Sir:

Since Our Plant was designated as reparations plant. We have been exercising our best in carrying out the instructions issued by SCAP in connection with safe custody of reparations machines and equipments and we are maintaining these in the best condition practically possible pending the transfer for reparations. We may add that a part of machines and equipments in our plant are always kept in operating condition as we are using them for manufacturing gears with the reconversion permit issued by the Allied Forces.

But American Military requirement Gears can not making for this capacity.

We apply a permission to be granted for moving next mentioned machines and equipments, and using for making gears thus added P. D.

Sincerely Yours.

Plant Manager. F. Yamamoto
Kawasaki Sungyo K.K.

KAWASAKI INDUSTRIES CO. LTD., HOKUBAN PLANT

(BANSHU HAGURUMA SEISAKUSHO)

No. 1

Date. 18th, December 1946

TO : COMMANDING OFFICER, HYOGO MILITARY GOVERNMENT TEAM, KOBE.

SUBJECT: APPLICATION FOR REMOVING MACHINERY AND EQUIPMENT FOR ENTERING INTO WEAVING FACTORY.

Sir:

We apply a permission to be granted for moving following machineries from the 2nd and the 4th place to FUTAMI YASHIRO KOJO. Until the war broke out in 1941, the present HOKUBAN 2nd and 4th plant was running as a weaving factory satisfying civilian demands in this locality.

During the war, the plant was borrowed by KAWASAKI KOKUKI K.K. and was founded as its HOKUBAN KOJO in 1942 when a small number of machine tools were newly installed and started production of air-craft engine parts. Then in 1945, gear making machines were trans-ferred from the main engine plant of KAWASAKI KOKUKI K.K. AT AKASHI and the plant concentrated in the production of gears for air-craft engines for about 3 months until the war ended and production ceased, since these plants was designated as reparations plants.

Therefor this time we want to Removing these machinery to YASHIRO KOJO and we are maintaining them in the best condition practically possible pending the transfer for reparations, after then these places will be uded by house owner as weaving factory.

Sincerely yours.

Plant Manager F. Yamamoto

Application for Removing Machines

Sir,

We apply a permission to be granted for moving following machineries (transformers) from The Hokuban Plant of Kwasaki Industrial Co., Ltd. to the Hokuban farm which was established with a view to supplying various agricultural products to the employees of the Hokuban Plant mitigating the insufficient supply of food stuffs by the official ration. And these transformers are to be used for installing lighting and heating system in farm cattages, milling, baking, and other electric equipments.
The specifications of machineries are following.

M-1 6 May 1947

SUBJECT: Application for Movement of Reparations Machinery, dated 1 May 1947.

TO : Kobe Casting & Forging Plant
Kawasaki Industrial Co., Ltd.

THRU : Hyogo Liaison Office

1. Subject application for permission to move reparations machinery from the Kawasaki Kokuki, Akashi Plant, to the Kobe Casting & Forging Plant is not favorably considered.

2. Since the removal of reparations machinery and equipment in the selected industries is anticipated in the near future, this team does not deem it economically advisable to move, install and put in operation, earmarked machines for the purpose of expanding production. Furthermore, maintenance of machinery and equipment located in the Kawasaki Kokuki, Akashi Plant, is considered satisfactory, therefore, subject application is denied.

FOR THE COMMANDING OFFICER:

LOUIS C. HUTTON

Executive Officer

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Application for movement of
reparations machineries

1st. May. 1947.

Hyogo Military Government

In order to utilize some of the machineries, which are now locatded at Kawasaki Kokuki Akashi Aircraft Plant at Akashi for making steel plate radiators and kitchen utenciles for the Occupation Forces' use, we shall appreciate very much if you authorize us to move them into our Kobe Plant. These machineries are a part of those which were originary possesed by us for making automobile and were taken over by Akashi at the time of convertion to aircraft.

We may state that we can effect the better maintenance of these machineries when we are permitted to use them because they are now left idle at the Akashi plant. We will, of cause be resiponsible for the satisfactory maintenance of these machineries with our best cares when moved into our plant.

The Akashi Aircraft Plant has no objection for the movement if we get your permission.

Such being the case, we sincerely ask you for the issuance of the permit for the undermentioned machineries.

Yours truly

M. Matsui

TO: Messrs. Hyogo M.G.HQ.

Dear Sir

1. Our company is making efforts for production of locomotives and cars, but having lost a great number of metrical instruments and tools necessary for mechanical work, we endeavour to supply them in great difficulties.
2. The tools which had been used in Suma plant of the Kawasaki Air-craft Mfg. Co., Ltd., were prohibited to take out from that company by the order of Headquarters I Corps dated 11 April, 1946 and have been in custody since then.
3. If Headquarters gives a licence, the Kawasaki Air-craft Mfg. Co., Ltd. shall transfer the above tools to us.
4. Such being the above, we hope to ask a favour of you for transfer of these tools.
5. The items of tools which we hope to receive are as the following list.

Yours truly,

Managing director Bungo Shimoda

Allied Forces in Hyogo Prefecture of U.S.A.

Application for permit to remove machines

At present we are earnestly manufacturing locomotives and many kinds of railway cars, but we have many production and auxiliary equipments which had been damaged by frequent air-raids in the last year, and it is hardly possible to recover such equipments to the perfect conditions.

On the other hand we have many old fashioned equipments which had been settled in the 19th Century, and now each machine life has already been over. Thus we cannot expect the positive and efficient works by using these equipments.

More the worse, we could not exchange them for the new ones, because the other armament industries works had initiatively taken the new equipments during the war.

The amount of such damaged and life-covered equipments having reached altogether about 40 % of all we have, we cannot expect the satisfactory productions.

On the contrary the production of locomotives and railway cars is too important to negrect for a moment for reconstruction of domestic industry and national economy in the post-war generation.

We believe that it is really one of the urgent national polities at present, and therefore, please enter into our feelings and kindly favour us with giving the permission for the partial transfer of both equipments and machines, if possible, excepting them from the objects of indemnity, from the Kawasaki Air-craft Mfg, Co., Ltd, which is the company in the same system.

Bunzo Hamada
Managing Director
Kawasaki Rolling-Stock Mfg. Co., Ltd.

KANEGAFUCHI KIKAI KOGYO K.K.,
NISHINOMIYA PLANT

6 January 1948

SUBJECT: Application for reparation machines to be used.

TO : Military Governor, Hyogo Military Government Team, Kobe.

We feel it a great favour if you will grant us an authorization to use the following named mach ines for the undermentioned purpose, which are a part of the reparation machines being kept in our custody at our Kanegafuchi Zoki Shops at Takasago-machi.

1. Place where the machines to be used at;
Kanegafuchi Zoki Shops at Takasago-machine (same shops where the machines are now being kept at)

2. Purpose for use;
To use the machines within the compound of the shops in order to have the parts of spinning machines manufactured.

3. Maintenance of machines;
We will do our utmost effort for the maintenance of the machines to be kept in the best possible condition. We will strictly adhere to your orders as to the reparation of the machines so that the machines will be prepared to be taken away at any time for reparation with your forthcoming orders.

4. Number of machines to be used; Nine (9)
particulars of the machines are as follows;-

Code No.	Quantity	Nomenclature	Manufacturer
92	1	8 Ft. Lathe, engine, Gap	Wakayama Tekkosho K.K.
57	1	8 Ft. Lathe, engine, no-Gap	Showa Shokai Kikai Seisakusho.
122	1	6 Ft. Lathe, engine, no-Gap	Kondo Seisakusho
94	1	6 Ft. Lathe, engine, Gap	Showa Shokai Kikai Seisakusho.
71	1	Shaper, horizontal	Minoura Kosakusho
101	1	Shaper, horizontal	Toyo Kogyo K.K.
59	1	Knee type, vertical Milling Machine, standard	Iwasa Tekkosho.
228	1	Hand and Automatic Feed upright, Drilling Machine	Rokuroku Shoten.
223	1	Grinding machine, stand, (tool grinder)	unknown.
Total	9 machines

NISHINOMIYA PLANT

6 January 1948

SUBJECT: Application for reparation machines to be used.

TO : Military Governor, Hyogo Military Government Team, Kobe.

As this plant is being occupied by 192nd Ordnance Battalion, U.S.A., the machines formerly installed in this plant were transferred to and are now being kept in our custody at the Kanegafuchi Zoki plant at Takasago-machi. We feel it a great favour if you will kindly grant us an authorization to use the following named machines at this shop for the undermentioned purpose.

1. place where the machines to be used at;
   To be installed for use in the warehouse, just outside and north of Kanegafuchi Kikai Kogyo K.K., Nishinomiya plant.

2. purpose for use;
   Necessary to have these machines to manufacture parts, materials, etc. as to the repairs of buildings, boilers, drain system, water tanks, electric system, and heating system, as maintenance services for these shops area.

3. Maintenance of machines;
   We will do out utmost effort for the maintenance of the machines to be kept in the best possible condition. We will strictly adhere to your orders as to the reparation of the machines so that the machines will be collected at the designated place and be prepared to be taken away at any time for reparation with your forthcoming orders.

4. Transportation of machines;
   The machines will be forwarded by train or trucks to this shop and strict precaution will be given to so that no accident or damage may happen to them during transportation.

5. Number of machines to be used; Nine (9)
   Particulars of machines are as follows;-

Code No.	Quantity	Nomenclature	Manufacturer
269	1	10 ft. Lathe, engine, no-gap	Osaka Kosakusho.
245	1	8 ft. Lathe, engine, Gap.	Wakayama Tekkosho.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Kobe Kosakusho K.K.
(Kobe Manufacturing Co., Ltd.)
3, 4-chome, Hosoducho, Nagata,
Kobe City.
9th Dec. 1947.

To Hyogo Military Government Headquarter Team.

Subject: Application for the Permission of Installation of Emergency Auxiliary Engine.

The Kobe Kosakusho K.K. Akashi Plant (13 - 31) has the water supply and hydrant supplied from deep well with electric driven pump and reservoir.

Caused by the frequent and long hour stoppage of electric power supply, the reservoir water will be consumed and there will be no water pressure on hydrantpipe.

We wish to install a emergency auxiliary engine to drive the pump for the safeguard from fire damage, and therefore present the application for the permission of installation of auxiliary engine.

We shall be much obliged if you will kindly give us your permission.

S. Tanaka

S. Tanaka.
President.
