a. Informal request for clarification of location and authority for use of gunnery ranges made by Mr. Takahashi, on 23 November 1950.

b. Letter, General Headquarters, Supreme Commander for the Allied Powers, Civil Affairs Section, file 684(19 Sep 50)CAS-K 19 September 1950, subject: "Warning Notice - Bombing and Gunnery Ranges."

2. In accordance with the request referenced in 1a above the following information is supplied:

a. Atada Jima Bombing Range was discontinued 20 December 1948. No SCAPIN was ever issued on this range.

CHUGOKU

b. Naval Training Area George is located north of Goto Retto. The area of the range is included between parallels 33°35' and 34° N, meridians 128°50' and 129°35'E. No SCAPIN's are issued for Naval Training Areas inasmuch as surface vessels are permitted access to the areas during the periods of use. This range is now in use.

KYUSHU

c. There is no range currently approved in the Tsushi Sea Area and files of GHQ fail to reveal any record of the existence of such range.

HOKKAIDO

d. The Ionago Bombing and Gunnery Range is an approved range and is currently used by USAF. No SCAPIN was issued on this range as it has been used since the beginning of the Occupation. There are two danger areas for this range. For bombing of the water target, the danger area is the water area within a 2-mile radius of a point at 35°29'20"N and 133° 20'40"E. For strafing and bombing of the land target, the danger area is the land area encompassed by the Ionago Airfield, and the water area included

within a 5-mile radius of a point at 35°27'40"N and 133°19'30"E and between the bearing of 5° and 55° from True North.

KYUSHU e. The correct danger area for the Omura Air-to-Ground Range is prescribed by SCAPIN 6720-A, (17 July 1949).

KANTO f. The correct location of the Katakai AAA Range is 35°30'N - 140°27'E. The danger area to seaward will vary from 12,000 yards to 33,000 yards, depending upon the type of weapon being fired on the range.

TOHOKU g. The correct danger area for the Misawa Bombing and Gunnery Range is prescribed by SCAPIN 1976 (1 March 1949).

CHUGOKU & KYUSHU h. The correct danger area for the Ashiya Air-to-Ground Range is prescribed by SCAPIN 6618-A (29 August 1949). The water danger area is bounded on the east by a line drawn on a true north bearing of 360° from a point located on the beach at 130°38'00" East, 33°52'45"North; on the west by a line drawn on a true north bearing of 310° from a point located on the beach at 130°36'12" East, 33°52'36" North; on the north by an arc connecting two points on the east and west boundaries five (5) miles from the beach points; and on the south by the beach line connecting the two beach points.

CHUGOKU i. The use of Lincourt Rocks Bombing Range has been suspended. Use of the range will not be resumed without notice to the Japanese Government.

TOHOKU j. The Sado Shima Air-to-Air Gunnery Range is an approved range and is used by FEAF.

KYUSHU k. The Ainoura Maneuver Area is an approved range. There has been no SCAPIN issued on this range since this range is seldom used and the local unit insures that the range is clear before firing by use of control boats.

KINKI & CHUGOKU l. The Yonago Aerial Gunnery Range (Area 1 and 2) is an approved range and is used by FEAF.

3. Warning notices issued by FEAF do not contain a full description of the danger areas for each range. However, this information was already furnished the Japanese Government and Civil Affairs Regions by the letter referenced in 1b above. Therefore, FEAF merely gives the coordinates

MEMORANDUM FOR: JAPANESE GOVERNMENT

SUBJECT: Misawa Antiaircraft Artillery Range

1. Memorandum For the Japanese Government, AG 684 (19 Jun 50) GC-TNG, SCAPIN 7266-A, subject as above, 13 September 1950, is hereby rescinded.

2. The land and water areas described below are approved for use as the Misawa Antiaircraft Artillery Range:

a. Land Area:

All the land in the rectangular area bounded by a line from 852.28 - 2039.63 (40° 48' 53.52" North - 141° 23' 55.85" East) then east 730 yards to coordinates 853.01 - 2039.66 (40° 48' 55.57" North - 141° 24' 24.62" East) then north along the coast line 830 yards to 852.93 - 2040.49 (40° 49' 20.19" North - 141° 24' 19.74" East) then west 730 yards to 852.20 - 2040.41 (40° 49' 17.32" North - 141° 23' 53.68" East) then south 780 yards to originating point 852.28 - 2039.63 (40° 48' 53.52" North - 141° 23' 55.85" East).

b. Water Area:

All the water area bounded by a line extending 33,000 yards from a point at coordinates 852.93 - 2040.49 (40° 49' 20.19" North - 141° 24' 19.74" East) at an angle of 9° 15' from true north; a line extending 33,000 yards from a point at coordinates 853.01 - 2039.66 (40° 48' 55.57" North - 141° 24' 24.62" East) at an angle of 81° 15' from true north; an arc drawn from extremity of both lines; all the water area bounded by the points and lines described above will be the water danger area.

3. Hours of use of the range will be from 1000 to 1700 local time seven days a week. Fishing is permitted in the danger area during periods when the range is not in use. Effective liaison will be established between the local Japanese fishing agencies' representative selected by Natural Resources Section, General Headquarters, Supreme Commander for the Allied Powers and the US representative of the unit using the antiaircraft artillery range so that when circumstances prevent the scheduled use of the range for any part of a day, the local fishing agencies will be notified.

MEMORANDUM FOR: JAPANESE GOVERNMENT

SUBJECT: Misawa Antiaircraft Artillery Range

1. The land and water areas described below are approved for use as the Misawa Antiaircraft Artillery Range:

a. Land Area: All the land in the rectangular area bounded by a line from 853.5 - 2040.55 due south 600 yards to coordinates 853.5 - 2039.9 thence east approximately 500 yards to the shore line coordinates 854.0 - 2039.9 then north along the coast line 800 yards to coordinates 853.93 - 2040.65 thence west-southwest to originating point (853.5 - 2040.55).

b. Water Area: All the water area bounded by a line extending 33,000 yards from a point at coordinates 853.93 - 2040.65 at an angle of 9°15'; a line extending 30,000 yards from a point at coordinates 854.0 - 2039.9 at an angle of 81°15'; an arc drawn from extremity of both lines; all the water area bounded by the points and lines described above will be the water danger area.

2. Hours of use of the range will be from 1000 - 1700 hours local time seven days a week. Fishing is permitted in the danger area during periods when the range is not in use. The Natural Resources Section, General Headquarters, Supreme Commander for the Allied Powers will initiate action to have a representative of the local fishing agencies establish effective liaison with a representative of the units using the antiaircraft artillery range so that when circumstances prevent the scheduled use of the range for any part of a day, the local fishing agencies will be notified.

3. The inhabitants of Aomori Prefecture and the inhabitants of all ports in Iwate Prefecture will be informed of the danger area boundaries and will be notified prior to each actual use of range. When the range is used for periods in excess of fifteen (15) days, warning reminders will be disseminated to the inhabitants indicated above every fifteen (15) days. This information will be forwarded through Civil Affairs units to local Japanese civil authorities.

SUBJECT: Mito Air to Ground Gunnery and Bombing Ranges

TO: Chief, Tohoku Civil Affairs Region, APO 547
Chief, Kanto Civil Affairs Region, APO 500

1. While the bi-weekly "Warning Notice - Bombing and Gunnery Ranges," published by Headquarters, Fifth Air Force, establishes the Mito Air to Ground Gunnery and Bombing Ranges, as being located in Kanto Civil Affairs Region, SCAPIN 1974 states that "The inhabitants of Ibaraki Prefecture and the inhabitants of all ports in Fukushima and Chiba Prefectures will be informed of danger area boundaries and will be notified prior to each actual use of the range." This SCAPIN therefore establishes the area of the Mito Air to Ground Gunnery and Bombing Range as being the joint responsibility of Tohoku Civil Affairs Region and the Kanto Civil Affairs Region. The Chief, Tohoku Civil Affairs Region is therefore directed to assume the responsibility of notifying the prefectural authorities of Fukushima as to the instructions regarding this range contained in future "Warning Notice - Bombing and Gunnery Ranges," as published by the Fifth Air Force. A similar responsibility for the notification of prefectural authorities of Ibaraki and Chiba Prefectures will be assumed by the Chief, Kanto Civil Affairs Region.
