A FINE COMPLIMENT TO MY
"FAMOUS FOR QUALITY" DAHLIA ROOTS

A reprint from the Souvenir Edition of The World's Fair Dahlia News, November 1933, Century of Progress Exposition, Chicago, Ill.

SPECIAL ACKNOWLEDGEMENT!

On May 28, 1933, Mr. N. A. Miller, Wholesale Dahlia Specialist of 458 East 66th Street, Portland, Oregon, sent us by Express, 500 dahlia roots, 20 choice varieties, free, for distribution among outside dahlia growers, the blooms of which to be used in connection with our Flower Show. We were very thankful for the same, but unfortunately the blooms by reason of late shipment were not available for our September indoor show. However, this large donation of roots, all of which were received in pink of condition, is responsible to a very large extent for the dahlia enthusiasm in and around Chicago. —Managing Editor.

NOTE: The Dahlia roots that I offer are of the same high standard of quality as mentioned in the above acknowledgement and for which I have gained a reputation in the past 20 years.

NEW INTRODUCTION FOR 1935

OREGON FLAME, I. D.—Brilliant scarlet flame, with faint gold reverse. The blooms are immense, about 10 inches or more across, by 5 inches deep. As the

big perfect high centered blooms develop, the outer petals slightly twist and droop around the stem, which gives the blooms a huge massive appearance. The blooms are held high above the foliage of the strong growing plants on long, rigid, stout stems. Highly recommended for exhibition at the coming fall Dahlia Shows or if you want a blaze of bright showy color for your garden, try Oregon Flame\$3.50

P. S. I venture to say that my new 1935 introduction, Oregon Flame, is the largest and finest dahlia of this color up to date and has every desirable quality necessary to place it in a class with the very best.

I have several more fine new creations, both Dahlias and Gladiolus, that will be put on the market after they have been more thoroughly tested, and as soon as I have accumulated a sufficient stock to introduce them at a reasonable price.

Gladiolus, the Flower Beautiful

A Most Valuable Summer Flower for Cutting and Garden Decoration

The Gladiolus bulbs offered at prices quoted are for large size bulbs, $1\frac{1}{4}$ to $1\frac{1}{2}$ inches in diameter, and will produce the largest blooms and tallest spikes.

The medium size bulbs are $\frac{3}{4}$ to $1\frac{1}{4}$ inches, will also produce a fine spike of flowers, except that they will not have quite so many blooms and come into bloom 10 to 15 days later.

Small size bulbs, $\frac{1}{4}$ to $\frac{3}{4}$, will only produce a few blooms the first season, but will make fine large bulbs for next season's planting—and is an inexpensive way of securing some of the newer high priced kinds at a low cost.

PRICES PREPAID

All orders will be sent with transportation charges prepaid either by parcel post or express, and everything will be well packed to arrive in first class condition.

Continue Your Order on Other Side

To My Customers and Floral Friends:

It gives me pleasure to present you with my 1935 catalog and again offer you many choice Dahlias, Gladiolus, etc., at real money saving prices.

I regret very much that I have not been able to issue and send out this catalog at an earlier date. But I hope I am not too late to receive your order.

I have been in poor health the past three years, which came to a climax late last summer. I was very sick for several months—but since I have had the cause removed, and have just about completely recovered, I expect to enjoy fine health again, and be able to give more personal attention to my ever increasing business.

I certainly appreciate the many pleasant letters received, from well pleased customers commending my service, good packing and the splendid condition in which they received their bulbs, etc., and the fine success they have had, and the wonderful flowers these bulbs have produced.

Since I received a great many more orders last season than in previous years I anticipated a much greater demand this selling season, consequently I increased my plantings considerably and grew the largest crop this past season that I have grown for a number of years, and harvested a fine crop of Dahlia roots, etc.

Although I have a large stock of most kinds offered, especially of the better standard varieties, there are a few kinds of which I have only a limited supply—Therefore I suggest that you send your order now, or soon after you receive this catalog, so you may be sure to get the kinds wanted.

I never substitute unless requested, however, in case I should be sold out of any kinds ordered, if you will name a second choice, or allow me to substitute I will assure you that I will make a satisfactory selection for you.

Thanking you for past favors and hoping I may have the pleasure to receive your valued orders again this year I am

Yours very truly,
N. A. Miller.

Miller's Giant Flowering Delphiniums

NOTE: Last fall I completely sold out of Baby Delphinium plants, and on account of being very ill at the time, and my help was busy replanting tulips etc., and digging and storing my Dahlias and Gladiolus—

I had several thousand choice Delphinium seedlings grown from selected seed of my best plants, that we did not transplant, as it was too late, and the weather too uncertain—But we will transplant these seed beds this spring, and I will have to offer a good supply of husky, healthy, heavy rooted, transplanted baby plants, ready for delivery after September 15th.

Plant Delphiniums this fall for best blooming results the following spring.

Booking orders now for fall delivery.

1½ year old extra heavy roots with good blooming crowns that should produce several strong spikes.

50c each 12 for \$5.00 Prepaid

Husky, heavy rooted, transplanted baby plants that will produce a fine flowering spike the following spring.

ANNOUNCEMENT

New descriptive list of choice Oregon grown Dutch bulbs for fall planting, listing a fine collection of beautiful Tulips, Narcissus, Lilies, etc.

Plan now to plant a garden this fall to Dutch bulbs for a blaze of beautiful color next spring.

Place your order early, so you may get the cream of the crop. The largest bulbs which produce the largest flowers with long stems.

I plan to have this list ready in June or July. A copy will be sent on request.
