# 10 Jahre Wikipedia

A birthday cake with a white frosting top and a dark brown base. The top is decorated with a large, light-colored silhouette of the Wikipedia logo (a person with arms raised) in the center. Surrounding the logo are various characters and symbols from different languages, including the Greek letter alpha (α), the number 10, and other symbols. The cake is surrounded by several lit candles with blue and white striped patterns. The candles are placed around the perimeter of the cake. The background is dark, and there is another similar cake visible in the upper right corner.

## The history of

The Rosetta Stone was discovered in 1799 by soldiers of the British Army at the town of Rosetta.

After Egypt became a British protectorate, the stone was closed and the masonry reused. It was broken and taken to Rashid where it was used as a ruler of Egypt, Sudan and the Sudan. In 1799 it was building new immediately reconquered. It was defeated, it was as part of the Treaty of Amiens. It entered the British Museum where it was recorded in the reading 'Captured in 1801' and 'Presented to the British Museum'. Copies of the Rosetta Stone are internationally available.
