(Do not remove from attached sheets)

File No.: NR 201-TRAYER, George W. (20 JUN 1950)Ad

Subject: Visiting Expert Program FY 1950 (Extension of Tour of Forest Products Specialist)

Note No.	
1	From: NR To: CS THRU: G-1 Date: 20 JUN 1950

1. Reference is made to letter Department of the Army, Office of the Adjutant General, file AGAO-C 201 Trayer, George W. (10 Apr 50)OUS, 11 April 1950, subject: Travel Orders, IJ-Tokyo, Japan-B L T.

2. Above cited reference placed Mr George W. Trayer, U. S. Forest Service, as a Visiting Expert, on reimbursable detail with Department of the Army for a period of ninety (90) days effective 19 April 1950. Mr Trayer's detail with Department of the Army will expire 17 July.

3. It is requested that the services of Mr Trayer be obtained for an additional thirty (30) days which will extend his temporary duty with Department of the Army through 16 August 1950.

4. Mr Trayer arrived in Japan 27 April 1950. His services were requested to investigate the forest research system. His recommendations will encompass a program to serve as a guide to the Japanese reorganization, coordination, objectivity of programs together with minimum facilities and personnel requirements. The necessity of this study is to improve the technology in utilization in the wood using industry to prevent immediate and permanent disruption of local economies until such time as improved forest management has increased the productivity of timber stands to a level of self-sufficiency.

5. Forest research in Japan has made little progress in the past 25 years. Even at its best, it was unable to visualize the need and provide solutions for the complex problem confronting the forest economy. As a result forest areas are inadequate to the requirements of self-sufficiency and until these areas are restored, improvements in technology must be immediately installed to lessen the drain upon the critically short timber reserves. Examination and analysis of the existing Forest Research System on which Mr Trayer is working for the purpose of recommending reorganization so that the System may best serve the Japanese economy at minimum cost, have not developed at the rate originally planned. This was due primarily to lack of essential data that NR was not able to procure from Japanese sources prior to Mr Trayer's arrival. Another 30 days will be necessary to complete the study and make suitable recommendations to assist in stabilization of the forest economy to the extent feasible through an improved research program.

6. Extension of his detail with Department of Army through 16 August 1950 is acceptable to Mr Trayer.

7. Proposed radio message to Department of Army is inclosed.

1. Reference is made to WCL 28167, dtg 162212 Z June 50 which requested information concerning NWS List of Visiting Experts, Priority 14, Fish and Wildlife Management and Conservation Specialist. (Copy attached as Incl 1)

2. Nomination of Albert M. DAY indicates possible misunderstanding on the nature of this project. Moreover, a Mr Kota HOKETSU, Japanese Wildlife Adviser, is presently in the U. S. under the Interchange of Persons Program, CARIOA Project 452. It is believed that Mr HOKETSU, when he returns to Japan in early September 1950, may be able to accomplish the purpose of this project.

3. In view of the foregoing it is recommended that action on Priority 14 be suspended until the capabilities of Mr Hoketsu can be analysed upon his return. In the event that recruitment of a Visiting Expert is still needed after discussion with Mr Hoketsu, more detailed information concerning the scope of this project will be furnished Department of Army.

4. Draft reply to DA is attached as Incl 2.

231.2(7 Jun 50) MD-A Temporary Duty (Capt J W Barr 26-6554)

Medical Section

Chief of Staff
Thru: Comptroller
G-1

7 June 1950

1. 1. In compliance with Staff Memorandum 16, GHQ, FEC and SCAP, dated 11 March 1950, it is requested that temporary duty and travel be authorized for Dr. Russell L. Haden to proceed on or about 8 June 1950 for a period of three days to Headquarters Rycom, thence to proceed to Headquarters Philcom (AF) for a period of approximately three days, and thence to proceed to Headquarters Marbo, from which place he will follow out his currently existing travel orders for return to the United States.

2. Dr. Haden is presently on temporary duty with Far East Command in capacity as an expert consultant to the Surgeon General for the purpose of promoting and further improving the quality of the medical care and instruction in Army medical installations in the Far East Command.

(Do not remove from attached sheets)

Mr. Garrett, 26-5628

File No.: 091.112(9 Oct 50)ESS/ADM Subject: DA Radio WCL 46725 Re: Visiting Expert

Note No.	From: ESS	To: G-1 Attn: Miss Brown	Date: 9 Oct 50

1

1. Reference is made to DA radio WCL 46725, 4 Oct 50, subj: Tariff Policy Group.

2. The Tariff problem is now under consideration and if agreement is reached there will be no need for a Tariff Policy Group. However, if no agreement is reached it will be desirable to have Mr. David Lynch come to Japan not later than 15 Jan 51, if he is available. It is considered desirable to keep the intent to recruit open until the Japanese tariff question has been settled.

3. In view of the above, suggest following message be dispatched to DA soonest:

~~Reurad~~ WCL 46725, 4 Oct 50. Request RCT Tariff Policy Group be deferred. Expect agreement on tariff within 30 days. If agreement not reached, services of Mr. David Lynch will be useful here provided he will be avail not later than 15 Jan 51. Will advise soonest result present tariff negotiations."

Visiting Experts for ESS

G-1 Chief of Staff 23 June 1950

1 1. a. Tab A is a proposal by the Chief, ESS, to recruit a Customs-Tariff mission for Japan. This matter was discussed by Mr. Moss, ESS/IR, during his recent visit to Washington.

b. Tab B is a DA proposal that two experts who accompanied the Dodge Mission return to Japan with Dr. Shoup's group. This proposal is suggested by Mr. Dodge and has the concurrence of Dr. Shoup.

c. G-1 concurs in both proposals, and has prepared a proposed message to DA, Tab C, to effectuate approval thereof. Tab C is a combination of Tab A and a concurrence with Tab B proposal.

2. For your information, attention is again invited to the status of commitments against FY 1951 Visiting Expert Funds:

CIE	$94,500
NRS	20,200
ESS	78,080
Total	$192,780
Estimated commitment, this action	15,000
Total	$207,780

3. Since only CIE has submitted a firm program for FY 1951, the commitments for ESS and NRS represent either holdovers from the FY 1950 program, or individual actions such as the attached. G-1 has requested firm programs from ESS and NRS, but such have not yet been received. It is apparent that the $250,000 budgeted for visiting experts, FY 1951, will be inadequate to support the firm programs of CIE, NRS, ESS and a minor requirement from PHW.

a. DA budgeted for 2,018 DAC spaces for GARIOA 412 (Japan), at $11,008,000 (including the $250,000 for visiting experts). Present approved FY 1951 manning levels total 1,615 man years, at estimated cost of $9,037,000 (including $250,000 for visiting experts). The difference of $2,000,000, which represents savings from original budget estimate, should be adequate to provide for necessary increases in the visiting expert program, as well as absorb any reasonable reduction which may be imposed by Congress or Bureau of the Budget.

b. Upon receipt from NRS and ESS (within the next few days) of a firm FY 1951 Visiting Expert Program, G-1 will submit revised recommendation for

FROM: SCAP TOKYO JAPAN

TO: DA WASH DC.....PRIORITY

For Office for Occupied Areas, OSA. Subject is Tariff-Customs Mission for Japan.

1. Consider that services of qualified customs and tariff experts would be extremely useful here to assist the headquarters in necessary SCAP review of present status of Japanese customs procedures and tariff policies. Consideration of specific customs tariff schedules not contemplated since belief here such rates should be decision of Japanese government.

2. Mr. Harold Moss, recently in Washington on TDY, discussed composition of such group informally with representatives of U. S. Treasury, State, and the Tariff Commission. He has suggested Mr. David Lynch of the U.S. Tariff Commission as possible head of the Tariff Policy Group and Mr. Lester K. Little, formerly of Chinese Customs, as possible head of Customs Procedures Group.

3. Request DA contact U. S. Tariff Commission regarding availability of services of Mr. Lynch and Mr. Little. Desire Tariff Policy Group be limited to maximum of three men and Customs Procedures Group to two men with responsibility for selection of appropriate members placed upon

ECONOMIC AND SCIENTIFIC SECTION

17 June 1950

MEMO FOR RECORD:

1. Informal memorandum from Mr. Harold Moss to General Marquat dated 12 May 1950 suggested a small mission be dispatched to Japan from the United States to assist SCAP in the coming review of Japanese tariff policy and customs procedures.

2. During Mr. Moss's TDY in Washington, he conducted informal discussions with U. S. Treasury, State, and Tariff Commission and recommended that a Mr. Lynch of the U. S. Tariff Commission be obtained as head of the Tariff Group and a Mr. Little who was formerly associated with the Chinese Customs be approached to head a Customs Procedure Group. It is considered that a total of 5 experts would be adequate to accomplish assigned mission and that selection of individuals could be left to the determination of designated group heads.

3. The recruitment of the proposed mission for single study and analysis of procedures and policies supplants need for permanent customs division in SCAP to maintain surveillance over Japanese activities in this sensitive field. Small customs branch only will be required in Occupation headquarters. This solution has been discussed with the Supreme Commander and the Chief of Staff who agree in principle.

4. Attached radio requests DA to initiate action to recruit heads and members of the mission for 45 days TDY in Japan, effective on or before 15 July 1950.

REURAD Z 47860 Mr Dodge has recently suggested that Dean Paul O'Leary of Cornell Univ and Dr Audley H Stephan of Rutgers Univ, both of whom accompained Mr Dodge to Japan in the spring of 49, would prove valuable adjuncts to Dr Shoup's party. Dr Shoup concurs in this proposal.

If above would meet with your approval, DA would also be prepared to dispatch report off with the gp. Appreciate advice.

OUTGOING MESSAGE GA/TOM L JAP/ek

UNCLASSIFIED 27 June 1950

FROM: SCAP TOKYO JAPAN

TO: DA WASH D C. . . . . .PRIORITY

27092/

Z 49393 For Office for Occupied Areas, OSA. Msg in two parts. Part I. Subj is Tariff-Custom Mission for Japan.

Consider that services of qualified customs and tariff experts would be extremely useful here to assist the headquarters in necessary SCAP review of pres status of Japanese customs procedures and tariff policies. Consideration of specific customs tariff schedules not contemplated since belief here such rates should be decision of Japanese Govt.

Mr. Harold Moss, recently in Wash on TDY, discussed composition of such group informally with representatives of U S Treasury, State, and the Tariff Commission. He has suggested Mr. David Lynch of the U. S. Tariff Commission as possible head of the Tariff Policy Group and Mr. Lester K. Little, formerly of Chinese Customs, as possible head of Customs Procedures Group.

Rqst DA contact U S Tariff Commission re availability of services of Mr. Lynch and Mr. Little. Desire Tariff Policy Group be limited to maximum of three men and Customs Procedures Group to two men with responsibility for selection of appro members placed upon selected group heads. Duration of mission approx 45 days. Arrival desired on or before 15 July.

Tariff-Customs Group recommended in $250,000 budgeted FY 51 GARIOA 412 Visiting Experts (WAC).

Part II. Re WCL 28629 June 50. Concur in O'Leary and Stephen as adjuncts to Shoup party. 23/-137B

WFM/CFK/HRG/a
Mr. Garrett 26-6670

091.012(2 June 50)ESS/ADM Shoup Taxation Mission

ESS G-1 2 June 1950
ATTN: Mr. Pruett

1 1. Reference is made to check note 2 from ESS to G-1, dated 6 January 1950 and inclosure 1 thereto, which contained the ESS Visiting Expert Program for Fiscal Year 50. Included in the above program was a request for Dr. Shoup to revisit Japan during the summer in order to survey the Tax Revision Program and its progress since his last visit.

2. Informal information from Mr. Moss, presently in the ZI, has indicated that two members of the Shoup Mission would like to leave the U. S. for Japan in early July, and the rest of the Mission to follow some time in August.

3. Dr. Shoup, Professor Warren and Dr. Surrey originally stated that they would be most reluctant to return to Japan this summer unless arrangements could be made for their wives to accompany them. Due to the importance of this Mission it is considered to be in the interest of the government that the wives of Dr. Shoup, Professor Warren and Dr. Surrey be authorized concurrent travel via MATS, or surface transportation on a non-revenue non-space available basis.

4. Request approval and dispatch of attached radio to DA Washington as soon as possible.

1 Incl
As Indicated

G-1

- W. F. M. - - - - - - - - - - - - - - - - - -

Mr. Pruett/rp 26-8993

From: G-1 To: Chief of Staff Date: 6 June 1950
Thru: G-4

2 1. ESS, in Check Note 1, recommends dispatch of radio (TAB A) to finalize movement of Shoup Taxation Mission to Japan. Return of this mission has previously been approved, and fund requirements for the mission have been considered in commitments to date against the $250,000 budgeted for visiting experts in FY 1951.

2. ESS also requests, however, that the wives of the three members of the Mission be authorized concurrent travel via MATS or surface on a non-reimbursable, non-space-available (or priority) basis.

a. Travel of the wives of three other visiting experts have previously been authorized on a space-available basis, or by commercial carrier at the individuals expense. G-1 does not concur that travel of wives of visiting experts on TDY should be integrated in regular priority lists.

Shoup Taxation Mission

G-1 Chief of Staff 6 June 1950
Thru: G-4

cont'd
• 2

b. G-1 has no objection to travel of the wives of the members of the Shoup Taxation Mission on a space available basis, or commercially at no expense to the Government, provided the members of the Mission are billeted at the Imperial Hotel where their wives may be billeted with them.

3. In view of the above, G-1 has prepared a proposed radio to the DA (TAB B) authorizing travel of the wives of members of the mission on a space available (MATS or surface) basis, or commercially at the individual's expense.

4. Recommend:

a. Members of the Shoup Taxation Mission be authorized billeting at the Imperial.

b. G-1 proposed radio, TAB B be approved for dispatch.

3 From: NR To: G-1

1. Mr Gordon is scheduled for a field trip to central Honshu from 15 to 20 June to complete field observations on fisheries cooperatives. This information will be included in report now in preparation by Mr Gordon. This report will include recommendations for improvement in the organization and management of cooperatives. Upon return from the above mentioned trip, Mr Gordon is scheduled to continue meetings with members of fishing industry and financial committees of the Diet and conferences with officials of Japanese Fisheries Agency to obtain administrative information on fisheries cooperatives. Mr Gordon is also scheduled to continue to discuss with personnel of other divisions of NR on problems of financing, including the future role of The Cooperative Bank of Agriculture and Forestry in financing programs to meet requirements of fisheries cooperatives. This schedule of field trips and conferences cannot be completed nor can the report be finalized prior to 7 July.

2. Mr Gordon's tour of duty is limited to 60 days instead of the usual 90-day tour. Therefore, in order to properly carry out the assignment on which Mr Gordon was invited to Japan, it is essential that he utilize every day possible in Japan before his return to the U. S. which must be effected not later than 9 July in accordance with leave of absence granted by his employer, The Southern States Cooperative, Richmond, Virginia.

3. Travel on MATS flight departing on 7 July will not enable Mr Gordon to arrive in Seattle prior to 9 July. It is requested therefore, that Mr Gordon's orders be amended to direct travel by commercial aircraft from Tokyo on 8 July which will insure his arrival in the U. S. on 9 July.

Request for Visiting Expert

G-1 Chief of Staff 17 May 1950

2 1. G-1 has investigated this subject and finds the following as basic factors:

a. There is adequate technical knowledge available, among the Japanese, the private commercial carriers, etc., to run the Tourist Business in Japan.

b. There is not, however, any one individual or group of individuals who are currently charged with the job of analyzing all related factors (travel, facilities, currency exchange, transportation and travel within Japan, etc.). Although ESS has a "Tourist and Services" Division, ESS admits that it is all "Services".

2. It would appear that this proposal is the antipodes of relaxation of controls and requiring Japanese to take the initiative. However, it is understood that the purpose of this individual is to effect a coordinating organization for promoting tourist trade, and upon the effecting such an organization, the mission will have been completed. For that reason, G-1 concurs in the request for a tourist expert for the programs outlined in Checknote 1 above, but calls attention to commitments against FY 1951 Visiting Expert Funds ($190,000 out of $250,000 budgeted).

3. In this instance, however, ESS informally indicated subsequent to the submission of Checknote 1 that they had no objection to paying such an expert from the SCAP Commercial Account should appropriated funds not be available. In this connection, full time DAC personnel of the Tourist and Services Division, ESS, are presently paid from the SCAP Commercial Account.

4. Recommend approval for dispatch of the attached draft radio.

17 MAY 1950 DISPATCH

- - - -

Declassified E.O. 12065 Section 3-402/NNDG NO. 775009

WFM/CFK/HRG/a
Mr. Garrett

091.112(6 Jan 50)ESS/ADM Request for Visiting Expert

ESS G-1 1 May 1950

1 1. Reference is check note 2 from ESS to G-1, 6 January 1950, which transmitted the revised FY 50 Visiting Expert Program for ESS.

2. Prior to the war tourism was a major industry and its revival is considered a vital factor in the achievement of a balanced economy in Japan. Expenditures of foreigners in Japan during 1936, as estimated by the Japan Travel Bureau, was $31,000,000.

3. During last summer approximately 300,000 Americans visited Europe and made a billion dollar contribution to the economy of that area. This is indicative of the great potential reservoir of foreign travelers anxious to visit foreign countries. With adequate development of resort and cultural facilities, it is considered that Japan could attract a sizable portion of this trade. In addition, Japan has the unique advantage today of accommodating the Occupation Forces and presenting an attractive area of visit for government personnel stationed at nearby areas such as Guam and Okinawa.

4. An increase in the influx of tourists from the United States and other democratic countries would not only make a significant contribution to foreign exchange revenue of Japan but also would have a favorable impact on the general program of democratization and rehabilitation. To achieve substantial results at an early date to insure Japan a share of valuable tourist dollars, it is desired to initiate a comprehensive program which would involve coordinated activities along the following lines:

a. Expansion of tourist facilities and accommodations.

b. Rehabilitation of resort facilities to appeal to Occidental tastes.

c. Coordination of inter and intra travel facilities to accommodate seasonal movement of tourists.

d. Development and promotion of special attractions designed to appeal to existing Occupation Forces at present in Japan.

e. Simplification of procedures for handling tourists which would facilitate their travel and expenditures in Japan.

f. Initiation of a comprehensive promotional and advertising campaign designed to stimulate interest in Japan.

5. ESS has no personnel currently assigned who are qualified to initiate and guide the program referred to in paragraph 4. Japanese agencies have not

121/2

Declassified E.O. 12065 Section 3-402/NNDG NO. 775009

WFM/CFK/HRG/a
Mr. Garrett 26-6670

1 contd.) demonstrated the necessary initiative to develop a comprehensive program on their own, although minor advancements have been made. To provide a sound basis for development and implementation of a program, as cited above, it is desired to obtain the services of a well qualified expert from the United States to undertake a survey and advise ESS for 90 days on ways and means for maximizing tourism in Japan, and if possible to remain as a full-time employee, or recommend qualified individuals, to assist in implementation of the program outlined above until it can be turned over to private agencies.

6. It is envisaged that the scope of such survey would include:

a. Inspection of hotel and resort accommodations to determine practicability for expansion thereof and improvement of adaptability to Occidental trade.

b. Advising on methods of coordinating foreign private carrier systems with local Japanese agencies.

c. Advising on the development of advertising and promotional techniques designed to stimulate tourist trade.

7. Request the attached radio be dispatched to DA in order to obtain services of a tourist expert for purposes as cited herein. In the check note, referenced in paragraph 1 above, there was included a request for an Industrial Technology Group. Present plans indicate that finalization of this project will not be possible during the remainder of FY 50 but will be included in the ESS FY 51 Visiting Expert Program. It is, therefore, requested that the requested tourist expert be accommodated under funds originally provided for this program.

TO: DA WASH DC. . . . . .PRIORITY

Reourltr AG 230.14 (10 Feb 50)GA to OUSA dtd 10 February 1950 subj restatement of Visiting Expert Requirements for FY 50 with Incl 2 revised list - ESS. Subj is recmt under VEP.

Part 1. In coordination with current efforts to maximize invisible export earnings, it is desired to undertake earliest survey of ways and means of maximizing tourism in Japan. It is envisaged that scope of such survey would include:

a. Inspection of hotel and resort accommodations to determine adaptability thereof to Occidental trade.

b. Methods of coordinating foreign private carrier systems with local Japanese agencies.

c. Development of advertising and promotional techniques designed to stimulate tourist trade.

d. Suggestions for facilitating tourist travel and accommodations within Japan.

Part 2. Request provision of a qualified expert to accomplish survey indicated and to advise on policy and procedures. It is considered that qualifications for person desired should include experience with international travel activities in the Far East; basic knowledge of hotel operation; familiarity with tourist promotion techniques.

Part 3. Included in Incl2 to ourltr referred to above was request for Industrial Technology Group. Present info indicates finalization this project not possible during remainder FY 50 but will be included in ESS FY 51 VEP. Request proposed Tourist Expert be substituted therefor and DA endeavor to obtain service earliest for 90 day period of expert qualified in cited basic. Suggest large tourist-travel agencies be contacted, particularly those which had prewar experience serving Far East area.
