FUMOTO PRISON
S A G A

HATSU-No. 428

KY/he
21 June 1950

SUBJECT: Monthly Report on Prison Affairs

T O : CHIEF, Public Welfare Section, Kyushu Civil Affairs Region

The report on the prison affairs taken during the latest month is hereby filed.

1. Measures not exceeding the fixed number of the prisoners:

a. The number of the persons released during the latest month except the persons released at the expiration of penal term:

Common prisoners released on parole from prison	...	19
Persons released on parole from work house	.....	2
TOTAL	.....	21

Moreover, the number of the prisoners pending the date fixed to be released on parole subject to the approval of the Kyushu Regional Minors & Adults Offenders Prevention & Rehabilitation Commission is 15 persons and the number of the prisoners under motion for release on parole to the said Commission is 34 persons.

b. As the result, the number of the prisoners as of 17 June was 237 (exclusive of 4 infants contained of 2 male & 2 female brought by their mothers) as against the prison capacity of 314 (inclusive of Health Home), leaving room of 77, owing to the completion of the extention of the building of a cell.

2. Separation by Sex and Age:

a. All of the prisoners confined in this Prison are female.

b. The minors are strictly separated from the adults at their cells or factories.

3. Quantity and Quality of Foods:

a. The ration of staple foods to each differs according to the work on which a prisoner is imposed. But the average ration of one day during the latest month was 607 grams or 2,112 calories in staple foods and 323 calories in side dishes per capita, totalling 2,435 calories. The ration of animal albumen was 15.6 grams on the average.

b. The mixed rate of staple foods was 50 per cent of rice and 50 per cent of wheat.

4. Cleanliness of Clothing and Bedding:

a. 15 overwears were distributed; 200 Mompei (fatigue cloth) and 200 coats are being sewn.

b. The underwears are washed once every three days.

5. Consideration about the Kind of Works and the Working Hours to avoid cruelity:

a. Our office usually adopts an eight hours work; no too-hard work has been imposed upon prisoners. The kind of works is machinery weaving, dantsu-weaving, knitting, sewing of foreign & Japanese dresses and brick manufacturing, and a part of them follows to repairing and farming within the limit not running to extremes.
b. A thorough preeaution is paid against disaster on work.

6. Exercise and Health:

a. Each prisoner working at factory is allowed to play dodge-ball, volley-ball and pingpong, etc. for an hour or more a day.
b. Those not following to work and the sick can take an adequate exercise and sun-bath.

7. Maltreatment (Corporal punishment), Medicines & Medical treatment:

a, Any corporal punishment against prisoners is strictly prohibited as usual.
b. Medicines provided:
23 May: 10 mixed vaccines (50 cc) for typhus
26 May: 5 absorbent cottons and 1 alcohol
3 June: Vaccines for inoculation
5 June: 7 crystal penicillins, 1 oil procain, 43 imported maphasols, 17 bismuth salicylate, sulfathyasol(560 tablets), sulfadiazin(640 tablets) & sulfamerazin(200 tablets).
7 June: 1 vitamin(powder) & bicarbonate of soda(500 grams)
The shorts are being requested to the Supply Sect.
c. Medical treatment:
8 One doctor and one helper are doing their best in medical treatment; Kusaba, a gynaecologist, on 18 May, came for study and examined the prisoners.

8. General Sanitary Problems:
a.

Date	Practice
20 May	Weighing and health examination of all prisoners
26 May	Enforcement of injecting for prevention from typhus: Dusting DDT over the sick ward and cooking room
28 May	Sun cleaning of bedding, etc. (tablewares and cleaning of pigsty) Dusting DDT
31 May	Monthly examination of faeces: monthly diagnosis of pregnant women
3 June	2nd injecting for prevention of typhus
4 June	Dusting DDT over cells(upstairs & downstairs)
5 June	Examination of teeth
8 June	Vaccination
10 June	3rd injecting for typhus & dusting DDT over WC
13 June	Dusting DDT over office, waiting room, 1st & 2nd fatories, cooking room, bath room & pigsty

b. The bedding of each home and the tablewares of all factories are disinfected by exposure to the Sun every fine day.
c. A bath is taken once a week
d. A hair washing was done on 10 June
e. A team of ten prisoners has charge of sweeping of the prison yard every day
f. A team of five prisoners has charge of cleaning of the cells and WC
g. The newly imprisoned are dusted with DDT over their clothing, etc.

9. Release on Parole:

a. This Office has been following the policy to release on parole positively those who have well-furnished with the legal requisites, have gained a good records and have their adequate guardians.
b. The number of prisoners released on parole or of prisoners under report for approval of release on parole during the latest month is mentioned in par. 1 of this report.

JUVENILE PRISON
S A G A

HATSU-1,139

KY/he
21 June 1950

SUBJECT: Monthly Report on Prison Affairs

T O : CHIEF, Public Welfare Section, Kyushu Civil Affairs Region

The report on the prison affairs taken during the latest month is hereby filed.

1. Measures not exceeding the fixed number of the prisoners:

a. The number of the persons released on parole during the latest month except the persons released at the expiration of penal term is 41 persons.
Moreover, the number of the prisoners under motion for release on parole to the Kyushu Regional Minors & Adults Offenders Prevention & Rehabilitation Commission is 80 persons.

b. As the result, the number of prisoners as of 17 June was 788 as against the prison capacity of 665 (inclusive of that of the sick ward). It is the excess of 123 persons. It results that 0.45 Tsubo per capita was revised in calculation method to 0.75 Tsubo.

2. Separation by Sex and Age:

a. Communication between the both sexes is strictly cut off as usual.

b. Separation of the minors from the adults is literally enforced at cells and at factories.

3. Quantity and Quality of Foods:

a. The ration of staple foods to each differs according to the work on which a prisoner is imposed. But the average ration of one day during the latest month was 674 grams or 2,546 calories in staple foods and 658 calories in side dishes per capita, totalling 3,004 calories. The ration of animal albumen for the same period was 42.5 grams.

b. The mixed rate of staple foods was 50 per cent of rice and 50 per cent of wheat.

4. Cleanliness of Clothing and Bedding:

a. On 9 June, turned over the cotton cloth of 3,353 yards, rayon cloth of 259 yards, thread of 701 each and clothings of 29 pieces for prisoners to be released.

b. 200 coats are being sewn.

c. Every clothing is washed once a week.

5. Consideration about the Kind of Works and the Working Hours to avoid cruelity:

a. This Office usually adopts an eight hours work and no too-hard work has been imposed upon the prisoners.

6. Exercise and Health:

a. Each prisoner working at a factory is allowed to take physical training and to enjoy baseball, pingpong and other games for an hour or more every day.

b. Those on solitary confinement and the sick can take an adequate exercise and sun-bath. Those in the 'test period' are physically trained by an instructor for their health.

7. Maltreatment (Corporal punishment), Medicine and Medical Treatment:

a. Any corporal punishment against prisoners is strictly prohibited as usual.

b. The medicines provided:
23 May : 260 oil procain penicillins & 14 others
" absorbent cotton of 5,000 grams

c. Two doctors, one pharmacist and three health-managers are doing their best in medical treatment.

8. General Sanitary Problems:

a.

Date	Practice
19 May	Dusting DDT over every cell & latrines
22 May	Vaccination
23 May	Weighing and health-examination of all prisoners
26 May	Examination of result of vaccination
"	Dusting DDT over office building, night-duty room & latrines
27 May	Cleaning of inside & outside of sick ward

27 May	Dusting DDT over all buildings & dumping ground
1 June- 7 June (Dental Hygiene Week)	Lecture on dental hygiene with lantern slides & commendation of persons having perfect teeth
2 June	Dusting DDT over all buildings
8 June	Dusting DDT over Health, Detention & Test Homes
12 June	Dusting DDT over Nos. 1-4 & Model Homes
13 June	Dusting DDT over cooking rooms, hen-house, pigsty, barn & dumping gounds
14 June	Injecting of mixed vaccin for prevention from typhus
15 June	Dusting DDT over Health, Detention & Test Homes

b. The bedding of each home and table wares of all factories are disinfected by exposure to the Sun every fine day.

c. Each prisoner can take a bath once a week

d. Both the clothing and bedding are boiled at washing as usual.

e. A team of six minor prisoners has charge of sweeping outside the Prison and the cleaning of the Interview room, every passage and road, and the front gate is conducted by the team every day.

f. Health team No.1 consisting of 6 minor prisoners is engaged in disinfecting the latrines of every factory and cell and Health & Detention Homes every day.

g. Health team No. 2 consisting of 12 minor prisoners is sweeping and cleaning every class room, preaching hall, play-ground, drains, store houses and main road, and following to duty of distribution of water & hot-water to every factory.

h. The newly imprisoned are dusted with DDT over their bodies and clothing.

9. Release on Parole

a. This Office has been following the policy to release on parole positively those who have well-furnished with the legal requisites, have gained a good records and have their adequate guardians.

b. The number of prisoners released on parole or of prisoners under motion for approval of release on parole during the latest month is mentioned in par. 1 of this report.
