SUBJECT: Application for Permission of Partial Change of Reparations Removal Operation Schedule.
(Re. Ataka Sangyo K.K.)

1. The first reparations removal operation at Osaka Arsenal in compliance with the SCAP directive, SCAPIN 5825 - A/36, dated 20 June 1949, is almost completed except the packaging of trackage, cranes and surface-plates. In regard to the following items, however the Ataka Sangyo K.K., contractor, desires to be authorized to postpone the completion date of the packaging by 25 September 1949 on the reasons as stated in the attached application.

2. The investigation conducted by the Office on the spot has also proved the difficulty of completion of packaging. This Office therefore humbly beg your authorization of postponement of completion of packaging date for the said items.

3. The Office is determined to take all possible measures, if your generous permission be given, to prevent any trouble in carrying out the second and third operation schedules by this delay of packaging operation.

4. The items in question are as follows.
