IN THE EVENT OF ALTERATIONS BEING REQUIRED, THE FOLLOWING INFORMATION IS SUPPLIED.

FILLING WOVEN SEPARATELY.—The Filling of any Curtain can be Woven separately $\frac{8}{4}$ wide.

ALTERATIONS IN LENGTH.—Any Curtain can be woven longer or shorter than the standard 4 yards length, at a proportionate rate.

ALTERATIONS IN WIDTH.—With one or two exceptions, all the patterns can be woven $\frac{10}{4}$ and $\frac{6}{4}$ as well as the usual $\frac{8}{4}$ Width.

When more than $\frac{10}{4}$ Width is required for Bay or other large Windows, two Curtains can be Woven, each with one Border dropped off alternate sides, and so as to be sewn together. For any of these alterations from the standard $\frac{8}{4}$ Width and Border on both sides, there is added upon the cost a charge of 5 per cent.

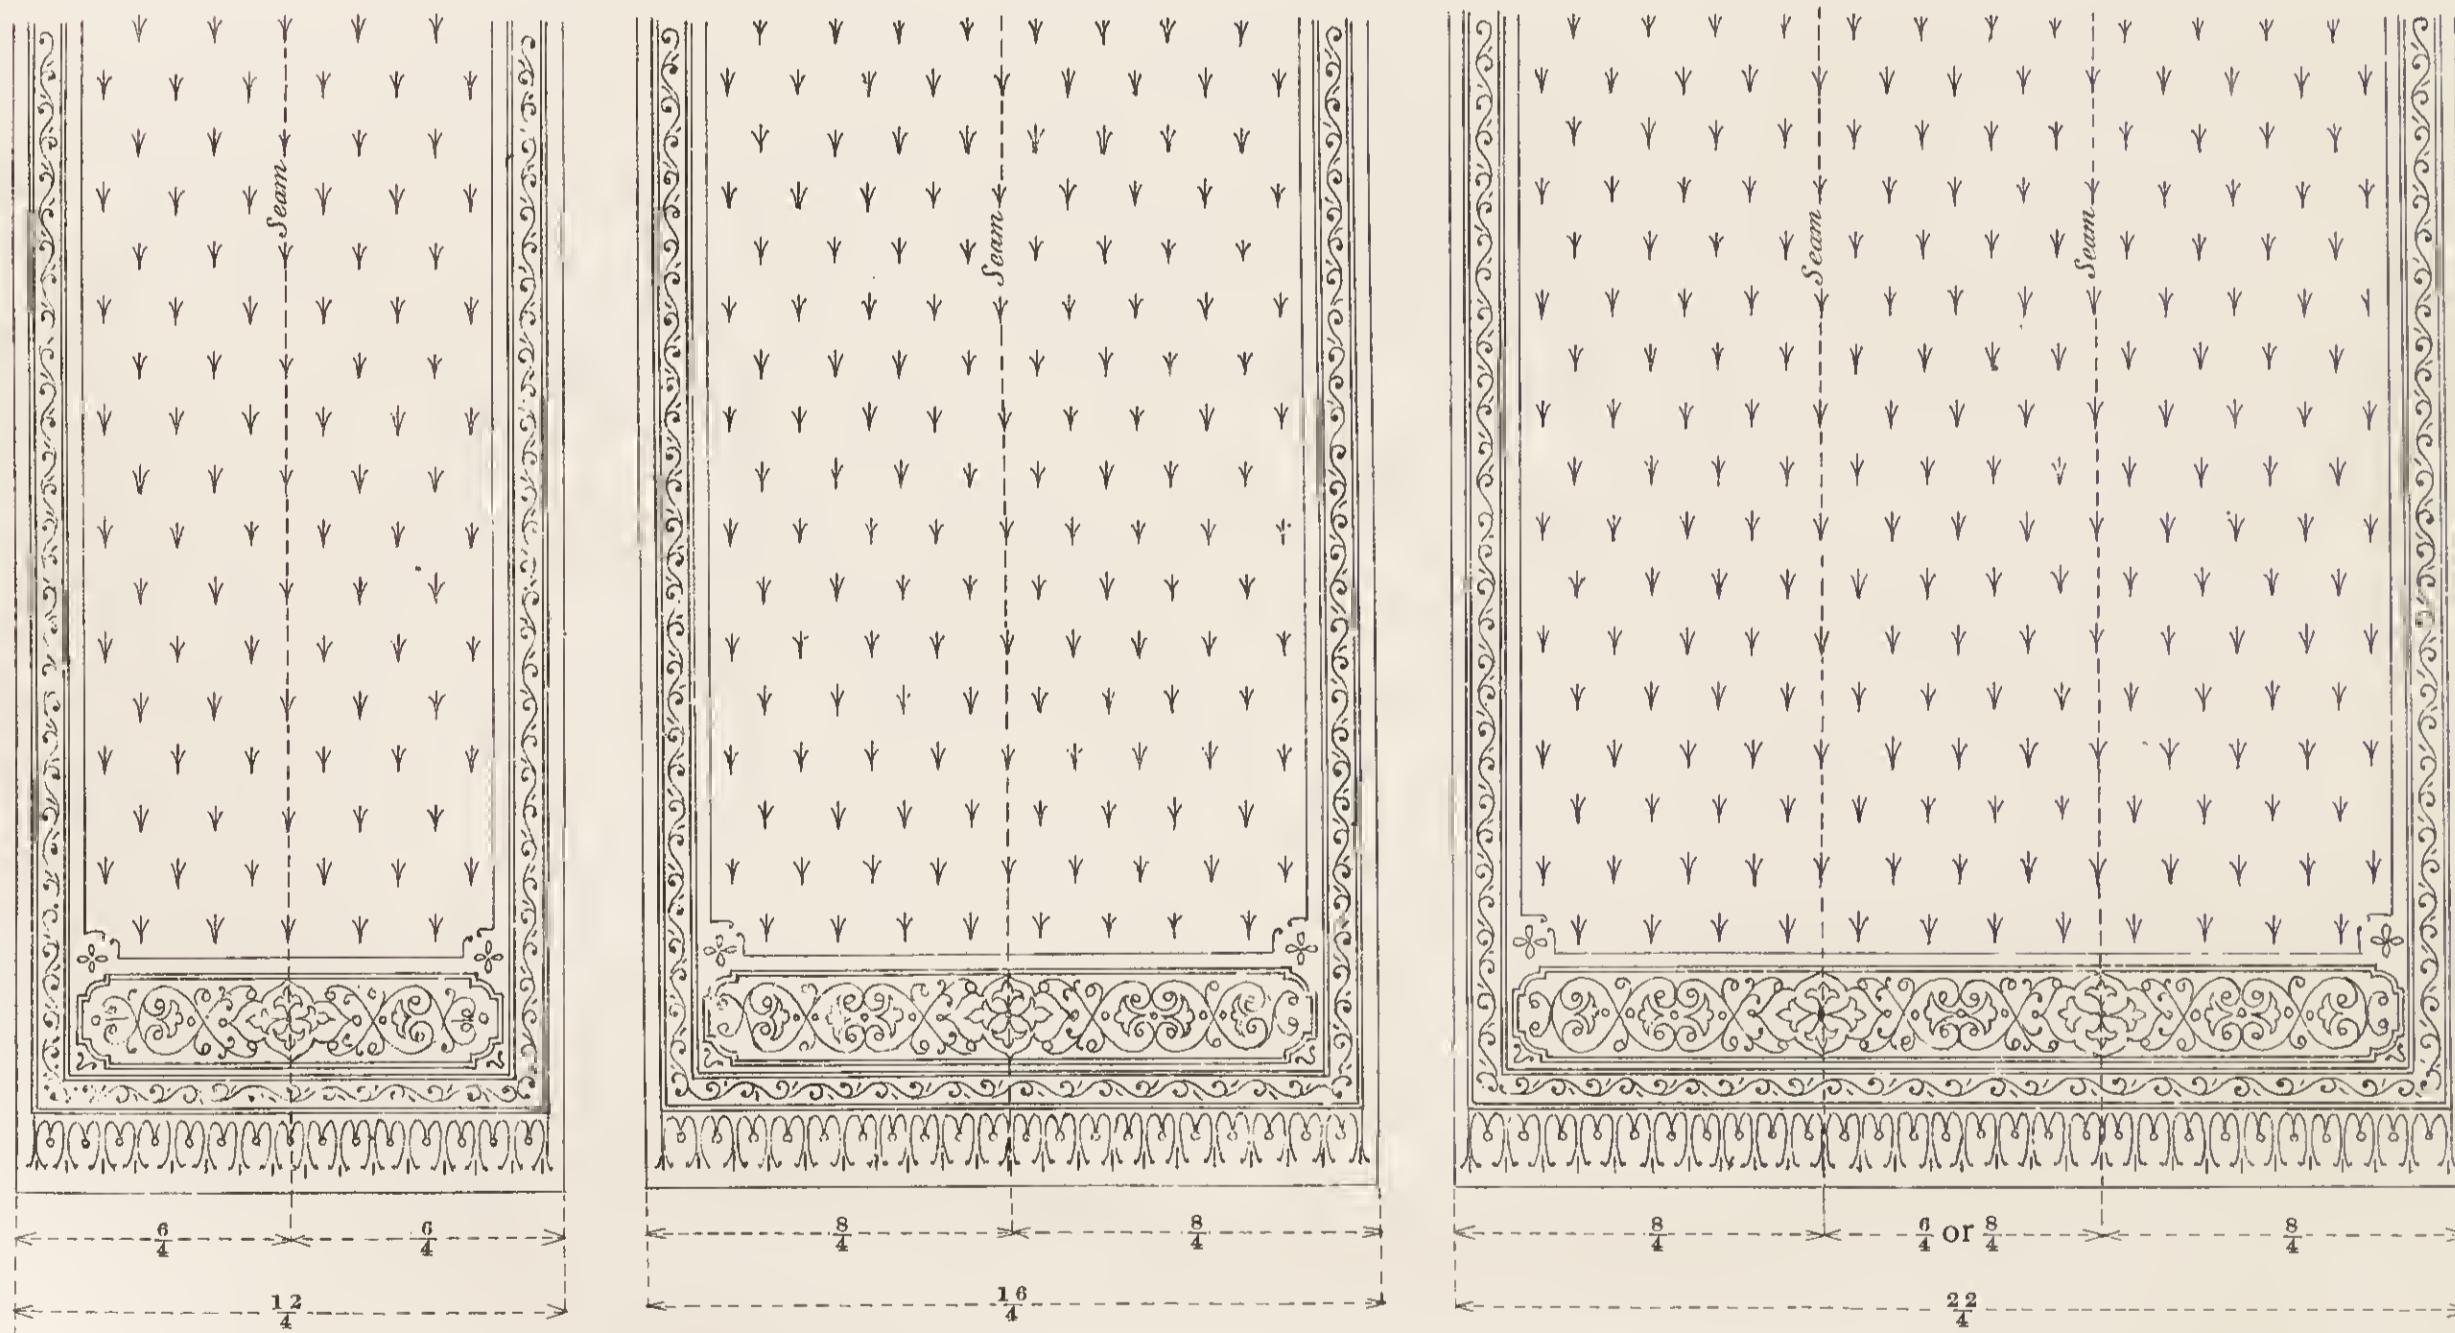

ALTERATION IN DESIGN.—Any change in Outline, such as the substitution of the Filling or Border of one Curtain for that of another, can be effected only at considerable expense, varying according to the amount of alteration.

In some cases, however, portions of the design may be left out without expense, as, for instance, the entire Colored Panel of a Curtain of the E quality may be omitted; but the part thus omitted must be a complete section across.

ALTERATION OF COLORS.—The Colors can be changed according to requirement; but ordinarily a Color cannot be changed in one part of the Design and not in another.

DIAGRAM ILLUSTRATIVE OF WIDTHS GREATER THAN $\frac{10}{4}$.

Or it may be $\frac{6}{4}$ and $\frac{8}{4}$, giving $\frac{14}{4}$.

Or it may be $\frac{8}{4}$ and $\frac{10}{4}$, giving $\frac{18}{4}$.

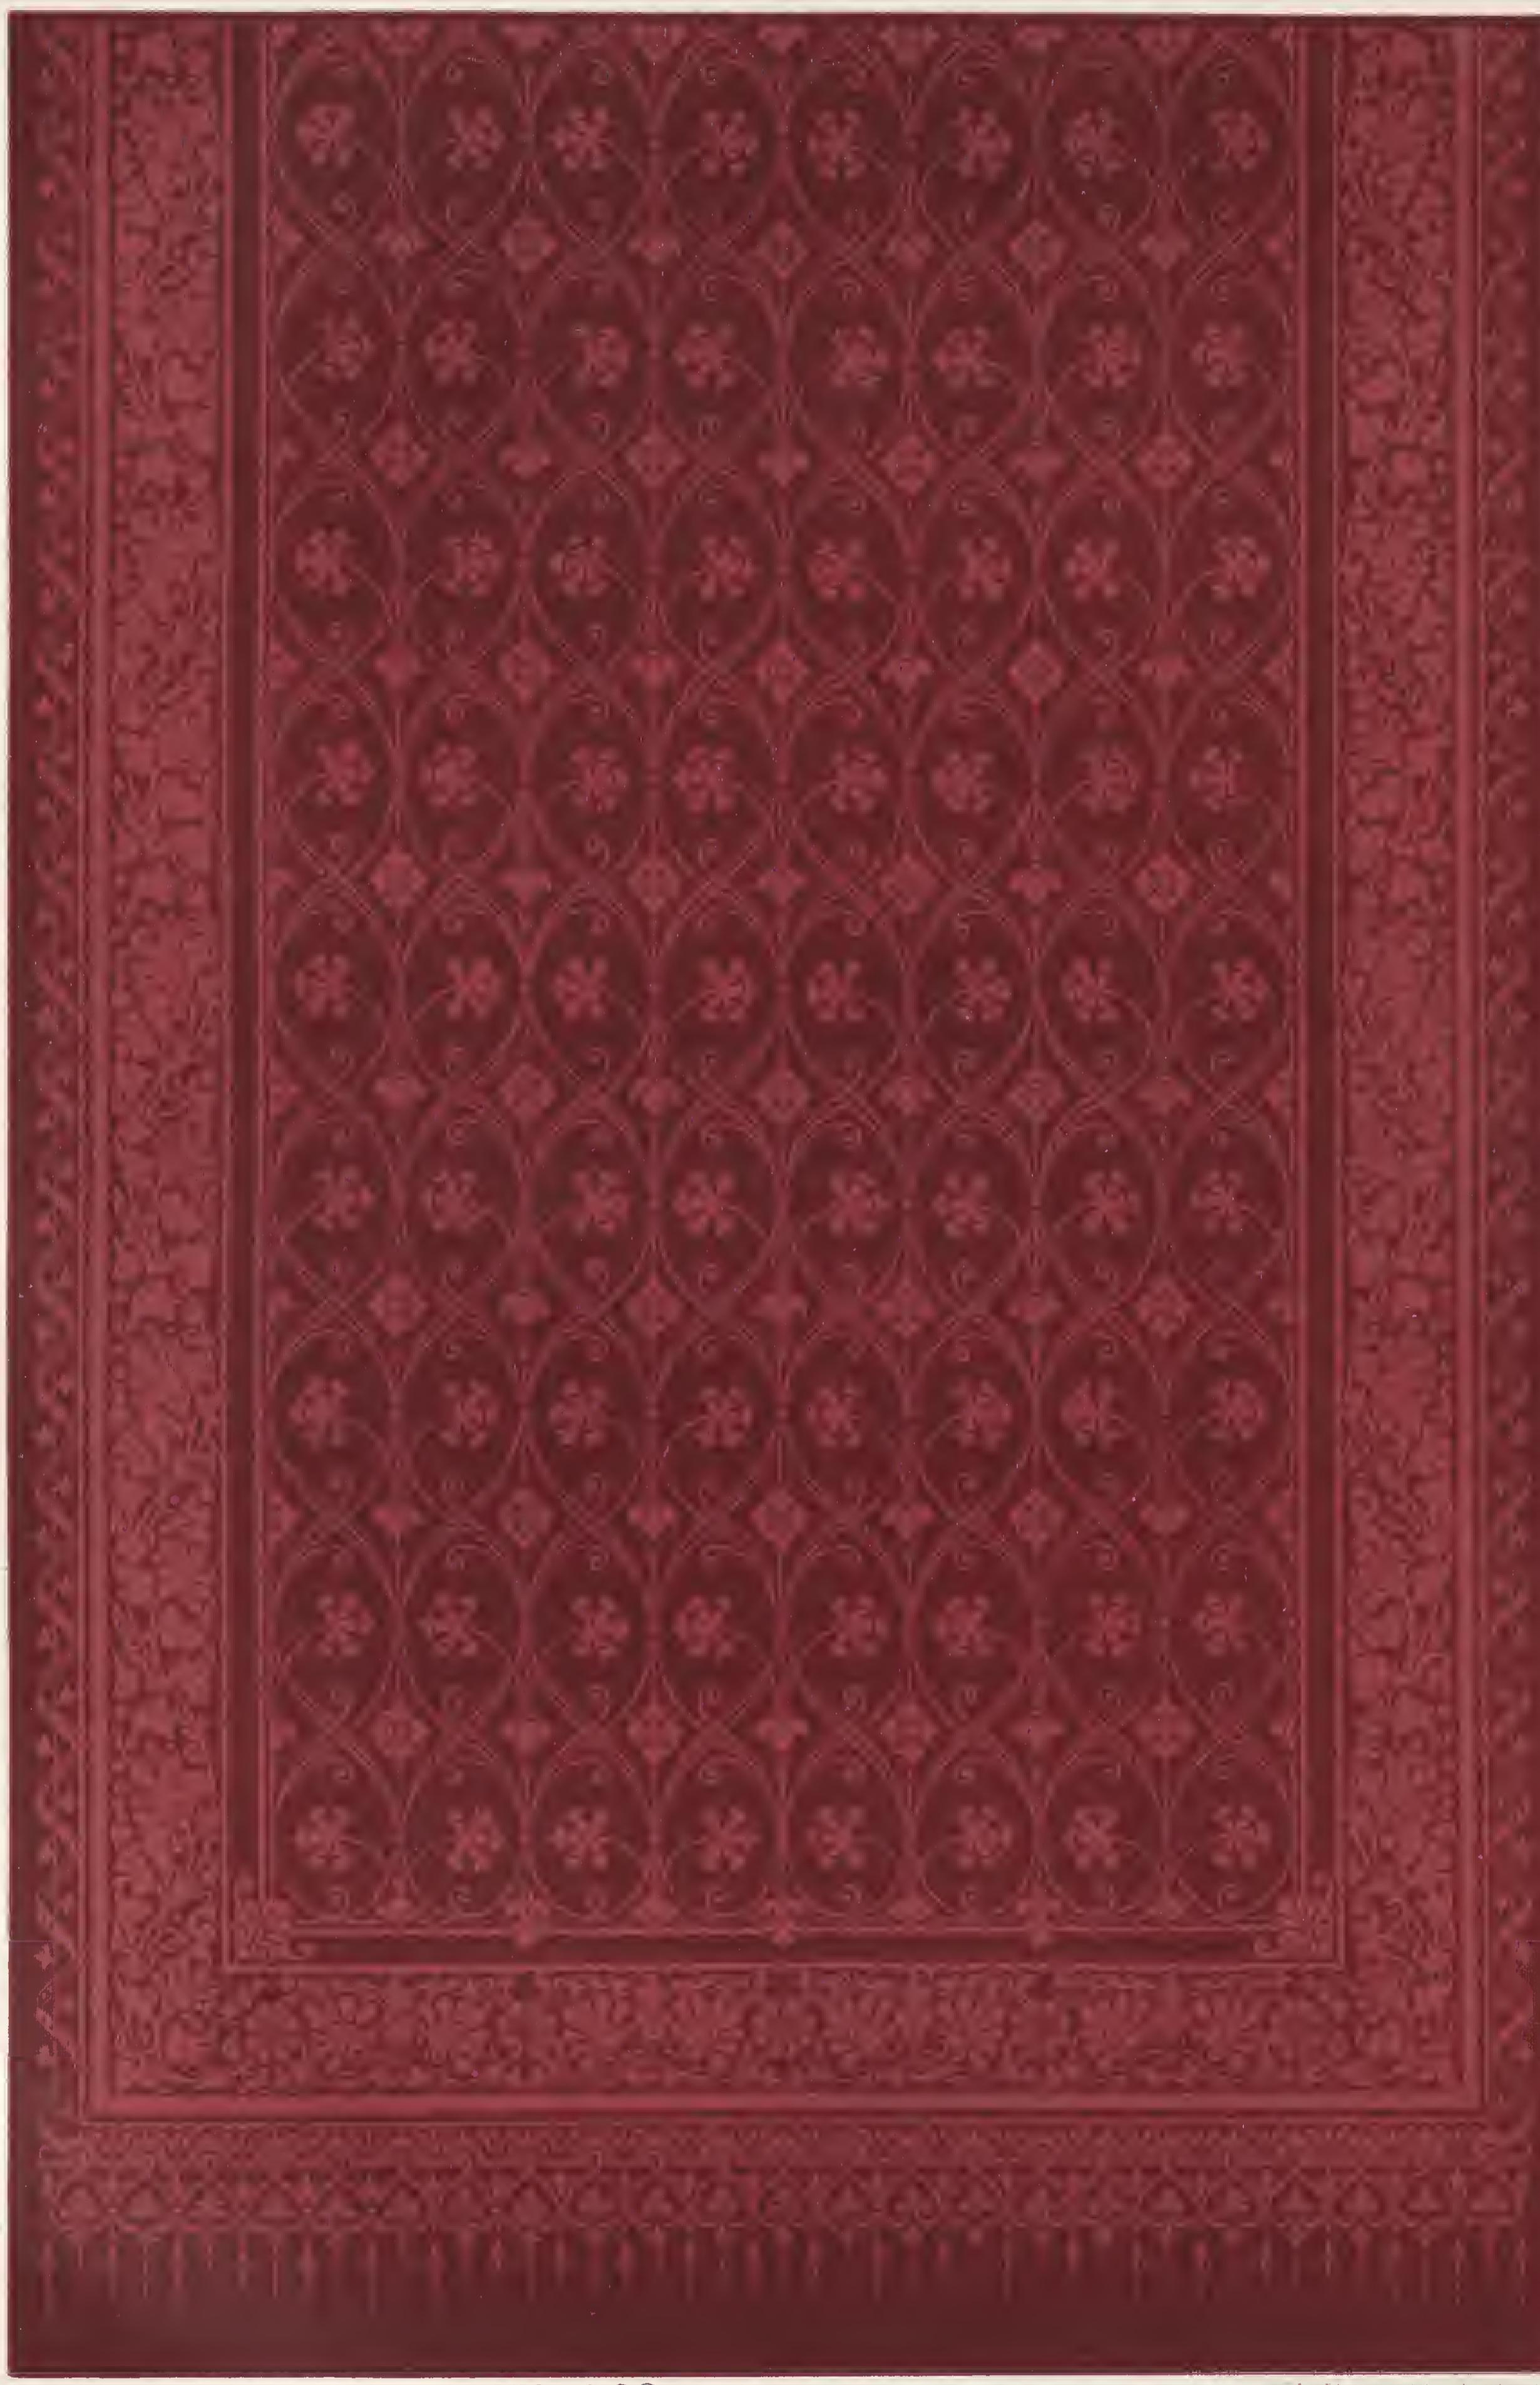

Or it may be $\frac{20}{4}$, $\frac{24}{4}$, or Wider.
