A DEMOCRATIC STAMPEDE IN EXEMPET.—
Fusion.—We have before us a copy of an address recently issued by two hundred and finy Democratic Detroit to their Democratic Prethren of other parts of Michigan. The address is published in the Detroit Advertiser, of Saturday week, and commences as follows.—

Laser, of Saturday week, and commences as follows—
"In view of the almost irreparable injuries that have been inflicted upon our Democratic institutions, the long established principles of the Democratic party, and the peace and prosperity of our beloved country, by the administration of Frankiin Pierce, and the administration of Frankiin Pierce, and the still greater mjury threatened by the election of James Ruchanan, who has given his unqualified and cordinal approval to all its wicked measures, and stands selemily pledged, as well by his own declaration as by the Cincinnate platform, on the selection of the propose, in every home side work the Lessecretic perty, and who redefined with the Lessecretic perty, and so good citizens, publicly to declare our determination to oppose, in every home side work, the election of James Steckanan, and to give our suptence and functions toketh Assex impelled us to this course."

The address then proceeds to enumerate all

The address then proceeds to enumerate all the evil acts which the friends of Mr. Fill. More are now charging upon the Democracy: offirms all, and many more of them to be true, and argues at length that the true Democratic principles of their (the signers) faith are to be found alone under the banner of the Republicans. "This is the unkindest cut of all?" In the State of Gen. Cass, and in the face of the cry of Fillmore fusions, two hundred and fifty Democrats decamp to the lines of the Republicans with a single impulse. The sign is ominous in a State claimed ascertain for Mr. Buchasan. There is no miscake about it. Their manes are to the rec

REPORT CONTRADICTED—PRESIDENT PIERCE.—Washington, Sept. 25th.—There is no truth in the statement of the letter from Kansas, made on reported authority of Gen. Smith, that the President has ordered a notify process to be entered in the case of the free State priseners. The Panama question is still pending before the Cabinet, and definite action thereon is anlicipated early next week.

The recent official advices from Gov. Geary and Gen. Smith have inspired the belief that good order will soon be restored in Kansas, while their action thus far receives the cordial approval of the Administration.

The President will leave on Tuesday or Wednesday next for Concord, going directly through to New Hampshire by railroad, his object being to astend to his long neglected private staters. He last night had a return of chills.
