S.	Progressive. Very good. Will bear on the runner plants.40	1.75
S.	Supurb. A beautiful plant and berry. Will bear this fall and a good crop next spring. Berry large.40	2.00
S.	Anericus. The first good fall bearer put on the market			
	Does not make many plants. Will bear from June till Nov.40	2.00
P.	Productive. Must be set with Progressive or Supurb plant. Very large, berry, large light colored and good rusts some. I have seen none equal to Progressive or Supurb.....		.50	2.00

ORDER PLANTS EARLY.

There is nothing gained by waiting. Order early and tell me when to ship them and you will get your plants, but if you wait until late there is a chance that I shall be sold out.

I have several varieties that I am limited on, so have not listed them--some extra good ones.

DAHLIA BULBS.

Our bulbs are first class in every way, as are also our small Fruit Plants, and are as low priced as first class plants and bulbs can be grown, dug, and packed in good condition.

For \$1.00 I will send 18 good named Dahlia Bulbs of different colors; my own selection--sure to please.

DAHLIAS.

A. D. Levonia, shell pink10
John Bennet,--yellow edged scarlet51
Purple Gem10

We have a good assortment of Collarettes, Pompoms and Singles.

BLACKBERRIES.

Eldorado--in the Eldorado we have the most valuable variety for the East, large, sweet and productive, never turning red after picking, as hardy as the Snyder, and twice as large.

40 cents per dozen. \$1.25 per hundred, \$10.00 per thousand.

Blower's Blackberry--have fruited this three years and found it to be one of the strongest growers I ever saw and the greatest yeilder of the nicest of big berries. 50c per dozen, \$1.50 per 100.

RED RASPBERRIES.

25 cents per dozen, \$1.00 per 100, \$8.00 per 1,000.

Thanking you for past favors I hope for your patronage in the future, assuring you that I have A number one plants, and will do my best to please you, and, if there is any fault on my part, let me know and I will make it all right.

We take pains to grow as good plants as can be produced. We spray them Fall and Spring, and, when digging, take up the whole block, throwing out small and poor rooted plants; we pack them in moss and insure them to reach the buyer in first-class condition by mail or express. There is no part of the business that pays so well as buying good plants, and buying as near home as possible.

If plants are wanted by mail add 20 cents per hundred.

Sent post-paid at prices quoted per dozen.

Strawberry plants marked P. are imperfect and should have every third row of S. [perfect] to insure full crops.

The above berries are described as I have found them here on my place.

WILLIAM E. BRIGHTMAN, SO. WESTPORT, MASS.

“WESTSIDE.”
