$62,000,000 a year to cope with venereal disease," he said, "and Canada \$50,000,000 a year."

The Ostrich Policy.

It is thus a question of economic importance. Every Province now is making efforts to fight the enemy within our gates. We must give up the ostrich policy of refusing to face facts and I hope that the people will back up their Governments in their laudable efforts."

Dr. Martin advocated greater efforts in the care of people suffering from "mental kinks." He urged that the sense of degradation and shame be removed from mental hospitals.

## DRESSMAKER SAVE FROM OPERATION

By Taking Lydia E. Pinkham's Vegetable Compound in Time.

Ithaca, N.Y.—"Three years ago I suffered from pains in my right side, so severe that I could not raise my feet from the floor. Pains would shoot down my limbs and through my back, and the doctor said I had an abscess. I was in bed two weeks with an ice bag on my side and expected any day that I might have to go to a hospital for an operation. A friend came to see me and told me of your wonderful medicine—Lydia E. Pinkham's Vegetable Compound. I began taking it, and after taking six bottles I felt well and strong, do my own work and dressmaker for others. I cannot speak too highly of your medicine and recommend it to others who suffer with female trouble. It is a Godsend to ailing women, and you may use my name at any time."—Mrs. PERILLA HULSEBER, 118 E. Fall St., Ithaca, N.Y.

Women who suffer from any such ailments should not fail to try this famous pot and herb remedy, Lydia E. Pinkham's Vegetable Compound.

so that people suffering from mental trouble would not feel that when they were committed to such institutions they were in custody for life. "The drug habit in the West is a question of national importance," Dr. Martin asserted, referring to new amendments to the Pure Food and Drug Act.

"The number of irregular practitioners in the West, I regret to say," he went on, "is greater than that in the East. I quarrel with no one who wishes to heal disease according to his lights, but I do quarrel with those who try to cure disease without a sound and rational foundation." Dr. Martin asserted that, while irregular practitioners of the West are certain types of disease, they did so, not through a knowledge of disease, but through a knowledge of human nature, encouragement and sympathy.

Worth Conserving.

"I feel that the old faults of immigration policies, of Federal and Provincial neglect in health matters are rapidly becoming things of the past," he concluded, "and the people are awaking to the fact that the manhood and womanhood is worth conserving."

Mr. Cochrane's Welcome.

"We are indeed highly gratified to have as our guest of honor to-day one of the most eminent medical practitioners of our Dominion, who, during the war, rendered valuable national services, and who is a member of the medical faculty of McGill University, Montreal," said John Cochrane, President of the Club, in introducing the speaker at the start, who was accorded a stirring ovation.

## Have You an Appointment With Me This Week?

THIS is just to remind you that a visit to your dentist every six months or so is a wise precaution. The old adage "a stitch in time," etc., has a particularly significant meaning when dental attention is being discussed. You will not regret it—the time and money you will spend will be trifling in comparison with the benefit you will receive.

### ENJOYED PICNIC

The picnic of the Amputation Club held on Saturday at Butchart's Gardens, Brentwood, proved a most enjoyable outing, and the impression gained was it should be succeeded by other gatherings of a similar nature in the near future. The grounds were a source of delight to all, about sixty persons, including members and friends, being present.

During the afternoon the opportunity was taken to pay a tribute to R. Wells, the retiring secretary of the club, who is leaving shortly for the Old Country. He was the recipient of a handsome walking stick presented on behalf of the members by Colonel Robertson, who spoke appreciatively of the services rendered by Mr. Wells under his command overseas.

Mr. Wells replied in a few well chosen words, after which Mr. Gillan addressed the gathering on the aims and objects of the club. Gus Lyons also had something to say in his Rimitable style.

Heartly appreciation was expressed of the arrangements made by the ladies, also for the generosity of the Veterans' sight-seeing and Transportation Company in placing two of their sight-seeing cars at the disposal of the club for the afternoon, and for the kindness of the members of the Rotary Club, Mr. Butchart and others in contributing to the success of the picnic.

**"Dominant Occupant."**  
The accused had had several drinks out of the bottle in question and had the right to take a drink at any time he wished, and also knew where the liquor was. Then he goes on to state that the coat from which the liquor was taken belonged to one Cameron, who was the night clerk of hotel and occupied room 12 with the accused. The learned judge says that he inferred from the fact that the accused was manager of the hotel that he was the "dominant occupant of that room."

"Section 11 of the said statute declares that:

"Except as provided by this Act, no person, by himself, his clerk, servant, or agent, shall have or keep or give liquor in any place whatsoever, other than in the private dwelling-house in which he resides."

**Joint Control of Bottle.**  
It is clear to my mind that the facts above stated bring the case within said section and that the conviction must stand thereupon apart from other sections of the Act. In my opinion, be no question that where a sole or joint occupant of a room has a bottle of whiskey therein under his control to such an extent that he may take a drink from it when he likes he must be said to "have liquor in (a) place" in contravention of the statute. Who can be said to "have" it in that place in such circumstances if not he?

"Though the learned judge found as hereinbefore stated, that the accused was the "dominant occupant" (whatever that means) of the room, yet on the facts of this case that has nothing to do with the matter, because there might be "dominant" or "servient" occupants of a room who had nothing to do with a bottle of whiskey found therein. It is not occupancy of the room, but the "having" whiskey therein that is the point in question and constitutes this offence.

"Nor does the question of ownership of the whiskey arise in such case because a person may have and use whiskey in a room, even though he has no title to it, because he stole it.

**Ownership Unnecessary.**  
"Such being the case it is neither necessary nor advisable to consider any other section of the Act, but the learned Judge, seems to have erroneously (with respect to the facts of this case) thought that the matter under section 11 turned upon the question of ownership, because he goes on to say that "he did not make any finding of ownership holding that section 23 governed and that it was unnecessary to inquire into the ownership of the liquor. And then he went on to submit this question for our opinion:

"Was I right in holding that section 23 . . . applied so as to make the accused guilty whether he owned the liquor or not?"

"Seeing that the conviction under section 11 can be supported without resorting to section 23 (which I note we recently considered in Whimster vs. Dragoni (1920) 2 W. W. R. 185) the question submitted is merely an academic one, based upon an erroneous view of section 11, and therefore being in that sense irrelevant, it is not our duty or practice to entertain such questions.

"The result is, therefore, that the appeal should be dismissed, without the question being answered."

### IS GUILTY IF HE CAN TAKE DRINK

## Court Rules on Responsibility of Joint Occupants of Hotel Rooms

Mr. Justice Martin, acting Chief Justice of the Court of Appeal, today delivered the majority decision of the court in the case of Rex vs. Perry.

This rules that when a person as sole or joint occupant of a room has a bottle of whiskey there under his control to such an extent that he may take a drink from it when he likes, he must be said to "have liquor in a place" and thus be guilty under the B. C. Prohibition Act.

"This is a case stated on a conviction under the B. C. Prohibition Act, 1916, Cap. 49, for that the accused "did unlawfully have liquor in a place other than the private dwelling house in which he resided," said the Justice.

"According to the facts set out in the case stated by the learned County Judge, the police officers made a search for liquor in the Grand Hotel in Vancouver and in the course of the search went to the room of the defendant, who was the manager of the hotel, and asked him if he had any liquor in his room, and in reply the accused walked over to a coat hanging on the wall and took therefrom a bottle of intoxicating liquor which he handed to the officers, with the statement that it was his liquor, and in reply to questions by the officers stated that it was not covered by a medical prescription. He also made these admissions at the police station.

"Dominant Occupant."  
The accused had had several drinks out of the bottle in question and had the right to take a drink at any time he wished, and also knew where the liquor was. Then he goes on to state that the coat from which the liquor was taken belonged to one Cameron, who was the night clerk of hotel and occupied room 12 with the accused. Terrific Hitting Gives Victoria Last of Series

Capitals Laced Out Nineteen Hits For Thirty Bases In Yesterday's Game; Broke Even With Yakima on Series; Pat Eastley Was Badly Mauled by Local Sluggers.

Saturday Game—Victoria, 5; Yakima, 2. Sunday Game—Victoria, 14; Yakima, 4.

All the blacksmith shops in Yakima were closed yesterday, so Pat Eastley, the luckiest twirler in the world, was unable to get his supply of talismans and when he faced the Capital sluggers at the ball park all he had with him was a glove and a new ball.

Two thousand fans gathered to watch Eastley haul down the colors of Victoria, but they received one of those shocks which paralyze the parts of the anatomy which are so vigorously used when the home team is winning.

Morton pitched a very steady game and was never in difficulty. Yakima collected eleven hits but only one went for extra base, a home-run by Cadman.

Lefty Lawson won a hard game from Yakima on Saturday. He let the Yaks down with five hits and two runs, Victoria made sure of the game in the first inning when they scored four runs.

Victoria collected nineteen hits off the Yakima pitchers for a total of thirty bases. Big Fred Carman, who started the season as clean-up hitter, but later was dropped one place in the batting order owing to his inability to hit safely, did terrible things with his war club yesterday.

RESOLUTE CHOSEN TO RACE WITH SHAMROCK Newport, R. I., June 28.—The Resolute, selected on Saturday to defend America's title, was to be listed at once for a complete overhauling, including the fitting of three new sets of sails and small spars. The cup defender was built in 1914 by a syndicate composed of J. P. Morgan, Cornelius Vanderbilt, Arthur Currier, James G. Baker, Henry Walters and several other prominent members of the New York Yacht Club. Two other boats were constructed at the same time, the Vanitie, by A. S. Cochrane, and the DeLant, by a syndicate of Boston, New York and Philadelphia yachtsmen. The DeLant was withdrawn early in the season of 1914. The series of trial races that were to be held in 1914 between the Vanitie and Resolute were stopped by the war. The spot of the trial races this year reached about \$125,000, financed by a new syndicate which was formed to race the Resolute.

Not including the race sailed to-day, which was stopped after the sloop had covered ten miles, the yachts sailed eleven races of this port, seven resulting in a victory for the Resolute. The committee on cup defence appointed to choose the defender considered both boats and checked them on points in sailing and also compared the merits of the skipper, management and crews.

Champions Will Always Win Their Home Games

Victoria Can Field Tremendously Strong Team For Local Matches As Was Shown on Saturday When They Easily Beat Vancouver.

There is no team in the universe that can trim the world's champions in a lacrosse game played in Victoria, but there are two that seem to be able to do the trick when the boys take the road. This season the local stick-handlers are handicapped by not being able to leave their positions and make the trips to the Mainland. For all home games, however, there is a great deal of material at the disposal of Manager Lester Patrick, and he makes the best use of it. One week ago the champions crossed over to Vancouver and received an awful drubbing, but on Saturday they reversed the decision at the Royal Athletic Park by seven goals to one.

The Victoria team completely outclassed the visitors in their aggressive attack and brilliant stick-handling. The defence was strengthened by the return of Ernie Munro, while the home looked 100 per cent better with Cyril Baker and "Sugar" McDougall back in uniform. With this team on the field the champions need never fear a defeat no matter whether they play at home or on the Mainland.

The sharpshooters on the Victoria home got the range on the Vancouver net in the first period on Saturday, and found McConaghy wanting three times. "Toots" Plump counted twice within the first fifteen minutes and Baker potted one from the corner of the net shortly before the whistle blew.

For the next two periods the two teams battled on fairly even terms, and both goalkeepers were called upon to stop some hot shots. Neither side, however, was able to work in the odd man to advantage. The defence had the opposing home well in hand during these periods.

Whirlwind Finish. Vancouver opened vigorously in the last period and attempted to sweep the champions off their feet. Freeman scored for the Terminals in five minutes. This effort stirred the Vancouver team to strenuous work. They launched a determined assault on the Victoria net, but Johnson scooped the shots out of danger.

The mammoth, Frank Sweeney, who is leading the Vancouver team this season, tried to help the Vancouver home and tore down the field with his hefty body doing a shimmy. He was called during the period. They launched a determined assault on the Victoria net, but Johnson scooped the shots out of danger.

Angie McInnes started the aggressive work and his bounce easily beat McConaghy. Then John Johnston got by the whole defence and made the Vancouver goalie look like a monkey. Allie McGregor showed the fans a lot of fancy stick-handling and got by for the sixth goal, and then McInnes rounded out the score with another wicked shot.

The Teams. The teams lined up as follows: Victoria—Boss Johnson, Kroeger, E. Munro, Joe Dakers, Bob McKay, J. Johnston, Toots Plump, Painter, McInnes, C. Baker, B. Johnston, A. McGregor. Substitutes: McDougall, Alexander.

Vancouver—Hec McConaghy, Clegg, Sweeney, Mowat, Ossie Gill, Rogers, Peterson, Freeman, Hill, J. Caldwell, Gilmore, Corry. Substitutes: James, Hall, Carnes, Dickinson.

TOP-NOTCHERS TASTE DEFEAT IN HANDICAP

Mrs. Fairbairn and R. McKenzie Lost Their Games in Saturday's Tennis

Twelve matches were completed in the tournament of the Victoria club at the Wilsons on Saturday, several of the best players going down to defeat, including Mrs. A. M. B. Fairbairn and Rowan Mackenzie. The defeat of Mackenzie by Nairn Robertson showed that a player with a plus handicap against a minus is always successful if he restrains himself, while the tendency of players to make ace has the opposite result.

The win by Robertson brings him into the next round against his doubles partner, Matson, who defeated another of the top-notch players, Marshall, on Friday night. This match will come off on Wednesday and should be a splendid game to watch.

Mrs. Fairbairn went down to Miss Taylor after a good fight. The juniors, Miss Smith and Hope Leeming, again came off victorious after three long sets. The matches will continue all next week except Thursday, July 1, the committee being desirous of giving everybody a chance to see the cricket match between Victoria and Vancouver, as well as not to interfere with many private arrangements for the holiday. The semi-finals must be played on Friday and finals on Saturday, July 2.

Saturday's Results. Miss Lawson beat Mrs. Robinson, 6-1, 6-4. Misses Smith and Leeming beat Misses Gordon and Clay, 7-5, 6-2. Vickery and Kennedy beat Bone and Hodgkinson, 6-1, 6-0. Whittaker and Miss Hardie beat Denniston and Miss Long, 6-4, 6-4. Misses Scott and Errington beat Misses Long and Leeder, 6-0, 6-2. Nairn Robertson beat R. Mackenzie, 7-5, 7-5. Mrs. Ricksby and Miss Neame beat Mrs. Mogg and Miss Watson, 6-3, 6-2. Miss Taylor and Brown beat Mrs. Durg and Poukes, 6-2, 6-3. Mrs. Leeming and Kennedy beat Mr. and Mrs. Boucher, 6-3, 6-2. Gaudion and Miss Clarke beat Berrill and Mrs. Saunders, 4-6, 7-5, 6-2. Mrs. Taylor and Miss Taylor beat Mrs. Unsworth and Mrs. Robertson, 6-4, 6-3.

Matches for To-day. At 5 p. m. Mrs. G. H. Morton plays Mrs. Mogg. Mrs. Fairbairn and Mrs. Robinson play Mrs. Hardie and Miss Archibald. Idiens and Leeming play Boucher and Gordon. COLWOOD GOLFERS WIN FROM OAK BAY

Triumphed in Both Singles and Foursomes on Equal Handicap at Colwood

Oak Bay golfers went down to defeat at the hands of a Colwood team at the Colwood links yesterday. The matches were played on equal handicap and it was due to this that the Colwood team won.

The teams consisted of 24 players each. In the singles the Colwood players won by 39 points to 24, and in the foursomes the Colwood players' cards showed that they had again triumphed by 27 points to 4. Some exceptionally good golf was played and interest was very keen in the competition.

Tomstone Tournament. A novel tournament is to be held on the links of the Colwood Golf Club on Thursday, in the form of a Tomstone Competition. Singles will be played in the morning and a prize has been offered for the player who will be the last to be buried on the course. In the afternoon two-ball foursomes will be played and the winning pair will each receive a prize.

For those who do not understand what a flag or tomstone competition is, the committee wish to explain that each competitor in starting out will be furnished with a flag with his name written on. He or she will also be given their handicap which, added to the part of the course will constitute the number of strokes which they will be allowed to make. If a player has a handicap of 25, the part of the course being 75, it means they will start off with 100 strokes to be played. When the hundredth stroke has been made the player will plant the flag where the ball stops

DISAPPOINTED OVER WESTERN SWIMMING

Olympic Trials Held at Winnipeg on Saturday Produced Nothing Startling

Winnipeg, June 28.—The Western Canada Olympic swimming trials, staged at Winnipeg Beach on Saturday, proved disappointing, two of the events being cancelled, owing to lack of entries. The water was cold and the meet was featured by the defeat of the Canadian champion, Miss Hazel Kessler, by Miss Rachel Grimshaw, in both ladies' races. The results follow: 100-yards, free style—H. Plant, Winnipeg, won; M. Burdett, Winnipeg, second; H. Bullock, Winnipeg, third. Time 74. 220-yards, free style—H. Plant, Winnipeg, won; M. Burdett, second; R. Brink, third. Time 3.09 1/5. One mile, free style—Mike Goodman (Canadian skating champion), won; D. Rowan, second; J. Garwood, third. Time 34.4 3/5. 100-yards, ladies, free style—Rachel Grimshaw, Winnipeg, won; Mrs. H. J. Taunton, Winnipeg, second; Hazel Kessler, Winnipeg, third. Time 1.22 1/5. 300-yards, ladies, free style—Rachel Grimshaw, won; Hazel Kessler, second. An old lady, seeing two boys fighting, said to one of them: "You naughty boy, you mustn't quarrel; you should learn to give and take." Small Boy: "That's just what I did, missus; I gave 'im a punch in the eye, and took his orange!"

A DANGER SIGNAL—TENDER AND BLEEDING GUMS

Healthy teeth cannot live in diseased tissue. Gums tainted with Pyorrhea are dangerously diseased. For not only the teeth are affected, but Pyorrhea germs seep into the body, lower its vitality and cause many ills. Pyorrhea begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the poisonous germs that breed in pockets about them. Four out of five people over forty have this disease. But you need not have it. Visit your dentist often for tooth and gum inspection. And keep Pyorrhea away by using Forhan's For the Gums. Forhan's For the Gums will prevent Pyorrhea—or check its progress—if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums hard and healthy, the teeth white and clean. If you have tender or bleeding gums, start using it today. If gum-shrinkage has already set in, use Forhan's according to directions, and consult a dentist immediately for special treatment. 35c and 60c tubes in Canada and U.S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid. ## "FAME AND FORTUNE"

PRESENTS TOM MIX

The Royal Victoria Screens Realistic Picture of the West

"Fame and Fortune" starring Tom Mix is the attraction at the Royal Victoria Theatre, commencing tonight. This is another story of the West, with the cowboy-actor furnishing thrills that will prove difficult for any other screen actor of to-day to equal. Tom Mix believes in realism and he has injected a goodly amount of it into this picture. There is also a pleasing love story running through it all. It is a picture that specializes in sending the thrill running-up and down your back. Mix's past productions have been noted for the dare-devil stunts of the star, but in this feature the cowboy-actor has outdone himself. It is just five reels of excitement, romance and more excitement. The two-reel Sunshine comedy "The Spotlight Maid" will also make a welcome addition to any programme. The company who made the picture in the first place are noted for turning out just what they advertise to do but in this case they have given to the public more than they promised and the result is a comedy that will rank with any feature yet produced. Grass widows are seldom as verdant as their title would indicate.

### INNER WORKINGS OF GREENWICH VILLAGE

New York's Famous Latin Quarter Filmed at Variety

It is said that a Latin Quarter like New York's Greenwich Village is not so much a matter of physical boundaries as of spiritual ones. Accordingly, it was a gigantic task that faced the Seiznick technical director when he was instructed to reproduce the Village at the Fort Lee studio for some of the scenes in Eugene O'Brien's new Seiznick Picture, "The Broken Melody."

tion, accustomed to creating almost everything under the sun, got around the difficulty was by not only building a replica of the Village, but by actually luring some of its most notable characters to the studio, among them being "Bonia," the cigarette girl; Blind George, whose nimble fingers extract enchanting melodies from any piano, and other denizens of Bohemia.

To inculcate still further that elusive atmosphere of the Village, some of Clara Tice's fantastic sketches of dancing women were copied on the walls—Clara being one of the most famous exponents of ultra-modern art. Also, there was scribbled on the walls one of Bobby Edward's delightfully risqué verses.

The "piece de resistance" of these effects was a restaurant scene which represented a conglomerate picture of the most unique qualities of the Village's eating places, such as "Polly's," "The Inn," "The Black Cat" and "The Mill."

"The Broken Melody" gives, perhaps, a better insight into the real life of the Village than could be obtained by anything but a long stay in that quaint locality. Mr. O'Brien and Director William P. S. Earle spent many weeks studying its life before beginning the picture.

"The Broken Melody" will be the feature attraction at the Variety this week, and local fans will be glad for the opportunity of gaining an accurate insight into the "inner workings" of Greenwich Village.

## COLLIER COMEDY AT PRINCESS THIS WEEK

New Play Shortly to Be Produced by Princess Players

This week's offering of the Mildred Page Players at the Princess Theatre, "Nothing But the Truth," featuring Byron Aldenn, should be the best bill presented so far this season. "Nothing But the Truth" is a three-act comedy, written by Willie Collier, and is the funniest comedy this famous author has ever written. So great has this production been that the owners have refused to release it for stock productions until the present season. "Nothing But the Truth" is the vehicle in which Max Pigman has been starring for the past two seasons. Miss Mildred Page and Byron Aldenn are the leading roles, and will be supported by the full cast in their usual capable manner. Mr. Don Mullally, brother of Miss Mildred Page, has just finished a play which Mr. Aldenn will produce here in the very near future. This production so far has been unnamed, and to the patron who offers the best title after having seen the play, will fall the honor of naming Mr. Mullally's latest success.

## "VEILED ADVENTURE" IS SELECT PICTURE

Constance Talmadge Is Star at Columbia; Chaplin Feature

Geraldine Barker was engaged to Reginald Crocker, a young society man. She had become engaged to him simply because he was much sought after by the other society girls and was considered a lucky catch. She finds a grey veil in his pocket, which she knew didn't belong to her and must therefore belong to some other woman. A little sleuthing on her part proves that the woman in question is Miss Hortense, who conducts a beauty establishment. Now there steps into the limelight Richard Annesly, a young man from Texas, who is a friend of her brother. Dick Annesly makes it clear that he would hate a woman who would lie or steal, even though it be petty theft, and that no feminine charmer could cause him to elope. All this was said before he had seen Geraldine. But Geraldine's sister did not like the attitude he took concerning the feminine sex and decided to teach him a lesson. Geraldine's sister's method of teaching people a lesson was to let Geraldine do the teaching, as that was her hobby.

Geraldine prepared a carefully mapped-out plan and it was not long before she had the man from Texas bowing to her will to such an extent that he aided her to get away with a supposed theft, lied for her, and then proposed an elopement when she made it plain that her father wouldn't consider her marriage if he found out she had married a thief. Geraldine succeeded in teaching Dick his lesson, but in the meanwhile she was learning one herself. This is the story of Constance Talmadge's latest Select Picture, which will be seen on the screen at the Columbia

A Drama That Throws the X-Ray on the Heart

*"Your Wife is Waiting for You"*

It was the fighting parson speaking—speaking to one of his flock—speaking to a man hopeless and helpless. And the same soul saver knew the needs of his folk. He had come back to be his brother's keeper; to fill his brother's shoes; to take a cold town and put a heart full of feeling and humanity into it.

Children loved him—for them he found place to play and grow. For tired women he found a place in the sun. Yet he kept from them all the biggest secret of his life. His sweetheart knew it—his enemies knew it and the secret gnawed at his heart. Could he, an ex-convict fit the shoes of a parson?

## FAMOUS DANCER TO STAR AT DOMINION

Theodore Kosloff Returns to  
Screen in De Mille's Fine  
New Production

Theodore Kosloff, the famous Russian interpretive dancer, is a member of the all-star cast of the new Cecil B. DeMille production, "Why Change Your Wife?" which will be shown at the Dominion Theatre, all week Kosloff, who is well known throughout the world, made his screen debut several years ago in "The Woman God Forgot," also produced by Mr. DeMille. He was very anxious at that time to continue with the cinema, but stage contracts prohibited.

The opportunity to reappear in pictures came a few months ago when Kosloff was planning his Australian tour. Upon receiving the offer from Famous Players-Lasky Corporation the trip was cancelled and Kosloff agreed to play in two DeMille specials, of which "Why Change Your Wife?" is the first. In this story, which was written by William DeMille, Kosloff has the role of a Russian musician, who forms the fourth party in a matrimonial square. Thomas Meighan and Gloria Swanson figure prominently in the cast of "Why Change Your Wife?" though every player is a screen percentage of note. Olga Frizliak and Sam Colson furnished the scenario. It is a Paramount Aircraft picture.

### PANTAGES PICTURE HAS VIRILE THEME

"Other Men's Shoes," Comparison Between Strength of Spirit and Weakness

The body, physical researchers say, is the garment that clothes the spirit. Stephen and Jim Browning, the prominent figures in "Other Men's Shoes," Edgar Lewis' potent drama which is being shown for the first time to-day on the screen at the Pantages Theatre, were twin brothers whose bodies had been cast in the same mould. As to face, form and voice, they were so alike that their intimate friends could not identify them; yet their spirits were vastly different, as one views the film shall see.

Jim Browning was a valiant, chivalrous, lion-hearted soul, while Stephen's spirit was meek, sensitive and shrinking. The weaker spirit was a minister who had displeased his congregation by his lack of strength. He faced compulsory resignation unless he could make good. Then his wandering brother came home, and unknown to everyone, even the minister's sweetheart, he stepped into his brother's shoes and, with his fighting spirit, accomplished big things that his weaker brother had never dreamed.

This is Edgar Lewis' first picture to be released by Pathe, and he has given in his usual conscientious and lavish production. "Other Men's Shoes" was written by Andrew Soutar. He has built an engrossing and clever plot around twin brothers. One of them, a minister, meek, sensitive and delicate, is persecuted at every opportunity by the town's most successful citizen, who is an unsuccessful suitor for the hand of the minister's sweetheart. When the minister's spirit reaches the breaking point just before he must face a great ordeal, his twin brother, having spent twelve years in knocking about the world, comes home and takes his brother's place, surprising everyone with his sudden virility.

The reception is kept up indefinitely owing to the minister's illness, and when the strong brother falls in love with his weak brother's sweetheart and a blackmailer exposes a prison record the story reaches a gripping climax in which the sympathies are called into full play. Crawford Kent is a manly figure as the jail bird brother who, with only experience as his teacher, made a greater success as minister than his more spiritually inclined twin, which role Mr. Kent also portrays. Irene Boyle is a splendid type for the sweetheart. Harold Forsyth and John P. Wade contribute two very good heavy characterizations. Others in the cast are Phil Sanford, Jean Armour and Betty Conely. This film will be shown to-day and to-morrow only.

### VETERANS HEAR

#### J. HARRY FLYNN

##### Speaker Criticizes Record of Federal Administration; Hundreds Attend

Under the auspices of the Grand Army of United Veterans, J. Harry Flynn addressed an audience of six hundred at the Pantages Theatre last night, taking as his subject the alleged failure of the present Federal administration to look after the men who returned from service overseas.

The meeting was widely advertised, and soldiers, sailors, and citizens were asked to be present. On the platform were representatives from the various service organizations, including the Comrades of the Great War, the Army and Navy Veterans and others.

**Criticizes Borden.**  
The returned men are sick of the Premier," alleged Mr. Flynn in the course of his impassioned address. "Borden has broken faith with the men who served overseas. He made promises which never intended to keep—made promises over the graves of the fallen in Flanders—stating that when we came home we would have the entire support of the country behind us, would be well looked

after, and have the 'pick' of the jobs. "He kept that part of his promise at least," continued the speaker, "when we came back they offered us the 'pick' and the shovel." When in the East I saw the members of the Government, I saw the right honorable Sir George Foster, Doherty, Robertson and others. Robertson, Minister of Labor, when I spoke about work for the returned men, woke up and said that the right honorable Sir George Foster, Doherty, Robertson and others. Robertson, Minister of Labor, when I spoke about work for the returned men, woke up and said that the right honorable Sir George Foster, Doherty, Robertson and others. Robertson, Minister of Labor, when I spoke about work for the returned men, woke up and said that the right honorable Sir George Foster, Doherty, Robertson and others.

**"Cause for Discontent."**  
"I told them the returned men were not properly employed and had every just cause for discontent. Captain Craig, of the employment service, stated that he could not get the men to work. He said that when I saw him and that he had 1,500 jobs waiting for men on the following Monday. I told him I could fill those jobs with trained men, men who had trained themselves into all lines of work" anew since their return. Captain Craig then told me the 1,500 jobs were in the bush—imagine it—in the bush. Again I say the returned men are not properly employed and that they have indeed just cause for discontent."

**"To Get the Dregs."**  
"When I started speaking on the public platform to returned men throughout the Dominion, two of Borden's paid agents went to the home of my widowed sister in the United States, told her that they were seeking information in connection with my pensions, and 'pumped' her all about my service and past, trying to 'get something on me.' Borden's paid agents are traveling all over the Dominion poisoning the minds of the citizens against the

turned soldier," continued the speaker. "While we were in France and Flanders, munition workers were in soft jobs here in Canada, getting as much as \$10 and \$12 a day—the soldier got \$11.10. They here at home had good paying jobs for the last four or five years while we had no chance to earn anything. They had all the cream, we returned to get all the dregs. Again I say that Borden has broken faith, and that his administration has broken faith with the returned men, who were willing to give their lives for their country, and trusted their friends at home."

On the conclusion of his remarks, Mr. Flynn was accorded a distinct ovation. A number of those who occupied seats on the platform at the commencement left during the course of the proceedings, and did not stay for the concluding resolution calling on the Government to place itself in the hands of the people.

The resolution was introduced by Mr. H. Capwell, moved by J. McKenzie, seconded by M. Pearce, and carried with one dissenting vote.

**The Motion.**  
Whereas, the members of the House of Commons were elected to the thirteenth Parliament of the Dominion of Canada on December 3, 1917.  
And whereas, the present Union Government was formed in pursuance of the said election on the distinct understanding and pledge that its life would cease and terminate with the successful conclusion of the war, and the ratification of a peace treaty by His Majesty King George V.

And whereas, an armistice was signed by the contracting parties on Monday, November 11, 1918, concluding hostilities, and the peace treaty

was finally signed on June 28, 1919, at Versailles, France.

Therefore be it resolved, that this mass meeting of ex-soldiers, sailors and citizens assembled in Victoria, B. C. this 27th day of June, 1920, place itself on record, that the present Union Government has no mandate from the electorate for its further continuance in office, and that a general election shall be held forthwith; and further, that the member of Parliament representing the constituency of Victoria be directed to withdraw all further support to the present Government either directly or indirectly by his vote and influence; and in the event of these directions being ignored by the Hon. S. F. Tolmie, the said member referred to, then this meeting, individually, and collectively pledges itself to encompass the defeat at any convention or election held hereafter, at which the Hon. S. F. Tolmie, the said member, may offer himself as candidate; and that copies of this resolution be sent to Hon. S. F. Tolmie.

The theatre was packed early in the evening by soldiers and ex-servicemen, and the "fall up" sign was hung out to the disappointment of many, who wished to hear the speaker. The stage entrance was left open, and a few of the older heads were observed in the wings. Applause and laughter greeted the speaker all through his discourse, and the passage of the resolution was attended by considerable merit.

# Electric Railways Throughout the Country Are Operating at a Loss

Their revenues, based as a rule on the nickel fare and pre-war conditions, have not kept pace with increased cost of service.

Peter Witt, former Cleveland Street Railway Commissioner says:

*"The trouble with the electric railway industry is that it is trying to function by meeting a post-war outgo with a pre-war income. It cannot be done. The longer the public insists in trying to make it do that which is impossible to be done the worse the situation will become"*

In no other industry do you find a situation where it is impossible to increase your earnings to meet increased costs of labor, materials and operation.

Preparations for the launching of the Canadian Winner at the Harbor Marine Yard to-morrow evening are well under way, and elaborate precautions are being taken to ensure that the vessel takes the water without delay or untoward incident. Danger areas have been specified, and a committee of stewards, wearing rosettes appointed to warn people away from the places that might be the scene of mishaps in connection with the launching. Mrs. S. F. Tolmie, sponsor, will christen the vessel shortly before 6:30, and the blocks will be knocked away sharply on the half hour. Refreshments will be served in the upper plate shed, and the Veterans band is to be in attendance.

The Canadian Winner will be the first steel boat of that tonnage to be launched here, and the occasion will be observed with all fitting ceremony. The boilers have arrived, and are now at the V. M. They will be lowered into the boat, while she is lying alongside the wharf at the Harbor Marine for outfitting. Mrs. Tolmie is to be presented with an advance copy of a Greek play by Mrs. L. A. Brownlee, wife of Tom Brownlee, one of the pioneer riggers at the yard. ### MARINE NOTES

The Africa Maru left the Orient on June 14 for this coast and is due on Wednesday, although the agents, the R. P. Rihet Company, have a suspicion that the long-expected vessel will not show up until the holiday on July 1.

The Harrison Direct Line Steamer is due on July 1 from Liverpool and Glasgow, with some 400 tons of general cargo for this port. She was last reported from San Francisco as leaving for this port.

Tenders are being called for by the Department of Marine for the concrete lighthouse to be built at Carmanah Point, it being understood that construction will commence as soon as the tender is let.

### IMPROVED HARBORS TO COST MILLIONS

Propose to Make Moji and Shimonoseki Ideal Ports of Japan

Fundamental reconstruction and enlargement of Shimonoseki and Moji harbors at the cost of 100,000,000 yen is the aspiration of a committee formed by the prefectural and municipal authorities in the two cities and a number of other prominent men in that part of the country. The proposal is supported by the Home Department at Tokyo. The idea is to turn Shimonoseki and Moji into ideal ports for the furtherance of domestic and foreign trade in the western part of the country. The principal plan is to erect breakwaters between Seto, at the western end of Shimonoseki, and Mutsumijima, an inlet in the opposite direction, and these breakwaters will embrace a harbor measuring 1,650,000 teubo, or about 150,000 teubo wider than the Yokohama and twice as extensive as the present harbor of Moji. Along the shore within the harbor a number of landing stages will be established and all other provisions will be made to facilitate the harbor's land-and-sea communications. In view of the fact that the Shimonoseki straits are one of the most dangerous channels for inland navigation, the framers of the harbor improvement programme will take particular care to provide for the safety of navigation through the straits. Another object aimed at is the facilitation of traffic between Shimonoseki and Fusan, and the sponsors of the project are sure that trade facilities with Korea, Formosa and the South Seas will be revolutionized. The project is subject to approval by the Home Department, the Department of Agriculture and Commerce, to which the authorities of Shimonoseki and Moji will shortly submit full particulars of the scheme.

# Wilson Gets Ovation at Democratic Convention

Auditorium, San Francisco, June 28.—The Democratic National Convention got under way to-day with a tremendous demonstration for President Wilson. When a great American flag was rolled up unveiling a large painting of the President, the convention went into a delirium of cheering, applause and demonstration, which continued toward a half hour, despite all attempts to resume business. At the height of the President's demonstration roars of cheers swept the hall and State delegations taking up the standards which marked their places on the floor paraded about in such a demonstration as usually accompanies the nomination of a successful candidate. Hurrahs for Wilson and cheers for the President drowned out the band and refused to be checked if there had been any disposition to curtail them.

**Fistic Encounters.**  
 In the New York delegation something approaching a fist fight accompanied the demonstration when Franklin D. Roosevelt, Assistant Secretary of the Navy, took up the standard to join the demonstration, and several other New York delegates sought to prevent him, a policeman mixed in the scramble, in which fists flew and prospects of bloody noses seemed imminent. Mr. Roosevelt triumphed, however, without any damage being done to anything.

New York's standard in the demonstration for the President which continued toward a half hour before the delegates would consent to quiet down and hear the opening prayer. It was a full hour late when the delegation finally settled down to hear Vice-Chairman Kremer's opening speech presenting National Chairman Homer S. Cummings as temporary chairman of the convention.

# TRAGEDY STALKS IN CITY OF VANCOUVER

Vancouver, June 28.—Tragedy stalked through the city during the week-end, four lives being lost since Saturday.

Robert D. Lynn, manager of the coal and wood department for the Harbour, lost his life in the waters of False Creek at 7 p. m. Saturday, when his auto he was driving from the company's yards overturned and fell over the embankment into the creek.

Earlier in the day the body of A. Bergeron, of the Seymour Garage, was found in an alley in the 900 block, Seymour Street, the man having apparently collapsed from heart failure.

Peter Macaulay, who was found dead in his cabin at 786 Powell Street, on Sunday morning, is believed to have been drowned in the water, his non-appearance eventually causing one of his neighbors to enter the cabin, where he found the lifeless body.

Shortly after 8 a. m. to-day, David Jamieson, aged 13, died in the General Hospital, following an injury sustained Saturday night, the victim of an explosion of detonating caps.

# FINANCIAL NEWS

## LIGHT SALES IN NEW YORK

(By Burdick Brothers, Ltd.)  
 New York, June 28.—Very little change was witnessed in to-day's market and prices closed a shade lower than Saturday's levels. The softness was attributed to the fact that the weekly bank statement of the N. Y. Federal Reserve Bank was off and a decrease from 42.5 per cent. to 39.5 per cent. reported. The high reversal rate on money also stimulated some bearish pressure, but the outside liquidation was insignificant in volume.

# TAXATION PLAN

Signor Media Deals With Proposed Financial Measures

Rome, June 28.—Signor Media, Minister of the Treasury, announced in the Chamber of Deputies that the revenue for the fiscal year of 1919-1920 was estimated at 10,500,000,000 lire and the estimated expenditure at 11,550,000,000 lire, plus 12,000,000,000 lire for extraordinary expenditure.

In order to meet this situation, Signor Media said, it would be necessary to increase taxation. He believed that the new financial measures proposed, especially death duties, speedily would produce good results. He declared that he preferred not to take into account the indemnities provided for in the various peace treaties, because these should be regarded as a counter-balance to the foreign debt.

The Minister predicted that an improvement in the exchange situation would be beneficial but said that if this did not occur speedily, it would be necessary to consider the possibility of making the wealthier classes pay for the cereal and transport subsidy which amounted to six billion lire.

# HOSPITAL FINANCING OCCUPIES MEETING

Dr. Young and R. S. Day on Provincial Committee of New Association

Enthousiasm of the action of the hospital authorities of the four western provinces of the Dominion in the formation of the Western Canada Hospital Association was among the important business communitated at the meeting of the B.C. Hospital Association, held in Vancouver on Saturday. The action was taken following a report submitted by Dr. M. T. McEwen, of Vancouver, one of the prime movers in the organization, which was inaugurated at the hospital conference held in Calgary in April last.

Officers to represent British Columbia in the organization were elected as follows: Honorary president, Dr. H. E. Young; vice-president, Dr. M. T. McEwen; to represent the Province on the executive committee, Dr. Purvis, superintendent of the Royal Columbian Hospital, New Westminster, and R. S. Day, president of the Board of Directors of the Royal Jubilee Hospital, Victoria. The election of the third member on the executive committee is left to the American College of Surgeons.

The aims of the association are to promote standardization, greater efficiency, to stimulate co-operation between hospitals, and to act as a clearing house for all problems of the associations.

The financial difficulties of the hospitals occupied the greater part of the time at Saturday's meeting. Dr. McEwen, superintendent of the Vancouver General Hospital, condemned the present method of obtaining funds from the municipal and provincial Governments as most unsatisfactory and declared that unless the situation was

# SENATE WOULD AMEND NORTH AMERICA ACT

To Give Extra Territorial Authority to Canada; Pensions Bill Given Third Reading

Ottawa, June 28.—(By Canadian Press)—The Senate on Saturday joined with the Commons in praying that the British North America Act be amended to give extra territorial authority to Canada.

Senator Bradbury protested against the Government's failure to complete the Budget. He said that the Government's failure to complete the Budget was a disgrace to the Government and that the Government should be held responsible for the failure.

The bill to amend the Pensions Act was given third reading. The bill would amend the Pensions Act to give extra territorial authority to Canada.

# SMALL HOPE FOR THE TODD SCHEME

Mayor and Aldermen Oppose His Daylight Saving Plan

amounts to the same thing as the scheme which Alderman Patrick introduced recently. There is no use passing it now, however.

Alderman Sangster, leader of the opponents to the daylight saving issue, stated that he would second the Todd motion simply to get it before the Council to-night, but he had no intention of voting for it. He has no doubt that the motion would be rejected.

It is understood that most of the Aldermen who favored the Patrick plan will vote against the Todd suggestion.

There is a movement on foot at present the object of which is to submit to the electors at the next municipal election of a referendum on the daylight saving question. It is pointed out that as a result of such a referendum the next City Council would know early in the year whether the voters desired daylight saving in the Summer or not and would be able to act accordingly. Mayor Porter considers this a good idea.

## SUNDAY SCHOOLS INDULGE IN PICNICS

Saturday Saw Many Outings to Woods and Beaches

Three Sunday school organizations held picnics Saturday, journeying far afield for their entertainment. The First Presbyterians went to Deep Cove by electric railway and automobile and enjoyed a merry day, replete with sports, refreshments and all that was necessary to render the affair a brilliant success. The Rev. J. Gibson Inkster, ex-Mayor Alexander Stewart, Frederick McGregor, A. Fraser and A. Hoyle assisted in the arrangements for the occasion to the contentment of all.

The members of St. Mary's Sunday school took Mount Douglas Park as their objective, which was gained by means of tall-hos. Adults were present in numbers and added to the general merriment, with the good provender of baskets carefully packed to provide the necessary ingredients for the refreshment of the youngsters. Baseball and other sports made the time pass all too quickly until the return in the evening.

Ten Mile Point was the scene of the outing of the Reformed Episcopal Sunday School where sports with generous refreshments contributed to the enjoyment of all. The Rev. de B. Owen and E. G. Dennis assisted with the arrangements, and returning after a hilarious day in the woods.

On Thursday the St. Andrew's Presbyterian Sunday School will go on an excursion to Port Angeles, having secured the Princess Adelaide for the occasion, leaving Victoria at nine in the morning, and returning here at nine at night.

## TWO PRESENTATIONS AT GEORGE JAY SCHOOL

Just before the school was dismissed for the summer vacation Miss Jean Ramsay, who has resigned from the staff of the George Jay School, was the recipient of two gifts that indicated the esteem in which she is held both by pupils and teachers.

The first presentation, a silver cake dish, was made by Mrs. Menkus, who voiced the regret of the staff at Miss Ramsay's leaving, and wished her all happiness in her new sphere.

The second, a handsome jardiniere, was given to Miss Ramsay by her pupils. In addition, the boys of her class, in their own time, had made a stand for the jardiniere, making the gift a very beautiful one.

To the expressions of unfeigned regret that their teacher was leaving, Miss Ramsay assured all that the happy time she has spent at the George Jay will not easily be forgotten, for the gifts she had received would always be concrete reminders of the affection of the children and the teachers.
