INTRODUCTION

TO THE STUDENT : Probably the last prose author you read in Latin was Caesar. As you are now about to begin Cicero, it may help you at the outset to know that Caesar and Cicero differ in important respects, and to learn something of these differences.

1. Caesar wrote *history*—the history of his wars. His Commentaries of the Gallic War are made up of notes jotted down in the intervals of his campaigns. While written in the best Latin, and a model of pure historical narrative, yet they make, as a rule, no pretence of aiming at rhetorical effects. They are simple, straightforward accounts of the events in which he figured as commander of the Roman army in his conquest of Gaul.

2. Cicero, on the other hand, was a *lawyer* and *statesman*. His orations are speeches delivered either in the law courts of Rome in prosecuting, or, more usually, in defending some litigant, or in the Forum and Senate on the political issues of his times. His object was to convince and persuade. His style is that of the lawyer or politician.

3. First, then, the two writers differ somewhat in vocabulary. Caesar's vocabulary is that of the camp, the march, the battlefield, and the like; Cicero's, that of the law court, the hustings, and the legislature. Words of common, every-day occurrence are found, of course, in both authors. Occasionally we find a word used by Cicero in a slightly different sense from its usual meaning in Caesar. *Virtūs*, for example, in the *First Oration against Catiline* (*Cat.* I. 1, 3).

4. Again, history (Caesar) is *read* at our leisure. If, therefore, Caesar's readers failed at first to understand a

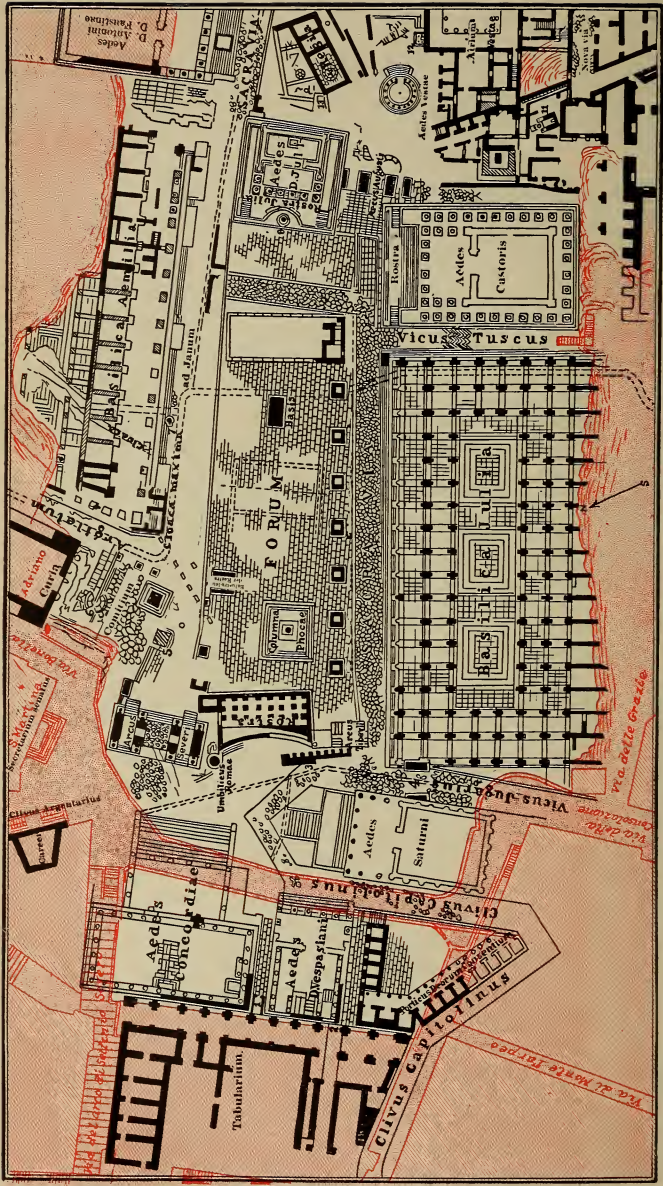

particular passage, they could read it over until they did understand it. An oration (Cicero), however, is supposed to be *heard*, and the hearers must understand it as it is spoken. The orator must, therefore, say things in so simple a way that his meaning may be taken in at once. If what he says is difficult to understand, or if he desires to emphasize a particular point, he shows his skill by repeating the thought in different words. Hence repetition is a characteristic of Cicero, as it is of other orators. Moreover, with his large command of language he piles word upon word, phrase upon phrase, and sentence upon sentence in order to drive his point home. At the same time he resorts to all the tricks of rhetoric to make a deep and lasting impression.

5. Another important difference between Caesar and Cicero: the historian (Caesar), in telling his story, even though he had a chief share in the events he is narrating, is the more effective for telling it in an impersonal way—that is, without saying, “I did this” and “I did that.” The lawyer or politician (Cicero), however, who wishes to influence others, does so more effectively by taking his audience into his confidence, and saying how *he* feels or thinks in the case he is presenting to them. Hence, while Caesar is impersonal, Cicero uses the word “I” with great frequency.

6. Again, the only history Caesar tells us is that which he himself is making with his victorious legions. Cicero, however, is constantly drawing lessons from the past for his hearers’ enlightenment. The Romans were a conservative people, and in their conduct were guided by the examples of their forefathers. Hence, while urging them to adopt his advice, Cicero frequently tells them how their forefathers acted in similar circumstances. In the *First Oration against Catiline*, for example, in which he contends that Catiline deserves to die, he cites the cases of Gaius Gracchus, Maelius, and others who were put to

death in the political excitement of their times. To understand these orations, then, one must know something of the history of Rome, its politics, etc.

THE LAST CENTURY OF THE REPUBLIC

7. The Early Republic.—The history of Rome after the expulsion of the kings (509 B.C.) is a story, *first*, of social controversies in which the plebeians in the course of about two centuries finally triumphed in their struggle with the patricians for civil and political equality; *then*, of military conquests by which Rome, once a small town, enlarged her territory, until she had extended her dominion successively through Latium, through the remainder of the Italian peninsula, and finally through almost the whole circuit of the Mediterranean.

8. Condition of Rome.—This rapid extension of territory was followed by a gradual absorption of the public land in the hands of a favored few. Italy, once a land of small farms and peasant homesteads, became in time a land of large plantations, owned by rich speculators and worked by imported slaves. The farmers thus dispossessed flocked in crowds to the streets of Rome, where, together with the large numbers of foreigners attracted to the capital from every quarter, they formed a dangerous class of idlers, whose presence was a constant menace to the welfare of the state. The provinces meanwhile had no share in the government, and were plundered by Roman officials and taxgatherers. The Senate, which as the controlling power in the commonwealth had once stood for all that was best in Roman statesmanship, had degenerated into an "order of lords, filling up its ranks by hereditary succession, and exercising collegiate misrule." In its degradation the Senate typified the general decadence that had taken place in the Roman character.

9. The causes of this decadence may be summed up as

follows: the rapid increase of wealth and luxury; the spread of slavery of the most degraded sort, driving out free labor; the presence in the city of a large class of citizens "without occupation except in politics and with no property save in their votes" to be sold to the highest bidder; and the poverty of ancient society in forms of industrial employment.* Here should also be noted the inefficiency of the constitution, which, while well enough adapted to the needs of a small town, was altogether inadequate for the government of a people who had now overrun the whole of the then known world.

10. Parties.—Largely through the workings of the land system above described, the Roman people in the last century of the Republic were divided into two great classes, consisting of the rich on one side and the poor on the other. Roman society was now made up of princes and paupers. We hear little at this time of patricians and plebeians. As political factions, the two classes are usually designated as the *optimates*, or the party of the nobles, who acted regularly in the interest of the Senate, and the *populares*, or democrats, who advocated the cause of the people. The nobles were those whose ancestors had held curule offices (§ 55), and included in their ranks both patricians and plebeians. This new nobility,

* "Here we touch upon the fatal and irremediable defect of ancient society—the absence of industry as a social power, a necessary consequence of slave labor. The economic changes through which Rome had passed are in certain particulars strikingly like those of modern England—in the disappearance of peasant properties and the building up of a great landed aristocracy. What has saved England from the fate of Rome has been the absence of slavery and the marvellous development of new forms of productive industry, the great manufacturing and commercial interests of modern society. . . . It [Rome] lived upon the spoils of conquered nations, and its only large industries were farming the revenues, carrying on speculative operations, and dealing in money."—ALLEN'S *Short History of the Roman People*, p. 187,

being in virtual control of the government, monopolizing all the higher offices, was an aristocracy of wealth and office, taking the place of the old nobility, which had been an aristocracy of birth.*

11. Orders.—To be distinguished from the political factions mentioned in the preceding paragraph are the so-called “orders” (*ordines*), often mentioned in Cicero’s orations. These were classes of citizens considered with reference to their constitutional and social standing in the community. The senators, for example, were spoken of collectively as the *ordo senatorius*, or senatorial order. Members of this order enjoyed special distinctions, such as the right to wear the *clavus latus* (a broad stripe of purple, either sewn on the tunic or woven into it), to have reserved seats at shows, etc. At the same time they were excluded by law from trade and banking, and especially from transactions connected with state contracts.

12. Hence there grew up another class, called *equites*, or knights, consisting of wealthy traders, speculators, and capitalists. They borrowed their name from the centuries of knights which had formerly constituted the cavalry of the state, for which a high property qualification was required. In Cicero’s time the term was applied to any Roman family that was not noble, and that possessed property worth 400,000 sesterces (between \$16,000 and \$20,000). Their numbers were from time to time augmented by accessions from the lower classes, as these prospered sufficiently to reach the necessary property qualification. The knights constituted the *ordo equester*, or equestrian order, and, like the senators, enjoyed special

* The number of patrician *gentes* (clans, or groups of families) was greatly reduced in Cicero’s day. “During the last years of the Republic, we hear of only fourteen still in existence, including thirty families.”—*Harper’s Dictionary of Classical Literature and Antiquities*. A man might, of course, be a noble without being a patrician.

privileges to distinguish them from those beneath them in dignity. Among these badges of distinction were the gold ring and the *clavus angustus* (a narrow stripe of purple). They also had special seats at the shows, immediately behind the senatorial stalls.

13. While politically they formed an independent class, yet as men of substance with large financial interests at stake, the knights regularly sided with the party that promised best for those interests. When the democrats, to gain their ends, resorted to violence, the knights, as the friends of law and order, sided with the Senate; but when the Senate through apathy neglected equestrian interests (as, for example, when they allowed the pirates for a long time to interrupt Roman commerce on the Mediterranean), then the knights were on the side of the democrats.

14. The commercial importance of the knights was the basis finally of their political importance in the state. As the wealthy class they were enabled to farm the public taxes, i.e. for a round sum to buy the privilege of collecting the taxes laid upon the subject provinces of Rome. To increase their gains as much as possible, these *publicani*, as they were called, practised the most grievous oppression towards the provincials, whose only recourse was to the provincial governors. The governors, however, were members of the Roman nobility, who were quite as bad as the *publicani*. Official misconduct, however, rendered the governors liable to prosecution at the close of their terms of office. Hence the question who should sit on the juries that tried the governors on their return to Rome was equally important to the governors themselves and to the knights, whose interests in the provinces were in a measure dependent upon the disposition of the governors. Until the time of Gaius Gracchus (123 B.C.) the jurymen had been taken exclusively from senatorial ranks, i.e. from the same class to which the governors belonged.

As a consequence the courts had been notoriously partial to the offenders. If the student will glance ahead at sections 17, 23, and 26 below (under the *Gracchi*, *Sulla*, and *Pompey*), he will see that the question of the courts was for a long time one of the great issues in Roman politics. In the trial of Verres (see the editor's larger book), Cicero lays great stress on this matter, although loyalty to his own class, or order, makes him overstate the purity of the knights as jurymen.

15. While the senatorial class was spoken of as the *ordo senatorius* and the knights as the *ordo equester*, the populace was not dignified by any such title as *ordo* at all, but was simply called *populus*, a term applied in a wider sense to the whole people also.

The importance of the distinction between orders and factions may be illustrated with examples. Caesar was not only a member of one of the few patrician families still left in Rome, but he was also of the *ordo senatorius*. Hence we should expect him to belong to the party of the *optimates*. On the contrary, it suited his purpose to act with the *populares*, a party to which he was also bound by family ties, Marius (§ 18) having married his aunt, while he himself married Cinna's (§ 21) daughter. Cicero, on the other hand, was of equestrian birth, and throughout his career was loyal to the interests of the knights. Now the knights, as we have already seen, owed political allegiance to neither party, and hence Cicero's loyalty to them, coupled with his naturally conservative temperament, makes him sometimes appear inconsistent in his conduct. Nevertheless, after entering the Senate he acted, as a rule, with the Senate and the party of the *optimates*.

16. **The Gracchi.**—As the champion of the people *Tiberius Gracchus* (tribune* in 133 B.C.) sought to remedy

* The tribunate was the usual organ of opposition to the Senate and the *optimates*. Abuse of its powers often led to revolution. For the powers of the tribunes, see § 64.

the evils of the land system (§ 8) by enforcing certain old laws (the Licinian) which had fallen into neglect. These laws limited the amount of land which any individual might hold, and required all landholders to employ a certain proportion of free laborers. Eighty thousand citizens were thus provided with homesteads before the measure was suspended. At the end of his term of office, foreseeing the impossibility of the reëlection which he sought, he resorted to violent methods, and was slain with three hundred of his followers by a mob with *P. Scipio Nasica* at its head.

17. Ten years later his younger brother, *Gaius Gracchus* (tribune in 123-122 B.C.), saw the need of reform in the Senate itself as the supreme power in the state. Accordingly, after reënacting his brother's agrarian measures, he aimed his legislation directly at the Senate, restricting its powers both at home and in the provinces, while as a counterpoise to senatorial influence he raised the knights to a position of importance by transferring to them the functions of jurymen, which had hitherto belonged exclusively to the Senate (§ 14). With the lower classes he won popularity by regular distributions of grain at greatly reduced prices, a mischievous measure in that it attracted to the capital thousands of thriftless persons who fed at the public expense. Reëlected tribune (122 B.C.), Gaius proposed to extend the franchise to the Italian allies (*socii*). Although the proposal was not carried, it lost for him his popularity, and in the disorder which followed he perished, like his brother, by a violent death (121 B.C.). Most of his laws were speedily reversed by the Senate, which body once more resumed its sway of misrule.

18. *Marius* (b. 157, d. 86 B.C.).—The rise of *C. Marius* marks the beginning of a new force in Roman politics. Indebted for his fame chiefly to the crushing defeat with which he repulsed the Teutones and the Cimbri (102-101 B.C.), Marius was "the first of a line of military heroes

CICERO ADDRESSING THE SENATE.

"Quid, quod adventu tuo esta subsellia vacuefacta sunt?"

under whom the Republic went out and the Empire came in." Under him military service became a regular profession, and *sacramentum*, or oath of military obedience, in which the soldier identified his own interests with those of his general, became a stronger bond of allegiance than was loyalty to the state. The citizen soldier was superseded by the mercenary. Marius himself, a simple-minded soldier, without political ability, and without any atoning social qualities, was easily led by the intriguing politicians who traded on his popularity. †

19. In 100 B.C. the two demagogues *L. Appuleius Saturninus* and *C. Servilius Glaucia*, aiming to carry out certain radical measures in the democratic cause, procured for this purpose the election of Marius as consul (for the sixth time), and of themselves as tribune and praetor respectively. They were both killed, however, in the outbreak caused by their revolutionary methods (99 B.C.), Marius having withdrawn his support from them, and, as the chief executive of the government, leading the senatorial forces that crushed his former associates.

20. A period of comparative quiet followed, interrupted only by the demands of the Italian allies (*socii*) for the rights of suffrage. This cause was opposed by both the Senate and the people, but was boldly advocated by the tribune *M. Livius Drusus* (91 B.C.), whose cowardly assassination was the signal for an insurrection of the Italian communities. In the struggle that ensued, known as the *Social War* (90-88 B.C.), the Italians waged an unequal fight against the veterans of Rome, and though conquered in the end, won by their display of spirit the point at issue, since the suffrage was extended (89 B.C.) to all of Italy south of the Po.

21. *Sulla* (b. 138, d. 78 B.C.).—Scarcely was this war ended, when the *First Mithridatic War* (88-86 B.C.) broke out in Asia. The command against Mithridates was in-

trusted to *L. Cornelius Sulla*, a member of the aristocracy, who had already distinguished himself, first, as lieutenant to Marius in the war with Jugurtha (111-106 B.C.), and later in the Social War mentioned above (§ 20). While Sulla was with his army in Asia, his democratic rivals, Marius, *Cinna*, and *Carbo*, raised a revolt in Rome, putting to death many of their opponents. These events marked the beginning of the first civil war.

22. On his return to Rome, in 83 B.C., Sulla in retaliation inflicted a terrible punishment upon his political enemies. He introduced a system of legalized murder, known as "proscriptions."* It was near the close of this reign of terror that *Cicero*, a young advocate, twenty-six years of age, delivered his maiden speech in a criminal cause (*Pro Sex. Roscio*†) and, by opposing one of Sulla's favorites, laid the foundation of his reputation as a bold and adroit pleader.

23. Sulla soon addressed himself to the task of restoring the shattered government. He reëstablished the powers of the Senate, restored its former control of the jury-courts, which Gaius Gracchus had given to the knights (§ 17), and restricted the powers of the tribunes. The Sullan restoration had the merit of substituting orderly government for the anarchy which had preceded it, but it was not strong enough to withstand the strain of factional strife that followed. †

24. Pompey (b. 106, d. 48 B.C.).—After Sulla's death (78 B.C.) the most prominent figure in Rome was *Cn. Pom-*

* "Every morning a list was posted (*proscriptum*) of the names of those whose lives were forfeited, and who might be put to death by any one with impunity. As the property of the proscribed was confiscated, the proscription was an invitation to crime, very acceptable to private enemies, or to those who hoped to buy the estates of the attainted at a low rate."—ALLEN'S *Short History of the Roman People*.

† See § 80, footnote.

peius Magnus. Like Marius, Pompey had military abilities of a high order, but was no politician. (1) His public career, covering a period of forty years, during thirty of which he occupied a position of considerable eminence, exhibits many possibilities of exceptional promise in the political world, but these he failed to appreciate. (2) Nevertheless, his popularity with the people and with the soldiers was founded on genuine merit of a personal and a military sort.

(3) 25. At the age of seventeen he served in the Social War (§ 20). (4) In the civil war between Marius and Sulla (§§ 21, 22) he sided with the aristocratic party. (5) A few years later, however, as a candidate for the consulship, he won the prize only by pledging himself to certain reforms demanded by the democrats, thus overthrowing the Sullan constitution in some important respects.

(5) 26. He restored the powers of the tribunes, divided the control of the jury-courts between the senate, the knights, and the *tribuni aerarii*,* and revived the censorship, which Sulla had quietly ignored. This was in the year 70 B.C., a year made memorable also by the oration which Cicero delivered against *Verres*, the arch-criminal among Roman provincial governors.

(6) 27. The brilliant success of Pompey in clearing the Mediterranean of pirates (67 B.C.), supplemented by Cicero's eloquence, led to the passage of the Manilian Law (66 B.C.), giving Pompey the command in the *Third Mithridatic War*, which had begun eight years before. In two years he drove Mithridates into exile, and annexed the most important part of his kingdom as a Roman province.

* Who the *tribuni aerarii* were, is not clear. They appear to have been originally officers responsible for the collection of the *tributum* (war-loan) and for the payment of the troops. They probably ranked just below the equestrian order. Hence, by Pompey's legislation, two-thirds of the jury-panels were to be chosen from non-senatorial ranks.

Under the same commission he annexed the province of Syria also. While he was still absent in the East with his army, the dangerous conspiracy of *Catiline* was crushed by the vigorous policy of Cicero as consul for the year 63 B.C.

28. In the following year an instance of the political jealousies of the time, and of the lengths to which they carried rival politicians, was afforded in the trial of *Archias*, a naturalized Greek, who was charged with having improperly assumed the rights of Roman citizenship twenty-seven years before. The case probably grew out of the rivalry between the two generals *L. Lucullus* and Pompey. When Pompey was appointed to conduct the war against Mithridates (§ 27), he supplanted Lucullus, and each man had his supporters. Archias was a personal friend of Lucullus, and the charge now trumped up against the poet was one of the little intrigues so often inspired by political animosities. Archias was (probably successfully) defended by Cicero in one of his most agreeable speeches (*Pro Archia*).

— 29. **Caesar** (b. 102, d. 44 B.C.).—Upon Pompey's return from the East, the indifference of the Senate to his claims led to his forming a coalition with *C. Julius Caesar* and *M. Licinius Crassus*, leaders of the democracy, in the so-called *First Triumvirate* (60 B.C.). A few years later Crassus perished in a war with the Parthians in Asia (53 B.C.), and, the Triumvirate being thus dissolved, Caesar and Pompey soon became estranged.

30. Rome was now the scene of continual disorder. Street brawls, murder, besiegings of houses, and acts of incendiarism were frequent. Conspicuous rivals for supremacy in the streets were the two political adventurers *T. Annius Milo* and *P. Clodius Pulcher*. The murder of Clodius by Milo and his followers furnished the occasion of Cicero's speech in defence of the latter (*Pro Milone*) in 52 B.C.

JULIUS CAESAR

From the marble bust in the British Museum

31. At this time Caesar's achievements in Gaul were causing the Senate much uneasiness on account of the growth of his power, while his fame was fast eclipsing that of Pompey. Accordingly Pompey, who had remained in the city, once more drifted over to the senatorial party, thus breaking with Cæsar, and precipitating the second *Civil War*. Defeated at *Pharsalus* (48 B.C.) Pompey fled to Egypt, where he was shortly afterwards treacherously murdered. The battles of *Thapsus* and *Munda* completed the overthrow of the Pompeian party, and Caesar was created perpetual dictator with the title of *Imperator*.

32. In the struggle between Caesar and Pompey, Cicero had sided with Pompey. At its conclusion, Caesar had given orders that no Pompeian should return to Italy without leave. He made an exception, however, in Cicero's favor, and invited him to return at once. Hence, in 46 B.C., when Caesar was at the height of his power, Cicero on several occasions acted the part of mediator between the dictator and the exiled Pompeians. In the speech *Pro M. Marcello* delivered in the Senate, he thanked Caesar for permitting *M. Claudius Marcellus*, a political opponent, to return to Rome. In November of the same year he successfully defended, before Caesar, *Quintus Ligarius*, also a political enemy, in the speech, *Pro Q. Ligario*.

33. Caesar's regency was marked by great legislative activity in reforming existing evils, but his career was cut short by his assassination (March 15, 44 B.C.). His friend, *Mark Antony*, stirred up the popular wrath against *Brutus* and *Cassius*, leaders in the plot against Caesar.

34. In the ensuing strife between Antony and the Senate, Cicero with his fourteen orations against Antony, called the *Philippics*, closed his career, for he was shortly afterwards murdered by Antony's soldiers (December 7, 43 B.C.).

35. **Augustus** (b. 63 B.C., d. 14 A.D.).—Cicero's death had been procured with the consent of Antony's colleagues in the *Second Triumvirate*, *Octavian* (adopted son and heir of Caesar) and *Lepidus*. In the following year (42 B.C.) Brutus and Cassius, Caesar's murderers, were defeated by Octavian and Antony at *Philippi* (in Macedonia). Lepidus, the third member of the Triumvirate, was set aside by his more energetic colleagues, Octavian and Antony, who were themselves soon engaged in a contest for supremacy. The defeat of Antony at *Actium* (31 B.C.) made Octavian master of the world, and under the name of *Augustus*, conferred by the senate, he began his reign (27 B.C.) as the first Roman emperor.

THE ROMAN GOVERNMENT IN CICERO'S TIME

36. **The Governed.**—Under the kings the population of Rome was made up of citizens, plebeians, clients, slaves, and resident foreigners. The *citizens* were called patricians, probably because related to the *patres*, or original householders, of Rome. Patrician families claiming descent from the same ancestor formed a clan (*gens*). To each family was attached a number of dependent persons, called *clients*, who bore the clan name, and cultivated the lands. When a slave was emancipated, he was called a freedman, and became the client of his former master, who was then called the client's patron (*patronus*). Probably not all clients were ex-slaves; some may have been strangers attracted to the city for one reason or another, who attached themselves to the great families for the protection they thus secured at the hands of patrons. The origin of the *plebeians* is not clear. They were possibly a peasant class, natives of Latin towns conquered by the Romans, but retaining their personal independence. In these early times only the patricians had any political rights.

37. With the lapse of time, the plebeians grew in numbers and wealth. They thus acquired a position of ever-increasing importance, until, under the Republic and long before Cicero's time, they had by persistent effort won all the rights of citizenship (§ 7). Thereafter the law recognized no distinction between patrician and plebeian; each had the right to vote (*ius suffragii*) and each had the right of election to office (*ius honorum*).

38. This does not mean, however, that every citizen had an equal chance in the political world. It is true, the old aristocracy, based on blood, with their political privileges sanctioned by the law, had as such disappeared; but in their place had sprung up meanwhile a new aristocracy, known as the nobility, based on descent from a curule magistrate (§ 55). This new aristocracy, composed of both patricians and plebeians, practically, though without the law's sanction, controlled the government.

39. After the Romans had spread their dominion throughout Italy, the inhabitants of the conquered towns stood in various relations to the central government. Some of them were allowed to have their own municipal government, and at the same time to enjoy Roman citizenship. Others were less fortunate. However, at the close of the Social War (89 B.C.) all free inhabitants of Italy, south of Cisalpine Gaul, became Roman citizens (§ 20). It must be remembered, however, that the Romans knew nothing of the modern principle of representation, and that those who enjoyed the Roman franchise had to go to Rome in order to vote. As this was inconvenient for those living at a distance from the city, the citizens in these distant communities had after all little share in the government.

40. In 264 B.C. the Romans sent an army over into Sicily to drive the Carthaginians out of that island. They thus entered upon a new era in their history, one of foreign conquest outside of Italy, which did not end until

they had practically conquered the whole Mediterranean world. The new territory thus acquired was organized into "provinces," whose inhabitants were excluded from the rights of citizenship, and were ruled, usually with great cruelty, by the governors sent out every year from Rome.

41. The Government.—The Republic of Rome was administered jointly by

- A. Popular Assemblies (*comitia*),
- B. Magistrates (*magistratus*), and a
- C. Senate (*senatus*).

A. THE POPULAR ASSEMBLIES

42. General Powers.—The Assemblies are mentioned first, because from them all power was supposed to be derived. Their functions were to elect the magistrates, to accept or reject the laws proposed to them by the magistrates, and to hear appeals made to them from the decisions of the magistrates in important cases.

43. Contio and Comitia.—There were two kinds of popular assembly: the *contio* and the *comitia*. The *contio* was a mass-meeting, the *comitia* was a meeting in political groups or divisions. Each could be summoned only by a magistrate. In the *contio* the object was to hear announcements from magistrates, or, in a stricter sense, to hear a public question debated by a magistrate and such others as the magistrate allowed to speak. Such a debate was regularly followed by the *comitia*, in which the question previously debated was voted on. In other words, the *contio* was a debating body, the *comitia* a voting body. A speech made at a *contio* was also itself called a *contio*, so that *contionem habere* meant either "to call a mass-meeting" or "to make a speech" before such a meeting. There were three classes of *comitia*: the

RESTORATION OF THE FORUM.

Comitia

... Comitata ... Centuriata ... Tributa

||

30 curial

||

3 Class

Comitia Curiata, the *Comitia Centuriata*, and the *Comitia Tributa*.

44. Comitia Curiata.—In this assembly the voters met by *curiae*, or wards. A *curia* was a group of *gentes*, or clans, united by the ties of a common worship; just as the *gens* was a group of families bound together by descent from a common ancestor (§ 36). There were thirty *curiae*, ten from each of the three original tribes comprising the whole people. This, the only political assembly in the days of the kings, was superseded in importance by those that were developed in later times. It now met chiefly for the purpose of conferring the *imperium* (§ 56) on certain magistrates, as it had formerly conferred it on the kings.

45. Comitia Centuriata.—The three original Roman tribes were based on birth and descent, and included only patricians. Patricians alone served in the army and paid taxes. After the development of a large and well-to-do plebeian class, Servius Tullius made a new distribution of the people in order to increase the military strength of Rome. He divided the people into four local tribes, including the plebeians as well as the patricians. He also divided all freeholders into five classes on a basis of landed property. Twenty acres formed the property qualification for admission to the first class, fifteen to the second, ten to the third, five to the fourth, and two to the fifth. Then each class was subdivided into companies, called centuries, of infantry—the term “century” at first probably meaning a hundred men, but later losing this numerical meaning. The richest young men in the community furnished eighteen centuries of cavalry, while the poorest ranks made up five centuries of carpenters, musicians, and substitutes. The following table shows these divisions in a convenient form :

Classes	Property	Centuries
Cavalry	20 acres	18
1st	20 "	80
2d	15 "	20
3d	10 "	20
4th	5 "	20
5th	2 "	30
Carpenters, musicians, and substitutes		5
		193

46. This organization, originally military in character, acquired under the Republic a political character as well, and became a voting body. Each century had one vote, determined by a majority of individual votes in the century. As a voting body, however, it gave an undue advantage to the rich, since the first class with the cavalry commanded 98 votes against the 95 of all the other classes. Many years later (about 241 B.C.) this advantage was taken away by a reform consisting in equalizing the number of centuries in each class. At this time there were thirty-five tribes. Each was divided, as before, into five classes based on wealth (in money), but each class was subdivided into only two centuries. This made 350 centuries. The eighteen centuries of cavalry and five of carpenters, etc., increased this number to 373. Both before and after the reform, each class contained an equal number of centuries of *iuniores*, or men of military age, and *seniores*, or men too old for active service.

47. The centuriate assembly elected the consuls, praetors, and censors (§ 52), and also had legislative powers. On account of its military origin it could be summoned only by a magistrate possessing the *imperium* (§ 56); for the same reason it always met outside of the city, usually in the Campus Martius.

48. **Comitia Tributa.**—In this assembly the people were grouped and voted by tribes. The tribal assembly grew out of an old plebeian assembly, the *concilium plebis*,

which had been summoned from time to time by its tribunes to discuss matters affecting plebeian interests only. The *concilium plebis* was at first without legislative powers, its resolutions (*plebiscita*) being binding only on the plebeians themselves. Since, however, it could meet within the city, and also in its organization was more convenient than the centuriate assembly, in time it came to be attended by patricians also, and gradually acquired the power to make laws for the whole people. Under the name of the *Comitia Tributa* it grew in influence and power, until in the later years of the Republic it became the chief legislative assembly of the people.

49. The *Comitia Tributa* elected the four aediles, the tribunes, and the quaestors. It was summoned by a consul, a praetor, or a tribune. It usually met in the Forum.

B. THE MAGISTRATES

50. **Functions.**—The Magistrates were the executive branch of the government, but with a larger field of action than we now understand by the term “executive”; the praetors, for example, were the judges of Rome. See the table below.

51. **Kinds of Magistrates.**—Magistrates elected at regular intervals were called “ordinary;” those appointed only on exceptionally grave occasions were called “extraordinary.” Again, according to their relative rank and importance, they were called “higher” (*maiores*) or “lower” (*minores*). One board of Magistrates was peculiar to Rome in possessing originally only a negative kind of power, namely, the right of veto (*intercessio*). These were the ten tribunes of the people.

52. The following table should be studied carefully :

ORDINARY (elected at regular intervals).	HIGHER <i>(maiores).</i>	{ 2 CONSULS, executive heads of the government (§§ 58-60). 8 PRAETORS, judges (§ 61). 2 CENSORS, with duties chiefly financial (§ 65). 2 CURULE AEDILES, supervisors of markets, police, etc. (§ 62).
	LOWER <i>(minores).</i>	{ 2 PLEBEIAN AEDILES, differing little from the curule aediles, but always plebeians (§ 62). 20 QUAESTORS, treasurers, paymasters, and quartermasters (§ 63).
	PECULIAR.	{ 10 TRIBUNES, plebeians, each with veto power over any ordinary Magistrate, including his fellow-tribunes (§ 64). DICTATOR, with kingly powers (for six months only) (§ 66). The dictator's MAGISTER EQUITUM, or master of horse (§ 66). INTERREX, provisional head in case of consular vacancies (appointed for five days at a time) (§ 67).
EXTRAORDINARY (appointed on exceptional occasions).		

53. **Terms of Office.**—All ordinary Magistrates (except the censors) were elected for terms of one year; the censors were elected every fifth year, and served for eighteen months. When the censors could not finish the work of their office in this time, the unfinished business was attended to by the consuls and aediles. The regular day for Magistrates to enter office was January 1, except for the tribunes, who began their duties December 10, and for the quaestors, who began theirs December 5.

54. **Cursus Honorum.**—In Cicero's time a citizen was not eligible to the consulship before he had been praetor, nor to the praetorship before he had been quaestor. This succession of office was known as the *cursus honorum*. The earliest age at which one might be quaestor was 30; praetor, 40; consul, 43. The lowest of these offices ad-

mitted the incumbent at the close of his term to membership in the Senate, practically for life.

55. The Nobility.—The higher Magistrates were known as curule Magistrates, because they were entitled, while performing their official duties, to sit in the *sella curulis*, or chair of state, a folding stool inlaid with ivory. Their descendants formed the class called *nobiles* (nobles), who not only enjoyed peculiar social distinctions, but especially controlled and monopolized the important offices of the government. A man who was the first of his family to hold a curule office was called a *novus homo*, or self-made man. Cicero was a *novus homo*. It was next to impossible for such a man to get elected to the consulship.

56. Imperium.—The Magistrates were distinguished largely by the degree rather than the kind of power each exercised. All Magistrates had the *potestas*, that is, authority sufficient for the discharge of their duties. *Imperium*, however, is the technical name for general power (military, civil, and judicial) exercised by some Magistrates. In principle it was the sovereign power formerly exercised by the kings. While primarily it meant military power, it also included "all governmental power not distinctly withheld by custom or law." In practice it was limited, however, by the multiplication of Magistrates, by their short terms, by their accountability to the people after the expiration of their terms, and in the city by the right of appeal as well as by the tribunician veto. Outside of the city the Magistrates possessing *imperium* had absolute power, free from the interference of the tribunes. In the city the dictator alone had unrestricted *imperium*. The symbol of this authority was the axe and fasces borne by the lictors (§ 68 below).

57. Consuls and praetors alone (of the "ordinary" Magistrates) possessed *imperium*, but in different degrees. While the consular *imperium* was inferior to that of

the dictator or his master of horse ("extraordinary" Magistrates), it was superior to that of the praetors. The other Magistrates (censors, tribunes, aediles, etc.) had not *imperium*; that is, their powers were not general, but special. Neither tribunes nor censors, however, were subject to the commands of Magistrates having *imperium*.

58. Consuls.—The two consuls were elected annually by the *Comitia Centuriata* with a consul presiding. They were the chief Magistrates and had equal powers. In administering the government they changed duties every month, and in the field they changed commands from day to day, if in the same locality. In emergencies a decree of the Senate (*Senatus consultum*) gave them dictatorial authority in the interest of the general welfare (according to the usual formula, *ne quid res publica detrimenti capiat*). The consuls had the right to summon the Senate and the *Comitia Centuriata*, over which they then presided.

59. A consul-elect was called *consul designatus*; an ex-consul, *consularis*. When a consul died in office, his successor, who served for the unexpired term, was called *consul suffectus*. Each year was known by the names of the consuls for that year. Thus, Cicero's birth-year (106 B.C.) would be expressed in Latin as "*coss. C. Atilio Serrano, Q. Servilio Caepione*," the abbreviation "*coss.*" standing for *consulibus* (in the Ablative Absolute construction).

60. At the end of his term of office each consul might be assigned by lot to one of the provinces, thus having his term prolonged by an extension technically known as *prorogatio*. He was then called a proconsul. The power of these provincial governors was far greater, however, than that of the consuls, because being outside of the city they were unrestricted in the exercise of the *imperium* (§ 56 above). For the time, therefore, they exercised judicial and military powers without limit over both Roman citizens and provincials. As a rule they abused this power by

extortion and cruelty. Although liable to impeachment after their return to Rome, they usually escaped punishment. It was a common saying that every provincial governor hoped to make three fortunes out of the provincials: one for his creditors, another for the jury that might try him on his return, and the third for himself.

61. Praetors.—The eight praetors administered the courts of justice, the department of justice to which each was assigned being determined by lot. They were elected annually by the *Comitia Centuriata* with a consul presiding. The *praetor urbanus* ('city praetor') heard civil cases between citizens and was the most important. In the absence of the two consuls, he acted as consul. The *praetor peregrinus* heard civil cases arising between foreigners or between citizens and foreigners. The remaining six praetors presided over the *quaestiones perpetuae* ('permanent courts'), which had jurisdiction in important criminal cases. At the close of his term, each praetor, like each consul, went to one of the provinces as *propraetor*, in which sphere he had full consular power. The trial of Verres was due to his abuse of his power as *propraetor* in Sicily.

62. Aediles.—The four aediles had the general superintendence of the police, organized and superintended the public games, took care of the public buildings, streets, etc., and supervised the markets (watching the traffic, testing weights and measures, etc.). Two were called plebeian aediles because elected from plebeian ranks, while the remaining two, the *curule aediles*, might be either patricians or plebeians. The age of eligibility was thirty-seven. The only importance of the office lies in the opportunities it afforded the incumbent to humor the populace with the splendor of the games, and so pave the way to future success in political life.

63. Quaestors.—The twenty quaestors were the financial officers of the government. Two of them, the most im-

portant, always remained in the city, and hence were called *quaestores urbani*. They had charge of the state treasury. In the administration of their office they employed many clerks, accountants, and secretaries (*scribae*). The remaining eighteen quaestors assisted the provincial governors (proconsuls and propraetors) as quartermasters and paymasters.

64. Tribuni Plebis.—The ten tribunes of the people were originally no more than protecting officers, created for the purpose of protecting plebeians against patrician Magistrates in earlier days. At the same time their persons were inviolable (*sacrosancti*). Out of this original right of rescue (*ius auxilii*) grew the all important power of veto (*intercessio*), which they exercised over the acts of other Magistrates, even of their own colleagues. A single tribune could thus block the machinery of the government by interposing his veto. This obstructive power was soon stretched so as to include the judicial power to punish by fine, and at first by chastisement or even death. Long before Cicero's day, however, this jurisdiction was confined to cases punishable only by fine, the *Comitia Centuriata* dealing with graver cases. Although the office represented the whole people, yet only plebeians were eligible to it. Through abuse of its functions the tribunate became in time merely an organ of revolution.

65. Censors.—The two censors were elected every five years (the period called *lustrum*), but served only eighteen months. They were usually *consulares* (ex-consuls). Their duties at first were simply to assess the property of each citizen, and to draw up registers of the tribes, classes and centuries. Later they exercised a general supervision over morals (*regimen morum*). They also entered into contracts for "farming" the taxes (i.e., selling them for a lump sum to the highest bidder) and for performing public works, such as building and maintaining the tem

ples, bridges, sewers, etc. The power of the censors to interfere in matters of private conduct led Sulla in his constitution (80 B.C.) to ignore, if not abolish, the office. Ten years later it was restored by Pompey. After the time of Marius, however, it lost its political importance in consequence of constitutional changes, freeing Roman citizens from taxation, and making military service general, thus rendering the census no longer necessary.

66. Dictator.—The dictator was an extraordinary magistrate, appointed by a consul under senatorial advice, and possessing supreme power, but only for a period of six months, and only in times of stress and danger. He nominated his own master of horse (*magister equitum*). In Cicero's time the dictatorship had lost its original significance, the dictatorship of Sulla and later that of Caesar being perpetual, and otherwise unconstitutional. As was said above (§ 58), the consuls were in the later Republic sometimes clothed with dictatorial powers by senatorial decree. Mark Antony abolished the office in 44 B.C.

67. Interrex.—The interrex was a provisional chief Magistrate, appointed by the Senate to hold the consular elections when the consuls had died or resigned, or when the election had not been completed by the end of the year. He served for five days. If in that time the vacancy was not filled, the interrex nominated his successor. In this way several successive interreges might be created. During the civil war between Sulla and the people both consuls were killed in the year 82 B.C., and an interrex had to be appointed.

68. Insignia, etc.—The higher Magistrates had certain *insignia*, or marks of distinction. The dictator, the consuls, and the praetors, for example, and among the lower Magistrates the quaestors, were attended in public by lictors, men who bore the *fasces* (bundle of rods) as the symbol of their power. The dictator had twenty-four

lictors, the consul twelve, the praetor two (six when outside of Rome), while the quaestor had five. On the approach of a Magistrate, citizens, as well as Magistrates of rank lower than the one to whom such respect was shown, rose from their seats, dismounted if riding, or descended from their carriages. During the transaction of public business the Magistrate was seated, while the people remained standing. The *sella curulis*, or chair of state, has already been referred to (§ 55). Nobility conferred the *ius imaginum** (right of images), and "he was most noble whose hall showed the greatest number of family portraits of consuls and censors."

69. Auspices.—Before taking any important step (summoning the Assemblies or the Senate, entering upon office, setting out on a military campaign, etc.), a Magistrate was always required to ascertain the will of the gods concerning the act in contemplation. This he did through one of the board (*collegium*) of priests called "augurs," who were the hereditary guardians of the rules governing the science of augury. The augur thus commissioned took the auspices (*auspicia*, 'bird watching') by observing the omens given by birds within a certain consecrated space (*templum*). If different Magistrates on consulting the augurs obtained different answers, the result was determined by the relative rank of the consulting Magistrates, so that *maiora auspicia* (auspices taken at the request of a Magistrate with *maior potestas*, greater authority) outweighed *minora auspicia*. In the case of Magistrates with equal authority, a disagreement was interpreted as unfavorable.

* These images were waxen portrait-masks of deceased members of the family, and were kept in shrines in the *alae* (wings) of the *atrium* (reception-hall) of the Roman house. At family funerals these masks were worn in the procession by persons specially appointed for the purpose; the insignia of the rank which the deceased had held when alive were also borne by the same persons.

70. Since any public act of questionable constitutionality might thus be settled by a reference to omens, the augurs played at times an important, if not always a creditable part, in Roman politics. In the latter years of the Republic especially, the political uses to which augury was put brought it into bad odor. "An omen," says Mr. Strachan-Davidson, "was held to be significant, not as it occurred in nature, but as it caught the attention of the person concerned, and this doctrine admitted of many developments. If anything happened which it was inconvenient for the Magistrate to see, he might refuse to notice it; much as Nelson put the telescope to his blind eye to look for the signal ordering him to retreat." By the abuse of augury in this way, a consul possessed a kind of veto-power even against a tribune.

C. THE SENATE

71. **Membership.**—The Senate was the great council of state, giving advice to Magistrates, when summoned to do so, on difficult questions. Its membership had formerly been nominally 300, but this number was often reduced by wars and other causes. By Sulla's reforms (80 B.C.), about three hundred new members were admitted, raising the membership to a number varying from 500 to 600.

72. **Composition.**—Before Sulla, the Senate was composed largely of ex-Magistrates—former consuls, praetors, aediles, and tribunes—nominated by the censors. In his legislation Sulla ignored the censors, making the law operative independently of their approval. At the same time he increased the number of quaestors to twenty, and admitted all ex-quaestors also to the Senate. In this way the Senate became a body exclusively of ex-Magistrates, its membership was automatically maintained at about 600, and the tenure was for life.

73. Strength of the Senate.—In its permanence of character, and in the fact that it was composed of men of tried experience and wisdom, lay the strength of the Senate. In power and influence it came to overshadow both the Magistrates and the Assemblies. In contrast with it, the Magistrates were elected for short terms (§ 53), and thus were in a measure dependent upon it for guidance. Besides, the higher Magistrates had before them the prospect of becoming senators themselves, and would hardly care to disregard the advice of a body to which they would soon belong. The Magistrates, therefore, were little more than the instruments of the will of the Senate. Again, the Assemblies, made up as they largely were of the ignorant masses, were incompetent to decide the weightier questions of state policy, were unwieldy, and often subject to demagogic influence. Hence it will readily be understood how it happened that the Senate, originally only an advisory body, without positive powers (since its advice was not binding), became more and more active as the governing organ of the state. Its decrees (*senatus consulta*), if accepted, as they usually were, by the consulting Magistrate, and not vetoed by another Magistrate with this power, became law. Even when vetoed, these decrees carried great moral weight as expressing the sense, or “authority,” of the Senate (*senatus auctoritas*) on matters about which it had been consulted.

74. Powers.—Among the powers of the Senate were : the preliminary discussion of legislation before it was submitted to the Assemblies ; the revision of the lists of candidates for the higher magistracies ; the suspension of all ordinary laws, in times of peril, by means of its *senatus consultum ultimum*. It also controlled the public finances (fixing the taxes, voting appropriations, etc.) and directed the state religion in concert with the priestly boards. In the management of the provinces, and in all foreign and diplomatic relations, it was supreme, while questions of

peace and war, although they rested constitutionally with the Assemblies, could not in the later Republic be brought before the people except with the approval of the Senate.

75. Sessions.—The Senate met at the call of any Magistrate possessing *imperium* (§ 56) or of a tribune. Its sessions were usually held in the Curia Hostilia at the northeast corner of the Forum. The Magistrate who summoned it acted as its chairman. When necessary to ask for the opinions of members on public business, he usually did so in the order of their relative rank: the *princeps*, or dean, of the Senate first of all, then the ex-consuls, ex-praetors, ex-aediles, ex-tribunes, and ex-quaestors. The *princeps senatus* was that member who by general consent or in the discretion of the chairman was deemed most worthy of the distinction. In the interval between election and entrance upon office, Magistrates-elect had precedence over ex-Magistrates. Magistrates in office were not asked for their opinions and did not vote. The Senate was collectively addressed as *patres conscripti* (conscript fathers).

OUTLINE OF CICERO'S LIFE

106–43 B. C.

76. For our purposes the life of Cicero may be divided into three periods:

The period of preparation, 106–81 B. C.

The political period, 80–63 B. C.

The literary period, 62–43 B. C.

But these divisions are only approximately accurate. Since everything that Cicero wrote had the literary quality, the second period, in which he made some of his best speeches, might also be called literary; but the *aims* of this period were distinctively political, as those of the third period were distinctively literary.

77. The Period of Preparation (106–81 B.C.).—Marcus* Tullius Cicero was born at Arpinum, † among the Volscian hills, January 3, 106 B.C. ‡ Time and place are both important to remember. For the place: the Arpinates were a sturdy rustic race, living a quiet, rugged life, almost as unchanging || as their own everlasting hills. They rarely visited the city, except when local pride carried them there to cast their votes for a fellow-Volscian as a candidate for office. In the midst of this rural population, Cicero passed his childhood, learning “to love the past more than to know the present.” For the time: Cicero’s townsman, Gaius Marius, a man of obscure origin, had proved himself to be a great military genius. He had just conquered Jugurtha, and for the next five years (104–100 B.C.) was reëlected consul each year, during which period he achieved the crowning deed of his life by crushing the German hordes that threatened Rome to the north. Of the skill and prowess of Marius no doubt the honest Arpinates knew many a tale, and it is easy to imagine the impression such stories must have made upon the mind of the boy at the most impressionable age of his life.

78. To these influences in a measure may be attributed two traits of Cicero’s character that were conspicuous in his future conduct: his political conservatism and his ambition. Moreover, his ambition was fostered by an ambitious father, a cultivated man of quiet tastes. The family was

* The Romans regularly abbreviated the praenomen. Thus, *M. Tullius Cicero* is the way it would appear in Latin.

† A small country town, about seventy miles southeast of Rome. At Arpinum the great Marius was also born (155 B.C.).

‡ Pompey the Great was born in the same year (September 30).

|| Cicero’s grandfather was a typical Arpinate. All his life he opposed the introduction of the ballot in voting, an innovation advocated by his brother-in-law. He also resisted the influx of Greek influence just then beginning to be felt throughout Italy. One of his sayings was *ut quisque optime Graece sciret, ita esse nequissimum*, “the better a man knew Greek, the greater rogue he was.”

of equestrian rank,* although his mother—whose name was Helvia—may have been connected with the Roman nobility. A second son, Quintus, four years younger than Cicero, afterwards distinguished himself as a soldier in Caesar's Gallic campaigns.

79. At an early age the two boys were sent to school in Rome, where they had the best masters, both Greek and Roman. Cicero himself was always an omnivorous reader, believing that the orator, to excel, should know something of everything. Besides the theoretical knowledge thus acquired, however, he was diligent in his attendance upon the great orators of his times, constantly taking notes, while he never allowed a day to pass without some exercise in oratory.

80. **The Political Period (80-63 B.C.).**—His success as an orator won for him immense popularity from the beginning of his career. His first important speech (*Pro Sex. Roscio* †), made in a criminal case, was delivered in 80 B.C.,

* Cicero's equestrian origin often influenced his political conduct. For the political position of the Knights (*equites*, or *ordo equester*), read §§ 11-15, under the heading "Orders."

† See § 22. The chief merit of this speech lay in the masterly tact displayed by the orator in a delicate situation. His client, Sextius Roscius, had been accused of murdering in the streets of Rome his own father, a wealthy citizen of Ameria, a neighboring town. The charge was preposterous, and easily disproved, but the plot that underlay it was such as to make the position of the defence one of extreme danger. The true murderers were neighbors and kinsmen of Roscius. To cover their crime they accused the son of parricide, expecting at the same time to profit in a substantial way by the usual confiscation and auction sale of the murdered man's estate, if only his name could be entered on the proscription lists (§ 22). This was to be accomplished through one Chrysogonus, who, as a favorite of the all-powerful Sulla, possessed the needed influence, and in return for the service was to receive a share of the spoils. Cicero was the only man in Rome willing to undertake the defence. In doing this he attacked Chrysogonus, and by implication the dreaded Sulla himself, but all in a manner so adroit that under the veil of a

when he was in his twenty-seventh year. It cannot be doubted that only his youthfulness prevented his reaping the immediate reward of this success in the official world. Although the law did not permit his election to the quaestorship* until five years later, he was from the date of this speech a marked man with an assured future in the field of politics. It is proper, therefore, that his political life should be dated from this year. As soon as he reached the legal age, he was always successful as a candidate. He thus managed to do what no other Roman had done before, for without belonging to the office-holding class (§§ 38, 55), and without being a great soldier, as was his townsman Marius, he yet reached the highest dignities of the state through his gifts as an orator and his integrity as a magistrate. He was successively quaestor, curule aedile, praetor, and consul, each at the earliest age permitted by the constitution. In his consulship (63 B.C.) he had a troublesome constitutional question to settle, one that the world is still debating—how to deal with a great conspiracy against the state †—and his failure to solve the problem in an acceptable way, coupled with his opposition to the politicians ‡ then uppermost in influence, soon led to his temporary exile (58 B.C.).

81. The Literary Period (62–43 B.C.).—Four years before his banishment, Cicero had in his speech *Pro Archia* (62 B.C.) uttered words that seemed to foreshadow a change in

modesty befitting his position as an obscure young lawyer he gave voice to thoughts that no other man had dared to utter, while they echoed the secret sentiments of everybody in Rome.

* The lowest magistracy in the *cursus honorum*. See § 54 above.

† The conspiracy of Catiline.

‡ The democratic ring led by Caesar and known as the First Triumvirate. (See § 29.) Caesar made many overtures to Cicero in the effort to win him over to the plans of the Triumvirate, but Cicero found it impossible to trust Caesar, who had often shown that he had little respect for constitutional checks that stood in his way.

MAP OF THE CITY OF ROME.

MAP OF ROME AND THE SURROUNDING COUNTRY.

his life. As if satisfied with the political success that he had attained in winning the consulship, and as if foreseeing that yet greater rewards awaited him in a different field, he disclosed in that speech his true character as a man of letters. A great politician he could hardly be called, his political success thus far having been due to his marvellous gifts of oratory, his clean record in office, and largely to good luck in the circumstances attending his candidature for the consulship* rather than to any unusual insight or tact that he had exhibited in dealing with men or the political conditions of his times. Hence after his recall from exile (57 B.C.), eighteen months from the time of his banishment, his political influence began to wane. As a man of peace, he was sadly out of place in the political life of Rome at this time. "Public issues, it became more and more plain, waited for their determination, not on the Senate-house or the Forum, but on the sword." The coalition known as the First Triumvirate (60 B.C.) was only the beginning of a long series of events in the great game of politics which culminated in the open struggle between the two rivals, Caesar the democrat and Pompey the representative of the Senate.

82. Cicero's loss of political prestige was followed by great though intermittent activity in literary work. Besides many orations, chiefly legal, nearly all his works on rhetoric, those on philosophical subjects, and the greater part of his voluminous correspondence belong to this period.

83. After Caesar's assassination (March 15, 44 B.C.), four years after the murder of Pompey in Egypt, Cicero was again for a few months the most conspicuous man in Rome. Once more called to lead the Senatorial party, now against the tyranny of Mark Antony, he delivered

* His chief competitors being Catiline and Gaius Antonius, two political desperadoes. See the Prefatory Note to the *The First Oration against Catiline*.

his famous "Philippics," so called from their supposed resemblance to the speeches delivered by Demosthenes against the Macedonian Philip. Cicero's Philippics proved to be his death-warrant, for shortly after the formation of the Second Triumvirate he was murdered by Antony's soldiers, December 7, 43 B.C., just a few weeks before reaching the sixty-fourth year of his age.

LEADING FACTS IN CICERO'S LIFE

FIRST PERIOD

B.C.		Age.
106	Born January 3, at Arpinum (70 miles S. E. of Rome).	
90	Studies law under Q. Mucius Scaevola, the augur	16
89	Serves a short while in the Social War under Pompeius Strabo, father of Pompey the Great	17
88	Studies philosophy and rhetoric under Philo and Molo, respectively, at Rome	18
81	First extant speech (<i>Pro P. Quinctio</i>)	25

SECOND PERIOD

80	First speech in a criminal case (<i>Pro Sex. Roscio</i>), the foundation of his future success	26
79-78	Tour of Greece and Asia Minor, studying under Greek masters at Athens and Rhodes, being absent two years	27-28
77	Returns to Rome; marries Terentia	29
75	His official career begins with his quaestorship in Sicily	31
74	Returns to Rome, and is admitted to the Senate	32
70	Impeachment of Verres (<i>In C. Verrem</i>) for corrupt administration as praetor of Sicily	36
69	Is curule aedile	37

B.C.		Age.
66	Is praetor ; makes his first political speech, in favor of the Manilian Law (<i>Pro Lege Manilia</i> , or <i>De Imperio Cn. Pompei</i>)	40
65	His son Marcus born. (His favorite child, a daughter named Tullia, was older than the son—how much, is uncertain.)	41
63	Is consul ; four speeches against Catiline (<i>In Catilinam I., II., III., IV.</i>)	43

THIRD PERIOD

62	Speech in favor of Archias (<i>Pro Archia</i>), marking a turning point in his career.	44
61	As a witness against Clodius on trial for sacrilege, he incurs that demagogue's lasting hatred	45
58-57	In exile from March, 58, to September, 57, eighteen months	48-49
55	Begins his series of works on oratory with the <i>De Oratore</i>	51
54	Begins his series on political philosophy with the <i>De Republica</i>	52
53	Succeeds the son of Crassus (killed with his father at Carrhae) as augur	53
52	In the midst of anarchy at Rome, he attempts to defend Milo (<i>Pro Milone</i>), charged with murdering Clodius	54
51	Is sent to Cilicia as proconsul	55
50	Returns to Italy on the eve of the Civil War between Caesar and Pompey	56
49	Joins Pompey in Greece	57
48	After Pompey's defeat at Pharsalus, he returns to Italy, remaining at Brundisium for a year	58
47	Is permitted by Caesar to return to Rome.	59
46	Continues his works on oratory (<i>Brutus</i> and <i>Orator</i>); delivers the speeches <i>Pro Marcello</i> and <i>Pro Ligario</i> ; divorces Terentia ; marries Publilia	60

B.C.		Age.
45	Death of his daughter Tullia and divorce of Publilia; writes several works on philosophy (<i>De Finibus, Academicæ Quaestiones, Tusculanae Disputationes</i> , etc.)	61
44	Writes other works on philosophy (<i>De Natura Deorum, De Senectute, De Amicitia, De Divinatione, De Officiis</i>); delivers his <i>First</i> and <i>Third Philippic</i> , publishing the <i>Second</i>	62
43	Delivers the remainder of his fourteen <i>Philippics</i> ; shortly after the formation of the Second Triumvirate he is murdered by Antony's orders, December 7, in the grounds of his villa near Formiæ (on the coast of Latium)	63

ANCIENT RHETORIC

84. Roman Oratory.—The Romans were essentially a race of conquerors and governors. For the first five centuries of their history they had little time for the development of a literature, except of a rude sort. Their first inspiration came from contact with the Grecian world. Hence, Roman beginnings in poetry and history were imitations of Greek models, sometimes mere translations. Roman oratory, however, has a different history. The growth of Roman power brought with it the practical problems of government and diplomacy, in the solution of which oratory played an important part. Moreover, for the ambitious Roman there were only two ways in which to gain distinction—one by a military career, the other in politics—and in the latter field the gift of oratory was essential to success. In its beginnings Roman oratory was like the Roman character, vigorous and direct, but lacked the equally important qualities of grace and artistic method: these came only after a closer acquaintance with the literature of Greece, and after the develop-

ment of a leisure class of citizens, under whose leadership “an intelligent interest in art and literature became the fashion of good society.”

85. Varieties of Oratory.—There are three kinds of oratory: the *forensic* (judicial, legal), the *deliberative* (legislative, political), and the *demonstrative*. Forensic oratory is that of the law-courts; deliberative, that heard before law-making bodies; demonstrative oratory is confined to no particular place or occasion, meaning the oratory of display, such as is heard in a speech of public compliment, called “eulogy” or “panegyric.” The speech against Verres (see the editor’s larger book) is forensic; that for the Manilian Law, the last in this book, is partly deliberative, but largely a panegyric of Pompey; the speech for Archias, the fifth in this book, is at first forensic, but for the most part demonstrative, holding up for our admiration the charms of the literary life.

86. Divisions of the Oration.—Every student of rhetoric knows that a finished literary production must have a plan, that this plan is a matter of studied calculation, and that it comprises three parts: an Introduction, a Discussion (or Development), and a Conclusion. These are the parts into which the oration—particularly the forensic oration—is divided, but with a further subdivision of the Discussion into three parts. The five main parts of the oration are named as follows:

I. EXORDIUM (*Proemium*), or Introduction. Its object was to render the hearer well disposed (*benevolus*), attentive (*attentus*), and eager to learn (*docilis*).

II. NARRATIO, or Statement of the Case. The merits of a good *Narratio* were brevity, clearness, and probability. It sometimes included such subdivisions as the *Propositio*, or statement of the main theme; the *Partitio*, or division into heads, etc.

III. PROBATIO (*Argumentatio*, *Confirmatio*), or Discussion of the Case in detail.

IV. REFUTATIO (*Confutatio, Reprehensio*), or Refutation of Objections, etc., raised by the other side.

V. PERORATIO, or Conclusion, amplifying and enforcing what was in the speaker's favor, weakening the opposite, appealing to the moral sense of the court, etc.

The speech *For the Manilian Law* has received formal treatment in this book according to these principles.

CICERO'S WORKS *

ORATIONS

Of 107 Orations attributed to Cicero, we now possess only 57, some in a more or less incomplete condition, while the authorship of a few is questioned; 20 are fragmentary; of the remaining 30 we know only the titles.

PHILOSOPHY †

POLITICAL: *De Republica*, † 6 books (on the ideal state).

De Legibus, † 3 books (supplementary to the *De Republica*).

SPECULATIVE: *Paradoxa* (a discussion of six Stoic paradoxes).

Hortensius † (in praise of philosophy).

De Finibus Bonorum et Malorum, 5 books (on various theories of the highest good).

Academicæ Quaestiones, † 2, in a later edition 4, books (giving an account of the teachings of certain philosophers).

* Based on the *Student's Companion to Latin Authors*, by Middleton and Mills (Macmillan), pp. 73-89.

† Besides the philosophical works here named, there are traces of two others, *De Virtutibus* and *De Auguriis*, and fragments of a translation of Plato's *Protagoras* and *Timæus*.

‡ Only fragments remain.

Tusculanae Disputationes, 5 books (on the chief essentials of happiness).

De Natura Deorum, 3 books.

De Divinatione, 2 books (supplementary to the preceding).

De Fato * (on destiny).

ETHICAL : *Consolatio* * (written after his daughter's death).

De Senectute, or *Cato Maior* (on old age).

De Amicitia, or *Laelius* (on friendship).

De Gloria, † 2 books.

De Officiis, 3 books (on duty, written for the instruction of his son).

RHETORIC

De Inventione, 2 books (a youthful work, on rhetorical invention).

De Oratore, 3 books (giving the results of his own experience in public speaking).

Brutus, or *De Claris Oratoribus* (tracing the history of oratory down to his own times).

Orator (a sequel to the two preceding works).

Partitiones Oratoriae (a catechism on rhetoric, written for his son).

Topica (a summary, based on the work by Aristotle on rhetorical commonplaces).

De Optimo Genere Oratorum (written as the preface to a Latin version of the speech of Aeschines against Ctesiphon and the reply of Demosthenes).

LETTERS

774 Letters written by Cicero, with 90 addressed to him by friends, collected as follows :

Epistolae ad Atticum, 16 books ;

* Only fragments remain.

† Now lost.

Epistulae ad Quintum Fratrem, 3 books ;

Epistulae ad Brutum, 2 books ;

Epistulae ad Familiares, 16 books.

The extant correspondence of Cicero begins in the year 68 B.C. and ends July, 43 B.C. (a few months before his death). Those addressed to his intimate friend Atticus are especially valuable for their historical importance, as well as for the insight they give into Cicero's private life and character.

MISCELLANEOUS

(now lost)

PROSE : Panegyrics on Porcia and Cato, and funeral orations written for others to deliver ; memoirs of his consulship (in both Greek and Latin) ; *Anecdota*, a secret history ; *Admiranda*, a book of wonders ; *Chorographia*, a treatise on geography ; *De Iure Civili in Artem Redigendo*, a treatise on law ; a translation of Xenophon's *Oeconomicus*.

POETRY* : *Pontius Glaucius* (an early effort) ; translations of the astronomical poems of Aratus ; *De Suo Consulatu* (three books, on his consulship) ; *De Temporibus Suis* (also three books, about his troubles, written probably after his return from exile) ; *Ad Caesarem* ; a poem on his great townsman Marius.

* Cicero's poetry was never, except by a few admirers, rated high, and was often ridiculed. One of his enemies facetiously said that Cicero owed his banishment, not to his having put Roman citizens to death without a trial, but to the poor verses he had written on the subject. Juvenal, after quoting a line of Cicero's poetry, remarked that he might have scorned the swords of Antony if everything he wrote had been like that. It is the only form of composition which he essayed without success.

FIRST ORATION AGAINST CATILINE

Catiline was surrounded by men of high birth whose fortunes were desperate as his own. There was Lentulus, who had been consul a few years before, and had been expelled from the Senate by the censors. There was Cethegus, staggering under a mountain of debts. There was Autronius, who had been unseated for bribery when chosen consul in 65. There was Manlius, once a distinguished officer in Sulla's army, and now a beggar. Besides these were a number of senators, knights, gentlemen, and dissolute young patricians whose theory of the world was that it had been created for them to take their pleasure in, and who found their pleasures shortened by emptiness of purse.—
FROUDE'S *Caesar*.

FIRST ORATION AGAINST CATILINE

How long, Catiline, will you abuse our patience? Does not every sign point to the discovery of your plans?

Quō ūsque tandem abūtēre, Catilīna, patientiā nostrā? Quam diū etiam furor iste tuus nōs ēlūdet? Quem ad finem sēsē effrēnāta iactābit audācia? Nihilne tē nocturnum prae-sidium Palātī, nihil urbis vigiliae, nihil timor populī, nihil 5 concursus bonōrum omnium, nihil hīc mūnītissimus habendī senātūs locus, nihil hōrum ōra voltūsque mōvērunt? Patēre tua cōnsilia nōn sentīs? Cōnstrictam iam hōrum omnium scientiā tenērī coniūrātiōnem tuā nōn vidēs? Quid pro- 10 ximā, quid superiōre nocte ēgeris, ubi fueris, quōs convo-cāveris, quid cōnsilī cēperis, quem nostrum ignōrāre arbi-trāris?

QUESTIONS (*for answers see the Notes*).—1. In what year were the four orations against Catiline delivered? 2. What was Cicero's rank? 3. Give an account of Catiline's earlier career. 4. What office did he fill in 68? 67? 5. His purpose in 66? 6. Why unsuccessful? 7. Who was Autronius? 8. Narrate the circumstances of the so-called First Conspiracy of Catiline, naming three of the ringleaders. 9. Why did it fail? 10. Date (years) of the Second Conspiracy? 11. Who were three of the candidates for the consulship in 64? 12. What was Catiline's plan if elected? 13. Reason for his failure? 14. His plans for election day in 63? 15. How foiled? 16. What was the *ultimum dēcrētum*? 17. What led the Senate to pass it? 18. On what day was it passed? 19. Who was Manlius? 20. What happened on Oct. 28? 21. Nov. 1? 22. Nov. 6? 23. Nov. 8 (or 7)? 24. Immediate occasion of the First Oration against Catiline? 25. Distinguish between the terms *cōnsul dēsīgnātus*, *cōnsul*, and *cōnsulāris*.

What an age is this! when a man who deserves death by the consul's order actually enters the Senate, and takes part in its deliberations. For treason, Catiline, like yours, Gracchus and Maelius paid with their lives. Only we, the consuls, are now to blame.

2. Ō tempora! Ō mōrēs! senātus haec intellegit, cōsul videt; hīc tamen vīvit. Vīvit? immō vērō etiam in senātum venit, fit pūblicī cōsiliī particeps, notat et dēsīgnat
 15 oculīs ad caedem ūnum quemque nostrum: nōs autem, fortēs virī, satis facere reī pūblicae vidēmur, sī istius furōrem ac tēla vītēmus. Ad mortem tē, Catilīna, dūcī iūssū cōsulis iam pridem oportēbat; in tē cōferrī pēstem quam tū in nōs iam diū māchināris. 3. An vērō vir amplissimus,
 20 P. Scīpiō, pontifex māximus, Ti. Gracchum mediocriter labefactantem statum reī pūblicae prīvātus interfēcit: Catilīnam, orbem terrae caede atque incendiīs vāstāre cupientem, nōs cōsulēs perferēmus? Nam illa nimis antiq̄ua praetereō, quod C. Servīlius Ahāla Spurium Maelium novīs rēbus stu-
 25 dentem manū suā occīdit. Fuit, fuit ista quondam in hāc rē pūblicā virtūs, ut virī fortēs acriōribus supplicīis cīvem perniciōsum quam acerbissimum hostem coērcērent. Habēmus senātūs cōsultum in tē, Catilīna, vehemens et grave. Non deest reī pūblicae cōsiliū, neque auctōritās hūius
 30 ōrdīnis: nōs, nōs, dīcō apertē, cōsulēs dēsumus.

The case of Opimius, and again that of Marius and Valerius, give us precedents for consular action. The Senate long ago armed us with the necessary decree. Yet in my lenience, Catiline, I have permitted you even to collect an army in Etruria. Your death would be welcome news to every true patriot, but until your guilt becomes clear to all the world, you shall live, though under my continued surveillance.

II. 4. Dēcrēvit quondam senātus, ut L. Opīmius cōsul vidēret, nē quid rēs pūblica dētrimentī caperet. Nox nūlla intercēssit: interfectus est propter quāsdam sēditiōnum
 35 sūspiciōnēs C. Gracchus, clārissimō patre, avō, māiōribus; occīsus est cum liberīs M. Fulvius cōsulāris. Similī senātūs cōsultō, C. Mariō et J. Valeriō cōsulibus est permissa

rēs pūblica. Num ūnum diem postea L. Sāturnīnum tribū-
 num plēbis et C. Servīlium praetōrem mors ac reī pūblīcae
 poena remorāta est? At nōs vicēsimum iam diem patimur
 hebēscere aciem hōrum auctōritātis. Habēmus enim hūiusce 40
 modī senātūs cōnsultum (vērum inclūsum in tabulīs, tam-
 quam in vāgīnā reconditum) quō ex senātūs cōnsultō cōn-
 fēstim tē interfectum esse, Catilīna, convenit. Vīvis; et
 vīvis nōn ad dēpōnendam, sed ad cōnfirmandam audāciam.
 Cupiō, patrēs cōnscriptī, mē esse clēmentem; cupiō in tantīs 45
 reī pūblīcae periculīs mē nōn dissolūtum vidērī; sed iam
 mē ipse inertiae nēquitiaeque condemnō. 5. Castra sunt
 in Ītaliā contrā populū Rōmānum in Etrūriae faucibus con-
 locāta. Crēscit in diēs singulōs hostiū numerus. Eōrum
 autem castrōrum imperātōrem ducemque hostiū intrā 50
 moenia atque adeō in senātū vidēmus, intestīnam aliquam
 cotīdiē perniciem reī pūblīcae mōlientem. Sī tē iam, Cati-
 līna, comprehendī, sī interficī iūsserō, crēdō, erit verendum
 mihi, nē nōn hōc potius omnēs bonī sērius ā mē, quam quis-
 quam crūdēlius factum esse dīcat. Vērum ego hōc, quod 55
 iam pridem factum esse oportuit, certā dē causā nōndum
 addūcor ut faciam. Tum dēnique interficiēre, cum iam
 nēmo tam improbus, tam perditus, tam tuī similis, invenīrī
 poterit, quī id nōn iūre factum esse fateātur. 6. Quam diū
 quisquam erit, quī tē dēfendere audeat, vīvēs; et vīvēs ita, 60
 ut vīvis, multīs meis et fīrmīs praesidiīs oppressus, nē com-
 movēre tē contrā rem pūblīcam possīs. Multōrum tē etiam
 oculī et aurēs nōn sentientem, sicut adhūc fēcērunt, specu-
 labuntur atque cūstōdient.

Your designs are all known: then give them up. Do you not remember my foretelling in the Senate the very day on which Manlius would be in arms? and my prediction of your intended massacre of the aristocracy? This plot, as well as your attack on Praeneste, was defeated through my efforts.

III. Etenim quid est, Catilīna, quod iam amplius ex- 65
 spectēs, sī neque nox tenebrīs obscurāre coetūs nefariōs, nec

prīvāta domus parietibus, continēre vōcēs coniūrātiōnis tuae
 potest? si inlūstrantur, sī ērumpunt omnia? Mūtā iam
 istam mentem; mihi crēde, obliviscere caedis atque incendi-
 70 ōrum. Tenēris undique; lūce sunt clāriōra nōbīs tua cōn-
 silia omnia, quae iam mēcum licet recōgnōscās. 7. Memi-
 nistīne mē ante diem XII. Kalendās Novembrīs dīcere in
 senātū, fore in armīs certō diē (quī diēs futūrus esset ante
 diem VI. Kal. Novembrīs) C. Mānlium, audāciae satellitem
 75 atque administrum tuae? Num mē fefellit, Catilīna, nōn
 modo rēs tanta, tam atrōx, tamque incrēdibilis, vērū, id
 quod multō magis est admīrandū, diēs? Dīxi ego idem
 in senātū caedem tē optimātium contulisse in ante diem V.
 Kalendās Novembrīs, tum cum multī prīncipēs civitātis
 80 Rōmā, nōn tam suī cōservandī quam tuōrum cōsiliōrum
 reprimendōrum causā, profugērunt. Num infitiārī potes tē
 illō ipsō diē, meīs praesidiīs, meā diligentīā circumclūsum,
 commovēre tē contrā rem pūblicam nōn potuisse, cum tū
 discēssū cēterōrum nostrā tamen, quī remānsissēmus, caede
 85 tē contentum esse dīcēbās? 8. Quid? cum tē Praeneste
 Kalendīs ipsīs Novembribūs occupātūrum nocturnō impetū
 esse cōnfiderēs, sēnsistīne illam colōniam meō iūssū meīs
 praesidiīs, cūstōdiīs, vigiliīs esse mūnitam? Nihil agis,
 nihil mōliris, nihil cōgitās, quod nōn ego nōn modo audiam,
 90 sed etiam videam plānēque sentiam.

*As further evidence of my vigilance, I will tell you of the meeting
 which you held night before last at Laeca's house. You had a
 goodly attendance. There you completed your plans, assigning to
 each conspirator his particular duty. The plot included an at-
 tack on me, but before your meeting had broken up I knew every
 thing.*

IV. Recōgnōsce tandem mēcum noctem illam superiō-
 rem. Iam intellegēs multō mē vigilāre ācrius ad salūtem
 quam tē ad perniciem rei pūblīcae. Dīcō tē priōre nocte
 vēnisse inter falcāriōs—nōn agam obscurē—in M. Laecae
 95 domum; convēnisse eōdem complūrīs eiusdem āmentiae

scelerisque sociōs. Num negāre audēs? quid tacēs? convincam, sī negās. Videō enim esse hīc in senātū quōsdam quī tēcum unā fuērunt. 9. Ō dī immortalēs! ubinam gentium sumus? in quā urbe vīvimus? quam rem pūblicam habēmus? Hīc, hīc sunt, in nostrō numerō, patrēs cōn- 100
scrīptī, in hōc orbis terrae sāctissimō gravissimōque cōnsiliō, quī dē nostrō omnium interitū, quī dē hūius urbis atque adeō dē orbis terrārum exitiō cōgitent. Hōs ego videō cōnsul, et dē rē pūblicā sententiam rogō; et quōs ferrō trucidārī oportēbat, eōs nōndum vōce volnerō. Fuistī igitur 105
apud Laecam illā nocte, Catilīna. Distribuistī partīs Ītalīae; statuistī quō quemque proficīscī placēret; dēlēgistī quōs Rōmae relinquerēs, quōs tēcum ēdūcerēs; dīscrīpsistī urbis partīs ad incendia. Cōnfīrmāstī tē ipsum iam esse exitūrum. Dixistī paulum tibi esse etiam nunc morae, quod ego vīve- 110
rem. Repertī sunt duo equitēs Rōmānī quī tē istā cūrā liberārent, et sēsē illā ipsā nocte, paulō ante lūcem, mē in meō lectulō interfectūrōs esse pollicērentur. 10. Haec ego omnia, vixdum etiam coetū vestrō dīmissō, comperī. Domum meam māiōribus praesidiīs mūnīvī atque firmāvī. Exclūsī 115
eōs quōs tū ad mē salūtātum miserās, cum illī ipsī vēnissent, quōs ego iam multīs ac summīs virīs ad mē id temporis ventūrōs esse praedīxeram.

Then leave the city with your accomplices, for, although we have been fortunate enough to escape thus far, we cannot afford to take too many risks. Your attacks on me I repelled without trouble; but now your plans are more sweeping. Your departure is more desirable than your death, for your adherents would then follow you out of the city.

V. Quae cum ita sint, Catilīna, perge quō coepistī. Ēgredere aliquandō ex urbe; patent portae; proficīscere. 120
Nimium diū tē imperātōrem tua illa Mānliāna castra dēsīderant. Ēdūc tēcum etiam omnīs tuōs; sī minus, quam plūrimōs. Pūrgā urbem. Māgnō mē metū liberābis, dum modo inter mē atque tē mūrus intersit. Nōbīscūm versārī

125 iam diūtius nōn potes ; nōn feram, nōn patiar, et in sinam.
 11. Māgna dīs immortalībus habenda est atque hūc ipsī
 Iovī Statōrī, antiquissimō cūstōdī hūius urbis, grātia, quod
 hanc tam taetram, tam horribilem, tamque infēstam rei
 publicae pēstem totiēns iam effūgimus. Nōn est saepius in
 130 ūnō homine summa salūs perīclitanda rei pūblicae. Quam
 diū mihi cōsulī dēsīgnātō, Catilīna, insidiātus es, nōn pū-
 blicō mē praesidiō, sed prīvātā diligentiā dēfendī. Cum
 proximīs comitiīs cōsulārībus mē cōsulem in campō et
 competitōrēs tuōs interficere voluistī, compressī cōnātūs tuōs
 135 nefariōs amīcōrum praesidiō et cōpiīs, nullō tumultū publicē
 concitātō. Dēnique, quotiēscumque mē petistī, per mē
 tibi obstitī, quamquam vidēbam perniciem meam cum māgnā
 calamitāte rei pūblicae esse cōniūctam. 12. Nunc iam
 apertē rem pūblicam ūniversam petis. Tempa deōrum
 140 immortalīum, tēcta urbis, vītam omnium cīvium, Ītaliā
 dēnique tōtam ad exitium ac vāstitātem vocās. Quā rē quo-
 niam id quod est prīmum, et quod hūius imperī dīsciplīnae-
 que māiōrum proprium est, facere nōndum andeō, faciām
 id quod est ad sevērītātem lēnius et ad commūnem salūtem
 145 ūtilius. Nam sī tē interficī iūsserō, residēbit in rē publicā
 reliqua coniūrātōrum manus ; sīn tū, quod tē iam dūdum
 hortor, exieris, exhaustiētur ex urbe tuōrum comitum māgna
 et perniciōsa sentīna rei pūblicae. 13. Quid est, Catilīna ?
 num dubitās id, mē imperante, facere, quod iam tuā sponte
 150 faciēbās ? Exīre ex urbe iubet cōsul hostem. Interrogās
 mē, num in exsilium ? Nōn iubeō ; sed, sī mē cōsulīs,
 suādeō.

Your crimes are so notorious that you can surely find no pleasure in this city. You are stained with vice and ruined financially. Not a man here but knows the story of your first conspiracy, which only the good fortune of the Roman people baffled. I need not mention your repeated attacks on me.

VI. Quid est enim, Catilīna, quod tē iam in hāc urbe dēlectāre possit ? in quā nēmo est, extrā istam coniūratiō-

nem perditōrum hominum, quī tē nōn metuat; nēmo quī 155
nōn ōderit. Quae nota domesticae turpitūdinis nōn inūsta
vītae tuae est? Quod prīvatārum rērum dēdecus nōn haeret
in fāmā? Quae libīdō ab oculis, quod facinus ā manibus
umquam tuīs, quod flāgitium ā tōtō corpore āfuit? Cū tū
adulēscētulō, quem corruptēlārum inlecebrīs inrētissēs, 160
nōn aut ad audāciam ferrum aut ad libīdinem facem prae-
tulistī? ~~14.~~ Quid vērō? nūper cum morte superiōris uxōris
novīs nūptiīs domum vacuēfēcissēs, nōne etiam aliō incredi-
bilī scelere hōc scelus cumulāstī? Quod ego praetermittō,
et facile patior silērī, nē in hāc cīvitāte tantī facinoris im- 165
mānitās aut exstitisse aut nōn vindicāta esse videātur.
Praetermittō ruīnās fortūnārum tuārum, quās omnis impen-
dēre tibi proximīs Idibus sentiēs. Ad illa veniō, quae nōn
ad prīvatam ignōminiam vitīōrum tuōrum, nōn ad domesti-
cam tuam difficultātem ac turpitūdinem, sed ad summam 170
rem pūblicam atque ad omnium nostrum vītam salūtemque
pertinent. 15. Potestne tibi haec lūx, Catilinā, aut hūius
caelī spīritus esse iūcundus, cum sciās hōrum esse nēminem
quī nesciat, tē prīdiē Kalendās Iānuāriās, Lepidō et Tullō
cōsulibus, stetisse in comitiō cum tēlō? manum, cōsulum 175
et prīncipum cīvitātis interficiendōrum causā, parāvisse?
scelerī ac furōrī tuō nōn mentem aliquam aut timōrem
tuum, sed fortūnam populī Rōmānī obstitisse? Ac iam illa
omittō—neque enim sunt aut obscūra aut nōn multa com-
missa—quotiēns tū mē dēsīgnātum, quotiēns cōsulem inter- 180
ficere cōnātus es! quot ego tuās petitiōnēs ita coniectās, ut
vītārī posse nōn vidērentur, parvā quādam dēclīnātiōne et,
ut aiunt, corpore effūgī! Nihil agis, nihil adsequeris, nihil
mōliris, neque tamen cōnārī ac velle dēsistis. 16. Quotiēns
tibi iam extorta est ista sīca dē manibus! Quotiēns vērō 185
excidit cāsū aliquō et ēlāpsa est! Tamen eā carēre diūtius
nōn potes, quae quidem quibus abs tē initiāta sacris ac dēvōta
sit nesciō, quod eam necesse putās esse in cōsulis corpore
dēfigere.

In pity rather than in hate I ask, Who of all your acquaintances in this body greeted you as you entered just now? Your very presence causes general abhorrence. To be feared by one's slaves were bad enough, but to be hateful to one's fellow citizens, and even an object of dread to one's country, would be intolerable. Hear the cry, Catiline, of our common mother, our native land: she, too, bids you leave her.

- 190 VII. Nunc vērō quae tua est ista vīta? Sīc enim iam tēcum loquar, nōn ut odiō permōtus esse videar, quō dēbeō, sed ut misericordiā, quae tibi nūlla dēbētur. Vēnistī paulō ante in senātum: quis tē ex hāc tantā frequentīā, tot ex tuīs amīcīs ac necessariīs, salūtāvit? Sī hōc post hominum
- 195 memoriā contigit nēminī, vōcis exspectās contumēliā, cum sīs gravissimō iūdicīō taciturnitātis oppressus? Quid, quod adventū tuō ista subsellia vacuēfacta sunt? Quod omnēs cōsulārēs, quī tibi persaepe ad caedem cōstitutī fuērunt, simul atque adsēdistī, partem istam subselliōrum
- 200 nūdā atque inānem reliquērunt,—quō tandem animō tibi ferendum putās? 17. Servī mēhercule meī sī mē istō pactō metuerent, ut tē metuunt omnēs cīvēs tuī, domum meam relinquendam putārem: tū tibi urbem nōn arbitrāris? et, sī mē meīs cīvibus iniūriā sūspectum tam graviter atque
- 205 offēsum vidērem, carēre mē aspectū cīvium, quam infēstīs omnium oculīs cōspici, māllem. Tū, cum cōscientiā scelerum tuōrum agnōscās odium omnium iūstum et iam diū tibi dēbitum, dubitās, quōrum mentīs sēnsūque volnerās, eōrum aspectum praesentiamque vitāre? Sī tē parentēs
- 210 timērent atque odissent tuī, neque eōs ullā ratiōne placāre possēs, tū, opīnor, ab eōrum oculīs aliquō concēderēs: nunc tē patria, quae commūnis est parēns omnium nostrum, odit ac metuit et iam diū tē nihil iūdicat nisi dē parricidiō suō cōgitāre. Hūius tū neque auctōritātem verēbere, nec iūdi-
- 215 cium sequēre, nec vim pertimēscēs? 18. Quae tēcum, Catilīna, sīc agit, et quōdam modō tacita loquitur: ‘Nullum iam aliquot annīs facinus exstitit nisi per tē, nullum flāgitium sine tē. Tibi unī multōrum cīvium necēs, tibi vexatiō dīrep-

tiōque sociōrum impūnīta fuit ac libera. Tū nōn solum ad
 neglegendās lēgēs et quaestiōnēs, vērū etiam ad ēverten- 220
 dās perfringendāsque valuistī. Superiōra illa, quamquam
 ferenda nōn fuērunt, tamen, ut potuī, tulī; nunc vērō mē
 tōtam esse in metū propter unum tē, quicquid increpuerit,
 Catilinam timēri, nūllum vidēri ⁴¹⁻² contrā mē cōnsilium iniri
 posse quod ā tuō scelere abhorreat, nōn est ferendum. 225
 Quam ob rem discēde, atque hunc mihi timōrem ēripi: sī
 est vērū, nē opprīmar; sīn falsus, ut tandem aliquandō
 timēre dēsīnam.' VIII. 19. Haec sī tēcū, ut dixī, patria
 loquātur, nōne impetrāre dēbeat, etiam sī vim adhibēre
 nōn possit? 230

Your very offers to give yourself up in custody amount to self-condemnation. In the light of all this evidence, why hesitate what to do?

Quid, quod tū tē ipse in cūstōdiam dedistī? quod, vitan-
 dae sūspiciōnis causā, ad M'. Lepidum tē habitāre velle
 dixistī? ā quō nōn receptus etiam ad mē venīre ausus es, 235
 atque, ut domī meae tē adservārem, rogāstī. Cum ā mē
 quoque id respōsum tulissēs, mē nūllō modō posse isdem
 parietibus tūtō esse tēcū, quī māgnō in periculō essēm, 235
 quod isdem moenibus continērēmur, ad Q. Metellū praetōrem
 vēnistī; ā quō repudiātus ad sodālem tuum, virum
 optimum, M. Mārcellū dēmigrāstī; quem tu videlicet et
 ad cūstōdiendum tē dīligentissimū et ad sūspicandum 240
 sagācissimū et ad vindicandum fortissimū fore putāstī.
 Sed quam longē vidētur ā carcere atque ā vinculis abesse dē-
 bēre, quī sē ipse iam dīgnū cūstōdiā iūdicārit? 20. Quae
 cum ita sint, Catilīna, dubitās, sī ēmorī aequō animō nōn
 potes, abire in aliquās terrās, et vītam istam, multīs sup- 245
 pliciīs iūstīs dēbitisque ēreptam, fugae sōlitūdīnīque man-
 dāre? *

“Put the matter to the vote?” I need not do that to show you the sentiment of the Senate. Hear me—I bid you go into exile!—and this audience hears my words in approving silence. Such words spoken to another would have led to scenes of violence. But bitterly as these citizens hate you, they would willingly act as your escort if you would only go.

‘Refer,’ inquit, ‘ad senātum’; id enim pōstulās, et, sī hīc ōrdō placēre dēcrēverit tē ire in exsilium, obtemperā-
 250 tūrum tē esse dīcis. Nōn referam (id quod abhorret ā meīs mōribus) et tamen faciam ut intellegās quid hī dē tē sentiant. Ēgredere ex urbe, Catilīna; liberā rem pūblicam metū; in exsilium, sī hanc vōcem expectās, proficīscere. Quid est, Catilīna? ecquid attendis, ecquid animadvertis
 255 hōrum silentium? Patiuntur, tacent. Quid expectās auctōritātem loquentium, quōrum voluntātem tacitōrum perspicias? 21. At sī hōc idem huīc adulēcentī optimō P. Sēstiō, sī fortissimō virō M. Mārcellō, dīxissent, iam mihi cōsulī, hōc ipsō in templō, senātus iūre optimō vim et
 260 manūs intulisset. Dē tē autem, Catilīna, cum quiēscunt, probant; cum patiuntur, dēcernunt; cum tacent, elāmant. Neque hī solum (quōrum tibi auctōritās est videlicet cāra, vīta vīlissima) sed etiam illī equitēs Rōmānī, honestissimī atque optimī virī, cēterīque fortissimī cīvēs, quī circumstant
 265 senātum; quōrum tū et frequentiam vidēre, et studia perspicere, et vōcēs paulō ante exaudīre, potuistī. Quōrum ego vix abs tē iam diū manūs ac tēla contineō, eōsdem facile addūcam, ut tē haec, quae vāstāre iam prīdem studēs, relinquentem ūsque ad portās prōsequantur.

But why speak to you of exile? Would to Heaven you would go! I would gladly bear all the odium such a course might bring upon me. But I know that every preparation has been made for your arrival at the camp in Etruria.

270 IX. 22. Quamquam quid loquor? tē ut ūlla rēs frangat? tū ut umquam tē corrigās? tū ut ūllam fugam meditēre? tū ut exsilium cōgitēs? Utinam tibi istam mentem dī im-

mortālēs duint ! tametsī videō, sī, meā vōce perterritus, ire
 in exsilium animum indūxeris, quanta tempestās invidiae
 nōbīs, sī minus in praesēns tempus, recentī memoriā scele- 275
 rum tuōrum, at in posteritātem, impendeat. Sed est tantī,
 dum modo ista sit prīvāta calamitās, et ā reī pūblicae perī-
 culīs sēiungātur. Sed tū ut vitiīs tuīs commoveāre, ut
 lēgum poenās pertimēscās, ut temporibus reī pūblicae cēdās,
 nōn est pōstulandum. Neque enim is es, Catilīna, ut tē 280
 aut pudor umquam ā turpitudīne, aut metus ā perīculō, aut
 ratiō ā furōre, revocārit. 23. Quam ob rem, ut saepe iam
 dixī, proficiscere ; ac, sī mihi inimicō, ut praedicās, tuō cōn-
 flāre vīs invidiam, rēctā perge in exsilium. Vix feram ser-
 mōnēs hominum, sī id fēceris ; vix mōlem istius invidiae, 285
 sī in exsilium iūssū cōnsulis ieris, sustinēbō. Sīn autem
 servīre meae laudī et glōriae māvīs, ēgredere cum importūnā
 scelerātōrum manū ; cōnfer tē ad Mānlium ; concitā perditōs
 cīvēs ; sēcerne tē ā bonīs ; īfer patriae bellum ; exsultā im-
 piō latrōciniō, ut ā mē nōn ēiectus ad aliēnōs, sed invitātus 290
 ad tuōs īsse videāris. 24. Quamquam quid ego tē invitem,
 ā quō iam sciam esse praemissōs quī tibi ad forum Aurēlium
 praestōlārentur armātī ? cui sciam pactam et cōstitutā
 cum Mānliō diem ? ā quō etiam aquilam illam argenteam
 quam tibi ac tuīs omnibus cōnfidō perniciosam ac fūnestam 295
 futūram, cui domī tuae sacrārium scelerum tuōrum cōn-
 stitūtum fuit, sciam esse praemissam ? Tū ut illā carere
 diūtius possīs, quam venerārī ad caedem proficiscēns solēbās,
 ā cūius altāribus saepe istam impiam dexteram ad necem
 cīvium trānstulistī ? 300

*Go you will to that camp at last, and with what pleasure ! What joys
 await you among that abandoned crew ! There you will be in
 your natural sphere. Your defeat for the consulship will have the
 effect at least of making you appear in your true colors at last.*

X. 25. Ībis tandem aliquandō, quō tē iam prīdem ista
 tua cupiditās effrēnāta ac furiōsa rapiēbat. Neque enim
 tibi haec rēs adfert dolōrem, sed quādam incrēdibilem

voluptātem. Ad hanc tē āmentiam nātūra peperit, voluntās
 305 exercuit, fortūna servāvit. Numquam tū nōn modo ōtium,
 sed nē bellum quidem nisi nefārium concupistī. Nanctus
 es, ex perditīs atque ab omnī nōn modo fortūnā vērūm etiam
 spē dērelictīs cōnflātam, improbōrum manum. 26. Hīc tū
 quā laetitiā perfruere! Quibus gaudiīs exsultābis! Quantā
 310 in voluptāte bacchābere, cum in tantō numerō tuōrum,
 neque audiēs virum bonum quemquam, neque vidēbis! Ad
 hūius vitāe studium meditātī illī sunt quī feruntur labōrēs
 tuī: iacere humī, nōn solum ad obsidendum stuprum, vērūm
 etiam ad facinus obeundum; vigilāre, nōn solum insidian-
 315 tem somnō maritōrum, vērūm etiam bonīs ōtiōsōrum. Ha-
 bēs ubi ostentēs tuam illam praeclāram patientiam famis,
 frīgoris, inopiāe rērum omnium, quibus tē brevī tempore
 cōnfectum esse sentiēs. 27. Tantum prōfēcī tum, cum tē
 ā cōnsulātū reppulī, ut exsul potius temptāre quam cōnsul
 320 vexāre rem pūblicam possēs; atque ut id, quod est ā tē
 scelerātē susceptum, latrōcinium potius quam bellum nōmi-
 nārētur.

Let me explain my position, O conscript fathers. If my beloved country should reproach me for remissness in allowing Catiline to escape: if she should invoke the examples of our forefathers, or plead that the laws were made for citizens not enemies, and charge me with ingratitude for the honors the people have conferred on me . . .

XI. Nunc, ut ā mē, patrēs cōnscriptī, quandam prope
 iūstam patriae querimōniam dētēster ac dēprecer, percipite,
 325 quaesō, diligenter quae dīcam, et ea penitus animīs vestrīs
 mentibusque mandāte. Etenim sī mēcum patria, quae mihi
 vitā meā multō est cārior, sī cūncta Ītalia, sī omnis rēs
 pūblica loquātur: ‘M. Tullī, quid agis? Tūne eum, quem
 esse hostem comperistī, quem ducem bellī futūrum vidēs,
 330 quem exspectārī imperātōrem in castrīs hostium sentīs,
 auctōrem sceleris, prīncipem coniūratiōnis, ēvocātorem ser-
 vōrum et cīvium perditōrum, exīre patiēre, ut abs tē nōn

ēmissus ex urbe, sed immissus in urbem esse videātur? Nōn hunc in vincula dūcī, nōn ad mortem rapī, nōn summō suppliciō māctārī imperābis? **28.** Quid tandem tē impedit? 335
 Mōsne māiōrum? at persaepe etiam prīvātī in hāc rē publicā perniciosōs cīvīs morte multāvērunt. An lēgēs, quae dē cīvium Rōmānōrum suppliciō rogātae sunt? at numquam in hāc urbe, quī ā rē publicā dēfēcērunt, cīvium iūra tenuērunt. An invidiam posteritātis timēs? praeclāram vērō 340
 populō Rōmānō refers grātiam, quī tē hominem per tē cōgnitum, nullā commendātiōne māiōrum, tam mātūrē ad summum imperium per omnīs honōrum gradūs extulit, sī propter invidiae aut alicūius periculī metum salutem cīvium tuōrum neglegis. **29.** Sed sī quis est invidiae metus, num est vehe- 345
 mentius sevērītātis ac fortitudinis invidia quam inertiae ac nēquitiae pertimēscenda? An cum bellō vāstābitur Ītalia, vexābuntur urbēs, tēcta ardēbunt, tum tē nōn exīstimās invidiae incendiō cōnflagrātūrum?’

In answer to this, let me say that, deserved as was the fate of Saturninus and others like him, yet putting Catiline to death would bring upon us the charge of tyranny without helping the situation. Rather let Catiline go, and with him his crowd, and every sign of disorder will disappear.

XII. Hīs ego sāctissimīs rēi publicae vōcibus, et eōrum 350
 hominum, quī hōc idēm sentiunt, mentibus pauca respondebō. Ego, sī hōc optimum factū iūdicārem, patrēs cōnscriptī,—Catilinam morte multārī,—ūnīus ūsūram hōrae gladiātōrī istī ad vivendum nōn dedissem. Etenim sī summī et clārissimī virī, Sātūrnīnī et Gracchōrum et Flaccī et supe- 355
 riōrum complūrium sanguine, nōn modo sē nōn contāminā-
 runt, sed etiam honestārunt, certē verendum mihi nōn erat, nē quid, hōc parricidā cīvium interfectō, invidiae mihi in posteritātem redundāret. Quōd sī ea mihi māximē impen-
 dēret, tamen hōc animō semper fuī, ut invidiam virtūte 360
 partam glōriam, nōn invidiam putārem. **30.** Quamquam nōn nullī sunt in hōc ōrdine, quī aut ea quae imminent nōn

videant, aut ea quae vident dissimulent. Quī spem Cati-
 365 linae mollibus sententiis aluerunt, coniurationemque nascentem
 non credendo corroboraverunt; quorum auctoritatem
 secuti multi, non solum improbi, verum etiam imperiti, si
 in hunc animadvertissem, crudeliter et regie factum esse
 dicerent. Nunc intellego, si iste, quo intendit, in Manliana
 castra pervenerit, neminem tam stultum fore qui non videat
 370 coniurationem esse factam, neminem tam improbum qui
 non fateatur. Hoc autem uno interfecto, intellego hanc rei
 publicae pestem paulisper reprimi, non in perpetuum com-
 primi posse. Quod si se eiecerit, secumque suos eduxerit,
 et eodem ceteros undique conlectos naufragos adgregarit,
 375 extinguetur atque delabitur non modo haec tam adulta rei
 publicae pestis, verum etiam stirps ac semen malorum
 omnium.

XIII. 31. Etenim iam diu, patres conscripti, in his peri-
 culis coniurationis insidiisque versamur, sed nescio quo
 380 pacto omnium scelerum ac veteris furoris et audaciae matu-
 ritas in nostri consulatus tempus erupit. Quod si ex tanto
 latrociniio iste unus tolletur, videbimur fortasse ad breve
 quoddam tempus cura et metu esse relevati; periculum
 autem residet, et erit inclusum penitus in venis atque in
 385 visceribus rei publicae. Ut saepe homines aegri morbo
 gravi, cum aestu febrique iactantur, si aquam gelidam
 biberint, primo relevari videntur, deinde multo gravius
 vehementiusque afficiantur, sic hic morbus qui est in re
 publica, relevatus istius poena, vehementius reliquis vivis
 390 ingravescet.

Then let these anarchists withdraw, ceasing from their corrupt and dangerous work in our midst, and begin their impious war: Jupiter the Stayer will defend us all, and bring them to justice, living or dead.

32. Quam rem secendant improbi; discernant se a bonis; unum in locum congregentur; muro denique, id quod saepe iam dixi, discernantur a nobis. Desinant insidiari domi

suae cōsulī, circumstāre tribūnal praetōris urbānī, obsidēre cum gladiīs cūriam, malleolōs et facēs ad inflammandam 395 urbem comparāre.) Sit dēnique īnscrip̄tum in fronte ūnīus cūiusque, quid dē rē pūblicā sentiat. Polliceor hōc vōbīs, patrēs cōscrip̄tī, tantam in nōbīs cōsulibus fore dīligentiam, tantam in vōbīs auctōritātem, tantam in equitibus Rōmānīs virtūtem, tantam in omnibus bonīs cōsēnsiōnem, 400 ut Catilīnae profectiōne omnia patefacta, inlūstrāta, oppressa, vindicāta esse videātis.

33. Hīsce ōminibus, Catilīna, cum summā rei pūblicae salūte, cum tuā pēste ac perniciē, cumque eōrum exitiō, quī sē tēcum omnī scelere parricīdiōque iūnxērunt, proficīscere 405 ad impium bellum ac nefārium. Tū, Iūppiter, quī isdem quibus haec urbs auspiciis ā Rōmulō es cōstitutus, quem Statōrem hūius urbis atque imperī vērē nōmināmus, hunc et hūius sociōs ā tuīs cēterisque templīs, ā tēctīs urbis ac moenibus, ā vitā fortūnisque cīvium omnium arcēbis; et 410 hominēs bonōrum inimicōs, hostīs patriae, latrōnēs Ītalīae, scelerum foedere inter sē ac nefāriā societāte cōniūctōs, aeternīs suppliciis vivōs mortuōsque māctābis.

SECOND ORATION AGAINST CATILINE

Catiline went alone, and joined Manlius, and had he come on at once he might have taken Rome. The army was to support an insurrection, and the insurrection was to support the army. Catiline was to wait for a signal from his friends in the city, and Lentulus, Cethegus, Autronius, and the rest of the leaders waited for Catiline to arrive.—FROUDE's *Caesar*.

SECOND ORATION AGAINST CATILINE

At last, fellow-citizens, we have driven Catiline out of the city! He has been dislodged from his stronghold, and must now fight in open warfare.

TANDEM aliquandō, Quirītēs, L. Catilīnam, furem audaciā, scelus anhelantem, pestem patriae nefariē molientem, vobīs atque huic urbī ferrō flammāque minitantem, ex urbe vel eiēcimus vel emisimus, vel ipsum egredientem verbis prosecuti sumus. Abiit, excessit, evāsit, erūpit. Nulla 5 iam perniciēs a monstrō illō atque prodigiō moenibus ipsīs intrā moenia comparābitur. Atque hunc quidem unum huius bellī domesticī ducem sine contrōversiā vīcimus. Nōn enim iam inter latera nostra sīca illa versābitur; nōn in campō, nōn in forō, nōn in cūriā, nōn dēnique intrā 10 domesticōs parietēs pertimēscēmus. Locō ille mōtus est, cum est ex urbe dēpulsus. Palam iam cum hoste, nūllō impediēte, bellum iūstum gerēmus. Sine dubiō perdidimus hominem magnificēque vīcimus, cum illum ex occultis insidiis in apertum latrōcinium coniēcimus. 15

QUESTIONS (*for the answers see the Notes*).—1. What are the dates given for the First and the Second Oration against Catiline? 2. The year? 3. Before whom was the Second Oration delivered? 4. What was the purpose of the Second Oration? 5. Whom did Catiline leave in the city to manage the conspiracy after his own departure? 6. By what title does Cicero address the people? (See the first line of the Latin text). 7. Look back at the first line of chap. xi of the First Oration, and tell by what title he addresses the Senate.

He has had his very weapons wrested from his hands, and leaving us all alive he finds himself utterly routed.

2. Quod vērō nōn cruentum mūcrōnem, ut voluit, extulit; quod vīvīs nōbīs ēgressus est; quod eī ferrum ē manibus extorsimus; quod incolumīs cīvīs, quod stantem urbem reliquit—quantō tandem illum maerōre esse afflictum et prōfligātum putātis? Iacet ille nunc, prōstrātusque est, 20 et sē perculsum atque abiectum esse sentit, et retorquet oculos profectō saepe ad hanc urbem, quam ē suis faucibus ēreptam esse lūget: quae quidem mihi laetārī vidētur, quod tantam pēstem ēvomuerit forāsque prōiēcerit.

It is true, he deserved death, but many did not believe my words: in driving him out therefore my triumph is complete.

25 II. 3. Āc sī quis est tālis, quālīs esse omnīs oportēbat, quī in hōc ipsō, in quō exsultat et triumphat ōrātiō mea, mē vehementer accūset—quod tam capitālem hostem nōn comprehenderim potius quam emiserim—nōn est ista mea culpa, sed temporum. Interfectum esse L. Catilīnam et 30 gravissimō suppliciō adfectum iam prīdem oportēbat, idque ā mē et mōs māiōrum, et hūius imperī sevērītās, et rēs pūblica, pōstulābat. Sed quam multōs fuisse putātis quī quae ego dēferrem nōn crēderent? quam multōs quī propter stultitiam nōn putārent? quam multōs quī etiam 35 dēfenderent? quam multōs quī propter improbitātem favērent? Āc sī, illō sublātō, dēpellī ā vōbīs omne perīculum iūdicārem, iam prīdem ego L. Catilīnam nōn modo invidiae meae, vērūm etiam vītāe perīculō sustulissem. 4. Sed cum vidērem, nē vōbīs quidem omnibus rē etiam tum probātā, 40 sī illum, ut erat meritus, morte multāssem, fore ut eius sociōs invidiā oppressus persequī nōn possem, rem hūc dēdūxī, ut tum palam pūgnāre possētis, cum hostem apertē vidērētis.

We have now nothing more to fear—

Quem quidem ego hostem quam vehementer foris esse timendum putem, licet hinc intellegātis, quod etiam molestē ferō, quod ex urbe parum comitātus exierit. Utinam ille omnīs sēcum suās cōpiās ēdūxisset! Tongilium mihi ēdūxit, quem amāre in praetextā coeperat, Pūblicium et Minucium, quōrum aes aliēnum contrāctum in popinā nūllum rei pūblicae mōtum adferre poterat: reliquit quōs 45 virōs! quantō aere aliēnō! quam valentīs! quam nōbilīs!

III. 5. Itaque ego illum exercitum prae Gallicānīs legiōnibus, et hōc dilēctū quem in agrō Picēnō et Gallicō Q. Metellus habuit, et hīs cōpiīs quae ā nōbīs cotidiē comparantur, māgnō opere contemnō, conlētum ex senibus dēspērātīs, ex agrestī lūxuriā, ex rūsticīs dēcoctōribus, ex eīs quī vadimōnia dēserere quam illum exercitum māluērunt. Quibus ego nōn modo sī aciem exercitūs nostrī, vērūm etiam sī ēdictum praetōris ostenderō, concident.

except the adherents he has left behind: these also had better go.

Hōs, quōs vidēō volitāre in forō, quōs stāre ad cūriam, 60 quōs etiam in senātum venīre, quī nitent unguentīs, quī fulgent purpurā, māllem sēcum milītēs ēdūxisset. Quī sī hīc permanent, mementōte nōn tam exercitum illum esse nōbīs quam hōs quī exercitum dēseruērunt, pertimēscendōs; atque hōc etiam sunt timendī magis, quod quicquid cōgitant mē scīre sentiunt, neque tamen permoventur. 6. Videō 65 cui sit Āpūlia attribūta, quis habeat Etrūriam, quis agrum Picēnum, quis Gallicum, quis sibi hās urbānās insidiās caedis atque incendiōrum dēpopōscerit. Omnia superiōris noctis cōnsilia ad mē perlāta esse sentiunt; patefēcī in senātū hesternō diē. Catilīna ipse pertimuit, profūgit: hī quid exspectant? Nē illī vehementer errant, sī illam meam pristinam lēnitātem perpetuam spērānt futūram.

IV. Quod exspectāvī, iam sum adsecūtus, ut vōs omnēs factam esse apertē coniūrātiōnem contrā rem pūblicam 75

vidērētis ; nisi vērō sī quis est quī Catilīnae similis cum Catilīnā sentire nōn putet. Nōn est iam lēnitātī locus ; sevērītātem rēs ipsa flāgitat. Ūnum etiam nunc concēdam : exeant, proficīscantur, nē patiantur dēsīderiō suī Catilīnam miserum tābēscere. Dēmōnstrābō iter : Aurēliā viā profectus est ; sī adcelerāre volent, ad vesperam cōsequentur.

What a relief since Catiline departed ! He was the intimate friend of criminals of every class.

7. Ō fortunātā rem pūblicā, sī quidem hanc sentīnam urbis ēiēcerit ! Ūnō mēhercule Catilīnā exhaustō, levāta
85 mihi et recreāta rēs pūblica vidētur. Quid enim malī aut sceleris fingī aut cōgitārī potest quod nōn ille concēperit ? Quis tōtā Italiā venēficus, quis gladiātor, quis latrō, quis sicārius, quis parricīda, quis tēstāmentōrum subiectō, quis circumscrip̄tor, quis gāneō, quis nepōs, quis adulter, quae
90 mulier infāmis, quis corruptor iuventūtis, quis corruptus, quis perditus invenīrī potest quī sē cum Catilīnā nōn familiārissimē vixisse fateātur ? Quae caedēs per hōsce annōs sine illō facta est ? Quod nefārium stuprum nōn per illum ?
8. Iam vērō quae tanta umquam in ūllō homine iuventūtis
95 inlecebra fuit, quanta in illō ? quī aliōs ipse amābat turpissimē, aliōrum amōrī flāgitiōsissimē serviēbat ; aliīs frūctum libīdinum, aliīs mortem parentum, nōn modo impellendō, vērūm etiam adiuvandō pollicēbātur. Nunc vērō quam subitō nōn solum ex urbe, vērūm etiam ex agrīs ingentem
100 numerum perditōrum hominum conlēgerat ! Nēmo nōn modo Rōmae, sed nē ūllō quidem in angulō tōtīus Italiāe oppressus aere aliēnō fuit, quem nōn ad hōc incrēdibile sceleris foedus asciverit. V. 9. Atque ut eius dīversa studia in dissimilī ratiōne perspicere possītis, nēmo est in
105 lūdō gladiātōriō paulō ad facinus audācior, quī sē nōn intimum Catilīnae esse fateātur ; nēmo in scēnā levior et nēquior, quī sē nōn eiusdem prope sodālem fuisse commemoret. Atque idem tamen stuprōrum et scelerum exer-

citātiōne adsuēfactus frīgore et famē et siti et vigiliis perferendis fortis ab istis praedicābatur, cum industriae subsidia atque instrūmenta virtūtis in libidine audaciāque cōsumeret. 110

His accomplices are the most desperate characters, whose only thoughts are of murder, incendiarism, and rapine.

10. Hunc vērō sī secūti erunt suī comitēs, sī ex urbe exierint dēspērātōrum hominum flāgitiōsī gregēs, Ō nōs beātōs, Ō rem pūblicam fortūnātam, Ō praecelāram laudem cōsulātūs meī! Nōn enim iam sunt mediocrēs hominum libidinēs, nōn hūmānae ac tolerandae audāciae. Nihil cōgitant nisi caedem, nisi incendia, nisi rapinās. Patrimōnia sua profūdērunt, fortūnās suās obligāvērunt; rēs eōs iam pridem, fidēs nūper dēficere coepit. Eadem tamen illa, quae erat in abundantīā, libidō permanet. Quod sī in vīnō et āleā cōmissātiōnēs solum et scorta quaerent, essent illi quidem dēspērāndī, sed tamen essent ferendī. Hōc vērō quis ferre possit, inertīs hominēs fortissimīs virīs insidiārī, stultissimōs prūdentissimīs, ebriōsōs sōbriīs, dormientīs vigilantibus? quī mihi accubantēs in conviviīs, complexī mulierēs impudicās, vīnō languidī, cōnfertī cibō, sertīs redimītī, unguentīs oblitī, dēbilitātī stuprīs, ēructant sermōnibus suis caedem bonōrum atque urbis incendia. 125

Our country is at peace with the rest of the world: to have removed these foes within will be the crowning glory of my consulship.

11. Quibus ego cōfidō impendēre fātum aliquod, et poenam iam diū improbitātī, nēquitiae, scelerī, libidinī debitam aut instāre iam plānē aut certē appropinquāre. Quōs sī meus cōsulātus, quoniam sānāre nōn potest, sustulerit, nōn breve nesciō quod tempus, sed multa saecula prōpāgarit rei pūblīcae. Nulla est enim nātiō quam pertimēscāmus; nullus rēx quī bellum populō Rōmānō facere possit. Omnia sunt externa ūnīus virtūte terrā marīque pācāta. Domesti- 135

cum bellum manet; intus insidiae sunt; intus inclūsum perīculum est; intus est hostis. Cum lūxiā nōbīs, cum
 140 āmentiā, cum scelere certandum est. Huīc ego mē bellō
 duce[m] profiteor, Quirītēs. Suscipiō inimicitias hominum
 perditōrum. Quae s̄nārī poterunt, quācumque ratiōne
 s̄nābō; quae resecanda erunt, nōn patiar ad perniciem
 cīvitātis manēre. Proinde aut exeant aut quiēscant, aut, sī
 145 et in urbe et in eādē[m] mente permanent, ea quae merentur
 exspectent.

“Catiline an exile,” my fellow-citizens? Poor fellow! But not he: he has gone, not to Massilia, but to the camp of Manlius in Etruria.

VI. 12. At etiam sunt quī dīcant, Quirītēs, ā mē in
 exsilium ēiectum esse Catilinam. Quod ego sī verbō adse-
 quī possem, istōs ipsōs ēicerem, quī haec loquuntur. Homo
 150 enim vidēlicet timidus, aut etiam permodestus, vōcem
 cōnsulis ferre nōn potuit: simul atque ire in exsilium
 iūssus est, p̄ruit. Quid? ut hesternō diē, Quirītēs, cum
 domī meae paene interfectus essem, senātum in aedem Iovis
 Statōris convocāvī, rem omnem ad patrēs cōscrip̄tōs dētulī:
 155 quō cum Catilīna vēnisset, quis eum senātor appellāvit?
 quis salūtāvit? quis dēnique ita aspexit ut perditum cīvem,
 ac nōn potius ut importūnissimum hostem? Quīn etiam
 prīncipēs eius ōrdinis partem illam subselliōrum, ad quam
 ille accēsserat, nūdā[m] atque inānem reliquērunt. 13. Hīc
 160 ego vehemēns ille cōsul, quī verbō cīvis in exsilium ēiciō,
 quaesivī ā Catilīnā in nocturnō conventū ad M. Laecam
 fuisset necne. Cum ille, homo audācissimus, cōscientiā
 convictus, primō reticuisset, patefēcī cētera. Quid eā nocte
 ēgisset, quid in proximam cōstituisset, quem ad modum
 165 esset eī ratiō tōtius bellī dēscripta, ēdocuī. Cum haesitāret,
 cum tenērētur, quaesivī quid dubitāret proficiscī eō, quō
 iam prīdem parāret, cum arma, cum secūrīs, cum fascīs,
 cum tubās, cum sīgna militāria, cum aquilam illam argen-
 team, cui ille etiam sacrārium scelerum domī suae fēcērat,

THEATRE AT FAESULAE (FIESOLE)

scīrem esse praemissam. 14. In exsilium ēiciēbam, quem 170
iam ingressum esse in bellum vidēbam? Etenim, crēdō,
Mānlius iste centuriō, quī in agrō Faesulānō castra posuit,
bellum populō Rōmānō suō nōmine indīxit, et illa castra
nunc nōn Catilīnam ducem exspectant, et ille ēiectus
in exsilium sē Massiliam, ut āiunt, nōn in haec castra 175
cōnferet.

*Let him, if he will, go into exile. If he does, I may be misjudged,
but I will gladly bear the consequences, be they what they may, if
only the country be saved. But in three days you will know the
truth.*

VII. Ō condiōnem miseram nōn modo administran-
dae, vērū etiam cōservandae rei pūblīcae! Nunc sī L.
Catilīna, cōsiliīs, labōribus, perīculīs meis circumclūsus
āc dēbilitātus, subitō pertimuerit, sententiam mūtāverit, 180
dēseruerit suōs, cōsiliū bellī faciendī abiēcerit, ex hōc
cursū sceleris āc bellī iter ad fugam atque in exsilium con-
verterit, nōn ille ā mē spoliātus armīs audāciae, nōn obstu-
pefactus āc perterritus meā diligentiā, nōn dē spē cōnātūque
dēpulsus, sed indemnātus, innocēns in exsilium ēiectus ā 185
cōnsule vī et minīs esse dīcētur: et erunt quī illum, sī hōc
fēcerit, nōn improbum sed miserum, mē nōn diligētis-
simum cōnsulem sed crūdēlissimum tyrannum, exīstimārī
velint! 15. Est mihi tantī, Quirītēs, hūius invidiae falsae
atque inīquae tempestātem subīre, dum modo ā vōbīs hūius 190
horribilis bellī āc nefāriī perīculum dēpellātur: dīcātur
sānē ēiectus esse ā mē, dum modo eat in exsilium. Sed
mihi crēdite, nōn est itūrus. Numquam ego ā dīs immor-
tālibus optābō, Quirītēs, invidiae meae levandae causā, ut
L. Catilīnam dūcere exercitum hostium atque in armīs 195
volitāre audiātis; sed trīduō tamen audiētis, multōque
magis illud timeō, nē mihi sit invidiōsum aliquandō, quod
illum ēmiserim potius quam quod ēiēcerim. Sed cum sint
hominēs quī illum, cum profectus sit, ēiectum esse dīcant,
eīdem, sī interfectus esset, quid dīcerent? 16. Quamquam 200

istī quī Catilīnam Massiliam ire dictitant, nōn tam hōc queruntur quam verentur. Nēmo est istōrum tam misericors quī illum nōn ad Mānlium quam ad Massiliēnsīs ire mālīt. Ille autem, sī mē hercule hōc, quod agit, num-
 205 quam antea cōgitāsset, tamen latrōcinantem sē interficī māllet quam exsulem vīvere. Nunc vērō, cum eī nihil adhūc praeter ipsius voluntātem cōgitatiōnemque acciderit, nisi quod vīvīs nōbīs Rōmā profectus est, optēmus potius ut eat in exsilium quam querāmur.

But leaving Catiline now as a self-confessed enemy, let me describe the classes to which his followers belong.

210 VIII. 17. Sed cūr tam diū dē ūnō hoste loquimur, et dē hoste quī iam fatētur sē esse hostem, et quem, quia, quod semper voluī, mūrus interest, nōn timeō. Dē eīs quī dissimulant, quī Rōmae remanent, quī nōbiscum sunt, nihil dīcimus? Quōs quidem ego, sī ūllō modō fierī possit, nōn
 215 tam ulcīscī studeō quam sānāre sibi ipsōs, plācāre reī pūblīcae; neque, id quā rē fierī nōn possit, sī mē audīre volent, intellegō. Expōnam enim vōbīs, Quirītēs, ex quibus generibus hominum istae cōpīae comparentur; deinde singulīs medicīnam cōnsilī atque ōrātiōnis meae, sī quam poterō,
 220 adferam.

The first class consists of propertied men who are yet deeply in debt.

18. Ūnum genus est eōrum quī māgnō in aere aliēnō māiōrēs etiam possessiōnēs habēt, quārum amōre adductī dissolvī nullō modō possunt. Hōrum hominum speciēs est honestissima; sunt enim locuplētēs. Voluntās vērō et
 225 causa impudentissima. Tū agrīs, tū aedificiīs, tū argentō, tū familiā, tū rēbus omnibus ōrnātus et cōpiōsus sīs, et dubitēs dē possessiōne dētrahere, adquirere ad fidem? Quid enim exspectās? bellum? Quid ergō? in vāstātiōne omnium tuās possessiōnēs sacrōsānctās futūrās putās? An tabulās
 230 novās? Errant quī istās ā Catilīnā exspectant: meō bene-

ficiō tabulae novae prōferentur, vērūm auctiōnāriae; neque enim istī, quī possessiōnēs habent, aliā ratiōne ūllā salvī esse possunt. Quod sī mātūrius facere voluissent, neque (id quod stultissimum est) certāre cum ūsūrīs frūctibus praediōrum, et locuplētioribus hīs et melioribus cīvibus 235 ūterēmur. Sed hōsce hominēs minimē putō pertimēscendōs, quod aut dēdūcī dē sentiētiā possunt, aut, sī permanēbunt, magis mihi videntur vōta factūrī contrā rem publicam quam arma lātūrī.

The second class, of needy but ambitious politicians.

IX. 19. Alterum genus est eōrum quī, quamquam 240 premuntur aere aliēnō, dominātiōnem tamen exspectant, rērū potīrī volunt, honōrēs, quōs quiētā rē publicā dēspērant, perturbātā sē cōsequī posse arbitrantur. Quibus hōc praeciendum vidētur (ūnum scīlicet et idem quod reliquīs omnibus), ut dēspērent id, quod cōnantur, sē cōn- 245 sequī posse: primum omnium mē ipsum vigilāre, adesse, prōvidēre rē publicae; deinde māgnōs animōs esse in bonīs virīs, māgnam concordiam in māximā multitudine, māgnās praetereā cōpiās militum; deōs dēnique immortalīs huīc invictō populō, clārissimō imperiō, pulcherrimae urbī con- 250 trā tantam vim sceleris praesentīs auxilium esse lātūrōs. Quod sī iam sint id, quod cum summō furōre cupiunt, adeptī, num illī in cinere urbis et in sanguine cīvium, quae mente cōnscelerātā ac nefāriā concupivērunt, sē cōsulēs ac dictātōrēs aut etiam rēgēs spērant futūrōs? Nōn vident id 255 sē cupere, quod sī adeptī sint, fugitivō alicuī aut gladiātōrī concēdī sit necesse?

The third class, of Sully's veterans spoiling for another war.

20. Tertium genus est aetate iam adfectum, sed tamen exercitātiōne rōbustum. Quō ex genere iste est Mānlius, cui nunc Catilīna succēdit. Sunt hominēs ex eīs colōniīs 260 quās Sulla cōstituit; quās ego ūniversās cīvium esse opti-

mōrum et fortissimōrum virōrum sentiō, sed tamen eī sunt colōnī quī sē in īnspērātīs ac repentinīs pecūniīs sūmptuōsius īnsolentiusque iactārunt. Hī dum aedificant tamquam
 265 beātī, dum praediīs lēctīs, familiīs māgnīs, convīviīs apparātīs dēlectantur, in tantum aes aliēnum incidērunt, ut, sī salvī esse velint, Sulla sit eīs ab īferīs excitandus; quī etiam nōn nullōs agrestīs, hominēs tenuīs atque egentīs, in eandem illam spem rapīnārum veterum impulērunt: quōs
 270 ego utrōsque in eōdem genere praedātōrum dīreptōrumque pōnō. Sed eōs hōc moneō: dēsinant furere, ac prōscrip-tiōnēs et dictātūrās cōgitāre. Tantus enim illōrum temporum dolor inūstus est cīvitātī, ut iam ista nōn modo hominēs, sed nē pecudēs quidem mihi passūrae esse vide-
 275 antur.

The fourth, of hopeless bankrupts, a motley crew.

X. 21. Quārtum genus est sānē varium et mīxtum et turbulentum, quī iam pridem premuntur, quī numquam ēmergunt; quī partim inertia, partim male gerendō negōtiō, partim etiam sūmptibus in vetere aere aliēnō vacillant;
 280 qui vadimōniīs, iūdicīīs, prōscrip-tiōne bonōrum dēfatigātī, permultī et ex urbe et ex agrīs sē in illa castra cōferre dīcuntur. Hōsce ego nōn tam militēs acris quam īnfitiātōrēs lentōs esse arbitror. Quī hominēs primum, sī stāre nōn possunt, conruant, sed ita, ut nōn modo cīvitās, sed nē
 285 vicīnī quidem proximī sentiant. Nam illud nōn intellegō, quam ob rem, sī vīvere honestē nōn possunt, perīre turpiter velint; aut cūr minōre dolōre peritūrōs sē cum multīs, quam sī sōlī pereant, arbitrentur.

The fifth, of criminals of every sort; and the sixth and last, of young debauchees, Catiline's especial favorites.

22. Quīntum genus est parricidārum, sicāriōrum, dēni-
 290 que omnium facinorōsōrum. Quōs ego ā Catilinā nōn revocō; nam neque ab eō dīvellī possunt, et pereant sānē in

latrōciniō, quoniam sunt ita multī, ut eōs carcer capere nōn possit.

Postrēmum autem genus est nōn solum numerō, vērūm etiam genere ipsō atque vitā, quod proprium Catilīnae est, 295
 dē eius dilēctū, immō vērō dē complexū eius ac sinū; quōs pexō capillō, nitidōs, aut imberbīs aut bene barbātōs vidētis, manicātis et tālāribus tunicis, vĕlīs amictōs, nōn togis, quōrum omnis industria vitae et vigilandī labor in antelūcānis cēnis exprōmitur. 23. In hīs gregibus omnēs āleā- 300
 tōrēs, omnēs adulterī, omnēs impūrī impudicīque versantur. Hī puerī tam lepidī ac dēlicātī nōn solum amāre et amārī, neque saltāre et cantāre, sed etiam sicās vibrāre et spargere venēna didicērunt; qui nisi exeunt, nisi pereunt, etiam sī Catilīna perierit, scītōte hoc in rē publicā sēminārium 305
 Catilīnārum futūrum. Vērūm tamen quid sibi istī miserī volunt? Num suās sēcum mulierculās sunt in castra ductūrī? Quem ad modum autem illīs carēre poterunt, hīs praesertim iam noctibus? Quō autem pactō illī Āpennīnum atque illās pruīnās ac nivīs perferent? nisi idcirco sē facilius 310
 hiemem tolerātūrōs putant, quod nūdī in convīviis saltāre didicērunt.

Contrasting the two sides, your own and that of Catiline, we find that we have nothing to fear; for this is a war between strength and weakness, virtue and vice, right and wrong, the result of which can be safely foretold.

XI. 24. Ō bellum māgnō opere pertimēscendum, cum hanc sit habitūrus Catilīna scortōrum cohortem praetōriam! 315
 Instruite nunc, Quirītēs, contrā hās tam praeclārās Catilīnae cōpiās vestra praesidia vestrōsque exercitūs. Et primum gladiātōrī illī cōfectō et sauciō cōsulēs imperātōrēsque vestrōs oppōnite; deinde contrā illam naufragōrum ēiectam ac dēbilitātam manum flōrem tōtīus Ītaliae ac rōbur ēdūcite. Iam vērō urbēs colōniārum ac mūnicipiōrum respondēbunt 320
 Catilīnae tumulīs silvestribus. Neque ego cēterās cōpiās, ōrnāmenta, praesidia vestra cum illius latrōnis inopiā

atque egestāte cōferre dēbeō. 25. Sed sī, omissīs hīs
 rēbus, quibus nōs suppeditāmur, eget ille (senātū, equitibus
 325 Rōmānis, urbe, aerariō, vectīgālibus, cūctā Italiā, prō-
 vinciīs omnibus, exterīs nātiōnibus)—sī, hīs rēbus omissīs,
 causās ipsās quae inter sē cōnfligunt contendere velīmus, ex
 eō ipsō, quam valdē illi iaceant, intellegere possumus. Ex
 hāc enim parte pudor pūgnat, illinc petulantia; hinc pudī-
 330 citia, illinc stuprum; hinc fidēs, illinc fraudātiō; hinc pietās,
 illinc scelus; hinc cōstantia, illinc furor; hinc honestās,
 illinc turpitūdō; hinc continentia, illinc libīdō; dēnique
 aequitās, temperantia, fortitūdō, prūdētia, virtūtēs omnēs
 certant cum inīquitāte, lūxuriā, Ignāviā, temeritāte, cum
 335 vitiīs omnibus; postrēmō cōpia cum egestāte, bona ratiō
 cum perditā, mēns sāna cum amentīā, bona dēnique spēs
 cum omnium rērum dēspērātiōne cōnfligit. In eius modī
 certāmine ac proeliō nōnne, etiam sī hominum studia dēfi-
 ciant, dī ipsī immortalēs cōgant ab hīs praeclārissimīs virtū-
 340 tibus tot et tanta vitia superārī?

*Guard your homes; I have provided for the safety of the city. I have
 also taken every means of defence outside.*

XII. 26. Quae cum ita sint, Quirītēs, vōs, quem ad
 modum iam anteā, vestra tēcta cūstōdiīs vigiliisque dēfen-
 dite; mihi, ut urbī sine vestrō mōtū ac sine ullō tumultū
 satis esset praesidī, cōsultum atque prōvisum est. Colōnī
 345 omnēs mūnicipēsque vestrī, certiorēs ā mē facti dē hāc noc-
 turnā excursiōne Catilīnae, facile urbīs suās finisque dēfen-
 dent. Gladiātōrēs, quam sibi ille manum certissimam fore
 putāvit, quamquam animō meliōre sunt quam pars patrici-
 ōrum, potestāte tamen nostrā continēbuntur. Q. Metellus,
 350 quem ego hōc prōspiciēns in agrum Gallicum Picēnumque
 praemīsī, aut opprimit hominem, aut omnīs eius mōtūs
 cōnātūsque prohibēbit. Reliquīs autem dē rēbus cōstitu-
 endīs, mātūrandīs, agendīs iam ad senātum referēmus, quem
 vocārī vidētis.

*To the conspirators left behind by Catiline I give warning once more
Let them go if they will; for, guilty as they are, I will not detain
them. This war I will wage in the garb of peace, and with the
least possible disturbance.*

27. Nunc illōs, quī in urbe remānsērunt, atque adeō quī 355
contrā urbis salutem omniumque vestrum in urbe ā Catilinā
relicti sunt, quamquam sunt hostēs, tamen, quia sunt civēs,
monitōs etiam atque etiam volō. Mea lēnitās sī cui adhūc
solūtior vīsa est, hōc exspectāvit, ut id, quod latēbat,
ērumperet. Quod reliquum est, iam nōn possum oblivīscī, 360
meam hanc esse patriam; mē hōrum esse cōsulem; mihi
aut cum hīs vīvendum aut prō hīs esse moriendum. Nūllus
est portīs cūstōs, nūllus insidiātor viae: sī quī exīre volunt,
cōnīvère possum. Quī vērō sē in urbe commōverit; cuius
ego nōn modo factum, sed inceptum ūllum cōnātumve 365
contrā patriam dēprehenderō—sentiet in hāc urbe esse
cōsulēs vigilantīs, esse ēgregiōs magistrātūs, esse fortem
senātum, esse arma, esse carcerem, quem vindicem nefāri-
ōrum ac manifestōrum scelerum māiōrēs nostrī esse volu-
ērunt. 370

XIII. 28. Atque haec omnia sic agentur, Quirītēs, ut
māximae rēs minimō mōtū, perīcula summa nūllō tumultū,
bellum intestinū ac domesticū post hominum memoriam
crūdēlissimū et māximū mē ūnō togātō duce et imperā-
tōre sēdētur. Quod ego sic administrābō, Quirītēs, ut, sī 375
ūllō modō fierī poterit, nē improbus quidem quisquam in
hāc urbe poenam suī sceleris sufferat; sed sī vīs manifestae
audāciae, sī impendēns patriae perīculum mē necessariō dē
hāc animī lēnitāte dēdūxerit, illud profectō perficiam, quod
in tantō et tam insidiōsō bellō vix optandum vidētur, ut 380
neque bonus quisquam intereat, paucōrumque poenā vōs
omnēs salvī esse possītis.

We may safely rely on the help of the gods.

29. Quae quidem ego neque meā prūdentīā neque hū-
mānīs cōsiliīs frētus polliceor vōbīs, Quirītēs, sed multīs et
385 nōn dubiīs deōrum immortalīum sīgnificātiōnibus, quibus
ego ducibus in hanc spem sententiamque sum ingressus;
quī iam nōn procul, ut quondam solēbant, ab externō ho-
ste atque longinquō, sed hīc praesentēs suō nūmine atque
auxiliō sua templa atque urbis tēcta dēfendunt. Quōs
390 vōs, Quirītēs, precārī, venerārī, implōrāre dēbētis, ut, quam
urbem pulcherrimam flōrentissimamque esse voluērunt,
hanc omnibus hostium cōpiīs terrā marīque superātīs ā per-
ditissimōrum cīvium nefariō scelere dēfendant.

THIRD ORATION AGAINST CATILINE

Conspirators never think that they have taken precautions enough, or have gained allies enough ; and in endeavoring to gain fresh support, the Catilinarians made a fatal mistake.—FROUDE'S *Caesar*.

Thus Cicero's first object was fully attained ; the conspirators in the city, whose machinations had hitherto been hidden from the public, were now caught in a flagrant act of rebellion, and an act which had conspicuously failed.—STRACHAN-DAVIDSON'S *Cicero*.

THIRD ORATION AGAINST CATILINE

Fellow-citizens, I have saved the state, and am entitled to rank with Romulus himself. I will tell you briefly what has occurred in the Senate.

REM pūblicam, Quirītēs, vītamque omnium vestrum, bona, fortūnās, cōniugēs liberōsque vestrōs, atque hōc domicilium clārissimī imperī, fortūnātissimam pulcherrimamque urbem, hodiernō diē deōrum immortalīum summō ergā vōs amōre, labōribus, cōnsiliīs, periculīs meīs, ē flammā 5 atque ferrō ac paene ex faucibus fātī ēreptam et vōbīs cōservātam ac restitūtam vidētis. 2. Et sī nōn minus nōbīs iūcundī atque inlūstrēs sunt eī diēs quibus cōservāmur, quam illī quibus nāscimur, quod salūtis certa laetitia est, nāscendī incerta condiciō, et quod sine sēnsū nāscimur, cum 10 voluptāte servāmur, profectō, quoniam illum, quī hanc urbem condidit, ad deōs immortalīs benevolentīā fāmāque sustulimus, esse apud vōs posterōsque vestrōs in honōre dēbēbit is quī eandem hanc urbem conditam amplificātamque servāvit. Nam tōtī urbī, templīs, dēlūbrīs, tēctīs ac 15 moenibus subiectōs prope iam ignīs circumdatōsque restinximus; idemque gladiōs in rem pūblicam dēstrictōs retudimus, mūcrōnēsque eōrum ā iugulīs vestrīs dēiēcimus. 3. Quae quoniam in senātū inlūstrāta, patefacta, comperta sunt per mē, vōbīs iam expōnam breviter, Quirītēs, ut, et 20

QUESTIONS (*for answers see the Notes*).—1. How long a time elapsed between the delivery of the Second and the Third Oration against Catiline? 2. What action did the Senate take about this time? 3. What was Cicero's object during the interval? 4. What is the theme of the Third Oration?

quanta et quā ratiōne invēstigāta et comprehēnsa sint, vōs quī ignōrātis et exspectātis scīre possītis.

From the first it has been my aim, since Catiline's departure, to secure such evidence against the conspirators as could not be questioned.

Prīncipiō, ut Catilīna paucīs ante diēbus ērūpit ex urbe, cum sceleris suī sociōs, hūiusce nefārii bellī ācerrimōs ducēs, 25 Rōmae reliquisset, semper vigilāvī et prōvidī, Quirītēs, quem ad modum in tantīs et tam abscondītis insidiīs salvī esse possēmus. II. Nam tum, cum ex urbe Catilīnam ēiciēbam—nōn enim iam vereor hūius verbī invidiam, cum illa magis sit timenda, quod vīvus exierit—sed tum, cum 30 illum exterminārī volēbam, aut reliquam coniūrātōrum manum simul exitūram, aut eōs, quī restitissent, infirmōs sine illō āc dēbilīs fore putābam. 4. Atque ego, ut vidī, quōs māximō furōre et scelere esse inflammātōs sciēbam, eōs nōbiscum esse et Rōmae remānsisse, in eō omnīs diēs 35 noctisque cōsūmpsī, ut quid agerent, quid mōlīrentur, sentīrem āc vidērem, ut, quoniam auribus vestrīs propter incrēdibilem māgnitūdinem sceleris minōrem fidem faceret ōrātiō mea, rem ita comprehenderem, ut tum dēmum animīs salūtī vestrae prōvidērētis, cum oculīs maleficiū ipsum 40 vidērētis.

I learned that certain delegates of the Gauls, visiting our city, had been tampered with by Lentulus, and that they with Volturcius, the representative of the conspirators, were to bear to their countrymen and to Catiline important letters, written by the revolutionists in the city. Accordingly I yesterday sent two praetors, Flaccus and Pomptinus, to intercept the party at the Mulvian bridge. The arrests were made early this morning, and the prisoners with the letters were brought to me.

Itaque ut comperī lēgātōs Allōbrogum, bellī Trānsalpīnī et tumultūs Gallicī excitandī causā, ā P. Lentulō esse sollicitātōs, eōsque in Galliam ad suōs cīvīs eōdemque itinere cum lītterīs mandātisque ad Catilīnam esse missōs,

THE MULVIAN BRIDGE.

comitemque eīs adiūctum esse T. Volturcium, atque huic 45
ad Catilinam esse datās litterās, facultātem mihi oblātā
putāvī, ut (quod erat difficillimum, quodque ego semper
optābam ab dīs immortalibus) tōta rēs nōn solum ā mē,
sed etiam ā senātū et ā vōbīs manifestō dēprehenderetur.

5. Itaque hesternō diē L. Flaccum et C. Pomponium 50
praetōrēs, fortissimōs atque amantissimōs rei pūblicae virōs,
ad mē vocāvī. Rem exposuī; quid fieri placēret, ostendī.
Illī autem, quī omnia dē rē pūblicā praeclāra atque ēgregia
sentirent, sine recūsātiōne ac sine ūllā morā negōtium sus-
cēpērunt; et, cum advesperāsceret, occultē ad pontem 55
Mulvium pervēnerunt, atque ibi in proximīs villīs ita bi-
partitō fuērunt, ut Tiberis inter eōs et pōns interesset.
Eōdem autem et ipsī sine cūiusquam sūspiciōne multōs
fortis virōs edūxerant, et ego ex praefectūrā Reātīnā com-
plūris dēlectōs adulēscentis, quōrum operā ūtor adsiduē in 60
rē pūblicā, praesidiō cum gladiis miseram. 6. Interim,
tertiā ferē vigiliā exāctā, cum iam pontem Mulvium māgnō
comitātū lēgātī Allobrogum ingredi inciperent, ūnāque
Volturcius, fit in eōs impetus. Edūcuntur et ab illīs gladii
et ā nostrīs. Rēs praetōribus erat nōta sōlis, ignōrābātur 65
ā ceterīs. III. Tum interventū Pomptīnī atque Flacci
pūgna quae erat commissa sēdatur. Litterae, quaecum-
que erant in eō comitātū, integrīs signīs praetōribus trā-
duntur. Ipsī comprehēnsi ad mē, cum iam dilūcēsceret,
dēdūcuntur. Atque hōrum omnium scelerum improbis- 70
simum māchinātōrem Cimbrum Gabīnium statim ad mē,
nihil dum sūspicantem, vocāvī; deinde item arcessitus est
L. Statilius et post eum C. Cethēgus; tardissimē autem
Lentulus vēnit, crēdō quod in litterīs dandīs praeter cō-
suētūdinem proximā nocte vigilārat. 75

*After consulting certain prominent citizens, I immediately assembled
the Senate.*

7. Cum summīs ac clārissimīs hūius cīvitātis virīs, quī
audītā rē frequentēs ad mē māne convēnerant, litterās ā mē

prius aperiri quam ad senatum deferrem, placeret (ne, si nihil esset inventum, temere a me tantus tumultus in-
 80 iectus civitati videretur), negavi me esse facturum ut de periculo publico non ad consilium publicum rem integram deferrem. Etenim, Quirites, si ea, quae erant ad me delata, reperta non essent, tamen ego non arbitrabar, in tantis rei publicae periculis, esse mihi nimiam diligentiam
 85 pertimescendam. Senatum frequentem celeriter, ut vidistis, coegi. 8. Atque interea statim, admonitu Allobrogum, C. Sulpicium praetorem, fortem virum, misi, qui ex aedibus Cethegi, si quid telorum esset, efferret; ex quibus ille maximum sicarum numerum et gladiorum extulit.

Before the Senate, Volturcius under a promise of immunity made a full confession, after which the Gauls were summoned to appear, and told the whole story.

90 IV. Introduxi Volturcium sine Gallis; fidem publicam iussu senatus dedi; hortatus sum, ut ea quae sciret sine timore indicaret. Tum ille dixit, cum vix se ex magno timore recreasset, ab Lentulo se habere ad Catilinam mandata et litteras, ut servorum praesidio uteretur, ut ad
 95 urbem quam primum cum exercitu accederet; id autem eo consilio, ut, cum urbem ex omnibus partibus, quem ad modum descriptum distributumque erat, incendissent, caedemque infinitam civium fecissent, praesto esset ille qui et fugientis exciperet, et se cum his urbanis ducibus con-
 100 iungeret. 9. Introducti autem Galli ius iurandum sibi et litteras ab Lentulo, Cethego, Statilio ad suam gentem data esse dixerunt, atque ita sibi ab his et a L. Cassio esse praescriptum, ut equitatum in Italiam quam primum mitterent; pedestris sibi copias non defuturas; Lentulum autem sibi
 105 confirmasse, ex fati Sibyllinis haruspicumque responsis, se esse tertium illum Cornelium ad quem regnum huius urbis atque imperium pervenire esset necesse: Cinnam ante se et Sullam fuisse; eundemque dixisse, fatalem hunc annum esse ad interitum huius urbis atque imperii, qui esset annus

decimus post virginum absolūtiōnem, post Capitōlī autem 110
incēnsiōnem vicēsimus. 10. Hanc autem Cethēgō cum
cēterīs contrōversiam fuisse dīxērunt, quod Lentulō et aliīs
Sātūrnālībus caedem fierī atque urbem incendi placēret,
Cethēgō nimium id longūm vidērētur.

Not to detain you, the prisoners were confronted with the letters. Cethegus and Statilius, forced to acknowledge their seal and handwriting, soon made confession. Lentulus was next examined and his letter read. Upon his cross-examining the Gauls, their straightforward replies finally resulted in his confessing also. He was especially agitated when his unsigned letter to Catiline was read. Gabinus was then examined with the same result. To my mind the prisoners were convicted as much by their looks and manner as by the letters.

V. Āc nē longum sit, Quirītēs, tabellās prōferri iūssi 115
mus, quae ā quōque dicēbantur datae. Prīmum ostendi-
mus Cethēgō sīgnum; cōgnōvit. Nōs līnum incīdimus;
lēgimus. Erat scriptum ipsīus manū Allobrogum senā-
tuī et populō, sēsē quae eōrum lēgātīs cōfirmāssēt fac-
tūrum esse; orāre ut item illī facerent quae sibi eōrum 120
lēgātī recēpissent. Tum Cethēgus, quī paulō ante ali-
quid tamen dē gladiīs āc sicīs, quae apud ipsum erant
dēprehēnsa, respondisset, dīxissetque sē semper bonōrum
ferrāmentōrum studiōsum fuisse, recitātis lītterīs dēbili-
tātus atque abiectus cōnsentiā repente conticuit. Intrō- 125
ductus est Statilius; cōgnōvit et sīgnum et manum suam:
recitātae sunt tabellae in eandem ferē sententiam; cōnfes-
sus est. Tum ostendī tabellās Lentulō, et quaesivī cōgnō-
sceretne sīgnum. Adnuit. ‘Est vērō,’ inquam, ‘nōtum
quidem sīgnum, imāgō avi tuī, clārissimī virī, quī amāvit 130
ūnicē patriam et civīs suos; quae quidem tē ā tantō scelere
etiam mūta revocāre dēbuit.’ 11. Leguntur eādē ratiōne
ad senātum Allobrogum populumque lītterae. Sī quid dē
hīs rēbus dicere vellet, fēcī potestātem. Atque ille primō
quidem negāvit; post autem aliquantō, tōtō iam indicīo 135
expositō atque editō, surrēxit; quaesivī ā Gallīs quid sibi

esset cum eīs, quam ob rem domum suam vēnissent, item-
 que ā Volturciō. Quī cum illi breviter cōstanterque
 respondissent, per quem ad eum quotiēnsque vēnissent,
 140 quaesissentque ab eō, nihilne sēcūm esset dē fātis Sibyllinīs
 locūtus, tum ille subitō scelere dēmēns quanta cōscientiae
 vīs esset ostendit. Nam eum id posset infitiārī, repente
 praeter opīniōnem omnium cōfessus est. <Ita eum nōn
 modo ingenium illud et dicendī exercitātīō, quā semper
 145 valuit, sed etiam propter vim sceleris manifestī atque dē-
 prehēnsi impudentia, quā superābat omnīs, improbitāsque
 dēfēcit. 12. Volturcius vērō subitō litterās prōferrī atque
 aperirī iubet, quās sibi ā Lentulō ad Catilinam datās esse
 dicēbat. Atque ibi vehementissimē perturbātus Lentulus
 150 tamen et sīgnum et manum suam cōgnōvit. Erant autem
 scrip̄tae sine nōmine, sed ita : ‘ Quis sim, sciēs ex eō quem
 ad tē mīsī. Cūrā ut vir sis, et cōgitā quem in locum sis
 prōgressus; vidē ecquid tibi iam sit necesse, et cūrā ut
 omnium tibi auxilia adiungās, etiam infimōrum.’ Gabīnius
 155 deinde intrōductus, cum primō impudenter respondēre
 coepisset, ad extrēmum nihil ex eīs quae Gallī insimu-
 lābant negāvit. 13. Ac mihi quidem, Quiritēs, cum illa
 certissima vīsa sunt argūmenta atque indicia sceleris—
 tabellae, sīgna, manūs, dēnique ūnūs cūiusque cōfessiō,
 160 tum multō certiōra illa—color, oculī, voltūs, taciturnitās.
 Sic enim obstupuerant, sic terram intuēbantur, sic fūrtim
 nōn numquam inter sēsē aspiciēbant, ut nōn iam ab aliīs
 indicārī, sed indicāre sē ipsī vidērentur.

At the close of these proceedings the Senate passed a vote of thanks to me, to the two praetors, and to Antonius my colleague. They then directed that Lentulus, Cethegus, Statilius, Gabinius, and five others should be placed under arrest. And still further they honored me with a supplicatio under circumstances that have no parallel. Of course, to remove every religious scruple, Lentulus was first required to resign his magistracy.

VI. Indiciis expositis atque editis, senātum cōsuluī, dē
 165 summā rē publicā quid fierī placēret. Dictae sunt ā j rīn-

cipibus ācerrimae āc fortissimae sententiae, quās senātus sine ūllā varietāte est secūtus. Et quoniam nōndum est perscriptum senātūs cōsultum, ex memoriā vōbīs, Quirītēs, quid senātus cēnsuerit expōnam. **14.** Primum mihi grātiae verbīs amplissimīs aguntur, quod virtūte, cōsiliō, prōvi- 170
 dentiā meā rēs pūblica mākīmīs perīculīs sit liberāta; deinde L. Flaccus et C. Pomptīnus praetōrēs, quod eōrum operā fortī fidēlique ūsus essem, meritō āc iūre laudantur; atque etiam virō fortī, conlēgae meō, laus impertitur, quod eōs, quī hūius coniūrātiōnis participēs fuissent, ā suīs et ā 175
 reī pūblīcae cōsiliīs remōvisset. Atque ita cēnsuerunt, ut P. Lentulus, cum sē praetūrā abdicāset, in cūstōdiam trāderētur; itemque utī C. Cethēgus, L. Statilius, P. Gabīnius, quī omnēs praesentēs erant, in cūstōdiam trāderentur. Atque idem hōc dēcrētum est in L. Cassium, quī sibi prōcū- 180
 rātiōnem incendendae urbis dēpopōscerat; in M. Cēpārium, cui ad sollicitandōs pāstōrēs Apūliam attribūtā esse erat indicātum; in P. Fūrium, quī est ex eīs colōnīs, quōs Faesulās L. Sulla dēdūxit; in Q. Annium Chīlōnem, quī ūnā cum hōc Fūriō semper erat in hāc Allobrogum sollici- 185
 tātiōne versātus; in P. Umbrēnum, libertīnum homīnem, ā quō primum Gallōs ad Gabīnium perductōs esse cōstābat. Atque eā lēnitāte senātus est ūsus, Quirītēs, ut ex tantā coniūrātiōne tantāque hāc multitudine domesticōrum hostium, novem hominum perditissimōrum poenā rē publicā 190
 cōservātā, reliquōrum mentīs sānārī posse arbitrārētur. **15.** Atque etiam supplicātiō dīs immortalībūs prō singulārī eōrum meritō meō nōmine dēcrēta est, quod mihi primum post hanc urbem conditam togātō contigit, et hīs verbīs dēcrēta est: quod urbem incendiīs, caede cīvīs, Itāliam 195
 bellō liberāssem. Quae supplicātiō sī cum cēterīs cōferātur, hōc interest, quod cēterae bene gestā, haec ūna cōservātā rē pūblicā cōstitūta est. Atque illud, quod faciendum primum fuit, factum atque trānsactum est. Nam P. Lentulus, quamquam patefactīs indicīīs, cōfes- 200
 siōnībūs suīs, iūdiciō senātūs nōn modo praetōris iūs, vērūm

etiam cīvis amiserat, tamen magistrātū sē abdicāvit, ut, quae religiō C. Mariō, clārissimō virō, nōn fuerat, quō minus C. Glauciam, dē quō nihil nōminatim erat dēcrētum, 205 praetōrem occideret, eā nōs religiōne in prīvatō P. Lentulō pūniendō liberārēmur.

The conspiracy was doomed, fellow-citizens, from the moment I drove Catiline, its master spirit, out of the city.

VII. 16. Nunc quoniam, Quirītēs, cōnsclerātissimī periculōsissimīque bellī nefariōs ducēs captōs iam et comprehēnsōs tenētis, existimāre dēbētis omnīs Catilinae cōpiās, 210 omnīs spēs atque opēs, hīs dēpulsīs urbis periculīs, concidisse. Quem quidem ego cum ex urbe pellēbam, hōc prōvidēbam animō, Quirītēs: remōtō Catilinā, nōn mihi esse P. Lentulī somnum nec L. Cassī adipēs nec C. Cethēgī furiōsam temeritātem pertimēscendam. Ille erat 215 ūnus timendus ex istīs omnibus, sed tam diū, dum urbis moenibus continēbātur. Omnia nōrat, omnium aditūs tenēbat; appellāre, temptāre, sollicitāre poterat, audēbat; erat eī cōnsilium ad facinus aptum, cōnsiliō autem neque manus neque lingua deerat. Iam ad certās rēs cōficiendās 220 certōs hominēs dēlēctōs ac dēscriptōs habēbat. Neque vērō, cum aliquid mandārat, cōnfectum putābat: nihil erat quod nōn ipse obiret, occurreret, vigilāret, labōrāret. Frīgus, sitim, famem ferre poterat. 17. Hunc ego hominem tam ācrem, tam audācem, tam parātum, tam callidum, tam in scelere vigilantem, tam in perditīs rēbus 225 diligentem, nisi ex domesticīs insidiīs in castrēse latrōcinium compulsem (dicam id quod sentiō, Quirītēs), nōn facile hanc tantam mōlem malī ā cervicibus vestrīs dēpulissem. Nōn ille nōbīs Sātūrnālia cōstituisset, neque 230 tantō ante exsilī ac fātī diem reī publicae dēnūntiāvisset; neque commīsisset, ut sīgnum, ut litterae suae tēstēs manifestī sceleris dēprehēderentur. Quae nunc, illō absente, sīc gesta sunt, ut nūllum in prīvatā domō fūrtum umquam sit tam palam inventum, quam haec tanta in rē

pūblicā coniūrātiō manifēstō inventa atque dēprehēnsa est. 235
 Quod sī Catilīna in urbe ad hanc diem remānsisset, quam-
 quam, quoad fuit, omnibus eius cōsiliis occurrī atque
 obstitī, tamen, ut levissimē dicam, dīmīcandum nōbīs
 cum illō fuisset; neque nōs umquam, cum ille in urbe
 hostis esset, tantīs periculīs rem pūblicam tantā pāce, 240
 tantō ōtiō, tantō silentiō liberāssēmus.

That the gods were with us we have ocular proof. When Cotta and Torquatus were consuls, two years ago, we were reminded by the soothsayers of the warning given when lightning struck the Capitol. To ward off disaster they then directed that a new statue—a larger one—should be erected to face the east, and the work after great delay was finished on this very day. That such a coincidence between the completion of the work and the discovery of the conspiracy marks a divine intervention, no man can be so blind as to deny.

VIII. 18. Quamquam haec omnia, Quirītēs, ita sunt ā
 mē administrāta, ut deōrum immortalīum nūtū atque
 cōsiliō et gesta et prōvīsa esse videantur; idque cum
 coniectūrā cōsequī possumus, quod vix vidētur hūmānī 245
 cōsiliī tantārum rērum gubernātiō esse potuisse, tum vērō
 ita praesentēs hīs temporibus opem et auxilium nōbīs
 tulērunt, ut eōs paene oculīs vidēre possēmus. Nam ut
 illa omittam, vīsās nocturnō tempore ab occidente facēs
 ārdōremque caelī; ut fulminum iactūs, ut terrae mōtūs 250
 relinquam; ut omittam cētera, quae tam multa nōbīs
 cōsulibus facta sunt, ut haec, quae nunc fiunt, canere dī
 immortalēs vidērentur—hōc certē, quod sūm dictūrus,
 neque praetermittendum neque relinquendum est.

19. Nam profectō memoriā tenētis, Cottā et Torquātō 255
 cōsulibus, complūrīs in Capitōliō rēs dē caelō esse per-
 cussās, cum et simulācra deōrum dēpulsā sunt, et statuae
 veterum hominum dēiectae, et lēgum aera liquefacta.
 Tāctus est etiam ille, quī hanc urbem condidit, Rōmulus,
 quem inaurātum in Capitōliō, parvum atque lactentem, 260

ūberibus lupīnīs inhiantem, fuisse meministis. Quō quī-
 dem tempore cum haruspicēs ex tōtā Etrūriā convēnissent,
 caedēs atque incendia et lēgum interitum et bellum cīvile
 āc domesticum et tōtīus urbis atque imperī occāsum ap-
 265 propinquāre dīxērunt, nisi dī immortalēs, omnī ratiōne
 plācātī, suō nūmine prope fāta ipsa flexissent. 20. Itaque
 illōrum respōnsīs tum et lūdī per decem diēs factī sunt,
 neque rēs ūlla quae ad plācandōs deōs pertinēret praeter-
 missa est; īdemque iūssērunt simulācrum Iovis facere
 270 māius, et in excelsō conlocāre, et contrā atque anteā fuerat
 ad orientem convertere; āc sē spērāre dīxērunt, sī illud
 sīgnum quod vidētis, sōlis ortum et forum cūriamque
 cōspiceret, fore ut ea cōnsilia, quae clam essent inita
 contrā salūtem urbis atque imperī, inlūstrārentur, ut ā
 275 senātū populōque Rōmānō perspicī possent. Atque illud
 sīgnum conlocandum cōsulēs illī locāvērunt; sed tanta
 fuit operis tarditās, ut neque superiōribus cōsulibus,
 neque nōbīs ante hodiernum diem conlocārētur.

IX. 21. Hīc quis potest esse tam āversus ā vērō, tam
 280 praeceps, tam mente captus, quī neget haec omnia quae
 vidēmus, praecipuēque hanc urbem, deōrum immortalīum
 nūtū āc potestāte administrārī? Etenim cum esset ita
 respōnsum, caedēs, incendia, interitum rei pūblīcae com-
 parārī, et ea per cīvīs (quae tum propter māgnitūdinem
 285 scelerum nōn nullīs incredībilia vidēbantur), ea nōn modo
 cōgitāta ā nefāriīs cīvibus, vērū etiam suscepta esse
 sēnsistis. Illud vērō nōne ita praesēns est, ut nūtū Iovis
 Optimī Māximī factum esse videātur, ut cum hodiernō
 diē māne per forum meō iūssū et coniūrātī et eōrum in-
 290 dicēs in aedem Concordiae dūcerentur, eō ipsō tempore
 sīgnum statuerētur? quō conlocātō atque ad vōs senātum-
 que conversō, omnia et senātus et vōs, quae erant cōgitāta
 contrā salūtem omnium, inlūstrāta et patefacta vidistis.

That our enemies were deprived of their senses by Jupiter is clear from their conduct, and is another proof of his protecting care over us.

22. Quō etiam māiōre sunt istī odiō suppliciōque dignī, quī nōn solum vestrīs domiciliīs atque tectīs, sed etiam 295 deōrum templīs atque delūbrīs sunt fūnestōs ac nefariōs ignīs inferre cōnātī. Quibus ego sī mē restitisse dicam, nimium mihi sūmam et nōn sim ferendus. Ille, ille Iuppiter restitit; ille Capitōlium, ille haec templa, ille cūctam urbem, illē vōs omnīs salvōs esse voluit. Dīs ego immor- 300 tālibus ducibus hanc mentem, Quiritēs, voluntātemque suscepī, atque ad haec tanta indicia pervēnī. Iam vērō ab Lentulō ceterisque domesticīs hostibus tam dēmenter tantae rēs crēditae, et ignōtīs et barbarīs commissae līt- taeae numquam essent profectō, nisi ab dīs immortalibus 305 hāc tantae audāciae cōsiliū esset ēreptum. Quid vērō? ut hominēs Gallī ex civitate male pācātā, quae gēns ūna restat quae bellum populō Rōmānō facere posse et nōn nolle videātur, spem imperī ac rerum māmārum ultrō sibi ā patriciīs hominibus oblātā neglegerent, 310 vestramque salūtem suis opibus antepōnerent, id nōn divinitus esse factum putātis? praesertim quī nōs nōn pūgnandō, sed tacendō superāre potuerint.

Never was occasion more meet for thanksgiving, fellow-citizens. Since the days of Sulla we have had many dissensions in our city, but in all these troubles revolution was the object of selfish politicians: in this our latest disturbance the very life of the state itself was at stake.

X. 23. Quam ob rem, Quiritēs, quoniam ad omnia pulvināria supplicatiō dēcrēta est, celebrātōte illōs diēs 315 cum cōniugibus ac liberīs vestrīs. Nam multī saepe honōrēs dīs immortalibus iūstī habitī sunt ac dēbitī, sed profectō iūstiorēs numquam. Ēreptī enim estis ex crūdēlissimō ac miserrimō interitū; ēreptī sine caede, sine sanguine, sine exercitū, sine dīmiciatiōne. Togātī mē ūnō 320 togātō duce et imperātōre vicistis. 24. Etenim recordā-

minī, Quirītēs, omnīs cīvīlīs dissēnsiōnēs—nōn solum eās
 quās audīstis, sed eās quās vōsmet ipsī meministis atque
 vīdistis. L. Sulla P. Sulpicium oppressit; eīēcit ex urbe
 325 C. Marium, cūstōdem hūius urbis; multōsque fortīs virōs
 partim eīēcit ex cīvītāte, partim interēmit. Cn. Octāvius
 cōsul armīs expulit ex urbe conlēgam: omnis hīc locus
 acervīs corporum et cīvium sanguine redundāvit. Superā-
 vit posteā Cinna cum Mariō: tum vērō, clārissimīs virīs
 330 interfectīs, lūmina cīvītātis extincta sunt. Ultus est
 hūius victōriæ crūdēlitātem posteā Sulla: nē dīcī quidem
 opus est quantā dēminūtiōne cīvium et quantā calamitāte
 reī pūblicæ. Dissēnsit M. Lepidus ā clārissimō ac fortis-
 simō virō Q. Catulō: attulit nōn tam ipsīus interitus reī
 335 pūblicæ lūctum quam cēterōrum. 25. Atque illæ tamen
 omnēs dissēnsiōnēs erant eīus modī, quæ nōn ad dēlen-
 dam, sed ad commūtandam rem pūblicam pertinērent.
 Nōn illī nullam esse rem pūblicam, sed in eā, quæ esset,
 sē esse principēs, neque hanc urbem cōnflagrāre, sed sē in
 340 hāc urbe florēre, voluerunt. Atque illæ tamen omnēs
 dissēnsiōnēs, quārum nulla exitium reī pūblicæ quaesīvit,
 eīus modī fuerunt, ut nōn reconciliātiōne concordiæ sed
 interneciōne cīvium dīiudicātae sint. In hōc autem ūnō
 post hominum memoriā māximō crūdēlissimōque bellō,
 345 quāle bellum nulla umquam barbaria cum suā gente ges-
 sit, quō in bellō lēx hæc fuit ā Lentulō, Catilinā, Cethēgō,
 Cassiō cōstitutā, ut omnēs, quī salvā urbe salvī esse pos-
 sent, in hostium numerō dūcerentur, ita mē gessi, Quirī-
 tēs, ut salvī omnēs cōservārēminī; et, cum hostēs vestri
 350 tantum cīvium superfutūrum putāssent, quantum infīnitæ
 caedī restitisset, tantum autem urbis, quantum flamma
 obīre nōn potuisset, et urbem et cīvīs integrōs incolumis-
 que servāvī.

*In return for my services I ask for no reward other than the memory
 of my achievements.*

XI. 26. Quibus prō tantīs rēbus, Quirītēs, nullum ego
 355 ā vōbīs præmium virtūtis, nullum īnsigne honōris, nul-

lum monumentum laudis pōstulō, praeterquam hūius diē
 memoriam sempiternam. In animīs ego vestrīs omnis
 triumphōs meōs, omnia ōrnāmenta honōris, monumenta
 glōriae, laudis insīgnia, condī et conlocārī volō. Nihil mē
 mūtum potest dēlectāre, nihil tacitum, nihil dēnique ēius 360
 modī, quod etiam minus dīgnī adsequī possint. Memoria
 vestrā, Quirītēs, rēs nostrae alentur, sermōnibus crēscant,
 litterārū monumentīs inveterāscant et conrōborābuntur;
 eandemque diem intellegō (quam spērō aeternam fore)
 prōpāgātā esse et ad salūtem urbis et ad memoriam cōn- 365
 sulātūs meī; ūnōque tempore in hāc rē publicā duōs civīs
 exstitisse, quōrum alter finīs vestrī imperī nōn terrae, sed
 caelī regiōnibus termināret, alter ēiusdem imperī domi-
 cilium sēdīsque servāret.

Such services as mine have been, impose upon you a corresponding obligation, for it will be your duty in future to see that I suffer nothing at the hands of those whom I have for your sake made my enemies. This is all I ask of you, since you have already bestowed on me the noblest gifts to which I could aspire. And as night is now upon us, fellow-citizens, with prayers to Jupiter, guard your homes as before; you shall soon be free from all anxiety.

XI. 27. Sed quoniam eārum rērum, quās ego gessi, 370
 nōn eadem est fortūna atque condiciō quae illōrum, quī
 externa bella gesserunt, quod mihi cum eīs vīvendum est
 quōs vicī ac subēgī, istī hostīs aut interfectōs aut oppressōs
 reliquērunt, vestrum est, Quirītēs, sī cēterīs facta sua rēctē
 prōsunt, mihi mea nē quandō obsint, prōvidēre. Mentēs 375
 enim hominum audācissimōrum scelerātae ac nefāriae nē
 vōbīs nocēre possent, ego prōvidī; nē mihi noceant, vestrum
 est prōvidēre. Quamquam, Quirītēs, mihi quidem ipsī
 nihil ab istīs iam nocērī potest. Māgnū enim est in bonīs
 praesidium, quod mihi in perpetuum comparātum est; 380
 māgnā in rē publicā dīgnitās, quae mē semper tacita dē-
 fendet; māgnā vīs cōnscientiae, quam quī neglegunt, cum
 mē violāre volent, sē ipsī indicābunt. 28. Est etiam nobīs
 is animus, Quirītēs, ut nōn modo nullius audāciae cēdāmus,

385 sed etiam omnīs improbōs ultrō semper lacessāmus. Quod
 sī omnīs impetus domesticōrum hostium, dēpulsus ā vōbīs,
 sē in mē ūnum convertit, vōbīs erit videndum, Quirītēs,
 quā condiōne posthāc eōs esse velītis, quī sē prō salūte
 390 vestrā obtulerint invidiae periculisque omnibus. Mihi
 quidem ipsī, quid est quod iam ad vītae fructum possit
 adquirī, cum praesertim, neque in honōre vestrō, neque in
 glōriā virtūtis, quicquam videam altius, quō mihi libeat
 ascendere. 29. Illud profectō perficiam, Quirītēs, ut ea,
 quae gessi in cōsulātū, privātus tuear atque ōrnem, ut,
 395 sī quā est invidia cōservandā rē publicā suscepta, laedat
 invidōs, mihi valeat ad glōriam. Dēnique ita mē in rē
 publicā trāctābō, ut meminerim semper quae gesserim
 cūremque ut ea virtūte, nōn cāsū gesta esse videantūr.

Vōs, Quirītēs, quoniam iam nox est, venerātī Iovem,
 400 illum cūstōdem hūius urbis ac vestrum, in vestra tēcta
 discēdite; et ea, quamquam iam est periculum dēpulsum,
 tamen aequē ac priōre nocte cūstōdiīs vigiliisque dēfen-
 dite. Id nē vōbīs diūtius faciendum sit, atque ut in per-
 petuā pāce esse possītis, prōvidēbō.

FOURTH ORATION AGAINST CATILINE

By cutting the evil at the root, by surprising and punishing the conspiracy before it broke out, Cicero perhaps delayed the advent of monarchical government at Rome for fifteen years. He was not wrong, then, in boasting of the services he rendered at that time to his country's liberty, and we must acknowledge with Seneca that if he praised his consulship without measure, he has not done so without reason.—BOISSIER'S *Cicero and His Friends*.

FOURTH ORATION AGAINST CATILINE

Gratifying, O conscript fathers, as are the evidences of your anxiety on my account, yet I pray you dismiss your fears as unworthy of my position. I will cheerfully bear whatever fate may have in store for me.

VIDEŌ, patrēs cōscriptī, in mē omnium vestrum ōra atque oculōs esse conversōs ; videŌ vōs nōn solum dē vestrō ac reī pūblicae, vērūm etiam, sī id dēpulsum sit, dē meō periculō esse sollicitōs. Est mihi iūcunda in malīs et grāta in dolōre vestra ergā mē voluntās ; sed eam, per deōs immortālīs, dēpōnite, atque oblītī salūtis meae dē vōbīs ac dē vestrīs liberīs cōgitāte. Mihi sī haec condiciō cōsulātūs data est, ut omnīs acerbitātēs, omnīs dolōrēs cruciātūsque perferrem, feram nōn solum fortiter, vērūm etiam libenter, dum modo meīs labōribus vōbīs populōque Rōmānō dignitās salūsque pariātur. 2. Ego sum ille cōsul, patrēs cōscriptī, cui nōn forum, in quō omnis aequitās continētur, nōn campus cōsulāribus auspiciīs cōsecrātus, nōn cūria, summum auxilium omnium gentium, nōn domus, commūne

QUESTIONS (*for answers see the Notes*).—1. Give the date of this speech. 2. Before what body was it delivered? 3. Where? 4. Why was Silanus first called on for his opinion? 5. What was Caesar's rank at this time? 6. Give an account of the debate. 7. Also of the execution. 8. What bearing on the question of the legality of the executions had the *lex Sempronia*? (9. Why called *lex Sempronia*?) 10. Cicero's answer to this point? 11. The weakness of this answer? 12. What other consideration makes for the legality of this course? 13. Does this settle the matter finally? 14. What is the strongest justification Cicero had for doing what he did? 15. Give some account of Catiline's defeat in battle and his death.

15 perfugium, nōn lectus ad quiētem datus, nōn dēnique haec
 sēdēs honōris, sella curūlis, unquam vacua mortis periculō
 atque insidiīs fuit. Ego multa tacuī, multa pertulī, multa
 concēssī, multa meō quōdam dolōre in vestrō timōre sānāvī.
 Nunc, sī hunc exitum cōsulātūs meī dī immortalēs esse
 20 voluērunt, ut vōs populūque Rōmānum ex caede miser-
 rimā, cōniugēs liberōsque vestrōs virginēsque Vestālīs ex
 acerbissimā vexātiōne, templa atque dēlūbra, hanc pul-
 cherrimam patriam omnium nostrūm ex foedissimā flammā,
 tōtam Ītaliā ex bellō et vāstitāte ēriperem, quaecumque
 25 mihi ūnī prōpōnētur fortūna, subeātur. Etenim sī P.
 Lentulus suum nōmen, inductus ā vātibus, fātāle ad per-
 niciem rei pūblicae fore putāvit, cūr ego nōn laeter meum
 cōsulātum ad salūtem populī Rōmānī prope fātālem ex-
 istisse ?

*Therefore let your present thoughts be only for fatherland and family.
 Do not suppose, however, that I am not moved by the anxiety and
 the tears of my loved ones: rather do these evidences of affection
 stir me to more energetic action that I may save them from threat-
 ened destruction.*

30 II. 3. Quā rē, patrēs cōscriptī, cōsulite vōbīs; prō-
 spicite patriae; cōservāte vōs, cōniugēs, liberōs fortunās-
 que vestrās, populī Rōmānī nōmen salūtemque dēfendite:
 mihi parcere ac dē mē cōgitāre dēsinite. Nam primum
 dēbeō spērāre omnīs deōs quī huīc urbī praesident, prō eō
 35 mihi ac mereor relātūrōs esse grātiam; deinde, sī quid
 obtigerit, aequō animō parātōque moriar. Nam neque
 turpis mors fortī virō potest accidere, neque immātūra
 cōsulārī, nec misera sapientī. Nec tamen ego sum ille
 ferreus, quī frātris cārissimī atque amantissimī praesentis
 40 maerōre nōn movear, hōrumque omnium lacrimīs, ā quibus
 mē circumsessum vidētis. Neque meam mentem nōn
 domum saepe revocat exanimāta uxor, et abiecta metū
 filia, et parvolus filius, quem mihi vidētur amplectī rēs
 pūblica tamquam obsidem cōsulātūs meī, neque ille quī,

exspectāns hūius exitum diēi, adstat in cōnspectū meō, 45
 gener. Moveor hīs rēbus omnibus; sed in eam partem,
 utī salvī sint vōbīsecum omnēs, etiam sī mē vīs aliqua op-
 presserit, potius quam et illi et nōs unā rei pūblicae pēste
 pereāmus.

For the present crisis is far more grave than those of former years.

4. Quā rē, patrēs cōscriptī, incumbite ad salūtem rei 50
 pūblicae; circumspicite omnīs procellās quae impendent,
 nisi prōvidētis. Nōn Ti. Gracchus, quod iterum tribū-
 nus plēbis fierī voluit; nōn C. Gracchus, quod agrariōs
 concitāre cōnātus est; nōn L. Sātūrnīnus, quod C. Mem-
 mium occīdit, in discrīmen aliquod atque in vestrae 55
 sevērītātis iūdicium addūcitur. Tenentur eī quī ad urbis
 incendium, ad vestram omnium caedem, ad Catilīnam
 accipiendum Rōmae restitērunt; tenentur litterae, signa,
 manūs, dēnique unīus cuiusque cōfessiō: sollicitantur
 Allobrogēs, servitia excitantur, Catilīna arcessitur; id est 60
 initum cōnsilium, ut, interfectīs omnibus, nēmo nē ad
 dēplōrandum quidem populī Rōmānī nōmen atque ad lā-
 mentandam tantī imperī calamitātem relinquātur.

*These things are clear from the evidence and from the confession of
 the prisoners, and you have already by your acts condemned the
 prisoners; and yet as if it were still an open question, I will lay
 the matter before you now with the reminder that, whatever your
 course, you should decide before night.*

III. 5. Haec omnia indicēs dētulērunt, rei cōfessi
 sunt, vōs multīs iam iūdicīis iūdicāvistis: prīmum, quod 65
 mihi grātiās ēgistis singulāribus verbīs, et meā virtūte
 atque dīligentiā perditōrum hominum coniūratiōnem pate-
 factam esse dēcrēvistis; deinde, quod P. Lentulum sē
 abdicāre praetūrā coēgistis; tum, quod eum et cēterōs, dē
 quibus iūdicāstis, in cūstōdiam dandōs cēnsuistis; māxi- 70
 mēque quod meō nōmine supplicatiōnem dēcrēvistis, quī
 honōs togātē habitus ante mē est nēminī; postrēmō, he-

sternō diē praemia lēgātīs Allobrogum Titōque Volturciō dedistis amplissima. Quae sunt omnia eius modī, ut eī, 75 quī in cūstōdiam nōminātīm datī sunt, sine ūllā dubitātiōne ā vōbīs damnātī esse videantur.

6. Sed ego institūi referre ad vōs, patrēs cōscriptī, tamquam integrum, et dē factō quid iūdicētis, et dē poenā quid cēnsēatis. Illa praedicam quae sunt cōsulis. Ego 80 māgnū in rē pūblicā versārī furōrem, et nova quaedam mīscērī et concitārī mala, iam pridem vidēbam; sed hanc tantam, tam exitiōsam habērī coniūrātiōnem ā cīvibus numquam putāvī. Nunc quicquid est, quōcumque vestrae mentēs inclinānt atque sententiae, statuendum vōbīs ante 85 noctem est. Quantum facinus ad vōs delātum sit, vidētis. Huīc sī paucōs putātis adfinīs esse, vehementer errātis: lātius opiniōne dissēminātum est hōc malum. Mānāvit nōn solum per Ītaliā, vērū etiam trāscendit Alpīs et obscurē serpēns multās iam prōvinciās occupāvit. Id op- 90 primī sustentandō ac prōlātandō nullō pactō potest. Quācumque ratiōne placet, celeriter vōbīs vindicandum est.

Of the two proposals before us, that of Silanus favors the death-penalty; that of Caesar, imprisonment for life and confiscation of their property. But Caesar's proposal is hardly practicable, and, after all, is the severer of the two.

IV. 7. Videō adhūc duās esse sententiās: ūnam D. Silānī, quī cēnsēt eōs, quī haec delēre cōnātī sunt, morte esse multandōs; alteram C. Caesaris, quī mortis poenam 95 removet, cēterōrum suppliciōrum omnīs acerbitatēs amplectitur. Uterque et prō suā dignitatē et prō rērū māgnitūdine in summā sevēritatē versātur. Alter eōs, quī nōs omnīs, quī populū Rōmānū, vitā prīvāre cōnātī sunt, quī delēre imperium, quī populī Rōmānī nōmen 100 exstinguere, punctum temporis fruī vitā et hōc commūnī spīritū nōn putat oportēre; atque hōc genus poenae saepe in improbōs cīvis in hāc rē pūblicā esse ūsūrpātum recordātur. Alter intellegit mortem ab dīs immortālibus nōn

esse supplicī causā constitūtā; sed aut necessitātem nātūrae, aut labōrum ac miseriarum quiētem. Itaque eam 105
 sapientēs numquam invītī, fortēs saepe etiam libenter,
 oppetivērunt. Vincula vērō, et ea sempiterna, certē ad
 singulārem poenam nefariī sceleris inventa sunt. Mūnici-
 piīs dispertīri iubet. Habere vidētur ista rēs, inīquitātem,
 sī imperāre velīs, difficultātem, sī rogāre. Dēcernātur 110
 tamen, sī placet. 8. Ego enim suscipiam et, ut spērō,
 reperiam quī id, quod salūtis omnium causā statueritis,
 nōn putent esse suae dīgnitātis recūsāre. Adiungit gra-
 vem poenam mūnicipibus, sī quis eōrum vincula rūperit;
 horribilīs cūstōdiās circumdat, et dīgnās scelere hominum 115
 perditōrum. Sancit nē quis eōrum poenam quōs con-
 demnat, aut per senātum aut per populum levāre possit;
 ēripit etiam spem, quae sōla hominem in miserīis cōsōlārī
 solet. Bona praetereā pūblicārī iubet. Vītā sōlam re-
 linquit nefariīs hominibus: quam sī ēripuisset, multōs 120
 ūnō dolōrēs animī atque corporis et omnīs scelerum poenās
 adēmissēt. Itaque ut aliqua in vītā formīdō improbīs
 esset posita, apud inferōs eius modī quaedam illī antīquī
 supplicia impiīs cōstitutā esse voluērunt, quod vidēlicet
 intellegēbant, eīs remōtīs, nōn esse mortem ipsam perti- 125
 mēscendam.

Since Caesar is a popular leader, to follow his opinion would perhaps be the safer course; but no such consideration shall influence me. One of these would-be democrats, I see, is absent to-day to avoid the necessity of voting in a capital case. Having already declared himself on the question, he is inconsistent. Caesar is aware that our laws were not made for enemies, and hence Lentulus deserves perpetual imprisonment.

V. 9. Nunc, patrēs cōscriptī, ego meā videō quid in-
 tersit. Sī eritis secūtī sententiam C. Caesaris, quoniam
 hanc is in rē pūblicā viam, quae populāris habētur, secūtus
 est, fortasse minus erunt, hōc auctōre et cōgnitōre hūiusee 130
 sententiae, mihi populārēs impetūs pertimēscendī; sī
 illam alteram, nesciō an amplius mihi negōtī contrahātur.

Sed tamen meōrum periculōrum ratiōnēs ūtilitās rei pūb-
 cae vincat. Habēmus enim ā Caesare, sicut ipsius dīg-
 135 nitās et māiōrum eius amplitūdō pōstulābat, sententiam,
 tamquam obsidem perpetuae in rem pūblicam voluntātis.
 Intellēctum est quid interesset inter levitātem cōtiōnātō-
 rum et animum vērē populārem, salūtī populī cōnsulentem.
 10. Videō dē istīs, quī sē populārīs habērī volunt, abesse
 140 nōn nēminem, nē dē capite vidēlicet cīvium Rōmānōrum
 sententiam ferat. At is et nūdius tertius in cūstōdiam
 cīvīs Rōmānōs dedit, et supplicātiōnem mihi dēcrēvit, et
 indicēs hesternō diē māximīs praemiīs adfēcit. Iam hōc
 nēminī dubium est, quī reō cūstōdiam, quaesītōrī grātulā-
 145 tiōnem, indicī praemium dēcrēvit, quid dē tōtā rē et causā
 iūdicārit. At vērō C. Caesar intellegit, lēgem Semprōniam
 esse dē cīvibus Rōmānīs cōstitūtā; quī autem rei pūbli-
 cae sit hostis, eum cīvem nūllō modō esse posse; dēnique
 ipsum lātōrem Semprōniae lēgis, iūssū populī, poenās rei
 150 pūblīcae dēpendisse. Īdem ipsum Lentulum, largītōrem
 et prōdigum, nōn putat, cum dē perniciē populī Rōmānī,
 exitiō hūius urbis tam acerbē, tam crūdēliter cōgitārit,
 etiam appellārī posse populārem. Itaque homo mītissimus
 atque lēnissimus nōn dubitat P. Lentulum aeternīs tenebrīs
 155 vinculisque mandāre, et sancit in posterum, nē quis hūius
 supplicīō levandō sē iactāre, et in perniciem populī Rōmānī
 posthāc populārīs esse possit: adiungit etiam pūblicātiōnem
 bonōrum, ut omnīs animī cruciātūs et corporis etiam ege-
 stās ac mendicitās cōsequātur.

Whatever you decide, cruelly cannot be charged against you.

When I think of Lentulus lording it as king, Gabinius his grand vizier, the outrages that would follow such a state of things assure me that severity in this case is the truest humanity. Remember the words of Lucius Caesar and the example of the elder Lentulus.*

160 VI. 11. Quam ob rem, sive hōc statueritis, dederitis
 mihi comitem ad cōtiōnem populō cārū atque iūcun-
 dum; sive Sīlānī sententiam sequī mālueritis, facile mē

THE TULLIANUM

The prison consists of a large upper chamber and a smaller underground circular dungeon, cut in the solid rock. The latter was originally a kind of well-house and probably extended upwards to a point (G). This upper part was afterwards cut off when the upper prison was added, and a ceiling of overlapping stone slabs was built with a small hole (A) through which criminals were thrust, and either left there to die of cold and starvation, or strangled by the executioner (see page 352). According to tradition, St. Peter and St. Paul were confined in the upper prison in the time of Nero, and therefore a church dedicated to St. Peter and called S. Pietro in Carcere (St. Peter in Prison) was built above it.

atque vōs crūdēlitātis vituperātiōne exsolveritis, atque
 obtinēbō eam multō lēniōrem fuisse. Quamquam, patrēs
 cōscriptī, quae potest esse in tantī sceleris immānitāte 165
 pūniendā crūdēlitās? Ego enim dē meō sēnsū iūdicō.
 Nam ita mihi salvā rē pūblicā vōbiscum perfrui liceat, ut
 ego, quōd in hāc causā vehementior sum, nōn atrōcitatē
 animī moveor—quis est enim mē mītiōr?—sed singulārī
 quādā hūmānitāte et misericordiā. Videor enim mihi 170
 vidēre hanc urbem, lūcem orbis terrārum atque arcem om-
 nium gentium, subitō ūnō incendiō concidentem. Cernō
 animō sepultā in patriā miserōs atque insepultōs acervōs
 cīvium. Versātur mihi ante oculōs aspectus Cethēgī et
 furor in vestrā caede bacchantis. 12. Cum vērō mihi prō- 175
 posuī rēgnantem Lentulum, sicut ipse ex fātis sē spērāsse
 cōfessus est; purpurātum esse huic Gabīnium; cum
 exercitū vēnisse Catilinam;—tum lāmentātiōnem mātrum
 familiās, tum fugam virginum atque puerōrum, ac vexā-
 tiōnem virginum Vestālium perhorrescō. Et, quia mihi 180
 vehementer haec videntur misera atque miseranda, idcirco,
 in eōs, quī ea perficere voluērunt, mē sevērūm vehemen-
 temque praebeō. Etenim quaerō, sī quis pater familiās,
 liberīs suis ā servō interfectīs, uxōre occīsā, incēnsā domo,
 supplicium dē servō nōn quam acerbissimum sūmpserit, 185
 utrum is clēmēns ac misericors, an inhūmānissimus et
 crūdēlissimus esse videātur. Mihi vērō importūnus ac fer-
 reus, quī nōn dolōre et cruciātū nocentis suum dolōrem
 cruciātumque lēnerit. Sic nōs in hīs hominibus, quī nōs,
 quī cōniugēs, quī liberōs nostrōs trucidāre voluērunt; quī 190
 singulās ūniūs cuiusque nostrum domōs, et hōc ūniversum
 rei pūblicae domicilium dēlere cōnātī sunt; quī id ēgērunt,
 ut gentem Allobrogum in vēstigiīs hūius urbis atque in
 cinere dēflagrātī imperī conlocārent, sī vehementissimī
 fuerimus, misericordēs habēbimur; sīn remissiōrēs esse 195
 voluerimus, summae nobīs crūdēlitātis in patriae cīvium-
 que perniciē fāma subeunda est. 13. Nisi vērō cuiūpiam L.
 Caesar, vir fortissimus et amantissimus rei pūblicae, crū-

dēlior nūdius tertius vī est, cum sorōris suae, fēminae
 200 lēctissimae, virum praefectum et audientem vitā privandum
 esse dixit, cum avum suum iūssū cōsulis interfectum,
 filiumque eius impūberem, lēgātum ā patre missum, in
 carcere necātum esse dixit. Quōrum quod simile factum?
 quod initum dēlendae reī publicae cōsiliū? Largitiōnis
 205 voluntās tum in re pūblicā aversāta est, et partium quaedam
 contentiō. Atque eō tempore hūius avus Lentulī, vir clā-
 rissimus, armātus Gracchum est persecūtus. Ille etiam
 grave tum volnus accēpit, nē quid dē summā re pūblicā
 dēminuerētur: hīc ad ēvertenda reī pūblicae fundāmenta
 210 Gallōs accessit, servitia concitat, Catilīnam vocat, attribuit
 nōs trucidandōs Cethēgō, et cēterōs cīvis interficiendōs Ga-
 bīniō, urbem inflāmandam Cassiō, tōtam Ītaliā vāstan-
 dam diripiendamque Catilīnae. Vereāmini, cēseō, nē in
 hōc scelere tam immānī ac nefandō nimis aliquid sevērē
 215 statuisse videāmini: multō magis est verendum, nē remis-
 siōne poenae crūdēlēs in patriam, quam nē sevērītate ani-
 madversiōnis nimis vehementēs in acerbissimōs hostīs fuisse
 videāmur.

*Let not the whispered fears that we lack the strength to deal with our
 enemies disturb you. I have made every preparation to meet the
 issue. Consider the unanimity of all good citizens: the knights,
 who may yield to you in rank, but not in patriotism; the no less
 zealous civil servants, freedmen, and even slaves, while the shop-
 keepers are ever on the side of peace and order.*

VII. 14. Sed ea quae exaudiō, patrēs cōscriptī, dis-
 220 simulāre nōn possum. Iaciuntur enim vōcēs, quae per-
 veniunt ad aurīs meās, eōrum quī verērī videntur, ut
 habeam satis praesidē ad ea, quae vōs statueritis hodiernō
 diē, trānsigunda. Omnia et prōvīsa et parāta et cōstitutā
 sunt, patrēs cōscriptī, cum meā summā cūrā atque dili-
 225 gentiā, tum multō etiam māiōre populī Rōmānī ad summum
 imperium retinendum et ad cōmūnis fortūnās cōservan-
 dās voluntāte. Omnēs adsunt omnium ōrdinum hominēs,

omnium dēnique aetātum, plēnum est forum, plēna templa circum forum, plēnī omnēs : hūius templī ac locī. Causa est enim post urbem hanc inventa 230 sōla, in quā omnēs sentirent unumque idem, praeter eōs, quī cum sibi vidērent esse pericūlum, cum omnibus potius quam sōlī perīre voluērunt. 15. Hōsce ego hominēs excipiō et sēcernō libenter; neque in improbōrum cīvium, sed in acerbissimōrum hostium numerō habendōs 235 putō. Cēterī vērō, dī immortalēs! quā frequentīā, quō studiō, quā virtūte ad commūnem salūtem dīgnitātemque cōnsentiunt!

Quid ego hīc equitēs Rōmānōs commemorem? quī vōbīs ita summam ōrdinis cōnsilīque concēdunt, ut vōbīs- 240 cum dē amōre rei pūblīcae certent; quōs ex multōrum annōrum dissēsiōne hūius ōrdinis ad societātem concordiamque revocātōs hodiernus diēs vōbīscum atque haec causa cōniungit. Quam sī cōniūctiōnem, in cōnsulātū cōnfīrmātā meō, perpetuam in rē pūblīcā tenuerimus, 245 cōnfīrmō vōbīs nūllum posthāc malum cīvīle ac domesticum ad ūllam rei pūblīcae partem esse ventūrum.

Parī studiō dēfendundae rei pūblīcae convēnisse vidēō tribūnōs aerāriōs, fortissimōs virōs; scribās item ūniversōs, quōs cum cāsū hīc diēs ad aerāriū frequentāset, 250 vidēō ab exspectātiōne sortis ad salūtem commūnem esse conversōs.

16. Omnis ingenuōrum adest multitūdō, etiam tenuissimōrum. Quis est enim cui nōn haec templa, aspectus urbis, possessiō libertātis, lūx dēnique haec ipsa et hōc 255 commūne patriae solum, cum sit cārum, tum vērō dulce atque iūcundum? VIII. Operae pretium est, patrēs cōnscriptī, libertīnōrum hominum studīo cōgnōscere, quī, suā virtūte fortūnam hūius cīvitātis cōpūtī, hanc suam patriam iūdicant, quam quīdam hīc hostiū, et summō locō 260 nātī, nōn patriam suam, sed urbem hostium, esse iūdicāvērunt. Sed quid ego hōsce hominēs ōrdinēsque commemorō, quōs prīvātae fortūnae, quos commūnis rēs pūblīca,

quōs dēnique libertās, ea quae dulcissima est, ad salūtem
 265 patriae dēfendendam excitāvit? Servus est nēmo, quī
 modo tolerābilī condiciōne sit servitūtis, quī nōn audāciam
 cīvium perhorrēscat; quī nōn haec stāre cupiat; quī nōn,
 quantum audet et quantum potest, cōferat ad salūtem
 voluntātis.

270 17. Quā rē, sī quem vestrum forte commovet hōc quod
 auditum est—lēnōnem quendam Lentulī concursāre cir-
 cum tabernās, pretiō spērāre sollicitārī posse animōs egen-
 tium atque imperitōrum—est id quidem coeptum atque
 temptātum; sed nullī sunt inventī tam aut fortūnā miserī
 275 aut voluntāte perditī, quī nōn illum ipsum sellae atque
 operis et quaestūs cotīdiānī locum, quī nōn cubile ac lec-
 tulum suum, quī dēnique nōn cursum hunc ōtiōsum vītae
 suae salvum esse velint. Multō vērō māxima pars eōrum
 quī in tabernīs sunt, immō vērō—id enim potius est
 280 dīcendum—genus hōc ūniversum amantissimum est ōtī.
 Etenim omne instrūmentum, omnis opera atque quaestus,
 frequentīā cīvium sustentātur, aliter ōtiō. Quōrum sī
 quaestus ocllūsīs tabernīs minui solet, quid tandem in-
 cēnsis futūrum fuit?

*With every advantage, therefore, in your favor, and with everything
 that is dear at stake, so act that never again may such a con-
 spiracy be possible.*

285 18. Quae cum ita sint, patrēs cōnscriptī, vōbīs populī
 Rōmānī praesidia nōn dēsunt: vōs nē populō Rōmānō
 deesse videāminī, prōvidēte. IX. Habētis cōnsulem ex
 plūrimīs periculīs et insidiīs atque ex mediā morte, nōn ad
 vītam suam sed ad salūtem vestram reservātum. Omnēs
 290 ordinēs ad cōservandam rem pūblicam mente, voluntāte,
 vōce cōsentiunt. Obsessa facibus et tēlīs impiae coniūrā-
 tiōnis vōbīs supplex manūs tendit patria commūnis; vōbīs
 sē, vōbīs vītam omnium cīvium, vōbīs arcem et Capitōlium,
 vōbīs ārās Penātium, vōbīs illum ignem Vestae sempi-
 295 ternum, vōbīs omnium deōrum templa atque dēlūbra, vōbīs

mūrōs atque urbis tēcta commendat. Praetereā dē vestrā vitā, dē cōniugum vestrārum atque liberōrum animā, dē fortūnis omnium, dē sēdibus, dē focīs vestrīs, hodiernō diē vōbīs iūdicandum est. 19. Habētis ducem memorem vestrī, oblītum suī, quae nōn semper facultās datur; habētis omnīs 300 ordinēs, omnīs hominēs, ūniversum populum Rōmānum (id quod in cīvīlī causā hodiernō diē prīmum vidēmus) ūnum atque idem sentientem. Cōgitāte quantīs labōribus fundātum imperium, quantā virtūte stabilitam libertātem, quantā deōrum benīgnitāte auctās exaggerātāsque fortūnās, 305 ūna nox paene dēlērit. Id nē umquam posthāc nōn modo nōn cōnficī, sed nē cōgitārī quidem possit ā cīvibus, hodiernō diē prōvidendum est. Atque haec nōn ut vōs, quī mihi studiō paene praecurrītis, excitārem, locūtus sum; sed ut mea vōx, quae dēbet esse in rē pūblicā prīnceps, officiō 310 fūncta cōnsulārī vidērētur.

As for myself, come what may, I shall never repent of my course. Let Scipio the elder and his younger namesake, let Paulus and Marius, and Pompey, greatest of them all, enjoy the glory to which they are entitled: beside these names my own shall have its modest place. Meanwhile the violence of my private enemies will be harmless against the support for which I look to you.

X. 20. Nunc, ante quam ad sententiam redeō, dē mē pauca dicam. Ego, quanta manus est coniūrātōrum, quam vidētis esse permāgnam, tantam mē inimicōrum multitudinem suscēpisse videō; sed eam iūdicō esse turpem et 315 infirmam et abiectam. Quod sī aliquandō alicūius furōre et scelere concitāta manus ista plūs valuerit quam vestra ac rē pūblicae dīgnitās, mē tamen meōrum factōrum atque cōnsiliōrum numquam, patrēs cōnscriptī, paenitēbit. Etenim mors, quam illī fortasse minitantur, omnibus est 320 parāta. Vitae tantam laudem, quantā vōs mē vestrīs dēcretīs honestāstis, nēmo est adsecūtus; cēterīs enim semper bene gestā, mihi ūnī cōservātā rē pūblicā, grātulātiōnem dēcrevistis. 21. Sit Scipiō ille clārus, cūius cōnsiliō

325 atque virtūte Hannibal in Āfricam redire atque Ītaliā
 decēdere coactus est; ornētur alter eximiā laude Āfricānus,
 quī duās urbīs huic imperiō infestissimās, Karthāginem
 Numantiamque, delēvit; habeatur vir ēgregius Paulus ille,
 cūius currum rēx potentissimus quondam et nōbilissimus
 330 Persēs honestavit; sit aeternā glōriā Marius, quī bis Ītaliā
 obsidiōne et metū servitūtis liberavit; antepōnātur omnibus
 Pompēius, cūius rēs gestae atque virtūtēs īdem, quibus
 sōlis cursus, regiōnibus ac terminīs continentur:—erit
 profectō inter hōrum laudēs aliquid locī nostrae glōriae,
 335 nisi forte māius est patefacere nōbīs prōvinciās quō exire
 possim^{us}, quam cūrāre ut etiam illī, quī absunt, habeant
 quō victōrēs revertantur. 22. Quamquam est unō locō
 condiciō melior externae victōriae quam domesticae, quod
 hostēs aliēnigenae aut oppressī serviunt aut receptī in
 340 amicitiam beneficiō sē obligātōs putant: quī autem ex
 numerō cīvium, dēmentia aliquā dēprāvātī, hostēs patriae
 semel esse coepērunt, eōs cum ā perniciē rei pūblicaē rep-
 puleris, nec vī coērcēre nec beneficiō plācāre possīs. Quā
 rē mihi cum perditīs cīvibus aeternum bellum susceptum
 345 esse videō.] Id ego vestrō bonōrumque omnium auxiliō,
 memoriāque tantōrum periculōrum (quae nōn modo in hōc
 populō quī servātus est, sed in omnium gentium sermō-
 nibus ac mentibus semper haerēbit) ā mē atque ā meīs fa-
 cile prōpulsārī posse cōfīdō. Neque ūlla profectō tanta
 350 vīs reperiētur, quae cōniūctiōnem vestram equitumque
 Rōmānōrum, et tantam cōspirātiōnem bonōrum omnium
 cōnfringere et labefactāre possit.

*Let my reward be your recollection of these events and your protection
 of my son. Decide, then, fearlessly, and I will do your will.*

XI. 23. Quae cum ita sint, prō imperiō, prō exercitū,
 prō prōvinciā quam neglēxī, prō triumphō cēterisque
 355 laudis īsignibus quae sunt ā mē propter urbis vestraeque
 salutis cūstōdiam repudiāta, prō clientēlis hospitīisque prō-
 vinciālibus, quae tamen urbānīs opibus nōn minōre labōre

tueor quam comparō—prō hīs igitur omnibus rēbus, prō
 meis in vōs singulāribus studiīs, prōque hāc quam per-
 spicitis ad cōservandam rem pūblicam dīligentiā, nihil ā 360
 vōbīs, nisi hūius temporis tōtīusque meī cōsulātūs memo-
 riam, pōstulō: quae dum erit vestrīs fixa mentibus, tūtis-
 simō mē mūrō saeptum esse arbitrābor. Quod sī meam
 spem vīs improbōrum fefellerit atque superāverit, com-
 mendō vōbīs parvum meum filium; cui profectō satis erit 365
 praesidī, nōn solum ad salūtem, vērū etiam ad dīgnitā-
 tem, sī ēius, quī haec omnia suō solīus perīculō cōser-
 vārit, illum filium esse memineritis. 24. Quāpropter dē
 summā salūte vestrā populīque Rōmānī, dē vestrīs cōniu-
 gibus ac liberīs, dē arīs ac focīs, dē fānīs atque templīs, dē 370
 tōtīus urbis tēctīs ac sēdibus, dē imperiō ac libertāte, dē
 salūte Ītaliae, dē ūiversā rē pūblicā dēcernite dīligenter,
 ut īstituistis, ac fortiter. Habētis eum cōnsulem quī et
 pārēre vestrīs dēcrētīs nōn dubitet, et ea quae statueritis,
 quoad vīvet, dēfendere et per sē ipsum praestāre possit. 375

DEFENCE OF ARCHIAS

“Strange words these to fall from the pleader’s lips in the dusty atmosphere of the praetor’s court! *non fori, neque iudiciali consuetudine*, says Cicero himself, in the few words of graceful apology with which the speech ends. But in truth, as he well knew, he was not speaking to the respectable gentlemen on the benches before him. He addressed a larger audience : posterity and the civilized world.”—
MACKAIL’S *Latin Literature*.

DEFENCE OF ARCHIAS

Whatever talent or skill I may possess, I am bound to devote it to the defence of A. Licinius here, for all that I am I owe to him.

SI quid est in me ingeni, iudices, quod sentio quam sit exiguum, aut si qua exercitatio dicendi, in qua me non infitior mediocriter esse versatum, aut si huiusce rei ratio aliqua ab optimarum artium studiis ac disciplina profecta, a qua ego nullum confiteor aetatis meae tempus abhorruisse—earum rerum omnium vel in primis hic A. Licinius fructum a me repetere prope suo iure debet. Nam quoad longissime potest mens mea respicere spatium praeteriti temporis, et pueritiae memoriam recordari ultimam, inde usque repetens hunc video mihi principem et ad suscipiendam et ad ingrediendam rationem horum studiorum exstitisse. Quod si haec vox, huius hortatu praeceptisque conformata, non nullis aliquando saluti fuit, a quo id accepimus quo ceteris opitulari et alios servare possemus, huic profecto ipsi, quantum est situm in nobis, et opem et salutem ferre debemus. 2. Ac ne quis a nobis hoc ita dici forte miretur, quod alia quaedam in hoc facultas sit ingeni, neque haec dicendi ratio aut disciplina, ne nos quidem huic uni studio penitus umquam dediti fuimus. Etenim omnes artes quae ad humanitatem pertinent,

QUESTIONS (for the answers see the Notes).—1. When was the *Pro Archia* delivered? 2. What was its object? 3. The true secret of the prosecution? 4. Give a short sketch of the life of Archias. 5. His earliest association with Cicero? 6. What city gave him its franchise? 7. Discuss the legal aspects of the case. 8. In what does the real interest of the speech lie?

habent quoddam commune vinculum, et, quasi cognatione quadem, inter se continentur.

For the unusual character of my speech my apology must be the character of my client and of this court.

II. 3. Sed ne cui vestrum mirum esse videatur, me in quaestione legitima et in iudicio publico (cum res agatur
 25 apud praetorem populi Romani, lectissimum virum, et apud severissimos iudices, tanto conventu hominum ac frequentia) hoc uti genere dicendi, quod non modo a consuetudine iudiciorum, verum etiam a forensi sermone abhorreat, quaeso a vobis, ut in hac causa mihi detis hanc
 30 veniam, adcommodatam huic reo, vobis, quem ad modum spero, non molestam, ut me pro summo poëta atque eruditissimo homine dicentem, hoc concursu hominum litteratissimorum, hac vestra humanitate, hoc denique praetore exercente iudicium, patiamini de studiis humanitatis ac
 35 litterarum paulo loqui liberius, et in eius modi persona, quae propter otium ac studium minime in iudiciis periculisque tractata est, uti prope novo quodam et inusitato genere dicendi. 4. Quod si mihi a vobis tribui concedique sentiam, perficiam profecto ut hunc A. Licinium non
 40 modo non segregandum, cum sit civis, a numero civium, verum etiam si non esset, putetis asciscendum fuisse. 1

From his earliest years Archias displayed astonishing talents, and these were developed by study and travel. In Italy he received a most flattering welcome. Finally settling at Rome, he soon numbered our leading men among his friends.

III. Nam ut primum ex pueris excessit Archias, atque ab eis artibus quibus aetas puerilis ad humanitatem informari solet, se ad scribendi studium contulit, primum Antiochia—nam ibi natus est loco nobili—celebri quondam
 45 urbe et copiosa, atque eruditissimis hominibus liberalissimisque studiis affluentibus, celeriter antecellere omnibus ingeni gloria contigit. Post in ceteris Asiae partibus

cunctaeque Graeciae sic eius adventus celebrabantur, ut famam ingeni exspectatio hominis, exspectationem ipsius 50 adventus admiratioque superaret. 5. Erat Italia tunc plena Graecarum artium ac disciplinarum, studiaque haec et in Latio vehementius tum colebantur quam nunc eisdem in oppidis, et hic Romae propter tranquillitatem rei publicae non neglegebantur. Itaque hunc et Tarentini et 55 Regini et Neapolitani civitate ceterisque praemiis donarunt, et omnes, qui aliquid de ingeniis poterant iudicare, cognitione atque hospitio dignum existimarunt. Hac tanta celebritate famae cum esset iam absentibus notus, Romam venit, Mario consule et Catulo. Nactus est primum con- 60 sules eos quorum alter res ad scribendum maximas, alter cum res gestas, tum etiam studium atque auris, adhibere posset. Statim Luculli, cum praetextatus etiam tum Archias esset, eum domum suam receperunt. Sed etiam hoc non solum ingeni ac litterarum, verum etiam naturae 65 atque virtutis, ut domus quae huius adulescentiae prima fuit eadem esset familiarissima senectuti. 6. Erat temporibus illis iucundus Metello illi Numidico et eius Pio filio; audiebatur a M. Aemilio; vivebat cum Q. Catulo et patre et filio; a L. Crasso colebatur; Lucullos vero 70 et Drusum et Octavios et Catonem et totam Hortensiorum domum devinctam consuetudine cum teneret, adficiebatur summo honore, quod eum non solum colebant qui aliquid percipere atque audire studebant, verum etiam si qui forte simulabant. 75

While travelling with Lucullus he was enrolled as a citizen of Heracleia, and having duly fulfilled every legal requirement he was entitled under the law to the Roman citizenship.

IV. Interim satis longo intervallo, cum esset cum M. Lucullo in Siciliam profectus, et cum ex ea provincia cum eodem Lucullo decederet, venit Heracliam. Quae cum esset civitas aequissimo iure ac foedere, ascribi se in eam civitatem voluit; idque, cum ipse per se dignus putaretur, 80

tum auctoritate et gratia Luculli ab Heracliensibus impe-
travit. 7. Data est civitas Silvani lege et Carbonis : si
QUI FOEDERATIS CIVITATIBUS ASCRIPTI FUissent : si tum,
CUM LEX FEREBATUR, IN ITALIA DOMICILIUM HABUISSENT,
85 ET SI SEXAGINTA DIEBUS APUD PRAETOREM ESSENT PRO-
FESSI. Cum hic domicilium Romae multos iam annos
haberet, professus est apud praetorem Q. Metellum famili-
arissimum suum.

What more needs to be said? His citizenship of Heraclia is vouched for, Gratius, by the upright Lucullus, who speaks from actual knowledge, and by the noble delegates from Heraclia here present, so that we do not need the missing records of that city. That my client has long been a resident of Rome, everybody knows. Finally, he made his declaration as required before Metellus, whose records are above suspicion.

8. Si nihil aliud nisi de civitate ac lege dicimus, nihil
90 dico amplius : causa dicta est. Quid enim horum in-
firmari, Grati, potest? Heracliaene esse tum ascriptum
negabis? Adest vir summa auctoritate et religione et fide,
M. Lucullus; qui se non opinari sed scire, non audisse
sed vidisse, non interfuisse sed egisse dicit. Adsunt He-
95 raclienses legati, nobilissimi homines; huius iudici causa
cum mandatis et cum publico testimonio venerunt; qui
hunc ascriptum Heracliensem dicunt. Hic tu tabulas
desideras Heracliensium publicas, quas Italico bello in-
censo tabulario interisse scimus omnis. Est ridiculum ad
100 ea quae habemus nihil dicere, quaerere quae habere non
possumus; et de hominum memoria tacere, litterarum
memoriam flagitare; et, cum habeas amplissimi viri re-
ligionem, integerrimi municipi ius iurandum fidemque, ea,
quae depravari nullo modo possunt, repudiare, tabulas,
105 quas idem dicis solere corrumpi, desiderare. 9. An do-
mici-
limum Romae non habuit is qui tot annis ante civitatem
datam sedem omnium rerum ac fortunarum suarum Romae
conlocavit? At non est professus. Immo vero eis tabulis
professus, quae solae ex illa professione conlegioque prae-

torum obtinent publicarum tabularum auctoritatem. V. 110
 Nam, cum Appi tabulae negligentius adservatae dice-
 rentur, Gabini, quam diu incolumis fuit, levitas, post
 damnationem calamitas omnem tabularum fidem resi-
 gnasset, Metellus, homo sanctissimus modestissimusque om-
 nium, tanta diligentia fuit, ut ad L. Lentulum praetorem 115
 et ad iudices venerit, et unius nominis litura se commotum
 esse dixerit. In his igitur tabulis nullam lituram in nomine
 A. Licini videtis.

The first objection raised to my client's citizenship is absurd, since not only Heraclia, but other cities also admitted him to the franchise. The second objection—the absence of his name from the census—is easily explained, and more than offset by other facts well known.

10. Quae cum ita sint, quid est quod de eius civitate
 dubitetis, praesertim cum aliis quoque in civitatibus fuerit 120
 ascriptus? Etenim cum mediocribus multis, et aut nulla
 aut humili aliqua arte praeditis, gratuito civitatem in
 Graecia homines impertiebant, Reginos credo aut Locrensis
 aut Neapolitanos aut Tarentinos, quod scenicis artificibus
 largiri solebant, id huic summa ingeni praedito gloria 125
 noluisse! Quid? cum ceteri non modo post civitatem
 datam, sed etiam post legem Papiam aliquo modo in
 eorum municipiorum tabulas inrepperunt, hic, qui ne
 utitur quidem illis, in quibus est scriptus, quod semper se
 Heracliensem esse voluit, reicietur? 130

11. Census nostros requiris scilicet. Est enim obscurum
 proximis censoribus hunc cum clarissimo imperatore L.
 Lucullo apud exercitum fuisse; superioribus, cum eodem
 quaestore fuisse in Asia; primis Iulio et Crasso nullam
 populi partem esse censam. Sed, quoniam census non ius 135
 civitatis confirmat, ac tantum modo indicat eum, qui sit
 census, ita se iam tum gessisse pro cive, eis temporibus,
 quibus tu criminari ne ipsius quidem iudicio in civium
 Romanorum iure esse versatum, et testamentum saepe
 fecit nostris legibus, et adiit hereditates civium Roma- 140

norum, et in beneficiis ad aerarium delatus est a L. Lucullo pro consule. VI. Quaere argumenta, si qua potes: numquam enim hic neque suo neque amicorum iudicio revinctur.

The reason, Gratius, why I take such delight in the defence of Archias, is that he provides us advocates with a necessary relaxation. The time that others devote to more frivolous pursuits, I have given to literature.

- 145 ^{396a} 12. Quaeres a nobis, Grati, cur tanto opere hoc homine delectemur. Quia suppeditat nobis ubi et animus ex hoc forensi strepitu reficiatur, et aures convicio defessae con-
 quiescant. An tu existimas aut suppetere nobis posse quod
 150 cotidie dicamus in tanta varietate rerum, nisi animos nostros doctrina excolamus; aut ferre animos tantam posse contentionem, nisi eos doctrina eadem relaxemus? Ego vero fateor, me his studiis esse deditum. Ceteros pudeat, ^{354B} si qui se ita litteris abdiderunt, ut nihil possint ex eis
 155 lucemque proferre: me autem quid pudeat, qui tot annos ita vivo, iudices, ut a nullius umquam me tempore aut commodo aut otium meum abstraxerit, aut voluptas avocavit, aut denique somnus retardarit? 13. Qua re quis tandem me reprehendat, aut quis mihi iure susceuseat,
 160 si, quantum ceteris ad suas res obeundas, quantum ad festos dies ludorum celebrandos, quantum ad alias voluptates et ad ipsam requiem animi et corporis conceditur temporum, quantum alii tribuunt tempestivis conviviis, quantum denique alveolo, quantum pilae,—tantum mihi egomet ad
 165 haec studia recolenda sumpsero? Atque hoc ideo mihi concedendum est magis, quod ex his studiis haec quoque crescit oratio et facultas quae quantacumque in me est, numquam amicorum periculis defuit. Quae si cui levior videtur, illa quidem certe, quae summa sunt, ex quo fonte
 170 hauriam, sentio.

True merit is worth its full cost to attain ; yet its memory would perish but for the records of literature. Here I find the memorials of those great exemplars, the story of whose lives has always sustained me in my public life.

14. Nam nisi multorum praeceptis multisque litteris mihi ab adulescentia suasisset, nihil esse in vita magno opere expetendum nisi laudem atque honestatem, in ea autem persequenda omnis cruciatus corporis, omnia pericula mortis atque exsili parvi esse ducenda, numquam 175 me pro salute vestra in tot ac tantas dimicationes atque in hos profligatorum hominum cotidianos impetus obiecissem. Sed pleni omnes sunt libri ; plenae sapientium voces, plena exemplorum vestustas ; quae iacerent in tenebris omnia, nisi litterarum lumen accederet. Quam multas 180 nobis imagines, non solum ad intuendum, verum etiam ad imitandum, fortissimorum virorum expressas scriptores et Graeci et Latini reliquerunt ! Quas ego mihi semper in administranda re publica proponens animum et mentem meam ipsa cogitatione hominum excellentium conforma- 185 bam.

“Have the great then themselves always been lettered men ?” This I cannot say, but nature and culture have certainly united to produce the greatest men. Yet apart from this the delights of literature are perennial.

VII. 15. Quaeret quispiam : ‘Quid ? illi ipsi summi viri, quorum virtutes litteris proditae sunt, istane doctrina, quam tu effers laudibus, eruditi fuerunt ?’ Difficile est hoc de omnibus confirmare, sed tamen est certe quod 190 respondeam. Ego multos homines excellenti animo ac virtute fuisse, et sine doctrina naturae ipsius habitu prope divino per se ipsos et moderatos et gravis exstitisse fateor. Etiam illud adiungo, saepius ad laudem atque virtutem naturam sine doctrina quam sine natura valuisse doctrinam. 195 Atque idem ego contendo, cum ad naturam eximiam atque inlustrem accesserit ratio quaedam conformatioque doc-

178-197

575d

trinae, tum illud nescio quid praeclarum ac singulare solere
 existere.] 16. Ex hoc esse hunc numero, quem patres
 200 nostri viderunt, divinum hominem Africanum; ex hoc C.
 Laelium, L. Furium, moderatissimos homines et continen-
 tissimos; ex hoc fortissimum virum et illis temporibus
 doctissimum, M. Catonem illum senem; qui profecto si
 nihil ad percipiendam colendamque virtutem litteris adju-
 205 varentur, numquam se ad earum studium contulissent.
 Quod si ^{397a} non hic tantus fructus ostenderetur, et si ex his
 studiis delectatio sola peteretur, tamen, ut opinor, hanc
 animi adversionem humanissimam ac liberalissimam iudi-
 caretis. Nam ceterae neque temporum sunt neque aetatum
 210 omnium neque locorum: haec studia adulescentiam alunt,
 senectutem oblectant, secundas res ornant, adversis per-
 fugium ac solacium praebent, delectant domi, non im-
 pediunt foris, pernoctant nobiscum, peregrinantur, rusti-
 cantur.

Even if without these accomplishments ourselves, we must admire them in others. We all admired Roscius the actor: is Archias the poet less deserving of our esteem? Our own Ennius called poets "sacred:" may you so regard them, gentlemen of the jury. Many cities honored Horace dead: shall Archias living receive less honor? And Archias has devoted his genius to singing the glories of Rome.

215 17. Quod si ipsi haec neque attingere neque sensu
 nostro gustare possemus, tamen ea mirari deberemus,
 etiam cum in aliis videremus. VIII. Quis nostrum tam
 animo agresti ac duro fuit, ut Rosci morte nuper non
 commoveretur? qui cum esset senex mortuus, tamen
 220 propter excellentem artem ac venustatem videbatur om-
 nino mori non debuisse. Ergo ille corporis motu tantum
 amorem sibi conciliarat a nobis omnibus: nos animorum
 incredibilis motus celeritatemque ingeniorum neglegemus?
 18. Quotiens ego hunc Archiam vidi, iudices,—utar enim
 225 vestra benignitate, quoniam me in hoc novo genere di-
 cendi tam diligenter attenditis,—quotiens ego hunc vidi,

cum litteram scripsisset nullam, magnum numerum optimorum versuum de eis ipsis rebus, quae tum agerentur, dicere ex tempore ! Quotiens revocatum eandem rem dicere commutatis verbis atque sententiis ! Quae vero adcurate cogitateque scripsisset, ea sic vidi probari, ut ad veterum scriptorum laudem perveniret. Hunc ego non diligam, non admirer, non omni ratione defendendum putem ?

Atque sic a summis hominibus eruditissimisque accepimus, ceterarum rerum studia et doctrina et praeceptis et arte constare ; poëtam natura ipsa valere, et mentis viribus excitari, et quasi divino quodam spiritu inflari. Qua re suo iure noster ille Ennius sanctos appellat poëtas, quod quasi deorum aliquo dono atque munere commendati nobis esse videantur. 19. Sit igitur, iudices, sanctum apud vos, humanissimos homines,—hoc poëtae nomen quod nulla umquam barbaria violavit. Saxa et solitudines voci respondent ; bestiae saepe immanes cantu flectuntur atque consistunt : nos, instituti rebus optimis, non poëtarum voce moveamur ? Homerum Colophonii civem esse dicunt suum, Chii suum vindicant, Salaminii repetunt, Smyrnaei vero suum esse confirmant, itaque etiam delubrum eius in oppido dedicaverunt ; permulti alii praeterea pugnant inter se atque contendunt. IX. Ergo illi alienum, quia poëta fuit, post mortem etiam expetunt : nos hunc vivum, qui et voluntate et legibus noster est, repudiabimus ? praesertim cum omne olim studium atque omne ingenium contulerit Archias ad populi Romani gloriam laudemque celebrandam ? Nam et Cimbricas res adulescens attigit, et ipsi illi C. Mario, qui durior ad haec studia videbatur, iucundus fuit.

Great men have ever loved the poets who sang of their exploits. The poets who have praised our national heroes have at the same time shed lustre on the Roman name. Ennius the alien for such services received the citizenship : shall Archias be deprived of his ?

20. Neque enim quisquam est tam aversus a Musis, qui non mandari versibus aeternum suorum laborum facile

praeconium patiatur. Themistoclem illum, summum
 260 Athenis virum, dixisse aiunt, cum ex eo quaereretur,
 quod acroama aut cuius vocem libentissime audiret: *eius,*
a quo sua virtus optime praedicaretur. Itaque ille Marius
 item eximie L. Plotium dilexit, cuius ingenio putabat ea,
 quae gesserat, posse celebrari.] 21. Mithridaticum vero
 265 bellum, magnum atque difficile, et in multa varietate
 terra marique versatum, totum ab hoc expressum est; qui
 libri non modo L. Lucullum, fortissimum et clarissimum
 virum, verum etiam populi Romani nomen inlustrant.
 Populus enim Romanus aperuit, Lucullo imperante, Pon-
 270 tum, et regiis quondam opibus et ipsa natura et regione
 vallatum; populi Romani exercitus, eodem duce, non
 maxima manu innumerabilis Armeniorum copias fudit;
 populi Romani laus est, urbem amicissimam Cyzicenorum
 eiusdem consilio ex omni impetu regio atque totius belli
 275 ore ac faucibus ereptam esse atque servatam; nostra
 semper feretur et praedicabitur, L. Lucullo dimicante,
 cum interfectis ducibus depressa hostium classis, et incre-
 dibilis apud Tenedum pugna illa navalis; nostra sunt tro-
 paea, nostra monimenta, nostri triumphi: quae quorum
 280 ingeniis efferuntur, ab eis populi Romani fama celebratur.
 22. Carus fuit Africano superiori noster Ennius; itaque
 etiam in sepulcro Scipionum putatur is esse constitutus ex
 marmore.] At eis laudibus certe non solum ipse qui lau-
 datur, sed etiam populi Romani nomen ornatur. In cae-
 lum huius proavus Cato tollitur: magnus honos populi
 Romani rebus adiungitur. Omnes denique illi Maximi,
 Marcelli, Fulvii non sine communi omnium nostrum
 laude decorantur. X. Ergo illum qui haec fecerat, Rudi-
 num hominem, maiores nostri in civitatem receperunt:
 290 nos hunc Heracliensem, multis civitatibus expetitur, in
 hac autem legibus constitutum, de nostra civitate eiciemus?

THE ACROPOLIS AT ATHENS.

The fact that Archias writes in Greek, the language of the world, is the greater stimulus to our ambition. Alexander grieved that he had not a Homer; our own Pompey honored Theophanes with the gift of citizenship. Archias also would have been so honored by one of our generals, had not the laws already made him a citizen.

23. Nam si quis minorem gloriae fructum putat ex Graecis versibus percipi quam ex Latinis, vehementer errat, propterea quod Graeca leguntur in omnibus fere gentibus, Latina suis finibus, exiguis sane, continentur. Qua re si res eae, quas gessimus, orbis terrae regionibus definiuntur, cupere debemus, quo manuum nostrarum tela pervenerint, eodem gloriam famamque penetrare; quod, cum ipsis populis, de quorum rebus scribitur, haec ampla sunt, tum eis certe, qui de vita gloriae causam dimicant, hoc maximum et periculorum incitamentum est et laborum.] 24. Quam multos scriptores rerum suarum magnus ille Alexander secum habuisse dicitur! Atque is tamen, cum in Sigeo ad Achillis tumulum astitisset: ‘O fortunate,’ inquit, ‘adulescens, qui tuae virtutis Homerum praeconem inveneris!’ Et vere. Nam nisi Ilias illa exstitisset, idem tumulus, qui corpus eius contexerat, nomen etiam obruisset. Quid? noster hic Magnus, qui cum virtute fortunam adaequavit, nonne Theophanem Mytilenaeum, scriptorem rerum suarum, in contione militum civitate donavit; et nostri illi fortes viri, sed rustici ac milites, dulcedine quadam gloriae commoti, quasi participes eiusdem laudis, magno illud clamore approbaverunt?

25. Itaque, credo, si civis Romanus Archias legibus non esset, ut ab aliquo imperatore civitate donaretur, perficere non potuit. [Sulla cum Hispanos donaret et Gallos, credo hunc petentem repudiasset: quem nos in contione vidimus, cum ei libellum malus poeta de populo subiecisset, quod epigramma in eum fecisset, tantummodo alternis versibus longiusculis, statim ex eis rebus, quas tunc vendebat, iubere ei praemium tribui, sed ea condicione, ne quid postea scriberet. Qui sedulitatem mali poetae duxerit aliquo tamen

praemio dignam, huius ingenium et virtutem in scribendo et copiam non expetisset? 26. Quid? a Q. Metello Pio, familiarissimo suo, qui civitate multos donavit, neque per se neque per Lucullos impetravisset? qui praesertim usque eo de suis rebus scribi cuperet, ut etiam Cordubae natis poëtis, pingue quiddam sonantibus atque peregrinum, tamen auris suas dederet.

The love of fame is universal, and the poet, as the herald of fame, is as dear to the citizen as to the soldier. Hence my own solicitude for Archias, for he has begun a great epic on the events of my consulship.

330 XI. Neque enim est hoc dissimulandum, quod obscurari non potest, sed prae nobis ferendum: trahimur omnes studio laudis, et optimus quisque maxime gloria ducitur. Ipsi illi philosophi etiam in eis libellis, quos de contemnenda gloria scribunt, nomen suum inscribunt: in eo ipso, in quo 335 praedicationem nobilitatemque despiciunt, praedicari de se ac nominari volunt. 27. Decimus quidem Brutus, summus vir et imperator, Acci, amicissimi sui, carminibus templorum ac monumentorum aditus exornavit suorum. Iam vero ille, qui cum Aetolis Ennio comite bellavit, Fulvius, non dubitavit Martis manubias Musis consecrare. 340 Qua re in qua urbe imperatores prope armati poëtarum nomen et Musarum delubra coluerunt, in ea non debent togati iudices a Musarum honore et a poëtarum salute abhorrere.

345 28. Atque ut id libentius faciatis, iam me vobis, iudices, indicabo, et de meo quodam amore gloriae, nimis acri fortasse verum tamen honesto, vobis confitebor. Nam quas res nos in consulatu nostro vobiscum simul pro salute huiusce imperi, et pro vita civium, proque universa re publica, 350 gessimus, attigit hic versibus atque inchoavit; quibus auditis, quod mihi magna res et iucunda visa est, hunc ad perficiendum adornavi. Nullam enim virtus aliam mercedem laborum periculorumque desiderat praeter hanc laudis

E. V. E.

et gloriae : qua quidem detracta, iudices, quid est quod, in hoc tam exiguo vitae curriculo et tam brevi, tantis nos in laboribus exerceamus? 29. Certe si nihil animus praesentiret in posterum, et si quibus regionibus vitae spatium circumscriptum est, eisdem omnis cogitationes terminaret suas; nec tantis se laboribus frangeret, neque tot curis vigiliisque angeretur, nec totiens de ipsa vita dimicaret. Nunc insidet quaedam in optimo quoque virtus, quae noctis ac dies animum gloriae stimulis concitat, atque admonet, non cum vitae tempore esse dimittendam commemorationem nominis nostri, sed cum omni posteritate adaequandam. XII. 30. ⁴⁻⁵ [An vero tam parvi animi videamur esse omnes, qui in re publica atque in his vitae periculis laboribusque versamur, ut, cum usque ad extremum spatium nullum tranquillum atque otiosum spiritum duxerimus, nobiscum simul moritura omnia arbitremur?] An statuas et imagines, non animorum simulacra sed corporum, studiose multi summi homines reliquerunt; consiliorum relinquere ac virtutum nostrarum effigiem nonne multo malle debemus, summis ingeniis expressam et politam? Ego vero omnia, quae gerebam, iam tum in gerendo spargere me ac disseminare arbitrabar in orbis terrae memoriam sempiternam. Haec vero sive a meo sensu post mortem afutura est, sive (ut sapientissimi homines putaverunt) ad aliquam mei partem pertinebit, nunc quidem certe cogitatione quadam speque delector.

And so, gentlemen of the jury, as Archias is a man of modest worth, whose case has been fully established, and a man of great gifts, which he has employed to the glory of the Roman name, you cannot but acquit him.

31. Qua re conservate, iudices, hominem pudore eo quem amicorum videtis comprobati cum dignitate tum etiam vetustate; ingenio autem tanto, quantum id convenit existimari, quod summorum hominum ingeniis expetitur esse videatis; causam vero eius modi, quae beneficio

385 legis, auctoritate municipi, testimonio Luculli, tabulis
Metelli comprobetur. Quae cum ita sint, petimus a vobis,
iudices, si qua non modo humana verum etiam divina in
tantis ingeniis commendatio debet esse, ut eum, qui vos,
qui vestros imperatores, qui populi Romani res gestas
390 semper ornavit, qui etiam his recentibus nostris vestrisque
domesticis periculis aeternum se testimonium laudis da-
turum esse profitetur, estque ex eo numero qui semper
apud omnes sancti sunt habiti itaque dicti, sic in vestram
accipiatis fidem, ut humanitate vestra levatus potius quam
395 acerbitate violatus esse videatur. 32. Quae de causa pro
mea consuetudine breviter simpliciterque dixi, iudices, ea
confido probata esse omnibus : quae autem remota a mea
iudicialique consuetudine, et de hominis ingenio et com-
muniter de ipsius studio, locutus sum, ea, iudices, a vobis
400 spero esse in bonam partem accepta ; ab eo qui iudicium
exercet, certo scio.

tecta defendere. Sociis ego nostris mare per hos annos
 clausum fuisse dicam, cum exercitus vestri numquam a
 Brundisio nisi hieme summa transmiserint? Qui ad vos
 ab exteris nationibus venirent, captos querar, cum legati
 populi Romani redempti sint? Mercatoribus tutum mare 375
 non fuisse dicam, cum duodecim secures in praedonum
 potestatem pervenerint? **33.** Cnidum aut Colophonem aut
 Samum, nobilissimas urbis, innumerabilisque alias captas
 esse commemorem, cum vestros portus atque eos portus,
 quibus vitam ac spiritum ducitis, in praedonum fuisse 380
 potestatem sciatis? an vero ignoratis portum Caietae cele-
 berrimum ac plenissimum navium, inspectante praetore, a
 praedonibus esse direptum; ex Miseno autem eius ipsius
 liberos, qui cum praedonibus antea ibi bellum gesserat, a
 praedonibus esse sublato? Nam quid ego Ostiense incom- 385
 modum atque illam labem atque ignominiam rei publicae
 querar, cum, prope inspectantibus vobis, classis ea, cui con-
 sul populi Romani praepositus esset, a praedonibus capta
 atque oppressa est? Pro di immortales! Tantamne unius
 hominis incredibilis ac divina virtus tam brevi tempore 390
 lucem adferre rei publicae potuit, ut vos, qui modo ante
 ostium Tiberinum classem hostium videbatis, ei nunc nul-
 lam intra Oceani ostium praedonum navem esse audiatis?
34. Atque haec qua celeritate gesta sint quamquam videtis,
 tamen a me in dicendo praetereunda non sunt. Quis enim 395
 umquam aut obeundi negoti aut consequendi quaestus stu-
 dio tam brevi tempore tot loca adire, tantos cursus conficere
 potuit, quam celeriter Cn. Pompeio duce tanti belli impetus
 navigavit? Qui nondum tempestivo ad navigandum mari
 Siciliam adiit, Africam exploravit; inde Sardiniam cum 400
 classe venit, atque haec tria frumentaria subsidia rei publicae
 firmissis praesidiis classibusque munivit. **35.** Inde, cum
 se in Italiam recepisset, duabus Hispaniis et Gallia transal-
 pina praesidiis ac navibus confirmata, missis item in oram
 Illyrici maris et in Achaiam omnemque Graeciam navibus, 405
 Italiae duo maria maximis classibus firmissimisque praesidiis

adornavit. Ipse autem ut Brundisio profectus est, unde-
 quinquagesimo die totam ad imperium populi Romani Cili-
 ciam adiunxit; omnes, qui ubique praedones fuerunt, partim
 410 capti interfectique sunt, partim unius huius se imperio ac
 potestati dederunt. Idem Cretensibus, cum ad eum usque
 in Pamphyliam legatos deprecatoresque misissent, spem
 deditionis non ademit, obsidesque imperavit. Ita tantum
 bellum, tam diuturnum, tam longe lateque dispersum, quo
 415 bello omnes gentes ac nationes premebantur, Cn. Pompeius
 extrema hieme apparavit, ineunte vere suscepit, media
 aestate confecit.

He is the model soldier.

XIII. 36. Est haec divina atque incredibilis virtus im-
 peratoris. Quid ceterae, quas paulo ante commemorare
 420 coeperam, quantae atque quam multae sunt? Non enim
 bellandi virtus solum in summo ac perfecto imperatore
 quaerenda est, sed multae sunt artes eximiae huius admi-
 nistrae comitesque virtutis. Ac primum, quanta innocentia
 debent esse imperatores, quanta deinde in omnibus rebus
 425 temperantia, quanta fide, quanta facilitate, quanto ingenio,
 quanta humanitate? Quae breviter, qualia sint in Cn.
 Pompeio, consideremus; summa enim omnia sunt, Quirites,
 sed ea magis ex aliorum contentione quam ipsa per sese
 cognosci atque intellegi possunt. 37. Quem enim impera-
 430 torem possumus ullo in numero putare, cuius in exercitu
 centuriatus veneant atque venierint? Quid hunc hominem
 magnum aut amplum de re publica cogitare, qui pecuniam
 ex aerario depromptam ad bellum administrandum aut
 propter cupiditatem provinciae magistratibus diviserit aut
 435 propter avaritiam Romae in quaestu reliquerit? Vestra
 admurmuratio facit, Quirites, ut agnoscere videamini qui
 fecerint. Ego autem nomino neminem: qua re irasci
 mihi non poterit, nisi qui ante de se voluerit confiteri.
 Itaque, propter hanc avaritiam imperatorum, quantas cala-
 440 mitates, quocumque ventum est, nostri exercitus ferant,

quis ignorat? 38. Itinera quae per hosce annos in Italia per agros atque oppida civium Romanorum nostri imperatores fecerint, recordamini: tum facilius statuetis quid apud exteras nationes fieri existimetis. Utrum pluris arbitramini per hosce annos militum vestrorum armis hostium urbis, an hibernis sociorum civitates esse deletas? Neque enim potest exercitum is continere imperator, qui se ipse non continet, neque severus esse in iudicando, qui alios in se severos esse iudices non volt. 39. Hic miramur hunc hominem tantum excellere ceteris, cuius legiones sic in Asiam pervenerint, ut non modo manus tanti exercitus, sed ne vestigium quidem cuiquam pacato nocuisse dicatur? Iam vero, quem ad modum milites hibernent, cotidie sermones ac litterae perferuntur: non modo ut sumptum faciat in militem nemini vis adfertur, sed ne cupienti quidem cuiquam permittitur. Hiemis enim, non avaritiae perfugium maiores nostri in sociorum atque amicorum tectis esse voluerunt.

His self-control is the key to his success.

XIV. 40. Age vero; ceteris in rebus quali sit temperantia, considerate. Unde illam tantam celeritatem et tam incredibilem cursum inventum putatis? Non enim illum eximia vis remigum, aut ars inaudita quaedam gubernandi, aut venti aliqui novi, tam celeriter in ultimas terras pertulerunt; sed eae res, quae ceteros remorari solent, non retardarunt. Non avaritia ab instituto cursu ad praedam aliquam devocavit; non libido ad voluptatem, non amoenitas ad delectationem, non nobilitas urbis ad cognitionem, non denique labor ipse ad quietem. Postremo signa et tabulas ceteraque ornamenta Graecorum oppidorum, quae ceteri tollenda esse arbitrantur, ea sibi ille ne visenda quidem existimavit. 41. Itaque omnes nunc in eis locis Cn. Pompeium sicut aliquem, non ex hac urbe missum, sed de caelo delapsum intuentur; nunc denique incipiunt credere fuisse homines Romanos hac quondam continentia, quod iam

nationibus exteris incredibile ac falso memoriae proditum
 475 videbatur; nunc imperi vestri splendor illis gentibus lucem
 adferre coepit; nunc intellegunt non sine causa maiores
 suos tum, cum ea temperantia magistratus habebamus, ser-
 vire populo Romano quam imperare aliis maluisse. Iam
 (Chim) vero ita faciles aditus ad eum privatorum, ita liberae queri-
 480 moniae de aliorum iniuriis esse dicuntur, ut is, qui dignitate
 principibus excellit, facilitate infimis par esse videatur.
42. Iam quantum consilio, quantum dicendi gravitate et
 copia valeat, in quo ipso inest quaedam dignitas imperatoria,
 vos, Quirites, hoc ipso ex loco saepe cognovistis. Fidem
 485 vero eius quantam inter socios existimari putatis, quam
 hostes omnes omnium generum sanctissimam iudicarint?
 Humanitate iam tanta est, ut difficile dictu sit utrum hostes
 magis virtutem eius pugnantes timuerint an mansuetudinem
 victi dilexerint. Et quisquam dubitabit quin huic hoc
 490 tantum bellum transmittendum sit, qui ad omnia nostrae
 memoriae bella conficienda divino quodam consilio natus
 esse videatur?

*Consequence of prestige 43-46
 His very prestige is a tower of strength.*

XV. **43.** Et quoniam auctoritas quoque in bellis admi-
 nistrandis multum atque in imperio militari valet, certe
 495 nemini dubium est quin ea re idem ille imperator plurimum
 possit. Vehementer autem pertinere ad bella administranda
 quid hostes, quid socii de imperatoribus nostris existiment,
 quis ignorat, cum sciamus homines in tantis rebus, ut aut
 contemnant aut metuant aut oderint aut ament, opinione
 500 non minus et fama quam aliqua ratione certa commoveri?
 Quod igitur nomen umquam in orbe terrarum clarius fuit?
 Cuius res gestae pares? De quo homine vos, id quod ma-
 xime facit auctoritatem, tanta et tam praeclara iudicia fecis-
 tis? **44.** An vero ullam usquam esse oram tam desertam
 505 putatis, quo non illius diei fama pervaserit, cum universus
 populus Romanus, referto foro completisque omnibus tem-
 plis ex quibus hic locus conspici potest, unum sibi ad com-

mune omnium gentium bellum Cn. Pompeium imperatorem
 depoposcit? ^{Itaque} ut plura non dicam, neque aliorum
 exemplis confirmem quantum huius auctoritas valeat in 510
 bello, ab eodem Cn. Pompeio omnium rerum egregiarum
 exempla sumantur: qui quo die a vobis maritimo bello
 praepositus est imperator, tanta repente vilitas annonae ex
 summa inopia et caritate rei frumentariae consecuta est
 (unius hominis spe ac nomine) quantum vix in summa uber- 515
 tate agrorum diuturna pax efficere potuisset. 45. Iam ac-
 cepta in Ponto calamitate ex eo proelio, de quo vos paulo
 ante invitus admonui, cum socii pertinuisissent, hostium
 opes animique crevisissent, satis firmum praesidium provincia
 non haberet, amisissetis Asiam, Quirites, (nisi ad ipsum 520
 discrimen eius temporis) divinitus Cn. Pompeium ad eas
 regiones fortuna populi Romani attulisset. Huius adventus
 et Mithridatem insolita inflammata victoria continuit, et
 Tigranem magnis copiis minitantem Asiae retardavit. Et
 quisquam dubitabit quid virtute perfecturus sit, qui tantum 525
 auctoritate perfecit? aut quam facile imperio atque exer-
 citu socios et vectigalia conservaturus sit, qui ipso nomine
 ac rumore defenderit? XVI. 46. Age vero, illa res quan-
 tam declarat eiusdem hominis apud hostis populi Romani
 auctoritatem, quod ex locis tam longinquis tamque diversis 530
 tam brevi tempore omnes huic se uni dediderunt! quod a
 communi Cretensium legati, cum in eorum insula noster
 imperator exercitusque esset, ad Cn. Pompeium in ultimas
 prope terras venerunt, eique se omnis Cretensium civitates
 dedere velle dixerunt! Quid? idem iste Mithridates nonne 535
 ad eundem Cn. Pompeium legatum usque in Hispaniam
 misit? eum, quem Pompeius legatum semper iudicavit, ei,
 quibus erat semper molestum ad eum potissimum esse mis-
 sum, speculatorem quam legatum iudicari maluerunt. Po-
 testis igitur iam constituere, Quirites, hanc auctoritatem 540
 multis postea rebus gestis magnisque vestris iudiciis ampli-
 ficatam, quantum apud illos reges, quantum apud exterarum
 nationes (valituram esse existimetis).

May we not call him the favorite of Fortune?

47. Reliquum est ut de felicitate,—quam præstare de
 545 se ipso nemo potest, meminisse et commemorare de altero
 possumus, sicut æquum est homines de potestate deorum,—
 timide et pauca dicamus. Ego enim sic existimo: Maximo,
 Marcello, Scipioni, Mario, et ceteris magnis imperatoribus
 non solum propter virtutem, sed etiam propter fortunam
 550 sæpius imperia mandata atque exercitus esse commissos.
 Fuit enim profecto quibusdam summis viris quaedam ad
 amplitudinem et ad gloriam et ad res magnas bene gerendas
 divinitus adiuncta fortuna. De huius autem hominis felici-
 tate, de quo nunc agimus, hac utar moderatione dicendi,
 555 non ut in illius potestate fortunam positam esse dicam, sed
 ut præterita meminisse, reliqua sperare videamur, ne aut
 invisæ dis immortalibus oratio nostra aut ingrata esse vide-
 atur. 48. Itaque non sum prædicaturus quantas ille res
 domi militiae, terra ^{et mari}que, quantaque felicitate gesserit;
 560 ut eius semper voluntatibus non modo cives adsenserint,
 socii obtemperarint, hostes oboedierint, sed etiam venti tem-
 pestatesque obsecundarint. Hoc brevissime dicam: nemi-
 nem umquam tam impudentem fuisse, qui ab dis immortalibus
 tot et tantas res tacitus auderet optare, quot et quantas
 565 di immortales ad Cn. Pompeium detulerunt. Quod ut illi
 proprium ac perpetuum sit, Quirites, cum communis salutis
 atque imperi tum ipsius hominis causa, sicuti facitis, velle
 et optare debetis.

Summary — 49. Qua re, cum et bellum sit ita necessarium, ut negli-
 570 non possit, ita magnum, ut accuratissime sit administran-
 dum, et cum ei imperatorem præficere possitis, in quo sit
^{extrema} ~~extrema~~ belli scientia, singularis virtus, clarissima aucto-
 ritas, egregia fortuna, dubitatis, Quirites, quin hoc tantum
 boni, quod vobis ab dis immortalibus oblatum et datum est,
 575 in rem publicam conservandam atque amplificandam con-
 feratis?

Add to these advantages his fortunate presence at this time in Asia
with an army *(new & popular army)*

XVII. 50. Quod si Romae Cn. Pompeius privatus esset hoc tempore, tamen ad tantum bellum is erat deligendus atque mittendus; nunc cum ad ceteras summas utilitates haec quoque *luck, opportunity* adiungatur, ut in eis ipsis locis adsit, ut habeat exercitum, ut ab eis, qui habent, accipere statim possit, quid exspectamus? aut cur non ducibus dis immortalibus eidem, cui cetera summa cum salute rei publicae commissa sunt, hoc quoque bellum regium *submit* committamus? 580 585

But Catulus and Hortensius are opposed to the law.

64 Refutat.
51. At enim vir clarissimus, amantissimus rei publicae, vestris beneficiis amplissimis adfectus, Q. Catulus, itemque summis ornamentis honoris, fortunae, virtutis, ingeni praeditus, Q. Hortensius, ab hac ratione dissentiunt. Quorum ego auctoritatem apud vos multis locis plurimum valuisse et valere oportere confiteor; sed in hac causa, tametsi cognoscetis auctoritates contrarias virorum fortissimorum et clarissimorum, tamen, omissis auctoritatibus, ipsa re ac ratione exquirere possumus veritatem, atque hoc facilius, *hac qua* quod ea omnia, quae a me adhuc dicta sunt, eidem isti vera esse concedunt, et necessarium bellum esse et magnum, et in uno Cn. Pompeio summa esse omnia. *present law* 590 *contrary opinion* 595 *admission*

To the objection raised by Hortensius, the Gabinian law of last year furnishes answer enough. 52-58

52. Quid igitur ait Hortensius? Si uni omnia tribuenda sint, dignissimum esse Pompeium, sed ad unum tamen omnia deferri non oportere. Obsolevit iam ista oratio, re multo magis quam verbis refutata. Nam tu idem, Q. Hortensi, multa pro tua summa *+ resources* copia ac singulari facultate dicendi et in senatu contra virum fortem, A. Gabinium, graviter ornateque dixisti, cum is de uno imperatore con-

605 tra praedones constituendo legem promulgasset, et ex hoc ipso loco permulta item contra eam legem verba fecisti.

53. Quid? tum, per deos immortalis! si plus apud populum Romanum auctoritas tua quam ipsius populi Romani salus et vera causa valuisset, hodie hanc gloriam atque hoc orbis

610 terrae imperium teneremus? An tibi tum imperium hoc esse videbatur, cum populi Romani legati, quaestores, praetoresque capiebantur? cum ex omnibus provinciis ^{in bello} commeatu et privato et publico prohibebamur? cum ita clausa nobis erant maria omnia, ut neque privatam rem transmarinam

615 neque publicam iam obire possemus? XVIII. **54.** Quae civitas antea umquam fuit,—non dico Atheniensium, quae satis late quondam mare tenuisse dicitur; non Karthaginensium, qui permultum classe ac maritimis rebus valuerunt; non Rhodiorum, quorum usque ad nostram memoriam disciplina navalis et gloria remansit,—sed quae civitas umquam

620 antea tam tenuis, quae tam parva insula fuit quae non portus suos et agros et aliquam partem regionis atque orae maritimae per se ipsa defenderet? At hercule aliquot annos continuos ante legem Gabiniam ille populus Romanus, cuius

625 usque ad nostram memoriam nomen invictum in navalibus pugnis permanserit, magna, ac multo maxima parte, non modo utilitatis, sed dignitatis atque imperi ^{derelicti} caruit. **55.** Nos, quorum maiores Antiochum regem classe Persenque superarunt, omnibusque navalibus pugnis Karthaginensis, homines in maritimis rebus exercitatissimos paratissimosque,

630 vicerunt, ei nullo in loco iam praedonibus pares esse poteramus. Nos, qui antea non modo Italiam tutam habebamus, sed omnis socios in ultimis oris auctoritate nostri imperii salvos praestare poteramus (tum, cum insula Delos, tam

635 procul a nobis in Aegaeo mari posita, quo omnes undique cum mercibus atque oneribus commeabant, referta divitiis, parva, sine muro, nihil timebat), eidem non modo provinciis atque oris Italiae maritimis ac portibus nostris, sed etiam Appia iam via carebamus; et eis temporibus non pudebat

640 magistratus populi Romani in hunc ipsum locum descendere,

THE APPIAN WAY NEAR ROME.

ere,

cum eum nobis maiores nostri exuviis nauticis et classium spoliis ornatum reliquissent.

XIX. 56. Bono te animo tum, Q. Hortensi, populus Romanus et ceteros, qui erant in eadem sententia, dicere existimavit ea quae sentiebatis; sed tamen in salute com- 645
muni idem populus Romanus dolori suo maluit quam auctoritati vestrae obtemperare. Itaque una lex, unus vir, unus annus non modo nos illa miseria ac turpitudine liberavit, sed etiam effecit, ut aliquando vere videremur omnibus gentibus ac nationibus terra marique imperare. 650

And by the way let me say that Gabinius has fairly earned the right to be appointed legatus to Pompey in the present war.

57. Quo mihi etiam indignius videtur obtrectatum esse adhuc, Gabinio dicam ane Pompeio, an utrique, id quod est verius, ne legaretur A. Gabinius Cn. Pompeio expetenti ac postulanti. Utrum ille, qui postulat ad tantum bellum legatum quem velit, idoneus non est qui impetret, cum 655
ceteri ad expilandos socios diripiendasque provincias quos voluerunt legatos eduxerint; an ipse, cuius lege salus ac dignitas populo Romano atque omnibus gentibus constituta est, expers esse debet gloriae eius imperatoris atque eius exercitus, qui consilio ipsius ac periculo est constitutus? 660

58. An C. Falcidius, Q. Metellus, Q. Caelius Latiniensis, Cn. Lentulus, quos omnis ^{with due respect} honore causa nomino, cum tribuni plebi fuissent, anno proximo legati esse potuerunt: in uno Gabinio sunt tam diligentes, qui in hoc bello, quod lege Gabinia geritur, in hoc imperatore atque exercitu, quem 665
per vos ipse constituit, etiam praecipuo iure esse deberet? De quo legando consules spero ad senatum relatueros. Qui si dubitabunt aut gravabuntur, ego me profiteor relaturum: neque me impediet cuiusquam inimicum edictum, quo minus vobis fretus vestrum ius beneficiumque defendam, neque 670
praeter intercessionem quicquam audiam, de qua, ut arbitrator, isti ipsi, qui minantur, etiam atque etiam quid liceat considerabunt. Mea quidem sententia, Quirites, unus A. Gabi-

nus belli maritimi rerumque gestarum Cn. Pompeio socius
 675 ascribitur, propterea quod alter uni illud bellum suscipien-
 dum vestris suffragiis detulit, alter delatum susceptumque
 confecit.

*As for Catulus, you have yourselves answered him in part; for the
 rest of his objection, he knows that Pompey's career shows that
 the Roman people in a time of war do not wait for precedents.*

Answers objections of Catulus 57-62

XX. 59. Reliquum est ut de Q. Catuli auctoritate et
 sententia dicendum esse videatur. Qui cum ex vobis quae-
 680 reret, si in uno Cn. Pompeio omnia poneretis, si quid eo
 factum esset, in quo spem essetis habituri, cepit magnum
 suae virtutis fructum ac dignitatis, cum omnes una prope
 voce in eo ipso vos spem habituros esse dixistis. Etenim
 talis est vir, ut nulla res tanta sit ac tam difficilis, quam ille
 685 non et consilio regere et integritate tueri et virtute conficere
 possit. Sed in hoc ipso ab eo vehementissime dissentio,
 quod, quo minus certa est hominum ac minus diuturna vita,
 hoc magis res publica, dum per deos immortalis licet, frui
 debet summi viri vita atque virtute. 60. 'At enim ne quid
 690 novi fiat contra exempla atque instituta maiorum.' Non
 dicam hoc loco maiores nostros semper in pace consuetudini,
 in bello utilitati paruisse; semper ad novos casus temporum
 novorum consiliorum rationes adcommodasse. Non dicam
 duo bella maxima, Punicum atque Hispaniense, ab uno im-
 695 peratore esse confecta, duasque urbis potentissimas, quae
 huic imperio maxime minitabantur, Karthaginem atque
 Numantiam, ab eodem Scipione esse deletas. Non com-
 memorabo nuper ita vobis patribusque vestris esse visum,
 ut in uno C. Mario spes imperi poneretur, ut idem cum
 700 Iugurtha, idem cum Cimbris, idem cum Teutoniis bellum
 administraret. 61. In ipso Cn. Pompeio, in quo novi
 constitui nihil volt Q. Catulus, quam multa sint nova summa
 Q. Catuli voluntate constituta, recordamini.

XXI. Quid tam novum quam adulescentulum privatum
 705 exercitum difficili rei publicae tempore conficere? Con-

fecit. Huic praeesse? Praefuit. Rem optime ductu suo gerere? Gessit. Quid tam praeter consuetudinem quam homini peradulescenti, cuius aetas a senatorio gradu longe abesset, imperium atque exercitum dari, Siciliam permitti, atque Africam bellumque in ea provincia administrandum? 710 Fuit in his provinciis singulari innocentia, gravitate, virtute. Bellum in Africa maximum confecit, victorem exercitum deportavit. Quid vero tam inauditum quam equitem Romanum triumphare? At eam quoque rem populus Romanus non modo vidit, sed omnium etiam studio visendam 715 et concelebrandam putavit. 62. Quid tam inusitatum quam ut, cum duo consules clarissimi fortissimique essent, eques Romanus ad bellum maximum formidolosissimumque pro consule mitteretur? Missus est. Quo quidem tempore, cum esset non nemo in senatu qui diceret non oportere mitti hominem privatum pro consule, L. Philippus dixisse dicitur, non se illum sua sententia pro consule, sed pro consulibus mittere. Tanta in eo rei publicae bene gerendae spes constituebatur, ut duorum consulum unius adolescentis virtuti committeretur. Quid tam singularare quam ut ex senatus consulto legibus solutus consul ante fieret, quam ullum alium magistratum per leges capere licuisset? quid tam incredibile quam ut iterum eques Romanus ex senatus consulto triumpharet? Quae in omnibus hominibus nova post hominum memoriam constituta sunt, 730 ea tam multa non sunt quam haec, quae in hoc uno homine videmus. 63. Atque haec tot exempla, tanta ac tam nova, profecta sunt in eundem hominem a Q. Catuli atque a ceterorum eiusdem dignitatis amplissimorum hominum auctoritate. 735

Well may we trust the wisdom of the people.

XXII. Quare videant ne sit periniquum et non ferendum, illorum auctoritatem de Cn. Pompei dignitate a vobis comprobata[m] semper esse, vestrum ab illis de eodem homine iudicium populique Romani auctoritatem improbari; prae-

740 sertim cum iam suo iure populus Romanus in hoc homine
 suam auctoritatem vel contra omnis qui dissentiunt possit
 defendere, propterea quod, isdem istis reclamantibus, vos
 unum illum ex omnibus delegistis quem bello praedonum
 praepone-^{re}retis. 64. Hoc si vos temere fecistis, et rei publicae
 745 parum consuluistis, recte isti studia vestra suis consiliis re-
 gere conantur; sin autem vos plus tum in re publica vidis-
 tis, vos eis repugnantibus per vosmet ipsos dignitatem huic
 imperio, salutem orbi terrarum attulistis, aliquando isti
 principes et sibi et ceteris populi Romani universi auctori-
 750 tati parendum esse fateantur.

The fact is, Pompey is the only choice we have.

Atque in hoc bello Asiatico et regio non solum militaris
 illa virtus, quae est in Cn. Pompeio singularis, sed aliae
 quoque virtutes animi magnae et multae requiruntur. Dif-
 ficile est in Asia, Cilicia, Syria regnisque interiorum na-
 755 tionum ita versari nostrum imperatorem, ut nihil aliud nisi
 de hoste ac de laude cogitet. Deinde etiam si qui sunt
 pudore ac temperantia moderatiores, tamen eos esse talis
 propter multitudinem cupidorum hominum nemo arbitrat-
 tur. 65. Difficile est dictu, Quirites, quanto in odio simus
 760 apud exteris nationes propter eorum, quos ad eas per hos
 annos cum imperio misimus, libidines et iniurias. Quod
 enim fanum putatis in illis terris nostris magistratibus re-
 ligiosum, quam civitatem sanctam, quam domum satis clau-
 sam ac munitam fuisse? Urbes iam locupletes et copiosae
 765 requiruntur, quibus causa belli propter diripiendi cupiditatem
 inferatur. 66. Libenter haec coram cum Q. Catulo
 et Q. Hortensio, summis et clarissimis viris, disputarem.
 Noverunt enim sociorum volnera; vident eorum calamitates;
 querimonias audiunt. Pro sociis vos contra hostis exerci-
 770 tum mittere putatis, an hostium simulatione contra socios
 atque amicos? Quae civitas est in Asia quae non modo
 imperatoris aut legati, sed unius tribuni militum animos ac
 spiritus capere possit? XXIII. Qua re, etiam si quem

habetis qui ^{collected standards} conlatis signis exercitus regiones superare posse videatur, tamen nisi erit idem, qui se a pecuniis sociorum, 775 qui ab eorum coniugibus ac liberis, qui ab ornamentis fanorum atque oppidorum, qui ab auro ^{treasures} gazaque regia manus, oculos, animum ^{possessions} conibere possit, non erit idoneus qui ad bellum Asiaticum regiumque mittatur. 67. Ecquam putatis civitatem ^{ever engaged a state} pacatam fuisse quae locuples sit? Ecquam 780 esse locupletem quae istis pacata esse videatur? Ora maritima, Quirites, Cn. Pompeium non solum propter rei militaris gloriam, sed etiam propter animi continentiam requisivit. Videbat enim praetores locupletari quot annis pecunia publica praeter paucos, neque eos quicquam aliud adsequi clas- 785 sium nomine, nisi ut detrimentis accipiendis maiore adfici turpitudine videremur. Nunc qua cupiditate homines in provincias, quibus iacturis et quibus condicionibus proficiscantur, ignorant videlicet isti, qui ad unum deferenda omnia esse non arbitrantur? quasi vero Cn. Pompeium non 790 cum suis virtutibus, tum etiam alienis vitiis magnum esse videamus. 68. Quare nolite dubitare quin huic uni credatis omnia, qui inter tot annos unus ^{invented} inveniit sit, quem socii in urbis suas cum exercitu venisse gaudeant.

If the sanction of statesmen is asked for, here are the names of four eminent authorities.

^{best} Quod si auctoritatibus hanc causam, Quirites, confirman- 795 dam putatis, est vobis auctor vir bellorum omnium maximarumque rerum peritissimus, ^{advised} P. Servilius, cuius tantae res gestae terra marique ^{excelled} extiterunt, ut, cum de bello deliberetis, auctor vobis gravior nemo esse debeat; est C. Curio, summis vestris ^{honors} beneficiis maximisque rebus gestis, summo 800 ingenio et prudentia praeditus; est Cn. Lentulus, in quo omnes pro amplissimis vestris honoribus ^{desired} summum consilium, summam gravitatem esse cognovistis; est C. Cassius, integritate, virtute, constantia singulari. Quare videte ut horum auctoritatibus illorum ^{the} orationi, qui dissentiunt, re- 805 spondere posse videamur.

Stand firm then, Manilius, in your proposal, and count on my help.

Peroration

- XXIV. 69. Quae cum ita sint, C. Manili, primum istam
 tuam et legem et voluntatem et sententiam laudo vehemen-
 tissimeque comprobo; deinde te hortor, ut auctore populo
 810 Romano maneas in sententia, neve cuiusquam vim aut minas
 pertimescas. Primum in te satis esse animi perseverantiae-
 que arbitror; deinde cum tantam multitudinem cum tanto
 studio adesse videamus, ^{most} quantam iterum nunc in eodem
 homine praeficiendo videmus, quid est quod aut de re aut
 815 de ^{the project, rather than} perficiendi facultate dubitemus? Ego autem, quicquid
 est in me studii, consilii, laboris, ingeni, quicquid hoc bene-
 ficio populi Romani atque hac potestate praetoria, quicquid
 auctoritate, fide, constantia possum, id omne ad hanc rem
^{as a result of} conficiendam tibi et populo Romano polliceor ac defero;
 820 70. testorque omnis deos, et eos maxime, qui huic loco tem-
 ploque praesident, qui omnium mentis eorum, qui ad rem
 publicam adeunt, maxime perspiciunt, ^{me} hoc neque rogatu
 facere cuiusquam neque quo Cn. Pompei gratiam mihi per
 hanc causam conciliari putem neque quo mihi ex cuiusquam
 825 ^{generosity} amplitudine aut praesidia periculis aut adiumenta honoribus
 quaeram; propterea quod pericula facile, ut hominem prae-
 stare oportet, innocentia tecti repellemus, honorem autem
 neque ab uno neque ex hoc loco, sed eadem illa nostra labo-
 riosissima ratione vitae, si vestra voluntas feret, conse-
 830 ^{seek}quemur. 71. Quam ob rem quicquid in hac causa mihi
 susceptum est. Quirites, id ego omne me rei publicae causa
 suscepisse confirmo; tantumque abest ut aliquam mihi bo-
 nam gratiam quaesisse videar, ut multas me etiam simultates
 partim obscuras, partim apertas intellegam, mihi non neces-
 835 sarias, vobis non inutilis, suscepisse. Sed ego me hoc
 honore praeditum, tantis vestris beneficiis adfectum statui,
 Quirites, vestram voluntatem et rei publicae dignitatem et
 salutem provinciarum atque sociorum meis omnibus com-
^{conspicuous + pleura} modis et rationibus praeferre oportere.

NOTES

FIRST ORATION AGAINST CATILINE

(*In L. Catilinam Oratio Prima*)

PREFATORY NOTE

1. The four Orations against Catiline were delivered by Cicero in the year 63 B.C., when as consul he crushed the conspiracy formed by Catiline and others against the government.

2. **Catiline's Earlier Career.** L. Sergius Catilina was born about the year 103 B.C., of a patrician family that had fallen into poverty. He began his public life in the bloody days of Sulla (Introduction, §§21-23), thus early distinguishing himself by the murder of his brother-in-law—an act nominally of party service but really committed to satisfy a private grudge. He was also said to have murdered his wife and his son. These crimes are only a small fraction of the total with which he is credited; but as Cicero in these orations tells the story of his numerous villanies a repetition is needless here. Catiline was a bold, energetic man, of great physical strength and endurance, and not without a certain cleverness, especially noticeable in the influence which he possessed and exercised over others. While these qualities of body and mind well fitted him for the part which he essayed to play, he lacked the patience and cool head necessary to succeed in his schemes.

3. **Catiline and Autronius.** In 68 he was *praetor urbanus*, the following year going as *propraetor* to govern Africa (Introduction, §61). On his return to Rome (66 B.C.) he became a candidate for the consulship, but was forced to withdraw on account of a prosecution brought against him for extortion in Africa during his *propraetorship*. Now, P. Autronius Paetus and P. Cornelius Sulla (nephew to the great Sulla), who had been elected consuls for that year, were convicted of bribery in the election, and hence were disqualified; in their stead two other candidates were elected consuls.

NOTE.—The grammatical references are to the Gildersleeve-Lodge Latin Grammar, School Edition (G.); Allen and Greenough (A. & G.); Bennett (B.); Harkness (H.). An occasional reference to the Larger Gildersleeve is marked G. (L. Ed.).

- * 4. **The First Conspiracy (65 B.C.).** Autronius, the aggrieved candidate, then made common cause with Catiline. They were joined by a third confederate, one Cn. Piso, a dissipated young noble. Their plan was to murder the successful candidates on January 1 (the day on which consuls regularly entered office) of the year 65. They were then to set themselves up at the head of the government, Catiline and Autronius as consuls, and Piso as generalissimo. The last named with an army was to seize the province of Spain as a base of military operations for the support of the revolutionists. Pompey's absence in Asia with the regular army left Rome without any armed force to quell the proposed insurrection. Unfortunately for the conspirators, the plot was divulged, and hence its execution had to be postponed to February 5. Again it failed, however, this time because Catiline in his impatience gave the signal before the hired assassins were gathered in sufficient numbers to carry out their purpose. Either from timidity or from indifference the Senate took no action against the conspirators further than to assign a guard to the consuls for their personal protection and an armed band to oppose that of the revolutionists. Many persons believe that this first conspiracy, as it is called, was organized in the interest of the democracy, and that Caesar and Crassus as leading democrats gave it their sanction, if not their active support.
- * 5. **The Election in 64 B.C.** Although Catiline was acquitted in his trial for extortion mentioned above, yet it cost him dearly for bribery; the decision of the court, also, came too late to enable him to be a candidate for the consulship in the year 65. The next year, however, he once more presented himself as a candidate with several competitors in the field. Of these, only two need be mentioned here: C. Antonius Hybrida and Cicero himself. The former, a weak character and a bankrupt, was believed to be in sympathy with Catiline's plans, which now included a proscription of many leading citizens (Introduction, §22), a confiscation of their property, and especially an abolition of all debts. The alarm caused by Catiline's candidature, however, threw the influence of the best classes (*boni*, as Cicero calls them) on the side of Cicero, *novus homo* though he was (Introduction, §55), resulting in his election at the head of the polls with Antonius as his colleague. Thus the first step in Catiline's programme failed through his defeat in the election. One of Cicero's first acts then was to induce Antonius to desert the conspiracy by promising him for his proconsulship (in 62 B.C.) the rich province of Macedonia. The two consuls, Cicero and Antonius, entered office January 1, 63 B.C.
- * 6. **During Cicero's Consulship (63 B.C.).** Undaunted by his repeated

failures, Catiline again sought the consulship in the year 63, a year in which, for some reason not clear, the elections were held later (October) than usual (July). Peaceful citizens were thoroughly alarmed by the rumors rife at this time concerning Catiline's intentions. It was said that there was to be a riot on election day; that gangs of ruffians, of which the city was only too full, had been organized for the purpose; that Cicero, one of the consuls, with many other leading men, was to be assassinated. Accordingly, the day before the election Cicero summoned the Senate, and had the elections again postponed in order to enable him to make further inquiries. The Senate was in session for several days. On October 21 that body in consequence of Cicero's disclosures passed its *ultimum decretum*, or extreme decree, virtually declaring martial law in the usual words—*Videant consules ne quid res publica detrimenti capiant* ('Let the consuls see to it that the state suffer no harm'). The announcement made by Cicero that had called for this extreme action was that the revolutionists were contemplating an armed insurrection—that Manlius, formerly an officer in Sulla's army, now Catiline's right-hand man, would be at Faesulae (in Etruria) on October 27 at the head of an army. Cicero's words proved true. In fact, all through this period Cicero by means of spies kept himself informed of every move contemplated by the revolutionary party, and was thus enabled to defeat them at every point.

7. October and November, 63 B.C. On the day of election (October 28), in consequence of the threats made by Catiline, many Senators prudently absented themselves from town, while Cicero attended the ceremony, armed with a cuirass under his gown and surrounded by a guard of young men. These precautions showed Catiline the uselessness of attempting violence. Moreover, the votes of the people went against him, so that he was again defeated. November 1 the conspirators attempted to seize the stronghold Praeneste (about 20 miles S. E. of Rome), but failed because the inhabitants had been warned by Cicero in time to resist the attack successfully. Again, on the night of November 6 Catiline held a meeting of his adherents, at which it was arranged that two of them should murder Cicero early in the morning; but before the meeting broke up, Cicero had heard all about the plot, and was prepared to baffle it when the would-be assassins presented themselves at his barred doors.

8. The Speech. To protest against these continued outrages and adopt some energetic course to crush the conspiracy, Cicero again summoned the Senate on November 8 (some say November 7) in the temple of Jupiter Stator, one of the strongest positions in the

city, on the Palatine. Throngs of citizens keenly interested crowded the hill. When in the midst of the excitement, and in spite of the purpose for which the meeting had been called, Catiline as a member of the Senate had the hardihood to enter that body, the consul rose, and delivered his *First Oration against Catiline*. It has been said that the opening sentence of this speech (*Quo usque tandem abutere, Catilina, patientia nostra?*) is more generally known than any other sentence from an ancient author, while "the whole speech well merits its fame as a masterpiece of passionate and defiant eloquence" (Strachan-Davidson). As an immediate effect of the speech, Catiline left the city to join Manlius in Etruria.

1. **tandem**: often used to strengthen an interrogative or imperative sentence, and translated *pray, in the name of heaven*, or the like. **abutere**: of the two endings **-ris** and **-re** in the Second Person Singular Passive, Cicero regularly uses **-ris** in the Present Indicative and **-re** in the Future and other tenses. Notice the quantity of the penult (ē). **patientia**: why Ablative? G. 407; A. & G. 249; B. 218, 1; H. 421, 1. Observe in this opening the three expressions

quo usque, quam diu, and **quem ad finem**, beginning the first three sentences, and all meaning approximately the same thing, yet varying by shades of meaning. Translate: *how far? how long? to what lengths?*

2. **iste**: Demonstrative of the Second Person, meaning *that of yours*; compare **hic**, Demonstrative of the First Person, meaning *this of mine*, and **ille**, Demonstrative of the Third Person, meaning *that of his, hers, etc.*, or simply *yonder*. From its frequent use in speaking an opponent in a case at law, **iste** often carries a contemptuous sense.

3. **nihilne**: stronger than the simple **nonne**, and translated *not . . . at all*. On account of its long subject, this sentence is best translated passively: *Are you not disturbed at all by the guard on (lit. of) the Palatine by night (lit. nightly guard), etc.*

4. **Palati**: the smallest but most celebrated of the seven hills of Rome. It was the site of the original city, and was surrounded by the other six hills. Naturally the strongest position in the city, it was guarded on this occasion at night in anticipation of any attempt the conspirators might make to seize it. **vigiliae**: *patrols*.

5. **bonorum**: *patriots*, a favorite word in these Orations, often contrasted with its opposite **improbi**. **habendi senatus**: Gerundive construction, the substantive taking the case of the Gerund, while the Gerund is attracted to the gender and number of the substantive.

6. **ora voltusque**: an instance of the figure called Hendiadys, in

which two words are used to express a single complex idea. Translate: *expression on the countenances*; lit. *faces and expressions*.

7. **non**: used instead of **nonne**, the omission of the interrogative sign (-ne) being an indication of Astonishment, Blame, etc. G. 433; B. 162, 2, *d*.

9. **proxima**: *last*; **superiore**: (*night*) *before last*. The exact dates here, as was stated in the Prefatory Note, §8, are uncertain. The meeting at Laeca's house described in Chapter iv. was held on the night of November 6 (**superiore**), and probably the attack on Cicero's life was not attempted until the following night or early on the second morning (**proxima**).

egeris, fueris, convocaveris, ceperis: Subjv. in Indirect Questions, depending on the last clause of the sentence beginning with the words **quem nostrum**, etc. Note also that this last clause is itself a Direct Question. Avoid changing the order of clauses, and translate: *What you did last night, what the night before*, etc., *who among us* (lit. *of us*) *is not aware?*

10. **consili**: Part. Gen. depending on the neuter **quid**. **quem**: from the interrog. **quis**, not the rel. **qui**. **nostrum**: explain the use of this form. G. 364, *r*.; A. & G. 194, *b*; B. 242, 2; H. 446, *n*. 3.

13. **vivit**: learn the Principal Parts of this verb, and compare with those of **vinco** and **vincio**. **immo vero**: used either to remove a doubt or (as here) to heighten a previous statement, and translated: *nay, rather*. G. 471, *c*; A. & G. 209, *d*. **consili**: why Genitive? G. 374; A. & G. 218, *a*; B. 204; H. 399, *i*. 3.

15. **oculis**: Ablative of Means.

16. **virī fortes**: ironical. **videmur**: *fancy*. **furorē ac tela**: *mad violence*, lit. *madness and weapons*; Hendiadys. See Note on l. 6 above.

17. **vitemus**: Subjv. in Indirect Discourse after **videmur**. Cicero is quoting indirectly from the thought attributed to himself and his colleague in the consulship. **duci**: in English *ought* (**oportebat**) has come to be felt as a Present, the Past notion having been transferred to the dependent Infinitive—*to have been led*. So **conferri** in the next clause.

19. **an**: the regular conjunction for the second part of a Disjunctive (or Double) Question. But often, as here, the first part is omitted, being sufficiently clear from the context. Note that the interrogative force of this sentence does not really begin until the words **Catilinam, orbem**, etc., are reached, since the fate of Tiberius Gracchus was a well-known fact. Translate: *Or (while) that honorable man, the pontifex maximus, Publius Scipio, as a private citizen, put to death, etc., shall we as consuls endure Catiline, desiring (as he does) to lay*

waste, etc.? **privatus** is contrasted with **consules**, since the *pontifex maximus* was not a magistrate. For the historical facts referred to, see Introduction, §16; also, §17 for the experience of Gaius Gracchus, referred to below.

23. **nam illa . . . praetereo**: an illustration of the common trick in oratory, which pretends to leave unsaid the very things said. In rhetoric it is known as Praeteritio. Several examples occur in this oration. Shakspeare makes Mark Antony in his funeral oration over Caesar's body say: "I come to bury Caesar, not to praise him," and yet all through his speech Antony refers to his dead friend as "the ruins of the noblest man that ever lived in the tide of times." C.

Servilius Ahala, Sp. Maelium: Ahala as master of horse to the dictator Cincinnatus slew with his own hand the rich plebeian Spurius Maelium (439 B. C.), who was suspected of aiming at kingly power because he sold grain to the poor at reduced rates in a time of great distress.

25. **fruit**: repeated for emphasis—*there was, yes, there once was such vigor*, etc.

27. **coercerent**: Subjv. in a Consecutive Sentence, following the demonstrative *ista*. G. 552; A. & G. 219; B. 284; H. 500.

28. **vehemens et grave**: avoid the habit of translating Latin words by their English derivatives when these are unsuitable. Use the Vocabulary.

29. **rei publicae**: account for the case. G. 349, r. 4; A. & G. 231, a; B. 190; H. 387.

30. **nos, nos**: see Note on l. 25 above (**fruit**).

31. **decevit**: Principal Parts? **ut . . . videret**: Complementary Final Sentence.

ne: *that . . . not*, introducing a negative Complementary Final Sentence. What words introduce a negative Consecutive Sentence?

quid: Indefinite Pronoun, regularly used after *si, nisi, ne, num*, and Relatives. G. 315; A. & G. 105, *d*; B. 252, 1; H. 455, 1.

detrimenti: Partitive Genitive. **nox nulla intercessit**: in English this thought would have been expressed in a mere phrase, "before night"; but Cicero, by making it a separate sentence, emphasizes the fact that the punishment was swift in overtaking the offenders.

34. **clarissimo patre, avo, maioribus**: Abl. Absolute, but best translated: *sprung from illustrious father, grandfather, (and) ancestors*.

35. **cum liberis**: Abl. of Attendance. **consularis**: what does this word mean?

37. **num**: distinguish between **-ne, num**, and **nonne**. **unum diem**: Acc. of Extent in Time. **L. Saturninum, C. Servilium**: two demagogues in the time of Marius. See Introduction, §19.

38. **mors ac . . . poena**: two subjects with a Singular verb, because they express a single idea, *death-penalty*; Hendiadys. **rei publicae**: of the state; that is, *imposed by the state*. Observe the curious notion involved in the verb **remorata est**, *kept them waiting*.

39. **patimur**: *we have been suffering*. Account for the use of the Present in Latin. What other tense is similarly used? G. 230 and 234; A. & G. 276, *a*, and 277, *b*; B. 259, 4, and 260, 4; H. 467, 2, and 469, 2. **hebescere**: to what class of verbs does this belong, and what are its Principal Parts? **aciem**: *edge*, comparing the authority of the Senate to a sword.

40. **horum**: to whom does this refer?

42. **in vagina**, etc.: continuing the metaphor of the sword. **ex**: *according to*.

44. **ad deponendam**, etc.: expresses Design. Mention at least five ways of expressing the general sense of a Final Sentence.

45. **me**: omit in translating. The use of the pronoun indicates that the matter desired was not altogether in his power. **patres conscripti**: *conscript fathers*, the regular term used in addressing the Senate. The expression has been explained in several ways. The most common explanation is that **patres** meant *patricians*, the Senate having originally been made up of patricians exclusively, while, at a later date, when that body was recruited from the plebeians, **conscripti** was added, meaning *enrolled*, i.e. among the Senators.

46. **dissolutum**: *remiss*. **inertiae nequitiaeque**: why Genitive? See G. 378; A. & G. 220; B. 208, 2, *a*; H. 409, II.

47. **castra**: meaning of the Singular? See the Vocabulary. What officer was in command at this camp?

49. **in dies singulos**: *from day to day*.

51. **atque adeo**: *yes, even*.

53. **comprehendi, interfici**: both depend on **iussero**. **iussero**: the Latin is more exact in the use of tenses in dependent clauses than the English. G. 242, R. 1; A. & G. 281, R.; B. 261, 2; H. 473, 2. This Fut. Perfect after **si** is loosely translated by the Present, *if I order*. **credo**: frequent in Cicero in an ironical sense—*I suppose* (not *believe*).

54. **mihi**: Dat. of the Agent. G. 355; A. & G. 232; B. 189; H. 388. **ne**: after verbs of Fearing, what is the rule for the use of **ne** and **ut**? G. 550, 2; A. & G. 331, *f*; B. 296, 2; H. 498, III. N. 1. Observe, **non** belongs to only a part of the sentence, not the whole. Literally translated, the sentence reads: *that not true patriots (may say) that this was done by me too late rather than that any one may say it was done too cruelly*; more freely: *not that true patriots*

(*may say*) *this was done by me too late, but rather that some one may say that it was done too cruelly.* Since the sentence is ironical, Cicero means just the reverse of what he says; namely, that he would be more afraid of being reproached by patriotic citizens for acting too tardily than of being criticized by any captious person for cruelty.

55. *verum ego, etc.*: *but for a well-defined (certa) reason I am not yet induced to do that which, etc.* The Subjv. *faciam* follows *adducor* in a Complementary Consecutive Sentence.

57. *interficiere*: what tense? See Note on l. 1 (*abutere*).

59. *qui (= ut is) . . . fateatur*: *as not to admit, etc.* This is the Subjv. in a Characteristic Relative Sentence. The construction is so frequent in Cicero that it would be well to make a special study of it. The relative here implies the notion of Character and Adaptation, and is followed by a Subjv. of Tendency. The following varieties of the construction occur (G. 631): 1, with a definite antecedent, when the character is emphasized; regularly after the adjectives *idoneus, aptus, dignus, indignus*; also, after demonstratives (*is, talis, tam, tantus, etc.*) and the two superlatives *unus* and *solus*; 2, after negative expressions (*nemo, nihil, etc.*) and questions implying a negative answer (e.g. *quis est*, implying *nemo est*), and such indefinite expressions as *sunt qui (there are some who), multi sunt, alii sunt, etc.*; 3, after comparatives with *quam*. Which two of these varieties are illustrated in the present passage?

60. *qui audeat*: Subjv. of Characteristic, belonging to the second variety (see preceding Note), *quisquam erit* being an indefinite expression like *multi sunt*.

61. *oppressus*: *held in check.*

65. *quid est . . . quod exspectes*: to which variety of the Characteristic construction does this belong? See Note on l. 59. Observe that *quid* here is equivalent to *nihil*.

66. *tenebris*: Abl. of Means.

67. *parietibus*: *paries* means *a partition wall, the wall of a house; moenia, the walls of a city; murus* is the general word for *wall*.

69. *mihi crede*: *take my advice.* *caedis*: why Genitive? G. 376; A. & G. 219; B. 206; H. 407.

71. *licet recognas*: *you may review; lit. it is permitted that you review.*

72. *ante diem xii. Kalendas Novembris*: *October 21.* G. p. 491; A. & G. 376; B. 372; H. 642. Be prepared to give the other dates in this chapter in their English form.

74. *C. Manlium*: it was Cicero's prediction referred to here that prompted the Senate to issue its *ultimum decretum*.

75. *num me fefellit*, etc.: on account of the long subject, it is best to translate this sentence passively: *Was I mistaken—I will not say* (lit. *not only*) *in the event, so important, etc.—but what is far more remarkable, in the date?* *idem*: also, lit. *the same*, Nom. agreeing with the subject. G. 310; A. & G. 195, *e*; B. 248, 1; H. 451, 3.

78. *contulisse*: *had appointed*; translated by our Pluperfect because prior to an action already Past (*dixi*).

80. *sui conservandi*, of *saving themselves*. G. 428, R. 1; A. & G. 298, *a*; B. 339, 5; H. 542, 1. Note the use of *causa* to express Design. For the fact here stated, see the Prefatory Note, §7.

83. *commovere te*: *make a move, take a step*; lit. *move or bestir yourself*.

84. *discessu ceterorum*: the *tamen* following shows that these words must be taken in a Concessive sense—*notwithstanding the escape* (lit. *departure*) *of the rest*. *esse*: *would be*, lit. *were*; so translated simply to suit the English idiom. G. 254, R. 1; A. & G. 264, *b*; B. 271; H. 476, 5. The Subjv. *remansissemus* is due to O. O. after *dicebas*. *nostra*: Abl. agreeing with *caede*, but equivalent here to the Gen. Plural of *ego* (= *of us*), and so translated.

85. *quid*: *again*. This word, either alone or with *vero*, *igitur*, etc., is very frequent in Cicero in the sense *what of this*, i.e. *of what I am about to say*.

87. *sensistine*: *did you see*; or possibly *-ne* here leans to the negative, in which case translate: *did you not see*.

89. *moliris*: a word implying strenuous effort. *audiam, videam, sentiam*: for the Subjv. see Note on l. 59.

91. *superiorem*: (night) *before last*.

93. *priore* = *superiore*.

94. *inter falcarios*: *to the street of the scythe-makers*, a certain quarter of the city.

95. *compluris*: Accusative Plural.

96. *socios*: *accomplices*.

97. *hic in senatu*, etc.: these words show the extent of the danger with which Cicero had to deal. The conspiracy included in its ranks men of even senatorial rank as well as a few knights.

98. *ubinam gentium*: *where in the world*; Part. Genitive with an adverb of Place.

103. *atque adeo*: see Note on l. 51. *cogitent*: Subjv. of Characteristic.

104. *de re publica sententiam rogo*: a technical expression, referring to the manner in which the presiding magistrate at a session of the

Senate called on members for an expression of their views (**sententiam**) on public business (**re publica**).

105. **igitur**: *well*, resuming the story begun in the first part of the chapter. **apud**: *at the house of*.

107. **quo**: interrog., introducing an Ind. Question, hence the Subjv. **placeret**. **quos**: relative, introducing a Final Sentence (*men to leave at Rome*).

109. **confirmasti**: *gave the assurance*.

110. **morae**: Part. Genitive after **paulum**. G. 369; A. & G. 216, 3; B. 201, 2; H. 397, 3. **etiam nunc**: *even now, still*. **viverem**: Subjv. after a Causal conjunction **quod** in O. O. G. 541; A. & G. 321; B. 286, 1; H. 516, 11.

111. **liberarent**: Subjv. of Characteristic with definite antecedent.

112. **sese...interfecturos esse**: after verbs of Promising, etc., the Fut. Inf. with subject expressed is the rule; in English the simple Inf. is used—*to kill*. **in meo lectulo**: the diminutive is used here not in the sense of littleness, but rather, perhaps, with the idea of security: of all places a man might naturally be expected to be most secure from harm when he is in bed. Translate: *in my very bed*.

114. **vixdum etiam...dimisso** (Abl. Abs.): *almost before your meeting had adjourned*; lit. *your meeting having scarcely yet even been dismissed*.

116. **salutatam**: *to greet*. How is the supine in **-tum** used? G. 435; A. & G. 302; B. 340, 1; H. 546.

117. **id (temporis)**: Accusative of Extent in Time. G. 336, r. 5; A. & G. 240, b; B. 185, 2; H. 378, 2. **viris**: what is the Dat. Plural of **vis**?

119. **quae cum ita sint**: *this being so*; Causal **cum** in the so-called "Ciceronian formula."

121. **nimum diu desiderant**: *have too long been missing*. Account for the tense; see Note on l. 39.

122. **educ**: note the Imperative forms **dic, duc, fac, and fer**. **si minus**: how is this expression used? G. 592, r.; A. & G. 209, e; B. 306, 2; H. 552, 3. **quam plurimos**: what force has **quam** with the superlative? G. 303; A. & G. 93, b; B. 240, 3; H. 170, 2.

123. **metu**: Abl. of Separation. **dum modo**: *if only*, expressing a Conditional Wish. G. 573; A. & G. 314; B. 310; H. 513, 1.

124. **me atque te**: the regular order in Latin, whereas in English we say *you and me*.

126. Note the phrase **gratiam habere**: *to feel grateful*. In the present passage **gratia** is postponed to the end of its clause, making

clearer the dependence on it of the *quod*-clause which immediately follows. *atque: and especially.*

129. *saepius: too often* (a frequent meaning of the comparative). *in uno homine: in the case of a single person.* This is a common meaning of *in* with the Abl.

131. *consuli designato: of course, during the latter half of the preceding year* (64 B.C.). See the following Note.

133. *proximis comitiis consularibus: at the last consular elections.* These elections were regularly held in July, and the consul-elect entered office on the following January 1. *campo: Campus Martius, where the elections were held, just outside of the city.*

136. *per me: by my private efforts.*

138. *nunc iam: the absolute now usually without reference to what has already taken place (nunc) and the now of experience (iam) combined; translate: now finally.* He has just been speaking of Catiline's personal attacks upon his life, but now, he says, the conspirator has more ambitious aims.

142. *id quod, etc.: the two clauses are objects of facere. huius imperi, etc.: The authority which I possess and the teaching of, etc.* The word *imperium* refers to the official authority which he possessed as consul (Introduction, §56), and *huius* as Dem. of the First Person means *this which I hold.* Account for the Genitives. G., 359, R. 1; A. & G. 234, d; B. 204, 2; H. p. 205, footnotes 1 and 3.

143. *audeo: Prin. Parts? Learn at the same time the Principal Parts of gaudeo, soleo, and fido (the "semi-deponents," as they are called). ad: as regards.*

145. *iussero: for the translation of the Fut. Perfect here, see Note on l. 53.*

146. *sin: but if.* This is the regular word to introduce a Condition that excludes a preceding Condition. G. 592; B. 306, 3.

147. *hortor: how translated? See Note on l. 39. exieris: Fut. Perfect, how translated? tuorum comitum: consisting of your companions; Appositive Genitive. The word sentina (refuse, scum) is modified by both Genitives rei publicae and tuorum comitum.*

148. *quid est, Catilina: well, Catiline; lit. what is it, Catiline?*

149. *dubitas: with the Infinitive this word regularly means hesitate. imperante me: Abl. Absolute.*

150. *consul hostem: placed side by side for the contrast, and last in the sentence for further emphasis.*

154. *possit: Subjv. of Characteristic after quid est; so metuat and oderit after nemo est in the next sentence.*

156. *oderit: Perf. because a defective verb, else it would be Present;*

translate as Present. *quae nota domesticae turpitudinis*: *what stain of domestic disgrace*. Here *quae* is interrog., being the adj. form of *quis, quid*, which corresponds in form to the relative.

157. *vitae*: why Dat. after *inusta* (*branded on*)? See G. 347; A. & G. 228; B. 187, III.; H. 386. *haeret in fama*: *clings to your name* (*reputation*).

159. *cui adulescentulo*: *for what poor youth*, the diminutive indicating not littleness of body, of course, perhaps not mere youthfulness of years, but rather weakness of character; hence the Characteristic Subjv. following—*such as* (lit. *whom*) *you could ensnare with your enticing arts* (*quem . . . inretisses*). Note the derivation of *inretisses* from *rete*, *a net, toil, snare*. The tense is Pluperfect because its time is prior to that of the leading verb, itself Perfect (*praetulisti*).

162. *quid vero*: these words, like *quid* alone, are often used by Cicero to introduce a general question, leading up to a more specific question as in the case here (*nonne . . . cumulasti*). Translate: *but again*, and compare Note on l. 85. *cum . . . vacuefecisses*: *having cleared*. What use of *cum* is this? G. 585; A. & G. 325; B. 288, 1; H. 521, II. 2. Cicero charges Catiline with having murdered his first wife, and then his son by that wife, the second deed to accommodate his second wife, who (according to Sallust) objected to having a grown-up stepson.

164. *cumulasti*: the central idea of this word is that of “piling up.”

165. *tanti facinoris immanitas*: lit. *the monstrosity of so great a crime*, that is, *so monstrous a crime*. *non vindicata esse*: *to have passed unpunished*.

167. *praetermitto*, etc.: what figure? See Note on l. 23.

168. *proximis Idibus*: Abl. of Time When.

169. *ad . . . pertinent*: *relate to*.

170. *difficultatem*: *troubles*.

171. *nostrum*: the regular form to use with *omnium*. How is *nostrum* used?

173. *cum*: Concessive. *horum neminem*: *not a man here*, lit. *no one of these men*.

174. *nesciat*: Subjv. of Characteristic. *pridie Kalendas Ianuarias*: give the date in English.

175. *comitio*: the Singular of this word (*comitium*) means the place of assembly; the Plural (*comitia*), either the assembly itself or the elections for which it met. *cum telo*: *armed*, lit. *with a weapon*. The occasion was the sitting of the Senate on February 5, 65 B.C. See Prefatory Note, §4.

177. *non mentem aliquam aut timorem tuum: not some reflection (or other) or panic on your part.*

178. *obstitisse: ob* in composition means *towards, against, in front of*; hence *obstare = to stand in one's way, thwart.* *ac iam illa*

omitto: see Note on l. 167 above (praetermitto). *illa* refers to what follows (as often).

179. *non multa: not few in number.*

180. *designatum: supply consulem* from the next clause following.

181. *coniectas: aimed.*

182. *declinatione et . . . corpore: by a slight movement of the body; Hendiadys.* The metaphor is taken from fencing. The student should not take Cicero's words literally: he speaks of only one actual attempt on his life, and that was frustrated by his refusing to admit visitors to his house, as described in ll. 114-116 above.

183. *adsequeris: accomplish.* What tense? See Note on l. 1 (*abutere*).

184. *neque: split in translation (and not).*

187. *quae . . . quibus: the former is a relative (translated it), the latter interrogative (with what religious rites).* In Latin the relative regularly takes the first place in its sentence, so that in translating it is often necessary to change the order of words. *quod* below gives the supposed reason for Catiline's course, and may be translated: *as a reason that*, or simply *that*; thus, *I know not with what religious rites it (quae, referring to sica) has been consecrated and vowed that (quod, as a reason that) you should think it necessary to plunge it, etc.*

191. *permotus: actuated; why Nominative? G. 528, I; A. & G. 330, b; B. 332; H. 534, I, N. 1.* *quo debeo: here permotus esse*

is understood, but it is as unnecessary to supply the words in the Eng. as in the Latin; so, after *misericordia*, we must understand *permotus esse videri*, but in translating it is simpler to omit *ut*, and translate simply *but by pity.* *nulla: in no wise, lit. none, Nominative.*

194. *salutavit: greeted.* *si: this "if" is equivalent to a Causal conjunction.* *post; since.*

195. *exspectas: are waiting for (not expecting).* The idea is, their silence was significant enough; was he also waiting for them to insult him in words?

196. *quid, quod: what (of this), that.* *quid* here stands for a whole sentence = "What do you think of this that I am about to tell you?" See Note on l. 85.

197. *ista: those (near you); Demonstrative of the Second Person.*

199. *simul atque* (sometimes written *simul ac*): *as soon as*. For the tense here, see G. 561; A. & G. 324; B. 287, I; H. 518, N. 1.

200. *nudam atque inanem*: Pred. Adjectives to be translated after the verb *reliquerunt*. *quo tandem animo*: *with what feelings, pray*. On this clause depend the preceding clauses. *tibi*: Dat. of the Agent.

201. *servi mehercule mei si me...metuerent*: to translate these words, *if my slaves SHOULD fear me*, would be wrong; note the tense. This is the Protasis of an Unreal (contrary to fact) Condition, and your translation should imply the falsity of the supposition; hence translate: *if my slaves FEARED me*, implying *they do not*. Read (with special attention to the examples translated) G. 597; A. & G. 308; B. 304, I; H. 510. *isto*: Dem. of the Second Person, anticipating the following *te* and *tui*.

202. *putarem*: *I should think*; the Apodosis (or conclusion) of the Conditional Sentence. *reliquendam*: what is the force of the ending *-dus*? This word must be repeated in translating the next clause (*tu tibi urbem*, etc.).

204. *si...viderem*: how translated? See Note on l. 201 above.

205. *civium*: Subj. Gen. after *aspectu*. G. 263, I; A. & G. 214; B. 199; H. 396, II.

206. *oculis*: Ablative of Means.

209. *si te parentes timerent...tui*: the Roman was frugal in the use of words. If he wished to say "My father loves me," he would sometimes use not four words, *Meus pater me amat*, but only three, *Me pater amat*, the position of *me* as well as the natural inference sufficiently indicating whose father is meant. In such a case the pronoun *me* does double duty: it shows the object of the sentence and at the same time, by its proximity to *pater*, suggests *meus*. In the present passage, Cicero, however, prefers to emphasize the relationship; hence he repeats the idea of *te* in *tui* of the next line.

210. *odissent*: why Pluperfect? It refers, like *timerent*, to Present time in an Unreal Condition, which is regularly Imperfect. Translate *hated* (not *had hated*), and see Note on l. 156.

211. *aliquo*: *to some place or other*. *nunc*: *as it is*.

212. *te patria*: account for the position of *te*. See Note on l. 209. *nostrum*: why not *nostri*?

213. *iam diu...iudicat*: how is the Present tense translated here? See Note on l. 39. *nisi*: frequent after negatives in the sense of *except, but, etc.*

215. *sequere*: what tense is this? See Note on l. 1 (*abutere*).

216. **agit**: *treats, deals.* **tacita** (with Concessive force): *although silent.*

218. **uni**: what case is this? **vexatio direptioque sociorum**: referring to Catiline's treatment of the provincials during his propraetorship in Africa (67 B.C.). He was prosecuted at the end of his term, but managed by bribery to escape punishment. Note the position here of **tibi**, and compare Note on l. 209.

220. **ad neglegendas**, etc.: Design. **quaestiones** (from **quaero**, *inquire into, investigate*): *law-courts.* See Introduction, §61.

222. **ut potui**: *as (well as) I could.*

223. **me totam esse in metu**, etc.: *that I should be wholly alarmed, lit. whole in fear.* Note the use of the adjective **totam** for an adverb and the phrase **in metu** for an adjectival idea. This Acc. and Inf. with the one following is the subject of **est ferendum**. **quicquid increpuerit** (Pf. Subjv.), **Catilinam timeri**: *that whatever (rumor) is noised abroad, Catiline should be feared*; Pf. (**increpuerit**) because the noise is prior to the panic, and Subjv. because the clause depends on an Infinitive. G. 629; A. & G. 342; B. 324, 2; H. 529, II.

225. **quod a tuo scelere abhorreat**: *that is inconsistent with your (life of) crime*; Subjv. of Characteristic.

226. **mihi**: Dat. of Advantage, but translated *from me.*

227. **ne opprimar**: *that I may not be overwhelmed*; negative Final Sentence. **sin**: this word regularly introduces a second Condition to exclude the preceding one. **falsus**: *unfounded.*

228. **haec**: Neut. Plural. **si . . . loquatur**: the Ideal (less vivid) Condition. The proper auxiliary for the translation of this Condition is *should* or *were to*. So in the next clause: *even if she SHOULD not be able to bring force to bear (upon you)*. See G. 596; A. & G. 305, b, 2, a; B. 303; H. 509. **quid, quod**: see Note on l. 196.

231. **tu te ipse**: the subject rather than the object emphasized by the Nominative of **ipse** (G. 311, 2; A. & G. 195, I; B. 249, 2; H. 452, I), laying stress on his own agency in the matter. **custodiam** (sc. **liberam**): when a citizen was to be tried on a criminal charge, he was not imprisoned, but was allowed to go free on bail for his appearance at the proper time, or he might surrender himself into the keeping—*free custody*, as it was called—of some responsible person. Catiline had been indicted for riotous conduct (*de vi*). In this passage Cicero refers to Catiline's offers to give himself up in free custody to several persons successively. Each in turn declined to be responsible for his safe keeping until he applied to a friend (our text says M. Marcellus, l. 239, but the name is in doubt). This friend, whoever he was, was not so watchful as the case required, since it was during his cus-

tody of Catiline that the prisoner attended the meeting at Laeca's house two nights before this speech was made. Hence Cicero's ironical words below (*ad custodiendum diligentissimum*) in reference to this friend's carefulness.

232. ad: *at the house of* (usually *apud*), the verb *habitare* apparently implying motion (*go and live*). Compare *ad me venire* in the next line, and several instances further on. **velle:** *were willing*.

234. domi meae: Locative. G. 411, R. 3; A. & G. 258, e; B. 232, 2; H. 426, 2. **adservarem:** Subjv. in a Complementary Final Sentence after *rogasti*.

235. id responsum: like a verb of Saying, this substantive is followed here by an Acc. and Inf. construction, *me nullo modo . . . esse*.

236. parietibus: see Note on l. 67. **qui . . . essem:** a dependent clause in O. O. and also Causal in sense, hence Subjv. for two reasons.

239. demigrasti: an allusion to Catiline's unsuccessful wanderings from person to person. What is the rule for this contraction? G. 131, 1; A. & G. 128, a, 1; B. 116, 1; H. 235. **videlicet:** *of course* (ironical).

240. ad custodiendum diligentissimum: *very careful to guard*.

241. sagacissimum: *very sharp, keen*.

242. videtur: its subject (antec. of *qui*) is understood. While the verb is personal according to the rule for its simple tenses, it is best to translate impersonally; thus, *how long does it seem that he*, etc.

243. custodia: why Ablative? G. 397; A. & G. 245, a; B. 226, 2; H. 421, III. **iudicarit:** for the contraction, see Note on *demigrasti* above (l. 239). **quae cum ita sint:** see Note on l. 119.

244. dubitas: what does this verb mean when followed by the Infinitive as here (*abire*)? See Note on l. 149.

245. istam: how is this pronoun translated? See Note on l. 2.

246. ereptam: *which has escaped*, the verb taking an Abl. of Separation after it.

248. refer: technical word for *laying a matter before* (*ad*) the Senate. **id enim postulas:** *for that is what you demand*.

249. ordo: give an account of the orders in Rome; see Introduction §§11, 12, and 15. **decreverit:** if this is a part of Catiline's language, dependent on *dicis*, it is Perfect Subjunctive; if Cicero's words, Fut. Perfect. In either case translate as Present.

250. id quod abhorreat a meis moribus: *a course that* (lit. *that which*) *is foreign to my character*. He seems to mean that as the Senate would certainly condemn Catiline, he did not care to be so severe as to lay the question before it. The real reason for not putting the question to a vote was that the Senate was not a judicial body, and

hence had no right to pass sentence. Catiline knew this, and his request was a mere blind to make it appear that he was willing to abide by the decision of the Senate. Cicero also knew it, but he scores a point against Catiline in the next sentence by getting a kind of silent vote.

251. faciam ut intellegas : a common circumlocution in Lat. variously translated ; here, *make you understand (show you)*. **quid sentiant** : Indirect Question, hence Subjunctive. For the meaning of the verb, compare the English derivative. **hi** : the Senate.

253. metu : Abl. of Separation. **si hanc vocem exspectas** : *if that is what you are waiting for me to say*. Notice the force of **hanc** as the Demonstrative of the First Person. At this point Cicero pauses to see the effect of his words. As there is no remonstrance from the audience, he resumes in the next line with the words **quid est, Catilina** : *well, Catiline? lit. what is it?*

255. quid exspectas, etc. : *lit. why do you wait for the authority of (those) speaking, of whom silent you see clearly the desire ; that is, more freely, why do you wait for the expressed wish of those whose silent desire you (so) clearly see.* **tacitorum**, of course, agrees with **quorum**, but is best translated with **voluntatem**.

257. si . . . dixissem : Unreal (contrary to fact) Condition—*if I had said*, implying the opposite to be true. The Apodosis is **intulisset** (l. 260).

258. M. Marcello : a very different person from the one of the same name mentioned above as Catiline's friend (l. 239). The present Marcellus was a prominent aristocrat, consul twelve years later on the eve of the great Civil War, and an enemy to the democrat Caesar.

259. senatus vim et manus intulisset : *the Senate would have laid violent hands ;* Hendiadys.

260. cum (= quod) quiescunt, probant ; *in that they are silent, they approve (their silence is a proof of their assent)*. See G. (L. Ed.) 582 ; A. & G. 325 ; B. 290, 1 ; H. 521.

262. neque : split in trans. (*and not*). **hi** : i.e. the Senate, subject of the verbs understood from the preceding clauses. Of course, so important an occasion as the present was, had attracted a large attendance to this sitting of the Senate, not only members attending, but many knights (**equites**, l. 263) and other worthy citizens (**fortissimi cives**, l. 264). All alike, says Cicero, condemned Catiline by their silence. **videlicet** : *to be sure (ironical)*.

263. vita, etc. : before this clause, we must understand **sed** or **et**, but it is not necessary to supply either in translation. This omission of the conjunction is called **Asyndeton**.

265. *quorum frequentiam*: *whose crowded presence.*

267. *vix*: not *hardly*, but = *difficulus* (as often). *contineo*: why Present? *eosdem*: antecedent of the preceding *quorum*, and to be translated before the relative.

268. *adducam ut . . . prosequantur*: *will induce them to escort*, Complementary Consecutive Sentence. *haec*: lit. *these things*, said with a sweep of the hand, hence, *this city*. *studes*: tense as in *contineo* preceding. *usque ad*: *as far as*.

270. *quamquam*: *and yet*, a frequent meaning of the word in these orations. *te ut ulla res frangat*: *what! anything subdue you?* an Exclamatory Question. G. 558; A. & G. 332, c; H. 486, II. N. The same construction occurs in the next three sentences. Notice the emphatic position of the pronoun.

272. *utinam . . . duint*: *Heaven grant you this (change of) mind!* A Wish thus expressed represents the matter wished for as in the Future, and hence still possible. *duint* is an old form of the Present Subjv. (compare *malim*, *velim*, etc.) for the regular form *dent*. Learn the following scheme for the expression of Wishes:

I. POSSIBLE: *Cras (utinam) domi sim*, *May I be at home to-morrow!*

II. UNREAL	}	1) in Present time: <i>Nunc utinam domi essem</i> , <i>Would I were at home now!</i>
		2) in Past time: <i>Heri utinam domi fuissem</i> , <i>Would I had been at home yesterday!</i>

The negative is *ne*. In the first form *utinam* may be omitted; in the second and third forms, *vellem*, *malle*, and (theoretically) *nolem* may take the place of *utinam*. See G. 261; A. & G. 267; B. 279; H. 483, 1 and 2.

274. *animum induxeris*: how is the Fut. Perfect translated after *si*? *quanta tempestas . . . impendat*: *how great a storm of odium*, etc.; Indirect Question, depending on *video*.

275. *si minus*: see Note on l. 122. *in praesens tempus*: *for the present*. *memoria*: Abl. of Cause, giving a reason for his immunity from blame for the present.

276. *est tanti*: *it is worth while*, i.e. to take the risk of censure. Account for the case. G. 380, 1, R. 1; A. & G. 252, a; B. 203, 3; H. 404.

277. *dum modo*: *if only*, a Conditional Wish. G. 573; A. & G. 314; B. 310, 1; H. 513, 1. *a periculis*: Abl. of Separation.

278. *ut commoveare*, etc.: a Complementary Final Sentence depending on *est postulandum* at the end of the sentence. Note the ending (*-re*), and see Note on l. 1.

279. *ut temporibus rei publicae cedas*: *that you should yield to the needs of the commonwealth.*

280. *neque enim is es . . . ut te*, etc. : *for you are not such (a man) that either modesty has ever*, etc. The Subjv. is Characteristic.

283. *inimico* : *personal enemy* : Dat. (with *mihi*) after *con-* in composition (*conflare*).

284. *vis* : from *volo*. *vix* : see Note on l. 267.

285. *feceris* : Fut. Perfect in a Logical Condition. G. 595 ; A. & G. 307, *c* ; B. 302, *1* ; H. 508.

286. *iussu* : Abl. of Cause. *sin autem servire meae*, etc. : *but if you prefer (mavis from malo) to minister to my praise and glory*. Avoid confounding *servare* = *to preserve, save* (which takes the Acc.) and *servire* = *to be a slave to, serve* (which takes the Dat.).

288. *confer te* : *betake yourself*. What three other verbs form the Imperative as *fero* does ? See Note on l. 122.

289. *patriae* : Dative after *in-* in composition (*infer*).

290. *latrocínio* : *brigandage*. *ut . . . videaris* : why Subjunctive ? The *non* of this sentence negatives only the phrase *eiectus ad alienos*.

291. *quid . . . invitem* : Potential Rhetorical Question. G. 259 ; A. & G. 311, *a* ; H. 486, *11*. Rhetorical questions are so called because they are not genuine Questions, but strong statements in the interrogative form.

292. *sciam* : Subjv. either (1) because dependent on another Subjv. (*invitem*), i.e. by Attraction, or (2) because Characteristic. The subject of *esse praemissos* is the omitted antecedent of *qui*. *qui . . . praestolarentur* : *to wait for*. *Forum Aurelium* : a small place in Etruria, about 50 miles from Rome.

293. *cui* : Dat. of the Agent with the Perfect Passive (*pactam* and *constitutam*). In the next line the Agent is expressed by the more common *a* with the Abl. (*a quo*).

294. *aquilam* : the eagle used as a standard. This particular eagle is said to have belonged to the democratic general Marius.

295. *quam* : subject of *esse futuram* (*which I trust may prove*, etc.).

296. *cui* : *for which*, referring like *quam* to the eagle. In translating this whole sentence it is best to take in *sciam esse praemissam* (at the end of the sentence) immediately after *a quo* : *a man by whom I know has been sent forward that silver eagle*, etc.

297. *tu ut . . . carere possis* : *what ! you able to do without that standard any longer*. For the construction, see Note on l. 270 (*ut frangat*).

299. *a* : *from*.

301. *ibis* : emphatic position. *quo* : *whither*.

304. *ad (for) hanc te amentiam natura peperit, voluntas exercuit, fortuna servavit* : observe this thoroughly Ciceronian sentence. In pre-

senting a succession of clauses, particularly in Climax, all having certain words in common, he often crowds the words that are common to the whole into the first part of the sentence (*ad hanc te amen-tiam* here), and then introduces the subjects and predicates in close succession. It is like "clearing for action" before "firing the broad-side." Learn the Principal Parts of *peperit*, and at the same time for comparison those of *paro* and *pareo*, with the meanings.

305. non modo: lit. *not only*, but often (as here) best translated, *I will not say*. The second negative in this sentence (*ne . . . quidem*) should be translated affirmatively *even*, rather than *not even*. The sentence begins with a general negative (*numquam*) and *ne . . . quidem* simply strengthens it, whereas in English two negatives destroy each other, making an affirmative.

306. nisi: used after a negative in the sense of *except*.

307. Order of words: *nactus es manum (a band) improborum conflatam* (agreeing with *manum*) *ex perditis* (Abl. of Material) *atque derelictis* (in the same construction as *perditis*) *ab non modo fortuna* (personified, hence *ab* to express the Agent), *verum etiam spe*.

308. hic: *here*, i.e. with his boon-companions described in the preceding sentence. **perfruere**: note the ending; what tense?

311. audies: *will hear of*. **quemquam**: *any one (at all)*; the regular word for *any* in negative sentences.

312. studium: *pursuit*. **meditati**: *practised*, deponent verb in a passive sense. **illi qui feruntur labores tui**: lit. *those your labors that are talked of*, that is, *those much-talked-of practices of yours*. The following Infinitives (*iacere*, *vigilare*) explain what these practices were, and are in apposition to *labores*.

313. humi: what case?

315. somno, bonis (property): Dat. after the intrans. verb *insidi-antem*. G. 346; A. & G. 227; B. 187, II. a; H. 385.

316. habes ubi ostentes: lit. *you have where you may show off*, that is, *you have an opportunity to display*; Subjv. of Characteristic. **patientiam**: *ability to bear* (followed by a Genitive).

318. confectum: *undone, ruined*. **tantum profeci**: *thus much I accomplished*, leading up to the Consecutive clauses *ut . . . posses* and *ut . . . nominaretur* following.

319. a . . . reppuli: *defeated . . . for*. **exsul . . . consul**: a play upon words. Cicero is fond of these plays. Several are noted in *The Impeachment of Verres* (see the editor's *Eleven Orationes of Cicero*).

324. detester ac deprecet: *may avert by entreaty and prayer*.

326. etenim si mecum patria . . . loquatur: this Protasis introduces a

long quotation, which extends to the end of the chapter. Accordingly there appears to be no corresponding Apodosis (conclusion), the current of thought having been forgotten when we reach the end of the speech. But a slight examination will show that the Apodosis is contained in the first words of the following chapter (**his ego sanctissimis**, etc.). See Note on these words below (l. 350). The Protasis quoted above is of the Ideal (less vivid) kind, and should be translated *should* or *were to say*. Note the position of the word **mecum** in front of **patria**. What does this position suggest? See Note above on l. 209.

327. **vita**: why Ablative? **multo**: why Ablative?

328. **tunc**: = **tu** + **ne**, the interrog. sign, which is regularly added to the emphatic word; hence translated *will you* (i.e. of all men). This **tu** is the subject of **patiere** (l. 332).

332. **abs te**: the form **abs** occurs only before **te** and the enclitic **-que**. It is avoided by Cicero in his later works.

333. **emissus, inmissus**: a play upon words (*let out* and *let in*). Compare **exsul, consul** in l. 319, and see Note.

335. **mactari imperabis**: if the verb dependent on **imperare** is Active, **imperare** takes the Dative (Ind. Object) and **ut** + the Subjv.; but if the dependent verb is Passive or Deponent, the Acc. and Inf. (as above) may be used.

336. **at**, etc.: his country is supposed to be asking Cicero why he does not put Catiline to death, and to each of his supposed reasons the country opposes an objection beginning with this word **at**.

337. **morte multarunt**: *punished with death*. G. 378, R. 2; A. & G. 220, b, 1; B. 208, 2, b; H. 410, III.

338. **rogatae**: *introduced*, the technical term.

340. **praeclaram** (emphatic position) **vero**, etc.: *a fine return truly you are making* (ironical).

341. **per te cognitum**: *known only through your personal efforts*. What does this mean? See Introduction, §55.

343. **omnis honorum gradus**: what offices (**honorum**) had he filled?

345. **si quis**: what words does **quis** (Indefinite) follow? See Note on l. 31.

346. **severitatis**: *due to*, or *springing from*, *severity*, Possessive Genitive. **inertiae**: supply **invidia**.

350. **his ego**, etc.: here Cicero begins his answer to the complaint (**querimoniam**) supposed to come from his country, taking him to task for his alleged remissness in dealing with the conspirators.

351. **hoc idem**: Acc. of the Inner Object. Neut. adjectives and pronouns are frequently used with verbs which supply the substantive idea necessary to the sense. Here the word *sentiment* is supplied by

the verb *sentiunt*. We may, therefore, translate : *who entertain the same sentiment*. Similarly a little further on *pauca = pauca responsa*, the substantive *responsa* being contained in the verb *respondebo*.

352. *si indicarem* : not *if I should judge*, but *if I judged (thought)*. What kind of Condition?

353. *Catilinam morte multari* : appositive to *hoc* preceding.

354. *gladiatori* : *ruffian*. *ad vivendum* : Design.

355. *Saturnini (Gen.) et Gracchorum et Flacci* : who were the *summi et clarissimi viri* that crushed Saturninus, the Gracchi, and M. Fulvius Flaccus? See Chap. ii. and the Notes.

358. *quid* : followed by a Part. Genitive *invidiae* (lit. *anything of odium*). *hoc parricida civium interfecto* : Abl. Abs. = *si hic parricida interfectus esset* (Fut. Perfect in O. O. after *verendum* erat).

359. *quod si ea mihi maxime impenderet* : *but if (though) this odium threatened me ever so much (maxime, in the greatest degree)*; the Protasis of an Unreal (contrary to fact) Condition with Concessive force.

360. *hoc animo* : lit. *of this mind*, that is, *so disposed*. The Demonstrative *hoc* prepares the way for the Consecutive clause *ut putarem*.

361. *partam* : from *pario*. *gloriam, non invidiam* : Pred. substantives after *esse* implied. He always thought, as he says, that the odium created by doing one's duty was true glory rather than real odium. *quamquam* : as in l. 270.

362. *qui . . . videant* : Subjv. of Characteristic after the indefinite expression *non nulli sunt*. *quae imminent* : rel. clauses dependent on Subjvs. or Inf. are usually attracted into the Subjv. themselves, but here the rel. clause is a mere circumlocution for a single word (*pericula* or the like). See G. 629, R. (a); A. & G. 342, a; H. 524, 2, 2. *dissimulant* : *disguise, conceal*.

364. *mollibus* : *weak, timid*.

365. *non credendo* : *by not believing* (that the danger existed). *quorum auctoritate secuti* : *following (guided by) whose influence*; the participle *secuti* agreeing with the subject *multi*.

366. *improbi* : a favorite word in these Orations as contrasted with *boni*. See the Vocabulary.

367. *si in hunc animadvertissem* : Protasis of an Unreal (contrary to fact) Condition in Past time with an Apodosis in Present time (*dicerent, would be saying*). *regie* : *like a tyrant*.

368. *quo intendit* : *whither he is aiming (to go)*.

369. *pervenerit* : probably Perfect Subjv. by Attraction (see Note on l. 362, *quae imminent*), representing the Fut. Perfect dependently expressed after *intellego*. Translate as if present: *reaches*. *qui non*

videat: as not to see, Characteristic Subjunctive. Here **quin** might have been used for **qui non** on account of the preceding negative **neminem**. G. 552, 3; A. & G. 319, *d*; B. 284, 3; H. 500, II.

371. hoc uno (= solo) interfecto = si hic unus interfectus erit (Fut. Perfect): Abl. Abs. representing a Protasis. G. 667; A. & G. 310, *a*; B. 337, 2, *b*; H. 549, 2.

372. reprimi: *checked*; **comprimi**: *crushed*.

374. eodem: *to the same place*; compare **eo**, *to that place, thither*. **naufragos**: *shipwrecked characters*. Derivation of this word?

376. stirps ac semen malorum omnium: *the root and seed of all our misfortunes*. Compare the Eng. expression "root and branch."

379. versamur: *have been living*; a frequent word in Cicero, and variously translated. **in**, *in the midst of*. **nescio quo pacto**: *somehow*; lit. *I know not in what way*, originally introducing an Ind. Question. It gradually lost its interrog. force and was treated as if one word, without affecting the mood of the dependent verb. Compare the Eng. phrase "I fear *I-know-not-what*." Read G. 467, R. 1; A. & G. 334, *e*; B. 253, 6; H. 529, 5, 3.

381. maturitas: *the full development*. **in tempus erupit**: *has burst upon the time*.

382. latrocinio: *plot of brigands*. **unus**: see Note on this word above (l. 371). **tolletur**: Principal Parts? **ad**: *for*.

385. visceribus: *the vital organs, vitals*.

386. aestu febrique: *with the heat of fever* (Hendiadys). **iactantur**: frequentative form of **iacio**.

387. gravius: compare in its three degrees.

389. relevatus = si relevatus erit (Fut. Perfect). **istius**: Catiline's. **poena**: Abl. of Means. **reliquis vivis**: Abl. Abs. = **si reliqui vivi erunt**.

391. secedant: what use of the Subjunctive? **improbi**: meaning? **bonis**: meaning?

392. id quod: a rel. clause referring to a sentence is regularly introduced by these two words, less commonly by **quod** alone. G. (L. Ed.) 614, R. 2; A. & G. 200, *e*; B. 247, I. *b*; H. 445, 7.

394. consuli: Dat. after the intransitive **insidiari**. **tribunal praetoris urbani**: *the court of the city praetor* (of course, for purposes of intimidation). What were the duties of the city praetor? See Introduction, §61.

396. sit denique inscriptum: *finally let it be written on, etc., what he thinks*, i.e. what his sentiments are. Here **quid** is Acc. of the Inner Object. Why is **sentiat** in the Subjunctive?

398. *in nobis fore*: Possession of Qualities is expressed by *in* with the Abl. or some other turn instead of the Dat. of Possession.

400. *consensionem*: *harmony*.

401. *omnia*: *the whole plot*. *patefacta, inlustrata, oppressa, vindicata*: choose suitable words to bring out the Climax intended.

videatis: *shall see*, the Subjv. (Consecutive) getting its time (Future) from the leading clause (*polliceor fore*).

403. *hisce omnibus*: *with these prophetic words from me (hisce, Dem. of the First Person)*. He refers to the words used in ll. 397-402 concerning the consuls' activity, the authority of the Senate, etc. For the ending *-ce*, see G. 104 r.; A. & G. 100, footnote; B. 87, footnote 2; H. 186, 1. *cum summa*, etc.: instead of *with*, we should say *to* in the sense here intended—*to the highest welfare*, etc.

406. *tu*: subject of *arcebis* and *mactabis*, the last word. *Iupiter*: addressed to the statue of Jupiter the Stayer (*Stator*). *qui isdem quibus haec urbs* (sc. *constituta est*) *auspiciis*, etc.; *who wast established under the same auspices as this city*, etc. Observe the relative *quibus* following *isdem* according to rule. G. 310, r. 2; A. & G. 234, n. 2; H. 451, 5.

409. *a*: *from*.

411. *inimicos*: (personal) *foes*; *hostes*: (public) *enemies*. *latrones*: *brigands*.

412. *foedere*: Abl. of Means. *inter se*: *together*, lit. *among themselves*. The Latin method of expressing Reciprocal Relations (*each other, one another*) is by the use of *inter* with *nos*, *vos*, or *se*, whether the verb be active or passive, transitive or intransitive. G. 231; A. & G. 196, f; B. 245; H. 448, n.

REVIEW QUESTIONS

(*First Oration against Catiline*)

I. Translate *Cat. I. 3, 7*: *Meministine* through *esse dicebas*.

1. Explain the Roman method of dates, and give the Latin for *Sept. 10*, *Oct. 21*, and *March 4*. 2. Account for the use of *id quod* in ll. 76, 77. (See Note on l. 392.) 3. Explain the use of *idem* in l. 77. 4. Account for the form *sui* in l. 80. 5. How is *ne* used in Questions? *num?* *nonne?*

II. Translate *Cat.* i. 8, 21, through l. 269 : **At si** through **prosequantur**.

1. What kind of Condition in the first sentence ? 2. Give the Dat. Plural of **vir** and of **vis**. 3. What is the exact force of **vim et manus** ? 4. Explain the use of **cum** in **cum quiescunt probant**. 5. To what word is **vix** equivalent ? 6. Justify the use of the Present **contineo**.

III. Account for the following cases (figures in parentheses referring to lines of the text): **consili** (10), **diem** (37), **caedis** (69), **morae** (110), **metu** (123), **vitae** (157), **ea** (186), **animo** (200), **tanti** (276), **cui** (293), **vita** (327), **severitatis** (346).

IV. Tell what you can about the following words and phrases : 1. **credo**. 2. **murus**, **moenia**, and **paries**. 3. **consularis**, **consul**, and **consul designatus**. 4. **boni** and **improbi**. 5. **abhorrere a** with the Ablative. 6. **tandem**. 7. **quaestio** (l. 220). 8. **nescio quo pacto**. 9. **ubinam gentium**. 10. **quam plurimos**. 11. **servare** and **servire**. 12. **mavis**. 13. **patientia famis**. 14. **proximis comitiis consularibus**. 15. **furorem ac tela**.

V. Discuss the Characteristic Subjunctive. (See Note on l. 59.)
2. Give the scheme for the expression of Wishes. (See Note on l. 272.)

VI. 1. Contrast **hic**, **iste**, and **ille**. 2. What is Cicero's usage with reference to the endings **-re** and **-ris** in the Second Person Singular Passive ? 3. How is **si minus** used in Conditions ? **sin** ? 4. Discuss the use of **an** in Questions. 5. After what words is the Indefinite pronoun **quis**, **quid** used ? 6. What is a frequent translation of **quamquam** in these Orations ? 7. Name three verbs besides **duco** that form the Imperative without the final **e**. 8. Distinguish between the use of **nostrum** and **nostri**, as Gen. Plural of **ego**. 9. Give five ways of expressing Design. 10. How are Reciprocal Relations expressed ?

VII. Tell the Principal Parts of : 1. **vivo**, **vinco**, and **vincio**. 2. **pario**, **paro**, and **pareo**. 3. **tollo**. 4. **audeo**, and three other "semi-deponents."

VIII. Explain the term Praeteritio. 2. Hendiadys. 3. Asyndeton. 4. Give an example of Cicero's plays on words. 5. In the following sentence, account for the position (i) of **te** alone, then (ii) of the first four words : **Ad hanc te amentiam natura peperit, voluntas exercuit, fortuna servavit**.

SECOND ORATION AGAINST CATILINE

(In *L. Catilinam Oratio Secunda*)

PREFATORY NOTE

ON the evening of November 8 (but see the last paragraph of the Prefatory Note to the *First Oration against Catiline*), after Cicero's denunciation in the Senate, Catiline left the city for the camp of Manlius in Etruria. The next day Cicero summoned the people to the Forum, and there told them in the *Second Oration against Catiline* of what had occurred on the preceding day. He reminded them that while he had gained an important point in driving Catiline out of town, yet Catiline's adherents still remained in Rome, ready under the leadership of P. Cornelius *Lentulus Sura*, as Catiline's representative, to carry out the plans of the conspiracy.

1. **tandem aliquando** : the second word merely strengthens the first. Translate : *now at last*. **Quirites** : a word of uncertain origin, but regularly used in addressing the people. Translate : *fellow-citizens*.

3. **vobis, urbi** : Dat. of Disadvantage after the intransitive **minitantiem**. **ferro flammaque** : *with fire and sword*, Abl. of Means.

4. **vel, vel, vel** : this conjunction, which is connected with the verb **volo**, gives a choice between alternatives, and may be translated : *if you choose, if you prefer*, or the like. It is a good general rule in translating Latin to preserve as far as possible the order of words ; thus, *Now at last Catiline, raging with boldness, etc., we have either driven out of the city, or allowed to escape, or, if you prefer, have escorted him with words as he went of his own accord (ipsum, lit. himself)*.

5. **abiit, excessit, evasit, erupit** : notice the Asyndeton (common in Climax). Get the exact meanings of these words, varying from merely *going away (abiit)* to precipitancy in *rushing out (erupit)* of the city.

6. **moenibus** : Indirect Object after the complex **perniciis comparabitur**. G. 345 ; A. & G. 225, e ; B. 187, 1 ; H. 384, 1. Translate : *against the city* (with special reference to the *walls* or fortifications).

7. **atque hunc quidem**, etc. : *yes, him at all events as the sole leader*, etc. Observe the meaning of **unum** here ; also, that **atque** is used to

add to what precedes something more important. The important thing here is that Catiline was the head and front of the conspiracy, and yet had been driven out. As will be seen in the course of this speech, Cicero's object now was to make Catiline's adherents follow him. *sine controversia* : *beyond dispute*.

9. *versabitur* : *will play about*. See Note on *Cat.* i. 13, 31 (l. 379).

10. *in campo* : supply *Martio*. The *Campus Martius*, as the place where the consular elections were held, was a frequent scene of Catiline's operations. *intra domesticos parietes* : how does *paries* differ from *moenia*? Is the gender of *paries* according to rule? G. 55, 2; A. & G. 66, *d*; B. 45, 2; H. 104. *loco* : *position*, a military term.

12. *cum est...depulsus* : explain this use of *cum* by reference to Note on *Cat.* i. 8, 21 (l. 260). *cum hoste* : Abl. of Attendance. *nullo* : why not *nemine*? G. 70, *D*; B. 57, 3; H. 457, 3. The Abl. Abs. may be translated : *without anybody's preventing it*.

14. *cum* : as in l. 12 above.

15. *latrocinium* : *brigandage*.

16. *quod*, etc. : the four clauses beginning with this word all depend on the last clause of the sentence (*quanto...putatis*), and give the ground for his grief.

17. *vivis nobis* : *leaving us alive*; lit. *we (being) alive*, Abl. Absolute. *ei* : Dat. of Disadvantage.

18. *civis* : Acc. Plural. *incolumis* (Acc. Pl.), *stantem* : Predicative Attribution. G. 325. The second *quod* (preceding *stantem*) is repeated for rhetorical effect, and may be omitted in translating.

19. *quanto maerore* : Abl. of Manner. *tandem* : force?

20. *iacet...prostratus est* : *helpless he now lies and prostrate*. Note the emphatic position of the verb *iacet*.

24. *evomuerit, proiecerit* : Subjv. of Partial Obliquity, giving the imputed reason for the city's rejoicing (*laetari*). G. 542 and 541; A. & G. 321; B. 286, *I*; H. 516, *II*.

25. *talis, qualis...oportebat, qui...accuset* : the clause beginning with *qualis* (Acc. Pl.) is parenthetical, and may be translated : *and such all ought to be*. The relative *qui*, on the other hand, introduces a Characteristic clause in the Subjv. after the demonstrative *talis*. The whole may be translated : *And if anyone is of such a character—and of such all ought to be—as to (qui) accuse me in the very point (in hoc ipso), etc., (namely) because I did not arrest (for not arresting), etc., this is not my fault, but (the fault) of the times*. While he thought it perfectly proper that everybody should take him to task for not arresting Catiline, yet such a course on his part would have been

premature, because so many persons had failed to realize the true state of things.

31. mos : usage. res publica : public interests. Notice here three subjects with a singular verb, because the three express a single complex notion. **huius imperi : of this office** (which I hold).

35. qui . . . crederent : Subjv. of Characteristic. **quae deferrem :** Subjv. by Attraction, depending on another Subjunctive.

36. illo sublato : by his removal ; lit. he having been removed, Abl. Absolute. **iudicarem :** Unreal (contrary to fact) Protasis ; how translated? See Note on *Cat.* I. 7, 17 (l. 201).

37. non modo invidiae . . . periculo : the Latin is inconsistent here. Translate: *at the risk not only of unpopularity, but even of death ; or, at the risk not only of my popularity, but even of my life.*

38. cum viderem : *seeing,* Causal.

39. re . . . probata : *since the matter had not even then* (i.e. at that late day) *been proved,* etc., Abl. Absolute.

40. multassem : Subjv. in O. O. after *viderem*, while the Plup. represents the Fut. Perfect, as is shown by the following Fut. Infinitive fore. This last word is translated: *that the result would be,* and is followed by Consecutive *ut.*

44. quem quidem : and (as for) him (lit. *whom*) *indeed.* **hostem :** *as an enemy,* to be translated after the words **quam** (*how*) . . . **putem.** The latter is an Indirect Question depending on **intellegatis.**

45. licet intellegatis : *you may know,* lit. *it is permitted you should know.*

46. moleste fero : a common phrase expressing various shades of feeling from regret to indignation or anger, and hence followed by a **quod**-clause giving the reason for the emotion. **exierit :** Subjv. of Partial Oblivity. Cicero here puts himself in the place of his hearers, and quotes his own reason as if it were that of another.

comitatus : deponent used in a passive sense. **utinam . . . eduxisset :** explain mood and tense. See Note on *Cat.* I. 9, 22 (l. 272).

48. mihi : Ethical Dative, confined to personal pronouns. It has been translated *bless my soul* (Lane), a good translation, but a little heavy. See G. 351; A. & G. 236; B. 188, 2, *b*; H. 389. Tongilius, Publicius, and Minucius were three of Catiline's worthies. **in praetexta :** *in his boyhood.* The garment is put for the age at which it was worn. The *praetexta* was worn until the seventeenth year.

49. aes alienum : lit. *the money of others* (**alienum = aliorum**), a descriptive phrase for *debt.*

51. quanto aere alieno : Abl. of Quality. The words describe *viros* preceding, and may be translated: *how deeply in debt.* Cicero lived

in an extravagant age when a man's importance in the world was measured somewhat by the amount he owed.

52. *itaque*: and so. *ego*: subject of *contemno* (l. 55). *prae*: in comparison with. Translate the Ablatives with *prae* immediately after *itaque* so as to bring in *illum exercitum* last with its modifiers *conlectum*, etc., below.

55. *ex senibus*: Ablative of Material. G. 396; A. & G. 244; H. 415, III.

56. *agresti luxuria*: he has in mind the old soldiers of Sulla, who had received grants of land in Italy, and had lived beyond their means. They are described in §20 below. Note here the use of the abstract for the concrete, *luxury* for *luxurious persons*.

57. *vadimonia*: i.e. for their appearance in court.

59. *ostendero*. Fut. Perfect, translated as Present after *si*. The praetor's edict was the public announcement at the beginning of his term of office of certain rules which he would observe in the administration of his judicial duties. Cicero says that it was unnecessary to show to Catiline's adherents the army of the government, for if he merely showed them what was in store for them in case they got into court, it would be enough to make the party collapse (*concidit*).

60. *quos, quos, quos*: rhetorical repetition. In translating omit all but the first.

62. *malem . . . eduxisset*: *I would rather that he had led out*. Account for this construction, comparing Note on l. 46 above (*utinam eduxisset*). *milites*: as his soldiers. *qui si*: for if they. The relative in Latin is more common than in English, and must often be resolved into the demonstrative with an appropriate connective (*and, but, for, etc.*).

63. *mementote*: the First Imperative is wanting in this verb. *non tam . . . quam*: not so much . . . as.

65. *atque*: and moreover. *hoc*: on this account.

66. *neque*: split in translating (*and . . . not*).

67. *cui sit*: Subjv. in Ind. Question, depending on *video*, and Perfect because prior to the time of *video*. Each *quis* after the first has *deposcerit* (Pf. Subjv.) for its predicate. Apulia was the district on the southeast coast of Italy; Etruria, on the west coast, just north of Latium; Ager Picenus, on the eastern coast, opposite to Etruria; Ager Gallicus, on the northeast coast.

69. *superioris noctis*: of a few nights ago, lit. of the former night. At whose house was the plot formed?

71. *hi*: emphatic position because contrasted with *Catilina*. He means that their leader was gone: why did not they go too?

72. **ne** : *surely*, adverb, not the common conjunction of negative Design. **perpetuum** : *endless*. **illam** : used instead of the Dem. of the First Person because he looks upon his former leniency as a thing of the past, and hence distant.

74. **expectavi** : *have been waiting for*.

75. **factam esse aperte coniurationem** : because Catiline's flight was a virtual confession that Cicero's charges were true.

76. **nisi vero** : ironical. This combination is peculiar to Cicero, and always takes the Indicative. G. 591, R. 4 ; A. & G. 315, *b*. The **si** following may be omitted in translating.

77. **non iam** : *no longer*. **locus** : *room*.

78. **unum** : *one point*.

79. **desiderio** : *through longing*, Abl. of Cause. **sui** : *for them*, Objective Genitive.

80. **Aurelia via** : the road leading through Etruria, Catiline's real destination, to Massilia, his pretended destination.

81. **ad vesperam consequentur** : *they will overtake him towards evening*.

83. **O fortunatam**, etc. : why Accusative ? G. 343. 1 ; A. & G. 240, *d* ; B. 183 ; H. 381. **si quidem eiecerit** : Fut. Perfect (how translated ?) in the Protasis of a Logical (simple) Condition with Causal force. G. (L. Ed.) 595, R. 5 ; A. & G. 155, *c* ; H. 507, 3, N. 2. Its Apodosis is implied in the words **O fortunatam**, etc.

84. **uno** : *alone*. **exhausto** : used in a figurative sense (*drawn off*) to suit the Metaphor in **sentinam** of the preceding sentence. **mehercule** : an oath, sometimes written also as two words (**me hercule**), meaning literally *me Hercules*, that is (supplying some word like *invet*), *may Hercules help me !*

85. **mali . . . sceleris** : Partitive Genitive after the interrog. **quid**.

86. **conceperit** : Subjv. of Characteristic. Notice that the position of **non** in this sentence emphasizes **ille**, HE.

87. **quis veneficus** : as **quis** is a substantive pronoun, we might have expected its adj. form **qui** with **veneficus**, **gladiator**, etc. The substantives are really Appositives, and the meaning is *who that is a poisoner* ; but avoid these heavy phrases, and say simply *what poisoner*, etc.

88. **subiector** : *forged*.

89. **nepos** : *spendthrift*.

91. **familiarissime** : *on the most intimate terms*. Observe the position of the negative, emphasizing the superlative, and compare **non ille** above (l. 86).

92. **per hosce annos** : *in all these years*. We might have expected

the Abl. of Time Within Which, but note the negative (*sine*) and see G. 336, R. 2.

94. *iam vero*: *once more*; a common phrase in Cicero introducing a new thought, especially in Climax. The new thought here relates to Catiline's influence over the young. *in ullo homine . . . fuit*: *did any (other) man ever possess*; why not Dat. of Possession? G. 349, R. 3.

96. *serviebat*: *was (in the habit of) ministering to*. *aliis . . . aliis*: *to some . . . to others*. *fructum*: the substantive corresponding to the verb *fruor*, hence *enjoyment (indulgence)*.

97. *impellendo*: *by encouraging (them)*; *adiuvando*: *by (actually) helping*. His promises were more than mere words.

100. *nemo* negatives the whole sentence, and its negative force is strengthened, not destroyed, by the following *ne . . . quidem*. G. 445; A. & G. 209, a, 1; B. 347, 2; H. 553, 2. *non modo* may be translated *I will not say*, and *ne . . . quidem*, *even* (affirmatively).

102. *oppressus*: *overwhelmed*. *quem non asciverit*: Subjv. of Characteristic after *nemo fuit*.

103. *atque*: *and further*, adding (as it usually does) something more important to what precedes. *eius diversa studia in dissimili ratione*: *his varied tastes in a different field (sphere)*.

105. *ludo gladiatorio*: gladiators were trained in schools to fight with deadly weapons for the entertainment of the Romans on public occasions. They were either selected from captives taken in war or were slaves, rarely free-born citizens. *paulo audacior*: *a little bolder*, i.e. than the ordinary. G. 297; A. & G. 93, a; B. 240, 1; H. 444, 1.

106. *in scena*: the stage was regarded as a degrading profession, and hence was open as a rule only to the lower classes. *levior, nequior*: see Note on *audacior* above (l. 104). Compare the adj. *nequior* in the three degrees.

108. *stuprorum . . . perferendis*: *by the practice of debauchery and crime accustomed to endure cold, hunger, etc.* G. (L. Ed.) 401, N. 2.

110. *fortis . . . cum (although) . . . consumeret*: in his public utterances before the people, Cicero was fond of moralizing when the opportunity presented itself. He here intimates that when a man abuses his powers as Catiline had done, it is cause for calling him a coward for his failure to make a proper use of his powers as *aids to industry and instruments of virtue (industriæ subsidia atque instrumenta virtutis)*: that the cause was not sufficient, however, to influence Catiline's adherents (*istis*), and hence he was proclaimed (*praedicabatur*)

a hero (**fortis**) by them. Hence the use of Concessive **cum** here. G. 587 ; A. & G. 326 ; B. 309 ; H. 515, III.

113. **hunc**: by its emphatic position the real, though not the grammatical, subject of the sentence, hence the use of the reflexive **sui**. G. 309, 2 ; A. & G. 196, *c* ; B. 244, 4 ; H. 449, 2. Note the Fut. Perfects in this sentence.

114. **O nos**, etc.: see Note on l. 83.

116. **non iam**: see Note on l. 77. **hominum**: *of the creatures*; often used for forms of the determinative **is**, particularly to express contempt, as here.

117. **libidines, audaciae**: abstracts become concrete in the Plural. Translate: *deeds of lust, bold acts*.

118. **nisi**: *but, except*, the usual meaning after a negative (**nihil**).

119. **fortunas**: *estates*. **obligaverunt**: *have mortgaged*. **res**: *property*. **fides**: *credit*. Having squandered their money and even mortgaged their estates, they now found their credit impaired by the failure of the political schemes through which they had hoped to satisfy their creditors.

121. **in abundantia**: denotes the Character of the Time (G. 394), *in the days of their abundance (prosperity)*. **quod si**: *now if*.

122. **essent illi quidem desperandi**: *they would, it is true, have to be despaired of*. **quidem** (*it is true*) in its Concessive sense of "I yield this point," preparing the way for a following reservation (*but*). How do you account for the use of the Subjv. here (usually Indic. in the Passive Periphrastic)? G. (L. Ed.) 597, R. 3 (*b*) ; B. 304, 3, N.; A. & G. 208, *c*, N. 1.

124. **quis...possit**: Subjv. in the Potential Rhetorical Question. **inertis**: Acc. Plural; so **dormientis** below. **homines**: *creatures*.

126. **mihi**: as in l. 48 (see Note).

127. **vino languidi, confecti cibo**: note the change in the order of these words—substantive adjective, adjective substantive—called Chiasmus. It is also common in English. Compare the familiar "to fresh woods and pastures new" (Milton).

128. **obliti**: from **oblino**.

130. **quibus**: why Dative? **confido**: *I feel sure*.

132. **quos si...rei publicae** (l. 134): *and if my consulship, since it cannot heal, shall-succeed-in-removing (sustulerit) them (quos), it will have prolonged the republic not (merely) for some brief period, but, etc.* For the translation of **quos si**, see Note on l. 63 above (end). The use of the Fut. Perfects in both clauses denotes simultaneous accomplishment (G. 244, R. 4). For the phrase **nescio quod tempus**,

see Note on *Cat.* I. 13, 31 (l. 379). *rei publicae* is the Dat. of Advantage, but is best translated as if the Direct Object of *propagarit*.

135. *pertimescamus*: Subjv. of Characteristic after the negative expression *nulla est*, etc. So *possit* in the next sentence.

137. *unius*: this refers to Pompey, who had four years before this cleared the Mediterranean of the pirates and was at this time in Asia Minor, settling matters with Mithridates, whom he had just conquered in the Third Mithridatic War.

139. *nobis*: why not a with the Ablative? G. 355; A. & G. 232; B. 189, 1; H. 388.

142. *sanari . . . resecanda*: Metaphor borrowed from surgery. *quacumque ratione*: *in any way I may*, lit. *by whatsoever method*.

143. *ad*: *for*, i.e. to threaten. The preposition expresses Design.

145. *in urbe, in eadem sententia*: such a blending of the literal and the figurative use of words in the same sentence would not be tolerated in English. *permanent*: Pres. for Future. G. 228; A. & G. 276, c; H. 467, 5. *ea quae merentur*: Indic. (instead of the Subjv. by Attraction) because the words are a mere circumlocution for a single word (*merita* or the like). See G. 629, r.; A. & G. 342, a; H. 529, II. X. 1.

147. *etiam*: = *et iam*, *even now*.

148. *quod ego si*: resolve the relative into a demonstrative with a suitable conjunction, *now if I . . . this*, i.e. this result.

149. *homo*: meaning? See Notes on ll. 116 and 124. That the sentence is ironical is shown by the use of *videlicet, forsooth*.

151. *simul atque*: *as soon as*.

152. *ut* (with *convocavi*): *as soon as*, Temporal, hence the Indicative. G. 561; A. & G. 324; B. 287, 1; H. 518.

155. *quo*: resolve as usual into a demonstrative (*eo*), etc. *quis senator*: see Note on l. 87.

156. *aspexit*: *looked upon, regarded*. *denique*: *finally*, the usual word in the last of a series.

157. *quin etiam*: *quin* (= *qui*, Abl. and *ne*) may introduce a neg. question (*why . . . not*), or (as here) it may lose its original interrogative force and introduce a startling statement. Translate: *why, even*.

158. *ordinis*: *body*; lit. *order*.

159. *nudam atque inanem*: denoting the result of the action of the verb *reliquerunt*. *hic*: lit. *here*, hence *at this stage* (of the occurrences in the Senate).

160. *vehemens*: *stern*. This word with the following relative clause is, of course, ironical.

161. *quaesivi... fuisset necne*: asked *Catiline* whether he had been, etc., or not: Ind. Disjunctive Question without any interrog. sign in the first part, and the second part consisting of the single word *necne*. G. 459; A. & G. 211; B. 162, 4; H. 529, 3, 2. Note that the verb *quaero* takes a with the Abl., although the prep. is omitted in translation. ad: at the house of (usually *apud*).

164. *egisset, constituisset, esset descripta*: Subjv. in Ind. Question, depending on *edocui*. With *proximam*, the word *noctem* is understood. The first night referred to was that of the meeting held at *Lacca's* house, and the next was that on which he tried to execute his plot against *Cicero's* life.

165. *ei*: Dat. of Agent. ratio: plan. descripta: mapped out.

166. *dubitaret*: hesitated. eo, quo = in eum locum in quem (locum).

167. *pararet*: to be translated by the Eng. progressive Pluperfect. Why? cum: construe with *scirem*. securis, fascis: symbols of the consular authority, which *Catiline* intended to usurp.

169. *fecerat*: Indic. because not part of the question after *quaesivi* above, but a mere explanation to his present audience.

171. *credo*: force?

172. *Manlius centurio*: i.e. a subordinate officer, in contrast with *Catilinam ducem* in l. 173. The contrast shows the absurdity of the supposition that *Manlius* rather than *Catiline* was the responsible person in the case. The effect is heightened by the position of *non* before *Catilinam*.

173. *populo Romano*: Dative after *in-* in composition (*indixit*).

175. *in exsilium Massiliam*: into exile at *Massilia*. Note the difference between the Latin and the English idiom. G. 337, R. 6; A. & G. 259, h; compare B. 182, 2, b. *Catiline* had pretended to go into exile at *Massilia* (*Marseilles*), but was really on his way to the camp of *Manlius* in *Etruria*.

177. *condicionem*: task. See Note on *O fortunatam*, etc., l. 83.

178. *si... pertimuerit* (takes fright), *deseruerit*, *abiecerit* (abandons). *converterit*: explain the tense used here.

182. *iter*: object of *converterit*. Note the position of this word, dividing the two phrases that describe two courses of action.

183. *spoliatus, obstupefactus* (paralyzed), *perterritus, depulsus*, as well as *eiectus*, all go with *esse* to form the Pf. Inf. Passive.

186. *vi et minis*: threats of force, Hendiadys. illum, si hoc fecerit... existimari; as the two clauses have the same subject, *illum* referring to that subject precedes both, thus making a repetition unnecessary—a frequent occurrence in the economy of the Latin language. fecerit is Subjv. by Attraction, representing a Fut. Perfect

after a Primary tense (*erunt*). The Subjv. has no Future tenses. If the context points to the Future (as is indicated in the present case by the leading verb *erunt*), the ordinary tenses of the Subjv. are used to express Future relations: the Pres. Subjv. representing a Fut. and the Pf. Subjv. representing a Fut. Perfect.

187. *improbum*: *agitor*; *miserum*: *poor wretch*.

189. *est mihi tanti*: see Note on *Cat.* I. 9, 22 (l. 276).

190. *dum modo ... depellatur*: see Note on *Cat.* I. 9, 22 (l. 277).

191. *dicatur sane eiectus*, etc.; *let him by all means*, etc.

193. *non est iturus*: *does not intend to go*, denoting a present intention. a ... *optabo*: *will pray to*, lit. *will desire from*.

194. *invidiae ... causa*: Design. ut ... *audiatis*: Complementary Final Sentence depending on *optabo*.

197. *illud*: *this*, referring to what follows. *invidiosum* (adj.): *a cause of unpopularity*, lit. *a hateful thing*. The subject of *sit* is the *quod*-clause following.

198. *emiserim*: *allowed him to escape*. *cum*: *since*, Causal.

200. *eidem, si interfectus esset, quid dicerent*: *what would the same persons say if he had been put to death?* *quamquam*; and yet (as often). *isti*: i.e. Catiline's friends in the city. *dictitant*: *keep saying*. *non tam ... quam*: meaning?

202. *nemo est ... qui ... malit*: because they were in the plot, and hence if Catiline had really gone to Massilia in voluntary exile, their own plans would be spoiled. While they pretended, therefore, to pity him, they in reality had no sentiment in the matter apart from their own selfish aims.

204. *me hercule*: see Note on l. 84.

205. *se interfici mallet*: explain the use of the reflexive. See Note on *Cat.* I. 2, 4 (l. 45). *latrocinantem*: (acting) *as a brigand*.

206. *nunc vero*: *but as it is*. *cum*: Causal.

207. *praeter*: *contrary to*.

208. *vivis nobis*: Abl. Absolute. *Roma*: why without preposition? G. 391; A. & G. 258, a; B. 229, I, a; H. 412, II. *optemus, queramur*: G. 263, I; A. & G. 266; B. 274; H. 484, II.

211. *quem, quia, quod*: note this typical collocation of relatives. Translate: *whom I do not fear, because, as (quod, lit. which circumstance) I have always wished, a wall is between us*.

213. *dissimulant*: *conceal their purpose*. *Romae*: G. 411; A. & G. 258, c, 2; B. 232, I; H. 425, II.

214. *quos quidem*: not *whom indeed*; resolve the relative as usual into demonstrative and conjunction. *si ... possit, studeo*: a Condition is determined by the form of its Protasis; hence this is the

Ideal (less vivid) Condition with an Indic. Apodosis. Note the Future sense of the Apodosis, however, where *ulcisci studeo*, *am eager to punish*, almost = *cum studio ulciscar* (Pres. Subjv.). See G. 596, 1; A. & G. 307, 2, *d*; B. 303, *b*; H. 509 and 511.

215. *sanare sibi ipsos*: *cure them for their own sakes*, lit. *heal themselves for them*.

216. *neque*: split in translating (*and...not*). *possit*: Subjv. in Ind. Question, its subject *id* referring to the wish just expressed. Translate: *and I do not see why that cannot be done, if they will listen to me*.

217. *generibus*: *classes*.

218: *singulis*: lit. *to one by one*; more freely, *to every one of them*.

219. *quam*: Indef. Pronoun after *si*. This clause, if expressed in full, would be *si quam medicinam afferre potero*. Note the Fut. *potero*, used for exactness.

221. *est*: *consists*. *magno in aere alieno*: (*though*) *deep in debt*, the Concessive force being derived from the context.

222. *quarum*: referring to *possiones*, and Objective Gen. with *amore*. They are unwilling, he says, to part with their estates (*possiones*) in order to free themselves from debt (*dissolvi*), although their assets exceed their liabilities.

224. *honestissima*: *thoroughly respectable*. *voluntas*: *their intentions*; *causa*: *their cause*, i.e. political principles.

225. *tu agris...adquirere ad fidem*: a Potential Rhetor. Quest., implying its own answer in the negative. To make the meaning clear, translate *et, and at the same time*: *Could you be endowed and supplied with land, with houses, etc., and at the same time hesitate, etc.?*

227. *de...detrahere*: *to take from, or to sacrifice a part of*. *fidem*: *credit*. Notice the instance of Chiasmus here (see Note above on l. 127), and also of Asyndeton.

228. *omnium*: *of everything*.

229. *an tabulas novas*: the first part of this Disjunctive (or Double) Question is contained in the word *bellum* above. By *new tablets* he means a wiping out of all debts, a frequent feature in the programmes of Roman revolutionists. In that age of extravagance and vice, debt was the normal condition of the ambitious. *meo beneficio*: *thanks to me*, lit. *by my kindness*.

231. *verum auctionariae*: *but (they shall be) those of the auctioneer*. He means that he intends to force these debtors to sell their property in order to pay their debts.

232. *salvi*: *solvent*.

233. *quod si, etc.*: *and if they had been willing to do this earlier*.

234. *certare cum usuris fructibus praediorum*; *struggle against usury with the returns (income) from their estates.* *cum* here is translated *against* to avoid the repetition of the word *with*. The thought is, that these landowners were making an unsuccessful effort to meet the interest on their debts with the revenue derived from their estates, whereas if they had only sold part of their property and paid what they owed, they would have been better off.

235. *his . . . uteremur*: *we should find them.* The two adjectives *locupletioribus*, *melioribus* are predicative, not attributive to *civibus*.

236. *minime*: *least of all.*

238. *magis . . . vota facturi*: *more likely to utter prayers.*

240. *alterum*: = *secundum*.

242. *rerum potiri*: *get the upper hand.* The Gen. (instead of the Abl.) is the rule in this phrase. *honores . . . arbitrantur*: that is, as long as the country was in a state of quiet (*quieta*), they despaired of obtaining the honors that their fellow-citizens had to bestow; their only hope, therefore, lay in revolution. The words *quieta re publica* are in the Abl. Abs. construction; so *perturbata* with *re publica* understood. Each may be translated with a *cum*-clause.

244. *hoc . . . videtur*: *this piece of advice must apparently (videtur, lit. seems) be given them (quibus).* *quod reliquis omnibus*: supply *praecipendum est*.

246. *me ipsum vigilare*, etc.: the Acc. and Inf. is due to the idea of Saying implied in the preceding sentence.

247. *animos*: *courage, spirit.* *esse in*: used instead of the Dat. of Possession because speaking of Qualities. G. 349, R. 3. *bonis*: meaning?

249. *immortalis*: Accusative Plural.

251. *praesentis*: *in person*, Acc. Plural, agreeing with *deos*.

252. *quod si iam sint . . . adepti*: *now if they were even to succeed-in-obtaining (lit. should have obtained)*, the Pf. Subjv. representing the Fut. Perfect in O. O. after *sperant*.

253. *illi*: subject of *sperant*. *quae*: Neut. Acc. Plural, agreeing with its antecedents *cinere* and *sanguine* in sense as inanimate objects rather than in gender (Masc.).

254. *mente conscelerata*, etc.: Ablative of Manner.

255. *non vident . . . sit necesse*: power got by force must yield to superior force is the meaning; even a runaway (*fugitivo*) slave or a professional fighter (*gladiator*) would have a chance to overthrow a régime set up by revolutionary methods. For the translation of *si adepti sint*, see Note on l. 252 above.

259. *ex . . . est*: *to . . . belongs.* *iste*: contemptuous.

260. *succedit* : not *succeeds*.

261. *quas Sulla constituit* (*planted*) : it is said that Sulla when dictator (82-80 B.C.) rewarded 120,000 of his soldiers with assignments of land, especially in Etruria. Faesulae, where Manlius was now in command of Catiline's forces, was a Sullan colony. *universas* : (*taken*) *altogether, or as a class. esse* : *consist*.

263. *in . . . pecuniis* : in translating supply some expression like *possession* or *acquisition* of. These old fighters had not been accustomed to the role they were playing as landlords, and hence had lived beyond their means.

264. *aedificant* (and *delectantur* further on) : why Present ? G. 570 ; A. & G. 276, *e* ; B. 293 I. ; H. 467, 4.

265. *beati* : *well off, prosperous. familiis* : *establishments, retinues* of attendants, slaves, etc.

266. *si . . . sit excitandus* : Logical (simple) Condition, but Subjv. because the whole is introduced by *ut*, Consecutive. *eis* denotes the Agent, and *ab inferis*, *from the dead*, is Abl. of Separation.

268. *agrestis* (Acc. Pl.) : *countrymen* (neighbors of the veterans). *tenuis, egentis* : Acc. Plural.

269. *rapinarum veterum* : *of the old-time plunder*, i.e. the kind that they had in the days of their commander Sulla. *vetus* usually (not always) means *of long standing*, while *antiquus* means *old in origin*. We might, therefore, have expected the latter word here.

270. *utrosque* : *both crowds*, i.e. the veterans and their country neighbors just described. *uterque* in the Plural is used regularly (as here) of sets only, not of single individuals, the latter being represented by the Singular. Thus, *uterque* = *both men* ; *utrique* = *both sides, parties, sets*.

271. *eos hoc* (*monéo*) : the former is the Outer Object and the latter the Inner Object. See G. 376, r. 1, and 333, r. 1 ; A. & G. 219, *e* ; B. 206, 2, *a* ; H. 374, 2. *desinant* : note the mood.

272. *illorum temporum* : i.e. the times of Sulla, with the proscriptions that made them a reign of terror. *tantus dolor* : *so painful a memory, lit. so great a pain*.

273. *non modo*, etc. : different from the use commented on in the Note on l. 100. In the former case the sentence began with a negative (*nemo*), which negated the whole sentence and was strengthened by *ne . . . quidem* in its second clause ; in the present instance, there is no such general negative affecting the whole sentence, hence a second *non* must be supplied after *non modo*. Translate : *so that now, I will not say (non modo) men, but even the cattle do not seem likely to endure (put up with) those times (again)*. See G. 482, r. 1 ; A. & G. 149, *e*

(6th line); B. 343, 2, *a*; H. 552, 2. *ista* is the Neut. Acc. Pl. referring to *temporum*. Observe that *passurae* agrees with the nearest rather than with the strongest gender (with *pecudes* rather than *homines*).

277. *premuntur*: *have been weighed down*; why Present?

278. *male gerendo negotio*: lit. *by badly managing their business*, hence, *through bad management*.

279. *vetere*: *long-standing* *vacillant*: *are tottering*.

280. *vadimoniis, iudiciis, proscriptione bonorum*: the three stages in the experience of a bankrupt—(1) giving *bail* for his appearance in court, (2) the *trial* in court, and (3) the *confiscation of his property* to satisfy the claims of his creditors.

282. *infinitiores lentos*: *tardy debtors*, contrasted with *milites acris*.

284. *conruant*: *let them fall*. *ita ut*, etc.: *in such a way that...not*, i.e. *without*. *non modo*: as above in l. 273, on which see Note.

285. *illud*: this pronoun refers to the Ind. Questions following.

291. *neque*: as this word is followed by *et*, it should be split in translating, but observe that the English idiom would subordinate the first clause here, using some such conjunction as *since*. *percant*: note the mood. *sane*: *by all means*.

294. *numero, genere* (*character*). G. 397; A. & G. 253; B. 226; H. 424.

295. *quod*: *one that*.

296. *de eius dilectu, immo vero de complexu eius ac sinu*: lit. *from his choice, or rather from his embrace and bosom*; more freely, *his chosen friends, or rather the friends of his very heart and bosom*.

297. *pezo capillo*: Abl. of Quality. *imberbis* (Acc. Pl.): *beardless*, implying youthfulness and effeminacy. *bene barbatus*: either (1) *full-bearded*, the Romans of this period as a rule wearing no beard, or (2) *with their dainty beards*, in possible allusion to some ultra-fashionable manner of trimming their beards.

298. *tunicis*: the *tunic* ordinarily worn by the Romans as their principal under-garment had short sleeves and reached to the knees or thereabout. The deviations from the rule noted here (*manicatis, talaribus*) were, therefore, marks of effeminacy. *togis*: the semi-circular outer garment of the Romans, called the *toga*, was usually of restricted size, but in the case mentioned in the text was so large as to resemble *drapery* (*velis*).

299. *antelucanis*: *all-night*.

301. *versantur*: *are found*.

303. *neque*: split in translation and repeat *solum*. *saltare et cantare*: regarded as accomplishments unworthy of a sober Roman.

304. *nisi exeunt*: in the use here of the Present for the Future the two languages coincide.

305. *scitote*: explain the form. G. 267, r.; A. & G. 269, e.

306. *sibi . . . volunt*: *mean*.

308. *illis carere*: *do without them*. *noctibus*: G. 393; A. & G. 256; B. 230; H. 429.

310. *nivis*: Accusative Plural.

313. *O bellum*, etc.: ironical, of course. *cum*: *since*, Causal.

314. *cohortem praetoriam*: see the Vocabulary under *cohors*.

316. *vestra, vestros*: *your own*, in contrast with Catiline's forces, etc.

317. *gladiatori*: Dat. after *ob-* in composition (*opponite*). *confecto et saucio*: of course, not to be taken literally, his wounds consisting only in having his plot exposed, and himself forced out of town by Cicero.

320. *urbes . . . tumulis silvestribus*: the towns, which were the strongholds of the colonies and loyal to the government, are contrasted with the *woody hillsides*, which were all that Catiline could control.

323. *omissis his rebus*: *leaving out these advantages*; Abl. Absolute. The advantages are enumerated in the words *senatu, equitibus*, etc., following as Ablatives in apposition to *rebus*.

324. *nos suppeditamur, eget ille*: *with which we are supplied (and) which he is without*. Both Chiasmus and Asyndeton are illustrated in these words.

326. *si*: *if, I say*; with *velimus* forming the Protasis of an Ideal (less vivid) Condition, the Apodosis *intellegere possumus* being almost equivalent to *intellegamus*. Compare Note on l. 214 above.

327. *causas*: *the causes*, i.e. the principles, or motives, of the two sides. *inter se*: see Note on *Cat. I. 13, 33* (l. 412).

328. *iaceant*: for the meaning of this word, see Note on l. 20 above.

329. *ex hac parte*: *on the one side*; *illinc*: *on the other*. The two Demonstratives have their usual force with reference to persons. Throughout this passage the student should pick his words carefully in order to bring out the exact force of the Latin words contrasted. *pudor, pudicitia*: the former is *modesty*, as a state of mind; the latter, *purity*, as a condition of the body.

335. *bona ratio cum perdita*: the words have their usual Ciceronian sense. Translate: *a patriotic policy with a revolutionary (one)*.

341. *mihi*; Dat. of the Agent with *consultum atque provisum est*.

344. praesidi: Part. Genitive after *satis*. G. 369 ; A. & G. 216, a, 4 ; B. 201, 2 ; H. 397, 4. **coloni, municipes:** the *colonists* were those who were originally sent out from Rome to various parts of Italy, and carried their citizenship with them ; the *inhabitants of the free towns* were those living in conquered towns in Italy who, in time, acquired the rights of citizenship. After the Social War there was practically little difference between the two classes.

345. nocturna excursione: this refers to his abrupt departure from the city with threats of destruction against his enemies in Rome.

347. gladiatores: see Note on l. 105 above. The conspirators had counted on the help of various schools of gladiators at Capua and elsewhere, but had seen their hopes dashed by the decree of the Senate which placed these schools under strict surveillance.

quam: the relative often (as here) agrees with a predicate substantive (here *manum*) rather than with its antecedent (here *gladiatores*). G. 614, R. 3, b ; A. & G. 199 ; B. 250, 3 ; H. 445, 4.

348. animo meliore: of a better disposition (*better disposed*), Abl. of Quality.

349. continebuntur: will be held in check.

352. de: (*the question*) of, a frequent translation of this preposition in the technical phrase *referre de aliqua re ad senatum*.

354. vocari: i.e. by the official criers (*praecones*).

357. contra: against, that is, as a menace to. **vestrum:** the regular form of the Genitive (instead of *vestri*) with *omnium*.

358. cui: Indefinite pronoun.

359. solutior: rather remiss. G. 297 ; A. & G. 93, a ; B. 240, 1 ; H. 444, 1. **hoc exspectavit:** has been waiting for this (result).

The following *ut*-clause is Consecutive, giving an explanation of the demonstrative *hoc*.

360. quod reliquum est: (*as for*) what remains.

363. portis, viae: why Dative ?

364. qui vero: but he who. **commoverit:** Fut. Perfect, but translated as Present ; so *deprehendero* further on. **cuius:** on whose part, lit. of whom.

369. esse voluerunt: intended should be.

371. atque: and further.

374. me . . . imperatore: with me alone in the garb of peace (*togato*, lit. dressed in the toga) as your leader and general ; Abl. Absolute.

378. patriae: Dat. of Ind. Object after the intransitive *impedens*. G. 346 ; A. & G. 227 ; B. 187, II. a ; H. 385, II.

379. deduxerit: Fut. Perfect. **illud:** anticipating (as often) a clause (*ut . . . possitis*, Consecutive), but with an intervening relative

clause (**quod videtur**). Translate : *I shall surely accomplish that (result) which seems scarcely to be hoped for, etc., (namely) that not only no patriot (lit. neither any good man) shall perish, but that you may all, etc.* Observe the use of the rare combination **neque . . . que**.

383. prudentia . . . fretus : G. 401, R. 6 ; A. & G. 254, b, 2 ; B. 218, 3 ; H. NOTE, top of p. 228.

385. quibus ducibus : Ablative Absolute. The antecedent is **deorum**.

389-393. In translating this last sentence do not separate any English word from its modifiers—a common fault with beginners. This sentence may, in fact, be taken as an illustration of questions that frequently rise in rendering Latin into acceptable English. Immediately after *ut* we might bring in (1) the Abl. Absolute **copiis superatis** with its adjuncts, translating it actively and as an Abl. of Means (*by*) ; then (2), the main verb **defendant** with its modifying *a* with the Ablative ; and lastly (3), the rel. clause **quam . . . voluerunt**. This order is open to the objection that a rel. clause usually makes a weak ending, as it does here, notwithstanding the sonorous Latin superlatives. It may be better, therefore, to translate in the order (2), (3), and (1). The antecedent **urbem**, which is incorporated in the rel. clause, must precede the relative in translation. The English would then run as follows ; *that from the infamous crime of desperate citizens they will defend this city, which they have willed should be, etc., by conquering all the forces, etc.*

THIRD ORATION AGAINST CATILINE

(*In L. Catilinam Oratio Tertia*)

PREFATORY NOTE

WITH his *First Oration against Catiline*, Cicero drove the conspirator out of Rome ; in the *Second* he announced the fact to the people assembled in the Forum, at the same time warning the Catilinarians who remained in the city to leave. Then the Senate by proclamation declared the two leaders, Catiline and Manlius, to be outlaws, put under the ban any of their followers who should not have laid down their arms by a certain day, and called out new levies of troops, with Antonius, Cicero's colleague in the consulship, at their head. Meanwhile Cicero kept a sharp lookout in the city for positive evidence against the conspirators. For this he had not long to wait.

In the *Third Oration against Catiline*, delivered December 3, he tells the people in the Forum the interesting story of his success in this regard.

1. In translating the first sentence preserve the order of words as far as possible. Translate first the objects of the sentence, beginning with **rem publicam** and ending with **urbem**; then the phrases which immediately follow, through **amore**; then the main verb **videtis** followed by the Ablatives **laboribus**, etc., through **meis**; then the participles, etc., observing that the phrases **e flamma**, etc., modify only the first participle **ereptam**.

2. **vestros**: this word qualifies all four preceding substantives, but agrees with the nearest in gender. G. 290; A. & G. 187, a, 1; B. 235, B. 1; H. 439, 1.

4. **deorum**: Subjective Gen. with **amore**, while **erga vos** is used instead of the Objective Gen. for the sake of clearness. G. 363, R. 1; A. & G. 217, c; B. 200, 1; H. 396, III. N. 1.

7. **non minus**: a statement is often made stronger in the form of a denial of its opposite, hence the rhetorical figure called Litotes. G. 700; A. & G. 209, c; B. 375, 1; H. 637, VIII.

9. **quod salutis . . . servamur**: *because the joy of safety (being saved) is certain, (while) our lot at birth (nascendi condicio) is uncertain, and because we are born, etc., (while) we are saved, etc.* Observe the Asyndeton, shown by the word *while* in parentheses.

11. **illum**: he refers to Romulus, the mythical founder of Rome.

13. **sustulimus**: *have exalted.* **esse . . . in honore**: *to be (held) in honor.*

14. **conditam amplificatamque**: *(when) built and enlarged*, that is, after it had become a great city.

15. **urbi, templis**: Dat. after the compounds **subiectos, circumdatos**.

16. **subiectos, circumdatos**: in translating treat these participles as relative clauses, and bring out the force of the prepositions **sub** and **circum**, their prefixes.

17. **idem**: Nom. Plural, agreeing with the subject understood, but to be translated, *we also*. G. 310; A. & G. 195, e; B. 248, 1; II. 451, 3. **rettudimus**: the verb **tundo** has a reduplicated Perfect, **tutudi**, but its compound with **re-** loses the vowel of the reduplication (**u**); hence the double **t**. Similarly **reppuli, repperi**, etc.

20. **per me**: *through me*, the Personal Instrument, because he was acting as the representative of the Senate.

21. **quanta et qua ratione . . . sint**: *what important matters have been*

traced out and grasped, and by what method. This is an Indirect Question, depending on the Final clause *ut* (l. 20) . . . *scire possitis*.

23. principio: with this word Cicero begins the story of his success in catching the conspirators red-handed in their treasonable plot.

ut: ever since. *paucis ante diebus: a few days ago.* On what day did Catiline leave the city, and what is the date of the present speech?

24. cum . . . reliquisset: *having left*, a frequent translation of *cum* Historical.

27. possemus: Subjv. in Ind. Question with the notion of Design present. Notice that the tense is Impf. even after the Pure Perfects *vigilavi* and *providi*, according to common usage. G. 511, R. 3; A. & G. 287, a; B. 268, 1; H. 495, 1. *tum, cum . . . eiciebam:* *cum* denoting mere time takes the Indicative here. The use of *tum* emphasizes the Temporal idea. The Impf. denotes continued effort (*was trying to drive out*), the notion of effort being made still more distinct by the use of the word *volebam* further on, repeating the thought.

28. non iam: *no longer.* *huius verbi: attaching to* (lit. of) *this word.* *cum:* *since*, Causal.

29. illa: supply *invidia*. *quod . . . exierit:* Subjv. on account of the idea of Obliquity involved in the preceding words. The Causal conjunctions *quod*, *quia*, and *quoniam* regularly take the Indic., except in Ind. Discourse, Partial or Total.

30. exterminari: do not translate "exterminate," but follow the derivation.

31. restitissent: Subjv. because in a dependent clause in O. O. The tense represents the Fut. Perfect. Cicero's thought in the direct form was *ei qui restiterint, infirmi erunt*.

32. putabam: *was thinking*, i. e. all the time, the Impf. denoting action coincident with that of *eiciebam* and *volebam*. *atque:* as the words following this conjunction show a change from his previous policy of inactivity, we should say *but* in English. *ut vidi:* *as soon as I saw* (*came to see*). Note the tense in contrast with the preceding Imperfects.

34. in eo: i. e. *in the effort*; leading up to the Final clause *ut . . . viderem*.

35. molirentur: *were driving at*.

36. quoniam . . . minorem fidem faceret oratio mea: *since my words were commanding less credence*, i. e. than they ought. Why Subjv. here? See Note above on l. 29 (*quod exierit*).

38. rem comprehenderem: *might grasp the situation.* *tum deum;* *then at last*, implying the notion "not until,"

39. **cum** : conjunction. The clause completes the thought suggested by **tum demum**. In this passage notice the contrasted words **auribus** (l. 36), **animis** (l. 38), and **oculis**. He says that he had not yet succeeded in making much impression on their *ears*, and hence he began to devise ways of getting *ocular* proof of the facts, that the people might at last wake up to the necessity of using their *minds* in providing suitable safeguards, etc.

40. **videretis** : *should see*, the Fut. sense being due to its dependence on a Design clause.

41. **Allobrogum** : a tribe of Transalpine Gauls whose chief city was Vienna. They had sent envoys (**legatos**) to Rome to petition the Senate for relief from the exactions of their Roman governors. In this expectation they had been disappointed, and the conspirators, headed by Lentulus, thought they saw a chance to make use of their discontent. The envoys, thinking it well to seek advice before entering into an alliance with the conspirators, reported the matter to their Roman patron, Q. Fabius Sanga. It was through this man that Cicero heard of the affair. He induced the visitors to feign devotion to the conspiracy, and in this way he succeeded in securing the compromising letters that led to its overthrow. **belli . . . tumultus . . .**

causa : force of **causa** with the Gerund? To outbreaks in Italy or its immediate neighbor Gaul, the word **tumultus** was applied; to disturbances elsewhere, **bellum**.

42. **P. Lentulo** : at this time praetor and hence senator. He had even been consul in 71 B.C., but having been expelled the following year for immoral conduct he was now forced to begin his career anew in order to rehabilitate himself.

43. **eodemque itinere** : Catiline was in Etruria, through which country the envoys had to pass on their return to their homes in Gaul.

45. **comitem** : in other words, Volturcius went along as the representative of the conspirators in the city.

46. **ad Catilinam** : *for (addressed to) Catiline*. **litteras** : the last word in the Acc. and Inf. clauses depending on **comperi** above (l. 41). The main clause begins with **facultatem, opportunity**.

47. **quod**, etc. : when a rel. clause refers to a sentence, it is more commonly introduced by the two words **id quod**.

53. **qui omnia . . . sentirent** : *being men who entertained all excellent and noble sentiments concerning the state*; Causal rel. clause. G. 633; A. & G. 320, e; B. 283, 3; H. 517. **omnia** here is the Acc. of the Inner Object. See Note on *Cat.* I. 12, 29 (l. 351).

55. **pontem Mulvium** : across the Tiber, two miles north of Rome, over which the envoys were to pass on their way to their destination.

57. fuerunt : *were (stationed).*

58. eodem : *to the same place.* ipsi : the Distinctive pronoun, distinguishing the envoys from the rest of the party.

59. ex praefectura Reatina : a *praefecture* was (1) either the office of the Magistrate sent out yearly from the home government at Rome to govern certain towns or (2) the town itself (as in this case). Reate was a Sabine town, devoted to Cicero, who was its legal representative, or *patronus*, at Rome.

60. opera : *service* ; why Ablative ? praesidio : Dat. of the Object For Which (Design).

62. tertia vigilia : the night (from sunset to sunrise) was divided into four watches (*vigiliae*) ; hence, in this case, the night was nearly three-quarters gone. magno comitatu : the preposition cum is omitted on account of the adjective. G. 399 ; A. & G. 248 ; B. 220, 1 ; H. 419, III.

65. res . . . ceteris : that is, only the praetors at first were in the secret.

66. interventu Pomptini, etc. : that is, the praetors explained matters to the Gauls.

68. integris signis : *with their seals unbroken.*

69. ipsi : as usual, this pronoun is used in a Distinctive sense, distinguishing the Allobroges and Volturcius from the letters that they bore. comprehensi : *having been arrested.*

70. improbissimum machinatorum . . . Gabinium : it was through Gabinus that the Gaulish envoys had held their conference with the conspirators, and secured the compromising letters with their signatures and seals.

74. credo . . . vigilarat : an ironical allusion to the stupidity and lazy habits of Lentulus. See l. 213 below and Note on *Lentuli somnum*. The sarcasm is the more pointed from the fact that the letter which Lentulus "spent the night in writing" was only two or three lines long. It is given in ll. 151-154.

76. cum (conj.) . . . viris . . . placeret : *although it was the advice of (lit. it pleased) some eminent and illustrious men of this state, etc.*

78. prius . . . quam ad senatum deferrem : *before reporting the matter to the Senate.* The Subjv. is used because in O. O. after *placebat* (equivalent to a verb of *willing*). Observe also that the idea of negative Design is present, i.e. his friends did not wish him to report the case unless the letters contained proof of treason.

79. si esset inventum : this form represents the Fut. Perfect after a Past (*placeret*). The direct words were *si erit inventum*. temere ; *without cause*, tumultus ; *disturbance*,

80. **negavi**: to be translated, *said...not* (rather than *denied*) according to rule. G. 447; A. & G. 209, *b*. **esse facturum ut**: a common circumlocution in Latin for the simple verb that follows **ut**. The awkwardness of a literal translation here is increased by the presence of a second negative (**non**) after **negavit**. Translate: *I said that concerning a danger affecting the state* (lit. *public danger*) *I could not but* (**non**) *lay the matter unprejudiced* (**integrum**, lit. *fresh*) *before the council of state* (i.e. the Senate).

82. **etenim si**: *for even if*, Concessive.

85. **frequentem**: *full*.

87. **qui efferret**: *to bring out*, the relative introducing a clause of Design. **si quid telorum**: *such weapons as*, the Genitive being Partitive after the neuter **quid**.

90. **fidem...dedi**: lit. *gave him the public faith*; more freely, *promised him immunity*, i.e. for any disclosures that he might make.

91. **sciret**: a part of Cicero's injunction to Volturcius, hence Subjv. by Attraction to the mood of **indicaret**, itself Subjv. in a Complementary Final Sentence.

92. **vix** = **difficulter**, and not to be translated *scarcely*.

94. **ut...utereter, ut...accederet**: *to avail himself of, (and) to advance*. These Complementary Final clauses depend on the idea of ordering involved in the substantives **mandata** and **litteras**.

95. **id autem**: *this moreover*. **eo consilio**: *with this design*, the phrase preparing the way for the final clause **ut...praesto esset**.

96. **ex omnibus partibus**: *on all sides*.

97. **erat**: why not Subjunctive? G. 628, R.; A. & G. 336, *b*; B. 314, 3; H. 524, 2.

98. **qui...exciperet**: *to intercept*; relative clause of Design.

100. **sibi (et litteras)**: note the reflexives carefully in this passage. The first three (**sibi, suam, and sibi**) refer to the Gauls as the subject of the sentence.

101. **ad**: *addressed to*. **data**: neuter because its subjects (**ius iurandum, litteras**) denote inanimate objects and differ in gender. G. 286, 1; A. & G. 187, *b*; B. 235, B, 2, β ; H. 439, 2.

102. **sibi...esse praescriptum**: the Dat. of the Active construction must be retained in the Passive, although we translate: *that they had been directed*.

104. **sibi (copias)**: this refers to Lentulus, and the other conspirators, the writers of the letters here quoted indirectly. But in **sibi (confirmasse)**, further on, the reference is again to the main subject, the Gauls. Before the Acc. and Inf. **pedestris...defuturas**, we are to un-

derstand some such expression as *saying*, implied in the preceding words (*esse praescriptum*).

105. ex: *according to*. **Sibyllinis fati:** the Sibylline books were kept in the temple of Jupiter at the Capitol, and were consulted in times of need.

tertium Cornelium: Lentulus was a member of the gens *Cornelia*, as were also **Cinna** (one of the democratic successors to Marius) and **Sulla**. Hence Lentulus assured the envoys that he was the third of the name for whom a great destiny was reserved.

108. eundemque: *and that he also*, introducing the same subject with a new predicate. G. 310; A. & G. 195, e; B. 248, 1; H. 451, 3.

109. qui esset, etc.: *being the tenth year since the acquittal, etc.* It is not known to what event Cicero refers here. The violation of her vows of chastity, however, by a Vestal virgin was regarded as a crime of the gravest significance, for which she was buried alive.

110. Capitoli incensionem: in 83 B.C. at the outbreak of the first civil war.

111. Cethēgo cum ceteris: the Dative of Possessor is often associated with the Abl. of Attendance.

112. Lentulo et aliis . . . placeret: *Lentulus and others advocated; lit. it pleased Lentulus and others.* **Saturnalibus:** Abl. of Time

When. This was the name of a festival held in honor of Saturn on Dec. 17. It was a time of general merry-making, when differences of rank were disregarded: the rich kept open house, and special indulgence was granted to slaves; hence a favorable time for the proposed outbreak. Note the Asyndeton between the last two clauses.

115. ne longum sit: i.e. *not to detain you.* **tabellas:** wooden folding tablets, not unlike folding slates, with raised margins round the edges, the inner surface being covered with wax, on which the letter-writer wrote with a metal point (*stilus*). The whole was then tied round with string (*linum*, two lines below) in a knot sealed with wax (*signum, seal*, also two lines below).

117. cognovit: *acknowledged it as his.* **linum:** see Note on *tabellas*, l. 115.

119. sese: i.e. the writer, Cethegus. **orare:** supply *se* for subject.

120. ut . . . facerent: *Complem. Final clause after orare.* **sibi . . . recepissent:** *had taken upon themselves.* **eorum:** the persons addressed, the Gauls (*Allobrogum senatui et populo*), while *sibi* refers to the subject of its own clause (*legati*).

121. qui (= cum is) . . . respondisset: *although he had answered;* Subjv. with Concessive relative. G. 634; A. & G. 320, e; B. 283, 3; H. 515, III. **tamen:** i.e. *notwithstanding* the evidence against him.

122. *quae erant deprehensa* : for the gender, see Note on l. 101 (*data*), and for the mood, resisting Attraction, see G. 629, R. ; A. & G. 342, a ; H. 529, II. N. 1, 2 ; compare B. 324, 1.

123. *bonorum ferramentorum studiosum* : *an amateur (student) of good steel implements.*

127. *in eandem fere sententiam* : *to about the same effect.*

130. *avi* : P. Cornelius Lentulus, consul 162 B.C.

131. *quae* : i.e. *imago.*

132. *eadem ratione* : *in the same manner.*

134. *si quid vellet* : O. O. after *fecit potestatem* (*I gave him permission*), implying speech. In the direct form it would be *si quid vis* (Pres. Indic.).

136. *exposito atque edito* : *set forth and recorded.* *quid sibi esset cum eis, quam ob rem, etc.* : *what business he had with them that (as a reason that) they, etc.* *esset* here is Subjv. of Ind. Question while *venissent* is Subjv. of Characteristic.

139. *per quem* (from *quis*) . . . *venissent* : Ind. Question. The go-between was P. Umbrenus, as stated by Cicero in lines 186, 187.

140. *nihilne* : *ne* is always attached to the emphatic word in questions. Here it emphasizes the negative *nihil*, thus calling in question the wholesale denial of Lentulus—*nothing at all?*

141. *esset* : *is* (not *was*), stating a general truth. The Latin tense is Impf. in obedience to the law of sequence.

142. *cum* : *although.*

144. *ingenium* : *talent* (natural) ; *exercitatio* : *readiness* (acquired).

145. *valuit, superabat* (*tried to surpass*) : note the difference of tense.

149. *perturbatus* : Concessive, as shown by the following *tamen.*

151. *quis sim* : Indirect Question depending on *scies.*

152. *locum* : *position*, i.e. to what lengths.

153. *aequid* : *whether anything*, introducing an Ind. Question. *cura ut . . . adiungas* : explain this circumlocution. G. 271 ; A. & G. 269, g.

154. *infimorum* : meaning slaves.

156. *ex eis* : the Abl. with *ex* is frequently used for the Part. Gen. What other prepositions may be so used?

157. *cum . . . tum* : *not only . . . but also.* G. 588 ; A. & G. 208, d ; H. 554, 1. 5. In this combination prominence is given to the second word or clause. *illa* often (as here) refers to what follows (*tabellae, signa, etc.*). *certissima* : *unmistakable.*

162. *inter se* : this phrase, expressing Reciprocal Relations, is variously translated to suit the meaning of the verb with which the expression is associated. It may mean *from, with, at, etc., one another,*

or simply, *one another*. Here, *at one another* is the meaning. G. 221; A. & G. 196, *f*; B. 245; H. 448, *n*.

164. **expositis atque editis**: see Note on this expression above (l. 136).

165. **de summa re publica**: *concerning the welfare of the state*. **quid placeret**: Ind. Question depending on **consului**. **principibus**: *leading men*.

169. **quid senatus censuerit**: account for mood and tense.

170. **virtute**: *by my resolution*.

171. **sit liberata**: Subjv. in O. O., the reason (**quod**) being quoted by Cicero from the language used by the Senate. The leading verb being a virtual Past (Hist. Present), we might have had **esset liberata**, the sequence following the sense rather than the tense. As an illustration of this point, notice **essem**, **fuissem**, **removisset** a little further on.

173. **usus essem**: *had found*. **forti fidelique** are Pred. adjectives. Be careful not to confound **opera** here (Abl. of **opera**, -ae) with **opera**, the Plural of **opus**.

174. **virum forti, conlega meo**: C. Antonius Hybrida, a man of weak character, who was even suspected of sympathizing, if not actually coöperating, with the conspirators, until he was bought over by Cicero's promise of Macedonia as his province in his proconsulship the next year.

175. **a suis et rei publicae consiliis removisset**: *had excluded them from his (personal) counsels and those of the state*, i.e. had broken off all communication, both private and public, with the conspirators.

176. **ita**: *to this end*, leading up to the Complementary Final clause **ut . . . traderetur**. **cum . . . abdicasset**: the law shielded the Magistrate as long as he was in office, and hence he had to resign before he could be brought to trial. The resignation of the praetorship was, therefore, necessary in the case of Lentulus before he could be put under arrest. **custodiam**: see Note on *Cat.* i. 8, 19 (l. 231).

179. **erant**: Indic. because Cicero's words, not a part of the decree of the Senate. So **deposcerat**, **erat**, **est**, **deduxit**, **erat**, **constabat** further on.

183. **ex**: Partitive, i.e. (*one*) of.

184. **Faesus**: see Note on *Cat.* ii. 9, 20 (l. 260). On account of the idea of motion involved, the Acc. is used here where the Eng. would prefer the preposition *at*. To "deduce" (i.e. *plant*) a colony was a familiar expression in early American history.

186. **versatus**: *engaged*.

188. **ea**: *such*, followed by the Consecutive clause **ut . . . arbitraretur**.

190. **hominum**: Subjective or Objective Genitive? G. 363; A. & G.

213 ; B. 199 and 200 ; H. 396. re publica conservata : Ablative Absolute. mentis : Accusative Plural.

192. supplicatio : a *thanksgiving*, covering a period that varied from one day to several. See Note on pulvinaria, l. 314 below.

193. eorum : the gods. meo nomine : in my honor. quod : not the feminine quae, agreeing with supplicatio, but the neuter quod, referring to the whole preceding sentence.

194. post : since. togato : dressed in the toga, i.e. as a civil Magistrate. See Note on Cat. II. 13, 28 (l. 374). contigit : frequently used (as here) of good fortune.

195. civis : Accusative Plural.

196. liberassem : why Subjunctive ? See Note above on l. 171.

quae . . . si : and if this. conferatur : Ideal (less vivid) Condition, and translated with the auxiliary *should*. The real Apodosis (*we should find*, or the like) is suppressed, being implied in the context ; if expressed, it would have been Pres. Subjunctive. The apparent Apodosis hoc interest (*there is this difference*) is Indic. because the difference exists whether one look for it or not.

197. ceterae : supply supplicationes constitutae sunt. gesta : like conservata, Abl. Abs. with re publica understood. una (Nom.) : alone. Note the Asyndeton.

198. illud quod faciendum, etc. : referring to the resignation mentioned in the next sentence.

199. factum atque transactum : legal phrase.

201. ius : the technical term for *right(s)*. His rights as a praetor consisted in exemption from prosecution as explained above (l. 176), and as a citizen in immunity from the summary punishment which (as Cicero says further on) was visited upon the praetor C. Glaucia in the days of Marius (100 B.C.). magistratu se abdicavit : that is, was allowed to resign.

202. et quae religio . . . liberaremur (l. 206) : that in punishing P. Lentulus (as) a private (citizen) we might be freed from that religious scruple (religione) which had not deterred C. Marius, etc., from (quo minus), etc. Observe in this sentence : (1) the meaning of religio ; (2) the Dat. Mario with non fuerat (lit. had not existed for Marius), the phrase with religio implying Prevention. G. 549 ; A. & G. 331, e, 2 ; B. 295, 3 ; H. 497, II. 2.

204. nominatim : hence, the contrast with the present decree, which had actually named the offenders.

205. religione : repeated for the sake of clearness.

210. concidisse : have collapsed.

211. cum pellebam . . . providebam : the use of the same tense in the

two clauses indicates coincidence of action. Translate : *in trying to drive out (pellebam, Impf. of Attempted Action), I had this in mind.* For this use of **cum**, see Note on the famous **cum quiescunt, probant, Cat. i. 8, 21 (l. 260).**

212. remoto Catilina : Ablative Absolute = **si Catilina remotus esset** (O. O.), representing in the direct form the Future Perfect **remotus erit.** **mihī :** Dat. of the Agent with **pertimescendam.**

213. Lentuli somnum : *sleepiness*; see Note on l. 74 above. Lentulus was slow and stupid; Cassius (L. Cassius Longinus, praetor in 66 B.C. and one of Cicero's competitors for the consulship in 64 B.C.) was fat and stolid; Cethægus, fiery and impetuous, the hotspur of the conspiracy.

215. unus : alone. **tam diu dum :** (*only*) *so long as.* With these words Cicero begins once more to paint the character of the conspirator, but in rather different colors from those employed before. In the *First Oration* (*Cat. i. 9, 26*), delivered before the Senate, in Catiline's presence, the conspirator is represented as a mere profligate with only something more than the usual share of physical vigor and ready for any crime against the laws of society; in the *Second Oration* (*Cat. ii. 4, 7 foll.*), delivered before the people, he is painted chiefly as the companion of the dissolute and discontented, an enemy to every honest citizen; in the present case, as the consul's victory is hovering within sight, the enemy is described in rather extravagant style, the passage down through the words **ferre poterat** representing a stronger character than Catiline seems really to have been.

216. norat : = **noverat**, the Plupf. of a defective verb with the force of an Imperfect. **aditus :** *the means of approaching.*

218. consilium : *subtlety.* **consilio :** why Dative? G. 349, R. 4; A. & G. 231, a; B. 190; H. 387.

219. manus, lingua : what does Cicero mean? **certas res :** *definite objects* (aims); **certos homines :** *trusty persons.* There is here a play upon words that cannot be reproduced in English.

220. delectos ac descriptos habebat : stronger than **deligebat ac describebat.** G. 238; A. & G. 292, c; B. 337, 6; H. 388, 1, N. Above (l. 209) the verb **teneo** is used with the Perfect Participle Passive in the same way.

221. cum mandarat (for **mandaverat**, Plup.), **putabat :** Iterative (or repeated) Action in Past time. When two actions are repeated, one being prior to the other, tenses of completion are used for the prior action, tenses of continuance for the subsequent, according to the following scheme (G. 567): PAST TIME—**Quotiens ceciderat, surgebat, as often as he fell, he rose**; PRESENT TIME—**Quotiens cecidit, surgit, as**

often as he falls, he rises; FUTURE TIME—*Quotiens ceciderit, surget, as often as he falls (shall have fallen), he will rise.* For the thought, Cicero means that Catiline did not count as done any task that he intrusted to another: when he wanted a thing done, he saw to it himself.

222. *non ipse*: note the position of the negative, emphasizing the pronoun—that HE personally, etc. The Subjunctives are Characteristic after the negative clause *nihil erat*.

223. *hunc hominem*: to preserve the emphasis due to its position, translate the obj. of this sentence first—(as for) *this man*, etc., *unless I had forced (him)*, etc., *I should not readily have warded off*, etc. What kind of Condition?

229. *non ille*: note again the position of the negative and see Note on l. 222. *Saturnalia*: see Note on l. 112. Cicero means that Catiline would have thought the date too far off, as explained in the next clause.

230. *rei publicae*: Dat. of Ind. Object.

231. *commisisset ut*: *would have made the blunder of allowing*, followed by a Consecutive clause. *commisisset* and the two preceding Subjvs. (*constituisset, denuntiavisset*) are Apodoses of an Unreal (contrary to fact) Condition with a Protasis implied in the preceding sentence. *testes: as witnesses*, Pred. Nominative after *deprenderentur*.

232. *quae*: resolve as usual—but these matters. *nunc: as it is*.

236. *quod si: now if*.

238. *ut levissime dicam: to say the least*; Final clause. *dimicandum . . . fuisset: we should have had to struggle*, etc. *nobis*: Dat. of the Agent.

240. *hostis*: Pred. Nom. after *esset*. *periculis*: Abl. of Separation. *pace, otio, silentio*: Abls. of Manner with Adjectives expressed (*tanta*, etc.), hence without Preposition.

242. *quamquam: and yet*.

244. *cum . . . tum* (l. 246): *not only . . . but especially*. Translate *id, that conclusion*.

245. *quod*: Causal conjunction. *humani consili . . . esse potuisse: could have been (an achievement) of human wisdom*. G. 366, R. 1; A. & G. 214, c; B. 198, 3; H. 402.

248. *nam ut illa omittam*, etc.; what figure is this? See Note on *Cat. I. I, 3* (l. 23).

249. *visas . . . terrae motus*: compare Shakspeare's *Julius Caesar* (I. 3) where in a similar manner "portentous things" are said to have preceded the murder of Caesar. To point his moral, Cicero makes the

most of the people's superstitions. **ab: in;** the Latin gives the Point of View From Which.

250. **ut (terrae):** rhetorical repetition. Omit all but the first **ut** in translating.

251. **tam multa:** Nom. but translated, *in so many instances*. **nobis consulibus:** *in our consulship;* Abl. Absolute.

252. **ut haec . . . viderentur:** Consecutive clause after **tam multa**.

254. **praetermittendum:** *to be overlooked;* **relinquendum:** *to be disregarded.*

255. **Cotta et Torquato consulibus:** in 65 B.C. Note the Romans' method of giving particular years in their history.

256. **de caelo:** i.e. *by lightning*. The usual phrase is **de caelo tangi** (lit. *to be touched from heaven*); so two lines below **tactus est** without the limiting Ablative.

258. **legum aera:** *law tablets*, lit. *bronze (tablets) of the laws;* indicating the material on which the laws were generally engraved. Stone was also so used.

259. **ille . . . Romulus:** *yonder Romulus*—said with a gesture.

260. **quem inauratum:** that is, *whose gilded statue*.

261. **fuisse:** *once stood*, the Perfect implying that it no longer stood there intact. Otherwise we might have expected **esse** with **meministis**. G. 281, 2, R.; A. & G. 336, A, N. 1; H. 537, I.

262. **cum haruspices convenissent:** Subjv. with **cum**, notwithstanding the preceding Temporal phrase **quo tempore**. Pure time is expressed by the Indic. with **cum**; but here the conjunction gives the occasion or circumstances, marking a closer connection between the two clauses than that of mere time, in fact characterizing the time. G. 585; A. & G. 323 and 325; B. 288, I; H. 521, II. 2. **Etruria:** the art of the soothsayers, i.e. of interpreting the divine will from the entrails of sacrificial victims, originated in Etruria.

265. **appropinquare . . . nisi . . . flexissent:** notice the Fut. meaning of **appropinquare**, *were approaching*, implying *would soon be at hand*; hence, **flexissent**, *should turn aside, avert*, the Pluperfect Subjv. (after **dixerunt**) representing Fut. Perfect **flexerint** in the direct words of the soothsayers. Do not confound this Condition with the Unreal; it is the Logical Condition in O. O. G. 657; A. & G. p. 375; B. 319, a; H. 527, I.

267. **et (ludi) . . . neque res ulla:** *both . . . and nothing*.

269. **idem:** how translated? G. 310; A. & G. 195, e; B. 248, I; H. 451, 3. **facere:** no subject expressed because none is needed, the soothsayers simply ordering *the making* of a larger statue, etc.

270. **contra atque:** adjectives and adverbs of Likeness and Unlike-

ness take **atque** or **ac** after them. G. 648; A. & G. 234, *a*, *x*. 2; B. 341, *i*, *c*; H. 459, 2. Translate: *to turn it toward the east (orientem), opposite to the way (contra atque) it had formerly faced.*

271. **si illud signum conspiceret** (*looked towards, faced*), **fore ut . . . inlustrarentur**: the Logical (simple) Condition of the Future in O. O., representing in the direct form **si . . . conspiciet** (Fut.), **inlustrabuntur** (Fut.). The periphrasis **fore ut** with the Subjv. is more common in the Pass. than the Fut. Infinitive. See G. 248; A. & G. 288, *f*; B. 270, 3, *a*; H. 537, 3.

quod videtis: the new statue on the Capitol, facing the east, overlooked the Forum, where Cicero's audience was now standing.

275. **atque**: *and further*, introducing the crowning fact in his contention that the gods were responsible for the case. **conlocandum locaverunt**: verbs meaning to Contract, Let, Undertake, etc., take the Acc. of the Ger. of the Object to be effected, or Factitive Predicate, as it is called. G. 430; A. & G. 294, *d*; B. 337, 7, *b*, 2; H. 544, 2, *x*. 2). Translate: *gave the contract for the erection, etc.* Notice the difference between the simple verb **locare**, *give a contract for something to be done*, and the compound **conlocare**, *set up, erect.*

277. **neque superioribus consulibus**, etc.: the words imply *neither last year nor this until to-day.* See Note on l. 255.

279. **hic**: lit. *here*. (adv.), that is, *in these circumstances.*

280. **praeceps**: *perverse*. **mente captus**: *blind of heart*. **haec omnia**, etc.: said with a sweep of the hand, and referring to the whole visible world.

282. **ita**: *to this effect*, anticipating the following Acc. and Infinitive.

284. **et ea**: *and that*; more usually Singular, here Plural for rhetorical reasons.

285. **ea**: *those (deeds)*, referring to **caedes**, etc., above.

287: **illud vero . . . ut . . . ut**, etc.: the first **ut** introduces an ordinary Consecutive clause after **ita praesens** (*so opportune*), while the second explains **illud** (*this fact*). Translate: *but is not this fact so opportune that it seems, etc., (namely) that when early this morning both the conspirators and the witnesses against them (eorum) were, etc., the statue was being set up at that very moment?* For the use of the second **ut**, see G. 557; A. & G. 332, *f*; H. 501, 2.

288. **Optimi Maximi**: *best (and) greatest*. Observe the Asyndeton in this formula.

294. **quo (etiam)**: Abl. of Measure of Difference with the comparative **maiore**, but to be translated, *wherefore*. **maiore odio**, etc.: *of greater hatred*, Abl. of Specification after **digni**.

295. *domiciliis, tectis*: Dative after *in-* in composition (*inferre*).

297. *ego, me*: emphatic repetition to sharpen the contrast with *ille*, *ille* in the next sentence.

300. *dis*: the important word of the sentence, hence put first.

302. *iam vero*: *and now*.

304. *tantae res creditae, etc.*: *matters of such importance would not have been intrusted, and the letters would not have been given over, etc., so rashly to strangers and barbarians, unless, etc.*

306. *huic tantae audaciae*: abstract put for the concrete, that is, *boldness for bold men*. The case is Dat. of the Ind. Object. Translate as if Abl. of Separation (*from*). *quid vero*: *but again, lit. but what (of this)?*

307. *ut homines Galli... neglegerent... anteponerent*: Consecutive clauses after a verb of Effecting (*esse factum*) in l. 312 below, but do not change the order of the clauses. *id*, in l. 311, sums up all that precedes.

quae gens una: superlatives (*una*) are often incorporated in the rel. clause, as here, whereas the Eng. idiom places them before the relative (*the only nation that remains, etc.*). G. 616, 3; A. & G. 200, *d*; H. 453, 5.

309. *videatur*: Characteristic Subjv. after the superlative *una imperi*: *sovereignty*.

310. *ultra* (lit. *voluntarily*): *unsought*, qualifying *oblatam*.

311. *non divinitus*: the negative, as usual, preceding the important word.

312. *praesertim qui (= cum ei) ... potuerint* (Perfect Subjv.): *especially when they might have prevailed, etc.*; Concessive rel. clause.

314. *ad: at. pulvinaria*: lit. the *couches* upon which the images of the gods were laid before the temples, on occasions of prayer or thanksgiving, with banquets spread before them. Translate, *shrines*.

315. *celebratote*: the impressive Second Impv., proclaiming the thanksgiving. G. 268, 2; A. & G. 269, *d*; B. 281, 1, *b*; H. 487, 1, 1.

320. *togati, togato*: see Note on l. 194 above. The disturbances with which Cicero compares the events of his own consulship happened in the period of the first civil war, waged between the democratic party under Marius and his successors, and the aristocratic party under Sulla (Introduction, §§21-23). The events referred to may be summed up as follows: (1) The trouble began in 88 B.C. when, after Sulla's departure from Rome as the duly appointed commander against Mithridates, the tribune P. Sulpicius proposed to depose him in favor of Marius. Sulla returned to Rome at the head of his army and overthrew his enemies, Sulpicius being killed and Marius barely saving himself by

flight. Sulla then returned to the field against Mithridates. (2) The next year, when L. Cornelius Cinna renewed the democratic schemes of Sulpicius, his colleague Cn. Octavius drove him out of the city at the cost of so much bloodshed (10,000 victims were said to have fallen) that the day was ever after known as the "day of Octavius." Hence Cicero's words: *omnis hic locus acervis*, etc. (3) Shortly after (*postea*) Cinna and Marius raised an army, and returning to the city, got the upper hand (*superavit*). For five days and nights they held a carnival of bloodshed, killing many of the most prominent aristocrats. Hence the words *lumina civitatis* in l. 325. (4) Although Marius had died in 86 B.C. and Cinna been killed in a mutiny two years later, Sulla's enemies were still active when he returned from the East in 83 B.C. He defeated them in the battle of the Colline Gate (82 B.C.) and by his "proscriptions" lessened the number of his fellow-citizens (*diminutione civium*, l. 327) by some four or five thousand executions. After reforming the constitution he resigned his dictatorship; he died in 78 B.C. (5) Shortly after his death M. Lepidus tried to overthrow his constitution, but in the outbreak that followed was defeated by his colleague Q. Catulus (77 B.C.), the son of Marius' colleague a quarter of a century earlier.

334. *ipsius . . . ceterorum*: contrasted words, hence put as far apart (sometimes as close) as possible. Cicero means that the country did not grieve so much for the death of the principal author of the trouble, Lepidus himself, as for that of all the others implicated in the disturbance. *rei publicae*: Dat. after *ad-* in composition (*attulit*).

337. *pertinerent*: Characteristic Subjv. after *eius modi*, of such a character. *non illi . . . voluerunt*: THEY *did not wish*, the pronoun emphasized by the position of *non*. They wished only to put themselves at the head of the government (*rem publicam*), not to destroy it, says Cicero.

340. *atque illae . . . diiudicatae sint*: these words are thought to be a transcriber's explanation of what precedes, afterwards creeping into the text by mistake.

343. *uno*: strengthens the superlatives. *post*: *since*.

345. *quale bellum, such a war as*. *quo in bello*: *a war in which*. Note the Latin tendency to incorporate the *antec.* in the *rel. clause*.

346. *lex*: *principle*.

347. *salva, salvi*: the words in a slightly different sense, the former referring to the *salvation* of the state, the latter to these persons' *solvency*.

348. *in hostium numero ducerentur*: *should be regarded as* (lit. *in the number of*) *enemies*. G. 340, R. 1 (end); II. 362, 2, N. 3.

350. tantum : (*only*) so many, lit. so much, with Part. Genitive.

351. restitisset : *should survive* ; Fut. Perfect in O. O. after putasent.

354. pro : *in return for*. rebus : *services*, lit. *circumstances*.

355. insigne : *mark*.

360. eius modi, quod possint : Characteristic Subjunctive.

361. memoria : Abl. of Means. So sermonibus and monumentis.

363. litterarum monumentis : *records of literature*.

364. eandemque diem . . . consulatus mei : *and I am sure that one and the same period (diem)—which I trust shall prove everlasting—has been extended both for the safety*, etc. He means that the continued existence of the government must always remind the world of his consulship.

367. alter, alter : the former refers to Pompey, the latter to himself.

371. est : *belong to, attach to*, with Poss. Genitive (rerum). quae illorum : *as (to the deeds) of those*.

373. isti : refers to the same persons as illorum above. hostis : Acc. Plural.

374. vestrum : that is, *your duty*. ceteris : Dat. after prosunt.

recte : adv. modifier of facta (*right deeds*). G. 437, R. ; A. & G. 207, c ; H. 548, N. 2.

375. mihi mea : emphatic by position and repetition ; translate after ne. providere : subject of est, and itself followed by a neg. Complementary Final Clause. mentes : this word with its modifiers is, like mihi mea, emphatic by position, but must be translated after ne.

378. mihi ipsi : explain this Dative. G. 217 ; A. & G. 230 ; B. 187, II. b ; H. 384, 5. Translate : *and yet, fellow-citizens, to me personally (ipsi) no harm can be done*, etc. nihil is Acc. of Extent in Degree, but for convenience is to be translated as part of the subject.

379. bonis : *true patriots* (the usual meaning in these Orations).

381. dignitas : *prestige*. tacita : (*though*) *silent*, Concessive.

382. neglegunt : *disregard*.

383. est etiam nobis, etc. : *I have even such a disposition (am so disposed) as not only to*, etc. audaciae : Dative, not Genitive.

385. ultro : *voluntarily*. He means he will be the aggressor. quod si : *but if*.

387. convertit : Present for Future.

388. qua condicione : i.e. on what footing the people wish them to stand. velitis : Subjv. in Ind. Question. obtulerint : *expose*, the Perfect Subjv. representing the Fut. Perfect after a Primary tense.

389. *mihi quidem ipsi*: (*as*) for me personally, Dat. after *ad-* in composition (*adquiri*).

390. *possit*: why Subjunctive? *in honore vestro*: *in the distinction(s) which you confer*, lit. *in your honor*.

392. *videam*: Subjv. after *cum* Causal. *libeat*: Characteristic Subjv. after the preceding neg. sentence with *quicquam*.

393. *illud*: explained by the following Consecutive *ut*-clause.

395. *conservanda re publica*: Abl. of Cause, *invidia* implying feeling or emotion. Observe here that the Perfect Pass. Part. might have been used (Abl. Abs.), but would have had a slightly different force, since it would have looked backward while the Gerundive looks forward. *laedat...valeat*: Asyndeton, some conjunction being (intentionally) omitted.

396. *in re publica*: *in public life*.

398. *virtute*: *merit*; Abl. of Means.

399. *venerati*: Perfect Part. (Nom. Pl.), but best translated as Present.

402. *aeque ac*: *just* (lit. *equally*) *as*; *ac* being used after the adverb of Likeness.

403. *id ne...faciendum sit*: *that it may not have to be done*, etc.

FOURTH ORATION AGAINST CATILINE

(*In L. Catilinam Oratio Quarta*)

PREFATORY NOTE

1. On December 5 (two days after delivering the preceding oration), Cicero convened the Senate to ask its advice on the question, What should be done with the prisoners? The meeting was held in the Temple of Concord, at the foot of the Capitoline Hill, about which many citizens were gathered ready with arms to carry out the wishes of the consul.

2. **The Debate.** To Silanus, as consul-elect, the question was put first (Introduction, §75). He advocated the death-penalty. Other Senators were then consulted in regular order until among the praetors-elect Caesar was asked for his views. While fully recognizing the guilt of the men, Caesar warned the Senate against taking any step which they might afterwards have reason to regret. He therefore proposed life imprisonment for the culprits, and confisca-

tion of their property. Shortly after Caesar's speech, Cicero as chairman rose, and in his *Fourth Oration against Catiline* summed up these two opinions, somewhat as a judge might sum up the arguments in a case at court. Caesar's proposal had made a deep impression upon the Senate, and seemed likely to prevail, when young Cato, a tribune-elect, sprang to his feet, and in severe terms denounced all half-way measures. The conspirators, he said, were criminals, caught in the act, and deserved summary punishment. An effort was made to adjourn the Senate before taking any action but failed, and Cato's motion for immediate execution was carried by a large majority.

3. The Execution. Without loss of time Cicero adjourned the Senate, and proceeded to carry out the sentence. He ordered that the prisoners should be brought from their places of confinement, and led to the door of the ancient dungeon known as the *Tullianum*, a large oblong underground chamber with a smaller dungeon, circular in shape, beneath. As each prisoner was brought to this place, he was thrust down into the lower chamber, and there strangled by the executioners (*tresviri capitales*). When the fifth and last man was thus executed, the consul departed, and on his way through the Forum said to the wondering citizens whom he met, *Vixerunt* ('They have lived,' i.e. they live no longer).

4. Legality of the Executions. For nineteen centuries men have debated the question whether the executions were legal or not without having reached a definite conclusion. A schoolbook may, therefore, well leave the matter undiscussed. Nevertheless there are certain well-ascertained facts relating to the case which should be noted here. It is known, for example, that it was an old principle in the Roman law that no citizen might be put to death without the assent of the people; and that this principle had been reaffirmed in a law of the tribune Gaius *Sempronius* Gracchus in 123 B.C. (hence called a *lex Sempronia*, as usual, after the gentile name of the proposer).

(1) Now Cicero made the point that the conspirators were not citizens, but enemies, and as such were not entitled to the protection of a law made for citizens. If it was true that they had forfeited their citizenship, then Cicero's contention was correct; but this "if" involves one of the very points at issue. In the case of Catiline and Manlius, there could be no doubt: they were self-confessed enemies, being already in Etruria with an army ready to strike; but how with Lentulus, Cethegus, and the rest of the conspirators in the city? The letters which they had written and which Cicero had intercepted, pointed clearly to the existence of a plot of a dangerous kind, but the writers had not actually done anything, had not been caught in any

overt act, and hence they were entitled to the benefit at least of a trial in court. It should be remembered also that the Senate was not a judicial body, and hence could not pass upon the questions involved.

(2) On the other hand, it is also known that in times of grave peril the Senate passed, as it did in this instance, its *ultimum decretum*, or extreme decree, authorizing the consuls to "see to it that the commonwealth suffered no harm." The exact extent of the powers conferred on the consuls by such a decree is not clear now, and was not clear even in that day. Some said that it gave the consul plenary powers even to carry out the death-penalty, if need be, without trial. The democrats questioned this interpretation.

In a strict interpretation of the laws, therefore, the legality of the executions is still an open question; and yet few persons would deny that Cicero in putting to death Lentulus, Cethegus, and their accomplices acted in the only way in which he could crush the uprising. His course was generally approved by the people, who showed their approval by hailing him as savior of his country.

5. **Defeat and Death of Catiline.** The vigorous course pursued by the consul frightened the followers of Catiline, and caused the rebel army in Etruria to waste away. Nevertheless Catiline, who never lacked courage, rallied his 3,000 desperate men about him near Pistoria (twenty miles from Faesulae), and there, while trying to retreat to Gaul, was crushed between two Roman armies, one commanded by the praetor Q. Metellus Celer, the other by a lieutenant under Cicero's colleague Antonius.

4. *iucunda*: *pleasing*; *grata*: *welcome*.

5. *voluntas*: i.e. *good-will*.

7. *mihi* (emphatic position) *si haec*, etc. : *for my part, if these were the terms on which the consulship was given to me*; lit. *if this condition of the consulship*, etc.

10. *dum modo . . . pariatur*: explain the use of *dum modo*. See Note on *Cat.* I. 9, 22 (l. 277). The verb is Singular because *dignitas salusque* expresses a single complex notion.

12. *non*: the negative is repeated for rhetorical effect, and placed before the emphatic word in each instance. This repetition is called Anaphora. *forum*: the Forum was surrounded by various public buildings, among them the courts of justice; hence the word *aequitas*.

13. *campus*: the consular elections were held in the *Campus Martius*, and, like every important step in the life of the Romans, were preceded by the ceremony of taking the auspices; hence the *Campus*

is here spoken of as *consecrated with the consular auspices* (*consularibus auspiciis consecratus*). *curia*: called *summum auxilium*, etc., because the Senate shaped the foreign policy of the country.

16. *sella curulis*: see Introduction, §55.

17. *fuit*: Singular predicate with several subjects because each is considered apart from the others. *multa tacui*: *have suppressed much*. See Note on *Cat.* I. 12, 29 (l. 351).

18. *meo quodam dolore*: Abl. of Manner, but best translated, *at the cost of some pain to myself*. *in*: *in the midst of*.

20. *ut*: with *eriperem* (l. 24), forming a Consecutive clause, explaining the words *hunc exitum* (l. 19). G. 557; A. & G. 332, *f*; H. 501, I. 2.

25. *subeatur*: Subjv. for Imperative (Opt. Subjv.) with the preceding rel. clause as its subject, the whole being the Apodosis of the Logical (simple) Condition whose Protasis is *si . . . voluerunt* (ll. 19, 20).

26. *fatale*: *destined*.

27. *cur non laeter*: Potential Rhetorical Question, implying its own answer. *consulatum . . . exstitisse*: what other construction may follow verbs of Emotion? Principal Parts of *exstitisse* (not from *exsto*)?

30. *consulite vobis*: distinguish between Dat. and Acc. when used with this verb.

34. *debeo*: *I must (cannot help)*. *pro eo ac*: *in proportion as*. G. 643; A. & G. 234, *a*, N. 2; B. 341, I, *c*; H. 554, I. 2, N.

35. *relaturos esse gratiam* (with *mihi* above): *will reward me*. *si quid obtigerit*: Fut. Perfect (translated as Pres.) in the Protasis of a Logical (simple) Condition.

36. *aequo animo*, etc.: Ablative of Manner.

37. *immatura consulari*: *a premature (death) to a consular*, i.e. one who has once enjoyed the consulship can have no higher ambition.

38. *sapienti*: *to a philosopher*, i.e. the philosopher is indifferent to everything external, even to death. This was a tenet of the Stoics, who taught the sternest morality. *ille ferreus qui . . . movear*: *so iron-hearted as not to be influenced*: Characteristic Subjv. following the Demonstrative pronoun *ille*.

39. *fratris*: his brother Quintus Cicero, at this time praetor-elect. A few years later he served with Caesar in his Gallic war.

41. *neque meam mentem non*, etc.: note in this sentence the two negatives, making a strong affirmative, and the several subjects with their modifiers, filling three or four lines. It is best to translate *non* *fail to*, and treat the whole sentence as if passive, taking *mentem* as

subject and the real subjects as agents (*by*): *nor do my thoughts (mentem) fail to be recalled*, etc. The position of **non** makes **domum** the emphatic word.

42. **uxor**: Terentia, by whom he had two children—Tullia (**filia**), probably fourteen years old, and Marcus, only two (**parvulus filius**).

44. **ille**: *by him* (keeping up the passive translation).

46. **gener**: C. Calpurnius Piso Frugi, the first husband of Tullia. As he was not a member of the Senate at this time, he was probably standing near the door of the temple with the crowd that attended this session of the Senate. **moveor**: the position of the word emphasizes Cicero's contradiction of the negative statement—*I am indeed influenced*. **in eam partem uti**: *to the end that*, with a Complementary Consecutive clause.

47. **vobiscum**: the Senate; **omnes**: his family. **oppresserit** (Fut. Perfect): *crush*.

48. **una**: *general*, lit. *one*. **peste**: *ruin*.

49. **pereamus**: Subjv. on account of the idea of (negative) Design involved. G. 644, R. 3, a.

52. **non Ti. Gracchus**, etc.: (*it is*) *not Tiberius Gracchus for wishing as he did* (lit. *because he wished*), etc., *not Gaius Gracchus for attempting*, etc., etc., (*that*) *is brought*, etc. For the story of the Gracchi and of Saturninus, read Introduction, §§16, 17, 18, and 19.

53. **agrarios**: *the agrarian party*, i.e. the adherents of the younger Gracchus in his measures providing for the allotment of public lands to the poorer classes of citizens.

54. **Memmius**: a candidate for the consulship in 100 B.C. murdered at the instance of Saturninus.

55. **in discrimen aliquod**: *to some test or other*. The Indefinite pronoun makes the phrase vague, as was probably intended in depreciation of the former danger in contrast with the present.

56. **iudicium**: *the bar*, lit. *judgment*. **tenentur ei qui**, etc.: *in our power are those who*, etc. **ad**: *for*, expressing Design.

57. **omnium**: while with this word Cicero regularly uses the Genitive forms **nostrum** and **vestrum** (rather than **nostri** and **vestri**), yet sometimes instead of the personal pronouns in the Gen. case he uses the possessive forms **noster** and **vester**. We have, for example, **de nostro omnium interitu** (*Cat.* I. 4, 9), but **vitamque omnium vestrum** (*Cat.* III. 1, 1), and again in the present passage the possessive rather than the Genitive.

61. **ut interfectis omnibus** (Abl. Abs.) **nemo . . . relinquatur**: coördinate in translating (although strictly the Abl. Abs. is subordinate, of course)—*that all (of us) may be put to death and not a man be left*,

etc. **ne . . . quidem** here simply strengthens the general neg. **nemo** and should be translated affirmatively—even. Note the exceptional use here of **ut nemo** instead of **ne quis** in a Final clause.

64. **rei**: *the accused men.*

65. **multis iudiciis**: i.e. by its decrees as explained in the following words.

66. **gratias egistis**: *thanked.*

68. **Lentulum . . . coegistis**: see Note on *Cat.* III. 6, 14 (l. 177).

71. **meo nomine**: *in my honor.*

72. **honos**: the antec. incorporated in the rel. clause. Translate: *an honor which.* **togato**: explain the meaning. **nemini**: Dat. of Agent.

77. **referre ad vos . . . integrum . . . et de facto quid**, etc.: *to lay before you, as if still an open question, both what your decision is concerning the fact*, etc. The Subjunctives **iudicetis** and **censeatis** indicate Indirect Questions depending on **referre**.

79. **quae sunt consulis**: *which a consul should*; lit. *are the consul's*, Possessive Genitive.

80. **versari**: *was rife.* **nova**: *revolutionary schemes*, lit. *new things.*

81. **misceri**: *were brewing.* **concitari mala**: **mala** is the Acc. subject of **concitari**, yet like the Acc. of the Inner Object gets its substantive idea from the verb. Translate: *a wicked turmoil caused.*

85. **delatum sit**: Subjunctive in Ind. Question, depending on **videtis**.

86. **huic**: refers to **facinus** of the preceding sentence. **adfinis**: Acc. Plural.

87. **opinione**: account for this Ablative. G. (L. Ed.) 398, n. 1; A. & G. 247, b; B. 217, 4; H. 417, n. 5. Translate: *than you suppose.*

89. **serpens**: participle.

90. **sustentando**: *by withholding your hands*; **prolatando**: *by procrastination.* Both are Ablatives of Means.

91. **ratione**: *method.* With **placet**, supply **vindicare** from the following clause.

92. **sententias**: the regular word for the views expressed by a senator on a public question or the vote by which he declared his views. Translate: *views*, or *proposals.* **D. Silani**: (*that*) of *D. Silanus*. G. 308, R. 3; A. & G. 195, b; B. 247, 3; H. 451, 1. See Prefatory Note, §2.

93. **haec**: meaning here? See the Vocabulary.

94. **Caesaris**: what was his rank at this time? See Prefatory Note, §2.

95. **removet**: *sets aside (rejects)*; **amplectitur**: *includes.*

96. *uterque*: regularly Singular when referring to individuals, being Plural only of sets or parties. *pro*: *suitably to*. Caesar as praetor-elect had the consulship before him as the only honor remaining to complete the *cursus honorum*.

97. *in . . . versatur*: lit. *is engaged in*, i.e. *advocates*. The word admits of various translations. *alter*: *one*, subject of *putat*.

98. *conati sunt*: Indicative because Cicero's words, not a part of the quotation. *qui*: notice the rhetorical repetition of this word in this and succeeding lines. See Note on l. 12.

100. *punctum*: Accusative of Extent in Time. *temporis*: Partitive Genitive.

103. *alter intellegit*, etc. Cicero contends that Silanus in recommending the death-penalty is really less severe than Caesar, who advocated life-imprisonment as the proper punishment of the conspirators. At the same time he interprets the course of each Senator in his own way. He says, for example, that Silanus recollects (*recordatur*) that there are precedents for his proposal, although it does not appear that Silanus had mentioned them, and he declares that Caesar is aware (*intellegit*) that death is often a blessing, etc., of which the prisoners were unworthy, deserving rather all the pains of perpetual imprisonment.

107. *et ea*: *and that*. *ad*: *for*, expressing Design. *singularem*: *special*.

109. *dispertiri*: with *eos* understood for its subject. He means that they should be scattered by giving them over in custody to the various provincial towns. *iubet*: not *orders*. *habere*: *to involve*. *iniquitatem*: *a hardship*.

110. *si velis*: lit. *if you should wish*, that is, *if one would*: Ideal Second Person. G. 595, R. 3. "It would be unfair to force the towns to be responsible for the prisoners' safe keeping, while a mere request to this effect would meet with questionable success," is his meaning.

112. *qui . . . putent*: Characteristic relative clause with Indefinite Antecedent.

113. *esse suae dignitatis*: Predicate Genitive. G. 366, R. 1; A. & G. 214, c; B. 198, 3; H. 402. *adiungit*: *adds*. Notice the emphatic position, implying, "But this is not all, for he also proposes," etc.

114. *ruperit*: probably Pf. Subjv., representing Fut. Perfect in Caesar's direct words, but note that the two forms are the same.

115. *horribilis* (Acc. Pl.): because demanding great severity.

116. *eorum*: this word limits *poenam* and is antecedent of *quos*.

117. *per senatum* : that is, through its decrees. *per populum* : that is, through measures passed in the Comitia.

120. *multos uno* (supply *dolore*): side by side for contrast.

122. *itaque* : *and so*. The sentiment here expressed, that the idea of future punishment was a mere bugaboo invented by ancient writers (*antiqui*) to frighten would-be offenders, does not accord with what Cicero has written elsewhere. It is to be remembered, however, that he is merely summing up the views of Silanus and Caesar, and it is very evident that he is doing his utmost to make it appear that death for the prisoners would be true mercy both to them and to their countrymen.

124. *voluerunt* : *maintained*.

125. *eis remotis* = *si ea* (i.e. *supplicia*) *remota essent*, representing the Fut. Perfect in O. O. after a Past (*intellegebant*).

127. *ego mea* : emphatic by repetition and juxtaposition. *mea* . . . *intersit* : *is to my personal interest*. G. 381, 2 ; A. & G. 222, a ; B. 211, 1, a ; H. 408, 1. 2.

129. *in re publica* : *in public life*. *popularis* : political term for democrat as opposed to the optimates, or aristocrats, who were identified with the Senate.

130. *hoc . . . cognitore* (Abl. Abs.) : *with him as the author and advocate*.

131. *populares* : *popular*, i.e. *of the people*. *sin* : supply *eritis secuti*. How is this conjunction regularly used ?

132. *nescio an* : *I do not know but*. G. 457, 2 ; A. & G. 210, f, R. ; B. 300, 5 ; H. 529, 3, N. 2. *negoti* : *trouble*, Part. Genitive with *amplius*.

133. *rationes* : *considerations*.

134. *vincat* : *let . . . prevail over (outweigh)*. *ipsius* : *his own*, as distinguished from that of the *maiorum*.

135. *postulabat* : Singular predicate with two subjects, the latter forming a single complex idea.

136. *obsidem* : *guarantee*, lit. *hostage*.

137. *intellectum est* : *it was seen*, that is, when Caesar spoke in the debate. *quid interesset* : *what a difference there is*. *contionatorum* : *agitators*, those who addressed the people in the *contio* for selfish purposes.

138. *saluti* : *welfare*.

139. *de istis* : = *eorum*, Partitive with *non neminem*, *some*, or perhaps here, *one*. Cicero seems to have had in mind particularly Metellus Nepos, the tribune-elect, and creature at this time of Pompey, who was offended because Cicero had dealt with the present trouble single-

handed, failing to call on Pompey to suppress the threatened outbreak. A few weeks later, as Cicero was about to make the usual farewell speech at the close of his consulship on the last day of December, 63 B.C., this same Metellus, as tribune, interposed with the declaration that he who had deprived Roman citizens of their right of appeal to the people (referring to the execution of the conspirators) had no right to address the people.

140. *de capite . . . sententiam ferat*: cast a vote concerning the civil rights, etc.

143. The order is : *iam hoc nemini dubium est quid qui (he who) decrevit custodiam reo*, etc., *iudicarit de tota re et causa*. *iudicarit* is the Subjv. in Ind. Question, and its subject is the preceding rel. clause.

145. *re*: the fact; *causa*: the case (in its legal aspects).

146. *legem Semproniam*: i.e. the law of C. Gracchus, whose gentile name was Sempronius.

149. *latorem*: that is, C. Gracchus. *iussu populi*: as this is not true, some have supposed that Cicero said rather *iniussu* (without the order), which certainly makes the sense clearer. If C. Gracchus, says Cicero (according to the changed reading), who proposed the law, was put to death without appeal, all the more may the present offenders be so treated.

150. *idem*: he also, i.e. Caesar. G. 310; A. & G. 195, e; B. 248, 1; II. 451, 3. *largitorem et prodigum*: Concessive, implying "with all his extravagance in courting the good-will of the people."

153. *popularem*: a friend of the people.

156. *se iactare*: to make a parade, i.e. in order to gain credit for political purposes.

158. *ut omnis animi cruciatus* (Acc. Pl.), etc.: that even poverty and beggary may follow (be added to) every, etc.

160. *hoc*: Caesar's proposal. Note the coincidence of attainment denoted by the Fut. Perfect in both the dependent and the principal clause (*statueritis, dederitis*).

161. *ad*: before.

164. *obtinebo*: I shall maintain (the view).

165. *tanti sceleris immanitate* = *tam immani scelere*: attribute (substantive) used for attributive (adjective).

166. *de*: by. G. 397, R.

167. *ita mihi . . . liceat, ut . . . moveor*: lit. so may it be permitted me, etc., as I am moved, etc.; more freely, as I hope to be permitted, etc., I am actuated, in being rather severe in this case, not by cruelty, etc. Observe the common form of Asseveration expressed by *ita* with the

Opt. Subjunctive (*liceat*) followed by *ut* with the Indicative (*moveor*). G. 262 ; A. & G. 267 ; B. 279 ; H. 483, 4.

170. *videor mihi* : *I fancy*.

173. *animo* : i.e. *with my mind's eye*, Ablative of Means.

175. *bacchantis* : *as he revels*, lit. *revelling*. *cum vero mihi proposui . . . perhorresco* : *but whenever I picture to myself* ; lit. *have placed before myself*, etc., Iterative Action in Present time. G. 567 ; A. & G. 322 ; compare B. 288, 3, and H. 518, N. 2.

177. *purpuratum* : suggesting the oriental form of despotism with courtiers robed in purple. Of course, in republican Rome the mere thought of a king was hateful. *huic* : i.e. *Lentulo*, Dat. of Advantage—for *him*, implying *at his side*.

185. *sumpsit* : the Latin says "take" where the English says *inflict* punishment. For the mood and tense, compare Note on l. 114 above (*ruperit*).

186. *utrum . . . an . . . videatur* : explain the construction. G. 460 and 458 ; A. & G. 211 and *d* ; B. 162, 4 ; H. 353, 1.

187. *mihi* : supply *videtur*. The word is emphatic by position—to *MY mind*.

188. *qui non . . . lenierit* : Causal rel. clause. *nocentis suum* : the two words side by side for contrast between the culprit and his victim.

189. *in* : *in the case of* (as often). *qui, qui, qui* : see Note on l. 12 above.

192. *id egerunt, ut*, etc. : *have aimed at this*, (namely) *to set up*, etc.

195. *sin* : account for the use of this word.

197. *nisi vero* : ironical (as usual)—*unless indeed*. **L. Caesar** : not the well-known Caesar, but a relative. He was consul the year before this. His sister, referred to in this passage, was Julia, who had been twice married—first to M. Antonius Creticus (father of Mark Antony), and after his death to the present conspirator, Lentulus ; hence the word *virum*, *husband*, in the text (l. 200).

201. *avum suum* : M. Fulvius Flaccus was the maternal grandfather of Lucius Caesar. As an adherent of Gaius Gracchus, he perished in the riot of 121 B.C. with his leader.

202. *filiumque eius* : son to Flaccus, and uncle to L. Caesar. The fact that Lucius Caesar, Cicero means, could in his speech have condemned his own relative Lentulus, comparing his case with that of his grandfather and uncle, was a strong argument in favor of the death-penalty. The younger Flaccus here referred to had been sent by the party of Gracchus to the consul Opimius in order, if possible,

to make terms with the senatorial party, but was thrown into prison by the consul and afterwards murdered.

203. **quorum quod** (interrog.) **simile factum**: *what deed of theirs (quorum, lit. of whom) was like (the present crime) ?*

205. **voluntas**: *the spirit, lit. intent.* **versata est**: *was rife.*
For the historical facts, see Introduction, §§16, 17.

206. **contentio**: *rivalry.* **avus Lentuli**: P. Cornelius Lentulus, consul in 162 B.C. and a leader of the senatorial party in the time of Gracchus.

207. **ille**: i.e. the grandfather; **hic** in the next sentence refers to the present Lentulus, the grandson.

211. **trucidandos**: *to be butchered.* G. 430; A. & G. 294, d; B. 337, 7, b, 2; H. 544, 2, N. 2.

213. **vereamini, censeo**: *you must surely be afraid, I think; ironical.*

219. **exaudio**: this word implies indistinctness of hearing on account of distance or surrounding noise. It seems to refer here to whispers exchanged between the Senators.

221. **ut**: meaning after verbs of Fearing? G. 550, 2; A. & G. 331, f; B. 296, 2; H. 498, III. N. 1.

222. **ad**: with **transigunda**, expressing Design.

224. **cum . . . tum**: *not only . . . but also.*

231. **sentirent**: Characteristic Subjunctive after the superlative **sola**. **unum atque idem**: see Note on l. 302 below.

232. **cum viderent**: *seeing.*

234. **in . . . numero habendos**: for the meaning of this phrase, see Note on *Cat.* III. 10, 25 (l. 348).

236. **ceteri (vero)**: subject of **consentiunt** (*are united*), but on account of its emphatic position best translated, *but as for the rest*, i.e. the other citizens.

237. **ad**: that is, *to promote.*

239. **equites**: the class from which Cicero himself was sprung, and for which he always has a word of praise. **commemorem**: *should I mention*, Potential Rhetorical Question.

240. **ita . . . ut**: *only to.* G. 552, r. 3; A. & G. 319, b.

242. **huius ordinis**: *with (lit. of) this order*, i.e. the Senate. **concordiam**: Cicero prided himself on bringing the two great orders of Rome into harmony at this time. The coalition, however, was the result only of a community of interests in a period of danger. So long as Catiline was plotting against the existing status, the Knights as the rich men of Rome with much at stake naturally acted with the Senate in upholding the government and thwarting his revolutionary schemes; after the conspiracy was crushed, the old jealousies revived,

and the "harmony of the orders" proved to be without any permanence of character. Three years after this speech, Pompey, to whom Cicero looked for coöperation in guiding the fortunes of his "new party," joined Caesar and Crassus in forming the First Triumvirate.

244. **quam si**: resolve the relative into demonstrative and conjunction—and *if this*.

245. **confirmatam**: *made sure, established*.

246. **confirmo**: *I assure*.

248. **defendundae**: *in defending, lit. of defending*.

249. **tribunos aerarios**: revenue officers of one kind or another, with a rank just beneath the equestrian order. **scribas**: government clerks. This speech was delivered on December 5, the day on which (**hic dies**) the newly elected quaestors regularly entered upon their official duties (Introduction, §53). On this first day of their official term they drew lots to determine their respective fields of duty, the ceremony taking place in the treasury building (**aerarium**). Cicero says that notwithstanding their personal interest in this ceremony, the clerks had left the treasury building to attend as patriotic spectators the great debate going on in the Senate.

254. **non**: as usual, preceding the words to be emphasized.

256. **cum . . . tum**: see Note on l. 224. **sit**: Subjv. of Characteristic after the interrogative **quis est**, two lines above.

257. **operae pretium**: *worth while*.

259. **virtute**: *personal merit*. **huius civitatis**: *of our franchise, lit. of this citizenship*. He means that by meritorious conduct they had gained (**consecuti**) the rights of citizenship.

260. **patriam**: Pred. substantive after an implied copula. Translate: *look upon this as their native land*. **loco**: rank, Abl. of Origin. G. 395; A. & G. 244, a; B. 215; H. 415, II.

263. **communis res publica**: *the general welfare*.

265. **qui modo . . . sit**: *be he only (provided he be)*. Account for the construction. G. 627, R. 1; A. & G. 320, d; B. 283, 5; H. 503, N. 1.

266. **tolerabili condicione**: Ablative of Quality.

267. **perhorrescat**: Subjv. of Characteristic after the negative expression **nemo est**. So **cupiat** and **conferat** following. **haec**: *these (institutions)*.

268. **quantum audet . . . potest**: these clauses have the force of neuter Accusatives with the Part. Genitive **voluntatis**—*as much of his good will as he dares and as he can*. For the Indic., see G. 629, R. (a); A. & G. 342, a; H. 529, II. N. 1.

270. **si quem . . . commovet**: for convenience translate as *if passive—if any one of you is perchance disturbed by that which, etc.* **hoc**

quod auditum est: this is explained by the following Acc. and Inf. (lenonem, etc.).

271. **circum**: *round to*, or (with **concursare**) *is running the rounds of*.

273. **quidem**: *indeed*, often (as here) followed by an adversative conjunction (**sed**).

274. **tam . . . miseri . . . qui non . . . velint**: the Subjv. is Characteristic after the Demonstrative adverb **tam**. Translate: *as not to wish*.

275. **illum**: *yonder*, emphasized by the negative **non** preceding it. Cicero probably pointed to some such shops within sight along the Forum. **sellae**: i.e. the workman's *bench*.

279. **immo vero**: *or rather*, the following words heightening the previous statement.

280. **genus**: *class*. **oti**: *peace*.

282. **quorum si quaestus**: resolve the rel. as usual—*and if their profits*, etc. The two Ablative Absolute phrases, **occlusis tabernis, incensis** (sc. **tabernis**), may be resolved into **cum-** or **si-**clauses. Hence, the last part of this sentence stands for a disguised Conditional (Unreal, or contrary to fact), of which **incensis** is the Protasis (= **si incensae essent**) and **futurum fuit** is the Apodosis. G. 597, R. 3; B. 304, 3, b; A. & G. 308, c; H. 511, 2.

288. **atque**: *and even*.

291. **consentiunt**: for meaning, see Note on l. 236. **impiae**: because planned by citizens, her own children. Piety with the Romans meant reverence or respect for one's parents and, by transfer, one's country as well as for God. In English we retain the original meaning of the word in the expression "filial piety."

294. **illum (yonder) ignem Vestae**, etc.: the sacred fire was kept day and night upon the altar in the temple of Vesta by virgins who had dedicated themselves under vows of chastity to the service of the goddess.

297. **anima**: translate as if Plural.

300. **quae facultas**: *an advantage which*.

301. **id quod**: the regular form for a rel. clause referring to a sentence (instead of a single word) as antecedent. Translate: *something that*.

302. **unum atque idem sentientem**: *breathing one and the same sentiment*. Explain the Accusatives. See Note on *Cat.* I. 12, 29 (l. 351).

303. **cogitate quantis . . . delerit**: a compact and weighty sentence, typical of the Latin language, and to be rendered in English only by making two sentences of one. The grammatical predicate **delerit** is Subjv. because in an Ind. Question, but the real predicate or main point of Cicero's question lies in the participles with their adjuncts. Trans-

late: *Think by how great labors the empire (was) founded, etc., (that) one night almost destroyed.* He refers to the night on which the Allobroges were stopped at the Mulvian bridge.

309. *praecurritis*: *oustrip.*

311. *functa*: supply *esse*. *consulari* (adj.): = *consulis* (Gen. of substantive).

312. *ante quam redeo*: G. 575; A. & G. 327, *a*; B. 291, *1*; H. 520, *I. I.*

313. *quanta*: rel., not interrog., which would have required the Subj. of Ind. Question. *quam*: also rel., but best resolved into a demonstrative with "and" (*and you see that it is very large*). The meaning is, that every man engaged in the conspiracy which Cicero had put down would prove his personal enemy in future.

317. *plus valuerit*: *shall have more weight.*

318. *me, factorum*: account for the cases. G. 377; A. & G. 221, *b*; B. 209; H. 409, *III.*

323. *bene gesta*: supply *re publica*, forming Abl. Abs. = *quod res publica gesta est*, giving the reason for the thanksgiving; so *conservata re publica* following.

324. *sit*: this and the following Subjunctives are Concessive. G. 264; A. & G. 266, *c*; B. 278; H. 484, *III.* *Scipio*: the elder Scipio, who defeated Hannibal at Zama in the Second Punic War (202 B.C.).

326. *alter Africanus*: the younger Scipio (adopted by the elder Scipio's son), who destroyed Carthage in 146 B.C. and Numantia (in Spain) in 133 B.C.

328. *Paulus*: father of the younger Scipio (the latter getting his name through adoption). He distinguished himself at Pydna (168 B.C.) in the Third Macedonian War.

330. *Marius qui bis*, etc.: by his victories over the Teutones and the Cimbri. See Introduction, §18.

332. *Pompeius*: see Note on *Cat.* II. 5, 11 (l. 137). *isdem*: construe with *regionibus*, etc. *quibus solis cursus*: supply *continentur*.

334. *aliquid loci*: a modest phrase, although Cicero was not modest about his achievement. The Genitive is Partitive. *gloriae*: Poss. Genitive as predicate.

335. *nisi forte*: ironical. G. 591, *R. 4*; A. & G. 315, *b*; H. 507, *3, N. 1.* *quo*: *whither*, introducing a rel. clause of Design, hence the Subj. *possimus*. So *revertantur* further on.

337. *uno loco*: *in one respect.*

338. *quod*, etc.: giving the reason why Cicero's victory in peace involved greater dangers than a general's victory won in war.

339. *oppressi serviunt*: (*when*) *crushed become our slaves*.
340. *autem*: *while*.
342. *cum reppuleris*, . . . *possis*: Ideal Second Person, *you* in the sense of *one*, in a Temporal sentence, where *cum* = *si*. Observe the Iterative idea due to the association of a tense of completion (*reppuleris*, Pf. Subjv.) with a tense of continuance (*possis*, Pres. Subjv.).
344. *mihi*: Dat. of Agent with the Pf. Pass. Participle *suscéptum*.
345. *id*: subject of *posse* near the end of the sentence. It refers to the warfare he expects to be waged upon him by his personal foes.
348. *haerebit*: *will abide*.
349. *neque ulla*, etc.: was this prediction verified? See Note on l. 242 above.
351. *conspirationem*: not *conspiracy*, as the word *bonorum* shows; *coniuratio* is the word for "conspiracy."
353. *pro*: *in the place of*. Cicero declined the provinces to which he was entitled at the close of his terms as praetor (66 B.C.) and consul (63 B.C.). If he had accepted them he would have been a propraetor or proconsul with *imperium* and an army.
356. *clientelis*: if he had accepted a province, he might have formed valuable connections with the provincials, for the governor of a province, by winning the confidence of the community which he governed, often afterwards became its *patronus*, or legal representative in Rome. In such a case the provincials were called his "clients."
- hospitiis*: *ties of friendship*.
357. *urbanis opibus*: that is, by the influence which his prestige in the city gives him.
358. *tueor*: *guard* (those already acquired); *comparo*: *acquire* (new ones). *pro (meis studiis)*: *in return for*. Observe the change in the meaning of *pro* from that in the preceding lines.
362. *quae dum*: *for so long as this*, referring to *memoriam*. The relative here is resolved into *ea enim*.
367. *solius*: Genitive to agree with the possessive idea in *suo*.
373. *habetis eum consulem qui*, etc.: *you have for consul one* (lit. *him*) *who*, etc. The relative is Characteristic, hence the Subjv. *du* *bitet*, *possit*.
375. *per se ipsum praestare*: *answer for on his own responsibility*.

THE DEFENCE OF ARCHIAS

(Pro Archia)

PREFATORY NOTE

1. The *Pro Archia* was delivered by Cicero in 62 B.C., the year after his consulship, in defence of the rights of his old friend Archias as a Roman citizen. It is perhaps, with the exception of the four speeches against Catiline, the most widely known of Cicero's speeches. Archias had been accused of usurping the rights of citizenship without legal authority. The charge had little foundation. It seems likely that the prosecution was inspired by the democratic friends of Pompey, between whom and the aristocratic friends of Archias, the Luculli, much friction had existed ever since the Manilian Law was passed, for by that law Pompey superseded L. Lucullus as commander in the Third Mithridatic War.

2. **Who Archias was.** Archias was a Greek, born about 119 B.C. at Antioch (in Syria). In boyhood he was precocious, and gave rare promise as a poet. At the age of sixteen or seventeen he began to travel, and visited various cities in Asia Minor, Greece, and Southern Italy. Wherever he went, he was, according to Cicero, received with enthusiasm.

3. **In Rome.** In 102 he came to Rome, where his ability and his personal attractions made for him many friends among the foremost families. With the Luculli he was especially intimate. He became an inmate of their house and took their gentile name Licinius with the praenomen Aulus, thus giving his Greek name *Archias* the Roman form of *A. Licinius Archias*. A few years after coming to Rome—just when cannot be said with certainty—he became interested in Cicero, about thirteen years his junior, who with his younger brother Quintus was attending school in Rome. To this personal interest shown by Archias, Cicero, in the opening words of his speech, attributes his first inspiration to literary effort.

4. **At Heraclia.** While travelling with M. Lucullus, Archias visited Heraclia, one of the Greek cities that gave to lower Italy its name of Magna Graecia. Heraclia honored its distinguished guest with the gift of citizenship, his friend Lucullus being present and assisting at the ceremony. The same honor had already been conferred on him by several other cities of Magna Graecia.

5. The Case. As a result of the Social War (Introduction, §20) two laws had been passed, by either of which Archias might have become a Roman citizen. These laws were (a) the *lex Iulia* of 90 B.C., which provided that the inhabitants of any town which had not engaged in the Social War against Rome might, if it desired, be admitted *collectively* to the Roman franchise; (b) the *lex Plautia-Papiria* of 89 B.C., which provided that any *individual* might be so admitted, provided he fulfilled these three conditions: first, he must be a citizen of some federated city of Italy, i.e. of a city enjoying treaty relations with Rome; secondly, he must have a *domicilium*, or fixed abode, in Italy; thirdly, within sixty days after the law was passed, he must declare before a Roman praetor his purpose to become a Roman citizen.

To prove his case, Archias used the provisions of the *lex Plautia-Papiria*, and claimed (1) that he possessed the *civitas*, or citizenship, of Heraclia (and really of four other cities besides); (2) that he had long been a resident of Rome; and (3) that he had made the required declaration in due time before the praetor, Q. Metellus, in 89 B.C.

The prosecution objected (i) that Archias could not produce the documentary evidence of the *civitas* of Heraclia, and (ii) that his name did not appear on the census books of Rome. In reply to the first objection, it was shown by the defence that the record office of Heraclia had been destroyed by fire during the Social War, so that it was true that Archias could not produce the documentary evidence of his being an Heracliot; but, on the other hand, his friend Lucullus was a witness to the fact, and his evidence was corroborated by the best citizens of Heraclia, a delegation of whom was present at the trial for the purpose of testifying. As for the second objection, it was a well-known fact that the duty of taking the census of Rome (registering the names, the property, etc., of the citizens, for the purposes chiefly of taxation) had been generally neglected in recent years since personal taxation had been abolished; also, on the only two occasions (in 86 and 70 B.C.) when the censors had performed this duty, Archias was absent from the city. Everybody, however, knew that Archias had been a resident of Rome for many years, and had availed himself of the rights of citizenship without objection from any quarter.

6. The Speech. As was said above, the prosecution had little foundation on which to rest its accusation; hence, while the fact is not definitely recorded, it is morally certain that Cicero won his case. The interest of the speech, however, does not rest upon its merits as

a legal argument, but rather upon its character as the utterance of an ancient Roman on the glories and pleasures of literature.

1. The opening sentence consists of three Protases, each followed by a relative clause, and an Apodosis beginning with the words **earum rerum** (l. 6). **est in me** : = **habeo**, denoting Possession of Qualities. **iudices** : the case was tried before a jury with a praetor (Cicero's own brother Quintus) as presiding judge. **quod sentio quam sit exiguum** : and *I am aware how slight this is*, the relative being resolved into conjunction and demonstrative.

2. **exercitatio dicendi** : *readiness of speech*.

3. **huiusce rei** : that is, **dicendi**. **ratio** : *theoretical knowledge*.

4. **profecta** : *proceeding*, that is, *derived from*.

5. **aetatis** : *life*. **abhorruisse** : *has been free*.

6. **vel** : *even*, strengthening the superlative. **hic** : *my client*, a frequent use of the Demonstrative of the First Person. **A. Licinius** : the advocate calls his client by his Roman name for effect.

7. **fructum repetere** : *demand a return* (as of something due). **quoad longissime** : *as far back as*, lit. *up to the time that farthest*.

9. **ultimam** : *earliest*, lit. *farthest* from the present. **inde usque repetens** : *looking back from that time on*. Notice that the verb is intransitive here, and has a different meaning from that in l. 7 above.

10. **mihi principem** : *my chief adviser*, predicate after **exstitisse**.

13. **non nullis . . . salutis** : G. 356 ; A. & G. 233, a ; B. 191, 2 ; H. 390. **a quo** : to be translated after its antecedent **huic** further on—*surely (profecto) to that very man from whom*, etc.

14. **quo** : *with which*, Abl. of Means. The relative is followed by Subjv. of Characteristic (**possemus**). **opitulari** : *help* ; **servare** : *save*. The words are afterwards echoed in **opem** and **salutem**. Note the difference between **ceteris**, *all the others*, and **alios**, *some others*.

15. **quantum est situm in nobis** : *as far as lies in our (my) power* ; lit. *as much as is situated in us*. **quantum** is Acc. of Extent.

16. **ac ne quis**, etc. : the thought is—"You may be surprised at my attributing to Archias a poet so much of my success as an orator ; but since all the arts that pertain to culture are really related to one another, I have not confined my attention to oratory."

17. **quod . . . sit** : Subjv. in Partial Obliquity, being the implied thought of his audience. **in hoc sit** : = **hic habeat**, referring to Archias. See Note on **est in me** above (l. 1).

18. **neque** : split in translating—and not. **ratio** : meaning as in l. 3 above. **ne nos quidem** : *we (I) too . . . not*.

19. **penitus**: that is, *exclusively*. **dediti fuimus**: for the use of **fuimus** instead of **sumus**, see G. 250, R.; and compare A. & G. 291, b, R., and H. 471, 6, N. 1.

22. **inter se**: see Note on *Cat.* III. 5, 13 (l. 162).

23. **cui**: Indefinite pronoun. **vestrum**: Partitive Genitive (not **vestri**). **in quaestione legitima**: *in a legal inquiry*, that is to say, a case in court. **iudicio**: *trial*.

24. **cum**: Concessive, but it may be translated *when*.

25. **apud**: *before*. **praetorem**: see Note on **iudices** above (l. 1). Quintus Cicero was a man of some literary pretensions, though better known as a soldier.

26. **tanto conventu . . . frequentia**: Abl. Abs., but best translated as Abl. of Place Where (which takes **in** as a rule)—*in so crowded an assemblage* (Hendiadys); lit. *the assemblage and crowding being so great*.

27. **uti**: verb, its subject being **me** in l. 23. **quod a consuetudine . . . abhorreat**: *which is foreign to (inconsistent with)*, subordinate clause in Indirect Discourse, depending on **mirum videatur** (l. 23).

29. **quaeso a vobis**: *I beseech you*, the words beginning the main clause of the sentence.

30. **veniam**: *indulgence, favor*. **quem ad modum**: *as*.

31. **ut me . . . patiamini**: Complementary Final clause, explaining the favor asked for.

32. **hoc concursu**: Abl. Abs., as also the following **hac humanitate** and **hoc praetore exercente**, but all three may be freely translated—*before this gathering*, etc., *before (men of) your culture*, *finally before this praetor presiding over the court*.

35. **in**: *in the case of*. **persona**: *character*. The term is borrowed from the stage; so **tractata est**, *has been represented*.

36. **otium ac studium**: (*a life of*) *studious leisure*, Hendiadys.

37. **uti**: in the same construction as **loqui** two lines above, the two Infinitives with their subject **me** depending on **patiamini**.

38. **quod si**: *and if this*. **tribui**: *granted*; **concedi**: *yielded*.

39. **sentiam, perficiam**: Future Indic. in Logical Condition. The latter is followed by a Complementary Consecutive clause, **ut . . . putetis**. G. 553, 1; A. & G. 332; B. 284; H. 501.

40. **segregandum**: supply **esse**. **cum**: *notwithstanding*, Concessive.

41. **si non**: instead of **nisi** and according to rule. G. 591, (a) 1 and 2; A. & G. 315, a, 1; B. 306, 2; H. 508, 3. **asciscendum fuisse**: Apodosis of an Unreal (contrary to fact) Condition, depending on **putetis**, with **si non esset** for its Protasis. The direct form would be

asciscendus fuit. G. 597, r. 3; A. & G. 308, c; B. 304, 3, b; H. 511, 2.

42. *ex pueris excessit*: *passed out of boyhood*; lit. *passed out of the boys*.

44. *contulit*: coördinate with *excessit*, both following *ut primum*.

Antiochiae: the capital of Syria. The case is Locative; observe that its appositive *urbe* following is Ablative. G. 411, r. 2 (3); A. & G. 184, c; B. 169, 4; H. 363, 4, 2.

45. *loco*: *rank*, Abl. of Origin (not appositive to *Antiochiae*). *celebri*: *populous*.

46. *hominibus*: this word depends on *adfluenti*; so *studiis*.

47. *adfluenti*: in the same construction as *celebri* and *copiosa*. *omnibus*: Dat. after *ante* in composition (*antecellere*).

48. *contigit*: *it was his fortune*, lit. *it happened*. *post*: adverb.

49. *adventus*: Plural, implying successive visits to the various cities in Asia and Greece. For a similar reason the Impf. *celebrabantur* is used. G. 231; A. & G. 277; B. 260; H. 469.

50. *ipsius*: Distinctive pronoun, contrasting the real man with his reputed self.

51. *Italia*: particularly in the south, where there were so many Greek colonies that it was called *Magna Graecia*. *tunc*: that is, in the interval between the last of the Gracchan disturbances (121 B.C.) and the Social War (90–88 B.C.) with the succeeding struggles between the Marians and Sulla (88–82 B.C.).

55. *hunc*: *my client here*. *et*: observe that this conjunction occurs four times in the sentence. The first and the fourth *et* may for convenience be translated *not only . . . but also*.

56. *civitate*: *with citizenship*. For the case, see G. 348; A. & G. 225, d; B. 187, 1. a; H. top of page 198.

57. *aliquid*: implying a higher standard than the use of *quid* (or *quicquam*) would have done, as in English *something* means more than *anything*. *ingeniis*: *works of genius*. Abstracts often become concrete in the Plural.

58. *hac tanta celebritate famae*: Abl. Abs., supplemented by the following *cum*-clause, giving the Circumstances of his arrival (not pure Time, which would require the Indicative).

59. *absentibus*: that is, *to those whom he had not yet met*.

60. *consule*: Singular for Plural, agreeing with *Mario* as the more important of the two names—*when Marius was consul with* (lit. *and Catulus*). *nactus est*, etc.: *hit upon*, implying that Archias was lucky in the time of his coming to Rome.

62. *studium atque auris*: *enthusiasm and taste*, lit. *zeal and ears* (the ear being the organ of taste in music, rhythm, etc.).

63. *posset*: Characteristic Subjunctive. *praetextatus*: Roman boys wore the *toga praetexta* until seventeen years of age. Cicero uses the word with a double object—to indicate the period of life to which it applied, and also to produce a favorable effect by speaking of Archias as if a native of Rome.

64. *domum suam*: G. 337, R. 3; A. & G. 258, *b*, N. 1; B. 182, I, *b*; H. 380, 2.

65. *ingeni ac litterarum*: Hendiadys, the second word narrowing the scope of the first. Translate: *a mark of his literary gifts*. G. 366, R. 1; A. & G. 214, *c*; B. 198, 3; H. 402. The Demonstrative *hoc* is explained by the Consecutive *ut*-clause following. G. 557; A. & G. 332, *f*; B. 284, I; H. 501, I. 2. Supply *est* with *hoc*.

67. *temporibus illis*: Abl. of Time Within Which. For the proper names in this section, see the Vocabulary.

68. *illi*: *the well-known*, a frequent meaning of this pronoun.

70. *et patre et filio*: *both father and son*. We might have expected the Plural for the Singular *Catulo*.

73. *quod*: *in that*, giving the reason for the preceding statement. *colebant*: on account of its long subject, translate passively—*he was courted by*, etc.

74. *percipere*: *to learn*, lit. *to grasp*.

75. *si qui forte*, etc.: *such as made the pretence*, lit. *if any*, etc.

76. *satis longo intervallo* (Abl. Abs.): *after a sufficient interval*, i.e. in due time.

78. *Heracliam*: a prosperous Greek city of Lucania (in Southern Italy), which enjoyed especially favorable treaty rights with Rome; hence the words *aequissimo iure*, etc. (Abl. of Quality).

79. *ascribi*: *to be enrolled* (as a citizen). *se*: the subject of the Inf. is expressed because what he desired was not entirely within his control. G. (I. Ed.) 532, R. 2, 2d part.

80. *cum . . . tum*: *although . . . yet especially*. *ipse per se*: *on his personal account*.

81. *auctoritate*: *influence* (due to rank); *gratia*: *popularity* (personal).

82. *civitas*: meaning as in l. 56. For the law of Silvanus and Carbo (better known as the *lex Plautia-Papiria* from the gentile names of the tribunes M. *Plautius* Silvanus and C. *Papirius* Carbo), see the Prefatory Note above, §5. *si qui*: see Note on l. 75 above. These words begin an indirect quotation from the law, hence the

Subjunctives. **ferebatur**, however, is Indic. because merely explanatory. The Pluperfects represent Fut. Perfects of the direct form.

85. **apud**: *before*. **professi**: *declared themselves*, i.e. given in their names.

87. **haberet**: *had had* (and was still having). For the Imperfect, see G. 234; A. & G. 277, *b*; B. 260, 4; H. 469, 2.

89. **nihil aliud nisi**: after negatives, **nisi** is common in the sense of *except*.

90. **causa dicta est**: *our case is stated*, i.e. there is no need to say more.

91. **Grati**: Gratus was the accuser, an obscure person otherwise unknown.

92. **adest**: *here is*. **religione**: *scrupulous honor*. **fide**: *good-faith*. **non**: translate with the Infinitives *not that* (rather than *that...not*).

95. **iudici**: *trial*. **publico**: *official*, i.e. the testimony of the city of Heraclia.

97. **hic**: *in these circumstances*, lit. *here*.

98. **Italico bello**: *at the time of the Italian War* (i.e. the Social War, 90-88 B.C.), Abl. of Time When.

99. **omnis** (Acc. Plural): emphatic by position. **ad**: *touching* (*with regard to*).

100. This line contains an instance of Asyndeton; also of Chiasmus.

101. **memoria...memoriam**: the word-play cannot be reproduced, the former word referring to the faculty of the mind, the latter to the official records.

102. **cum**: Concessive. **religionem**: i.e. *the scrupulous testimony*.

103. **ea**: the preceding **cum**-clause ends with **fidemque**, while **ea** (referring to the testimony, etc., just mentioned) is the object of **repudiare**. Notice the Asyndeton after **repudiare**.

105. **idem**: *at the same time*; lit. *the same* (*person*), Nom. Singular. G. 310; A. & G. 195, *e*; B. 248, 1; H. 451, 3. **an**: the first part of a Disjunctive Question (with **utrum** or the like) is often (as here) omitted, being supplied mentally. G. 457, 1; A. & G. 211, *b*; B. 162, 4, *a*; H. 353, N. 4.

106. **annis**: Abl. of Measure of Difference. **ante civitatem datam**: *before (the right of) citizenship (was) granted*. G. 325, R. 3; A. & G. 292, *a*; B. 337, 5; H. 549, N. 2. He means before the *lex Plautia-Papiria* was passed.

108. **at**, etc.: quoting the opponent's objection. **immo vero**: *nay, indeed*.

109. *quae solae*, etc. : *which (are) the only ones from that registration-list (professione) and that board of praetors (that) possess the authenticity of public records.* The prep. *ex* here is Partitive.

111. *nam, cum Appi*, etc. : this sentence explains the statement just made. Of the three praetors Appius, Gabinius, and Metellus, the last-named, he says, was the only one whose records were to be trusted, since Appius was careless and Gabinius was unprincipled, even before his conviction (for extortion as governor of Achaia) had destroyed all confidence in his official conduct. *levitas* and *calamitas* are both modified by the Genitive *Gabini*, and subjects of *resignasset*. Notice the Asyndeton between the two subjects.

115. *tanta diligentia* : Abl. of Quality.

116. *venerit . . . dixerit* : exceptional sequence after the Secondary tense *fuit*, *was*. G. 513 ; A. & G. 287, *c* ; B. 268, 6 ; H. 495, VI.

118. *A. Licini* : i.e. of Archias, whose name was registered in its Roman form.

119. *quid est quod* : *what reason is there why*, followed by a Characteristic Subjunctive (*dubitetis*).

121. *cum* : conjunction with *impertiebant* below. *mediocribus* : i.e. *commonplace persons*, not gifted as Archias was.

122. *humili arte* : dependent on *praeditis*. *praeditis* : like the preceding *mediocribus*, this word is the Indirect Object of *impertiebant*.

123. *credo* : *I suppose*, ironical. The four proper names here are those of the four cities (or their inhabitants) which, besides Heraclia, had conferred citizenship on Archias. Rhegium, Locri, Naples, and Tarentum were all Greek cities in Southern Italy, or Magna Graecia, called here simply *Graecia*.

126. *noluisse* : supply *largiri* from the preceding clause. *quid* : *again*, a general interrog. leading up to the specific question he is about to ask. *post civitatem*, etc. : see Note on l. 106 above.

127. *legem Papiam* : an alien law carried by a tribune Papius, and aimed at ridding the city of the foreigners that helped to swell the ranks of the city mob. It was passed about 65 B.C.

129. *illis* : supply *tabulis (registers)*. Archias, for reasons of his own, in 89 B.C. based his petition for the Roman franchise on his citizenship of Heraclia rather than that of any other of the cities that had honored him.

131. *census nostros requiris scilicet* : *you ask forsooth for our census-lists.* *est enim obscurum* : ironical, meaning that all the world knew.

132. *proximis censoribus* : *under the last censors*, i.e. the last that had taken the census (70 B.C.). So *superioribus* further on means *under*

the preceding (censors), that is, the last but one who had performed the duty (86 B.C.). In both years Archias was absent from Rome.

134. *primis*: that is, *the first* after Archias became a citizen. On this occasion the census was not taken.

136. *non confirmat*: *does not establish*. *tantum modo*: *only*.

137. *iam tum*: *at that particular time*. *pro cive*: *as a citizen*.

139. *in . . . versatum esse*: *was using (enjoying)*. *et*: *both*.

140. *adiit hereditates*: *came into inheritances*, i.e. property left by will.

141. *in beneficiis*: *among (those recommended for) rewards*. The meaning is that he was reported (*delatus*) to the Treasury (*aerarium*) for distinguished service under Lucullus, such a recommendation being good evidence that he was regarded as a citizen.

143. *neque . . . neque*: translated affirmatively, subdividing the general negative *numquam*. G. 445 ; A. & G. 209, *a*, 2 ; B. 347, 2 ; H. 553, 2. *revincetur*: *will be refuted*.

145. *quaeres*, etc.: at this point Cicero begins the second part of his speech with a panegyric on literature in general, and on Archias in particular as a type of the literary man. *Grati*: see Note on l. 91.

146. *ubi*, etc.: *with that wherein our spirits are refreshed*, Characteristic clause. G. 631 ; A. & G. 320 ; B. 283, 1 ; H. 503, 1.

148. *suppetere*: intransitive. Its subject is the following relative clause (*quod dicamus, something to say*). *posse . . . nisi . . . excolamus*: in Indirect Discourse the distinction between Conditional Sentences often disappears. This may be either the Logical or the Ideal Condition. G. 656, 3 ; A. & G. 337 ; B. 319, 320 ; H. 527.

152. *pudeat*: G. 263, 3 ; A. & G. 266 ; B. 275, 1 ; H. 484, iv. *si qui*: see Note on l. 75.

153. *litteris*: Abl. of Means. The verb *abdere* also takes *in* with the Acc. (on account of the idea of motion) and *in* with the Abl. (of rest or the result of motion). Distinguish between the Singular and the Plural of *littera*.

154. *neque . . . neque*: see Note on l. 143. *communem fructum*: *the general profit*, i.e. the good of the world.

155. *quid*: interrogative. *pudeat*: Potential (*should*, etc.).

156. *vivo*: *have been living*. G. 230 ; A. & G. 276, *a* ; B. 259, 4 ; H. 467, III. 2. *a nullius umquam me tempore*: for the position of these words, see Note on *Cat. I. 10, 25* (l. 304). *tempore* here means *needs* (as often).

157. *abstraxerit, avocarit, retardarit*: Consecutive Subjunctives.

159. *reprehendat, suscenseat*: Subjv. in Potential Rhetorical Ques-

tions, implying their own answers (G. 259). Observe that these questions are also the Apodoses of the Logical Condition with *si . . . sumpsero* for their Protasis.

160. The order is : *si tantum* (object of *sumpsero*) *temporum, quantum conceditur ceteris* (Dat. of Agent) *ad obeundas suas res, ad celebrandos* (*attending in crowds*), etc., *egomet sumpsero mihi ad recolenda*, etc.

163. *tempestivis* : *protracted*.

167. *oratio et facultas* : *power of speech*, Hendiadys. The close connection is shown by the Singular predicate (*crescit*). *quantumcumque*, etc. : *however much* (or *little*) *I may possess*. The Indicative is the rule with general relatives, although the English implies a Subjunctive. G. 254, R. 4 ; B. 312, 1 ; H. 476, 3.

168. *quae si* : *and if this (accomplishment)*.

169. *illa* : object of *hauriam*. *quae* is relative with *illa* for antecedent while *ex quo* is interrogative, introducing an Indirect Question, hence the Subjv. *hauriam*. Translate : *I know from what source I draw*, etc.

171. *nam nisi*, etc. : unless the instructions of his teachers and his own reading had convinced him, etc., is his meaning.

173. *nisi* : see Note on l. 89. *laudem* : *true worth*.

175. *parvi esse ducenda* : *are to be counted of little importance*. G. 379 ; A. & G. 252, a ; B. 203, 3 ; H. 404.

177. *obiecissem* : Apodosis of the Unreal (contrary to fact) Condition, the Protasis of which begins the sentence (*nisi suasissem*). The allusion is to his experience with the conspiracy of the year before (63 B.C.).

179. *exemplorum vetustas* : *time-honored precedents*, lit. *the long existence of examples*. G. 360, 1, R. 2 ; B. 354, 1, b. The words *pleni, plenae, plena* are apparently used absolutely (*full*, i.e. of instruction), in which case the Genitives belong to the substantives, not to the adjectives. Others take *exemplorum* with *plena* (*full of instances*). *iacerent . . . nisi accederet* : Unreal (contrary to fact) Condition.

182. *expressas* : *portrayed*.

188. *istane* : Dem. of the Second Person, as explained in the following relative clause with *tu* for subject.

190. *est quod respondeam* : *I have something at least (certe) to say in reply*. The Subjv. is Characteristic.

194. *illud* refers to what follows (as often). *ad laudem . . . valuisse* : *has availed for* (i.e. *to produce*) *distinction and worth*.

196. *atque idem ego* : *and yet I also*. G. 310 ; A. & G. 195, e ; H. 451, 3 ; B. 248, 1.

197. *ratio conformatioque*: *systematic training*, Hendiadys.

198. *nescio quid*: G. 467, R. 1; A. & G. 334, *e*; B. 253, 6; H. 529,

5, 3.

199. *ex hoc numero*: i.e. *among these*. The Acc. and Inf. constructions in this and the following clauses depend on *contendo* above.

200. *Africanum*: Scipio the Younger, scholar as well as soldier. *Laelium, Furium*: friends of Africanus. The name of the former gives the title to Cicero's well-known treatise *Laelius sive de Amicitia*.

203. *Catonem illum (famous) senem*: the elder Cato, so called to distinguish him from his great-grandson Cato Uticensis, and also because he lived to be 85 years old. He is variously called also *Censor* (having been censor in 184 B.C.), *Sapiens (the sage)*, and *Maior (the elder)*. For the meaning of *illum*, see Note on l. 238.

204. *nihil: not at all*. *adiuvarentur*: Impf. in an Unreal (contrary to fact) Protasis, either denoting continued action in Past time or involving the generic idea. G. 597, R. 1; A. & G. 308, *a*; B. 304, 2; H. 510, N. 2.

206. *si non*: Concessive, hence not *nisi*. See Note on l. 41 above.

209. *ceterae: all other (diversions)*. *temporum*: Gen. of Possession.

210. *omnium* limits all three substantives. *haec studia, etc.*: one of the most famous passages in the world's literature.

211. *secundas res*: the meaning of these words is suggested by their opposite further on, *adversis*. With the latter supply *rebus* (Abl. Absolute).

215. *quod si: but even if*, Concessive, as shown by *tamen* following.

216. *deberemus: it would still (tamen) be our duty*.

217. *nostrum*: Partitive Genitive with *quis*.

218. *Rosci*: Q. Roscius, the great comedian of the Roman stage, who had died only a few months before (*nuper*).

220. *videbatur*: while this verb is regularly personal (the impersonal being rare), it is often best translated impersonally, or even parenthetically as here, *as we all thought*.

221. *ergo: well*, argumentative. *corporis motu*: i.e. *grace of movement*, a characteristic of Roscius as an actor.

227. *cum* (Concessive) . . . *nullam: without having written a single letter*.

228. *tum agerentur: were the issues of the day, lit. were being discussed*. This verb is regularly used of political transactions in the Senate, the Forum, etc.

229. *ex tempore*: translate by the English derivative. *revocatum*: *encored*.

232. *diligam, admirer, putem*: Deliberative Subjunctive. G. 265; A. & G. 268; B. 277, *a*; H. 484, *v*.

234. *atque*: *and further*. *sic*: redundant, merely anticipating the following Acc. and Inf. clause.

235. *doctrina, praeceptis, arte*: Abl. of Definite Price. G. 404; A. & G. 252; B. 225; H. 422. Note the meaning of *constare* here. In the sense *consist of*, it regularly takes *ex*.

238. *ille*: *well-known*. G. 307, 2; A. & G. 102, *b*; B. 246, 3; H. 450, 4. *quod . . . videantur*: Subjv. of the quoted reason (Partial Obliquity), the thought being that of Ennius, not Cicero. Ennius was the first of the great Roman poets. He was born at Rudiae in Calabria (the "heel" of Italy) in 239 B.C. He is frequently quoted by Cicero.

240. *sit*: *may it be*, Optative Subjunctive.

241. *poetae*: Appositional Gen. with *nomen*. G. 361, 1; A. & G. 214, *f*; B. 202; H. 396, *vi*.

242. *saxa et solitudines*, etc.: the story ran that Amphion, the son of Jupiter and Antiope, queen of Thebes, became himself king of Thebes, which city he fortified with walls. By playing on the lyre he caused the stones to move of their own accord, and take their places in the walls. Of Orpheus, the son of Apollo and the muse Calliope, it was related that when his wife, the nymph Eurydice, died, he sang such tender strains that he enchanted even wild beasts to follow him like lambs, while rocks and trees also moved from their places.

245. *moveamur*: see Note on l. 232 above. *Homerum*: the great epic poet of Greece, the honor of whose nativity was claimed by seven cities. Note the variety of words used by Cicero for "claim," *dicunt, vindicant*, etc., arranged in the order of a Climax.

249. *inter se*: *with one another*. *ergo*: as in l. 221, where see Note. *alienum*: *an alien*, i.e. to six of the seven cities that claimed him.

251. *vivum, noster*: contrasted with *post mortem* and *alienum* preceding.

254. *Cimbricas res*: referring to the well-known victory of Marius over the Cimbri (102 B.C.).

255. *adulescens*: *in his youth*; lit. *a youth*, Predicative Attribution. Archias was about seventeen in 102 B.C. See the Prefatory Note, § 2. *durior*: *somewhat rude (unsympathetic)*.

259. *patiatur*: Subjunctive of Characteristic. *Themistoclem*: the famous Athenian statesman, general and admiral, through whom

Athens became a great naval power, and through whose advice the Long Walls were built. He was the hero of Salamis, where the Persian fleet of Xerxes was routed by the Greeks (480 B.C.).

260. **Athenis**: Locative. **cum ex eo quaereretur**: *upon being asked*; lit. *when it was asked of him*, impersonal.

261. **quod, cuius**: interrog. pronouns, hence followed by Subjv. in Indirect Question (**audiret**).

263. **Plotium**: L. Plotius Gallus, the first Roman to teach rhetoric at Rome.

264. **Mithridaticum bellum**: see the Prefatory Note to the speech *For the Manilian Law*, §4.

266. **ab hoc**: that is, by Archias.

269. **aperuit Lucullo imperante** (Abl. Abs.), etc.: that is, by his military successes against Mithridates, Lucullus threw the Pontic kingdom open to Roman merchants, etc.

270. **natura et regione**: *by natural situation*, Hendiadys.

271. **non maxima**: *no very great*, i.e. a rather small band.

272. **Armeniorum**: they were allies of Mithridates.

273. **laus**: *the glory*. **Cyzicenororum**: Cyzicus was an important seaport on the southeastern shore of the Propontis (Sea of Marmora). During the war it remained faithful to Rome. The text refers to its siege by Mithridates until relieved by Lucullus (**eiusdem**). The Acc. and Inf. clause (**urbem**, etc.) is the subject of **est**.

275. **nostra**: Pred. Nom. either with **laus** (understood) or **pugna** further on for subject. The correct reading here is questionable. Translate: (*as*) *ours will it always be spoken of and proclaimed, that marvellous naval fight off Tenedos, when by the efforts of L. Lucullus (lit. Lucullus contending) the leaders of the enemy were slain and their fleet crushed*. The **et** preceding **incredibilis** may be a mistake for **est**. The fight took place in 73 B.C. in the beginning of Lucullus' campaign against Mithridates.

279. **quae quorum**: two relatives beginning the same sentence, as often in Latin. The antecedent of the former is what precedes, while that of the latter is (**ab**) **eis** following. **quae** is the subject of **effe-runtur**, and should be translated *and... these things*.

281. **Africano superiori**: *to the elder Africanus*, a friend of Ennius. By his victory over Hannibal at Zama (202 B.C.) he brought the Second Punic War to an end, and won the surname **Africanus**.

282. **is**: i.e. his statue. **ex marmore**: Abl. of Material, regularly with the prep. in classical Latin. G. 396; A. & G. 244, 2; H. 415, III.

285. *huius*: referring to the younger Cato (Cato Uticensis), who was present in court. See Note on l. 203.

286. *illi*: see Note on l. 238. The proper names refer to some of the national heroes, especially Q. Fabius **Maximus**, surnamed Cunctator on account of his successful policy of delay in the struggle with Hannibal in the Second Punic War (218-202 B.C.); **Marcellus**, who took Syracuse in the same war; and **Fulvius Nobilior**, who in his victorious campaign against the Aetolians (189 B.C.) took the poet Ennius along as his companion.

288. *ergo*: as in l. 221. *illum*: Ennius. *fecerat*: the word "poet" comes from a Greek word meaning "maker." **Rudinum** . . . **Heracliensem**: Rudiae was a rather small place, Heraclia a city of some importance. Hence the contrast in favor of the latter as the city that had given citizenship to Archias.

290. *civitatibus*: Dat. of Agent.

292. *nam*: introducing a reason for rejecting the anticipated objection that Ennius was worthier of recognition because he wrote in Latin while Archias wrote in Greek.

294. *Graeca*: *Greek*, Singular in English, Neut. Plural in Latin. So *Latina*.

297. *quo pervenerint*: the antecedent of *quo* is *eodem* (to the same point, i.e. *as far*) and the verb is Subjv. by Attraction, depending on the Inf. *penetrare*. G. 629; A. & G. 342; B. 324; H. 529, II.

298. *cum . . . tum*: *while . . . at the same time*.

299. *populis*: Dative after *ampla*, *honorable*. *haec*: that is, *gloria fama*que.

300. *de vita dimicant*: *fight at the peril of their lives*.

305. *qui . . . inveniris*: *to have found (in) Homer, etc.*, Causal relative clause. G. 633; A. & G. 320, *e*; B. 283, 3; H. 517.

307. *quid*: see Note on l. 126 above.

308. *Magnus*: the surname of Pompey, conferred by Sulla.

311. *milites*: (*mere*) *soldiers*, the substantive having adjectival force.

314. *credo*: ironical, as usual when parenthetical.

315. *ut donaretur perficere non potuit*: *could not have managed to be presented, etc.* Note the Indic. Apodosis *potuit* according to rule. G. 597, R. 3; A. & G. 308, *e*; B. 304, 3; H. 511, I, N. 3.

317. *repudiasset*: the Protasis to this Apodosis is contained in *pententem*. G. 593, 2; A. & G. 310, *a*; B. 305; H. 549, 2. *quem*: i.e. Sulla.

318. *poëta de (of) populo*: that is, an untrained poet. *subi-*
cisset: *had passed up to him*, as he sat on the tribunal at an auction

sale of goods confiscated. **quod epigramma**, etc. : *an epigram that he had made about (on) him* ; incorporation of the appositive (**epigramma**). G. 616, 2 ; A. & G. 201, *d* ; B. 251, 4, *b*.

319. tantummodo . . . longiusculis : *only in longish distichs*. A line of poetry is called a verse ; two lines make a distich (or couplet). The reference here is probably to the elegiac distich, consisting of the dactylic hexameter and pentameter in alternate lines (verses). **longiusculis** is a diminutive formed from the neuter of the comparative degree of **longus**, meaning *a bit longer*, i.e. than the laws of metre allow.

321. ea condicione, etc. : Sulla was a wit as well as a statesman and soldier.

322. mali . . . tamen dignum : *unskilled (as he was), yet worthy*.

324. expetisset : the Apodosis of an Unreal (cont. to fact) Condition with its Protasis implied in the context. So **impetravisset** further on.

326. qui praesertim : Causal relative = **praesertim cum is**. **usque eo** : *to such a degree*.

327. de suis rebus scribi : *his exploits to be written about* ; lit. (*it*) *to be written about his exploits*, impersonal.

328. pingue quiddam sonantibus atque peregrinum : *speaking a rather heavy and outlandish dialect* ; lit. *sounding a certain fat and foreign (sound)*.

331. prae nobis ferendum : *must be candidly admitted* ; lit. *must be borne in front of us*.

332. optimus quisque maxime : *every man in proportion to his merit*. G. 318, 2 ; A. & G. 93, *c* ; B. 252, 5 ; H. 458, 1.

334. in eo ipso . . . volunt : *in the very quarter (i.e. in their books) in which they declare-their-contempt-for (despiciunt) name and fame, they are willing to be named and famed*. **de se** goes only with **praedicari**, which is impersonal, while **nominari** has **se** understood for its subject.

336. Decimus Brutus : as consul in 138 B.C. he conquered the Galaei in Spain (hence called Gallaecus), and, according to the custom, built temples, etc., out of the spoils. He was a patron of **Accius**, an early tragic poet.

339. Ennio . . . Fulvius : see the last part of Note on l. 286.

341. imperatores prope armati : contrasted with **togati** (*in the garb of peace*) **iudices** further on.

345. me indicabo : *I will tell you my secret*, lit. *will reveal myself*. The words are said in a spirit of fun, although Cicero was never really disposed to underrate the importance of the events of his consulship referred to in the next sentence.

352. *adornavi*: *I supplied him with material*, i.e. for his work.

353. *hanc laudis*: in Latin, neither the demonstrative nor the determinative (*is*) is used in translating the phrase *that of*. G. 308, r. 3; A. & G. 195, *b*; B. 247, 3; H. 398, 1, x. 1. *hanc* here means something more definite, having an adjectival force rather than a pronominal. Translate: *this (need) of praise* (of which I have been speaking).

356. *exerceamus*: Characteristic Subjunctive. *certe si*, etc.: this sentence contains two Protases followed by three Apodoses (Unreal).

357. *quibus regionibus*: the antecedent incorporated in the relative clause. G. 616, 1; A. & G. 200, *b*; B. 251, 4, *a*; H. 445, 9.

361. *nunc*: *as it is*. *optimo quoque*: compare Note on l. 332.

365. *parvi animi*: Gen. of Quality. *videamur*: *are we to appear*, Deliberative Subjunctive. See Note on l. 232.

369. *an statuas*, etc.: *or (while) many eminent men have been careful to leave behind them (lit. have carefully left), etc., shall not we greatly prefer*, etc. For the translation, compare the Note on *Cat.* I. 1, 3 (l. 19).

370. *imagines*: portrait-masks of deceased members of noble families, which only nobles had the right to possess (*ius imaginum*). See Introduction, §68, and footnote.

374. *iam tum*: *even then*.

377. *afutura*: *destined to be absent*.

378. *mei*: Part. Genitive. *nunc quidem certe*: *now indeed at any rate*.

380. *eo pudore*: Abl. of Quality. So *ingenio* and *causa* with their attributives further on.

381. *cum . . . tum*: meaning?

382. *vetustate*: *by the duration (of their friendship)*. *quantum*: Pred. Acc. after *existimari*.

383. *quod . . . videatis*: Characteristic Subjv. after *tanto*.

388. *eum*: object of *accipiatis*, six lines below, which with its introductory *ut* depends on *petimus*.

395. *de causa*: i.e. about the legal question involved, to which he had devoted the first part of his speech. *pro*: *according to*.

397. *omnibus*: Dat. of the Agent. *autem*: *on the other hand*.

399. *ipsius studio*: the text here is doubtful, some editors reading *ipso*. It is possible that *ipsius*, as the Gen. of the Distinctive pronoun, was used (if at all) to distinguish Archias the poet from Archias the man of talent in general (*ingenio*).

400. *iudicium exercet*: *presides over the court*. See Note on *iudices* (l. 1).

106-48
 General Assembly
 1778
 Speech for the Manilian Law

SPEECH FOR THE MANILIAN LAW

(*Pro Lege Manilia, or De Imperio Pompei*)

PREFATORY NOTE

1. Cicero's speech advocating the Manilian law was made in 66 B.C., the year of his praetorship. It was a *contio* (Intr. §43), and his maiden speech on a political theme. While it purports to be of the deliberative order of oratory, it is in fact rather demonstrative, consisting largely of a panegyric on Pompey (Intr. §85). The object of the proposed law was to place Pompey in command against Mithridates, king of Pontus, in the Third Mithridatic War.

2. **Pontus.** Pontus, the northeasterly district of Asia Minor, lay along the south and southeast shore of the *Pontus Euxinus* (Black Sea). Its chief towns were Sinope, Amisus, and Trapezus, all on the coast. Neighboring kingdoms were: Paphlagonia on the west, and Bithynia still farther to the west; Galatia on the southwest; Cappadocia on the south; Armenia on the southeast. (See map facing page 86.)

3. **Mithridates the Great.** The Pontic kingdom reached its greatest height under Mithridates VI., surnamed Eupator, more commonly known as Mithridates the Great. This king is one of the most picturesque characters in ancient history. Of large frame and giant strength, clever, well educated, ambitious, but cruel, treacherous, and bloodthirsty, he is the hero of many romantic stories. We are told that he early began to fortify his body against poison by daily taking a dose; that he could ride a thousand furlongs a day, changing his horses at intervals; that he could converse in twenty odd different languages, etc. However exaggerated these stories may be, certain it is that he was a man of extraordinary ability. He succeeded his father at the age of twelve (120 B.C.), his mother acting as regent. At twenty he killed his mother, and took the reins of government into his own hands. Foreseeing the inevitable struggle with Rome, he entered upon a career of conquest in order to strengthen his power. In a few years he had extended his dominion almost entirely around the Black Sea, and annexed the kingdom of Bosphorus (the Crimean Peninsula). Later he won Armenia in alliance by giving his daughter in marriage to its king, Tigranes. He also attacked Cappadocia and Bithynia, and conceived the bold plan of expelling the Romans from their province of Asia (the western part of Asia Minor) in order to make himself master of the entire peninsula. It was the question of

Deal a measure as the Manilian Law was actually unconstitutional.

The law was passed -
 The war that had raged for centuries, driving
 the world into exile & attaching the domain of a Roman province

the succession in Cappadocia and Bithynia that first brought Mithridates and Rome into conflict, the two powers favoring different candidates for those thrones. Finally invading the Roman province, he met the Roman forces and defeated them. As a grim commentary on Roman greed, he put a Roman general to death by pouring molten gold down his throat. He also issued an order to all the cities of Asia that every Roman or Italian within its walls should be put to death, and 80,000 persons were thus cruelly butchered (88 B.C.).

4. Mithridatic Wars. Three wars ensued: the First (88-86 B.C.), conducted by Sulla, who defeated Mithridates, and forced him to conclude a peace upon terms of advantage to Rome; the Second (83-82 B.C.), of little importance, conducted by Murena; the Third (74-65 B.C.), conducted at first by L. Licinius Lucullus, a typical aristocrat, who after several years of considerable success saw much of his work undone through his inability to control his mutinous army. This result was no doubt due largely to political intrigue at Rome, the democrats purposely discrediting and weakening his authority. Lucullus was finally recalled, and his successor appointed in the person of M'. Acilius Glabrio (presiding judge at the trial of Verres), who, however, for some reason declined to assume the command.

5. Pompey. At this stage of affairs it was natural for people to think of the general who had just closed a brilliant campaign in another direction. This was Pompey, upon whom by the Gabinian law of the preceding year (67 B.C.) had been conferred extraordinary powers for a period of three years over all the coasts of the Mediterranean and for fifty miles in the interior. This was for the purpose of ridding the seas of the pirates who had long preyed upon the commerce of Rome, cut off her supplies of food, and kidnapped Roman citizens, whom they held for ransom. Although these powers were unconstitutional both in extent and in duration, yet the majority of people said that the law had been justified by the results. In six weeks Pompey had cleared the Mediterranean of pirates, and after capturing their strongholds in Cilicia, had brought their country into subjection to Rome. Hence the tribune C. Manilius now brought forward the law that bore his name (the *Manilian Law*), which added all the countries of the East to the provinces previously committed to Pompey. This is the law concerning which Cicero was now to address the assembled people for the first time. The law was passed, and in two years Pompey conquered Mithridates, and annexed the greater part of his kingdom to the Roman province of Bithynia, which had been bequeathed to the Roman people by its last king (74 B.C.).

6. **The Speech.** The *Pro Lege Manilia* is by some regarded as Cicero's best political speech. Certainly every circumstance that could have any bearing on its merits was in the orator's favor. At the time of its delivery he was in his prime—just forty years of age—and had had a career of uninterrupted success. As defender of Roscius of Ameria in 80 (footnote, p. xxxvii), as quaestor in 75, as prosecutor in the great state trial of Verres five years later, again as aedile in 69, and now as praetor as well as the unrivalled leader of the Roman bar, he had in each field added fresh laurels to his fame, winning immense popularity with the people in particular. His present theme was thoroughly congenial, affording him an opportunity to display his rare faculty for eulogy. Not only was Pompey of the same origin as himself (equestrian), but he was also the hero of many a field of battle. At this moment fresh from his victories over the dreaded pirates, he was the idol of the people, who were therefore a unit in favor of the law. So were the Knights, who included in their ranks the rich commercial classes and capitalists, and whose interests therefore were injuriously affected by the dangers growing out of the war. Only the conservatives of the Senate, men like Hortensius and Catulus, opposed the measure, not only because they regarded it as unconstitutional, but especially because they hated Pompey as a member of the despised equestrian order, and deemed him unworthy of the repeated honors which the people seemed inclined to heap upon him. Finally, Cicero had in prospect the consulship, for which in three years more he would be of eligible age, and it is quite possible that the thought of this prospect may have colored his views concerning the proposed law. Yet it is not necessary to charge him with insincerity. In the generous enthusiasm of the moment, excited by the recent exploits of Pompey and the present unanimity of the people, Cicero seems to have honestly believed that the provisions of the Manilian law were really necessary to maintain the stability of the Republic.

RHETORICAL OUTLINE

I. **Exordium** (§§1-3), conciliating the good-will of his hearers, and sounding the key-note of his speech (praise of Pompey).

II. **Narratio** (§§4-6), setting forth his main theme, the war with Mithridates (*Propositio*), and dividing it (*Partitio*) into three heads for separate consideration in the **Confirmatio**.

III. **Confirmatio** (§§6-50), discussing the question in detail as follows :

- 1) The character of the war (§§6-19)—
 - a. *a war for the national honor* (§§6-14);
 - b. *a war for financial stability* (§§14-17);
 - c. *a war for protection to Roman citizens abroad* (§§18, 19).
- 2) The magnitude of the war (§§20-26)—

“*Lucullus with all his success has yet proved unequal to the occasion.*”
- 3) The choice of a commander (§§27-50)—

the four requisites of a commander of the first rank united in Pompey as follows :

 - a. *his military knowledge* (§28);
 - b. *his soldierly and other virtues* (§§29-42);
 - c. *his prestige* (§§43-46);
 - d. *his good fortune* (§§47, 48); to which is added *his proximity with an army to the scene of the war* (§50).

IV. **Refutatio** (§§51-68), answering the objections—

- 1) *of Hortensius* (§§52-58);
- 2) *of Catulus* (§§59-63);
- 3) *of all who oppose the popular will* (§§63-68).

V. **Peroratio** (§§69-71), appealing to Manilius to stand firm in his proposal, and calling the gods to witness the disinterested motives that prompt his own words.

I. EXORDIUM (§§1-3)

Although I appreciate the honor of addressing you from the Rostra, my fellow-citizens, this is the first time I have ever done so. This circumstance has been due in part to modesty, in part to my engagements hitherto in the courts. But the compliment which you recently paid me by electing me praetor at the head of the polls encourages me to employ whatever of ability or influence I may possess in addressing you on this occasion, especially when I have so inspiring a theme as the merits of Pompey.

§1. **1. frequens conspectus vester** : *the sight of your throngs*; lit. *your thronging sight*. The possessive **vester** is used here for the Objective Gen. **vestri** of the pronoun; this is rare. **hic locus** : the *Rostra*, from which public speakers addressed the people in the Forum.

2. **multo**: why Ablative? **autem** (always postpositive): *more-over*. **agendum**: *public discussion*; the technical word applied to a magistrate when addressing the people. Cicero was now praetor.

amplissimus: *most honorable*, i.e. as compared with debates in the Senate or pleading in the courts—a compliment to his audience.

3. **est visus** has two subjects, **conspetus** and **locus**, which, however, are not distinct enough to take a Plural verb. **Quirites**: the regular term used in addressing the Roman people.

4. **hoc aditu laudis**: *from this avenue to fame*; Abl. of Separation after **prohibuerunt**. **optimo cuique maxime**: **quisque** with the superlative implies a proportion. Thus, **optimum quidque rarissimum est**, *every best thing is rarest*, implies *the better a thing, the rarer it is*. G. 318, 2; A. & G. 93, c; B. 252, 5, c; cf. H. 458, 1. Translate: *has been open to each in proportion to his merit*.

5. **rationes**: *plans*. **ab ineunte aetate**: *from early manhood*; lit. *from beginning age*.

6. **cum . . . auderem statueremque**: translate by Pres. part. (*daring*, etc.), as often.

7. **per**: *owing to*. **huius auctoritatem loci**: the abstract substantive **auctoritatem** is here used with the force of an attribute. Translate: *this august place*, and compare **verni temporis suavitas**, *the sweet springtime*.

8. **nihil**, etc.: to be translated, *that nothing ought*, etc., but note that the subject of the so-called impersonal verb **oportere** is the whole Acc. and Inf. clause preceding. G. 535; A. & G. 270, b; B. 330; H. 538. **perfectum**: *finished*; **elaboratum**: *wrought out, polished*. Observe the **Asyndeton** (omission of the conjunction **et**).

9. **tempus**: *time*; **temporibus**: *needs*. Cicero often uses the same word in the same breath in different senses, a practice that would be condemned with us but does not seem to have been regarded as a blemish in Latin. With Cicero it is usually a mark of vivacity.

§2. 10. **ita neque**: the two following clauses are grammatically coordinate, but in sense the first is subordinate to the second (*while*, etc.). Notice the self-depreciation implied in the words, as became an orator making his first political speech. **neque** = **et non**.

11. **vacuus ab eis qui . . . defenderent**: *free from (i.e. without) men to advocate*, etc.; Subjunctive of Characteristic.

13. **versatus**: a favorite word of Cicero's, variously translated. It is the frequentative of **vector**, *turn*, hence means: *turn oneself frequently* or *habitually* in a certain sphere or place. Translate (with **in**): *engaged with*. In the words **caste integreque**, *honestly and disin-*

terestedly, he probably refers to the practice of taking fees as a lawyer, which was forbidden by statute.

14. *dilationem comitorum*: the postponement of the elections may have been due to the non-observance of some formality, to unfavorable omens, or to public disorder, most likely to the last-named cause.

primus: *leading*, i.e. *at the head of the polls*. How many praetors were there? *centuriis cunctis*: that is, he was not only elected at

the head of the polls but received a unanimous vote. Each century had but one vote (Introduction, §§45, 46).

16. *iudicaretis, praescriberetis*: Subjv. of Indirect Question. He means that his election not only indicated the people's estimate of him (*iudicaretis*) but also their requirements of other candidates (*praescriberetis*) if they wished to succeed.

17. *in me sit (= habeam)*: Subjv. after Causal *cum*.

18. *honoribus*: the regular word for public office, or the magistracies at Rome. *esse*: supply *in me*.

21. *certe*, etc.: with these words the main sentence begins. *si quid*: *whatever*; lit. *if anything*, modestly put in conditional form.

22. *consequi*: *attain*.

23. *potissimum*: *above all*. *qui ei quoque*, etc.: *who have deemed that to that qualification (rei, i.e. the power of ready and skilful speech) also a reward should be given by their judgment, i.e. by voting for him at the polls*.

§3. 24. *atque*: regularly adds something more important: *and further*. *illud*: refers to the *quod*-clause following. Translate: *this*. It is the Acc. of the Inner object with *laetandum*.

25. *mihi*: why Dative? G. 355; A. & G. 232; B. 189, 1; H. 388. *laetandum*: here passive in sense: *to be rejoiced at, a cause of rejoicing*. *quod*: this word both explains *illud* and gives the ground for his rejoicing. It may be translated, therefore, either: *the fact that*, or *because*. For the latter use, see G. 542; A. & G. 333, *b*; B. 286, 1; H. 540, iv.

26. *mihi*: while this word is strictly the Dat. after *ob* in composition (*oblata*), yet its position makes it clearer who it is that is unaccustomed to this style or manner (*ratione*) of speaking.

27. *oratio*: *speech, words*. *in qua ... possit*: Subjv. of Characteristic after *talis*.

28. *de Cn. Pompei virtute*: the key-note of his speech. For an account of Pompey's exploits, read Introduction, §§24-27. *huius orationis*: *of this theme, i.e. on such a theme*.

30. *mihi*: Dat. of the Agent with *quaerendus*.

II. NARRATIO (§§4, 5, and 6 through line 51).

We are engaged in a war—a serious and perilous war—with two powerful princes in Asia, Mithridates and Tigranes. Every day my friends in the equestrian order are receiving letters, telling of the dangers that threaten Roman tributaries and their friendly neighbors, of villages burned, and of the demoralization in which the Roman army is plunged, and out of which only one man possesses the power to extricate it. (Propositio, §§4, 5.)

I purpose treating the matter under the three heads: (1) the character of the war; (2) its magnitude; (3) the choice of a commander. (Partitio, §6 through l. 51)

§4. 31. **proficiscatur**: Subjunctive of Design. **inde . . . unde**: at (lit. from) that point from which.

32. **ducitur**: is derived.

33. **vectigalibus**: tributaries. Compare its meaning here with that in l. 37 below (see Note).

34. **alter**: why not **alius**? **relictus**: allowed to escape, as Mithridates was by Lucullus after defeating him; **laccensus**: provoked, as Tigranes was by the insolence of the emissary sent by Lucullus, demanding the surrender of Mithridates, Tigranes' father-in-law. Mithridates after his defeat by Lucullus had taken refuge at the court of Tigranes.

35. **Asiam**: the Roman province of that name, the western part of Asia Minor, bordering on the Mediterranean.

36. **equitibus Romanis**: what connection had the Roman knights with the provinces? See Introduction, §14.

37. **magnae res . . . occupatae**: great interests involved. **aguntur**: are at stake. **vectigalibus**: here revenues; compare the Note on this word in l. 33 above.

39. **necessitudine**: close relations. Cicero was sprung from the equestrian order. **mihi cum illo ordine**: the combination of the Dative and the Abl. with **cum** is common in Latin.

§5. 40. **Bithyniae**: called **vestra provincia**, because it had been bequeathed to the Roman people by the last king, Nicomedes III., in 74 B. C.

41. **compluris**: Acc. Plural. Note the Acc. and Inf. constructions here following **litterae** of the preceding sentence.

42. **regnum Ariobarzanis**: Cappadocia. Both Cappadocia and Bithynia were neighboring kingdoms to Pontus. See the Prefatory Note above, §2. The thrones of these countries and Paphlagonia

were in continual dispute, Rome always antagonizing Mithridates in the matter of the succession. Ariobarzanes was the nominee of the Roman Senate for the throne of Cappadocia.

43. *Lucullum* : see the Prefatory Note, §4.

44. *magnis rebus gestis* : Ablative Absolute with Concessive force (*although*). *huic qui successerit* : Glabrio, consul the preceding year, now proconsul of Cilicia. *huic* is the Dat. after *successerit*, the latter being the Subjv. because in a dependent clause in Indirect Discourse. Supply *eum* (antecedent of *qui*) as the subject of *esse paratum*.

46. *civibus* : such as had business abroad, especially the Knights.

§6. 48. *causa quae sit* : *quae* is interrogative (adjective form of *quis*), not relative, as is shown by the use of the Subjv. (Indirect Question depending on *videtis*).

III. CONFIRMATIO (§6, line 52, to §50).

1) The Character of the War (§§6-19).

This is a war of far-reaching scope. (Last part of §6.)

a. *It is a war for the honor of Rome.* *Mithridates has long defied her power, has massacred her subjects, intrigued with her enemies, and set at naught her will in the affairs of the East.* (§§7-13.)

b. *It is a war for financial stability.* *The revenues derived from Asia are endangered, and the enterprise of the publicani is paralyzed, not only by any actual successes which Mithridates may win, but by the interruptions to agriculture, commerce, and grazing caused by the mere fear of his invasions.* (§§14-16.)

c. *It is a war for protection to Roman citizens abroad.* *Many enterprising citizens, besides the publicani, have interests in Asia. To these interests Rome cannot with impunity deny her protection, since such neglect is sure to impair the public credit, and precipitate a panic at home.* (§§17-19.)

52. *eius modi quod* : *such as*, etc., followed by a Subjv. of Characteristic (*debeat*).

53. *ad persequendi studium* : *to zeal in prosecuting.*

54. *agitur* : *is at stake*; here personal, with *gloria* for its subject. *agatur* in l. 149 below is used impersonally with *de* and the Ablative in practically the same sense.

55. *cum . . . tum* : meaning ?

58. *certissima* : *surest*.

59. *pacis ornamenta*: what is meant by the "ornaments of peace"?
requiretis: *will miss*.

60. *quibus* (with *consulendum*): *whose interests*. *a vobis*: why
 not the simple Dat. of the Agent with the Gerundive? G. 355, r.;
 A. & G. 232, n.; B. 189, i. a; H. 388, n. and footnote.

§7. 62. *appetentes*: what is the English derivative? *gloriae*:
 G. 374; A. & G. 218, a; B. 204, i; H. 399, i. i. *praeter*: *beyond*,
i.e. more than.

63. *gentis*: Acc. Plural. *vobis*: compare *a vobis* above (l. 60)
 and Note.

64. *macula*: *stain*; referring to the massacre of Roman citizens by
 Mithridates' orders. *superiore*: *last*, not counting the unimportant
 Second Mithridatic War waged by Murena. *penitus insedit*: *has*
sunk deep.

66. *quod*: *in that*, explaining the *macula* mentioned just above.
is: subject of *suscepit* (l. 69) and *regnat* (l. 70).

67. *una significatione litterarum*: *by the single intimation of a*
letter, i.e. by one written order.

68. *necandos, trucidandos*: Acc. of the Gerundive expressing Design.
 G. 430; A. & G. 294, d; B. 337, 7, b, 2; H. 544, 2, n. 2. This is
 called the "Factitive Predicate."

69. *dignam scelere*: G. 397; A. & G. 245, a; B. 226, 2; H. 421,
 III. *suscepit*: more commonly in Latin (and Greek) a person
 suffering punishment is said to *give* (*dare*) or *pay* (*solvere*) the penalty
 as a fine, while he who inflicts punishment is said to *take* (*sumere*) it.

70. *annum iam tertium... regnat*: *has been ruling* (and is still
 ruling). Account for this use of the Present tense. So in French,
Depuis quand êtes-vous ici? means "How long have you been (lit.
 are you) here?"

73. *luce*: with what word just above is this contrasted? *versari*:
operate; see the Note on l. 13 above.

§8. 75. *triumphavit... de*: *triumphed over*. Both Sulla and Murena,
 his lieutenant, enjoyed the honor of triumphs for their exploits against
 Mithridates, but in neither case, of course, had Mithridates graced
 the occasion with his presence as a prisoner.

78. *regnaret*: *continued to rule*; Subjv. after Consecutive *ut*. Note
 the restrictive force here of *ita... ut*, implying that while they
 triumphed, yet Mithridates went on ruling. G. 552, r. 3; A. & G.
 319, b. The two participles *pulsus* and *superatus* have a Concessive
 force (*though*).

79. *quod egerunt*: *in that they acted, or were active*, e.g. they took
 the field. *quod reliquerunt*: *in that they left something undone*,

e.g. they failed to crush Mithridates. Note the *Asyndeton* (omission of the conjunction *et* or the like) between the two clauses ; so in l. 81 below, before **Murenam**.

80. res publica : *the public interests*. During his absence in Asia, his democratic enemies had raised a revolt in Rome, thus precipitating the first civil war. See Introduction, §§21, 22.

§9. **83. novi** : *for a new (war)*.

84. postea cum : strictly speaking the *cum*-clause explains *postea*, but translate : *after having*, etc. What use of *cum* is this ? G. 585 ; A. & G. 325 ; B. 288, I, B ; H. 521, II. 2.

87. simularet : note the tense, differing from that of the preceding verbs and expressing contemporaneous action. Translate : *while (cum above) pretending*.

88. ad eos duces : these words refer to the remnants of the Marian party, led by Quintus Sertorius, in the civil war between the Marians and Sulla. They held Spain. Sertorius made terms with Mithridates against their common enemy (Rome), agreeing to send him Roman troops with a Roman general in return for the ships and money that Mithridates promised to send to Sertorius. Sertorius, however, was shortly after murdered by one of his own officers, Perperna, who then proved no match for Pompey. **ut** : with **dimicaretis** (l. 91).

89. disiunctissimis maximeque diversis : *far separated and distinct* (in character), i.e. Spain and Asia. **cum** : conjunction.

90. binis : why not *duabus* ? G. 97, R. 3 ; A. & G. 95, *b* ; B. 81, 4, *b* ; H. 174, 2, 3. **bellum** : subject of **gereretur**.

91. districti : Nom. Plural of the Perfect Part. passive. **de imperio** : *for supremacy*.

§10. **92. periculum** : subject of **depulsum est**. **alterius partis** : *from (lit. of) one quarter*.

93. plus firmamenti ac roboris : because Sertorius was a successful commander and was at the head of trained troops. The Genitives are Partitive.

94. Pompei : Cicero credits Pompey with bringing the war to a close, as he did, but only after the murder of Sertorius had removed all effective opposition.

95. virtute : *generalship* ; so **virtuti** below, l. 97. The Ablatives **consilio**, **virtute** are Ablatives of Means. **in altera parte** : in Asia. Throughout this passage Cicero refers to matters of recent history with much tact. It suited his purpose above to refer to the **consilium** and **virtus** of Pompey in the Spanish campaign notwithstanding the facts (see Note on l. 94) ; he is equally careful now to attribute (**tri-**

buenda) the failures of Lucullus to fortune and his successes to generalship.

96. *initia*: translate as if it were an adjective agreeing with *gestarum*, and compare the Note on l. 7 (*auctoritatem*) above.

100. *vera*: *deserved*; *falsa*: *undeserved*. *ei*: Indirect Object. Translate: *from him* with *detracta*; *for him* with *adfecta*.

§11. 101. *de vestri imperi dignitate*, etc.: *as to the dignity*, etc.

102. *exorsus*: *first part* (division).

105. *mercatoribus . . . tractatis*: Abl. Absolute = *cum mercatores tractati essent*; so *milibus . . . necatis*. Note *milibus* (Pl. of *mille*) with the Gen. according to the rule. G. 293; A. & G. 94, *e*.

107. *nuntio*: Abl. of Means; *tempore*: Abl. of Time When.

108. *quo . . . animo*: *what, pray (tandem), ought to be your feeling*, etc.; lit. *of what mind*, Abl. of Quality. *appellati superbius*: *addressed rather haughtily*. The ambassadors referred to were sent to Corinth to attend a meeting of the Achaean League in 148 B.C. As to the treatment they received, accounts vary: some say that they were merely ejected, others that they were imprisoned. Cicero prefers to represent the case as mildly as possible, to contrast the former vigor of the Romans with their present apathy under supposedly greater provocation.

109. *lumen*: *eye*. Corinth, at that time the richest and most luxurious city in Greece, was captured and sacked by the Roman consul Mummius (146 B.C.). Soon after, Greece became a Roman province under the name of Achaia.

110. *voluerunt*: *willed*. For the use of *extinctum esse* here, see G. 280 (*e*). *eum regem*: Mithridates.

111. *legatum consularem*: Aquilius, the Roman general whom Mithridates put to death just before the First Mithridatic War (Prefatory Note, §3). He had been sent to Asia on an embassy concerning the succession to the thrones of Bithynia and Cappadocia; hence the word *legatum*. He was consul in 101 B.C.

112. *atque (and even) . . . excruciatum necavit*: observe the Climax with which this sentence closes.

113. *libertatem imminutam . . . ereptam vitam*: Chiasmus, or inversion in the order of words, as in the verse, "*Sweet is the BREATH of morn, her RISING sweet.*" Point out an instance of this figure in l. 59 above.

114. *ius legationis . . . persecuti sunt*: *they punished a mere verbal insult to the rights of ambassadors*; lit. *they punished the right*, etc. *violated by a word*, referring to the case of the Roman envoys at Corinth. For the translation of the participle *violatum*, compare the

phrase *ante urbem conditam*. So in the preceding *libertatem imminutam* and *ereptam vitam* as well as the following *legatum interfectum*. See G. 325, R. 3; A. & G. 292, *a*; B. 337, 5; H. 549, N. 2.

§12. 117. *ut*: *as* (of Comparison). *fruit*: Indic. of an individual fact. G. 629, R.; A. & G. 342, *a*; B. 314, 3; H. 529, II. N. 1. So *accepistis* further on. *sit*: after *ne* above (negative clause of Design).

122. *Ariobarzanes rex*: his expulsion by Mithridates for the fourth time had recently occurred. He was restored by Pompey.

123. *toti Asiae*: G. 346; A. & G. 227; B. 187, II. *a*; H. 385, II.

125. *cuncta Asia*: either Local Ablative (G. 388; A. & G. 258, *f*, 2; B. 228, I, *b*; H. 425, 2) or Nom. in apposition to *civitates*.

127. *certum*: *special* or *particular*.

128. *miseritis* (from *mitto*): Subjv. after Causal *cum*. *alium*: Glabrio. *audent*: Principal Parts?

§13. 129. *hoc idem quod* (all three Acc. of Inner Object): what verb is to be supplied? After *idem* translate the relative *as* or *that*.

130. *summa*: *highest* (*qualifications*). *sint*: *are united*; why Subjunctive?

131. *propter*: *near at hand*. Pompey was in Cilicia, dictating to the piratical state which he had just conquered. *quo*: lit. *by which*; Abl. of Measure of Difference with the comparative *aegrius*. Translate: *wherefore they want him all the more sorely* (*the sorer their want of him*).

132. *ipso*: *mere*. *tametsi . . . venerit*: dependent clause in O. O., hence Subjunctive.

134. *libere loqui*: the much-cowed provincials were naturally afraid to be candid, Cicero means.

136. *dignos quorum . . . commendetis*: *worthy that you should commit their safety* (*worthy to have you commit*, etc.). Note the construction after *dignos*. G. 631, I; A. & G. 320, *f*; B. 282, 3; H. 503, II. 2.

137. *atque hoc*, etc.: *and that too all the more, in that* (*quod*), etc. The word *atque* has its usual force in adding something more important to what precedes.

138. *cum imperio*: *with full powers*. For the meaning of *imperium*, see Introduction, §56. *mittimus*: the Indic. shows that the reason is given on Cicero's responsibility (not that of the provincials), and hence the statement is all the more impressive. A Roman general and army when once quartered in a province were usually as costly to the province as the attacks of the enemy had been against whom they had been sent to deliver the province. *eius modi*: these words contain the real predicate idea after *mittimus*: *all the others whom we send, etc., are of such a character that*, etc.

139. *ipsorum*: *their own* (that is, in contrast with that of the enemy). *adventus*: Plural, to represent all instances of the sort.

140. *audiebant*: *used to hear*.

141. *temperantia, mansuetudine, humanitate*: *as a man of such moderation, etc.*: Ablative of Quality.

143. *diutissime*: compare this adverb in the three degrees.

commoratur: the Indic. because the clause is a mere circumlocution. G. 629, R.; A. & G. 342, a; B. 314, 3; H. 529, II. N. 1.

§14. 144. *nulla . . . lacessiti*: *without, etc.* *ipsi*: as distinguished from the allies (*socios*).

145. The wars here mentioned were: the three Punic Wars, 264-146 B.C. (*cum Poenis*); the war with Antiochus the Great of Syria (*cum Antiocho*), against whom and his allies, the Aetolians (*cum Aetolis*), Rome took the part of her Greek allies in Asia, 192-190 B.C.; the Second Macedonian War, in which the Roman legion under Flamininus was pitted against the Macedonian phalanx under Philip V. of Macedonia (*cum Philippo*), resulting in the Roman victory at Cynoscephalae in Thessaly, 197 B.C. *quanto studio*: Abl. of Manner.

147. *una cum*: *together with*.

148. *praesertim cum*: *especially as*; Causal *cum*. This combination is almost as common in Cicero as *quae cum ita sint* (the Ciceronian formula) or *esse videatur* (a favorite close of the sentence). It is sometimes written *cum praesertim*, as in l. 127.

149. *agatur*: *it is a question of (de)*. See Note on l. 37 (*aguntur*). Note the phrases *salus vestra agitur*: *your safety is at stake*; *de salute vestra agitur*: *it is a question of your safety*. *Actum est de* means *it is all over with*.

150. *tanta . . . ut*: *only so great that (i.e. only sufficient)*. *eis*: Abl. with *contenti*. G. 401, R (N.) 6; A. & G. 254, b, 2; B. 219, I; H. 420, I, 4. *ad . . . tutandas*: *to protect, i.e. to support the army, etc.*

151. *vero*: *while, almost = autem*. It is usually, as here, in the second place in the sentence.

152. *agrorum, fructuum, pastionis*: see Note on l. 163 below.

154. *antecellat*: with the Dat. on account of *ante* in composition.

155. *belli utilitatem*: *resources in war, lit. war-usefulness*.

§15. 158. *ceteris*: *all other*; the regular meaning of this word.

vēnit: the Perfect of Iterative (repeated) action. G. 567; A. & G. 316, 3; B. 288, 3; H. 471, 3. *at*: marking a sharp contrast. *in*: *in the case of*.

159. *metus ipse*: *the mere fear of it*.

161. *pecuaria* (adj.): supply *res*, and translate: *the grazing indus-*

try. **relinquitur**: *abandoned, neglected*; so quite often in this oration.

163. **ex portu** (*customs' dues*), **ex decumis** (*tithes*), **ex scriptura** (*land-rent*): three important sources of revenue to the Roman treasury. The first mentioned were duties on exports and imports; the second, tithes of cereals, wines, etc.; the third, rent paid for the privilege of pasturing cattle on the public lands.

165. **fructus**: *income*.

§16. 167. **eos**: subject of **esse** preceding, the predicate being **quo animo** (Abl. of Quality). **exercent**: *farm*; **exigunt**: *collect*. The first refers to the **equites**, or **publicani**; the second, to their agents on the spot.

169. **propter**: see Note on l. 131.

171. **familias**: *establishments* (slaves, etc.). **habent**: *maintain*.

172. **portubus atque custodiis**: *harbors and coast-stations*, at which the officers of the **publicani** prevented smuggling. **periculo**: *risk*.

174. **fructui**: *a source of profit*; lit. *for a profit*, Dat. of the Object For Which. G. 356; A. & G. 233, a; B. 191, 2; H. 390. Note the two Datives here. **conservarit . . . liberatos**: *keep free (freed)*: the Fut. Perf. of the Protasis (or Perf. Subjv. by attraction, representing the Fut. Perf.). What kind of Condition?

§17. 177. **ac ne illud quidem**: referring back to the case of the **multorum civium, quibus est consulendum** at the end of Chap. ii. (ll. 60, 61). Translate: *and that too is not to be overlooked*, etc. This is the last (**extremum**) point in the enumeration of matters touching the stability of the financial world.

179. **quod ad multorum, etc.**: *a matter that, etc.*

180. **quorum . . . ratio diligenter**: *due regard for whom*. **pro**: *in accordance with*.

181. **et publicani**: probably Cicero started with **et**, intending to follow it with a repetition of the word; instead, he uses **deinde** (l. 187). Preserve the spirit by translating *both* followed by *and then* (**deinde**). **homines honestissimi, etc.**: *most worthy and substantial persons*. Odious as the **publicani** were to the oppressed provincials they were indispensable to the Roman government with its system of revenue farming, since they were the only class of citizens rich enough to buy the contracts with the state.

182. **rationes et copias**: *interests and resources*. **contulerunt**: *have transferred*, for the purpose of investment.

183. **ipsorum per se**: *in their own right*, as individuals and citizens.

184. **curae**: (*for*) *a care = objects of care*; compare note on l. 174 above (**fructui**).

185. *nervos*: *sineus*.

186. *exercet*: as in l. 167, where see Note. *firmamentum*: *prop and stay*. *ordinum*: name the orders of Rome (Introduction, §11 following).

§18. 188. *partim ipsi . . . partim eorum*: the word *partim* is an old Accusative, used sometimes as an adverb, sometimes as an indeclinable substantive with a Partitive Genitive. Here the first *partim* is apparently in apposition to the subject (*homines*), while the second is followed by a Partitive Genitive (*eorum*). Translate: *in some cases . . . (while) others of them*. *ipsi*: *in person*; in contrast with these persons the second class of citizens transacted their business through agents. The former were, of course, absent from Rome (*absentibus*).

190. *conlocatas*: *invested*. *est humanitatis vestrae*: *it is the part of your humanity*. G. 366, R. 1; A. & G. 214, *d*; B. 203, 5; H. 401, N. 2. So *sapientiae*.

191. *eorum civium*: not Partitive, but rather Appositive. G. 361, 2; A. & G. 214, *f*; B. 202; H. 396, VI. Translate with *magnum numerum*: *a large class consisting of those, etc.*

192. *videre . . . non posse* (not *ne possint*): Cicero states the impossibility as a fact, not as something to be striven for.

193. *illud parvi refert*: *it makes little difference*. It would be a ruinous policy, he says, to argue that Rome could recover the revenues by victory even if one set of tax-farmers were lost, since the same set would not have the means (*facultas*) to make contracts (*redimendi*) again, and others would be held back from entering upon such contracts through their want of confidence. *parvi*: Gen. of Value. G. 382, 1; A. & G. 252, *a*; B. 211, 3; H. 408, III.

195. *isdem, aliis*: Datives of Possession.

§19. 197. *quod*: relative, its antecedent being *id*, in the next line. *Asia* (Nom.), *Mithridates*: two subjects representing a single experience, hence the singular verb *docuit*.

198. *id quidem certe*: *that indeed at least* (if nothing else). *calamitate docti*: *taught by disaster*.

200. *res*: what is the meaning here? *solutione impedita*: *by the suspension of payments*; Ablative Absolute.

201. *fidem*: *credit*.

202. *ut non*: *without*; lit. *in such a way as not to*, etc.; so again a few lines below. G. 552, R. 4.

204. *id quod ipsi videtis*: not to be translated literally, but say: *in a matter which you see for yourselves*. The whole clause is a kind of Inner Object after *credite*,

205. *ratio pecuniarum*: *financial system*. in foro: the banks were situated on the Forum.

206. *versatur*: *prevails*. *implicata cum*: *inseparable from*; lit. *enveloped with*. *illis*, etc.: *the distant (illis) finances of Asia*; *illis* is in contrast with the preceding *haec*.

207. *ruere*: its meaning is suggested by the form of its substantive, *ruina*. *ut non*: see Note on l. 201 above.

208. *dubitandum*: meaning with the Infinitive?

211. *defendantur*: Subjv. of Design after *quo* (= *ut in eo*). The closing words of this paragraph sum up the considerations that make for Cicero's view of the character of the war.

2) The Magnitude of the War (§§20-26).

Having spoken of the character of the war, I shall now speak briefly of its magnitude. This should not be underrated. The experience of Lucullus should be sufficient warning, and Lucullus is surely a man of acknowledged ability. To that commander indeed I am disposed to award full credit for his many successes—and this is more than the opponents of the Manilian Law have done. (§§20, 21.)

“If Lucullus has accomplished so much,” some one may ask, “then what remains to be done?” The question is a reasonable one. True, Lucullus routed Mithridates, but in the eagerness of the army to capture the rich treasures which Mithridates had left behind, they allowed the king himself to escape to the sheltering court of Tigranes in Armenia. Then Mithridates, his fallen fortunes reviving, ventured even to renew the war, and with such success in the endeavor that I dare not dwell upon the details. Enough that, in obedience to an old precedent against the prolongation of military commands, you have recalled Lucullus, and the question now is one that concerns the choice of his successor. (§§22-26.)

§20. 213. *enim* (not *for*): this word often gives an illustration or explanation of a point. The point Cicero seeks to impress upon his hearers is the magnitude of the war. He begins therefore by anticipating a possible (*potest*) error that others may make in their estimate of the matter. Translate: *now it is possible that it may be said*, etc.

214. *gerendum*: note the recurrence of forms in *-dus* (meaning *must*, *ought*).

216. *contemnenda esse videantur*: *may appear worthy of contempt*.

218. *Lucullo*: Cicero to all appearances makes a handsome acknowledgment of the exploits of Lucullus, but his object is to sharpen the attention of his hearers and prepare the way for his glowing eulogy

of Pompey soon to follow, to which this praise of Lucullus is only a foil.

219. debeatur: is due. **dico:** introducing a series of sentences in O. O., extending through **esse gesta** (l. 237). **eius adventu:** upon his arrival; the Abl. seems to imply something more than mere Time here, indicating the occasion of Mithridates' great preparations.

220. Mithridati: Genitive (usually in **-is**); compare **Tigrani** in l. 267. The participles **ornatas** and **instructas** have the force of adjectives here, as is shown by the use of **fuisse** instead of **esse**. G. 250, R. 1; A. & G. 291, b, R.; H. 471, 6, N. 1.

222. Cyzenicorum: *that of the Cyzenici.* Cyzicus was a leading city of Phrygia, on the coast of the modern Sea of Marmora, opposite Byzantium (Constantinople). In relieving this place (**liberavit**) from the siege (**obsidionis**), Lucullus bottled up Mithridates, who escaped only after great losses by famine and sickness. Cyzicus remained loyal to Rome throughout the war.

§21. 226. ducibus Sertorianis: Dat. of Advantage. The Sertorian leaders were, of course, the followers of Sertorius. See Note on l. 88.

227. studio: merely *party zeal*, **odio** being added as an epithet. Translate: *by the hatred of party zeal* (Hendiadys). **raperetur:** *was being hurried on.*

231. fuisset: observe, not **esset**, because the part. **clausus** has the force of an adjective.

235. se: object of **contulisse** in a common phrase. **alios reges:** Tigranes (Mithridates' son-in-law) and other neighbors.

237. vectigalibus: tributaries. **laudis:** Part. Gen. with **satis**. **atque ita:** some think that the word **dicta** (or the like) has been lost here; otherwise the use of **ita** is strange. For the meaning of the combination, compare the phrase **atque id:** *and that too*. Translate: *and (that it has been said), too, in such a way that you may perceive,* etc.

239. obtrectant: Indic. to give a Circumlocution in O. O. See G. 629, R. (a); A. & G. 342, a; B. 364, 3; H. 529, II. N. 1. **legi, causae:** Datives after **ob-** in composition.

§22. 241. quem ad modum . . . possit: Indirect question.

244. sic . . . ut: *as* (of Comparison).

245. Medea: referring to the story of her flight from her home in Colchis with Jason, taking her brother Absyrtus with her. When pursued by her father Aeetes, King of Colchis, she killed her brother, cut his body in pieces, and scattered the fragments in the sea in order that her father might be detained while gathering the scattered remains. **quam:** subject of **dissipavisse**,

246. *se persequeretur* (O. O.); represents her thought as *me persequeretur* (Fut. in O. R.). The sequence (Impf. Subjv.) is taken according to the rule from *dissipavisse*, on which it depends (not from *praedicant*).

247. *conlectio dispersa*: the *membra* were *dispersa*, but here the epithet is transferred to the act itself. Translate: *the act of gathering them here and there*.

248. *persequendi*: translate as an abstract substantive. *retardaret*: Subjv. of Design, and in the singular because of the close connection between the two subjects, often (as here) indicated by *-que*.

249. *maximam vim auri*: one story ran that the wily Mithridates purposely had a mule, laden with treasure, placed between him and his pursuers, who in their dispute over the booty missed the main prize, Mithridates himself. Note the meaning here of *vim*.

251. *ipse*: in contrast with *a maioribus* (l. 250). *superiore*: *former*. *direptas congesserat*: coördinate in translation, as if it were *diripuerat et congesserat*.

252. *dum conligunt*: the Pres. Indic. is the usual construction with *dum*, *while (during)*, even of past time. G. 570; A. & G. 276, *e*; B. 293, 1; H. 467, 4.

253. *diligentius*: *rather too carefully* (euphemistic).

254. *illum*: Aetes in pursuit of Medea; *hos*: the Romans in pursuit of Mithridates.

§23. 255. *timore et fuga*: *panicky flight* (Hendiadys).

256. *diffidentem*: Prin. Parts? *rebus*: Dat. as always in classical Latin (G. 401, R. 6; A. & G. 227; B. 187, II.; H. 385), while *fidere* and *confidere* usually take the Abl. of Things (Dat. of Persons).

257. *adfectum erexit, perditumque recreavit*: choose your words with care in translation.

258. *plures etiam gentes*: *etiam* regularly precedes the word whose meaning it heightens; here it splits the combination, giving the impression that *gentes* is the important word, as opposed to individual cases.

260. *nationibus*: Dat. after *in-* in composition. *numquam, neque, neque*: *never, either, or*; distribution of the negative. G. 445; A. & G. 209, *a*, 3; B. 347, 2; H. 553, 2.

261. *laccsandas*: *provoked* (by attack); *temptandas*: *tried, or put to the test* (to see how much ill-treatment they would stand).

266. *concitabantur*: the Impf., as the tense that dwells on the process, is used here to describe the panic as it spread from one place to another. Just above (l. 259), the Perfect of the same verb was used to show the coincidence of the action with that of the leading verb, *vēnit* (Pf.).

268. usus erat : not *used* ; this word admits of many translations.

§24. **270. fuit enim illud, etc. :** *for this was the upshot (extremum) of the matter (namely), that a timely retreat, etc. was sought, etc. rather than a further advance (into the enemy's country).* Lucullus had a discontented army, far from any base of operations, in the midst of hostile peoples, who were wrought up to the greatest pitch of excitement through their fears of an invasion. So much Cicero tells us ; but Lucullus was further hampered by political intrigue at Rome.

273. eorum : this word goes with *auxiliis* in the next line. Mithridates was helped not only by his own countrymen, but also by troops from other countries (*adventiciis*). **ipsius :** the distinctive pronoun, distinguishing Mithridates from his followers.

276. ut adliciant : Subjv. of Result after *feri*, a verb of Happening.

278. nomen regale : = *nomen regis* ; a frequent use of the adjective.

§25. **279. tantum . . . quantum numquam :** i.e. *more than ever*. Both *victus* and *incolumis* are predicative attributes, and should be translated: *though conquered* (i.e. *in the hour of his defeat*) and, *when safe* (i.e. *in the days of his safety*). **efficere :** *accomplish*.

281. eo (antecedent of *quod*) : see Note on *eis*, l. 150. **praeter :** *beyond, more than*.

282. ut illam, etc. : defines what happened. He means that Mithridates was lucky enough to reach his country at all, but not content with his safe return he actually made an attack, etc.

284. hoc loco : *at this point*.

287. ex sermone rumor : *hearsay rumor*. Triarius, the lieutenant of Lucullus, with a division of the army was cut off and overpowered by Mithridates before Lucullus could reach him. Hence the *calamitatem* to which Cicero refers, the news of which reached Lucullus through the natives before the official messenger could arrive.

§26. **289. belli offensione :** *reverse of war*. **tamen :** i.e. *notwithstanding* the reverse. **aliqua ex parte :** *in some measure*.

290. potuisset : verbs denoting Possibility, etc., usually take the Indic. in the apodosis of an Unreal (contrary to fact) Condition, because it is not the possibility that is Unreal, but the action of the Infinitive. Here, however, the use of the Subjv. shows that Cicero regarded the possibility itself under the circumstances as Unreal. G. 597, R. 3, (a) and (b) ; A. & G. 308, c, and N. 1 ; B. 304, 3, N. ; H. 511, 1, N. 3. The circumstances that made it impossible for Lucullus to recover lost ground are given in the next clause (*vestro iussu, etc.*). See also the last part of the Note on l. 270 above.

291. vetere exemplo : *according to long-standing precedent*, which he says was opposed to prolonging military commands. The rule had

fallen into neglect, however, Lucullus himself having been in command since the beginning of the war in 74 B.C.

292. *stipendiis confecti*: worn out with service, in the army.

294. *consulto*: advisedly. *vos coniectura*: lit. see through by putting matters together, that is, draw your own conclusions, from the facts stated, beginning with the words *quod coniungant* further on.

295. *coniungant*: are waging in concert (*con-*). The Subjunctives are Characteristic. The war, he says, must have been serious to have caused such a stir. With these words he concludes his argument as to the magnitude of the war.

3) The Choice of a Commander (§§27-50).

There is but one man in Rome who unites the four qualifications that every commander of the first rank should possess. In Pompey alone do we find these four requisites: (a) military knowledge; (b) soldierly and personal virtues; (c) prestige; (d) good fortune (§27).

(a) His military knowledge (§28).

(b) His soldierly and personal virtues (§§29-42).

(c) His prestige (§§43-46).

(d) His good fortune (§§47, 48), and his present proximity to the scene of the war (§50).

(In §49 Cicero recapitulates all that he has said concerning the character and the magnitude of the war, and the choice of a commander. See Note on lines 569-576.)

§27. 298. *fecisse videor, quare esset*: account for the sequence *esset* (*is*). G. 518; A. & G. 287, *i*; B. 268, 2; H. 495, *iv*. Note the difference of tense in the English translation.

300. *restat ut . . . videatur*: a literal translation here would not make sense. Say: *it evidently remains that I should speak*, etc. For the construction after *restat*, see G. 553, 4; A. & G. 332, *a*; B. 297, 2; H. p. 276, footnote 2.

301. *utinam . . . haberetis*: an Unreal Wish in Present Time. G. 261 and the second paragraph on the same page; A. & G. 267; B. 279, 2; H. 483, 2. See Note on l. 272 of the First Oration against Catiline.

302. *innocentium*: *stainless*.

303. *deliberatio*: *question*; followed by an Indirect Question (*quemnam putaretis*). The tenses should be noted: *esset*: *were* (*would be*); *putaretis*: *you think*. *potissimum*: *above all others*.

304. *rebus, bello*: account for the case. G. 347; A. & G. 228; B. 187, *iii*; H. 386,

305. *nunc vero*: *but as it is*. *unus*: *the only man*; predicate and followed by a Characteristic clause (*qui superarit*).

307. *virtute*: Abl. of Respect (Specification). *quae res*, etc., is Interrogative, but *quae . . . possit* is a Characteristic relative clause.

308. *cuiusquam*: in what kind of sentence is this word used?

§28. 309. *sic*: anticipates the following Acc. and Inf. and may be omitted in translation.

310. *res*: *qualifications*; *rei*: *art*.

(a) His Military Knowledge (§28).

His knowledge of the military art is the result of a life-long and varied experience. Beginning with his boyhood, and continuing in his youth and manhood, this experience has been one of uninterrupted success.

312. *homine*: why Ablative? *debut*: *had a right to be*.

313. *e*: *from the days of*. *disciplinis*: *training*.

315. *extrema pueritia*: *at the close of his boyhood*. He was seventeen when he served under his father in the Social War (89 B.C.).

316. *ineunte adolescentia*: at the age of twenty-three in the first civil war, he fought on the side of Sulla, who honored him with the title of *Imperator*.

318. *hoste*: *public enemy*; *inimico*: *private foe*.

319. *ceteri*: *all the rest*, the regular meaning of *ceteri*.

321. *alienis*: the regular possessive adjective of *alius* and translated: *of others*. The Ablatives in this sentence denote the Means.

324. *exercuerit*: *has engaged*; Characteristic Subjunctive.

325. *civile*, etc.: this sentence contains an epitome of Pompey's whole military career up to this time. With its Roman compactness of expression, crowding the events of a quarter of a century within the compass of a few words, it forms a fine close to this chapter, in which it is sought to show that if experience is to count, then Pompey is the man for the present emergency. But it does more than this: it serves also as a transition to the detailed discussion of Pompey's several campaigns (Chap. xi.), leading up to what was in fact the climax of his achievement—his notable success in the war on the pirates (67 B.C.), the memory of which was still fresh in the hearts of his hearers (Chap. xii.). *civile*: Pompey sided with Sulla in the first civil war, and after defeating Carbo in Sicily passed over to Africa (hence *Africanum*), where he routed Ahenobarbus, and reestablished the authority of the Senate. Later, on his way to fight the Sertorian remnants of the democrats in Spain (hence *Hispaniense*), he met L. Junius Brutus,

whom he defeated in Transalpine Gaul (hence **Transalpinum**). The **servile bellum** refers to the uprising of Spartacus, in suppressing which Pompey also took part. The **navale bellum** was the war which he waged against the pirates of Cilicia.

328. nullam rem . . . militari: that there is nothing based on military experience; followed by a Characteristic clause.

(b) His Soldierly and Personal Virtues (§§29-42).

Of Pompey's merits as a commander mere words can give no adequate description. That the ordinary virtues of energy, courage, diligence, promptness, and prudence are his, was shown by his conduct in Italy, in Sicily, in Africa, in Spain, and repeatedly again in Italy. Notably in his recent campaigns against the pirates did he show his ability, whether to relieve the provinces of their fears on account of these marauders, to secure our tributaries, to protect our allies, or to restore the prestige of our navy on the high seas. (§§29-32.)

To come nearer home, our very coasts and highways were long subject to these piratical attacks, so that foreign visitors to our shores and our own citizens fell into the hands of these corsairs. And yet in how incredibly short a time did he clear the seas! Not only did he make secure the three great granaries of Rome—Sicily, Africa, and Sardinia—from these attacks, but he strengthened every section of the empire, and pursuing the pirates to their very strongholds in Cilicia he brought them in subjection to the Roman power. (§§32-35.)

Above all, Pompey is unique among Roman generals in the possession of those rare qualities that go to make the stainless soldier. The soul of honor, he has been singularly free from the usual vices of rapacity and dishonesty, and by his own self-control he has instilled the same virtue in his soldiers. (§§36-39.)

His moderation in other respects must explain his extraordinary success. How else can we account for the rapidity with which he has achieved his own results in contrast with the exploits of others? Neither pleasure nor avarice can allure him from the path of duty; and such are his humanity, his wisdom, and his affability that he is loved even by those whom he conquers. Does it not seem indeed as if he had been born by some special favor of Heaven that he might bring to a close all the wars that his generation has seen? (§§40-42.)

§29. 331. iam vero: and again, introducing, as it often does, a transition. **virtuti**: emphatic position. **oratio**: words.

332. illo dignum: consult your grammar (if necessary) and tell (1)

the case construction after **dignus** and (2) its mood construction (with the relative).

333. cuiquam: Dat. of the Agent. In what kind of sentence is this pronoun regularly used?

337. tanta... quanta non: i.e. *greater than*, as we should say in English.

338. audivimus: *heard of*.

§30. **340. L. Sulla**: the events referred to here and in the four sentences following relate to Pompey's service in behalf of the aristocratic party under Sulla in his war against the Marians. This was in the first civil war beginning in 83 B.C. See Note on l. 325. **virtute: generalship**.

342. non terrore belli: because when Pompey was sent to Sicily, the democratic leader there (Perperna) offered no resistance but evacuated the island. Pompey, however, met and defeated Carbo, whom he put to death at Lilybaeum. Point out an instance of Chiasmus in this sentence. **explicavit: extricated**.

343. oppressa: *when overwhelmed*.

349. ab hoc absente: Pompey was in Spain when the war with Spartacus began.

351. sublatum (from **tollo**) **ac sepultum**: Prin. Parts of these verbs?

§31. **354. quis... locus: quis** is used here (as often) for the adjective form of the interrogative pronoun **qui**. **toto mari**: G. 388; A. & G. 258, f, 2; B. 228, 1, b; H. 425, 2. **per**: *during*.

357. qui non: *without*, introducing a Characteristic Subjunctive.

358. aut hieme aut referto, etc.: he who wished to sail the seas (**navigavit**) had to choose between the bad weather (**hieme**) and the pirates, who were, of course, most active in the summer. **referto praedonum**: G. (L. Ed.) 374, N. 1; A. & G. 248, c, R.; B. 204, 1; H. 399 and 400, 3.

359. hoc tantum bellum, etc.: the object of the sentence, in emphatic position. Preserve the order by translating: *as for this war, so great, so disgraceful*, etc.

360. quis umquam arbitraretur, etc.: *who would ever have dreamed*, etc.; a Potential rhetorical question in Past time. G. 258 and 259; A. & G. 311, a; B. 280; H. 486, II.

361. omnibus annis: i.e. in a life-time.

363. hosce: G. 104, 1, R.; A. & G. 100, footnote; B. 87, footnote; H. 186, 1.

§32. **364. cui praesidio**: *to whom... as a protection*; for the two Datives, see G. 356; A. & G. 233, a; B. 191, 2; H. 390, 1.

367. urbis: Acc. Plural.

368. *fuit*: the Perfect of what is over and gone. G. 236, 1; A. & G. 279, a; H. 471, II. 1, 2.

369. *proprium* (with Gen.): *peculiar to*, that is, *the special privilege of*. a *domo*: the use of the prep. with *domo* is regular with words of measurement, as *longe*, *procul*, etc. G. (L. Ed.) 390, 2, n. 4.

371. *per hos*: *all these*.

372. *dicam*: the interrogative sign is omitted, as is usual in impatient questions. G. 453. For the tense of this word, and also of *querar* (l. 374) and *dicam* (l. 376) below, compare *commemorem* (l. 379), and see Note on *querar* (l. 387).

373. *transmiserint*: *cross*; here intransitive. The sequence is due to dependence on *dicam*, a Primary tense, rather than on *clausam fuisse*, the Perf. Infinitive. In contrast, observe in the next sentence that *venirent* depends on *captos (esse)* and therefore has a Past sequence, while the *cum*-clause depends on *querar* and so has a Primary sequence. *summa*: *the depths of*; the position after the substantive is not usual with such adjectives. G. 291, r. 2; A. & G. 193; B. 241, 1, and 350, 4, b; H. 440, 2, n. 1.

374. *captos* (sc. *esse*): supply *eos* (antecedent of *qui*) as subject of the Infinitive. *legati*: *envoys*; who they were is not known.

376. *duodecim secures*: the axes of the lictors as a symbol of power instead of the magistrates who possessed the power (Metonymy). As praetors when outside of Rome were entitled to six lictors, allusion seems to be made here to the capture of two praetors.

§33. 378. *innumerabilisque*: according to Plutarch 400 cities fell under the power of the pirates.

380. *quibus . . . ducitis*: because they were ports of entry for the grain supplies of Rome. These cities are named further on—Caieta, Misenum, and Ostia.

381. *vero*: *really*. *celeberrimum*: *much frequented*. Caieta was a port of Latium.

382. *inspectante praetore*: *while a praetor looked on* (helpless); Ablative Absolute. So *inspectantibus vobis* in l. 387.

383. *ex Miseno*: a town near Naples on the coast of Campania, in later days an important naval station. *liberos*: the Plural is rhetorical, only one child—the daughter of M. Antonius, the orator and grandfather of “Mark Antony”—having been kidnapped by pirates. *eius ipsius*: *the very man*.

385. *Ostiense* (adj.): *at Ostia*. Ostia is from *ostium*, *mouth*; compare *Portsmouth*, *Plymouth*, etc. It was the harbor of Rome, 16 miles distant, and was at the mouth of the Tiber.

387. *querar*: not Fut. Indicative. G. 466; A. & G. 112, b; B. 280;

H. 485 and 486, II. **prope** : see Note on l. 385 above. **ea** : *such*, followed by a Characteristic relative clause (**cui = ut ei**) with the Subjunctive.

391. **modo ante** : *just at*. **videbatis** : *used to see*.

393. **Oceani ostium** : to the ancients **Oceanus** meant a river, the mouth of which was the Straits of Gibraltar. **audiatis** : *should be hearing*.

§34. 394. **atque haec . . . praetereunda non sunt** : while the main thought of this sentence is the rapidity (**celeritate**) of Pompey's achievements, and we might therefore have expected **praetereundum non est**, yet the deeds themselves must be told to show the manner of their doing; this confusion between two things accounts for the agreement of the predicate **praetereunda** with **haec**, the subject of the dependent clause, instead of its true subject, the dependent clause itself. This dependent clause (**qua . . . sint**) is an Indirect Question dependent on **videtis**.

395. **a me** : instead of the more usual Dat. of the Agent with the Gerundive, perhaps for clearness ; compare Note on l. 60.

397. **adire . . . conficere** : Asyndeton (both verbs depending on **potuit**). **tam brevi tempore, quam celeriter**, etc. : to translate this literally would not make good English. Say : *who (inspired) with zeal (studio) in (of), etc., was ever able, etc., in so short a time as to equal the speed with which (quam celeriter) the storm (impetus) of war crossed the seas when Pompey led ?*

399. **tempestivo ad**, etc. : G. 359, R. 3 ; A. & G. 234, *b* ; B. 192, 2, N. ; H. 391, II. I.

§35. 404. **confirmata, missis, adornavit** : coordinate the three clauses in translation as if written, **confirmavit, misit, adornavit**. The two seas were the Mediterranean and the Adriatic.

407. **ut** : in the rather forced sense of *after*. In its Temporal use **ut** regularly means *as, when, etc.*

408. **imperium populi Romani** : although Rome was at this time a republic, *empire* is the right word here in the wider sense of dominion, power, etc.

411. **idem** (Nom.) : *also*. G. 310 ; A. & G. 195, *e* ; B. 248, 1 ; H. 451, 3. **Cretensibus** : Q. Metellus had been engaged since 68 B.C. in conquering Crete as one of the nests of piracy. He had shown much severity in the conduct of the war, and the Cretans in desperation had appealed to Pompey to interfere, Pompey being at the time in Pamphylia (in Asia Minor). It is questionable whether Pompey's commission by the Gabinian law included Crete in its terms. Nevertheless he did interfere, ordering Metellus to stop the war. This order

Metellus ignored, and a conflict was imminent between the two Roman generals when Pompey was called away by the troubles in the far East, where the figure of Mithridates began once more to loom up in formidable proportions.

412. *legatos deprecatoresque*: *envoys as suppliants*; Hendiadys.

413. *ita tantum bellum*, etc.: *thus a war so great*, etc., *a war in which all nations*, etc., *Cn. Pompeius prepared for at the close of winter*, etc.

§36. 418. *haec*: *such*, referring to what precedes. The thought is: "I have now spoken of Pompey's merits as a general: how about his other merits?"

419. *quid*: a general term = *what do they amount to*, or, simply, *what of his other merits?* It is afterwards split up into *quantae atque quam multae*, more specific terms, relating to magnitude and number. *paulo ante*: in §29.

422. *artes eximiae*: *splendid qualities*.

423. *quanta innocentia*: *how stainless*, lit. *of how great innocence*; Abl. of Quality.

425. *temperantia*: *self-control*. *fide, facilitate, ingenio, humanitate*: *fidelity, affability, address, and refinement*. *ingenium* is inborn character, especially talent or genius; here it seems to mean a natural tact in dealing with others.

426. *qualia sint*: *what their character is (as seen) in Pompey*; Indirect Question.

428. *ex aliorum contentione*: *by contrast with others*.

§37. 430. *ullo in numero putare*: *esteem of any account*. With this compare the phrase in *numero nullo esse*: *to be of no reputation*.

431. *veneant atque venierint* (both from *veneo*, not *venio*): Subjunctive of Characteristic.

432. *magnum aut amplum* (qualifying *quid*, not *hominem*) *de re publica cogitare*: supply *possumus putare* from the preceding sentence, and translate: *what high or noble thoughts (can we suppose) the man to have concerning the public weal, who*, etc. *quid*: Acc. of the Inner Object with *cogitare*.

434. *propter cupiditatem provinciae*: *on account of their lust for a province*, i.e. to retain command in a province. *provinciae*: Objective Genitive.

435. *in quaestu*: *profitably invested*; lit. *in profit*. Cicero makes the charge that some general or generals had taken money sent by the Senate for military purposes and appropriated it to the purpose of retaining their commands by bribery, or had actually used the money for private investment.

436. *facit ut . . . videamini*: *makes it apparent that you*, etc.; lit. *causes that you seem*. For the construction, see G. 553; A. & G. 332; B. 297, 1; H. 498, II. *qui*: interrogative, not relative, introducing an Indirect Question.

438. *voluerit*: Fut. Perf., but translated loosely as Present.

439. *quantas . . . ferant, quis ignorat*: the former clause depends on the latter as an Indirect Question, but preserve the order in translation.

§38. 441. *itinerata*: emphatic position. *quae*: interrogative, not relative.

443. *quid . . . existimetis*: *what you are to think*, not *what you think*; representing an original Subjv., i.e. a Deliberative Subjv. in the Direct Question. G. 467, 3; A. & G. 334, *b*; B. 300, 2; H. 523, II. 1, N.

444. *utrum . . . an*: a Direct Disjunctive (or Double) Question. G. 458; A. & G. 211, 2; B. 162, 4; H. 353. Cicero intimates that it was more destructive to allied cities to furnish winter-quarters for Roman armies than it was to hostile cities to be attacked by them.

446. *neque enim potest*, etc.: *for it is not possible for a general either to*, etc.

447. *continere*: *control*. *se ipse*: G. 311, 2; A. & G. 195, 1; B. 249, 2; H. 452, 1. *in se* (Acc.): *towards himself*.

§39. 451. *non modo*: the second *non* (which is understood here) is omitted when followed by *ne . . . quidem*, provided the two clauses have the same verb. G. 482, R. 1; A. & G. 149, *e*; B. 342, 3, *a*; H. 552, 2. Translate: *not only not*. *cuiquam*: Dat. after *nocuisse*. The thought is, of course, extravagant: 'the soldiers under Pompey, according to Cicero, not only refrained from wilful violence with their hands, but even marched through the country without leaving any trace of their footsteps.'

452. *iam vero*: *and now*.

453. *hibernent*: Subjunctive in Indirect Question, depending on *sermone*, etc.

454. *sumptum facere in*: = *to make an outlay on*. *militem*: *soldiery*, Singular for the Plural.

455. *vis adfertur*: *is pressure brought to bear*, the phrase being equivalent to a verb of Urging, hence followed by a Complementary Final clause, *ut faciat*.

456. *hiemis, non avaritiae perfugium*: *a refuge from the winter, not for avarice*. The two Genitives differ in use, the first being the Objective Genitive, the second the Subjective Genitive. *esse*: *that there should be*.

§40. 458. *age vero*: *but again*, lit. *but come*. *quali temperantia*: *how self-controlled*, lit. *of what self-control*; Abl. of Quality.

460. **non** : the position of the negative at the beginning of the sentence here gives effect to it all through. At the same time, by putting **illum** next to **non**, Cicero emphasizes the pronoun, marking the contrast between Pompey and other generals : " Whatever was true of others, HE was not helped by these extraneous causes."

461. **eximia vis** : *the extraordinary vigor.*

462. **novi** : *unusual.*

464. **non avaritia, non libido**, etc. : note the position of the negative again, emphasizing the absence of these vices in Pompey's case. See Note on l. 460 above.

465. **amoenitas** : *charm of scenery, lit. loveliness.*

466. **nobilitas** : *fame.* **ad cognitionem** : *to (make) its acquaintance* ; ad here (as often) with a substantive expressing Design.

467. **signa** : *statues.*

468. **ceteri** : supply **imperatores.** **tollenda** : *to be carried off*, that is, as prizes of war.

469. **ea** : emphatic appositive to **signa**, etc., above.

§41. 472. **fuisse . . . homines Romanos**, etc. : *that Romans once really possessed this self-control, lit. were of this self-control.*

473. **quod** : *a fact that* ; in apposition to the preceding sentence.

476. **maiores suos** : subject of **maluisse.** Whose ancestors are meant ?

478. **iam vero** : *and finally*, introducing a Climax, as often.

479. **faciles aditus** : Pompey, he says, was so easily approached by private persons and so freely gave his attention to their complaints that, while he surpassed princes in true worth, he seemed on a level with the humblest in accessibility. **aliorum** : Subjective Genitive. G. 363, I ; A. & G. 214 ; B. 199 ; H. 396, II.

§42. 482. **quantum consilio . . . valeat** : *how strong he is in counsel, how strong in the weight and fluency of his speech*, etc. ; Indirect Question.

483. **imperatoria** : *worthy of a commander.*

484. **loco** : the *Rostra.* He means that they had heard him speak on public questions. **fidem eius** : *(as for) his good faith* ; emphatic position.

486. **omnium generum** : qualifies **hostes.** **iudicant** : Subjv. after the Causal relative, **quam = cum eam.** **sanctissimam** : *inviolable.*

487. **dictu** : explain the use of this form. G. 436 ; A. & G. 253, a ; B. 340, 2 ; H. 547. **utrum . . . an** : these words introduce either a

Direct or an Indirect Question. Which here ? See Note on l. 444, and compare the moods in the two cases. **pugnantes** and **victi** are predicate attributes to **hostes.** Translate : *while fighting* and *after they are conquered.*

489. quin : why used here ? G. 555 ; A. & G. 332, *g*, N. 1 ; B. 298 ; H. 505, 1.

491. natus esse : Nominative because only a copulative verb (**videatur**) intervenes between it and the subject. G. 206 ; A. & G. 185, *a* ; B. 168, 2 ; H. 362, 2.

(c) His Prestige (§§43-46).

The prestige necessary to the successful conduct of a war Pompey possesses in a preëminent degree. Proof of this was furnished by the unanimity with which you demanded his appointment to the command against the pirates ; by the fall in prices that followed immediately upon his appointment ; by the happy effect of his mere presence in Asia when the cause of Rome against Mithridates and Tigranes was well-nigh lost. (§§43-45.)

The Cretan affair, in which the inhabitants of that island appealed to Pompey for his intervention, shows what the enemies of Rome think of him. And did not Mithridates himself send an envoy as far as Spain for the purpose of treating with Pompey ? (§46.)

§43. 494. multum valet : has much weight ; Acc. of Extent. So plurimum further on.

495. quin : see Note on l. 489, where an affirmative was questioned, while here we have a negative. **re** : respect. **idem** : also, not the same. See Note on l. 637 below. **imperator** : as a commander.

496. vehementer autem, etc. : preserve the order of the clauses. Use the word "it" as the preparatory subject of **pertinere**, the real subject following in the two **quid**-clauses. The Subjv. (**existiment**) indicates an Indirect Question, dependent not on **ignorat** but on the general idea of obliquity inherent in the context. **ignorat** here takes an Acc. (the **quid** clauses) and Inf. (**pertinere**). Translate : *that it has a great deal to do with the conduct of wars, what the enemy, what the allies think, etc., who is ignorant, etc.?* ~~that it has a great deal to do with~~

498. ut aut contemnant, etc. : to despise, etc. ; Complementary Consecutive clause, depending on **commoveri**.

499. opinione : general impressions ; **fama** : report (*gossip*) ; **ratione certa** : well-defined reason.

502. id quod, etc. : a fact that, etc. (parenthetic). G. 614, r. 2 ; A. & G. 200, *e* ; B. 247, 1, *b* ; H. 445, 7.

503. iudicia : as evidenced by the honors which they had conferred on Pompey.

§44. 505. quo (= **ut eo**) : relative adverb introducing a Characteristic Subjunctive. **illius diei** : when the Gabinian law was passed.

507: *unum*: construe with *Pompeium*. *commune omnium gentium*: because all were interested in clearing the Mediterranean of the pirates.

509. *ut plura non dicam*: *to leave more unsaid*; for the more common *ne* of negative Design. *non* here negatives a single word (*dicam*).

511. *rerum egregiarum*: *conspicuous events*. With the words *qui quo die*, etc., he begins to enumerate the events that indicated the prestige enjoyed by Pompey. He has already (in the first part of this section) adduced the popularity indicated by the passage of the Gabinian law as one of the signs, and devotes the remainder of this section and §§45, 46 to other evidences that go to prove the point. *sumantur*: *let*, etc.; Optative Subjunctive.

512. *qui quo die = eo die, quo die is*: *the day on which he*. Note the two relatives beginning one sentence, not to be reproduced in English. *bello*: Dat. after *prae* in composition.

513. *imperator*: *as commander*. *ex*: *after*.

515. *unius hominis spe ac nomine*: *from the hope inspired by one man's name*; lit. *from the hope and name*, etc. The depredations of the pirates had caused such a panic in Rome that famine prices prevailed in the grain-market, until the appointment of Pompey by the Gabinian law brought reassurance and relief.

516. *potuisset*: the Apodosis of an Unreal (contrary to fact) Condition, the Protasis being implied in the words in *summa ubertate agrorum = si agri uberrimi fuissent*. See also Note on l. 290.

§45. 517. *paulo ante*: in §25 (end) above. To what disaster does he here refer? See Note on l. 287.

518. *cum . . . haberet*: observe that three verbs follow this *cum*. What use of *cum* is this? The main clause begins with the word *amisissetis*.

520. *amisissetis*: an Apodosis to which *nisi . . . attulisset* is the answering Protasis. What kind of Condition? *ad ipsum discrimen eius temporis*: *for the very crisis of that occasion*; that is, *in the nick of time*.

523. *continuit*: *checked*; *retardavit*: *arrested*.

525. *virtute*: *generalship*.

527. *ipso (mere) nomine ac rumore*: translate as Hendiadys, and compare Note on l. 515.

§46. 528. *age vero*: see Note on l. 458. *illa res*: explained by the following *quod*-clause, (*namely*) *the fact that*, etc. See G. 525, 2; A. & G. 333; B. 299, 1; H. 540, IV.

532. *Cretensium*: see Note on l. 411. *noster imperator*: *Metellus*.

533. in ultimas terras: i.e. Pamphylia, which was ultima to Rome but not to Crete.

537. eum: subject of iudicari below, the two together being the object of maluerunt, to which ei is subject. But to preserve the emphasis, translate: *a man (eum) whom Pompey always considered an envoy, [while] they to whom it was annoying (molestum) that he should have been sent to Pompey especially (potissimum), preferred that he should be considered, etc.* At this time Metellus was in command against Sertorius in Spain, Pompey being a subordinate officer. Cicero means that the friends of Metellus were annoyed because Mithridates had sent his envoy to sound Pompey rather than his ranking officer Metellus.

540. auctoritatem: Prolepsis. G. 468; A. & G. 385; B. 374, 5; compare H. 636, iv. 3. The subject of the dependent clause (here of valituram esse) is treated as the object of the leading clause.

(d) His Good Fortune (§§47, 48).

While it is not becoming in mortals to speak too boldly of such subjects, yet it may be said with truth that the most successful commanders have always been Fortune's favorites. This is so strikingly true in Pompey's case that his successes have been more numerous and more marked than any other general has dared to hope for. You should be glad, therefore, to promote at once the public welfare and the success of one who has been its chief instrument.

§47. 544. reliquum est ut, etc.: translate in the following order: de felicitate, quam nemo potest praestare (*warrant, insure*) de se ipso, (supply sed or the like) possumus meminisse et commemorare (*record*) de altero, reliquum est ut dicamus, sicut aequum est homines (supply dicere) de potestate deorum, timide et pauca (*briefly*).

547. Maximo: Q. Fabius Maximus, whose policy in the Second Punic War against Hannibal gave him the nickname Cunctator (from cunctari: to delay) and to our vocabulary the word "Fabian" (dilatatory).

Marcello: M. Claudius Marcellus, the conqueror of Syracuse in the same war.

Scipioni: probably P. Scipio Aemilianus, who from his conquest of Africa in the Third Punic War was called Africanus.

Mario: C. Marius, who in Cicero's childhood crushed the Cimbri and the Teutones.

551. fuit enim profecto, etc.: *for Fortune in a way (quaedam) has, I am sure (profecto), been yoked, etc.* quidam (lit. certain) is often added to a word to tone down what might otherwise seem too bold a statement. ad: *for.*

554. *hac . . . non ut dicam*: *not such . . . as to assert* (implying really a want of moderation); Consecutive Subjunctive.

556. *ut . . . videamur*: (*such*) *that we shall appear*. In this and the preceding clause the idea of Design necessarily inheres in the context on account of the Future of the first person (*utar*), although both clauses are Consecutive after *hac*. A sentence of pure Design (negative) follows in *ne . . . videatur*.

§48. 559. *gesserit*: Subjv. of Indirect Question.

560. *ut*: *how*.

563. *impudentem*: *presumptuous*.

564. *tacitus*: adjective for the adverb. G. 325, R. 6; A. & G. 181; B. 239; H. 443. *auderet*: Subjunctive of Characteristic.

565. *quod ut*, etc.: *and that this characteristic may*, etc.; lit. *which thing may*, etc.

566. *cum . . . tum*: G. 588; A. & G. 208, *d*; B. 290, 2; H. 554, I. 5.

567. *causa*: to be taken with *salutis* and *imperi* as well as *hominis*.

§49. 569-576. In this section Cicero recapitulates the arguments he has used in the *Confirmatio* under the heads of the character of the war, its magnitude, and the choice of a commander. Such summaries are necessary in any formal argument in order to keep in mind and enforce what has already been said before proceeding to the next stage of the subject. With the transitions with which Cicero passes from one part of an oration to the next, these summaries help to promote the coherence of the whole.

569. *cum*: Causal.

571. *ei = bello*: Dat. after *prae-* in composition (*praefficere*).

573. *quin*: used because *dubitatis* is questioned. *hoc tantum boni*: *this great blessing*; Partitive Genitive.

575. *conferatis*: *ought to bring to bear, avail yourselves of*. The Subjv. is original, representing the Deliberative Subjv. in the direct form. G. 555, R. 1.

At this point, as a practical illustration of Pompey's *felicitas*, and as evidence of the will of the gods, Cicero in §50 closes the *Confirmatio* by reminding his hearers that that commander is already in Asia with an army.

A Further Advantage (§50).

In any event, Pompey should be your choice for the command on account of his consummate qualifications; but to all that I have said must be added the further advantage of his presence in Asia, a circumstance that points to the way the gods are leading.

§50. 578. *erat deligendus*: *would be the one to choose*; why not

esset? See G. 597, R. 3 (a); A. & G. 308, c; B. 304, 3, b; H. 511, 2. Note also the Concessive force of the Condition.

579. *nunc*: *as it is*.

580. *opportunitas*: *lucky circumstance*. *ut . . . adsit*, etc.: there are three ways in which these Subjunctives might be accounted for—(1) the influence of the preceding demonstrative (*haec*), leading to a Consecutive clause; (2) the fact that the substantive *opportunitas* requires an explanation, also leading to a Consecutive clause; (3) the meaning of the verb *adiungatur* (*is added*), although according to the grammars the third case is applicable only to impersonal verbs. G. 553, 4; A. & G. 332, a, 2; B. 297, 2; H. 501, I. 1. It is to be noted, however, that the so-called impersonal verbs have an *ut*-clause for their subject, and in the present passage *opportunitas* only prepares the way for such a clause. In any case the Subjunctives are Consecutive, and perhaps are most naturally accounted for as explanatory of *opportunitas*. G. 557; A. & G. 332, a, 2; B. 297, 3; H. 501, I. 2.

581. *ab eis*, etc.: i.e. from the generals hitherto in command he could get a second army.

584. *committamus*: *should*, etc.; Potential Rhetorical Question, implying *we should*, etc.

IV. REFUTATIO (§§51-68).

Objections to the Manilian law have been raised by Hortensius and Catulus, two men of unquestionable reputation. Their influence in the present case, however, cannot avail with you, especially as both admit the truth of all that I have said concerning the necessity and the proportions of the war, and the supreme worth of Pompey. (§51.)

1. The objections of Hortensius answered (§§52-58).

2. The objections of Catulus answered (§§59-63).

3. Senatorial objections in general answered, and authorities cited in defence of the proposed law (§§63-68).

§51. 586. *at enim*: the usual words employed in introducing objections.

587. *vestris beneficiis amplissimis adfectus*: *honored with the proudest distinctions at your hands*, lit. *affected*, or *treated*, with, etc. The verb *adficere* with the Abl. (*honoribus*, *laetitia*, *ignominia*, *iniuria*, etc.) is a very common circumlocution in Latin in both good and bad senses, and is best translated freely as here. Q. Catulus: one of the noblest members of the aristocracy, consul in 78 B.C. *itemque*,

etc.: observe that in each instance Cicero describes the man before naming him. The words **summis . . . praeditus** apply, therefore, to Hortensius, Cicero's rival in oratory, and, until eclipsed by Cicero in the trial of Verres, the leader of the Roman bar. He was consul in 69 B.C.

589. **ratione**: *view*.

590. **auctoritatem**: *influence*, but in the next sentence *opinions* (**auctoritates**). In each instance the underlying idea is that of weight derived from rank or position. **plurimum valuisse**: *has had the greatest weight*, lit. *has availed in the greatest measure*; Acc. of Extent.

592. **cognoscetis**: *will hear of*, i.e. later in his speech. The idea is, that although he could match Catulus and Hortensius in their opposition to the bill with other statesmen who favored it, yet he preferred for the moment to waive this point, and have the matter settled on its merits. In §68 below, he names some of those who advocated the measure.

593. **ipsa re ac ratione**: *from the very reason of the case*, lit. *from the fact itself and reason*; Hendiadys.

595. **isti**: referring (as often) to the opposite side.

596. **et necessarium**, etc.: these two clauses (Acc. and Inf.) are in apposition to **ea omnia quae . . . dicta sunt**.

1. The Objections of Hortensius Answered (§§52-58).

Hortensius admits that if all the power granted by the Manilian law is to be conferred on a single person, then Pompey is the man most worthy of appointment; but he opposes on principle a measure that gives so much to one man. An answer to this argument is furnished in the case of the Gabinian law of last year, which conferred like powers on Pompey, and has been amply justified by the glorious results. For we, whose ancestors once ruled the seas, had become as helpless against the pirates as the most insignificant city, and now, thanks to the Gabinian law and to Pompey, we are once more masters of the world. (§§52-56.)

How ungracious too is that opposition which would prevent the appointment of Gabinius as Pompey's lieutenant in the present war! For to Gabinius, as the author of the former law, is due hardly less credit than to Pompey himself. (§§57, 58.)

§52. 600. **obsolevit**: *is out of date*, lit. *has grown old*. **oratio**: *argument*. Observe the use here of **iam** as the "now" of experience —by this time.

601. *refutata* : Nôm., agreeing with *oratio*. *idem* : meaning ?

602. *pro* : *in accordance with* ; that is, *as was to be expected of*.

604. *graviter ornateque* : *with weight and studied effect*, lit. *weightily and ornately*.

605. *promulgasset* : *had given notice of*, as required by law, a few days before a measure could be voted on.

606. *permulta verba fecisti* : *spoke at length*.

§53. 607. *plus apud . . . valuisset* : *had weighed more with* ; Plupf. Subjv. in an Unreal (contrary to fact) Protasis of Past time, the Apodosis (*teneremus*) denoting opposition to the Present time.

609. *vera causa* : *their true interests*.

610. *an* : in the Disjunctive (or Double) Question the second member is regularly introduced with this word. Here, however, as often, the first member of the sentence is only implied in the context. G. 457, 1 ; A. & G. 211, *b* ; B. 162, 4, *a* ; H. 335. Translate : *or did this really seem an empire at the time when, etc. ?*

611. *legati* : see Note on l. 374.

614. *rem transmarinam obire* : *conduct business across the sea*.

§54. 618. *maritimis rebus* : *sea-power*.

621. *tenuis* : *insignificant*, lit. *slender* in resources. *tam* in this sentence leads to a Characteristic clause, *quae . . . defenderet*.

623. *at* : *and yet*, introducing a sharp contrast.

626. *permanserit* : as denoting a Characteristic, this Subjv. is far more effective here than the simple Indic. of the bare fact would have been. *ac* : *indeed*. *parte* : why Ablative ? G. 405 ; A. & G. 243, *a* ; B. 218, 8 ; H. 421, 11.

627. *utilitatis* : for the meaning of this word, see Note on l. 155.

§55. 628. *Antiochum* : Antiochus the Great, King of Syria, and ally of Philip V. of Macedonia in the Second Macedonian War (200-197 B.C.). *Persen* : Perses, son of Philip V., in the Third Macedonian War (171-168 B.C.).

629. *Karthaginiensis* : Acc. Plural. Carthage was the last rival Rome had in the struggle for supremacy in the ancient world. At the beginning of the First Punic War (264 B.C.) the naval power of the Carthaginians was so far superior to that of Rome that their ambassadors told the Romans that they could not even wash their hands in the sea without permission from the Carthaginians. But the Romans were quick to learn from others, and after building their ships and developing their own naval tactics they gained a victory in the first naval fight they had with their rivals (260 B.C.). The conquerors soon established their supremacy on the water, and extended their conquests into the enemy's country.

631. *ei* : in apposition to *nos* (four lines above), but serving to concentrate in one word the force of the preceding relative clauses. The effect may, perhaps, be reproduced by translating: *we, alas!*

634. *salvos praestare* : *to warrant safe; that is, guarantee the safety of.*

635. *quo* : *whither; Terminal adverb.*

636. *commeabant* : *used to resort.* The Imperfects throughout this passage (except *carebamus*) denote Customary Action.

637. *eidem* : *we also.* *idem* is the regular word to unite two or more attributes or predicates on a person or thing. G. 310; A. & G. 195, *e*; B. 248, 1; H. 451, 3.

639. *Appia via* : the greatest of Roman roads, extending along the western shore of Italy till it reached Capua, thence running more easterly and ending at Brundisium in the "heel" of Italy. *carebamus* : *were losing, saw ourselves losing.*

640. *magistratus . . . escendere* : account for the case and also for the Infinitive. G. 377 and R. 3; A. & G. 221, *b* and *c*; B. 209, 1, *a*; H. 409, III. and 410, IV. *locum* : i.e. the *Rostra*, where the people assembled in the *contio* to hear a question discussed before it came up in the *Comitia* for their votes.

641. *exuviis* : the name *Rostra* itself was derived from the fact that its platform, from which orators addressed the people, was embellished (*ornatum*) with the bronze prows (*rostra*) of ships captured in the Latin War at Antium (338 B.C.).

§56. 643. *bono animo* : *with good intentions; Ablative of Manner, qualifying dicere below.* *te* and *ceteros* are the subjects of *dicere*.

646. *dolori* : *vexation, on account of Roman apathy in the face of the depredations of the pirates.*

647. *vestrae* (not *tuae*) : referring not only to Hortensius but also to Catulus and all who had the same views (in *eadem sententia*) concerning the Gabinian law. Of course, the *una lex* was the Gabinian law, the *unus vir* Pompey, and the *unus annus* the year 67 B.C.

649. *aliquando* : *at last, lit. at some time.*

650. *gentibus* : *peoples; why Dative? G. 346; A. & G. 227; B. 187, II. a; H. 385, 1.*

§57. 651. *quo . . . indignius* : *wherefore all the more unworthy; quo* is Abl. of Measure of Difference (lit. *by which*). *obtrectatum* (*disparaged*) *esse* : intransitive verbs must in the passive become impersonal, the Dative being retained. G. 217; A. & G. 230; B. 187, II. *b*; H. 301, 1. Translate : *that—shall I say Gabinius or Pompey, or both, etc.—should have been disparaged in order that Gabinius might*

not be appointed lieutenant, that is, to keep him from being appointed, etc.

653. expetenti, postulanti: Concessive participles. G. 664; A. & G. 292; B. 337, 2, e; H. 549.

654. utrum: modern English omits *whether* in the Direct Question.

655. velit: *would like*; Potential, or perhaps Subjv. of Partial Obliquity, implying Pompey's thought. **qui impetret:** Subjv. of Characteristic. This is a common construction after *idoneus*, also after *aptus, dignus, indignus*. Translate: *the proper person to obtain his wish.* **cum:** Causal, but may be translated *when*.

656. ad expilandos socios, etc.: if such men as these, says Cicero, might choose their own *legati*, surely Pompey, the model soldier, should be allowed the same privilege.

657. ipse: *the very man*, i.e. Gabinus. The student should be cautioned against confounding the two laws here concerned—the Gabinian law of the preceding year, appointing Pompey in command against the pirates, and the present Manilian law for his appointment to conduct the Mithridatic war.

659. expers (from *ex* and *pars*): *without a share*.

660. qui . . . est constitutus: Singular because of the close connection between the two subjects, both having been created by the same law. **periculo:** *risk*, on account of the excited opposition to the passage of the law, and his responsibility for the consequences after its passage.

§58. **661. an C. Falcidius, etc.:** *or (while) Falcidius, etc., although they had been tribunes of the people, were able to be legati the next year, are they* (the opponents of the law) *so careful in the case of (in) Gabinus alone, who, etc.* The true reason for this opposition to the appointment of Gabinus (a reason of which Cicero says nothing) was possibly found in the old statute (the *lex Aebutia*, 170 B.C.) which prohibited the proposer of a law that created any office or power from active participation in the benefits of the office so created, for the present law, proposed by Manilius, only added to the powers already conferred upon Pompey by the law of Gabinus. According to Cicero's words the opposition was based on the fact that Gabinus had been tribune of the people the preceding year.

662. honoris causa: *with all respect*; a common phrase.

666. etiam praecipuo iure esse: *to enjoy even special rights*, that is, Gabinus had a special claim to such an appointment; Abl. of Quality. **deberet:** Impf. because an Unreal Apodosis in Present time, Subjv. because Concessive (*qui* in l. 664, its subject, being = *cum is*). Verbs of Obligation, etc., in the Apodosis of an Unreal Condition

regularly take the Indic. unless there are other reasons for the use of the Subjunctive. Compare the Note on *potuisset*, l. 290, where the Subjv. was used for a different reason.

667. de quo legando: (*the question*) of his appointment as legatus. *relatuos ad:* will lay before; the technical term for laying a subject before the Senate. *qui si:* and if they.

668. me relaturum: only Magistrates had this right. As praetor, therefore, Cicero had the right unless forbidden by a higher Magistrate.

669. impediēt . . . quo minus: G. 549; A. & G. 331, e, 2; B. 295, 3; H. 497, II. 2. This is the regular construction with *impedire*, although, on account of the negative, *quin* might have been used. *Prohibere*, on the other hand, regularly takes the Infinitive.

670. vobis: Abl. with *fretus*. G. 401, R. 6; A. & G. 254, 2; B. 218, 3; H. top of p. 228. *vestrum ius beneficiumque:* your right and favor, the right to appoint and the favor to be shown to Gabinius.

671. intercessionem: i.e. of a tribune.

672. quid liceat: what they are permitted (to do), i.e. how far they may go in their opposition; Indirect Question.

673. unus: = solus.

674. socius: as partner (sharer).

675. alter, uni . . . alter: the first and the third of these words are regularly used of two definite persons, *the one . . . the other*; *uni* seems to be used to avoid too much repetition, although it refers to the same person as the second *alter*, i.e. Pompey. The first *alter*, of course, refers to Gabinius. See G. 319; A. & G. 203; B. 253, 1; H. 459.

2. The Objections of Catulus Answered (§§59-63).

As for the objection raised by Catulus, that if any accident should happen to Pompey he would be without any successor, you made the proper answer in saying as you did that in such an event you would put your faith in Catulus himself. His second objection—that the measure is without precedent—is also untenable, since in a time of war the Roman people are guided less by precedent than by expediency, as you have already shown in the case of Pompey himself. Indeed, Pompey's career throughout has been a contradiction of all precedent, and that too with the assent even of Catulus and his friends.

§59. **679. videatur:** compare Note on l. 300.

680. si . . . poneretis, etc.: the direct question asked by Catulus was —*si . . . ponetis* (Fut.), *si quid eo factum erit* (Fut. Perf.), *in quo* (interrogative, not relative) *spem habebitis* (Fut.) or *estis habituri* (Fut. peri-

phrastic)? In the indirect form (as in the text) the periphrastic form (*essetis habituri*) is necessary because nothing else in the context shows that the time is future. G. 515; A. & G. 334, a; B. 269, 3; H. 529, II. 4. In the direct words given above, however, every verb is either Fut. or Fut. Perf., so that the periphrastic is not needed; if used, it implies that Catulus put the question in the form of a present intention: *in whom are you going to put your faith?* **omnia poneretis: made everything depend on.** **si quid eo factum esset: if anything should happen to him; lit. if anything should have been done with him.** For the use of the Abl. (*eo*) here, see G. (L. Ed.) 401, N. 7; A. & G. 244, d; H. 415, III. N. 1.

682. fructum: reward. **cum: = quod: in that.** G. 582.

684. res: enterprise. **quam: = ut eam; Characteristic relative,** hence the Subjv. **possit.**

687. quo... hoc: the... the; Abl. of Measure of Difference. G. 403; A. & G. 250, R.; B. 223; H. 423.

688. dum per deos, etc.: so long as the immortal gods permit. G. 569; A. & G. 328, 2; B. 293, II.; H. 519, I.

689. viri vita atque virtute: Alliteration.

§60. **689. 'at enim ne,' etc.: but let no innovation be introduced,** etc.: quoting the second and main objection of Catulus. Account for the use here of each of the words—**ne** (why not **non**?), **quid** (kind of pronoun, and used after what words?), **novi** (why Gen.?), and **fiat** (why Subjv.?).

690. non dicam, etc.: an instance of Praeteritio, or pretended suppression of facts really mentioned. See Note on the *First Oration against Catiline*, I. 23.

691. in: in a time of; denoting the character of the time. G. 394.

692. utilitati: expediency; why Dative?

693. novorum consiliorum rationes: this does not differ in meaning much from the simpler nova consilia, the circumlocution being used apparently only to balance the similar form ad novos casus temporum preceding. Trans.: *to new emergencies have adapted new measures.*

694. ab uno imperatore: i.e. Scipio Aemilianus, who destroyed Carthage in 146 B.C. and Numantia (in Spain) in 133 B.C. He was twice consul—the first time (147 B.C.) before he was of age, the second (134 B.C.) when there was a law ne quis consul bis fieret. His election in both cases, therefore, was contra exempla atque instituta maiorum (l. 690).

698. vobis... esse visum ut, etc.: note this phrase for resolve, followed by an ut-clause of Design. For the career of Marius, read Introduction, §18 following.

§61. 701. in: meaning? novi: Part. Gen. after nihil.

702. sint... constituta: Indirect Question depending on recorda-
mini. summa voluntate: with the full approval.

704. tam novum, quam adolescentem privatum, etc.: so unprecedented
as that a young man as a private individual, etc. In his young
manhood Pompey had raised (conficere) an army for Sulla in the first
civil war. The facts here referred to have already been related in
the Note on l. 325 above.

709. imperium: trans. the imperium, and see Introduction, §56.

710. administrandum: factitive predicate expressing Design. G. 430;
A. & G. 294, d; B. 337, 7, b, 2; H. 544, 2, x. 2.

711. innocentia, etc.: Ablatives of Quality.

712. victorem: crowned with victory, part of the predicate.

714. triumphare: the honor of a triumph was reserved by usage for
men of either consular or praetorian rank. Pompey had been neither
praetor nor consul, so that it required a special dispensation of the
Senate to remove the legal restrictions in his case.

§62. 717. ut: a variation from the more common Acc. and Inf.
used in the preceding clauses. There is little appreciable difference
between the two constructions, the Acc. and Inf. stating the mere
idea, the ut-clause emphasizing the condition of things that produced
the result. Compare G. (L. Ed.) 558, x.

719. Pompey when a mere knight was sent with proconsular powers
to reinforce Metellus in his campaign against Sertorius. What was a
proconsul? See Introduction, §60.

720. non nemo: some; lit. not no one. With this expression compare
nemo non = everybody; similarly non nihil means somewhat, but
nihil non everything. See G. 449, 4; A. & G. 150, b; H. 553, 1. qui
diceret: to say; Subjv. of Characteristic.

721. privatum pro consule: put side by side to make the contrast
more striking. L. Philippus: a distinguished orator, an ex-consul,
and Pompey's friend.

722. non se... mittere: a witticism at the expense of the two consuls,
quoted by Cicero, of course, to enhance the credit of Pompey.

723. in eo... constituebatur: was built on him.

724. munus: official duty.

726. legibus solutus: released from the legal restrictions. The
Senate suspended two laws in Pompey's favor to allow him to be-
come consul (70 B.C.). At this time Pompey was thirty-six, and
had held no curule office. (1) What was the age of eligibility for the
consulship? (2) What other magistracies must the candidate for the
consulship have held previously? See Introduction, §54.

728. licuisset: Plupf. because prior to fieret. **iterum eques Romanus:** when Pompey celebrated his second triumph on the last day of December, 71 B.C., he was only consul-elect (although he entered upon his duties as consul the next day); Cicero, therefore, says that he was still a mere knight.

729. quae . . . nova . . . constituta sunt, ea: *all the unprecedented cases which have occurred, been established.* **in:** meaning?

§63. 732. atque: *and what is more;* the regular force of this word. **exempla:** precedents.

733. profecta sunt in hominem a . . . auctoritate: *have been created for the same man with the sanction of Catulus, etc., lit. have proceeded to the same man from the authority, etc.*

3. Senatorial Objections in General Answered, and Authorities Cited in Defence of the Law (§§63-68).

The Roman people have hitherto seconded the Senate in honoring Pompey: let not the Senate now prove false to the popular cause. In the case of the Gabinian law a year ago you showed more insight than did these same objectors, and thus saved the country. (§§63, 64, ll. 736-750.)

Again, the ill-repute into which the Roman name has fallen in Asia and the neighboring countries by reason of the scandalous conduct of our former generals leaves us no choice in the matter: other generals might conquer the enemy, but only Pompey is proof against temptation. (§§64-68, ll. 751-794.)

And if his appointment needs the sanction of statesmen, it has the approval of such eminent men as Servilius, Curio, Lentulus, and Cassius. (§68, ll. 795-806.)

736. videant: why Subjunctive? **ne sit:** why Subjunctive?

737. illorum: i.e. Catulus and other Senators. **a vobis:** i.e. by the people. Observe that this clause, though grammatically coördinate with the next (**vestrum ab illis . . . improbari**), is logically subordinate to it. Translate: *that (while) their opinion concerning the dignity of Pompey, etc.* This placing of two clauses side by side on an equal footing is called Parataxis (coördination). The more common arrangement here would have been Hypotaxis (subordination). See G. 472; A. & G. p. 164.

738. comprobata semper esse: as the popular assemblies in Sulla's time had really very little authority and as this was the time to which Cicero is referring in this passage, it will be seen that he overstates the degree of "popular approval" accorded to the measures of the

Senate; this he does in order to claim a return now from the senatorial party (Catulus, etc.) in favor of the people.

740. *suo iure*: with full right; that is, on account of the results that followed the passing of the Gabinian law, as stated in the following clause.

741. *vel*: even.

743. *quem . . . praeponeretis*: to place him in charge; Subjv. of *De-sign. bello*: why Dative?

§64. 744. *rei publicae*: what is the difference in meaning between *consulere* with the Dative and with the Accusative? *consult republici*

745. *recte* (emphatic position) . . . *conantur*: they are right to try.

746. *sin autem . . . attulistis*: if on the other hand you then showed more insight (*plus vidistis*), etc., (and) in spite of their opposition (*eis repugnantibus*, Abl. Abs.) brought dignity, etc. Why is *sin* used here?

749. *sibi, ceteris*: Dat. of the Agent. On account of the following Dat. (*auctoritati*, Indirect Object of *parendum esse*), we might have expected *ab* with the Abl., but the sense is so clear as to render the preposition unnecessary.

750. *parendum esse*: obedience must be rendered; lit. it must be obeyed, impersonal. Observe that intransitive verbs are regularly impersonal in the passive. G. 217; A. & G. 230; B. 187, II. b; H. 301, I. *fateantur*: why Subjunctive?

751. *atque in hoc*, etc.: in this and the three following sections there is an apparent repetition of what has already been said of the soldierly and other virtues of Pompey. Apart from the fact, however, that in oratory repetition is not only a virtue but a necessity, the similarity of thought between this passage and that of §36 following is only general: in the former case he eulogized Pompey as a commander under any circumstances; in the present case he dwells upon his peculiar fitness for the command in Asia, where Roman generals and armies had brought the Roman name into ill-repute and where Pompey alone among Roman commanders enjoyed an unsullied reputation. His appointment was, therefore, a necessity if the people wished to rehabilitate the name of Rome in Asia. *regio*: adjective, but translated as if written *cum rege*.

752. *in Pompeio*: a common substitute for the Dat. of Possession when speaking of qualities. G. 349, R. 3.

755. *ita versari*: so to act, followed by a sentence of Result.

imperatorem: Singular for Plural (one standing for all). *nisi*: except or but (so frequently after negatives).

757. *pudore ac temperantia moderatiores*: under better control (i.e. than is usually the case) in modesty and self-restraint; lit. more

moderate, etc. **si** here is Concessive, as shown by **tamen** following. **talis** (Acc. Plural): that is, nobody gives them credit for it on account of the exceptional occurrence.

§65. 759. **simus**: Subjv. of Indirect Question.

761. **libidines et iniurias** (after **propter**): the former is opposed to **pudore** above, and **iniurias** to **temperantia**. Translate **eorum**: *on the part of those* (Subjective Gen.).

763. **quam**: interrogative. So **quod** preceding (l. 761).

765. **requiruntur**: *are in request*. **quibus** (= **ut eis**) **causa belli** . . . **inferatur**: *that an excuse for war may be brought up against them*: relative clause of Design.

§66. 766. **libentur** (emphatic position) . . . **disputarem**: *I should have liked to discuss*, lit. *should gladly have discussed*; Potential of the Past. G. 258; A. & G. 311, a; B. 280; H. 485, n. 1. Avoid the common error of supplying unnecessary words to explain the Potential Subjunctive as an elliptical Condition. **coram**: *face to face*.

770. **simulatione**: *under the pretence*.

773. **capere possit**: *can hold, has room for*. Even subordinate officers, he says, were in the habit of putting on high and mighty airs (**animos ac spiritus**) in Asia.

774. **conlatis signis**: *in a pitched battle*; Ablative Absolute. **signa conferre** means *to bring standards together, engage in a close fight*.

775. **idem** (Nom.): *also*. **qui**: *one who*. Note the rhetorical repetition (called *Anaphora*) of the relative, each having the same predicate **possit**. Observe also that the object of **cohibere** is **se** in each clause except the last, where it is particularized in the words **manus, oculos, animum**. The Subjv. is Characteristic; so **mittatur**. See Note on l. 655.

§67. 780. **pacatam**: *in a state of peace*.

784. **pecunia publica**: Abl. of Means. He refers to money sent out by the home government for military purposes.

785. **neque**: split in translation (*and not*). **quicquam**: used on account of the negative. **adsequi**: *gain, accomplish*. **classium nomine**: *on the score of the fleets*. The word **nomen** here is probably used in the commercial sense of *account*. He seems to mean that when these commanders came to balance their accounts, they had nothing to show on the credit side of the navy's account.

786. **nisi ut**: *except that*, introducing an actual limitation. G. (L. Ed.) 591, R. 3. **detrimentis accipiendis**: the use of the Gerundive (instead of the Perf. Part. **acceptis**) here may be euphemistic, mentioning a disagreeable fact less as a fact than as a prospect or possibility. Compare G. (L. Ed.) 426, n. 2. **adfici**: see Note on l. 587 above.

787. *qua . . . quibus . . . quibus* : interrogative, not relative.

788. *iacturis* : *sacrifices*, of various sorts to secure the necessary influence. *condicionibus* : *bargains*, with politicians, creditors, etc.

789. *ignorant videlicet isti* : *of course they* (the opposite side) *do not know* ; ironical.

790. *quasi non . . . videamus* : *as if we did not see*. Why not *videremus* (Unreal, or contrary to fact), since he means, of course, we do see ? G. 602, 2d parag. ; A. & G. 312, R. ; B. 307, 2 ; H. p. 286, footnote 3.

791. *cum* (conj.) . . . *tum* : meaning ? Observe the position of *non* to negative all that follows.

§68. 792. *nolite dubitare* : a Prohibition, never in prose *ne* with Imperative. *quin credatis* : *that you ought to intrust*, an original Subjv., as if in answer to the Deliberative question *credamus* : *are we to intrust* ? See Note on l. 575 above.

793. *qui . . . inventus sit* : Causal relative, *qui* = *cum is*, *since he*.

794. *gaudeant* : Subjv. of Characteristic after *unus*.

795. *auctoritatibus . . . auctor* : in English the word *authority* may be applied either to the person or to his opinion ; hence the same English word may be used here in both cases.

797. *P. Servilius* : Servilius, Curio, Lentulus, and Cassius, the four authorities cited in this paragraph, were all consulars (ex-consuls) and prominent members of the Senate. They had also had experience in the field.

799. *gravior* : *weightier*.

801. *in quo . . . esse* : see Note on l. 752.

802. *pro* : *in keeping with*, lit. *according to*. *vestris* : *conferred by you*, lit. *your*.

805. *orationi* : *the argument*.

806. *videamur* (probably in its orig. sense) : *may be looked upon, regarded*, that is, *have the credit of*.

V. PERORATION (§§69, 70).

Wherefore, approving your law, Manilius, as I do, and the sentiments that prompt your course, I call on you to stand firm in your proposal, and to fear the threats of no man. As for me, I pledge my every effort in behalf of this measure, and I call the gods to witness that in doing so I have nothing to gain save the consciousness that I have done my duty to those who have honored me, to my country, and to our provinces and allies.

§69. 809. *auctore populo Romano* : *having the approval of the Roman people* ; Abl. Absolute.

810. neve : = *et ne* ; why not *neque* ? G. 543, 4 (end) ; B. 282, I, *d* ; H. 497, II, I, *N*.

811. animi : *courage* ; Partitive Gen. with *satis*.

812. cum . . . videamus, quantam . . . videmus : *seeing here present with so much enthusiasm* (that is, *so enthusiastic*) *so large a throng as we do* (*see*) *once more now* (engaged) *in* (the task of) *placing the same person in command* : an awkward sentence, not easily turned into smooth English. **iterum** : alluding to his command under the Gabinian law.

814. quid est quod : *what reason is there to*, leading up to the Characteristic Subjunctive *dubitemus*. **re** : *proposal*, i.e. the proposed law. **perficiendi facultate** : *the power to carry it through*.

816. The second and the third **quicquid** (Inner Object) are taken with *possum*. **hoc . . . praetoria** : *in the favor conferred on me (hoc) by the Roman people, ay, in my (hac) official capacity as praetor*; lit. *in this favor of the Roman people*, etc. Note the force of the Demonstrative of the First Person; also, of **atque**, completing the meaning of **hoc beneficio**.

819. polliceor ac defero : *I pledge and proffer*.

§70. 820. loco temploque : *this consecrated spot* ; Hendiadys. The word **templum** primarily meant that which is cut off, especially for a sacred purpose ; hence, any space so marked off, whether in the heavens (Introduction, §69) or on the earth, and then to the building, raised upon such a place and duly consecrated. The term was applied to the Senate house (*curia*) and even, as here, to the *Rostra*.

821. mentis : Acc. Plural. **ad rem publicam adeunt** : *take part in public affairs*.

823. neque quo : *nor because* ; a rejected reason. G. (L. Ed.) 541, *N*. 2 ; A. & G. 321, *R*. ; B. 286, I, *b* ; H. 516, 2.

825. amplitudine : *advancement*. **periculis** : *against dangers* ; Dative. **honoribus** : the regular word for public office, or the magistracies. What office had Cicero probably in view? See Prefatory Note, last part of the last paragraph.

826. ut hominem praestare oportet : *so far as it behooves one* (not a man, which would be **virum**) *to do* (or *to warrant*). For the use of *ut* in this limiting sense, see G. (L. Ed.) 642, *R*. 4.

827. tecti : Perf. Pass. Participle of *tego*.

828. ab uno : *from any individual* ; lit. *from a single person*. **ex hoc loco** : the *Rostra*, i.e. by speaking on political issues.

829. ratione : *plan, course*. He means that he intends to continue his practice as a lawyer in the courts.

§71. 832. tantum abest ut . . . ut, etc. : *so far am I from*, etc., *that I*, etc. Explain this construction. G. 552, *R*. 1 ; A. & G. 332, *d* ; H. 502, 3.

833. **me** : subject of **suscepisse**, two lines below.

835. **sed ego me**, etc. : *but as for me, invested with this office (honore), honored with such favors at your hands, I have thought that I ought,* etc. Note the emphasis due to the repetition of the personal pronoun and the juxtaposition of the two words.

839. **rationibus** : *interests*, like **commodis**, Dative after **prae-** in composition (**praeferre**).

VOCABULARY

All the long vowels in this vocabulary are marked.

A

A., abbreviation for **Aulus**, a Roman praenomen or forename.

a. d., for **ante diem**. See **ante**.

ā, **ab**, **abs** (**ā** before cons., **ab** before vws. and some cons., always before *h*, **abs** in **abs tē** and **absque**), prep. with abl. *from, away from* (opp. to **ad**). Of place, direction of motion, *from, away from*; without motion, of separation and distance, with vbs. like **abesse**, **distāre**, and advs. like **longē**, **procul, prope**. Esp. of the point of view from which, *in, on, at* (e.g. **ā tergō**, *in the rear*). Of time, *from, since, after*. Of the agent with passive vbs. *by, on the part of*. With vbs. of expecting, fearing, hoping, etc., showing the source, *from*. With many vbs. only implying separation, and with adjs. of kindred meaning.

CAESAR AND CICERO—New Editions

Cicero's Orations. By ROBERT W. TUNSTALL, Classical Master in
Tome Institute, Maryland. xlv + 570 pages. Price, \$1.20.

*Eleven Orations. Maps and Illustrations. The Ninth Philippic is
edited with foot notes for sight translation.*

Six Orations of Cicero. Same editor. xlv + 390 pages. Price,
\$1.00.

*The Four Catilines, Archias, and Manilian Law. Maps and Illus-
trations.*

"My deliberate judgment is that it is the best working edition, English or
American, of Cicero's Orations that we now have. It evidences on every page
a delicate mastery of the niceties of Latin syntax, happily blended with a keen
insight into the practical needs of an intelligent and earnest student."

—W. GORDON McCABE, *Head Master, McCabe's University School, Richmond, Va.*

"Several years of experience in the class-room have shown me that there
are certain passages with which students almost invariably have difficulty.
Tunstall's Cicero has more actual help on these passages than any other text-
book of Cicero that I have examined."

—WILLIAM N. MCKEE, *Lake Forest Academy, Lake Forest, Ill.*

Caesar's Gallic War. By HARRY F. TOWLE and PAUL R. JENKS,
Boys' High School, Brooklyn. xlviii + 558 pages. Price, \$1.25.

*Books I-VII. Maps and Illustrations. The Sixth and Seventh Books
are edited with foot notes for sight reading.*

Caesar's Gallic War—Books I-IV. Same editors. xlviii + 418
pages. Price, \$1.00.

"I do not hesitate to say that for the second year students it is the best on
the market. The chapter on the syntax of Caesar recognizes the greatest
difficulty the student finds in the interpretation of this author. The editors
have thus made it possible for the student to get a better understanding of the
text and to lay a better foundation for his subsequent studies than he can
secure from any other edition."

—EMORY B. LEASE, *Professor in the College of the City of New York.*

"The book is from a Secondary School and for Secondary Schools. It will
prove attractive to the pupil. Its *distinctive feature* is the Appendix containing
the substance of Latin Syntax with illustrations from the text and copious refer-
ences to the notes. The value of this is seen when one considers how difficult
it is to get the modern pupil properly to thumb his grammar. The Notes con-
tain *just such information* as a teacher gives in the class-room to help a boy in
the difficulties that beset him."—*The New York Latin Leaflet.*
