Enlarged Building and New Parish House For All Saints Church

RAPID GROWTH OF CHURCH NECESSITATES LARGER STRUCTURE—CHOIR AND ASSEMBLY ROOMS WILL BE PROVIDED

The Rector and Vestry of All Saints Protestant Episcopal Church, Montgomery and Wynnewood Avenues, have just announced the plan for the Parish House and the much-needed addition to the Church.

The architect's drawing of the Church and Parish House as it will appear when completed is reproduced above. The present seating capacity of the Church will be practically doubled by the enlargement, including seating facilities for the choir.

The need for the Parish House has long been apparent. The Church must have an adequate building for its social

life and for its working organizations, and its choir, with the supplementary boy choir which is now being trained, must have suitable accommodation. The plans for the Parish House provide for an Assembly Room, 20 by 48 feet, and a Rector's Room on the main floor (at the same level as the Church) and a Choir Robing Room, Kitchen, Storage and Toilet Rooms on the ground floor.

All Saints Church, although located just the other side of the Borough Line, is the home Church for Episcopalians residing in Narberth, and we look forward with pleasure to this beautiful addition to our community.

Scouts Co-operate in Fly Campaign

The Boy Scouts of the Main Line have accepted the challenge to "Kill Flies and Save Lives."

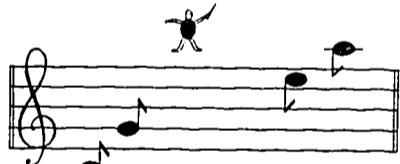

The Scouts of Merion, Ardmore, Bryn Mawr, Rosemont have organized to co-operate with the local committees. They will help in locating breeding places, distribute pamphlets, posters and swatters, and make fly traps to be used in their homes. Some of the scouts are taking orders for traps, which they are making in order to earn their dues and other funds that they are expected to earn by their own effort.

The Merion Scouts showed the motion picture on "The Fly" to their friends in their new quarters, and T. Dun Belfield, the Scoutmaster, states that the boys are co-operating with the local committee in every way possible, in order to locate the breeding places of flies.

The dairies of Lower Merion Township were inspected by the health officer, and he reported that on the whole they were in splendid condition. The dairymen are in hearty sympathy with the campaign, and will do everything

Narberth Choral Society

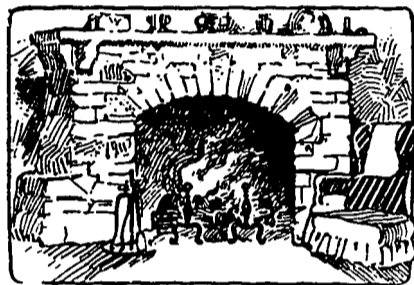

The Narberth Choral Society is showing the result of its hard concentrated work of six weeks in the rendition of "The Rose Maiden" at the School Auditorium this Friday evening, and there is no doubt that Narberth will be most favorably impressed with the rapid progress of the Choral Society under Prof. Nice's direction.

The Choral Society expects to produce one more concert before the summer months, and then renew their work early next fall.

Immediately following this production of "The Rose Maiden," the active membership in the Choral Society will be open for about two weeks to all interested singers for part in the second concert, and application should be made to Mr. F. R. Mitchell, Chairman of the Active Membership Committee, or direct to Prof. Nice.

Associate Membership is still open to all musically-inclined folks who want to be affiliated with the Choral Society but who are not necessarily singers.

THE FIRESIDE

Spring is here—again.

Clean-up Week, May 2nd to 6th.

FOUND—Gold brooch, identify at P. O.

Narberth can be fly-less and mosquito-less if you will do your share.

Miss M. Louise Boynton, of New York, spent a few days visiting friends in Narberth.

The whirr of the lawn-mower is heard and the click of the hedge shears—so long, sleigh bells.

Miss Jean E. Chalfant, of Chestnut Avenue, is spending a few days in Boston.

Mr. Henry C. Howes, Jr., left Narberth Tuesday, for Chicago, to engage permanently in business in that city.

If you happen to stop in at Davis's, and have ten cents or ten dollars, ask Gene how base ball is coming along.

Miss Florence C. Haaf, of Riverton, N. J., and Mr. Calvin Cole, of Abington, spent the week end at the home of Mr. and Mrs. A. H. Wilson.

The Narberth-Philadelphia bus line is now in regular operation. The route and schedule is announced in their advertisement this week.

A show appears in town today at "Firemen's Hall," let us hope it will be elevating and educational—or at least entertaining—to our younger folks especially.

Miss Mary F. Chalfant, of Chestnut Avenue, returned to Wilson College, Tuesday, after her spring vacation. She was accompanied by Miss Sara Pierce, of Manasquan, N. J., a classmate who has been visiting her.

Thirteen of Narberth's "Speed Kings" went to the Ice Palace one evening this week, where a clever program consisting of Races, Indoor Baseball, Tag, etc., was arranged. There are prospects of a Narberth Skating Club being formed.

Please do not forget to save your discarded clothing, furniture, china, glassware, jewelry or any old thing you have no use for and send it to the King's daughters for their rummage sale. Date and place to be held will be published later.

Those who saw "The District School at Blueberry Corners" know that the folks up there on the hill know how to "put over" a good show. Here's another—"A Surprise Party at Brinkley," a lively play given by a lively group of young people,—for a most worthy cause—foreign missions.

Narberth Business Section Swept by Big Conflagration

ACCORDING TO PHILADELPHIA PAPERS

Many Narberthites were surprised to read in the Philadelphia papers Monday morning an account of a sensational fire right in our midst Sunday noon.

Not the least surprised were many of the "victims" who were said to have been rescued.

A pile of rubbish and some stock in the basement of the Shoe Store located in the Arcade, caught fire last Sunday and threw up quite a smudge till the firemen went around and put it out.

On the front page of the city papers the next morning, however, big headlines like this caught the eye: "12 PERSONS SAVED, 8 FIREMEN HURT IN NARBERTH FIRE." In one paper we read that "suffocating flames penetrated to every quarter of the four-story building," that twelve persons had to be carried to the street, and that \$4,000 worth of damage was done. One family which was "rescued" has not been living in the Arcade Apartments for some time.

Actually very little damage occurred and no lives were endangered, the thrilling rescues being entirely imaginary. What the Philadelphia papers printed, however, is what the fire probably would have been if our Fire Company had not been on the job. It is a satisfaction that because of their efforts our experience with bad fires is limited to imaginary accounts in the newspapers.

Community Club Notes

"THE NEIGHBORS," A ONE-ACT PLAY, TO BE GIVEN BY ALL-STAR CAST.

SCHOOL AUDITORIUM, FRIDAY EVENING, APRIL 29, AT 8 O'CLOCK.

They are all there, all "the neighbors," on a busy morning, leaving their work for a bit of friendly gossip. And they find it—arriving on the 7:58. Such preparations for receiving it as to completely transform a day! Grandma's carpet rags take on an added interest; Mrs. Trot forgets—not exactly forgets, but rather ignores—that buffalo bug climbing up into her parlor curtains; Mrs. Moran ceases to complain of her lame back; even Mrs. Abel neglects, not much, but just a bit, her week's ironing, while Ezra finds time for service, and Peter for love.

Eight members of the Women's Community Club are giving the play in the interest of club activities. Rehearsals are being held two afternoons a week under the direction of Mrs. Norman Southworth. Stage properties are being gathered from kitchen and attic for Grandma and Inez, for Mrs. Ellsworth and Ezra. Strictly feminine women are studiously watching strictly masculine men in the hope of increased ability in "registering" by look and gesture those masterful dominating qualities. As if such indications of power had passed unobserved hitherto!

"The Neighbors" is one of the Wisconsin plays so popular at present, and is considered by that famous mid-western dramatic organization one of their most successful productions. Tickets may be obtained from any member of the Community Club, or from the treasurer of the Entertainment Committee, Mrs. E. H. Cockerill, 205 Forrest avenue. Don't forget the first and only performance by this company at the School Auditorium, Friday, April 29, 8 P. M. Admission, 75 cents.

ADDRESS ON HISTORIC SPOTS IN LOWER MERION.

Mrs. John F. Develin, Regent of the Chapter of the Daughters of the American Revolution, will address the Club at their next meeting on Tuesday afternoon, April 19, in the Y. M. C. A., 2:30 P. M.

This topic will undoubtedly appeal to all residents of this locality, and Mrs. Develin brings to the meeting a full knowledge of her subject, gained from a close study of historic annals of this region.

JUNIOR SECTION WOMEN'S COMMUNITY CLUB

The last meeting of the Junior Section was held at the Y. M. C. A. on Thursday evening, March 31st, when the Juniors held their first open meeting to the Senior Club. The Juniors were greatly delighted at the very splendid interest in their progress which the Senior Club proved to have by their large attendance. The regular business meeting was dispensed with, and the program, arranged by the Junior President, Miss Helen Jones, filled the entire evening.

Miss Jones gave a very cordial address of welcome to the Seniors, thanking them for their aid and co-operation in the formation of a Junior Section, and for their much appreciated donation of the hall for the past Junior dance. The various and splendid talent which the Club possesses among its numbers was then called upon to entertain. Miss Emily Sibley gave a wonderful piano selection, Miss Augusta Withrow sang two charming songs, in costume, and Miss Rose Sample presented a most entertaining reading. Then Miss Marjorie Jeffries, also a Club member, and a third year Medical student at Pennsylvania, gave a most interesting and instructive talk about "What Women Are Doing in Medicine in Philadelphia." Although Miss Jeffries admitted that Penn was the most glorious, splendid, and perfect of all Medical Colleges, she very generously lauded the many other colleges of Medicine of which Philadelphia boasts,—some of the oldest and best in the world.—Women's Medical, Jefferson, Temple, and Hahnemann. Miss Jeffries made it very clear that woman's position in the Medical World was now indisputably as strong as man's, and the training open to them just as excellent. Her talk was undeniably a treat, and the girls were proud to know that one of their members was engaged in "carrying on" the ever increasing work for women in the Medical Field.

All the Juniors had an opportunity to perform when the Glee Club was called upon, and the first public rendering of two of their numbers, "The Barefoot Trail," and "The Swing-Song," was met with enthusiasm on the part of the audience.

Editorial

CONCERNING NEWS.

Some folks have the strange idea that everything printed in Our Town is written by the Editor, who by means of a typewriter and a healthy imagination grinds out the various news items appearing each week.

The fact is that the Editor writes very little of the material, and rarely anything important. Each member of the community is pro facto a reporter to Our Town. The Fireside is an Open Forum for news items and interesting notes of all kinds, and yet we usually are obliged to depend on a few friends to keep us supplied with news of local happenings.

You do not have to be an experienced reporter or author to send in material to Our Town. Make it a point each week to send to Box 966 some items which might interest Narberthites, and so help to make your paper of the highest interest to all.

EXTERMINATION OF MOSQUITO.

An organized campaign against the fly menace is now well under way. With the various towns and organizations co-operating the Main Line should be virtually free of the pest this summer.

Another nuisance which should receive the attention of everyone is the mosquito. The open winter, and the very small amount of freezing weather, failed to kill the hibernating mosquitoes, and unless preventive steps are taken at once, we may find our porches extremely uncomfortable this summer.

Mr. C. Lincoln Furbush, Director of the Philadelphia Department of Public Health, has sounded a warning, and in an article in the "Public Ledger" points out the various ways of combating the nuisance at its source.

"The whole matter of eliminating the mosquito is to prevent its development," Mr. Furbush says. The principal breeding places, in addition to swamps and stagnant water, are the rain barrels, cans, bottles and rubbish which may hold sufficient water to attract the mosquito.

Careful attention to these spots in our coming Clean-up Week will do much towards assuring comfort this summer.

CHARTER NOTICE.

DOG QUARANTINE AFFECTING NARBERTH—ORDERED BY STATE DEPARTMENT OF AGRICULTURE—BUREAU OF ANIMAL INDUSTRY

It is ordered that a strict quarantine be maintained on all dogs located or found within limits of this territory for a period of 75 days dating from April 1st.

It is further ordered that each and every dog within these limits shall be securely confined and restricted on the premises of owner or keeper at all times, except when being led under proper restraint and except when muzzled with a well-fitting muzzle that will effectually prevent biting.

Any dog found running at large in violation of the foregoing quarantine may be killed and the owner or keeper of such dog shall be liable to prosecution.

Note: This quarantine has been ordered to prevent the spread of hydrophobia or rabies which has appeared in several places in this district.

SAVE BILLS AND SALES SLIPS

It is worth while to acquire a habit of saving all bills and sales slips—this particularly applies to any article you may have purchased to send by insured parcel post.

The following is quoted from the regulation governing applications for indemnity for lost or damaged insured parcel post. "In every case an effort must be made to obtain a bill or signed statement from the person who sold the articles to the owner, showing their values and date of sale.

"When this cannot be obtained, claimant must state name and address of the one from whom purchased and date of purchase."

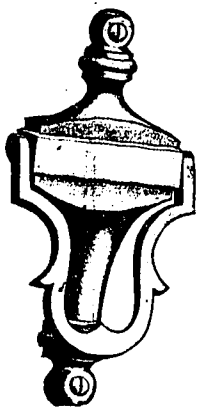

It is often difficult to secure a duplicate bill or statement after some weeks or months or even to recall where and when an article was purchased—therefore, the importance of securing and retaining such papers in file.

Edward S. Haws,
 Postmaster.

"CLEAN UP WEEK"

It has been decided that the first week of May shall be CLEAN UP WEEK for the Borough of Narberth. Let's get rid of all that rubbish that has been collecting in our cellars, yards and vacant lot for the past year. The Borough force will collect anything that you put out on the same days that the ashes were collected.

Geo. B. Suplee,
 Street Commissioner.

The Brass Knocker

RECOLLECTIONS, OBSERVATIONS AND COMMENTS BY AN OLD TIMER.

We tried golf the other day, doing 14 holes in 365. After it was over we asked the caddy if he ever knew anyone who played so badly. "No," was reply, "not on these links, but there was a man over in Jersey who was worse than that." We judged that entitled him to a fifty cent tip.

We agree with the Fireside in that it is a "grand sight" to see the school boys smoking cigarettes, but we take a different view of the situation. The chief thing to find out is "Where do they get them?"

We note with much regret that the gasoline pipe which was located in front of one of the garages has been removed. It stood about 6 feet high right on the sidewalk, where pedestrians had to be careful or it would have brought itself forcibly to their attention. We have always admired the stars and on dark nights when none were visible in the sky, we often walk past the garage with the hopes of seeing some of an unusual variety.

The Columbia Railroad, which was the predecessor of the Pennsylvania, was the first railroad of any size to be built in Pennsylvania. Here and there about Narberth, in vacant lots mostly, can be found remains of the roadbed with the stone ties still in their original positions. Feeling that it might be of interest to both new and old residents, we have decided to write a brief history of Narberth's first railroad, which will appear in this column from time to time.

OLD TRANSPORTATION ROUTES

Previous to 1825 the only means of transportation available between the Atlantic seaports and the West was by stage coach over the turnpikes. Until that time Philadelphia was the foremost commercial city in the United States. In that year, however, the Erie Canal was completed through the northern part of New York, connecting the Great Lakes with the Hudson River, thus providing an all water route to the West and giving New York City a commercial advantage which has never since been surpassed. The advantage gained by New York caused the Pennsylvania Legislature to consider some similar means of communication between Philadelphia and Pittsburgh with a view to regaining the lost Western trade.

Pennsylvania was in fact the forerunner of New York in the matter of canal improvements, for on September 29, 1791, a company was incorporated to connect the Susquehanna and Schuylkill Rivers by a canal and slack-water navigation; and thus accomplish the first link in the great chain by which it was intended eventually to connect Erie, Pittsburgh and Philadelphia.

Another company was incorporated April 10, 1792, to effect a junction of the Delaware River with the Schuylkill River by a canal extending from Norris-town to Philadelphia, a distance of 17 miles. By an act of assembly, April 2, 1811, these two bodies (which were chiefly composed of the same individuals) were reorganized and united into one company by the name of the Union Canal Company of Pennsylvania.

The Union Canal running nearly parallel to the Tulpehocken and Swartara Creeks from Middletown on the Susquehanna to a point on the Schuylkill, a short distance below Reading, was 78 miles in length. It was begun in 1791 and not completed until 1827. This was the first improved route, other than the turnpikes, to be built between Philadelphia and the West.

The above department should be of the greatest use to the community. The list contains the name of every professional man, tradesman, mechanic, shopkeeper, etc., who does or can in any way serve his fellow-townsmen, and who is progressive enough to add name to list of Register.

As it is difficult for those contributing their time and efforts to the production of "Our Town" to personally either know or interview all such, it would be most helpful if those not now found in the printed list would send in a memo of their names, address, phone numbers and businesses or professions for listing. This will cost as follows: 10 cents each issue for 2 lines; 5 cents for each additional line.

ROAD SIGNS—"TO NARBERTH"

We are getting a whole new outfit of Street Signs which are shortly to be erected at every street intersection for the edification of visitors and the convenience of residents old and new. The signs will be enameled front and back, even the screw holes, white letters on a blue ground.

About six months ago the signs were ordered but they are here at last and with them are six large signs lettered "To Narberth," which are to be placed at the following points: Wynnewood Road and City Line, 54th Street and City Line, (Black Horse Hotel), Wynnewood Road and Lancaster Avenue, Montgomery Avenue and Church Road, Meeting House Lane and Conshohocken State Road, Old Lancaster Road and Montgomery Avenue, (Merionville).

CONCERNING ASH COLLECTION

During the present month we will collect ashes every two weeks, unless there is a severe change in the weather, and starting with the month of May, the collections will be made during the last week of each month.

Geo. B. Suplee,
Street Commissioner.

DOG QUARANTINE

The State Health Department has placed a dog quarantine on all of Montgomery County and other counties in this section to prevent the spread of rabies, cases of which have been found in several places.

The Borough Constable has been notified that the quarantine is effective April 1st until June 15th. During this time licensed dogs are to be muzzled or on a leash, dogs running at large are to be shot on sight by the constable and all stray dogs are to be stable or sent to the pound.

Our Borough Council desires that the people of Narberth be acquainted with the quarantine and that the Borough Officials will assist the constable in enforcing the regulation.

As Narberth is not provided with a dog-catcher wagon, the Lower Merion Police Department will assist by sending their wagon through Narberth and removing all dogs running at large.

"I think that I shall never see
A poem as lovely as a tree.

A tree whose hungry mouth is prest
Against the earth's sweet flowing breast.

A tree that looks to God all day
And lifts her leafy arms to pray.

A tree that may in summer wear
A nest of robins in her hair;

Upon whose bosom snow has lain;
Who intimately lives with rain.

Poems are made by fools like me,
But only God can make a tree."
Joyce Kilmer.

in their power to co-operate. The dairies will be inspected frequently to insure the elimination of the fly from the source of the Township's milk supply.

Mr. M. V. Harrigan, health officer for Tredyffrin, Easttown and Willistown Townships, reports that everyone was notified to clean up their back yards, stables, cellars and pig pen voluntarily, before he makes his inspection, be-

cause he has been ordered by the State officials to rid the townships of all fly breeding places, and he intends to see to it that the health regulations are carried out.

The motion picture film on "the fly" has been used by the public schools of the townships of Lower Merion, Haverford, and Radnor, the parochial schools in Ardmore, Bryn Mawr, and Rosemont, the Shipley, Wright, Hareum and Baldwin Schools, the Church of the Good Shepherd, the Church of the Redeemer, the Ardmore Y. M. C. A., and the Conestoga Community Center.

Community Club Notes

(Continued from Page 1.)

The crowning treat of the evening was presented by Miss Jones in the person of Miss Dong, of Shanghai, China, a student of Bryn Mawr College, whom Miss Jones succeeded in securing to speak. It was not so much the fact that Miss Dong's subject, "The Customs of Chinese Women" was bound to be of interest to a feminine audience as that her personality was so perfectly irresistible as to make anything she had to say make doubly appealing. The girls fairly bubbled over with enthusiasm for the quest and although she told of many phases of Chinese life, were full of additional questions to ask her afterward. Miss Dong presented the customs of China as they have existed for generations, and as they have been rapidly changing with the advance of civilization. She told of the queer method of foot-binding, best exemplified in their old proverb that a maiden, to possess the proper smallness of feet must need shed a well-full of tears during the process before she can hope to attain the desirable minuteness of size. She told of the ancient system of education, whereby the students sing-songingly chanted the deepest philosophy, not bothering at all with the interpretation, and she very fascinatingly quoted some of the Chinese lines, which the little students recite to the rhythmic swaying to and fro of their bodies. She told of their food, their clothing, and their housing, and in summing it all up, and in telling the changes which civilization has wrought, she added very prettily a little tribute to our Missionaries who she assured us had done so much for the advancement of learning in her country.

This most attractive program was appropriately finished by a very kind and gracious word of praise to the Juniors from the Seniors through their President, Mrs. Batchelor.

The various chairmen of the Junior Section's departments then gave brief reports upon the progress of their work. Miss Marguerite Mueller upon the entertainment—Miss Mahel Kirkpatrick upon the membership—Miss Augusta Witherow upon the musical, and Miss Jeanette Gillis upon the publicity department.

The rest of the evening was spent in a pleasant "getting acquainted time" between the two clubs, and in the enjoyment of the ice-cream and cakes served by the hostesses of the evening.

We think the Senior Club enjoyed their evening—we know the Junior Club did—and so here's to many more such double meetings!

A SURPRISE!

At last the stage is set—figuratively speaking as yet—for the surprise which the Juniors have been promising Narberth for some time. You'll never guess—so we'll have to tell, and end the suspense.—A musical comedy,—no,—a wonderful musical comedy, entitled,
