ALL BUT BORDEN TO RESIGN; FORCES IN MONTREAL READY; LAVERGNE TALKS VIOLENTLY

Mail and Empire Says Borden Will Ask Ministers to Drop Out and Build New Cabinet; Laurier's Message to Quebec

Toronto, May 28.—The Toronto Mail and Empire, the chief organ of the Borden Government, says Sir Robert will ask for the resignations of all his Ministers and reconstruct the Government to add new vigor.

Montreal, May 28.—While neither confirmation nor denial can be obtained from the military authorities, as is natural under the circumstances, it is stated in authoritative quarters that ball cartridges have been served out to the militia regiments stationed in Montreal, and that on the first outbreak of serious trouble over the conscription measure stern measures will be used to suppress rebellious tactics.

Lieut.-Colonel Blondin and several officers of this district, who left hurriedly for the capital on Friday night, spent the week-end in conference. Martial law, as stated on Saturday, has been urged by the highest authorities. To-day it is reported that the Government has its eye on Montreal and its consideration earnestly devoted to whatever steps may be deemed necessary to preserve order and protect wounded soldiers from brutal attacks such as have occurred since the announcement of conscription was made.

Anti-conscription demonstrations continue to grow in size, but with the exception of isolated cases of rowdiness, the appeals of Sir Wilfrid Laurier and Mayor Martin have had an effect and the many week-end protest meetings were peaceable in action if not in words.

Soothing Effect.
The Liberal leader's telegram to Louis Letourneau, M.P.P. for Quebec East, where a big protest meeting was held, appealing to the participants to remember that "the liberty of opinion which you claim must be allowed to all of those who think differently," had a soothing effect and order was largely preserved.

Montreal, of course, is the centre of the more rabid objections. Despite the requests of Major Hall and Lieut.-Col. Leprohon that the soldiers restrain themselves—which intervention just prevented some 300 returned men from rallying forth to claim vengeance for their two mates who were badly mauled the previous night—there is growing resentment among the men and a clash seems certain sooner or later. Late Friday night, following a meeting at St. Henri, a mob of young men charged at 150 soldiers standing in a restaurant doorway, booing and hissing. The Tommies were on the point of tackling the crowd unaided when a strong force of police arrived, hurried the soldiers inside the cafe and scattered the crowd. Stones began to fly and the restaurant owner is bemoaning the loss of his windows. From there the mob adjourned to the office of La Patrie, where more windows were smashed. The police, 100 strong, who had kept hard on their trail, again scattered the demonstrators and in the melee two of the leaders were badly enough hurt to be removed to the hospital.

Many Meetings.
Throughout Saturday "down with conscription" was the keynote of many street corner meetings. The orators were principally youths, a Russian Jew being the convener and speaker of one assembly in Phillip Square. He spoke for several minutes, but the police, observing that a number of soldiers were congregating in an extraordinarily casual manner, broke up the meeting and moved the speaker on.

Meanwhile there is ample evidence that the Government is determined to go through with the measure come what may. Likewise, there is equally evidence showing that French Quebec is determined to kick over the traces, come what may. That the Government has the power to enforce its measure when it becomes law is not doubted, but those who know Quebec fear unfortunate incidents before that power is felt.

Laurier's Message.
Ottawa, May 28.—Sir Wilfrid Laurier sent the following message to Quebec yesterday morning, addressed to Louis Letourneau, M. P. P. for Quebec East: "I regret to learn that the Chronicle has suffered from absolutely reprehensible acts. I entreat the citizens at the meeting which is to take place to-day in Quebec to abstain from all violence, either of language or action, and to remember that the liberty of opinion which they claim for themselves they must allow to all those who think differently."

(Signed) WILFRID LAURIER.
Lavergne's Speeches.
Quebec, May 28.—Advising those in his audience that they should refuse to obey a conscription law if such be passed in Canada, and that "we have nothing against the Germans," Lieut.-Col. Armand Lavergne, ex-M. P. P., came out more openly yesterday in

Brazil Shortly Will Act With Allies in War Against Germany

Rio de Janeiro, May 28.—A Noticia says that in German circles it is asserted that Germany will declare war on Brazil within two or three days.

Rio de Janeiro, May 26.—(Delayed in transmission.)—The Foreign Relations Committee of Congress to-day drafted a measure recommending the cancellation of the neutrality of Brazil in the war between Germany and the United States.

President Braz under the bill would be authorized to take necessary steps for the carrying out of this law and to put into practice the acts which would result from the ending of neutrality.

The Foreign Minister to-day presented to Congress a message signed by President Braz in which it was stated that the sinking of Brazilian merchantmen by German submarines obliges the Government to take measures of defence against the Teuton U-boats. The utilization, but not confiscation, of German vessels interned in Brazilian seaports was suggested. The message said in part:

"I have the honor to bring to-day to your knowledge confirmation of the information which we have received from the Brazilian legation in Paris concerning the sinking of another Brazilian merchantman by a German submarine."

"The entire nation is confident of the attitude which this Government adopted when Germany announced all neutrals the establishment of a submarine blockade. The Brazilian Government then formulated a protest and after the sinking of the steamship Parana broke off diplomatic relations with Germany."

"To-day the sinking of a second steamship without warning and the menace of decreasing constantly our shipping and foreign commerce obliges the Government to put into practice measures of defence to be suggested by the high advisers of Congress."

"The utilization of the German merchantmen interned in Brazilian seaports appears urgent to the Government. The idea of confiscation, however, is excluded, this being repugnant to the spirit of our laws as well as to the general feeling of the country."

TO OFFER FILIPINO DIVISION TO U. S.

Leading Representative of Race Passed Through Here To-day on Mission

If the mission of Hon. Manuel L. Quezon, Speaker of the Senate of the Philippine Islands, is successful at Washington, an army of Filipino troops may join the American expeditionary force in France.

"The Speaker, who is the leader of the Filipinos, and therefore came into his own when responsible Government was established last year, arrived on the Empress of Russia this morning, accompanied by R. Fernandez, a business man of the Islands, and his two secretaries."

In a chat with The Times, Mr. Quezon stated that subject to the consent of Washington it was proposed to send a fully-equipped division, manned by native officers, with the American contingent to France. Considerable preliminary work had already taken place, and he was hopeful that the United States authorities would accept the offer.

Mr. Quezon, who was formerly resident commissioner in Washington, is the best-fitted man among his people to present such a request as typifying the patriotism of the Filipinos, and not the least interesting fact is that he was one of the leaders in the revolt which caused so much trouble to the Americans. He served on the staffs of General Aguinaldo and Mascardo, ranking as a major. In 1898-1900, until the rebellion was suppressed, the splendid example of the South African generals who were in arms against Britain about the same period, and who have also taken a leading place in the political life of South Africa since the British Government conceded self-administration, has been an inspiration to the Islanders.

The Speaker seemed very confident of the success of his mission. He will proceed to Washington.

ITALY IS IN NEED OF RAILWAY EQUIPMENT AND COAL AND STEEL

Washington, May 28.—Italy's urgent war needs of railway equipment, coal, iron and steel were laid formally before American officials to-day by the Italian Commission.

Italy's demands will be met as far as possible, but they will have to be considered in connection with the enormous war needs of the United States and of the other Allies.

Italians Murdered 133 When They Sent Down Spanish Ship

London, May 28.—Forty-eight passengers and 85 members of the crew of the Spanish steamship C. de Elizaguirre are believed to have perished as a result of the sinking of the vessel.

A dispatch received by Reuters Telegram Company, the date of which has not been made public, reports the loss of the C. de Elizaguirre. The dispatch says that according to the second officer, the ship sank in five minutes.

It was awakened by a great noise and pushed to the deck and tried to get passengers into his boat, but the boat was swept away and almost simultaneously the ship broke in half. He saw no other boats afloat except that in which he and the other survivors escaped.

Among the forty-eight passengers missing is the Spanish consul at Colombo, Ceylon.

The C. de Elizaguirre was a vessel of 4,376 tons gross, owned by the Cia. Trans-Atlantica, of Barcelona.

Another Sunk.
Madrid, May 28.—Marquis Prieto, Premier of Spain, announced yesterday that the Spanish steamship Begona, a vessel of 2,962 tons gross, had been sunk.

Less than a week ago the German Foreign Minister gave out a statement in which he professed that the German Government felt great friendship for Spain and highly appreciated the manner of that nation's neutrality, adding that Germany would help Spain in every way possible.

Big Mass Meeting in Madrid Urges Spain Break With Germany

Madrid, May 28.—Resolutions adopted at a great mass meeting in favor of the Entente held in Madrid yesterday were presented to the Spanish Minister of the Interior to-day. The resolutions are to the effect that "Spain should break off diplomatic relations with Germany and should accept all the consequences from the action which she is compelled to adopt for the defence of her dignity."

RUSSIAN FORCES ARE CALLED ON BY NATION TO FIGHT ONCE MORE

Petrograd, May 28.—Virtually all the divergent political factions, all class organizations and councils, and even the Socialist leaders with the exception of those of the extreme left, to-day re-echo the appeal of Minister of War Kerensky to the troops and applaud the new order of the day—"Advance." It remains to be seen how the army itself will receive the final exhortation to patriotism and the defence of Russia's newly-won freedom.

Constant efforts have been made during the past two months by representatives, not only of the Government, but of the soldiers, to bring home to the army that the abandonment of active warfare would not only mean treachery to Russia's allies, but the inevitable loss of all that has been gained in the revolution. It is confidently believed that this last call, supported as it is by almost every element of society, will move the army to a realization of the situation. All the commanders have added their appeals to the order of Minister Kerensky. They all emphasize the necessity of not only defeating the country against the enemy, but of an immediate advance to relieve the pressure upon the Allies, which Germany has been able to exert by transferring the bulk of her troops from the eastern to the western front.

Gen. Alexieff, the Chief of Staff, says tersely: "Forward! Advance to attack the enemy!"

General Brusiloff says: "It is necessary to conserve and consolidate our freedom. Our soldiers must overthrow and defeat the enemy. Shame and dishonor to those who have a weak spirit!"

General Dragomiroff is less laconic, saying: "An advance against the enemy is an immediate necessity. The enemy is taking advantage of our passivity to leave this front open and send forces westward. The French and British are honestly doing their duty as our allies. They are saving our new freedom, which otherwise we would lose. But soon their advance must wear itself out and then there will be no one to help us."

The newspapers contain similar appeals from the heads of the Government. Premier Lvoff writes: "Honor demands our activity. We are drowned in speeches and words. The muscles of our organism are being atrophied. Further passivity will mean ruin."

M. Skobeloff, the new Socialist Minister of Labor, joins the chorus with the declaration: "Our present task is to advance."

After information.

In a new order to the army, General Alexieff explained yesterday why it is

Cadorna's Men Continue to Batter Their Way in Direction of Trieste, Rome War Office Reports; Twenty More Guns

Rome, May 28.—Italian troops have crossed the Timavo River and occupied the village of San Giovanni, northwest of Duino, near the Gulf of Trieste, the War Office announced to-day. They have captured nine 6-inch guns.

Italian troops on Saturday smashed through the Austro-Hungarian positions between Jamiano and the Gulf of Trieste, passing the Monfalcone-Duino railway northeast of San Giovanni and establishing themselves within a few hundred yards of the village of Medeaaza. North of Plava Italian troops carried the heights at the head of the Palliova valley, thus joining their Mont Cuoco lines with those on Hill 363. Eleven guns were captured and more than 1,200 Austro-Hungarians were taken prisoners.

These victories were announced by the War Office yesterday in the following report:

"During the fourth day of the furious battle on the Carso the positions occupied on the southern part of the plateau were extended by the untiring efforts of our troops. The positions already captured in the other sectors were firmly maintained. An artillery action all along the line continued fiercely from sunrise until evening. In the afternoon, between the coast and Jamiano, our infantry by a brilliant assault succeeded in reaching a point beyond the railway from Monfalcone to Duino, northeast of San Giovanni, and carried the strongly fortified Hill 145, southwest of Medeaaza. They established themselves a few hundred yards from the village. During this action some of our infantry reached the enemy's ground capturing a field battery of ten guns with ammunition and 113 prisoners, including 34 officers."

"North of Jamiano violent attacks and counter-attacks followed in succession all day, supported by the artillery fire."

"In the area east and north of Gorizia the artillery action was intense. We shelled the basins of Britova in which the enemy supports centre."

"The fire of the Udine brigade and the 96th and 96th regiments brilliantly carried the heights at the head of the Palliova valley, thus connecting our 30th Cuoco lines with those of Hill 200. They took 428 prisoners, including 10 officers and one gun, two trench mortars and 7 machine guns."

"Our aircraft continued their successful bombing raids on enemy establishments. The railway station at San Luca, of Tolmino, was severely damaged. Our machines all returned safely. During the air fighting above Britova an enemy machine was brought down. Another fell in flames near Vertoba."

Pounding Forward.
London, May 28.—The Italian forces have fought their way forward to within two miles of Duino, the most formidable natural barrier between them and Trieste.

The great battle now enters its eighteenth day without any sign of an abatement. Vienna refuses to concede the Italian victories, but the map tells the story of General Cadorna's steady advance.

Duino, at the gates of which the Italian guns are now hammering, marks a point at which the Carso attacks almost touches the sea. Protected by the ocean on the other side, it is powerfully defended to the north by Monte Quercole, a height of considerable magnitude which dominates the country for many miles around. At the foot of Monte Quercole, facing west, lies the little town of Medeaaza and Italian troops have smashed their way to within a few hundred yards of that village. It is possible that a full will occur before they attempt the formidable task of storming Monte Quercole.

Abstruse Statement.
London, May 28.—Complete repulse of all Italian attacks after most furious fighting was claimed in a statement issued by the Austrian War Office on Sunday. The statement also asserted that more than 13,000 unrounded Italians had been captured in the sixteen days of the Italian offensive. The text of the statement follows:

"On the Carso plateau the enemy yesterday again concentrated mighty masses for an assault. At Fajti and near Castagnayza the fighting came to a standstill before our foremost trenches."

"Between Jamiano and the sea the fighting was severe and several heights changed hands rapidly during the day. Our defences remained unbroken. The honved regiments repulsed seventeen attacks in forty-eight hours, besides thrice storming a height. Artillery Lieut. Archduke Leopold with a handful of gunners joined an infantry regiment in a front line assault and brought back two machine guns."

"The prisoners brought in on the Carso plateau since May 23 now number 250 officers and more than 7,000 men. Altogether since the beginning of the battle more than 13,000 unrounded Italians have been captured."

British Reports.
London, May 28.—"Hostile raiding parties were repulsed last night northwest of Cherisy and south of Lena," says an official report issued to-day.

"Successful raids were made by us north of Armentieres and in the neighborhood of Wytschaete. Our troops reached the German support lines and captured between 20 and 30 prisoners."

London, May 28.—An official report issued last night said: "During the afternoon we gained further ground by a local attack in the neighborhood of Fontaine-Jes-Croixelles. We secured a few prisoners in the course of patrol encounters early this morning near the Cojeul River."

"Three German aeroplanes were brought down in the fighting of yesterday and eight others were driven down out of control. Four of our aeroplanes are missing."

British troops in the Lens sector of the battlefield in France on Saturday night repulsed a German attack east of Loos, the War Office announced yesterday afternoon. On the southern end of the British line Field-Marshal Haig's forces carried out a successful raid northwest of St. Quentin.

Balfour Sits With Cabinet at Ottawa; Addresses Houses

Ottawa, May 28.—This forenoon Rt. Hon. A. J. Balfour, head of the British Mission to the United States, sat at the Cabinet Council and conferred with the Ministers. This afternoon at 3 Mr. Balfour was accorded an enthusiastic welcome in the Commons on attending to address the legislators on both Houses.

DID NOT TALK WITH SIR GEORGE FOSTER

Ottawa, May 28.—The deputization representing the Winnipeg Grain Exchange which arrived in the capital at the week-end to have a conference with Sir George Foster, did not succeed in having an interview with the Minister this forenoon. Sir George was engaged at an important meeting of the Cabinet.

The conference may not take place until T. A. Crearer, of Winnipeg, who is en route to Ottawa arrives, but an opportunity for a preliminary conference may be found this afternoon.

REIGN OF HORROR STILL IN BELGIUM

Gentleman Who Escaped to London Tells of German Methods

London, May 28 (via Reuter's Agency).—An interview was accorded a representative of Reuter's by a Belgian gentleman of high social position who had succeeded in escaping from Belgium at a time when it seemed he was about to fall into the hands of the German secret police, and who has just arrived in London. He gives a terrible account of the German so-called judicial methods in Belgium, which have produced a renewed and terrible reign of terror in many respects resembling the procedure of the Inquisition.

"In a vague way," he said, "the world knows something of the German military tribunals, but I doubt if it is realized that something like 1,000 citizens are condemned every month for patriotic offences. During the three months preceding January last 42 death sentences were inflicted in one court alone. Nobody who has not gone through it can realize the extent of the terror which prevails, owing to the methods employed by the German secret police, and for obvious reasons very few people are able to give any precise particulars. Only those who, like myself, have narrowly escaped the clutches of the German spies and agents provocateurs have some knowledge of their methods.

"A German sergeant was ordered to arrest franc tireurs in the early days of the war, but as he was unable to

find any, and not daring to present himself before his chief empty handed, he simply arrested the first unoffending peasants he met on the road. This sort of thing now happens daily in the campaign of persecution directed against the patriots of Belgium."

MINE OWNERS URGE ACTION AT OTTAWA

No Settlement of Coal Strike Has Been Arrived at as Yet

Penn., May 28.—As was anticipated, the result of the meeting of the Western Coal Operators' Association here resulted on Saturday night in a definite announcement which is a recital of their decision reached on May 8, and has been directed to Hon. T. W. Crothers as follows:

"The Operators' Association has considered your communication of the 25th instant, received through Fair Wage Officer Harrison. The Association has settled an agreement on terms approved by the representatives of the men and of the president of the international union as fair and reasonable, and we are ready to resume operations at any time on the basis of the agreement arrived at. If the men will not accept what their own representatives and the representative of the president of their union consider fair and reasonable, we urge that the Government immediately take effective action to put the mines in operation.

"Signed on behalf of the Western Coal Operators' Association, per W. F. McNeill."

Calgary, May 28.—No word from the Dominion Government has been received by the officials of the miners' union as to any action to be taken by it in settling the strike. With the possibility of a change in the Cabinet and the retirement of Hon. T. W. Crothers, it is not felt likely that any policy will be announced until the changes are made. The policy committee is still in the city, and will remain for a couple of days longer, awaiting events.

Unless some instructions are forthcoming by that time, the members will return to their respective camps.

While the men still hold out for the 25 per cent. increase, the seriousness of the situation from the nation's standpoint is appalling to some of them, and from unofficial sources there comes frequently the rumor that the policy committee may shortly recommend them to return to work on the 15 per cent. increase which was agreed upon by the operators and the former policy committee and which was rejected by all but two camps of the district. This increase, the operators claim, is larger in proportion to the incomes of the mines than the 20 per cent. increases in other districts. The operators are willing to remain by this agreement, but if the men do not accept it they feel the Government should take action.

ASKS WILSON TO SEND ROOSEVELT

In Open Letter Clemenceau Urges He Be Sent to France

Paris, May 28.—Former Premier Clemenceau, in an open letter, appeals to President Wilson to send to France Colonel Roosevelt and "his companions."

"I invaded France at the present hour there is a name which represents, by I know not what force of intuition, the beauty of intervention of the United States—it is that of Roosevelt. You are too much a philosopher have influenced men out of all proportion to their own real value by the intangible atmosphere of legend which has formed around them.

"Whatever may be the reasons and without attempting to analyze the phenomenon, I yield to the imperious need to tell you that the name of Roosevelt has in our country at this time a legendary power. It would be an enormous error in my view to neglect a force which everything urges us to make use of as soon as possible.

"We have learned that the first American unit has arrived at the front, and with what zest generals and privates saluted the noble starred banner! However, you should know, Mr. President, that more than one stout chevroned poltu said to his comrade in an astonished voice: 'But where is Roosevelt? I don't see him.'"

NO SUBMARINES NEAR STATES, BERLIN SAYS

Berlin, May 27, via London, May 28.—The Associated Press was informed to-day by officials of the German Foreign Office that no German naval forces had been dispatched recently across the Atlantic. A rumor that a German submarine was at present in American waters was dismissed as a "probable invention of early summer visitors to the Maine coast resorts who are endeavoring to deprive the familiar sea serpent of its prerogative."

There have been frequent reports of German submarine activities on the Atlantic seaboard of the United States. On April 17 the American destroyer Smith was said to have narrowly escaped a torpedo fired by a German submarine east of Fire Island. More recently it was reported that German U-boats had been sighted off the Maine coast.

TORNADOES KILLED NEARLY 250 PERSONS

Their Toll in Middle West and South of States

Chicago, May 28.—Tornadoes during the last three days in seven states of the middle west and south have killed nearly 250 persons, injured more than 1,200, wrecked thousands of houses and devastated many thousands of acres of growing crops, according to summaries to-day. The latest in the series of tornadoes started late Sunday, apparently in the vicinity of Willsville, in southwestern Illinois, swept southward across the Ohio River into Kentucky, down the Mississippi into Arkansas and Tennessee, and finally veered eastward toward Alabama, where the storm apparently spent itself. The dead in the southern states were roughly estimated at 100 and the injured at several hundred.

The destruction began last Friday at Andale, Kas., where 26 persons were killed and 60 injured. Late Saturday another twister struck the rich corn belt of Central Illinois, killing 54 persons and injuring perhaps 500 in Mattoon.

At Charlestown, 10 miles east of Mattoon, 37 were killed and more than 150 injured. The property damage in the two cities is estimated at \$2,000,000.

Another destructive storm late Saturday crossed a territory approximately 100 miles north of the centre of Illinois, reached into Northern Indiana and caused the loss of a dozen lives, the injury of more than 200, and a heavy property damage.

Because of fallen wires, communication into the stricken districts has been difficult.

Relief Work.

Mattoon, Ill., May 28.—With 11 known dead, 600 injured and a property loss estimated at \$2,000,000, Mattoon and Charlestown, twin victims of the tornado which swept Central Illinois Saturday, to-day began organizing relief measures for more than 5,000 homeless persons.

Under supervision of the Red Cross, food stations have been established and plans made for the burial of the dead. Appeals have been issued for money and clothing, particularly for women and children.

Whirled Southward.

St. Louis, May 28.—A tornado came into being near Willsville, Perry county, Ill., late yesterday afternoon, virtually demolished that village without a single casualty, then whirled southward, doing much damage to property until it crossed the Ohio River into Kentucky.

Nearly Thirty.

Hickman, Ky., May 28.—The death list of the storm of yesterday which swept several Kentucky villages will be between 20 and 30, according to early reports to-day.

Nine deaths were reported at Ledford and eight at Bondurant. Other reports told of the death of thirteen negroes on a plantation near Hickman and of three deaths at Dublin, in Graves county. Ledford, Bondurant, Dublin and Bardwell are reported to have been wiped out. Clinton also is said to have suffered severely.

Toll Swells.

Memphis, Tenn., May 28.—With 49 dead near Hickman, Ky., 15 in Mississippi County, Arkansas; 13 at Sayre, Ala.; 6 near Dyersburg, Tenn.; 6 at Cates Landing, near Tiptonville, Tenn., and 2 at the village of Baker, near Antioch, Tenn., and 2 at Sharon, Tenn., early reports from yesterday's storm

Captain Howard Hampton Burnham, of the Medical Corps; Captain William Forbes Guld and Captain Edward Oliver Garew Martin, of the infantry, and Captain William Gordon McGhie, of the pioneers, are recipients of the silver medal for military valor.

STUDYING ALLIES' FOOD REGULATIONS

American Officials Preparing Rules; Some of the British Regulations

Washington, May 28.—The food regulations of the Entente countries, which probably will furnish the basis for somewhat similar rules in the United States, are being assembled by the Government.

The American regulations probably will be less stringent, but this is not deterring Herbert C. Hoover, selected as Food Administrator, and other officials from giving careful study to the codes of other warring nations. Here

are some of the more striking British regulations:

For public meals the allowance of meats is based on average of five ounces for each luncheon and dinner and two ounces for each breakfast served on non-meatless days.

Tuesdays are meatless days in London and Wednesdays elsewhere in the United Kingdom.

Potatoes must not be served except on meatless days and Fridays.

The making of any light fancy pastries, muffins, crumpets, fancy cakes or other light articles of food is prohibited.

No ornamental cake or bun may be made.

Sale of bread, unless twelve hours old, is prohibited.

All bread must be sold by weight and all loaves must be one pound or an even number of pounds.

Fifteen per cent. of sugar is allowed in cakes and biscuits and 10 per cent. in buns. No sugar may be used in scones.

No person shall acquire supplies of food beyond the needs of his ordinary

consumption. The Food Controller may order the inspection of premises in which he has reason to believe that hoarding is taking place.

No wheat, rye, rice or tapioca may be used except for human food.

The output of beer is limited to the rate of 10,000,000 barrels per annum, as compared with 35,000,000 barrels before the war.

The penalty for a violation of any rule is six months' imprisonment or a fine of £100, or both.

FEWER SERVANTS URGED BY SAMUEL GOMPERS

Washington, May 28.—Waste of labor through irregular employment and maintenance of large numbers of valets and flunkies are responsible for the present apparent labor shortage, Samuel Gompers, president of the American Federation of Labor, declared today. He recommended that instead of lengthening working hours to meet the Government's war demands, employers take greater care to provide steady employment and wealthy persons reduce their corps of servants.

"The experience of Great Britain under war conditions," he declared, "proves conclusively that the wisest plan, not only from the standpoint of production, but from that of maintaining the virility of our nation, is to continue the 8-hour day wherever it has been established and to establish it where it does not already prevail."

RAGING IN DEFEAT, GERMANS DESTRUCTIVE

Correspondent From Canada Tells of Destruction Retreating Enemy Made

Canadian Headquarters in France, May 27, via London, May 28.—(By the Canadian Overseas Correspondent.)—The correspondents on the Canadian, British and French fronts, have journeyed through scores of villages destroyed by the enemy. Some of them are 15 or 20 miles from the front. Their destruction was of no military advantage, but that was not taken into consideration. Near Pailout, where Prince Eitel Friedrich had a lookout on a mound from which St. Quentin, La Fere and the tower of Laon Cathedral were all visible, every fruit tree for a long distance around was cut down. In the evacuated area there must be tens of thousands of fruit cut down or girdled so that they will not grow.

In ruined towns along the line of the enemy's retreat will long remain a dreadful evidence of the fury of the Hun in defeat. Not villages alone suffered. Hundreds of women and girls between the ages of 15 and 60 were carried into slavery as well as all the men of military age.

"Gott Strafe England" was painted on many buildings, but the words are being removed. In the wide area of the valleys of the Oise and the Aisne there is little of value left save an inch of soil in the splendid forests on which prosperity may be rebuilt. Chaume, the centre of the glass industry, a place of about 15,000 population, has not a habitable house. The factories were completely wrecked. No one escaped because the people of the surrounding district were herded together there while the villages were being destroyed. Many old and feeble folk in these places died as a result of exposure.

SOUTH VANCOUVER SCENE OF BURGLARY

South Vancouver, May 28.—Early Saturday morning a burglar or burglars entered Millars' confectionery store, at the corner of Knight Road and King's Way, taking away \$22.50 in cash. It is thought that the burglar or burglars must have been conversant with the customs of the proprietor, as the money was hidden in a tea caddy behind the counter.

MANITOBA COURT OF APPEAL LOSES MEMBER

Mr. Justice Richards Died in Winnipeg Yesterday After Brief Illness

Winnipeg, May 28.—Mr. Justice Richards, one of Winnipeg's senior judges, died yesterday after a brief illness. He was 68 years of age and one of the judges of the Court of Appeal of the province. He had been a resident of Winnipeg for 35 years and was well-known throughout Western Canada. He was a native of Toronto, the eldest son of the late Hon. Stephen Richards.

He graduated at the University of Toronto and was called to the bar in 1874. For several years he was county crown attorney at Brockville, Ontario, and clerk of the peace for Leeds and Granville, Ontario. In 1898 he was made a Q. C. He took a very active interest in civic matters, at one time being an alderman and chairman of the board of licence commissioners. He was appointed to the Manitoba Court of King's Bench in 1909.

Mr. Justice Richards succeeded the late Judge Edmund Sinclair on the

SAFE WAS BLOWN IN VANCOUVER TO-DAY

Vancouver, May 28.—Cracksmen blew open the safe of the Royal Dairy, at the corner of Burrard and Pender Streets, this morning about 2:30 o'clock. A resident of Burrard Street opposite the office of the dairy telephoned the first word to the police of the safe-cracking and officers were immediately dispatched to the scene. He had heard the explosion. It has not been ascertained, however, whether the burglars were successful in securing any money.

TWENTY-FIVE YEARS AGO TO-DAY
Victoria Times, May 28, 1892.

The architects of the city will meet this evening for the purpose of forming an association. The preliminary arrangements have already been made.

The announcement appeared in the Gazette last night that Mr. Farquhar MacRae, a barrister, had been appointed to the position of city police magistrate, left vacant by the resignation of Mr. A. S. Belyea.

Mr. G. S. Morris, who with Messrs. Bloomfield & Robertson, went north to Queen Charlotte Island to inspect the coal mines, which have been bonded by a party of Victorians, arrived from the north last evening, and left for England this morning with a number of samples for analysis.

AT SHAWNIGAN LAKE
Excellent Empire Day Celebration Helped Red Cross Fund.

The annual entertainment of the Shawnigan and Cobble Hill Women's Institutes organized in celebration of Empire Day was so well supported that it is hoped to forward at least \$90 to the Red Cross Society at Victoria, after the payment of all expenses.

The S.L.A.A. fall, large as it is, looked well filled when the programme opened at 8 p.m. with a brilliant piano solo by Miss Phyllis Keene. Miss Barton, from Victoria, won repeated encores for her charmingly rendered songs; Miss Lonsdale's finished performance on the violin gave renewed pleasure to the audience, while Mrs. Oldham delighted her hearers with her finely given recitations to the accompaniment of the piano. Mr. Bonner brought the welcome assistance of his fine voice, heard to advantage in his patriotic songs, and the "Shawnigan Minstrels" repeated a humorous performance, first given last winter, by special request.

The closing item on the programme signalled the first appearance of any members of the Shawnigan Amateur Dramatic Club, four of whom, Mrs. Roney, Miss Isabel Clark, Mr. Gibson and Mr. George Kingsley, acted with much spirit and success in the amusing farce, "Room 43." Mr. Christison's clever work in the artistic decoration of the proscenium and wings added noticeably to the good effects produced on the stage. A generous gift of hot-house cucumbers and tomatoes resulted in the addition of nearly \$10 to the proceeds of the entertainment, which closed as usual with a dance, to which Mr. Pompey Garnett gave his services as pianist.

READY FOR ANY CONTEST
Liberals of Vancouver Prepared for Opposition, Although It is Not Likely Any Will Materialize.

Arrangements for the Attorney-General's by-election campaign in Vancouver have been perfected, and while it is not likely that there will be any opposition offered to his re-election by acclamation his supporters are ready for any contest that may be forced.

In the campaign, if there is one, the women of the city will take an active part, and on the various committees appointed women have been given a place. The wife of the Attorney-General, who is herself well-known in connection with all branches of women's work, was prominent in the fight for the suffrage, is naturally active in her husband's behalf.

Patrick Donnelly, who was the campaign manager in the general election and who only lost the seat to which he was elected by the electors by the soldier vote which put Mr. Bowser in his place, has been appointed as campaign manager for the by-election.

Hon. Mr. Farris will go over to Vancouver in the course of a day or two to address public meetings.

SENTENCED TO-DAY
Henry Olsen, of 33rd Battalion of London, Ontario, Will Serve Term.

In the City Police Court to-day Henry Olsen was sentenced by Magistrate Jagg to a term of imprisonment of four months with hard labor on a charge of having deserted from his unit in Eastern Canada in June of 1915.

The accused did not deny that he had absented himself from his battalion without the consent of his commanding officer, but stated that he left the unit only when he had been refused a pass to visit his relatives on several occasions. He further stated that he was not a deserter in the true sense of the word. He was a British subject and was willing to give his life in the cause for which the Empire is fighting, but he was determined to see his mother before going overseas. It was this desire that caused him to follow the course he had pursued.

The accused then went on to say that in the States he was free, and that the fact that he was a subject for deportation was not known to the United States authorities. He had not been traced by the immigration officials to any place of hiding, but had voluntarily surrendered himself to the authorities, telling them that he had left his unit.

Failed to Stop.—In the Police Court this morning R. H. Ella was arraigned on a charge of having failed to stop his motor in the rear of a street car that had stopped for the purpose of allowing passengers to alight. The case was remanded until to-morrow.

Stealing Bicycle.—E. Redling was charged in the Saanich Police Court to-day with having stolen a bicycle. The accused alleged that the bicycle had been purchased by himself. In order that a witness might be procured in the case it was remanded until Wednesday of this week.

BANDSMAN WOUNDED
Corpl. Teifer, Who Left as Bandman, is Reported Wounded in Casualty List.

Word was received by wire from Ottawa on Friday by Mrs. J. Teifer, of 724 Herald Street, that her husband, Corpl. Teifer, was wounded on or about May 6. As yet Mrs. Teifer has not been informed as to the extent of the injuries.

Corpl. Teifer, who is a native of Edinburgh, Scotland, came to Victoria ten years ago and entered into partnership with F. Ives as watchmakers on Douglas Street. Several years ago he joined the 5th Regiment as a bandman, and after the outbreak of war transferred from the local unit to serve in the same capacity in the 47th Battalion of New Westminster. On arrival in the Old Country, however, the musical organization was disbanded and the men were drafted to other departments of the service.

Corpl. Teifer undergoing training in the medical corps as a stretcher bearer. In August, 1916, he crossed to France, where he saw continual service until wounded in the early part of this month.

His wife, Mrs. Teifer, and three children reside in this city.

"LIVING STONES" TO BUILD THE EMPIRE

Rev. Father Wood Shows How Empire May Become Impregnable

Speaking from the text "Be ye also as living stones built up" (I Peter, 2, 5), Father Wood, at St. Andrew's Cathedral last night, said that the burden of the Gospel was life. It offered eternal life in contrast to the uncertain transitory life of the world. The Christian life was individual; the Gospel aimed at the development and perfection of each man's life. But the Church as a whole was made up of its individual members just as a great building is made up of individual stones. The design of each stone in a building was determined by the design of the whole structure, but unless each stone conformed perfectly, the total result was spoiled. In the same way the Church provided an ideal on which to form life, but it depended on us to build her up and complete her by our conformity to this ideal. The most insignificant action of the Christian's life affected not only himself but the whole Church.

The Christian's relation to the Empire was somewhat similar. She gave us as a precious heritage the freedom to develop individual life to the full. In return the Christian owed it to her to realize the possibilities and contribute them to the common welfare. To-day the Empire was asking the utmost service of every citizen. Every detail of each person's life should be consecrated to her.

"We are learning that the commonest things can play a very important part in our national life. A few years ago no one would have dreamed that the cultivation of a potato patch could be an act of the highest patriotism," commented the speaker.

The Empire had a mighty destiny. Father Wood quoted from a recent speech of Mr. Lloyd George at the Guildhall in which he said: "There is one thing that strikes me more and more, I mean the increasing extent to which the allied peoples are looking to Great Britain. They are trusting her rugged strength and great resources more and more." This, said the preacher, was not mere boasting; it was a simple statement of fact which placed a solemn responsibility on each one. It was a challenge to the individual Briton for the Empire's resources would be what the nation made of them. The Empire was what the citizens made themselves. If the people were truly "living stones" the Empire of which they were individual entities would be impregnable and irresistible.

KIRKHAM'S ELEVEN ARE WINNERS OVER SPENCER'S

On Saturday afternoon the Reception Cricket Club of Kirkham's Store again defeated the eleven of Spencer's, winning by an innings and eight runs. On the victor's team Fred Kirkham with 16 and F. Anderson with 10 were the high men. The bowling as performed by Charlie Butt was also a feature of the game. He took seven wickets for two runs.

FOG HORN MINES

Important Development in Properties on North Thompson River.

The district near the Chu Chua Indian rancherie on the North Thompson, promises to develop into a mining camp of considerable importance in the near future, according to mining experts who have been there recently. Previous to the completion of the C. N. P. R. the Fog Horn group of claims was located by George Fennell, Axel Chindgrin and associates, near the head of Boulder Creek, a tributary of the North Thompson. The outcroppings were silver-lead ore, some samples from which assayed as high as 78 per cent. lead, and others 30 ounces of silver to the ton.

During the past winter five cars of ore were shipped to the Trail smelter, which yielded very satisfactory returns. This ore was hauled out to the railroad over a sleigh road about 14 miles long which the owners cut out last fall.

In addition to the Fog Horn group there are about 30 or 40 mineral claims located in the same neighborhood, most of which were recorded last summer, and were located on account of extensive outcroppings of copper-gold ores.

Near the head of Drum Creek, in the same range of mountains as the Fog Horn group is situated, Oscar Horgan and Ole Johnson discovered high grade gold-bearing outcroppings last summer, and during the past winter shipped two cars of ore to the Trail

smelter which yielded about \$80 to the ton.

At present there are several prospectors waiting at Chu Chua for the soft snow to disappear to enable them to get into the mountains, some of which are at an elevation of over 5,000 feet above sea level. The mountain range where the occurrence of ore has been found, roughly parallels the line of the C. N. P. R. for several miles.

Sam Hunter & Co., of Seattle, recently bonded the Lydia group of copper claims near the head of Boulder Creek and have a force of miners with tools and other equipment waiting at Chu Chua to take the first opportunity to get on to the property and commence work.

Schofield, Bishop of Columbia, will open the New Westminster Woman's Auxiliary to Missions' conference in St. Paul's Hall on Thursday morning, with a celebration of Holy Communion followed by sermon. The Archdeacon of Columbia will take the chair in the evening. Mrs. Schofield will give an address on Friday afternoon.

The recently-organized Life Conservation League of Victoria, which held its initial meeting at the Empress Hotel on Saturday, May 19, will elect officers at a meeting to take place next Saturday evening at the same place, a list of nominees having been prepared in the intervening week. Health and medical experts will address the gathering.

L. S. Higgs, of South Pender Island, has been given a commission as lieutenant in the Foresters' Battalion, and with his son William, who is a member of the same unit, is making a tour of the islands in search of recruits. He has placed his motor launch at the disposal of the authorities, and it is being used to convey the recruiting staff from point to point.

Rev. A. U. de Penner, Bishop of New Westminster, who returned a few weeks ago from the front where he has been serving for the last eighteen months as chaplain to the forces, is leaving to-night for Ottawa en route for England and France, where he will resume his duties. The Bishop of Columbia, who during his absence of the Bishop of the neighboring diocese has fulfilled the necessary offices there, will again undertake the responsibility which was so efficiently carried out first by Bishop Roper, then by the late Bishop Scriven, and lastly by Bishop Schofield as to earn the very special thanks of Dr. de Penner and his diocese.

Eastern Canadian delegates to the National I. O. D. E. annual meeting which is being held in Victoria all this week were entertained at one or two points en route. All the ladies were asked as they passed through Winnipeg to be the guests of the Municipal Chapter of that city, and all those who reached Vancouver on Saturday were entertained at a luncheon last Wednesday at the Port Garry Hotel, at which Mrs. Colin Campbell, provincial president for Manitoba, presided. In the afternoon they were taken for a drive around the city, and had an opportunity to inspect the Convalescent Home for wounded soldiers which is managed and supported entirely by the Daughters of the Empire of Manitoba under the direction of Mrs. W. J. Wright and Mrs. Boyd. Later they were shown the Deer Park Lodge Convalescent Home, where the school children were holding an Empire Day celebration and giving a present of fruit to the soldiers. The day's outing terminated with a delightful tea at the home of Mrs. Colin Campbell, Lady Schultz addressing the delegates.

The dance given on Saturday evening at the Alexandra Club in aid of the Amusements Fund for the Resthaven Convalescent Hospital was a complete success, and as a result of the enterprise of the organizers the sum of \$130 over and above expenses has been cleared for the purpose of providing sports supplies and games for the returned soldiers stationed at the Sidney institution. Between five and six hundred people were present. Under the management of Mrs. J. J. Boyd and a committee of Resthaven boys, under the chairmanship of Sergt. Gutherford,

and comprising Ptes. Symes, Moncur and Pitts, very excellent arrangements had been made. The decorations very aptly suggested the patriotic purpose of the undertaking, flags being employed on a lavish scale. Through the kindness of friends there was an abundance of flowers also, and the excellent dance music supplied by Mr. Ozard's orchestra did justice to the occasion. Refreshments were, conveniently procurable in the adjacent Douglas tea gardens, which are entered by a broad flight of stairs leading down from the ballroom, and the pretty grounds were no small part of the attractions which made the evening such an enjoyable one for the dancers. Dancing concluded at 11:30 with the playing of the National Anthem.

Mrs. A. W. McDougald, of Montreal, honorary organizing secretary of the Quebec Provincial I. O. D. E. who is in the city for the annual meeting of the National, early in the war saw the unparalleled opportunity that was afforded the French and English women of Canada to come together in a common work for the men of the two mother nations who were fighting an Allies in the great war. Mrs. McDougald organized many new chapters of the I. O. D. E. all through Quebec, and as a result more and more of the women of the two races have been brought together in the patriotic organization. When at Christmas, 1914, it was decided to send a gift of 5,000 pairs of socks to the men of the 4th Division an advertisement in the French papers of the province brought by letters and telegrams in one day offers to knit 4,000 pairs. In six weeks the work was to be accomplished. Very hearty co-operation was secured from the French women, and in many cases the Cure of the village made the application and saw to the distribution of the wool. This work has gone on splendidly ever since, and the monthly average of socks sent from the I. O. D. E. headquarters in Montreal is over 2,000 pairs. Many other knitted comforts are supplied, the annual report recently having shown a total of \$2,000. Altogether there have been organized in the province of Quebec since the war 24 chapters, many with a preponderance of French members. The collection of waste paper and the manufacture of layettes for soldiers' babies are but a part of the big patriotic work which is accomplished beside the making of soldiers' comforts and hospital supplies.

MISS BOULTON SPEAKS ON CONSCRIPTION

Big Congregation at First Presbyterian Church Approves Idea

A big congregation, generally in favor of conscription judging by the approbatory signs given at several points during the speakers' addresses, was present at the First Presbyterian Church last evening to hear Miss Boulton, one of the ablest recruiting agencies in Canada. Miss Boulton took up the argument for conscription from the democratic point of view chiefly. She spoke of the splendid work that had been done by the magnificent volunteer army. This volunteer army required backing up, however.

"Is conscription consistent with democracy?" she asked. This she replied to in the affirmative. Conscription belonged to the very essence of democracy, but it was compulsion of the people for the people by the people—not of the tyrant or of the few over the many. In Canada, throughout all the Empire in fact, people boasted of the rights and glories of democracy. Canada boasted rightly. But if democracy was such a sacred thing should it not be defended at all costs. If the rights and privileges which came with it were so desirable, so good, why should not the citizens be willing to pay the price necessary to maintain them.

Rev. J. G. Inkster supplemented Miss Boulton's appeal by urging the need for the conscription of wealth as well as of men. The same speaker touched on the necessity of laying aside party interests and political expediency and seeking the welfare and continuation of the Dominion by forming a Coalition Government. This last was openly applauded. In conclusion Mr. Inkster made an appeal for conscription for the church and for Christ. The church was being ignored because the members of the church themselves did not face the responsibilities. The choir sang "Watchman, What of the Night?" very beautifully, and Mrs. Hudson gave a solo. It was noted that six young men of the congregation had enlisted for active service during the last week.

"Gloria's Romance"

Chapter three is entitled "Perilous Love," referring to Gloria's attachment for Frenau. Her father, in order to sever this attachment, sends Gloria off to college for a five-year course, and so chapter three treats of her college days, with their pranks and waste of time. Here Miss Billie Burke is the one typical girl for the role of Gloria. I can think of none other with such grace and charm of sweet girlishness. Gloria's escapades—innocent, girlish pranks that have chiefly to do with the breaking of blue-stocking rules and the like—always end in one way, forgiveness. She is always ready to take the blame, in order to save her innocent fellow students, and her clear, straight-forward eyes, with the spirit of goodwill that they show, banish all resentment from the hearts of her superiors.

PANTAGES BILL IS NOTABLY STRONG

Many Individual Features of Merit Make Interesting Vaudeville Aggregation

A quaint example of the world's topsy-turvyism is reflected in the performance of Tameo Kajiyama, the writing wizard who headlines the new offering at the Pantages theatre this week. He is an amazing phenomenon. Not only is he ambidextrous, but he writes with wonderful rapidity upside down, backward and at any other angle. It is claimed that he is controlled by two distinct and simultaneous mental impulses, which have won for Tameo the cognomen, "the man with the double brain." His offering is something entirely original and instructive as well as demonstrating remarkable development of mind concentration. It would be practically

impossible to accurately describe his offering and do it credit; it must be seen to be appreciated.

The added attraction for the week is the coming of "The Beauty Orchard," a musical fable which has created a favorable impression throughout the West. Cliff Dixon is in the cast, and opposite him, Frank Sinclair is upholding the comedy end. Many singing and dancing girls, an elaborate display of wardrobe with many changes of costumes and a special set of scenery are featured.

Stephens and Hollister offer "Locked Out," a snappy, entertaining little comedy sketch capably handled by these two people. They both possess pleasing personalities, good singing voices, and the ability to provoke laughter, all of which are real essentials to success in vaudeville.

Olson and Johnson are billed "likeable lads loaded with laughs." They combine singing, piano playing and violin playing with their comedy.

Carl and Victor Pederson, two brothers, offer an unusual aerial and acrobatic act, in which they use a set of rings mounted upon two upright bars. They present a remarkable routine, featuring the famous Pederson trick, which, it is said, has never been duplicated by any act in vaudeville.

The thirteenth chapter of "Pearl of

the Army" adds more thrilling features to this top-notch bill.

NANCE O'NEIL IS AT THE COLUMBIA

Famous Star in Dramatic Role Beautiful and Attractive as Ever

Nance O'Neil in Mrs. Balfame, is the feature to-day, to-morrow and Wednesday at the Columbia Theatre.

The beautiful and accomplished wife of David Balfame, a man of mediocre type, becomes wealthy and at the same time a drunkard and tyrant through local political successes, found life at last insupportable owing to his persecutions and in a frenzy of despair tried to kill him.

Balfame was found shot in his own garden. Mrs. Balfame was tried and faced conviction when Dr. Anna Steurer, an advanced sociologist, who actually slew Balfame in defence of her friend, confessed the slaying on her deathbed.

Dwight Rush, a lawyer, devoted to Mrs. Balfame and her defender in court, whom she loved, proposed marriage, but the beautiful woman made her great final sacrifice, surrendering Rush to the arms of a young woman of his own age, who adored him. This is the great dramatic climax of the play.

WONDER-PLAY AT DOMINION THEATRE

Unusual Twist in Finale of Dramatic Screen Story

"The Devil at His Elbow," a strong and gripping five-part Metro wonderplay, in which Clifford Bruce and Dorothy Green are starred, is the next big feature attraction at the Dominion Theatre on Monday, Tuesday, Wednes-

day. In this feature, which was produced by the Popular Plays and Players, Mr. Bruce has the role of a mechanical engineer, who has a contract with the government to complete plans for a new type of submarine. He fails, when he indulges in heavy drink, in order to get out his plans on time. Miss Green plays the part of a girl of the street. How both are instrumental in reclaiming the other, and the unusual twist in the finale, makes one of the most dramatic stories of its kind ever shown on the screen. There is a strong supporting cast, which includes Edward Martindel, Mary Sandway, J. K. Roberts, Adolph Menjou, Frank McDonald and others. Burton King directed the production of "The Devil at His Elbow," and Harry Revier supervised its direction.

"INTOLERANCE" WILL BE GREAT SPECTACLE

Second Great Work of "Master of Cinema" at Royal Victoria

D. W. Griffith's "Intolerance," his first and only production since "The Birth of a Nation," will be presented for the first time in Victoria at the Royal Victoria Theatre commencing to-day and for the balance of the week.

"Intolerance" is given even more elaborate embellishments in the way of orchestral accompaniment—choir of excellent voices and mechanical effects—than was used in the presentation of "The Birth of a Nation." This necessitates a company of fifty people, including musicians, singers, carpenters, property-men, electricians and supernumeraries. Assurance that the Canadian presentation of "Intolerance" is the same in every respect as shown in New York, Chicago, and other American cities, when it is known that Mr. Basil S. Courtney, who presents "The Birth of a Nation," also controls the Canadian rights of "Intolerance."

Ever since the remarkable film, "The Birth of a Nation," was unveiled before an amazed public more than a year ago, the question of whether it was an accident or whether D. W. Griffith, the man who directed its taking, was really a new master of the

cinema has interested those who study the personalities that manipulate the stage and studio. The answer came when Mr. Griffith's second big picture, "Intolerance," was exhibited in the Liberty Theatre, New York, before an audience that might have gathered to witness the premiere of some favorite dramatist's latest work, so dotted was it with prominent folk of the theatre. The verdict "Intolerance" renders in the controversy concerning its maker is that he is a real wizard of lens and screen. The stupendousness of its panoramas, the grouping and handling of its great masses of players, make it an impressive spectacle.

An excerpt from the highly literary programme will give some idea of Mr. Griffith's latest offering. "The purpose of the production," so runs the foreword, "is to trace a universal theme through various periods of the race's history. Events are not set forth in their historical sequence or according to the accepted forms of dramatic construction, but as they might flash across a mind seeking to parallel the life of the different ages. There are four separate stories, each with its own set of characters. Following the introduction of each period there are subsequent interruptions as the different stories develop along similar lines, switching from one to the other as the mind might do while contemplating such a theme.

"What Mr. Griffith has done in his twelve reels of film is to show that intolerance has always been a vice of man. To prove his point he has unfolded a tale of Babylon when Belshazzar was King, has prepared a series of a few rich tableaux of the persecution of the Nazarene, has pictured with a wealth of atmosphere the massacre of St. Bartholomew, and paralleling these has spun a lurid, modern melodrama in the prevailing mode of the screen. "Intolerance" is an amazingly accurate and thrilling picture of Assyrian civilisation."

The French scenes and those of the life of Christ constitute a smart part of the film. It is the Babylonian portion of the film that will commend it to the great public. These pictures of the walls of Babylon, broad enough for chariots to pass at ease, of the great gates thronged with picturesque caravans, of the palace of Belshazzar with its myriad slaves and dancing girls, and of the siege and fall of the city are indeed masterpieces."

GARRISON DEFEAT THE FIVE C'S CRICKETERS

Victorias Win Front Albions at Jubilee Hospital Grounds on Saturday

Only two of the three scheduled games in the series of cricket matches for the Virtue Cup that were advertised for Saturday were played. The contest that should have been decided between the Navy and the Congressionals being cancelled until a later date. The following is the present standing of the League:

Table with columns: Team, W, L, D, Pts. Rows include Albion, Garrison, Incogs, Five C's, Congressionals.

Garrison Win From Five C's

In the match at Work Point between the Garrison team and the Five C's, the former club had an easy time in gaining a decisive victory, the margin being 79 runs. The soldiers were the first to bat, and although none of their players made a very large score, Askey and Pooley each getting 27 as the high men, the total amounted to 120 through a process of rather slow scoring. Both Tucker and Montgomery had to retire temporarily through being hit by the ball when at the wickets.

Victoria Defeats Albions

Due to a great extent to the fine game played by Verrall, the Victoria Cricket Club was successful in defeating the Albions at the Jubilee Hospital grounds on Saturday afternoon. By so doing they are now tied with their rivals for the first place in the league standing.

Both Goward and Verrall proved in form with the ball. Five C's were good hitting toward the end of the Albion's innings, but none of the other bats-

LOCAL TENNIS CLUB TO HOLD TOURNAMENT

The Victoria Racing Pigeon Club held a very successful race from Salmon, Oregon, last Sunday, an air-line of 242 miles. The first three arrivals were as follows: 1st, W. Simpson, with a win over W. Bryan of 24 minutes; 2nd, W. Bryan, with a win of 22 minutes over F. Mellor; 3rd, F. Mellor.

CRICKET LEAGUES ARE FORMED AT MEETING REAL FAST FIELDING BEATS SEATTLE SQUAD

Second Division and Junior Associations Will Soon Get Into Play Vancouver Registers 4-3 Victory Over Seattle Giants Yesterday

In the schoolroom of Christ Church Cathedral on Saturday evening there was a very representative gathering of the members of teams of the Victoria and District Cricket Association to deal with the business of the forming of a second division and also a junior league for the city.

The meeting decided to form both leagues, and entries will be received until Wednesday of this week. For the Second Division league the following clubs have already promised to enter: Esquimalt Military Convalescent Home, Copas & Young, the Reception Cricket Club, the Garrison Second Eleven, and possibly the B. C. Electric Railway Company.

In the Junior League it is expected that the following teams will enter: University School, St. James, Boy Scouts, Collegiate School and the Congressionals. In each of these leagues there will be a trophy that will be held for competition. The Juniors will contend for the George Gillespie shield, while Mr. Paton has kindly offered to give a trophy for the Second Division Association.

As a means of stimulating interest in the play Col. Cunliffe has offered to give a ball to the bowler who attains the best average in the Junior League and Mr. Lethaby a bat for the best batting average in the Second Division.

The meeting further arranged that the age limit for players of the Junior Division should be 18 years and under. The entrance fees for all players, whether military or civilian, must be registered.

On Wednesday evening at 8 o'clock, in the Cathedral schoolroom, a final meeting for the completing of the arrangements for the new leagues will be held. The playing schedules will be drawn up and other details that need attention will be dealt with.

The Association has formed a committee to handle the necessary arrangements for the match to be played here on July 2, against Vancouver, in aid of the Red Cross Society. The clubs of the Senior League will be represented on this committee by Messrs. Payne, Freeman, Lethaby, Sparks, May and Lomas.

The transference of D. Siburn from the Albions to the Congressionals was authorized by the meeting.

MINERS DEFEATED THE TIGERS YESTERDAY

CLASSIFICATION OF TROOPS FOR OVERSEAS

Instructions were received at Work Point yesterday from the Department of Militia and Defence relative to a new system for the classification of all troops destined for service overseas and quarters in the Dominion. The object sought is to prevent unfit men being sent to England and to enable the best material to be utilized to the maximum advantage.
The scheme provides for the classification in categories of all warrant officers, N.C.O.'s and men serving in Canada in the C. E. F., either recruits on enlistment or serving soldiers who have returned to Canada, sick or wounded.
Following are the three main categories:
A—Fit for general service (1) Men actually fit for dispatch overseas, both as regards training in Canada and physical and mental qualifications; (2) recruits who should be fit for A1 as soon as trained; (3) returned overseas C. E. F. who are not quite fit for A1; (4) men under 18 years of age who are fit for A1 when nineteen.

LEGISLATOR VOLUNTEERS

Dr. J. W. McIntosh, M. P., Leaving for London to Enter Imperial Army Medical Service.
During the week Dr. McIntosh will address his constituents before leaving, dealing with the work of the session and the matters legislated upon.
For some months Dr. McIntosh has given up his general practice and has specialised as a consultant on internal medicine and diagnosis. He offered his services to the Canadian Military Medical Authorities two years ago, but like so many more who did not happen to be on the same side politically as the Borden Government, vexatious delays occurred and his services were not availed of. Recently he offered himself to the Imperial Service and his departure for London is the consequence. He goes to London at his own expense.
During the week Dr. McIntosh will address his constituents before leaving, dealing with the work of the session and the matters legislated upon.

CASUALTIES IN LOCAL BATTALIONS GROWING

Private C. H. Cox, Well-Known Here, Succumbs to Wounds Received at Vimy
Wounded during the fighting at Vimy Ridge and admitted to No. 7 Canadian General Hospital, Private C. H. Cox, who went overseas with the Canadian Mounted Rifles in June last year, has succumbed to his injuries, according to advices received in the city during the week-end. Private Cox had a large number of friends in the city who will learn the distressing news with keen regret.
Staff-Sergeant, Denzil Jones, One of the first men to offer his services in British Columbia during the first week of August, 1914, was Staff-Sergeant Jones, who left Victoria with the original 20th Battalion. According to advices received during the week-end he has succumbed to gunshot wounds received in the recent fighting. Prior to enlistment he was farming at Westholme and on August 8, 1914, he commenced duty at the Naval Hospital at Esquimalt; afterwards serving as a male nurse on the hospital ship Prince George. He went through the battles of Ypres and Festubert and at the time of his death was inspector of respirators at the Gas School in France.
Private Joseph McCarrison, Although slightly wounded at Vimy Ridge while in action with the Pioneers, Private McCarrison remained on duty and in writing to his parents, Mr. and Mrs. J. McCarrison, of 607 McPherson Avenue, Victoria West, speaks hopefully of the situation as he sees it on his part of the western front. Before leaving Victoria with the Western Scouts Private McCarrison was employed in the B. C. Pottery Works.
Private George N. Vernon, Another member of the Timber Wolves Battalion to be numbered among the honored dead during the recent fighting on the western front is Private George N. Vernon. On arrival in England Private Vernon was transferred with a reinforcing draft to "John's Tigers" and was serving with that unit when he met his death on May 7. His widow and three children reside at 845 Vano Street, Clivedale.

GIANT MOTORSHIP TAKEN FOR PACIFIC

George Washington, 10,000 Tons, Chartered for Voyage to the Far East

Seattle, May 28.—The 10,000-ton motorship George Washington, one of the finest cargo carriers ever in Seattle harbor, has been chartered by H. F. Ostrander at private terms for a voyage from Seattle and Tacoma to Manila and Honolulu. The giant motorship will load box shooks and general cargo at the two ports named. The charter was made through Fritz Olsen, head of the Olsen line and owner of the George Washington. The vessel will load early in June.

NAUTICAL SCHOOLS

American Congress Asked to Establish Training Quarters at Every Port.

San Francisco, May 28.—Recommendations to Congress, advocating establishment in every port of the Pacific Coast of training schools for officers and men for the merchant marine, and modification of the Laforette seamen's law to permit temporary use of friendly aliens in shipping until a sufficient number of Americans have been trained, were to-day to be discussed at a special meeting of delegates from the Associated Chambers of Commerce of the Pacific Coast here to-day.

WHALE MEAT TRADE HAS COME TO STAY

Seattle Lays Claim to Chief Distributing Point for Toothsome Delicacy. Seattle, May 28.—That Seattle is to become the headquarters of another brand new industry that will in time assume large proportions—the distribution of whale meat as foodstuff to the entire United States—is held forth by the logical development of a meeting held in Seattle between President C. W. Lawson and Chief Engineer Charles Kelly, of the Pacific Whaling Company, and Manager I. W. Ringer, of the Pacific Meat Company. As a result of the conference, it has been virtually decided by the whaling company to install a complete refrigerating plant at Grays Harbor at an initial expenditure of \$25,000, to be followed by other units as the growth of the business demands.

LAW SUIT DEVELOPS FROM DOCK SINKING

Seattle Construction & Drydock Co. and Pier Contractors Each Claim \$150,000. The lawsuit brought by the Seattle Construction & Drydock Company against the contracting firm of Grant Smith & McDonnell for the recovery of \$150,000 in connection with the capturing of the floating wooden drydock sunk here at the commencement of the government pier contract, will be heard on September 17. The question as to whether the suit will be heard in Victoria or Vancouver will be decided in the meantime. The \$150,000 which the Seattle Construction & Drydock Company claims from the firm handling the contract is for the loss of the floating drydock, which capsized and broke up while carrying two gigantic concrete caissons which were the first of the cribs to be built in connection with the construction of the piers at Ogden Point.

NEW SKIPPER FOR PRINCESS STEAMERS

Many Prominent and Wealthy People Arrive From Orient; \$2,000 for Deserving Cause. The Canadian Pacific Ocean Service liner Empress of Russia, Capt. S. Robinson, R. N. R., reached port this forenoon completing her sixteenth homeward voyage from the Orient. The liner brought three hundred and four first class passengers, in addition to thirty-five second class and a large number of steerage.

LOST HIS WAY AND OBSERVER FELL OUT

Tale Told by German Air Corporal Whom British Captured. British Headquarters in France, May 27.—Via London, May 28.—A German aviator just shot down within the British lines told with amazing nonchalance how he had lost his passenger in midair. The prisoner, a corporal in the German service, was piloting a two-seated machine on reconnaissance work. The passenger was a new lieutenant observer whom the pilot was taking up for the first time.

EFFORT BY BERLIN TO BUOY UP PEOPLE

Amsterdam, May 28.—The speech of Mr. Lloyd George, the British Prime Minister, last week in which he said that the German submarines were being combated successfully and that Britain could not be starved by the submarine campaign is characterized as "only empty words" in a semi-official German reply.

WAS IN COLLISION

Norwegian Barque Stiffinder Bumped Into Steamer Selje Which Sank. Lewes, Del., May 28.—The Norwegian barque Stiffinder, from Savannah, arrived here to-day and reported that she collided with the Norwegian steamship Selje off Hatteras on May 24. The steamship was sunk and the crew is aboard the Stiffinder.

RUSSIAN REPORT

Petrograd, May 28.—"On the Russo-Galician and Roumanian fronts artillery firing occurred," says an official statement issued to-day. "Two Turkish attacks were repulsed on the Caucasian front. Enemy aeroplanes dropped bombs on our aerodrome northwest of Luninsts."

THE TIME BALL

The time ball on the Belmont Building will be raised half-mast high at 12.45 p. m. to the top at 12.55 p. m. and will be dropped at 1 p. m. daily. E. NAPIER-DENISON, Superintendent.

PACIFIC S.S. CO. BUYING BIG BOATS

President H. F. Alexander Confirms Negotiations to Acquire Two New Liners. Tacoma, May 28.—Confirmation of the proposed purchase of the Great Northern Pacific Steamship Company's liners Great Northern and Northern Pacific was made last night by H. F. Alexander, who spent yesterday in Portland working on the proposition. The price to be paid for the vessels is not stated. In making the change of routes as proposed by Mr. Alexander not only would Puget Sound cities be greatly benefited by having the fine large steamers of a much greater speed than any now operating to California from the Sound, but Portland would have a through service.

GERMANS MAY TRY AEROPLANE RAIDS

London Papers Think They Have Replaced Zeppelins in Enemy's Plans. London, May 28.—The newspapers in their editorials to-day deal with the air raid of last Friday. They say that not only did it result in the greatest number of casualties in any raid yet made, but they consider it as a probable forerunner of many similar raids which in the course of time may be multiplied to the extent of amounting to an invasion.

SASKATCHEWAN TO VOTE LATTER PART OF JUNE

Regina, May 28.—The writs for the forthcoming general provincial election in Saskatchewan will be issued to-morrow. Polling day will be shortly after June 30. The Conservatives are not in their best position for an election, lacking a leader and organization and having no daily paper in all Saskatchewan supplying them news. The Star of Saskatchewan, and the Post, of Regina, formerly strong Conservative journals, now are supporting the Martin Government.
