STRESEMANN MINISTRY RESIGNED IN GERMANY TO-DAY

BETWEEN 1,400 AND 1,500 CANDIDATES IN FIELD IN BRITAIN

Campaign Now Swinging Toward Nominations Next Monday; General Election Expected to Turn Largely on How Great Industrial Centres View Baldwin's Tariff Policy

London, Nov. 23 (Canadian Press Cable)—It is anticipated that the official nominations on Monday will produce 1,500 candidates for the general election. The Conservatives will have nearly 600, the Liberals about 450 and Labor the same number, including twenty women.

The Labor Party is restraining itself in fighting forlorn hopes in some ridings, the hope in each case being merely that opponents' workers will be kept from straying into promising ridings. The Labor Party war chest is low.

London, Nov. 23.—Political writers are predicting a record number of candidates in the election on December 6. Estimates vary, the highest being 1,450, or thirty more than at the last election, when the total was altogether unusual.

The Conservatives, it is expected, will number close to 600, the Liberals about 460, Labor nearly 420 and independents about 30.

Reports from all parts of the country say interest in the fight is extremely keen.

According to The Daily Sketch, since Premier Baldwin announced his protection policy many foreign manufacturers have been inquiring for vacant factory buildings. Some are already negotiating to rent or buy such properties.

Number of Young Men Candidates for British Commons

London, Nov. 23.—One of the most striking features of the present election is the large number of very young men who are candidates for seats in the House of Commons. The Liberals have the youngest, Reginald Rait, twenty-one years old, who is opposing the Hon. Esmond Harcourt, twenty-five, in the Isle of Thanet, Division of Kent. Lord Balmorally, twenty-three, heir of the Earl of Crawford, is the Conservative candidate in Wigan. In the Conservative list, among those under thirty years old are: Sir V. Warrender, twenty-four; the Hon. C. Rhye, twenty-four; Captain V. C. Casale, twenty-six; Lord Erskine, twenty-eight; Lord Apsley, twenty-eight; Lord Hartington, twenty-eight; Captain H. McMillan, twenty-nine; and Lord Stanley, twenty-nine. The Liberals' roster of "youngsters" includes the twenty-five-year-old son of Sir Alfred Mond, late member for Swansea West, and Major Lloyd George, who is twenty-eight.

VOTE OF THE BIG INDUSTRIAL CENTRES A STRONG FACTOR

London, Nov. 23.—(Canadian Press Cable)—As already indicated, the British election will turn largely on the question of how the great industrial centres, especially in the North of England, regard Premier Baldwin's tariff policy. In view of this, the Canadian Press is securing independent reports from the leading centres by men who have intimate knowledge of local political and other conditions.

TWO-FIFTHS OF OBJECTIVE IN Jubilee Hospital Drive Aided by School Collections

Some Large Donations Expected During Week-End

Hospital workers met to-day at luncheon, and completed plans to advance the cause of the drive for \$125,000 towards the completion of the first unit of the new buildings at the Royal Jubilee Hospital.

The total is far from the objective, ever effort is being made to supplement the aggregate, and bring it nearer the figures desired by the board to complete their contracts.

This afternoon the committee which has had charge of the distribution of boxes in the city schools proceeded around the buildings, to (Continued on page 2.)

HUNGER STRIKERS IN IRELAND ARE ENDING EFFORT

Dublin, Nov. 23.—It is expected in Government quarters that all the republican hunger strikers will cease their strike by to-night. All the men prisoners in the Free State prisons and internment camps ceased their strike this morning, it was announced. A few women in the North Union internment camp are still holding out, but it is said they are considering abandoning the strike. Some of the men have been forty-two days without food.

CANADA'S TRAVELING EXHIBITION ATTRACTS ATTENTION IN EUROPE

Montreal, Nov. 23.—"Canada has received a great deal of excellent and beneficial publicity through the medium of the Traveling Exhibition, and I was surprised and delighted to note the number of visitors to the display after it had been located in Paris and opened to the public," Sir Lomer Gouin, Minister of Justice, declared here in an interview last night.

Regarding the British election, he thought Canada might well take a lesson from Great Britain in the shortness of the campaign preceding a general election.

English Donor Offers Pictures for Gallery To Be Located Here

Generous Offer Will Be Accepted Through Agent-General in London; To Become Nucleus of Collection

Victoria has been offered a collection of thirty pictures to form the nucleus of an art gallery here. The offer is tendered through the Agent-General in London from an English donor, who has already made gifts of pictures to Canadian galleries, but whose identity remains anonymous.

Mr. Wade has cabled the offer to Hon. John Hart, and by him the offer has been transmitted to Mayor Hayward for action. The cable states that the thirty pictures are distributed in London galleries, most of them in the Grosvenor Gallery, and that four rooms will be required for their housing.

The pictures would have to be accommodated until the provision is made for them in the new Amusement Centre building, and the Mayor to-day suggested that it might be quite possible to find room meanwhile at the Public Library or at the rooms of the "British Arts and Crafts Society," Union Bank Building.

The Society has received a pledge from Canadian Pacific Railway officials that there will be provision in the Amusement Centre for a gallery properly lighted for displaying pictures. Of course it would be a matter of policy whether the city would wish them to be shown under control of the centre, or in a building of its own management, but as that question is long in the future, His Worship intended to ask the City Council this afternoon for authority to make some temporary provision.

NEWS WELCOMED HERE

Astoria who learned to-day of the offer were delighted to know that a long cherished dream is possible of realization. Secretary J. S. McMillan, of the Arts and Crafts Society, an organization which has been indefatigable in its efforts to secure a public gallery, stated that there were four or five places in the city where valuable pictures could be placed temporarily, in safe custody, until a building was prepared. "Few people realize the wealth here in craft work, as well as in pictures, which would be available as a collection were formed here. Our exhibitions as a society have demonstrated that fact. Our members will be delighted with the announcement, and will do everything we can to assist the Council in housing the donation."

Reported France Has Offered Greece Use of Naval Units

London, Nov. 23.—Referring to a report that France has offered to supply Greece with certain naval units so as to counterbalance the naval power of Turkey, the diplomatic expert of The Daily Telegraph, although not confirming the rumor, thinks it would not be altogether surprising in view of the Kemalists' hostility toward France. The writer says the reported action may also be connected "with the moral support which French diplomacy is giving the Greek republicans."

This bank was robbed of \$11,000 several weeks ago by masked bandits.

MAN FOUND WITH THROAT LACERATED

Police Believe Suicide is Explanation For Death at Bamberton Works

Entering premises occupied by Luigi Trigappi, a worker at the Bamberton Cement Works shortly after 6 o'clock this morning, employees were horrified to find the body of the man lying on the floor in a welter of blood.

Investigation by the Provincial Police later pointed to the fact that Trigappi had taken his own life by means of a jack knife which was found nearby the corpse. On the body were letters from various people, but no note or other document to explain the act.

Trigappi was a man of about forty years of age, and had been noticed to be acting in a peculiar manner for some days previously. Little could be learned of his circumstances to-day. The remains were brought to the city by Constable McPhail and others of the Provincial Police, and lodged at the McCall Funeral Parlors, where an inquest will be held at 11 a.m. to-morrow.

HART BARES DEBT FIGURES; NET DEBT NOW \$38,775,000

Complete details of British Columbia's financial position have been made public by Hon. John Hart, Minister of Finance. Mr. Hart's figures show that the Province's gross debt on November 30, 1923, was \$71,432,261, while the gross debt on November 30, 1916, was \$23,153,146. Thus there has been an increase in the gross debt since 1916 of \$48,279,115. Sinking funds now on hand amount to \$12,139,000, Pacific Great Eastern stock collateral \$5,925,000 and revenue producing debt \$14,592,000. This makes the net debt \$38,775,000 as against a net debt in 1916 of \$19,677,534. At present the sum of \$4,265,000 is owing to the Bank of Commerce. The Government still has power to borrow, under various loan acts, \$9,546,690.

CONVICT TESTIFIES HE PURCHASED NARCOTIC DRUGS

Vancouver, Nov. 23.—Crowded about a small table in a little room at Okalla Jail, Commissioner J. P. Smith, K.C., this morning continued his inquiry into charges laid by Hon. A. M. Manson, Attorney-General of British Columbia, against members of the Royal Canadian Mounted Police. It was a strange and sombre atmosphere. The witnesses appeared in the drab grey uniform of the jail, on the back of which was marked the broad arrow. Warders clothed in black fitted about the corridors, keeping a watchful eye on the line of pale-faced, nervous looking convicts who had been called to testify.

The most startling evidence of the morning was that given by Lean Arthur Streetier, a man with a long list of convictions against him, who swore that he had purchased drugs on two occasions from J. P. ("Doc") Smith, whom he knew to be employed by the police.

C. L. Harrison, of Victoria, acting for Attorney-General Manson, endeavored to introduce a Chinaman named Wong Quin as a witness; but exception was taken by counsel for the members of the police who are accused and by E. F. Davis, K.C., acting for the Department of Justice, out particulars of the allegations to be made having first been given. This, it was contended, was in keeping with an arrangement made at the first session of the inquiry held at Victoria when Mr. Manson was present.

DISBANDMENT OF COMMUNISTS IN GERMANY ORDERED

Seekt's Order Also Directed Against Nationalists

Angry Scenes Witnessed in the Reichstag

Berlin, Nov. 23.—General von Seekt, National commander of the Reichswehr, to-day ordered the dissolution of the German Communist Party and the confiscation of its funds. His decree also prohibited the holding of Communist meetings and the publication of Communist newspapers.

It was later stated that the dissolution order also applied to all Nationalist and National Socialist Party organizations.

The order fell like a bombshell on the Reichstag this morning and seemed likely to have a decisive bearing on the attitude of these parties in the present situation toward the Stresemann Government.

The Communists were especially furious and angry scenes were enacted in the Reichstag over the measure.

The Communist organizations are well organized and well supplied with money.

PREMIER KING ON WAY HOME NOW

Cheers Given For Him as Train Left London Station

Leader Spoke of Results of Imperial Conference

London, Nov. 23 (Canadian Press Cable)—Premier King was cheered by a crowd of about fifty Canadians and representatives of British Government departments and private friends when his train drew out of Euston Station this morning in the midst of wintry weather on the beginning of his homeward journey. The Premier is accompanied by Captain Hogg, Director of the Canadian Naval Service, and Professor C. D. Skelton, Dean of the Faculty of Arts at the University, who acted in an advisory capacity to the Canadian delegates at the Imperial Conference.

Before departing Premier King told reporters that nothing could be more satisfactory to his mind than the general results of the Imperial Conference. The present British election, he said, was a domestic matter and whatever the results of the election might be the relations of Canada with the Mother Country would remain exactly as they were at present—most cordial.

Barrister in Vancouver Says Lord's Day Act Not in Force

Vancouver, Nov. 23.—That the Lord's Day Act does not govern in British Columbia, but that it is enacted in the reign of King Charles I. of England, governing Sunday observance, was the law in this Province, was the contention of Wendell Farris, K.C., in police court here to-day in connection with a charge against Miss Laverock of violating the Lord's Day Act in promoting a Sunday concert.

GERMAN CABINET WAS DEFEATED ON VOTE OF PARTIES IN CHAMBER

One Hundred and Fifty-five Members of Reichstag Supported Stresemann and Two Hundred and Thirty Lined Up Against Him; He Asked an Unequivocal Declaration, Not Being Content With an Indirect Expression of Opinion

Berlin, Nov. 23.—The Stresemann Government resigned to-day as a result of its defeat in the Reichstag on a vote of confidence. The vote for the resolution expressing confidence was 155 and the vote against it was 230.

In calling for the Chamber to declare its attitude, Chancellor Stresemann demanded an unequivocal vote of confidence. He informed the Legislature that he did not propose to retain office on the strength of the indirect approval which would be accorded him by the rejection of an independent "no confidence" resolution introduced by the Socialists and the German Nationalists. Neither of these, he pointed out, would be able in the present situation to command the majority necessary to unseat him.

The Government, Dr. Stresemann asserted, declined to be made the beneficiary of party tactics and would only continue in office upon being given a clearly definite vote of confidence.

The three Government parties in the Reichstag immediately introduced a motion to this effect.

At the time the Chancellor's demand for a clean-cut vote of confidence was thought to have revived the possibility of a military dictatorship headed by General von Seeckt as an early development. By refusing to become the doubtful beneficiary of the rejection of the opposition resolution, the Chancellor fronted the Reichstag with choice between a decisive vote of approval or the rejection of the joint resolution of approval drawn up by the coalition of parties.

Suggested Number of Citizens be Insured, Hospital to be Beneficiary

Vancouver, Nov. 23.—Approval of the plan to set up an endowment fund for the Vancouver General Hospital by inaugurating a campaign to insure the lives of public-spirited citizens, making the hospital the beneficiary was registered by the board of directors of the institution at a meeting last night.

The Vancouver General Hospital has a net deficit of \$184,053 and a large part of this deficit may be traced to the fact that the hospital treats the cases of infectious diseases of the city and district, a charge which should properly fall upon the city and the municipalities, it was reported.

It was decided to secure legal advice with a view to having a showdown with the city on the question.

HALIFAX AUDIENCE HEARD FIELDING

Finance Minister Spoke in Behalf of Liberal Candidate For Commons

Halifax, Nov. 23.—Replying to criticism of the Federal Government by Right Hon. Arthur Meighen, Right Hon. W. S. Fielding, Minister of Finance, last night, addressing a meeting here, asked why, if the Opposition considered the tariff plank of the Liberal platform of 1919 so "rotten," they constantly criticized alleged dropping of it by the Liberals.

If it were so bad, was it not a good thing to reconsider its adoption and to get rid of it? However, every tariff change so far made by the Liberal administration had been a change downward.

Last night's meeting was held on behalf of the candidature of G. A. Redmond, Liberal candidate in the Halifax by-election on December 5.

"If there is any part of my public career of which I am proud, it is that I negotiated the reciprocity agreement with the United States," said Mr. Fielding, referring to the issue of 1911.

Turning to the West, he said the great cattle trade of the prairie provinces had been dealt a deathblow by the defeat of reciprocity.

The appellant, however, has the right to appeal from an individual member's decision to a quorum, which means three of the five members of the board, not including the man giving the first decision. The decision of the quorum is final.

The services of the local soldiers' adviser are free for all appellants. The ex-soldier may present his case personally or through the soldiers' adviser, or he may employ counsel or engage the services of some other person.

No man who loves Christ can feel other than the deepest regret and sorrow they should exist."

SAYS ENGINEERING BUSINESS CROWDED

Secretary of Engineering Institute of Canada States Views

Montreal, Nov. 23.—"Don't do it," was the advice tendered at last night's meeting of the Montreal branch of the Engineering Institute of Canada to young men planning to study the profession of engineering.

Mr. Keith stated that the engineering profession to-day in Canada was overcrowded. He mentioned two men able to write M.E.C. after their names who were working as carpenters, while another found employment as a missionary in China.

He suggested as a remedy the dividing of the science course into two groups, one a four-year course leading to a B.Sc. degree, for industrial and other purposes, and the other a six-year course leading to a B.E. degree, for men who purpose to follow that profession in itself.

In the Burbank class the Portland Seed Company, of Portland, Ore., was first, and Charles W. Greeley, Ridgeford, Wash., second.

UNJUSTIFIABLE

If the object of the redistribution proposals which were submitted by the Premier yesterday was to readjust the representation in the Legislature so as to reduce the total membership in a substantial measure, we could appreciate the force of a contention that this community in common with others throughout the Province should contribute to that reduction and readjustment.

We shall be interested to learn upon what the proposed reduction is based. It can not be upon any proportionate decline in population, because our increase in ten years has been about the same ratio as that of Canada as a whole, as disclosed by the last census, while it is intended to add Oak Bay with a voting strength of 2,000 to the city constituency. It is notorious, too, that population figures are used as a guide in provincial redistribution only with the widest reservation; there are now, and there will be, under the new proposal many constituencies of less than two thousand electors per member.

We have good reason to suspect that the proposed reduction of Victoria's representation is the product of the party caucus of which, of course, the supporters of this constituency are merely a small fraction. We expect the Legislature to show more wisdom than the caucus in this respect, for it is hard to believe that it can possibly show less. We can assure the House that the electors of this city will bitterly resent any decision to cut down the representation they have had for a period which began when the Legislature of British Columbia was a numerically small body and when most of the present members were toddling around in swaddling clothes.

THEY ALL SIGNED THE NOTE

After all is said and done it matters little how much France gave way, or how much Great Britain felt it wise and proper to concede, as long as the note which has been sent to Germany contained the signatures of the four Allies. Had it been otherwise, if the British Government had not been able to allow Lord Crewe to sign the document, there would have been joy among the members of the Reichstag and the Chancellor would have tucked another Entente scalp in his belt.

With the note couched in less arbitrary terms than originally desired and intended by France it can be taken for granted that Berlin will use a little more note paper before she complies with the immediate demands that the note dictates. Her schemes for driving a wider wedge between the two members of the Entente are by no means exhausted and if she considers there is anything to be gained by delay she will take such cover as the present political situation in Britain may afford. She will recognize the difficulty any foreign Government will naturally encounter in dealing with one Ministry that may not exist after December 6.

Meanwhile, however, the Entente remains and with that condition Germany still has to reckon. For she may make up her mind once and for all that she will have to pay. Her process of deliberate default and her manifestations of unavoidable helplessness will merely stiffen the back of France. One may only wish that there were a more resolute Allied front—a line of action that was successful in the war and could be made as successful in the Peace.

DR. SUTHERLAND'S ASSURANCE

British Columbians in general will welcome the definite announcement from the provincial Minister of Public Works to the effect that the missing link of the trans-provincial highway will be commenced in the Spring and completed as quickly as possible.

By giving this assurance to a delegation which waited upon him the other day Dr. Sutherland has furnished valuable material for British Columbia's future publicity programmes. It will now be possible for the various progressive bodies of the Province to promise the motorists of this continent just the one thing that is necessary to permit British Columbia to reap her full reward from increasing tourist travel. There is not the slightest doubt that the revenue which will flow into provincial coffers after this road has been built will very quickly balance the expenditure which the Province intends to authorize and more than justify the project before it has been in operation very long.

As to what route shall be selected we are not concerned; nor is the motorist as long as he can see the greater part of British Columbia by the motor route without having to use United States roads to get to the central and Eastern sections.

IT WOULD BE GOOD BUSINESS

We hope the Government is favorably disposed towards the proposal for a ferry slip at Mill Bay and will shortly announce its intention of complying with the wishes of the Chamber of Commerce in this connection.

There are many reasons why the Cabinet must have been convinced that an appropriation for this undertaking would be good business. In the first place it would increase tourist travel over the Island at a season of the year when many motorists—whether bent on errands of commerce or at the call of recreation—would hesitate to take the Malahat route. In the second place it would relieve that important thoroughfare when Winter conditions demand constant vigilance on the part of the Public Works Department—and thereby reduce the expense of maintenance.

We venture to suggest that the cost of the slip would be saved in a very short space of time by reason of reduced cost of highway upkeep alone. Add to this the large possibilities of additional travel and the case will rest on its own.

QUITE A SUCCESS

Last week's potato show must have demonstrated to the people of this part of the world that British Columbia is fully able to produce a Northern seed in quality equal to that produced in any other part of Canada. The exhibits as a whole were of a high standard of excellence and the growers of the Province are entitled to warm congratulations upon their initiative and industry.

With the continually increasing demand for seed potatoes of the Northern variety—admitted to be far and away superior to anything produced on the other side of the line—it should be possible for Vancouver Island and British Columbia generally to do a profitable business with our neighbor in spite of a tariff of ten dollars per ton. Last year the growers of Prince Edward Island shipped nearly two hundred car loads to points in the United States at a good profit.

Somebody has presented Lady Astor with a horseshoe. Happily it was not enclosed in a hostile mit.

One of these days somebody will wonder how it is that the United States can boast of 110,000,000 people while Canada is puzzling her brains in wonderment over her slim nine millions.

One of the black foxes that was on its way from Montreal to Los Angeles died from swallowing an indelible pencil. Surely the craze for writing reminiscences and revelations has not spread to the animal world.

It is announced in a Vancouver newspaper that if Mr. Manson puts the beer clubs of that city out of business the municipal treasury will lose about \$30,000 a year. It can never be said that there is no novelty in the "club situation" as long as the Act reads it so does.

Dr. Cook has been sent to prison for nearly fifteen years. This is about the time it would have taken him to get to the place that he was supposed to have reached a few years ago—the North Pole. His latest adventures must have placed him appreciably nearer a warmer climate.

ASTONISHING CHANGES

A year ago that Ruhr Valley was a great manufacturing and industrial area; to-day it is, industrially, down and out. A year ago Lloyd George's government was at the end of its tether; to-day the government which succeeded Lloyd George may be at the end of its tether. A FORMIDABLE CONTESTANT

Brandon Sun.—There does not seem much doubt now but that the son-in-law of Woodrow Wilson will be a formidable contender for the Democratic candidature for the United States presidency. Politicians have long been planning for the boom of William McAdoo for presidential honors in 1924. There is some doubt if he will receive the blessing of his father-in-law in the contest, but McAdoo is reported to be ready to throw his hat in the ring in spite of that. Wilson is still a power in the Democratic party and is widely regarded as able to mobilize that portion of the party which still ardently advocates the entrance of the United States.

LONDON DRILLIANT IN AUTUMN SEASON. AS VISITORS THRONG

Presence and Activities of Dominion Premiers Attracts Many Wembley Already Prepares For Empire Exhibition Next Year

By Pantou House London, Nov. 23.—London's Autumn season is a very brilliant one this year. The coming of the Dominion Premiers has attracted many visitors besides those who are actually taking part in the entertainments given in their honor.

Mrs. Warren, wife of the Prime Minister of Newfoundland, voices the general opinion; London, she says, is preferable to New York and eclipses Paris; she finds it brighter and more cheerful socially, and says pretty things about the animation of the streets, the attractions of the shops and the beauty of the women.

November is even gayer than October. The King and Queen returned to Sandringham after entertaining the Premiers to dinner at Buckingham Palace.

We shall soon be in the full tide of charity balls, tea dances and bazaars. 1,000 Musicians in Band

At present Wembley is a comparatively rural spot, with roads quite adequate for its normal traffic, but not for the great masses of traffic which will surely arrive with the opening of the British Empire Exhibition next Spring. We understand that new roads will be made, and the existing roads widened and improved, so that all will be ready for the thousands of cars daily arriving from London and elsewhere at the Exhibition.

At the moment the programme of the Exhibition is, of course, not complete, but it is already decided that Empire Day shall be celebrated by a grand military tattoo, with the largest massed band ever assembled. Bandmen will be drawn from all the British line regiments, to the number of about 1,000, and with them will be mounted and recruited in the same way as the cavalry regiments. For the projected daily concerts, the Exhibition authorities are constructing a bandstand with seating accommodation for 10,000 people. For about six weeks during July and August a pageant of Empire will be shown daily. In this the Boy Scouts, whose Imperial Jamboree is fixed for the first week of August, will assist.

Lord Roberts Memorial

St. Paul's Cathedral is the traditional burial place of our naval and military heroes. Field-Marshal Lord Roberts, who, as all will remember, died in France in 1914 when on a visit to the front, is buried in the crypt, not far from Wellington and Nelson. At last he has a memorial in the cathedral itself, nearly opposite Wellington's monument. It is a fine monument, made of marble, but set in an oval of black marble, in a bay of the north nave aisle. The two daughters of the late Field-Marshal, Countess Roberts and Mrs. Lewin, were present at the ceremony which was also attended by Field-Marshal Lord Methuen and Lord Grenfell, and Generals Sir Hubert Gough, Sir Ian Hamilton, Sir Neville Lytton and Sir Desmond O'Callaghan; Lord Milner, Lord Amptill and Mr. Eustace Kipling. Lt.-Col. E. B. McNair, who was adjutant on the march from Kabul to Kandahar, was there, with six veteran Chelsea pensioners, comrades of the same campaign.

Schedule of Games For Corinthians' Tour is Arranged

Preparations are already well advanced for the tour of the Canadian inter-club soccer team. The D.F.A., which is arranging the tour, is hoping to schedule the first match in Montreal on October 25. It will make an effort to bring about its desired. The following list of dates has been prepared and submitted to the Corinthians. Tour "A" provides for the Old Countrymen landing in time to play on July 26; tour "B" a week later. The arrangement provides for one game each in Vancouver and Victoria, but the B. C. officials will urge an extra date for Vancouver. Toronto and Montreal are given two dates each.

Spaniards Were Not Spanish Enough for Pola Negri Picture

Barred from the movies! Because they didn't look Spanish, two hundred Spaniards were not permitted to appear in Pola Negri's new Paramount picture "The Spanish Dancer" which will be the feature at the Dominion Theatre this week.

When Mr. Brenon sent out a call for Spanish types to play in this colorful drama of old Spain, he stipulated that Spaniards must look like Spaniards. Out of over two hundred applicants, only half a dozen or so were able to qualify.

The question has now arisen, "When is a Spaniard not a Spaniard?" According to Mr. Brenon the answer is, "When he looks like a Scotchman." There was no dearth of Spaniards, who were willing to play in "The Spanish Dancer," but the traditional features were hard to find. Only after a long and careful search was the required number of players who looked like Spaniards secured.

Antonia Moreno, who is featured as Pola Negri's leading man in "The Spanish Dancer," is admirably cast in the role of "Don Cesar." His natural carriage makes it possible for him to wear the dashing costumes of medieval Spain with great effect. Heading a strong supporting cast are

Jackie Chums With Circus Freaks in Picture at Royal

The fattest woman in the world and the skinniest man are Jackie Coogan's boon companions in his latest First National picture, "Circus Days," presented this week by the Royal at the Royal Theatre.

Jackie, as Toby Tyler, a runaway youngster, who gets a job in the circus selling peanuts and lemonade, hatters such abuse at the hands of his boss, but he finds true friends in the fat woman and her husband, the skinny man.

He is also befriended by Luigi, an old circus clown, and Luigi's daughter, Jeannette, a pretty little equestrienne, who help to make life bearable for Toby.

Mr. Harrison insisted that it made no difference, as it would tend to show continuity. Commissioner Smith—it does make a difference. Supposing I was making an inquiry into any office force, where charges of dereliction of duty were made, and supposing a policeman who being drunk on duty, it would make no difference if he was drunk thirty times in 1914. I rule the evidence inadmissible.

Mr. Harrison—Then I ask that the dates upon which F. W. Eccles, Frank Fernandez, W. L. Smith, "Doc" J. P. Smith and J. J. Schmidt joined the force, or were employed by the force, be produced.

Mr. Pattullo said this would be done.

Mr. Harrison—Did you ever have narcotics in your house?
Witness—Yes. There were eleven packages of cocaine and three cans of opium that were brought from the Empress of Russia.

Mr. Harrison—Those were the narcotics that Mrs. Jones brought off?
Witness—Yes. Eccles said he hated to give them up, but had a Chinaman coming up to get them. The Chinaman came to the Royal Canadian Mounted Police, and that Fernandez was employed by Eccles in that service. He had introduced them so that they could get drugs off the ship. He was to get a split for getting them together.

Mr. Pattullo—And you knew these men were connected with the police?
Witness—Yes.
Mr. Pattullo—You knew they were doing a job of their own.
Mr. Pattullo—And you knew that Smith was standing by Fernandez' house to chase the Chinaman when he got the narcotics?
Witness—Yes.
Mr. Pattullo—And you also knew that the Chinaman was arrested by Eccles or Smith, or both, and that he was convicted and fined in the Police Court, and that his name was Mar Gow?
WAS FINED \$1,000
Mr. Russell—I knew it, for I defended him. The Chinaman was fined \$1,000.

Wallace Beery, Kathryn Williams, Gareth Hughes, and Adolphe Menjou. Ideal Pair of Lovers Seen in Ethel Clayton and Malcolm McGregor

Ethel Clayton and Malcolm McGregor make an ideal pair of lovers in "Can a Woman Love Twice?" starring Ethel Clayton, which is now playing at the Playhouse Theatre.

But there is a strange romance indeed. For Miss Clayton is seen as a young mother who is posing as the widow of a soldier believed to have been killed in France, and McGregor is seen as the soldier—but far from dead! Naturally he is surprised to find on his arrival home that he has been preceded by his "widow" and baby "son," for he never saw either of them in his life before! Further complications pile one on the other for the father is estranged from the son, and the three take up residence under the same roof. The father loving his supposed daughter-in-law and hating his son, and the girl's feeling for the father, and her love for her son bring about a state of affairs that dramatically develop into one of the most smashing climaxes ever seen.

After twelve years as a Vitagraph star, Earle Williams has left that organization to be featured under Metro-Louis B. Mayer auspices in the Reginald Barker production of "The Eternal Struggle," showing at the Capitol Theatre this week. In these days of constantly changing studio personnel, Earle Williams' affiliation of a dozen years with the Vitagraph company stands out as a long-distance contract record.

John Willard has written no "pot-boller" in "The Cat and the Canary," the thrilling drama which Kilbourn Gordon, Inc., are to present at the Royal Victoria, Wednesday and Thursday nights, November 28-29.

It is good writing, good drama, and the sort of play the public likes, as evidenced by the long lines that have formed at the box office wherever the play has been given. And the popularity of "The Cat and the Canary" has not been confined to the larger cities. To be sure, it has the unique distinction of having played two engagements on Broadway, and London, Chicago and Philadelphia went wild over the drama.

There is however, more surety to the wider public of the land in the fact that Atlanta, Birmingham, Syracuse, Rochester and Buffalo, as well as the smaller cities, have found "The Cat and the Canary" one of the most diverting entertainments offered in many years. There is entertainment for all players in "The Cat and the Canary." Even the inveterate movie fan will find the pace of this play swift enough to suit his abnormal fancy, and, too, it is said to say that said inveterate movie fan will find this spoken drama as fascinating as any picture ever screened.

A new oil lamp that gives an amazingly brilliant, soft white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, G. Johnson, 578 McDermott Avenue, Winnipeg, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him to-day for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

SAID MONEY PAID AFTER DRUG DEAL

Harry Jones Testified at Mounted Police Inquiry

Vancouver, Nov. 23.—Harry Jones, husband of Mrs. Fanny Jones, who had testified earlier, gave evidence at the Mounted Police narcotic drug squad inquiry before Commissioner J. P. Smith, K.C., here yesterday.

He said he had met Frank Fernandez, W. L. Smith, F. W. Eccles, and Sergt. Brown on several occasions. He had introduced Fernandez and Eccles. It was about three years ago. Apparently Eccles and Fernandez, who was a longshoreman, had not known each other.

Witness—Well, I saw them go up an alley to Fernandez' house. I hung around and then saw two sacks put into the automobile of a Chinaman who drove up. The car drove away.

Witness—Well, the next thing I saw was a car driven by Smith start in chase of the Chinaman's car. Then I saw Eccles start running up Commercial Drive after the Chinaman's car, but it got away from them. The next day I saw Eccles and he said they had got away with the stuff. He said he could guarantee that Fernandez and I would get \$1,200 for our part in the work. Two or three days later he gave me \$1,000, and then in about a week \$200 more. I split the money fifty-fifty with Fernandez.

Witness—Yes. There were eleven packages of cocaine and three cans of opium that were brought from the Empress of Russia.

Witness—Yes. Eccles said he hated to give them up, but had a Chinaman coming up to get them. The Chinaman came to the Royal Canadian Mounted Police, and that Fernandez was employed by Eccles in that service. He had introduced them so that they could get drugs off the ship. He was to get a split for getting them together.

The Chinaman came to the Royal Canadian Mounted Police, and that Fernandez was employed by Eccles in that service. He had introduced them so that they could get drugs off the ship. He was to get a split for getting them together.

Witness—Yes. Eccles said he hated to give them up, but had a Chinaman coming up to get them. The Chinaman came to the Royal Canadian Mounted Police, and that Fernandez was employed by Eccles in that service. He had introduced them so that they could get drugs off the ship. He was to get a split for getting them together.

EVIDENCE RULED OUT
When Emil Muehlart, who sought

A cough is a warning that you need SCOTT'S EMULSION

to build-up lagging strength. If rundown in vitality, build up on Scott's Emulsion.

Mr. Harrison insisted that it made no difference, as it would tend to show continuity. Commissioner Smith—it does make a difference. Supposing I was making an inquiry into any office force, where charges of dereliction of duty were made, and supposing a policeman who being drunk on duty, it would make no difference if he was drunk thirty times in 1914. I rule the evidence inadmissible.

Mr. Harrison—Then I ask that the dates upon which F. W. Eccles, Frank Fernandez, W. L. Smith, "Doc" J. P. Smith and J. J. Schmidt joined the force, or were employed by the force, be produced.

Mr. Pattullo said this would be done.

Mr. Harrison—Did you ever have narcotics in your house?
Witness—Yes. There were eleven packages of cocaine and three cans of opium that were brought from the Empress of Russia.

Mr. Harrison—Those were the narcotics that Mrs. Jones brought off?
Witness—Yes. Eccles said he hated to give them up, but had a Chinaman coming up to get them. The Chinaman came to the Royal Canadian Mounted Police, and that Fernandez was employed by Eccles in that service. He had introduced them so that they could get drugs off the ship. He was to get a split for getting them together.

Mr. Pattullo—And you knew these men were connected with the police?
Witness—Yes.
Mr. Pattullo—You knew they were doing a job of their own.
Mr. Pattullo—And you knew that Smith was standing by Fernandez' house to chase the Chinaman when he got the narcotics?
Witness—Yes.
Mr. Pattullo—And you also knew that the Chinaman was arrested by Eccles or Smith, or both, and that he was convicted and fined in the Police Court, and that his name was Mar Gow?
WAS FINED \$1,000
Mr. Russell—I knew it, for I defended him. The Chinaman was fined \$1,000.

Commissioner Smith—You knew that?
Witness—I remarked that I thought it was the same man; but it might be I supposed that; perhaps they got another man. I thought it was a stall.
Mr. Pattullo—And you know that it was the same shipment of narcotics?
Witness—Yes.
Commissioner—Somebody was convicted for that deal?
Witness—Yes, for that transaction.

LETTER PRODUCED
Mr. Pattullo produced a letter which he asked the witness if he recognized.
Jones said he would not say.
It was addressed to the witness and was signed Lee.
"Did you ever get a letter from Lee Foo?" asked counsel.
"One."
"And you don't know whether this is the one?"
"I will neither deny it or admit it."
"Will you deny that you gave this letter to Eccles?"
"I will neither deny it or admit it."
Mr. Pattullo—I will read you a paragraph. "I give your brother \$20 and then send \$50." Does that help you?
Witness—No.
Mr. Pattullo—You have a brother on the Victoria police force?
Witness—He was on the force. I don't know anything about transactions between my brother and Lee Foo.

COMMISSIONER'S OPINION
Commissioner Smith—Decidedly unsatisfactory evidence, I think, for a witness to say that on got one letter in his life from a Chinaman and then not be able to say what was in that letter, and when tendered a letter addressed to him by a Chinaman he can't say whether it is the one or not.
Mr. Pattullo—You knew you were assisting Eccles, as a police officer?
Witness—Yes.
Mr. Pattullo—Was it not the understanding that he was not to arrest Lee Foo because Lee Foo was your friend?
"Yes."
"And the idea was that Lee Foo was to give the narcotics to another Chinaman, who was to be arrested?"
"Yes."
"And something went wrong?"
"Yes," answered the witness. "Lee Foo came and took some on the street car, and the other Chinaman came in an automobile."
Jones denied his wife had been paid any money for bringing the narcotics off the liner Empress of Russia. He would have known it if she had.

TO BRING XMAS TO LONELY LIGHTHOUSE

Ladies Raise Money For Seasonable Gifts

At a birthday tea and shower for the lighthouse, held at the Connaught Seaman's Institute, a variety of seasonable gifts were sold and a nice sum of money contributed for the Christmas campaign. Mrs. Thompson, president of the Ladies' Guild, opened the affair, and spoke feelingly of the lonely and often tragic circumstances under which the lighthouse keepers and their wives often work. An interesting informal talk on her experiences in Japan was given by Mrs. Chapman, and a delightful musical programme was given by Miss Hodson, Miss Irma Haskamp and Miss Ellen Russell, the two latter being pupils of Miss Irene Long. The Ladies' Guild would welcome gifts of magazines or other articles to be included in the Christmas parcels, and these may be left any day this week in the care of Mr. and Mrs. Smith at the Connaught Seaman's Institute.

METROPOLITAN CHURCH BAZAAR TO-MORROW

Elaborate preparations are now complete for the annual bazaar of the Ladies' Aid Society of Metropolitan Church, of which Mrs. Weston is the capable president. The bazaar is to be held on Saturday of this week in the store lately occupied by Seabrook Young, and will be opened at 9 a.m. by Mrs. (Dr.) Sippel. A most extensive list of articles is to be offered for sale, including home-made cooking and candy. Afternoon tea will be served by Mrs. Halcombe and Mrs. Howard, and several amusing contests have been arranged. The conveners of the various committees are: Mrs. Westcott, Mrs. B. Lewis, Mrs. W. Moore, Mrs. Siddall, Mrs. Harte, Mrs. Howis, Mrs. Moorehouse and Miss Willis. This bazaar is waited by many in the city with great interest, and the collection of fancy and useful articles is the most attractive they have ever presented to the public.

HOME COOKING SALE

On Saturday the Margaret Rocco Robertson Chapter of the I.O.D.E. will open a home cooking and fancy work shop on Fort Street, adjoining Kirkham's grocery, at which a goodly array of tempting articles of home cooking will be offered for sale by the young ladies of this chapter. A fancy work table will also be spread with dainty articles awaiting purchasers. Miss Dorritt Pullen is the convenor in charge of this work. The home cooking fair is being held to aid the funds of the chapter, which engages in the patriotic work as carried on by the I.O.D.E., and has in hand the task of furnishing a room at the new Provincial Royal Jubilee Hospital.

NATIONAL COUNCIL OF WOMEN ENDS SESSION

Georgetown, Ont., Nov. 22.—A resolution asking the Federal Government for a closer censorship of magazines was passed by the executive committee of the National Council of Women here today following a report submitted by Mrs. J. H. Wood on objectionable literature to be found in Canada. The sessions of the executive closed to-night. A scheme for rural settlement which includes the establishment of villages about community centres, received much favorable comment in the discussion which followed. Mrs. Pankhurst at the luncheon, gave an address on social hygiene and asked for the support of the Council in her work. In answer to a communication from the International Council, it was decided to participate in the British Empire Exhibition. A special pamphlet, from Canada, will be prepared for distribution.

YOUR HOME AND YOU

When I was a little girl, I used to have wonderful times playing house under the shelter of an old-fashioned clothes-horse, on such days as this bulky piece of household furniture was not in use to hold the week's ironing. I stretched a big marriage robe over the outspread arms of the horse, and in which many rainy mornings were spent. Where in the world would that first room for that clothes-rack, wonder, in our modern city apartments, where every inch counts! As I remember it, it entirely filled the centre of the room when opened wide enough to stand alone. Those were the days of roomy kitchens, with other rooms to match. Nowadays anything that took up as much space as that old clothes-horse would crowd all the rest of the furniture out of the apartment, to say nothing of the tenants.

Dear Marie, Guess again, old dear! It was the best prize ever. I told the girls that at first, so they all played like fury. I said it was some thing that would make them much more beautiful—something that would make their skin as smooth as a kitten's wrist—so they all breathlessly watched the lucky lady pull forth a big bottle of Campana's Italian Balm. The result was as magic as Campana's itself. We are soon going to enter a Beauty Contest 'en masse'!! Peggy 1887

There are a number of these small space clothes-driers in the shops, all following more or less the same lines. They are a boon to the mother with a baby, whose dainty things must be washed often, and to the laundress on wash-day as well, when they can stand in a sunny window, or before an open fire, or in one corner of the bathroom, by the radiator. When closed, they look much like a simple, unobtrusive sketch, where the open rack is in the foreground and the collapsed one stands in the rear.

Mr. D. St. Denis, of Nelson, is on a visit to this city. Mrs. J. Blackman of Vancouver, is on a visit to the city. Mr. O. B. N. Wilkie, of Victoria, has been to Kamloops on business. Mrs. Jean Miller of Long Beach, and E. Phillipson of Los Angeles, are California visitors in Victoria. R. N. Wilde and Ronald Heck, of Kimberley, South Africa, are visitors to Victoria. Mr. Dick and Mr. Jack Vaughn left last night for an extended holiday in San Francisco and Los Angeles. Miss Phyllis Innes left last night for Vancouver from Toronto, where she has been visiting. Mrs. David Ker and her daughter, Miss David Ker, will leave on Sunday for Honolulu to spend the winter months. The many friends of Mrs. H. A. Goward, St. James Street, will regret to hear she is a patient in St. Joseph's Hospital. Mrs. Meakin, who has been visiting for a short time with relatives in Victoria, has returned to her home in Nanaimo. The name of Miss Sowerfoot, who was in charge of the art stall at the bazaar held this week by the Ladies' Aid of the First Congregational Church, was inadvertently omitted in the list of conveners. Mr. and Mrs. Crawford Fennell (nee Laddie Watkins) who have been visiting with Mr. Fennell's mother in Vancouver, are at present the guests of the Chief Justice and Mrs. Hunter at Shawnigan Lake. Rev. Dr. Darwin, Superintendent of Missions for the Methodist Church in British Columbia, was in Salt Spring Island last Sunday, and passed through the city yesterday en route to Courtenay and Duncan. GAY SCENE AT POLICE BALL

Two Thousand People Guests at Big Annual Police Affair at Armories

Fully two thousand people turned out last evening and danced till the peep o' dawn at the big police ball at the Armories. The big building had been transformed into a most attractive background for the affair. Blue and white bunting, streamers and hundreds of flags were employed in its decoration, with illuminated emblems representing handcuffs, baton and helmet, the effective scheme being carried out under the direction of Mr. G. H. Ellis. The programme opened with the Grand March, led by His Honor Lieutenant-Governor, Mr. H. J. S. Muskett and Mrs. Fry, followed by Mr. H. J. S. Muskett and Mrs. Clarke, Chief Fry and Mrs. McIntosh and the long concourse of guests. An excellent choice of to-day's music was provided by Ozard's twenty-piece orchestra, twenty-five dancing numbers and innumerable encores being enthusiastically danced through by the merry throng. The force enjoys an enviable reputation as caterers, and the supper last night served from 11 to 2 o'clock was no exception to its predecessors. The flower-decked tables were arranged at one end of the ballroom, where hanging baskets of geraniums and violet-shaded lights made an effective setting. The refreshments were served under the direction of Mr. McDonald, manager of the buffet at Parliament Buildings. The invited guests included His Honor the Lieutenant-Governor, Mr. H. J. S. Muskett, and Mr. Randolph Bruce, Colonel J. H. McMullin, Superintendent of the Provincial Police and members; Brigadier-General and Mrs. Ross, Lieutenant-Colonel and Mrs. F. A. Warm appreciation is expressed by the Lady Douglas Chapter, I.O.D.E., for the help given by so many energetic friends at the carnival ball on Monday. Webster, assisted by Mrs. Willis Dean and Mrs. Sharpe, whose untiring efforts with the children's programme were much appreciated. Mrs. George Chisholm arranged the beautiful mid-Victorian bouquets for the dancers of the gavotte. Mr. John Simpson as the Pied Piper of Hamelin, added much to the enjoyment of the children's party.

A GOVERNMENT DISH BREAKER.—The budget bureau decided there must be specifications for a uniform standard in government dishes. The Bureau of Standards at Washington was handed the job of developing the specifications. For a year Scott and two assistants have been testing all kinds of chinaware for strength and durability. They've used up more than all-Hollywood's movie comedy studios. But they're about through, and in a few weeks will send in their specifications. "American ware is the toughest, because it is not baked so hard," said Scott. "But German ware will hold the designs the longest." Whole carloads of chinaware have been destroyed in conducting the tests. "We've broken up some mighty pretty dishes," Scott said. "But then that has been our job—to break up China!"

URGES C.N.R. TO BUILD LINE INTO PEACE RIVER AREA PRICE CHARGE MAN WITH ATTEMPTING TO TAKE OWN LIFE

Railway From Prince George North Would Provide Best Grain Route, Says Perry Henry R. Watson Denies Any Recollection of Alleged Offence

Investigation by the Canadian National Railway into the advisability of building a line from Prince George into the Peace River district is urged in a resolution which will be moved in the Legislature this week by H. G. Perry, Liberal member for Fort George. Mr. Perry will suggest that the House request the Federal Government and the C.N.R. management commence immediately to consider the advisability of tapping the great natural resources of the Peace River country. A line from Prince George north into the Peace River country would form the best route for the movement of grain from the northeast of the Province to the coast, Mr. Perry asserts in his resolution. Mr. Perry points out that there are hundreds of settlers in the Peace River district of British Columbia, who are induced to settle there by the Federal and Provincial Governments, by repeated assurances that transportation facilities would be provided for them.

ADMIT RESPONSIBILITY He states that it appears impossible for the Provincial Government to undertake this work and contends that the Federal Government admits its responsibility to the settlers in the 2,500,000-acre Dominion territory having voted \$50,000 for railway surveys for a line to connect Peace River with the Canadian National. He also says there are two proposed routes. One is by way of Brule Lake, in Alberta, which he says will not open up the British Columbia section of the Peace River country. This line would leave Vancouver 342 miles from a central point in the Peace River section of this Province, while the line via Prince George to the same point would only be 710 miles long. The distance from Prince Rupert to the same point, via Prince George, would be 745 miles. Mr. Perry also contends that the line via Prince George would permit the manufacture to secure a market in the Peace River country, and it would also open up large areas and tap great wealth in Northern British Columbia.

POLICE TAKE LIQUOR VALUED AT \$3,000 Cellar Stock of J. E. Day Removed in Raid Yesterday Afternoon Whisky, brandy and port wine, valued by the owner at \$3,000, were seized by the city police yesterday afternoon at the residence of J. E. Day, 23 Cook Street. The raid was armed with a search warrant, proceeded to the scene in the patrol wagon, and formally seized the liquor which the Crown witness said was unlawfully held as unsealed by the seal prescribed in the terms of the Government Liqueur Act. The liquor was removed to police headquarters where it is now being held. Inquiry at the police station this morning elicited the fact that no charge would be preferred against the owner, who is not being seized at present, but that it was open to Mr. Day to apply for its return under Section 58 of the Government Liqueur Act. The raid and the subsequent seizure was conducted without incident, being a quiet affair with a formal protest entered by the owner at the time. The case will be heard this morning, and will proceed to contest the matter, it is understood.

NEWS IN BRIEF The regular meeting of the City Police Commission will take place to-night at police headquarters, Fisgard Street, commencing at 8 o'clock. Rev. Dr. Moore, of Toronto, while in the city recently, stated that the bill for Church Union in the coming session. The General Council of the United Church probably would be held in July, 1924, said Dr. Moore, is the expectation in the East. A benefit concert will be given at the Centennial Methodist Church to-night in aid of a member of the musical fraternity. The Moore band will be assisted by several leading vocal and instrumental artists of the city. The concert will commence at 8:30 o'clock, the entire programme being broadcast by the church's radio equipment. The Missionary Auxiliary of the Reformed Episcopal Church will hold a missionary and social evening in the Sunday Schoolroom on Tuesday, November 27, at 7:45. The speaker will be Canon Stocker, missioner to the Blackfoot Indians, and Mr. Munro of Japan. There will be a short musical programme, and refreshments will be for sale, the proceeds being used for missionary effort.

Mayor Hayward has received a letter from C. W. Stokes, Assistant Chief Publicity Agent of the Canadian Pacific Railway, Montreal, thanking him for the appreciation expressed for the full page notice of Victoria in the new folder of the company, in which the city is described as a Canadian city with the climate of the South. With the police commissioner fight coming on and talk of a blue or an open Sunday revived, a story has reached the Publicity Bureau of an Aberdeen settler brought here through advertising efforts. "How do you like Victoria?" he was asked. "Fine." "Do you find it quiet?" "No." "Not even on Sundays?" "No. Sunday is the day I get homesick. It's like Aberdeen on a tag day."

Find Immigrant Charges Groundless; Britishers Came on Friends' Advice

Charges that forty British immigrants were brought to Nanaimo as a result of Mrs. Mary Ellen Smith's immigration work and left destitute are proving groundless, according to word received at the Parliament Buildings to-day by the lady member for Vancouver.

J. D. McNeven, Deputy Minister of Labor, who went to Nanaimo yesterday to investigate the condition of British immigrants there, informed Mrs. Smith by long distance telephone to-day that he has found only sixteen British immigrants. Mr. McNeven said he had questioned many of these men and so far had been unable to find any who had come to Nanaimo as a result of Mrs. Smith's immigration work. All the men questioned by Mr. McNeven declared that they had come here on the advice of friends and relatives in Nanaimo. Mr. McNeven added that he thought there would be no difficulty in looking after the immigrants. The whole situation, he declared, could be adjusted satisfactorily. Mr. McNeven stated that he had already found work for several of the Britishers and expected to be able to place the remainder in employment shortly.

FIFTY-YEAR RECORD IN FINE BROCHURE Early Days Here Inextricably Woven With Messrs. David Spencer's History Past are the golden days of Autumn, and with them the Golden Jubilee of Messrs. David Spencer, Ltd., will soon live only as a grateful memory. The well-known firm might almost have personally ordered the gorgeous weather which has so faithfully shone on the city during their Jubilee celebration. Certainly their generosity provided a full golden day of sunshine for the many who took their seats at the opening of the grand gala of October and November "free gratis and for nothing" to beach or woodland, while numerous golden values since have left a sunny feeling of approbation in the hearts of their many customers. As a memento of the occasion the Golden Jubilee brochure which the firm has put out to circulation, is valuable and interesting. Opening with a photograph and brief biography of the late Mr. David Spencer, founder of the business, the expansion and development of the company is given in pithy paragraph form. Woven in with the growth of the firm is the history of pioneer days in Victoria, its early chapters inextricably tied with the early days of its foremost retail venture. Old photographs of the Hudson's Bay Fort and stockyards, and the old when neither Empress Hotel nor Parliament Buildings had materialized, with pictures of the former store on the corner of the city, are of keen interest, while later pictures of the handsome modern buildings in Victoria, Vancouver and Nanaimo, along with scenes at the firm operated by them in Huxley, B.C., whence most of their dairy supplies for the three stores emanate, provide a fitting record of the firm's achievement. The prospect given to the efforts of the firm when on October 1, Mrs. Spencer, widow of the founder, her self appeared to open the doors "to enter an era of business follow-up" is graphically told, and those who value an interesting human document will undoubtedly find much to appeal to them in the little brochure.

TO INVESTIGATE GOVERNMENT SALE Alberta Government Sends Official to City to Study Liquor To study the liquor situation in British Columbia F. G. Forster, former chief license inspector of the Alberta Government, arrived in the city yesterday afternoon from Edmonton. The Alberta Government, like the Manitoba Government, is following the practice of sealing liquor conditions under Government sale at first hand. While in the case of the Manitoba province the government withwelds the liquor and a measure framed on the experience of the provinces which are trying out government sale. In the Manitoba case R. W. Craig, Rev. Thomas Menzies, came to Victoria personally, and conferred with Liquor Board officials. In the present case the Alberta Government has sent a practical man to investigate.

GOVERNMENT MAY ISSUE STATEMENT ON M'GEER ACCOUNTS Attorney-General A. M. Manson stated at 1 o'clock this afternoon that he might make a statement in the Legislature to-day on the accounts of G. G. McGeer, Government Counsel in the freight rates case, whose expenses have been before the Public Accounts Committee this week. Mr. Manson said he would discuss Mr. McGeer's accounts until he had an opportunity to investigate the whole situation. He intimated that a statement would be issued at the proper time. Chief Clerk Bridge, of the Attorney-General's Department, declared that the Attorney-General's expenses regarding the freight rates case, which were paid by the Government, were not a matter of public concern. He said that the only rate expert, the expenses of whose wife had been paid, was Mr. Miles, and this was because Mr. Miles was working away from home for ten months. "It is thought that confusion over Mr. Bridge's statements rose out of the practice of members of the Public Accounts Committee hurling numerous questions at witnesses simultaneously."

WRANGELL'S SOLE SURVIVOR.—Here is Ada Blackjack, the Eskimo woman who is the sole survivor of the party of five sent to colonize Wrangell Island, off Alaska, by Vilhjalmur Stefansson. She is shown with her son, Donald, whom she brought from Nome to Seattle for medical treatment.

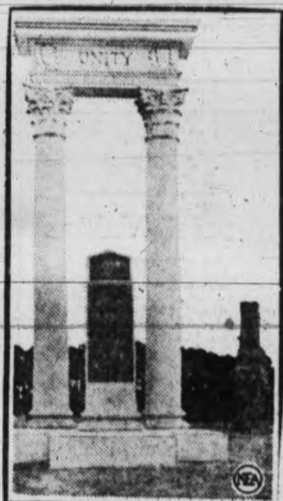

WE HAVE WITH US TO-DAY Wilhelm Hohenzollern (left), who has been a prominent resident of Doorn, Holland, since November 9, 1918, has been planning to visit his old home, Germany, where he held high office until he suddenly decided to move to Holland. This comes on the heels of the return to Germany of Mr. Hohenzollern's oldest son, Frederick Wilhelm (right), who like his father, has been a Holland resident for five years. Both declare themselves so interested in Dutch scenery that they are only going to visit the fatherland, but there are many who hope (and fear) that they may be prevailed upon again to become active in German affairs.

A ROYAL BRIDE IN SILVER.—First photo of Lady Louise Mountbatten dressed in the gown of Indian silver she wore when she married the Crown Prince of Sweden. It is of simple design, has a low-waisted bodice. The sleeves are long and tight-fitting. A long trail of orange blossoms, tied in a lover's knot, hangs at the side of the waist. The panel-shaped train is made of Indian silver gauze.

VISIT WILSON.—Five thousand persons journeyed to the Woodrow Wilson home on S Street, Washington, on Armistice Day, hoping for a glimpse of and a word from the war president. They were not disappointed. Senator Carter Glass is shown on left, and Ralph Bolling on right.

MEMORIAL.—On the spot of this memorial to the recreated America the last Confederate troops surrendered. It is on the Bennett Farm, three miles west of Durham, N.C. The chimney of the farmhouse still stands. The two columns represent the North and South and the caption over them reads "Unity."

WOMEN PENETRATE THIBET.—Mrs. W. J. Morden, of Chicago (centre) and Mrs. J. B. McCauley, of Evanston, Ill. (right), performed the remarkable feat of crossing the high passes of the Himalayas and penetrating into the little-known empire of western Thibet, where white people seldom have set foot. Here they are sitting beside a Thibetan lama.

OH HORRORS!—Girls take a good look at this! It shows one reason why fond mamas raise their boys to be soldiers. This lad, the top of whose head you see, is having a permanent wave put in his hair—said to be the very latest in New York.

WITH BREAKFAST FOOD.—Illinois, which is marketing enormous crops of sunflowers each year, is beginning to threaten Kansas' laurels as the "Sunflower State." Here is one of the real champions of this year's crop. They're using sunflower seed now for breakfast food.

CHANCELLOR?—This is Dr. Victor Klenboeck, Austrian Minister of Finance, who probably will succeed Chancellor Seipel in the event the latter resigns. Seipel, dispatches indicate, may quit almost any day.

SHE'S LITTLE—BUT REARED A MIGHTY FAMILY.—She's little and yellow and only a hen. But there are four big geese on the farm of Edgar E. Rich, who think the world of her. She brought them up from the egg, and puzzling infants they were, too. They grew so fast she couldn't quite figure it out. And she tried so hard to keep them from going in the water—but they just would! It's a familiar sight to see these four geese walking about with their adopted mother, quacking loudly in apparent answer to her clucks. They're a devoted family.

THE WAY OF A MAN WITH A HEART.

BRITISH DIPLOMAT.—Sir Horace Humbold, British High Commissioner in Turkey, has been mentioned unofficially as the successor of Baron d'Abernon for the ambassadorship to Germany.

MISS DOROTHY WOOD, of Edmonton, is taking her mount, "Sir Iran," to the Royal Winter Fair in Toronto, where she will show that an automobile need be no obstacle to a horsewoman. She takes "Sir Iran" over the car as readily as over a hurdle.

LADY LAUDER AND SIR HARRY in Los Angeles.—"Many curious young gurgis have asked me, 'How does Sir Harry manage to have such white knees?'" says his wife, Lady Annie Lauder, whose sense of humor quite equals that of her famous husband. "The same way you keep your complexion white," I answer. "But how, but how?" they keep asking. "You powder your noses, my dears—while he powders his knees. You see it's really vairy simple."

RUBBERS AND STEELS STRONG IN NEW YORK

(By B. A. Bond Corporation, Ltd.) New York, Nov. 23.—Strength broke out in unexpected quarters in today's stock market. The rubber and accessory stocks shared with the usually inactive steel issues, such as Cast Iron Pipe and Iron Products, in a substantial advance, the latter shares scoring advances of five to six points. There seemed to be lots of stocks for sale around the high levels to-day, but everything was so well taken that the market displayed no weakness. The volume was on a smaller scale than yesterday, but if anything the market presented a firmer appearance. Towards the close the announcement that the Chesapeake and Ohio had declared only the regular dividend caused a sharp break in that stock, and this caused temporary weakness in the balance of the list, but the close could not be called soft. After selling at 69 Chesapeake recovered to 72 and closed around 71. The way support appeared on the weakness during the last hour was very impressive.

RETAILING SALES AT TO-DAY'S SESSION

(By Burdick Bros., Ltd.) New York, Nov. 23.—The total turnover was small to-day and the tone of the market except in the case of a few specialties which exhibited advancing tendencies was more reactionary. Quite a little scattered profit taking was in evidence and this served to check the upwelling in prices. The undertone of the market at all times, however, was very firm and offerings were absorbed in a rather impressive manner. Favorable dividend announcements with respect to industrial corporations continue to make their appearance, and these are pointed to with much satisfaction by those entertaining bullish ideas. Railroad earnings for October continue to show up well, and signs are not lacking for a distinct turn for the better in the oil industry. In fact, it was reported that a certain concern was paying a ten cent premium for Pennsylvania crude oil in limited quantities. The week's various prominent bankers have released favorable utterances on the general business situation, and same have done much to improve sentiment in stock market circles. The upward tendency of prices, but we do not think that the movement of prices upward has culminated.

DECLINE RESUMED IN CHICAGO GRAINS

(By British American Bond Corp., Ltd.) Chicago, Nov. 23.—Although to-day's grain markets started out in a very promising way for those working for higher prices there soon developed the old pressure against prices and the market closed a cent lower for wheat and a good fraction off for corn futures. Cash corn was on two cents lower again to-day, bringing the price of some grades down to the December delivery price. The reports that a large line of wheat had been accumulated by stock interests did not seem to have much effect on prices except around the opening. Last sales were around the day's lowest.

TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, Nov. 23.—Trading was light on the wheat market here to-day and outside of a little buying early in the morning the price of some grades comparatively steady. Prices closed part of the session and closed as follows:

HERE AND THERE

(By Burdick Bros., Ltd.) On Nov. 1 the Penna. Railway had 142,527 shareholders, a new high record. President Byram, of the St. Paul, demand, while receipts were 350 cars, caused further selling on corn and lower prices. The decline in wheat was a factor in checking the demand for corn. Weather conditions were not quite so favorable and the country offerings are light. We believe that prices will not have to decline far, however, to encounter good buying, especially as a cash situation assumes a normal prospect as to hedging facilities. Oats: Under the influence of wheat and corn prices sold off a little. There is an increasingly strong feeling that prices will be held up by the heavy consumption and the prospective large requirements. Close friends of President Coolidge say he will flatly oppose Soldier Bonus Bill before taking up tax reform. Chamber of Commerce committee estimates that the department's expenditures for equipment and facilities in next ten years will be \$7,870,000.00. Moon Motor Car Company outfit of 25,000 cars for 1924 purchased by dealers in increase of 12,000 over 1923 schedule. The Penna. Railway long awaited order for rails for next year was said yesterday to have been closed. The total called for 200,000 tons, of this is expected that subsidiaries of United States Steel will roll 90,000 tons, Bethlehem 90,000 and Inland Steel 15,000 tons. Great Northern freight loading for thirty days of November show a freight tonnage of approximately \$10,000,000 will be considered by the stockholders on the Big Four at a special meeting to be held in Cincinnati, December 22. It is said to consist of bonds under refunding and improvement mortgages. Weather temperatures cooler over the cotton belt, with drizzling rains all day yesterday, but no real high record. Liverpool: Pearl seas: Hedges absorbed by limited trading fixing, spot demand only about fifty per cent of normal and curtailing increasing. Dawson Chem.: Sharp decline of about twenty points in about a month. Futures followed appearance on the tickers of a contract in oil had investigated the company's silica gel process, used in connection with refining gasoline, and were not interested in the process.

STRONG INTERESTS BUYING WHEAT NOW

(By B.A. Bond Corp., Ltd.) Chicago, Nov. 23.—The Chicago Tribune grain review says: "A large part of the buying of wheat futures was attributed to three of the largest local professional covering. The buying was also done by other interests on the theory that inasmuch as the price does not decline on bearish news as it has been discounted and it is time to get off the bear side for the latter is off around ten cents per bushel this week, while futures have held well. December corn was one cent over December at the last, the nearest bid was 102-1/2. There is a belief among many of the close observers that there is a strong interest under the wheat market which has taken hold to hold the stock market and general business. It has a large line of December wheat, much of which it is said has been turned over into May and July."

SELLING TO-DAY IN CHICAGO GRAINS

(By Burdick Bros., Ltd.) Chicago, Nov. 23.—Wheat: The market proved a disappointment to those who expected the wheat prices to continue to advance. Not only did the demand not follow the recent upturn, but the heavy covering left the position technically weaker. It probably will take more than minor price advances at Liverpool to provide the basis for any substantial upturn. As we have pointed out repeatedly, it is a condition and not a theory that confronts the grain trade at the present time, and probably for some time to come, the prospect is for a superabundance of supplies both in this country and abroad. However desirable it would be to have a higher range of prices, it is doubtful if any important buying demand develops. Export business apparently is out of the question except in a very modest way and the domestic trade is also quiet with a tremendous visible stock to modify and bullish sentiment. Dispatch from Washington says political moves are moving to pass Soldier Bonus Bill before taking up tax reform. Annual convention of Farmers' Union unanimously passed resolution that tariff on wheat be increased to 50 cents a bushel. Close friends of President Coolidge say he will flatly oppose Soldier Bonus Bill before taking up tax reform. Chamber of Commerce committee estimates that the department's expenditures for equipment and facilities in next ten years will be \$7,870,000.00. NOT FOREIGNERS, BUT NEW CANADIANS, SAYS J. M. GIBBON

Toronto, Nov. 23.—"The foreigners in this country should not be called foreigners, but 'new Canadians,'" said J. M. Gibbon, the well-known author of Montreal, before the Empire Club here yesterday. The continental Europeans had torn up their roots and come to Canada to make permanent homes and rear their children in the Dominion, he said.
 Mr. Gibbon mentioned that "the greatest woman authority on Shakespeare of our days was a Polish immigrant, who at the age of twenty-nine was taught English in California." Canada was now experiencing an influx of European peoples, Mr. Gibbon said, and he ventured to prophesy that instead of doing harm they would add a great deal of good and valuable work to the literature of Canada to-day.

SKELETON FOUND IN ONTARIO NOT THAT OF A. J. SMALL
 Toronto, Nov. 23.—An article stamped "E. Rive," and a small gold ring with the initials "E. R." were among the belongings found on the skeleton discovered near Armadale recently. The skeleton was at first thought to be that of Ambrose J. Small, missing theatre magnate.

THE STEP ON THE STAIR
 BY ANNA KATHARINE GREEN
 Author of "The Leavenworth Case," "The Fillgree Ball," "The Mystery of the Hasty Arrow," Etc.
 Instantly the common-places of life vanished and the room was given over to mystery and magic. All that was garish or simply plain to the view was gone, for wherever there was light there were also shadows, and shadows of that shifting and self-revealing kind which can only be gotten by the titful leaping of a few expiring flames on a hearthstone.

Uncle's fire never went out. Night or day there was always a blaze. It was his company, he said, and never more so than when he woke in the small hours with the moon shut out and silence through all the house. It would be my task before I left him for the night to pile on fresh fuel and put up the screen, which being made of glass, allowed the full play of the dancing flames to be seen.
 I revelled in the mystic sight. I drew up a chair and sat before Orpha's portrait. Edgar was below stairs and doubtless in her company. Why, then, should I not have my hour with her here? The beauty of her pictured countenance which was apparent enough by day, was well nigh unearthly in the soft orange glow which vivified the brown of her hair and heightened the expression of eye and lip, only to leave them again in mystery as the flame died down and the shadows fell.
 I could talk to her thus, and as I sat there looking and longing, words fell from my lips which happily there was no one to hear. It was an hour of delight snatched in an unguarded hour from the hands of Fate.
 She herself might never listen, but this semblance of herself could not choose but do so. In this presence I could urge my plea and exhaust myself in loving speeches, and no displeasure could she show and even at times must she smile as the shadows again shifted. It was a hollow amuse for many a dreary hour in which I got nothing but the same sweet show of patience she gave to all about her. But a man welcomes a free food, he can get no other and for a full hour I sat there talking to my love and catching from time to time in my presumptuous fancy faint whispers in response which were for no other ears than mine.
 At last, fancy prevailed utterly, and rising I flung out my arms in impassable longing towards her image, when, simultaneously with this action I felt my attention drawn irresistibly aside and my head turned slowly and without my volition more and more away from her, as if in

could hear it above my own though that was throbbing far louder than its wont.

HOW MR. FOX HEARD THE STORY
 (Sequel to "The Way Mr. Skunk Told the Story")
 When Mr. Fox had closed and fastened the door after letting Mr. Skunk out, he came back to the room, lit the fire and looked around the circle of club members and smiled.
 "How did you like the story?" he inquired.
 "Be careful, Reynard," whispered Mr. Coon. "He may be listening and he could make it very unpleasant for you, even from outside the clubhouse."
 Mr. Fox went to a peep hole in the wall and looked through. "No, he isn't listening. I can see him walking leisurely through the woods. His white trimmed coat he wears about is good for other things than to attract your attention."
 Mr. Fox came back to his seat by the fire and picked up his pipe he lit it and took a few puffs before he spoke again.

GIRL GUIDES GIVE ENTERTAINMENT
 Excellent Display is Presented at Duncan
 Special to The Times.
 Duncan, November 22.—Miss Denny, R.R.C. district commissioner, her energetic staff of helpers and the excellent guide committee, are again to be congratulated on the entertainment which the Cowichan Girl Guides and Brownies gave in the Opera House, Duncan on Wednesday evening.

RAISE PROTEST AGAINST EIGHT-HOUR MEASURE
 Chemainus Residents Learn That Rebuilding of Mill is Jeopardized
 Chemainus, Nov. 22.—The people of Chemainus, most of whom are vitally affected by the future of the mill, have adopted a resolution asking the Government not to pass the eight-hour bill.

The first part of the programme consisted of flower drill, exercises and lustrous yells by the Brownies, country dances, team games, flag drill, etc., all well put on and executed by the Girl Guides, violin duet by Misses Geoghehan and Bond and two part songs which were loudly applauded, "Three Little Maids From School" and "The Peddlers," sung by Misses Geoghehan and Cottrell and Mrs. William Paterson. The team games were done by four different patrols, most of them being won by the "Poppy" patrol under the able guidance of Gwen Hopkins, patrol leader. Others were "Violet" patrol, Dora Smith; leader; Queen Margaret's School patrol, Molly Marples, leader, and a mixed team under the "Nasturtium" patrol leader, Anna Lomas.

The town heard a statement from T. J. Humbird, of Spokane, president of the Victoria Lumber & Manufacturing Company, and General Manager E. J. Palmer, who indicated that the re-building of the mill following the fire on Saturday would not take place if further restrictions were placed on the lumber business.
 It had been proposed to rebuild at a cost of \$1,000,000, or twice the value of the plant recently destroyed, but the re-construction would be held up if the measure went through the Legislature, the meeting was told.
 Mr. Palmer said that the proposed eight-hour bill would prohibit any man employed by a lumbering company from working more than eight hours on any one day, and that he would be liable, as well as his employer, to a fine if he should do so. An eight-hour law was found as long as the individual worker was allowed to decide whether he would work overtime or not when it became necessary for the employer to ask him to do so, said Mr. Palmer. However, he continued, the eight-hour business had been tried in many other countries, notably in Italy and Norway, and had been found unworkable. It seemed absurd that a small section of country like British Columbia should try to bring in an act which had been found absolutely untenable in bigger lands.

The sweet little Brownie flowers were Nan Paterson, Iris, Margaret Paterson, rose, Kathleen Cole, squash; Betty Talbot, parsnip; Lenora Gibbs, orange; Aileen Frank, California poppy; I. Eileen, red poppy; Eileen Stannard, daffodil; Kathleen Elliott, morning glory; Elsie Elliott, cherry.
 The drill squads were:
 1. Sheila Dwyer, Patricia Dwyer, Kathleen Duncan, Margaret Savage, Elsie Briggs, Cecily Neel and Francis Kirkham.
 2. Phyllis Cole, H. Evans, Margaret Briggs, Dorothy Briggs, Doris Hadden and Jean Weeks.
 Flag drill—Gladya Kirkham, Molly Maclellan, Neel, Violet, Eudora, Geraldine Shaw and Gwen Hopkins.
 The very excellent recitation, "The Guides at Cabul" (from which famous regiment the Girl Guides were given their name) was rendered by the Queen Margaret School Guides. After a short interval parts of the sweet old-fashioned story, "Cranford" were excellently acted by some of the older members. Miss Denny made an ideal "Miss Mattie," Miss Geoghehan as the very courageous spinster, Miss Poie, was extremely good, and Mrs. K. F. Duncan as the bonnie Scotch widow, Lady Glenlivet looked and acted part exceedingly well; Miss Eileen Dwyer, as usual, was excellent in the part of the maid (very fond of "followers"), and Miss Kathleen Townsend looked sweetly pretty and acted extremely well as Mary, the young friend of Miss Mattie. The other characters taken by Misses Cottrell, Crompton, Dawson, Thomas and Ida Lamont were all good, and fitted in admirably.
 Miss Clark kindly acted as accompanist.

Two standing votes were taken after Mr. Palmer had finished his speech, both declaring unanimously for a petition to the Government against the proposed legislation.

MOTH ATTACKS STRAWBERRY PLANTS
 New Pest Discovered in the Cowichan Valley
 Special to The Times.
 Duncan, Nov. 22.—The Cowichan Field Naturalists' Club held their opening evening session of the Winter in the Cowichan Women's Institute rooms in Duncan on Tuesday, some thirty-five members being present. G. O. Day, the president, was in the chair. After the reading of the minutes, the last meeting of the executive by the secretary, A. O. Hope, and a short address by the president, the field work of the past year was brought to the attention of those present. Mr. Fleming dealt with the economic branch of entomology, referring to insect pests discovered in the district, attacking various fruits and vegetables. Among these was a small, plume moth, tenidactylus, found recently girdling the roots of strawberry plants.
 Dennis Ashby brought a very fine specimen of the large brown-horned owl, shot about 2 o'clock in the morning, when attacking some hens at root in a tree close to his house.
 Messrs. Day and Hanham exhibited specimens of Lepidoptera, these included a rare green noctuid, a new species, recently described as Ferialia Decepta, Mr. Dunn, taken at light in April, and several species of Autographa, all captured by Mr. Hanham.

Chilblains & Frost-bites
 As a remedy for those most troublesome of Winter skin afflictions, chilblains and "frost-bites," Zam-Buk is speedily effective. It takes the inflammation and reduces swelling in a wonderful way and soothes the fiery stinging irritation.
 Where the chilblains are broken and have a raw ulcerated surface, Zam-Buk is doubly valuable because of its great healing power. Its pain-killing efficiency and its fine antiseptic properties place Zam-Buk far above ordinary ointments.
 Miss Lehard, Out. service. I was winter from a chilblains. Nothing else did me any good for "chilblains, cuts, burns, scalds, etc." Zam-Buk was handy, etc. etc.

STILL HOPE FOR POWER LINE TO BE BUILT UP-ISLAND

Appointment of Colliery Executive Has Important Bearing

The announcement that Lt.-Col. Charles Villiers will arrive tomorrow to take up his duties as general manager of the Canadian Collieries (Busemire) Limited, has an aspect of considerable importance to the development of the island, quite apart from his personal influence on an important staple industry.

When Mr. Savage died, negotiations were in progress for the B. C. Electric Railway to carry a light and power line up the island to Ladysmith, serving the communities en route. It was stated that the company must have a guarantee of consumption from a large user of power like the colliery company to make the proposal pay, and when the sudden occurrence deprived the Canadian Collieries of its executive officer here a negative answer was given to the municipalities which had been in negotiation with the company.

Since that time the Duncan and Ladysmith Councils have been endeavoring to interest the company again in the project, and they are confident that with the turn of events in the colliery management, some progress will now be made.

In connection with the erection of the high tension line from Jordan River to Goldstream, and Brentwood Bay, it is expected that tenders for the poles to be used will be awarded next week. This development is independent of any policy which may be subsequently adopted with regard to an up-island light and power service.

CHATHAM ISLAND BEER UP AGAIN

Magistrate's Decision is Upheld in Supreme Court

An echo of the Chatham Island liquor raids which resulted in a large haul being made by officers of the Crown in the Summer of this year, was heard in the Supreme Court recently when Mr. Justice Murphy dismissed an application made for the recovery of a large portion of the beer taken in the raid.

On behalf of the Rainer Bottling Works, Vancouver, Frank Higgins, K.C., applied for possession of the beer taken in the raid. The beer was still the property of the manufacturer, he had held, H. A. Maclean, K.C., appearing for the Crown, held that the property had passed when the beer had been delivered to the named Emery, to the order of Clark and Halliwell, of Seattle.

Magistrate Jay held that the property had passed when the delivery had been effected at Chatham Island. This ruling was appealed to the Supreme Court, where Magistrate Jay's decision is now upheld. Mr. Justice Murphy, stating that on the facts of the stated case before him he concurred in deeming that the ownership of the beer had changed hands, dismissed the application.

The raid, it will be remembered, was conducted jointly by officers of the Royal Canadian Mounted Police, Customs Department, and Provincial Police. Three boats, one of American registration, and a large quantity of beer were seized.

CLAIM FUNDS NOT FAIRLY DISTRIBUTED

Money Sent to Vancouver Longshore Fund Not Distributed it is Alleged

In charges made at the regular meeting of the Trades and Labor Council Wednesday it was asserted that money subscribed locally to be added to a central fund for aiding longshoremen throughout the Province had been used solely among Vancouver strikers. The meeting decided to call for an explanation and a return of the contributions made locally under the misapprehension that the money was to be used to the hospital drive for funds, the meeting decided to withhold support until the question of the appointment of an engineer was settled.

In a brief talk Alderman Woodward criticized the policy of the City Council of Revision in the years past where assessments had been cut to half their value, he said, in order to embarrass future councils, should they decide to secure revenue from land alone. The poll tax he classed as an imposition upon labor, and declared that the price of a vote was now \$7 instead of \$2.

Noteworthy Book on British Columbia War Heroes Issued

Standing as a memorial to years of strenuous work and patient effort which he had only just completed when he died as a result of his services overseas, the book compiled by the late R. P. McLernan on British Columbia officers who took part in the great war has just been issued. The many ex-army comrades and other friends of the publisher had looked forward to the publication of the book on which such great energy and pains had been expended. It is a valuable record of British Columbia men who won the Victoria Cross, and officers with an outstanding record of service.

Handsome bound and printed it will be a noteworthy contribution to the books published on the great war. It is dedicated to the Prince of Wales and is a Victoria publication in every sense. A. C. Williamson has supervised most of the illustrations which consist of full-page cartoons of officers in appropriate war surroundings. The artist is a veteran of the war

Catholics Will Not Participate in Opening of Royal Bay Cemetery

When the religious service is held at Royal Oak Cemetery to open it to public use on Wednesday afternoon next, the denominations taking part officially will be the Anglicans, and those whose ministers are affiliated with the Victoria Ministerial Association.

Mayor Hayward, as chairman of the board, extended an invitation to a representative of the administrator of the Catholic Diocese of Victoria, but the Catholics have decided not to participate, on the ground that they have ample space for interments yet in the reserved section at Ross

Bay Cemetery, and that when they desire to consecrate land at Royal Oak they will, of course hold their own services.

In order to avoid any misunderstanding His Worship says that the service will in no sense be a dedication or consecration of any part of the cemetery, which is purely a denominational matter, but a religious service in which the setting aside of the land for Christian burial will be emphasized. At some later date he expects the Anglicans as well as the Catholics will desire their own consecration service to be held on the ground.

A meeting of the joint burial board will be held in the next day or two to permit a draft of the program. Meanwhile the map of the cemetery showing the plotting of the graves is almost ready, and will go forward for printing it.
