**A LITTLE PLAIN TALK.**

A few days ago we received a telephone message from the San Jose firm which by giving cut-throat prices secured the high school *Oriole* for the past school year. The young lady at the telephone sweetly inquired if we would please tell them where we had previously secured the lithographed diplomas for the Dodona Society, as they had sent to several places and had been unable to find them. We thought such colossal nerve should be rewarded, so we gave them the desired information, incidentally mentioning said nerve. This trifling incident simply means that the rest of the Campbell Union High School work is following the *Oriole* to San Jose.

We are in the printing business and frankly say that we need all the business this small town can furnish in order to make our office pay, (it being more extensive than is usually found in a town of this size). On this account we have hesitated to say what we should have said emphatically a long time ago if some other man had the job office.

It is not a good principle, it is not even a good policy for the young men who conduct the business affairs of the school, presumably with the approval of the Student Body, if not the Faculty, to spend their money outside of the community which taxes itself to educate them. We have no hard words to say about them, for they are young and have much to learn. It is natural that they should think it "business," for the immediate saving (if, indeed, there be any saving) is tempting. But while the amount saved may seem clear gain, what they lose by pursuing this policy is not easily estimated. Our community has supported every enterprise of the school with enthusiasm, giving outright liberally to its equipment, as well as patronizing all its entertainments for raising money. In return they should individually and as a body, give their hearty support to every home enterprise. School spirit they have in plenty we are glad to say, but that is not enough. If they are to be citizens worth having they should be heartily loyal to their community and

all its institutions. Town spirit is what this town is severely lacking.

This will probably seem to many like speaking two words for ourselves and one for the town. We can only repeat that if our own interests were not involved we should have said it months ago and said it a great deal harder.

If our high school must have a paper let it be supported by our people, who pay the taxes to run the school, put in no foreign ad. that advertises in competition with our home merchants, get over the idea that the school must have something "swell" in the *Oriole* line (which takes money), then whatever deficiency there is, let it be paid out of the school funds. Our merchants have a right to expect from their school a preference, especially since the taxes to run the same are raised here.

That reminds us of an incident which happened last fall and no doubt is only one of many such. The boys of the athletic department of the school ordered quite a bill of paraphernalia from one of our merchants, some of which he had to send away and get. The goods were done up and placed on the counter for the boys. In a few days one of their number came in and asked the clerk to let him see the list which he had previously left, and taking the same walked out without giving an explanation. A few days later it was found that the boys took the order elsewhere and had it filled. Upon inquiry it was found that the reason for this peculiar piece of work was because the Campbell merchant had protested to the *Oriole* manager against his taking that publication to San Jose to print, believing that the merchants here would not support the paper if the money paid in here on advertising was all spent in San Jose. He had to be punished for daring to stand up for his town, and so the boycott was instituted against him, notwithstanding the fact that this merchant is paying a high school tax on five or six thousand dollars. Ask C. H. Whitman if the above incident is not correct, a man who has been loyal to the school from the first.

**That All Important Bathroom.**

You have often heard people remark, "If I were ever to build I would plan my bathroom first and would not put all my money into the parlor with all its finery."

That's good common sense sentiment, for the bathroom is the most important of all the household. It's the Mecca of cleanliness, health and refinement, and nowadays many homes are judged by their bathrooms.

We would like to help you plan your bathroom and believe that we could surprise you by putting in a bathroom for you at a much less cost than you might expect and at the same time do it better than you anticipated it could be done for even more money.

We have a booklet "Modern Home Plumbing" which will show you how to arrange your bathroom, kitchen and laundry plumbing with "Standard" Baths and one piece Lavatories, the best plumbing equipment in the world. Call, write or phone for a copy. It is free.

## PRESS NOTES

Rev. J. W. Lewis is home from Ukiah, where he has been visiting his son.

The J. C. Ainsley Co. have been receiving many cars of cans for this year.

The Supervisors expect to call a bond election next week to issue bonds for the repair of the county buildings.

Mrs. D. R. Oliver and Mrs. L. C. Watson were the delegates from Ada Rebekah Lodge to the Grand Lodge held in Santa Cruz the past week.

Next Tuesday afternoon there will be a meeting of fruit growers held in I. O. O. F. Hall to discuss matters of importance to the growers. Two o'clock.

Remember the basket picnic at Congress Springs Saturday, June 9th. If 40 tickets are taken a special car can be had. 25 cents for round trip; 15 cents for children between 5 and 12 years of age.

Los Gatos town board has passed an ordinance by a four to one vote making that town completely prohibition—the hotels and restaurants not being allowed to serve liquor with meals—on and after June 30th. Hurrah for that board.

June 22d has been set by the Superior Court as the time for the probate of Will of the late Thomas Mack and for hearing the application of J. F. Duncan for Letters Testamentary in the matter of the same. See legal notice in this issue.

Miss Lawrence is getting along nicely from the effects of her fall and expects to be brought home tomorrow. To the credit of the Interurban company let it be said that as soon as Manager Chapin knew of her injury he sent his representative, to see what assistance could be rendered and has provided medical aid for her.

Monday night a crowd of jolly young people spent a very enjoyable evening at the home of Mr. and Mrs. Dosh of Rose Lawn. The evening was spent in music and playing games until a late hour, after which light refreshments were served. Those present were Leona Dosh, Hazel Dosh, Jennie Brown, Stella Scott, Ethel Wedgewood, Laura Buttrick, Minnie Canine, Ora Forbes, Walter White, Cecil Smith, Roy Stotts, Willie Myres, Ora Capien, Stillman Benner, Gus Lancaster, Will Marshman and Julius Bachman.

The F. A. A. District Convention will be held in East San Jose with Magnolia Council, Saturday, June 9th. All members of councils are invited. The delegates are Mrs. M. J. Wilson, H. E. Brandenburg, Mrs. S. J. Brandenburg, F. O. Putnam, Mrs. Claude Gard, B. O. Curry. The alternates are Mrs. Leona Neff, Mrs. G. A. Berry, Mrs. E. M. Lancaster, G. B. Hinman, Mrs. Flora Crow, Mrs. Anna Sawyer, J. C. Lloyd. Saturday evening of the above date will be election of officers of Palm Leaf Council. A splendid program is being prepared and a general good time expected.

The picnic last Saturday at Congress Springs proved to be a delightful affair. There were over seventy that went in a special Interurban car, a goodly number of these being in addition to the Methodist Sunday school members, Cambrian teachers and scholars. At the grounds the Moreland school joined us with a party of 100, having come by cars also. The Interurban company, since getting control of the grounds have certainly converted them into ideal picnic grounds. No liquor being sold there make it a safe and delightful place. At five o'clock the picnic parties left, five cars being lined up on the horse shoe track, presenting a very pleasing effect.

While the unusual wet weather (worst for 22 years according to Mr. A. C. Keesling) has destroyed about half of the black cherry crop for shipping east, yet those that were shipped brought excellent prices, in the case of Mr. Keesling bringing in New York and Boston an average of \$2.20 per 10-pound box. After deducting 52 cents express charges and commission and boxing charges, a very nice profit was left. As a rule the

cherry orchards are about as safe an investment as any fruit crop. The Royal Anne's are but slightly hurt and should bring fancy prices.

The Campbell Farmers Telephone Co. is progressing nicely with the work of getting the project started. Three committees are at work selecting three different routes for lines to be run and an early report is expected. Until final arrangements are made with the Sunset Co. no absolute statement can be made as to cost of phones, but we understand that the Farmers company is expecting to be able to furnish its members phones at an even dollar a month, outside the town limits. If you want a phone at a cheap rate now's the time to talk. See one of the directors and give him your name. As soon as 100 subscribers are secured (including those the Sunset now have) a night service will be furnished. Already nearly 90 have been signed up.

Last Monday morning an Interurban car ran away down the long hill leading into Santa Cruz avenue, Los Gatos. As the car started down the hill motorman Thos. Manhire discovered that the brake was broken and even the reversing of the current could not check the speed of the rapidly-going car, and as it struck the curve the car jumped the track and landed on its side against an oak tree in the

edge of the cemetery, pretty badly ruined. One man—a Mr. Davy, 70 years old—in trying to get off the rear of the car, was killed instantly. There were 12 passengers—one woman and one boy—and of these, aside from the killed man, but one was badly hurt. The motorman stuck to his post and had to be helped out of the wreck, but he was but little hurt.

The San Tomas Drying and Packing Co. have cleaned up all of the last year's crop of prunes. Luckily for this company they held over some twenty cars, or about one-fifth of all the hold-over prunes of the valley and recent orders have been so brisk that an additional ten cars could easily have been placed. Mr. Roemer has, through courteous and fair dealing, worked up a very fine business for his company. The packing house is very conveniently arranged for economical work and the fruit workers all speak well of the treatment they receive at the hands of the manager, Mr. Roemer, and the genial bookkeeper, Mr. Avery. It is an institution that has already spent a vast amount of money here in the way of fruit purchases and payroll and the future will no doubt see a greatly increased business, which will mean much to this town and surrounding community. It is just such industries that have built Campbell up.

# No Mystery

There's no mystery in good paint making. It's only "cheap" and inferior paint that surrounds itself with secrecy and mystery.

## THE SHERWIN-WILLIAMS PAINT

is not a "patent" or "chemical" paint. There's no secret or mystery about it. It's a pure lead, pure zinc, and pure linseed oil paint. It's better than other paints made from the same materials, because the methods and manufacturing facilities of its makers are better—not because they have any patent or secret scheme.

S. W. P. always gives satisfaction and saves money.

### PRESS NOTES

Send the PRESS to your eastern friends.

Now is the time to subscribe—two papers for the price of one.

The county convention of the Christian Endeavor held here last Saturday was an interesting session, some 75 delegates being in attendance from over the county. We have not been furnished the program so are unable to give it.

This afternoon the four 20,000-gallon water tanks were pumped full of water for the first time, C. H. Whitman having completed the pipe connections. Each tank cost \$300 at the mill ready to be put together and about 3,000 feet of 3x6 No. 1 redwood was used in each tank. The frame required 25,000 feet of timber to construct. It is a substantial piece of work and when the tanks are full there will be 400 tons of weight on the structure. Take out your pencil and figure. You will find that this new improvement has cost between \$2000 and \$3000.

R. K. Thomas has accepted the position of manager of the Fruit Growers' Union for the coming year. The prospects are bright for the coming year, as it is expected that the Union will pack extensively on prunes the coming fall and winter on account of an arrangement having been made with the California Canneries Co. to act as the Union's selling agents. All of the fruit will be packed here and bear the Union's name on the label in some manner. As the Canneries Co. are extensive buyers and packers of all kinds of green and dried fruits, and have selling agencies throughout the world, it is expected that this will result in great benefit to the Union. As stated above the fruit will be packed at the drier, giving work to many people and the Union is to receive cash at time of shipping, thereby taking no risk in shipping. While the crop of prunes in this immediate territory is only about a half of a normal crop, yet the sizes will be large and will no doubt bring premium prices.

### Methodist Church.

Sunday morning at 11 o'clock the Rev. George B. Smythe, D. D., Missionary Secretary, will speak. Those who have ever heard him will want to hear him this time. A most interesting speaker, and his long residence in China gives him a personal experience which is interesting. The Sunday school meets at 9.45. Union service in the evening, Rev. Geo. E. Atkinson preaching.

### Congregational Church.

Next Sunday morning will be our annual Children's Day exercises at 11 a. m. The Church and Sunday school will be merged into one. In the evening will be the regular bi-monthly union service at the M. E. Church at 7.30; this was postponed from last Sunday.

### SPRAYING FRUIT TREES.

What to Do For Apple, Cherry, Pear, Peach Plum and Apricot.

The Oklahoma experiment station issues its advice on spraying in the following handy form: For the apple:

Spray with copper sulphate just before the buds start in the spring for bitter rot, black rot and scab.

Spray the unfolding leaves with paris green bordeaux for bud moth and apple scab.

Spray as soon as blossoms fall with paris green bordeaux for codling moth, curculio, cankerworm, caterpillars, scab and sooty blotch.

Keep the fruit well covered with paris green bordeaux until the fruit is nearly grown for succeeding broods of insects and further fungous troubles.

When the fruit is nearly matured a spraying with ammoniacal solution of copper carbonate will have nearly the same effect as paris green bordeaux and will not discolor the fruit.

For the pear, cherry, plum, peach and apricot:

Spray with bordeaux mixture before the leaves unfold in the spring.

Spray with dilute bordeaux just after the blossoms fall.

Spray with dilute bordeaux mixture two weeks after the second spraying.

Dilute bordeaux mixture is used for the second and third sprayings because of the tender foliage of this group of trees, except the pear, for which the bordeaux is used.

For sale by the Farmers Union, Agent.
