

NIGERIA – Violence

- Boko Haram's hit-and-run capability remains intact, despite advances by the Nigerian and Chadian armed forces. This week, Boko Haram insurgents killed 42 people in two villages of Borno State. A 12 year girl wearing a suicide bomb vest struck in Yobe, killing 10 people and injuring 30 others.
- Further displacement is ongoing in the North-East (already existing 1.5 million displaced people). Increased humanitarian assistance is needed.
