language  
versions

„Wikipedia exists in 283 language versions. The first one was English Wikipedia in 2001. Shortly later, other language versions were added. English Wikipedia is the largest language version by articles, it contains 4,261,048 articles (state: June 19<sup>th</sup>, 2013).“

language  
versions

„Wikipedia exists in many languages. In English alone, there are millions of articles.“

„Free software is a matter of liberty, not price. To understand the concept, you should think of free as in free speech, not as in free beer."

—Richard Stallman“
