

THE ELECTION.

The "off years" in political affairs almost invariably show a wide spread of difference of vote to what should be a matter of general duty in every election, and the vote in the State contest last Tuesday was, as usual, comparatively light, Weymouth polling but a little over one-half of the registered number entitled to "exercise the rights of freemen," the vote being 128.

The ballot, however, showed a large amount of "scratching" of regular candidates, between four and five hundred of the tickets bearing stickers, the Representative portion of the tickets retaining the hottest fire, and putting the election of different nominees in considerable doubt until the result was made known. The prophecies at noon of some of the leading politicians were that Messrs. Lovell, Cushing and Peck were bound to be elected, but about 3 o'clock information received from Quincy indicated that Col. B. S. Lovell was sure of an election, and the right would be given to Messrs. Messrs. Ambler and Cushing, with chances in favor of the latter. The polls were closed at 3 p. m., and the announcement of results showed that Cushing and Ambler in Weymouth 57, Peck 27, the vote in Quincy was 128, and the vote in Quincy was 128, and the vote in Quincy was 128.

There were four regular tickets in the field, Republican, Democratic, Prohibitionist and National Labor, all of which received a share of the stickers. The counting and preparation of necessary papers for the Selection was completed about 10 1/2 p. m.

In the contest for Senator in the First Norfolk District, the campaign was one peculiarly lively owing to the attempts to prove that Mr. Elijah A. Morse, the Republican candidate, had reflected upon the character of disabled soldiers in the Home and refused to contribute money in their behalf, which charge was refuted by Comdr. Linfield, of Post 56, also the kicking of a man by the candidate, who claimed that their candidate must be one who stands fast on the question and identifies himself with the party exclusively.

But all this and other objections were easily stamped out by Morse's agents, who used the "lever of civilization" freely in bringing to the attention of the people the record of his generous contributions for the benefit of the soldiers, his charity toward the poor, and his employment when a prostration of business compelled him to close his works for a time, and his fidelity to the cause of temperance, in all of which he had manifested his faith by his works.

Mr. Morse proved to be the best candidate to be shown under, and every town in the district but one gave him a majority. In Quincy, Weymouth exceeding that for Gov. Robinson 63, the vote in Quincy being 128, and the vote in Quincy being 128.

Mr. John W. Hart, the candidate of the Democratic party, received 128 votes, and Mr. Morse's plurality 477.

We give the following for all the towns in the District for Governor and Senator, by which it will be noticed that Mr. Morse's majority in Weymouth is 109, running ahead of his ticket 280 votes, and in the District a majority of 109, running ahead of his ticket 280 votes.

Gov. D. Robinson, of Cheshire, R., 629; Frederick O. Crosby, of Boston, D., 424; Thomas J. Lantry, of Taunton, P., 47; James Sumner, of Taunton, L., 23.

FOR SENATOR, DISTRICT NO. 1: Oliver Ames, of Easton, 629; Henry H. Gilmore, of Cambridge, 629; Charles B. Knight, of Boston, 629; William Murray, of Boston, 629.

FOR SECRETARY OF THE COMMONWEALTH: Henry B. Pierce, of Weymouth, 629; Jeremiah Crowley, of Lowell, 629; George Knapton, of Sharon, 629; Hiram W. K. Eaton, of Weymouth, 629.

FOR TREASURER AND RECEIVER GENERAL: Hanson W. Beard, of Boston, 629; Henry M. Cross, of Newburyport, 629; Claudius B. Travis, of Natick, 629; Walter Hanson, of Boston, 629.

FOR COUNTY CLERK: Edgar J. Sherman, of Lawrence, 629; Henry K. Brady, of Fall River, 629; Samuel M. Fairbank, of Malden, 629; Asa F. Hall, of Hudson, 629.

FOR JUDGES: Charles R. Ladd, of Springfield, 629; James E. Delaney, of Haverhill, 629; William W. Sherman, of Lowell, 629; Arad H. Wood, of Lunenburg, 629.

The Water. A test of the pipes of the gravity main of the Weymouth waterworks has been made the past week, and the contractors may well be proud of the thoroughness with which the work has been done, but few weak points being found. A hydrant on Washington square gave a stream of about 25 feet, and with the stand-pipe pressure this would be increased to about 125 feet. It was a refreshing sight to behold the pure water of Lake Wessagusset flowing in our streets, and those who have been instrumental in urging and securing this great improvement deserve the heartfelt thanks of our community. A fact pleasant to note in connection with the waterworks is the present want of a contractor of the enterprise by many who were at the outset its sturdiest opposers, and we think the conviction is now general that the town of Weymouth has accomplished a work which will result in great good to all its citizens, and enhance the prosperity of this ancient town.

An impression prevails that while the service pipes can now be laid, the main cannot be tapped until the works have been accepted by the Commissioners, which is incorrect, as the pipes can be laid and the water let on once.

The choice of a Supt. of the Water-works has not yet been effected. Mr. C. Tower has been employed on the list of applicants, but Cohasset is agitating the water question, and he will be wanted.

An offer has been made to Mr. Chas. W. S. Seymour, of the Hingham Water-works, to occupy the position of Supt. here, but he leaves Hingham too well to remove from his native town.

At a meeting of the Commercial Club of Rockland, Mr. A. W. Perry spoke in favor of taking water from Weymouth, and made some remarks concerning the feasibility of that project. The expense, both of introduction and maintenance would be far less than if they went to Big Sandy, and as to purity of the water, he stated that an analysis had shown that the water from the town of Weymouth in Massachusetts, twenty-one of them showed a poorer quality than Weymouth. He stated that Weymouth stood ready to supply them at 50 per cent of the water rates charged that town.

(postal), Mrs. J. C. Murphy, Edward McCann, Charles J. M. Morrow, Capt. Moss Mathews (postal), George Maxwell, Mr. Willie Stahler, Mr. A. M. Richardson, Weymouth, Mass.

One of our correspondents up our equanimity and also the gravity of a few readers, last week by stating that some of the members of a wedding party at North Weymouth went to Boston by boat, and that the remaining guests proceeded to the city by car. The bill was overlooked in proof reading, but it is very much akin to the wording of a bill presented to one of our societies by a member of the same society, who was to return on his wife's recovery. He is foreman of a finishing department in M. D. Wells & Co's boot factory.

At the regular meeting of the Young People's Union was held at the residence of Mr. A. L. Hobart on Monday evening. The meeting was largely attended and proved exceedingly interesting. The program for the evening consisted of piano solo, Miss Carrie Bowditch, lecture on the Trojan War, F. H. Beale, Esq.; piano and violin duet, the Misses Allen, song, Miss Alice Blanchard; reading, Miss Kate Baker, piano and violin duet, Miss Allen. Improprium songs were also given by Mrs. Jennie Worster, Miss Josie Dowse and Mr. O. W. Allen. The next meeting of the Union will be held with Mrs. Eleanor F. Holmes, on Street, Italian Cities will be the subject considered.

The Paper Party. Of the Universalist Sunday School was held in Lincoln hall last Friday afternoon and evening and proved a very enjoyable affair. The little folks were out in force and romped and played to their hearts' content. Supper was served for them at 6 o'clock, after which a fine entertainment was given by the young folks. Prizes for singing in the largest number of papers were awarded as follows: 1st, a \$5 gold piece, master Andrew F. Burrell, 2d, \$2.50 gold piece, Miss Alice M. Pierce; 3d, \$1.50 gold piece, master Freddie Downe.

The Hydrant. At the test of the new hydrant in its present position at the northwest corner of Jackson square is considered to be a mistake. Already several persons have been injured by running against it after dark, none however so badly as was B. F. Pratt, last Monday evening, when he ran against it with such force as to splinter the bones in one of his legs, requiring the attendance of a physician. By removing this hydrant to a better position, other way all accidents may probably be avoided.

Political and Business Power.

The rapid spread of the organization known as the Knights of Labor, has been established in the town in this vicinity and already exist here, indicate that this new factor in politics and business is exercising an increasing power, and strenuously asserting its demands for regulation of matters connected with labor, in which they have successfully brought to bear in some sections of the country, a lever of embarrassment to business operations and smashed the slates of some political leaders. Instances of this character are already numerous, and the spread of this organized movement for control of labor interests is producing a corresponding agitation in the leading manufacturing centers among employers and labor.

The result of the movement will doubtless be the establishment of boards of arbitration, to settle whatever difficulties may arise between employers and employees, recognizing the fact that the interests of all classes are so interwoven that a just division of the production of capital and labor is necessary for the prosperity of the community. This will not end to strikes and boycotting, and produce a spirit of harmony between manufacturers and operatives which will give better results in production of goods and enhance the profits of capital. Under this method of settlement any attempt to raise the wages of employees to an extortionate degree, or to employ them down to an unprofitable level, will be successfully combated and the wheels of business will revolve smoothly.

A Good Record. The Canton Journal, in its comments on the recent election, says of the First Eliah A. Morse's victory in the Norfolk District, that "no sensible person will believe the silly stories put in circulation by Mr. Morse's enemies, or his indiscreet friends, to explain the majority in a Democratic district. The explanation may be found in all the county papers, which, upon his nomination, with one voice predicted the election of Mr. Morse, and pronounced him the most popular man in the district. The secret of his popularity is his clean record, and his widely known philanthropy and charity, and his kindness and generosity to the people in his employ for many years. Mr. Morse polled the entire Republican vote of Canton and the district, as predicted in these columns, and in addition had a large vote from the laboring people of other parties."

Mr. Morse's generosity and magnanimity will be seen from the following letter written by him to the Canton Journal last week.

My Dear Mr. Thornbridge:—Allow me through the columns of your paper, to thank my friends in Canton, of all parties, for their very generous support at the polls on Tuesday. The vote I received in Canton, I believe, is more than myself. I shall try to bear myself the great honor which has been conferred upon me, and I will endeavor to give to the people of my town, as much as I can, of the benefit of my office. I beg to thank your columns for making reference to the election, which gave me the majority in the Norfolk District, and for the kind words which you have said of me, and especially to Mr. B. F. Cushing, who has so kindly and generously supported me. I am also most indebted to the friends who have supported me, and especially to Mr. B. F. Cushing, who has so kindly and generously supported me. I am also most indebted to the friends who have supported me, and especially to Mr. B. F. Cushing, who has so kindly and generously supported me.

Valuable Cow. Mr. Henry Thomas of South Weymouth recently sold his valuable butter cow to Mr. Tilden of Cohasset. A few days after his purchase, Mr. Tilden reported to the former owner that he had made from the cream of three quarts of milk twelve ounces of butter, or four quarts to the pound, and says he can keep this record up right along. He has a standing offer of \$125 for the cow.

Reading Circle. A very large and highly interesting meeting of the Union Reading Circle was held at the residence of Mr. Francis Ambler on Tuesday evening. The work for the evening was a review of seven of Guest's Lectures on English history, together with such additional material as was furnished by collateral reading. The review showed a most commendable thoroughness in the reading of the numbers. This Reading Circle is now in a most prosperous condition.

Meals. The Weymouth and Braintree choral society will give their first rehearsal of Handel's oratorio "The Messiah" on Sunday evening next at Clapp's hall. An efficient orchestra has been selected with G. M. Lincoln leader. This season a large and powerful chorus with able soloists will be in attendance, the whole under the direction of Mr. H. C. Webb of Boston. The rehearsals will commence at precisely 7.30 o'clock, general admission, 50 cents. The Weymouth choral society will give at Clapp's hall.

The Foye building on Washington street presents a nice appearance since it was raised and a cellar constructed under it. It will be remembered that express man Bourk gave to Derick White some months since a horse that had become injured about one of the fore legs. The animal was considered worthless by Bourk who had not taken it to a veterinarian. Mr. White, however, had a different opinion, and after some time, he was able to ride it. The horse was sold to Mr. White for \$50 for him. The above only shows the value of his advice which has become so extensively known.

Mr. S. W. Gutterless has completed the floor of the coal room at the pumping station, in thorough manner. An attempt was made last Friday to let the water in on the hydrant near the corner of North and Sea streets, but the water would not run, and the hydrant being removed from the main, it was found that one of the workmen in the trenching had left a part of the pipe in the pipe and forgot to take it out.

Samuel Drew was thrown from a carriage at South Sealton last Sunday and dangerously injured. He was taken to a house there and Dr. Fay sent for, who would not allow him to be taken home, so serious was his injury. Monday afternoon his condition had so greatly improved that one of Young's hacks was dispatched to Sealton for the purpose of removing him to his home, which was done without causing any further injury. Today he is able to sit up and as no bones were broken, he will in all probability be at work again soon.

Friday night last week, about 11 o'clock, a man apparently the worse for liquor, and said to have from Quincy, drove up the hill near the residence of the late Arab Raymond, and as he proceeded by many attempts to turn around on the edge of a steep embankment, when the carriage was overturned and horse and rider rolled down to the bottom, landing in a pile of lumber stacked there. His cries for help soon brought assistance and he was rescued from his perilous position. The mishap seemed to have a sobering effect, as after some repairs of damage to the team he was able to start for home unaccompanied.

SOUTH WEYMOUTH.

The regular monthly meeting of the Executive Committee of the Improvement Association was held at the Engine hall in Weymouth last Friday evening, six members being present. The Executive Committee reported that nine trees which had died during the year would be replaced by new trees without expense to the association. It was decided that the balance of the tree appropriation, amounting to \$100, should be expended this fall, and the place of setting left to the judgement of the committee. It is probable therefore that between twenty five and thirty trees will be planted before the end of the year.

Alfred Derby, son of Mr. Franklin Derby is seriously sick with typhoid fever, and Wednesday a consultation of physicians was called in the case.

Bertie, son of Mr. William Lord, suffered quite a serious accident on Tuesday last, when he was riding on the street car. The street lighting committee stated that the work entrusted to them was practical at a standstill, until it could be learned what the new gas company, lately organized, and what improvements they might offer in the way of street lighting, for the use of the city. It is expected that it is probable that one or more streets here would have been lighted before this time.

The County Commissioners met at the North Weymouth depot Monday, to view the proposed widening of the road from the railroad bridge to Stepping Stone bridge.

Rev. Mr. Eaton preached a very interesting discourse last Sunday afternoon for his congregation in this village, on the history of Jonah, taking for his text the 1st, 2d and 3d verses of the first chapter of Jonah. He said there was many ways of interpreting scripture, in relation to the story of Jonah. The Bible is a history of God's written law committed to people in different localities and under different circumstances. He spoke of the Bible being collected in various ways, of the lives of the greatest men that ever lived being recorded in the Bible, also of Jonah going down into the ship, of the perilous voyage, and of the prayers of the men on board the ship. In speaking of the story of Jonah, he said that he believed Jonah to have been a great fish, he said it could not have been a whale, as a whale never comes to exist in the Mediterranean sea, the largest fish existing there being a white shark, three feet long, whose jaws were never known to have been cast into the sea, remaining there three days and three nights and then was safely brought out on dry land. He thought interesting lessons were to be derived from the story of Jonah, which he would have preferred to have been ordered to go and do the will of God, to preach the Gospel, and one lesson was that we could not get away from God. Another lesson derived from the story of Jonah, is that God renews his wrath upon everything, and will cause the wrath of man to praise him. The pastor gave many other points in connection with the story of Jonah, which were very interesting and worthy of much consideration.

As the choice of Supr't of the water works has not been made, it is hoped one will be appointed from our own town. In the Gazette of last week we noticed the application of one gentleman from Cohasset for the situation, also that the situation had been offered to Mr. W. S. Seymour of Hingham. No doubt either of these gentlemen would fill the position to the general satisfaction of the people of Weymouth but a petition has been circulated and the names of the leading men, as well as many others, are being gathered, and praying that Mr. Wm. Humphrey, now one of the superintendents on the water works be appointed Supr't. We believe that Mr. Humphrey is the man for the position, and that he is well known through the town as a gentleman of high integrity, and we believe a better choice could not be made.

Good Shot. Walter Wolfe, although young in years, has become quite an expert in gunning. Being down the river one day last week he found a wild goose on race on Island beach, and being within fair range fired and captured his game, thus shooting the first geese of the season at this point.

Conference Meetings. The subject for consideration in the conference meeting in the Universalist vestry next Sunday evening will be the chapter 10th verse of Colossians, "Let the word of God dwell in you richly in all wisdom; teaching and admonishing one another in psalms and lyrics and spiritual songs, singing with grace in your hearts to the Lord." It is hoped that the vestry may be filled as the meeting will be one of much interest and all are respectfully invited.

Special services will be held in the Universalist church next week continuing on Tuesday evening and continuing on Sunday. Preaching by distinguished ministers each evening at 7.30 o'clock. Rev. A. J. Patterson D. D. states that the Pastor of the First Stamford Church will assist in the singing. The public are cordially invited.

The attendance at the rink was small Tuesday evening, but had the weather been suitable the rink would have had within its walls the largest assembly this far this season. Milo Brothers, under the circumstances, gave a short exhibition of their wonderful performance, and we learn they will reappear again soon.

Saturday evening last the first of the three 5 mile races between White and Harrington took place. The latter got the start, but soon lost it, and White took the race, time 15 m. 30 s. The second race occurred tomorrow evening.

The East Weymouth school held their first league game Tuesday evening at Quincy Coliseum, with the Quincy team, and were victorious by a score of 3 to 0. The actual playing time was 11 minutes.

Harp. Following the custom of recent years, Harp's Magazine for December is especially a Christmas number. It may fairly be said to be the most brilliant number ever issued. The number contains a number of choice readings from the pen of the most successful of our modern writers.

New Music Store. Our musical readers will be pleased to learn that Mr. J. Q. Beal, well known throughout this region as leader of Beal's Rockland Orchestra, has opened a music store at Rockland, where every thing in that line can be obtained at city prices. Mr. Beal has received the agency for McPhail & Co's Imperial Upright Pianos and Pianos & Co's Standard Organs, which are conceded to be the best in the market, and all who contemplate purchasing a piano or organ can save money by dealing with Mr. Beal.

Love at East Weymouth. Owing to the bad weather Monday evening the attendance at the grand levee held at the rink under the auspices of the East Weymouth Association was small, but those who did attend were amply paid for venturing out on such an evening. The programme was carried out as advertised and was a credit to the committee. Great numbers of choice readings from the pen of the most successful of our modern writers.

Local Assembly No. 845, K. of L. passed the following resolutions at their meeting Monday evening. Whereas our brother workers of Brockton are brought face to face with their employers upon a question of vital interest to all industrial classes, being denied the right to set the price for their labor; therefore Resolved, That a copy of these resolutions be sent to Brockton for publication.

Post 28 fall in. The next regular meeting of the Post will be held for the Election of Officers, delegates to the department encampment, and relief committee, for the ensuing year. The Post should be fully represented in order to secure the best results. Let every member make a special effort to be present.

CHARLES W. HASTINGS, Adjutant.

Annual Ball. The seventh annual ball of the O. C. E. B. Beneficial Association will be held at Mechanics Hall, Brockton, on Friday evening, January 12. The Boston Cadet Band will provide music and Tufts will cater for the occasion. Extra trains will be run to accommodate all who wish to attend.

Arouse the faculties, stimulate the circulation, purify the blood, by using Ayer's Sarsaparilla.

Thanksgiving service. The Union Church Wednesday evening was largely attended, and the somewhat novel character of the exercises gave especial interest to the service. The pulpit and platform were profusely decorated with floral adornments, imparting a very pleasing aspect to the audience room, and the fine music and readings, charming additions to the service, were well received by the large and festive band. Among the readings was an excellent production of the pen of our gifted resident, Dea. Gilbert Nash, which was admirably read by his wife. The choir was accompanied by the organ and an effective orchestra under the lead of Mr. George Lincoln. There was an urgent request to have the exercises repeated next to some of our friends, and the unavoidable absence of many who were needed to help in the musical programme, it was not thought advisable to attempt a repetition.

The programme of exercises consisted of organ voluntary; anthem, "Reverend's Prayer"; invocation and responsive reading; duet, "Come, Holy Spirit"; Mrs. Worcester and Miss Dowse; scriptural selections, Rev. Mr. Eaton; prayer, Rev. Mr. Axtell; Congregation hymn, "How firm a foundation"; remarks by Rev. Mr. Frary and reading of selection from Donald G. Mitchell, by Mr. Berdes; solo, "A Sparrow Feeds"; Mrs. Dowse, reading, "Hymn of Praise"; Mrs. Gilbert Nash; Congregation, "America"; reading, "Rock of Ages"; Mrs. Nash, with musical illustrations, by Miss Dowse; halcyon chorus; prayer, Rev. Mr. Eaton; benediction.

Weymouth Choral Society. The last rehearsal of the "Messiah" by the Choral Society, this season, was given last Sunday evening at Clapp's hall. On account of the weather the attendance was small, though appreciative and well present. Mr. C. H. Webb has seldom been heard to better advantage and his rendering of "Way do the Nations," was a brilliant effort and was generally applauded. For the remainder of the season "Elijah" will be rehearsed on Sunday evenings, and copies of the same can be purchased of Mr. Allen, at the hall. All those purchasing books can have them at the wholesale price, 27 cents. Rehearsal to commence at 7 o'clock; admission, 10 cents.

Letter from the Spout of Schools. To Parents and the Public. Some time during the month of December I intended to deliver a lecture in each of the Weymouth villages, the proceeds to be devoted one-half to the purchase of slides for the school solar camera and one-half to the improvement of schoolhouse yards.

The attendance at the rink was small Tuesday evening, but had the weather been suitable the rink would have had within its walls the largest assembly this far this season. Milo Brothers, under the circumstances, gave a short exhibition of their wonderful performance, and we learn they will reappear again soon.

Saturday evening last the first of the three 5 mile races between White and Harrington took place. The latter got the start, but soon lost it, and White took the race, time 15 m. 30 s. The second race occurred tomorrow evening.

The East Weymouth school held their first league game Tuesday evening at Quincy Coliseum, with the Quincy team, and were victorious by a score of 3 to 0. The actual playing time was 11 minutes.

Harp. Following the custom of recent years, Harp's Magazine for December is especially a Christmas number. It may fairly be said to be the most brilliant number ever issued. The number contains a number of choice readings from the pen of the most successful of our modern writers.

New Music Store. Our musical readers will be pleased to learn that Mr. J. Q. Beal, well known throughout this region as leader of Beal's Rockland Orchestra, has opened a music store at Rockland, where every thing in that line can be obtained at city prices. Mr. Beal has received the agency for McPhail & Co's Imperial Upright Pianos and Pianos & Co's Standard Organs, which are conceded to be the best in the market, and all who contemplate purchasing a piano or organ can save money by dealing with Mr. Beal.

Love at East Weymouth. Owing to the bad weather Monday evening the attendance at the grand levee held at the rink under the auspices of the East Weymouth Association was small, but those who did attend were amply paid for venturing out on such an evening. The programme was carried out as advertised and was a credit to the committee. Great numbers of choice readings from the pen of the most successful of our modern writers.

Local Assembly No. 845, K. of L. passed the following resolutions at their meeting Monday evening. Whereas our brother workers of Brockton are brought face to face with their employers upon a question of vital interest to all industrial classes, being denied the right to set the price for their labor; therefore Resolved, That a copy of these resolutions be sent to Brockton for publication.

Post 28 fall in. The next regular meeting of the Post will be held for the Election of Officers, delegates to the department encampment, and relief committee, for the ensuing year. The Post should be fully represented in order to secure the best results. Let every member make a special effort to be present.

CHARLES W. HASTINGS, Adjutant.

Annual Ball. The seventh annual ball of the O. C. E. B. Beneficial Association will be held at Mechanics Hall, Brockton, on Friday evening, January 12. The Boston Cadet Band will provide music and Tufts will cater for the occasion. Extra trains will be run to accommodate all who wish to attend.

Arouse the faculties, stimulate the circulation, purify the blood, by using Ayer's Sarsaparilla.

Bro. Green, of the Quincy Advertiser has enlarged his lively sheet, and we extend congratulations on its improved appearance. The water fever is raging even among those who opposed the introduction of water, and the takers are multiplying. Parties who propose building should be sure and pipe their houses not only for water, but also for gas from the city works, which will be the next improvement.

The Plymouth County Courier, of South Abington, has been sold to L. B. Hatch, Esq., of the Plymouth County Journal. The conclusion having been reached that one good paper in the town was preferable to two.

The first annual meeting of the Old Colony Poultry Association will be held at Music Hall, South Weymouth, on Tuesday, Wednesday and Thursday, December 15, 16 and 17. The present condition of the vacant building opposite the Wessagusset House is an eyesore to our residents.

A number of Abington Good Templars visited South Weymouth last week at an entertainment under the auspices of the lodge there. The Board of Water Commissioners have elected Mr. Geo. Bies as Supt. of the Water Works. He has had large experience in the business.

The highest tide ever known in the river occurred Wednesday, the wharves being submerged to some extent. Those who met Mr. and Mrs. Roberts and their guests of "Elevator" fame last year, will have the opportunity to renew their acquaintance next Wednesday evening at the Lecture Room of the Union Church.

"Providence will be the subject of Rev. Mr. Eaton's sermon in the Universalist Church next Sunday morning, Corner State St., No. 117, S. of T. A grand dramatic entertainment at Clapp's hall last evening, when the drama, "Down by the Sea," was presented. Between the acts, E. C. Curtis performed solos on the guitar. The attendance was fair, considering the weather.

The timely discovery of a small fire in the shop of Messrs. W. H. and S. W. Hill, on Summer street, Wednesday afternoon, prevented the destruction of the building. Mrs. Chas. T. Cushing is ill with spinal complaint. Mrs. Phoebe Richards is now better. Mr. and Mrs. Roberts will give their annual dinner party next Wednesday evening.

Schooner Hampton is discharging a cargo of lumber at the wharf of J. B. Rhines & Co., Schooner Revenue is on her passage from Bangor, with 200,000 feet of lumber and 90,000 shingles for the same firm.

George McDonald, of this place, won the absolute race at the E. Weymouth Rink last evening.

LOVELL'S CORNER. Mrs. T. G. Poole is again in trouble. Her husband, Mr. J. B. Poole, has almost recovered from his long sickness and still hopes this may prove but a temporary lack set.

Byron Lord and family have moved into one of Jothan Salisbury's houses on Pleasant street.

Mr. Hester T. Poole has purchased the Robert Richards estate, on Mosquito Plain, and taken possession.

Mr. Torrey, principal of the Pratt grammar school, has given some exhibitions with the new solar camera, which have been highly pleasing and interesting to the community.

Great numbers of wild geese have been flying southward this week, and we learn that the gunners at the neighboring ponds are having good success in their death dealing sport.

The temperance entertainment will be given in the hall next week on Friday evening. The programme will be under the management of Messrs. J. G. Stewart and Frank Rice and Miss J. Barker.

Revelry meetings were held during the last week of a very gratifying nature. The Thanksgiving season will suit to a number of houses with a deeper significance than ever before. The heart as well as the hands is filled with Divine blessing.

The long looked for "barrel opening" by the children will occur Friday evening. About forty of the children have been saying and earning their pennies for the object of our new church, and each one of these will have some part of the entertainment which will accompany the "opening." A number of children, we understand, have not spent for their own pleasure a single cent since they have had their barrels, such good and so genial is most highly commended to any one who would like to see a number of these children, and each one of these will have some part of the entertainment which will accompany the "opening."
