THE FEDERAL REGISTER INDEX

The Index to the daily *Federal Register* is published separately, covering the contents of the *Federal Register* as follows: Monthly for the months of January, February, April, May, July, August, October, November, and December; quarterly for the quarters ending in March, June, and September; and annually for the calendar year.

Entries in the Index are carried primarily under the names of the issuing agencies, with the most significant entries additionally carried in appropriate alphabetical position.

A Codification Guide is also published periodically. The Codification Guide is a numerical finding aid to the rules and regulations in the *Federal Register* keyed to the *Code of Federal Regulations*. The Guide is published as follows: Monthly for the months of January, February, April, May, July, August, October, and November, and cumulatively for the periods January–March, January–June, January–September, and January–December (the Annual Codification Guide).
