RELIABLE

SEEDS AND BULBS AT POPULAR PRICES. - LIBERAL DEALINGS.

We Want Your Trade.

OUR TERMS, ETC.

ABOUT PRICES:

The prices herein quoted are good for immediate orders. We will ship all large orders on arrival of each variety of Bulbs, or such date as you may name at time of booking order.

SHIPMENT:

We guarantee to deliver good, sound Bulbs of first quality or no sale, and if not such they can be returned at once at our expense, if within five days after receipt by you, but we resume no responsibility for the results in forcing or flowering of Bulbs.

CREDIT:

We allow 4 months' credit, or a discount of 5 per cent. for cash in 10 days from date of bill. All bills over \$50.00 subject to being closed by note. Bills under \$25.00 are net. Unknown correspondents must furnish satisfactory references with order.

QUOTATIONS:

We furnish free a nice Retail Catalogue of Bulbs, gotten up with your name and address alone appearing on it, and priced to give a proper margin of profit and yet attract to you orders for Bulbs. These are supplied in proportion to amount of your order with us, and can be sent by you to those likely to want to buy Bulbs or have them planted out. You will find this a great help.

OUR GROWERS:

We use only the best growers and the same ones from year to year; our trade has grown to be so valuable to them that we receive only the choicest and most select Bulbs that they produce. Picking up Bulbs at auction and shifting from year to year to buy from the cheapest man is not conducive to the best interests of the trade we seek, and the success of our Bulb business and the confidence we have won have proven that our carefulness and the fidelity of our growers have been amply rewarded, and that we conduct our business in the right way to give satisfaction to those who buy of us.

ORDER NOW

Where we quote two sizes on any variety, our customers will find it to their advantage, if growing for the cut flower trade, to order the best, for we import just as we quote, paying the same difference in price that we ask to get extra fine Bulbs, and do not cull them out of one lot. All our Bulbs are first-class, no inferior stock being handled in our trade.

TO ATTRACT TRADE

AND SECURE THE BENEFIT OF THESE LIBERAL OFFERS. Our prices by the 1,000 will be allowed on orders of 250 bulbs of a kind; 25 will be billed at 100 rates. Our prices are made very close, and cases will be charged at cost, as we have to pay for same in importing.

The Hyacinth is universally admired both for its perfect and chaste flowers and its delicate and fragrant perfume. It succeeds equally well in the house and garden, adorning both with the varied colors and delicious fragrance of its showy flowers. Its culture is very simple, and if attention is paid to the directions a failure is almost impossible.

All Single Hyacinths succeed well in glasses, and those of the double ones marked (*) are most desirable for glass culture and forcing. Those marked (**) are the earliest in bloom. Those marked (l) are the latest to bloom. Those marked (F) are most highly recommended for florists' use.

All Hyacinths are well adapted to pot culture and open beds or borders.

NOTICE.—The true Berlin Pips, due to the light sandy soil in which they are grown, are not so large in the crown as the Hamburg Pips, but they are earlier and force with more regularity. Bear in mind, the flowers of the Lily of the Valley are produced entirely from the roots already established, and it is here that our Berlin Pips show their excellence.

RECENT TESTIMONIALS.

Herren De Forest Ely & Co., Philadelphia.

Geehrte Herren:

Die Lilien „Harrisi“, die Sie mir im vorigen Jahre geschickt haben, sind sehr gut ausgefallen; sie hatten von 5 bis 12 Blumen von 7 bis 9 Zoll Größe pro Stück, und ich hoffe, daß die Sendung dieses Jahr eben so gut sein wird. Schicken Sie mir gefälligst wieder 200 von derselben Art, 7 bis 9 Zoll Größe.

Ergebenst,

Herman Borske,

I have had much finer flowers from your cheap Bulbs than from the higher-priced varieties of some other houses.

MESSRS. Z. DE FOREST ELY & Co.,

GENTLEMEN:

Book me for 2,500 more of your Cold Storage Berlin Valley Pips. I have a monopoly so far in the Pittsburg market, and have the praise of furnishing the first valley ever brought to this market, the spikes of the flowers being 10 to 11 inches in length. Wishing you a very prosperous Fall, as you deserve, I remain as ever,

JOHN H. HARRELL.

Your Bulbs gave me great satisfaction, and I will want many more this year.
