

WONDERFUL TRIP

BERT WOODARD RETURNS FROM GREATEST CONVENTION EVER HELD BY ELKS

Bert Woodard, Past Exalted Ruler of the local Elks' Lodge, returned Monday from the big Elks' Convention at Atlantic City and as the delegate of the lodge will make a full report at the regular meeting next Monday night.

He seems to have had a wonderful trip and says he was proud of the delegation sent by California, and that the convention was the greatest this patriotic order has ever held, following as it did the close of the greatest war in history, in which the Elks had striven to live up to all their obligations.

The trip to the convention was memorable as the California delegation had a special train. They left here June 30th and the first stop was made at Salt Lake where they were met by a delegation from the Salt Lake Lodge and entertained for (Continued on Page 4)

MRS. KELLEY BEREAVED

Sorrow came to Mrs. Freeman Kelley in a cablegram from Sidney, Australia, received by her Wednesday afternoon, announcing the sudden death of her sister after a brief attack of influenza which terminated in pneumonia. She was the oldest of a family of five brothers, and she leaves a husband and six children who are almost crushed by the blow. She was a woman of beautiful character and greatly beloved by all who knew her. This is the winter season in Australia and Mrs. Kelley states that the epidemic which is now raging in Sidney is worse than last year in spite of the fact that the government is taking every precaution to stamp it out or prevent the spread of infection. All persons are required to wear masks on the streets, and incoming vessels are boarded in and the passengers examined by medical officers before they are permitted to land.

PROMISE AND PERFORMANCE

B. F. Patterson, of 131 North Belmont, tells of an old friend who owns land in the San Fernando Valley which was voted into Los Angeles a few years ago on the promise of cheap water and lower taxes. There is little complaint of the water in that section, but as to the taxes they were \$1.35 an acre formerly, but since annexation have been \$3.00 an acre. Quite a difference, this, between promise and performance.

WHITE INN OPENED

The opening of the White Inn which is to be conducted as a high class place of entertainment by Mrs. Jack Thomas in the very attractive tea room built by Mr. Ambrosini at the corner of Glendale avenue and Broadway, was highly gratifying to Mrs. Thomas and to the guests who responded to her invitation to come out and enjoy the dollar dinner with which her venture was inaugurated Wednesday evening.

Floral decorations in green and pastel shades, carried out with carnations, hydrangeas, and the tender blue-green shoots of eucalypti, enhanced the beauty of the dining rooms and made a pretty setting for the pretty gowns of the feminine guests. Covers were laid for about seventy-five and guests are enthusiastic over this new and pleasant place to dine.

BAREFACED FALSEHOODS

A Los Angeles evening paper of July 29th contains the statement that Glendale is in need of water. The statement is false and it is probably issued for the purpose of poisoning the minds of residents of our city who are not wholly informed as to the abundance of the local water supply.

The water supply in Glendale is entirely sufficient to supply every consumer with the water he needs. In a few instances pipe connections from the street to the residence may not be such as will allow the passage of the amount of water needed to supply the lawn hose, and kitchen and sanitary purposes at the same time, but that is no fault of the water supply, an abundance of which is in the reservoirs at all times.

Why a newspaper supposed to be managed by men who should favor giving Glendale a fair deal in the eyes of the public should stoop to such misrepresentation may only be explained by the rotten municipal administrations Los Angeles has had in recent years under the dictation of these same men.

A CITY GARDEN

GEORGE SMITH KEEPS SOIL AT WORK EVERY DAY IN YEAR—ALLOWS IT NO SABBATHS

The garden on the corner of Jackson street and Broadway in the vacant block which used to be called "No Man's Land," because it was such a forlorn, hummocky, dumping ground for refuse, is now a sight to gladden the eyes of horticulturists and fill with envy the hearts of Sanitarium guests who have come from the east where water cannot be lavishly used for irrigation, as it is here, when needed. The ground is under the care of George Smith of East Broadway, gardener at the Glendale Sanitarium, who subdued it last year with a crop of squashes and then, before beginning his midwinter operations, had it deeply ploughed. He accounts for the evident richness of the soil manifested this year by the fact that in the days when horse vehicles were far more common than they are now, street sweepings which are excellent fertilizers, were dumped there in large amounts, then sand shoveled up after winter storms was dumped upon it. The deep ploughing has brought the fertile soil to the surface and the crops now growing are feeding luxuriantly.

Mr. Smith's garden is an endless chain and an all year round job, which would seem to be quite profitable. At the present time he is harvesting green corn on a piece of ground about the size of an ordinary 50-foot lot which was originally planted last winter to Irish potatoes. These yielded a harvest worth about \$50. Before they were dug the space between the rows had been irrigated and planted to corn and squashes. When the stalks of this crop have all been removed, he will plant again to corn for an October crop and then to root crops so the ground will enjoy no Sabbath this year.

In another section where a crop of beets has been gathered, a fine stand of beans is now growing. A lot of young onions have just pricked through the soil in another place and the shrewd gardener has sown radishes at intervals to mark the row which would be but faintly defined by the thread-like leaves of the young onions.

Mr. Smith has aesthetic tastes and china asters which are just coming into bloom constitute one crop which will doubtless bring joy to the inmates of the Sanitarium. The only crop that has disappointed him, so far, is one of salsify or vegetable oyster which has not come up to his expectations.

THE MacRAES OFF FOR VACATION TRIP

W. D. MacRae and wife, the three sons, Horace, Gordon and William, and Mrs. E. M. Bates, Mrs. MacRae's mother, started this morning on a month's trip. They will travel leisurely by auto to Asilomar, camping at nights. They hope to spend Sunday night camping among the Big Trees near Santa Cruz, arriving at Asilomar on Tuesday. Mr. MacRae, who is a dean of county work for the State Y. M. C. A., will spend two weeks attending the Y. M. C. A. summer school at Asilomar and the family will then visit Yosemite, Sacramento and other northern points, planning to arrive at home the last of August. Mr. MacRae is decidedly opposed to annexation, so delayed his start an hour in order to allow his wife and mother to register so they could vote should an annexation election be called suddenly.

NEW YOUNG PEOPLE'S SECRETARY

Prof. W. W. Ruble has just arrived with his family from College View, Nebraska, and will have charge of the Young People's Work for the Seventh-Day Adventists in the Pacific Union Conference. He succeeds Pastor M. N. Helligso, who left here several weeks ago to go to St. Helena and act as chaplain for the St. Helena Sanitarium. His place here has not been filled until now. Prof. Ruble has, however, been visiting the camp meetings on this coast for more than a month and will go tomorrow with other officers here to attend the camp meeting at Orange.

HOME FROM THE MOUNTAINS

Mr. and Mrs. H. W. Yarrick and family of 347 West Wilson avenue got home Tuesday night from a delightful two weeks' outing at Pine Crest in the San Bernardino Mountains. Mr. Yarrick reports that it is very beautiful at that camp and a splendid place to rest, but that the light rainfall of last winter and the forest fires have so dried the streams that the fishing is not as good as usual.

THE END NOT YET

PITCHED BATTLE BETWEEN CHICAGO NEGROES AND THE 6200 MILITIAMEN PATROLLING STREETS

(Special Service to Glendale Evening News)

CHICAGO, July 31.—The death of Thomas Coppelan, an eighteen year old negro this morning brought the total of race riot deaths up to thirty, including thirteen whites and seventeen blacks. According to police estimates there are now over five hundred injured persons in the hospitals. Sixty-two hundred militiamen are patrolling the streets. They went on duty at midnight and were immediately greeted with a fusillade of shots from negroes and one pitched battle was fought. It is believed that several negroes were injured. The troops returned the shots whenever fired upon. Rain finally aided in dispersing the mobs.

EFFORT TO SOLVE H. C. L. PROBLEMS

PRESIDENT GIVES ATTENTION TO REQUEST OF ENGINEERS RELATIVE TO LIVING EXPENSES

(Special Service to Glendale Evening News)

WASHINGTON, July 31.—It was stated today at the White House that the president is giving deep and careful consideration to the request of the Brotherhood of Locomotive Engineers that he act immediately to reduce the high cost of living. It is expected that one of the first steps he will take will be to lay the entire matter before the cabinet although at the White House it was declared that the president's plan is still indefinite.

It is known that the president is deeply interested in the reports of the Federal Trade Commission on the packers' investigation. The supporters of the Kenyon bill for regulating the packers say that the president indorses the measure.

The War Department has made a formal request of the Post-office Department for a conference to arrange the details of a plan for the distribution of a million dollars' surplus army food direct to consumers through the parcels post system.

UNIVERSAL MILITARY TRAINING

FEDERAL BILLS INTRODUCED TO PROVIDE ARMY AND NAVY RESERVE AND FOR DRAFT SYSTEM

(Special Service to Glendale Evening News)

WASHINGTON, July 31.—Congressman Kahn and Senator Chamberlain have introduced in the House and Senate a bill providing for universal military training. It provides that every male citizen between the ages of eighteen and twenty must train for six months in either the army or the navy unless he has previously served for six months or is physically unfit. If passed it will create a reserve army. All men who served in the war will be members of the reserve for five years, and all taking the universal training will be members for ten years. A similar reserve will be established for the navy and both reserves will be subject to the call of the president. The measure also provides the machinery for continuing the draft system.

PROHIBITION JUSTIFIES ITSELF

BIG DECREASE IN ARRESTS MADE IN SAN FRANCISCO DURING AUGUST, AND IN FAMILY BRAWLS

(Special Service to Glendale Evening News)

SAN FRANCISCO, July 31.—At the end of the first month of prohibition the records show that arrests for drunkenness decreased two-thirds and for assault and battery ninety-five per cent. Automobile accidents decreased one-third. The adult probation bureau declared there is a big decrease in its work, particularly in neighborhood brawls and family fights.

A warning has been sounded that the drinking of cognac, alcohol and similar liquids is becoming a serious menace.

FOLLOWS "OPEN COVENANT" POLICY

TREATY DISCUSSION BEFORE FOREIGN RELATIONS COMMITTEE OPEN TO PUBLIC AND NEWSPAPER MEN

(Special Service to Glendale Evening News)

WASHINGTON, July 31.—Bernard Baruch, member of the peace conference economic commission in testifying at the opening session before the Senate Foreign Relations committee in the peace treaty hearing, declared that the president is opposed to having the United States share in the German indemnity, and said the division of the indemnity is still unsettled. Observers considered that the most significant point in the hearing was the breaking away from the century-old custom of holding all treaty discussions secretly and conforming to the policy of "open covenants," the hearing being open to the public and the newspaper men.

STREET CAR STRIKE STILL ON

(Special Service to Glendale Evening News)

CHICAGO, July 31.—The indications today are that the street car strike cannot end before Saturday. The referendum vote on returning to work will begin tomorrow.

A FINE PROGRAM

WORTH WHILE ENTERTAINMENT FEATURES "FIFTH NIGHT" AT CENTRAL CHRISTIAN

July 30th was the fifth Wednesday in the month, hence a "Fifth Night" entertainment was due from the church night committee of Central Christian Church. A bountiful supper topped off with a dessert of jello and real whipped cream was served to nearly 100 people, members of the church and their friends, then a half-hour's prayer service was led by Mrs. M. G. Musser, her subject being "The Little Member," the tongue. The entertainment which followed was gotten up by Mrs. R. P. Jodon, chairman of the church night committee, assisted by Mrs. F. W. Pigg. Misses Dorothy Hunt and Bernice Hahn, pupils of Mrs. Calvin Whiting, choir directress for the church, gave two duets, "At Dewy Morn" and "The Still Lagoon," both of which were encored, but they refused to respond. Miss Bertha Jackson gave a reading from Victor Hugo's Les Miserables. (Continued on Page 2)

HONORING MRS. ELLIS

Mrs. Lawrence Ellis, of Seattle, was the complimented guest at a charming luncheon given the latter part of last week by Mrs. W. E. Evans of 333 North Orange street, at her cottage on Bay View Drive, at Hermosa Beach. Red and yellow dahlias centered the table which was very attractive in its appointments. Covers were laid for Mesdames Lawrence Ellis, A. W. Tower, Walter Stamps, Merrill Russell, Warren Roberts, Harry Lockwood, H. R. Boyer, Albert Pearce, Charles Temple and Wilbur McFadden.

MISCELLANEOUS SHOWER

Miss Lucile Barnes of 1316 Walnut street was guest of honor at a pretty affair given last Saturday afternoon at the home of her aunt, Mrs. C. L. Peckham, at 615 North Central avenue, which took the form of a miscellaneous shower in anticipation of her wedding which will be celebrated the latter part of August. Miss Barnes has a large circle of friends here and was the recipient of many very pretty gifts. After a pleasant but quite informal social afternoon, dainty refreshments were served by the hostess assisted by her daughters, Frances and Gladys.

ATTEND FRIEDA PUYCKE MUSICAL

Wednesday afternoon Mrs. Freeman Kelley and Mrs. L. N. Hagood of this city were guests at a charming musicale given by Miss Frieda Puycke at her pretty home on Third avenue. The fifty or more ladies and gentlemen entertained included many prominent musicians of Los Angeles. On the program was one of her advanced pupils who is very fine in musical readings. Miss Puycke took pains to introduce the Glendale ladies to another pupil in whom she takes great pride, a man of 83 years who has taken up the study of elocution under her inspiring leadership. The dainty refreshments which followed the program were served upon the lawn and in all respects it was a very pretty affair.

LIEUT. BRATTAIN IN NEW YORK

Mrs. Pearl Keller is this morning in receipt of a telegram announcing the safe arrival in New York of her fiance, Lieut. Paul A. Brattain, together with the news that he is in charge of troops of the Seventh Engineers, who are being sent to Camp Russell, Wyoming, for discharge, and that he expects to be in Los Angeles in the near future. That may mean a week or ten days, but in any event he will soon be here and he and Mrs. Keller will be quietly married and leave for a short honeymoon trip. Mrs. Keller is closing her school the first of August for a month and will reopen it in September, the date to be announced later.

PEANUTS RAISED IN GLENDALE

A good many parkways and several garden patches in Glendale are showing the dark green of peanut "vines," as they are called. One generally thinks of nuts as growing on trees, but the peanut is a notable exception as it is a tuber, same as the potato. The crop is an easy one to raise and requires little care. The yield so far in Glendale is very fair and doubtless the acreage planted to peanuts will steadily increase, as the price is very high. H. C. Tomaw of 506 West Elk has quite a large space in his garden devoted to peanut culture. He was quite successful with his crop last year.

KENT AND WEBB WIN

JUDGE HARRY MILLER AWARDS THEM DAMAGES FOR SMASHING OF WINDOW

A trial before Justice Harry Miller which consumed the greater part of the afternoon session furnished a variation in the monotony of life on Brand boulevard Wednesday.

The defendant, Mrs. L. B. Brock, is an elderly woman, the proprietor of a restaurant for theatrical people at Universal City. Some time ago when in Glendale driving an automobile she became confused on Brand boulevard when a car turned and passed in front of her in making an approach to the curb. She turned her own car towards the sidewalk, but failed to apply the brakes and the machine mounted the curb, crashing into the plate glass window of Platt's Tire Store. The owners of the building, Charles W. Kent and James Webb, brought suit to recover damages in the sum of \$93 and costs.

A number of witnesses were called on each side, those for the plaintiffs being Charles W. Kent, L. M. West, C. L. Chandler, W. J. Senman and Roy Kent. Those who testified on behalf of the defense were: The defendant, Mrs. L. B. Brock, J. E. Jeter, Mrs. A. V. Casteel, Mrs. Ellen E. Burton, J. N. Cronin and W. M. Platt.

On her own behalf the defendant claimed that a weak ankle interfered with her application of the brakes; but Judge Miller ruled she was liable for the damage whether her ankle was weak or not. The greater number of witnesses expressed the opinion that she was confused and "got rattled," hence the accident.

STORY HOUR

Miss Lillian Schick conducted the story hour at the City Library on Wednesday and told the kiddies a couple of Indian folk tales. After the stories the children were taken to the tables and shown pictures from the library collection of birds, fishes, flowers and fruits and their attention was called to the names in an effort to recognize the birds or other objects. They were also introduced to the new juvenile books on the display shelf.

NEW HOUSE ON MARYLAND

Kent & Son, the contractors, signed an agreement Wednesday to construct a seven-room bungalow for P. O. Olson at the corner of Lexington Drive and Maryland avenue. It will be a frame structure and a very good house, on a lot 75x150.

RETURNS TO LLEWELLYN IRON WORKS

Lieut. H. H. Powers, son-in-law of Mr. and Mrs. R. M. McGee, who recently returned from army service, took very little time to loaf after getting home to his wife and baby. He has returned to the Llewellyn Iron Works in Los Angeles where he was employed as a steel draughtsman before the war.

MRS. GOULD RETURNS HOME

Mrs. Curtis E. Gould of Deer Trail, Colorado, who has been visiting her mother, Mrs. H. L. Brown, of 1037 San Rafael avenue, for three months past, started on her return trip Wednesday. Mrs. Gould was summoned to Glendale by the fatal illness of her father and fortunately arrived in time to be with him for his last two weeks on earth.

MALLORYS LEAVE GLENDALE SATURDAY

J. F. Mallory, who recently sold his place at 520 West Broadway, has bought a ranch near Santa Cruz and on Saturday he will take his family and household goods by auto and truck to Santa Maria, where he owns a home. He will stop there for a few days and then go on to the new location. The family are loth to leave Glendale, but Mr. Mallory traded in some Los Angeles property he owned, on this Santa Cruz ranch.

SEWER QUESTION

Probably the principal question in the minds of the residents of Glendale in connection with the matter of annexation to Los Angeles is the sewer question. The people want to know whether Glendale can solve this question without outside assistance. At a meeting to be held Friday evening at the high school, Frank H. Olmstead, an eminent engineer, will discuss modern methods of sewage disposal in cities with particular reference to the Glendale situation. The meeting should be largely attended.

WEATHER FORECAST—Fair except cloudy or foggy tonight and in the early morning near the coast.

GLENDALE, CALIFORNIA, THURSDAY, JULY 31, 1919

PRESIDENT RESUMES LEAGUE CONFERENCES

(Special Service to Glendale Evening News)
WASHINGTON, July 31.—In continuing his conferences with Republican Senators, the president today discussed the possibility of the adoption by the Senate of a resolution on broad terms defining in a general way American interpretations of certain provisions of the league covenant. It was hinted that such a resolution would not result in sending the treaty back to the Paris conference. The president did not say he was willing to agree to such a compromise but merely discussed possibilities.

BOULEVARDS BLOCKED TO TRAFFIC

Highways throughout Southern California are being blocked to traffic by the abundance of fruit and fresh vegetables pouring to "roadside markets" from the fields and foothills.
This tale harks back to the days of Dick Whittington, who made his way to London Town when he heard that the streets in the big city were paved with gold—and to the days of '49 when the eastern youth "went west, young man" because he heard that there were mountains of gold in California.

Now officials of the Automobile Club of Southern California are up against a very real problem in meeting hundreds of complaints from motorists who report that their touring pleasure is curtailed because of the many automobiles stopping in front of fruit stands which line the roads from San Diego to San Luis Obispo.

Highways which are particularly marked by the traffic blockade are: the El Monte Boulevard, the Harbor Boulevard, the Los Feliz Road, the Lankershim-Universal City route, Huntington Drive, San Gabriel Boulevard and the Foothill Boulevard from Claremont to Pasadena.

And there is no provision in the State Motor Vehicle Law to prevent cars from standing on public highways—unless they are making repairs, according to the legal department of the Automobile Club.

In front of some of the most popular "road markets" as many as twenty-five automobiles have been reported to be parked at one time, practically blocking travel in both directions. Accidents have been directly traced to the fact that people cross the road from their machines to the little fruit stands and are struck by oncoming cars.

At the present time the Auto Club is considering enlisting the help of all county speed officers in Southern California to keep travel moving in front of these "watermelon wallows."

"Mooching motorists"—the type of automobile owner who wants the "other fellow" to pay for his supply of road information, highway direction signs and general service—are going to get the cold shoulder from thirty or forty automobile clubs throughout the United States, according to action taken by the New York State Federation of motor clubs, and by those clubs in the state of Michigan.

Now local motor car owners are asking how this is going to affect the motorists of Southern California.

Will the big Automobile Club of Southern California "put up the bars" against the non-member who comes into its branch offices and touring bureaus seeking "free dope" or will he be as welcome as the flowers in May?

Automobile club officials here say that the Southern California organization occupies a peculiar position in relation to the visiting automobile owners. For many years it has acted as "host" to the thousands of automobilists who come to the coast every winter to enjoy the local boulevards.

Resident car owners of Southern California support the work of the Auto Club by joining it and paying dues, and according to the club officials, these members wish the club to serve all "out of the state" visitors, whether they present "courtesy cards" from other clubs or not.

But the Southern California Club (the largest in America) does not want to be an "easy mark" for the local car owner who grafts off the organization for his road information, maps and general service without taking the responsibilities of membership.

Therefore, while this club will not join the nation-wide "league of anti-moochers," on account of the eastern visitors, it will give its first attention to its own members and to these visitors, declare the officials, and the "local moocher" will not be popular.

Eternal Vigilance is the Price of a Lawn

An abundance of water these hot dry days is necessary to insure a green velvety lawn. Why not make the work easier by discarding the antiquated sprinkler and old leaky hose and replacing them with new?

COME IN AND LET US SHOW YOU

Glendale Hardware Co.

601-3 E. Broadway Glendale

A FINE PROGRAM

(Continued from Page One)

the scene between the good priest and Jean Valjean. For an encore she gave a brief sketch in negro dialect, which was rich in humor. Mrs. Pigg sang most beautifully the contralto solos "By the Waters of Minnetonka" and "Lindy," but would not respond to the enthusiastic encore she received. Mrs. Cleo Stoler pleased all with her beautiful rendition of "The Song of the Soul," but would not sing again, though persistently applauded. Prof. H. W. Vetter of Los Angeles, a piano and voice teacher of considerable note, contributed a piano selection which was a marvel of execution and melody. Long continued applause forced him to respond and "Old Black Joe" with brilliant variations further delighted the audience, who insisted on one more number, which was good-naturedly rendered and proved equally entertaining. Miss Jackson concluded the evening's pleasure with two more readings in negro dialect which evoked continual laughter. So pleasing was this entertainment that the announcement of John M. Ray, who acted as master of ceremonies, that an equally good one would be given next "Fifth Night," Oct. 29th, was applauded. Miss Florence Heacock played the piano accompaniments for all the singers, her perfect execution adding much to the effect of the songs.

WHAT TO PUBLISH

The News wants to publish all of the home news, that is news; movements of the people, local happenings, social events, building improvements, etc., and asks its readers to assist in this by handing in such news items. Before you criticise the paper for lack of news, ask yourself if YOU have helped to make it a real community newspaper by sending in items; then give due credit for the news it does not print.—Sierra Madre News.

Personals

B. M. Emerson, secretary-treasurer of the Pacific Union Conference, has gone to Fresno for a few days.

Mrs. L. E. Berky of Buena Park was visiting her sister, Mrs. A. W. Huskins, of 417 Ivy street, yesterday and today.

Prof. Henry W. Vetter, wife and little daughter were the guests of F. B. Mattice and wife, 1007 North Louise, Wednesday.

Mr. and Mrs. Roscoe Puffer of Vine street are leaving Friday on an automobile trip to San Diego where they will spend the week-end.

Mr. and Mrs. Merrill D. Burke, the newly weds, spent Saturday in El Monte and were dinner guests of the Bruen family, who are old friends.

Miss Katherine Berry spent the week-end with Genevieve and Phyllis Straight, who are spending their vacation with their parents at Hermosa Beach.

Miss Gladys Woodyard of 454 Vine street returned Wednesday after spending a week in Owensmouth with Mrs. Freda Tullis, a former resident of Glendale.

F. W. Pigg has gone back to his old occupation, that of a building contractor. Mr. Pigg has built a great many of Glendale's homes in the past ten years.

F. S. Balthis of 819 North Brand left this (Thursday) morning for Seattle to visit two sisters who reside there. He goes by boat and will be gone several weeks.

Mrs. A. L. Lewis, a former resident of this city on Kenwood street, was the luncheon guest of her old neighbor, Mrs. Frederick Field, Wednesday. Mrs. Lewis is now living in Nogales, Arizona, but is spending the summer in Los Angeles.

Mrs. A. H. Fuelscher and daughters of 509 East Harvard St. returned Sunday from a week's stay at Long Beach at the bedside of her mother who is very ill but who was slightly better when they left. She reports the weather was very warm the Wednesday and Thursday of her stay.

George M. Anderson, the violin maker and repairer, has done some remarkable work on instruments owned in Glendale, according to the Glendale Music Company which pays him a fine tribute in declaring that it is astonishing what he can do with an old violin in bringing out the tone and increasing its value several times at a nominal expense.

Mrs. E. B. Moore of South Maryland avenue and son, Benton, are today attending the big picnic of the Church of the Nazarenes of Los Angeles, which is being held at Brookside Park, Los Angeles. It is expected that about five hundred will be in attendance. Mr. Moore has gone to Ventura on business connected with the Red Men's Lodge.

The kith and kin of the Emery family are having a reunion at Catalina. The Emerys have been there for some time and last Tuesday Miss Margaret Lusby joined them and is now at Island Villa. Next Tuesday or Wednesday her father and mother, Mr. and Mrs. C. D. Lusby, and her grandmother, Mrs. Olive Emery are planning to join in the circle in the Island resort.

Mrs. R. V. Hogue of 230 West Colorado St. is entertaining this week Mrs. Webber, an old friend from Denver whom she is very glad to see again. Last week the Hogue family, including Mrs. Hogue, Mrs. Tuck and little Benji, accompanied by the Linkogel family, spent a very pleasant day at Ocean Park eating their supper on the sand where they were joined by Dr. Hogue. Outings of that sort are very popular with them and the week-end is apt to find them in some pleasant resort.

Mr. and Mrs. W. M. Van Osdoll of 612 East Elk avenue had the pleasant last Sunday of entertaining Mr. Dumont, of Exeter, where their son, Bert Van Osdoll, is in business. He boards with the Dumonts, who are spending a few weeks in Long Beach. There is quite a colony of Glendale people in Exeter and at this season of the year when it gets very hot there, most of them return to Southern California for relief from the heat.

Joe Griffin of Acacia avenue was on the program Tuesday night at a special meeting of the Moneta Lodge, Knights of Pythias, in Los Angeles. It was a vaudeville performance in which he gave two numbers. Mrs. Griffin entertained for the day on Wednesday. Mrs. Essie Hooverholser and son, Charles. In the evening they were joined at dinner by Mrs. R. Stanley Simpson and daughters, Leola and Alberta, and by Mrs. Chas. Chamberlin and daughter, Zera Belle, who will be her guests for a few days. They were old friends and neighbors of Mrs. Griffin in East Tennessee.

MASONIC NOTICE

Unity Lodge, No. 368, F. and A. M., will confer the Second Degree on four candidates Thursday evening, July 31st, commencing at seven o'clock. Masons in good standing cordially invited.
 R. W. MASTERS, W. M.
 A. W. TOWER, Sec.

JULY 31, 1919 COPY

Prince of Wales Invited to Glendale

DEAR PRINCE:

During your visit to the Pacific Coast I wish to invite you to my residence here and partake of a cup of tea which your Grandparent, Good Queen Victoria, was very fond of. I call it "Victoria's Favourite Blend Tea," the finest tea the world produces and blended and sold here only by me.

All lovers of good tea like it.

Yours sincerely,
SIR FRANCES BOOTH.

318 E. Broadway, Glendale, Cal., U. S. A.

Thomas G. Widmeyer, the Nash agent, went to Los Angeles yesterday and drove out a new car that he had promised to deliver at once.

Mrs. Geo. Wilkins, who advertised a bungalow for rent one day last week, was fairly besieged with callers the moment the ad appeared and they are still coming, though the house was rented several days ago. She said she was able to pick and so got a high-class tenant. So many people are wanting to live in Glendale that it seems a pity there are not houses for them.

The Tent City News of Coronado, San Diego, chronicles the arrival there of Mr. and Mrs. Ralph W. Meeker and family of Glendale for their tenth season in the Tent City. Their address is Palm Tent 600 on Ocean boulevard. They were former residents of San Diego where Mr. Meeker's father was a pioneer, and they have many friends in the city. Dr. S. S. Black, their neighbor, of 2050 Kenneth Road, was their guest recently.

Mrs. Louise Purnell, who recently sold her fine home on Riverdale Drive, has been advised that a cottage she owns at 353 Ivy street will be vacated by the tenants, Mr. and Mrs. J. A. Legge, and that she will be able to have possession of it next Wednesday. She therefore expects to move on that date but will thoroughly renovate the house to adapt it to her use. She had rather set her heart on an apartment, but has not been able to find one with a garage and so has decided to occupy her own property.

HEALTH LECTURE

Owing to the vacation absences of quite a number of the Los Angeles Health Bureau staff, it has been found impossible to carry out the original plan for a moving picture lecture tonight. However, a lecturer from the Health Bureau will be here to lecture on a topic that will be found very timely and helpful to all. This unavoidable change of plan is regretted, inasmuch as several announcements have been made regarding the pictures.

A good attendance is hoped for as this will likely be the last lecture given for awhile, until cooler weather comes.

A first-class musical selection will be rendered as usual. Free to all. At the usual place—Intermediate School Auditorium, Wilson and Kenwood, 8 p. m.

MIDSUMMER MARKET

Ladies of the Congregational Church will hold an all-day market at 116 North Brand boulevard, Saturday, at which there will be offerings of vegetables, fruit and cooked food, and aprons will be sold and orders taken for them. 280t2

W. C. T. U. MEETING

The W. C. T. U. will meet at the home of Mrs. Emma Reed, 126 North Cedar street, on Friday afternoon, at 2:30. Subject: "World Prohibition."

LOS ANGELES PLAYGROUND WORK

Mr. Blanford, athletic instructor at Intermediate School, has been doing summer work at the 20th Street School in Los Angeles, where he has had charge of the playground with an assistant under him. It is a district largely populated by foreigners of all nationalities and he says a good deal of his time has to be spent in stopping race riots among the boys. The parents are hard-working people for the most part, some of them well to do, but not all have been Americanized, and recently three-fourths of the boys had to be sent home to rid themselves of vermin, as that is one of the strict requirements of the playgrounds, of which Los Angeles maintains thirty-four. He has organized two baseball teams, a junior and senior organization, and the seniors have been doing very good work and winning many games in contests with teams of other schools which take place about three times a week. The attendance, he says, fluctuates in the most surprising way. There come intervals during the day in which not a boy is to be seen on the grounds

and he and his assistant make ready to retire in-doors for a little rest when inside of five minutes 150 will be there shouting and jumping and their activities must be supervised. There are not many dull moments, however.

MINIMUM VERSUS VERSUS MAXIMUM ANNEXATION

To the Editor of Glendale News:—
 Dear Sir:—I think I have discovered the nigger in the woodpile whereby so many Glendale residents are espousing the cause of annexation to Los Angeles and I, myself, agree with the argument. I think if the city would revert to the minimum charges on water and electric light, some as in Los Angeles, this would smooth out the main difficulty, especially amongst the poorer classes and would draw them to the folds of us anti-annexationists. To quote an instance, I myself while residing in Tropico was paying 75c as minimum charge on water per month and I very rarely exceeded that amount. When I voted to consolidate with Glendale and pay \$1.00 a month for water, with the privilege of using three times as much water for \$1.00 as I did for 75c although I never needed it, that was all right for the big consumer, therefore the smaller fry had to pay for the big user; now if the city could revert to a minimum charge on water and electric light and get the Gas Company to do the same it would practically amount to the same thing, everyone to pay for what they use. Since the \$1.00 water charge, city officials' salaries were advanced, then water jumped to \$1.25 a month and electric light was also advanced, so I say let us get back to the minimum and maximum charges, then we will have the tightest little city, that no amount of coercion could induce to annex to Los Angeles; and persuade the few disgruntled ones on the sewer subject that a septic tank system could be arranged in a sanitary manner and the residue sold at a tidy sum for fertilizing purposes. Fifty per cent. of Los Angeles residents are without a sewer system and are not likely to get any within the next 10 or 20 years.

Municipal ownership for all public utilities should be the slogan. It's coming nearer every day, as sure as the sun rises and sets.

Yours truly,
FRANK BOOTH,
 318 East Broadway,
 Glendale, Cal.

POPULAR DANCES AND POPULAR SONGS

This is the summer of summers to dance, according to Columbia Records. Along with their songs this month they have the pick of the dances that have been most popular during the season. The list includes just forty fox-trots, thirty-one one-steps, and half a dozen waltzes, and more than a dozen well-known organizations play them.

These include the Columbia Saxophone Sextette, Earl Fuller's Rector Novelty Orchestra, the Waldorf-Astoria Dance Orchestra, the Yerkes' Jazzerimba Orchestra, Prince's Band, Jockers Brothers, Wilbur Sweetman's Jazz Band, the Columbia Orchestra, the Columbia Band (assisted in "Madelon" by the Peerless Quartette) the American Marimbaphone Band, the Jazzerimba Orchestra, Prince's Orchestra, Jockers' Dance Orchestra, and Joseph C. Smith and his Orchestra.

Al Jolson himself says that "I'll Say She Does," his latest song from "Sinbad," which he has sung for Columbia Records this month, is the greatest hit of his career. Al ought to know what the public likes, if anyone does. "Just As We Used to Do," sung by Billy Murray, on the other side of this record, is a song for returning soldiers and their sweethearts and for everyone else who used to— But you can find out what they used to do by hearing the record.

"Friends," sung by the Sterling Trio, is a close relative of "Smiles" and "Tears." It tells of all the friends of a lifetime, and reaches the inevitable conclusion that Mother was the best friend of all. Its instrumental interlude, "Home, Sweet Home," is both beautiful and appropriate. On the reverse of this record Campbell

the Blue Ridge Mountains Back to You," a love song that gives a charming picture of the southern mountains, the cabin home, and the waiting sweetheart. The music is as charming as the subject matter.

Agnes Lynn, famous star of the Weber & Fields All Star Company, who has starred alone for the last few years, is a new singer for Columbia Records. This month she sings "Jazz Baby," a syncopated song about a syncopated baby with a syncopated walk she came by naturally from her ragtime dad and her mammy who danced in a cabaret. On the reverse, Irving and Jack Kaufman sing most convincingly: "I Ain't Got'en No Time to Have the Blues."

Columbia Records are dance mad this month. The Louisiana Five Jazz Orchestra is a new organization to make Columbia Records. It plays a medley fox-trot, "Just Another Good Man Gone Wrong," introducing "Who'll Love You When I'm Gone?" on one side of a record, and "Yelping Hound Blues," introducing "Foot-Warmer" on the other. The Five's special pet banjo puts lots of "pep" into these pieces.

Don't let the title of "Tears (of Love)" mislead you. It's a medley one-step introducing "I'm Glad I Can Make You Cry" and "Pahjama." It is played in a lively fashion by the Jockers' Dance Orchestra, which plays on the other side of the record a medley fox-trot "Yama Yama Blues" introducing "You're Some Pretty Doll."

"Mammy's Lullaby," a waltz, is heralded as a triumph of saxophone recording because of the full value it gives to that instrument, which carries the melody for the Happy Six. On the other side of the record the Waldorf Astoria Dance Orchestra plays "The Red Lantern," a medley fox-trot from the music especially written for Nazimova's new motion picture film of the same name, introducing "Kisses" and "There's Only One That I Would Lose My Sleep For."

Columbia claims to have reached its high-water mark this month in the perfection of a record. The particular record in question is Massenet's "Elegie," sung by Ricardo Stracciarini with violin obligato by Saseha Jacobsen. It is certainly a song by a famous composer sung by a famous baritone with a famous accompanist. Those who have listened to many records are inclined to agree with Columbia's claim.

Attorney Marcus A. Woodward announces the removal of his offices from 402 Kirkhoff Bldg., Sixth and Main, to 233 San Fernando Bldg., Fourth and Main. 278t6*

NOTICE—My wife has left my home and I will not pay any debts she may contract. Bert Shaffer. 278t6*

THE CONCERT DANCE

PROGRAM OF ENTERTAINMENT TO BE GIVEN FOR ST. MARK'S CHOIR FUND

The concert dance to be given by St. Mark's choir Friday evening at Masonic Temple promises to be a very enjoyable affair in every way. It is to be of an informal character and whatever costume fancy or comfort may dictate will be quite de rigueur.

One or two alterations have been made in the program. Miss Mary Louise Hand, a talented whistler has been secured to take the place of Miss Esther Ralston who is out of town. The choir by special request will give one of the anthems sung at the Vesper service and will also sing a short part song.

The program follows:
 "Softly fall the shades of Evening," (Hatton) and "Light of Light," (Le Jeune) St. Mark's Choir.

"O, Thou Sublime Sweet Evening Star," Cello and Piano, Bertha and Eugenie Egloff.

Spanish Waltz Song "Carita" (Jessie M. Winne) Mary Louise Hand.

"Margarita (Meyer Helmund), and "Gypsy Song," Charles A. Parker, bass.

Adagio (Barziel) Bertha and Eugenie Egloff.

"The Nightingale," (Arthur Penn) and "Sunbeams" (Landon Ronald) Mrs. Franchon Rees, soprano.

Court Scene from Merchant of Venice:
 Shylock—Mrs. Charles Parker.
 Portia—Miss Nellie Williams.
 The Duke—Mrs. Wernette.
 Bassanio—Mrs. Harry Peterson.
 Antonio—Mrs. Eustace Young.
 Nerissa—Mrs. Kulp.

"Somewhere a Voice is Calling," (Arthur F. Tate) Mary Louise Hand "Smile, Smile, Smile," "Star Spangled Banner," St. Mark's Choir Accompanists: Miss Gertrude Champlain, Mrs. Edith Goss and Miss Ina Whitaker.

Dancing.
 On the Reception Committee with the Choir are Mr. and Mrs. Philip Burnays, Mr. and Mrs. R. H. Wells, Mr. and Mrs. DeLamont Greene, Mrs. C. H. Temple, Mrs. Alex. Mitchell, Mrs. Colin Cable, Mrs. Ella Richardson, Mrs. Leroy Bosserman, Mrs. D. W. Hunt and Mrs. F. L. Church. The Program Committee is composed of Miss Gertrude Champlain, Mrs. Mabel Capell and Miss Ina Whitaker. Dancing Committee: Albert Sullivan, Godfrey Parker and Philip Wernette. Choir members who are taking part include Mrs. Mabel Capell, Mrs. Helen Campbell, Eileen Sullivan, Mrs. R. E. Whitaker, Louise Ayala, Ruth Wilson, Dorothy Hunt, Albert Sullivan, Francis Sullivan, Robert Sullivan, Dudley Chandler, C. E. Ringquist, Eustace Young and the organist, Ina Whitaker. Doorkeepers will be Charles Hamilton and Philip Burnays.

Music for the dancing will be furnished by Whaley's Orchestra.

Music for the dancing will be furnished by Whaley's Orchestra.

VAN NUYS GROWING

The Van Nuys postoffice, along with the schools, the bank, the churches and other units of our community, is showing a steady growth.

On July 1st the salary of Postmaster D. M. Gibson was raised to \$1800 and a material increase was granted in the clerk hire allowance of the office. Each quarterly report shows a gain over the preceding one and over the corresponding one of the previous year.—Van Nuys News.

Advertise it, or advertise for it in the Evening News.

The annual summer picnic of the Wyoming Society of Southern California will be held Saturday, August 2d, at Hermosa Beach, on the wharf on the west end of Pier avenue. Hot coffee will be provided.

Do You Know the Value of Good Banking Connection?

The business man does. He knows the advice of men—well-informed men—in financial matters is invaluable to him in making investments, drawing up contracts, etc. So he hastens to form an alliance with a good bank.

The Glendale National Bank
 through long experience is peculiarly well-fitted to give you the advice and assistance you need in these matters.

WONDERFUL TRIP

(Continued from Page One)

three or four hours in which they were taken to Saltair for the famous briny baths, then brought back to the Mormon Temple to enjoy an organ recital and then driven about the city in automobiles and shown everything of interest.

At the Windy City, the next stop, the pleasant dose was repeated, a delegation from the Chicago Lodge meeting them at the station and conducting them to their lodge home, a building of ten to fifteen stories, which they were permitted to inspect thoroughly and where they were entertained with a luncheon. They were then put into pleasure cars and driven around the city and over the boulevard system which connects their beautiful parks, some of which border the shores of Lake Michigan, where they had a chance to view the fresh water bathing. That night they were the theater guests of the lodge and when they left the next morning they were joined by a part of the Chicago delegation who remained with them until they reached Atlantic City. Their tickets took them to New York via Philadelphia where a stop was made.

After the convention was over with the delegates from this part of California Mr. Woodard returned to New York where they spent three or four days together sight-seeing, and then separated, Mr. Woodard going up the Hudson to Albany, then to Buffalo and Niagara Falls, then to Cleveland and on to St. Louis. From there he made a side trip to Tennessee and Kentucky to see his wife's people and his own relatives, returning to St. Louis to resume his journey west. On the return trip he spent six or seven hours in Denver and a day in San Francisco. It was the hottest journey, he says, that he ever made and his first sight of the mountains of Northern California looked very good to him and seemed like home. He certainly was glad to get back to the Golden State.

Speaking of vegetation in the east he said some of the crops looked pretty well burned out and corn was badly curled by the heat, which he found far beyond and unlike anything experienced here. California seemed balmy by comparison.

MOTORISTS, WATCH YOUR STEP

The new motor vehicle law of the state went into effect on Tuesday of this week, and the principal features to be observed have to do with headlight glare, speed in the business districts of towns, turning in the middle of the block, and keeping mufflers closed when going through cities. Motorcycle Officer Dice says that all of these provisions will be strictly enforced in Burbank. The state will also have special officers who will act as inspectors and see that local officers are doing their duty in an impartial manner. Thirty days' time will be given to motorists to comply with the new headlight law and Mr. Dice says that he will be at the corner of Magnolia and San Fernando Road next Wednesday evening to focus the lights on all machines whose owners desire it free of charge. He also says that the muffler ordinance will be strictly enforced, regardless of whether the offender is a resident of Burbank or from the outside.

Mr. Dice also states that he has blanks for those who have not yet taken out their operator's license. Better see him at once, as these licenses are required by the new law. This license is issued free, and must be secured in addition to the regular motor vehicle license.—Burbank Review.

HE LIKES FLORIDA

A. E. Ewing, who left Burbank several weeks ago for his former home in St. Petersburg, Florida, sent the Review several copies of the Evening Independent of that place, one of which contains an item concerning the return of Mr. Ewing and his family to Florida. Mr. Ewing is quoted as saying that St. Petersburg is the finest place in the U. S. The other issue of the paper was published on a sunshinest day and in accordance with a custom established over eight years ago, the entire issue was given away. This, according to a statement made by the publishers, was the 48th time in over eight years that

1847

Rogers Bros. Silverware

Rogers Bros. 1847 Silverware has been used for three generations. Your mother and grandmother used this beautiful silverware. It is sold on a fifty (50) year guarantee but will last a lifetime. Beautiful silver is a joy forever. What woman does not love to own and use it? In order to make it easier for the housewife to use this wonderful silverware, we are going to put out 10,000 sets in Southern California at \$1.00 per week. There will be no reason why you should not use and enjoy one of these beautiful sets.

When our representative calls on you give him an interview and allow him to show you the different patterns in 1847 Rogers Bros. Silverware. This merchandise is the best money can buy.

Wonderful Opportunities in the Automobile Field

The history of American industries shows nothing which can compare with the rapid growth of automobile manufacturing. In the past few years a wonderful industry has been developed. In the United States alone there are over 500 factories at work on automobile construction, representing a capital of about \$2,000,000,000. Besides there are about 32,000 dealers in the United States employing several hundreds of thousands of men and women.

The development of automobile delivery trucks and light wagons is proceeding rapidly and every year sees the introduction of new makes in large numbers.

The demand from factories, garages, and salesmen for trained men is a direct result of this marvelous growth. The supply of such men is small—their pay correspondingly high. This is the field of opportunity you can enter through the sure, easy Home-Study Courses of the

International Correspondence Schools OF SCRANTON, PA.

Hundreds of thousands have proved it. The designer of the Packard "Twin Six" and hundreds of other engineers have climbed to success through I.C.S. help. For 28 years young men in offices, stores, shops, factories, mines, railroads—in every line of technical and commercial work—have been winning promotion and increased salaries through the I.C.S. Over 130,000 men are getting ready right now in the I.C.S. way for bigger jobs ahead. No matter where you live the I.C.S. will come to you. No matter what your handicap or how limited your means, the I.C.S. have a plan to meet your circumstances. No matter how small your previous education, the simply written, wonderfully illustrated I.C.S. textbooks make it easy to learn.

Complete Automobile Course

If you want to become an expert automobile driver, chauffeur, or mechanic you should study the I.C.S. Course in Automobiles, because it will acquaint you with the principles of operation, the details of construction and the types of apparatus used, making you an expert in your work. The Course is full of hints and suggestions covering all troubles and needs that may arise. As an automobile owner you cannot afford to be without the knowledge contained in this Course, whether you drive your car or employ a chauffeur. Ignorance is not only expensive to the owner, but it is dangerous to the occupants of a car.

SUBJECTS TAUGHT

- | | | | |
|-------------------------------|---------------------------------|------------------------------------|----------------------------------|
| Arithmetic (Optional) | Cooling, Muffing, and Governing | Direct-Current Generators | Tire Deterioration and Repairs |
| Gasoline Automobiles | Automobile Carburetors | Magneto Electric Generators | Automobile Operation |
| Bodies and Accessories | Fuels and Fuel Tanks | Spark Control | Care of Automobiles |
| Automobile Running Gear | Principles of Carburation | Transmission and Control Mechanism | Troubles and Remedies |
| Gasoline Automobile Engines | Forms of Carburetors | Friction Clutches | Heavy Electric Troubles |
| Principles of Operation | Electric Ignition | Transmission Mechanism | Carburetor and Ignition Troubles |
| Typical Automobile Engines | Ignition Apparatus | Control Mechanism | Overhauling and Repairs |
| Details of Construction | Current-Distributing Devices | Bearings and Lubrication | Automobile Equipment |
| Automobile Engine Auxiliaries | Ignition Systems | Automobile Tires | Electric Starting and Lighting |
| | | | Examples of Electric Systems |

Automobile Electric Equipment Course

Through this I.C.S. Course of Home Study any person familiar with its contents will be able to install, test, adjust, and repair intelligently and successfully, as far as it is possible to do so with ordinary garage equipment, all kinds and makes of starting motors, generators, and ignition devices, including magnetos and all modern timer-distributor ignition systems.

SUBJECTS TAUGHT

- | | | |
|--------------------------------|------------------------------------|--|
| Electric Ignition | Typical Battery and Generators | Single Magneto Ignition Systems |
| Electricity and Magnetism | Magneto Electric Generators | Dual and Double Magneto Ignition Systems |
| Electric Circuits | Details of Magneto Construction | Miscellaneous Ignition Systems |
| Magnets and Magnetism | Ignition Apparatus | Automobile Operation |
| Primary Batteries | Current Distributing Devices | Electric Starting and Lighting |
| Secondary or Storage Batteries | Dynamo and Storage Battery Systems | Examples of Electric Systems |
| Series | Magneto Ignition Systems | Troubles and Remedies |
| Direct-Current Generators | | Overhauling and Repairs |
| Details of Construction | | |
| Induction Coils | | |

When everything has been made easy for you—when one hour a day spent with the I.C.S. in the quiet of your own home will bring you a bigger income, more comforts, more pleasures, all that success means—can you afford to let another hour of spare time go to waste? Make your start now. Just fill in your name and address in the lower right-hand corner of this advertisement, and send it to us. We will be glad to explain our plan to you without delay and without any expense or obligation on your part.
