

Copy from Purcell's Plan
 Scale 200 feet to an inch
 Charles Parker

Copy from a plan belonging
 to Mr. James Ferguson
 C.P.

Nazareth Borough - copied 17th July
 1826 from a plan in the possession
 of Mr. John Hume - The same
 being a copy of the survey of
 Josiah Purcell - and corrected August 17
 1843 from Purcell's Plan recorded by himself
 in Plan Book No. 2, Page 41 Secretary State's Office

Note - Lot No 51 instead of having
 a front of 50 feet has I believe only
 40 feet as stated in a plan in Mr.
 Parne's office the bearing & distance
 which correspond exactly with the actual
 distance from Alexander Street as mea-
 sured by me - C.P.

40 feet front to No 51 is also given
 on a very valuable plan of Purcell's
 in my possession - This Plan is well
 executed and signed and finished
 formally - See neck Bundle
