VALUABLE INFORMATION FOR BUSINESS MEN.

NOTES.

DEMAND NOTES are payable on presentation without grace, and bear legal interest, after a demand has been made, if not so written. The presentation or demand must be made at the place where the note is payable, if stated; if not stated, at the maker's place of business, within business hours; should he have no place of business, then at his residence.

AN ENDORSER on a demand note is holden only for a limited time, variable in different States.

IF TIME OF PAYMENT is not stated in a note, it is held payable on demand.

A NEGOTIABLE NOTE must be made payable either to bearer, or be properly endorsed by the person to whose order it is made. If the endorser wishes to avoid responsibility, he can endorse "without recourse."

A JOINT NOTE is one signed by two or more persons, who each become liable for the whole amount.

THREE DAYS' GRACE are allowed on all time notes, after the time for payment expires; if not then paid, the endorser, if any, should be legally notified, to be holden.

NOTES FALLING DUE SUNDAY, or on a legal holiday, must be paid the day previous.

NOTES DATED SUNDAY are void.

NOTES GIVEN BY MINORS are void.

ALTERING A NOTE in any manner by the holder makes it void.

THE MAKER of a note that is lost or stolen is not released from payment if the amount and consideration can be proven.

NOTES OBTAINED BY FRAUD, or given by an intoxicated person, cannot be collected.

AN ENDORSER has a right of action against all whose names were previously on a note endorsed by him.

BILLS OF EXCHANGE, DRAFTS, ACCEPTANCES.

A DRAFT OR BILL OF EXCHANGE is an order drawn by one person or firm upon another, payable either at sight or at a stated future time.

It becomes an "Acceptance" when the party upon whom it is drawn writes across the face "Accepted," and signs his name thereto, and is negotiable and bankable, the same as a note, and subject to the same laws.

In many States both Sight and Time drafts are entitled to three days' grace, the same as notes; but if made in form of a bank check, "pay to," without the words "at sight," it is payable on presentation without grace.

BANK CHECKS.

BANK CHECKS are Orders drawn by individuals or firms on a bank or banker, payable either to "bearer" or to "order." When payable to "bearer" they are usually paid to the holder on presentation; if to "order," although properly endorsed, strangers cannot draw money on them without being identified.

ALL CHECKS must be presented within a reasonable time.

A CREDITOR is not bound to take a check in payment of debt

COPARTNERSHIPS.

PARTNERSHIPS may be either general or special. In general partnerships, money invested ceases to be individual property. Each member is made personally liable for the whole amount of debts incurred by the company. The company is liable for all contracts or obligations made by individual members.

SPECIAL PARTNERS are not liable beyond the amount contributed.

A person may become a partner by allowing people generally to presume that he is one, as, by having his name on the sign, or parcels, or in the bills used in the business.

A share or specific interest in the profits or loss of a business, as remuneration for labor, may involve one in the liability of a partner.

IN CASE OF BANKRUPTCY, the joint estate is first applied to the payment of partnership debts, the surplus only going to the creditors of the individual estate.

A DISSOLUTION of partnership may take place under express stipulations in the articles of agreement, by mutual consent, by the death or insanity of one of the firm, by award of arbitrators, or by court of equity in cases of misconduct of some member of the firm.

IN CASE OF DEATH, the surviving partners must account to the representatives of the deceased.
