THE PRACTICAL NURSERYMAN.

A TRADE JOURNAL.

Vol. 4.

HUNTSVILLE, ALA., AUGUST, 1896.

No. 8

To Nurserymen, Florists and Seedsmen.

THE NEW Climbing Rose,

YELLOW RAMBLER (AGLAIA), is now offered by us for the first time in this country, and will, we are confident, prove to be the most valuable Rose novelty of recent years. It was

ORIGINATED BY A LEADING EUROPEAN ROSE-GROWER, Mr. Peter Lambert, who has carefully tested it for *eight years* before putting it out. Mr. Lambert is probably the most prominent and successful Rose grower in all Europe, and his reputation for reliability is so high that we immediately secured from him the sole privilege of introducing the rose in this country. This new Rambler is

THE HARDEST YELLOW CLIMBING ROSE yet introduced. It has withstood a prolonged temperature of zero and under without injury, and we believe that it can be grown anywhere that other roses succeed. It is

A BLOOD RELATION TO CRIMSON RAMBLER. The Yellow Rambler is the product of the Japanese "Polyantha Samentosa," fertilized with pollen of the "Reeve d'Or." The former of these was undoubtedly a parent of the Crimson Rambler, and the two are, therefore, very closely related, as is further shown by their

SIMILAR FOLIAGE, GROWTH AND BLOOMING. The leaves are of much the same shape and color; the habit of growth is very vigorous, established plants making shoots 8 to 10 feet in a season; the flowers are borne in the same immense trusses as the Crimson Rambler, frequently as many as 120 to 150 blossoms in a single bunch.

THE COLOR IS A RICH GOLDEN YELLOW. Well established plants from 2½ in. pots ready last of July.

Prices: 75c each; \$7.00 per 10; \$50.00 per 100. A splendid assortment of other Roses, Clematis, Ornamentals, Small Fruit Plants and Fruit Trees for Fall and Spring shipments.

Send for our Trade List. It contains many valuable novelties for this season.

PRUNING, GRAFTING and BUDDING KNIVES.

THE BEST EVER MADE.

The "Stark Bros's Pruner and Grafter," the "Stark Bro's Heavy Pruner," and the "Stark Bro's Budder" are HAND FORGED and every knife GUARANTEED PERFECT, by the best cutlery company in America. Try a dozen of each, and if you do not find them the best, cheapest, smoothest-working knives you have ever used, you may return at our expense. All we ask is a trial.

We quote in quantity, terms cash: "THE STARK BRO'S PRUNER AND GRAFTER" is just the knife for pruning, grafting—in short, an ALL PURPOSE knife. Price .40.

"STARK BRO'S HEAVY PRUNER" is made especially for very heaviest class of pruning on old trees; in the hands of an experienced pruner will cut limbs nearly two inches in diameter. It is heavier than most people prefer to carry all the time, but it is just the knife for heavy work. Price .60.

"THE STARK BRO'S BUDDER," the knife we are using in budding millions of seedlings, is the best we have ever yet found. Price .35. Orders for dozen or more of each, discount 10 per cent.

THE YELLOW RAMBLER (AGLIA).

INTRODUCED BY JACKSON & PERKINS, NEWARK, N. Y.

THE PRACTICAL NURSERYMAN.

A TRADE JOURNAL.

Vol. 4.

HUNTSVILLE, ALA., AUGUST, 1896.

No. 8

THE PRACTICAL NURSERYMAN.

PUBLICATION OFFICE:

HUNTSVILLE,

ALABAMA.

W. F. HEIKES, Editor and Manager.

Issued Monthly. Sent only to those in the trade. We do not solicit subscriptions. If you value THE PRACTICAL NURSERYMAN, please accept it with our compliments. Our circulation covers a list of 1,500 selected names of customers and correspondents, made up through many years of active wholesale business. Every name represents a buyer of nursery stock, and this list contains only the names of those who buy at wholesale.

Advertisements 10c. a line agate; \$20.00 a page; one-half page \$10.00; one-fourth page \$5.00. Advertisements must be handed in one week before the day of publication. Advertisements for less than \$5.00 will not be accepted. Discounts: 3 times 5 per cent.; 6 times 10 per cent.; 12 times 25 per cent.

The circulation of this Journal will be confined strictly to Nurserymen, Florists and Seedsmen, and only invited advertisements of articles pertaining specially to these trades will be inserted.

The Yellow Rambler.

Messrs. Jackson & Perkins, of Newark, New York, are about to introduce a new climbing rose that promises to be of the greatest value. It is called "Aglaiia," or "Yellow Rambler," and from its parentage and habit seems to be well entitled to the latter name.

The rose was obtained by them from Mr. Peter Lambert, the well-known and very reliable German rose-grower, under an arrangement giving them the sole privilege of introducing it in the United States and Canada.

Mr. Lambert has tested the rose for the past eight years, which shows a most rare and commendable carefulness upon his part, a carefulness which it would be well for all originators to emulate, as it would greatly reduce the number of doubtfully valuable "novelties" that are yearly foisted upon the public.

The great and distinctive value of the "Yellow Rambler" lies in its very considerable hardiness, a quality so rare in Yellow

Roses, save those of the rather unattractive Austrian type, and so difficult to secure. It has withstood unprotected and without injury a continued temperature of from zero to two degrees below, and with a very little care can probably be grown nearly everywhere that other roses succeed well. This characteristic alone would be enough to make the rose a valuable introduction, since it would allow the most beautiful color of all to be added to the Climbing 'Rose of Northern gardens, heretofore deprived of Yellows by the severity of the climate.

The "Yellow Rambler" is a seedling from the Japanese "Polyantha" "Samentosa," crossed with pollen of "Reve d'Or." The former of these was undoubtedly a progenitor of the Crimson Rambler, which therefore has in the "Yellow Rambler" a near relative. In foliage, habit of growth and manner of blooming the two show their relationship. The "Yellow Rambler" is a very vigorous grower, well established plants making shoots eight to ten feet high in a season. The flowers are produced in splendid large trusses, often as many as one hundred and twenty to one hundred and fifty blossoms on one shoot. The trusses are pyramidal in shape, like those of the Crimson Rambler and the flowers are very sweetly fragrant, a quality not possessed by the Crimson Rambler.

The flowers are nearly full, of a cupped shape and of a decided golden yellow like "Mme. Falcot" and darker than "Coq. de Lyons".

As the noisette "Allister Stella Gray" has been sold under the name of "Golden Rambler," we add, to avoid all chances of confusing them, that this Rose is something entirely different and probably the greater acquisition, since it has such very considerable hardiness, great vigor and the habit of blooming in large trusses, like those of the Crimson Rambler.

Fall of 1896 and Spring of 1897.

Tract of 1,000 Acres. Over 800 Acres closely Planted in Nursery Stock. Nothing over Two Years Old.

The publication of this list abrogates previous quotations.

Except where prices are agreed upon, these quotations are subject to change without notice.

See Terms and Conditions governing these quotations on another page.

The indications from all parts of the country point to better business for Nurserymen the coming year, and we predict higher wholesale prices as the season progresses.

KIEFFER--Two Years.

Grafted on French Seedlings, Japan Seedlings, or Owl Roots, as May be Preferred.

These were very strong, handsome, one year trees, mostly 4 to 5 feet high. They were grown from root-grafts, transplanted at one year old, cut back to the ground and one shoot allowed to grow. They have the appearance of two year buds, and are very fine roots and tops.

PEACH TREES--On Peach, Leading Varieties.

Our Peach Trees are budded on seedlings, grown from Tennessee and Alabama pits. They are free from Aphis or Root-Knots, and have fewer borers than those from most nurseries. We can supply beautiful medium and small-sized peach trees this year. The lands upon which our peach trees are grown this year produces a light, well-matured tree, with fine roots. These trees will answer well the purpose of "June Buds," and are very much better to transplant, as they will be well matured to the terminal bud, while June Buds are often tender at the tips. The little trees we offer should not be confounded with the little culls left after the larger trees have been dug and offered so cheaply by other nurseries. Our peach trees have been grown with especial reference to the Southern trade, where small sizes are mostly wanted. The Yellows and Rosette are unknown in this locality, and we have been careful not to bring in any buds from affected localities.

TRIUMPH AND GREENSBORO—Price: \$100.; \$90.; \$75.; \$70.; \$65.; \$60.; \$100 per 1,000.

BUDS.

Orders will not be accepted for less than two dollars' worth of buds, and if required in less quantities than one hundred of a variety, double the hundred rates will be charged.

Orders for buds can be made upon us with confidence. We take especial pains to keep all our sorts pure, renewing frequently from bearing trees and "mother blocks." Special prices will be given on orders of 5,000 or more of leading varieties.

BUDS! BUDS! BUDS!

The Sophie Plum.—A native of rare excellence. Has no rival as a fertilizer for other kinds. Buds, \$1.50 per 100; \$10 per 1,000.

Milton.—\$4.00 per 1,000.

American Eagle, the largest and earliest of the Americanas, \$5.00 per 1,000.

All the leading and best-known market varieties \$3.00 per 1,000. 150 varieties of the newer kinds, \$1.00 per 100. My collection embraces over 200 kinds—the largest in the country.

Summer King.—Apple Buds \$1.00 per 100; \$5.00 per 1,000.

Stayman's Wine Sap \$1.00 per 100; \$5.00 per 1,000.

The above are fruits suited to all sections, and every *live* man in the trade ought to have them.

LARGE STOCK OF

Pear, Plum, Peach, Quince and Other Trees.

GOOSEBERRIES, CURRANTS, ETC.

SPECIAL PRICES ON CAR-LOAD LOTS.

Root Grafts Made to Order.

The Secret of success among many buyers of root grafts, is that they realize the importance of getting them of a firm who has an established reputation for furnishing grafts that will grow, as well as be true to name, without this favorable start you are handicapped. If a long experience, maturing yearly into an increased business until its volume is second to none, is worthy of note, we claim your attention. Get our prices on our regular Commercial grades or any special graft that might suit your wants or fancy.

FRUIT TREE STOCKS.

We are still able to offer a good strong grade of No. 1 and No. 2 apple seedlings at reasonable prices. We have also to offer a full line of imported fruit tree stocks.

APPLE TREES.

Our Prices are Reasonable, Varieties Consistent, Grade Excellent, Age two years.

IMPORTANT.—Do you appreciate the importance of the location of St. Joseph, Mo., as a shipping point? Not only on account of its central location but more especially because of its being a Missouri river terminal making a great saving in tariff rates over all inland towns far and near, in whatever direction and whether with or without competing lines.
