MINUTES OF MEETING OF THE COMMISSION OF FINE ARTS

Held in Washington, D.C., June 21, 1949.

The ninth meeting of the Commission of Fine Arts, during the fiscal year 1949, was held in its Office in the Interior Department Building on Tuesday, June 21, 1949. The following members were present:

> Mr. Clarke, Chairman, Mr. Finley, Mr. Reinhard, Mr. Sterne, Mr. Murphy, Mr. Lawrie,

also H. P. Caemmerer, Secretary and

Administrative Officer.

The meeting was called to order at 9:30 a.m.

1. APPROVAL OF MINUTES OF PRECEDING MEETINGS: The Minutes of the meetings of the Commission of Fine Arts, held on May 6 and May 25, 1949, were approved.

2, STATUE OF SIMON BOLIVAR: Under date of June 3, 1949, the following letter was received from Congressman Ken Regan:

"I am enclosing several copies of House Joint Resolution 240entitled "Authorizing the erection in the District of Columbia of a statue of Simon Bolivar," on which an expression of viewpoint from the Commission of Fine Arts is desired.

"As your Commission well knows, the proposition of putting up statues in Washington has been sharply curtailed for several years. The war intervened for a good while, and since the war, although World War II produced its expected share of herces, the Congress has authorized very few memorials in the nation's capital.

"In the 80th Congress a bill was introduced which ultimately became law, authorizing the acceptance of a statue of General Jose Gervasio Artigas of Uruguay, a gift of the people of Uruguay. The attached joint resolution seems to follow in a similar vein, looking toward greater solidarity between the United States and other nations in the Western hemisphere.

"I should appreciate an early reply, in order to enable me to present your views to the subcommittee on the Library, of which I am chairman:"

In view of the fact that a prompt report was desired, the Chairman reported on the Bill (Exhibit A), and the Commission ratified the action of the Chairman in this matter.

3. AMERICAN BATTLE MONUMENTS COMMISSION: (a) In view of a report from

the American Battle Monuments Commission that Miss Hoffman, Mr. Gregory,

Mr. Islin, and Mr. Manship, will have models to present at a Committee

meeting of the American Battle Monuments Commission to be held in New York City

on June 27th, Chairman Clarke stated that he would attend the meeting in order

to ascertain the views of the Committee regarding the models submitted. A

meeting of the Commission of Fine Arts is to be held in New York City soon after.

(The Committee Meeting was held and it has been decided to hold the next meeting of the Commission of Fine Arts at the studio of Miss Malvina Hoffman 157 East 35th Street on Friday, July 15th, at 10:00 a.m.)

(b) Chairman Clarke presented the following letter, dated June 17, 1949,

that he received from Mr. Harbeson:

"On behalf of General North of A.B.M.C., I submit for the consideration of your Commission a firm of Landscape Architects proposed by Moore and Hutchins, architects for Tunis Cemetery, to collaborate with them on that project.

"The proposed firm is Bryan J. Lynch and Donald L. Kline, 80 W. 40th Street, New York, 18, New York. There is attached hereto an outline of the training and experience of the members of this firm. (Will you please return this after it has served its purpose so that I may submit it to General North on his return from Europe?). We shall appreciate your decision and advice.

"There are only two other landscape positions now remaining open on Battle Monuments projects-for Anzic (Gugler) and for Henri Chapelle (Root)."

Chairman Clarke stated that he regarded the firm competent for the work

proposed, and on his recommendation the Commission approved the appointment. (Exhibit B)

4. RESTORATION OF PAINTINGS: Mr. Louis Francis, of Miami, appeared before

the Commission, on the recommendation of Senator Pepper, to explain his method

of restoring paintings by the use of copper wire woven art canvas in restoring

old paintings. Mr. Francis had some samples of his work, though not a

"restored portrait," as the Commission had requested at the meeting held May 25th.

The Commission thanked Mr. Francis for coming here to explain the process.

5. THE WHITE HOUSE: The Secretary reported that since the meeting of the Commission of Fine Arts held on May 25th, the following action has been taken by Congress regarding funds to renovate and repair the White House:

"Renovation and Modernization, Executive Mansion (Public Law 119, 81st Congress, approved June 23, 1949): For all expenses necessary for and incident to the renovation, repair, and modernization (without change of present architectural appearance of the exterior of the mansion or the interior of its main floor) of the Executive Mansion, or for such other provision for remodeling or rebuilding the Executive Mansion or for construction of a separate residence for the President as may be determined upon by the Commission on Renovation of the Executive Mansion established pursuant to Public Law 40 (Eighty-first Congress), including the preparation of drawings and specifications, and the purchase of furniture, furnishings, and equipment, without regard to section 3709 of the Revised Statutes or the civil-service and classification laws, \$2,000,000, to remain available until expended and, in addition contracts may be entered into in amounts not exceeding \$3,400,000: Provided, That any cost-plus-a-fixed-fee general construction contract entered into in pursuance of this authority shall be awarded on competitive bidding among responsible general contractors upon the amount of the fixed fee to accrue from the performance of such contract: Provided further, That with the exception of any subcontract to be made by the general contractor for underpinning and foundation work and work incidental and appurtenant thereto, which may be a cost-plus-a-fixed fee contract, all other subcontracts made by the general contractor shall be fixed price contracts awarded on competitive bids received from responsible subcontractors." (created

The Secretary also reported that the membership of the "Mhite House

Commission consists of:

Senator McKellar, of Tennessee, Chairman; Senator Martin, of Pennsylvania; Representative Rabaut, of Michigan; Representative Keefe, of Wisconsin; Richard Erwin Daugherty, of New York, Vice President of the New York Central Railroad; Douglas William Orr, of Connecticut, former president of the American Institute of Architects.

6. PORTRAIT OF MRS. GROVER CLEVELAND FOR THE WHITE HOUSE: Chairman Clarke stated that under date of June 10, 1949, he received the following letter from Appolonia H. Cassidy regarding a portrait of Mrs. Cleveland for the White House:

Mr. Finley suggested Mr. Stapko, as the Artist who would meet with your approval, as to doing this work, and Mrs. Amen, daughter of Grover Cleveland, has let me have photographs taken. She is willing to have Mr. Stapko work with me, and make this copy. I am a Member of The National Arts Club, and would arrange to have Mr. Stapko stay there, when matters have further progressed. May I hear from you as to this work, in connection with your approval of the plan as to the Artist, and the plan in general?

> Sincerely yours, Appolonia H. Cassidy.

The Commission discussed the subject, and saw no objection to having a copy of the original portrait of Mrs. Cleveland by Zorn made. Mr. Finley stated that Mr. Stapko does good work for the National Gallery of Art from time to time.

In general, the Commission did not look with favor on recommending the acceptance of a portrait which is a copy of an original for the White House. However, in this instance, the suggestion of Mr. Sterne was adopted, that since the portrait would be a copy of a masterpiece by an eminent artist of the time of Cleveland, an exception would be made. The Commission understood there is no original portrait of Mrs. Cleveland available for purchase at this time. The Commission expressed the hope that some day the original portrait of Mrs. Cleveland by Zorn might become the property of the United States Government and that it would ultimately be placed in the White House in lieu of the copy. Miss Cassidy was informed accordingly (Exhibit D)

7. MONUMENT TO MOHANDAS K. GANDHI: Chairman Clarke stated that he had received a letter from Congressman Celler, together with copy of a Resolution (Exhibit E) for a monument to Mohandas K. SCULPTURE FOR THE NEW GENERAL ACCOUNTING OFFICE BUILDING: Honorable W.E. Reynolds, Commissioner of Public Buildings, accompanied by Gilbert Stanley Underwood, Supervising Architect, and Mr. A.S.Thorn, Assistant Supervising Architect, conferred with the Commission regarding sculptors for the new General Accounting Office Building.

Mr. Thorn said the sculpture is needed to embellish each side of two entrances 10' 6" x 14' surrounded by red granite, flat surface.

The Commission discussed the subject and named eight or ten sculptors from whom Mr. Reynolds could select one or more (Exhibit F).

Mr. Lawrie was asked with regard to the carving and the comments made by him during this phase of the subject are attached hereto and made a part of these Minutes (Exhibit F-1).

9. ANDREM W. MELLON MEMORIAL FOUNTAIN: Mr. Finley reported that he had received a letter from the secretary of the Andrew W. Mellon Memorial Committee, at Pittsburgh, advising that they are about to raise money for the fountain, and would like a specific letter from the Commission of Fine Arts and the National Capital Park and Planning Commission stating that the location agreed upon, namely, the reservation at the intersection of Pennsylvania and Constitution Avenues at Sixth Street, Northwest, has been definitely determined. The Committee seems to be afraid lest some official might take the site away from them during some time in the future.

Also, a letter with print of the latest location plan (dated May 26, 1949) was received from Eggers and Higgins, the architects.

Chairman Clarke was of the opinion that since the legislation authorizing the erection of the Andrew W. Mellon Memorial Fountain provides for the erection of this "memorial fountain on public grounds in the vicinity of the intersection of Pennsylvania and Constitution Avenues," and the District Highway Department,

10. MASON HALL APARTMENT: Mr. Wm. St. Cyr Barrington, Architect, of the Mason Hall Apartment, to be built along the Mount Vernon Memorial Highway, near Alexandria, submitted a design with request for advice regarding a color scheme for casement sash windows. The Commission recommended that they be painted white, and Mr. Barrington was so informed.

11. WOODLEY ESTATE: Mr. Murphy reported that he had received a request for advice regarding a proposed apartment development on the Woodley Estate, which is near the Washington Cathedral, where one of the old historic mansions of the City of Washington is located. He said the promoters indicated a desire to do anything the Commission of Fine Arts saw fit to suggest with regard to the treatment of the building, within reason. It is an old historic building and dates from the time of The Octagon.

The Commission discussed the subject and decided that the Woodley Mansion should not be torn down. The Commission concurred in the suggestion of Chairman Clarke that the promoters get a competent architect and landscape architect.

Mr. Murphy said, "I think we could suggest studying the possibilities of retaining the character of the Mansion on account of historical associations, and building something with a design that would keep the Mansion as an element in the composition.

Mr. Finley suggested that the promoters be informed that the owners of the property could possibly make the Mansion available for the Vice President or a Cabinet Officer. A report was made accordingly (Exhibit H)

12. PRESERVATION OF HISTORIC GEORGETOWN: Mr. Finley stated that a Mr. Dorsey of the State Department, living in Georgetown, represents a group that wants to do something to preserve the historic character of old Georgetown, but that they don't know how to proceed; he presented the draft of a Bill setting forth the area in question.

The Secretary called attention to a map of Alexandria, showing the area under the protection of their Ordinance on Historic Buildings, as also a copy of the Ordinance; also a copy of the Ordinance that is known as the Charleston (South Carolina) Charter (Exhibit I). The Ordinance in each case provides for a "Board of Architectural Review" to whom plans are referred before a permit is issued by the Inspector of Buildings.

The Commission discussed the subject. The Commission felt that it might be feasible to amend the Shipstead-Luce Act in such a way as to keep the authority in the Commission of Fine Arts with power to appoint a Committee to whom plans pertaining to a building in a defined area in Georgetown could be referred and who would report to the Commission. Mr. Finley explained the area in question.

An amendment was drafted, which, with a letter, was sent to Mr. Dorsey, for appropriate action in connection with having legislation introduced in Congress on the subject (Exhibit I-1).

13. STEPHEN COLLINS FOSTER MEMORIAL: Mr. Fletcher Hodges, Jr., Curator of the University of Pittsburgh, conferred with the Commission regarding a proposed memorial to Stephen Foster in Washington. They have in mind a memorial plaque, which Walker Hancock is to design. He presented an outline as to their plans (Exhibit J). A plaque measuring about 4' x 5' is proposed, and they contemplate raising \$5,000. Mr. Stephen J. Wigmore, resident of the Soldiers Home, Washington, is a leading contributor.

Mr. Hodges presented each member with a book of "Songs by Stephen Foster." He said that they have been considering a location at the Water Gate near the Lincoln Memorial for the plaque. It is to be oblong with a medallion head of Stephen Foster and an inscription.

The Commission felt there should be no objection to placing the plaque at the Water Gate, but before taking any action with regard to having the plaque made they should have Walker Hancock visit the site, and also should secure necessary legislation from Congress to permit them to erect the plaque. The Commission informed Mr. Hodges that they regard Mr. Hancock a competent sculptor. A report was sent to Mr. Hodges (Exhibit K).

14. MURAL PAINTINGS, SALINA, KANSAS: During the afternoon the Commission inspected a series of mural paintings, submitted by the Public Buildings Administration, that were painted prior to the War for the post office at Salina, Kansas. They were painted by Harold Black and Miss Isabel Bate, and portrayed agricultural scenes and others of life in the mid-west. The paintings received the particular attention of Mr. Sterne.

Mr. W. E. Reynolds, Commissioner of Public Buildings, stated that while these paintings were intended for the post office at Salina, the citizens of that town generally do not like them and do not want them erected in their post office. Also, he said, an application has been received to have them placed in another town in Kansas but only for exhibition purposes.

The Commission did not like the color scheme of the paintings and felt the design in several of them was poor.

The Commission concurred in the recommendation of Mr. Sterne that, inasmuch as these paintings are not acceptable to the people of Salina, the Commission recommend that they be not hung in the Salina post office; and, being Government property, they should be disposed of in a manner deemed appropriate by the Public Buildings Administration (Exhibit L).

15. TOMB OF THE UNKNOWN SERVICEMAN OF WORLD WAR II: The Commission were asked by Col. E. V. Freeman, Chief of the Memorial Division, Office of the Quartermaster General, Department of the Army, to inspect at his office the model for the Tomb of the Unknown Serviceman of World War II, designed by Lorimer Rich, architect, in collaboration with Thomas H. Jones, sculptor. Accordingly, the Commission visited the Office of Col. Freeman during the afternoon. There were also present Major F. A. Kirk, Assistant Chief of the Memorial Division; Norman D. Monfalcone, Architect, Office of the Chief of Engineers; F. S. Poorman, Assistant Chief, Engineering Division, Office of the Chief of Engineers. Col. Freeman said it is planned to send the model to Congress soon.

Mr. Rich explained the model and pointed out the changes pertaining to suggestions made by the Commission at previous meetings that had been incorporated in the model. Mr. Rich strongly expressed his desire to remove the Memorial Hall and thus open the vista into the Amphitheater. The Commission again strongly expressed disapproval of that scheme, since it would mean virtual destruction of a memorial building that had been erected and dedicated to honor the Grand Army of the Republic, and had been approved by the Commission of Fine Arts as to design about thirty years ago. The Commission limited any radical change to a removal of the steps at the east entrance to the Amphitheater.

The Commission made a number of suggestions in matters of detail, which were embodied in a letter to Major General H. Feldman, U.S.A., The Quartermaster General, Department of the Army (Exhibit M).

16. FREER GALLERY OF ART: Mr. Finley and Mr. Murphy, in behalf of the Commission, inspected several objects of art submitted by Director Wenley, and approved them (Exhibit N).

The Commission adjourned at 4:30 p.m. The Commission had as their guests at luncheon Commissioner Reynolds, Mr. Gilbert Stanley Underwood, Supervising Architect, and his assistant A. S. Thorn, of the Public Buildings Administration.

Dear Congressman Regan:

Your letter of June 3, with enclosure of copies of House Joint Resolution 240, "Authorizing the erection in the District of Columbia of a statue of Simon Bolivar, has been received."

The Commission of Fine Arts recommend an amendment to this Resolution in line 9, after the word "That" so as to insert the following: <u>the design</u> of the statue, including pedestal, and; for the following reasons:--

There is being formulated a program, at least so this Commission have heard informally, to place several statues of South American heroes in the park area adjacent to the Pan American Union building. Thus a site for the statue of General Jose Gervasio Artigas has been chosen, on the recommendation of the Commission of Fine Arts, on a small Government reservation at the intersection of Eighteenth Street and Constitution Avenue.

The Commission of Fine Arts have not been officially informed as to the form the statue of General Simon Bolivar is to take; but whether it is to be an equestrian statue or a portrait statue, it should be in design appropriate for the location chosen, and the Commission of Fine Arts cannot determine this without seeing a design of it. We feel you will agree that this viewpoint of the Commission is reasonable.

For the Commission of Fine Arts:

Sincerely yours,

Hon. Ken Regan, Committee on House Administration, House of Representatives, Washington, D. C.

# [Public Law 40-81st Congress] [Chapter 51-1st Session]

## [H. R. 3856]

# AN ACT

### To provide for a Commission on Renovation of the Executive Mansion.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That there is hereby established a commission to be known as the Commission on Renovation of the Executive Mansion (hereinafter referred to as the "Commission"). It shall be the duty of the Commission (a) to supervise and approve all construction plans and work necessary (1) for remedying the unsafe conditions now existing in the Executive Mansion and (2) for the modernization of such Mansion, in accordance with the provisions of section 3 of this Act and within the limits of funds appropriated by the Congress for those purposes; and (b) to perform the functions vested in the Commission by sections 2 and 4 of this Act.

SEC. 2. (a) The Commission shall be composed of six members as follows:

(1) Two Senators appointed by the President of the Senate;

(2) Two Representatives appointed by the Speaker of the House of Representatives;

(3) Two persons appointed by the President of the United States from the executive branch or from private life.

(b) A vacancy in the Commission shall not affect its powers but shall be filled in the same manner as the original appointment was made.

(c) The Commission shall elect a Chairman and a Vice Chairman from among its members.

(d) Commission members appointed from the Congress and the executive branch shall serve without additional compensation. Commission members appointed from private life shall receive \$50 per diem when engaged in the performance of Commission duties. All Commission members shall receive reimbursement for necessary traveling and subsistence expenses incurred by them in the performance of Commission duties.

(e) The Commission is authorized to accept and utilize services of voluntary and uncompensated personnel and to pay any such personnel necessary traveling and subsistence expenses when engaged in the work of the Commission.

(f) Within the limits of its appropriations, the Commission is authorized to appoint such personnel, without regard to the civilservice laws and the Classification Act of 1923, as amended, to procure such printing and binding, and to make such expenditures as, in its discretion, it deems necessary.

(g) The Commission is authorized to request and secure the advice or assistance of any Federal agency. Any Federal agency furnishing advice or assistance to the Commission may expend its own funds for

### [PUB. LAW 40.]

this purpose, with or without reimbursement from the Commission as may be agreed upon between the Commission and the agency.

(h) The Commission shall from time to time, but at least once annually, submit to the Congress and the President a report on the progress of the work under its supervision. Upon the conclusion of its work, the Commission shall promptly submit a final report.

(i) Thirty days after the submission of its final report the Commission shall cease to exist.

SEC. 3. In the performance of its duties the Commission shall—

(a) approve all construction plans for the renovation and modernization of the Executive Mansion;

(b) determine the methods for selecting, and approve the selection of, the general contractor and the subcontractors who will perform the construction work, subject to such conditions and limitations as may be contained in appropriations made for such work;

(c) generally supervise the progress of such construction work. SEC. 4. (a) The Commission shall take measures to assure that all lumber, fixtures, and other materials removed from the Executive Mansion in the course of its renovation and modernization shall be carefully examined by appropriate Federal or other authorities for the purpose of segregating and safeguarding any of such materials which are of such historical importance that they should be permanently preserved.

(b) At the earliest possible date, the Commission shall recommend to the Congress and the President a plan for (1) the preservation of any of such material which is of permanent historical importance, and (2) the sale, donation, destruction, or other disposition of the remainder of such material in the manner most consistent with its symbolical value and without commercial exploitation.

SEC. 5. There are hereby authorized to be appropriated such sums as may be necessary for the expenses of the Commission.

Approved April 14, 1949.

Dear Miss Cassidy:

The Commission of Fine Arts, at their meeting on June 21, 1949, considered your letter of June 10th, with regard to having a copy made of the portrait of Frances Folsom Cleveland from an original by Zorn, which is owned by her daughter, Mrs. Amen, of New York City.

Generally, the Commission do not look with favor on recommending the acceptance of a portrait which is a copy of an original for the White House. However, in this instance the Commission would make an exception, since the portrait would be a copy of a masterpiece by an eminent artist of the time of Cleveland. The Commission understand that no original portrait of Mrs. Cleveland is available for purchase at the present time.

The Commission are hopeful that some day the original portrait of Mrs. Cleveland by Zorn may become the property of the United States Government and will ultimately be placed in the White House in lieu of the copy.

For the Commission of Fine Arts:

Sincerely yours,

(Signed) Gilmore D. Clarke, Chairman.

MR. UNDERWOOD: Let's ask Mr. Lawrie what the situation is on carving. What is our best bet to have a sculptor do, speaking of bas relief in granite? Is it best to have fullsized models, or half-sized models and have them pointed up, or what?

MR. LAWRIE: A full-sized model is the best, but, if you are short of money, a half-sized model will do if you get a good carver, and if he knows how to point.

MR. UNDERWOOD: They are terribly scarce, aren't they?

MR. LAWRIE: A granite carver is hard to find,

MR. UNDERWOOD: Would we be better off to put more into the sculpture and buy a full-sized model if we are forced to?

MR. LAWRIE: It depends on the pointing.

CHAIRMAN CLARKE: Aren't you better off to have the sculptor have his pointing done in the plaster to full size than to trust the pointing in scale?

MR. LAWRIE: Yes.

. 4

CHAIRMAN CLARKE: You pay the sculptor a little more to do it full-sized in plaster. He points from small to large, and goes over it, and you get the sections of it full-sized. It is safer to do it that way than to have the carver point it up.

MR. THORNE: We are open to competitive bidding, too.

CHAIRMAN CLARKE: How can you bring out the relief on the north side of the building? Of course, the relief on the south side of the building isn't much better off for the simple reason that you are going to have high buildings on the side.

MR. LAWRIE: You will get east and west light on the south side, which you don't on the north.

MR. REINHARD: Will the red granite help you?

MR. LAWRIE: Is it a large formation with big crystals?

MR. UNDERWOOD: I should think the crystals would run up to half an inch.

MR. LAWRIE: You will have a very difficult time on the north side to see anything.

MR. UNDERWOOD: We were planning to polish the projected surface.

MR. LAWRIE: How high can the relief be?

MR. UNDERWOOD: In depth?

MR. LAWRIE: Yes.

MR. UNDERNOOD: As much as we want--six or eight inches.

MR. LAWRIE: That can be treated on the north side.

CHAIRMAN CLARKE: You would want to have a lot of punch.

MR. UNDERWOOD: The sculpture is within touching distance.

MR. REYNOLDS: How do you determine the price you pay a sculptor? We have an arrangement on the murals at so much a square foot.

 MR. LAWRIE: It is a square-foot proposition. You can pay him \$100 or \$200 a square foot, or \$300, if you have the money. We will say we have 140 feet to deal with, and he gets \$200 a foot, which is \$28,000 for the panel.

CHAIRMAN CLARKE: That includes the carving?

MR. LAWRIE: No; that is the sculpture. You see, your sculptor has no price. There is a lot of work in making the sketches and small models and pointing them up.

CHAIRMAN CLARKE: He has over a year's work there, without question. MR. LAWRIE: It would be between \$40 and \$50 a square foot for carving in granite. Of course, that depends on the relief, too.

These ought to be done in this way: the sculptor makes the model and they are roughed out at the quarry, and all the background is plain.

MR. THORNE: You wouldn't carve the whole thing at the site?

MR. LAWRIE: It is a pretty big job.

CHAIRMAN CLARKE: You are going to have it in pieces.

MR. STERNE: I doubt that you could get a piece of granite that size.

CHAIRMAN CLARKE: You are going to have joints going around the building.

MR. UNDERWOOD: That is a thing to discuss with the sculptor when we get

him.

CHAIRMAN CLARKE: Yes.

MR. REYNOLDS: I think that is all we have.

### Dear Mr. Eggers:

Your letter of June 9th, with its enclosure of a location plan for the Andrew W. Mellon Memorial Fountain, received the attention of the Commission of Fine Arts at their meeting on June 21, 1949.

The Commission noted that the drawing (which bears the date May 26, 1949) was made in accordance with a plan that was furnished you through Mr. Rice by the District of Columbia Highway Department and restores the ten feet that have been in controversy to the Reservation. The Commission of Fine Arts approved the plan.

A letter is being sent to the Chairman of the Andrew W. Mellon Memorial Committee at Pittsburgh, informing him of this action of the Commission of Fine Arts.

For the Commission of Fine Arts:

Sincerely yours,

Gilmore D. Clarke, Chairman.

Dear Mr. Braun:

At their meeting on June 21, 1949, the Commission of Fine Arts approved a plan (dated May 26, 1949) submitted by Messrs. Eggers and Higgins, Architects, of New York City, for the location of the Andrew W. Mellon Memorial Fountain on a Government owned reservation at Sixth Street and Constitution Avenue, Northwest, which is in front of the National Gallery of Art.

The Commission were informed that this plan was made pursuant to a plan received from the District of Columbia Highway Department, and that it meets the requirements of the architects to give the fountain an appropriate setting.

The Commission are convinced that this Memorial Fountain will be a distinct contribution to the National Capital and its Art.

For the Commission of Fine Arts:

Sincerely yours,

Gilmore D. Clarke, Chairman.

# Ordinance No. 470

AN ORDINANCE to amend Chapter 28, of The Code of the City of Alexandria, Virginia, enacted as a whole July 2, 1940, and made effective August 5, 1940, by adding an article numbered XVI relating generally to zoning and particularly creating an Old and Historic Alexandria District, creating a board of Architectural Review and defining its powers and duties, and requiring all building permits in said district to be approved by said board.

Whereas, pursuant to due and timely notice of the time and place of hearing published in a paper of general circulation in the City of Alexandria, Virginia, a public hearing was held in relation to the matters hereinafter set forth, at which public hearing parties in interest and citizens had an opportunity to be heard,

# THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF ALEXANDRIA, VIRGINIA AS FOLLOWS:

Section 1. That Chapter 28 of The Code of the City of Alexandria, Virginia enacted as a whole July 2, 1940 and made effective August 5, 1940, be and the same hereby is amended by adding an article numbered XVI following Article XV, said article to read as follows:

### ARTICLE XVI Old and Historic Alexandria District.

### Sec. 32. Creation of the district.

There is hereby created in the City of Alexandria a district to be known as the "Old and Historic Alexandria District", which is bounded on the north by Montgomery Street, on the east by the Potomac River, on the south by Hunting Creek, and on the west by Alfred Street and that street extended southwardly.

### Sec. 33. Certificate of appropriateness; its purpose.

In order to promote the general welfare through the preservation and protection of historic places and areas of historic interest in the City of Alexandria and through the preservation of the memorial character of the George Washington Memorial Highway, no building or structure shall hereafter be erected, reconstructed, altered or restored unless and until the application for the building permit shall have been approved as to exterior architectural features which are subject to public view from a public street, way or place. Evidence of such required approval shall be a Certificate of Appropriateness issued by the Board of Architectural Review hereinafter created.

### Exhibit I

### Sec. 33-A

No building within the Old and Historic Alexandria District in 1846 or prior thereto shall be razed without first obtaining a permit approved by the Board of Architectural Review and said Board shall be empowered to refuse such a permit for any structure of such architectural or historic interest, the removal of which in the opinion of said Board would be detrimental to the public interest of this City.

### Sec. 34. Board of Architectural Review.

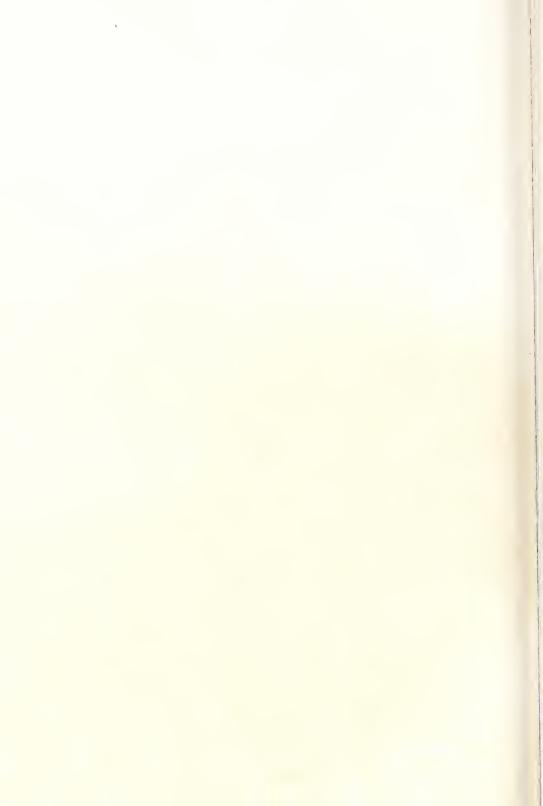

For the purpose of making effective the provisions of this article, there is hereby created a board to be known as the "Board of Architectural Review", to be composed of seven members who are citizens of the City of Alexandria, six of whom shall be appointed by the City Council. Two members shall be certified architects; one a member of the City Planning Commission; one an established, licensed real estate broker in the city; and two persons with knowledge of and demonstrated interest in the historical character of the old part of the city. The building inspector shall be a member by virtue of his office. The term of office of the members shall be three years, except that the term of the building inspector shall correspond to his official tenure of office. Any appointed member of the board may be removed from office by the Council after public hearing for inefficiency, neglect of duty, or malfeasance. An appointment to fill a vacancy shall be only for the unexpired portion of the term.

#### Sec. 35. Organization; meetings; records.

The Board of Architectural Review shall elect its chairman and the building inspector shall be its secretary. The board shall meet within ten (10) days after notification by the building inspector of an application for a building permit, and it shall keep a permanent record of its resolutions, transactions and determinations.

### Sec. 36. Powers and duties of board.

The Board of Architectural Review shall pass upon the appropriateness of exterior architectural features of buildings and structures hereafter erected, reconstructed, altered or restored in the Old and Historic Alexandria District wherever such exterior features are subject to public view from a public street, way or place. All plans, elevations and other information deemed necessary by the board to determine the appropriateness of the exterior features to be passed upon shall be made available to the board by the applicant through the building inspector.

The Board of Architectural Review, in passing upon the appropriateness of exterior architectural features in any case, shall keep in mind the purposes set forth in Sec. 33 of this chapter, and shall consider among other things, the general design, arrangement, texture, material and color of the building or structure in question and the relation of such factors to similar features of buildings and structures in the immediate surroundings. The board shall not consider detailed design, relative size of building or structure, interior arrangement, or features not subject to public view. The board shall not make any requirements except for the purpose of preventing developments obviously incongruous to the old historic aspect of the surroundings or the memorial character of the George Washington Memorial Highway, if in the latter case the building or structure faces on said highway.

In case of disapproval, the board shall state its reasons therefor in writing, and it may make recommendations to the applicant with respect to appropriateness of design, arrangement, texture, material, color and the like of the building or structure involved.

Upon approval of the plans, the board shall cause a Certificate of Appropriateness, signed by its chairman and dated, to be issued to the applicant or affixed to the plans. If the board shall fail to take any final action in any case within sixty (60) days after notice from the building inspector of any application, the application shall be deemed disapproved, unless by mutual agreement the time limit be extended.

#### Sec. 37. Enforcement and penalty.

Any violation of any provision of this article is hereby declared to be a misdemeanor punishable in the manner provided by Sec. 24 of this chapter. All such violations shall be further subject to the civil penalties therein referred to, and in addition may be enjoined by a court of equity.

### Sec. 38. Constitutionality.

In case any section, paragraph or part of Article XVI of this chapter be for any reason declared invalid or held unconstitutional by any court of last resort, every other section, paragraph, or part shall continue in full force and effect.

Section 2. That this ordinance shall become effective the day after its publication in the Alexandria Gazette.

(g) A record of all Certificates of

Occupancy shall be kept on file in the office of the Administrative Officer and a copy shall be furnished on request to any person having a pro-prietary or tenancy interest in the building or land affected.

(h) No fee shall be charged for an original Certificate of Occupancy as required herein; but for each copy of an original certificate, there shall be a charge of one (1) dollar, which shall be remitted to the City Treasurer by

the issuing officer. Section 40-Completion of Buildings (a) All structures for which permits have been obtained and the construc-. tion of which or a portion of which has been begun, or for which a con-tract or contracts have been let pursuant to a permit issued prior to the passage of this ordinance, may be completed and used in accordance with the plans for which said permit was granted.

(b) All permits for buildings issued prior to the passage of this ordinance are hereby declared void, provided such building or its use does not conform to the provisions of this ordi-nance, if at the time of the passage of this ordinance: (1) No substantial construction has been made; (2) No contract or contracts have been let pursuant to said permit.

(c) If after the issuance of a permit the operations authorized thereunder are not commenced within six (6) months after date of permit, or if after the commencement of operations the work is discontinued for a period of six (6) months, such permit shall be void, work may not again be com-menced until a new permit shall have been issued as for the orlginal work, and building materials and equipment on the ground shall be removed or stored according to the requirements of the Administrative Officer. Section 41-Interpretation-Purpose

(a) In interpreting and applying the provisions of this ordinance, they shall be held to be the minimum requirements for the promotion of health, safety, morais or general welfare. safety, morals or general welfare. Where this ordinance imposes greater safety, restriction upon the use of a building or land or upon the height, buik or size of a building or structure or requires larger open spaces than are imposed or required by other ordinances, rules, regulations or permits, or by easements, covenants or agreements,

existing at the time of the passage; the provisions of this ordinance shall govern. Where any other ordinances, rules, regulations or permits, or any easements, covenants or agreements, impose greater restrictions upon the use of a bullding or land, or require larger open spaces than are required under the regulations of this ordi-nance, such provisions shall govern.

ARTICLE X-OLD AND HISTORIC CHARLESTON DISTRICT

Section 42-General

In order to promote general welfare through the preservation and protec-tion of historic places and areas of historic Interest, applications for build-ing permits and for Certificates of Oc-cupancy in the Oid and Historic Charleston District must be approved as to exterior architectural features which are subject to public view from a public street or way, before a build-ing permit or Certificate of Occupan-cy may be issued by the Administrative Officer. Such requirement is in addition to the other provisions of this ordinance.

Evidence of such required approval shall be a Certificate of Appropriate-ness issued by the Board of Architectural Review as created herein. Such certificate shall be a statement signed by the chairman of the Board of Ar-chitertural Review, stating that the exterior architectural features of the proposed construction, reconstruction, alteration, restoration or use for which application has been made are approved by the Board of Architecturai Review.

ection 43—Board of Architectural Review—Creation—Membership. Section

A Board of Architectural Review is hereby established. Such Board shall consist of five citizen members, each to be appointed by the City Council of the City of Charleston, S. C. # THE COMMISSION OF FINE ARTS Washington

June 22, 1949.

## Dear Mr. Dorsey:

At a meeting of the Commission of fine Arts, held on June 21, 1949, Mr. Finley brought to the attention of the Commission a suggestion made by residents of Georgetown to have what is known as the "Shipstead-Luce Act" amended so as to include the historic portion of Georgetown within the purview of the Act and thus under the jurisdiction of the Commission of Fine Arts.

The Commission discussed the subject and were in sympathy with the proposed movement to have the Shipstead-Luce Act amended.

Mr. Finley submitted the draft of an amendment, in which the Commission concurred, with the proviso that the Commission be empowered to appoint a committee to serve as a Board of Review.

The Commission have not acted on certain matters of detail, such as additional clerical assistance, additional office space, etc., that might become necessary. This can be done after the "Bill" has passed.

It probably will not be possible to secure enactment of the legislation at this session of Congress, though, of course, it could be introduced in both the House of Representatives and the Senate.

For the Commission of Fine Arts:

### Sincerely yours,

(SGD.) Gilmore D. Clarke, Chairman.

Mr. Stephen P. Dorsey, Department of State, Washington, D. C.

Mr. Fletcher Hodges, Jr. Curator Foster Hall Collection University of Pittsburgh

Dear Mr. Hodges:

The Commission of Fine Arts were very much impressed with your presentation of the idea to erect a memorial in Mashington to STEPHEN COLLINS FOSTER, American composer. I presume you will discuss the question of a draft of the necessary legislation, which must be enacted by the Congress, as the next step in accomplishing this worthy enterprise.

I would suggest that nothing be done about the design of the plaque - which form the Memorial is proposed to take - until the legislation has been passed by Congress and the Commission of Fine Arts are authorized to take up with you formally the question of a suitable site. Of course there is no objection whatsoever to anticipating favorable action by the Congress by arranging to have Mr. Walker Hancock, your sculptor, meet with me, or another representative of this Commission, in Washington, to look at sites that may be suitable. I should add here that Mr. Hancock is an eminent sculptor and the Commission favor your choice of him to undertake this Commission.

It was a pleasure to listen to your very well prepared presentation, and on behalf of the Commission I wish to thank you for letting us have the publications of the University of Pittsburgh.

I hope you may have the opportunity to convey my best wishes to Chancellor Fitzgerald.

Sincerely yours,

Gilmore D. Clarke Chairman

## Dear Mr. Reynolds:

The Commission of Fine Arts, during their meeting on June 21, 1949, inspected the mural paintings, which you submitted, that were painted for the post office at Salina, Kansas.

The paintings received the particular attention of the Honorable Maurice Sterne, painter member of the Commission.

Mr. Sterne stated that, inasmuch as these paintings are not acceptable to the people of Salina, Kansas, the Commission recommend that they be not hung in the Salina post office; and, being Government property, they should be disposed of in a manner deemed appropriate by your Office.

The Commission of Fine Arts concur in this report by Mr. Sterne.

For the Commission of Fine Arts:

Sincerely yours,

Gilmore D. Clarke, Chairman.

### ar General Feldman:

At their meeting on June 21, 1949, the Commission of Fine Arts were pleased > consider with Colonel Freeman, and other representatives of your office, a reliminary model and sketches for the proposed "Tomb of the Unknown Serviceman, >rld War II" in Arlington National Cemetery.

Following a review of the studies prepared by your architect, Mr. Lorimer Lch, in consultation with members of your staff, the Commission recommend the pllowing:

- 1. The Tomb will take the general form, be of approximately the same dimensions, and of the same material as the Tomb for the Unknown Soldier, World War I. The design of the Tomb will be the subject of detailed study by the Architect in collaboration with a sculptor of national reputation.
- 2. The new tomb will be placed on the same axis and be oriented in the same manner as obtains in the case of the Unknown Soldier, World War I.
- 3. The steps in front of the east portico of the Memorial Hall will be removed to provide a plaza adequate in size.
- 4. There shall be a continuous marble base under the columns of the portico which shall extend beyond each side of the building to include the width of two new flights of steps which will be added at each end of the building.
- 5. Four (4) windows on the sast front of the Memorial Hall will be closed, the marble frame, mouldings, etc. removed, and marble ashler masonry, to match the existing ashler, substituted in the walls.
- 6. Bronze railings will be placed between the columns but not attached to them.
- 7. The windows on the north and on the south ends of the Memorial Hall will be removed and door openings substituted. Interior vestibules in bronze and glass will be provided.
- 8. Enlarge the Plaza east of Memorial Hall, more or less in accordance with the sketch submitted by the Architect (dated 6-21-49), and provide for the necessary additional granite paving and appropriate planting.
- 9. Provide appropriately designed sentry boxes.
- 10. The suggestion has been made that, within the seating space of the Amphitheatre, provision be made for a continuous central aisle, so as to improve conditions during ceremonials.
