

THE PROHIBITION BILL

HOBSON'S BILL FAILS TO RECEIVE NECESSARY TWO-THIRDS VOTE

The prohibition bill came to a vote in the house of representatives in congress Tuesday. To carry the bill required a two-thirds vote, hence was the bill defeated, as the following shows.

The bill proposed that the various states be given a right to vote on an amendment declaring in favor of or opposed to national prohibition. It would indicate that those congressmen who voted against giving the people a right to vote on the question must indeed be unfair and narrow-minded beings.

NEARING WARSAW

GERMAN ARMY NOW WITHIN 22 MILES OF THE MOST STRATEGIC POINT

WARSAW, Dec. 22.—The Germans are now well within twenty-two miles of Warsaw. They have massed 1,200,000 men for the final attack and appear to be staking everything on the great battle to capture Warsaw as a climax to a long line of German successes in the Polish campaign against the Russians.

PARIS, Dec. 22.—It is officially announced that Gen. Joffre, in supreme command of the French troops has dropped twenty-four generals for one cause or another. As a token of Joffre's severity it is recalled that he had previously dropped five generals for alleged mistakes.

LONDON, Dec. 22, 10:25 p. m.—Heavy fighting is taking place on both eastern and western fronts, but without producing any material change in the positions of the opposing armies.

In France and Belgium the allies' offensive is being pressed, and while some ground has been gained at widely separated points, other attacks have been repulsed by the Germans from their strongly entrenched positions. In the northern area the artillery and warships yesterday took up the battle, giving the infantry a rest, but lower down the line and from the Oise to the Meuse, fierce fighting took place in many districts. While the progress of the allies is extremely slow, it is the belief of military experts here and in France that the gains which the general staff has been able to report are disturbing the Germans' system of fortifications at vital points and will, if successfully continued, compel a retirement by the Germans from their present lines.

In the east most of the Germans north of the Vistula have retired across the East Prussian frontier before the onrush of the Russian forces, but south of that river, between the Bzura and Pilica, the Germans continue their advance, and announce tonight that in a fierce battle they have succeeded in crossing branches of the Bzura and Rawa rivers at many places. This should bring the main armies very close together and a few days will tell whether the German advance is to be definitely checked or the Germans are again to threaten Warsaw.

Fighting also continues in Galicia, but here, as along the East Prussian frontier, the Russians seem to have been successful in holding back the Austro-German forces. The Germans, who are extremely strong along the whole eastern frontier, already are reported to be moving troops back to the west to meet the allies' offensive, but it is not considered likely that this movement will reach large proportions until some decisive result has been attained in the contest against the Russians.

The Turks, like their allies, are being attacked on two sides. The Russians claim to have inflicted a severe defeat on them in the district of Van, while the allied fleets have been bombarding Kilid Bahr, in the Dardanelles, and a French destroyer has shelled their troops on the mainland opposite the island of Tenedos.

The first real view of the extent of the South African rebellion is given by the minister of justice, who says that 4000 rebels are now in prison and that 1200 have been sent to their homes on parole. There are still a few roaming about the country, but they are without leaders and are surrendering upon the appearance of union forces.

Republicans—Barchfeld, Britten, Bartholdt, Browne of Wisconsin, Calder, Browning, Cary, Cooper, Curry, Danforth, Davis, Drukker, Edmonds, Esch, Frear, Gardner, Gillett, Greene of Massachusetts, Greene of Vermont, Hayes, Howell, Johnson of Utah, Kahn, Kennedy of Rhode Island, J. Knowland, Lenroot, Madden, Mahan, Mann, Miller, Moore, Morin, Mott, Parker of New Jersey, Parker of New York, Platt, Porter, Roberts of Massachusetts, Roberts of Nevada, Rogers, Scott, Smith of Minnesota, Stafford, Stevens of Minnesota, Winslow, Treadway. Total, 46.

Independent—Kent. Total, 1.

Progressive—Chandler of New York. Total, 1.

Grand total against the resolution, 189.

MARSHAL SHOT

SAN FERNANDO IS SCENE OF A REPETITION OF THE BURBANK CRIME

Mr. L. G. Scovern of the Scovern-Letton-Frey Undertaking company was called to San Fernando Tuesday to take charge of the remains of the murdered San Fernando marshal, in the absence of his brother-in-law, Mr. Noble, who is the undertaker at that place.

The murder of Marshal Smith was another of those cold-blooded affairs that are becoming all too frequent, and was a repetition of the Burbank shooting affray when Marshal Luther Colson lost his life.

Will D. Smith, who was on Monday afternoon appointed city marshal by the board of trustees of the city of San Fernando, was on Tuesday afternoon fatally shot while in the act of arresting Mexicans about half a mile west of the city of San Fernando.

The home of E. C. Fogel of Burbank had been entered by thieves Monday night and suspicions led to three Mexicans who reside on the Boruff ranch at San Fernando. J. V. Reavis and Mr. Fogel, on getting trace of the burglars, went to San Fernando and requested that Marshal Smith accompany them to the Boruff ranch and make the arrest. Mr. Smith, a young man of considerable bravery, but inexperienced as an officer, went unarmed, and upon approaching the Mexicans and informing them that they were under arrest, one of the number immediately fired upon him with the result that a bullet entered his body on the right side and came out on the left, dropping from his clothing when he was picked up. He was carried to the office of Dr. Mackey, where he soon expired.

Mr. Fogel and Mr. Reavis, both unarmed, went in pursuit of the Mexicans, but were unable to capture them until they gained the assistance of a number of citizens of San Fernando. E. A. Miller, A. F. Wendig and J. R. Street captured one man hiding in a gully. Mr. Reavis identified the man as the one who had done the shooting.

Mr. Smith was 29 years of age and had been a resident of San Fernando for nine years. He leaves a wife and two children, aged four and seven.

San Fernando is greatly wrought up over the crime and there was great excitement on the streets Tuesday.

FULL PURSE PRESENTED BAPTIST PREACHER

At the annual Christmas exercises of the First Baptist Sunday school, which were largely attended and of more than usual interest, a delightful surprise came to the pastor in the presentation of a purse stuffed with good coin of the realm. This Christmas gift is one of the many expressions of love and appreciation of the pastor's loyal friends. The local Baptist church has broken all records during the past year. The statistics of the Los Angeles Baptist association record 55 churches, and at the time of Pastor Troy's settlement the First Baptist church of Glendale stood 25th in the list. They now stand 17th. There has been a growth of 70 per cent. A year ago the Bible school stood 20th; it now ranks 11th, after an increase of 65 per cent.

Loyalty to Christ and the Bible are the keystones of Rev. Troy's ministry. While he tarries here seeking the health of his children, he wants to do all the good he can to as many as he can. He has a message for all denominations and the usual thing is a full house with great interest in the messages. The establishment of the kingdom of heaven by the visible manifestation of the King of Kings with all related truth is his specialty. There have been many requests for a repetition of the discourse on "Where Are the Dead?" and it is likely that he will repeat this lecture next Sunday evening.

VERDUGO CANYON WATER CO.

The Verdugo Canyon Water company, of which Geo. B. Woodberry is the secretary, is making some valuable improvements at the source of the spring. Heretofore the water has not been confined to pipes and consequently there was considerable waste. Fourteen-inch collection pipes are being installed along the source and farther down the stream ten-inch distributing pipes are being installed.

A representative of the Evening News visited that part of the canyon Tuesday forenoon in company with Mr. Woodberry and with considerable interest viewed the substantial improvements that are being made. Mr. Woodberry informs the writer that the source of the canyon water supply is 250 feet higher than the water reservoirs in the city.

TROPICO AUTO RACES

OUR NEIGHBOR MAKING GREAT PREPARATIONS FOR EVENT ON CHRISTMAS DAY

W. A. Chapman has decided that the auto races will start Friday morning at 10 o'clock at the grandstand on San Fernando road just south of the Tropic gas station, corner of San Fernando road and Tropic avenue. The course is as follows:

South on San Fernando road at starting point to Brand boulevard, north on Brand (west side of the Pacific Electric railway) to Park avenue, thence west to San Fernando road and south to the starting point. The course, which is two miles long, includes twenty laps, or forty miles. No positions will be given until on Wednesday evening, following the closing of the entries. Those entering the race will then draw for positions, this drawing to occur at the Sentinel office. Every precaution has been taken to insure against accidents by prohibiting persons, children and vehicles on the race course.

Through the courtesy of Arthur Campbell, wire has been furnished to wire all streets on the entire course. A large number of U. S. boys will be along the course to assist in handling the crowds and preventing accidents among the spectators. Mr. Bierly of Los Angeles, who checked at the Corona road races, will have full charge of the checking and time-keeping.

There have been sixteen entries of automobiles, as follows, no professional being permitted to enter the races:

- Earl Pitts, Pomona, Overland.
- J. W. Velry, Los Angeles, Buick.
- Ray Puissegur, Los Angeles, Mitchell.
- Paul Mahoney, Hollywood, Ford.
- Arthur Austria, Los Angeles, Knox.
- O. V. Lawson, Los Angeles, Ford.
- C. I. Lovejoy, Burbank, Buick.
- Charles Wells, Glendale, Stoddard-Dayton.
- Edw. Thomas, Los Angeles, Metz.
- Waldó Thopas, Los Angeles, Ford.
- Karl Weber, Los Angeles, Ford.
- T. J. Brinker, Los Angeles, Ford.
- J. G. Irving, Los Angeles, Buick.
- W. C. Woestman, Pasadena, Mercedes.
- Robinson Bros., Tropic, Ford.
- Helen Holmes, leading lady of the Kalem company, will lead in the parade in a White Mitchell, brown trimmings. Gus Pulliam will drive the car. Twelve cycle cars have entered the race, the course to cover twenty miles:

- Alex. Pabst, Los Angeles, Stutz No. 8. Pabst drove his car at Ascot park, making 25 miles in 34 minutes.
- Harry Hartz, Los Angeles, Indian cycle car, winner of the forty-mile free-for-all.
- Mott Haines, Los Angeles, Mercer.
- Haines impersonates Barney Oldfield.
- Al Hetzel, Los Angeles, Hetzel Special.
- Al Menasco, Marmon Wasp.
- Percy McFadden, Venice-Stutz.
- Sid Holland, Los Angeles, Deussenberg.
- Douglas Phillips, Los Angeles, De Luxe.
- Stewart Morrison, Pasadena, Mercedes.
- W. Mushrush, Pasadena, Buick.
- Harold Lindley, Los Angeles, Mercedes.
- Frank Bierly, Los Angeles, Thor.
- The motorcycles are given a 25-mile course.
- W. Hammond, Glendale, will run an Indian motorcycle.
- C. M. Potter, Glendale, Indian.
- Rufus Hammond, Glendale, Indian.

It has been suggested to Mr. Chapman that he employ a number of small boys to dip water out of Park avenue lake that is situated at the intersection of Park avenue and San Fernando road. After every rain there is always a good sized pool of water standing there for days. The only way to remove this water is either dip it out or permit the sunshine and air to evaporate the same. Residents on Park avenue have dubbed this "mistake" at the west end of the avenue as Park avenue lake, while the automobilists who endeavor to "swim" the lake in their cars and have their engines "die" for them—well, they just have a name that cannot be easily printed. The "lake" by those who know is termed a "mistake" for which the taxpayers had to pay and pay dearly, too.

HUSBANDS ENTERTAINED

The Monday Auction Bridge Luncheon club entertained their husbands on Monday evening at the home of Mrs. Herman Paine, 109 South Maryland avenue. The house was elaborately decorated in Christmas greens and flowers and there was a Christmas tree with gifts for all the guests. Auction bridge was played and a delightful two-course luncheon served, and the husbands feel that they were very well treated, indeed.

INTERESTING DISPLAY

CHRISTMAS EXHIBIT OF ELECTRICAL APPLIANCES BY GLENDALE FIRM

When Benjamin Franklin chained the lightning years ago, he became one of the greatest benefactors of humanity ever known, but how little even he realized the wonderful opportunities he was opening to the world and the marvelous progress that future generations of electricians would make. Could he come back to earth for a time and visit, for instance, the Christmas display of electrical devices which the Superior Electric company is conducting at 1100 West Broadway, he would think himself in dreamland or in that wonderful country of Aladdin where a simple touch summons the genie that is ready to perform all tasks.

A mere glance at this display impresses one with the fact that electricity has done wonders to lighten labor, especially woman's work in the home, and the cost of the appliances are moderate and not only within reach of the very wealthy as some suppose, while the cost of operating is small.

This display is solving the Christmas problems of many Glendale people. The housewife is nearly always attracted first by the electric ranges fitted out with shining utensils that by this method of cooking always retain their polish. Fortunate indeed are the women who are to receive these for Christmas gifts. Second in interest is the washing machine and wringer operated by motor and arranged so that the washing does itself. How different from the old back-breaking method or having the clothes come from the laundry in rags. The electric heaters are wonderful devices giving that clean and odorless heat impossible with any other method. In the smaller appliances there are cooking sets and combinations of every description and price, coffee percolators, toasters, irons, chafing dishes, egg cookers, hot pads, lamps, disk heaters, curling irons, milk warmers, flash lights, vacuum cleaners, motors for sewing machines and many other very useful things.

This is truly a Santa Claus store and one can spend a most interesting hour looking over the display. There are gifts for all at all prices and many a heart will be gladdened by an electrical gift from the Superior Electric company's display this Christmas.

MURDERERS OF MILLIONAIRE LAWYER CONFESS

The home of Attorney William Montrose Alexander, millionaire and one of the former leading lawyers of Texas, is mourning today for the husband and father, who was shot to death Monday night by one of two burglars who were attempting to loot the beautiful new Alexander home at 698 Wilshire place. And at the same time in the city jail of Los Angeles the two would-be burglars are resting in separate cells, one of them a boy of 17 years, called "The Preacher," because his father, C. O. Oxniam, was a minister, is suffering from a wound in the leg received from a shot fired by W. M. Alexander, Jr., son of the murdered man, when he attempted to capture the murderer. The other burglar is known as "The Roughneck" and is a prominent I. W. W., though only 23 years of age. Both men have confessed, and the boy was the one who fired the fatal shot, though the older man was the leader and instigator of the robbery.

Monday night Mr. Alexander and his family were sleeping in their new home for the first time, when he was awakened by someone in the room. Turning on the light he confronted "The Preacher," who commanded him to throw up his hands, while the "Roughneck" calmly stood in another part of the room tying a handkerchief over the lower part of his face. The command aroused the son and two daughters in rooms near by and the son ran to his father's room with a gun in his hand, but before he could shoot, the young burglar had fired the shot which killed the father. Then the son and the two daughters of Mr. Alexander attacked the burglar with hairbrushes and mirrors and they all rolled down the stairs together, while the other burglar made his get away. Mrs. Alexander was aroused by the shots and found her husband dead at her side.

All of the Alexander family were able to identify the two men today when they were brought out for identification. Detective McNamara captured the two men in their room, after considerable search had been made to locate their whereabouts. Funeral services over the remains of Mr. Alexander will be conducted Thursday at the Bresee chapel.

WEDDING ANNIVERSARY

MR. AND MRS. J. G. HUNCHBERGER CELEBRATE EVENT WITH PARTY

On Tuesday evening the home of Mr. and Mrs. J. G. Hunchberger, 344 Central avenue, was the scene of a jolly party, the occasion being the anniversary of Mr. and Mrs. Hunchberger's wedding. The party was in the nature of a surprise on Mr. Hunchberger, and Mrs. Hunchberger and friends feel very proud of the completeness of the surprise.

The house was a picture, a bower of red and green, composed of poinsettias, holly and red satin ribbon, the two large rooms lending themselves especially well to the elaborate decorations, and while Mr. Hunchberger was downtown for a few minutes, the guests arrived and were ready to surprise him when he returned.

There was an elaborate two-course luncheon served, the colors still being red and green, with red baskets filled with nuts and candies for the favors. Mrs. Hunchberger was assisted in serving by Mrs. A. W. Tower and her two daughters, Misses Evangeline and Virginia Hunchberger.

Five Hundred was played, the lady's prize going to Mrs. Warren Roberts and the gentleman's prize to Mr. C. W. McFadden, while Mr. Lawrence Ellis got the consolation. After the refreshments were served, Mr. Elmer Evans, with a few well chosen words, presented Mr. and Mrs. Hunchberger with a beautiful cut glass vase from the guests in token of their esteem.

The following friends were present: Mr. and Mrs. W. Elmer Evans, Mr. and Mrs. Alfonso W. Tower, Mr. and Mrs. Lawrence Ellis, Mr. and Mrs. Warren Roberts, Mr. and Mrs. E. U. Emery and Mr. and Mrs. C. W. McFadden.

CHRISTMAS EXERCISES

Christmas exercises were held at the First Methodist church Tuesday evening and an enlargement of the building was a near necessity in order to accommodate the children, parents and friends who turned out in generous numbers to honor the occasion. And it was a reversal of the ordinary. Generally all parties are burdened by wearying effort to get a suitable gift for one another on the "you tickle me and I'll tickle you" plan, which is a mockery of the true spirit of giving, but it was delightfully astonishing to see with what unanimity old and young fell in with the true idea of giving, not with the thought of ever getting anything in return, but gladly in order that some one who from sickness or other misfortune was in want, and the offerings thus given would tide them over, until things took a turn.

An immense evergreen tree occupied the place where the preacher usually stood and from its green arms shot out varicolored electric lights, giving the Christmas touch to surroundings, all bearing on the birth of the Christ child in scripture reading, song and prayer. Then began the real business of the evening—the "delivery of the goods." This was done by classes and divisions, beginning with the primary department, each being called in ascending order and each delivery was made by the entire class and accompanied by a song from the entire class or an address by a member.

Under the frequent deliveries the pulpit soon began to resemble a new provision store about to open, especially when a cartload of potatoes was wheeled in by the Brotherhood class. This was the most bulky—others may have been as valuable. Bread, canned goods, flour and even honey had their innings, and nimble fingers had been plying the needle in construction of useful articles.

The result is a generous supply of the useful and necessary, which under wise direction will find its way into needy channels, and the other result a feeling among the entire society that they had entered more largely into the true spirit of Christian giving, as taught by the Master, and hence realizing "that it is more blessed to give than to receive." S. P.

PREPARATIONS COMPLETE

Adjourning here Tuesday to meet in San Diego the 31st inst., to participate in the opening ceremonies of the Panama-California exposition; the Southern Counties Exposition commission wrote finish on its preparation for the two big shows.

With a \$78,000 building recently dedicated at San Diego, 22,000 square feet of floor space reserved in the exact center of the California building at the Panama-Pacific international exposition, and exhibits all ready or placed, the commission's work from now on will be in the line of entertainment.

As a starter, the commission arranged Tuesday to entertain the 700 delegates to the convention of the

Western Fruit Jobbers' association, which will be held here in February, with a trip to San Diego and a big reception and luncheon in the southern counties building. The date for this has not yet been fixed.

The commission also decided to participate as a body in the celebration of Los Angeles day at the San Diego show on January 9. It was also decided to have two Southern California days at the San Francisco exposition instead of a number of county days. This action was dictated by the belief that it will be the wish of the people of the Southland to stand together in two patriotic celebrations of their faith in their homeland. May and August are the probable months that will be featured by Southern California days.

That every county of the Southland will have trained lecturers at both expositions was assured Tuesday by the reports of the committee. Their talks will be illustrated by motion pictures showing the agriculture in Southern California. One film will show citrus growing from the planting of the seed to the packing of oranges and lemons; another beet-sugar growing; still others lima bean growing and the culture of deciduous fruits.

At the San Diego fair the bearing citrus orchard of five acres and the seven acres of bearing deciduous trees will furnish the lecturers an opportunity to show cultivation, irrigation, pruning and fertilizing as it is really done.

DEUTCHER DOINGS

Butler's hall was gay with the decorations of red and green streamers, bells and flags of the fatherland, all of which made a fitting scene for the Christmas party of the Deutchen Verein on Tuesday night.

A goodly number of the members of the Verein were present. The program was short, but exceedingly interesting, and included solos by Mrs. Murmann, piano, and J. T. Beach, cornet. "Kris Kringle" was an interesting feature of the evening and the presents he distributed were both useful and unique.

The "eats," as they were listed on the program, were up to the German standard, of course. The menu included chocolate, pretzels and sandwiches. Dancing then concluded the most enjoyable evening, music being furnished by Mrs. Murmann, Miss Dorothy Lee, William Bode and J. T. Beach. A number of out-of-town guests were present.

Six Thousand Mile Motorboat Race to End at the Panama-Pacific International Exposition

Scene on the Exposition Yacht Harbor on San Francisco Bay Months Before the Great Fair Opens.

THE New York to San Francisco Cruising Power Boat Race for a prize of \$10,000, offered by the Panama-Pacific International Exposition, starts at Sea Gate, New York, from the Atlantic Yacht club on Oct. 1, 1915, and finishes at the Exposition Yacht Harbor on the Exposition grounds in San Francisco. It is the most important event in the history of

motorboat racing. The course is laid from New York to Charleston, S. C.; to Key West, around the western end of Cuba and on through the Caribbean sea to Colon, passing through the Panama canal to Panama northward to Corinto, Nicaragua; to Salina Cruz, Mexico; to San Pedro, Cal., and ends in San Francisco bay. The finish of the great race is timed to occur dur-

ing the splendid International Yachting Regatta to be held there, and several hundred thousand spectators will crowd the finish as the contestants dash in through the Golden Gate past the wonderful City of Palaces that has grown there to receive the honors due the winners and the losers of the most spectacular race of its kind ever run.

San Francisco bay is one of the finest harbors in the world and by many it is considered to be the most beautiful. It is ideal for yachting and boating, being protected on the ocean side by high hills and Mount Tamalpais the only opening being the Golden Gate. The Exposition Yacht Harbor offers safe anchorage for yachts and power boats.

EUROPE SOBER

Whatever of good, in the law of compensation, may come out of the European war, a lesson in temperance will hold a prominent place in it. The warring nations realize that to stand the severe test of physical endurance and nervous strain they must be sober. Russia's first act after mobilization was to stop the sale of vodka. France has taken steps to lessen the use of absinthe, and England is appealing to the nation to abstain from alcoholic drink during the war. In England the country is plastered with patriotic posters making this appeal. It is interesting to note that the appeal is on entirely economic grounds—the conservation of resources, both latheral and human. Four grounds are given for abstinence from alcoholic liquors:

1. The grain destroyed for their production is required for food.
 2. The money spent upon drink will purchase many times its value in food.
 3. Physical power depends on food and must not be destroyed by alcohol.
 4. Alcohol lowers vitality and diminishes power to resist disease.
- It is inconceivable that the effect of this temperance propoganda will pass with the ending of hostilities. So effective a refutation of the widespread fallacy that the consumption of alcoholic drinks makes for prosperity cannot but leave a lasting impression on the nation.
- One result of the war is almost certain to be a sober as well as a sobered Europe.—Fresno Republican.
