Our representative from Chicago visited the growing establishments of the Northwest during the blooming season to determine the healthiness of the bulbs while the bulbs were in growth and flower. This examination is imperative of this season of the year. We safeguard our customers with our own expert examination. Our confidence in our supplies, their reputation in their community and their fairness in their dealings enable us to offer you assurance that no bulbs leave the West Coast in any way superior to the quality you receive through us.

IMPORTANT! GUARANTEED!! Every bulb shipped to us that we reship to you is a guarantee that no flowers have been cut at any time for market or otherwise. For years we have tried, and through the assistance of many of our customers, have appealed to the Narcissus growers of America not to cut flowers to enter in competition with the florists who buy bulbs to force in the greenhouse.

First—it deteriorates the forcing quality of the bulb. Second—it deteriorates the reproducing quality of the bulb by weakening the stock. Third—it affects the market and enters seriously into competition with the greenhouse bulb forcer.

We are on record to the West Coast growers to embody in their code that no cut flowers are to be shipped to the eastern markets by bulb growers signing the Growers' Agreement Code. We are glad to inform you that 98 per cent of the bulb growers do not cut or ship flowers to the market.

Customers desiring extra large bulbs, those handling private estate trade, can secure from us a limited quantity of **King Alfred** measuring 25 ctm. and up. **Four and five flowers are not uncommon in our extra size King Alfred.**

A. B. C. Lily Headquarters

The fact that we have consistently supplied from year to year and for many seasons past, numerous of the largest Lily growers in this country and Canada, is indicative, we believe, that A. B. C. "Supreme" Quality Lily Bulbs have obtained an enviable reputation amongst the trade. Our extensive purchases of this line enable us to control the output of one of the oldest and most reliable shippers in Japan, which assures us the "cream of the crop." Our customers have the assurance, when placing orders with us, of receiving first quality, healthy stock, uniform strain and grading.

We know the locality where all our Lilies are grown and our long and extensive experience in handling same enables us to eliminate strains and types that do not give satisfactory results.

The new 1935 crop will soon be in our possession. As prices have not been established on some kinds at the time of going to press, we will appreciate receiving a list of your Lily requirements for the coming season, and we will be glad to quote our most favorable prices.

GLADIOLUS

Annual Production of Approximately Fifteen Million Bulbs

We are Prepared to Quote
Northern Grown Well Cured Bulbs

of the desirable newer kinds as well as the good commercial sorts, especially those varieties adaptable to early planting for cut flowers. Please contact with us about your Gladiolus needs. We are in a position second to none to **Qualify Your Wants in This Line.**

Gladiolus, "Picardy."

"Picardy"
(Illustrated Opposite)

Has proved to be the most outstanding cut flower Gladiolus introduced in the past decade. This very worthwhile variety has created no end of unusually favorable comment at the recent Chicago "Century of Progress," likewise with the retail cut flower trade in general. Exceptional for under glass as well as outdoor culture.

Seasonable Flower Seeds

SNAPDRAGONS

Winter Flowering

Proven Sorts for the Florist
Grower

IMPORTANT! All Snapdragon Seed which we supply for under-glass production has been produced in greenhouses, is true to name and obtains full strength. We cannot recommend for greenhouse planting seed that has been harvested from outdoor cultures, as we have found such not infrequently to be of doubtful quality insofar as cut-flower production is concerned.

Flower Seeds

Re-selected CYCLAMEN Seed

True Ferd. Fischer's Giant-Flowering Strain

Ferd. Fischer, famous the world over for his high pedigreed Cyclamen strains, for more than 30 years has furnished many of the exclusive growers of the world. Mr. Fischer this year has received the highest honors in Germany for his new superior strain of Cyclamen plants. This, Mr. Fischer is very proud of and has written us that he would like to advertise the fact of taking all honors in general competition.

To increase the popularity of Cyclamen plants, sow Ferd. Fischer's Cyclamen seed. The colors, and their habit of immense prolific blooms will sell your plants readily. If you are selling young seedlings, transplanted or in pot plants, by using Ferd. Fischer's highly re-selected seed you should have great demand for your plants.

TRUE FERD. FISCHER'S GIANT-FLOWERING STRAIN

The Sensational Cut-Flower Novelty

"LIEB'S WINTER MARIGOLD"

The Originators Improved Strain Now Obtainable From Seed

New Winter Cut Flower, deep brown with golden yellow crested center. Flowers five weeks after planting, continuing 5 months. Flowers are of wonderful keeping quality and have a distinctly sweet odor.

The Best Paying Bench Space in Your Greenhouses

For best results seed should be sown from July up to December. Plant in any house that can be kept free from frost. Fine to follow 'Mums. Plant 10 by 10 inches and pinch back once. No insect pests.

SEED. Original Trade Package. 60c.

NEW PRIMULA Malacoides Erikssonii— Sow Now

SPECIAL NOTE: The True Strain is supplied only in Eriksson's Original Packages; accept no substitute. We consider this a *de luxe* plant novelty and do not believe any grower of pot plants can afford to be without a good supply of the different kinds offered.

After much painstaking effort, Mr. Ernst Eriksson, of Riverside, Ill., has accomplished three new and valuable varieties of *Primula Malacoides Erikssonii*, namely:

- Brillioncy.** Opens lavender-pink, changing to crimson-red.
- Salmon Beauty.** True salmon.
- Snow King.** The pure white the trade has long been waiting for.

Prices: Separate, or the 3 varieties mixed. Tr. pkt. of 500 seeds, \$1.00.

Standard Varieties

- Wonder Baby.** A most beautiful pink.
- Baby Rose.** Very deep pink, some almost red.
- Boby Doll.** A deep pink with frilled flowers.
- New Baby.** Near lavender-pink; the strongest grower with the largest flowers.

Choice Mixture (of above).

Prices: Tr. pkt., 800 seeds, \$1.00; 2000 seeds, \$2.00, 1/64 oz., \$5.00.

Complete cultural directions, compiled by Mr. Eriksson, furnished free with each order.

DOUBLE STOCKS

A. B. C. SPECIAL FLORISTS' STRAINS STOCK ARE ONE OF OUR PRINCIPAL SPECIALTIES

*Indicates the most popular calars.

BALL NON-BRANCHING OR COLUMN STOCKS

These produce one enormous spike with large flowers, 1 to 2 1/2 feet high and can be planted close together in the bench. **Special Note:** Our strain of above is true and especially selected.

- ***Silvery Lilac-Lavender.** Chamais Pink.
- ***Pure White.** Old Rase.
- Ruby.** Rich crimson-red.
- Tr. pkt. (1000 seeds), \$1.00; 1/2 tr. pkt., 60c;
- 1/4 oz., \$2.25; oz., \$8.00.
- Deep Rose.** (New). Tr. pkt., \$1.00.

IMPROVED BISMARCK STOCKS (Early Giant Imperial)

An especially meritorious closs. These stocks are giant, growing from 24 to 30 inches tall, of branching habit, producing innumerable large spikes meas-ing 12 to 16 inches long, coming into bloom in about 12 weeks after seedlings are planted.

- ***Rose.** Fine standard color.
- Flesh.** Delicate shade of pink.
- ***Lavender.** Fine standard color.

- ***Chamais.** Ivory, tinted old rose. Choice market color.
- Canary Yellow.**
- ***Galden Ball.** Clear ivory-yellow.
- ***White.** Early clear white.
- Apple Blossam.** Blush.
- ***Lilac.** Liloc-lavender.
- Blood Red.** Fiery red.
- Royal Purple** (Elk's Pride). Rich deep purple.
- Antique Copper.** A fine copper-red.
- Galden Rase.** Light golden rose.

Prices, each of above: Tr. pkt., 35c; 1/4 oz., \$1.00; oz., \$3.00. Mixed, all calars, tr. pkt., 25c; 1/4 oz., 60c; oz., \$2.25.

- ***Santa Maria.** New giant pure white. Recommended os being the best double pure white. Tr. pkt., 25c; 1/4 oz., \$1.00; oz., \$3.75.
- Shasta.** Longer stemmed than Imperial White. Tr. pkt., 25c; 1/4 oz., \$1.00; oz., \$3.25.
- ***Buttercup.** Deeper tone than Imperial Conory Yellow. Tr. Pkt., 25c; 1/4 oz., \$1.00; oz., \$3.25.

Stocks—Ball Branching or Column.

A. B. C. "Petunias for Profit"

100% Double Petunias from Seed

— The Sensation of the Seed World

A New Development in
"ALL DOUBLE"
LARGE FLOWERING
FRINGED PETUNIAS

Offered Under the Title,
"A. B. C. De Luxe"

"THE MODERN PETUNIA"

The introduction of the three Petunia strains listed on this page has caused the public to become "Petunia conscious" and further resulted in providing "real profit" for the grower who had the foresight to culture them. The following testimonials, two of the many we have received, will indicate to some extent at least the opinion of some of our florist friends regarding the same. To provide large plants for spring sales, sow seed early.

New Double Flowering Fringed Petunia, "World Beauty."
Named and Introduced by the American Bulb Co.

FOR FIFTY YEARS or more flower seed specialists have tried by every possible experiment to obtain a double Petunia that would reproduce more than 50 per cent of double flowers, but their efforts have been of no avail.

It gives us great pleasure, therefore, to be able to introduce to our customers a strain giving practically 100 per cent of fully duplexed and beautifully fringed flowers of supreme value for pot plants, window boxes and general bedding work. We offer this strain with every confidence.

Firstly, we call special attention to our own introduction.

Double Petunia, "World Beauty"

Illustrated above. It produces large, double, fringed flowers of the most beautiful rosy carmine color, plants of dwarf, compact growth and which makes this grand new sort particularly desirable for pot plants as well as bedding. Petunia growers will, we believe, do well to culture "World Beauty" in a large way.

Price: Tr. pkt. \$2.00 3 Tr. pkts. \$5.00

Petunia, A. B. C. "De Luxe" Dwarf "All Double" Mixed

This new dwarf double flowering strain with a wonderful arrangement of colors and shades is particularly recommended for pot plants and bedding.

Price: Tr. pkt. \$2.00 3 Tr. pkts. \$5.00

Petunia, A. B. C. "Private Stock" SINGLE LARGE FLOWERING MIXED

An Exclusive A. B. C. Introduction.

A new strain of "hand pollinated" large flowering, dwarf Petunias, produced under glass by that eminent florist-grower, Mr. Ernst Eriksson, Riverside, Ill. (originator of "Primula Malacoides Erikssonii"). If you grow pot plants you will surely want some of this outstanding new strain, exceptional for pot plants, porch and window boxes, bedding, etc. Fancy mixed colors. The genuine strain is furnished in Eriksson's original packages only.

Tr. pkt. (1000 seeds) \$1.25 5 Tr. pkts. (5000 seeds) \$5.00

New Crop Seed of Above Three Strains Ready December 1st.

New York, N. Y.

My Dear Sirs:

I am writing you to let you know how my "WORLD BEAUTY" PETUNIA turned out that I have grown from the seed I got from you in January. It is the most beautiful PETUNIA I have ever seen. I have sold all and could have sold 10,000 four-inch pots if I had had them. I panned 200 in six-inch bulb pans. I had as high as 33 large blooms on a pan. I sold every pan at fifty cents per pan and could have sold as many more. I also had 700 four-inch pots that brought twenty cents wholesale and thirty-five cents retail and they were all sold as fast as color showed.

Yours very truly,
(Signed) JOHN L. NORTH.

Willimansett, Mass.

American Bulb Co.
Dear Sirs:

Petunias A. B. C. "Private Stock" and "World Beauty" were simply beautiful; we were more than pleased with these strains and our customers were delighted and completely satisfied. You can rest assured we will be more than glad to order more of these Petunias.

Yours very truly,
(Signed) AUGUST DIETRICH.
