Do You Think You **Are Strong Enough** to Stand the Strain?

THE TENNIS ASSOCIATION, ACT-ING ON THE ADVICE OF EMI-NENT MEDICAL COUNSEL, AD-VISES PEOPLE WITH WEAK HEARTS WHO CAN'T STAND TOO MUCH LAUGHING TO STAY AWAY FROM THE BIG ENTER-TAINMENT-BUT WE SHALL

Fully as anxious to guard the general health of the community as they are to entertain and amuse their fellow citizens, the Entertainment Committee of the Narberth Tennis Association-

Yes, this is the same committee that is planning the big entertainment to be given in Elm Hall, Friday evening. March 12-

But to proceed. The Entertainment Committee after conducting one-just one, mark you-rehearsal for just one part of the big entertainment-

Of course, this is the same entertainment to be given March 12 in Elm Hall. Now please don't interrupt the speaker

again. Thank you. Well, as we were saying, this Tennis Entertainment Committee, after con-ducting just one rehearsal and seeing the hilarious effect it had on the "rehersees." came to the conclusion that it would not be safe to give the said

entertainment-Certainly, certainly, this is none other than the March 12 entertainment at Elm Hall. That's right, jot it down in your diary, and don't forget to get your tickets as soon as they are off the press, because there will be a big demand for them, and besides—

But getting away from all these interruptions, "it would not be safe to give the said entertainment" before consulting an eminent medical expert. So the committee called in Professor Ean de Quinine, of the Pariesene Poly clinic Hospital, who happened to be passing through Philadelphia at the time, and asked him to sit in on one of the rehearsals. The Professor agreed to make the test, and after it was all over, he issued the following statement:

"To ze citizens of Narberth, I warns you (*) zat no gentlemans or ladiesah, ze ladies! who has ze weak heart-even such a little, little weakness, and cannot stand ze-what do you Americans call it oh yes, ze Big Laugh, should attend—ah! la! la! ze! Grand Entertainment to be given in your Rotel de Ville on ze evening of March

(*Please pardon the Professor for his rather broken English; he has only been in our country a very short time.)

So, fellow citizens, take warning. It you are at all in doubt as to your ability to sit through an evening of wild and hilarious laughter, and then do a little jazzing on the side, without it putting too much of a strain on your heart, take Professor de Quinine's advice and consult your family physician.

And don't forget the Entertainment will be given Friday evening, March 12, in Elm Hall.

STOLEN ART WORKS TO GO BACK.

Ladies' Auxiliary of Narberth Legion **Being Formed**

The Harold D. Speakman Post, No. 356, of the American Legion will hold a meeting in Elm Hall Saturday afternoon, the 14th, at 2 P. M., for the purpose of forming a Ladies' Auxiliary to the local Post,

Mothers, sisters, wives and daughters of all men who participated in the World War are eligible to membership in the Auxiliary and are cordially invited to attend this meeting. Mrs. L. W. Howes will act as temporary chairman and Mrs. Lester Jefferies will act as temporary secretary until the regular election is held.

From Narberth's list of two hundred service men, there should be a large number of ladies willing to help the local Post to make itself a real power in the community as well as a social agency that will materially help the town spirit of neighborliness.

Please try to attend the first meeting, and urge your neighbors, who are eligible, to do the same. Service men do not necessarily have to be members of the Legion to make the ladies of the family eligible, as it covers the families of those who were in the service, including the families of those who gave their lives to the great cause.

Our School Orchestra.

"Some orchestra," say the boys and girls. And it is said in a complimentary manner. In this, as in all school organization and activities, individual initiative will spell success. The group is enthusiastic, the leader is happy for the splendid support given her, and the student body gives hearty applause. Here's hoping not one member of the orchestra will tire of the individual sacrifice and effort essential to continued popularity.

The Lunch Room.

Isn't it fine these stormy February days with snow and sleet and heavy trudging through the streets to have a hot menn within thirty seconds' walk from the class room! A careful investigation by a committee recently appointed warrants the statement that quality and prices for these days of II. C. L. are quite reasonable. The menuoffers a variety of wholesome food. Special attention has recently been given to selection of food for the younger

OUR THANKS TO THE P. R. R.

Very few suburban towns enjoy such excellent train service as Narberth. The Pennsylvania Railorad has made every effort to please its patrons from the "year 'round home town," and that this effort has been appreciated by the residents of our borough there is no the past few months are a great convenience and have been one of the greatest advertisements Narberth could ever have hoped for.

Only the greatest praise and fair comment should be given the railroad company in working with our town officials and organizations in making Narberth a better place in which to live.

HONORS FOR MR. McCARTER.

The Narberth School has a very high standing among the public schools of the State of Pennsylvania. No doubt a large measure of this is due to the loyal and painstaking efforts of the President of the Narberth School Board. Mr. C. Howard McCarter, Boards may come and Boards may go, but McCarter goes on forever, and it's well that it should be so. Mr. McCarter will reach his 25th anniversary as School Director during the coming June. For a number of years he has held office in the various educational branches of the State Government, in addition to being President of our local Board. We congratulate him, also the State and also Narberth on the news which now comes to us

In educational as well as other lines Narberth's place on the map becomes more prominent daily.

FREE MAIL DELIVERY.

To a growing borough such as ours, it is very important that the matter of free mail delivery should be speedily effected with the least possible delay. Several of our merchants who do not encourage this progressive step of free mail delivery, undoubtedly do not give it serious consideration from all viewpoints, while one of them contends that our local merchants might suffer in the event of the Post Office being relieved of the number of people patronizing the present system, and who use the time of calling for their mail as a shopping period.

However, free mail delivery for Narberth is coming, and it is a question of days-not weeks or months. The entire matter should not be judged from a personal or selfish standpoint, but from the great good it will do our growing community

Postmaster Haws deserves much credit for the excellent service given in view of the fact that he has had a great many disadvantages with which to contend, and considering the service which he has given us, we have nothing but praise for him in his untiring ef-

THAT FIRE BELL.

Editor of Our Town:

"Spectator" has seen fit to convert "Observer's" observation into a suggestion. He should have marked the distinction. Certainly "Observer" did not contemplate such an exhaustive expression. It is interesting and amusing, but manifestly non-constructive. Since "Observer" made his observation he has been informed by one with an intimate knowledge of the circumstances. to which exception has been taken, that in many instances in the past the continuous ringing of the gong is not neces sary. It is done, not for the purpose of avoiding "collisions" (when "Spectator'' should be asleep), but to gather up the active members, to whom we owe so much. If it is not imperatively necessary, its continuance is not defensible. If it is a necessary concomitant of the service to the community, then let us have a satisfactory explanation from some one authorized to speak for our Fire Company. It is understood that a siren is to be installed, in lieu of the present means of an alarm. That probably will be a move in the right direction and indicates there is some merit in "Observer's'' viewpoint. Inasmuch as the Fire Company is appealing for the community's support, and it should not be with held, let this be regarded as an acceptable time to make public the rules and regulations governing fire alarms and the response thereto, with the thought of carnest co-operation by everybody.

Narberth Loses Several Well-Known Residents

OBSERVER.

WILLIAM B. GODFREY.

On Saturday morning, January 31, Nurberth lost one of its best known citizens who throughout his long residence here held the sincere friendship of a great number of his neighbors with whom he came in contact socially and through business dealings.

Mr. Godfrey was born in Bridgeton, N. J., in 1857, and moved to Narberth in 1910, and has since been engaged in the real estate business from his home, 114 Woodside avenue.

Death came suddenly, the direct cause being enlargement of the heart, he having been about town just a few days before. He survived his good wife just about seven months, she having passed away in June of last year.

Mr. Godfrey and his wife regularly attended the Berachah Christian Assembly in Philadelphia.

Officers of the Narberth Building and Loan Association, of which organization Mr. Godfrey was treasurer, acted as pall-bearers at the funeral, from his residence, on Tuesday, February 3. Interment was private at the Ardmore

Lutheran Cemetery,
Miss Florence Godfrey, his sister,
came to Narberth from Chicago to settle Mr. Godfrey's personal affairs and his business interests are being administered by the Wayne Title and Trust Company of Philadelphia and Wayne.

A lover of music and an accomplished soloist in his younger days, Mr. Godfrey was always willing to help in musical affairs. He was a proficient or-ganist as well as a pianist. Narherth will certainly miss Mr. Godfrey, who was well known and well liked by ev-

MRS. MARGARET MENDENHALL.

It is with deep regret that we announce the death, on January 26, of Mrs. Margaret Mendenhall, of Essex and Sabine avenues.

Mrs. Mendenhall was born in Bir-

mingham, England. She came to this country when a young girl and lived in Philadelphia until after her husband's death. Since 1907 she has lived in Narberth with her daughter, Mrs. Robert G. Savill.

Her death will be most keenly felt by her family and her many friends. She is survived by two daughters, Mrs. Robert G. Savill and Mrs. Albert H. Clift, of Narberth, and two sons, Mr. George Mendenhall and Mr. Edward T. Mendenhall, of Philadelphia.

MRS. GEORGE TRIGG

Mrs. Pearl Trigg, wife of Mr. George Trigg, of Price avenue, died last Saturday, after a prolonged illness. She member of the Women's Community Club, and although her illness had prevented her attending the meetings with any regularity, she was always deeply interested in the organization and what it was doing. The funeral took place on Tuesday afternoon,

INCOME TAX PAYMENTS.

"Cash payments of income taxes should not be sent by mail," says Collector of Internal Revenue Lederer.

"Cash sent by mail is always at the owner's risk of loss, and if lost or stolen, the sender may find himself facing penalties for failure to pay his tax

on time.
"A taxpayer will find it more practical to purchase a Post Office money order, or draw a check for the amount of the tax, payable to Collector of Internal Revenue, Philadelphia.

"The first payment, due on or before March 15, should be attached securely to the completed return, and forwarded or delivered to my office at the Post Office Building, Philadelphia, Pa. This first payment must cover either the entire tax shown due, or at least onefourth of the tax due.

"Early payments and early filing of returns is urged in order that an over-load on the final date, March 15th, may be avoided.

"Each taxpayer should put full postage on his mail. If mail is returned to the taxpayer because of insufficient postage, it may result in the return being delinquent, to which penalties at-

The "Letters to the Editor" appearing in last week's issue were very interesting. Letters to the Editor are always acceptable and afford excellent reading matter, particularly where they bear direct on matters pertaining to our little community.

There is a constant demand at the Red Cross Home Service for practical nurses. Mrs. Walbmann asks that such nurses register at once at the Nulstone. Bryn Mawr. There is also a demand for women to do days work at the usual compensation in families where there is

Do you know that on January 21,

1920, we celebrated our twenty-fifth anniversary as the Borough of Narberth Narberth was incorporated as a borough January 21, 1895. It is now a quarter of a century old and one of the best suburbs in or near the third city of the land.

Have you sent your contribution to the Narberth Fire Company? Contributing membership per year is but \$3.00, and this small sum is indeed low cost insurance in case a fire were discovered in your home. If you are fortunate in not having to call on the boys for assistance the \$3.00 will surely benefit some one else who might not be able to afford a fire as much as you could.

At the corner of Narberth and Chestnut avenues there stands a black oak tree several hundred years old, a perfeet specimen and one of the most beautiful oak trees to be found in the East. Its fame has spread around the country, and many people have journeved to this corner to see the Narberth

Up until twenty-five years ago, Narberth was known as Elm Station, and was named after the majestic elm tree that now stands in the rear of Dr. Faries' home at Forrest and Windsor avenues. This elm is claimed to be one of the largest and finest in the country, although it is hardly appreciated on account of the houses having been built

OR 20 YEARS the standard of all flat work laundries, the recognized peer in the washing of bed and table linen of the highest class clubs, hotels and restaurants in Philadelphia, is about to extend its service to the household.

This decision is a departure from our established custom of only handling work in wholesale lots, but the pressure brought to bear on us by hundreds of patrons of our present customers, who at home have been greatly inconvenienced by the scarcity and incompetence of household labor, has induced us to recede from our former attitude.

Ours will be a service in which you will find all that is best in cleanliness, in sterilization and in the saving of clothes, with a collection and delivery at a definite time. Collections will be made in Narberth on Wednesdays.

A New Series of B. and L. Shares

The twenty-ninth series of the Narberth Building and Loan Association is to be opened Thursday evening, March 4th, at Elm Hall, at 7.30 o'clock.

The Narberth Building and Loan Association has had another successful year, and has just paid off and matured their ninth series, and it is expected that the annual report will be ready at the March meeting.

The Association has lost, by death, its Treasurer, Mr. William B. Godfrey, who has served in that position since the start of the Association, and resolutions were adopted at the February meeting which are printed elsewhere

in this issue.

At the February meeting nominations for Directors to serve the coming year were made, and all the old Directors were renominated and in addition Mr. J. S. Ketchum was nominated to fill the place vacated on account of the death of Mr. Godfrey. Mr. C. H. McCarter was appointed by the Board to serve as Treasurer and also nominated as Treasurer for the coming year,

Arrangements have been made to advertise the new series so that every resident of Narberth will have the matter brought to their attention, and it is hoped that the old stockholders will increase their holdings, and that the new residents of Narberth and others who have not been members of the Association will take out shares in the new series.

Any of the Directors will be glad to explain the Building and Loan idea of saving, and refer to the many residents who have been stockholders in the Association for a number of years.

Now that the Liberty Loans are over with, the habit of saving each month should be continued, and we know of no better plan than putting aside one dollar or more each month in Building and Loan stock, which will earn eight per cent, interest and be an investment that is safe, as the largest part of your investment will be on your neighbor's property in the Borough of Narberth. which can be viewed each time you walk around the town.

We hope to have at least 1,500 new shares added in the twenty ninth series, and give this advance notice about the opening so that people will keep the matter in mind and be prepared for Thursday evening, March 4th.

TWO NAMED TO ACT ON U. S. SOLDIER DEAD.

Washington, Feb. 12.—Definite steps looking toward the return of America's soldier dead from France were taken today when Secretary Baker appointed Colonel Henry Rethers, nead of the graves registration service in Europe, and Colonel Bentley Mott, military at-tache at Paris, as American members of the Franco-American commission, which will have charge of the work.

The appointments were made in accordance with an agreement with the

French Government concluded in August, 1918, providing for the creation of the commission immediately after repatriation of all American troops in France. The agreement authorized the commission to "examine measures to be taken to insure in conformity with French laws and police regulations regarding hygiene the return to America of American dead. The French members of the commission, the War Department has been advised, will be encsen

Nation's Permits Show Year Got Offi to Strong Start Despite Obstacles.

An unprecedented volume of midwinter plans for new building construction is indicated in returns to Bradstreet's of permits and building for the month of January. Compared with a slack period a year ago, the contrast is marked, although the percentage of gain in permits and in value are not so great as in earlier months, possibly because January is not esteemed a favorable month even for filing of plans.

The condition of the money market of late has not been such as to encourge talk of a building boom, but despite this building material, especially lawber, was in very active demand in Jan uary, prices were very strong, with new high levels at leading production points, and the only drawback to business was the often-repeated complaint of searcity of cars

18,640 ermits Reported.

Te total number of permits reported to Bradstreet's for January at 131 cities was 18,640, and the value as \$112,742. 973, gains of, respectively, 57.8 and 475 per cent, over the corresponding month a year ago. The wide discrepancy between the increases in permits and values would seem to point to less of small construction and more of the large type of building.

As regards the value of operations. the percentages of gain hardly give as clear an idea of the increase as would the statement that the construction planned in the month just closed is five and one-half times what was projected a year ago. The heaviest percentage of increase is that reported in the areas of smallest building. New England, while the smallest percentage is in the middle group, where the increase is fully \$29,000,000 over a year ago. Following is a summary of permits and values for the opening month of the vear:

WHERE IS CRUSOE'S ISLAND?

Young and Old Have Read About It, But Location Is Misty.

The oldest and the youngest of us can tell glibly about Robinson Crusoc, but who can tell where is Robinson Crusoe's famed island? Lewis R. Freeman has made a close study of the claims of both Tobago and Juan Fernandez, and gives in the current Travel a vivid picture of both islands and their people. By the way, do you know where Tobago is?

to add name to list of Register.

As it is difficult for those contributing their time and efforts to the production of "Our Town" to personally either know or interview all such, it would be most helpful if those not now found in the printed list would send in a memo of their names, address, phone numbers and businesses or professions for listing. This will cost as follows: 10 cents each issue for 2 lines; 5 cents for each additional line.
