CLEVELAND, O.

# PREFACE.

—:o:—

The suggestion of business men, citizens, strangers and others, has led the publishers to undertake the publication of this work. Its apparent necessity and undoubted utility is manifest to all.

The work contains all the local particulars and qualifications of the city of Cleveland, viz :

The City Government in all its various departments, the names and location of all the Public Buildings, Charitable Institutions, Banks, Insurance Companies, Streets, Avenues, Hotels, Churches, Lodges, Cemeteries, Art Galleries, &c.

Embodied in this work will be found, under proper business headings, all the Business Houses, wholesale and retail.

The citizen as well as the stranger is often at a loss as to where to obtain the local information concerning the City of Cleveland which is contained in this manual.

It is true that works have been published containing part of the information herein contained which have been most cordially received and welcomed by the public, but none heretofore which contained such full local particulars.

This work has been carefully compiled, and the information herein contained is reliable to meet the actual wants and requirements of the public.

This work is most respectfully dedicated to the public and the publishers wish their most cordial co-operation, which will tend to its success, and to subsequent publications of like value.

streets.
- 

## **MASONIC DATES.**

The York and French Rite Masons of the Old and New World to the Christian Era add 4000 years, calling it *Anno Lucis*, or year of Light; thus the year 1870 would read A. L. 5870. All official documents pertaining to the first three degrees of Masonry are thus dated: York Rite Masons

---

**HOLLIS' CARAMELS, 175 DETROIT STREET.**

# S. A. ORTH,

403 PEARL ST., Near Market, Dealer in  
**Fine Watches, Clocks, Jewelry, &c.**

Repairing Neatly Done. ALL WORK WARRANTED.

See Advertisement on pages 65 & 165.

begin the year with January 1: French Rite, March 1. Those practicing in the *Ancient and Accepted* Rite use the Jewish calendar, which adds 3760 years and call it *Anno Mundi*—A. M., Year of the World. They sometimes use the Hebrew year, beginning September 26, or 1st of Tisri, using the initials A. H.—*Anno Hebraico*, Hebrew Year.

*Royal Arch Masons* date from the building of the second temple, 530 years before Christ. *Anno Inventionis*—A. Inv., in the year of the discovery.

*Royal and Select Masters* frequently use *Anno Lucis*; but they should date from the completion of Solomon's Temple. This would add 1000 years to the Christian Era. *Anno Depositiones*—A. Dep., in the year of the Deposit.

*Knights Templar* date from the organization of the Order, 1118, *Anno Ordinis*—A. O., in the year of the Order.

Those of the Rite of Mizraim add four years to the usual computation of the age of the world.

## RULE FOR DISCOVERING THE DIFFERENT DATES.

To find the date for the York Rite add 4000 to the present year; for the Ancient and Accepted Rite, add 3760 to the present year; for the Royal Arch, add 530 to the present year; for the Royal and Select Masters, add 1000 to the present year; for the Knights Templar, subtract 1118 from the present year; of the Rite of Mizraim, add 4004 to the present year.

IF YOU WANT A FINE GOLD WATCH GO TO 333 PEARL ST.

### NAUTICAL MEASURE.

One mile, 2,046,58 yards.

### LOG LINES.

1 knot=51,1625 feet, or 51 feet  $1\frac{3}{4}$  inches.

1 fathom=5,11625 feet or 5 feet  $1\frac{1}{2}$  inches.

Estimating a mile at 6139 $\frac{1}{2}$  feet and using a 30" glass. If a 28" glass is used and eight divisions, then

1 knot=47 feet, 9 inches.

1 fathom=5 feet, 11 $\frac{3}{8}$  inches.

The line should be about 150 fathoms long, having 10 fathoms between the chip and first knot for stray line.
