**TITLE 10—ARMY: WAR DEPARTMENT
CHAPTER I—AID OF CIVIL AUTHORITIES AND PUBLIC RELATIONS**

PART 5—SAFEGUARDING MILITARY INFORMATION¹

§ 5.25 *Information on War Department contracts and site locations.* The following instructions will apply to the publication of information concerning site locations of war industries and military installations, contract awards, and other matters relating to production.

(a) *Construction.* (1) No announcement of site locations will be made in the field.

(2) When the War Department Bureau of Public Relations deems it in the public interest to announce the selection of a site it will do so in substantially the following form:

(i) The War Department announced today the selection of Jonesville, Kentucky, as a site for a possible future cantonment. This is a pre-planning site and construction of the cantonment is contingent upon the future needs of the Army.

(ii) The War Department announced today its intention to construct a manufacturing plant in Indiana.

(3) No announcement of awards of those construction contracts which require the approval of the Under Secretary of War will be made in the field without the approval of the War Department Bureau of Public Relations.

(4) When the War Department Bureau of Public Relations deems it in the public interest to announce the award of a construction contract approved by the Under Secretary of War, it will make such announcement or authorize the Chief of Engineers to do so. Such an-

ouncement will be substantially in the following form:

(i) The War Department announced today the award of a contract to Jones and Company, Richmond, Virginia, for the construction of a cantonment in Kentucky. The award was made by the Louisville District Office of the Corps of Engineers.

(ii) The War Department announced today the award of a contract to the Smith Corporation, St. Louis, Missouri, for the construction of a manufacturing plant in Indiana. The award was made by the St. Louis District Office of the Corps of Engineers.

(5) When the Chief of Engineers deems it in the public interest to announce the award of a construction contract which does not require the approval of the Under Secretary of War, he may make such announcement. Such announcement will be substantially in the form prescribed for announcements in subparagraph (4) of this paragraph.

(6) When, in the opinion of the Chief of Engineers, it is necessary to the proper functioning of suppliers of labor, materials, facilities, and other services, he may authorize the furnishing of necessary information to appropriate Government offices and agencies, and to properly accredited persons, who, in his opinion, have a legitimate interest in such information. The offices authorized to furnish such information should be cautioned against release of any procurement information to others than those duly identified as having a bona fide interest, and when such information is so released to responsible persons they should be cautioned against its publication.

(b) *Supply contracts.* (1) No announcement of those supply contracts which require the approval of the Under Secretary of War will be made in the field without the approval of the War Department Bureau of Public Relations.

(c) *General.* (1) Properly accredited persons may obtain information with regard to invitations for bids and abstracts of same by personal application to the Purchase Information Office of the Under Secretary of War or directly to the appropriate contracting office. Written requests to the Under Secretary of War for information relating to specific projects will be referred to the appropriate contracting office.

(2) Under no circumstances will the following information about war contracts be published:

- (i) The exact type of production.
- (ii) Production schedules.
- (iii) Dates of delivery.
- (iv) Progress of work.
- (v) "Round-ups" of locally published procurement data.

(3) Chiefs of supply arms and services will take steps to inform all War Department contractors and subcontractors of the restrictions imposed upon them and the necessity for strict compliance. To that end War Department contractors and subcontractors should—

- (i) Refrain from publication of photographs and drawings of Army equipment which have not been released by the War Department.
- (ii) Refrain from referring in advertising, which gives the location of a plant, to specific products being manufactured in that plant.
- (iii) Refrain from publication of the names of subcontractors or accessory manufacturers to a prime contractor.
- (iv) Release no production figures nor figures indicating total number of employees, backlog of orders, or area of land occupied.
- (v) Not permit aerial photographs of plants.

(vi) Observe these restrictions in their radio programs, other publicity, including financial statements and reports, and public discussion.

(vii) Give no information either verbal or otherwise contrary to this policy. (R.S. 161; 5 U.S.C. 22) [Cir. 41, W.D., February 11, 1942]

TITLE 30—MINERAL RESOURCES CHAPTER III—BITUMINOUS COAL DIVISION

[Order No. 334]

PART 308—REPORTS AND RECORDS

ORDER REQUIRING REPORTS FROM PRODUCERS OF BITUMINOUS COAL COVERING PRODUCTION AND MINE OPERATION FOR THE CALENDAR YEAR 1941

Pursuant to the provisions of the Bituminous Coal Act of 1937, and particularly section 10 (a) thereof, it is hereby ordered that:

Part 308 is amended by adding thereto § 308.25 to read as follows:

§ 308.25 *Reports from producers of bituminous coal covering production and mine operation for the calendar year 1941.* (a) Each producer of bituminous coal, whether or not a code member, and whether or not engaged in commerce in coal which is subject to the provisions of section 4 of the Bituminous Coal Act of 1937, shall file, on the appropriate form hereinafter designated, and in the manner hereinafter set forth, a report of production and other items relating to mine operation, as more fully described in said appropriate form. Each of the hereinafter designated forms is by this reference incorporated herein and made a part of this order.¹

(b) For each mine having rail or river connections regardless of the amount of daily average production, and for each mine having a daily average production of more than fifty (50) net tons irrespective of whether it has rail or river connections, the reports required by this order shall be filed on Form BCD No. 453 (Revised Nov. 1941) T-1.

(c) For each mine without rail or river connections, having a daily average production of less than fifty (50) net tons, the report herein required shall be made on Form BCD No. 454 (Revised Nov. 1941) T-2.

(d) The reports required to be made on Form BCD No. 453 (Revised Nov. 1941) T-1, and the reports required to be made on Form BCD No. 454 (Revised Nov. 1941) T-2, shall be filed at the office

¹ Filed as part of the original document.

of the Statistical Bureau of the Division for the district in which the reporting mine is located, on or before the 28th day of February 1942. A separate report, either on Form BCD No. 453 (Revised Nov. 1941) T-1, or Form BCD No. 454 (Revised Nov. 1941) T-2, as the case may be, shall be filed for each mine operated by the producer during any part of the calendar year, even though said mine may have been in operation for only a very limited period. Likewise, a separate report shall be filed for each mine maintained by the producer during the calendar year 1941, even though such mine was not in actual operation during any part of such period.

(e) Each report required to be filed by this section shall be certified as being correct by the producer, if an individual, or by a member of the firm, if a partnership, or in the case of a corporation, by a responsible officer thereof who is familiar with the facts.

**PART 321—MINIMUM PRICE SCHEDULE,
DISTRICT NO. 1**

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 1, FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 1

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act

of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 1; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner herein set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 321.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and

§ 321.24 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: February 13, 1942.

[Docket Nos. A-524 and A-706]

PART 327—MINIMUM PRICE SCHEDULE,
DISTRICT NO. 7

MEMORANDUM OPINION AND ORDER GRANTING PERMANENT RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD 7 FOR THE ESTABLISHMENT OF A MINIMUM PRICE FOR REFUSE FUEL PRODUCED AT MINE INDEX NOS. 21, 94, 117 AND 126 IN DISTRICT 7 AND IN THE MATTER OF THE PETITION OF DISTRICT BOARD 7 FOR THE ESTABLISHMENT OF A MINIMUM PRICE FOR REFUSE FUEL PRODUCED AT MINE INDEX NO. 207 IN DISTRICT 7

These are proceedings instituted upon petitions filed by District Board 7 with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937. The petition in Docket No. A-524 seeks the establishment of effective minimum prices for shipments of refuse coal to the plant of the Appalachian Electric Power Company at Glenlyn, Virginia, and to the plant of the Virginian Railway Company at Narrows, Virginia, from Mine Index Nos. 21, 94, 117, and 126. The petition in Docket No. A-706 requests the establishment of an effective minimum price for shipments of refuse coal from Mine Index No. 207 to the two above-mentioned consumers.

Pursuant to an Order of the Director, and after due notice to all interested persons, a hearing was held in Docket A-524 before Edward J. Hayes, a duly designated Examiner of the Division at a hearing room thereof in Washington, D. C. Thereafter, on March 22, 1941, the Director made Findings of Fact and Conclusions of Law and rendered his Opinion,

and on the basis thereof, issued a final Order amending the Schedule of Effective Minimum Prices for District 7 for All Shipments Except Truck to provide the following effective minimum prices for refuse coal shipped to the above-mentioned consumers only: From Mine Index Nos. 21, 94 and 117, \$1.10 per ton, and from Mine Index No. 126, \$1.30 per ton.

Subsequently, the petitioner, District Board 7, filed a supplemental petition requesting that the Order of the Director in Docket No. A-524, dated March 22, 1941, 6 F.R. 1593, be vacated on the ground that fair competitive opportunities could not be maintained under the prices ordered; that this proceeding be reopened to permit the introduction of certain relevant data omitted in the previous hearing; and that the Director, in the interim, issue a temporary Order permitting shipments of refuse coal to the above-mentioned consumers at the following effective minimum prices: From Mine Index Nos. 21, 94, and 117, 90 cents per ton; and from Mine Index No. 126, \$1.10 per ton. The petitioner also filed a motion requesting that Docket No. A-706 be consolidated for hearing with Docket No. A-524 on the ground that the issues raised in both matters were related. The Order of March 22, 1941, was vacated and temporary relief granted in accordance with such requests.

Pursuant to Order of the Director a consolidated hearing on these two matters was held before Examiner Hayes, at a hearing room of the Division in Washington, D. C. A petition of intervention was filed by District Board 1. Appearances were entered by District Board 7, and the Lillybrook Coal Com-

pany, a code member producer in District 7. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard.

The evidence indicates that the disposal of refuse coal, a necessary product of the operations of the specific mines involved, has become an expensive and difficult task. The evidence indicates further that such a problem can be obviated by the sale of such coal to the Appalachian Electric Power Company and the Virginian Railway Company; but that such sale can be effected only at a special low price of 90 cents per ton for Mine Index Nos. 21, 94, and 117, respectively; and \$1.10 per ton for Mine Index No. 126. The relief granted in the Order of the Director dated March 22, 1941 in Docket No. A-524 does not appear to have been sufficient since the two above-mentioned consumers have ceased to purchase such refuse coal. The testimony shows that Mine Index No. 207, the subject of Docket No. A-706, is confronted with the same problem of disposal of refuse coal as the mines which are the subject of Docket No. A-524; and from the analyses available, it appears that refuse coals of Mine Index No. 207 are comparable to those of Mine Index Nos. 21, 94, and 117.

The record discloses that no party appeared in opposition to the requested relief. While I have concluded that the requested relief and that the prices requested should be granted and to that extent that the orders previously issued should be modified, it is well to repeat here what was said by Director Gray in his Findings in Docket No. A-524, dated March 22, 1941. Director Gray there stated "that the producers of refuse coals should not be deprived of the limited markets which they have in the past built up for such inferior coals. It appears that these markets can be retained only if lower effective minimum prices are established for refuse coals than for 'normal quality' coals. The establishment of such a price differential, however, poses new problems of policing and enforcement, for attempts may be made to evade the price provisions of the Act by shipping 'normal quality' coals, as refuse coals. Accordingly, permission to ship refuse coals at prices lower than those established for 'normal quality' coals should be granted only to those producers who show that they do produce such coals and have markets for them, and such permission must be circumscribed by requirements that the coals so shipped will approximate in analyses those represented as typical for the refuse coals involved. The exception for refuse coals can be safely continued in effect only as long as those conditions are adhered to." To all of this the undersigned subscribes.

Now, therefore, it is ordered, That commencing forthwith § 327.12 (General prices for low volatile coals) in the Schedule of Effective Minimum Prices for District No. 7 for All Shipments Ex-

cept Truck, be and it hereby is amended as follows:

For shipments of refuse coal to the plants of the Appalachian Electric Power Company at Glenlyn, Virginia, and the Virginian Railway at Narrows, Virginia, only the effective minimum prices shall be as follows: From the Besoco Mine of the Lecony Smokeless Fuel Company, the Killarney Mine of the Lillybrook Coal Company, the No. 2 and No. 3 Mines of the Mead Coal Company, and the Wyco Mine of the Gulf Smokeless Coal Company (Mine Index Nos. 21, 94, 117, and 207, respectively), 90 cents per ton; and from the Minter Mine of the Minter Coal Company (Mine Index No. 126), \$1.10 per ton: *Provided, however*, That all orders, acknowledgments and invoices covering shipments of said coal shall specifically designate it as "refuse coal". *And provided, further*, That the analyses of all said coal shipped as refuse coal shall approximate for the respective mines, those contained in Exhibit 2 of

Docket No. A-524: *And provided further*, That upon order, at any time, analyses of said refuse coal shall be made and filed with the Division.

Dated: February 12, 1942.

**PART 333—MINIMUM PRICE SCHEDULE,
DISTRICT NO. 13**

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION, AND ORDER IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 13 REQUESTING AN INCREASE IN THE MINIMUM PRICES FOR THE COAL PRODUCED AT THE WILSON MINE OF THE RIVER VALLEY CAHABA COAL COMPANY (MINE INDEX NO. 509), IN DISTRICT NO. 13 FOR TRUCK AND RAIL SHIPMENTS AND REQUESTING ADDITIONAL RAIL SHIPPING POINTS FOR THE AFORESAID MINE AND FOR THE M'CARTY COAL COMPANY MINE OF DAVID M'CARTY, MINE INDEX NO. 115, IN DISTRICT NO. 13

This proceeding was instituted upon a petition filed with the Bituminous Coal Division by District Board 13, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937. The petition requests that relief be granted by revising the price classifications and minimum prices for the coals produced at the Wilson Mine (Mine Index No. 509) of the River Valley Cahaba Coal Company, a code member in District 13, by establishing an additional loading point for said mine, and by changing the rail shipping point for the McCarty Coal Company Mine (Mine Index No. 115) of David McCarty, also a code member in District 13.

Pursuant to an Order of the Director and after due notice to all interested persons, a hearing in this matter was held on November 25, 1941, before D. C. McCurtain, a duly designated Examiner of the Division, at a hearing room thereof in Washington, D. C. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard. District Board 13 appeared. At the conclusion of the hearing the preparation and filing of a report by the Examiner was waived and the record in the proceeding was thereupon submitted to the undersigned.

The petition of District Board 13 requests relief in three respects and is supported by the testimony of N. E. Cross, Secretary of District Board 13, the sole witness at the hearing. The requests for relief will be discussed seriatim.

The petition alleges that the Wilson Mine (Mine Index No. 509) of the River Valley Cahaba Coal Company was originally classified and priced as being on the Nunnally Seam. The District Board contends that this mine is on the Wadsworth Seam and, accordingly, proposes an increase in its prices for rail and truck shipments upon the basis of properly relating them to prices already established for another mine on the Wadsworth Seam. The record reveals that the District Board concluded that the Wilson Mine was on the Wadsworth Seam upon the basis of analyses submitted by the producer and of discussions with the owner of the mine, other mine operators in the same area, and two geologists familiar with the coals in that area. The prices that have been proposed are similar to those that have been established for other mines on the Wadsworth Seam,

such as Pen's Wadsworth, Mine Index No. 514, and the owner of the Wilson Mine has agreed to the proposed increased prices. Accordingly, it would appear that these proposed revised prices should be established so as to keep the coals of this mine in a fair competitive position with other coals in District 13.

The petition further alleges that the shipping point designated for the Wilson Mine for rail shipments at Chelsea, Alabama, on the A. B. and C. Railroad is of little value to the mine at the present time and that an additional shipping point should be established at Birmingham, Alabama, Avenue A and 15th Street, on the team tracks of the L. & N. Railroad and Southern Railroad. It appears that the producer has been able to have freight rates established by the A. B. and C. Railroad only from Chelsea to the Birmingham district and that no freight rates have been established to any destinations on other railroads. Consequently, the mine does not have an adequate shipping point. It further appears that the length of the haul from the mine to Chelsea is about the same as it is to Birmingham, and that the coals of the Wilson Mine are usually hauled by truck to Birmingham. In the circumstances, the proposal to establish an additional shipping point for the Wilson Mine appears reasonable. Such additional shipping point should be established, however, subject to the restriction that prices established for this mine are not applicable for shipment from the Birmingham shipping point to destinations within the switching limits of Birmingham, Alabama. Also, the shipping point at Chelsea should be kept, for the record discloses that there are possibilities of the sale of locomotive fuel to the A. B. and C. Railroad.

The petition further requests that the shipping point for the coals of the Mc-

Carty Coal Company Mine (Mine Index No. 115) of David McCarty be changed from Morris, Alabama, on the L. & N. Railroad, to Coalburg, Alabama, on the Southern Railroad. The record reveals that McCarty has never been able to make arrangements with the L. & N. Railroad to load at Morris, Alabama, and is thus in substance without a shipping point. However, arrangements have been made to load at Coalburg, Alabama, on the Southern Railroad. Consequently, the proposal of the District Board should be adopted.

Upon the basis of the uncontroverted testimony, I find and conclude that the revision of the seam designation and applicable minimum prices of the coals of the Wilson Mine (Mine Index No. 509),¹ the establishment of an additional loading point for said mine, and the change of the rail shipping point of the McCarty Coal Company Mine (Mine Index No. 115), as set forth above, is necessary in order to effectuate the purposes of section 4 II (a) and 4 II (b) of the Act and to comply in all respects with the standards thereof.

Now, therefore, it is ordered, That, commencing fifteen (15) days from the date hereof, § 333.6 (General prices) is amended by adding thereto Supplement R, § 333.34 (General prices in cents per net ton for shipment into all market areas) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

Dated: February 11, 1942.

[SEAL] DAN H. WHEELER,
Acting Director.

¹The rail prices requested for the Wilson Mine in Size Groups 8 and 11 were \$2.95 and \$2.70, respectively. These are apparently in error. To carry out the proper relationship these should be \$2.85 and \$2.80, respectively.

 DISTRICT NO. 15

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 15 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 15

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 15; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 335.5 (*Alphabetical list of code members*) is amended by adding thereto Supplement R-I, § 335.8 (*Special prices*—(a) *Oklahoma "smithing coal" from production group No. 12*) is amended by adding thereto Supplement R-II, and § 335.24 (*General*

prices in cents per net ton for shipment into all market areas) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty

(60) days from the date of this Order, unless it shall otherwise be ordered.

No relief is granted herein for the coals of the Gray Mine (Mine Index No. 1570) of code member James Gray, for the coals of the Hanlin & Lee Mine (Mine Index No. 1571) of the Hanlin & Lee Coal Company nor for the coals of the Floyd Mine (Mine Index No. 1567) of code member C. A. Harbur for the reason set forth in the Order severing that portion of Docket No. A-1267 relating to such coals from the remainder of the docket, designating such portion as Docket No. A-1267 Part II and granting temporary relief therein.

The following regulation is issued by the Director of Industry Operations to promote the defense of the United States and for the purpose of improving and facilitating the operation of the Priorities System.

§ 944.23 *Priorities Regulation No. 3—*
 (a) *Adoption of revised forms of Preference Rating Certificates.* On and after February 2, 1942, preference ratings to be assigned by Preference Rating Certificates may be assigned, and on and after March 15, 1942, shall be assigned, in the manner and subject to the provisions hereinafter set forth, by revised forms of preference rating certificates hereby designated as Preference Rating Certificate PD-1A and Preference Rating Certificate PD-3A, which are hereby adopted in place of the Preference Rating Certificates Forms PD-1, PD-2, PD-3, PD-4, and PD-5: *Provided*, That all Preference Rating Certificates Forms PD-1, PD-2, PD-3, PD-4, and PD-5 duly issued prior to March 15, 1942, are valid and shall continue valid and in effect until termination or expiration by the terms thereof or by the circumstances or conditions of their application, or until hereafter canceled, modified, changed, or amended by the Director of Industry Operations, and any rating assigned by Forms PD-3, PD-4, or PD-5 must on or after, but not before, March 15, 1942 be extended in accordance with the terms of paragraph (c) (4) of this section and on or after said date, all the provisions of this Regulation applicable to Preference Rating Certificates PD-3A and the ratings assigned thereby, shall be equally applicable to said Forms and the ratings assigned thereby.

(b) *Categories for use of prescribed Preference Rating Certificates.* (1) Preference Rating Certificate PD-3A shall be used to assign preference ratings, where appropriate, to deliveries under contracts or purchase orders of the Army, Navy, Coast Guard, Maritime Commission, Coast and Geodetic Survey, Panama Canal, National Advisory Committee on Aeronautics, Civil Aeronautics Authority, Office of Scientific Research and Development, Selective Service System; and may be used, where appropriate, to assign preference ratings to deliveries under Lend-Lease contracts or purchase orders of the Procurement Division of the Department of the Treasury and of the Surplus Marketing Administration of the Department of Agriculture, contracts or purchase orders of, or for the account of,

foreign governments, and other contracts or purchase orders as may be prescribed from time to time in Division Administrative Orders issued by the Director of Industry Operations.

(2) Preference Rating Certificate PD-1A shall be used to assign, where appropriate, preference ratings to deliveries under all other contracts and purchase orders; including, where appropriate, Lend-Lease contracts or purchase orders and contracts or purchase orders of, or for the account of, foreign governments.

(c) *Extension of preference ratings to deliveries under contracts and purchase orders and subcontracts and suborders.*

(1) Preference ratings assigned by Preference Rating Certificates PD-1A and PD-3A may be extended to deliveries under contracts and purchase orders and subcontracts and suborders by endorsing on the purchase order or other equivalent document furnished to the supplier or subsupplier a certification in the form prescribed by the appropriate certificate, filled in and manually signed by an official of the purchasing company duly authorized for such purpose.

(2) In cases where Preference Rating Certificates PD-3A issue under letters of intent and therefore no contract number can be inserted in the space provided in the certification form, reference to a footnote addition shall be inserted and in such footnote the Supply Arm or Bureau of the Army or Navy or other government agency issuing the letter of intent and the date of such letter, together with any identification symbol on such letter, shall be stated.

(3) A supplier or subsupplier who has received two or more contracts or purchase orders bearing ratings of the same grade originally assigned by Preference Rating Certificates PD-1A and PD-3A, may include in a single contract or purchase order, and (within the limitations of paragraph (e) of this section) may extend such rating to, any or all of the material which he in turn requires to make delivery in accordance with such contracts or purchase orders or to replace in inventory material so delivered, but must specify in the certification endorsed on such single purchase order or equivalent document all of the Preference Rating Certificate Form Numbers and corresponding Serial Numbers of the ratings which have been so received by him and pursuant to which he is extending the rating. All spaces must be filled in where applicable.

(4) Preference Ratings assigned by Preference Rating Certificates Forms PD-3, PD-4, and PD-5 must, on or after, but not before, March 15, 1942 be extended by endorsing on the purchase order or other equivalent document furnished to the supplier or subsupplier a certification in the form prescribed by Preference Rating Certificate PD-3A provided that the following conditions are complied with:

¹ 7 F.R. 250.

(i) The rating at the time of its extension is assigned by a valid Preference Rating Certificate Form PD-3, PD-4, or PD-5, which has not terminated or expired by its terms or by the circumstances or conditions of its application or has not been canceled, modified, changed or amended in such a way as to invalidate such extension:

(ii) The extension of the rating assigned by a Form PD-3, PD-4 or PD-5 is made subject to all the restrictions and conditions applicable to the extension of a rating assigned by a Preference Rating Certificate PD-3A;

(iii) In the certification form prescribed by Preference Rating Certificate PD-3A the words "applied pursuant to Certificate PD-3A" are eliminated and the words "is hereby applied pursuant to Certificate Form PD-3 (PD-4 or PD-5)" are substituted therefor.

(d) *False statements.* The execution and transmission of the Certification above set forth to a supplier or sub-supplier shall be deemed a representation to the War Production Board for the purpose of section 35 (A) of the Criminal Code (18 U.S.C. 80), which makes it a criminal offense to make a false statement or representation to any Department or Agency of the United States as to any matter within its jurisdiction.

(e) *Restrictions on extension of ratings assigned by a Preference Rating Certificate PD-1A or PD-3A.* (1) A supplier or sub-supplier may extend the preference rating only to:

(i) Deliveries of material which will itself be ultimately delivered by him or by another supplier pursuant to the original preference rating, or which will be physically incorporated into material to be so delivered, or which will be used within the limitations of paragraphs (e) (1), (2), (3) and (4) of this section to replace in inventory material so delivered;

(ii) Material which is neither greater in quantity nor to be delivered on dates earlier than required to make on schedule a rated delivery or, within the limitations of (2) and (3) below, to replace in inventory material so delivered. Material shall not be deemed to be so required if the rated delivery may be made and a practicable working minimum inventory thereof still retained; and if, in making such delivery, the inventory is reduced below such minimum, the rating may be extended only to the extent necessary to restore the inventory to such minimum.

(2) A supplier or sub-supplier who supplies material which he has in whole or in part manufactured, processed, assembled or otherwise physically changed, may not extend the rating to restore his inventory to a practicable working minimum unless he extends the rating before completing the rated delivery which reduces his inventory below such minimum.

(3) A supplier or sub-supplier who supplies material which he has not in whole or in part manufactured, processed, assembled or otherwise physically changed

may, in restoring his inventory to a practicable working minimum, defer extensions of the rating originally assigned by a Preference Rating Certificate PD-1A or PD-3A for such material until he can place a purchase order or contract for the minimum quantity procurable on his customary terms; *Provided*, That he shall not defer the extension of any rating for more than three months after he becomes entitled to apply it.

(4) Any supplier or sub-supplier who receives a contract or purchase order bearing an AA preference rating and who can fill the same out of inventory or goods in process may not extend the AA rating, but may within the limitations of paragraphs (e) (1), (2) and (3) of this section extend an A-1-a rating.

(5) The extension of preference ratings assigned by Preference Rating Certificate PD-3A may be made subject to such additional provisions and conditions as may from time to time be prescribed by the appropriate Supply Arm or Bureau of the Army or Navy, with the approval of the Army and Navy Munitions Board and of the Director of Industry Operations.

(6) Any supplier or sub-supplier who extends the preference rating shall be subject to all of the terms and conditions of this section.

(f) *Records, audit and inspection, and reports.* Any person who applies for or extends a preference rating or to whom a preference rating certificate is issued, and any supplier or sub-supplier who receives a contract or purchase order bearing a rating, shall maintain such records and shall be subject to such audit and inspection as are provided by Priorities Regulation No. 1 as the same may be amended or supplemented from time to time; and shall make such reports as may be required by the Director of Industry Operations from time to time hereafter.

(g) *Violations.* Any person who willfully violates any provision of this Regulation or of Preference Rating Certificates PD-1A or PD-3A or who, by any act or omission, falsifies records to be kept or information to be furnished pursuant to this section, may be prohibited from receiving further deliveries of any material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(h) *Reproduction of forms.* Preference Rating Certificate Form PD-1A may be reproduced in blank by or for the user thereof, but Preference Rating Certificate Form PD-3A may not be reproduced. Preference Rating Certificate Form PD-1A may be procured from the Division of Industry Operations of the War Production Board or any of the field offices thereof; Preference Rating Certificate Form PD-3A may be procured from the duly authorized contracting and procurement officers and inspectors of the Army and Navy.

(i) *Effective date.* This section shall take effect at once. (P.D. Reg. 1,

amended December 23, 1941, 6 F.R. 6680; W.P.B. Reg. 1, Jan. 28, 1942, 7 F.R. 561; E.O. 9024, Jan. 16, 1942, 7 F.R. 329; E.O. 9040, Jan. 24, 1942, 7 F.R. 527; sec. 2 (a), Pub. Law 671, 76th Cong., 3d Sess., as amended by Pub. Law 89, 77th Cong., 1st Sess.)

PART 960—CHLORINE AND PRODUCTS CONTAINING AVAILABLE CHLORINE

General Preference Order No. M-19 as Amended February 25, 1942—To Conserve the Supply and Direct the Distribution of Chlorine and Products Containing Available Chlorine

Section 960.1 (General Preference Order No. M-19,¹ as amended) is hereby amended to read as follows:

Whereas national defense requirements have created a shortage of chlorine and products containing available chlorine, as hereinafter defined, for the combined needs of defense, private account and export, and it is necessary in the public interest and to promote the defense of the United States, to conserve the supply and direct the distribution thereof;

Now, therefore, it is hereby ordered, That:

§ 960.1 *General Preference Order M-19—(a) Definitions.* (1) "Chlorine" means gaseous and liquid chlorine;

(2) "Products containing available chlorine" means any product which readily releases chlorine; such products include, but are not limited to, all combinations of chlorine with caustic soda, soda ash, or lime, such combinations being commonly known by one or more of the following names: sodium hypochlorite, liquid bleach, true or high-test calcium hypochlorite, chlorinated lime, chloride of lime, bleaching powder, or sodium chlorite; and also includes solutions of any such products or any mixture containing one percent (1%) or more of any such products;

(3) "Producer" means any person engaged in the production of chlorine or products containing available chlorine, and includes any person who has such materials produced for him pursuant to toll agreement;

(4) "Distributor" means any person who purchases chlorine or products containing available chlorine for resale;

(5) "Supplier" means any producer, distributor or other person who sells or offers for sale chlorine or products containing available chlorine.

(6) "Base period" means the period July 1, 1940, to June 30, 1941.

(b) *Restrictions on use—(1) Curtailment in certain uses.* Hereafter the use or consumption by any person of chlo-

¹ 6 F.R. 3730, 6645.

rine and products containing available chlorine shall be, in terms of chlorine or available chlorine content, curtailed or restricted in the following processes to the following quantities:

(i) In the manufacture of pulp and paper, to such quantity of such materials as are or may be required to comply with General Limitations Order No. L-11, or any supplement or amendment thereto,

(ii) In textile bleaching or processing, in any one calendar month commencing with March 1942 to not more than 50% of one-twelfth of such materials consumed by him during the base period.

(iii) In shellac bleaching and processing, in any one calendar month commencing with March 1942 to not more than 75% of one-twelfth of such materials consumed by him during the base period.

(iv) In linen-supply, hotel and commercial laundry operations, in any one calendar month commencing with March 1942 to not more than 10% of one-twelfth of such materials consumed by him during such period.

(v) In the manufacture of sodium hypochlorite solutions for retail sale in containers of one-gallon capacity or less, in any one calendar month commencing with March 1942 to not more than 60% of one-twelfth of such materials consumed by him during the base period.

(vi) In sanitation of swimming pools, other than public and institutional swimming pools, in any one calendar month commencing with March 1942 to not more than 25% of one-twelfth of such materials consumed by him during the base period.

(vii) In the case of any person acquiring chlorine or products containing available chlorine for any use specified in this paragraph (b) (1), but who was not a consumer in the base period, his permitted consumption shall be in the same relative proportions hereinabove indicated but shall be based on his consumption during the month of September 1941 or such other period as may be directed by the Director of Industry Operations.

(2) *Prohibited uses.* Hereafter, the use or consumption by any person of chlorine or of products containing available chlorine is prohibited for any one or more of the following purposes: bleaching of foodstuffs, bleaching of wiping rags and waste, and manufacture of cosmetics and toilet preparations.

(c) *Placing orders.* Anything in Priorities Regulation No. 1, as amended to the contrary notwithstanding:

(1) No producer of chlorine shall, except as the Director of Industry Operations may otherwise direct, accept an order, whether it be that of a distributor, another producer, or a consumer, for delivery of chlorine unless such order has been placed with him on or before the 10th day of the month preceding the month in which delivery is sought, and unless such order is accompanied by Form PD-190 (in duplicate) properly executed by the person placing such an order. The Form PD-190 submitted by a distributor must be accompanied by the

original and one copy of each Form PD-190 submitted to him in accordance with paragraph (c) (2) of this section in connection with orders accepted by him.

(2) No distributor of chlorine shall, except as the Director of Industry Operations may otherwise direct, accept an order for delivery of chlorine unless such order has been placed with him on or before the 5th day of the month preceding the month in which delivery is sought and unless such order is accompanied by Form PD-190 (in triplicate) properly executed by the person placing such order.

(3) No producer or distributor of chlorine shall make, and no person shall accept, delivery of chlorine unless and until such Form PD-190 has been properly executed and timely filed in accordance with the provisions of paragraphs (c) (1) and (2) of this section.

(4) Each pulp and paper manufacturer requiring chlorine, either purchased or his own production, in addition to filing Form PD-190 with his supplier as provided in paragraph (c) (1) of this section, shall on or before the 15th day of the month preceding the month in which delivery is sought on said Form PD-190 file with the Pulp and Paper Branch of the War Production Board, Washington, D. C., Form PD-190A (in duplicate) properly executed, which shall list among other things the quantity of chlorine ordered from each supplier, the amount of his requirements to be supplied from his own production, if any, and his estimated distribution by use in pulp and paper manufacture of the total quantity of chlorine ordered from others and produced by himself.

(5) No supplier of products containing available chlorine shall, commencing with March 1, 1942, except as the Director of Industry Operations may otherwise direct, accept an order, whether it be that of a distributor, producer or a consumer, for delivery of such products unless such order is accompanied by Form PD-277, properly executed by the person placing such order. Such order, accompanied by the properly executed Form PD-277, may be placed with supplier at the times and in the manner usually followed by such person in placing orders.

(6) Anything in paragraph (c) to the contrary notwithstanding, no Form PD-190 nor Form PD-277 need accompany any order for chlorine or for products containing available chlorine placed with a supplier for use for potable water treatment and sewage treatment; however, in lieu of such Forms, the following certification, properly executed, should be inscribed on such orders:

It is hereby certified by the undersigned that the chlorine or products containing available chlorine ordered hereon will, upon delivery, be used only for potable water treatment or sewage treatment or both.

 Date

Also anything in paragraph (c) to the contrary notwithstanding, no Form PD-277 need accompany any order placed with retail outlets for products containing available chlorine in liquid form in a container of one-gallon capacity or less or in solid form in a quantity of five pounds or less.

(d) *Withholdings from scheduled deliveries.* (1) Each producer of liquid chlorine in scheduling in each calendar month beginning with February 1942 deliveries of liquid chlorine to be made during the succeeding month shall withhold from scheduling for delivery five percent (5%) of his total estimated production of liquid chlorine for such succeeding month; and except as provided in paragraph (d) (3) of this section no producer shall make commitments for the sale or delivery during such succeeding month with respect to five percent (5%) of such estimated production.

(2) In addition to the chlorine withheld from delivery in accordance with paragraph (d) (1), each producer who normally supplies liquid chlorine for potable water treatment and sewage treatment shall also each month withhold from scheduling for other uses from the succeeding month's production a quantity of liquid chlorine estimated to fulfill requirements for those purposes during such succeeding month. This quantity shall be distributed in such succeeding month for potable water treatment and sewage treatment in accordance with paragraph (e) (3).

(3) No producer shall deliver liquid chlorine as to which commitments may not be made pursuant to paragraph (d) (1) of this section, except upon express instructions of the Director of Industry Operations. If prior to the 15th day of the month in which a producer is required by the provisions of paragraph (d) (1) of this section to withhold deliveries of liquid chlorine, the Director of Industry Operations has issued no instructions with respect to the disposition of such liquid chlorine, or if on such date it appears that any portion of the liquid chlorine estimated to fulfill requirements for potable water treatment and sewage treatment by paragraph (d) (2) of this section will not be required for such purposes in such month, producers may make deliveries of such liquid chlorine without regard to the restrictions contained in paragraphs (b) and (c) of this section, or otherwise, except that the same shall be subject to the provisions of Priorities Regulation No. 1, as amended.

(e) *Delivery schedules.* (1) Each producer of chlorine shall, except as the Director of Industry Operations may otherwise direct, on or before the 15th day of each calendar month, file with the Chemicals and Allied Products Branch of the War Production Board, Washington, D. C., Form PD-191 (in duplicate) properly executed, which shall list among other things a schedule of deliveries of chlorine which such producer proposes to make in the succeeding month, the preference rating, if any, applicable to each delivery, the orders tendered to him for delivery during the succeeding month

which he has not scheduled, his estimated production for the succeeding month and the amount of liquid chlorine to be reserved for the succeeding month in accordance with the provisions of paragraphs (d) (1) and (2) of this section. Each original Form PD-191 shall be accompanied by a single copy of each Form PD-190 submitted to the producer and listed on said Form PD-191. After such Forms have been filed with the Chemicals and Allied Products Branch of the War Production Board, any changes of circumstances or matters occurring thereafter affecting the accuracy of the statements contained in such Form PD-191 shall be forthwith reported to the Chemicals Branch of the War Production Board.

(2) On and after February 1, 1942, except as provided in paragraph (e) (3) of this section and except as may be otherwise specifically authorized by the Director of Industry Operations, producers of chlorine shall make no deliveries to any person unless and until the same shall have been authorized to do so by the Director of Industry Operations. Such authorization by the Director of Industry Operations shall be based primarily upon insuring the satisfaction of all defense requirements and providing an adequate supply for essential civilian uses. Each producer of chlorine shall, upon being apprised of the deliveries which have been authorized by the Director of Industry Operations, forthwith notify his customers of the extent of such authorization as the same may affect them. Each distributor shall, upon being apprised by the producer of the extent to which deliveries to such distributor have been authorized by the Director of Industry Operations, forthwith notify his customers of the extent of such authorization as the same may affect them. If, however, by the 25th day of the month preceding the month in which deliveries are to be made, no instructions have been issued by the Director of Industry Operations, producers may make deliveries of chlorine in accordance with, and only in accordance with, the schedules filed by them with the Chemicals and Allied Products Branch of the War Production Board. Nothing in this paragraph contained shall require a Producer as a condition to making delivery of chlorine for a use for potable water treatment or sewage treatment to obtain authorization by the Director of Industry Operations, nor shall a producer or distributor be required to notify his customer to whom delivery is to be made for either such use with respect to any such authorization.

(3) Producers of chlorine shall in their usual manner, and whether directly to the consumer or through their distributors, distribute for potable water treatment and sewage treatment the liquid chlorine withheld in accordance with paragraph (d) (2). In case of distribution through distributors, the distributors must, prior to delivery of chlorine to them for either such purpose, certify that the chlorine so delivered will not be distributed for any use other than potable water treatment or sewage treat-

ment and will not exceed an estimated thirty-day supply for such purposes.

(4) Each distributor of products containing available chlorine, other than a reseller through retail outlets of such products in liquid form in containers of one gallon capacity or less or in solid form in quantities of five pounds or less, shall, on or before the 5th day of each calendar month commencing with April 1942, file with his supplier or suppliers Form PD-278 properly executed, which shall list among other things a schedule of deliveries of such products made by such distributor during the preceding calendar month, the particular product delivered, the use to which such product was devoted, and the inventory of such distributor as of the first day of such calendar month.

(f) *Restrictions on sales and deliveries.*
 (1) No producer or distributor shall knowingly sell or, directly or indirectly, deliver or cause to be delivered any chlorine, or products containing available chlorine, for any one or more of the uses specified in paragraph (b) (1) of this section in greater quantities than are therein specified or for any prohibited use; and no person shall accept deliveries of such materials for any one or more of the uses specified in paragraph (b) (1) in greater quantities than for permitted consumption and inventory or for any prohibited use.

(2) Nothing herein contained shall be construed to restrict any person to the same product or type of product, be it chlorine or product containing available chlorine, that he has heretofore purchased: *Provided, however,* That the substitution or replacement of any one such product for or by another shall be made only on an equivalent available chlorine basis.

(g) *Assignment of preference ratings.*
 (1) For purposes of scheduling deliveries, defense orders which have not been assigned a higher preference rating are hereby assigned a preference rating of A-10.

(2) Unless a higher preference rating has been specifically assigned by order or the Director of Industry Operations, and subject to Priorities Regulation No. 1, as amended, orders for chlorine and for products containing available chlorine for the uses (or for the manufacture of products for such uses) set forth below are hereby assigned the preference rating set opposite each such uses as follows:

(h) *Intra-company transactions.* The prohibitions or restrictions contained in this section with respect to acceptances of orders and deliveries in the absence of a contrary direction apply not only to acceptances of orders from and deliveries to other persons, including affiliates and subsidiaries, but also to acceptances of orders from and deliveries to one branch, division or section of a single enterprise by or from another branch, division or section of the same or any other enterprise owned or controlled by the same person.

(i) *Inventory restrictions.* No producer, or distributor, shall make, and no person shall accept deliveries of chlorine or products containing available chlorine which will effect an increase (or a further increase) in said person's inventory of chlorine or products containing available chlorine beyond a thirty day supply thereof except as may be necessitated for reason of economic delivery.

(j) *Reports.* Each producer and distributor shall file with the Chemicals and Allied Products Branch of the Materials Division of the War Production Board such reports and questionnaires as said office shall from time to time specify.

(k) *Records.* All persons affected by this section shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(l) *Audit and inspection.* All records required to be kept by this section shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(m) *Appeal.* Any person affected by this section who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, may appeal to the Division of Industry Operations by addressing a letter to the Division of Industry Operations, War Production Board, Washington, D. C., setting forth the pertinent facts and the reasons such person considers that he is entitled to relief. The Director of Industry Operations may thereupon take such action as he deems appropriate.

(n) *Notification of customers.* Producers and distributors shall, as soon as practicable, notify each of their regular customers of the requirements of this section, but failure to give such notice shall not excuse any person from the obligation of complying with the terms of this section.

(o) *Applicability of Priorities Regulation No. 1.* This section and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944), as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this section shall govern.

(p) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this Order, shall, unless otherwise directed, be addressed to: War Production Board, Washington, D. C. Ref: M-19.

(q) *Violations.* Any person who willfully violates any provision of this section, or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this section, may be prohibited from receiving further deliveries of any Material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(r) *Effective date.* This section shall take effect upon the date of issuance thereof and shall continue in effect until revoked by the Director of Industry Operations subject to such amendments or supplements thereto as may be issued from time to time by the Director of Industry Operations. (P.D. Reg. 1, amended Dec. 23, 1941, 6 F.R. 6580; W.P.B. Reg. 1, Jan. 26, 1942, 7 F.R. 561, E.O. 9024, Jan. 16, 1942, 7 F.R. 329; E.O. 9040, Jan. 24, 1942, 7 F.R. 527; sec. 2 (a), Pub. PART 976—MOTOR TRUCKS, TRUCK TRAILERS
AND PASSENGER CARRIERS

*Amendment No. 6 to Supplementary
General Limitation Order L-1-c¹ Re-
stricting Sale and Delivery of Medium
and Heavy Motor Trucks and Truck
Trailers*

Paragraph (a) of § 976.10 (Supplementary General Limitation Order L-1-c) is hereby further amended by adding thereto, immediately following subparagraph (2), the following subparagraph:

(3) *Sales of fire apparatus.* Nothing in this order shall prevent any person from making a sale, lease, trade, loan, delivery, shipment or transfer, or any person from accepting any such sale, lease, trade, loan, delivery, shipment or transfer of any fire apparatus; *Provided:* That a preference rating of A-10 or higher has been issued to and names the specific person seeking to purchase or obtain delivery of such fire apparatus, and that such preference rating is assigned specifically to the delivery of such fire apparatus. For the purpose of this order "fire apparatus" means self-propelled motorized fire apparatus and trailer types of fire apparatus. (P.D. Reg. 1, amended December 23, 1941, 6 F.R. 6680; W.P.B. Reg. 1, Jan. 26, 1942, 7 F.R. 561, E.O. 9024, Jan. 16, 1942, 7 F.R. 329; E.O. 9040, Jan. 24, 1942, 7 F.R. 527; sec. 2 (a), Pub. Law 671, 76th Cong., 3d Sess., as amended by Pub. Law 89, 77th Cong., 1st Sess.)

This Amendment shall take effect immediately. Issued this 25th day of February 1942.

PART 1055—WOOL

*Conservation Order No. M-73² as
Amended and Extended to July 4, 1942
Curtailing the Use of Wool*

Whereas the fulfillment of requirements for the defense of the United States has created a shortage of wool for the combined needs of defense, private account, and export; and the supply is, and may continue to be, insufficient for defense and essential civilian requirements, unless its use is curtailed or prohibited as hereinafter provided; and it is necessary in the public interest and to promote the national defense to allocate wool in the manner hereinafter in this Order provided;

Now, therefore, it is hereby ordered, That:

defense orders—(1) Curtailment from*

¹ 7 F.R. 116, 219, 311, 435, 699, 971.

² 7 F.R. 120, 543.

April 5, 1942 to July 4, 1942. During the period from April 5, 1942 to July 4, 1942, both dates inclusive:

(i) *Curtailment for non-defense use on worsted system.* No person shall put into process, or cause to be put into process by other, for his account for non-defense orders, on the worsted system, more wool owned by such person than 20 percent of his basic quarterly poundage except as provided in paragraph (a) (1) (iii) of this section.

(ii) *Curtailment for non-defense use on woolen, cotton or felt system.* No person shall put into process or cause to be put into process by others for his account for non-defense orders, on the woolen, cotton or felt system, more wool owned by such person than 10 percent of his basic quarterly poundage, except as provided in paragraph (a) (1) (iii) of this section.

(iii) *Curtailment on use of floor covering.* No person shall put into process or cause to be put into process by others for his account for the manufacture of floor covering, or any component part thereof, more carpet wool owned by such person than 25 percent of his basic quarterly poundage or any wool of any other kind.

(iv) *Curtailment for non-defense use on methods of manufacture not otherwise covered.* No person shall put into process or cause to be put into process by others for his account for non-defense orders for manufacture on any system not covered above, more wool owned by such person than 10 percent of his basic quarterly poundage, except as provided in paragraph (a) (1) (iii) of this section.

(b) *Prohibitions against sales or deliveries.* No person shall hereafter sell or deliver any wool to any person if he knows, or has reason to believe, such material is to be used in violation of this section.

(c) *Limitation of inventories.* No person shall receive delivery of wool or products thereof in the form of raw materials, semi-processed wool materials or finished goods containing wool, in quantities which shall result in an inventory of such material in excess of a minimum practicable working inventory, taking into consideration the limitations placed upon the use of wool by this section: *Provided, however,* That nothing herein contained shall be deemed to restrict the purchase or delivery of any imported wool to the person importing the same either directly or through an agent or to the person to whom such wool may be sold prior to landing in this country.

(d) *Fair distribution of products.* In making sales or deliveries of wool yarns, fabrics, styles, or patterns, no person shall make discriminatory cuts in amounts or quantities in acceptance of orders or deliveries between former customers and new customers who meet such person's regularly established prices and terms, or between former customers, new customers and his own consumption of these products, or any of them.

(e) *Curtailment of use of wool reprocessed and reused wool in the manufacture of blankets.* During the period from April 5, 1942 to July 4, 1942 no person shall manufacture any blanket for non-defense use containing more than 80 percent of wool, wool waste, noils, or reused and reprocessed wool, in the aggregate.

(f) *Miscellaneous provisions—(1) Priorities Regulation No. 1.* This section and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944), as amended from time to time, except to the extent that any provisions hereof may be inconsistent therewith, in which case the provisions of this section shall govern.

(2) *Assignment of preference rating.* Any order for fabric to be used in the manufacture of the following types of uniforms is hereby assigned a preference rating of A-10 and shall, therefore, be included as a defense order for the purposes of paragraph (a) (1):

- (i) U. S. Army Officers
- (ii) U. S. Navy Officers and Chief Petty Officers
- (iii) U. S. Marine Corps Officers
- (iv) U. S. Coast Guard Officers and Chief Petty Officers
- (v) U. S. Government Military and Naval Academy and Training School Students
- (vi) U. S. Coast and Geodetic Officers
- (vii) Maritime Commission Employees

Provided, however, That such purchase order is accompanied by a certificate in duplicate signed on behalf of the person placing such purchase order by a person duly authorized thereto which states the following:

The undersigned hereby represents that the fabric covered by this purchase order will be either re-sold, or used by the undersigned, for and only for the manufacture of one or more of the types of uniforms specified in paragraph (f) (2) of General Conservation Order No. M-73, as amended and extended to July 4, 1942, and this purchase order is therefore entitled to a preference rating of "A-10".

(3) *Appeal.* Any person affected by this section who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of wool conserved, or that compliance with this section would disrupt or impair a program of conversion from non-defense to defense work, may appeal to the War Production Board on the form provided therefor setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director of Industry Operations may thereupon take such action as he deems appropriate.

(4) *Applicability of section.* The prohibitions and the restrictions contained in this section shall apply to the use of wool in all articles hereafter manufactured. In so far as any other order of the Director of Industry Operations may have the effect of limiting or curtailing to a greater extent than herein provided the

use of wool in the production of any article, the limitation of such other order shall be observed.

(5) *Violations or false statements.* Any person who violates this section, or who wilfully falsifies any records which he is required to keep by the terms of this section, or by the Director of Industry Operations, or who otherwise wilfully furnishes false information to the Director of Industry Operations or to the War Production Board may be deprived of priorities assistance or may be prohibited by the Director of Industry Operations from obtaining any further deliveries of materials subject to allocation. The Director of Industry Operations may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U. S. C. 80).

(6) *Definitions.* For the purposes of this section:

(i) "Wool" means the fiber from the fleece of the sheep or lamb, or hair of the Angora or Cashmere goat or camel or the alpaca, llama, or vicuna, and related fibers, including wool known as carpet wool, but, (except for the purposes of paragraph (d)) shall not include noils, waste, reprocessed or reused wool, or yarn or cloth.

(ii) "Inventory" of a person includes the inventory of affiliates and subsidiaries of such person, and the inventory of others where such inventory is under the control of or under common control with or available for the use of such person.

(iii) "Manufacture" means any and all processing on any system beyond the scouring operation, excepting only the carding and combing operations on the worsted system.

(iv) "Put into process" means:

(a) On the worsted system, the first process of drawing after combing,

(b) On any other system using tops, the first change in form from tops including dyeing,

(c) On the woolen, felt, or any other system not using tops, the first step after scouring, carbonizing, dusting or similar cleaning process;

Provided, however, That any person, for each pound of grown mohair (not including kid mohair) or wool of grades 44s and lower put into process or caused to be put into process by others for his account after April 5, 1942 within the limits of subparagraphs (a) (1) (i), (ii), and (iv) shall be entitled to put into process or cause to be put into process by others for his account, except for the manufacture of floor covering:

On the worsted system an additional two pounds of grown mohair (not including kid mohair) or wool of grades 44s and lower.

On the woolen, cotton or felt system an additional five pounds of grown mohair (not including kid mohair) or wool of grades 44s and lower.

(v) "Basic quarterly poundage" for any single system of manufacture shall

mean one half of the number of pounds of wool put into process on that system by a person or for his account during the period from December 29, 1940 to June 28, 1941, both inclusive, or for the period from January 1, 1941 to June 30, 1941, both inclusive, according to the method of keeping production records maintained by such person during such period. Such poundage shall be determined as follows:

(a) On the worsted system or any other system using tops, the weight of tops put into process at 15 percent moisture regain, 3¼ percent of oil and natural fats,

(b) On the woolen system, scoured wool at 12 percent moisture,

(c) On the felt or any other system, the weight of wool in the stage immediately preceding putting into process.

(vi) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency or any organized group of persons, whether incorporated or not.

(7) *Reports and records.* (i) Each person who puts wool into process shall file with the Textile Branch, War Production Board, reports or forms to be prescribed by the Director of Industry Operations.

(ii) All persons who put wool into process shall keep and preserve such records as will clearly and adequately show their methods and amounts of consumption hereunder.

(8) *Reports and correspondence.* All applications, statements, or other communications filed pursuant to this section or concerning the subject matter hereof should be addressed to the War Production Board, Washington, D. C., Ref: M-73.

(9) *Effective date.* This section shall take effect April 5, 1942 and shall continue in effect until July 4, 1942. (P.D. Reg. 1, amended Dec. 23, 1941, 6 F.R. 6680; W.P.B. Reg. 1, Jan. 26, 1942, 7 F.R. 561, E.O. 9024, Jan. 16, 1942, 7 F.R. 329; E.O. 9040, Jan. 24, 1942, 7 F.R. 527; sec. 2 (a), Pub. Law 671, 76th Cong., 3d Sess., as amended by Pub. Law 89, 77th Cong., 1st Sess.)

Issued this 25th day of February 1942.

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1352—FLOOR COVERINGS

TEMPORARY MAXIMUM PRICE REGULATION NO. 3—NOVELTY FLOOR COVERING

In the judgment of the Price Administrator it is necessary and proper in order to effectuate the purposes of the Emergency Price Control Act of 1942 to establish temporarily as the maximum prices for novelty floor coverings the prices prevailing with respect thereto within five

days prior to the issuance of this Regulation.

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1, issued by the Office of Price Administration, Temporary Maximum Price Regulation No. 3 is hereby issued:

§ 1352.101 *Maximum prices for novelty floor coverings.* On and after March 2, 1942, to and including April 30, 1942, regardless of any contract, agreement,

lease, or other obligation, no manufacturer or distributor shall sell, offer to sell, deliver or transfer any unit of novelty floor covering at a price higher than the maximum price. The provisions of this section shall not be applicable to sales or deliveries of novelty floor coverings to a purchaser if, prior to March 2, 1942, such novelty floor coverings have been received by a carrier, other than a carrier owned or controlled by the seller, for shipment to such purchaser.

(a) The maximum price for any unit of novelty floor covering offered for sale by the manufacturer or distributor at any time during the period January 1, 1941–March 1, 1942, inclusive, shall be the net price in effect for such unit on February 20, 1942, to the same general class of purchasers.

(b) If the unit of novelty floor covering is offered for sale by the manufacturer or distributor for the first time on or after March 2, 1942, the maximum price shall be a price in line with the net price in effect on February 20, 1942 for the most comparable unit (upon the basis of price, type, quality and other relevant factors) which was offered for sale by him prior to March 2, 1942; and within five days after he first offers such unit for sale, he shall submit to the Office of Price Administration an application on Form 3T1 (copies of which can be obtained from the Office of Price Administration). If the Office of Price Administration should determine that such maximum price was not arrived at in accordance with the provisions of this paragraph, the maximum price shall be such price as it approves in writing; and no sale, offer to sell, delivery or transfer of such unit shall be made thereafter by him at a higher price than that so approved.

(c) If the maximum price cannot be determined by paragraphs (a) or (b) of this section, it shall be such price as is approved in writing by the Office of Price Administration after the submission to it by the manufacturer or distributor of an application on Form 3T2 (copies of which can be obtained from the Office of Price Administration); and no sale, offer to sell, delivery or transfer of such unit shall be made until such approval shall have been given.*

* §§ 1352.101 to 1352.110, inclusive, issued under the authority contained in Pub. Law 421, 77th Cong., 2d Sess.

§ 1352.102 *Less than maximum prices.* Lower prices than those set forth in this Temporary Maximum Price Regulation No. 3 may be charged, demanded, paid or offered.*

§ 1352.103 *Evasion.* The limitations set forth in this Temporary Maximum Price Regulation No. 3 shall not be evaded whether by direct or indirect methods in connection with the manufacturing of novelty floor coverings by deterioration of quality, or in connection with an offer, solicitation, agreement, sale or delivery of novelty floor coverings alone or in conjunction with any other commodity

or by way of any commission, service, transportation or other charge, or discount, premium or other privilege, or by tying-agreement or other trade understanding, or by decreasing cash discounts, or by any other means.*

§ 1352.104 *Limitation on changes in basic construction.* During the period March 2, 1942–April 30, 1942, inclusive, regardless of any contract, agreement, lease or other obligation entered into before or during that period, no manufacturer shall sell, offer to sell, deliver or transfer any unit of novelty floor covering, differing in basic construction from:

(a) A unit of novelty floor covering offered for sale by him during the period January 1, 1941–March 1, 1942, inclusive; and

(b) A unit of novelty floor covering in any stage of manufacture by him on March 2, 1942:

Provided, That changes may be made in the basic construction of any unit of novelty floor covering referred to in paragraphs (a) or (b) of this Section, with the written approval of the Office of Price Administration, after the manufacturer has submitted to it an application containing (1) the basic construction and proposed price of such unit, and (2) satisfactory evidence that (i) the material previously used is unavailable or prohibitive in cost, or (ii) its use in novelty floor coverings is so restricted by a priority or allocation order or other regulation of a Federal agency as to require the proposed change, and (iii) the change is one calculated to preserve quality.*

§ 1352.105 *Records.* Every manufacturer and distributor, making sales of novelty floor coverings on and after March 2, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of each such sale, showing the date thereof, the name and address of the buyer, the name, number or other designation and the price received for each unit of novelty floor covering, the quantity of each unit sold, and discounts and allowances of any nature given.*

§ 1352.106 *Reports—(a) To be submitted by manufacturers.* (1) On or before March 17, 1942, every manufacturer shall submit to the Office of Price Administration (i) a copy of each of his price lists for novelty floor coverings in effect on February 20, 1942, and a statement of any discounts or allowances relating thereto, and (ii) a report on Form 3T3 (copies of which can be obtained from the Office of Price Administration) showing the basic construction and cost details of each unit of novelty floor coverings in each of his price lists in effect on February 20, 1942.

(2) Within fifteen days after first offering for sale (after March 1, 1942) any unit of a novelty floor covering not in his price list in effect on February 20, 1942, but offered for sale by him at any time during the period January 1, 1941–March 1, 1942, inclusive, every manufacturer shall submit to the Office of Price Administration a report showing the maximum price of each such unit as

determined by § 1352.101 (a) and a report on Form 3T4 (copies of which can be obtained from the Office of Price Administration) showing the basic construction and cost details of each such unit.

(b) *To be submitted by distributors.*

(1) On or before March 17, 1942, every distributor shall submit to the Office of Price Administration a copy of each of his price lists for novelty floor coverings in effect on February 20, 1942, and a statement of any discounts or allowances relating thereto.

(2) Within fifteen days after first offering for sale (after March 1, 1942) any unit of novelty floor covering not in his price list in effect on February 20, 1942, but offered for sale by him at any time during the period January 1, 1941–March 1, 1942, inclusive, every distributor shall submit to the Office of Price Administration, a report showing the maximum price for each such unit as determined by § 1352.101 (a).

(c) *Other reports.* Persons affected by this Temporary Maximum Price Regulation No. 3 shall submit such other reports to the Office of Price Administration as it may, from time to time, require.*

§ 1352.107 *Enforcement.* (a) Persons violating any provision of this Temporary Maximum Price Regulation No. 3 will be subject to the civil and criminal penalties provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Temporary Maximum Price Regulation No. 3 or of any regulation or order issued by the Office of Price Administration or of any acts or practices which constitute or will constitute such a violation are urged to communicate with the nearest Field or Regional Office or the principal office of the Office of Price Administration in Washington, D. C.*

§ 1352.108 *Petitions for amendment.* Persons seeking modification of any provision of this Temporary Maximum Price Regulation No. 3 or an adjustment or exception not provided for elsewhere therein may file petitions for amendment in accordance with the provisions of Procedural Regulation No. 1, issued by the Office of Price Administration.*

§ 1352.109 *Definitions.* (a) When used in this Temporary Maximum Price Regulation No. 3:

(1) The term "person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

(2) The term "manufacturer" means a person operating a factory, plant, or mill which manufactures any novelty rugs.

(3) The term "distributor" means a person who resells novelty floor coverings to any person other than the ultimate consumer, whether he resells such novelty floor coverings as a distributor, job-

ber, agent, broker, or importer, and includes a person who resells both to ultimate consumers and others.

(4) The term "net price in effect" means (i) the price quoted in a price list used by the particular manufacturer or distributor in offering for sale a unit of novelty floor covering (or in case there is no such price list, the price regularly quoted by the particular manufacturer or distributor in any other manner) less all discounts and allowances, except cash discounts; or (ii) in case there is no price list or price regularly quoted in any other manner, the price (less all discounts and allowances, except cash discounts) at which the particular unit of novelty floor covering was sold or contracted to be sold.

(5) The term "floor covering" means a floor covering in a manufactured state used as a rug, mat, carpet, or other floor decoration.

(6) The term "novelty floor covering" means:

(i) Any flat woven floor covering manufactured of cotton, wool, rayon, jute, flax, rags, or coir;

(ii) Any braided floor covering manufactured of cotton, wool, rayon, jute, flax, or rags;

(iii) Any tufted floor covering manufactured of cotton, wool, or rayon;

(iv) Any stitched floor covering manufactured of cotton, wool, rayon, or rags;

(v) Any hooked floor covering manufactured of cotton, wool, rayon, jute, or rags;

(vi) Any felted floor covering manufactured of cotton, wool, or rayon;

(vii) Any woven pile (cut or uncut) floor covering manufactured of cotton, rayon, jute, coir, or rags (other than wool).

(7) The term "unit" means a novelty floor covering offered for sale as a distinct item.

(8) The term "basic construction" means:

(i) In the case of a flat woven floor covering, (a) construction specifications, which include size, weave, warp ends, picks, weight and, (b) material specifications, which include warp yarn, filler material and stuffer, by size, ply, type and weight, and type of dye used;

(ii) In the case of a braided floor covering, (a) construction specifications which include size, type of braid, method of sewing, weight and, (b) material specifications which include filler material and braided material by size, ply, type and weight, and type of dye used;

(iii) In the case of a tufted floor covering, (a) construction specifications which include size, pile weight, stitches per inch, rows per inch, weight and, (b) material specifications which include backing material and pile yarn by size, ply, type, and weight, and type of dye used;

(iv) In the case of a stitched floor covering, (a) construction specifications which include size and weight and, (b) material specifications which include backing material and pile or surface material by size, ply, type and weight, and type of dye used;

(v) In the case of a hooked floor covering, (a) construction specifications which include size, pile height, weight, method of hooking, and, (b) material specifications which include backing material and pile material by size, ply, type and weight;

(vi) In the case of a felted floor covering, (a) construction specifications which include size, method of felting, method of applying design, weight, and (b) material specifications which include component parts by type, and weight;

(vii) In the case of a woven pile floor covering, (a) construction specifications which include size, weave, pitch, rows per inch, shot, frames, pile height and, (b) material specifications which include yarn material by size and ply.

(b) Unless the context otherwise requires, the definitions set forth in section 802 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.*

§ 1352.110 *Effective period of the Regulation.* This Temporary Maximum Price Regulation No. 3 (1352.101 to 1352.110, incl.) shall become effective March 2, 1942, and shall, unless earlier revoked or replaced, expire April 30, 1942.*

Issued this 25th day of February 1942.

TITLE 46—SHIPPING

CHAPTER II—UNITED STATES MARITIME COMMISSION

[Amendment No. 3]

PART 291¹—REGULATIONS FOR THE GOVERNMENT OF THE UNITED STATES MARITIME SERVICE

The regulations for the government of the United States Maritime Service, approved by the Commission on September 5, 1939, as amended, are hereby further amended, as follows:

Article I, section 2, paragraph 4 (Establishment of service—§ 291.1 of Title 46 of the Code of Federal Regulations), is amended to read:

§ 291.1 *Establishment of service.* Enrollment and training in the United States Maritime Service shall be voluntary and shall be open to all licensed and unlicensed personnel of the United States merchant marine who comply with the requirements prescribed by the Commission as well as to young American citizens between the ages of 18 and 30 years who desire to train for service in the American Merchant Marine and who qualify for such training under regulations prescribed by the Commission. In the selection of applicants for enrollment no discrimination shall be practiced because of the applicant's race or creed, or because of membership or non-membership in any organization. Eligibility for enrollment shall be determined by the Commandant of the Coast Guard in accordance with rules and regulations prescribed by the Commission.

Article III, section 3 (a) (Enrollment; original and regular—§ 291.33 of Title 46 of the Code of Federal Regulations) is amended to read:

§ 291.33 *Enrollment; original and regular.* (a) All original enrollments, except for apprentice seamen, shall be deemed probational for a period not to exceed three months, unless otherwise prescribed by the Commandant.

Article III, section 5 (Disenrollment; voluntary and involuntary—§ 291.35 of Title 46 of the Code of Federal Regulations) is amended by adding to paragraph (b) (2) the sentence:

¹ 4 F.R. 3995, 4887; 5 F.R. 1655.

When computing any 36-month period under this subsection, active duty in the military or naval establishments of the United States, or on administrative duty with the Maritime Service, shall be excluded.

so that this subparagraph, as now amended, shall read:

§ 291.35 *Disenrollment; voluntary and involuntary.*

(b) * * *

(2) For failure to serve 24 months in any period of 36 consecutive months on merchant vessels of the United States, provided that an enrollee shall be disenrolled for failure to serve 15 months in any such period of 36 months on merchant vessels of the United States. When computing any 36-month period under this subsection, active duty in the military or naval establishments of the United States, or on administrative duty with the Maritime Service, shall be excluded.

Article IV, section 1 (a), (Rates of Pay—§ 291.41 of Title 46 of the Code of Federal Regulations) is amended by changing the monthly rate of pay of a Chief Warrant Officer from \$200.00 to \$166.67, other rates remaining unchanged.

Section 1 (b) of the same article is amended to read:

§ 291.41 *Rates of pay.*

(b) A regular enrollee of the grade of Warrant Officer or above detailed by the Commandant to administrative duty or to duty as an instructor, shall, while so detailed, receive in addition to authorized pay the allowances prescribed for Commissioned and Warrant Officers of the United States Coast Guard Reserve of similar grade or rank. These allowances are as follows:

	Allowances with dependents		Allowances without dependents	
	Rental	Subsistence	Rental	Subsistence
Lieutenant commander.....	\$100.00	\$54.00	\$60.00	\$18.00
Lieutenant.....	80.00	36.00	60.00	18.00
Lieutenant (j. g.).....	60.00	36.00	40.00	18.00
Ensign.....	40.00	18.00	40.00	18.00
Chief warrant officer.....	60.00	36.00	40.00	18.00
Warrant officer.....	40.00	18.00	40.00	18.00

A regular enrollee below the grade of Warrant Officer shall, while detailed by the Commandant to administrative duty or to duty as an instructor, receive additional pay not exceeding 40 per cent (40%) of the pay of his grade as prescribed in section 1 (a) of this article.

Article IV, section 5 (b) (Pay periods—§ 291.45 of Title 46 of the Code of Federal Regulations), as amended, is further amended by inserting in the last sentence thereof after the word "capacity" and before the word "shall" the following:

with the Maritime Service or on active duty in the military or naval establishments of the United States * * *

so that this paragraph, as now amended, shall read:

§ 291.45 *Pay periods.*

* * *

(b) Each regular enrollee who has served a minimum of eight months within each 12-month regular enrollment period (or 16 months in each regular enrollment period of 24 months, or 24 months in each regular enrollment period of 36 months) of his regular enrollment on merchant vessels of the United States and whose service on active duty in the Maritime Service complies with prescribed standards shall be entitled to one month's pay of his rank or rating in the Maritime Service for each such 12-month period, such retainer pay to be in addition to his pay for active duty, and to become payable only upon the submission to the Commandant of satisfactory proof of the minimum service hereinabove required, provided that in any computation of regular enrollment periods or service for retainer pay purposes, all service on active duty in an administrative capacity with the Maritime Service or on active duty in the military or naval establishments of the United States shall be excluded.

Article IV, section 6 (f) (Transportation and Travel—§ 291.46 of Title 46 of the Code of Federal Regulations) is hereby rescinded.

Article IV, section 6 (g) is amended to read:

§ 291.46 *Transportation and travel.*

* * *

(g) The Commandant shall prescribe the travel allowances and transportation in kind for probationary enrollees originally enrolled as apprentice seamen in connection with their original enrollment, release from active duty, or disenrollment, and shall have authority to transport them to such place or places as may be determined to be for the interest of the Government, under such instructions as he may prescribe.

Article VI, section 1 (Original Enrollment—§ 291.61 of Title 46 of the Code of Federal Regulations) is amended to read:

§ 291.61 *Original enrollment.* Each original enrollment in a grade above apprentice seaman shall be for a period of three months on active duty unless otherwise prescribed by the Commandant.

MEMORANDUM OPINION AND ORDER SEVERING DOCKET NO. A-1298 PART II FROM DOCKET NO. A-1298 AND NOTICE OF AND ORDER FOR HEARING IN DOCKET NO. A-1298 PART II

The original petition in the above-entitled matter filed with this Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requests the establishment of temporary and permanent price classifications and minimum prices for the coals of certain mines in District No. 9.

As was found in a separate Order issued in Docket No. A-1298, a reasonable showing of necessity has been made for the granting of the relief prayed for by petitioner except in so far as the establishment of price classifications and minimum prices for the coals of Mine

Index No. 266 or O. T. Rice & Ben DeJarnette for rail shipments originating at Hawesville, Kentucky, and the establishment of an additional shipping point at Drakesboro, Kentucky, for the coals of Mine Index No. 984 of Paradise Mining Company (W. C. Bates) are concerned.

It appears that no price classifications and minimum prices should be established for the coals of Mine Index No. 266 of O. T. Rice & Ben DeJarnette for rail shipments originating at Hawesville, Kentucky, without a hearing for the reason that no freight rates for coal shipments from this point have been published.

The original petition does not set forth sufficient facts to warrant the establishment of an additional shipping point at Drakesboro, Kentucky, for the coals of Mine Index No. 984 of Paradise Mining Company (W. C. Bates) and it appears that a hearing should be ordered to determine the necessity of this additional shipping point.

Now, therefore, it is ordered, That the portion of Docket No. A-1298 relating to Mine Index No. 266 of O. T. Rice & Ben DeJarnette and to the establishment of an additional shipping point at Drakesboro, Kentucky, for the coals of Mine Index No. 984 of Paradise Mining Company (W. C. Bates) be and the same hereby is severed from the remainder of Docket No. A-1298 and designated as Docket No. A-1298 Part II.

It is further ordered, That a hearing in Docket No. A-1298 Part II under the applicable provisions of said Act and the rules of the Division be held on March 18, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Joseph D. Dermody or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division in pro-

ceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before March 13, 1942.

All persons are hereby notified that the hearing in Docket No. A-1298 Part II and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 9 for the establishment of price classifications and minimum prices for the coals of Mine Index No. 266 of O. T. Rice & Ben DeJarnette for rail shipments originating at Hawesville, Kentucky, and the establishment of an additional shipping point at Brakesboro, Kentucky, for the coals of Mine Index No. 984 of Paradise Mining Company (W. C. Bates), code members in District No. 9.
