Socialist Revolt Occurs at Trieste Outbreak Subdued

Heavy Fighting Between Rioters and Military In Barricaded Streets; Artillery and Machine Guns Used In Struggle; Quiet Restored.

Trieste, Sept. 11.—A revolt has broken out in this city and Socialist forces and Government troops are engaged in heavy fighting, the artillery, rifle and machine gun firing being continuous. Bombs are being used by both sides. Barricades have been erected and trenches dug in the streets of the city and the Socialists are armed and provided with ammunition.

Order was restored at 8.30 o'clock last night and troops are patrolling the streets. An Italian destroyer has anchored in the harbor, its guns commanding the public square.

Artillery In Play. Trieste, Sept. 11.—A Socialist revolt in which barricades were erected in the streets and artillery, rifles, machine guns and bombs were freely employed in a struggle between the rioters and the military, broke out here yesterday afternoon.

Italian troops and naval forces, however, succeeded in completely restoring order last night. The troops are patrolling the streets and a destroyer is anchored in the harbor commanding the public square.

Sharp Fighting. The fighting was sharp while it lasted. The socialists who were well-armed and amply equipped with ammunition, challenged the troops to advance upon their barricades.

Both sides then opened fire and sharp volleys were exchanged. Several of the rioters were wounded by bullets, from the rifles of the entrenched Socialists, while numerous casualties occurred in the Socialist ranks. As evening drew near, the military drew artillery into position and prepared for a concerted attack.

Before this was delivered, however, Civil Governor Mosconi sent an ultimatum to the Socialist leaders, ordering them to withdraw from the streets. The leaders of the revolt decided to back before the Governor's threat of more drastic measures and the rioters tore down their entrenchments, indicating they had abandoned the fight, and fell back to the streets.

The destroyer, which played a part in the action to put down the revolt arrived in the harbor during the afternoon and anchored in the public square, facing the public square.

Civil Governor Mosconi issued an order last evening prohibiting movement in the streets after 10 p. m. and also forbidding anyone looking out of windows in the San Giacomo district where sniping has been frequent.

DOUGLAS STREET HAS REAL ESTATE MOVE Work on Hudson's Bay Co.'s Store Brings Rush For Offices Nearby

Resumption of work on the big Hudson's Bay Company's departmental store, which covers the whole block between Fisgard and Herald Streets on Douglas Street, has resulted in a rush for store and office accommodation in that part of the city.

The Royal Bank of Canada, in the Fairfield Building, at Douglas and Cormorant Streets, is doubling its office space, according to an announcement to-day from Henry J. Ketchen, manager. Workmen are already busy extending the banking room to include the office next door on Douglas Street.

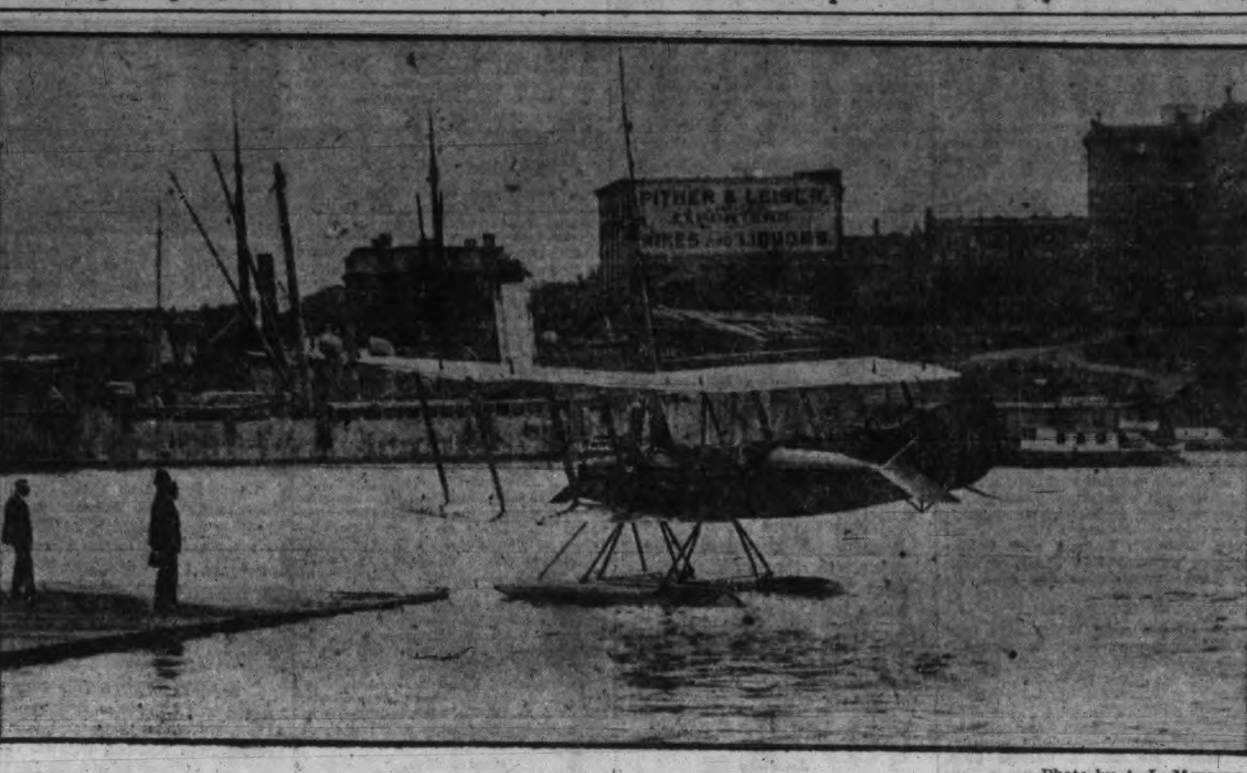

Firms New Offices. The Royal Bank has just taken a lease for ten years on the northwest corner of Douglas and Cormorant Streets.

Grant and Linham are taking the store space at 1609 Douglas Street in the same block, while C. Pendlebury, tailor, has leased one of the store around the corner on Fisgard Street, also in the Fairfield Building.

KIEL CANAL BARRED TO MUNITION SHIPS BOUND TO BALTIC Berlin, Sept. 11.—Instructions have been given authorities in charge of the Kiel Canal not to allow ships carrying munitions to pass through the canal from the North Sea to the Baltic, according to a telegram from Kiel. It is stated these orders were issued by the German Government.

INURED IN FIRE. Winnipeg, Sept. 11.—One man was slightly injured, and damage estimated at \$12,000 was caused by fire early this morning in the basement of the Forester Block on Fort Street.

Boeing Seaplane on Arrival in Hundred-Mile-an-Hour Trip With Molds for the Times

Eddie Hubbard piloted the aircraft from Lake Union to Victoria Harbor in forty-five minutes, carrying twenty-five dry molds for The Daily Times, necessary for the production of yesterday afternoon's issue of the paper. It is the first time in Canadian history that a newspaper has used aircraft for such a service.

FOUR INJURED IN AEROPLANE SMASH Flying From Orillia To Toronto Plane Crashed Into Tree Tops

Orillia, Ont., Sept. 11.—With its engine dead and the members of the crew clinging to the edges of the wings in an effort to keep it in the air until a suitable landing place could be found, the Bishop-Barker hydro-aeroplane, bound from Orillia to Toronto, smashed among the tree tops of Bick's Wood, about eight miles from here yesterday. Its four occupants were all injured.

The plane was in charge of Captain Macrae, its passengers were William Thompson and Leonard Cairn, both of Orillia. The mechanic's name was given as Baker.

The big machine has been making regular trips between Muskoka and Toronto and was on its return from the north when the accident occurred.

THIRTY KILLED AND MANY INJURED BY EXPLOSION AT CALLAO Lima, Peru, Sept. 11.—Thirty men were killed, scores wounded and damage amounting to \$250,000 was done by the explosion of dynamite in Callao Bay yesterday morning. Negligence in handling the explosives is declared to have caused the accident. The work of loading ships there has not been materially affected.

PISTOL DUEL IN NEW YORK DEPOT New York, Sept. 11.—Crowds of Suburban residents, rushing for last trains at Grand-Central Station early to-day, hurried for cover during a pistol battle between Jacob Mendel, station restaurant proprietor, and three men who knocked him down and taken his day's cash of \$2,500.

Two of the men, after their weapons had been emptied, were arrested and the third calmly left the station among the scores of police who were called. When the police followed a winding stairway leading down into the bakery shop, their flashlights revealed one fugitive, stuck in a flour barrel, clutching the bag of money.

Three Millions in British Gold is Landed in States New York, Sept. 11.—British gold valued at about \$2,000,000 arrived here yesterday on the freighter Port Augusta consigned to J. P. Morgan & Co. and was sold to the New York Federal Reserve Bank. Yesterday about \$250,000 in British gold was delivered here.

WOMAN APPOINTED COMMISSIONER IN COLUMBIA DISTRICT Washington, Sept. 11.—President Wilson to-day appointed Mabel T. Boardman, for many years a member of the executive committee of the American Red Cross, to be a Commissioner of the District of Columbia, effective next Wednesday on the retirement of Commissioner Brownlow, resigned.

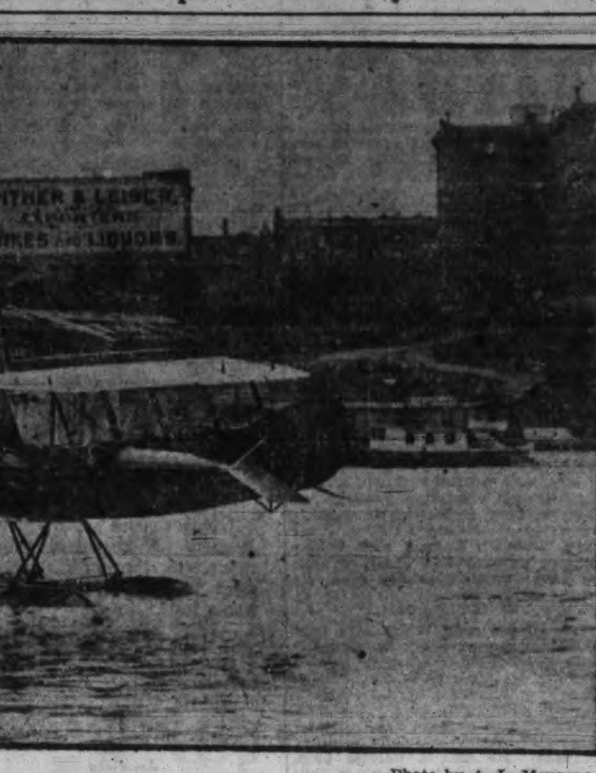

The appointment makes Miss Boardman the first woman to be a member of the Commission which directs the entire government of the district.

OVER 100 TOWNS AND VILLAGES DESTROYED IN ITALIAN QUAKE Florence, Sept. 11.—More than 100 towns and villages were destroyed or badly damaged in the district north of this city, which was shaken by the earthquake on Tuesday morning, according to latest reports received here.

Red Flags Hoisted Over Chemical Works By Italian Strikers Milan, Sept. 11.—More than 200 chemical works here were occupied by workmen at a given signal late yesterday and red flags were hoisted above them on orders issued by the Chamber of Labor.

The chemical plants were occupied simultaneously, the movement being carried out following a signal of three blasts on a large whistle. Immediately afterward flags and banners bearing the Bolshevik emblems of the hammer and scythe were hoisted. The workers obeyed the order received from the Chamber of Labor in spite of the fact that they were recently granted wage increases of from sixty to seventy cents a day.

INCREASED SUGAR STOCKS IN CANADA Ottawa, Sept. 11.—(Canadian Press.)—Stocks of sugar on hand in Canada during the first seven months of 1920, showed a large increase, according to statistics furnished by the Dominion Bureau of Statistics.

At the beginning of the period there were on hand 19,134,628 pounds, as against 85,306,627 pounds of raw sugar on July 31, 1920. In the same period the stocks of refined sugar increased from 25,555,825 pounds on hand when the period opened, to 40,959,738 pounds at the close of the seven months.

LABOR DELEGATES POUR INTO WINDSOR Annual Dominion Trades and Labor Congress Opens On Monday Windsor, Ont., Sept. 11.—(Canadian Press.)—Delegates from the labor unions of every industrial center of Canada are pouring into Windsor to attend the annual Dominion Trades and Labor Congress, which opens here on Monday.

A large delegation is promised from Western Canada, but the usual feature of a powerful and pronounced radical group from the prairie and maritime provinces is lacking. Armstrong, Russell, Johns and Pritchard are serving prison sentences for their part in the Winnipeg general strike, while the majority of their followers have rallied to the banners of the One Big Union which ipso facto debar them from participation in sessions of the International trades union convention.

BRIDGE TENDERS EARLY NEXT MONTH City Engineer to Go East Next Friday; Will Visit Ottawa and Chicago

As a result of the conference which City Engineer E. M. Preston is to hold with engineers of the Canadian Pacific Railway and the Strauss Bridge Company in Montreal tomorrow, the construction of the new Johnson Street Bridge, it is hoped, will be called during the first two weeks in October, it was announced at the City Hall to-day.

Following the decision of the City Council on the matter yesterday, Mr. Preston will leave for Montreal next Friday, he stated to-day. In Montreal he will meet Chief Engineer Fairbairn, of the C. P. R., and a representative of the Strauss Bridge Company, of Chicago, which is designing the bascule of the new viaduct. The purpose of this conference is to settle a number of matters of a technical nature in dispute between the city and the C. P. R. Mr. Preston anticipates that all questions can be settled by the conference in the course of a few hours.

As soon as the Montreal conference has reached a satisfactory settlement Mr. Preston and Mr. Fairbairn will proceed to Ottawa to lay the bridge plans before the Board of Railway Commissioners. Mr. Preston and Mr. Fairbairn will explain the plans to the experts of the Railway Commission and leave the plans in their hands for more careful examination.

SIR WM. MACKENZIE FINED FOR SPEEDING Toronto, Sept. 11.—Sir William Mackenzie, the well known financial and railway magnate of this city, was fined \$10 in the police court yesterday for allowing his motor car to exceed the speed limit. Charges of speeding were also made against Sir John Eaton, H. Hartley Dewart, K.C., M.P.P., and Lieut.-Colonel Walker Bell, but none of them answered when called in court.

Dr. Tolmie To-day Opens Exhibition At Hastings Park Vancouver, Sept. 11.—Hon. Dr. S. F. Tolmie, Federal Minister of Agriculture, will this afternoon officially open the eleventh annual Vancouver exhibition at Hastings Park. Every available foot of space at the fair grounds has been taken by exhibitors and exhibits this year are 25 per cent greater than in 1919.

Lower Bread Prices Are Predicted With New Crop Ottawa, Sept. 11.—(Canadian Press.)—That the cost of bread has reached the peak and in view of the abundant crop of wheat, a lower price may be expected when the new crop comes into general consumption during the present month and October, is the opinion expressed by the economic division of the Board of Commerce in its report on the cost of production of bread in Canada for the month of July. The report shows that the average cost of producing and delivering the 24-ounce loaf worked out at 13 cents in July. The total cost per average pound of bread for July was one-tenth of a cent over the June price.

NAVY FIRST LINE OF DEFENCE ON PACIFIC Comment of London Times on Australian Defence Policy

London, Sept. 11.—(Canadian Associated Press.)—The Times, devoting its main editorial to-day to a discussion of the new Australian defence proposals, thinks the modified citizen training scheme proposed by Premier Hughes will agree with Australian opinion which also will be pleasantly surprised to find the estimated cost of the Government's policy—apparently less than the military expenditure of 1917. The editorial states that those who know Australia will not think six hundred thousand pounds for air craft development a large sum. Turning to naval matters, the newspaper notes that Premier Hughes and Lord Jellicoe are both inspired by the same conviction. The navy is the first line of defence of Australia.

Continuing, the newspaper states: "The same truth continues to hold about the security of New Zealand, the Malay States, India and even the Pacific Coast of Canada for the Indian and Pacific Oceans are strategically one, and the power which would wrest command of them from the British people is likely to fall free to undertake at its discretion, the subjugation of any territories whose shores they wash—Happily the speculation is not to remain regions of strategy, but that is no reason for ignoring them altogether. The truth is, the need of Empire defence must be re-considered wholesale in the light of the results of war. The centre of seapower is no longer in the North Sea, and it is for statesmen of the British Nation to decide where it is likely to fall within the lifetime of the present and next generation."

The Times finally notes that Premier Hughes suggests present expenditure of four million pounds for naval defence, and it says it is a great sum for a population of less than five million, and the prospect of such a burden may well arouse opposition, but Lord Jellicoe told the Australian Government that their share of any scheme of naval defence would be much the same, and his report was accepted by the Commonwealth Government without serious demur.

Tenor McCormack Called Sinn Feiner By Adelaide Crowd Adelaide, South Australia, Sept. 11.—The concert given here Thursday evening by John McCormack, the noted tenor, was broken up by a demonstration, a party well known for its anti-British feelings, and singing the British National Anthem and some of them shouting that McCormack was a Sinn Feiner. Mr. McCormack has cancelled the other concerts he was to have given here. The audience, it appears, resented the omission of the anthem from the programme. In explanation, the tenor, who is in Australia on a tour of the world, which he started from the United States last May, says he had understood the anthem was usually sung only when the Governor was present.

GOLDEN SOVEREIGNS AND FRANC PIECES MELTED INTO BARS New York, Sept. 11.—Nearly \$200,000 in gold bars is today being transferred from the sub-treasury building to the new assay building next door. Most of it was melted from English sovereigns and French franc pieces.

VENERABLE FATHER. Winnipeg, Sept. 11.—Rev. Father Damas R. Danburton, O. S. B., of St. Boniface, who will be 95 years old on March 23 next, will to-morrow celebrate the 75th anniversary of his ordination at Montreal into the priesthood of the Roman Catholic Church. Father Danburton is not an active duty.

MISSIONARY WORK AMONG INDIANS

Vancouver, Sept. 11.—A recommendation that missionary work among the Indians of British Columbia by the Methodist Church should be transferred from the foreign department of the Methodist mission in Canada to the home department was made at a conference of the members of the B. C. Standing Committee, held at Wesley Church yesterday. This will be forwarded to the general board of missionaries which will hold a meeting at Toronto on October 4.

SWEDISH WORKERS ADVISED AGAINST ENTERING RUSSIA

Washington, Sept. 11.—Swedish workers have been advised against emigrating to Russia by a committee representing the Swedish meat trades, which went to Russia last May to inquire into labor conditions there with a view to the immigration of 6,000 skilled Swedish workmen.

MEN HAVE FASTED FOR LONG PERIODS

Professor Benedict, of Carnegie Nutrition Laboratory, Reviews Records

New York, Sept. 11.—Search of scientific records here, revealed several instances where persons have undergone voluntary fasts of from thirty-one to forty-five days without appreciable injurious effects. Some of the fasters were "professionals." Many others volunteered as scientific fasters. The longest fast on record for scientific purposes, according to Dr. Francis C. Benedict, of the Carnegie Nutrition Laboratory, of Boston, was that undertaken by Succ, the Italian professional fastener, in New York, starting November 6, 1890, and lasting forty-five days. The man suffered no ill effects, the report said, although he had undergone six previous fasts in Europe, ranging from twenty to forty days each.

The most famous American faster was Dr. Tanner, who fasted for forty days. It began on June 28, 1885. For fourteen days he was permitted neither water nor exercise, but he later was allowed water and a daily carriage ride. The test lasted forty days. He broke both fasts by eating fruits, and suffered no ill-effects. Dr. Benedict also cited a thirty-day fast in 1890, performed in London by a volunteer named Gaver. This man, although he had had no previous fasts, was reported never to have suffered any pain or bad after-effects.

Remarkable Case.

One of the most remarkable food abstinences reported by Dr. Benedict was endured in Boston under his personal direction by R. Levanin, a Maltese editor, from April 14 to May 13, 1912, thirty-one days. The man volunteered to undergo the fast, and came from Malta especially for that purpose. He was a normal man, aged forty years. He was given only distilled water, and for the first ten days he did not crave food or show any appreciable loss of weight or vitality. Except on the twenty-first and twenty-second days, when he suffered slight pains in the muscles, there was no distress. Dr. Benedict reports, and when the time was up his physical condition, except for a slight loss of weight, was nearly normal.

Levanin, the report said, on the last day of the fast was eager to continue without food, but he was not permitted to do so. On the last day he was able to climb up and down a steep flight of ten steps without ill-effects. The fast was broken with "meats, grape fruit, rice and honey. When the fast was broken the subject suffered slight intestinal pain, but apart from that and a loss in weight he was unharmed.

WILL SEND PROTEST

Paris, Sept. 11.—The conference of Ambassadors yesterday decided to send a note to Germany protesting against ships bound for Danzig being stopped in the Kiel Canal.

PRESS PARTY IS LEAVING CANADA

British Delegates Convey Appreciation of Canadian Hospitality

Quebec, Sept. 11.—In their recognition of Canada's contribution to Imperial unity and progress, delegates to the second Imperial Press Conference, which left for London last night when they expressed their gratitude for Canadian hospitality at the conclusion of a dinner given by the British and Colonial delegates to their Canadian conferees. The brilliant gathering of newspapermen from every part of the Empire was enthusiastic in its approval of the suggestion made by Lord Burnham, who presided, that letters be sent to His Excellency the Governor-General, to Premier Meighen, to the Lieutenant-Governors of the provinces and to mayors and private citizens in every town and district the Press Party visited between Sydney and Victoria, B. C., during the last six weeks.

In a lengthy speech, Lord Burnham expressed his gratitude and that also of the delegates to the Canadian newspapermen for their entertainment of the party in Canada.

Souvenirs.

Chief amongst the presentations of souvenirs to a long list of people connected with the memorable tour came that made to C. F. Crandall, editor of The Montreal Star, who has acted throughout as honorary secretary of the conference. His work of organizing and performance in the conduct of the tour was much praised. His staff, consisting of Captain William Wallace, a Toronto newspaper man and former private secretary of the Federal President of the Privy Council; Captain T. J. McEvoy and J. Moxley, both of Ottawa, and W. A. Crack, of Toronto, were all made the recipients of handsome souvenirs for their work.

Most Active.

The names of John Nelson, of The Vancouver Times; B. C. Nichols, of The Victoria Times; J. H. Woods, of The Calgary Herald; M. R. Jennings, Edmonton Journal; Col. C. D. McPherson, Portage la Prairie Graphic; W. P. Ker of Regina; J. W. G. Fox and E. H. Macklin, Manitoba Free Press; J. E. Atkinson, Toronto Star; P. D. Ross and Col. Parkinson, Ottawa Citizen; Maynard J. Montreal La Presse; T. B. Ellis, of The St. John Globe; Fred Pearson, Halifax Chronicle; Sir David Watson and Hon. Frank Carroll, Quebec, were bracketed as constituting the most active in the aggregation of Canadian publishers who have contributed to the success of the conference.

Mr. Burnham, in summing up the feelings of the visitors, hoped that they would be given an opportunity of showing their appreciation of Canadian hospitality when Canadians were visiting other British countries.

Transportation.

The warmest praise was bestowed on the Canadian railways and the efficient performance of their efficient performances. The C. P. of the Canadian Pacific; President Carlton and C. G. Howard, of the Canadian National Railways, were especially praised for their efficient charge of the two special trains, as well as Senator Casgrain, who represented the Canadian Steamship Lines personally while the party travelled on shipboard.

Lady Burnham presented gifts to W. A. Gough, K. Roberts, of the C. P. R., and Tom Moore, of the Canadian National, and also to E. G. Aldham, correspondent on the tour for the Canadian Press, Limited. The entire administration of the tour was hailed as the most admirable that could be imagined.

TYPHOID EPIDEMIC AMONG NATIVES IN NORTHERN COUNTRY

Prince Albert, Sept. 11.—That 20 deaths from typhoid fever have so far occurred among half-breeds and Indians at Isle a La Croix, is the news brought here by Cummings, manager of the Hudson's Bay post there. He says that the situation is most serious as there has been no medical assistance and the Indians are ignorant of the remedy, he says that Chippewyan living 40 miles north of Isle a La Croix have also contracted the disease. A medical relief party sent by the Saskatchewan government is now on the way north, Mr. Cummings having met it at Big River. He says the cause of the outbreak is undoubtedly contaminated water, following the floods of the Spring which overflowed large areas of the country and then left pools which became stagnant.

THRIFT CAMPAIGNS IN SOUTH AFRICA

Capetown, South Africa, Sept. 11.—(By Canadian Press.)—A number of economy and thrift campaigns have been organized in cities and towns throughout South Africa in an effort to bring down the prevailing high prices for food and clothing. Most of the organizers are women, and their main purpose is to induce greater simplicity in the make, material and number of dresses and to aim at a simpler standard of living.

As an incentive towards thrift, some 150 savings clubs have been formed in the Cape Peninsula for the purpose of purchasing Union Government certificates. These are similar to the Canadian war savings stamps. Their popularity is spreading rapidly.

PLANS TO REUNITE THE GYPSY RACES

Toledo, Spain, Sept. 11.—The gypsy chief Juan Siles of Valencia has started a campaign with the purpose of reuniting the gypsy race which has spread throughout the world. He purposes initiating a system of civic and religious education and thereafter, if possible, to gather together the entire race and establish a communal life where the gypsies can formulate their own laws. The first step to be taken in this direction will be the calling of a conference of delegates of gypsies from all nations.

GERMANY PAYS.

Paris, Sept. 11.—Charles Laurent, French Ambassador to Germany, was handed a cheque for 100,000 francs by the German Government, according to advices from Berlin. The sum represented indemnity due France from Germany because of the recent attack on the French Consulate in Breslau.

OWES HER LIFE TO "FRUIT-A-TIVES"

After Years of Suffering With Dyspepsia, this Fruit Medicine Gave Relief

Mlle ANTOINETTE BOUCHER
917 Dorion St., Montreal.

"I am writing to tell you that I owe my life to 'Fruit-a-tives' for the remedy relieved me when I had abandoned all hope of ever recovering my health. I suffered terribly with Dyspepsia. I had it for years and all the medicines I took did not do me any good.

"I read something about 'Fruit-a-tives' being good for all Stomach Troubles and Disorders of Digestion so I tried them. After finishing a few boxes, I was entirely relieved of the Dyspepsia and my general health was restored.

"I thank the great fruit medicine 'Fruit-a-tives' for this wonderful relief."

Mlle ANTOINETTE BOUCHER.
50c. a box, 6 for \$2.50, trial size 25c.
At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

MUST ECONOMISE IN FOREIGN PURCHASES

New York, Sept. 11.—Representatives of Canadian banks here said yesterday they had no advice from their home offices regarding the request of the Canadian Minister of Finance that banks of the Dominion decline to facilitate importation or carrying of Canadian or other securities which may have been held abroad. Such action, however, would be in line with the attitude of Canadian financial interests, they said.

It was pointed out by Canadian financial officials here that the Dominion must economize in its foreign purchases, including trade with the United States, if an adjustment of the present unfavorable trade balance is to be brought about.

Canadian exchange in this market was recently at a discount of more than 12 per cent., but gradually has fallen to approximately 9 per cent., indicating that the strain on Canadian credit is at a reduction.

New York bankers said they did not believe that any discrimination is being carried on against securities of the corporations in the United States. Canadian investors, they added, have had little interest in this market since the armistice, although many New York stock exchange firms maintained branches and other active connections in the principal cities of Canada.

A New Blood-Food Has Been Discovered That Works Wonders

SAID TO PUT NEW LIFE INTO PEOPLE THAT ARE RUN-DOWN.

For years doctors have been searching for a combination that would enable them to inject into thin blood the elements it lacked. This can now be done, and any weak-blooded person can quickly be made strong and well.

Already a small army of ailing people has proved the merit of taking after each meal with a sip or two of water, two chocolate-coated Ferrozone Tablets. This is easily done and even one week's use of this wonderful blood-food will prove nourishing and strengthening and flesh building the treatment is.

Just think of it—Ferrozone uplifts the entire nervous system, removes the blood, makes rich and red, and gives the sort of aid that's needed in throwing off weakness and languor.

Tens of thousands enjoy the advantages of renewed health through Ferrozone; if you'll only use it, you'll surely grow strong too; its beneficial action is noticed even in a week. You see it goes right to work, removes the causes of the trouble and then quickly makes a cure.

For those who sleep poorly and have nervous apprehensions, Ferrozone is a boon; it is a specialist in such cases.

Where there is paleness, poor appetite and languor, Ferrozone makes the patient feel like new in a few days.

In tiredness, nerve exhaustion, spring fever and debility, the power of Ferrozone is known from coast to coast and universally used with grand results.

Lett Ferrozone build you up, let it win you back to robust health—it will do so quickly if you give it the chance. Sold by all dealers. 50c. per box or six boxes for \$2.50. Remember the name Ferrozone.

PULP COUNTRIES HAVE NEW RIVAL

Canada and Scandinavia Challenged By Belgian Congo Papyrus

Brussels, Sept. 11.—(By Canadian Press)—The supremacy of Canada and the Scandinavian countries in the pulp and paper industry may be challenged soon by the Belgian Congo Papyrus, which grows in great abundance in the Congo, is to be exploited by a large company which has been granted a concession. It is planned to establish a large plant, costing two and a half million francs, which will have an initial production of 20,000 tons of pulp.

The papyrus of the Congo has shown on analysis 37 per cent. of cellulose. After research and experiments, a process has been discovered for bleaching the plants. This had been vainly sought for fifty years. The Papyrus grows principally along the lower Luabala River, near the lakes of Kabuli, Sjemba, Kisali and Neaga.

Autumn Suits Feature the Longer Coats

THE new suit fashions are developed in the rich, soft tones of Autumn modes from such materials as tricotine, silvertone, goldtone, poret twill and serge. Longer coats on slender lines; beltless, or with string belts are featured—styles in many versions and interpretations of the modes, so that the individual type and temperament may be suited, are presented. Straight-line belted modes, ripple flare styles, flare hip models with convertible collars, and novelties with trimmings of pin tucks, fancy buttons, silk stitching, silk arrow heads and fancy pockets.

It will be a pleasure to submit these beautiful Suits for your inspection.

What Republicans Offer In Place of the League

Senator Harding's mention of putting "teeth" in his proposed reconstructed Hague Tribunal evokes only jeers from the Democratic friends of the League of Nations. "Political dentists," observes The New York World (Dem.) "will tell him that without a League only false teeth are possible now," and The Richmond Journal's (Dem.) title for an editorial on the subject is "Harding's False Teeth Proposal." On the other hand, prominent Republican newspapers are enthusiastic over the Republican candidate's plan, The New York Tribune declaring that while the Harding programme "promises no millennium, it is definite and affirmative, whereas the Cox programme is vague and negative."

So that the public may more fully understand just what is offered by both parties, THE LITERARY DIGEST in its issue of September 11, publishes an enlightening article, drawn from editorial statements by American newspapers, comprehensive, unbiased and deeply interesting. Read it and you will be able to vote more intelligently at the coming election.

CATTLE ENTRIES BIG FEATURE OF DUNCAN FALL FAIR

Duncan, Sept. 11.—If the weather is favorable the Fall Fair at Duncan September 16 to 18 inclusive, should be a great success. The entries coming in are well up to expectations,

particularly noticeable being the entries in the cattle section. An especially fine show of Jerseys is expected.

The Educational Department has been much extended and enlarged, bringing in a very good entry in all classes.

In the Better Babies contest there are good entries and a really fine lot of youngsters up to 2 years old is anticipated.

Friday is to be Children's Day,

and preparations have been going on busily for some time. There are to be displays by the Boys' Naval Brigade, Cobble-Hill Boy Scouts and Girl Guides, Cowichan Station Girl Guides and Duncan Boy Scouts, Girl Guides and Brownies. The Boys' Naval Brigade band will be in attendance on that day. Everyone is looking forward with pleasure to the display by the young sailors.

On Saturday afternoon the riding and jumping competitions will take

place and the Victoria G. W. V. A. band will play during the day.

Tight Money Pinching Many

Thousands more are being squeezed by aching corns which can be cured quickly with Putnam's Corn Extractor. Being free from caustics, Putnam's is painless. Used successfully for fifty years. Use no other. 25c at all dealers.

**SIGN AND PUMP
TAX WILL BRING
CITY \$1,743.72**

Tax Will Be Levied Upon
14712 Square Feet of
Overhead Signs

Taxation of overhead signs and gasoline pumps, as provided in the recently-passed "Overhead Signatures Taxation by-law," will produce a revenue of some \$1,700 for the city this year, it was learned at the City Hall to-day.

During the last few weeks men under Building Inspector Barf have been scouring the whole city in search of signs which overhang the streets. They have discovered 627 that come within the scope of the new by-law. Each sign has been measured, as taxes are to be levied upon them according to their exposed area. Altogether, those 627 signs represent an area of 14,712.22 square feet of surface upon which advertising material is printed. For this year these signs will be taxed at the rate of ten cents a square foot, while for the whole next year and succeeding years the tax will be 20 cents a square foot. Thus this year the tax on signs will produce a revenue of \$1,471.22.

There are twenty-two gasoline pumps in Victoria which, because they stand on the streets, are taxable in accordance with the by-law. Of these nineteen will be taxed at the rate of \$25 a year, the tax for the remainder of this year being \$12.50. Three pumps are so classified that they are to be taxed at \$10 a year and \$5 for the remainder of this year. Thus the tax on pumps will produce a revenue of \$216. The total revenue to be expected from the by-law for this year, therefore, will be \$1,743.72.

These taxes are due now and will be collected immediately by the City Treasurer's Department.

VANCOUVER ISLAND NEWS

Enrollment at Schools.

Duncan—The re-opening of school on Tuesday last saw an enrollment of 277 pupils at the Duncan Consolidated School and sixty-one students registered at the High School.

Nanaimo Schools.

Nanaimo—The enrollment at the opening of the High School was 134, with 12, 29 and 22 in the respective years. Principal Martin is expecting to see within a few months an up-to-date gymnasium on the Central grounds. Plans have been blue printed, and estimates are being prepared. The bank holds \$2,500 to the credit of the gymnasium fund, \$2,400 of which came from the May Queen contest and May Day celebration. The building required for the health and physical recreation of Nanaimo's scholars may cost \$8,000 to \$10,000.

Wednesday, 6.30 p. m. band practice (both bands), ship's office.

Thursday, 7.30 p. m.—Muster parade. All ratings must attend this parade if they wish to continue membership in the brigade (ship's office).

Friday, 6.30 p. m.—Band practice (both bands), ship's office.

Dress for all parades, No. 3's without gaiters.

NOT AFFLICTED BY-STRIKE FEVER

London, Sept. 11.—(By Canadian Press.)—The workers in the honey industry are declared to be the most conscientious and industrious to be found in Great Britain to-day, and practically the only ones who have not been afflicted by the strike fever. In spite of the changeable weather, the bees are reported to have worked, and to be still working well this season, and a particularly good harvest of honey is fore-shadowed. The Ministry of Agriculture is endeavoring to encourage bee-keeping by instituting a scheme for the distribution of imported Italian queen bees among farmers. Nearly two thousand applications for these have been received to date.

One can still laugh and grow fat at the same old price.

METCHOSIN FARMERS TO HEAR MINISTERS

Dr. Tolmie and E. D. Barrow To Deal With Agricultural Problems

Metchosin, Sept. 11.—An unusually interesting meeting will be held at the Metchosin Hall, September 14, at 8 p. m., under the auspices of the Metchosin Farmers' Institute, when the Hon. Dr. S. F. Tolmie, M.P., Dominion Minister of Agriculture, and the Hon. E. D. Barrow, Provincial Minister of Agriculture, will address the gathering and will deal with the agricultural problems of the day, particularly those affecting British Columbia as a whole. The Asiatic question and the overlapping that is known to exist will be brought forward. Dairying and the livestock industry will also be dealt with. This is a unique occasion, and all who are interested in the above subjects are urged to take advantage of the opportunity to hear the two heads of such important departments speak on the subjects from the same platform.

J. C. Macintosh, M.P., has promised to attend if his health permits. R. H. Ponsler, M.P.P., will probably also be in attendance. It is expected that a very big meeting will result, as a great deal of interest has been aroused throughout the district regarding agricultural problems. A committee of ladies will attend to refreshments. The meeting will be followed by a musical programme and social.

PROVINCE MAY GET SUGAR FROM PERU

Millionaire Planter Endeavors To Make Arrangements With B. C. Refiners

If arrangements between Peruvian exporters and British Columbia refiners can be made, and shipping facilities secured Peruvian sugar, cheaper than the product at present used, may be widely consumed in this Province, according to James Pardo, millionaire sugar planter of Peru, who arrived in Victoria Thursday. Mr. Pardo says that he was attempting to enter into negotiations with the B. C. Sugar Refinery Company for the importations of the Peruvian product, which, he stated, could be far easier accomplished by a direct route up the Pacific coast than via the Panama canal, which involved a complication of freight rates. The chief difficulty was to find ships for this route, but he expects to find a solution to this problem also. He explained that the sugar crop of Peru was small, only 600,000 yearly, as compared to the 4,000,000 produced by Cuba, but would, nevertheless, suffice. At present a company was running two ships of 10,000 tons with sugar cargoes to New York. In consequence, he has a granulating mill, and it is in this form that the sugar is exported.

Favorable Rate
At present the freight rate to New York is \$20 per ton, which Mr. Pardo declares would be greatly reduced by the Pacific route. He can grow the product at an average cost of 3 cents per pound, so that, landed in Vancouver, it should be refined and sold at a price considerably lower than the present high rate demanded. At present Peruvian sugar is fetching 21 cents per pound in New York, an exorbitant figure, as Mr. Pardo declares. "Sugar will be high for the next two years at least," he asserted. "The Cuban crop is considerably less this year than it was last season, and there seems to be a general shortage of the product."

Politics Bane to Progress
"With all our wealth in natural products, Peru would be a much greater country if we did not waste 50 per cent of our time on politics," declared Mr. Pardo. It was owing chiefly to this, he said, that the country had at present only 3,000 miles of railway. He himself operates a line from his plantation to the place of export, Eten, north of Lima. The "Peru-Arica dispute between Peru and Chile again looms large, he said, but the American Government is careful to see that it does not come to open hostility.

When Peru shall have established better trade with Britain, he said, she will be able to export not only sugar, he said, but wool, cotton and minerals, of which she has valuable deposits. In return for machinery and canned goods, also paper, of which there is a great shortage in that country. "During my trip across Canada," he remarked, "I was greatly impressed with the Dominion and since coming on to this coast have been looking into trade matters. You have flour, grains and lumber which might well be shipped to Peru, while we could send in exchange sugar, cotton, oil, silver, wool and Vanadium, which has been so much in demand during the past few years. A line of ships from the west coast, from my observations would, I feel, have their holds filled if they were to ply between here and Peru. Space has been very scarce, but it is a little easier now," added Mr. Pardo.

Peruvian Oil
In referring to the oil wells of his country, Mr. Pardo stated that eight years ago but little was exported, while to-day four hundred million gallons are exported annually. Conditions generally in South America are quite good, due to the high prices prevailing during the war and the general demand for commodities such as this country had to ship, said Mr. Pardo. Mr. Pardo's brother was President of Peru from 1904 to 1908 and from 1915 to 1919, while he himself was president of the Chamber of Deputies for five years. His father was also president from 1872 to 1876, the first of the civil presidents.

WEDDING

Mr. and Mrs. F. W. Jones entertained at a delightful dance last evening at their home, Edgchill, Rockland Avenue, in compliment to Mrs. Mitchell, who is shortly returning to her home in New York, and Dick Jones, who will leave soon to enter McGill University, Montreal.

Miss Essie Jones assisted in receiving the guests. Dancing took place in the drawing-room, which was artistically decorated with pink and blue larkspur with charming effect. The guests included Major and Mrs. Cockburn, Major and Mrs. Holmes, Mr. and Mrs. Angus, Mr. and Mrs. T. O. McKay, Mr. and Mrs. Jack Rithet, Mr. and Mrs. Dugald Gillespie, Mr. and Mrs. Cudmore, Mr. and Mrs. Russell Ker, Mr. and Mrs. Twigg, Mrs. Colbourne, the Misses Little, M. Ebert, Mrs. Harold Ebert, Mrs. Frank, Mrs. Gladys, Mrs. Peggy McBride, Mary McBride, Tina Mowbray, Norma Macdonald, Margaret Hayward, Gladys Pitts, Gladys Peters, Mr. and Mrs. Chaytor, Payne Misses, Miss Turner, the Misses Wilson, Armine Pemberton, Vivian Malson, Betty Robertson, Rosa, and General Morrison, Colonel Cree, Colonel Anderson, Major Hendy, Major Cobbett, Major Goodwin, Captain Clarke and Messrs. H. Heator, G. Bolton, Gus Lyons, K. Robertson, E. Ker, V. Sutherland, W. Pemberton, G. Burdick, Bill Wilson, Harold Wilson, S. Gillespie, Tim Matson, J. Matthews, R. Matthews, Randal Matthews, A. Little, Burdick, Castle, W. Morkill, Hugh Peters, G. Mason, K. Raymond, D. Taylor, W. Holland and C. R. Dunford.

On Thursday evening in the presence of a number of intimate friends at "Breadalbane," the Rev. Dr. Campbell officiated at the marriage of Montague James Danby, second son of Mrs. and the late W. H. Danby, and Miss Lily Victoria Maude Nisbet, second daughter of Mrs. R. F. Meikle and the late John Innis Nisbet, of Newcastle. The bride was given in marriage by her mother, Mrs. Cecilia Meikle of 1831 Fowl Bay Road. The bridegroom was attended as groomsmen by his brother A. Danby, and the bride was attended as bridesmaid by her sister, Miss C. G. Innis Nisbet. Mr. Danby is a native of Anacostia, Montana, and Miss Nisbet of Newcastle-on-Tyne, England. The happy couple were the recipients of many handsome presents, including a case of silver from A. L. Meuzens, where the bride was employed for the past four years; also a silver tea set from the groom's relatives.

At the residence of Mr. and Mrs. George Stuart, 2615 Work Street, a pretty wedding took place last evening in the presence of an assembly of guests when Captain The Rev. Dr. Campbell celebrated the marriage of John Brown, of Duncan, and Miss Annie Reid, who recently arrived from Campbelltown, Argyshire, Scotland. The bridegroom who is a returned soldier was accompanied as groomsmen by the bride's brother, Alex. Reid, who is also a returned soldier, having won the M.C.M. and D.C.M. The bride who was given in marriage by her brother, William Reid, looked charming in a gown of pink blue silk, was attended as bridesmaid by Miss Jean Ford. After the ceremony the guests sat down to supper daintily served. After a honeymoon spent in Vancouver and the Bound cities, Mr. and Mrs. Brown will make their home at Duncan.

Mrs. M. Briggs entertained at the tea-hour yesterday afternoon at her home, 154 South Turner Street, when her guests included Mrs. (Justice) McPhillips, Mrs. C. R. Singsby, Mrs. Laura Lewis, Mrs. P. M. Kaiterbury, Mrs. Weston, Mrs. H. H. Whillans, Mrs. Arbuthnot, Mrs. Laybourn, Mrs. Hodges, Mrs. David Spencer, Mrs. Mrs. Barrett, Mrs. J. F. Denker, Mrs. McCabe and Miss Myers.

Mr. and Mrs. A. W. Stevenson, of Vancouver, have come over from the mainland to spend several months with Mrs. Stevenson's parents, Dr. and Mrs. J. D. Johnson at Sidney.

Miss Hilda Allen, of Yarmouth, N. S. is visiting Mrs. J. C. Fote, 147 Ontario Street. Miss Allen was accompanied by Mrs. E. H. Lovatt, of Yarmouth, and Miss Joan Gardner, of New York, who are returning to-day to Vancouver.

Major Selden Humphreys, Messrs. Little and Robin Dunsmyr, of Victoria, left on Thursday night on a trip to Slooan after spending a few days in Vancouver.

Mrs. T. Bisset and W. W. Bunkoff, of Duncan, Mr. and Mrs. F. Leeming, of Ladysmith, Mr. and Mrs. W. J. Page and Miss H. A. Cartwright, of Ganges, are guests at the Strathcona Hotel.

Mr. and Mrs. George Robinson, of Calgary, are visiting in Victoria, the guests of Mr. and Mrs. George MacKenzie, 1421 Gladstone Avenue.

Mr. and Mrs. A. H. Jordan, of Beverly, Alberta, and J. W. Walton, of Strathcona Hotel, are staying at the Strathcona Hotel.

Miss Gladys Ridout left on S. S. President this afternoon to spend a vacation with relatives at Oakland, Cal.

Colonel E. F. Wheeler and Mrs. Wheeler, from India, are registered at the Strathcona Hotel.

Mrs. R. A. McMorran, of this city, is visiting her niece, Mrs. K. Laborn in Vancouver.

Mr. and Mrs. A. Weir and A. F. Finott, of Toronto, are registered at the Strathcona Hotel.

Mrs. M. Lambdy, of Holland, is a guest at the Empress Hotel.

Miss Lola Mable returned to Victoria on Thursday, after visiting for two months in Vancouver.

Mrs. Colin Cummins has as her niece her daughter, Mrs. F. W. Jones.

WEDDING

Pullen, of Oakville, Ontario, who is visiting British Columbia for the first time after an absence of sixteen years. Mrs. Pullen was accompanied by her little daughter, Nan, and her son Hugh, who is entering the Naval College, Esquimaux.

Mrs. H. G. Dawson, of Melfort, Sask., is staying at the Empress Hotel.

Mr. and Mrs. J. M. Lay, of Vancouver, are staying at the Empress Hotel.

Mrs. W. J. Bowser, of Terrace Avenue, has as her guest Miss Eva Ross, of Vancouver.

Mr. and Mrs. S. F. Arbuckle, of Connaresville, Ind., are guests of the Empress Hotel.

Last evening at the home of the bride's parents, Mr. and Mrs. William Stewart, of 510 Wilson Street, Rev. Dr. Maclean, pastor of St. Paul's Presbyterian Church, united in marriage Miss Annie McMillan Stewart and George Airlow of this city. The house was beautifully decorated for the ceremony, which was witnessed by about forty guests. A very dainty supper was served. Mr. and Mrs. Airlow later departing on the midnight boat for the Mainland, where the honeymoon will be spent. On their return they will make their home at 21 Oswego Street. They were the recipients of many beautiful presents, including a handsome cabinet of silver from the bridegroom's fellow-employees at Wellers, Ltd.

Queen Alexandra Review.—Final arrangements for the special dance to be held in R. of E. Hall on the evening of September 24, under the auspices of Queen Alexandra Review W. B. A. were completed at the review meeting of Wednesday evening last. Thursday is the date decided on for the silver tea to be given at the home of Mrs. Galbraith, 1409 Stanley Avenue. Although the members are working hard to increase the funds of the review, they are not slackening their efforts in the membership contest as each meeting brings new applications for membership as well as candidates for initiation.

TO-DAY'S JEWELS. Saturday, September 11. The onyx is to-day's talismanic gem. If it is worn around the neck it will cool anger, hot-headedness and untamed impulse, according to a legend of India. It is not a lucky stone for a gift from husband to wife, or from wife to husband, since it is believed to provoke discord and misunderstanding.

Fortunate, indeed, are they who possess their natal stone, the ruby. Worn as an amulet, it will protect them from real or imaginary troubles. "No troubles shall their brows adorn if they this glowing gem have worn."

Brown is the color which ancient legends assign to this date. It is believed to be in harmony with the mystic forces which govern to-day, and its observance leads to sober, steadfast accomplishment.

SUGGESTIONS. For the boudoir, to give added warmth, little silk coats are worn instead of sweaters. There are sometimes padded with cotton for warmth, but withal they are so supple that they cling to the figure charmingly. The way to make your lingerie if you make it at home is to follow the lead of the Parisian importations and roll the edges, then whip them with contrasting colored threads. Blue or pink is of course, the favorite combination.

Although the short sleeve which we have borrowed from the French fashion of the summer season of 1919 still persists in fashion in this country, some of the smartest of the French frocks show long sleeves and American women will take up this type of sleeve also.

One of the daintiest and incidentally one of the fondest to copy of the new boudoir caps is made of a strip of wide lace gathered in a little at each end under a tiny flower, and finished with long ribbon ends, each ending in a little flower, dangling down to the shoulders. There is a little strap of ribbon over elastic that fits snugly under the hair and holds the dainty cap in place.

TIMELY TIPS. Cornmeal mush can be prepared in a fireless cooker, then turned into a mould and fried. If you want bacon to be crisp, the fat must be continually poured off while cooking. Brush a pie over with sweet milk before baking if you would have it shiny and bring.

Lamb should be basted constantly while roasting if you would obtain the best flavor from it. Housewives will find the butcher's apron a great convenience, as it covers even the sleeves.

Lady Douglas, Chapter.—The Lady Douglas Chapter, I.O.E. will hold its regular monthly meeting on Tuesday afternoon at 2.30 at the Headquarters.

The Beauty of The Lily can be yours. Its wonderfully pure, soft, peaty white appearance, its delicate fragrance, its long lasting perfume, its economy of use, its safety for the complexion if you will wear it.

Re-Upholstering. If your Easy Chairs, Chesterfields or other furniture are in need of repair, capacity, let us re-upholster them for you. Chesterfields and Easy Chairs made to order. J. SIMPSON, Upholsterer, Phone 2755F

Rinso

RINSO—pure granules of soap—so rich in cleaning value that all the dirt is loosened while the clothes soak overnight. Yet so mild that your tablecloths and muslins are as safe in the bubbly RINSO suds as in pure water alone.

Just rinse the clothes in the morning and they are ready for the line, immaculately clean.

RINSO is different from anything ever before produced—Not a cake soap—not a washing powder,—but a new form of soap in granules. Its mission is to save the clothes from rubbing. To do the labor of wash day. It succeeds—without rubbing, without boiling. You cannot believe it until you have tried it. Don't wash the old way even another week. Follow the easy directions on the RINSO package.

Your grocer has RINSO. One package will do the whole week's washing.

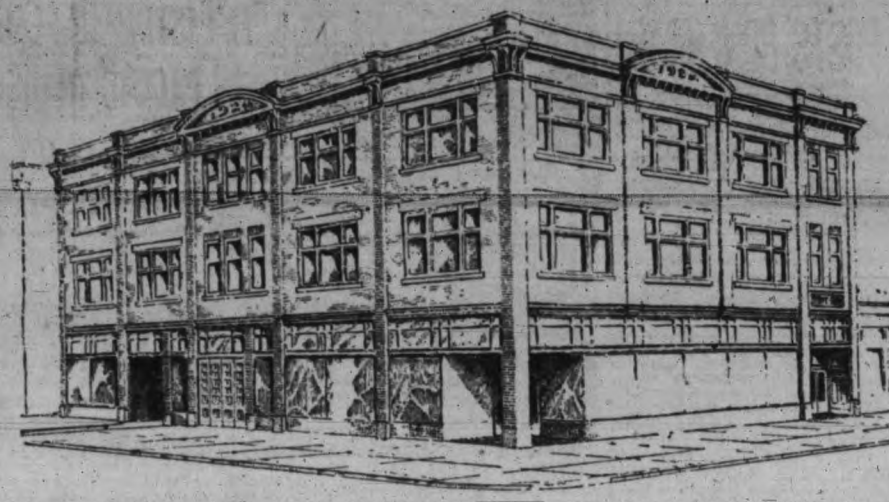

Try the hard-to-wash things with RINSO—children's rompers, towels, aprons, etc. No need ever to boil anything—unless you want to sterilize. AT NIGHT—Soak the clothes with RINSO. MORNING—Rinse them out—that's all.

Largest Down Town Block. Since End of War, Rises

The above picture shows the \$75,000 Weiler Building, designed by Percy Fox, architect, and in the course of erection by Luney Bros., contractors, on the northwest corner of Douglas and Broughton Streets. It is the largest downtown structure to be completed since the war. This building is being erected for the new home of the Elks, the Sproul-Shaw School and the Victoria Auto Supply Co. The structure is fireproof, of steel framing, solid wood floors and brick walls. The frontage on Broughton Street is 195 feet and on Douglas Street it is 70 feet. The Elks have taken the whole of

the third floor and are having it finished to meet their special requirements. The main lodge clubroom will be 31 by 55 feet. It has a 14-foot high ceiling. The plans also call for a large billiard hall, a lounge room and a dining room. There will also be a quick lunch buffet similar to that operated by the Elks on the top floor of the Campbell Building. The Sproul-Shaw School has taken the entire second floor for its collegiate work under Mr. Alexander G. Smith, former principal of the Victoria High School, as well as the wireless and commercial courses of the school. A feature of the new Sproul-Shaw School will be the assembly hall, 30 by 50 feet, where all school

functions will be held. Around this hall are grouped ten classrooms and a number of individual offices for the teachers and the principal. The Victoria Auto Supply Co., under George Weiler, will occupy all the ground floor. This firm is to carry a full line of automobile accessories, tires and batteries. On the Douglas Street front will be the sales department with large show windows. Behind will be the vulcanizing plant. A drive is being put in to eliminate tire changing and the carrying on of battery work on the street. The fastest of gasoline pumps and the latest curb oil pumps are being installed. The building will be completed by November 1.

CREATES PRECEDENT IN NEWSPAPER WORK

Victoria Times Uses Dry Molds Throughout Issue To-day

Creating a precedent in newspaper publishing, the Victoria Daily Times is printed to-day exclusively by means of the dry mold system of stereotyping. When it was discovered yesterday that the gas pressure would not operate the artificial heating plant required for the wet mold system in daily use, the staff of the Seattle Daily Times was enlisted, and Eddie Hubbard made an 100-mile-an-hour flight from the Sound City to Victoria with the dry molds necessary for the publication of yesterday's paper. Hubbard, in a Boeing seaplane, left Lake Union after some difficulty and arrived here in forty-five minutes, despite a heavy head wind, making a speed of a hundred miles an hour. The molds arrived at 4 o'clock. To-day the 25 dry molds lent by the Seattle Times were augmented with another 100 loaned by the kindness of The Vancouver Province, and which arrived by the regular steamship service, to go into the production of to-day's issue of The Times. The gas pressure being still lower to-day, dry molds were used exclusively for the production of this paper and the feat forms a record for the Island. The dry mold process con-

sists in eliminating the wet mold requiring artificial heat for the making of plates. By this means, although but in the experimental stages, plates can be made more rapidly than by the former practice. Owing, however, to the new system not being perfected as yet, the use of dry molds is attended with a number of difficulties that have so far debared the quicker method from general use. The use of dry molds is to be considered purely as an emergency expediency, but the production of an entire issue by this means constitutes clever technique on the part of the stereotypers.

DO YOUR EARS RING? HAVE YOU CATARRH?

A buzzing noise in the head is the beginning of chronic Catarrh. If not checked the result is deafness. A simple remedy that many physicians advise is to slowly inhale Catarrh-vapour a few times each day. The soothing vapor of Catarrh-vapour cures the Catarrhal conditions, and hearing improves at once. Head noises, buzzing ears are cured. For Catarrhal deafness, throat, nose and lung Catarrh, there is probably no remedy so efficient. The large \$1.00 outfit lasts two months and is guaranteed; small size 50c; trial size 25c. Sold everywhere by dealers, or The Catarrh-vapour Co., Kingston, Ont.

CANDIDATE CHOSEN

London, Ont., Sept. 10.—John J. Stansell, of Bayham Township, was chosen to-day to lead the National Liberal-Conservative forces in East Elgin in the Dominion contest.

ARTS INSTITUTE ELECTS OFFICERS

Annual Meeting of Provincial Association Held Last Night

At the annual general meeting of the Provincial Art and Industrial Institute of British Columbia, held last night in the exhibition room of the Provincial Library, the following officers and directors were elected for the coming year: Hon. president, Hon. Dr. Maclean, M.P.; president, F. Gilmora, M.P.P.; vice-presidents, Dean Quinlan and John Forsyth; directors, R. B. Butler, D. S. Cameron, J. H. H. Hasthorst, M.P.P., W. A. Walker, J. H. H. Hasthorst, M.P.P., Walter Harvey, J. H. H. Hasthorst, J. C. M. Keith. W. A. Walker was appointed auditor. After the adoption of the reports of the secretary and treasurer, Mrs. Dennis Harris submitted a report on the introduction into the Province of the hand spinning and weaving industry. The practicability of establishing in Victoria a permanent art gallery will be investigated, the meeting appointing the following members as a committee of investigation: Miss Harris and Messrs. H. W. Ewe, W. Harvey, J. H. H. Hasthorst, H. Parker. Votes of thanks were tendered Mrs. Napier, who retired from the directorate, and E. Bouda, who has acted as auditor since the Institute was founded. The smallest variety of the bamboo tree is only six inches in height while the largest grows to a height of 150 feet. There are as many as 20 varieties of this tree, of which some kinds will sometimes grow two feet in a day.

Give Thought To Your Flour Buying

With a little thought given to your flour buying, good baking results are a certainty. You should select a flour that contains all the elements necessary to produce perfect loaves—a flour that is rich in gluten, for, the higher the percentage of gluten, the more nourishing it becomes.

ROYAL STANDARD FLOUR

is the result of a perfected milling process, which gives you only "the best of the best wheat," retaining all the nutrients and all those elements which make "standard" bread superior. Laboratory tests ensure uniformity. Every "Standard batch" is alike—perfect. Every sack of Royal Standard Flour is guaranteed. Order from your grocer.

GAS PRESSURE BEING RESTORED BY NEW WORKERS

Manager A. T. Goward, on behalf of the Victoria Gas Company, this morning expressed great relief over the improvement which has, in the last twenty-four hours taken place in the gas supply situation. "The big gasometer is now coming up fast, and there is every prospect that the pressure will be normal again on Monday," said Mr. Goward. "We have an ample staff now at work, and we could not wish for men to take more interest in their work than these new men. They are working like beavers, and while of course they are not yet expert at their tasks, yet they are learning so fast that the outlook appears excellent."

Mr. Goward said that up to mid-day none of the former men who left work recently have applied for reinstatement. Widespread inconvenience. This strike has caused inconvenience and loss to the general public. Hundreds of homes have relied for years past on the unfailing gas supply for the production of this paper and the feat forms a record for the Island. The dry mold process con-

Electrical cooking appliances were in great demand at all the stores handling such goods, these proving of great aid in preparation of simple repairs. In the catering establishments which have up-to-date gas installations in the kitchens and serving counters, the shortage of gas resulted in radical revision of the bills of fare. Cold dishes have been the order of the day, salads and preserved or ready cooked meats being substituted for the customary principal dishes. In many lines of business where gas has been utilized for heating purposes, such as laundry machines, printing equipment, jewelry workers' torches and shoe repairers and sewing machines, there have either been a complete cessation of operations or else the service to the public has been greatly delayed. Even in the hospitals the effects of the strike have been felt, the apparatus required for sterilizing the surgical instruments and dressings being generally operated with gas as the heating element.

WESTERN WHEAT CROP ESTIMATED AT 213,245,000 BUSHELS

Winnipeg, Sept. 11.—(Canadian Press).—Less than twenty-five per cent. of the wheat crop of the West will grade under No. 3, Northern, according to the final estimate of the Northwest Grain Dealers' Association, which was issued here to-day. The total wheat crop is estimated at 213,245,000 bushels for Manitoba, Saskatchewan and Alberta as against 160,761,000 in 1919. The estimated yield per acre is 15.2 bushels.

STUDENTS WELFARE LEAGUE IN SESSION

At a well-attended meeting of the Students' Welfare League last night a standing vote was taken expressing confidence in Dr. Robinson as principal of the Victoria High School, and congratulating him upon his appointment. Dr. Robinson is an hon. provincial councillor. A committee consisting of Chairman R. T. Kipling, A. E. Hall, Jr., G. L. Rideout and Misses Deacon and D. Eversfield was appointed to look into the cost and design of a tablet,

to be placed in the Victoria High School to commemorate these old boys who fell in action. The meeting decided to be the first in the social field and with this purpose in view, appointed a committee consisting of Messrs. R. W. Hartley, G. L. Rideout, T. Woolston, R. T. Kipling, A. E. Hall and Misses D. Tuck, Harris and Deacon, to have charge of arrangements for a Bohemian Fete to be held in the main building at the Willows on October 3. Provincial President A. E. Hall, Jr., addressing the meeting, referred to the past work and suggested plans for the future of the League.

London Style

New Autumn Coats

For Service and Smartness

Perhaps one of the most serviceable garments in the Winter wardrobe is the coat. One may change one's frock several times during the day, but oftentimes the wrap is the same from morning until evening.

We have therefore specialized our coats for service. Every coat we present fulfills a distinct need, from the short, jaunty coat for sports wear to the wrappy looking coat for every festivity.

Make it a point to view the many new models new on display.

Of importance to those seeking the latest military fashions—the display of tailored hats in felt, beaver, velour and hatters plush.

Handbags and Strap Purses of Distinctive Merit

Presenting an unusual array of smart strap purses and silk and beaded handbags that will be of special interest to women of discriminating taste.

Black Patent Leather Strap Purses—\$3.50 to \$11.50. Leather Strap Purses in black, grey, green, tan, brown and blue—\$4.00 each. Black Patent Leather Kodak Bags—\$5.75 to \$12.00. Velvet Handbag in navy has chain handle, pink brocade lining, inside pocket with mirror—\$15.00. Other Velvet Bags, in brown, green, navy and black—\$10.50 to \$29.50.

Black Gloria Cloth Umbrellas, finished with cord or strap handle—\$5.00 each. Suit Case Umbrella of black gloria; ideal for tourists—\$6.50. Good Quality Gloria Covered Umbrellas with cord or colored ring handles—\$8.50 each. Best Quality Black Gloria Covered Umbrellas, finished with sterling silver ring handles—\$10.00 each. Fine Silk Umbrellas in navy, Paddy, grey, garnet, brown, purple and black, with colored ring handles—\$15.00 each.

Canadian Merchant Marine Joins Holt Co. In Pacific Service

Important Merger Secures Operation By Government and Alfred Holt & Co., of Liverpool, of Equal Number of Ships From This Coast to Orient.

Toronto, Sept. 11.—An announcement of a new joint steamship arrangement on the Pacific was made by the Canadian National Railways here to-day. A joint steamship service will be put into effect from Pacific Coast ports to the Orient under the Canadian Government Merchant Marine flag. The official statement follows: "A very important arrangement has been concluded between Messrs. A. Holt & Company, Liverpool, and Canadian Government Merchant Marine, Limited, and the Canadian National Railways, under which a joint steamship service is to be established between Vancouver, Victoria and the Orient, each steamship interest having a like number of steamers for joint service.

"Under the arrangement made the Canadian Government Merchant Marine, Ltd., and the Canadian National Railways, will be represented in the Orient by Messrs. Butterfield and Swire, the present agents for the Holt interests, thus securing the

advantage of a very old and strongly established organization. On the other hand, the interest of Hols will secure the support of the Canadian National Railways in the development for the benefit of the steamers in the joint service."

NATIONAL RAILWAY POSTS CONFIRMED

Local Man Becomes Freight Agent of Shipping Services; Other Appointments

Confirmation of the appointments listed in the co-ordination of the Canadian Northern Railway with the Grand Trunk Pacific services was received to-day as far as the freight appointments were concerned, from A. Brostedt, general freight agent with office at Vancouver. A Davidson has been appointed to divisional freight agent of the steamship lines on the Coast. R. E. Johnston has been chosen city freight agent with office in Vancouver. H. A. Stuart, of the Port Street office, has been appointed divisional freight agent with G. M. Hemsworth traveling freight agent, office at 623 Fort Street. Mr. Hemsworth was ticket agent here for two and a half years prior to his new appointment. J. D. Cameron, former city freight agent for one year in Victoria has now been appointed traveling freight agent, with office at the Canadian National Railway station. W. A. Whyte has been ap-

TANKER ALONGSIDE YARROWS FOR SURVEY

El Lobo Shifts From Dry Dock; Alta Had Ten Plates Damaged

The oil tanker El Lobo left the drydock at 8 a. m. to-day, and moved over to the pier at Messrs. Yarrow, Ltd., Esquimalt, where she is to undergo a "number three survey." While in dock she was cleaned and painted, and had some repairs done to her hull under water level. The completion of the work on the El Lobo is to take another week or ten days, it is thought, meanwhile she will lie alongside the Yarrow pier.

SAY SALMON PACK UP TO STANDARD

Ottawa, Sept. 11.—The fisheries department has been advised that the pack of salmon on the Fraser River will likely exceed that of 1916, which was the hatching year of this year's run. Up to and including August 6, the pack was approximately 36,000 cases, which was considerably ahead of the 1916 pack at the corresponding date.

MARINE NOTES

The week-end is to be busy for the shipping men with several passenger and freight boats due to arrive. Heading the incoming deep sea fleet is the Australasian liner Niagara which is due at Quarantine station at midnight to-night. The C.P.O.E. Empress of Russia is due Monday early, while the Hawaii Maru is also due Monday. The Isthmian liner Steel Worker is due at the beginning of the week, but will not touch here, passing on to Vancouver. The Kashimi Maru is expected about September 29, while several ships overdue may be reported in addition. The Hawaii Maru is due to sail outboard again on September 25.

OGDEN POINT DOCKS TO BE USED NOW

B. C. Cement Company to Load Large Shipment on Board Ixion This Month

A series of shipments of cement direct from Ogden Point docks is to be made by the B. C. Cement Company, commencing with a shipment of 15,500 barrels of 95 pounda each, it was stated to-day. The B. C. Cement Company will ship by the Blue Funnel Liners arriving here, commencing with the first shipment to go on board the Blue Funnel liner Ixion, which is due here on September 14. The Blue Funnel boat will return here to take on the cement cargo at the Outer Docks between the 19th and the 21st of this month.

Following that regular monthly shipments will be made from the Ogden Point docks via the Blue Funnel boats for the next three months, while the service may be extended beyond that time it is stated. Throwing the facilities of the Government docks open to the local manufacturer is the opening of a long looked for development that has been steadily worked for by local business men, it is stated. Prior to this cement had to be shipped to Vancouver and to be there loaded on to the freighters for transport. The new method of shipping saves much time and facilitates the shipment of the products of the local manufactory.

RECORD SHIPMENT OF APPLES FROM HALIFAX

Halifax, Sept. 11.—The Furness liner Kanawha, sailed last night for London with the largest shipment of Nova Scotia apples that has been made so far this season. She had eight thousand barrels.

A "House Beautiful"

THE members of the head office staff of the Mutual Life of Canada work under ideal conditions. The main office, a portion of which is shown in the sketch, is a lofty room about 65 x 90 feet in area, so that there is an abundance both of air and light.

Simplicity, beauty and strength are indicated in the design, which is the work of one of the Empire's leading architects.

Such an environment ensures health, cheerfulness and efficiency. Working conditions, in the industrial world, for the most part dull and sordid enough, are nearly idealized in the home office of the Mutual, which is therefore one of the Company's best paying investments.

To Keep Hair Curly, Wavy and Beautiful. Here is how your hair can be curled nicely, easily and harmlessly. Before doing it up, apply a little liquid salmerine with a clean tooth brush. In three hours you will have just the prettiest curls and waves—and they will look and feel so natural you'll never think of doing without salmerine thereafter. You won't be troubled any more with hair stringing around your face—with burr-unswept ends, nor with that dull, dead appearance. The hair will remain in curl ever so long. Any druggist can of course supply you with liquid salmerine, and a few ounces will last you a long time. It is neither sticky nor greasy, and is really a delightful thing to use. It is doubly useful because of also serving as a beneficial dressing for the hair. Inviting Insurance Conventions. Commissioner Thomson stated yesterday that the Development Association is taking steps to secure for Victoria the next agents' convention of the New York Life and the Mutual Life Insurance Companies. All the heavy writers of both staffs are being circled as a convention point.

BRIEF LOCALS. City Solicitor Back Monday.—City Solicitor H. A. Pringle will return to his City Hall desk Monday after a short holiday. No Council Meeting.—There will be no meeting of the City Council Monday; it was announced at the city hall to-day. One Inebriate Fined.—Magistrate Jay this morning, in the Police Court, imposed the customary \$5 fine when Alexander Connolly admitted being drunk. Left For the East.—Harry Nelms, son of Mr. and Mrs. M. Nelms, left for the East last night to take a course in the Agricultural College at Guelph. Trans-Continental Flight.—According to The Vancouver World Percy Beaulieu, of this city, is one of the several western aviators asked to fly machines for the Canadian Air Board in the projected Trans-Canada flight to take place at the end of the month. The machines to be used, it is stated, are De Havilland "3's," a type of fast two-seater that was used extensively during the latter stage of the war. Extension Proposal Abandoned.—The success of the Made in Victoria week having been so pronounced, it had been suggested at the last Rotary luncheon that the campaign be continued for another week. The matter will come up for final decision at the afternoon meeting of the Publicity Committee, but it is understood that the suggestion will not be adopted, as the week's work has had the desired effect of securing a trial of Victoria goods in practically every home in the city and nothing more was expected, a continuance of patronage resting on the merits of the goods, in the opinion of several members of the committee. To Entertain Patients.—At a meeting of the Women's Auxiliary to the Army and Navy Veterans Association, held on Tuesday evening, plans were made for an entertainment to be given to the patients at Esquimalt Hospital on Friday evening next. Members will meet at Admirals' Road at 7.30, and a good programme will be given at the hospital. The auxiliary has also arranged to send a monthly donation of "smokes" to the convalescents at Balfour Sanatorium.

Complain of S.S. Board.—Capt. M. A. drafting of the office of the Harbor Marine, who returned this week from the convention of the G.A.U.V. held in Vancouver, stated that a resolution, which passed at the convention, authorized the reconstruction of the Soldiers' Settlement Board, on the grounds that it was declared to be inefficient by the meeting. Captain O'Connell further stated that the Settlement Board was not meeting the needs of the returned men, and was now the subject of a Dominion-wide resolution, which was passed by the G.A.U.V. in convention, and is to be forwarded to the authorities at Ottawa. Mrs. Fahey to Give Recital.—By the special request of many of her friends and admirers in the city, Mrs. J. Macdonald Fahey will give a recital before leaving on her tour of the coast. As there is every possibility that Mrs. Fahey's absence from the city may extend over a period of at least a year, the news that she is again to sing here will give much pleasure to music-lovers. The concert has been arranged for September 24, and will be given in the Metropolitan Methodist Church. High-Grade Whisky in Court.—E. C. Preston, G. B. Martin and Henry Holt were this morning charged in the Saanich Police Court with having liquor in a place other than a dwelling house, and were remanded until Monday. The men were taken in a police raid at Telegraph Bay, when it is alleged by the police they were transferred to a big shipment to a launch of United States registry. The whisky taken was brought into court, there being 10 cases of Canadian Club, two cases of King George Scotch, three wrapped bottles of Scotch and a big jug of rum. Young Girls in Court.—In the City Police Court this morning Magistrate Jay had before him a very young girl charged with theft of lace. The offense was admitted, but after a caution Magistrate Jay allowed her to depart on suspended sentence. Another girl, little more than a child, admitted having taken a \$75 diamond ring from people who had befriended her and had exchanged it for a used red dress at one of the second hand clothing stores. The case was remanded until Monday.

Funeral services for the late Major-General Thomas Benson were held this morning privately at the residence, 467 Lamson Street, Rev. W. Baugh-Allen, of the Naval and Military Garrison Church, officiating. Those present at the service included the Lieutenant-Governor, Col. Josiah Holmes and D. Hamilton Merritt, of St. Catharines, Ont. The honorary pallbearers were General Manning, General Morrison, Col. Grant, Col. Peters, Col. Hodgins, Col. Bennett, representing Brigadier-General Ross and Lieut-Col. Cockburn. The active bearers were sergeants from Work Point Barracks, all of whom had served under the late General in the course of his regime as G. O. C., Military District No. 2. The remains were forwarded on the afternoon boat to St. Catharines, Ont. for interment, Dr. Hamilton Merritt accompanying the body East.

Was Intimate With LATE CECIL RHODES. An interesting figure in the world of journalism has passed away in the person of Montagu J. Mead Bellasis, who died last evening at his residence, 248 Wildwood Avenue, at the age of 72 years. The late Mr. Bellasis was a son of General Bellasis and grandson of General Bellasis, former Commander in Chief of the army in India, and was born in India. At the time of the South African war, Mr. Bellasis held the responsible position of head of Reuters' News Agency in South Africa, his duties bringing him into close personal contact with the late Cecil Rhodes and Sir Starr (then Dr. Jim) Jameson. Differences of opinion with the authorities in the Transvaal led to his resignation of his position, and returning to England where he became closely acquainted with the late Rt. Hon. Joseph Chamberlain, John Burns and other political luminaries of that day, while in the elections of 1906 Mr. Bellasis officiated as aide-de-camp for Sir Henry Campbell-Bannerman. Shortly after his return to England he was employed in various capacities by the Provincial Government as secretary to commissions and work of that nature, at the same time doing considerable literary work. For a time he was associated with the editorial staff of "The Scotsman." As far as is known he leaves no relatives in this country. The remains are reposing at the Sands Funeral Chapel pending arrangements.

Every 10c Packet of WILSON'S FLY PADS WILL KILL MORE FLIES THAN \$8.00 WORTH OF ANY STICKY FLY CATCHER. Clean to handle. Sold by all Druggists, Grocers and General Stores. The hot kitchen gave Ma a nervous headache. She had lots of work and "dragged around" all the morning. At last she remembered to use Mentholatum. She rubbed it on her temples just before dinner—and again after she did the dishes. Throb and pain all gone. Mentholatum is good for cuts, burns and many other "little ills." Heals gently and promptly. Mentholatum is sold everywhere in 25c. and 50c. bottles. The Mentholatum Co., Edgewater, N. Y., U.S.A. "The Little Nurse for Little Ills."

Farmers and Truck Gardeners. Now that the Fall ploughing time is at hand, come and talk over the matter of motor farm equipment with our Tractor Departments. The economy and labor-saving features will appeal to the practical farmer. We have the Avery Tractor \$900. Beman Tractor \$395. Thomas Plimley IF YOU GET IT AT PLIMLEY'S IT'S ALRIGHT. Broughton Street Phone 697.

RAIN. BROWN AND OX-BLOOD SHOE POLISHES. THE GREAT HOME SHINE. ALSO FOR BLACK, TAN AND WHITE SHOES. THE F. P. DALLEY CORPORATION LTD., HAMILTON, CAN.

OBITUARY RECORD. The funeral of Ralph Charles Martin, the infant son of Mr. and Mrs. Vincent Martin, of 1316 Carnarvon Street, took place yesterday afternoon at 2.30 o'clock from the Sands Funeral Chapel. The little casket was covered with many beautiful flowers. Dean C. S. Quatton officiated and the hymn sung was "Safe in the Arms of Jesus." Interment took place at Ross Bay Cemetery. At St. Joseph's Hospital on Thursday evening, the death occurred of John Baptiste Gagnon, aged 91 years. He was born in St. Roch, Quebec, and before coming to the city four years ago, had been a resident of Saanich for many years. The funeral will take place Monday, September 13, at the Sands Funeral Chapel at 2 o'clock, and ten minutes later mass will be celebrated at St. Andrew's Cathedral by Rev. Father Leterme. Interment in Ross Bay Cemetery. The death occurred last evening at the residence of his daughter, Mrs. John Row, 2251 Fowl Bay Road, of Robert Wishart, aged 71 years. He was born in Aberdeen, Scotland, and had been a resident of this city for the past nine years. He leaves to mourn his loss three sons and four daughters. The funeral will take place Monday afternoon, at 2 o'clock, from the Sands Funeral Chapel, interment at Ross Bay Cemetery. Thomas Paquette died last evening at St. Joseph's Hospital at the age of seventy-two years. He was a native of Montreal, and had been a resident of this city for several years. The funeral will take place Monday, September 13, at the Sands Funeral Chapel at 2 o'clock, and ten minutes later mass will be celebrated at St. Andrew's Cathedral by the Rev. Father Leterme. Interment will be made at Ross Bay Cemetery. Funeral services for the late Major-General Thomas Benson were held this morning privately at the residence, 467 Lamson Street, Rev. W. Baugh-Allen, of the Naval and Military Garrison Church, officiating. Those present at the service included the Lieutenant-Governor, Col. Josiah Holmes and D. Hamilton Merritt, of St. Catharines, Ont. The honorary pallbearers were General Manning, General Morrison, Col. Grant, Col. Peters, Col. Hodgins, Col. Bennett, representing Brigadier-General Ross and Lieut-Col. Cockburn. The active bearers were sergeants from Work Point Barracks, all of whom had served under the late General in the course of his regime as G. O. C., Military District No. 2. The remains were forwarded on the afternoon boat to St. Catharines, Ont. for interment, Dr. Hamilton Merritt accompanying the body East.

MOTOR HEAD LIGHTS. To secure uniformity in the administration of the automobile head-light law in the Western States and Provinces, S. P. Arduengo, of Connersville, Indiana, is the city to meet motorists interested while at the Empress Hotel. Mr. Arduengo was in attendance at the recent traffic-officers' convention at San Francisco. He gives demonstrations of efficient ways to curb the glaring headlight danger. Elderly Lady Run Down.—Mrs. Wilson, an elderly lady residing at 1124 Oxford Street, was last night knocked down at the corner of Yates and Blanshard Streets, by an automobile driven by A. Hillier, of 1025 Pandora Street. Mr. Hillier at once conveyed her to St. Joseph's Hospital, where she remained for the next few days, in order to recover from the nervous excitement suffered. Mrs. Wilson was not seriously injured by the accident. Addresses Auto Dealers.—At a well attended luncheon of the members of the Victoria Automobile Dealers' Association, held to-day at the Dominion Hotel, A. F. Knobloch, President of the Cleveland Tractor Company, gave an interesting address on Automobile prices and the cost of selling, which was well received. He stated that the cost of automobiles or tractors is in sight, and feared that the increased freight rates on raw materials would cause a rise in factory prices. Gasoline should become cheaper through the marketing of the heavy oil by-products of gasoline distillation, the coming of semi-diesel oil, which is being looked to as a means of making these by-products carry their share of the cost of refinery operation, at present laid upon gasoline users. Southern Charge Withdrawn.—Jesse Southern, who has been remanded from day to day for one past week by Magistrate Jay in the City Police Court, on a charge of assault against her husband, was this morning allowed to return home, the charge being withdrawn. Unlighted Tractor on Road.—H. W. Durr, a newcomer to the Gordon Head farming community, was this morning fined \$10 in the Saanich Police Court for having operated his tractor on Shilbourne Street after dark without lights. J. Rogers said that he had collided with the string of field implements which were being towed behind the tractor. It was explained to Magistrate Jay that the implements were being taken from the railway to the farm and the slow progress of the equipment had been overtaken by darkness. The defendant contending that the loud noise of the apparatus would serve as a warning to approaching traffic. Rugby Union Meeting.—Secretary G. M. Grant, of the Victoria Rugby Union, stated to-day that there will be a general meeting of the Victoria Rugby Union to be held in the rooms of the G. W. V. A. on Fort Street next Wednesday at 8.15 p.m.

TOO LATE TO CLASSIFY. McNEILAN.—To Mr. and Mrs. J. A. McNeilan (nee Emma M. Casanovi), at the St. Joseph's Hospital, on Wednesday, Sept. 8, a son.

WISHART.—On September 10, at his daughter's, Mrs. John Row, 2251 Fowl Bay Road, Robert Wishart, aged 71 years, and born in Aberdeen, Scotland, and a resident of this city for the past nine years. The deceased leaves to mourn his loss three sons and four daughters. The funeral will take place on Monday, the 13th inst., at 2 o'clock, from the Sands Funeral Chapel, interment in Ross Bay Cemetery. Friends please accept this intimation.

CARD OF THANKS. Mr. J. P. Belton and family desire to express their heartfelt thanks to their many friends for the kind words and letters of sympathy and the many beautiful flowers sent during their sad bereavement. TO LET.—Six-roomed house, modern, 17 Fairfield. Phone 5927. 411-25.

Consider the Question of Records Before You Buy a Phonograph. Remember, please, that records by such world-famous artists as Caruso, Melba, McCormack, Kreisler, Laurer and Galli-Curci are not made to be played on all types of phonographs. There is one phonograph, however, that is made expressly to play all types of disc records—that instrument is the Sonora. Come to-day and hear some of the great artists on the Sonora. You'll appreciate its tone-beauty. CECIL BROTHERS. WESTERN CANADA'S LARGEST MUSIC HOUSE. 1121 Government Street and 607 View Street.

RE THE ESTATE OF ALFRED WILLIAM COOKE, DECEASED. Notice is hereby given that all persons having claims against this Estate are requested to send particulars thereof duly verified, to James Alcockman, the Executor of this Estate, whose address is—Care of Isaacson & Rasmussen, Alcockman Bank Building, Victoria, B. C., and that all persons indebted to the Estate are requested to pay the amount of their indebtedness to the said Executor on or before the fourth day of October, 1920, and that after that date the said Executor will proceed to distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been then filed with him. JACKSON & BAUGH ALLEN, Solicitors for the Executor. No 396. Sale No. 1615. Stewart Williams & Co. Duly instructed, will sell by Public Auction at 1210 Wharf Street, on Thursday, Sept. 16, at 1.30 o'clock, a quantity of Household Furniture and Effects. Standard Lamp, Bronze Elephant, Golf Clubs, Lady's and Gent's Rugs, Wickerwork Bicycles, Kit-Boat, Arm Chair, upholstered in leather; Rockers, Wiltshire-Pile and Axminster Carpets, Ornaments, Mahogany Bedroom Suite, including Bedstead, Spring, Bureau and Washstand, Table and 2-Chairs; Mahogany Bureau, Washing Stands, Toiletware, Table Lamp, Kitchen Comfort, White Frost Refrigerator, Model Steam Engine, Iron Wheelbarrow, Hydraulic Washing Machine, Oil Stove, Tubs, Sealers, and other articles too numerous to mention. For further particulars apply to The Auctioneer, STEWART WILLIAMS, 410 and 411 Sayward Building, Phone 1324.

Do Not Ask for Shingle Stain—Ask for SHINGOLEEN. SHINGOLEEN. "A Dupco Product." THE VALUE of a SHINGLE FINISH is measured by its DURABILITY. SHINGOLEEN serves more than the mere service of a decoration; it is a positive protection. It is entirely different to ordinary shingle stains in-as-much as shingles or rustic siding painted with it keep their "newly painted" appearance much longer and have a richness and clearness of color that is possible only with this product. SHINGOLEEN provides a double protection; interior or body protection and efficient surface protection. The colors are permanent. BRITISH AMERICA PAINT CO. LIMITED. GROCERY CONCERNS PROFITTED FROM MAKING DISPLAY

Those Who Supported Made-in-Victoria Effort Are Satisfied

A most remarkable testimony to the value of co-operation in business is given by a close study of the results attained during the Made-in-Victoria Week in the various stores of the city which handle lines of goods of local manufacture.

One of the most aggressive grocery concerns in the city reported an emphatic success for the week's undertaking, and on being asked for details it developed that great displays were arranged in various sections of the store, large signs directed the attention of the public to the goods, and appeals to buy home products were prominent wherever they would catch the eye.

"The people certainly seemed to prefer the Victoria made goods, and when the clerks made tactful inquiries they frequently discovered that the displays on our floor and shelves were the first intimation the customers had received that certain lines of goods were obtainable of local manufacture," said the manager.

Permanently Pleased.

"There is one thing certain, we have profited handsomely by taking advantage of the publicity which has been given to local goods during the past week and from the attitude of our customers we are convinced that as a result of the drive and our attitude of support we have gained permanently pleased customers and the locally made goods have greatly increased their clientele," he said.

The next two calls were diametrically opposite as to results attained. "That Made-in-Victoria Week was wasted effort," was one opinion and the second summary was "Not a dollar more trade, and no noticeable increase in interest in local goods." These special displays were not made of local goods.

One store dealing in a vast variety of goods made a special drive throughout the week and concentrated the public attention on the products of the district which come within their field with such success that the manager said "I wish the Made-in-Victoria publicity was to be continued permanently. It has been one great free advertising campaign for our store, and while we have noted a great increase in the sale of Victoria made goods, at the same time we think we have gained a standing in the public opinion by our co-operation in support of local manufactures."

made when the engagements were made.

"O Tempora, O Mores!"

Angelo Scandiani has been appointed managing director of the Teatro Alla Scala, one of the world's largest buildings in so far as seating capacity is concerned. Scandiani is endowed with a good baritone voice and is very well known in London, where he frequently sang at Covent Garden. It will no doubt be remembered that he toured with Dame Melba in 1911 through Australia. The performances at the Scala were always admirable and the prices of seats are popular in the true sense of the word. But it has been found that the masses, now in possession of more money than they ever dreamed of, complain because they are not sent more expensive tickets!

The Americans Abroad.

I frequently read that the American travelling abroad is his very much loved, certainly not in France, where the feeling against him, on account of political conditions, is very strong. In this is so, and I have no reason to doubt it, this feeling makes it hard for the young American composer to have his works placed before the public. Even American compositions are heard often under restraint.

An English Criticism.

Ernest Newman, one of England's leading musical critics, thus says of Walter Damrosch and his Symphony Orchestra, recently returned from their European trip. "Mr. Damrosch's rigid discipline has turned the orchestra into a machine. As a conductor Mr. Damrosch is unimaginative, who never throws much light on the music, and sometimes manages to obscure the light that would radiate naturally from it if only it were left alone. His performance of Elgar's 'First Symphony' was irredeemably bad, coarse, clumsy, tasteless and soulless." We are told that Mr. Damrosch is a great admirer, too, of Elgar. Mr. Newman writes in "The World of Music" for the London Sunday Times, and is one of the most astute and penetrating of critics.

Keep Your Piano Tuned!

The piano is a perfect work of art. In many a home it is regarded only as a piece of furniture. Let the question be asked, what is there in any home that compares with a piano? Nothing that is made by hand is more beautiful to look upon. How white and shining are its keys! How strong is its appearance, and what suggestions of power, solidity and delicacy! It stands there shining, powerful, a balanced and harmonious entity. An entity that encloses within it music's tenderest and most alluring magic. Unfortunately only a few possess full appreciation of the valuable instrument of their choice and purchase. The majority are who become responsible for serious neglect of the instrument. Then in the matter of keeping a piano in tune. Many people have an idea that they are saving money when they allow their piano to go without tuning. But it is not. Do not cherish such a notion. A piano ought to be tuned at least three times a year. Ask any expert, or ask your tuner, and we feel sure their answer would be the same as the advice given and not prompted by selfish motives. If a piano is allowed to go out of tune for an indefinite period, the effect of the careful and continuous work at the factory, brought about by a series of tunings, is lost, and the piano suffers in a short while in tonal quality. It also loses that even tension of the strings which ought to be always maintained, otherwise there is danger of a string breaking or a sounding board splitting, or even the plate cracking. These are some reasons why your piano ought to be kept in tune.

MUSICAL FESTIVAL ISSUE IS RAISED

Mystery of the 'Sands Explained; a Case From Arabia

(By George J. Dyke)

I hear Vancouver is to have a three-day musical festival next year. Here we are again, Victoria! For some time I have constantly agitated along these lines, and have persuaded my brother men to get together with the object of a music festival here. I pointed out the magnificent "setting" with the beautiful lawns of the Parliament Buildings and the Empress Hotel and the little bit of perfect water front, but they were actually deaf with such success that the manager said "I wish the Made-in-Victoria publicity was to be continued permanently. It has been one great free advertising campaign for our store, and while we have noted a great increase in the sale of Victoria made goods, at the same time we think we have gained a standing in the public opinion by our co-operation in support of local manufactures."

Physical Endurance.

There was held at Crofton, England, September 1, probably the queerest endurance test of modern times. Pianists from all parts of the world flocked together to compete for a prize of \$5,000 offered by a Chicago piano manufacturer to the person who played the piano best and without a break for a hundred hours. (Four days and five hours.) We hardly think it possible. Besides what is the object gained?

Caesar Thomson.

That celebrated Belgian violinist, Caesar Thomson, now over sixty-five, is still alive, and has a "chair" at the Liege Conservatory. Thomson, a favorite of yesterday, is the great exponent of the great Paganini.

"The Mikado."

Appropos of the Royal English Opera Company's visit here, and some enquiries as to the order of the wonderful operatic opera of that clever English composer, Sir Arthur Sullivan the order of writing is as follows: "Trial by Jury," an extravaganza in 1875. "The Sorcerer," 1877. "H. M. S. Pinafore," 1878. (Concluded on page 11.)

One Egg Cake

No chance of failure or waste of expensive materials. Only one answer to its richness—

Borden's ST. CHARLES MILK

Keep Borden's diluted with 1 cup of cold water; cup vegetable cooking oil; 2 cup sugar; 1 egg; 1/2 tea-spoon salt; 1/2 cup barley flour; 1/2 cup cornstarch; 1/2 teaspoon vanilla; 1/2 cup light and cream with sugar, salt, and flavorings. Combine milk and oil, with cooking oil. Mix dry ingredients together and add oil, milk, salt, and vanilla. Turn into loaf, medium-sized pan, sprinkle with sugar. Bake in moderate oven.

ISLAND POULTRYMEN TO HAVE CONVENTION

J. R. Terry Will Speak on 'Essentials For Success in Poultry Keeping'

The convention of Vancouver Island Poultry Raisers will be held at the exhibition grounds, Willow Park, on Friday morning, September 24, during fair week, starting at 11 o'clock in the morning. The British Columbia Poultry Association is acting in co-operation with the Agricultural Association, and the meeting will take place in the horse show building next to poultry building.

Among those already engaged to deliver addresses are: Prof. E. A. Lloyd, University Poultry Plant, Vancouver, who will speak of the work accomplished at the plant at Point Grey, over which he has charge. He is a convincing and forceful speaker, and should be heard by all those able to attend.

H. E. Upton, formerly of the Department of Agriculture, and now Senior Supervisor of Poultry Instruction, Soldier Settlement Board, Vancouver, will give an address full of helpful hints to all keepers of poultry.

J. R. Terry, Department of Agriculture, will speak on 'Essentials for Success in Poultry Keeping.'

There will be plenty of room in the building, and questions are solicited by the speakers.

LETTERS

Letters addressed to the Editor and intended for publication must be short and legible. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the writer wishes. The publication or retention of articles is a matter entirely in the discretion of the Editor. Responsibility is assumed by the writer for MSS. submitted to the Editor.

"A BOLD LUMBER PLOT"

To the Editor.—In your Thursday's issue appears an article under the heading "Breaks Up Bold Lumber Plot," which is a gross misstatement of facts. Anyone reading same could not be blamed for giving credit to the constable mentioned, for he certainly would deserve merit, and the storekeeper mentioned deserves more punishment than a few words even more severe than those penned by your reporter, and above all would the reporter and above all would the constable, and those in authority be allowed such a privilege to cover up the loss of thousands of dollars and loads of lumber?

In view of the serious injury the article may do and the fact that it has caused untold and disagreeable remarks about innocent people, may I request you give the same publicity to this letter as given to the article mentioned?

If there has been any wrong committed, I am the "bold bad man," but I am not the storekeeper the article mentioned. I am a S. C. R. student and returned man who, through the

kindness of the firm suggested, was taken on as that I could have an opportunity to make up the lost time during the war, and if the article was true, would be giving poor return for the help given me.

As for the loads of lumber mentioned, it does not say if they were truck, car or barrow loads, but they were actually pieces of lumber thrown off railway cars on the side of the road adjoining the track. These pieces are loads that are placed upright on cars to keep the actual lumber from falling, and I am only one of the many culprits that have availed themselves of this opportunity to take what it was apparent had no owner. Those that know the facts simply hold the constable up to ridicule and treat the other part as a joke, but others who read the article, not knowing the facts, are liable to misjudge, and if maliciously inclined can and will injure innocent people.

Having done no wrong and being the only one implicated I have pleasure in signing my name, requesting that you give this as much prominence as I feel you will do under the circumstances. I am sure it is not the wish that anything printed in your columns should be the cause of injury to innocent persons.

H. ARMITAGE,
 414 Milne Street, Victoria.

Ed.—The particulars in the article to which our correspondent refers were taken from the police records.

Said Too Much

"Oh, audist, I heard uncle tell Mrs. Jones that there wasn't another woman like you in the world."
 "Ah, the dear man! Did he, Bobby?"
 "Yes'm, and he said it was a mighty good thing, too!"—Boston Transcript

Musicians' Salaries

After months of negotiation between the Musicians' Union and the management of the Metropolitan (N. Y.) Opera House, substantial weekly increases have been given the members of the Metropolitan orchestra, thus adding something like \$70,000 to the cost of producing opera next season at the famous house. The new schedule increases the pay of the musician from the minimum of \$12 a week to \$38, and in addition to the charges for rehearsals, now \$2 an hour (formerly these were free). This will bring the minimum wage of each member of the orchestra to about \$100. The season at the Metropolitan lasts 23 weeks, and the orchestra has about ninety members. These rehearsals become one of the largest items in operating expenditures, and it is estimated that about \$3,000 a week will be added to the already big budget by the introduction of the new schedule.

Increase of Railway Fares

Concert-goers will now have to suffer, perhaps, because of the increase of passenger and Pullman fares on railroads. It will readily be seen that certain musical and theatrical attractions, which have already been booked, will put the managers under a serious strain. Besides, there are the increased rates on excess baggage. Pause for a moment and think what this will mean, as an expense to Philharmonic members, whose tickets is booked for a three months' tour as far as the Pacific Coast, to return to the point of departure, with their eighty members, their heavy instruments, and its luggage! The expenses of traveling will cost thousands in excess of those esti-

HAS SHOWN PUBLIC NEED OF SPIRIT OF CIVIC UNITY

Frank Higgins, K.C., Says Community Interest Has Been Stimulated

"It is the general opinion of business men that the Made-in-Victoria week has done much to promote the interest of the city, through bringing to the fore the need of civic unity and the spirit of supporting one another practically," said Frank Higgins, K.C., this morning, when speaking of the progress of the city and the general desire of the people for a progressive and prosperous Victoria.

"All true citizens want to see Victoria grow and become an up-to-date city, with every modern facility for the comfort and entertainment of her people and the visitors who come to us from other parts, and it is plain to see that they are not satisfied with things as they are," said Mr. Higgins.

A Healthy Unrest
"That spirit of unrest is to my mind a most healthy sign, for it is provable that, speaking generally, a contented citizenship is a lazy citizenship. Being anxious to see the city prosper every one is, either consciously or subconsciously, searching for a way to make the city prosperous."

"We have the desire to progress, we have civic loyalty strong among our people, and we have the natural advantages which should and do go towards making a community prosperous. Yet we must confess that something is holding us back from what we desire to become," said Mr. Higgins.

"The time has come when we must put our finger on this retarding influence on our progress, he continued. "It is no use to scold, criticize or impute improper motives to one another. That does no good. It is useless to suggest specific undertakings or schemes, which get us nowhere, except to lead to a confusion of ideas and competition of prospective schemes and undertakings."

Divided Councils
"When we plainly see that we have, by suggesting various prospective undertakings for the city, to that extent divided and dissipated our efforts for the advancement of the city, we shall plainly see that this division is what has been holding

back Victoria from the position which we all desire her to attain.

"We thus see to the undeniable position that it is a lack of civic unity that is checking the growth of the city, and until we have such a spirit of civic unity we cannot progress as we all desire to do," said Mr. Higgins. Must Unite Forces.

"It is at this point that the great work which has been done during the past week, in its full fruits, has been made manifest to the public. The attention of the public has been strongly drawn to the effect a unity of support behind our local industries will have in their prosperity, on the payroll of the city, on the incentive to outside industries to locate here, and the natural growth of the city which goes with all these points.

MUSICAL FESTIVAL ISSUE IS RAISED

(Continued from page 10.)

"Pirates of Penzance" 1880, "Princess Ida" 1882, "The Mikado," the most successful of all in 1885, followed by "Ruddigore" 1887 (recently revived in New York with great success), "The Yeoman of the Guard," 1888, "The Gondoliers" 1889, "Ivanhoe" (grand opera) 1891, "Haddon Hall" 1892 (the libretto of which was written by Sidney Grundy), "Utopia, Ltd." 1893, "The Chieftain" 1894, "The Grand Duke" 1896, "The Beauty Stone" 1898, "The Rose of Persia" 1898, and "The Emerald Isle" 1891, brought out some months after the composer's death. The music was finished by Edward German, who is in "Merrie England," and "A Princess of Kensington" made an excellent effort to continue the genre.

The Savoy Theatre, built especially for these operas, opened in 1881. A Mystery of the Sands.

In many places in England, you may notice that as you walk over the dry sands they give out a very high, but not very loud, squeaky noise. There are 92 such places known in the world, most of them in America, but 19 others are in Asia, or the desert sands of Africa.

In these places the sands when stepped upon give out quite a shrill, loud sound, something like the musical note made when you rub a wetted finger round the rim of a thin glass bowl.

These sands have puzzled scientific men, and have been the subject

of much study. In specimens collected it has been found after a time that these sands lose their singing powers. The most favored explanation at present is that some of the gasses of the air stick to certain kinds of sand grains, and not to others, and that when we walk over the sand, or press it, these little cushions of air, millions of them, are disturbed and give forth the musical sound. In "The Arabian Nights" mention is made of a famous mountain in Arabia, known as Jebel Nagous, the "Mountain of the Gong," the word "Nagous" being generally used for the big wooden gongs which are used in the hill monasteries and the sound of which floats over the plains. The Arabs tell of weird sounds that are heard from the mountains. Some time ago Dr. Carlyon Bolton visited the place and found the legend to be true. He searched and found the cause. The winds blow the desert sands up against the side of the hill, and the grains of sand thus impelled rush up the slope, making multitudes of tiny tingling notes which combined together produce a considerable volume of sound. These notes are of a wave of sand grains sliding back gives rise to the steady undertone of sound and varies with the ever changing wind.

CHILDREN OF ALL AGES

Children of all ages—whether it be the new-born babe or the growing child—have to be constantly guarded as to their health. Upon the good health of the little one largely depends his strength and usefulness in after years. Baby's Own Tablets are the ideal home medicine for children of all ages. They are a gentle but thorough laxative which is absolutely guaranteed to be free from opiates or other harmful drugs and which may be given to the youngest child with perfect safety and beneficial results. Through their action on the bowels and stomach they banish constipation and indigestion; break up colds and simple fevers and make teething easy. Mothers, you can make your little ones well and keep them well by just keeping a box of the Tablets at hand by giving an occasional dose to the baby to keep his little bowels regular and his stomach sweet. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brookville, Ont.

The Chairman (Mr. Bones, the butcher): "Well, now, after these few cursory remarks by Mr. Woodhead—"

Mr. Woodhead (excitedly and emphatically): "It's a lie! I never swore in my life!"

CUTS AND BURNS

Heal Healthily When You Apply "ABSORBINE JR."

Infection won't creep in, pus won't form or proud flesh cause complications, if you bathe the wound with "ABSORBINE JR."

This home liniment—so powerful in its destruction to germs yet so soothing and healing to the flesh—stops the bleeding and eases the pain.

"ABSORBINE JR." can be put into an open wound with the assurance that it will both cleanse and heal. It is equally good for treating Boils, Abscesses, Sores, Carbuncles, Ulcers, Felons and Run-around. "ABSORBINE JR." arrests inflammation, cleanses the sores, destroys pus and starts rapid and healthy healing. \$1.25 a bottle—at most druggists or sent postpaid by W. F. Young, Inc., Lyman Building, Montreal.

It Is Easy to Lose An Unsightly Complexion

Have you ever exclaimed as you beheld your complexion in the mirror, "If I only could tear off this old skin!" And do you know you can do that very thing? Not to actually remove the entire skin all of a sudden; that would be too heroic a method, and painful, too. The worn-out cuticle comes off in such tiny particles, and so gradually, it doesn't hurt a bit. Little by little the beautiful complexion underneath comes forth. "Marvelous!" No matter how muddy, rough, blotchy or freckled your complexion, you can surely discard it by this simple process. Just get an ounce of ordinary mercantile wax at your druggist's, apply nightly like cold cream, washing it off mornings. The result will be truly marvelous.

Wrinkles can be gotten rid of by an equally simple method. By dissolving an ounce of pure peroxide of hydrogen in a half pint of witch hazel and bathing your face in the solution every line will completely disappear. First the finer lines, finally even the deep crow's feet.

Has Only Car.

Courtenay—G. W. Harwood, of Harwood Bros., who owns the only car on Hornby Island, was in Courtenay last week, having his car put in order. Hornby Island is a centre for poll cattle and sheep, and there are some very fine sheep there. One can get right round the island in about ten miles, and once off the island with a car it is not so easy to get back. It is only on a high tide that the car can be run from the deck of the Charmer without taking a chance of breaking the springs. Comox Argus.

\$195 One Hundred and Ninety-Five Dollars in Cash Prizes \$195

Competition Open to Every Boy and Girl Under 16 Years of Age Attending the Public Schools on Vancouver Island

Read the Rules and Conditions of This Competition Carefully—They Are Very Simple and Can Easily Be Fulfilled by Any School Child—The Competition Is Planned to Extend Over a Period of Thirteen Weeks, and Each Week Prizes Totalling Fifteen Dollars in Cash Will Be Awarded as Follows:

1st Prize . . . \$5.00 2nd Prize . . . \$3.50 3rd Prize . . . \$3.00 4th Prize . . . \$1.50 5th Prize . . . \$1.00 6th Prize . . . \$1.00

In This Paper Every Saturday for the Next Twelve Weeks a Further Picture in the Series Will Be Published—If You Do Not Win a Prize the First Time You Try, Why Try Again—Practice Is Certain to Improve Your Work—Now, Boys and Girls, Here's Your Opportunity to Make Some Real Money With Little or No Trouble and Lots of Amusement—The Names of the Winners Will Be Announced in This Paper Every Fourth Week

THE COMPETITION

Using water color paints only, not oil paints nor crayons, color this picture to the best of your ability.

Write your full name, age, address and name of your school on a separate sheet of paper; also, on the space reserved in this advertisement, THEN SECURE A BOX OF WHITE SWAN SOAP OR WHITE SWAN WASHING POWDER—cut out the end portion of the box, as shown in this announcement. Then mail your colored picture and end of box (either soap or washing powder box), to

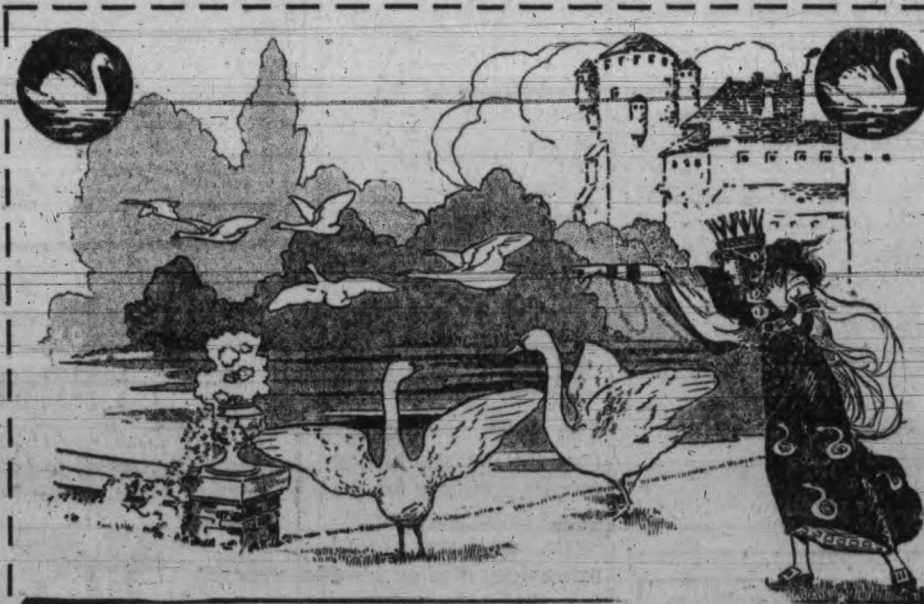

W. J. Pendray & Sons, Ltd.
Victoria, B. C.

Now, children, remember there are going to be thirteen different pictures, one each Saturday in this newspaper. You cannot win the \$5.00 or the \$3.50 prize more than twice, but \$10.00 or even \$7.00 is a lot of money, and a dollar will buy plenty of useful things. Don't stop, either, at any time. It will be four weeks before the prizes are awarded for the first picture in the series. So try every week.

WHITE SWAN SOAP will make your clothes sweet and clean with less rubbing and in less time than any other laundry soap.

THE TALE OF THE SEVEN WHITE SWANS

Once upon a time there was a King who had eight beautiful children; they were the Princess Elsie and the seven princes, her brothers. When they were nearly grown up, the King married a wicked queen, who was very jealous of the beautiful children. So she contrived to send the Princess Elsie away from home into the forest, and by her sorcery turned the seven princes into seven white swans and drove them out into the Great World. (To be continued next week.)

CUT AROUND DOTTED LINE

W. J. Pendray & Sons, Limited, Victoria: B. C.

Rules and Conditions of Competition:

This competition is open to any child under sixteen years of age attending public school on Vancouver Island.

In order that competitors from distant parts may have an equal chance with those who live in the cities, a period of three weeks from the date of each picture, as it appears, will be allowed on all entries. Each fourth week, therefore, from the date of each picture in the series the judging will take place and prizes will be awarded. Entries received more than three weeks after the published date of each picture will, therefore, be disqualified. Not more than two (2) capital and two (2) second prizes will be awarded to the same child during the thirteen weeks of the competition. All work must be done by the child alone and unaided.

The judging of the pictures will be conducted by Mr. John Innes, a noted artist of Victoria, and his award in every case will be final.

USE
WHITE SWAN WASHING POWDER
AND
YOU WILL HAVE
CLOTHES SWEET AND PURE
UNINJURED HANDS, DISHES CLEAN
AND A HAPPY HOME

Look Forward to Very Strong Rugby League

At Least Four Clubs Will Enter This Season With Possibility of One or Two Additional Teams; New Material Will Greatly Strengthen Clubs; Union to Organize This Week.

At least four strong clubs will compete for the city rugby championship this season, according to George Jay, chairman of the Victoria Rugby Union. Mr. Jay would not be surprised if other teams entered. He is quite satisfied that the league this winter will be stronger than last year and predicts a most successful season.

A meeting of the Rugby Union will be held next week and the task of organizing for the season will be proceeded with.

The Teams

Although nothing definite has been announced as to the personnel of the league this year, it is expected that the Wanderers, J. B. A. and V. I. A. A. will enter, and reports state that the Old Boys of the University School plan to organize to compete for the championship. There is also a prospect of the G. W. A. A. and Army and Navy Veterans entering teams. It would not be surprising if the Veterans link their forces and put one team in the field.

For some weeks past the officials of the different clubs have been lining up material for teams. The Wanderers are expected to be at about the same strength as last year, when they romped off with the championship. The Bays will be stronger, as they have enrolled a number of speedy players during the summer. The V. I. A. A. has strengthened considerably and hopes to make an exceptionally strong bid for the honors. The Old Boys could gather a very formidable line-up, but in so doing might rob some of the other teams of their pillars. The Old Boys are a very speedy aggregation and would field a team which would make things very hot and interesting for the other clubs.

Strong at Vancouver

Reports from Vancouver state that the league there has been organized for the season, and that four teams have entered. The officials of the league count on the best season in the history of the city. This is exceedingly interesting reading, as it means that rugby has returned to its pre-war position of prominence. Vancouver is fortunate in being able to draw upon the University of B. C. for a strong representative fifteen.

Victoria will be able to select a very fast and hard team to play against Vancouver for the British Columbia championship. It is expected this year should attract a great deal of interest. Both cities have a number of their best players back in uniform after their service. Last season was looked upon as an off one as most of the players were reading themselves to the routine of daily life after their experiences in the army.

EVANS AND OUMET ARE IN GOLF FINAL

Roslyn, N.Y., Sept. 11.—Chick Evans of Chicago led Francis Oumet of Boston two up at the eighteenth hole of their thirty-six-hole match to-day for the national amateur golf championship.

Evans and Oumet were opponents in the final round of the national amateur golf championship tournament at the Engineers' Country Club here to-day.

Champions of France, England and Canada were eliminated in the previous rounds of this tournament. Popular opinion was ready to regard to-day's victor as the best international amateur without question.

TRACTORS TO HARVEST BIG WHEAT CROP

Large Yield of Prairies This Year Necessitates the Use of Motors

There will be a yield of 260,000,000 bushels of wheat from the three Provinces of the Canadian Northwest, according to information gathered by A. F. Knoblock, vice-president of the Cleveland Tractor Co., of Cleveland, Ohio, who has arrived in Victoria. He is out here studying power farming.

Because of the enormous wheat crop, farmers are having to rely on power tractors to get it harvested, said Mr. Knoblock. During the last couple of years farming by power machinery has largely taken the place of animal power for the big work on the farm.

Mr. Knoblock, while on the Coast, is investigating the extension of the field for the Cle-trac caterpillar tractor which his firm makes. Because of the compact power unit of the caterpillar tractor and its certainty of traction, it is going into the lumbering and mining industries and being called on for road building and land-clearing operations.

With Mr. Knoblock is Richard Horn, district representative of the Cleveland Company for Oregon, Washington and British Columbia. They are planning for an extension of the sales work of the Pacific Tractor Co. here, which is distributing the caterpillar tractor.

During the war Mr. Knoblock was in charge of the construction work for the United States military tank department. For fifteen years he was one of the experts of the General Motors Corporation. This is his first visit to British Columbia.

What the Experts Say

The modern spark plug operates for extremely long periods without giving trouble. But occasionally the motorist encounters persistent plug trouble and cannot explain the cause.

A certain group of owners will install cheap plugs which, to say the least, are expensive. Plugs as now made should not give trouble for six months if the operating conditions are right.

The greatest source of plug failure may be traced to leakage in the plug itself. This refers to hot gas leakage brought about by non-gas-tightness of joints in the plug.

The loss in power due to reduction in compression pressure is hardly worth considering as compared with the damage done by the heat of the gases.

The excessive heat causes insulators to crack and because of carbon contained in the gas there is a black soot deposited which also interferes with plug operations.

Where the plugs are so located as to receive no benefit from jacket water the conditions are still worse, because such plugs run normally hot.

"Box worn" means about the same in auto inner tubes as "shop worn" means in clothes. Both are damaged goods.

When an inner tube leaves a rubber factory it is ordinarily packed in waxed paper and placed in a box to keep it in perfect condition from factory to customer.

If this waxed paper packing which is so essential to insure its resiliency and elasticity is not intended to be the packing to insure its resiliency and elasticity thrown in the tool box of a car.

Here the constant jolting and swerving of the car cause the loosely packed tube to chafe against the sides of the box. As a result, the tube chafes through at the folds.

If it is a repaired tube loosely thrown in the tool box, it ordinarily lacks even the protection of the box against cutting on the sharp edges of the tools.

A motorist will always find in the roadside emergency that his tubes are in the same serviceable condition as when he placed them in the car, if he will carefully wrap them in soft cloth or paper so that they cannot slide around in the wrapping.

Better even than this, however, is the purchase of a tube bag. It is not only excellent but cheap insurance against tube cutting and chafing.

USES CAR FOR PULPIT

Kansas City, Sept. 11.—The Rev. Charles Everett Draper, pastor of a Methodist Episcopal church in Kansas City, Mo., announces that he will deliver his Sunday evening sermon from a motor car in front of the church during the rest of the warm weather.

CAMBRIDGE BANS CARS

University Issues Edict Forbidding Students From Coming to Lectures in Motor Cars

London, Sept. 11.—The congestion of motor cars and motorcycles has become so heavy at the Cambridge University that an edict has been issued forbidding students from motoring when attending lectures.

DO 100 COOLIES' WORK

Singapore, Sept. 11.—Tractor plows operating near Medan, Sumatra, are turning up 24 acres of ground in five hours, which, it is claimed, would have taken 100 coolies one working day to perform.

RECORD ORDER PLACED

Philadelphia, Sept. 11.—Orders for 600,000 tags for pneumatic tired cars and \$2,000 tags for motor trucks for 1921 have been placed by the Pennsylvania State highway department. It is the largest order in history placed by the department.

A COMMON TRICK

"A common trick among those who ride in motor cars, which is nevertheless bad practice, is that of slamming the doors." — Chicago Tribune.

And a common trick of improperly closed motor car doors is their pliant habit of trying to chuck folks who lean against them out on their necks into the street.

TOUR ROOF OF ROCKIES

New Scenic Highway in Glacier National Park Will Rise 9,000 Ft.

Washington, Sept. 11.—The great scenic automobile highway, which

the United States Government soon is to start hewing across the big range in Glacier National Park, will enable tourists to make a trip of 68 miles over the roof of the Rockies, rising to an altitude of 9,000 feet.

Used Trucks For Immediate Delivery

GRAY-DORT

THE nation-wide friendship for the Gray-Dort cannot be based on price alone, for there are cars selling at lower prices.

Evidently motor car buyers have determined for themselves that the value and thrift of the Gray-Dort are very unusual.

In less than five years the Gray-Dort has outstripped, in demand and production, a dozen cars which have been on the Canadian market longer. It is now one of the four largest-selling cars in Canada.

At the present rate of sales, the market will shortly be bare of Gray-Dorts. The wise purchaser will act at once.

OF SPECIAL INTEREST TO WOMEN AND THE HOME

AIRING TROUBLES OR KEEPING THEM COVERED

"Is it chronic?" "What a question gave me! It was asked in such a kindly, friendly way that I could not take offense, in spite of the fact that I felt a certain impatience with me, an element of distinct criticism. The woman who spoke had been asked how she managed always to seem so well."

Everybody's Cares. "I realized that I had been complaining of feeling 'so tired' every time that I had seen this friend by whom I had just settled down wearily on her garden seat. I realized that she had just as much reason for feeling very tired as I, for her life was just as over-strenuously full of duties as my own, and that in spite of all the work that she did and the heavy load of worries that she had to shoulder she never complained of weariness. Yet she must often feel very weary. Her manner never showed it, but just plain facts argued that this must be so."

"I did not like the light that I stood in as I compared myself with her. Ashamed, I straightened up and tried to think of interesting things to say—and much to my amazement succeeded. Presently I was actually making her laugh, and myself, too. The sense of fatigue was lifting from me. I was feeling far more efficiently than if I had remained in slouching attitude and a low state of mind, and I was resting her, too."

Selfish Imposition. "When I went home I did some pointed thinking on the subject and I decided that we very rarely have the right to impose our fatigue upon other people. It is something that we should keep to ourselves, almost always. What people need of us and want of us is our courage of spirit. Almost everyone has too much to do,

almost everyone is very tired very often. I determined to be one of the brave people like my neighbor whose little question had jerked me to my senses—one of the people who keep their tired feelings to themselves and feel positive duty in meeting the world, even the world of their own family, with the something that is in all of us that can rise above fatigue, a something that can be wonderfully strengthened in rising power by keeping it exercised."

"People whose opinion you care anything about are not going to be oblivious of your fatigue because you pluckily try to rise above it with them. Your pluck is going to make them far more deeply sympathetic than they ever will be if you persist in airing your being tired. In fact, this persistence in acting as tired as you feel and in talking about it is so really cowardly and so eminently boring that you stand good chance of getting very little sympathy, if any."

"I know now from the resolution that I have made against harping upon being tired with my friends and long suffering family that my new attitude actually has kept me from feeling as tired as I used to. The brace that I take for people takes my mind off my 'feelings,' and I find that I forget them wholly or in great part. Weariness is usually a mental rather than a physical phase, as we are too apt to think it."

"If you insist upon your mind's brightening with interest in people and an effort to interest them your sense of fatigue will vanish like a mist before the sun, in almost every case. But whether it does or not is of minor moment to the dignity and generosity of soul that its yours when you say to yourself, 'It doesn't matter how tired I am; I am not going to bore or dishearten others with acting the part when I am with them.'"

BOYS' BLOUSES

When making blouses for the boys, if collar is kept separate the blouse can be worn longer, as the collar can be reversed. When soiled on one side turn on the other. Sometimes the blouse is all clean, except a ridge around the collar, which may be remedied by above.

SANITARY WASH CLOTHS

Cut fifteen inch squares of white mosquito netting and stitch them together in thickness of four. You will be surprised how soft they are. They are very dainty with a little crocheted edge of pink or blue.

Distinction in Dress Denotes Developed Taste

Brown kitten's ear trimmed in gold, suggesting Autumn tones. Angora in green and white check furnishes distinctiveness to the white Georgette frock on the right.

From time to time we hear murmured forecasts that advise us of a projected uniform attire for women, designed to be adaptable to all women and all occasions. Nor will it; nor should it. We might as well plan a uniform expression for all faces or a uniform phrasing of thought. For one's attire is to one's physical presence and appearance what moods and habits of thought are to the mind. Clothes can be as truly an expression and extension of personality as manner of thought and speech and facial action. And since we are all under the necessity of moved with the desire to project our personalities to the best of our ability, surely we should seize upon this means of doing so.

In fact, tingel is one of the touches that promises to characterize the full grown. The tiered and scalloped skirt such as graces this dress is to constitute another of these characteristic features. In this case the fluttering effect lent by this style of skirt is particularly dainty and attractive. The inset bosom, always a favorite touch with the French, plays its own part in completing the whole. The dress on the right produces a striking note in its combination of white georgette with trimming of green and white checked Angora. The Angora collar describes a remarkably graceful and girlish curve, while the pocket on the skirt complements the entire ensemble. The checkerboard effect in colors marks many of the newest dresses. In this instance it is further carried out in the waist cord of green and white, with odd decorative ends in the same fresh colors.

RESERVE—A SYMBOL

Self-Possession vs. Selfish Indifference

"She is an intensely reserved person. How often this comment, if more accurately put, would be, 'What an inarticulate, unexpressive person she is!' Marked reserve of manner and speech has a way of being regarded with unquestioning respect, of commanding, at its face value, a certain consideration, if not admiration, or, at worst, of being attributed to type of temperament, and thus dismissed, and no inquiry into its real nature made or expected."

Yet, examined into, this reserve, so-called, is no more likely to be the symbol of self-possession than of self-sufficiency. It may be a self-respecting and discriminating reticence or it may be an unreasoning and unreasonable inhibition, an indolent disinclination to expression, a selfish withholding of oneself. Though frequently the outward guise of a developed dignity and genuine superiority, it is as often but the sign of self-conscious timidity and diffidence or of a dissipated rather than concentrated attentiveness to people and matters at hand and an indifference toward participation. In such cases reserve of mien amounts to an affliction and is a blemish that should be corrected."

Nobody loves babbling lips or a rattling tongue, and none of us cares to be accounted a shallow chatterer or a container with the capacity of a sieve. But is that fit reason for withdrawing into ourselves as if fearful lest by expression we allow our essence to escape and evaporate? Queried a young girl almost querulously the other day in our hearing, 'Is it that they're afraid their resources will not keep up with their expressiveness that some people so assiduously hold on to their reserve?'

In my opinion, the added tellingly, 'It was John X's tongue that won him Priscilla.' No knowing what success John X might have had if he had only spoken up, and 'pressed himself.' Surely expression is not only a privilege but a duty, a necessity, if we would justify the high custody of our individuality. For expression implies the giving, expending of oneself. Repression is a denying and refusing of the outflow of oneself. Let reserve stand for care of self. It is expression that our efforts should definitely strive for, expression that shall be as faithful, as eloquent, and as contributive as we can make it.

Give of Your Best. "If you give your best what remains will be still better," sagely declares

ward? Such indulging of "reserve" is to be deplored. How much more of comfort and ease do we derive from the person who greets people, situations or subjects of discussion as they appear with gracious, genial spirit and speaks generously to deliver of herself and to fit herself into which is at hand. How much more fair to oneself to cultivate an accessible, approachable, inviting aspect, open-mindedness toward all modes of action and behaviour. However, an aloof forbidding or impenetrable aspect is in its very ambiguity misleading, and the maintaining self-control and direction is far better practised and manifested in temperate, well chosen expression which may be construed into any of many meanings.

Are we fearful lest such a habit of manner betray us more readily into insincerity, lead us into lapses of inconspicuity? We must be sure to bring our own sense to bear upon all modes of action and behaviour. Fear of Betrayal. We need not publish abridged editions of ourselves in every glance nor attempt a complete unbridled self-expression by presenting a clear title page and index, and without such it is likely to go unappreciated or even undervalued, a pitiable and unpardonable result. Lack of expressiveness is just as likely to be mistaken for, may in fact be an indication of paucity as profundity of resources.

"The retail merchants," Mr. O'Connell asserted, "are the legitimate prey and the first port of call for all charitable drives and so on, and as it is always some good customer who asks them to assist in various movements, they can't refuse usually. The retail merchant is taxed right up to the limit. Business is not as good as it was a year ago and we cannot bear a heavier load. The manufacturers are preparing to shoulder all losses on the retailers."

Not only does such free and open expressiveness create contacts with others, but it makes us better acquainted with ourselves, always a salutary thing. As a feature of and first step toward this cultivated expressiveness let us not despise the ready fund of small talk, withal as intelligent as is consistent with its smallness, and that facility for throwing anything at hand to conversational account which paves the way for many a precious service, many a deep confidence and lasting association. Even as an end in itself it is not useless or vain if it simply promotes and fosters the amenities of life, making way for that fellow feeling which constitutes the chief sub-values and value of our common life. So long as our intent and spirit be kindly and, so far as possible, lofty we may safely trust ourselves to spontaneous expression; the nature and extent of such expression will take care of itself, and many times it will lead us to entertaining (angels and others, besides often giving us the angel's part ourselves) to play.

"CITY OF VANCOUVER" LAUNCHED YESTERDAY

Coughlan's 18th. Vessel Takes Water, Builder's Daughter Sponsor

Vancouver, Sept. 11.—The City of Vancouver, the eighteenth vessel to be constructed by the Coughlan shipyards, was launched at 5 o'clock this evening. Mrs. F. R. Rumber, daughter of J. Coughlan, being the sponsor. The new boat is a steel freighter, 8,800 tons, and will be Vancouver owned. Fitted with convertible oil-burning apparatus, Scotch boilers and 3,000 horse-power triple expansion engines, she will have a speed of approximately 14 knots. She is 427 feet long, 44-foot breadth and 23.5 feet molded depth.

FREQUENT HEADACHES

A Sure Sign That the Blood Is Watery and Impure.

People with thin blood are much more subject to headaches than full-blooded persons and the form of anemia that afflicts growing girls is almost always accompanied by headaches together with disturbance of the digestive organs. Whenever you have constant or recurring headaches and pallor of the face, they show that the blood is thin and your efforts should be directed toward building up your blood. A fair treatment with Dr. Williams' Pink Pills will do this effectively, and the rich, red blood made by these pills will remove the headaches.

More disturbances to the health are caused by their blood than most people have any idea of. When your blood is impoverished, the nerves suffer from lack of nourishment, and you may be troubled with insomnia, neuritis, neuralgia or sciatica. Muscles subject to strain are weakened, and you may have muscular rheumatism or lumbago. If your blood is thin and you begin to show symptoms of any of these disorders, try building up the blood with Dr. Williams' Pink Pills, and as the blood is restored to its normal condition every symptom of the trouble will disappear. There are more people who owe their present state of good health to Dr. Williams' Pink Pills than to any other medicine, and most of them do not hesitate to say so.

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box, or six boxes for \$2.50, from the Dr. Williams' Medicine Co., Brockville, Ont.

PROTEST AGAINST NEW TAX ON SIGNS

Retail Merchants Say Their Burden Already as Heavy as They Can Carry

Declaring that the retail merchants of Victoria cannot afford to pay the new city tax on overhanging street signs and that if the tax were enforced many of the big electric signs which light the city at night would disappear, thirty members of the Retail Section of the Board of Trade yesterday asked the City Council to reconsider the new Overhead Fixtures Taxation By-Law.

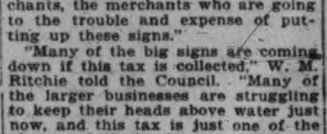

"You have to assist in various burdens upon the shoulders of the retail merchants—a burden they can ill-afford to bear," declared J. D. O'Connell, who was the chief speaker for the delegation. "You must remember, too, that many of the signs which you propose to tax light and beautify the city at night and possibly make it less expensive for the city to light the downtown streets. The signs make Victoria look like a big town."

"The retail merchants," Mr. O'Connell asserted, "are the legitimate prey and the first port of call for all charitable drives and so on, and as it is always some good customer who asks them to assist in various movements, they can't refuse usually. The retail merchant is taxed right up to the limit. Business is not as good as it was a year ago and we cannot bear a heavier load. The manufacturers are preparing to shoulder all losses on the retailers."

Retailers The Taxpayers. "While we realize that you must raise revenue, we think you should find some more equitable way of doing it than hanging the whole thing on the retailers, who are the biggest contributors to the coffers of the

GOOD DIGESTION

WHEN THE STOMACH IS OVERBURDENED IT IS DIFFICULT TO PERFORM THE FUNCTIONS OF THE WHOLE SYSTEM. EFFECTIVE AND IT IS TREAT THAT CAN BE USED. YOU WILL FIND THIS IN THE OLD AND A RELIABLE REMEDY.

PREMIER TO SEE FLOOD DAMAGES

Will Visit Nicomen and Dewdney Next Week To Get Information

Premier Oliver will leave on Tuesday for the Nicomen and Dewdney where he will spend Thursday and Friday making a personal inspection of the damage done by the floods of the Fraser River this summer.

The Premier is making this trip so that he will have accurate and firsthand information of the damage now that the Government is faced with the problem of curbing the river and protecting the landholders from any more damage.

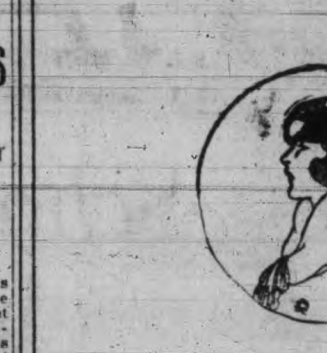

On Wednesday the Premier will take up railway matters in Vancouver. He will also meet the Hon. Dr. King, who will reach there Tuesday night. The Minister of Public Works is on his way back from his inspection trip to the Interior. The Premier is anxious to learn of this trip.

ASKS IMPROVEMENT OF SHIPYARD ROAD

Improvement of the Choberg Shipyards road was urged upon the Streets Committee of the City Council yesterday by John Day, of the Victoria Shipowners Ltd. Mr. Day told the Mayor and Aldermen that the condition of the road was most inconvenient to the company which is building four wooden barguinettes in the Choberg Shipyards. It was of advantage to the city, he pointed out, to assist the construction of the ships as many men were employed in the shipyard. The Committee appeared to think that the city should not be saddled with the cost of repairing the road, and told Mr. Day that he should lay his requests before the Provincial Government.

Turpentine will remove the shine from a dark suit. Hang in open air to remove the smell of turpentine. An attractive dessert is apple snow heaped roughly in a glass dish and sprinkled with pink sugar.

MISS M. E. LIVINGSTONE

Autumn Millinery

In Many Effective Styles

And one need not wonder whether these new styles will be becoming, for there are hats for every type of face and figure. Some are with large picturesque brims and others with no brims at all. Duvetyn and velvets are pronounced. And the Trimmings! Ostrich fancies with their long, graceful, sweeping lines, wings, ribbons and brilliant metal embroideries give these hats smartness and exclusiveness, virtually giving everyone a personality.

METHODIST UNION IN ENGLAND.

Sir Robert Perks, Bart., has written Dr. Chown stating that Methodism has advanced a good step forward at all the recent Conferences of the three Methodist Churches in Great Britain. The scheme of union which the United Committee of two hundred and twenty prepared as a basis of union was presented at each Conference. The Primitive Methodist Conference unanimously referred it forward to their Synods for consideration. The United Methodists did so by a majority of three hundred and sixty to four, and the Wesleyans unanimously referred it to their thirty-four Synods, which will meet next May. In none of the Conferences were the churches pledged to the details of the scheme, the preference being to wait till next Conference, when views and suggestions of

the Synods will be before them. A resolution that the whole question be postponed sine die was presented, but defeated by five hundred to seventy, in the Wesleyan body. Sir Robert sincerely trusts that when the great Ecumenical Conference meets in London in September, 1921, they will be able to report that the Synods pronounce, by a very great majority in favor of union.—Christian Guardian.

To Discuss Church Union.—For the purpose of fully discussing the question of church union, the members of the Presbyterian and Methodist congregations in Sidney will meet at St. Paul's Presbyterian Church next Tuesday evening. The meeting will be addressed by a deputation from the co-operative committee, consisting of Dr. Leslie Clay representing the Presbyterians, and Dr. Sippel, representing the Methodists.

REV. ERNEST THOMAS HERE TO-MORROW

Will Visit Wesley, Centennial, and Metropolitan Churches During Day

Rev. Ernest Thomas, B. A., B. D., Secretary of Social Service and Evangelism for the Methodist Church, is in the city, and will be the preacher at special services to be held to-morrow.

Mr. Thomas will preach at Wesley Church in the morning, and occupy the Metropolitan pulpit in the evening. He will also speak at the men's forum in Centennial Church Sunday afternoon.

Mr. Thomas is assisting in directing the present prohibition campaign and will speak at the Prohibition meeting to be held in St. Andrew's Church on Monday evening.

NOW DIRECTING CHURCH IN NEW HOME

DR. T. W. BUTLER

The New Thought Temple is now housed on Pandora Avenue, and under Dr. T. W. Butler it will start active development at once, the dedicatory services being held last Sunday. On Monday and Tuesday, October 11 and 12, Dr. Butler, of Seattle, spoke to large audiences.

WILL VISIT VICTORIA IN TWO WEEKS

Rev. Dr. McMillan, of Toronto, is touring Vancouver Island

The Presbyterian congregations of the Island will shortly be visited by a representative of the General Assembly, Rev. Dr. McMillan, of Toronto, in the interests of the improvement of the worship of praise. Rev. Dr. McMillan is secretary of the Assembly's committee on church praise, and has been very active in preparing the new Book of Praise. He is lecturing for a few weeks to the students of Westminster Hall, Vancouver, on his favorite subject, and will begin a visit of the island congregations at Nanaimo next Friday. The story of the hymns of the Church will be the general subject of his lectures, illustrated by the singing of the hymns by choirs and congregations. He will also meet with the choirs for conference on their work.

His itinerary, as arranged, is as follows: Nanaimo, September 17; Cumberland, Courtenay and Sandwick, September 17-19; Union Bay, September 20; Qualicum, September 21; Alberni, September 22; Ladysmith, September 23; Duhan, September 24; Victoria, September 25-27.

SPECIAL SERVICES AT ST. JOHN'S CHURCH

There will be special services at St. John's Church on Sunday to mark the re-opening of the afternoon sessions of the Sunday School and the end of the Holiday season. At the morning service at 11 o'clock, the War Memorial Shield won by St. John's Sunday School for its Victory Bond-Offering to the Missionary Society of the Canadian Church will be presented to the Superintendent, W. R. Sayer, and the Rector, Rev. P. A. P. Chawick will give an address on "Our Responsibility in teaching Religion to the Children." Parents and children are specially asked to be present at this service. At the close, pamphlets issued by the Board of Religious Education will be distributed.

The Sunday School will be opened at 2:30 p. m. and after the organization of the various classes at 3 p. m. Divine service will be held in the church when the Memorial Shield will be dedicated.

In the evening at 7:30, there will be a "Service of Praise." This service was inaugurated last year at St. John's Church and carried out with marked success. The special feature of these services is to have the whole service "Congregational," and to attain this the hymns and chants are selected with a view to being heartily sung by everyone, and only the best known and most popular are chosen. On Sunday evening there will also be several appropriate selections and anthems by the choir under the direction of G. Jennings Burnett.

At Cathedral to-morrow—"David, His Fall and Recovery" will be the subject of Dean Quinlan's sermon in Christ Church Cathedral to-morrow night at 7:30 o'clock, in continuation of the course of sermons the Dean is delivering on Old Testament characters. The Dean will also preach at the morning service at eleven o'clock, and in the afternoon at three o'clock will give an address at a children's service on "David and Goliath."

Schools Picnic Postponed.—Owing to weather conditions, to-day's picnic announced for members of Christ Church Cathedral and St. Matthias' Sunday Schools has been postponed. A statement of other plans will be made at the Sunday schools to-morrow. Any persons having bought tickets for to-day's picnic, and desiring a refund, may apply to the secretary, Walter S. Miles, 1 Belmont Building.

TWO LEADERS OF SUNDAY SCHOOL WORK TO VISIT

Dr. J. C. Robertson and Rev. Frank Langford to Arrive Tuesday

Two national leaders in Sunday School work are to visit Victoria next week. Dr. J. C. Robertson, who has charge of the Young People's and Sunday School work of the Presbyterian Church of Canada, and Rev. Frank Langford, who holds the same position for the General Board of the Methodist Church in Canada, will be in this city next Tuesday in the interests of the Religious Education Council.

They will attend a supper meeting of local representatives on the Provincial Council and later in the evening will address a meeting in the Presbyterian Church school room. This meeting will open at 8 o'clock, and all teachers, officers and interested workers are invited.

Dr. Robertson, Mr. Langford are on their way to Japan, where the World's Sunday School Convention is to meet shortly. Their addresses on "Modern Tendencies in the Sunday School" should be of special interest to all workers with young people.

SOME NOTABLE CHURCH EVENTS

Movement Towards Progress and Amalgamation is Marked Here

After an unusually dull time during the Summer recess the activities of the various city churches promise to be of an exceptionally valuable nature to the community in the next few months.

Some notable changes may be summarized:

1.—The Salvation Army Church has just moved into a new building.

2.—The New Thought Temple has taken over larger quarters.

3.—The Metropolitan Church, the largest Victoria auditorium, has been greatly improved by alterations.

4.—Grace Lutheran Church is developing rapidly after long being closed.

5.—St. Paul's Lutheran, after a chequered career, begins a new life of service.

6.—The First Baptist and Tabernacle Churches will amalgamate for more active propaganda.

7.—The Salvation Army will launch a drive in a few days for funds.

8.—Efforts are being made to try the Union Church movement at Sidney, by uniting the Presbyterian and Methodist churches, which policy has been so successful at Kelowna.

Anglican Teachers' Meeting.—Sunday school officers and teachers of the Anglican churches in the city and district are being invited to a gathering arranged by the Diocesan Board of Religious Education to take place next Wednesday evening at eight o'clock in Christ Church Cathedral schoolroom. A lecture outlining the lesson course for the new quarter will be given by the Dean of Columbia, and other speakers will introduce the new programmes of work for boys, girls and young people recently issued by the General Board of Religious Education of the Anglican Church in Canada, and also the teacher-training course.

Divine Healing.—Rev. Agnes Jackson Galer, D. S. B., author and lecturer, will visit Victoria during the coming week and will speak at the Unity Centre on Sunday and every evening during the week, besides holding classes on Tuesday and Thursday afternoon on "Divine Healing" and "How to Heal Yourself and Others." Mrs. Galer has had a long experience in her work, having practiced in New York for many years. She is an easy, fluent and forcible speaker and is a woman with a message. Both lectures and classes are non-denominational, and church members are specially invited to hear her as well as those who do not attend church. All her lectures are based upon the teachings of Jesus. Mrs. Galer will be glad to meet any friends at Unity Centre, 603 Campbell Building.

METHODIST PROGRESS

In Canada and Newfoundland Canadian Methodism has 4,735 preaching appointments, and during the year twenty-seven new churches have been built, or one every two weeks. "We have 385,653 members, and we minister to no less than 304,524 Methodist families," says the Christian Guardian. "If we allow five persons to each family, that would mean that we may claim over one million adherents." For church purposes last year we raised \$5,655,288, not in promises to pay, but in hard cash. This means about \$48 per family, or about \$24 per member. Of this amount \$2,154,472 went for ministerial support; \$3,443,046 for congregational funds (including \$1,609,811 for the National Campaign), and the rest for local purposes. This means that as Methodists we paid about \$5 per member for a year's preaching, or ten cents a Sunday, or five cents a sermon for all who had two sermons a Sunday.

CONGREGATIONAL CHURCH

REV. W. D. SPENCE, Pastor.
11 a. m. Communion Service
Subject: "MUCH RUBBISH"

ANGELICAN

BREAD

School Again!

"Bread for Brainwork"

Let delicious dishes made from SHELLY'S 4X BREAD keep your kiddies fit for school. Bread is the food for bone and brain and muscle—the best and cheapest food we have.

Marion Harris Neil, the famous cooking authority, tells mothers, in a little illustrated book, how to make 65 tasty and nutritious dishes from SHELLY'S 4X BREAD. Dishes your children will clamor for—foods that will do them good. Healthful combinations with meat, fish, eggs, vegetables, cheese, nuts and fruits. They build up a child's frame, send energy tingling through the growing body and keep the young brain bright. Let Marion Neil suggest something nice for your children's school-day lunch.

FREE!

Send for Marion Harris Neil's Book of "65 DELICIOUS DISHES," which tells you how to vary your menu and reduce the cost of your table. It's "FREE" for the asking. Just send name and address.

WEST TO PROSPER DURING WINTER

SAYS BANK HEAD

Good Crops Will Stimulate Business, Predicts Manager of Imperial

PRICES WILL FALL, BUT NO ONE HURT YET

"The discount on Canadian funds in the United States is dropping while the wheat crop is going forward.

"Prices are bound to fall, but the drop will be gradual.

"There is still a world-wide shortage of goods, and while these conditions exist, prices cannot come down materially and permanently.

"Conditions are good throughout the West because the crop yield is good, except in the Saskatchewan district. In some districts the crop is heavy.

"The clothing trade in the East is slow. Factories have been letting out their employees because clothing demand has dropped off.

"The Canadian banks require \$1,000,000,000 to finance Canada's crops between now and Spring.

"Because stocks for the most part have been low no one has been badly hurt with the drop in prices so far."

General Manager W. Moffat, of the Imperial Bank of Canada, in interview with The Times.

Canadian business men need not fear a sudden, swift slump in prices that will cause almost panicky conditions, according to W. Moffat, of Toronto, general manager of the Imperial Bank of Canada, who is in Victoria to-day, looking over the business situation here.

With Mr. Moffat are Dr. Hamilton Merritt, vice-president of the bank, and Colonel Michie, director registered at the Empress Hotel.

"There is bound to be a fall in prices, part of which will we have experienced already in some lines, but on the whole the drop will be gradual," said Mr. Moffat to The Times to-day.

Still Shortage of Goods.

"There is still a world-wide shortage of goods, although in most lines there does not appear to be a shortage in the United States at present.

"But passing over conditions in the United States, looking at this world wide shortage of goods, it is difficult to see how prices can come down materially and permanently just yet.

"The United States has been manufacturing goods for export and has been accumulating stocks of supplies. These goods she is not disposed to let out without being paid for them.

"With European credit at present depreciated, American goods are now being sold to Europe in the quantities anticipated.

"The result is that there has been a sudden fall in the prices of lines such as boots and shoes, woollens and leather, which have been accumulated in large quantities. These accumulations have been forced on the market and to turn them into cash they have to be offered down.

Clothing Industry Bad.

"In the East the clothing industry is slow. The factories have been letting out men for some time. This means that there is competition among the manufacturers to sell to the retailers and to get the business they cut prices.

"The hardware trade in the East, however, is still prosperous.

Western Conditions Good.

"Conditions generally throughout the West are good. This is largely because of crop conditions.

"The crop this year in the North-

News of Markets and Finance

SLIGHT REACTION IN NEW YORK STOCKS

(By Burdick Brothers, Ltd.)

New York, Sept. 11.—Week-end liquidation by timid holders and fresh bear pressure depressed stock market prices to-day. There was nothing in the character of the news to account for the increased pressure on prices. It anticipated that heavy shipments of gold from the other side will have a direct effect on the money market.

The market, technically speaking, is in a stronger position at the week-end as the result of the liquidation in certain departments in the last few days and creation of a fresh short interest.

TO-DAY'S EXCHANGE

(Burdick Bros., Limited.)

Montreal, Sept. 11.—New York funds to-day, 11 1/4-16 cent.

New York, Sept. 11.—Demand sterling to-day, \$3.49 1/2.

Canadian sterling to-day, \$3.59.

TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, Sept. 11.—Cash wheat registered a sharp advance to-day, owing to an urgent demand for both wheat and rye.

Weather conditions to-day retarding threshing and delaying deliveries and future, and not alone in wheat, but in coarse grains as well, all of which reacted in sympathy with wheat.

October wheat closed 2 1/2 cents higher, November 2 1/2 cents higher for December and October and 1 1/2 cents higher for December.

Flax closed 1 1/2 cents higher for October, 1 1/2 cents higher for November and 1 1/2 cents higher for December.

NARROW RANGE FOR CHICAGO GRAINS

(By Burdick Brothers, Ltd.)

Chicago, Sept. 11.—Wheat—Although the market had a narrow range and buying and selling orders were well balanced, the tone was strong with a good part of the purchases having the appearance of being against export sales. Cash premiums were slightly easier with sales of hard red and at 11 to 12 cents over December.

The strength in the Winnipeg market, which was clearly a reflection of an active demand in that country, attracted considerable attention here. The tremendous amount of wheat that has been cleared from the seaboard since July first, combined with the quantity already bought for the shipping out, has resulted in a deficiency possibility that must be reckoned with if fresh buying develops.

Corn—Selling pressure was encouraged early by the high temperatures prevailing over the belt, but the market encountered good absorption power and the losses in prices were mostly recovered. There was little of interest in the cash market, where prices were quoted unchanged to one cent lower. Cooler weather is predicted for the belt for the next few days, and some lower temperatures in the Canadian Northwest have given rise to fears of a weaker season in September turn for the past few days has been due to selling by tired holders and also by those who regard the premium over December as being too great. As stocks are very light, the market is expected to fill their contracts through any other medium than by buying back their corn in the pit, which will cause a congested condition between now and the end of the month.

Oats—Sold lower early in sympathy with corn, but met good buying power and closed firm with the late advance influenced by higher prices in Winnipeg and the reports from Canada of some large sales for export.

BOOKS TO AID TEACHING PROFESSION

Effort by Public Library to Provide Facilities Described By Edna Marwick

With the opening of the schools new demands are being made on the Public Library, especially by the teachers. This year the library is making an attempt to meet these demands in a more efficient way through the teachers' room, an annex to the children's library. In this room is a small but carefully chosen collection of books, which will be found very valuable aids to teachers in every branch of their work. This collection also contains the beginnings of a model children's library. The aim is to place here a copy of each of the best books suitable for the children themselves, with the purpose of guiding the teacher in a wise choice of books for a school library. In another section of this teachers' room an attempt is being made to bring together the very best books written on the subject of Canadian history. In connection with this room also, the system of classroom libraries is being continued this year. Twenty-five books, chosen by the teacher, are loaned for two months or longer if desired. They are intended to form a classroom library, with the purpose of encouraging the library habit in the children.

To Specialize. As it is impossible to develop simultaneously all side of this teachers' collection, the library is planning to specialize along one particular line each year. This year the section devoted to nature study has been augmented. In selecting the books on this subject, the basis taken was the bibliography at the end of the pamphlet issued by the educational department, entitled "Nature Study and Primary Geography." As many as ten copies of some of these books have been obtained, dealing with such subdivisions of this subject as school and home gardening, elementary agriculture, animal life, birds, insects, soils and trees. "Books about nature study have become numerous, perhaps more numerous than good teachers of it." The quotation is from the preface to "Practical Nature Study" by John Coulter and Alice Paterson. While admitting that the subject is still in the stage of suggestion, and encouraging initiative on the part of the teacher, the book deals with principles and methods, and somewhat with material, giving sufficient knowledge so that the teacher need be at no loss for suggestions. The latter part of the book is devoted to general topics, providing basic material which has been found serviceable for teachers whose general science training has been slight or lacking entirely.

Nature Study Lessons. A series of nature study lessons worked out in the class room, and in out-door excursions with the children, is given in "Nature Study Lessons" by Mrs. Lida McMurray. Throughout the lessons the aim is to focus the observation of the child on common objects, some impressions of which he has already received. The lessons are intended for the primary grade.

"The Nature Study Idea" is the title of a volume by L. H. Bailey. It is an interpretation of the new

YOU JUDGE

a friend's housekeeping by her bathroom, and she judges yours the same way. Let us keep your curtains, towels, bath-cloths, bath-mats, and, above all, the rugs, dainty and fresh. It's no work for you to be doing, but simple for us.

Simply write me and I will send you postpaid, ten days' trial treatment, with names of people in Canada who own their present health and strength to my treatment. Write me to-day. MRS. M. SUMMERS, Box 951 Windsor, Ont.

school movement to put the young into relation and sympathy with nature." The third section of this book, entitled "Inquiries and Answers," is particularly valuable, as it offers solutions for many problems which the teacher must face.

A detailed study of plants for beginners is "Lessons with Plants" by L. H. Bailey. Besides giving type lessons for the teacher, the book offers much first-hand information. It emphasizes the necessity of beginning the study of botany by plants and not by mere definition.

Modern Education. Apart from these books on nature study, there are several which might be called to the attention of teachers and others interested in modern education. The rural teacher, who must face many difficulties, will be encouraged by the story of Mrs. Harvey's work in the Porter community, as told by Evelyn Lowry in "New Schools for Old."

To quote Dr. Henry Suzzallo, "To cast out the fairy tales is to rob human beings of their childhood, that transition period in which breadth and richness are given to human life." That the fairy tale has a place in the training of children, in spite of the condemnations it has received, is shown by Laura Kready, in her book, "A Study of Fairy Tales." The author gives an interesting history of fairy stories, their sources and classes, and emphasizes that the value of these tales to children is greatest when they are rightly chosen and artfully told.

Phosphonol Has Conquered Practically Every Disease

Bright's Disease, heart troubles, hardening of the liver, diabetes, paralysis, nervous debility, and scores of other dreaded maladies have yielded to our Phosphonol Treatment. Broken-down men and women who are prematurely aged, have regained lost vigor and vitality. And just as efficacious in acute

PHOSPHONOL TREATMENT

Pneumonia, typhoid fever, rheumatism, virulent blood diseases, peritonitis, etc., are treated with a remarkably high percentage of success. The nerves are made strong and you regain that lost "pep." Phosphonol is sold at all good drug stores. If you are out of reach of a drug store, we will mail Phosphonol to you on receipt of price, \$3.00 a box, or 2 for \$5.00. The Scobell Drug Co., Montreal.

KNIGHTS OF PYTHIAS TO ADMIT YOUTHS

Age of Admission Will Be Lowered From 21 to 18, Under New Rules

Lowering the barrier which has existed for so many years, the Knights of Pythias will permit the admission of members between the ages of 18 and 21. Hitherto a man had to be of age before he could become a knight.

Since the order was founded, membership has been restricted to white male persons not less than 21 years of age and under 50, except that persons over 50 might be accepted as members by dispensations. The Knights of Pythias in common with other fraternal organizations are not unmindful of the obligations of the duties of the hour. It proposes to perform its full share in the great work of reconstruction and rehabilitation, that civilization may speedily recover from the shock to which it was subjected and that the blessings of peace, softened by sentiments of fraternal love may find permanent abiding place in the hearts of men.

Another Great Truth. "Would you rather be responsible for the songs of a nation than for its laws?" I think I would. You get royalties on songs, but only abuse for making laws.
