Wholesale List Spring 1933

CHAMPLAIN VIEW GARDENS

Burlington, Vermont

The following prices are net f.o.b. Burlington. We give at least 10% over count to help pay express. On bulblets we give big heaped up measure.

On **PICARDY** can give either large selected bulblets which run about 3,500 to the Qt. or good medium sized ones that run over 6,000 to the Qt. All germinate very easily. **PICARDY** is easily the greatest sensation in the gladiolus world in many years. It will be grown by the million. Better get started now. In a year from now business will be much better and those who have the stock will be sitting pretty.

BAGDAD is another comer too and has not been distributed so much. It will be a real money maker.

Per 1000 f. o. b	No. 1	No. 2	No. 3	No. 4	No. 5	No. 6	Bulblets

100 bulbs at the 1,000 rate or, on the varieties priced per 100, 10 at the 100 rate.

By next summer I think business will be turned for the better and there will be a good demand for cut flowers. For those growing bulbs you cannot do better than to invest in the Palmer varieties as there is going to be a tremendous demand for them in a year or two and those who have the stock to sell will make some money.
