Public Safety
State of New Jersey
State House
Trenton, New Jersey

Dear General Schwarzkopf:

Mr. Waller needs no introduction to you since you have been friends in Iran. I wish to assure you, however, that Mr. Waller has my full confidence and speaks for me in this discussion with you.

The matter which Mr. Waller will discuss concerns our national interest. I cannot over-emphasize its importance. It is a matter which is receiving closest attention at the highest levels of our Government. Needless to say, everything which Mr. Waller will discuss and the fact that I am in contact with you at this time is highly classified and known only to a very few persons in our Government.

I wish to extend my warmest greetings to you and I look forward to seeing you in the near future.

Allen W. Dulles
